Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

of May 31, 2002, by and among Alternate Marketing, Hencie, Inc., a Delaware corporation ("Hencie"), Alternate Marketing Networks, Inc., a Delaware corporation which is a wholly-owned subsidiary of Alternate Marketing ("New ALTM"), ALTM Combination Co., a Delaware corporation which is a wholly-owned subsidiary of Alternate Marketing ("Merger Sub"), Adil Khan, a principal shareholder and founder of Hencie, and certain other principal shareholders of Hencie (collectively, with Adil Khan, "Majority Hencie Shareholders"). Subject to the approval of the shareholders of Alternate Marketing and the satisfaction (or waiver, if permitted) of the other conditions contained in the Transaction Agreement:

(a) Alternate Marketing will merge into New ALTM (see "THE TRANSACTION-Reincorporation Merger" beginning on page 34 of this proxy statement);

(b) New ALTM will issue shares of New ALTM common stock to the Majority Hencie Shareholders in exchange for each outstanding share of Hencie held by them (see "CERTAIN TERMS OF THE TRANSACTION-Consideration to be Received in the Transaction" beginning on page 48 of this proxy statement);

(d) Merger Sub will merge into Hencie and New ALTM will issue shares of New ALTM common stock to the remaining Hencie shareholders (the "Minority Hencie Shareholders"); provided, however, that New ALTM reserves the right to acquire Hencie stock from the Minority Hencie Shareholders by means other than the subsidiary merger (see "THE TRANSACTION" beginning on page 31 of this proxy statement).

Items (a) through (d) above are referred to in the proxy statement, collectively, as the "Transaction." As a result of the Transaction, Hencie will become a wholly-owned subsidiary of New ALTM. See "THE TRANSACTION" beginning on page 31 of this proxy statement.

Miller, Brad Moore, and Thomas Hiatt (all of whom are currently members of the board of directors of Alternate Marketing), Adil Khan, and a nominee of Adil Khan. These matters are conditions set forth in the Transaction Agreement and are material, non-waivable terms of the acquisition. If you oppose these actions and would vote against them if presented separately, you should vote against adoption of the Transaction Agreement and against the Transaction, as presented above. See "CERTAIN TERMS OF THE AGREEMENT-Conditions to the Transaction" beginning on page 51 of this proxy statement.

A copy of our annual report on Form 10-KSB for the fiscal year ended December 31, 2001 is enclosed for your information. The annual report describes the financial condition of the Company as of December 31, 2001. Portions of the annual report are incorporated by reference in this proxy statement.

We have asked brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to the beneficial owners of our common stock and we will reimburse them for their expenses in so doing. To ensure adequate representation of shares at the meeting, our officers, agents and employees may communicate with shareholders, banks, brokerage houses and others by telephone, facsimile, or in person to request that proxies be furnished. We will bear all expenses incurred in connection with this solicitation.

Alternate Marketing common stock is listed on the Nasdaq SmallCap Market under the trading symbol "ALTM." Hencie is privately held. We intend to use our best efforts to cause the stock of New ALTM to continue to be listed on the Nasdaq SmallCap Market under the ALTM trading symbol after completion of the Transaction. However, we cannot assure you that listing of the New ALTM stock will be maintained. See "RISK FACTORS-Risks Related to the Transaction" beginning on page 9 of this proxy statement.

The board of directors of Alternate Marketing has unanimously approved the matters described in this document and recommends that the shareholders of Alternate Marketing do the same. Your vote is very important. Please take the time to complete and mail the enclosed proxy card to Alternate Marketing. The board of directors of Hencie and the Majority Hencie Shareholders have approved the Transaction. See "THE TRANSACTION-Background of the Transaction and Recommendation of the Board of Directors" beginning on page 32 of this proxy statement. The Majority Hencie Shareholders hold more than 80% of the shares of voting common stock of Hencie. Accordingly, subject to satisfaction of certain conditions set forth in the Transaction Agreement and approval by the ALTM shareholders, both parties are committed to consummate the Transaction.

We strongly urge you to read and carefully consider this proxy statement in its entirety, including the matters referred to under "RISK FACTORS" beginning on page 9 of this proxy statement.

You may vote on the matters described in this document if you own shares of Alternate Marketing common stock as of the close of business on June 6, 2002.

The Securities and Exchange Commission (the "SEC") allows us to "incorporate by reference," which means that we can disclose important information to you by referring you to another document filed separately with the SEC. The information incorporated by reference is deemed to be part of this proxy statement, except for any information superceded by information in this proxy statement. QUESTIONS AND ANSWERS ABOUT THE TRANSACTION
AND THE ANNUAL MEETING

Q. What are the proposals I will be voting on?

A. At the meeting, you will be asked to approve a transaction pursuant to an Amended and Restated Agreement and Plan of Reorganization dated as of May 31, 2002 (the "Transaction Agreement") by and among Alternate Marketing, Hencie, Inc., a Delaware corporation ("Hencie"), Alternate Marketing Networks, Inc., a Delaware corporation which is a wholly-owned subsidiary of Alternate Marketing ("New ALTM"), ALTM Combination Co., a Delaware corporation which is a wholly-owned subsidiary of Alternate Marketing ("Merger Sub"), Adil Khan, a principal shareholder and founder of Hencie, and certain other principal shareholders of Hencie (collectively, with Adil Khan, "Majority Hencie Shareholders"). As a result of the Transaction, Alternate Marketing will merge into New ALTM; New ALTM will issue shares of New ALTM common stock to the Majority Hencie Shareholders in exchange for each outstanding share of Hencie held by them; each share of Alternate Marketing common stock will be automatically converted into one share of New ALTM common stock; and Merger Sub will merge into Hencie and New ALTM will issue shares of New ALTM common stock to the remaining Hencie shareholders (the "Minority Hencie Shareholders"); provided, however, that New ALTM reserves the right to acquire Hencie stock from the Minority Hencie Shareholders by means other than the subsidiary merger. Whether or not the Transaction is approved, you will be asked to approve amendments to the 1995 Long-Term Incentive and Stock Option Plan. If the transaction is not approved, you will be asked to set the number of directors of Alternate Marketing at three and to elect three directors.

Q. Should I send in my stock certificates?

A. No. We will contact you by mail following completion of the Transaction with instructions for exchange of your shares of Alternate Marketing for shares of New ALTM.

Q. What do I need to do now?

A. After you read and carefully consider the information contained in these proxy materials, please complete, sign, date and mail your proxy card as soon as possible. You can also attend and vote at the meeting, even though you may have previously returned your proxy card. If you do not return your proxy or vote in person, it will have the effect of a vote against the Transaction. The Alternate Marketing board of directors unanimously recommends voting in favor of the Transaction, the amendments to the 1995 Long-Term Incentive and Stock Option Plan and, if the Transaction is not approved, in favor of setting the number of directors of Alternate Marketing at three and electing the directors named on the proxy card.

Q. Who is Hencie?

A. Hencie is an information technology solutions and applications provider to a broad range of clients and industry segments.

Q. Why is Alternate Marketing proposing to acquire Hencie?

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

A. Alternate Marketing believes that its current business has limited potential for growth and that the acquisition of Hencie will significantly improve the Company's prospects.

Q. What will I receive in the Transaction?

A. As part of the reincorporation, shares of common stock of Alternate Marketing will be converted automatically to the same number of shares of common stock of New ALTM.

Q. What will the Hencie shareholders receive in the Transaction?

A. New ALTM will issue one (1) share of New ALTM common stock for every 3.563 shares of Hencie common stock, subject to adjustment in certain circumstances as provided in the Transaction Agreement. This exchange formula is referred to as the "Common Stock Exchange Ratio."

Q. How will consummation of the Transaction impact overall common stock ownership?

A. After acquisition of all of the Hencie common stock in exchange for New ALTM common stock in accordance with the Common Stock Exchange Ratio, Hencie shareholders will own 4,882,109 shares of common stock of New ALTM (49%) and current Alternate Marketing shareholders will hold 5,086,005 shares (51%) of the common stock of New ALTM on a fully diluted basis, assuming that no shareholders of ALTM exercise their appraisal rights. "Fully diluted" means that shares reserved for issuance upon exercise of options, warrants, conversion of other securities (such as preferred stock, or exercise of other stock purchase rights) are treated as issued and outstanding for purposes of the calculation.

Q. What is the purpose of the merger of Alternate Marketing into New ALTM?

A. This merger will change the domicile of Alternate Marketing from Michigan to Delaware and will increase the authorized capital stock of Alternate Marketing. Management believes that Delaware corporate law offers more flexibility in corporate structuring and procedures than Michigan law, and that this increased flexibility will facilitate the Company's growth.

Q: Why is the ALTM board of directors recommending that I vote for the Transaction?

A: Our board of directors believes that the Transaction offers greater opportunity for value than other likely prospects for the Company's future and is in the best interests of our shareholders. ACCORDINGLY, THE BOARD OF DIRECTORS APPROVED THE TRANSACTION AGREEMENT. THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR APPROVAL OF THE TRANSACTION.

Q. Will the new Amended and Restated Certificate of Incorporation of New ALTM be different from the current Restated Articles of Incorporation of Alternate Marketing?

A. New ALTM's Amended and Restated Certificate of Incorporation is different than ALTM's Restated Articles of Incorporation in several respects. New ALTM will have significantly more authorized shares, shareholders will be more limited in their ability to call special meetings; and directors will be divided into classes, with only one-third of directors standing for election in any year.

Q. Will the Transaction result in any changes in management?

A. Upon acquisition of the Hencie common stock from the Majority Hencie

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Shareholders the New ALTM board will consist of Phillip D. Miller, Thomas Hiatt and Brad Moore (who are all currently Alternate Marketing directors), Adil Khan, and an additional director nominated by Mr. Khan.

Q: Will ALTM's business turn into Hencie's historical business?

A: Not as a result of the Transaction. After the Transaction, we will have three operating subsidiaries: our two existing subsidiaries, National Home Delivery, Inc. (also known as USSPI) and Alternate Postal Direct, Inc., and our new subsidiary, Hencie, Inc. It is possible that Hencie will grow in relation to our other businesses and become our principal business over time.

Q: What are the advantages of the Transaction to me?

A: The proposed Transaction with Hencie allows Alternate Marketing shareholders to have equity participation in a company that appears to have greater potential for growth and success than Alternate Marketing's current business, which has experienced little growth and has not received significant recognition in the equity marketplace.

Q: When do you expect the Transaction to be completed?

A: If the Transaction is approved by the shareholders of Alternate Marketing, it is currently anticipated that the merger of Alternate Marketing into New ALTM (the "reincorporation merger") and the acquisition of Hencie shares from the Majority Hencie Shareholders (the "Hencie stock acquisition") will be completed by August 1, 2002. After the reincorporation merger and the Hencie stock acquisition, Hencie will be a majority owned (more than 80%) subsidiary of New ALTM, a Delaware corporation. The acquisition of Hencie by merger of Hencie into Merger Sub (the "subsidiary merger"), or other acquisition of Hencie stock from the Minority Hencie Shareholders, will occur within one year thereafter. Hencie will then be a wholly-owned subsidiary of New ALTM.

Q: Who is entitled to vote at the meeting?

A: Alternate Marketing shareholders of record as of the close of business on June 6, 2002 are entitled to vote.

Q: How many shares need to be represented at the meeting?

A: The holders of a majority (2,293,003 shares) of the outstanding shares entitled to vote at the meeting (4,586,005 shares) must be present in person or represented by proxy to constitute a quorum for the transaction of business. If you vote by proxy card or at the meeting, you will be considered part of the quorum.

Q: How do I vote?

A: You can vote by signing and mailing your proxy card. You may also vote in person at the meeting.

Q: If my broker holds my shares in "street name," will my broker vote my shares for me?

A: Generally, your broker will not have the power to vote your shares. Your broker will vote your shares ONLY if you provide the broker with instructions on how to vote. Failure to instruct your broker on how to vote will have the effect of a vote "against" the Transaction. You should follow the directions provided by your broker on how to instruct your broker to vote your shares.

Q: May I change my vote after I have mailed my signed proxy card?

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

A: Yes. The record holder of the shares may revoke the proxy any time before the meeting by:

-Giving written notice of your revocation to our Secretary, Sandra J. Smith, by fax (727-571-1422) or mail (12495 34th Street North, Unit C, St. Petersburg, FL 33716);

-Filing a revoking instrument or a duly executed proxy bearing a later date with the Secretary; or

-Attending the annual meeting and voting in person.

Q: How many votes are required to approve the Transaction?

A: Approval of the Transaction requires the affirmative vote of a majority of the shares of our common stock outstanding as of June 6, 2002 (2,293,003 of 4,586,005 shares outstanding). Abstentions are counted as present and entitled to vote for purposes of determining a quorum, and for purposes of calculating the vote with respect to a particular matter, but will not be deemed to have voted in favor of such matter. If a broker returns a "non-vote" proxy, indicating a lack of discretionary authority on the part of the broker to vote on a particular matter, then the shares covered by such non-vote proxy shall be deemed present at the meeting for purposes of determining a quorum but shall not be deemed to be represented for purposes of calculating the vote required for approval of such matter and, therefore, will have the same effect as a vote "against" the Transaction.

If there is not a quorum represented at the meeting, or if there are insufficient votes to approve the Transaction at the meeting, proxies voted in favor of the Transaction and proxies as to which no voting instructions are given may be voted to adjourn the meeting in order to solicit additional proxies in favor of the Transaction. If the meeting is adjourned for any purpose, at any subsequent reconvening of the meeting, all proxies will be voted in the same manner as such proxies would have been voted at the original convening of the meeting (except for any proxies which have been revoked or withdrawn), even though they may have been voted on the same or any other matter at a previous meeting.

Q: If I sign and return my proxy, how will my shares be voted?

A: Subject to revocation, all shares represented by each properly executed proxy will be voted by the person named as proxy (Phillip D. Miller, Chief Executive Officer of Alternate Marketing) in accordance with your instructions indicated on the proxy card. If no instructions are indicated, your shares will be voted to approve the Transaction, and in such manner as Mr. Miller determines, in his discretion, upon such other business as may properly come before the meeting.

Q: Who is paying for this proxy solicitation?

A: We bear the cost of soliciting proxies. These costs include the preparation, assembly and mailing of this proxy statement, the notice of meeting of shareholders and the enclosed proxy card. Our directors, officers and regular employees may, without compensation other than their regular compensation, solicit proxies by telephone, e-mail, facsimile or in person.

Q: What rights do I have if I oppose the Transaction?

A: If (a) you do not vote in favor of the Transaction and (b) the Hencie stock acquisition is completed, you may seek appraisal of, and obtain payment of, the fair value of your shares under Michigan law. You must, however, comply with all of the required procedures under applicable Michigan law,

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

which is included in this proxy statement as Appendix E.

Q. Do any members of Alternate Marketing's board of directors or management have any special interest in the outcome of this vote?

A. As a condition to the completion of the Transaction, New ALTM is required to enter into a registration rights agreement with its officers, directors and ten percent shareholders. Under the registration rights agreement, these individuals will be granted "piggyback" registration rights on any registration initiated by New ALTM on its behalf or on behalf of others, subject to certain additional terms and conditions. In addition, as a condition to completion of the Transaction, New ALTM is required to enter into amendments to the employment agreements of Phillip D. Miller, current chief executive officer of ALTM, and Sandra J. Smith, current chief financial officer of ALTM for their continued employment by New ALTM. The amendment to Ms. Smith's agreement provides for an award of 50,000 shares of common stock of New ALTM under the amended and restated Long Term Incentive and Stock Option Plan, subject to completion of the Transaction.

Hencie, Inc.
13155 Noel Road, Suite 1001
Dallas, TX 75240
(972) 671-0011

Hencie is an information technology solutions and applications provider to a broad range of clients and industry segments. Hencie was founded in 1997 to provide information technology services consulting with a focus on Oracle applications and database management.

Reasons for the Transaction

ALTM believes that its current business has limited potential for growth and that the acquisition of Hencie will significantly improve the Company's prospects. The board of directors has examined other alternatives and has determined them to be too costly, too slow, less promising over the long term, or impractical.

The Transaction Agreement allows ALTM to declare a \$.10 per share cash dividend to shareholders of record as of a date not to be later than the Business Day immediately preceding the First Closing Date. However, as of the date of this proxy statement, the board has not yet declared this dividend and may determine not to do so, in its discretion.

Opinion of Financial Advisor to Alternate Marketing

The Alternate Marketing board of directors has received an opinion from its financial advisor, Capitalink, L.C. On May 29, 2002, Capitalink delivered its oral opinion, subsequently confirmed in writing, to the Alternate Marketing board of directors that, as of that date and based on the assumptions made, matters considered and limitations on the review undertaken described in the written opinion, the exchange ratio of one share of Alternate Marketing common stock for each 3.563 Hencie shares is fair from a financial point of view to the shareholders of Alternate Marketing. See Appendix B for a copy of the full opinion. Alternate Marketing encourages you to read this opinion carefully in its entirety. The opinion of Capitalink is directed to the Alternate Marketing board of directors and is not a recommendation to any shareholder on how to vote with respect to the Transaction.

Conditions to the Transaction

Alternate Marketing and Hencie will complete the Transaction only if a number of conditions set forth in the Transaction Agreement are either satisfied or waived, some of which include:

-Each of the representations and warranties of ALTM and Hencie contained in the Transaction Agreement shall be true and correct as of the date when made and on and as of the First Closing.

-Each of ALTM and Hencie shall have fully performed and complied with all covenants and conditions required by the Transaction Agreement to be performed or complied with by them or it on or before the First Closing.

-The parties to the Related Agreements shall have executed and delivered the Related Agreements to which each is a party.

-Holders of no more than 100,000 shares of ALTM common stock shall seek dissenter's rights in connection with the reincorporation merger.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

-The Transaction Agreement shall have been approved and adopted by the requisite vote of the ALTM shareholders under applicable corporate law and rules of the Nasdaq SmallCap Market.

-ALTM shall have entered into a new employment agreement with Mr. Khan, and addenda to the existing employment agreements of Mr. Miller and Ms. Smith and shall have been granted the Khan Option to Mr. Khan.

-Legal counsel shall have issued an opinion confirming that the issuance and exchange of New ALTM common stock in the reincorporation merger and the issuance of New ALTM common stock to the Majority Hencie Shareholders in exchange for Hencie common stock shall qualify as a "tax free" reorganization as contemplated by the applicable provisions of the Code.

-Immediately prior to the First Closing, ALTM, together with its subsidiaries, shall have Total Assets of at least \$6.2 million.

-Immediately prior to the First Closing, ALTM, together with its subsidiaries, shall have Net Liquid Assets of at least \$2.5 million.

-The Capitalink, L.C. fairness opinion shall not have been withdrawn or modified to indicate that the value to be received by the ALTM Shareholders is materially less than as originally indicated in the fairness opinion.

-New ALTM shall pay Hencie's IRS Obligation in full at the First Closing.

See "CERTAIN TERMS OF THE TRANSACTION AGREEMENT Conditions to the Transaction."

Federal Income Tax Consequences

The Transaction is expected to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. No gain or loss will be recognized for U.S. federal income tax purposes by Alternate Marketing, Hencie or Alternate Marketing shareholders as a result of the Transaction. See "OTHER MATTERS RELATED TO THE TRANSACTION Federal Income Tax Consequences."

Tax matters can be complicated, and the tax consequences of the Transaction to you will depend on the facts of your own situation. You should consult your own tax advisors to fully understand the tax consequences of the Transaction to you.

The discussion of tax matters in this proxy statement does not address any tax consequences of payment or receipt of the ALTM cash dividend described above.

Accounting Treatment

The Transaction will be accounted for as a business combination under the purchase method of accounting. It is anticipated that the total consideration paid to Hencie shareholders will be in common stock only, such that immediately after the Transaction, Hencie shareholders will own 49% of the outstanding common stock of New ALTM. The total purchase price is an amount equal to the sum of the fair value of the 4,854,470 shares, valued at \$4,854,470, of New ALTM common stock issued to Hencie shareholders and direct costs of the acquisition in the amount of \$150,000. The resulting goodwill, equal to the amount of the total purchase price in excess of the fair value of net assets acquired, will not be subject to amortization expense upon New ALTM's adoption of SFAS 142, "Goodwill and Other Intangible Assets", but will be subject to periodic testing for impairment.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Certain Federal Securities Law Consequences

The New ALTM common stock to be issued to the Majority Hencie Shareholders in the Transaction will not be registered under the Securities Act of 1933, in reliance upon the exemption from registration provided in Section 4(2) of the Securities Act. The New ALTM common stock to be issued to the Minority Hencie Shareholders in the merger of Hencie into Merger Sub may be registered under the Securities Act, if deemed necessary or appropriate by counsel to New ALTM. If not so registered, those shares would be issued in reliance upon the exemption from registration provided in Section 4(2) of the Securities Act. The New ALTM common stock issued in exchange for ALTM shares will have the free-trading or restricted status of the ALTM shares exchanged.

Registration Rights Agreement

Simultaneously with the closing of the Transaction, New ALTM will enter into a registration rights agreement for the benefit of the Majority Hencie Shareholders and certain affiliates of ALTM. Each shareholder who is a party to the agreement will have rights, under certain circumstances, to cause New ALTM to register its shares of New ALTM common stock received in the Transaction for resale under the Securities Act of 1933. See "CERTAIN TERMS OF THE AGREEMENT Registration Rights Agreement."

Forward-Looking Statements May Prove Inaccurate

This proxy statement includes forward-looking statements that are subject to risks and uncertainties. Forward-looking statements include the information concerning the possible future results of operations of Alternate Marketing, Hencie, or the combined company. When used in this proxy statement, the words, "may," "intend," "will," "should," "could," "potential," "expect," "anticipate," "believe," "estimate," "plan," "predict," "help," "attempt," "develop," "continue" or similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. You should note that the ownership of Alternate Marketing common stock, whether or not the Transaction is completed, involves certain risks and uncertainties that could affect the future financial results of Alternate Marketing.

RISK FACTORS

In deciding whether to approve the Transaction you should consider the risks related to the Transaction, risks related to your investment in Alternate Marketing if the Transaction is not completed, and risks related to your investment in New ALTM following the Transaction. This proxy statement does not discuss all possible risks, but we have tried to describe those risks that may be material. You should consider carefully these risks along with other information in this proxy statement and the documents to which we have referred.

Risks Related to the Transaction

When you vote on the Transaction, you will not know the market value of the New ALTM common stock to be issued in the Transaction.

Upon acquisition of all of the Hencie common stock in exchange for New ALTM common stock in accordance with the Common Stock Exchange Ratio, the shareholders, option holders and warrant holders of Hencie will receive 4,882,109 shares of New ALTM common stock (approximately 49% of the combined company). The Common Stock Exchange Ratio is a fixed exchange ratio. The price of New ALTM common stock at the completion of the Transaction may vary from the price of Alternate Marketing common stock on the date of this proxy

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

statement and on the date of the meeting. Accordingly, shareholders will not know the specific value of the consideration to be given to the Hencie shareholders in the Transaction when they vote on the Transaction. Even if the market price of Alternate Marketing common stock changes, there will be no change in the amount of securities to be issued to Hencie shareholders. There is no right to terminate the Transaction Agreement based on a change in stock price.

The Transaction will result in a large increase in shares eligible for future sale.

The sale or the possibility of sale of substantial amounts of New ALTM common stock in the public market could adversely affect the market price of the New ALTM common stock. New ALTM will have 9,674,175 shares issued and outstanding immediately after the Transaction compared to 4,586,005 shares outstanding for Alternate Marketing immediately prior to the Transaction. Up to 4,854,470 shares of New ALTM common stock will be issued to Hencie shareholders as consideration pursuant to the Transaction, not including shares of New ALTM common stock that may be issued to them after the completion of the Transaction upon the exercise of options and warrants. In general, the shares of New ALTM issued to current shareholders of Alternate Marketing will be freely tradable. The shares of New ALTM to be issued to the current shareholders of Hencie will be "restricted securities" and will not be freely tradable upon issuance; however, the majority of these shares may become freely tradable at any time pursuant to a registration rights agreement between New ALTM and the Hencie shareholders. These shareholders, who might otherwise be restricted from selling their shares due to the unregistered status of the stock and/or their status as affiliates of New ALTM, have the right, under certain circumstances, to cause New ALTM to register their shares for resale. Once registered, those shares would be eligible for sale in the public market without restriction.

The voting interests of Alternate Marketing shareholders will be significantly diluted by the Transaction.

Existing holders of Alternate Marketing common stock will own in the aggregate approximately 51% of the voting power of the outstanding shares of New ALTM common stock immediately following completion of the Transaction on a fully diluted basis (i.e. assuming the exercise of all outstanding Alternate Marketing options and warrants and the exercise of all outstanding Hencie options and warrants, and assuming no dissenters' rights) compared to 100% prior to the Transaction.

Delaware law, which will govern New ALTM and its shareholders after the Transaction, may afford fewer rights and protections to shareholders than Michigan law.

Under Delaware law, the directors of New ALTM may have increased ability to defeat a takeover bid, may have an increased range of indemnification, and may not be as easily removed by shareholders as they would be under Michigan law. In addition, the charter documents of New ALTM provide for:

- the ability of the board of directors to issue preferred stock and to determine the price and other terms, including preferences and voting rights, of those shares without shareholder approval;

- advance notice provisions for shareholder proposals and nominations to the board of directors;

- a staggered board of directors, with three-year terms, which will lengthen the time needed to gain control of the board of directors; and

- supermajority voting requirements for shareholders to amend provisions

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

of its charter documents.

The operation of New ALTM under Delaware law may provide the opportunity for additional restrictions to be implemented in the future.

The success of New ALTM may depend in large part upon the current business of Hencie and successful implementation of its business plan.

The success of New ALTM's proposed plan of operation may depend on the successful implementation of Hencie's business plan and management of Hencie, if the Transaction is consummated.

The ALTM shareholders may lose control of New ALTM after the Transaction.

It is possible that the initial 51% ownership of New ALTM by the former ALTM shareholders will drop below 50% after the Transaction due to issuance of shares in financing transactions; issuance of shares of New ALTM in acquisitions, as contemplated by the Hencie business plan; exercise of options by New ALTM employees; exercise of an option issued to Adil Khan in connection with his employment agreement with New ALTM (the "Khan Option"); and exercise of dissenters rights by ALTM shareholders. In general, stock issuances could occur at any time after the Transaction. See "Interests of Certain Persons in the Transaction and Related Agreements Employment Agreements."

As a result of certain provisions of New ALTM's Certificate of Incorporation and Bylaws, certain shareholders will have the ability to significantly influence the management and operation of New ALTM.

Nominees of the board of directors of Hencie will hold two of five seats on the board of directors of New ALTM and will beneficially own approximately 26% of the outstanding common stock of New ALTM in 2002. As a result of certain supermajority voting requirements in the Amended and Restated Certificate of Incorporation and Bylaws of New ALTM, these former shareholders of Hencie will have the ability to significantly influence the board of directors, the appointment of officers, and management of the affairs of New ALTM, including, but not limited to, all fundamental corporate transactions such as acquisitions, mergers, consolidations and the sale of substantially all of the company's assets. In addition, the Bylaws of New ALTM provide for three classes of directors whose terms are initially staggered such that Class I serves one year, Class II serves two years, and Class III serves three years. The Hencie nominees are Class II and Class III directors and will not have to stand for reelection in 2003. Brad Moore, one of the three ALTM nominees, shall be a Class I director whose term expires in 2003. There can be no assurances that an ALTM nominee will be nominated or elected in 2003.

New ALTM's board of directors will have the power to issue shares of preferred stock and designate rights and preferences for such stock which may restrict existing shareholders rights.

The Amended and Restated Certificate of Incorporation of New ALTM provides 55,000,000 shares of capital stock, of which 50,000,000 shares are designated as common stock and 5,000,000 are preferred shares undesignated as to series. New ALTM currently has no outstanding shares of preferred stock, and there are no current plans to designate or issue any shares of preferred stock. Nevertheless, New ALTM's board of directors will have the power to issue any or all of these shares of unissued stock, including the authority to establish the rights and preferences of the unissued shares, without shareholder approval. The power to issue additional shares and to establish separate classes or series of common or preferred stock may, in certain circumstances, deter or discourage take-over attempts and other changes in control of New ALTM not approved by New ALTM's board of directors.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

The common stock of New ALTM may be removed from Nasdaq as a result of the Transaction.

Nasdaq may determine that New ALTM is a new company which must apply for new listing. In this case, the New ALTM common stock would be removed from Nasdaq as a result of the Transaction unless New ALTM was able to satisfy all new listing standards. We cannot give you any assurance that the New ALTM common stock will be included in the Nasdaq market or, if included, that it will continue to be included for any period of time. If New ALTM's stock is not listed on Nasdaq, its liquidity will decline greatly.

Risks Related to Failure to Complete the Transaction

Failure to complete the Transaction could negatively impact Alternate Marketing's share price and future business operations.

If the Transaction is not completed for any reason, Alternate Marketing may be subject to a number of material adverse consequences, including the following:

- The price of Alternate Marketing common stock may decline;
- Costs related to the Transaction, such as legal, accounting and financial advisor fees, must be paid even if the Transaction is not completed;
- Alternate Marketing may cease trading in the Nasdaq stock market; and
- Alternate Marketing will continue to incur costs in assessing means of increasing the value of its business.

If the Transaction is not completed, Alternate Marketing's ability to identify and participate in new business opportunities will be highly dependent on current management.

The ability of Alternate Marketing to continue its current business or to identify and evaluate suitable other business opportunities and consummate another business combination transaction if the Transaction is not consummated is substantially dependent upon certain key management personnel, particularly Phillip D. Miller. The loss of such key management personnel could have a material adverse effect on our ability to consummate the Transaction or to identify and evaluate suitable other business opportunities and consummate another business combination transaction.

If the Transaction is not consummated, management intends to seek business combinations with entities having established operating histories. There can be no assurance that we will be successful in locating candidates meeting such criteria. In the event that Alternate Marketing completes a business combination transaction, the success of the Company's operations may be dependent upon management of the successor entity and numerous other factors beyond Alternate Marketing's control.

Alternate Marketing may not be successful in identifying or participating in favorable business opportunities if the Transaction is not completed.

There can be no assurance that Alternate Marketing will be successful in identifying and evaluating other business opportunities or consummating another business combination transaction if the Transaction is not consummated. Alternate Marketing is an insignificant participant in the business of seeking business combination transactions with other entities. A large number of established and well financed entities, including venture capital firms, are active in mergers and acquisitions of business entities that may be desirable candidates for a strategic combination with Alternate

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Marketing. Such competitors may have significantly greater financial resources, technical expertise and managerial capabilities than Alternate Marketing. Further, there is no assurance that the board of directors will be able to negotiate a business combination on terms favorable to Alternate Marketing. Consequently, Alternate Marketing may be at a competitive disadvantage in identifying and completing a possible business combination opportunity if the Transaction is not consummated.

Reporting requirements under the Exchange Act may require additional time and expense in connection with future acquisitions and impair the company's ability to complete these acquisitions.

The Exchange Act requires acquiring companies to provide certain information about significant acquisitions, including, in most cases, audited financial statements for the acquired company or entity, covering one or two years depending on the size of the acquisition. The time and additional costs that may be incurred by some target entities to prepare such statements may significantly delay or preclude consummation of an otherwise desirable combination with Alternate Marketing. Target prospects that do not have or are unable to obtain the required audited financial statements may not be appropriate for a business combination with Alternate Marketing so long as the reporting requirements of the Exchange Act are applicable.

Risks Related to the Business of New ALTM after the Transaction

Hencie's business is very dependent on business referrals from its software vendors.

Hencie currently has marketing relationships with a number of software vendors, including Oracle. Historically, over 80% of Hencie's revenue has come from business leads referred to Hencie by Oracle through joint marketing and sales activities. Although Hencie has historically received a large number of business leads from these software vendors to implement their products, the vendors are not required to refer business to Hencie and they may terminate these relationships at any time. If New ALTM loses relationships with these software vendors, it may lose their client leads and the ability to develop new clients could be negatively impacted. Any decrease in the ability to obtain clients may cause a reduction in revenues.

The marketability of Hencie's business solutions is highly dependent upon the use and integration of Oracle products.

Hencie currently has a significant relationship with Oracle as an implementation partner. In the event Oracle's products become less desirable or competitive in the marketplace, the need for Hencie's implementation services would decrease and may cause a decline in Hencie's revenues and financial condition.

A loss of New ALTM's Nasdaq listing could severely restrict transferability of its stock.

New ALTM intends to continue listing of the New ALTM common stock on the Nasdaq SmallCap Market effective upon consummation of the Transaction. Although management believes that New ALTM will comply with the applicable requirements for inclusion on The Nasdaq SmallCap Market, we cannot guaranty that the New ALTM stock will meet the standards for continued listing in the future.

Federal regulations promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), regulate the trading of so-called "penny stocks" (the "Penny Stock Rules"), which are generally defined as any security not listed on a national securities exchange or The Nasdaq Stock

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Market, priced at less than \$5.00 per share and offered by an issuer with limited net tangible assets and revenues. In addition, equity securities listed on Nasdaq that are priced less than \$5.00 per share are deemed penny stocks for the limited purpose of Section 15(b)(6) of the Exchange Act. Therefore, if the common stock listed on The Nasdaq SmallCap Market is priced below \$5.00 per share, trading of the common stock will be subject to the provisions of Section 15(b)(6) of the Exchange Act, which make it unlawful for any broker-dealer to participate in a distribution of any penny stock without the consent of the SEC if, in the exercise of reasonable care, the broker-dealer is aware of or should have been aware of the participation of a previously sanctioned person. These provisions may make it more difficult for broker-dealers to sell the common stock, and purchasers of shares of common stock may experience difficulty in selling such shares in the future in secondary trading markets.

If the common stock is excluded from The Nasdaq SmallCap Market, trading, if any, in shares of the common stock will be subject to the full range of the Penny Stock Rules. Under Exchange Act Rule 15g-8, broker-dealers must take certain steps prior to selling a penny stock, which steps include: (a) obtaining financial and investment information from the investor; (b) obtaining a written suitability questionnaire and purchase agreement signed by the investor; (c) providing the investor with a written identification of the shares being offered and in what quantity; and (d) delivering to the investor a written statement setting forth the basis on which the broker-dealer approved the investor's account for the transaction. If the Penny Stock Rules are not followed by a broker-dealer, the investor has no obligation to purchase the shares. Accordingly, the application of the comprehensive Penny Stock Rules may make it more difficult for broker-dealers to sell the common stock and purchasers of shares of common stock may have difficulty in selling such shares in secondary trading markets.

In addition, if the common stock is excluded from the Nasdaq SmallCap Market, New ALTM may be impaired in its ability to consummate business acquisitions or raise capital through issuance of its stock because its shares will be less attractive to potential acquirers and certain procedures under federal securities laws which are intended to facilitate corporate financing by "established issuers" may be unavailable to New ALTM.

New ALTM may need additional capital to support its growth.

New ALTM's operating plan may require additional financing within the next year. New ALTM may be unable to obtain this financing when needed, on favorable terms, or at all. The sale of equity or convertible debt securities may be dilutive to shareholders, and debt financing arrangements may require New ALTM to pledge certain assets and enter into covenants that restrict its ability to incur further indebtedness. If New ALTM is unable to obtain adequate funds on reasonable terms, it may be required to forego opportunities for growth or even curtail operations, or to obtain funds by entering into financing, supply or collaboration agreements on unattractive terms.

New ALTM's liquid assets will be significantly reduced upon the completion of the Transaction and immediately thereafter due to certain payments required by the Transaction Agreement.

The Transaction Agreement requires New ALTM to pay Hencie's obligation to the Internal Revenue Service (the "IRS Obligation"), approximately \$780,000 as of March 31, 2002 and subject to monthly installment payments, at the First Closing and to pay the amount resulting from the settlement of the litigation involving the Edge Promissory Note (approximately \$1.65 million, subject to reduction to \$1.2 million, plus interest, if certain conditions are met) at a rate of \$60,000 per month. New ALTM's cash will be significantly diminished due to the payment of these obligations. This will reduce cash available for

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

on-going operations and will make it more difficult for New ALTM to respond to unforeseen problems.

New ALTM may be unsuccessful in identifying and acquiring suitable acquisition candidates, which could impede its growth and ability to remain competitive.

New ALTM's strategic plan will include the regular and systematic evaluation and acquisition of other information technology consulting firms in new and existing markets. There can be no assurance, however, that New ALTM will successfully identify suitable acquisition candidates. New ALTM is unable to predict whether or when any prospective acquisition candidate will become available or the likelihood that any acquisition will be completed once negotiations have commenced. New ALTM will compete for acquisition and expansion opportunities with entities that have substantially greater resources than New ALTM and these entities may be able to outbid New ALTM for these acquisition targets. If New ALTM fails to execute its acquisition strategy, revenue growth is likely to suffer and it may be unable to remain competitive.

New ALTM's growth will be partly based on its ability to acquire and integrate additional consulting firms; and failure to integrate these consulting firms successfully may have an adverse effect on results of operations.

A significant element of New ALTM's strategy is to acquire additional consulting firms. New ALTM cannot assure you that it will successfully integrate consulting firms it may acquire. The integration of an acquisition involves a number of factors that may adversely affect operations. These factors include:

- diversion of management's attention;
- difficulties in the integration of acquired operations and retention of personnel;
- entry into unfamiliar markets;
- unanticipated problems or legal liabilities; and
- tax and accounting issues.

A failure to integrate acquired businesses may be disruptive to New ALTM's operations and negatively impact its revenue or increase its expenses.

Businesses that New ALTM acquires may have unknown liabilities, and such firms may not be as profitable as New ALTM expects them to be.

Although New ALTM will conduct due diligence investigations of any businesses it acquires, New ALTM cannot assure you that it will identify all material facts concerning these businesses. Unanticipated events or liabilities relating to acquired companies could have a material adverse effect on results of operations and financial condition. Furthermore, integrated businesses may not achieve levels of revenue, profitability, or productivity comparable to existing operations, or otherwise perform as expected. Failure to integrate one or more acquired businesses so that they achieve New ALTM's performance goals may have a material adverse effect on results of operations and financial condition.

Acquisitions, especially unsuccessful ones, could harm financial results. Difficulties integrating these acquisitions may impose substantial costs and delays and cause other problems.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

The integration of acquisition targets is commonly subject to risks, including, among others, loss of key personnel of the acquired company, difficulties associated with assimilating the personnel and operations of the acquired company, potential disruption of ongoing business, maintenance of uniform standards, controls, procedures and policies, and impairment of the acquired company's reputation and relationships with its employees and clients. Any of these may result in the loss of clients. Further, the integration process may require a disproportionate amount of time and attention from management and may distract management from its day-to-day responsibilities. It is also possible that New ALTM may not realize, either at all or in a timely manner, any or all benefits from acquisitions, but may incur significant costs in connection with these acquisitions. Failure to successfully integrate acquisitions could adversely affect results of operations.

New ALTM's growth cannot be assured. Even if New ALTM grows, it cannot assure you that it will grow profitably.

Growth will depend, in part, upon the ability to attract and retain new clients, offer and achieve market acceptance of new services and features and expand in existing and new geographic markets. Failure to successfully identify new geographic markets or to develop or introduce new products and services could have a material adverse effect on growth prospects. Even if New ALTM increases its service offerings and gains new clients, it may not realize profits, and failure to do so would harm its financial condition and results of operations.

New ALTM's success may depend on its ability to manage growing and changing operations.

Any growth is expected to place significant demands on management, systems, internal controls and financial and physical resources. In order to meet such demands, New ALTM intends to hire and train new employees and increase expenditures on systems. In addition, New ALTM will need to further develop its financial and managerial controls and reporting systems to accommodate any future growth. Inability to manage growth effectively could have a material adverse effect on financial results. New ALTM's managerial resources and infrastructure may be inadequate to handle growth. Its senior management team has limited collective experience managing a business growing by acquisition in addition to internal growth.

Hencie may be unable to compete effectively in the marketplace.

Hencie operates in a competitive, fragmented market, and will compete for clients with a variety of organizations that offer similar services. The market in which Hencie competes is also subject to rapid change and is significantly affected by new service introductions and other market activities of industry participants. Hencie will primarily compete with several public and private service providers. Hencie also competes with management consulting firms and, to a lesser extent, with information technology outsourcing companies. Most of these companies have greater financial, technical, marketing, name recognition and other resources and a larger number of clients than will Hencie. In addition, some of these companies offer more services or features than Hencie and will have more processing facilities throughout the United States. Hencie expects to experience competition from new entrants into the market. Increased competition may result in pricing pressures, loss of market share or loss of clients, any of which could harm Hencie's business. Hencie believes the principal competitive factors affecting its market include the following:

-client service;

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

- knowledge, experience and productivity of employees;
- system functionality and performance;
- system and service flexibility;
- breadth of service offering;
- reputation and experience; and
- service cost.

The inability to compete successfully could harm New ALTM's business and results of operations. A portion of Hencie's new clients have historically come from competitors. If New ALTM does not have the same success in winning clients from competitors, it would have to rely more on existing clients that may need maintenance and support services at lower rates. This could decrease profit margins and increase new client acquisition costs, which would adversely affect New ALTM's financial condition and results of operations.

New ALTM may incur substantial costs in connection with establishing new client relationships and expanding service offerings that it may not be able to recoup.

Establishing new client relationships is a time-consuming and expensive process. New ALTM will incur substantial costs in order to obtain each new client. These costs consist primarily of sales and implementation expenses and, to a lesser extent, marketing expenses. New ALTM will incur these costs in advance of recognizing any revenue, and cannot guarantee that it will fully recoup these costs. If New ALTM cannot maintain a high client retention rate, its return on client acquisition costs will be significantly lower. In addition, as New ALTM expands service offerings, it will incur substantial operating costs associated with hiring and training new employees and building an operational infrastructure. Failure to recoup costs associated with establishing client relationships and expanding service offerings could harm its financial condition and results of operations.

Hencie may make errors and omissions in performing services, which could subject it to a loss of revenues and clients and harm its reputation.

The systems which Hencie implements are complex and may contain unknown or undetected errors. Errors are frequently found during the period immediately following implementation. Although Hencie attempts to create systems that are error-free and to resolve promptly any errors that surface, it is inevitable that problems will sometimes arise and that not all problems will be resolved to the customer's satisfaction. Errors may result in delays in customer acceptance, lost revenues, or in litigation, and could be materially detrimental to Hencie's business. Although Hencie has errors and omissions insurance, such insurance may not cover every instance of malfunction and coverage, if available, may be insufficient to save Hencie harmless from all loss. In addition, in almost all instances coverage will require payment of a deductible that could be material in dollar amount.

New ALTM will face substantial competition in attracting and retaining experienced personnel, and may be unable to grow its Hencie business if it cannot attract and retain qualified employees.

Hencie's success will depend to a significant degree on its ability to attract and retain highly qualified and experienced employees who possess the skills and experience necessary to satisfy its needs. These employees are in great demand, particularly in certain geographic areas, and are likely to

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

remain a limited resource for the foreseeable future. New ALTM's ability to attract and retain employees with the requisite experience and skill depends on several factors including, but not limited to, ability to offer competitive wages, benefits and professional growth opportunities. To attract and retain these individuals, New ALTM will be required to invest a significant amount of time and money. Many of the companies with which it will compete for experienced personnel have greater financial resources and name recognition than New ALTM. In addition, an important component of overall compensation for employees will be equity. If New ALTM's stock price does not increase over time, it may be more difficult to retain employees who have been compensated with stock options. Hencie has in the past experienced difficulty in recruiting sufficient numbers of qualified information technology and sales personnel. The inability to attract and retain experienced personnel could have a material adverse effect on New ALTM's business.

The loss of senior management and key personnel would negatively affect New ALTM's ability to conduct its business efficiently and could lead to loss of clients and proprietary information.

The success of New ALTM will be largely dependent on the skills, experience, effort and performance of senior management and other key employees. The loss of the services of Adil Khan or one or more members of senior management, could have a material adverse effect on New ALTM. If New ALTM loses any key technical personnel, it may be unable to prevent the unauthorized disclosure or use of technical knowledge, practices, procedures or client lists by the former employee. Disclosure of this information could harm New ALTM's business.

New ALTM may not be able to maintain or grow its market share if it fails to adapt to advances in technology. Even if it is able to develop or acquire new technologies in a timely manner, it may incur substantial costs in developing or acquiring such technologies.

New ALTM's ability to satisfactorily provide core products and services and to develop, or partner effectively to provide, ancillary products for its clients is dependent on its ability to maintain up-to-date software and systems technology. Its position in the market could be impaired if it does not react appropriately to emerging technology trends. The technologies in which Hencie has invested to date rapidly evolve and have short life cycles. The introduction of services with new technologies and the emergence of new industry standards and practices can render existing services obsolete and unmarketable over time. The ability to expand into new markets will require New ALTM to anticipate and efficiently adapt to technological changes. Future success will depend, in part, on an ability to develop or acquire advanced technologies, enhance existing services with new features, add new services in order to meet the sophisticated, varied and changing needs of clients and respond to technological advances and emerging industry standards and practices on a timely and cost-effective basis. If New ALTM cannot meet these needs in a timely manner, its growth may suffer. Even if New ALTM is able to develop or acquire new technologies in a timely manner, it may incur substantial costs in developing or acquiring such technologies and in deploying new services and features to its clients.

If New ALTM fails to identify and successfully transition to the latest and most advanced solutions or keep up with an evolving industry, it will not compete successfully for clients.

New ALTM intends to focus on providing its clients solutions that employ the latest technologies. If it fails to identify the latest and most advanced solutions, or if it identifies but fails to successfully transition to these advanced solutions, its reputation and ability to compete for clients and the best employees could suffer. If it cannot compete successfully for clients,

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

revenues may decrease. Also, if its projects do not involve the latest and most advanced solutions, they will generate lower fees.

Because the information technology market changes rapidly, some of the most important challenges facing New ALTM will be the need to:

- effectively use advanced technologies;
- continue to develop strategic and technical expertise;
- influence and respond to emerging industry standards and other technological changes; and
- develop new services that meet changing customer needs.

All of these challenges must be met in a timely and cost-effective manner. New ALTM may not succeed in effectively meeting these challenges.

New ALTM may be unable to accurately forecast revenue and to match revenue and expenditures appropriately.

Recently, the level of spending by clients and potential clients on information technology in the United States has become less certain. In some cases the uncertainty has reduced the overall number of projects available for bid. In other cases the uncertainty has resulted in project deferrals, project scope reductions or limited follow-on projects at existing clients. This environment adds greater risk and uncertainty to forecasts and to business plans based upon such forecasts.

If Hencie is unable to rapidly integrate third-party software, it may not deliver solutions to clients on a timely basis or defects or errors might occur which will result in lost revenues and potential liability.

In providing client services, Hencie will recommend that clients use software applications from a variety of third-party vendors. If it is unable to implement and integrate this software in a fully functional manner, it may experience difficulties that could delay or prevent the successful development, introduction, or marketing of services. Software often contains errors or defects, particularly when first introduced or when new versions or enhancements are released. Despite internal testing and testing by current and potential clients, current and future solutions may contain serious defects due to third-party software or software developed or customized for clients by Hencie. Serious defects or errors could result in liability for damages, lost revenues, or a delay in implementation of solutions.

Hencie's revenues could be negatively affected by the loss of a large client or failure to collect a large account receivable.

Hencie derives a significant portion of revenue from large projects for a limited number of varying clients. In 2001, Hencie's largest client accounted for 35% of revenue and its second largest client accounted for 13% of revenue. In 2000, Hencie's largest client accounted for 26% of revenue and its second largest client accounted for 8% of revenue. Revenues could be negatively affected if New ALTM were to lose even one of these clients or if it failed to collect a large account receivable.

Many of Hencie's contracts are short-term and provide that clients can reduce or cancel services without incurring any penalty. If clients reduce or terminate services, New ALTM would lose revenue and would have to reallocate employees and resources to other projects to attempt to minimize the effects of that reduction or termination. Accordingly, terminations, including any termination by a major client, could adversely impact revenues.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

If New ALTM estimates incorrectly the time required to complete projects, New ALTM will lose money on fixed-price contracts.

Some of Hencie's contracts are fixed-price contracts, rather than contracts in which the client pays on a time and materials basis. Hencie must estimate the number of hours and the materials required before entering into a fixed-price contract. Success depends on setting rates and fees accurately and maintaining targeted rates of employee utilization and project quality. If New ALTM fails to accurately estimate the time and the resources required for a project, any required increase in the time and resources to complete the project could cause profits to decline.

Fluctuations in revenues and operating results of New ALTM due to cyclical client demand may lead to reduced or volatile prices for New ALTM stock.

Hencie's revenues and operating results have fluctuated significantly in the past and New ALTM expects them to continue to fluctuate significantly in the future. Historically, Hencie has experienced its greatest sequential growth during the first and second quarters and significantly lower sequential growth in the third and fourth quarters. Hencie attributes this to the budgeting cycles of customers, most of whom have calendar-based fiscal years and as a result are more likely to incur the expense of its services during the first half of the year. If New ALTM is unable to predict the cyclical client demand in a slower growth or distressed economic environment, expenses may be disproportionate to revenue and New ALTM's stock price may be adversely affected.

Others could claim that Hencie infringes their intellectual property rights, which may result in substantial costs, diversion of resources and management attention, and harm to Hencie's reputation.

A portion of New ALTM's business will involve the development of software applications for specific client engagements. This software may be the subject of claims for infringement, which even if successfully defended could be costly and time-consuming. An infringement claim could materially and adversely affect the company in that New ALTM may:

- experience a diversion of financial resources and management attention;
- incur damages and litigation costs, including attorneys' fees;

- be enjoined from further use of the intellectual property;

- be required to obtain a license to use the intellectual property, incurring licensing fees;

- need to develop a non-infringing alternative, which could be costly and delay projects; and

- have to indemnify clients with respect to losses incurred as a result of infringement of the intellectual property.

New ALTM may not have the resources to effectively compete, causing revenues to decline.

Many of Hencie's competitors have longer operating histories, larger client bases, longer relationships with clients, and greater brand or name recognition than Hencie, and significantly greater financial, technical, marketing, and public relations resources than New ALTM. Hencie may be unable to compete with the full-service consulting companies entering the information technology professional services market, including the consulting divisions of

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

the largest global accounting firms, who are able to offer their clients a wider range of services. If clients decide to take their information technology professional services projects to these companies, Hencie's and therefore New ALTM's revenues may decline. In addition, new professional services companies may provide similar services at a lower price, which could cause revenues to decline.

If the rate of adoption of advanced information technology slows substantially, revenues of Hencie and New ALTM may decrease.

Hencie markets its services primarily to firms that want to adopt information technologies that provide an attractive return on investment or help provide a sustainable competitive advantage. Hencie's, and therefore New ALTM's revenues could decrease if companies decide not to integrate the latest technologies into their businesses due to economic factors, governmental regulations, financial constraints, or other reasons. Hencie expects information technology spending and revenue to be highly dependent on the health of the US economy.

Competition among information technology companies may adversely impact the pricing of projects and Hencie's ability to win business.

Since late 2000, many firms in the industry experienced a decline in demand for services that resulted in lower utilization rates of billable personnel. Lower utilization rates increase the likelihood that a competitor will reduce its prices to secure business in order to improve their utilization rate. The extent to which pricing and ability to win business may be impacted is a function of both the magnitude and duration of the supply and demand imbalance in the industry.

New ALTM's stock price could be extremely volatile, like many technology stocks.

Recently, the market prices of securities of technology companies, particularly information technology services companies, have been highly volatile. New ALTM expects continued high volatility in its stock price, with prices at times bearing no relationship to its operating performance.

Volatility of New ALTM's stock price could result in expensive class action litigation.

If New ALTM's common stock suffers from volatility like the securities of other technology companies, it could be subject to securities class action litigation similar to that which has been brought against companies following periods of volatility in the market price of their common stock. Litigation could result in substantial costs and could divert resources and senior management's attention. This could harm productivity and profitability.

Dispute with Paul A. Tanner and legal fees and expenses incurred in connection with such dispute could have a material and adverse affect on the Company.

On January 9, 2001, Hencie received a demand letter from Hencie.Com, an affiliate of Paul A. Tanner, claiming that (i) Hencie.Com is entitled to 1,500,000 shares of Hencie common stock in connection with an alleged stock purchase agreement by and between Hencie and Hencie.Com and (ii) Hencie owes Hencie.Com \$1.9 million in connection with \$1.4 million that was advanced to Hencie by Hencie.Com (collectively, the "Claims"). Hencie has investigated the Claims and concluded that the Claims are not valid as against Hencie. Adil Khan has agreed, pursuant to that certain Indemnification Agreement, dated as of September 15, 2000, by and between Hencie, Adil Khan, and certain other parties, and pursuant to the Transaction Agreement, to indemnify ALTM,

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

New ATLM, and Hencie from and against any losses or liabilities arising out of or relating to the Claims.

In the event litigation in connection with the Claims is pursued and Adil Khan is, for any reason, unable to fulfill his indemnification obligations to ALTM, New ALTM, and Hencie in connection with such Claims, Hencie intends to vigorously contest the Claims and pursue any potential counterclaims that may be available. Notwithstanding the foregoing, the business, financial condition, and operations of New ALTM could be materially and adversely affected by an outcome that is adverse to Hencie with respect to any of the Claims, legal fees and expenses associated with investigating, contesting, and defending against any of the Claims (whether or not the Claims are successfully pursued by Mr. Tanner), and the diversion of management's time and resources in connection with any such investigation, contest, or defense.

Officers and directors own a significant percentage of outstanding shares and, as a group, control a vote of shareholders.

The executive officers and directors of New ALTM will own approximately 54% of the outstanding shares of common stock of New ALTM immediately after the Transaction. If these shareholders act or vote together with other employees who own significant shares of common stock they will have the ability to control the election of directors and the approval of any other action requiring the approval of shareholders, including any amendments to the certificate of incorporation and mergers or sales of all or substantially all assets, even if the other shareholders perceive that these actions are not in their best interests.

The general condition of the U.S. economy may adversely affect New ALTM's business as a whole.

The general condition of the U.S. economy and the current weakness in the economy has affected and will continue to affect Hencie's business. These conditions include declines in interest rates, client staff reductions, client labor strikes and acquisitions of clients by other companies, among others. In addition, potential clients and existing clients are also less likely to switch service providers and in some cases are delaying or postponing purchasing decisions. These factors could result in the reduction of the aggregate amount of spending. In addition, the general condition of the U.S. economy is affected by social, political and military conditions, including terrorist threats and acts and any responses by the United States to such threats and acts.

The authorization of preferred stock, a staggered board of directors, supermajority voting requirements and certain provisions of Delaware law could make a takeover attempt more difficult, even if the takeover would be favorable for shareholders.

New ALTM's Amended and Restated Certificate of Incorporation and bylaws may have the effect of deterring, delaying or preventing a change in control of the company. For example, its charter documents provide for:

- the ability of the board of directors to issue preferred stock and to determine the price and other terms, including preferences and voting rights, of those shares without shareholder approval;

- advance notice provisions for shareholder proposals and nominations to the board of directors;

- a staggered board of directors, with three-year terms, which will lengthen the time needed to gain control of the board of directors; and

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

-supermajority voting requirements for shareholders to amend provisions of its charter documents.

New ALTM will be subject to Delaware corporate law. Section 203 of the Delaware General Corporation Law prohibits New ALTM from engaging in a business combination with any significant shareholder for a period of three years from the date the person became a significant shareholder unless, for example, its board of directors approved the transaction that resulted in the shareholder becoming an interested shareholder. Any of the above could have the effect of delaying or preventing changes in control that a shareholder may consider favorable.

ALTERNATE MARKETING AND HENCIE

NOTES TO UNAUDITED PRO FORMA CONSOLIDATED COMBINED FINANCIAL STATEMENTS

Summary of the Transaction

Pursuant to the Transaction Agreement, New ALTM will issue 4,854,470 shares of its common stock with a fair value of \$4,854,470 to the shareholders of Hencie in exchange for 100% ownership of Hencie. Fair value of the shares is determined using an average of Alternate Marketing stock price as traded on Nasdaq just prior to and just after the announcement of the Transaction. Upon approval by the shareholders Alternate Marketing will acquire more than 80% of Hencie's stock from the Majority Hencie Shareholders. Within one year subsequent to the acquisition from the Majority Hencie Shareholders, Alternate Marketing will acquire the remaining outstanding shares from the Minority Hencie Shareholders. Upon completion of the acquisition of 100% of Hencie in exchange for New ALTM common stock, the Hencie shareholders will own 49% of

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

New ALTM on a fully diluted basis. The acquisition has been accounted for using the purchase method of accounting with the excess value of the sum of the fair value of stock and transaction costs of \$150,000 over the fair value of the assets and being recorded as goodwill. Upon adoption of SFAS 142, resulting goodwill will not be subject to amortization. Alternate Marketing has not yet performed the transitional impairment testing required by SFAS 142.

(1) This pro forma adjustment eliminates the equity of Hencie. It also records the issuance of 4,854,470 shares of common stock with a fair value of \$4,854,470 and the resulting goodwill of \$8,443,874 including the transaction costs of \$150,000.

(2) This pro forma adjustment reflects a change in the amount due to noteholders resulting from a contractually agreed settlement of the obligation, incident to the transaction. This adjustment has been excluded from the pro forma consolidated combined statement of operations due to its non-recurring nature.

(3) This pro forma adjustment is to reflect Alternate Marketing's adoption of SFAS 142 on January 1, 2002, which requires that goodwill not be amortized, but will be subject to periodic testing for impairment.

(4) The following table illustrates the calculations of basic income per share and diluted income per share. Diluted income (loss) per share has no shares included for potential options and warrants as they are anti-dilutive.

THE TRANSACTION

This section of the proxy statement describes material aspects of the proposed Transaction. While Alternate Marketing believes that the description

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

covers the material terms of the Transaction, this summary may not contain all of the information that is important to you. You should read this entire proxy statement and the other documents referred to herein for a more complete understanding of the Transaction.

Background of the Transaction

The terms of the Transaction Agreement are the result of negotiations between representatives of Alternate Marketing and Hencie. The following is a brief discussion of the background of these negotiations and the proposed Transaction.

After an initial exploratory meeting between the principals of both organizations, the parties exchanged detailed written materials, completed their preliminary due diligence, and commenced negotiations on a non-binding letter of intent to memorialize their mutual understanding of the structure of a proposed reorganization and merger. After several negotiations, and following consultation with their respective boards and financial advisors, the companies entered into a non-binding letter of intent regarding the transaction on January 24, 2002.

Within days after the execution of the letter of intent, the parties commenced a more detailed due diligence investigation of each other. Simultaneously, representatives of Alternate Marketing, together with our legal and financial advisors, and representatives of Hencie, together with its legal and financial advisors, communicated by telephone and met in person to discuss various aspects of the proposed transaction. During this time, drafts of the Transaction Agreement and various ancillary agreements were distributed, reviewed and negotiated. Among the matters negotiated were the exchange ratio, the conditions on the parties' obligations to close the Transaction, the right of the parties to terminate the Transaction Agreement, the effect of termination, the amount of the termination or break-up fee, and the circumstances under which the termination fee would be payable.

After several weeks of negotiation and revisions to the documentation, and following detailed discussions of both companies' executive officers with legal and financial advisors regarding the terms of the Transaction Agreement and related documents, including a summary of the representations, warranties, covenants, conditions, termination events and termination consequences, as well as the structure of the proposed transaction, Alternate Marketing's board of directors and Hencie's board of directors and shareholders approved the Transaction and authorized the respective officers of both companies to undertake all acts necessary or desirable to effect the Transaction. The parties then executed the Transaction Agreement on April 9, 2002. After lapse of several broad conditions which would have allowed either party to terminate without liability, the Transaction was publicly announced before the opening of trading on April 23, 2002. On May 31, 2002, the parties executed an amended and restated Transaction Agreement.

Recommendation of the Board of Directors; Reasons for the Transaction

Our board of directors has determined that the terms of the Transaction Agreement are fair to and in the best interests of our shareholders and recommends that the shareholders vote in favor of the Transaction.

In reaching its determination, our board considered the benefits offered by the Transaction and weighed them against the risks associated with the Transaction. While the risks associated with the Transaction are substantial, our board ultimately concluded that these risks are outweighed by the potential benefits to shareholders. In reaching this determination, the board relied on, among other things, the accuracy of the representations and warranties of Hencie.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

After review and evaluation of all information provided to the board for its consideration, the board concluded that the Transaction was the best transaction reasonably available to maximize shareholder value. The factors reviewed by the board included, among others, the following:

- The board's knowledge of Alternate Marketing's business, operations, properties, assets, financial condition, operating results and prospects;

- The board's knowledge of Hencie's business, operations, properties, assets, financial condition, operating results and prospects, such knowledge being based on written and oral information provided by Hencie's directors, executive officers and legal and financial advisors;

- The condition that the Transaction be submitted to our shareholders for approval, which allows for an informed vote of shareholders on the merits of the Transaction;

- The history of negotiations that led to the current ratio of one (1) share of New ALTM common stock for each 3.563 shares of Hencie common stock;

- The terms and conditions of the Transaction Agreement, including the "fiduciary out" provision;

- The exploration of other offers;

- Michigan law entitling Company shareholders to appraisal rights if the Transaction is completed; and

- The "fairness opinion" of Capitalink.

The foregoing discussion of the information and factors considered and given weight by the board is not intended to be exhaustive.

The Transaction

The terms of the Transaction are set forth in the amended and restated Transaction Agreement, dated as of May 31, 2002, by and among Alternate Marketing, Hencie, Merger Sub, and the Majority Hencie Shareholders. Subject to the approval of the shareholders of Alternate Marketing and the satisfaction (or waiver, if permitted) of the other conditions contained in the Transaction Agreement:

- Alternate Marketing will merge into New ALTM;

- Each share of Alternate Marketing common stock will be automatically converted into one share of New ALTM common stock;

- The Majority Hencie Shareholders will receive one (1) share of New ALTM common stock for each 3.563 shares of Hencie common stock;

- Merger Sub will merge into Hencie and New ALTM will issue shares of New ALTM common stock to the Minority Hencie Shareholders, provided, however, that we may acquire the remaining Hencie shares by means other than the subsidiary merger, if deemed appropriate by the board of directors of New ALTM.

- The number of authorized shares of capital stock of New ALTM will be 55 million; and

- New ALTM will continue to operate the business currently conducted by Hencie as well as the business currently conducted by Alternate Marketing.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Time of Closing

The reincorporation in Delaware and the acquisition of Hencie Stock from the Majority Hencie Shareholders (representing ownership of more than 80% of Hencie) will occur as soon as possible after satisfaction or waiver of the conditions to the Transaction. To complete the Transaction, Merger Sub will merge into Hencie, thereby eliminating the Hencie Minority Stockholders; provided, however, that we may acquire the remaining Hencie shares by means other than the subsidiary merger, if deemed appropriate by the board of directors of New ALTM. For example, we may purchase Hencie shares from individual Minority Hencie Shareholders for cash or New ALTM securities. Alternate Marketing and Hencie will make certain filings with the Secretaries of State of the States of Delaware and Michigan in connection with the Transaction.

Reincorporation Merger

The Transaction requires Alternate Marketing to reincorporate in Delaware so that New ALTM and its shareholders will be governed by Delaware law rather than Michigan law. The reincorporation will be accomplished by merging Alternate Marketing into New ALTM, its wholly-owned Delaware subsidiary. See "REINCORPORATION MERGER" in this proxy statement for information about some of the differences between Delaware and Michigan law and management's reasons for reincorporation.

Cash Dividend to Alternate Marketing's Shareholders

The Transaction Agreement allows ALTM to declare a \$.10 per share cash dividend to shareholders of record as of a date not to be later than the Business Day immediately preceding the First Closing Date. However, as of the date of this proxy statement, the board has not yet declared this dividend and may determine not to do so, in its discretion.

Treatment of Stock Options and Warrants

All outstanding options and warrants to purchase shares of ALTM common stock will be assumed by New ALTM and will remain outstanding and continue to be exercisable according to their terms for stock of New ALTM. Outstanding stock options and warrants of Hencie will be assumed by New ALTM and will remain exercisable, according to their original terms, for shares of New ALTM in accordance with the Common Stock Exchange Ratio.

Interests of Certain Persons in the Transaction

Certain individuals who will serve as directors and executive officers of New ALTM following the Transaction, upon consummation of the Transaction, will have beneficial ownership of common stock (as a percentage of outstanding shares) as follows:

Name	Individual Percentage
Phillip D. Miller	9.04%

3.21%

(1) Shares held beneficially and of record by Tribune Co. Brad Moore serves on the board of directors of ALTM as a representative of Tribune Co. and may be deemed to exercise voting control of the shares as a result of this arrangement. Mr. Moore disclaims beneficial ownership of the Tribune Co.'s shares.

(2) Does not include shares issuable upon exercise of Adil Khan's option to purchase up to 3% of the issued and outstanding common stock of New ALTM on a fully diluted basis. This option is exercisable only if Hencie's Adjusted EBITA (as defined in the option) is greater in the fiscal year ended December 31, 2002 than in the fiscal year ended December 31, 2001.

(3) Includes shares of common stock owned by K2 VC, Ltd., a Texas partnership, with K2 VC Management, LLC, as a general partner and Adil Khan and Mehnaz Fatehdin, his wife, as limited partners. K2 VC Management, LLC, is managed by Adil Khan and Mehnaz Fatehdin.

(4) Does not include shares owned by Hencie International, Inc., a Texas corporation, controlled by Anwar Fatehdin, Adil Khan's father-in-law.

(5) Includes shares of New ALTM with a fair market value of \$750,000, as determined at the First Closing, which will be escrowed as security for Khan's indemnification obligations in the Transaction Agreement. These shares may be forfeited to New ALTM in whole or in part. Also includes shares of New ALTM with a fair market value of \$2,392,500, escrowed in connection with the settlement of a dispute with Edge Technologies, Inc. In the event that Mr. Khan has insufficient shares of New ALTM to fully fund both the New ALTM indemnification escrow and the Edge settlement escrow, the New ALTM indemnification escrow will bear the entire deficiency.

Opinion of Financial Advisor to Alternate Marketing

OPINION OF CAPITALINK, L.C.

In connection with the Transaction, the Company engaged Capitalink to render an opinion as to the fairness, from a financial point of view, to the Company's shareholders, of the Common Stock Exchange Ratio as set forth in a draft of the Transaction Agreement. The Transaction Agreement was subsequently finalized and executed by the parties on May 31, 2002 without any changes deemed material by Capitalink for purposes of the Capitalink fairness opinion. On May 8, 2002, Capitalink made a presentation to the Alternate Marketing board of directors regarding the Transaction and the Common Stock Exchange Ratio. In addition, Capitalink advised the Board that it was prepared to deliver a written opinion on such date; however, no written opinion was delivered on May 8, 2002. Subsequently, the parties clarified certain points and provided Capitalink with a draft amended and restated agreement and plan of reorganization. On May 29, 2002, Capitalink made an additional presentation to the Alternate Marketing board of directors and rendered its oral opinion that, as of such date, based upon and subject to the assumptions made, matters considered, and limitations on its review as set forth in the opinion, the Common Stock Exchange Ratio is fair to the Company's shareholders from a financial point of view. Subsequently, Capitalink delivered its written fairness opinion.

THE FULL TEXT OF THE WRITTEN OPINION OF CAPITALINK, DATED AS OF MAY 29, 2002, IS ATTACHED AS APPENDIX B AND IS INCORPORATED BY REFERENCE. THE COMPANY'S SHAREHOLDERS ARE URGED TO READ THE CAPITALINK OPINION CAREFULLY AND IN ITS

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

ENTIRETY FOR A DESCRIPTION OF THE ASSUMPTIONS MADE, MATTERS CONSIDERED, PROCEDURES FOLLOWED AND LIMITATIONS ON THE REVIEW UNDERTAKEN BY CAPITALINK IN RENDERING ITS OPINION. THE SUMMARY OF THE CAPITALINK OPINION SET FORTH IN THIS PROXY STATEMENT IS QUALIFIED IN ITS ENTIRETY BY REFERENCE TO THE FULL TEXT OF SUCH OPINION.

No limitations were imposed by the Company on the scope of Capitalink's investigation or the procedures to be followed by Capitalink in rendering its opinion. The Capitalink opinion was for the use and benefit of the board in connection with its consideration of the Transaction and was not intended to be and does not constitute a recommendation to any shareholder of the Company as to whether to accept the consideration in connection with the Transaction or as to how such shareholder should vote with respect to the Transaction. Capitalink was not requested to opine as to, and its opinion does not address, the Company's underlying business decision to proceed with or effect the Transaction. Further, Capitalink was not asked to consider, and its opinion does not address, the relative merits of the Transaction as compared to any alternative business strategy that might exist for the Company.

In arriving at its opinion, Capitalink took into account its assessment of general economic, market and financial conditions as well as its experience in connection with similar transactions and securities valuations generally and, among other things, reviewed documents relating to the Transaction, including the Transaction Agreement and the draft preliminary proxy statement.

Capitalink also:

(i) reviewed publicly available financial information and other data with respect to the Company, including its annual report on Form 10-KSB for the fiscal year ended December 2001, and its report on Form 10-QSB for the quarter ended March 31, 2002,

(ii) reviewed information and data with respect to Hencie, including its annual report for the period ending December 31, 2001, draft audited financial statements for the years ended December 31, 2001 and 2000, business plan dated December 31, 2001, business review dated March 1, 2002, and financial information for the quarterly period ended March 31, 2002,

(iii) reviewed and analyzed certain financial characteristics of companies that were deemed to have characteristics comparable to those of the Company or those of Hencie,

(iv) reviewed and analyzed certain financial terms of transactions involving target companies deemed to have characteristics comparable to the Company or Hencie,

(v) reviewed and discussed with representatives of the management of the Company and Hencie certain financial and operating information furnished by them, including financial analyses and projections and related assumptions with respect to the business, operations and prospects of the Company or Hencie,

(vi) considered the historical financial results and present financial condition of the Company and Hencie,

(vii) reviewed certain publicly available information concerning the trading of, and the trading market for, the common stock of the Company, and the companies deemed comparable to the Company and Hencie,

(viii) reviewed and analyzed the relative financial contributions of the Company and Hencie to the combined enterprise,

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

(ix) reviewed and analyzed potential pro forma financial effects of the Transaction on the Company's earnings per share,

(x) inquired about and discussed the Transaction and other matters related thereto with Company management, Company legal counsel and Hencie management, and

(xi) performed such other analyses and examinations as were deemed appropriate.

In arriving at its opinion, Capitalink has relied upon and assumed the accuracy and completeness of all of the financial and other information that was used by it without assuming any responsibility for any independent verification of any such information, and has further relied upon the assurances of the Company's management that it is not aware of any facts or circumstances that would make any such information inaccurate or misleading. With respect to the financial projections utilized, Capitalink assumed that such projections have been reasonably prepared on a basis reflecting the best currently available estimates and judgments, and that such projections provide a reasonable basis upon which it could form an opinion. In arriving at its opinion, Capitalink did not make a physical inspection of the properties and facilities of the Company or Hencie, and has not made or obtained any evaluations or appraisals of the assets and liabilities (contingent or otherwise) of the Company or Hencie. Capitalink assumed that the Transaction will be consummated in a manner that complies in all respects with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. In addition, based upon discussions with the Company, it is assumed that the Transaction will not be a taxable event to the Company's shareholders. Capitalink assumed, with the Company's consent, that the Transaction will be consummated in accordance with the terms described in the Transaction Agreements, without any further amendments thereto, and without waiver by the Company of any of the conditions to any obligations thereunder or that any such revisions or waivers thereto will not be detrimental to the Company's shareholders. Capitalink's opinion is necessarily based upon market, economic and other conditions as they existed on, and could be evaluated as of, May 28, 2002. Accordingly, although subsequent developments may affect its opinion, Capitalink has not assumed any obligation to update, review or reaffirm its opinion.

The estimates contained in Capitalink's analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than those suggested by its analyses. In addition, analyses relating to the value of businesses or securities do not necessarily purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, Capitalink's analyses and estimates are inherently subject to substantial uncertainty.

Each of the analyses conducted by Capitalink was carried out in order to provide a different perspective on the Transaction, and to enhance the total mix of information available. Capitalink did not form a conclusion as to whether any individual analysis, considered in isolation, supported or failed to support an opinion as to the fairness, from a financial point of view, of the Common Stock Exchange Ratio to the Company's shareholders. Capitalink did not place any particular reliance or weight on any individual analysis, but instead concluded that its analyses, taken as a whole, supported its determination. Accordingly, Capitalink believes that its analyses must be considered as a whole and that selecting portions of its analyses or the factors it considered, without considering all analyses and factors collectively, could create an incomplete and misleading view of the process underlying the analyses performed by Capitalink in connection with the

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

preparation of its opinion.

The summary of Capitalink's analysis described below is not a complete description of the analysis underlying Capitalink's opinion. The preparation of a fairness opinion is a complex process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, Capitalink made qualitative judgments as to the relevance of each analysis and factor that it considered. Accordingly, Capitalink believes that its analysis must be considered as a whole and that selecting portions of its analysis and factors, or focusing on information presented in tabular format, without considering all of the analysis and factors contained in the narrative description that follows, could result in an incomplete and misleading view of the processes underlying its analysis and opinion.

Capitalink analyzed the fairness of the Common Stock Exchange Ratio using the following methodologies:

Financial Data Analysis. Capitalink undertook analyses of the historical and projected financial data of both the Company and Hencie in order to understand and interpret their respective earnings power and financial strength.

Capitalink reviewed and analyzed certain financial information: (i) for ALTM, as provided by the Company and as reported in its public filings, including the historical audited financial data for the four years ended December 31, 2001, the draft unaudited financial statements for the quarter ended March 31, 2002, and the projections for the four fiscal years ending December 31, 2005; and (ii) for Hencie, including the draft audited historical financial statements for the two years ended December 31, 2001, the unaudited financial statements for the quarter ended March 31, 2002, and projections for the four years ending December 31, 2005.

Capitalink noted among other things that ALTM possesses a debt-free capital structure, stable recent growth, and small and stable projected growth in revenue and earnings. Hencie has relatively high debt levels, consistent historical improvement in revenue and earnings, and strong anticipated future growth in revenue and earnings.

Historical Stock Price Analysis. Capitalink utilized a historical stock price analysis to review and compare the Company's stock performance to the general market indices and selected peer groups. In addition, Capitalink reviewed the liquidity of the Company's common stock in the public trading markets.

Capitalink reviewed the daily closing market price and trading volume of ALTM's common stock over the period from April 23, 2001 through April 22, 2002 (one day prior to first public announcement of the Transaction). Capitalink compared the daily closing market price performance of ALTM's common stock for the respective period to each of the ALTM Marketing Comparable Companies and ALTM Logistics Comparable Companies (each as defined below) and the Russell 3000 Index. Capitalink noted that during the period under review, ALTM's common stock rose 18.9%, while the ALTM Marketing Comparable Companies fell 34.2%, the ALTM Logistics Comparable Companies rose 18.4%, and the Russell 3000 Index declined 7.5%. Capitalink also calculated total trading volumes at various closing price ranges. In addition, the number of trading days, and the respective percentages, at certain trading volume, were set forth. Capitalink noted ALTM's common stock was highly illiquid with an average and median daily number of shares traded of 1,812 and 250, respectively. Capitalink also observed that the ALTM common stock price at May 28, 2002 and April 22, 2002, was \$1.10 and \$0.88, respectively.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

In addition, Capitalink compared the historical stock price performance of the Hencie Comparable Companies (as defined below) to the Russell 3000 Index. Capitalink noted that, although the Hencie Comparable Companies outperformed the Russell 3000 Index, the relative movements of each of the indices were highly correlated, indicating that the information technology consulting industry exhibits high levels of market risk.

Transaction Consideration and Multiple Analysis. Capitalink utilized the transaction consideration and multiple analysis for the purposes of reviewing and comparing the Transaction's implied consideration and resulting multiples.

Capitalink estimated the implied consideration, by multiplying the closing share price of ALTM common stock as of April 22, 2002 with the assumed 4,882,109 shares issuable to Hencie on a fully diluted basis. The implied consideration of \$4.3 million was utilized in calculating the implied transaction multiples based on Hencie's (i) last twelve months ("LTM") revenues, (ii) current fiscal year ("CFY") revenues, (iii) CFY earnings before interest, tax, depreciation and amortization ("EBITDA"), and (iv) total assets. Such multiples were based on (x) total invested capital (total common shares outstanding multiplied by current market share price plus total interest bearing debt) ("TIC"), and (y) enterprise value (TIC less cash and marketable securities).

Implied Consideration (\$000)	\$4,296
-------------------------------	---------

Implied Multiples:

TIC as a multiple of:

LTM Revenue	0.7x
CFY Revenue	0.4
CFY EBITDA	2.2
Total Assets	5.2

Enterprise Value as a multiple of:

LTM Revenue	0.7
CFY Revenue	0.4
CFY EBITDA	2.2
Total Assets	5.2

Capitalink also reviewed and calculated a sensitivity analysis on the above information based upon the prior day closing and trailing five, ten, twenty, thirty day, three month, six month and prior year average closing prices.

Selected Comparable Company Analysis. Capitalink utilized the selected comparable company analysis, a market valuation approach, for the purposes of compiling guideline or comparable company statistics. Such value measures are developed based on trading prices of securities of companies with similar business models to each of the Company and Hencie.

The selected comparable company analysis involved the review of publicly traded companies deemed comparable to ALTM (the "ALTM Comparable Companies") or Hencie (the "Hencie Comparable Companies", collectively, the "Comparable Companies"). Capitalink reviewed certain financial information relating to each of ALTM or Hencie in the context of the corresponding financial information, ratios and public market multiples for the respective Comparable Companies. No company used in Capitalink's analysis was deemed to be identical or directly comparable to ALTM or Hencie, as the case may be; accordingly, Capitalink considered the multiples for the Comparable Companies, taken as a whole, to be more relevant than the multiples of any single company.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Capitalink selected the ALTM Comparable Companies by examining companies that were similar to that of ALTM's Marketing Advertising division (the "ALTM Marketing Comparable Companies") and Logistics Advertising division (the "ALTM Logistics Comparable Companies"). Capitalink believes that, although the business model of ALTM is unique and different than that of the ALTM Comparable Companies in that it acts as a broker, the underlying risk and fortunes of the Company follows that of the corresponding industry sectors.

The ALTM Marketing Comparable Companies utilized were: Outlook Group Corp., 24/7 Real Media, L90, Inc., Obie Media Corp., CoActive Marketing Group, and BrandEra.Com, Inc. The ALTM Logistics Comparable Companies utilized were: Dynamex, Inc., Smithway Motor Xpress Corp., CD&L, Inc., BOYD Bros. Transportation, Cannon Express, Inc., and US 1 Industries, Inc.

The Hencie Comparable Companies utilized were: Ciber, Inc., Answerthink, Inc., Carreker Corp., Technology Solutions Co., RWD Technologies, Inc., Intelligroup, Inc., Braun Consulting, Inc., Inforte Corp., Zamba Corp., and eLinear, Inc.

Based on publicly available information, Capitalink reviewed the following financial information for each of the Comparable Companies: enterprise value, market value, TIC, revenue, common equity, net tangible common equity, and selected financial ratios. The review and analysis for ALTM and Hencie were evaluated as of April 22, 2002. Subsequent to such review and based on the respective market value, TIC or enterprise value as of April 22, 2002, Capitalink calculated and compared the following multiples for each of the Comparable Companies.

ALTM Marketing Comparable Companies

ALTM	High	Mean	Median	Low
------	------	------	--------	-----

Market Value as Multiple of:

LTM Revenue	0.2x	0.7x	0.4x	0.3x	0.2x

LTM EBITDA	na	8.9	5.8	5.3	3.1
Total Assets	na	1.0	0.7	0.6	0.4

Capitalink noted that as of April 22, 2002, ALTM was trading at the low end of both the multiples of the ALTM Marketing Comparable Companies and the ALTM Logistics Comparable Companies with respect to revenues. Further, ALTM was trading toward the mean with respect to equity and total assets. Capitalink believes ALTM to be fairly priced relative the ALTM Comparable Companies, given the Company's lower relative historical and projected profit margins and expected growth. EBITDA multiples for ALTM could not be calculated as it was negative for the LTM period.

Capitalink noted that the multiples implied by the Transaction were between the low and mean of the Hencie Comparable Companies multiples.

As noted above, none of the Comparable Companies are identical or directly comparable to ALTM or Hencie, as the case may be. Accordingly, Capitalink considered the multiples for such companies, taken as a whole, to be more relevant than the multiples of any single company. Further, an analysis of publicly traded comparable companies is not mathematical; rather, it involves complex consideration and judgments concerning differences in financial and operating characteristics of the Comparable Companies and other factors that could affect the public trading of the Comparable Companies.

Selected Comparable Transaction Analysis. Capitalink utilized the selected comparable transaction analysis, a market valuation approach that is based on an examination of transactions involving companies, which are deemed similar to the Company or Hencie, for the purpose of compiling guidelines and statistics based on the pricing in such transactions.

The selected comparable transaction analysis involves a review of merger, acquisition and asset purchase transactions involving companies that are in related industries to either ALTM's Marketing division (the "ALTM Marketing Comparable Transactions"), ALTM's Logistics division (the "ALTM Logistics Comparable Transactions") or Hencie (the "Hencie Comparable Transactions")

(collectively the "Comparable Transactions"). Information is typically not disclosed for transactions involving a private seller, even when the buyer is a public company, unless the acquisition is deemed to be "material" for the acquiror. As a result, the selected comparable transaction analysis is limited to transactions involving the acquisition of a public company, or substantially all of its assets, or the acquisition of a large private company, or substantially all of its assets, by a public company.

Based on the information disclosed in the each of the Comparable Transactions, Capitalink calculated and compared (i) enterprise value and (ii) price paid as multiples of (x) revenue, (y) total assets, and (z) net tangible equity. The multiples were derived by dividing either the total enterprise value (price paid for equity plus interest bearing debt less cash and marketable securities), or the price paid, by items (x), (y), and (z) above.

Discounted Cash Flow Analysis. Capitalink utilized the discounted cash flow analysis, an income valuation approach, for the purposes of valuing both the Company's and Hencie's equity based on the present value of their respective future cash flow.

Capitalink performed several discounted cash flow analyses for both ALTM and Hencie, aggregating (x) the present value of projected unlevered free cash flows over a forecast period (the "Forecast Period"), with (y) the present value of the terminal value at the end of such period. Unlevered free cash flow represents the amount of cash generated and available for principal, interest and dividend payments after providing for ongoing business operations. The Forecast Period is comprised of the nine months ended December 31, 2002, and the fiscal years ending December 31, 2003 through 2005, and such projections were derived from historical financial information and operating data provided by ALTM and Hencie.

In determining the present value of ALTM's equity, Capitalink utilized discount rates ranging from 8.5% to 21.0%. This range was based on a derived weighted average cost of capital of 15.4%, based on the riskless and risk-based rates, in addition to company-specific risks.

Capitalink determined a range of terminal values for ALTM by applying a range of multiples to each of the Company's fiscal year 2005 projected revenue and EBITDA, of which the average was 0.25x and 5.9x, respectively. In addition, Capitalink presented a perpetual growth scenario whereby ranges of perpetual growth rates (of which the average was 3.6%) were applied to the Company's fiscal year 2005 free cash flows in order to determine a terminal value, rather than multiples. In each of the scenarios discussed, ALTM's equity value was derived by reducing the enterprise values by net debt of (\$1.3) million, consisting solely of cash.

Capitalink found that the midpoint of the ranges of equity values for ALTM with respect to each scenario was \$5.0 million using the revenue multiple, \$3.6 million using the EBITDA multiple, and \$3.3 million under the perpetual growth scenario.

In determining the present value of Hencie's equity, Capitalink utilized discount rates ranging from 37.0% to 49.5%. This range was based on a derived weighted average cost of capital of 43.3%, based on the riskless and risk-based rates, in addition to company-specific risks.

Capitalink determined a range of terminal values for Hencie by applying a range of multiples to each of Hencie's fiscal year 2005 projected revenue and EBITDA, of which the average was 0.75x and 5.9x, respectively. In addition, Capitalink presented a perpetual growth scenario whereby ranges of perpetual growth rates (of which the average was 15.6%) were applied to Hencie's fiscal year 2005 free cash flows in order to determine a terminal value, rather than multiples. In each of the scenarios discussed, Hencie's equity value was derived by reducing the enterprise values by estimated net debt of \$2.2 million as of March 31, 2002 (consisting of \$2.2 million in interest bearing debt, and an approximately \$132,000 bank overdraft).

Capitalink found that the midpoint of the ranges of equity values for Hencie with respect to each scenario was \$8.8 million using the revenue multiple, \$13.3 million using the EBITDA multiple, and \$7.0 million under the perpetual growth scenario. Capitalink noted that the equity values based on the discounted cash flow analysis were higher than that of the implied consideration in the Transaction based on ALTM's April 22, 2002 share price.

Pro Forma Contribution Analysis. Capitalink utilized the pro forma contribution analysis to determine the relative historical and future contributions to the combined entity.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Capitalink analyzed the contribution of each of the Company and Hencie to the pro forma combined entity's revenue, EBITDA, total assets and net worth for the historical years 2000 and 2001, and the projected fiscal years 2002 and 2003. Capitalink noted that although ALTM contributes the significant share of revenue, total assets and net worth in 2000 and 2001, the contribution of Hencie's EBITDA to the combined entity is projected to far exceed that of ALTM in 2002 and 2003.

Accretion/Dilution Analysis. Capitalink undertook an accretion/dilution analysis to determine whether the pro forma combined results would be accretive to ALTM's earnings.

Capitalink analyzed the estimated pro forma results of the combined company for 2002 and 2003, to determine whether the Transaction would be accretive to the ALTM earnings. The analysis indicated that the Transaction will be accretive to ALTM's earnings, yielding an increase in earnings per share of \$0.18 and \$0.23 for the fiscal years 2002 and 2003, respectively.

Capitalink performed a variety of financial and comparative analyses for the purpose of rendering its opinion. While the foregoing summary describes all material analyses and factors reviewed by Capitalink, it does not purport to be a complete description of the presentations by Capitalink to the Board of Directors or the analyses performed by Capitalink in arriving at its opinion. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Capitalink believes that its analyses must be considered as a whole and that selecting portions of its analyses and of the factors considered by it, without considering all analyses and factors, could create a misleading view of the processes underlying the opinion. In addition, Capitalink may have given various analyses more or less weight than other analyses, and may have deemed various assumptions more or less probable than other assumptions, so that the range of valuations resulting from any particular analysis described above should not be taken to be Capitalink's view of the actual value of ALTM or Hencie. In performing its analyses, Capitalink made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of ALTM and Hencie. The analyses performed by Capitalink are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than suggested by such analyses. In addition, analyses relating to the value of businesses or assets do not purport to be appraisals or to necessarily reflect the prices at which businesses or assets may actually be sold. The analyses performed were prepared solely as part of Capitalink's analysis of the fairness of the Common Stock Exchange Ratio, from a financial point of view, to the shareholders of ALTM, and were provided to the Board solely in connection with the delivery of the Capitalink opinion. Further, Capitalink does not express any opinion as to the underlying valuation or future performance of the Company or the price at which its securities would trade at any time in the future.

Capitalink has received a fee in connection with the preparation and issuance of the opinion. In addition, the Company has agreed to indemnify Capitalink for certain liabilities that may arise out of the rendering this opinion. Richard Salpeter, the father of Scott Salpeter, a principal of Capitalink, is retained by Hencie and is the beneficial owner of shares of Hencie common stock (which will be exchanged for shares of ALTM common stock pursuant to the Common Stock Exchange Ratio). Further, Richard Salpeter will receive a fee in connection with the closing of the Transaction. Scott Salpeter disclaims ownership interest in both such shares of Hencie common stock and such fee to be received by Richard Salpeter.

Appraisal Rights

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Alternate Marketing shareholders who do not vote in favor of the Transaction may exercise dissenter's rights under Michigan law and obtain the fair market value of their shares instead of remaining as a shareholder in New ALTM. You must comply with all terms of the statute to effectively exercise your rights. Such compliance involves, among other things, written notification to Alternate Marketing and certain further actions within prescribed periods. A copy of the relevant statute is included in this proxy statement as Appendix E.

CERTAIN TERMS OF THE AGREEMENT

The following is a summary of the material provisions of the Transaction Agreement. The following is not a complete statement of all provisions of the Transaction Agreement. Alternate Marketing urges you to read the entire Transaction Agreement, which is attached as Appendix A to this proxy statement. This summary is qualified in its entirety by reference to the full text of the Transaction Agreement.

Consideration to be Received in the Transaction

Under the terms of the Transaction Agreement, New ALTM will issue shares of common stock upon the completion of the Transaction to Hencie shareholders on the day immediately preceding the completion of the Transaction. New ALTM will issue one (1) share of New ALTM common stock for each 3.563 shares of Hencie common stock.

No fraction of a share of New ALTM common stock will be issued pursuant to the Transaction Agreement. Instead, Hencie and ALTM shareholders who would otherwise be entitled to one-half or more of a share of New ALTM common stock will receive a whole share.

If at any time during the period between April 9, 2002 and the completion of the Transaction any change in the outstanding shares of capital stock of Alternate Marketing or Hencie occurs as a result of any capital reorganization, reclassification, stock split, readjustment of shares, or any stock dividend with a record date during such period, the number of shares of Alternate Marketing common stock to be issued in the Transaction will be adjusted equitably.

The shares of New ALTM common stock to be issued in the Transaction will be validly issued, fully paid, non-assessable and free of all encumbrances (other than encumbrances created by Hencie shareholders) and will rank *pari passu* in all respects with the Alternate Marketing common stock held by you.

Treatment of Hencie Options and Warrants

Hencie shares issued upon the exercise of options prior to the close of business on the business day before the date of the First Closing will be treated as outstanding for purposes of the exchange ratio. Hencie shares will not be issued upon the exercise of options after that time. Instead, New ALTM shares will be issued in accordance with the Common Stock Exchange Ratio.

Some of the outstanding options to purchase Hencie shares will accelerate and become fully vested and will be exercisable for a limited period of time after the First Closing.

New ALTM will replace unexpired unexercised Hencie options with equivalent options to purchase shares of New ALTM common stock on the terms contained in the applicable Hencie option plan, or, where no such terms are provided, on a similar basis. The number of shares of New ALTM common stock subject to a replacement option will be adjusted by the Common Stock Exchange

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Ratio to equal one New ALTM share for each 3.563 Hencie shares to which the replaced option related, rounding to the nearest whole number of shares of New ALTM common stock. The exercise price of each replacement option will be calculated by applying the Common Stock Exchange Ratio accordingly by reference to the exercise price of the replaced option.

Covenants

Conduct of the Parties Prior to the Closing of the Transaction

Alternate Marketing and Hencie have agreed under the Transaction Agreement that, until the completion of the Transaction, except as otherwise contemplated by the Transaction Agreement, required by law, or with the written consent of the other party, they will, and will cause their affiliates to, conduct their respective businesses in the ordinary course of business in accordance with past practices and in compliance with applicable law and their respective material agreements, and to use all reasonable efforts to preserve their respective business organizations and maintain all material third-party relationships.

In addition, Alternate Marketing and Hencie have agreed that, until the completion of the Transaction, they will:

-Provide the other and its representatives, during normal business hours, or otherwise if reasonably requested, and upon reasonable advance notice, access to all of the properties, assets, agreements, commitments, books, records, accounts, tax returns, correspondence and documents.

-Give all notices to third parties which may be necessary in connection with the Transaction Agreement, the Related Agreements and the consummation of the Transaction; use commercially reasonable efforts to obtain all federal, state and foreign governmental and quasi-governmental approvals, consents, permits, authorizations and orders necessary for the consummation of the Transaction; and use commercially reasonable efforts to obtain all consents and authorizations of any governmental or quasi-governmental authorities or other Persons necessary for the consummation of the Transaction.

-Not take (and cause their subsidiaries not to take), nor enter into any agreements to take, any of the following actions except in each such case in connection with the Transaction Agreement or in the ordinary course of business (except for the ALTM Companies Permitted Transactions, including the Return of Capital Distribution): (a) dispose of, or acquire, any material assets, (b) incur any indebtedness for borrowed money, (c) pay any discretionary bonuses (other than bonuses already accrued on the date hereof) to, or alter the compensation or benefit of, any director, officer or employee, (d) enter into any transaction or agreement with an affiliate or associate of ALTM or Hencie, respectively, (e) institute any reduction in force, (f) close any office, (g) take any action not in the ordinary course of business that shall knowingly cause the ALTM's or Hencie's representations or warranties contained in the Transaction Agreement to be untrue or incorrect in any material respect, (h) omit any commercially reasonable action that ALTM and/or Hencie would take in the ordinary course of business, which omission shall knowingly cause ALTM's or Hencie's representations or warranties contained in the Transaction Agreement to be untrue or incorrect in any material respect, (i) declare or pay any dividends on, or make any distribution or payment with respect to, or redeem or repurchase, any shares of capital stock of ALTM or Hencie or take any other actions which would have a similar effect or (j) issue any shares of capital stock of ALTM or Hencie or its subsidiaries (other than pursuant to existing employee benefit plans) or any securities, options, warrants, rights, calls, commitments, plans, contracts or other agreements of any character whatsoever which provide for the purchase, issuance or transfer of any shares of capital stock, or any

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

securities that are convertible into or exchangeable for any shares of capital stock or increase or decrease, change into or exchange any such shares for a different number or kind of shares or securities through a reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar change in capitalization.

In addition, Hencie shall use commercially reasonable efforts to minimize any amounts owed to the Internal Revenue Service in connection with the IRS Obligation, and at the First Closing, New ALTM shall pay any and all amounts in connection with the IRS Obligation out of the funds of New ALTM.

In addition, Hencie shall use commercially reasonable efforts to arrange for the payment of Hencie's ten (10) largest accounts payable.

ALTM has covenanted that except for the ALTM Companies Permitted Transactions, it shall not solicit, discuss, negotiate or agree to (i) the sale of any stock or other equity interest in any of the ALTM Companies, except to Hencie, (ii) a merger, consolidation or combination of any material asset or business, or any share exchange, of any of the ALTM Companies, except to Hencie or (iii) a sale or disposition of any of the business or operating assets of ALTM; provided however that ALTM may disclose the existence of any competing transaction as required by applicable law and prior to the time of the annual meeting, and may furnish information to, or enter into discussions or negotiations with any person in connection with an unsolicited bona fide written proposal from such person.

In the event ALTM receives a Superior Proposal, nothing contained in the Transaction Agreement prohibits the board of directors of ALTM from withdrawing its recommendation of the Transaction to ALTM shareholders and recommending such Superior Proposal to the ALTM shareholders if ALTM provides Hencie with at least four Business Days prior written notice of its intent to withdraw its recommendation and in the event that during such four Business Days Hencie makes a counter proposal to such Superior Proposal, the board of directors of ALTM, in good faith, taking into account the advice of its independent financial advisors, determines that such counter proposal is not at least as favorable to the shareholders of Alternate Marketing as the Superior Proposal.

In the event that, pursuant to the Transaction Agreement, Alternate Marketing elects to engage in discussions or negotiations with, or furnish any information to a third person in connection with and/or regarding a Superior Proposal, Alternate Marketing must provide written notice to Hencie at least two (2) Business Days prior to engaging in such discussions or negotiations or furnishing such information.

Additional Covenants

Alternate Marketing and Hencie also have each agreed, subject to the terms of the Transaction Agreement, to recommend to their respective shareholders the approval of the Transaction Agreement and the Transaction, and they have each agreed to use their reasonable efforts to solicit such approval. The Majority Hencie Shareholders have approved the Transaction.

Tax-Free Transaction

Alternate Marketing and Hencie have each agreed to use their reasonable efforts to cause the Transaction to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code, and not to take any action or fail to take any action that would or would reasonably be likely to adversely affect the treatment of the Transactions as such a tax-free reorganization.

See "CERTAIN TERMS OF THE TRANSACTION AGREEMENT Conditions to the Transaction."

Termination

The Transaction Agreement may be terminated as follows:

By the mutual consent of the parties to the Transaction Agreement:

-By Hencie, if:

(i) any of ALTM's representations or warranties contained in the Transaction Agreement is untrue or incorrect and the basis for such untruth or incorrectness has caused, or is reasonably likely to cause, ALTM, Hencie or the Majority Hencie Shareholders to suffer a Material Adverse Effect,

(ii) ALTM fails to perform any of its covenants or agreements contained in the Transaction Agreement and such breach has caused, or is reasonably likely to cause, ALTM, Hencie or the Majority Hencie Shareholders to suffer a Material Adverse Effect,

(iii) any of the conditions of the consummation by Hencie and the Majority Hencie Shareholders of the Transaction in the Transaction Agreement shall have become impossible to satisfy other than as a result of the action or inaction of Hencie or the Majority Hencie Shareholders, or

(iv) for any reason ALTM fails to mail notice of the ALTM shareholders' meeting on or before June 23, 2002 or hold such meeting on or before July 23, 2002.

-By ALTM, if:

(i) any of Hencie's representations or warranties contained in the Transaction Agreement is untrue or incorrect and the basis for such untruth or incorrectness has caused, or is reasonably likely to cause, ALTM or Hencie to suffer a Material Adverse Effect,

(ii) Hencie fails to perform any of its covenants or agreement contained in the Transaction Agreement and such breach has caused, or is reasonably likely to cause, ALTM or Hencie to suffer a Material Adverse Effect,

(iii) any of the conditions to the consummation by ALTM of the Transaction shall have become impossible to satisfy other than as a result of

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

the action or inaction of ALTM, or

(iv) ALTM accepts a Superior Proposal, after compliance with the procedures set forth in the Transaction Agreement, and after ALTM reimburses Hencie for actual attorneys fees and pays to Hencie liquidated damages of \$50,000 (collectively, the "Superior Proposal Breakup Fees"); provided, however, that the Superior Proposal Breakup Fees shall not exceed \$150,000.

-By ALTM or Hencie, if the First Closing shall not have occurred by August 1, 2002, provided, however, that such date shall be extended by the number of days, if any, to cure any matter that is the subject of a default notice.

-By ALTM or Hencie if any permanent injunction or other order of a court or other competent authority preventing the consummation of the Transaction shall have become final and non-appealable.

If either party discovers that (i) any of other party's representations or warranties is untrue or incorrect when made and the basis for such untruth or incorrectness has caused, or is reasonably likely to cause, either party to suffer a Material Adverse Effect, (ii) the other party has failed to perform any of its covenants or agreements in any material respect, and such Breach has caused, or is reasonably likely to cause either party to suffer a Material Adverse Effect, (iii) any of the conditions to either party's obligations to consummate the Transaction has become impossible to satisfy, then the non-defaulting party may deliver a notice of such event to the defaulting party, specifying the factual basis therefor in reasonable detail. The defaulting party shall have the right to cure any matter referred to in clause (i) or (ii) within fifteen (15) Business Days following the date of delivery of such notice. Upon such notice, and in the case of clause (i) or (ii) above, upon the failure of the defaulting party to cure such default, the non-defaulting party may terminate the Transaction Agreement by giving written notice of termination to the defaulting party.

Upon termination of the Transaction Agreement, no party shall have any liability or continuing obligation to another party arising out of the Transaction Agreement except out of actions taken in connection with the Transaction Agreement, except that the indemnification provision shall survive termination. Notwithstanding the foregoing, termination shall not relieve any party from its liability for the Breach, prior to termination, of its covenants or agreements or representations or warranties.

Expenses

Generally, each party will bear all legal, accounting and other costs and expenses incurred by it in connection with the Transaction Agreement and the consummation of the Transaction.

Registration Rights Agreement

As a condition to the completion of the Transaction, New ALTM is required to enter into a registration rights agreement among New ALTM, the officers, directors and ten percent shareholders of Alternate Marketing and certain shareholders of Hencie. The form of the registration rights agreement is attached as an exhibit to the Transaction Agreement.

Under the registration rights agreement, the officers, directors and ten percent shareholders of Alternate Marketing and certain shareholders of Hencie will be granted "piggyback" registration rights on any registration initiated by New ALTM on its behalf or on behalf of others solely for cash.

In underwritten offerings, the managing underwriter may reduce the number

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

of shares proposed to be registered pro rata in the manner and with the priority set forth in the registration rights agreements.

New ALTM will bear the registration expenses (other than underwriting discounts, commissions and fees attributable to the sale of registrable securities and expenses of counsel of the holders of registrable securities) of all registrations under the registration rights agreement.

Employment Agreements

As a condition to the completion of the Transaction, New ALTM is required to enter into a new employment agreement with Mr. Khan and addenda to the existing employment agreements of Mr. Miller and Ms. Smith.

New ALTM will enter into an Employment Agreement with Adil Khan effective upon the date of First Closing, to serve as Vice Chairman of the board of directors and Chief Executive Officer of New ALTM at a base salary of \$177,000 for the first year, \$193,000 for the second year and \$206,600 for the third year. Until the settlement agreement with the Edge Technology Group, Inc. has been fully satisfied, New ALTM shall defer any compensation, including but not limited to the base salary and annual incentive payments, payable to Mr. Khan in excess of Two Hundred Thousand Dollars (\$200,000). Mr. Khan's salary is subject to annual review by the Compensation Committee of the board of directors. The term of the Agreement is for a period of three (3) years. In accordance with the terms of the Agreement, Mr. Khan is also entitled to an annual bonus payment in the discretion of the Compensation Committee. The Agreement also provides for disability and life insurance and standard employee benefits consistent with established benefit plans of New ALTM (including retirement plans, life insurance plans, medical plans and dental plans). In addition to the standard benefits provided by New ALTM, New ALTM has agreed to provide Adil Khan with a term life insurance policy in the face amount of \$2,000,000 (\$1,000,000 for the benefit of New ALTM and \$1,000,000 for the benefit of Mr. Khan's designated beneficiaries). The Agreement is terminable by New ALTM in the event Mr. Khan becomes disabled or for "cause", including (i) commission of an act of material fraud, misappropriation, or dishonesty or other material willful act of similar magnitude against the best interests of New ALTM, (ii) intentional material falsification of a written document delivered to New ALTM, or on behalf of New ALTM, (iii), habitual insobriety, (iv) addiction to non-prescription drugs, or (v) continued gross malfeasance in connection with Mr. Khan's duties for 30 days after written notice describing such gross malfeasance. In addition, Mr. Khan may terminate the Agreement within 12 months of a change of control (including any merger, consolidation, sale of substantially all of the assets of New ALTM, dissolution or liquidation of New ALTM, and similar events). If Mr. Khan is terminated on account of a breach by New ALTM, Mr. Khan is entitled to a severance payment equal to two times the amount of Mr. Khan's annual base salary as of the date of termination plus the annual average bonus paid to Mr. Khan in the most recent two years (or such shorter period as such bonus shall have actually been paid).

New ALTM will enter into a second addendum to the employment agreement of Phillip D. Miller to serve as Chairman of the Board of the board of directors of New ALTM and as President of Alternate Postal Direct, Inc. and National Home Delivery, Inc., wholly-owned subsidiaries of New ALTM (the "Subsidiary Companies"). Mr. Miller's base salary is \$195,000 per year, with annual increases equal to the then existing salary multiplied by the average increase in the cost of living index published by the United States Department of Labor for the 12 month period preceding such date. Mr. Miller is also entitled to bonuses up to 30% of his base salary based on attainment of performance criteria specified by the compensation committee of the board of directors of New ALTM. Mr. Miller will serve as President of the Subsidiary Companies (which term will automatically renew for successive one year periods until New

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

ALTM gives Mr. Miller 6 months written notice of non-renewal prior to the end of any applicable term) through December 31, 2002, as Chairman of the board of directors of New ALTM through June 30, 2003, and will serve on the board of directors of New ALTM through June 30, 2005. The agreement is terminable without an expressed reason by either Mr. Miller or New ALTM by giving three months prior written notice. In addition, New ALTM may terminate the agreement effective immediately for "cause", including neglect of duty, malfeasance or continued failure to perform specified duties within 30 days after having received a written warning. If the agreement is terminated by New ALTM without an expressed reason, New ALTM is required to pay Mr. Miller, as severance, within 60 days of the effective termination date, an amount equal to 12 months base salary at the salary rate then in effect, plus accrued bonuses, if any. In the event of termination of the agreement by Mr. Miller, New ALTM is required to pay salary accrued through the date of termination, excluding any accrued bonuses. The agreement further provides that Mr. Miller shall not, directly or indirectly, for a period of two years after termination (or one year if terminated by New ALTM without cause), engage in any similar business, solicit customers of New ALTM, or solicit employees of New ALTM in competition with New ALTM in the United States. The agreement also provides for disability and life insurance at New ALTM's expense. New ALTM also agrees to pay for the cost of dependent coverage included in New ALTM's group health insurance plan.

New ALTM will enter into a first addendum to the employment agreement of Sandra J. Smith to serve as the Controller of New ALTM, the Chief Financial Officer of each of New ALTM's subsidiaries, and as Vice President-Operations of Alternate Postal Direct, Inc. Ms. Smith's agreement provides for a term expiring in December 2003 at a base salary of \$110,000 per year, with an annual increase equal to the then-existing salary multiplied by the average monthly increase in the cost of living index published by the United States Department of Labor for the 12-month period preceding each anniversary date. The agreement is terminable without an expressed reason by New ALTM provided that it pay salary and benefits for the unexpired portion of the term. In addition, New ALTM may terminate the agreement effective immediately for "cause". The agreement further provides that Ms. Smith shall not, directly or indirectly, for a period of one year after termination, directly or indirectly, engage or be employed by, any business or entity that is in competition with New ALTM, without the prior written consent of New ALTM's CEO. Subject to the successful closing of the Transaction, the agreement provides for the grant of 50,000 shares of New ALTM stock to Ms. Smith pursuant to the amended and restated 1995 Long Term Incentive and Stock Option Plan.

Khan Option

As a condition to the completion of the transaction, and as a condition to Mr. Khan's acceptance of employment with New ALTM, New ALTM is required to deliver to Adil Khan an option to purchase shares of New ALTM common stock, which option shall provide, among other things:

-That Adil Khan shall have the option to purchase a number of shares of New ALTM common stock equal to 3% of New ALTM's outstanding common stock on a fully-diluted basis (as if the option shares had been exercised) at an exercise price equal to the market price of New ALTM common stock as of the First Closing.

-The option shall vest in the event Adjusted EBITDA of Hencie for the fiscal year ended December 31, 2002, exceeds the Adjusted EBITDA of Hencie for the fiscal year ended December 31, 2001.

-That the option shall become immediately vested and exercisable and all conditions to its exercise shall be waived and terminated in the event (i)

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Adil Khan shall be terminated or constructively terminated, in each case without Cause (as defined in the Khan Employment Agreement), as Chief Executive Officer of New ALTM, (ii) if Adil Khan shall become Disabled (as defined in the Khan Employment Agreement), or (iii) upon a Change of Control (as defined in the Khan Employment Agreement).

The Khan Option has been unanimously approved by our board of directors, including all independent directors (as defined in the rules of the Nasdaq Stock Market, Inc.)

Indemnification and Escrow

The Transaction Agreement provides that, for a period of 24 months from the First Closing Date, Adil Khan ("Khan") shall indemnify and hold New ALTM

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

and its affiliates, and their respective officers, directors, employees, agents and controlling persons (each an "Indemnified Party") harmless from any losses and/or expenses incurred by an Indemnified Party arising out of (a) any breach by Hencie or its Affiliates or any Majority Hencie Shareholders of any representation or warranty of the Hencie Companies or any Majority Hencie Shareholders, (b) any claim asserted by any third party that, assuming the truth thereof, would constitute a breach by any of the Hencie Companies or any Majority Hencie Shareholders of any representation or warranty of any of the Hencie Companies or any Majority Hencie Shareholders, (c) liability for any and all amounts owed by Hencie to the Internal Revenue Service in connection with the IRS Obligation in excess of \$978,158, or (d) any claim asserted by Hencie.Com, Inc., a Delaware corporation, or Mr. Paul A. Tanner, an affiliate of Hencie.Com, Inc.

Khan shall promptly pay to any Indemnified Party the amount of any and all Established Losses in cash equal to the amount of such losses within thirty Business Days after such losses have been established in accordance with the Transaction Agreement. If such cash payment is not made by Khan within such thirty day period, then the escrow agent under the Indemnification Escrow Agreement shall pay to such Indemnified Party an amount of Escrow Shares having the market value, determined as of the date such loss has been established, equal to such established loss; provided, however, that if New ALTM receives an opinion from its legal counsel to the effect that payment of an established loss must be paid in New ALTM common stock in order to avoid jeopardizing the status of the Transaction Agreement or the transactions contemplated thereby as a "tax free" reorganization, then the payment of the Established Losses shall be made with an amount of Escrow Shares having a market value, determined as of the date such losses shall have been established, equal to such established losses in lieu of cash.

Khan's indemnification obligations under the Transaction Agreement are subject to the following limitations and/or requirements:

-Khan is not liable for any amount of losses until aggregate losses exceed \$150,000. At such time as the aggregate losses to be indemnified exceed \$150,000, the Indemnified Party shall be entitled to the full amount of its established losses, including, without limitation the amount of the \$150,000 deductible.

-Khan is not liable to indemnify in excess of \$750,000.

-In addition to the deductible on indemnification described above, the duty and obligation of Khan to provide indemnification is limited to the net amount of any losses actually sustained or paid. In determining the net amount of any such losses, the actual amount of losses shall be the amount of losses in excess of any insurance coverage and shall be reduced by the aggregate value of any assets, properties and rights, including without limitation, proceeds of insurance, claims, cross-claims, counter-claims and the like which are received or reasonably expected to be received by any ALTM Indemnified Party and the tax benefits realized or reasonably expected to be realized by such party as a direct result of the losses. In addition, determining the ALTM losses for which indemnification is required, the amount of indemnification shall be increased to include any tax liability incurred or reasonably expected to be incurred by a party as a result of such indemnification. In the event that Mr. Khan has insufficient shares of New ALTM to fully fund both the New ALTM indemnification escrow and the Edge Settlement escrow, the New ALTM indemnification escrow will bear the entire deficiency.

OTHER MATTERS RELATED TO THE TRANSACTION

Federal Income Tax Consequences

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

The Transaction is expected to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. No gain or loss will be recognized for U.S. federal income tax purposes by Alternate Marketing, Hencie or the Alternate Marketing shareholders as a result of the Transaction. The holding period and basis for federal income tax purposes of New ALTM stock received in the Transaction will be the same as the holding period and basis for the Alternate Marketing or Hencie stock surrendered in the Transaction.

The discussion does not purport to be a complete analysis or description of all potential federal income tax consequences of the Transaction. This discussion does not address tax consequences with respect to individual circumstances. This discussion does not address any non-income tax or any foreign, state or local tax consequences of the Transaction. You should consult with your tax advisor if you have any questions about the particular United States federal, state, local or foreign income or other tax consequences associated with the Transaction.

Alternate Marketing and Hencie expect that the Transaction will be treated as a tax-free reorganization within the meaning of the Code, and that no income, gain or loss will be recognized by Alternate Marketing or its shareholders as a result of the consummation of the Transaction other than shareholders exercising appraisal rights under Michigan law or receiving cash for fractional shares. Such shareholders may be subject to state and federal taxation as described below. It is a condition to the consummation of the Transaction that Hencie and Alternate Marketing shall have received an opinion of counsel to the effect that, among other things, the Transaction qualifies as a reorganization under Section 368(a) of the Code (the "Federal Tax Opinion"). Unlike a ruling from the Internal Revenue Service (the "Service"), an opinion is not binding on the Service and there can be no assurance, and none is hereby given, that the Service will not take a position contrary to one or more of the positions reflected therein or that the Federal Tax Opinion will be upheld by the courts if challenged by the Service.

Under currently existing provisions of the Code, the Treasury Regulations promulgated thereunder, applicable judicial decisions and administrative rulings, all of which are subject to change, the federal income tax consequences described below are expected to arise in connection with the exercise of dissenters' rights. Due to the complexity of the Code, the following discussion is limited to the material federal income tax aspects of the Transaction for a shareholder of Alternate Marketing who properly exercises his or her appraisal rights under Michigan law, who is a citizen or resident of the United States and who, on the date of disposition of such holder's shares of common stock, holds such shares as a capital asset. The general tax principles discussed below are subject to retroactive changes that may result from subsequent amendments to the Code or subsequent judicial or administrative decisions. The following discussion does not address the material federal income tax aspects of the Transaction for any shareholder who is not an individual who is a citizen or resident of the United States. The following discussion does not address potential foreign, state, local and other tax consequences, nor does it address taxpayers subject to special treatment under the federal income tax laws, such as life insurance companies, tax-exempt organizations, S corporations, trusts, and taxpayers subject to the alternative minimum tax. In addition, the following discussion may not apply to dissenting shareholders who acquired their shares upon exercise of employee stock options or otherwise as compensation. Neither Alternate Marketing nor Hencie has requested the Service to rule or issue an opinion on the federal income tax consequences of the Transaction. ALL SHAREHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE FEDERAL, FOREIGN, STATE, AND LOCAL TAX CONSEQUENCES OF THE DISPOSITION OF THEIR SHARES IN THE MERGER.

For federal income tax purposes, the exchange of common stock for cash

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

pursuant to exercise of appraisal rights will be treated as a distribution in redemption of common stock from the holder of the common stock, subject to the provisions of Section 302 of the Code. Under the rules of Section 302, the determination of whether the exchange of common stock for cash pursuant to the exercise of appraisal rights has the effect of a distribution of a dividend will be made, on a shareholder by shareholder basis, by comparing the proportionate, percentage interest of a shareholder after the Transaction with the proportionate, percentage interest of such shareholder before such transaction. In making this comparison, there must be taken into account (a) any other shares of common stock actually owned by such shareholder, and (b) any such shares considered to be owned by such shareholder by reason of the constructive ownership rules set forth in Section 318 of the Code. These constructive ownership rules apply in certain specified circumstances to attribute ownership of shares of a corporation from the shareholder actually owning the shares, whether an individual, trust, partnership or corporation, to certain members of such individual's family or to certain other individuals, trusts, partnerships or corporations. Under these rules, a shareholder is also considered to own any shares with respect to which the shareholder holds stock options.

Under applicable Service guidelines, such a redemption involving a holder of a minority interest in Alternate Marketing whose relative stock interest in Alternate Marketing is minimal, who exercises no control over the affairs of Alternate Marketing and who experiences a reduction in the shareholder's proportionate interest in Alternate Marketing, both directly and by application of the foregoing constructive ownership rules, generally will not be deemed to have received a distribution treated as a dividend under the rules set forth in Section 302(b)(1) of the Code. Accordingly, the federal income tax consequences to shareholders who exercise appraisal rights will generally be as follows:

(a) Assuming that the shares of common stock exchanged for cash are capital assets in the hands of the shareholder at the effective date of the Transaction (and the exchange does not result in a distribution of a dividend under Section 302 of the Code), such shareholder may recognize a capital gain or loss by reason of the consummation of the Transaction.

(b) The capital gain or loss, if any, will be long-term with respect to the shares of common stock held for more than twelve (12) months, and short-term with respect to such shares held for 12 months or less.

(c) The amount of capital gain or loss to be recognized by the shareholder will be measured by the difference between the amount of cash received in connection with the exercise of appraisal rights and such shareholder's adjusted tax basis in the common stock.

(d) An individual's long-term capital gain is subject to federal income tax at a maximum rate of 20% (or 10% for individuals in the 10% or 15% income tax brackets). A maximum capital gain tax rate of 18% (or 8% for individuals in the 10% or 15% income tax brackets) applies to individuals that acquire and hold a capital asset for more than five years; provided, however, that the lower 18% capital gain tax rate only applies to individuals that acquired the capital asset after December 31, 2000. An individual's short-term capital gain is subject to federal income tax up to the maximum federal individual tax rate as provided in the Code, while any capital loss can be offset only against other capital gain plus \$3,000 of other income in any tax year (\$1,500 in the case of a married individual filing a separate return). Capital losses in excess of these limits can be carried forward to future years.

Cash payments will be reported to the extent required by the Code to shareholders and the Service. Such amounts will ordinarily not be subject to withholding of U.S. federal income tax. However, backup withholding of such

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

tax at a rate equal to the fourth lowest rate of tax applicable under Section 1(c) of the Code or 30% in calendar years 2002 and 2003 may apply to certain dissenting shareholders by reason of the events specified in Section 3406 of the Code and the Treasury Regulations promulgated thereunder, which include failure of a shareholder to supply the Company or its agent with such shareholder's taxpayer identification number. Accordingly, shareholders (or other payees) will be asked to provide a taxpayer identification number (social security number in the case of an individual, or employer identification number in the case of other shareholders) on a Form W-9 and to certify that such number is correct. Withholding may also apply to shareholders who are otherwise exempt from such withholding, such as a foreign person, if such person fails to properly document its status as an exempt recipient. Each shareholder and, if applicable, each other payee, should complete and sign a Form W-9 to provide the information and certification necessary to avoid backup withholding, unless an applicable exemption exists and is proved in a manner satisfactory to Alternate Marketing.

THE FEDERAL INCOME TAX CONSEQUENCES SET FORTH ABOVE ARE FOR GENERAL INFORMATION ONLY. EACH HOLDER OF SHARES OF COMMON STOCK IS URGED TO CONSULT HIS OR HER OWN TAX ADVISOR TO DETERMINE THE PARTICULAR TAX CONSEQUENCES TO SUCH SHAREHOLDER OF THE TRANSACTION (INCLUDING THE APPLICABILITY AND EFFECT OF FOREIGN, STATE, LOCAL AND OTHER TAX LAWS).

Accounting Treatment

The Transaction will be accounted for as a business combination under the purchase method of accounting. The total consideration paid to Hencie shareholders will be in common stock only, such that immediately after the Transaction, Hencie shareholders will own 49% of the outstanding common stock of New ALTM. The total purchase price is an amount equal to the sum of the fair value of the 4,854,470 shares, valued at \$4,854,470, of New ALTM common stock issued to Hencie shareholders and direct costs of the acquisition in the amount of \$150,000. Fair value of the shares is determined using an average of Alternate Marketing stock price as traded on Nasdaq just prior to and just after the announcement of the Transaction. The resulting goodwill, equal to the amount of the total purchase price in excess of the fair value of net assets acquired, will not be subject to amortization expense upon New ALTM's adoption of SFAS 142, "Goodwill and Other Intangible Assets", but will be subject to periodic testing for impairment.

Certain Federal Securities Law Consequences

As a result, no registration statement concerning the issuance of New ALTM common stock in the Transaction has been or will be filed with the SEC, other than as may be required after the completion of the Transaction pursuant to the registration rights agreements. Shares of Alternate Marketing common stock issued to a New ALTM person deemed to be an "affiliate" (as the term is defined in SEC Rule 144), will not be freely tradable under the Securities Act. Those affiliates may not resell the shares of New ALTM common stock that they acquire in the Transaction except pursuant to:

- an effective registration statement under the Securities Act covering such shares;
- the resale provisions of SEC Rule 145; or
- any other applicable exemption from the registration requirements of the Securities Act.

PROPOSAL TO CHANGE ALTERNATE MARKETING'S JURISDICTION OF
INCORPORATION TO DELAWARE

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

General

Subject to shareholder approval of the Transaction and the satisfaction of the conditions to closing, our board of directors has recommended that Alternate Marketing merge with and into New ALTM, our wholly owned subsidiary recently organized solely for this purpose. In addition, to changing our state of incorporation from Michigan to Delaware, the merger will also have the effect of increasing our authorized capital stock from 14 million shares of common stock and 2 million shares of preferred stock to 50 million shares of common stock and 5 million shares of preferred stock.

Our corporate actions are currently governed by the Michigan Business Corporations Act ("MBCA"), our Restated Articles of Incorporation of ALTM and the Bylaws of ALTM. If the Transaction is approved by our shareholders and all conditions to closing are satisfied or waived, Alternate Marketing will merge with and into New ALTM. After the reincorporation merger, our corporate affairs will be governed by the Delaware General Corporation Law ("DGCL"), the Amended and Restated Certificate of Incorporation of New ALTM, which is attached to this proxy statement as Appendix C, and the Bylaws of New ALTM, which are attached to this proxy statement as Appendix D. Upon the effective date of the reincorporation merger, New ALTM will own all of the assets and will be responsible for all of the liabilities of Alternate Marketing.

Under the terms of the reincorporation merger, each outstanding share of our common stock will be converted into one share of New ALTM common stock, \$.01 par value per share. Outstanding options, warrants and other rights to purchase shares of our common stock will be converted into options, warrants and other rights to purchase the same number of shares New ALTM common stock. Each stock certificate representing issued and outstanding shares of our common stock will continue to represent the same number of shares of common stock of New ALTM. IT WILL NOT BE NECESSARY FOR SHAREHOLDERS TO EXCHANGE THEIR EXISTING STOCK CERTIFICATES FOR STOCK CERTIFICATES OF NEW ALTM. However, shareholders may exchange their certificates if they so choose.

Our common stock is currently listed for trading on the Nasdaq SmallCap Market System. After the merger, subject to maintenance of Nasdaq listing requirements, New ALTM common stock will continue to be traded on the Nasdaq SmallCap System without interruption, under the symbol "ALTM."

The reincorporation merger has been unanimously approved by our board of directors. Under Michigan law and in accordance with our Restated Articles of Incorporation, the merger must also be approved by the affirmative vote of the holders of a majority of the outstanding shares of common stock entitled to vote at the annual meeting. Because the reincorporation merger is an integral part of the Transaction (which also requires the approval of the board of directors and the holders of the majority of outstanding common stock entitled to vote at the annual meeting) we have not presented the reincorporation merger as a separate proposal. If you object to the reincorporation merger, you should vote against the Transaction.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSED TRANSACTION. A BROKER NON-VOTE IS THE SAME AS THAT OF A VOTE AGAINST THE TRANSACTION.

APPROVAL BY SHAREHOLDERS OF THE PROPOSED TRANSACTION WILL CONSTITUTE APPROVAL OF THE REINCORPORATION MERGER, AND THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION AND BYLAWS OF NEW ALTM.

Principal Reasons for the Proposed Reincorporation

Prominence, Predictability and Flexibility of Delaware Law

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

For many years Delaware has followed a policy of encouraging incorporation in that state and, in furtherance of that policy, has been a leader in adopting, construing and implementing comprehensive, flexible corporate laws responsive to the legal and business needs of corporations organized under its laws. Many corporations have chosen Delaware initially as a state of incorporation or have subsequently changed corporate domicile to Delaware in a manner similar to that proposed here. Because of Delaware's prominence as the state of incorporation for many major corporations, both the legislature and courts in Delaware have demonstrated an ability and a willingness to act quickly and effectively to meet changing business needs. The Delaware courts have developed considerable expertise in dealing with corporate issues, and a substantial body of case law has developed construing Delaware law and establishing public policies with respect to corporate legal affairs.

Increased Ability to Attract and Retain Qualified Directors

Both Michigan and Delaware law permit a corporation to include a provision in its certificate of incorporation which reduces or limits the monetary liability of directors for breaches of fiduciary duty in certain circumstances. The increasing frequency of claims and litigation directed against directors and officers has greatly expanded the risks facing directors and officers of corporations in exercising their respective duties. The amount of time and money required to respond to such claims and to defend such litigation can be substantial. It is our desire to reduce these risks to our directors and officers and to limit situations in which monetary damages can be recovered against directors so that we may continue to attract and retain qualified directors who otherwise might be unwilling to serve because of the risks involved. We believe that, in general, Delaware law provides greater protection to directors than Michigan law and that Delaware case law regarding a corporation's ability to limit director liability is more developed and provides more guidance than Michigan law.

Well Established Principles of Corporate Governance

There is substantial judicial precedent in the Delaware courts as to the legal principles applicable to measures that may be taken by a corporation and as to the conduct of the board such as under the business judgment rule and other standards. We believe that our shareholders will benefit from the well established principles of corporate governance that Delaware law affords.

Interests of our Directors and Officers in this Proposal

Our directors may benefit from reincorporation in Delaware. Delaware law may increase our directors' abilities to defeat a takeover bid, may increase the range of permitted indemnification for directors, may limit the shareholders' ability to remove directors, and may reduce directors' potential personal liability, among other things. Our board, in approving the transaction may have different interests than our shareholders. Our board, our management and their affiliated shareholders may have different interests than our unaffiliated shareholders.

Anti-takeover Implications

Delaware, like many other states, permits a corporation to adopt a number of measures designed to reduce a corporation's vulnerability to unsolicited takeover attempts through amendment of the corporate charter or bylaws or otherwise. In the discharge of its fiduciary obligations to its shareholders, the board has evaluated our vulnerability to potential unsolicited bidders. In the course of such evaluation, the board has considered or may consider in the future certain defensive strategies designed to enhance the board's ability to negotiate with an unsolicited bidder. These strategies include,

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

but are not limited to, the adoption of a severance plan for its management and key employees which becomes effective upon the occurrence of a change in control, the establishment of a staggered board of directors, the elimination of the right to remove a director other than for cause, and the authorization of preferred stock, the rights and preferences of which may be determined by the board. Several of these measures will be adopted as part of the Transaction. It should also be noted that the establishment of a classified board of directors also can be undertaken under MBCA.

Section 203 of the DGCL restricts certain "business combinations" with "interested stockholders" for three years following the date that a person becomes an "interested stockholder," unless the board approves the business combination.

The Charters and Bylaws of Alternate Marketing and New ALTM

This discussion of the Amended and Restated Certificate of Incorporation and Bylaws of New ALTM is qualified by reference to Appendices C and D to this proxy statement, respectively.

Authorized Capital Stock

Our Restated Articles of Incorporation currently authorize us to issue up to 14 million shares of common stock, no par value, and 2 million shares of preferred stock, no par value. No shares of preferred stock have been issued.

The Amended and Restated Certificate of Incorporation of New ALTM provides for 50 million authorized shares of common stock, par value \$.01, and 5 million shares of preferred stock, par value \$.01. The shares of New ALTM common stock have all of the rights, preferences and limitations of shares of common stock stated in the DGCL. The board of directors of New ALTM may provide by resolution for series of preferred shares and with respect to each such series to fix the number, rights and preferences of shares to be included in such series.

Monetary Liability of Directors

The Restated Articles of Incorporation of Alternate Marketing and the Amended and Restated Certificate of Incorporation of New ALTM both provide for the elimination of personal monetary liability of directors to the fullest extent permissible under the law of the respective states.

Power to Call Special Shareholders' Meetings

Under the MBCA, a special meeting of shareholders may be called by the board, or by officers, directors or shareholders as provided in the bylaws. Under the Bylaws of New ALTM, a special meeting of shareholders may be called only by the President, the Chairman of the board of directors, by vote of a majority of the authorized directors (i.e., all director positions authorized, including vacant board seats), or by shareholders who hold at least 25% of the voting power of the outstanding voting stock. New ALTM believes that limiting the power to call a special meeting is a prudent corporate governance measure. It is intended to prevent an inappropriately small number of shareholders from prematurely forcing shareholder consideration of a proposal over the opposition of the board of directors by calling a special shareholders' meeting before the time that the Board believes such consideration to be appropriate or the next annual meeting. Special meetings involve substantial expense and diversion of board and management time which can be detrimental for an enterprise the size of New ALTM.

Actions By Written Consent of Shareholders

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Under Michigan and Delaware law, shareholders may execute an action by written consent in lieu of a shareholder meeting. Both Michigan and Delaware law permit a corporation to eliminate such action by written consent in its charter or bylaws. The Restated Articles of Alternate Marketing and the Amended and Restated Certificate of Incorporation of New ALTM eliminate shareholder action by written consent.

Approval of Certain Business Combinations

Delaware. Under Section 203 of the DGCL, a Delaware corporation is prohibited from engaging in a "business combination" with an "interested stockholder" for three years following the date that such person or entity becomes an "interested stockholder." With certain exceptions, an "interested stockholder" is a person or entity who or which owns, individually or with or through certain other persons or entities, fifteen percent (15%) or more of the corporation's outstanding voting stock (including any rights to acquire stock pursuant to an option, warrant, agreement, arrangement or understanding, or upon the exercise of conversion or exchange rights, and stock with respect to which the person has voting rights only). The three-year moratorium imposed by Section 203 on business combinations does not apply if (i) prior to the date on which such stockholder becomes an interested stockholder the board of directors of the subject corporation approves either the business combination or the transaction that resulted in the person or entity becoming an interested stockholder; (ii) upon consummation of the transaction that made him or her an interested stockholder, the interested stockholder owns at least eighty-five percent (85%) of the corporation's voting stock outstanding at the time the transaction commenced (excluding for purposes of determining the number of shares outstanding those shares owned by directors who are also officers of the subject corporation and shares held by employee stock plans that do not give employee participants the right to decide confidentially whether to accept a tender or exchange offer); or (iii) on or after the date such person or entity becomes an interested stockholder, the board of directors approves the business combination and it is also approved at a stockholder meeting by sixty-six and two-thirds percent (66 2/3%) of the outstanding voting stock not owned by the interested stockholder. A Delaware corporation to which Section 203 applies may elect not to be governed by Section 203. New ALTM has not opted out of Section 203.

Michigan. Chapter 7A of the MBCA provides that business combinations between a Michigan corporation which is subject to Chapter 7A and a beneficial owner of 10% or more of the voting power of such corporation require an advisory statement from the board of directors and the approval by an affirmative vote of at least 90% of the votes of each class of stock entitled to be cast and at least two-thirds of the votes of each class of stock entitled to be cast other than shares owned by such 10% owner. Such requirements will not apply if (i) the corporation's board of directors approves the transaction prior to the time that the 10% owner becomes such, or (ii) the transaction satisfies certain fairness standards, certain other conditions are met and the 10% owner has been such for at least five years.

Chapter 7B of the MBCA provides that "control shares" of a corporation subject to Chapter 7B that are acquired in a control share acquisition have no voting rights except as granted by the corporation. "Control shares" are shares that, when added to all shares previously owned by a shareholder, increase such shareholder's voting stock to 20% or more, 33 1/3% or more, or a majority of the outstanding voting power of the corporation. A control share acquisition must be approved by a majority of the votes cast by the corporation's shareholders entitled to vote, excluding shares owned by the acquirer and certain officers and directors.

Classified Board of Directors

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

A classified board of directors is one on which a certain number, but not all, of the directors are elected on a rotating basis each year.

Both Delaware and Michigan law permit, but do not require, a classified board of directors, pursuant to which the directors can be divided into as many as three classes with staggered terms of office, with only one class of directors standing for election each year.

Michigan. Under the MBCA, a corporation generally may provide for a classified board of directors by adopting amendments to its articles of incorporation and bylaws, which amendments must be approved by the shareholders. The Company's Articles of Incorporation and Bylaws do not currently provide for a classified board.

Delaware. Delaware law permits, but does not require, a classified board of directors, pursuant to which the directors can be divided into as many as three (3) classes with staggered terms of office, with only one class of directors standing for election each year. The New ALTM Amended and Restated Certificate of Incorporation and Bylaws provide for a classified board of directors with three (3) classes of directors.

The Amended and Restated Certificate of Incorporation of New ALTM provides that directors will be classified into three (3) classes, as nearly equal in number as possible. Class I will hold office initially for a term expiring at the annual meeting of shareholders in 2003; Class II will hold office initially for a term expiring at the annual meeting of shareholders in 2004; and Class III will hold office initially for a term expiring at the annual meeting of shareholders in 2005. At each annual meeting following this initial classification and election, the successors to the class of directors whose terms expire at that meeting will be elected for a term of office to expire at the third succeeding annual meeting after their election, and until their successors have been duly elected and qualified. As a result, only one class of directors will be elected at each annual meeting of shareholders, with the remaining classes continuing their two-year and three-year terms until the successors are duly elected and qualified or until earlier resignation, removal from office or death.

The initial directors of New ALTM and their classes will be as follows:

Name	Class	Term Expires In
Phillip D. Miller	III	2005
Thomas Hiatt	II	2004
Brad Moore	I	2003
Adil Khan	III	2005
Khan nominee	II	2004

Advantages. Classification of directors is likely to provide the board of directors with greater continuity and experience, since normally at least one member of the board of directors would be in such member's second year of service and at least one member of the board of directors would be in such member's third year of service.

Anti-Takeover Effects. A classified board may significantly extend the time required to elect a new majority to the board of directors. With the classified board provision, unless directors are removed, it will require at least two annual meetings of shareholders for a majority of shareholders that is less than a two-thirds majority to make a change in control of the board of directors, since only a minority of the directors will be elected at each meeting. A significant effect of a classified board of directors may be to deter hostile takeover attempts because an acquirer would experience delay in

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

replacing a majority of the directors. However, a classified board of directors will also make it more difficult for shareholders to effect a change in control of the board of directors, even if such change in control is sought due to dissatisfaction with the performance of the company's directors.

The existence of a classified board may deter so-called "creeping acquisitions" which a person or group seeks to acquire: (i) a controlling position without paying a normal control premium to the selling shareholders; (ii) a position sufficient to exert control over the company through a proxy contest or otherwise; or (iii) a block of stock with a view toward attempting to promote a sale or liquidation or a repurchase by the company of the block at a premium, or an exchange of the block for assets of the company. Faced with a classified board of directors, such a person or group would have to assess carefully its ability to control or influence the company. If free of the necessity to act in response to an immediately threatened change in control, the board of directors can act in a more careful and deliberate manner to make and implement appropriate business judgments in response to a creeping acquisition.

Certain tactics, including the accumulation of substantial stock positions as a prelude to an attempted takeover or significant corporate restructuring, have become relatively common in corporate takeover practice. Such tactics can be highly disruptive to a company and can result in dissimilar treatment of a company's shareholders. A classified board preserves the control of the incumbent board of directors and protects the interests of shareholders, assuming that the incumbent board acts in the best interests of the shareholders. Making directors removable only for cause and only upon 66-2/3% vote for removal will ensure that the purpose of having a classified board as an anti-takeover measure will not be circumvented by removing directors without cause. Although the board of New ALTM may review other possible anti-takeover programs, it has no present intention of proposing additional provisions that would affect the ability of a third party to change control of New ALTM. The classified board is not intended as an anti-takeover measure in response to any specific current or anticipated threat.

Disadvantages. Because of the additional time required to change control of the board of directors, and the requirement that directors be removed only for cause and only upon 66-2/3% vote for removal, a classified board tends to perpetuate incumbent management. A classified board also makes it more difficult for shareholders to change the composition of the board of directors even if the shareholders believe such a change would be desirable. In addition, because the classified board increases the amount of time required for a takeover bidder to obtain control without the cooperation of the board of directors, even if the takeover bidder were to acquire a majority of the outstanding stock, it will tend to discourage certain tender offers, including some tender offers that shareholders may feel would be in their best interests.

Removal of Directors. The MBCA and the Bylaws of the Company provide that directors may be removed by shareholders with or without cause. The Amended and Restated Certificate of Incorporation of New ALTM provides that any director, or the entire board of directors, may be removed from office at any time, but only for cause and only by the affirmative vote of the holders of at least 66-2/3% of the voting stock, voting together as a single class. Except as may otherwise be provided by law, cause for removal exists only if the director whose removal is proposed:

- has been convicted of a felony by a court of competent jurisdiction and such conviction is no longer subject to direct appeal;

- has been adjudged by a court of competent jurisdiction to be liable for

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

gross negligence or misconduct in the performance of such director's duties to New ALTM, and such adjudication has become final and non-appealable; or

-has missed six consecutive meetings of the board of directors.

Nominations of Director Candidates and Introduction of Business at Shareholder Meetings. Unlike the Bylaws of the Company, the Bylaws of New ALTM include an advance notice procedure with regard to the nomination, other than by or at the direction of the board of directors, of candidates for election as directors (the "Nomination Procedure") and with regard to certain matters to be brought before an annual meeting of shareholders (the "Business Procedure").

The Nomination Procedure provides that only persons nominated by or at the direction of the board of directors or by a shareholder who has given timely written notice to New ALTM prior to the annual meeting will be eligible for election as directors. The Business Procedure provides that at an annual meeting or at a special meeting at which directors are to be elected, and subject to any other applicable requirements, only such business may be conducted as has been brought before the meeting by or at the direction of the board of directors or by a shareholder who has given timely written notice to New ALTM of such shareholder's intention to bring such business before the meeting. To be timely, a shareholder's notice must be delivered to New ALTM not less than 90 or more than 120 days prior to the anniversary of the date of the last annual meeting of shareholders (the "Anniversary Date"); provided, however, in the event the date of the annual meeting is more than 30 days earlier or more than 60 days later than such Anniversary Date, notice, to be timely, must be delivered to New ALTM no more than 120 days prior to the date of the annual meeting and no later than the later of 90 days prior to the annual meeting or the tenth (10th) day following the day on which public announcement is first made of the annual meeting. With respect to an election of directors to be held at a special meeting of shareholders, such notice, to be timely, must be delivered to New ALTM no more than 90 days prior to the date of the special meeting and no later than the later of 60 days prior to the date of the special meeting or the tenth (10th) day following the date on which public announcement is first made of the special meeting. Notwithstanding the foregoing, shareholders may not bring any business before a special meeting, except that shareholders may submit nominations for election of Directors if the special meeting includes election of Directors.

Under the Nomination Procedure, a shareholder's notice to New ALTM must contain certain information about the nominee, including name, address, the consent to be nominated and such other information as would be required to be included in a proxy statement soliciting proxies for the election of the proposed nominee, and certain information about the shareholder proposing to nominate that person, including name, address, representation that the shareholder is a holder of record of stock entitled to vote at the meeting and a description of all arrangements or understandings between the shareholder and each nominee. Under the Business Procedure, notice relating to the conduct of business at the annual meeting other than the nomination of directors must contain certain information about the business and about the shareholder who proposes to bring the business before the meeting. If the chairman or other officer presiding at the meeting determines that a person was not nominated in accordance with the Nomination Procedure, such person will not be eligible for election as a director. Nothing in the Nomination Procedure or the Business Procedure will preclude discussion by any shareholder of any nomination or business properly made or brought before an annual or special meeting in accordance with the above-described procedures.

By requiring advance notice of nominations by shareholders, the Nomination Procedure affords the board of directors an opportunity to consider the qualifications of the proposed nominees and, to the extent deemed

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

necessary or desirable by the board, to inform the shareholders about such qualifications. By requiring advance notice of proposed business, the Business Procedure provides the board with an opportunity to inform shareholders of any business proposed to be conducted at a meeting and the board's position on any such proposal, enabling shareholders to better determine whether they desire to attend the meeting or grant a proxy to the board of directors as to the disposition of such business. Although the New ALTM Bylaws, like the Company Bylaws, do not give the board any power to approve or disapprove shareholder nominations for the election of directors or any other business desired by shareholders to be conducted at a meeting, the New ALTM Bylaws may have the effect of precluding a nomination for the election of directors or of precluding any other business at a particular meeting if the proper procedures are not followed. In addition, the procedures may discourage or deter a third party from conducting a solicitation of proxies to elect its own slate of directors or otherwise attempting to obtain control of New ALTM, even if the conduct of such business or such attempt might be deemed to be beneficial to New ALTM and its shareholders.

Filling Vacancies on the Board of Directors. Under the MBCA and the Bylaws of the Company, any vacancy on the board of directors may be filled by the Board. If the number of directors is less than a quorum, a vacancy may be filled by the unanimous written consent of the directors then in office, by the affirmative vote of a majority of the directors at a meeting held pursuant to notice or waivers of notice, or by a sole remaining director. In contrast, the Bylaws of New ALTM provide that subject to the rights of the holders of any class or series of Preferred Stock then outstanding, newly created directorships resulting from any increase in the authorized number of directors or any vacancies of the board of directors resulting from death, resignation, retirement, disqualification, removal from office or other reason shall be solely filled by a majority vote of the directors then in office, though less than a quorum, or by a sole remaining director. Directors so chosen shall hold office for a term expiring at the annual meeting of shareholders at which the term of office of the class to which they have been elected expires or upon election and qualification of their successors. No decrease in the number of authorized directors constituting the entire board of directors shall shorten the term of any incumbent director. Under no circumstances shall New ALTM's shareholders fill any newly created directorships.

Under the MBCA, directors chosen to fill vacancies on a classified board would hold office until the next shareholders' meeting at which directors were elected, even if a new director was filling an unexpired term in a class with more than one year remaining in its term.

Amendments to the Amended and Restated Certificate of Incorporation and Bylaws. In addition to any vote required by law or the Amended and Restated Certificate of Incorporation, the affirmative vote of the holders of at least sixty-six and two-thirds percent (66-2/3%) of the voting stock, voting together as a single class, is required to adopt any provision inconsistent with, or to amend or repeal the following Articles of the Amended and Restated Certificate of Incorporation: Section 4.3 (Description of Preferred Stock), ARTICLE V (Board of Directors), ARTICLE VI (Amendment of Certification of Incorporation), ARTICLE VII (Amendment of Bylaws), ARTICLE IX (Meetings of Stockholders), or ARTICLE X (Indemnification).

By the affirmative vote of a majority of the directors then serving, the board of directors of New ALTM may make, adopt, alter, amend, and repeal from time to time the Bylaws and make from time to time new Bylaws (subject to the right of the shareholders to adopt, alter, amend, and repeal Bylaws made by the Board or to make new Bylaws). The adoption, amendment or repeal of the Bylaws in a manner that would make them inconsistent with the following

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Articles of the Amended and Restated Certificate of Incorporation requires the affirmative vote of the holders of at least 66 2/3% of the voting stock, voting together as a single class: Section 4.3 (Description of Preferred Stock), ARTICLE V (Board of Directors), ARTICLE VI (Amendment of Certification of Incorporation), ARTICLE VII (Amendment of Bylaws), ARTICLE IX (Meetings of Stockholders), or ARTICLE X (Indemnification).

Indemnification and Limitation of Liability

The DGCL and the MBCA have similar provisions respecting indemnification by a corporation of its officers, directors, employees and other agents. The laws of both states also permit, with certain exceptions, a corporation to adopt charter provisions eliminating the liability of a director to the corporation or its shareholders for monetary damages for breach of the director's fiduciary duty. There are nonetheless certain differences between the laws of the two states respecting indemnification and limitation of liability which are summarized below.

Delaware. The New ALTM Amended and Restated Certificate of Incorporation eliminates the liability of directors to the corporation or its shareholders for monetary damages for breach of fiduciary duty as a director to the fullest extent permissible under Delaware law, as such law exists currently and as it may be amended in the future. Under Delaware law, such provision may not eliminate or limit director monetary liability for: (a) any breach of the director's duty of loyalty to the corporation or its stockholders; (b) acts or omissions not in good faith or involving intentional misconduct or knowing violations of law; (c) the payment of unlawful dividends or unlawful stock repurchases or redemptions; or (d) any transactions in which the director received an improper personal benefit. Such limitation of liability provisions also may not limit a director's liability for violation of, or otherwise relieve the corporation or its directors from the necessity of complying with federal or state securities laws, or affect the availability of non-monetary remedies such as injunctive relief or rescission.

Michigan. Our Restated Articles of Incorporation currently limit the liability of directors to the corporation or its shareholders to the fullest extent permitted by Michigan law. Directors are not personally liable to Alternate Marketing or its shareholders for monetary damages for breach of fiduciary duty as a director, except for: (a) the amount of a financial benefit received by a director to which he or she is not entitled; (b) intentional infliction of harm on the corporation or the shareholders; (c) the payment of unlawful dividends or unlawful stock repurchases or redemptions or loans to directors, officers or employees contrary to Michigan law; or (d) an intentional criminal act.

Indemnification Compared and Contrasted

Michigan law requires indemnification when the individual has defended successfully the action on the merits while Delaware law requires indemnification whether there has been a successful or unsuccessful defense on the merits or otherwise. Delaware law generally permits indemnification of expenses, including attorneys' fees, actually and reasonably incurred in the defense or settlement of a derivative or third-party action, provided there is a determination by a majority vote of a disinterested quorum of the directors, by independent legal counsel or by a majority of the shareholders that the person seeking indemnification acted in good faith and in a manner reasonably believed to be in the best interests of the corporation. Without court approval, however, no indemnification may be made in respect of any derivative action in which such person is adjudged liable for negligence or misconduct in the performance of his or her duty to the corporation. Delaware law requires indemnification of expenses when the individual being indemnified has successfully defended any action, claim, issue or matter therein, on the

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

merits or otherwise.

Expenses incurred by an officer or director in defending an action may be paid in advance under Delaware law and Michigan law if such director or officer undertakes to repay such amounts if it is ultimately determined that he or she is not entitled to indemnification. In addition, the laws of both states authorize a corporation's purchase of indemnity insurance for the benefit of its officers, directors, employees and agents whether or not the corporation would have the power to indemnify against the liability covered by the policy.

Michigan law permits a Michigan corporation to provide rights to indemnification beyond those provided therein to the extent such additional indemnification is authorized in the corporation's articles of incorporation. Thus, if so authorized, rights to indemnification may be provided pursuant to agreements or bylaw provisions which make mandatory the permissive indemnification provided by Michigan law. Our Bylaws permit indemnification to the fullest extent allowed under Michigan Law and limit director monetary liability to the extent permitted by Michigan law.

Delaware law also permits a Delaware corporation to provide indemnification in excess of that provided by statute. By contrast to Michigan law, Delaware law does not require authorizing provisions in the certificate of incorporation and does not contain express prohibitions on indemnification in certain circumstances. Limitations on indemnification may be imposed by a court, however, based on principles of public policy.

Inspection of Shareholder List

Both the DGCL and the MBCA allow any shareholder to inspect the shareholder list for a purpose reasonably related to such person's interest as a shareholder. Delaware law provides for inspection rights as to a list of shareholders entitled to vote at a meeting within a ten day period preceding a shareholders' meeting for any purpose germane to the meeting. Under Michigan law, the shareholders' list need only be prepared in time for, and be available for inspection at, the relevant shareholders meeting.

Dividends and Repurchases of Shares

The concepts of par value, capital and surplus exist under Delaware law. Michigan law dispenses with the concepts of par value of shares as well as statutory definitions of capital, surplus and the like.

Delaware. Delaware law permits a corporation to declare and pay dividends out of surplus or, if there is no surplus, out of the net profits for the fiscal year in which the dividend is declared and/or for the preceding fiscal year as long as the amount of capital of the corporation following the declaration and payment of the dividend is not less than the aggregate amount of the capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of assets. In addition, Delaware law generally provides that a corporation may redeem or repurchase its shares only if the capital of the corporation is not impaired and such redemption or repurchase would not impair the capital of the corporation.

Michigan. A Michigan corporation may not pay dividends or make any other distribution to its shareholders if, after giving effect to the payment, the corporation would not be able to pay its debts as they become due in the usual course of business, or the corporation's assets would be less than its liabilities plus, unless the articles of incorporation permit otherwise, the amount required, if the corporation were to be dissolved at the time of distribution, to satisfy preferential rights upon dissolution of shareholders whose preferential rights are superior to those receiving the distribution.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Shareholder Voting

Both Delaware and Michigan law generally require that a majority of the shareholders of both acquiring and target corporations approve statutory mergers.

Delaware. Delaware law does not require a shareholder vote of the surviving corporation in a merger (unless the corporation provides otherwise in its certificate of incorporation) if: (a) the transaction agreement does not amend the existing certificate of incorporation; (b) each share of stock of the surviving corporation outstanding immediately before the effective date of the merger is an identical outstanding share after the merger; and (c) either no shares of common stock of the surviving corporation and no shares, securities or obligations convertible into such stock are to be issued or delivered under the plan of merger, or the authorized unissued shares or shares of common stock of the surviving corporation to be issued or delivered under the plan of merger plus those initially issuable upon conversion of any other shares, securities or obligations to be issued or delivered under such plan do not exceed twenty percent (20%) of the shares of common stock of such constituent corporation outstanding immediately prior to the effective date of the merger.

Michigan. Michigan law contains a similar exception to its voting requirements for reorganizations. Unless required by the articles of incorporation or the transfer of assets is not in the usual and regular course of business as conducted by the corporation, action by shareholders of the surviving corporation on a plan of merger is not required if: (a) the articles of incorporation of the surviving corporation will not differ from its articles of incorporation before the merger; and (b) each shareholder of the surviving corporation whose shares were outstanding immediately before the effective date of the merger will hold the same number of shares, with identical designations, preferences, limitations, and relative rights, immediately after the merger.

Appraisal Rights

Under both Delaware and Michigan law, a shareholder of a corporation participating in certain major corporate transactions may, under varying circumstances, be entitled to appraisal rights pursuant to which such shareholder may receive cash in the amount of the fair market value of his or her shares in lieu of the consideration he or she would otherwise receive in the transaction.

Delaware. Under Delaware law, such fair market value is determined exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, and such appraisal rights are not available: (a) with respect to the sale, lease or exchange of all or substantially all of the assets of a corporation; (b) with respect to a merger or consolidation by a corporation the shares of which are either listed on a national securities exchange or the Nasdaq National Market or are held of record by more 2,000 holders if such shareholders receive only shares of the surviving corporation or shares of any other corporation that are either listed on a national securities exchange or the Nasdaq National Market or held of record by more than 2,000 holders, plus cash in lieu of fractional shares of such corporation; or (c) to shareholders of a corporation surviving a merger if no vote of the shareholders of the surviving corporation is required to approve the merger under Delaware law.

Michigan. Michigan law excludes appraisal rights for certain corporate actions (a) where the shares are listed on a national securities exchange or designated as national market system securities on an interdealer quotation

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

system by the National Association of Securities Dealers, Inc. and (b) in certain transactions where shareholders receive cash or shares that satisfy the requirements of clause (a).

Dissolution

Under Michigan law, upon recommendation of the board of directors, shareholders holding fifty percent (50%) or more of the total voting power may authorize a corporation's dissolution. Under Delaware law, unless the board of directors approves the proposal to dissolve, the dissolution must be unanimously approved by all the shareholders entitled to vote thereon. If the dissolution is initially approved by the board of directors the dissolution may be approved by a simple majority of the outstanding shares of the corporation's stock entitled to vote (unless the corporation's certificate of incorporation provides for a supermajority voting requirement on dissolution). New ALTM's Amended and Restated Certificate of Incorporation contains no such supermajority voting requirement.

Interested Director Transactions

Under both Delaware and Michigan law, certain contracts or transactions in which one or more of a corporation's directors has an interest are not void or voidable because of such interest, provided that certain conditions, such as obtaining the required approval and fulfilling the requirements of good faith and full disclosure, are met. With certain minor exceptions, the conditions are similar under Delaware and Michigan law.

Shareholder Derivative Suits

Under both Delaware and Michigan law, a shareholder may bring a derivative action on behalf of the corporation only if the shareholder was a shareholder of the corporation at the time of the transaction in question or if his or her stock thereafter devolved upon him or her by operation of law.

Certain Federal Income Tax Consequences

Following is a summary of the federal income tax consequences resulting from the reincorporation merger. We have not requested a private letter ruling from the Internal Revenue Service as to the federal income tax consequences of the merger and, thus, there can be no assurance that it will constitute a tax free exchange for federal income tax purposes. We have been advised, however, that the merger would constitute a tax-free reorganization under the Internal Revenue Code of 1986, as amended and, no gain or loss will be recognized by the holders of our common stock upon conversion of their shares into New ALTM common stock. The basis of New ALTM common stock received by our shareholders will be the same as the basis of their shares of our common stock. The holding period of New ALTM's common stock will include the period during which our common stock was held, provided that our common stock was held as a capital asset at the time of the merger.

THE DISCUSSION OF FEDERAL INCOME TAX CONSEQUENCES SET FORTH ABOVE IS INCLUDED HEREIN FOR INFORMATIONAL PURPOSES ONLY. THE DISCUSSION IS BASED ON CURRENTLY EXISTING PROVISIONS OF THE CODE, EXISTING OR PROPOSED TREASURY REGULATIONS THEREUNDER AND CURRENT ADMINISTRATIVE RULINGS AND COURT DECISIONS. ALL OF THE FOREGOING ARE SUBJECT TO CHANGE AND ANY SUCH CHANGE COULD AFFECT THE CONTINUING VALIDITY OF THIS DISCUSSION. EACH SHAREHOLDER SHOULD CONSULT HIS OR HER TAX ADVISER REGARDING THE SPECIFIC TAX CONSEQUENCES OF THE MERGER, INCLUDING THE APPLICATION AND EFFECT OF STATE AND LOCAL TAX LAWS.

Securities Act Consequences

The shares of New ALTM to be issued in exchange for our shares of common

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

stock are not being registered under the Securities Act of 1933, as amended (the "1933 Act"). In that respect, New ALTM is relying on Rule 145(a)(2) under the 1933 Act, which provides that a merger which has as its sole purpose a change in the domicile of the corporation does not involve the sale of the securities for purposes of the 1933 Act. After the merger, New ALTM will be a publicly held company, its common stock will be traded, and it will file with the SEC and provide to its shareholders the same type of information that we have previously filed and provided. Shareholders whose stock in Alternate Marketing is freely tradable before the merger will continue to have freely tradable shares of New ALTM. Shareholders holding restricted securities of Alternate Marketing will be subject to the same restrictions on transfer as those to which their present shares of stock in Alternate Marketing are subject. In summary, New ALTM and its shareholders will be in the same respective positions under the federal securities laws after the merger as were Alternate Marketing and its shareholders prior to the merger.

PROPOSAL TO AMEND 1995 OPTION PLAN

Effective July 21, 1995, the Company, by resolution of its Board of Directors and shareholders, adopted the 1995 Long-Term Incentive and Stock Option Plan, as subsequently amended (the "Incentive Plan"), which currently provides for the issuance of up to 500,000 shares of the Company's common stock. No preferred stock or other securities are authorized for issuance under the Incentive Plan. The Incentive Plan will terminate on July 20, 2005, unless sooner terminated by action of the Board. As a result of the reincorporation merger, the Incentive Plan will be assumed by New ALTM.

All full-time and part-time employees (including officers and directors) of the Company and its subsidiaries and non-employee directors, consultants and independent contractors providing services to the Company (or any of its subsidiaries) are eligible to receive options and awards under the Incentive Plan. The Incentive Plan is not subject to the Employee Retirement Income Security Act of 1974.

The Incentive Plan permits the granting of awards to employees and non-employee officers, directors and agents of the Company in the form of stock appreciation rights, restricted stock awards and stock options. As of December 31, 2001, approximately 40 people were entitled to participate in the Incentive Plan. We anticipate that approximately 95 people will be eligible to participate immediately following the Transaction. As of April 30, 2002, 533,854 options have been granted and 123,800 are outstanding. The Incentive Plan is currently administered by the Stock Option Committee. The Incentive Plan gives broad powers to the Committee to administer and interpret the Plan, including the authority to select the individuals to be granted options and rights, and to prescribe the particular form and conditions of option or right granted. Stock options granted under the Incentive Plan may be incentive stock options ("ISO's"), meeting the requirements of Section 422 of the Internal Revenue Code (the "Code"), or nonqualified stock options ("NQSO's") which do not meet the requirements of Section 422 of the Code. Incentive stock options, in order to receive favored tax treatment under the Code, must be exercisable for not more than 10 years and at not less than the fair market value of the Common Stock as of the date of the grant (not more than 5 years and not less than 110% of fair market value if the optionee is a 10% or greater shareholder) and may be granted only to employees. All incentive and nonqualified options outstanding as of April 30, 2002, expire by their terms one month after the optionee ceases to be an employee of the Company (except that other provisions apply in the event of the employee's death or disability).

The market value of the Company's Common Stock on June 13, 2002, was \$0.86 per share.

Proposed Increase in Number of Shares.

As of December 31, 2001, 500,000 shares reserved under the Incentive Plan were subject to 123,800 outstanding options and 7,500 options granted under the Incentive Plan have been exercised. In general, options become exercisable in equal installments over several years commencing with the first anniversary of grant.

The Board anticipates that it will continue to grant options to employees as part of its incentive program. In addition, the Board anticipates that, if the Transaction is approved, employees of Hencie who will become eligible to participate in the Plan may choose to exercise their options by rendering their Hencie Stock. See "Proposed Amendments to the Incentive Plan" below. On May 21, 2002, the Board of Directors of the Company increased the number of shares reserved and authorized for issuance under the Incentive Plan from 500,000 to 1,500,000, subject to shareholder approval. In order to have sufficient shares available, the Board recommends approval of the increase.

Proposed Amendments to the Incentive Plan.

On May 21, 2002, the Board of Directors of the Company adopted two amendments to the Incentive Plan, subject to shareholder approval. First, the Board adopted an amendment to paragraph 3(b) which eliminated reference to the establishment of a committee of the board to administer the Incentive Plan and replaced it with provisions authorizing the Board to adopt resolutions which would authorize one or more employees of the Company to (i) designate recipients of options and awards under the Incentive Plan and (ii) determine the number of options or awards to be received subject to a maximum established by the resolutions. The Board of Directors may not authorize an officer to designate himself as a recipient of any option or award. Second, the Board adopted an amendment to paragraph 7(c) which permits an optionee or grantee electing to exercise an option or award to pay for the shares by delivering securities of any direct or indirect subsidiary of the Company.

Options Granted under the Incentive Plan.

The following table sets forth as of December 31, 2001, the number of stock options granted to the individuals or groups indicated:

	Total Options Granted and Outstanding Under the Incentive Plan
Phillip D. Miller	25,000

awards to any person or groups of persons, except that Sandra J. Smith (controller of New ALTM) will be awarded 50,000 shares effective with and contingent upon the First Closing.

Equity Compensation Plan Information

The following table gives information about the Company's common stock that may be issued upon the exercise of options, warrants and rights under all of our existing equity compensation plans as of December 31, 2001. These plans include the Incentive Plan. The table does not give effect to the proposed amendments to the Incentive Plan and does not include any effects of the Transaction.

	Number of securities to Be issued upon exercise Of outstanding options, Warrants and rights	Weighted-average price of outstanding options, warrants and rights	Number of Securities remaining available for future issuance under Equity compensation plans (excluding securities reflected in column (a))
	----- (a)	----- (b)	----- (c)
Equity Compensation Plans approved By security Holders	191,300	\$2.75	371,200
Equity Compensation Plans not Approved by Security holders	258,500 (1) (2)	\$0.80	none

(1) In 1999, the Company issued warrants for purchase of 55,000 shares of common stock to employees of a broker dealer who served as underwriter in connection with the Company's initial public offering. These securities replaced the warrants issued to the underwriter upon closing of the offering. The Company recognized expense in the amount of \$10,000 in connection with services rendered by the warrant holders in consideration of the issuance. These warrants are exercisable at \$3.00 per share and expires on October 31, 2002.

(2) On May 3, 2000, the Company acquired certain assets and operations of AdTrackMedia.com from GoldenGoose Software, Inc. As part of the purchase price, GoldenGoose was issued stock options to acquire common stock. Options to acquire 20,000 shares are outstanding. These options are exercisable at \$2.045 per share and expire on May 27, 2005. In addition, contingent consideration of 183,500 shares of the Company's common stock will be issued to GoldenGoose in January 2003 if certain goals are achieved.

Tax Rules.

The following is a brief summary of the federal income tax rules currently applicable to stock options that may be granted under the Incentive Plan.

The grant of a NQSO will have no immediate tax consequences to the grantee or to the Company. Upon the exercise of a NQSO, the grantee will

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

recognize ordinary income (and the Company will generally be entitled to a compensation deduction) in an amount equal to the excess of the fair market value of the shares of Common Stock on the date of the exercise of the option over the option exercise price. The grantee's tax basis in the shares will be the exercise price plus the amount of ordinary income recognized by the grantee, and the grantee's holding period will commence on the date the shares are transferred.

Upon a subsequent sale of shares of Common Stock acquired pursuant to the exercise of a NQSO, any difference between the grantee's tax basis in the shares and the amount realized on the sale is treated as long-term or short-term capital gain or loss, depending on the holding period of the shares.

The grant of an ISO will have no immediate tax consequences to the grantee or to the Company. The exercise of an ISO by the payment of cash to the Company will generally have no immediate tax consequences to the grantee (except to the extent it is an adjustment in computing alternative minimum taxable income) or to the Company. If a grantee holds the shares acquired pursuant to the exercise of an ISO for the required holding period, the grantee generally will realize long-term capital gain or long-term capital loss upon a subsequent sale of the shares in the amount of the difference between the amount realized upon the sale and the purchase price of the shares (i.e., the exercise price). In such case, no compensation deduction will be allowable to the Company in connection with the grant or exercise of the ISO or the sale of shares of Common Stock acquired pursuant to such exercise.

If, however, a grantee disposes of the shares prior to the expiration of the required holding period (a "disqualifying disposition"), the grantee will recognize ordinary income (and the Company will generally be entitled to a compensation deduction equal to the excess of the fair market value of the shares of Common Stock on the date of exercise (or the proceeds of the disposition, if less) over the exercise price.

Certain limitations apply to the Company's deduction of compensation payable to the person serving as its chief executive officer or to any of its four other most highly compensated executives in office as of the end of the year in which such compensation would otherwise be deductible. In general, the Company may not deduct compensation, other than "performance-based" compensation, payable to such an executive in excess of \$1 million for any year. Income resulting from the exercise of a stock option may be included in calculation of total income for purposes of determining whether the \$1 million limit has been exceeded.

INFORMATION ABOUT HENCIE

General

Overview

Hencie is an information technology system integration consulting solutions provider to a broad range of middle market companies in the manufacturing, distribution, energy, travel and hospitality and other industries. Hencie's core line of business includes implementation of Oracle-based technology, packaged applications and database management. As of December 31, 2001, Hencie had approximately 68 employees.

History

Hencie is a holding company and the sole owner of Hencie Consulting Services, Inc., a Texas corporation, and Hencie's only operating subsidiary. Hencie Consulting Services, Inc. was co-founded by Mr. Adil Khan and Mr. David Bevins in 1996 and began operations in 1997.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

In December of 2000, Hencie initiated a new strategic plan in an effort to adapt to changing markets and industry conditions and reorganized its operations to focus on implementation of Oracle enterprise applications for traditional and profitable "bricks and mortar" businesses rather than Internet dot-coms and other technology-based businesses. All other lines of business were discontinued. Hencie also hired a new Chief Financial Officer in 2000 and a new Chief Operating Officer in 2001.

Industry Background

The worldwide information technology services industry is large but highly fragmented. It is composed of thousands of market niches segmented by technology platforms, vertical industry, service offerings, and geographic locations. The field is in transition, as regulation has forced many large consulting divisions of audit firms to divest themselves of their consulting practices and many smaller companies within the industry are consolidating to gain a competitive advantage. The market segment served by Hencie, the packaged application consulting, implementation, and maintenance segment of the information technology services industry, is currently growing rapidly.

The Hencie Solution

Hencie provides a wide range of industry-specific solutions, including Enterprise Resource Management, Client Relationship Management, Supply Chain Management, and Enterprise Portal solutions, through business alliances with leading technology vendors such as Oracle. Hencie strives to provide each of its clients with a rapid return on the client's investment in Hencie's solutions by improving the client's business through its unique solution offerings.

Integrated Consulting Approach

Hencie's integrated services enable clients to increase revenues and margins, reduce costs, and enhance their product and service offerings. Hencie combines consulting expertise and technology applications to serve as a single-source provider of fully integrated solutions.

Enterprise Resource Planning (ERP)

Hencie has diversified its customer base by expanding the scope of its systems integration and custom development services to include Enterprise Resource Planning (ERP) software. ERP software products are pre-packaged solutions for a wide range of business areas, including, financial information, manufacturing, and human resources. These pre-packaged solutions can be an efficient and less costly alternative for a user who might otherwise face customizing and developing its own applications. Hencie has grown significantly by expanding its Oracle service offerings and capitalizing on the business opportunity to provide implementation and customization services to the expanding ERP market. Hencie also plans to expand its implementation services to PeopleSoft applications, J.D. Edwards applications, and various other business partnership applications.

Customer Relationship Management (CRM)

Hencie provides consulting and information technology services to implement and support the Customer Relationship Management (CRM) offerings of Oracle eBusiness products and enterprise applications of other business partners. Hencie is an Oracle Certified Solutions Provider and one of the leading service providers for Oracle Software in the Southwestern United States.

Supply Chain Management (SCM)

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Hencie plans to expand its service offerings to include Supply Chain Management (SCM) solutions where these services represent effective solutions for Hencie's middle market clients.

Managed Service Providers Enterprise Monitoring Service (EMS)

Hencie offers a subscription-based service to monitor and manage a client's Oracle enterprise system and provides the technical expertise, monitoring system, and high-quality technical resources needed to properly manage client systems.

Enterprise Portal

Hencie currently provides some Enterprise portal solutions and plans to expand its service offering where these services represent effective solutions for Hencie's middle market clients.

Application Service Provider (ASP)

Hencie is positioned to offer Application Service Provider (ASP) services with hosting company partnerships.

Relationship with Oracle

Hencie is a certified Oracle partner and has achieved Oracle Service Provider (OSP) status in the Dallas and Houston marketing regions of Oracle. This relationship is based on written agreements between the two companies and is nurtured through strong personal relationships among sales and management teams of the two companies.

This relationship provides several benefits to Hencie. Oracle and Hencie promote and market implementation services for Oracle Applications to prospective general business market end-user customers (i.e. customers with revenue equal to or less than \$500 million per year). Hencie receives access to the use of proprietary Oracle implementation methodologies including AIM Advantage methodologies. Hencie receives training on Oracle products and rights to access Oracle product demonstration centers to develop solutions based on the latest technologies.

Almost all of Hencie's business depends on the success of the Oracle relationship. If this relationship is terminated or weakened, Hencie's survival will become very difficult. Also, Hencie's business may be directly impacted by the new applications license sales, and any decline in such sales due to economic cycles or product competitiveness will adversely affect Hencie's sales.

Strategy

Hencie intends to sustain and successfully manage its rapid growth by focusing on the provision of services to vertical middle market companies. Hencie plans to expand and modify its service offerings to address changes in customer demands and rapidly changing technology. In addition, Hencie is seeking strategic alliances with select enterprise package software vendors to stay at the leading edge of technology advances, to develop new business and to generate additional revenue. Specifically, Hencie plans to expand into other industries and expand its technology offerings and its service offerings. The Hencie Consulting Services operating subsidiary will focus on Oracle technology offerings and expand its services, targeted industries and geographic reach. Hencie intends to acquire other technology companies implementing PeopleSoft-based and J.D. Edwards-based application services. It may also selectively acquire other IT focused companies in which Hencie's

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

client management approach may create better utilization and improve profitability.

Hencie also plans to expand its client base and enter into other vertical industry markets, including the healthcare industry, with acquisitions and other business combinations. The success of this strategy depends not only upon Hencie's ability to identify and acquire businesses on a cost-effective basis, but also upon Hencie's ability to integrate acquired operations into Hencie's organization effectively, to retain and motivate personnel and to retain clients of acquired or merged companies. In reviewing potential business combinations, Hencie intends to consider the target company's geographic reach, cultural fit, capabilities in specific technical services, client base, expected financial performance, valuation expectations, and the abilities of management, sales, and recruiting personnel, among other factors. Hencie has identified several potential acquisition candidates as of the date of this proxy statement.

Clients

Hencie provides services to a broad range of middle market companies in the manufacturing, distribution, energy, travel and hospitality and other industries. In 2001, Hencie's approximate percentage of revenue by client industry was:

Manufacturing	56%
Distribution	27%
Energy	6%
Travel and Hospitality	5%
Other	6%

Hencie derives a significant portion of its revenues from large projects commissioned by a limited number of clients. In 2001, Hencie's largest client accounted for approximately 35% of its revenues, and Hencie's second largest client accounted for approximately 13% of its revenues. Likewise, in 2000, Hencie's two largest clients accounted for approximately 34% of its total revenues. Some of Hencie's clients include: Lone Star Steel Company, Novation, Kerr-McGee, Laser Tech Color, Newgistics, Luminex, Oklahoma Fixture Company, Olshan Foundation Repair, Smith-Blair, Inc., Honeywell, Kaiser, Conoco, and Raytheon Corporation. If any significant client terminates its relationship with Hencie or substantially decreases its use of Hencie's services, it could adversely affect Hencie's business and financial condition. Hencie seeks to develop long-term relationships with its clients. While a typical client assignment ranges from 3 months to 12 months in duration, some of Hencie's client relationships have continued for more than 3 years.

Property

Neither Hencie nor Hencie Consulting Services own any real property. Hencie currently leases its main office at 13155 Noel Road, 10th floor, Dallas, Texas 75240. This is a three-year lease on a portion of the 10th floor in the south office tower of the Galleria shopping and office complex. The Galleria is an upscale mixed-use retail, office and hotel complex.

Intellectual Property

Hencie Consulting Services has certain methodologies, customer lists, and other proprietary knowledge that it uses to service clients. Hencie uses its Knowledge Bank repository ("Da Bank") to distribute this efficiently to its consultant and project managers. This helps Hencie to efficiently service its clients. Hencie also develops specialized pieces of software that are kept in Da Bank that are used for implementing and joining various applications on its projects. Hencie reuses this software to create better project

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

implementations.

Hencie's trademarks and service marks (none of which is registered with the United States Patent and Trademark Office, or any similar foreign agency) include:

Hencie.com
Hencie.net
Hencie.org
Hencie Consulting Services, Inc.
Hencie, Inc.

There is no threat of an intellectual property infraction from another party. Hencie has discovered that some of its consultants have unlicensed software on their computers. Hencie is currently bringing them into compliance as quickly as practical after they are discovered. The total cost of such compliance is expected to be less than \$50,000.

Sales and Marketing

As of December 31, 2001, Hencie had a direct sales force of 3 employees who market Hencie's services to senior business executives, chief information officers, information systems managers, and others who purchase consulting and information technology services. New client contacts are generated through a variety of methods, including client referrals, Hencie's web site, service handouts for each of Hencie's service offerings, product sales collateral, "white papers," reproductions of articles and press releases, targeted user conferences conducted exclusively for clients, participation in industry conferences and trade shows, personal sales calls, customer newsletters, informational listings in trade journals and direct mailings to targeted clients.

Competition

The consulting and information technology services industry is extremely competitive and characterized by continuous changes in customer requirements and improvements in technologies. Hencie's competition varies significantly from city to city as well as by the type of service provided.

Hencie's principal competitors include Grant Thornton/Experio and Arthur Andersen. Many large accounting and consulting firms also offer services that overlap with some of Hencie's services. In addition, Hencie must frequently compete with a client's own internal information technology staff. Hencie also competes with Internet professional services firms as well as the service divisions of various software developers. There can be no assurance that Hencie will be able to continue to compete successfully with existing or future competitors or that competition will not have a material adverse effect on Hencie's results of operations and financial condition. Many of Hencie's competitors are larger than Hencie and have significantly greater financial, technical, marketing, and other resources. However, Hencie believes that its market position with respect to its competitors is enhanced by virtue of Hencie's unique ability to deliver fully integrated consulting services and to compete based on a number of other factors including the quality and scope of solutions provided, industry expertise, and ease and speed of solutions implementation.

Employees

As of December 31, 2001, Hencie had approximately 68 employees. Of these employees, 47 provided consulting services, 9 performed sales and marketing, customer relations, and business development functions, and 12 persons performed corporate, finance, and administrative functions. None of Hencie's

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

employees are subject to a collective bargaining arrangement. Hencie has some employment agreements with its executive officers. Hencie believes that its relationship with its employees is good.

Hencie's future success depends in part on Hencie's ability to hire and retain adequately trained personnel who can address the changing and increasingly sophisticated technology needs of Hencie's clients. All of Hencie's employees are bound by non-compete agreements. Historically, competition for personnel in the information technology services industry has been significant. Hencie has had in the past, and may have at some point in the future, difficulty attracting and retaining an optimal level of qualified consultants. There can be no assurance that Hencie will be successful in attracting and retaining the personnel Hencie requires to conduct and expand Hencie's operations successfully. Because of this, the recruitment of skilled consultants is a critical element to Hencie's success. As of December 31, 2001, Hencie had 1 full-time recruiter.

Legal Proceedings

Hencie had contract disputes with Timepiece, and Navasota (an affiliate of Paul Tanner, see below). These were settled for less than \$12,000 in total. These amounts have already been expensed on Hencie's financial statements. K-Force had filed suit in a contract dispute. This has been settled with a payment plan over time. These amounts have already been expensed and the payment plan recorded as a liability on Hencie's financial statements. Hencie discovered unpaid payroll taxes and settled with the IRS on a payment plan. As part of the closing of the ALTM transaction this settlement will be paid in full.

Dispute with Paul A. Tanner

On January 9, 2001, Hencie received a demand letter from Hencie.Com, an affiliate of Paul A. Tanner, claiming that (i) Hencie.Com was entitled to 1,500,000 shares of Hencie common stock in connection with an alleged stock purchase agreement by and between Hencie and Hencie.Com and (ii) Hencie owed Hencie.Com \$1,900,000.00 in connection with \$1,400,000.00 that was advanced to Hencie by Hencie.Com (collectively, the "Claims"). Hencie has investigated the Claims and concluded that Hencie is not liable. Adil Khan has agreed, pursuant to that certain Indemnification Agreement, dated as of September 15, 2000, by and between Hencie, Adil Khan, and certain other parties, and the Transaction Agreement, to indemnify ALTM, New ALTM, and Hencie from and against any losses or liabilities arising out of or relating to the Claims. In the event litigation in connection with the Claims is pursued and Adil Khan is, for any reason, unable to fulfill his indemnification obligations to ALTM, New ALTM, and Hencie in connection with such Claims, Hencie intends to vigorously contest the Claims and pursue any potential counterclaims that may be available. Notwithstanding the foregoing, the business, financial condition, and operations of the Company could be materially and adversely affected by an outcome that is adverse to Hencie with respect to any of the Claims, legal fees and expenses associated with investigating, contesting, and defending against any of the Claims (whether or not the Claims are successfully pursued by Mr. Tanner), and the diversion of management's time and resources in connection with any such investigation, contest, or defense.

Threatened Litigation Involving Lane Gorman Trubitt, L.L.P.

On April 2, 2002, Hencie received a demand letter from Lane Gorman Trubitt, L.L.P. ("Lane Gorman") claiming that (i) Lane Gorman was entitled to \$3,106.64 in connection with services rendered and \$225 in connection with related attorneys' fees and expenses. The demand letter threatened to proceed with litigation if payment had not been received within 30 days of receipt of such letter.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

On April 18, 2002, Hencie responded to the demand letter and requested verification of the debt, a description of services rendered, invoices, and a record of any payments made. To date Lane Gorman has not provided any verification of the debt. Once Lane Gorman provides verification of the debt, Hencie plans to settle the debt without litigation.

HENCIE MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following description of Hencie's financial condition and results of operations in conjunction with the Financial Statements of Hencie and the Notes thereto and the Unaudited Pro Forma Combined Condensed Financial Statements included elsewhere in this proxy statement. This discussion contains forward-looking statements based upon current expectations that involve risks and uncertainties. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. Hencie's actual results and the timing of certain events may differ significantly from the results discussed in the forward-looking statements. Factors that might cause such a discrepancy include, but are not limited to, those discussed in "Risk Factors" and elsewhere in this proxy statement.

Financial Overview

A majority of Hencie's revenues are attributable to professional consulting services. Hencie recognizes revenue on a time and materials or percentage-of-completion basis, depending upon the type of contract it has with its customer. In limited circumstances, Hencie implements solutions under fixed price contracts. In 2001, Hencie generated approximately 2.5% of its net sales from fixed price contracts. Hencie recognizes revenues for fixed-price contracts using the percentage of completion method as services are performed over the life of the contract, based on the costs it incurs in relation to the total estimated costs. Hencie recognizes, and makes provisions for, any anticipated contract losses at the time it knows of, and estimates the losses.

Hencie's most significant expense is cost of sales, which consists primarily of costs directly attributable to client engagements, including the cost of consultant time and travel expenses for personnel. Hencie's cost of sales is directly attributable to the time consultants spend on client projects. These costs are classified pursuant to a standard costing system using four levels of consultant pay rates. The weighted average of these pay rates gives Hencie's average cost per hour for its consulting time. These costs are input, managed and monitored on a per project basis. The number of consulting employees assigned to an engagement will vary according to the size, complexity, duration and demands of the client project. Hencie enters into contracts with its customers on a project-by-project basis.

Hencie derives a significant portion of its revenues from large projects commissioned by a limited number of clients. In 2001, Hencie's largest client accounted for approximately 35% of its revenues and its second largest client accounted for 13% of its revenues. Likewise, in 2000, Hencie's two largest clients accounted for a total of 34% of its revenues. Many of Hencie's contracts are short-term and provide that clients can reduce or cancel services without incurring any penalty. If clients reduce or terminate services, Hencie would lose revenue and would have to reallocate employees and resources to other projects to attempt to minimize the effect of such a reduction or termination. Accordingly, reductions and terminations, even by a single client, could adversely affect Hencie's revenues.

In 2001, Hencie's revenues by client industry were primarily

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Manufacturing and Distribution, and to a lesser extent Energy, and Travel and Hospitality.

Hencie's revenues and operating results have fluctuated significantly in the past, with Hencie experiencing its greatest sequential growth during its first and second fiscal quarters and significantly lower sequential growth in the third and fourth fiscal quarters. Accordingly, period-to-period comparisons of Hencie's operating results may not be meaningful.

Hencie attributes this fluctuation between quarters to the project cycles of customers, most of whom have calendar-based fiscal years. The result is that customers are more likely to start project cycles during the first half of the year. Further, because most of Hencie's expenses, including expenses associated with its employees, are relatively fixed in the short-term, several other factors can cause significant variations in Hencie's quarterly operating results, including:

- fluctuations in the number of customer projects it is awarded;
- cancellations or delays by its customers of planned projects;
- shifts in customer demand to delivery models that alter the timing of revenue recognition;
- its employee utilization rate;
- consummation of potential acquisitions; and
- number of billable days in a given quarter.

Hencie believes that it will experience similar fluctuations in operations in the future. If Hencie is unable to predict the cyclical client demand in a slower growth or distressed economic environment, expenses may be disproportionate to revenue and its stock price may be adversely affected.

Critical Accounting Policies and Estimates

Hencie's discussion and analysis of financial conditions and results of operations is based on its consolidated financial statements, prepared in accordance with generally accepted accounting principles in the United States.

Revenue Recognition. The majority of Hencie's revenue is generated from consulting fees. The majority of Hencie's consulting contracts are on a time-and-materials basis. Hencie's remaining consulting contracts are on a fixed-price basis. Revenue is recognized using the percentage of completion method. Consulting contracts generally vary in length from 1 to 36 months.

Earned revenue is based on the percentage that direct labor and other contract costs incurred to date bear to total estimated costs, after giving effect to the most recent estimates of total cost. The cumulative impact of revisions in total cost estimates during the progress of work is reflected in the period in which changes become known. Earned revenue reflects the original contract price adjusted for agreed-upon and change order revenue, if any. Losses expected to be incurred on jobs in process, after consideration of estimated minimum recoveries from claims and change orders, are charged to income as soon as such losses are known.

Accounts Receivable and Allowances for Doubtful Accounts. Hencie maintains allowances for doubtful accounts for estimated losses resulting from the inability of Hencie's clients to make required payments. Hencie's management makes estimates of the uncollectibility of Hencie's accounts receivables. On a quarterly basis management critically reviews accounts

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

receivable, and management continually analyzes historical bad debts, past-due accounts, client credit-worthiness and current economic trends when evaluating the adequacy of the allowance for doubtful accounts. If the financial condition of Hencie's clients were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required.

Litigation and Contingencies. Litigation and contingencies are reflected in Hencie's consolidated financial statements based on management's assessment, along with legal counsel, of the expected outcome from such litigation. If the final outcome of such litigation and contingencies differs adversely from that currently expected, it would result in a charge to earnings when determined.

Finally, general weakness of the U.S. economy has also affected Hencie's business and will, Hencie believes, continue to affect Hencie's business. The conditions in the general economy that may impact Hencie's on-going business include declines in interest rates, client staff reductions, client labor strikes and acquisitions of clients by other companies. In addition, in some cases, potential clients and existing clients have chosen to delay or postpone certain purchasing decisions until the economy improves. The general condition of the U.S. economy is affected by social, political and military conditions, including terrorist threats and acts and any responses by the United States to such threats and acts. Any or all of the above factors could result in the reduction of the aggregate amount of client spending on Hencie's future services.

Results of Operations

Year Ended December 31, 2001 Compared to Year Ended December 31, 2000

Revenues. Revenues increased \$ 1,618,622, or 16%, from \$10,318,840 in 2000 to \$11,937,462 in 2001. This increase was primarily a result of an increase in the number of Oracle-related consulting engagements Hencie was awarded. Core employee consulting revenues increased \$1,936,490, or 22%, from \$8,739,215 in 2000 to \$10,675,705 in 2001 which was primarily responsible for Hencie's overall increase in revenues. Subcontracting revenues, which offer lower gross margins, decreased to \$27,112 from \$468,801 due to Hencie's improved utilization and management of its consultant's time in 2001 and the discontinuation of several unprofitable lines of business in December 2000, including custom web development, I2 consulting services and Ariba software consulting.

Gross Profit. Gross profit, or revenues after cost of sales, is primarily a function of hours billed to clients, hourly billing rates, and employee compensation. In 2001 gross profit decreased \$115,163, or 2%, from \$5,685,163 in 2000 to \$5,570,000. Gross profit as a percentage of net sales also decreased 8.4% from 55.1% in 2000 to 46.7% in 2001. These decreases were due to several factors, including:

- a lower effective billing rate on more recent engagements with Hencie's largest client;
- market increases in the wages of consulting professionals for new hires in 2000, particularly professionals with the advanced technology skills necessary to perform the services Hencie offers; and
- Hencie's discontinuation of businesses that, while offering higher gross margins than its Oracle-related business, have relatively high operating expenses that prevent them from being profitable.

Stock-based Compensation and Other Costs. The Company has estimated the fair value of its common stock from \$0.03 in 1999 to \$0.10 per share in 2000 and increasing to \$0.20 per share reflecting the valuation increases from the ALTM transaction in 2002. Non-cash charges to earnings from the amortization of deferred compensation from stock option grants and restricted stock issuance were \$730,455 in 2000 with a deferred compensation balance of \$253,181 at 2000 year-end. Non-cash charges from the amortization of deferred compensation from stock option grants and restricted stock issuance were \$94,939 in 2001 with a deferred compensation balance of \$338,282 at the year-end.

Other Operating Expenses. Other Operating expenses (excluding stock-based compensation and other costs) primarily include salaries and wages, professional services, communications, depreciation and amortization and general and administrative expenses. In 2001 operating expenses decreased

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

\$4,810,679, or 48.6%, from \$9,893,756 in 2000 to \$5,083,077. This decrease occurred primarily as a result of (i) a decrease of \$3,445,697, or 48%, in compensation and benefits for non-billable time as a result of discontinuing unprofitable consulting product lines, better utilization of consultants, and reduced head count, (ii) a decrease of \$168,675, or 46%, in professional services from outside advisors and (iii) a decrease of \$1,254,896, or 56%, in general and administrative expense as a result of reducing its non-consultant employee headcount. Additionally, depreciation and amortization expenses increased \$58,589, or 33%, from \$178,441 in 2000 to \$237,030 in 2001 due to capitalized costs related to a move to a larger office.

Interest Expense. Interest expense increased \$342,539, or 117%, from \$293,396 in 2000 to \$635,935 in 2001, primarily due to (a) additional borrowings in 2000 used to fund Hencie's losses, (b) indebtedness to Edge and (c) Hencie's factoring lines of credit.

Period Ended March 31, 2002 Compared to Period Ended March 31, 2001

Revenues. Hencie's top two customers accounted for 46% of revenue in 2002 and 44% of revenue in 2001. Revenues decreased \$1,241,325, or 34%, from \$3,686,416 in the first quarter of 2001 to \$2,445,091 in the same period of 2002. Core employee consulting revenues decreased \$1,287,620, or 37%, from \$3,448,416 in the first quarter of 2001 to \$2,160,796 in the same period of 2002, which was primarily responsible for Hencie's overall decrease in revenues. Subcontracting revenues, which offer lower gross margins, were eliminated in 2002 and decreased \$27,112 due to Hencie's improved utilization and management of its consultant's time in 2002. Revenue also decreased from the phasing out of several unprofitable lines of business during the first quarter of 2001. The business lines with final projects being completed during the first quarter of 2001 included custom web development, I2 consulting services and Ariba software consulting. This decrease was primarily a result of the following key factors:

- The slow down in the IT consulting business and Oracle-related consulting engagements due to economic conditions in the first quarter of 2002 has caused certain customers to be more aggressive in seeking discounts or to delay IT projects.
- The first quarter of 2001 was a record revenue quarter for Hencie. Hencie discontinued unprofitable business lines and finished these projects using overtime labor to maintain good customer relationships and a good industry reputation. Hencie Consulting Services, Inc. also received \$189,187 from Oracle in the first quarter of 2001 under a now discontinued commission program.
- Hencie reduced hourly billing rates 20% for new work for a significant existing customer in the first quarter of 2002. The revenue decrease from this customer was \$906,216 due to the discounted billing rate and less work performed at the end of the project cycle in 2002.
- Hencie entered a new vertical market of implementing Oracle systems in call centers. While Hencie historically had less than 5% of revenue from fixed price contracts, management chose to offer certain concessions on its first customer in this vertical market to build its expertise and market presence. These concessions reduced revenue by \$240,599 in the first quarter of 2002 without an offsetting reduction in cost. Management may make similar selected investments for future growth in desirable market segments in the future.

Gross Profit. In the first quarter of 2002 gross profit decreased \$787,650, or 42%, from \$1,867,278 in the same period of 2001 to \$1,079,628. Gross profit as a percentage of net sales also decreased to 44.2% in first quarter of 2002 from 50.7% in the same period of 2001. These decreases were due to several factors, discussed in revenue above, including:

- A lower effective billing rate on more recent engagements with Hencie's largest client;
- Market increases in the wages of consulting professionals hired in

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

2000 impacted costs in 2001 and in the first quarter of 2002, particularly professionals with the advanced technology skills necessary to perform the services Hencie offers. These wages have been decreased in the second quarter of 2002,

- Hencie's discontinuation of the lines of businesses described above that, while offering higher gross margins than its Oracle-related business, have relatively high operating expenses that prevent them being profitable.

Stock-based Compensation and Other Costs. Non-cash charges to earnings were from the amortization of deferred compensation from stock option grants and restricted stock issuance of \$38,868, stock issued to a vendor valued at \$139,304, and stock issued to employees valued at \$21,656 in the first quarter of 2002 due to the effects of the ATLM transaction. This was an increase of \$178,707 dollars (846%) compared with expense of \$21,121 in the first quarter of 2001 for the amortization of deferred compensation from stock option grants and restricted stock issuance.

Legal and Professional Services. These expenses increased by \$170,644 in the first quarter of 2002 or 432% from \$32,118 in the first quarter of 2001 to a total of \$202,762 in the first quarter of 2002. This increase in expenses was primarily due to legal fees related to the ALTM transaction. A secondary source of increased fees was related to the multi-year audits necessary for the ALTM transaction. While some legal fees were expended related to settling the Edge note litigation, these legal fees were not a primary source of the increase.

Other Operating Expenses In the first quarter of 2002, other operating expenses decreased \$525,363, or 36%, from \$1,472,949 in the same period of 2001 to \$947,586. This decrease occurred primarily as a result of (i) a decrease of \$288,680, or 28%, in compensation and benefits for non-billable time as a result of discontinuing unprofitable consulting product lines, better utilization of consultants and decrease in head count and (ii) a decrease of \$184,500, or 54%, in general and administrative expense. Additionally, depreciation and amortization expenses decreased \$52,183, or 50%, from \$104,146 in the first quarter of 2001 to \$51,963 in the same period of 2002 due to lower capital expenditures in 2001 verses 2000. In 2000, the company moved to a new building, purchased new equipment and made leasehold improvements.

Interest Expense. Interest expense decreased \$53,411, or 27%, from \$200,084 in the first quarter of 2001 to \$146,673 in the same period of 2002, primarily due to reduced borrowings in the first quarter of 2002 under Hencie's factoring lines of credit and reduced interest expense on indebtedness due to the IRS.

Liquidity and Capital Resources

Hencie has primarily used cash from operating activities, cash from additional paid-in capital, and borrowings to fund its operations. Edge provided a \$1.4 million loan to Hencie in September 2000. Additional paid in capital in 2000 was \$1,425,000. Additionally, in 2000, Hencie's new management discovered the IRS Obligation and immediately negotiated a settlement with the IRS to repay accrued payroll taxes payable of \$1,955,758 as of the end of 2000. As of December 31, 2001 accrued payroll taxes payable had been reduced to \$978,158, a reduction of \$977,600. Additionally, during 2001, Hencie issued 1,552,642 shares of common stock upon the exercise of employee stock options for an aggregate of \$46,578 and 200,000 shares of its common stock to a client valued at \$20,000.

As of December 31, 2001 Hencie was in default on the Edge note of

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

\$1,400,000. The IRS may cancel its repayment agreement with Hencie for any reason. In addition, there is a dispute with Hencie.com and Paul Tanner over a \$1,425,000 capital contribution. Liabilities that exist or may arise under any of these matters may eliminate the company's ability to operate as a going concern. While management cannot give any assurances concerning the ultimate resolution of these matters, Hencie has taken the following steps regarding Edge, the IRS and Paul Tanner.

In May 2002, Hencie entered into a settlement agreement with Edge Technology Group, Inc., a Delaware corporation ("Edge"), to resolve litigation that had arisen with respect to a promissory note. Hencie paid to Edge \$55,000 upon the execution of the settlement agreement and will pay \$60,000 in equal monthly installments commencing in August 2002 until it pays to Edge a total of \$1,650,000 plus interest accruing at a fixed rate per annum equal to 8% percent. Hencie's aggregate payments to Edge under the settlement agreement may be reduced by \$450,000 (plus any interest accrued thereon) if (a) either (x) the Transaction closes and Hencie or New ALTM has paid at least three timely monthly installments to Edge or (y) Hencie has paid twelve timely monthly installments to Edge; (b) shares of ALTM with a value equal to 150% of the then outstanding debt have been pledged to Edge; and (c) no event of default under the settlement agreement has occurred. Hencie has recorded the original note principal of \$1,400,000 plus interest on its balance sheet. The IRS payroll tax liability will be paid out of the combined funds of New ALTM and Hencie upon closing of the Transaction. Adil Khan, as described elsewhere in this proxy, has agreed to indemnify Hencie from any liability to Hencie.com and Paul Tanner.

Net accounts receivable totaled \$676,979 at December 31, 2001 as compared to \$1,636,039 at December 31, 2000. Net days sales outstanding was 21 days as of December 31, 2001 and 58 days as of December 31, 2000. The decrease in accounts receivable and accrued revenues provided \$1,129,813 in cash during 2001. Bad debt expense decreased to \$126,893 as of December 31, 2001 from \$337,950 as of December 31, 2000. The improvement in accounts receivable and bad debt expense was attributable to better credit management, revised billing cycles and tighter management of client relationships.

Accounts payable increased to \$845,970 at December 31, 2001 from \$781,151 at December 31, 2000. Hencie is in active discussions with its creditors to resolve its accounts payable delinquencies.

In 2001, net cash provided by operating activities was \$612,958, compared to a cash use of \$ 2,879,162 in 2000. This change was largely attributable to an improvement in income from operations to a profit of \$391,984 in 2001 from a loss of \$4,939,048 in 2000. The unpaid payroll taxes in 2000 were classified as a source of cash under accrued expenses which primarily accounts for the difference between the loss of \$4,939,048 and the use of cash of \$2,879,162 in 2000.

In 2001, net cash used in investing activities was \$26,821 as compared to \$436,555 in 2000. Purchases of property and equipment in 2000 were due to one time expenditures incurred as a result of Hencie's move to its new headquarters and new computer equipment for consultants.

During 2001, Hencie repaid an aggregate of \$27,765 in outstanding principal on notes payable to its two commercial lenders, Bank of America under the U.S. Small Business Administration loan program ("SBA Loan") and Fleet Commercial Services. Hencie's SBA Loan is a 7 year note in the principal amount of \$150,000 bearing interest at 9.75% per year. As of March 31, 2002, Hencie owed \$110,174.54 on the SBA Loan. Hencie's note with Fleet, in the original principal amount of \$136,474, provides for 12 quarterly repayments of \$14,161 each. As of March 31, 2002, Hencie owed \$36,735 to Fleet. As of March 31, 2002, Hencie was in arrears on the payment of these

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

notes.

Hencie also has a factoring line of credit with JTA Factors which had \$1,129,212 outstanding as of December 31, 2000 and \$543,611 outstanding as of December 31, 2001. As of March 31, 2002, the amount outstanding under the factoring line of credit totaled \$688,226. The terms of the line of credit require Hencie to pay a 2% factoring fee on the factored amount at the time of any borrowing and an interest rate of 2% over the prime rate on all amounts outstanding. Hencie's effective interest rate on its indebtedness under its line of credit is 35%.

At March 31, 2002, Hencie had \$13,809 in cash and cash equivalents.

Hencie has entered into the Transaction to repay working capital deficits generated in 2000. The IRS Obligation will be paid out of the combined funds of New ALTM and Hencie upon closing of the Transaction. Hencie's management expects this payoff of the IRS Obligation and the consummation of the Transaction, together with cash flow with Hencie's operations, to result in increased liquidity and be sufficient to provide adequate financing for the next 12 months. Assuming consummation of the Transaction, Hencie has budgeted capital expenditures of approximately \$262,100 in 2002 and \$694,490 in 2003.

Hencie's future capital requirements will depend on a variety of factors, including market acceptance of its business solutions, the resources it devotes to develop, market, sell and support its current and future product and service offerings, consummation of business acquisitions and other factors. Hencie expects to devote substantial capital resources:

- to its sales and marketing efforts;
- to hire and expand its consulting, sales and marketing and customer support organizations;
- to further develop its solutions offerings; and
- for general corporate purposes.

Contractual Cash Obligations and Other Commercial Commitments

The following table reflects a summary of Hencie's contractual cash obligations and other commercial commitments as of December 31, 2001.

Hencie is obligated to make future minimum rental payments under operating leases that have initial or remaining terms in excess of one year at December 31, 2001 as follows:

Year	
2002	\$296,648
2003	\$323,616
2004	\$323,616
2005	\$53,936

Total:	\$997,816

Effect of Recently Issued Accounting Pronouncements

Hencie does not believe that any recently issued accounting pronouncements will have any material impact on its financial position, results of operation or cash flows.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Qualitative and Quantitative Disclosures about Market Risk

Hencie has limited exposure to financial market risks, including changes in interest rates. Approximately \$2,000,000 of Hencie's obligations are subject to a fluctuating interest rate. However, if market interest rates were to increase immediately and uniformly by 1%, there would not be a material impact on the results of operations or on Hencie's balance sheet. If short-term interest rates would have averaged 1% higher during the year ended December 31, 2001, Hencie's interest expense would have been approximately \$20,000. This amount was determined by applying the hypothetical interest rate change of 1% to Hencie's outstanding obligations under Hencie's factoring line of credit and the IRS Obligation.

Qualified Audit Opinion

The accompanying audited financial statements of Hencie for the fiscal year ended December 31, 2001 disclose that Hencie's recurring losses from operations, working capital deficiency and stockholders' deficiency, as well as notes payable in default and other contingencies, raise substantial doubt about its ability to continue as a going concern. While management of Hencie cannot give any assurances concerning the ultimate resolution of this condition, it believes that this condition will be substantially alleviated by consummation of the Transaction.

Executive Compensation and Employment Agreements

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

The Company has entered into an employment agreement and an addendum with Phillip D. Miller, its Chief Executive Officer, which provides for a term of five years expiring in September 2003 at a base salary of \$195,000 per year, with an annual increase equal to the then-existing salary multiplied by the average monthly increase in the cost of living index published by the United States Department of Labor for the 12-month period preceding such date. Mr. Miller is also entitled to bonuses up to 30% of his base salary based on attainment of performance criteria specified by the Compensation Committee. The agreement is terminable without an expressed reason by either Mr. Miller or the Company by three months' prior notice. In addition, the Company may terminate the agreement effective immediately for "cause," including neglect of duty, malfeasance, or continued failure to perform specified duties within 30 days after having received a written warning. If the agreement is terminated by the Company without an expressed reason, the Company is required to pay Mr. Miller as severance, within 60 days of the effective termination date, an amount equal to 12 months' base salary at the salary rate then in effect, plus accrued bonuses, if any. In the event of termination of the agreement by Mr. Miller, the Company is required to pay salary accrued through the date of termination, excluding any accrued bonus. The agreement further provides that Mr. Miller shall not, directly or indirectly, for a period of two years after termination (or one year if terminated by the Company without cause), engage in any similar business, solicit customers of the Company, or solicit employees of the Company in competition with the Company, in the United States. The agreement also provides for disability and life insurance at Company expense. The Company also agrees to pay for the cost of dependent coverage included in the Company's group health insurance plan.

The Company has entered into an employment agreement with Sandra J. Smith, as Chief Financial Officer, which provides for a term of two and one-half years expiring in December 2003 at a base salary of \$110,000 per year, with an annual increase equal to the then-existing salary multiplied by the average monthly increase in the cost of living index published by the United States Department of Labor for the 12-month period preceding each anniversary date. The agreement is terminable without an expressed reason by the Company provided that it pay salary and benefits for the unexpired portion of the term. In addition, the Company may terminate the agreement effective immediately for "cause". The agreement further provides that Ms. Smith shall not, directly or indirectly, for a period of one year after termination, directly or indirectly engage or be employed by, any business or entity that is in competition with the Company, without the prior written consent of the Company's CEO. The agreement also provides for a cash fee (subject to approval by the compensation committee) to be paid upon consummation of a transaction whereby all of the stock or substantially all of the assets of the Company or Alternate Postal Direct, Inc. are sold in a transaction which is identified, negotiated, and consummated with the assistance of Ms. Smith.

See "CERTAIN TERMS OF THE AGREEMENT Employment Agreements" in this proxy statement for a discussion of certain addenda to the employment agreements of Mr. Miller and Ms. Smith to be entered into in connection with the Transaction.

1995 Long-Term Incentive and Stock Option Plan

Effective July 21, 1995, the Company, by resolution of its board of directors and shareholders, adopted the 1995 Long-Term Incentive and Stock Option Plan (the "Incentive Plan"), which currently provides for the issuance of up to 500,000 shares of the Company's Common Stock. No Preferred Stock or other securities are authorized for issuance under the Incentive Plan. The Incentive Plan will terminate on July 20, 2005, unless sooner terminated by action of the Board.

All full or part-time employees (including officers and directors) of the

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Company (and any subsidiaries, including Alternate Postal Direct, Inc., National Home Delivery, Inc. and others, if the Company acquires or forms any additional subsidiaries) and non-employee directors, consultants and independent contractors providing services to the Company (or any subsidiaries) are eligible to receive options and awards under the Incentive Plan. The Incentive Plan is not subject to the Employee Retirement Income Security Act of 1974.

The Incentive Plan permits the granting of awards to employees and non-employee officers, directors and agents of the Company in the form of stock appreciation rights, restricted stock awards and stock options. Stock options granted under the Incentive Plan may be "incentive stock options," meeting the requirements of Section 422 of the Internal Revenue Code (the "Code"), or nonqualified options which do not meet the requirements of Section 422. The Incentive Plan is currently administered by the Stock Option Committee. The Incentive Plan gives broad powers to the Committee to administer and interpret the Plan, including the authority to select the individuals to be granted options and rights, and to prescribe the particular form and conditions of each option or right granted. Incentive stock options, in order to receive favored tax treatment under the Code, must be exercisable for not more than 10 years and at not less than the fair market value of the Common Stock as of the date of the grant (not more than 5 years and not less than 110% of the fair market value if the optionee is a 10% or greater shareholder) and may be granted only to employees. As of April 30, 2002, 533,854 options have been granted and 123,800 are outstanding.

See "PROPOSAL TO AMEND 1995 OPTION PLAN" in this proxy statement for a discussion of proposed amendments to the Incentive Plan.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who beneficially own more than ten percent (10%) of the Company's Common Stock, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission (the "SEC"). Executive officers, directors and greater than 10% beneficial owners are required by the SEC to furnish the Company with copies of all Section 16(a) forms they file.

Based upon a review of the copies of such forms furnished to the Company, the Company believes that during the fiscal year ended December 31, 2001 its executive officers, directors and greater than 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

selected by the board of directors.

The following biographical information is furnished with respect to each of the nominees.

Phillip D. Miller. Mr. Miller is the founder of the Company and has served as its Chief Executive Officer and as a member of the board of directors since inception in 1988. Mr. Miller holds an associate degree in business from Grand Rapids Junior College.

Thomas Hiatt. Mr. Hiatt has been a director of the Company since January 12, 1998. Mr. Hiatt is a co-founder and managing director since May 1998 of Centerfield Capital Partners, L.P., one of Indiana's largest private capital funds, and also serves since November 1989 as a general partner of Middlewest Ventures II, LP, a venture capital fund which holds an ownership interest in Alternate Marketing Networks, Inc. Mr. Hiatt currently serves as a director of several other companies, including PowerWay, Inc. and Stratis Corporation.

Brad Moore. Mr. Moore has been a director of the Company since January 11, 2002 when he filled the vacancy created by the resignation of John McKeon. Mr. Moore also sits on the Board of Directors of MarketResearch.com. Board Committees

Audit Committee	Compensation Committee	Stock Option Committee
Stan Henry Louis Sito	Thomas Hiatt John McKeon	Thomas Hiatt John McKeon

The purpose of the Audit Committee is to (1) annually select a firm of independent public accountants as auditors of the books, records and accounts of the Company; (2) review the scope of audits made by the independent public accountants; and (3) receive and review the audit reports submitted by the independent public accountants and take such action in respect of such reports as the Audit Committee may deem appropriate to assure that the interests of the Company are adequately protected. See "AUDIT COMMITTEE REPORT" in this proxy statement.

The purpose of the Compensation Committee is to annually review and approve management's overall compensation plan for the Company's employees, excluding officers. The Committee also approves all incentive plans and sets officer annual salaries and incentives, including cash and non-cash remuneration. The Compensation Committee also makes recommendations to the Stock Option Committee with respect to stock options and awards, which may be

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

included in the compensation set forth for each individual.

The purpose of the Stock Option Committee is to administer and interpret the 1995 Long-Term Incentive and Stock Option Plan (the "Incentive Plan").

During the year ended December 31, 2001, the board of directors met five times. The Audit Committee met two times and the Compensation and Stock Option Committees each met two times. Louis Sito and John McKeon attended less than 75% of the aggregate of the meetings of the board of directors and the board committees on which they served.

Brad Moore has replaced John McKeon on the Compensation Committee and Stock Option Committee in fiscal 2002.

Director Compensation

Non-employee directors do not receive any cash compensation but, pursuant to the Outside Directors and Advisors Plan (the "Directors Plan"), each non-employee director of the Company is granted stock options on an annual basis when elected or re-elected to the board of directors. Non-employee directors are reimbursed for expenses in accordance with Company policy.

1995 Outside Directors and Advisors Stock Option Plan

Effective July 21, 1995, the Company, by resolution of its board of directors and shareholders, adopted the 1995 Outside Directors and Advisors Stock Option Plan (the "Directors Plan") which provides for the issuance of up to 75,000 shares of the Company's Common Stock to non-employee members of the board of directors and non-employee members of the Company's Advisory Board (which is currently inactive). No Preferred Stock or other securities are authorized for issuance under the Directors Plan. The Directors Plan will terminate on July 20, 2005, unless sooner terminated by action of the Board.

Only non-employee members of the board of directors of the Company and non-employee advisors to the Company (of which there are currently none) are eligible to receive grants under the Directors Plan. The Directors Plan is not subject to the Employee Retirement Income Security Act of 1974. The Directors Plan provides for a grant to non-employee directors and advisors of options to purchase 5,000 shares upon initial election to the Board or 1,000 shares upon appointment as an advisor (an "Initial Option") and, in the case of directors, for annual grants thereafter, upon re-election, of options to purchase 2,500 shares (an "Annual Option"). Directors or advisors may choose to waive such option grants, in their discretion. All options granted under the Directors Plan are "non-qualified" options which do not meet the requirements of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code").

The Directors Plan is administered by the Chief Executive Officer and Chief Financial Officer, but the administrators have no authority to select recipients, select the date of grant of options, the number of option shares, or the exercise price, or to otherwise prescribe the particular form or conditions of any option granted. As of April 30, 2002, 77,500 options have been granted and 67,500 are outstanding. Initial Options and Annual Options are immediately exercisable for a period of 10 years from the date of grant. Except for the Initial Options currently outstanding, all Initial Options and Annual Options have an exercise price per share equal to 100% of the fair market value of the Common Stock as of the date of grant. Each Annual Option terminates three months after the termination of the optionee as a director of the Company for any reason except a "change in control," in which case the Option terminates after six months. An Initial Option remains exercisable, notwithstanding the termination of the directorship of the optionee, unless such termination is a result of death or a "change in control," in which case

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

the Initial Option terminates after six months. A "change in control" shall be deemed to have occurred if (a) a person is or becomes the beneficial owner, directly or indirectly, of 50% or more of the voting capital stock of the Company, or (b) during any period of two consecutive years, individuals who at the beginning of such period constitute the Board cease for any reason to constitute at least a majority of the Board unless the election or the nomination for election by the Company shareholders of each new director was approved by a vote of at least three-quarters of the directors then still in office who were directors at the beginning of the period. A merger, consolidation, or corporate reorganization in which the owners of the Company's voting stock own 50% or more of the resulting entity's voting stock shall not be considered a "change in control." Notwithstanding the foregoing, a "change in control" shall not have been deemed to have occurred if the Board otherwise directs by resolution adopted prior to the event which would otherwise constitute a "change in control."

The Directors Plan will be terminated upon shareholder approval of the amended and restated 1995 Long-Term Incentive and Stock Option Plan. Termination of the Plan means that no additional options will be granted; termination does not affect issued and outstanding options.

Indemnification of Directors and Officers

The Company's Restated Articles of Incorporation (the "Articles") limit personal liability for breach of fiduciary duty by its directors to the fullest extent permitted by the Michigan Business Corporation Act ("MBCA"). The Articles eliminate the personal liability of directors to the Company and its shareholders for damages occasioned by breach of fiduciary duty, except for liability based on breach of the director's duty of loyalty to the Company, liability for acts or omissions not made in good faith, liability for acts or omissions involving intentional misconduct, liability based on payments of improper dividends, liability based on violation of state securities laws, and liability for acts occurring prior to the date such provision was added. Any amendment to or repeal of such provisions in the Company's Articles shall not adversely affect any right or protection of a director of the Company for or with respect to any acts or omissions of such director occurring prior to such amendment or repeal. These provisions eliminate the personal liability of directors in their capacity as directors (but not in their capacity as officers) to the Company and to its shareholders to the fullest extent permitted by Michigan law.

In addition, the Company's Bylaws provide that officers and directors of the Company have the right to indemnification from the Company for liability arising out of certain actions to the fullest extent permissible by law. Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers or persons controlling the Company pursuant to such indemnification provisions, the Company has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

AUDIT COMMITTEE REPORT

The Audit Committee of our board of directors is comprised of two directors (both of whom are "independent" under the listing standards of The Nasdaq Stock Market) and operates under a written charter adopted and approved by the Board in 2000. During the fiscal year ended December 31, 2001, the members of the Committee were Stan Henry and Louis Sito. The Committee recommends to the board of directors, subject to shareholder ratification, the selection of the Company's independent accountants. The Committee has also discussed with PricewaterhouseCoopers LLP, the Company's independent auditors, the matters required to be discussed by the Auditing Standards Board Statement on Auditing Standards No. 61, as amended.

Based on its review, the Committee has recommended to the board of directors that the Company's audited consolidated financial statements for fiscal year 2001 be included in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2001.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders of Hencie, Inc.:

We have audited the accompanying consolidated balance sheets of Hencie, Inc. and subsidiary (the "Company") as of December 31, 2000 and 2001, and the related statements of operations, stockholders' equity (deficiency), and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of the Company at December 31, 2000 and 2001, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements for the year ended December 31, 2001, have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company's recurring losses from operations, working capital deficiency and stockholders' deficiency, as well as notes payable in default and other contingencies, raise substantial doubt about its ability to continue as a going concern. Management's plans concerning these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2000 AND 2001, AND THREE MONTHS ENDED MARCH 31, 2001 AND 2002 (UNAUDITED)

1. SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION AND BUSINESS - Hencie Consulting Services, Inc. was formed on November 19, 1996, and became a wholly owned subsidiary of Hencie, Inc., a Delaware corporation, which was formed on August 9, 2000 (collectively, "the Company"). The Company provides e-Business solutions and applications to a broad range of clients and industry segments.

CONSOLIDATED FINANCIAL STATEMENTS include the accounts of Hencie, Inc. and Hencie Consulting Services, Inc. from the dates of their formation and have been prepared in conformity with accounting principles generally accepted in the United States of America. Significant intercompany balances and transactions are eliminated in consolidation.

FINANCIAL STATEMENT PREPARATION requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the amounts of revenues and expenses reported during the periods. Actual results could differ from these estimates.

GOING CONCERN These financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has incurred significant, recurring losses and has a significant working capital deficiency and stockholders' deficiency at December 31, 2001. Notes payable of \$1,400,000 are past due and in default, and accrued payroll taxes of \$978,158 are due to the IRS (Notes 4 and 5) at December 31, 2001. Also, disputes have arisen on a capital contribution of \$1,425,000 in 2000, which could require repayment by the Company if not resolved (Note 7). These

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

factors raise substantial doubt about the Company's ability to continue as a going concern.

The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to generate sufficient cash flow to meet its obligations on a timely basis, to obtain additional financing, and ultimately to attain successful operations. The Company plans to continue to raise additional capital as required. As indicated in Note 10, the Company has entered into an agreement of reorganization with another company which is subject to approval by the public stockholders of that company. However, the Company cannot provide any assurances that these plans will be achieved and sufficient funding will result.

REVENUES from implementation contracts are recognized on a time-and-materials basis as services are performed. Revenues are accrued for services provided that have not been billed at the reporting date. The percentage-of-completion method is used to account for custom consulting contracts and fixed price contracts, with revenues recognized as services are performed over the life of the contract, based on the costs it incurs in relation to the total estimated costs. Revenues from separately priced maintenance contracts are initially deferred and recognized ratably over the term of the contract, which is typically 12 months. Out-of-pocket expenses reimbursed by clients are included in revenues, and the expenses incurred by the Company are included in cost of revenues.

SOFTWARE DEVELOPMENT COSTS are expensed as incurred and totaled \$140,000 and \$0 in 2000 and 2001, respectively, and \$0 for the three months ended March 31, 2001 and 2002 (unaudited).

CASH AND CASH EQUIVALENTS consist of liquid investments with maturities of three months or less at date of purchase.

ACCOUNTS RECEIVABLE are stated net of an allowance for doubtful accounts of \$316,532 and \$197,844 at December 31, 2000 and 2001, respectively, and \$215,155 at March 31, 2002 (unaudited). The Company performs credit evaluations of its customers and establishes credit limits, periodically reviews accounts receivable for collectibility, and provides an allowance for doubtful accounts as deemed necessary. Accounts receivable that are factored to a lender with full recourse to the Company are \$1,411,515 and \$679,514 at December 31, 2000 and 2001, respectively, and \$860,283 at March 31, 2002 (unaudited). These transfers of receivables to the lender are accounted for as secured borrowings.

PROPERTY AND EQUIPMENT are stated at cost less accumulated depreciation and amortization. Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets of primarily three years or the related lease term, if shorter.

STOCK-BASED COMPENSATION arising from stock option grants is accounted for by the intrinsic value method under APB Opinion No. 25. Statement of Financial Accounting Standards ("SFAS") No. 123 encourages (but does not require) the cost of stock-based compensation arrangements with employees to be measured based on the fair value of the equity instrument awarded. As permitted by SFAS No. 123, the Company applies APB Opinion No. 25 to its stock-based compensation awards to employees and discloses in Note 8 the required pro forma effect on operations.

UNAUDITED INTERIM FINANCIAL INFORMATION at March 31, 2002, and for the three months ended March 31, 2001 and 2002, have been prepared on the same basis as

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

the audited financial statements presented. In the opinion of management, such unaudited information include all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of this interim information. The results of these interim periods are not necessarily indicative of future results.

2. ACCOUNTS RECEIVABLE AND SIGNIFICANT CUSTOMERS

4. NOTES PAYABLE AND DEBT

The Company has a factoring arrangement under which it can sell its accounts receivable to a lender with full recourse to the Company in the event of collection losses. Notes payable of \$1,129,212 and \$543,611 at December 31, 2000 and 2001, respectively, and \$688,226 at March 31, 2002 (unaudited), represents the outstanding borrowings under this arrangement. A major stockholder of the Company guarantees 100% of the accounts receivable factored by the Company.

Senior subordinated convertible note payable of \$1,400,000, bears interest at 8%, and was due at the original maturity date of November 21, 2001. On May

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

22, 2002, the Company entered into a settlement agreement with Edge Technology Group, Inc., a Delaware corporation ("Edge"), to resolve litigation that had arisen with respect to the note. Pursuant to that agreement, the Company initially paid to Edge \$55,000 upon the execution of the settlement agreement and, after August 15, 2002, or the closing of the agreement of reorganization (the "Transaction Agreement") the Company has entered into with another company (Note 10), is obligated to pay \$60,000 in equal monthly installments until it pays to Edge a total of \$1,650,000 plus interest accruing at a fixed rate per annum equal to 8% percent. The Company's aggregate payments to Edge under the settlement agreement may be reduced by \$450,000 (plus any interest accrued thereon) if (a) either (x) the Transaction Agreement is closed and the Company or the company mentioned in Note 10 has made at least three timely monthly installments of principal and interest to Edge or (y) the Company makes twelve timely monthly installments of principal and interest to Edge; (b) shares of the Company mentioned in Note 10 with a value equal to 150% of the then outstanding debt have been pledged to Edge; and (c) no event of default pursuant to the settlement agreement has occurred.

The convertible feature of the note, which allowed the holder to convert the note into 885,543 shares of Series A convertible preferred stock, expired in November 2000.

Long-term debt consists of the following:

	December 31, 2000	December 31, 2001	March 31, 2002 (unaudited)

Payroll taxes payable to the IRS	\$1,955,758	\$ 978,158	\$ 788,891

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Payroll taxes are payable under a payment plan with the IRS where the Company pays \$92,692 monthly, including interest at a floating rate (6% at December 31, 2001), beginning January 2001 and continuing until paid in full in December 2002.

6. EMPLOYEE BENEFITS

The Company maintains a qualified cash or deferred compensation plan under Section 401(k) of the Internal Revenue Code. Under the plan, domestic employees may elect to defer up to 15% of their salary, subject to the Internal Revenue Service limits. The Company, on an elective basis, contributes a matching 50% of the first 6% of employee contributions. In 2000 and 2001, the Company's contributions were \$143,325 and \$150,444, respectively, and were \$39,140 and \$0 for the three months ended March 31, 2001 and 2002, respectively (unaudited).

7. COMMITMENTS AND CONTINGENCIES

OPERATING LEASES - The Company leases certain corporate office space in Dallas and Houston, Texas under noncancelable operating lease agreements. Rent expense under these leases was \$465,106 and \$347,826 in 2000 and 2001, respectively, and \$104,159 and \$54,313 for the three months ended March 31, 2001 and 2002, respectively (unaudited). Future minimum rental commitments under such leases at December 31, 2001, are as follows: \$296,648 in 2002, \$323,616 in 2003, \$323,616 in 2004, and \$53,936 in 2005. The Dallas office lease includes a renewal option of three years at similar terms and conditions.

LEGAL PROCEEDINGS - The Company faces potential litigation related to a capital contribution of \$1,425,000 in 2000. On January 9, 2001, the Company received a demand letter from Hencie.Com, an affiliate of Paul A. Tanner (see Note 8, Formation), claiming that (i) Hencie.Com was entitled to 1,500,000 shares of the Company's common stock (the "Collateral") in connection with an alleged stock purchase agreement by and between the Company and Hencie.Com and (ii) the Company owed Hencie.Com \$1,900,000 in connection with \$1,400,000 that was advanced to the Company by Hencie.Com (collectively, the "Claims"). The Company has investigated the Claims and concluded that the Company's CEO, and not the Company, is obligated to pay and deliver 1,176,000 shares of the Company's common stock, issued in the name of the CEO, to Hencie.Com, upon execution by Paul A. Tanner of certain releases, in connection with a transaction consummated as of September 15, 2000, by and between the Company, its CEO, and certain other parties (the "Equity Transaction"). The CEO has agreed, pursuant to that Indemnification Agreement, dated September 15, 2000, to indemnify the Company from and against any losses or liabilities arising out of or relating to the Claims.

The Company believes that the indemnification agreement will be sufficient to eliminate the risks to the Company. However, if the dispute is not resolved and the Collateral is not sufficient, the resulting outcome could require the Company to repay all or a portion of the capital contribution. In the event litigation in connection with the Claims is pursued and the CEO is, for any reason, unable to fulfill his indemnification obligations to the Company in connection with such Claims, the Company intends to vigorously contend the Claims and pursue any potential counterclaims that may be available. However, the business, financial condition, and operations of the Company could be materially and adversely affected by an outcome that is adverse to the Company with respect to any of the Claims, legal fees and expenses associated with investigating, contesting, and defending against any of the Claims, whether or not the Claims are successfully pursued by Mr. Tanner, and the diversion of management's time and resources in connection with any such investigation, contest, or defense. Therefore, the dispute and legal fees and expenses

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

incurred in connection with such dispute could have a material and adverse effect on the Company.

8. STOCKHOLDERS' EQUITY

FORMATION - Upon formation of Hencie, Inc. ("Hencie") in August 2000, Hencie Consulting Services, Inc. ("HCS") had 4,000,000 shares of common stock outstanding. A stockholder of HCS exchanged 1,500,000 shares of HCS common stock for 100 shares of Series A junior preferred stock, which was later exchanged for 100 shares of Hencie Series B junior preferred stock discussed below. Other stockholders of HCS exchanged a total of 2,500,000 shares of HCS common stock for 1,500,000 shares of Hencie common stock.

HCS also received a capital contribution of \$1,425,000 from an individual as part of his fund raising efforts for HCS. However, no shares were issued, and there are disputes with this individual as discussed in Note 7, Legal Proceedings.

COMMON STOCK - Upon formation, Hencie also issued 9,000,000 common shares to the CEO, of which 7,000,000 were vested for past services and 2,000,000 were restricted for future services and vest over four years. All of these shares were recorded at \$0.10 per share based on estimated fair value. Stock-based compensation and costs of \$700,000 was recorded in 2000 for the 7,000,000 shares and is included in operating expenses. Deferred compensation of \$200,000 was recorded in 2000 for the 2,000,000 shares, and amortization of deferred compensation of \$16,668 and \$50,000 was recorded in 2000 and 2001, respectively, and \$12,500 for each of the three months ended March 31, 2001 and 2002 (unaudited), and is included in stock-based compensation and other costs in operating expenses. The CEO has pledged 3,000,000 of the vested shares as collateral under an indemnification agreement related to the disputes discussed in Note 7, Legal Proceedings.

In 2001, the Company issued 200,000 common shares to a customer. These shares were valued at \$0.10 per share based on estimated fair value, and the total of \$20,000 was recorded as a reduction of revenues.

SERIES B JUNIOR PREFERRED STOCK - The Company has authorized 50 million shares of \$.01 par value junior, cumulative, nonvoting preferred stock. The preferred stock has a liquidation value of \$10,000 per share and accumulates dividends at 8% per annum, when and if declared. At December 31, 2000 and 2001, there are 100 shares of preferred stock issued and outstanding. At December 31, 2001, the shares have cumulative dividends in arrears of \$80,000.

UNAUDITED INTERIM PERIOD IN 2002 - In March 2002, the Company redeemed the 100 outstanding shares of Senior B Junior Preferred Stock by issuing 1,919,857 shares of the Company's common stock. The Company also issued 696,522 shares to a vendor and 108,279 shares to employees for services performed. These shares were valued at \$0.20 per share based on estimated fair value, and the total of \$160,960 was recorded as stock-based compensation and other costs in operating expenses.

STOCK OPTION PLANS - The 1999 Stock Option Plan (the "1999 Plan"), as amended, provides for the granting of incentive stock options and nonqualified options for up to 2,250,000 common shares at an exercise price at least equal to the fair value on the grant date. Options may be exercised in whole or in installments and expire no later than ten years after the grant date. Options generally vest over a period of four years.

On August 30, 2000, the Company adopted the 2000 Stock Option Plan (the "2000 Plan"). The 2000 Plan provides for the granting of incentive stock, restricted stock, and nonqualified options for up to 3,698,712 shares of common stock at an exercise price at least equal to the fair value on the

grant date. Options are exercisable beginning with the grant date and may be exercised in whole or in installments and expire no later than ten years after the grant date. The options or the related common stock issued from the options exercised generally vest over a period of ten quarters.

Stock option activity in 2000 and 2001 and for the three months ended March 31, 2002 (unaudited), is as follows:

	Number of Shares	Exercise Price
Outstanding options, January 1, 2000	1,082,584	\$ 0.03
Granted	3,127,202	0.03
Canceled	(373,149)	0.03

	-----	-----
Outstanding options, March 31, 2002 (98,815 exercisable)-unaudited	98,815	\$ 0.03

The following table summarizes additional information about stock options outstanding and exercisable at December 31, 2001:

Options Outstanding			Options Exercisable		
Exercise Price	Number of Shares	Weighted Average Remaining Contractual Life	Weighted Average Exercise Price	Number of Shares	Weighted Average Exercise Price
\$ 0.03	2,277,283	8.70 years	\$ 0.03	2,016,023	\$ 0.03

The Company applies APB No. 25 and related interpretations in accounting for the plans. Deferred compensation of \$83,636 and \$180,040 was recorded in 2000 and 2001, respectively, for 1,194,800 and 1,427,500 options granted, respectively, based on the excess of the estimated fair value of the common stock on the grant dates over the exercise price of \$0.03 per share. Amortization of deferred compensation of \$13,787 and \$44,939 was recorded in 2000 and 2001, respectively, and \$8,621 and \$26,368 for the three months ended March 31, 2001 and 2002, respectively (unaudited), and is included in stock-based compensation and other costs in operating expenses. SFAS No. 123 prescribes a method to record compensation cost at the estimated fair value of the options at the grant date. Had compensation cost been determined with the method prescribed by SFAS No. 123, the Company's pro forma net loss would have been as follows:

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

	December 31,	
	2000	2001
Net Income (Loss)	\$ (5,232,444)	\$ (243,951)
Pro Forma Net Income (Loss)	\$ (5,236,766)	\$ (249,364)

In the pro forma calculations, the weighted average fair value of options granted to employees in 2000 and 2001 was estimated at \$.04 and \$.13 per share, respectively. The fair value of each option grant was estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted average assumptions used for grants in 2000 and 2001, respectively: risk-free interest rate of 6.40% and 3.51%, no dividend yield, expected lives of three years and no expected volatility (because the Company's stock is not publicly traded).

UNAUDITED INTERIM PERIOD IN 2002 - In March 2002, options to purchase 2,195,468 common shares were exercised. These shares issued are restricted, and the vesting schedule from the related options continues, except for 452,069 shares for which the vesting was accelerated due to the planned sale of the Company (Note 10). This acceleration of vesting created a new measurement date, and deferred compensation of \$65,508 was recorded based on the excess of the estimated fair value of the common stock on the date of the acceleration of vesting over the exercise price of \$0.03 per share, less the deferred compensation recognized at the original measurement date. The 452,069 shares are also restricted for a period of six months following the sale of the Company, and the deferred compensation will be amortized by the Company and included in stock-based compensation and other costs in operating expenses over this period of six months.

9. INCOME TAXES

All of the other terms and conditions of such substitute New ALTM Option or New ALTM warrant shall be identical to the terms and conditions of such formerly outstanding ALTM option or warrant as outstanding immediately prior to the Reincorporation Effective Time. Tanner, an affiliate of Hencie.Com ("Tanner"); provided, however, that Adil Khan shall also defend, indemnify and hold Hencie and Hencie Consulting and their respective officers, directors, employees, agents and controlling persons harmless from and against, and promptly reimburse each such party for, any Loss, that any such party actually incurs or to which such party becomes subject, which Loss(es), whether or not involving a third party claim, arise, either directly or indirectly, out of any claim(s) referred to in Section 9.6(iv) and that, for purposes of this Section 9.6 and with respect to any Loss(es) arising out of or relating to any claim(s) referred to in Section 9.6(iv) only, the term ALTM Indemnified Parties shall include, without limitation, Hencie and Hencie Consulting and their respective officers, directors, employees, agents and controlling persons; provided, however, that any claim for indemnification of Hencie, Hencie Consulting, or any of their respective officers, directors, employees, agents or controlling persons pursuant to this Section 9.6 shall be subordinate to any and all claims for indemnification of the ALTM Indemnified Parties and shall be paid only to the extent of the remaining Escrow Shares in the escrow fund after payment of any and all claims for indemnification, if any, of the ALTM Indemnified Parties.

Subject to the other provisions of this Section 9.6, Adil Khan shall promptly pay to any ALTM Indemnified Party the amount of any and all Loss(es) after the amount of any such Loss(es) and Adil Khan's liability therefore is established by (x) a written agreement between an ALTM Indemnified Party and Adil Khan, (y) with respect to an Asserted Liability not involving a third-party claim, a binding decision rendered in arbitration, or (z) with respect to an Asserted Liability involving a third-party claim, a final, binding and non-appealable decision, judgment or other order of a court of competent jurisdiction, an administrative agency or other competent authority (any Loss(es) so established shall be referred to herein as an "ALTM Established Loss" and collectively, as "ALTM Established Losses"); provided, however, that Adil Khan shall not have any liability for any claims for indemnification hereunder unless (xx) an ALTM Indemnified Party and Adil Khan shall agree in writing that Adil Khan shall have liability for a Loss related to a Breach, (yy) with respect to an Asserted Liability not involving a third-party claim, a demand for arbitration conducted in accordance with the Arbitration Rules and the Supplementary Procedures for Large, Complex Disputes of the American Arbitration Association is made, or (zz) with respect to an Asserted Liability involving a third-party claim, a claim by a third party with a court of competent jurisdiction, an administrative agency or other competent authority is filed prior to the twenty-four (24) month anniversary of the First Closing Date and any such liability shall be deemed waived, and no Person shall have any remedy for any such Loss(es); it being the intention of the parties that all claims relating to such Loss(es) shall thereafter be forever barred. Any demand for arbitration seeking indemnification hereunder or third-party claim in connection with liability for a Loss related to a Breach made during such twenty-four (24) month period shall remain valid and the representations and warranties relating thereto shall remain in effect for purposes of such indemnification notwithstanding that the amount or validity of such claim(s) may not be established or resolved within such twenty-four (24) month period.

Subject to the legal opinion referred to below in this Section 9.6 and except as limited by the Deductible and the Cap, Adil Khan shall promptly pay to any ALTM Indemnified Party, the amount of any and all ALTM Established Loss(es) in cash equal to the amount of such ALTM Established Loss(es) within thirty (30) Business Days after such ALTM Established Loss(es) have been established in accordance with this Section 9.6; provided, however, that if such cash payment is not made by Adil Khan within such thirty (30) Business Day period then the escrow agent under the Indemnification Escrow Agreement

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

shall pay to such ALTM Indemnified Party an amount of Escrow Shares having a market value, determined as of the date such ALTM Established Loss(es) shall have been established, equal to such ALTM Established Loss(es); provided, however, that, if New ALTM receives an opinion from its legal counsel to the effect that payment of an ALTM Established Loss must be paid in New ALTM Common Stock in order to avoid jeopardizing the status of this Agreement or the transactions contemplated hereby as a "tax free" reorganization, then the payment of the ALTM Established Loss(es) shall be made with an amount of Escrow Shares having a market value, determined as of the date such ALTM Established Loss(es) shall have been established, equal to such ALTM Established Loss(es) in lieu of cash; provided, however, that Adil Khan shall be given a reasonable time to register such Escrow Shares under the Securities Act if Adil Khan, in his sole and absolute discretion, shall determine that such registration is necessary or appropriate. The parties hereto acknowledge and agree that Adil Khan's indemnification obligations under this Section 9.6 are for the exclusive benefit of the ALTM Indemnified Parties and enforceable only by the ALTM Indemnified Parties.

(a) Deductible. Adil Khan shall not be liable for, and shall not be obligated to pay, any amount until the party or parties to be indemnified has or have incurred aggregate ALTM Established Losses, as applicable, in excess of \$150,000 (the "Deductible"). At such time as the aggregate ALTM Established Loss(es) incurred by the party or parties to be indemnified shall exceed the Deductible, the claimant shall be entitled to the full amount of such ALTM Established Loss(es), including, without limitation, the amount of the Deductible, subject to the other provisions of this Section 9.6.

(b) Cap. Adil Khan shall not be liable for, and shall not be obligated to pay, for any reason, in connection with this Section 9.6, any amount in excess of the applicable Cap; provided, however, that the Cap shall not apply to any ALTM Established Loss(es) arising out of or relating to any claims(s) referred to in Section 9.6(iv). For purposes hereof, the applicable "Cap" shall be \$750,000.

(c) Arbitration. Subject to the other provisions of this Section 9.6, any claims for indemnification hereunder not involving a third-party claim, shall be resolved and/or settled by arbitration conducted in accordance with the Arbitration Rules and the Supplementary Procedures for Large, Complex Disputes of the American Arbitration Association. Any arbitration hearing to be held in connection with this Section 9.6 shall be held in Dallas, Texas before a panel of three (3) neutral arbitrators mutually selected by the applicable ALTM Indemnified Party and Adil Khan which panel shall be comprised of licensed attorneys. If within twenty (20) Business Days, such parties are not able to mutually agree upon all three (3) neutral arbitrators the number of arbitrators needed to complete the panel shall be appointed in accordance with the rules of the American Arbitration Association. Any judgment on the award or decision rendered by the arbitration panel may be entered in any court having jurisdiction thereof. Any and all costs of arbitration, including, without limitation, legal fees incurred in connection with arbitration, shall be awarded to the prevailing parties as determined by arbitration and the arbitration panel shall have authority to and must award such costs and legal fees.

(d) Notice and Opportunity to Defend. Whenever an Asserted Liability involving a third-party claim shall arise for which any ALTM Indemnified Party may be entitled to indemnification hereunder, including, without limitation, receipt of notice of any third-party claim or commencement of any third-party Proceeding, and Adil Khan is obligated to provide indemnification pursuant to this Section 9.6, such ALTM Indemnified Party shall promptly give Adil Khan notice thereof. The ALTM Indemnified Party's failure to so notify Adil Khan shall not cause the ALTM Indemnified Party to

lose his, her or its right to indemnification under this Section 9.6, except to the extent that such failure materially prejudices Adil Khan's ability to defend against an Asserted Liability involving a third-party claim that such ALTM Indemnified Party has the right to defend against hereunder (and except as otherwise set forth in this Section 9.6). Such notice shall describe the Asserted Liability in reasonable detail, and if practicable shall indicate the amount (which may be estimated) of the Loss(es) that have been or may be asserted by the ALTM Indemnified Party. Notwithstanding anything in this Section 9.6 to the contrary, Adil Khan may defend against an Asserted Liability involving a third-party claim on behalf of such ALTM Indemnified Party utilizing counsel reasonably acceptable to such ALTM Indemnified Party, unless (a) such ALTM Indemnified Party reasonably objects to such assumption on the grounds that counsel for Adil Khan cannot represent both Adil Khan and such ALTM Indemnified Party where such representation would be reasonably likely to result in a conflict of interest or because there may be defenses available to such ALTM Indemnified Party that are not available to Adil Khan, (b) Adil Khan is not capable (by reason of disability, death, insufficient financial capacity, bankruptcy, receivership, liquidation, managerial deadlock, managerial neglect or similar events) of maintaining a reasonable defense of such action or proceeding, or (c) the action or proceeding seeks injunctive or other equitable relief against such ALTM Indemnified Party. If Adil Khan defends against an Asserted Liability involving a third-party claim, he shall do so vigorously and in good faith at his own expense and shall not be responsible for the costs of defense, investigative costs, attorney's fees or other expenses incurred by the ALTM Indemnified Party to defend such Asserted Liability involving the third-party claim (as such ALTM Indemnified Party may continue to defend using separate counsel, at his, her or its own expense). If the ALTM Indemnified Party assumes the defense of an Asserted Liability involving a third-party claim because Adil Khan has not elected to assume the defense, then he, she or it shall do so vigorously and in good faith and Adil Khan shall indemnify the ALTM Indemnified Party for his, her or its legal fees only to the extent that such legal fees are established as an ALTM Established Loss; provided, however, that Adil Khan shall not be liable for the legal fees of more than one (1) legal counsel for any and all ALTM Indemnified Parties in any one (1) jurisdiction notwithstanding the possibility that such legal fees may be included in the ALTM Established Loss(es). An ALTM Indemnified Party and Adil Khan may only settle or otherwise resolve without litigation any Asserted Liability involving a third-party claim with the consent of the other party, which consent shall not be unreasonably withheld.

(e) Third-Party Claims. The parties shall cooperate with each other with respect to the defense of any claims or litigation made or commenced by third-parties subsequent to the First Closing Date whether or not indemnification is available (for any reason) under this Section 9.6; provided, however, that the party requesting cooperation shall reimburse the other party for the other party's reasonable out-of-pocket costs and expenses of furnishing such cooperation.

(f) Indemnification Based Upon Net Losses. In addition to the Deductible and the Cap limitations on indemnification, the duty and obligation of Adil Khan to provide indemnification for ALTM Established Losses hereunder shall be limited to the net amount of any Loss(es) actually sustained or paid. In determining the amount of any ALTM Established Loss(es), the actual amount of Loss(es) shall be the amount in excess of any insurance coverage and shall be reduced by the aggregate value of any assets, properties and rights, including, without limitation, proceeds of insurance, claims, cross-claims, counterclaims and the like which are received or reasonably expected to be received by any ALTM Indemnified Party and the Tax benefits realized or reasonably expected to be realized by such party as a direct result of the Loss(es). In such connection, an ALTM Indemnified Party shall use its commercially reasonable efforts to pursue, and shall fully

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

cooperate with Adil Khan in pursuing by all appropriate action, any and all amounts which reasonably may be available from any third party. In addition, in determining the ALTM Established Loss(es) for which indemnification is required, the amount of indemnification shall be increased to include any Tax liability incurred or reasonably expected to be incurred by a party as a direct result of such indemnification. If any Tax benefit expected to be realized is in fact not realized, or any Tax liability expected to be incurred is not in fact incurred, then an adjustment shall be made promptly to compensate the disadvantaged party.

9.7 Appointments of Adil Khan. New ALTM shall take such steps as are necessary to cause Adil Khan (or appointee of Adil Khan) to have been duly appointed and qualified as the sole director of Hencie to serve as the sole member of the Board of Directors of Hencie and as the Chief Executive Officer of Hencie to serve as the Chief Executive Officer of Hencie, each for as long as Adil Khan shall continue to be employed by New ALTM pursuant to the Khan Employment Agreement or any successor employment agreement thereto.

9.8 Confirmation of Payment of IRS Obligation. Hencie shall take such steps as are necessary to provide, or cause to be provided to, New ALTM confirmation that any and all amounts owed by Hencie to the Internal Revenue Service in connection with the IRS Obligation have been paid.

ARTICLE X SURVIVAL

The agreements, representations, warranties and covenants of Hencie, the Stockholders and each of the ALTM Companies made in this Agreement shall survive the First Closing for a period of two (2) years, except for (a) this Article X and (b) those agreements, representations, warranties, covenants and other provisions contained herein (i) that by their terms apply or are to be performed in whole or in part before the Second Closing Date and (ii) which shall be governed by the terms of survival set forth in the applicable Section(s) of this Agreement with respect to such agreements, representations, warranties, covenants and other provisions.

FAIRNESS OPINION OF CAPITALINK, L.C.

May 29, 2002

Board of Directors
Alternate Marketing Networks, Inc.
One Ionia, SW
Suite 520
Grand Rapids, MI 49503

Gentlemen:

We have been advised that, pursuant to (a) an agreement dated as of April 9, 2002, by and among Alternate Marketing Networks, Inc., a Michigan corporation (the "Company"), Hencie, Inc. ("Hencie"), Alternate Marketing Networks, Inc., a Delaware corporation and a wholly-owned subsidiary of the Company ("New ALTM"), ALTM Combination Co., a wholly-owned subsidiary of the Company, Adil Khan and certain other shareholders of Hencie, and (b) the draft amended and restated agreement by and among the same parties (the "Transaction Agreements"), among other things, (i) shares of the Company's common stock will be converted automatically to the same number of shares of New ALTM, and (ii) New ALTM shall issue one share of New ALTM common stock for every 3.563 shares of Hencie common stock, subject to adjustment under certain circumstances as provided in the Transaction Agreements (the "Common Stock Exchange Ratio") (the "Proposed Transaction"). We have been retained to render an opinion as to whether, on the date of such opinion, the Common Stock Exchange Ratio is fair, from a financial point of view, to the shareholders of the Company.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

We have not been requested to opine as to, and our opinion does not in any manner address, the underlying business decision of the Company to proceed with or affect the Proposed Transaction. In addition, we have not been requested to explore any alternatives to the Proposed Transaction.

In arriving at our opinion, we took into account the assessment of general economic, market and financial conditions as well as our experience in connection with similar transactions and securities valuations generally and, among other things, reviewed documents relating to the Proposed Transaction, including the Transaction Agreements, and the draft preliminary proxy statement on Schedule 14A. In addition, we (i) reviewed publicly available financial information and other data with respect to the Company, including the Annual Report on Form 10-KSB for the fiscal year ended December 31, 2001, (ii) reviewed the Company's report on Form 10-QSB for the quarterly period ended March 31, 2002, (iii) reviewed information and data with respect to Hencie, including the Annual Report for the period ending December 31, 2001, Hencie's draft audited financial statement for the years ended December 31, 2001 and 2000, the Business Plan dated December 31, 2001, and the Business Review dated March 1, 2002, (iv) reviewed Hencie's financial information for the quarterly period ended March 31, 2002, (v) reviewed and analyzed certain financial characteristics of companies that were deemed to have characteristics comparable to those of the Company or those of Hencie, (vi) reviewed and analyzed certain financial terms of transactions involving target companies deemed to have characteristics comparable to the Company or Hencie, (vii) reviewed and discussed with representatives of the management of the Company and Hencie certain financial and operating information furnished by them, including financial analyses and projections and related assumptions with respect to the business, operations and prospects of the Company or Hencie, (viii) considered the historical financial results and present financial condition of the Company and Hencie, (ix) reviewed certain publicly available information concerning the trading of, and the trading market for, the common stock of the Company and companies deemed comparable to the Company, (x) reviewed and analyzed the relative financial contributions of ALTM and Hencie, (xi) reviewed and analyzed potential pro forma financial effects of the Proposed Transaction on the Company's earnings per share (xii) inquired about and discussed the Proposed Transaction and other matters related thereto with Company management, Company legal counsel and Hencie management, and (xiii) performed such other analyses and examinations as were deemed appropriate.

In arriving at our opinion, we have relied upon and assumed the accuracy and completeness of all of the financial and other information that was used without assuming any responsibility for any independent verification of any such information and have further relied upon the assurances of the Company and Hencie management that they are not aware of any facts or circumstances that would make any such information inaccurate or misleading. With respect to the financial projections utilized, we assumed that such projections have been reasonably prepared on a basis reflecting the best currently available estimates and judgments, and that such projections provide a reasonable basis upon which we could form an opinion. In arriving at our opinion, we did not make a physical inspection of the properties and facilities of the Company or Hencie, and we have not made or obtained any evaluations or appraisals of the assets and liabilities (contingent or otherwise) of the Company or Hencie. We assumed that the Proposed Transaction will be consummated in a manner that complies in all respects with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. In addition, based upon discussions with the Company, it is assumed that the Proposed Transaction will not be a taxable event to the Company's shareholders. We have also assumed, with your consent, that the Proposed Transaction will be consummated in accordance with the terms described in the

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Transaction Agreements, without any further amendments thereto, and without waiver by the Company of any of the conditions to any obligations thereunder or that any such revisions or waivers thereto will not be detrimental to the Company's shareholders.

Our opinion is necessarily based upon market, economic and other conditions as they existed on, and could be evaluated as of, May 29, 2002. Accordingly, although subsequent developments may affect our opinion, we have not assumed any obligation to update, review or reaffirm our opinion.

Our opinion is for the use and benefit of the Board of Directors in connection with its consideration of the Proposed Transaction and is not intended to be and does not constitute a recommendation to any shareholder of the Company as to how such shareholder should vote with respect to the Proposed Transaction. We do not express any opinion as to the underlying valuation or future performance of the Company or New ALTM or the price at which the Company or New ALTM common stock would trade at any time in the future.

Based upon and subject to the foregoing, it is our opinion that, as of the date of this letter, the Common Stock Exchange Ratio is fair to the Company's shareholders from a financial point of view.

In connection with our services, we have previously received a retainer and will receive the balance of our fee upon the rendering of this opinion. In addition, the Company has agreed to indemnify us for certain liabilities that may arise out of the rendering of this opinion. Richard Salpeter, the father of Scott Salpeter, a principal of Capitalink, is retained by Hencie and is the beneficial owner of shares of Hencie common stock (which will be exchanged for shares of New ALTM common stock pursuant to the Common Stock Exchange Ratio). Further, Richard Salpeter will receive a fee in connection with the closing of the Proposed Transaction. Scott Salpeter disclaims ownership interest in both such shares of Hencie common stock and such fee to be received by Richard Salpeter.

Our opinion is for the use and benefit of the Board of Directors and is rendered to the Board of Directors in connection with its consideration of the Proposed Transaction and may not be used by the Company for any other purpose or reproduced, disseminated, quoted or referred to by the Company at any time, in any manner or for any purpose, without the prior written consent of Capitalink, except that this opinion may be reproduced in full in, and references to the opinion and to Capitalink and its relationship with the Company may be included in, any proxy materials, registration statements or other materials relating to the Proposed Transaction that the Company files with the U.S. Securities and Exchange Commission.

Very truly yours,

CAPITALINK, L.C.

In case the number of shares of any series of Preferred Stock shall be decreased pursuant to this Section 4.3(b) (Increases and Decreases in Series of Preferred Stock), the number of shares so subtracted from any such series of Preferred Stock in the certificate(s) of designations shall become authorized, unissued, and undesignated shares of Preferred Stock.

ARTICLE V BOARD OF DIRECTORS

5.1 Powers. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors, except as otherwise provided by applicable law or this Certificate of Incorporation, which may exercise all powers of the Corporation and perform all such lawful acts and do all such lawful things that are not, by applicable law or this Certificate of Incorporation, directed or required to be exercised, performed, or done by the stockholders of the Corporation.

5.2 Number. Except as otherwise provided by or fixed pursuant to the provisions of Section 4.3 (Description of Preferred Stock) with respect to the right(s) of holders of any Preferred Stock or series of Preferred Stock to elect any additional director(s), the number of directors which shall constitute the "whole" (as defined below) Board of Directors shall be not less than five (5) and shall be fixed from time to time exclusively by the Board of Directors pursuant to a resolution adopted by the Board of Directors. For purposes of this Section 5.2 (Number), "whole" shall mean the total number of authorized directors, whether or not there exist any vacancies on the Board of Directors or unfilled previously authorized directorships, at the time such resolution is presented to the Board of Directors for adoption.

5.3 Staggered Board and Election. Except as otherwise provided by or fixed pursuant to the provisions of Section 4.3 (Description of Preferred Stock) of this Certificate of Incorporation with respect to the right(s) of holders of any Preferred Stock or series of Preferred Stock to elect any

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

additional director(s), the directors shall be divided into three (3) classes, designated as Class I, Class II, and Class III (which at all times shall be as nearly equal in number as possible), with the term of office of Class I directors to expire at the 2003 Annual Meeting of Stockholders, the term of office of Class II directors to expire at the 2004 Annual Meeting of Stockholders, and the term of office of Class III directors to expire at the 2005 Annual Meeting of Stockholders, upon election and qualification of their successors. At each annual meeting of stockholders after such classification and election, directors elected to succeed those directors whose terms shall have expired shall be elected for a full term of office, as applicable, to expire at the third ensuing annual meeting of stockholders after their election, upon election and qualification of their successors. The directors of the Corporation, except for any director(s) who may be elected as otherwise provided by or fixed pursuant to the provisions of Section 4.3 (Description of Preferred Stock) of this Certificate of Incorporation with respect to the right(s) of holders of any Preferred Stock or series of Preferred Stock to elect any additional director(s), shall be elected in accordance with this Section 5.3 (Staggered Board and Election) by the stockholders of the Corporation entitled to vote thereon at each annual meeting of stockholders.

5.4 Removal. Subject to the right of the holders of any Preferred Stock or series of Preferred Stock then outstanding, any director, or the entire Board of Directors, may be removed from office at any time, but only for "cause" (as defined below) and only by the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 2/3) of the voting power of the Voting Stock (as defined below), voting together as a single class. Except as may otherwise be provided by law, "cause" for removal shall exist only if any director whose removal has been proposed:

(a) has been convicted of a felony by a court of competent jurisdiction and such conviction is no longer subject to direct appeal,

(b) has been adjudged by a court of competent jurisdiction to be liable for gross negligence or misconduct in the performance of the duties of such director to the Corporation in connection with a matter of substantial importance to the Corporation, and such adjudication has become final and non-appealable, or

(c) has missed six (6) consecutive meetings of the Board of Directors.

For purposes of this Certificate of Incorporation, the term "Voting Stock" shall mean all issued and outstanding shares of stock of the Corporation entitled to vote generally in the election of directors or that otherwise are entitled to vote with such stock on the specific matter in question.

5.5 Vacancies. Subject to the rights of the holders of any Preferred Stock or series of Preferred Stock then outstanding, any newly-created directorship(s) resulting from any increase(s) in the authorized number of directors or any vacancy on the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office, or other reason, shall only be filled by a majority vote of the directors then in office, even though less than a quorum of the Board of Directors, or by a sole remaining director, as applicable. Under no circumstances shall the stockholders of the Corporation fill any such newly-created directorship(s) or vacancy on the Board of Directors. Any director(s) chosen in accordance with this Section 5.5 (Vacancies) shall hold office (a) for a term expiring at the annual meeting of stockholders at which the term of office of the class to which they have been elected expires, upon election and qualification of their successors, (b) until the successor of such director shall have been otherwise elected and qualified, (c) or until the earlier death, resignation,

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

retirement, disqualification, or removal from office of such director, as applicable. No decrease in the number of authorized directors constituting the whole Board of Directors shall shorten the term of any incumbent director(s).

5.6 Nominations, Ballots, and Cumulative Voting. Advance notice of nominations for the election of directors of the Corporation shall be given in accordance with the bylaws of the Corporation (the "Bylaws"). Election of directors need not be by written ballot unless the Bylaws shall so provide. No holders of shares of stock of the Corporation shall have any right(s) to cumulate votes in the election of directors of the Corporation.

5.7 Preferred Stock Directors. Notwithstanding the foregoing, whenever the holders of any Preferred Stock or series of Preferred Stock shall be entitled to elect any additional director(s) at an annual or special meeting of stockholders, the election, term of office, filling of vacancies, and other terms and features of such directorship(s) shall be governed by the terms and features of the resolution(s) adopted pursuant to Article IV (Authorization and Description of Stock) of this Certificate of Incorporation and applicable thereto, and the director(s) so elected shall not be divided into classes pursuant to this Article V (Board of Directors) unless expressly provided by such terms and features.

5.8 Limitation of Liability. No director of the Corporation shall be personally liable to the Corporation or the stockholders of the Corporation for monetary damages for breach of fiduciary duty as a director, except for the liability of a director (i) for any breach of the director's duty of loyalty to the Corporation or the stockholders of the Corporation, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, (iv) for any transaction from which the director derived an improper personal benefit, or (v) for any act or omission occurring prior to the date when this Section 5.8 (Limitation of Liability) becomes effective. If the DGCL is hereafter amended to authorize the further elimination or limitation of the liability of directors, then the liability of a director of the Corporation, in addition to the limitation of personal liability provided herein, shall be limited to the fullest extent permitted by the amended DGCL. Any repeal or modification of this Section 5.7 (Limitation of Liability) by the stockholders of the Corporation shall be prospective only and shall not adversely affect any limitation of the personal liability of a director of the Corporation existing at the time of such repeal or modification.

ARTICLE VI AMENDMENT OF CERTIFICATE OF INCORPORATION

In addition to any provisions of applicable law, any other provisions of this Certificate of Incorporation, and any resolution(s) of the Board of Directors adopted pursuant to Article IV (Authorization and Description of Stock) of this Certificate of Incorporation (and notwithstanding the fact that a lesser vote or no vote may be permitted by applicable law, any other provisions of this Certificate of Incorporation, or any resolution(s) of the Board of Directors adopted pursuant to Article IV (Authorization and Description of Stock) of this Certificate of Incorporation), the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 2/3%) of the voting power of the Voting Stock, voting together as a single class, shall be required to adopt any term or provision of the certificate of incorporation of the Corporation that would make the certificate of incorporation of the Corporation inconsistent or conflict with, amend, alter, or repeal Section 4.3 (Description of Preferred Stock), Article V (Board of Directors), this Article VI (Amendment of Certificate of Incorporation), Article VII (Amendment of Bylaws), Article IX (Meetings of Stockholders), or Article X (Indemnification) of this Certificate of Incorporation.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Subject to the foregoing provisions of this Article VI (Amendment of Certificate of Incorporation), the Corporation reserves the right to amend, alter, change, or repeal any term or provision contained in this Certificate of Incorporation, in any manner now or hereafter provided by applicable law, and all rights conferred upon stockholders of the Corporation in this Certificate of Incorporation are granted subject to this reservation.

ARTICLE VII AMENDMENT OF BYLAWS

In furtherance, and not in limitation, of the powers conferred upon the Corporation by applicable law, the Board of Directors is hereby expressly authorized to adopt, amend, alter, or repeal the Bylaws or adopt new Bylaws, without any action on the part of the stockholders of the Corporation, by the vote of a majority of the whole Board of Directors.

In addition to any provisions of applicable law, any other provisions of this Certificate of Incorporation, and any resolution(s) of the Board of Directors adopted pursuant to Article IV (Authorization and Description of Stock) of this Certificate of Incorporation (and notwithstanding the fact that a lesser vote or no vote may be permitted by applicable law, any other provisions of this Certificate of Incorporation, or any resolution(s) of the Board of Directors adopted pursuant to Article IV (Authorization and Description of Stock) of this Certificate of Incorporation), the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 2/3%) of the voting power of the Voting Stock, voting together as a single class, shall be required to adopt, amend, alter, or repeal any term or provision of the Bylaws that would make the Bylaws inconsistent or conflict with Section 4.3 (Description of Preferred Stock), Article V (Board of Directors), Article VI (Amendment of Certificate of Incorporation), this Article VII (Amendment of Bylaws), Article IX (Meetings of Stockholders), or Article X (Indemnification) of this Certificate of Incorporation.

In the event that any term or provision of the Bylaws is inconsistent, or conflicts, with the terms or provisions of this Certificate of Incorporation, this Certificate of Incorporation shall control.

ARTICLE VIII RIGHTS OF STOCKHOLDERS

No holder of shares of stock of the Corporation shall have any preemptive or other similar right, except as expressly provided by contract or by resolution(s) adopted by the Board of Directors which create a series of Preferred Stock, to purchase or subscribe for or receive any shares of any class, or series thereof, of stock of the Corporation, whether now or hereafter authorized, or any warrants, options, bonds, debentures, or other securities convertible into, exchangeable for, or carrying any right to purchase any shares of any class, or series thereof, of stock of the Corporation; provided, however, that any shares of any class, or series thereof, of stock of the Corporation and any warrants, options, bonds, debentures, or other securities convertible into, exchangeable for, or carrying any right to purchase any shares of any class, or series thereof, of stock of the Corporation may be issued or disposed of by the Board of Directors to any person or entity, and on such terms and for such lawful consideration, as the Board of Directors, in its sole discretion, shall deem advisable, or as to which the Corporation shall have by binding contract agreed.

ARTICLE IX MEETINGS OF STOCKHOLDERS

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Subject to the rights of the holders of any Preferred Stock or series of Preferred Stock then outstanding, any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of stockholders of the Corporation and may not be effected by any consent in writing by such stockholders. Except as otherwise required by applicable law and subject to the rights of the holders of any Preferred Stock or series of Preferred Stock then outstanding special meetings of stockholders of the Corporation may be called only by the chairman of the Board of Directors, if any, the President, if any, the Board of Directors pursuant to a resolution adopted by a majority of the whole Board of Directors, or holders of at least twenty-five percent (25%) of the voting power of the Voting Stock, voting together as a single class.

ARTICLE X INDEMNIFICATION

10.1 Right to Indemnification. Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit, or proceeding, whether civil, criminal, administrative, or investigative (each, a "Proceeding"), by reason of the fact that he or she is or was a director or an officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, or trustee of another corporation or of a partnership, joint venture, trust, or other enterprise, including, without limitation, service with respect to an employee benefit plan (an "Indemnatee"), whether the basis of such Proceeding is alleged action in an official capacity as a director, officer, or trustee or in any other capacity while serving as a director, officer, or trustee, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the DGCL, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than such law permitted the Corporation to provide prior to such amendment), against all expense, liability, and loss (including, without limitation, attorneys' fees, judgments, fines, Employee Retirement Income Security Act of 1974, as amended, excise taxes, or penalties and amounts paid in settlement) reasonably incurred or suffered by such Indemnatee in connection therewith; provided, however, that, except as provided in Section 10.3 (Right of Indemnatee to Bring Suit) with respect to Proceedings to enforce rights to indemnification, the Corporation shall indemnify any such Indemnatee in connection with a Proceeding (or part thereof) initiated by such Indemnatee only if such Proceeding (or part thereof) was authorized by the Board of Directors.

10.2 Right to Advancement of Expenses. In addition to the right to indemnification conferred in Section 10.1 (Right to Indemnification), an Indemnatee shall also have the right to be paid by the Corporation the expenses (including, without limitation, attorney's fees) incurred in defending any such Proceeding in advance of its final disposition (an "Advancement of Expenses"); provided, however, that, if required by the DGCL, an Advancement of Expenses incurred by an Indemnatee in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such Indemnatee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the Corporation of an undertaking (an "Undertaking"), by or on behalf of such Indemnatee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (a "Final Adjudication") that such Indemnatee is not entitled to be indemnified for such expenses under this Section 10.2 (Right to Advancement of Expenses) or otherwise.

10.3 Right of Indemnatee to Bring Suit. If a claim under Section 10.1 (Right to Indemnification) or 10.2 (Right to Advancement of Expenses) is not paid in full by the Corporation within sixty (60) days after a written claim

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

has been received by the Corporation, except in the case of a claim for an Advancement of Expenses, in which case the applicable period shall be twenty (20) days, the Indemnitee may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an Advancement of Expenses pursuant to the terms of an Undertaking, the Indemnitee shall be entitled to be paid also the expense of prosecuting or defending such suit. In (i) any suit brought by the Indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the Indemnitee to enforce a right to an Advancement of Expenses) it shall be a defense that, and (ii) in any suit brought by the Corporation to recover an Advancement of Expenses pursuant to the terms of an Undertaking, the Corporation shall be entitled to recover such expenses upon a final adjudication that, the Indemnitee has not met any applicable standard for indemnification set forth in the DGCL. Neither the failure of the Corporation (including its directors who are not parties to such action, a committee of such directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the Indemnitee is proper in the circumstances because the Indemnitee has met the applicable standard of conduct set forth in the DGCL nor an actual determination by the Corporation (including its directors who are not parties to such action, a committee of such directors, independent legal counsel, or its stockholders) that the Indemnitee has not met such applicable standard of conduct, shall create a presumption that the Indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the Indemnitee, be a defense to such suit. In any suit brought by the Indemnitee to enforce a right to indemnification or to an Advancement of Expenses hereunder, or brought by the Corporation to recover an Advancement of Expenses pursuant to the terms of an Undertaking, the burden of proving that the Indemnitee is not entitled to be indemnified, or to such Advancement of Expenses, under this Article X (Indemnification) or otherwise shall be on the Corporation.

10.4 Non-Exclusivity of Rights. The rights to indemnification and to the Advancement of Expenses conferred in this Article X (Indemnification) shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, the certificate of incorporation or bylaws of the Corporation, agreement, vote of stockholders or directors, or otherwise.

10.5 Insurance. The Corporation may maintain insurance, at its expense, to protect itself and any director, officer, employee, or agent of the Corporation or another corporation, partnership, joint venture, trust, or other enterprise against any expense, liability, or loss, whether or not the Corporation would have the power to indemnify such person or entity, as applicable, against such expense, liability, or loss under the DGCL.

10.6 Indemnification of Employees and Agents of the Corporation. The Corporation may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification and to the Advancement of Expenses to any employee or agent of the Corporation to the fullest extent of the provisions of this Article X (Indemnification) with respect to the indemnification and Advancement of Expenses of directors and officers of the Corporation.

10.7 Nature of Rights. The rights conferred upon any Indemnitee in this Article X (Indemnification) shall be contract rights and such rights shall continue as to an Indemnitee who has ceased to be a director, officer, or trustee and shall inure to the benefit of the Indemnitee's heirs, executors, and administrators. Any amendment, alteration, or repeal of this Article X (Indemnification) that adversely affects any right(s) of an Indemnitee or his, her, or its successor(s) shall be prospective only and shall not limit or eliminate any such right with respect to any Proceeding involving any

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

occurrence or alleged occurrence of any action or omission to act that took place prior to such amendment, alteration, or repeal.

Notice of adjournment of a meeting of stockholders need not be given if the time and place to which it is adjourned are announced at such meeting, unless the adjournment is for more than thirty (30) days or, after adjournment, a new record date is fixed for the adjourned meeting.

2.5 Quorum. Except as otherwise provided by law or by the Certificate of Incorporation, the holders of a majority of the votes entitled to be cast by the stockholders entitled to vote generally, present in person or by proxy, shall constitute a quorum at any meeting of the stockholders; provided, however, that in the case of any vote to be taken by classes or series, the holders of a majority of the votes entitled to be cast by the stockholders of a particular class or series, present in person or by proxy, shall constitute a quorum of such class or series.

2.6 Adjournment of Meetings. The chairman of the meeting or the holders of a majority of the votes entitled to be cast by the stockholders who are present in person or by proxy may adjourn the meeting from time to time whether or not a quorum is present. In the event that a quorum does not exist with respect to any vote to be taken by a particular class or series, the chairman of the meeting or the holders of a majority of the votes entitled to be cast by the stockholders of such class or series who are present in person or by proxy may adjourn the meeting with respect to the votes to be taken by such class or series. At any such adjourned meeting at which a quorum may be present, any business may be transacted which may have been transacted at the meeting as originally called.

2.7 Order of Business. The chairman of any meeting of stockholders of the Corporation shall determine the order of business and the procedure at the

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

meeting, including, without limitation, such regulations of the manner of voting and the conduct of discussion as he or she deems in order.

At each meeting of stockholders of the Corporation, the Chairman or, in the absence of the Chairman, the Chief Executive Officer or, in the absence of the Chairman and the Chief Executive Officer, such person as shall be selected by the Board of Directors shall act as chairman of the meeting. The order of business at each such meeting shall be as determined by the chairman of the meeting. The chairman of the meeting shall have the right and authority to prescribe such rules, regulations, and procedures and to do all such acts and things as are necessary or desirable for the proper conduct of the meeting, including, without limitation, the establishment of procedures for the maintenance of order and safety, limitations on the time allotted to questions or comments on the affairs of the Corporation, restrictions on entry to such meeting after the time prescribed for the commencement thereof, and the opening and closing of the voting polls.

At any annual meeting of stockholders of the Corporation, only such business shall be conducted as shall have been brought before such annual meeting (i) by or at the direction of the chairman of the meeting or (ii) by any stockholder who is a holder of record at the time of the giving of the notice provided for in this Section 2.7, who is entitled to vote at the meeting and who complies with the procedures set forth in this Section 2.7.

For business properly to be brought before an annual meeting by a stockholder, the stockholder must have given timely notice thereof in proper written form to the secretary of the Corporation (the "Secretary"). To be timely, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of the Corporation not less than ninety (90) days nor more than one hundred twenty (120) days prior to the first anniversary of the date of the immediately preceding annual meeting; provided, however, that in the event that the date of the annual meeting is more than thirty (30) days earlier or more than sixty (60) days later than such anniversary date, notice by the stockholder to be timely must be so delivered or received not earlier than the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the tenth (10th) day following the day on which public announcement (as defined below) of the date of such meeting is first made. To be in proper written form, a stockholder's notice to the Secretary shall set forth in writing as to each matter the stockholder proposes to bring before the annual meeting (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and address, as they appear on the Corporation's books, of the stockholder proposing such business, (iii) the class and number of shares of the Corporation which are beneficially owned by the stockholder, (iv) any material interest of the stockholder in such business, and (v) if the stockholder intends to solicit proxies in support of such stockholder's proposal, a representation to that effect. The foregoing notice requirements shall be deemed satisfied by a stockholder if the stockholder has notified the Corporation of his, her, or its intention to present a proposal at an annual meeting and such stockholder's proposal has been included in a proxy statement that has been prepared by management of the Corporation to solicit proxies for such annual meeting; provided, however, that if such stockholder does not appear or send a qualified representative to present such proposal at such annual meeting, the Corporation need not present such proposal for a vote at such meeting, notwithstanding that proxies in respect of such vote may have been received by the Corporation. Notwithstanding anything in these Bylaws to the contrary, no business shall be conducted at any annual meeting except in accordance with the procedures set forth in this Section 2.7. The chairman of an annual meeting may refuse to permit any business to be brought before an annual meeting which fails to comply with the foregoing procedures or, in the

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

case of a stockholder proposal, if the stockholder solicits proxies in support of such stockholder's proposal without having made the representation required by clause (v) of the third preceding sentence.

2.8 List of Stockholders. It shall be the duty of the Secretary or other officer who has charge of the stock ledger to prepare and make, at least ten (10) days before each meeting of stockholders of the Corporation, a complete list of the stockholders of the Corporation entitled to vote thereat, arranged in alphabetical order, and showing the address of each such stockholder and the number of shares registered in such stockholder's name. Such list shall be produced and kept available at the times and places required by law. A determination of stockholders entitled to vote at any meeting of stockholders of the Corporation pursuant to this Section 2.8 shall apply to any adjournment thereof.

2.9 Fixing Date for Determination of Stockholders of Record. In order that the Corporation may determine the stockholders of the Corporation entitled to notice of or to vote at any meeting of stockholders of the Corporation or any adjournment thereof, or entitled to receive payment of any dividend or other distribution or allotment or any rights, or entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix, in advance, a record date, which shall not be more than sixty (60) days nor less than ten (10) days before the date of such meeting, nor more than sixty (60) days prior to any other action. A determination of stockholders entitled to notice of or to vote at a meeting of the stockholders of the Corporation shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

2.10 Voting. Except as otherwise provided by law or by the Certificate of Incorporation, each stockholder of record of any series of Preferred Stock shall be entitled at each meeting of the stockholders to such number of votes, if any, for each share of such stock as may be fixed in the Certificate of Incorporation or in the resolution(s) adopted by the Board of Directors providing for the issuance of such stock, and each stockholder of record of common stock of the Corporation ("Common Stock") shall be entitled at each meeting of the stockholders to one (1) vote for each share of such stock, in each case, registered in such stockholder's name on the books of the Corporation:

(a) on the date fixed pursuant to Section 2.9 of these Bylaws as the record date for the determination of stockholders of the Corporation entitled to notice of and to vote at such meeting; or

(b) if no such record date shall have been so fixed, then at the close of business on the day next preceding the day on which notice of such meeting is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held.

Each stockholder of the Corporation entitled to vote at any meeting of stockholders of the Corporation may authorize not in excess of three (3) persons to act for such stockholder by proxy. Any such proxy shall be delivered to the secretary of such meeting at or prior to the time designated for holding such meeting, but in any event not later than the time designated in the order of business for so delivering such proxies. No such proxy shall be voted or acted upon after three (3) years from its date, unless the proxy provides for a longer period.

At each meeting of stockholders of the Corporation, all corporate actions to be taken by vote of the stockholders of the Corporation (except as otherwise required by law and except as otherwise provided in the Certificate of Incorporation or these Bylaws) shall be authorized by a majority of the votes cast by the stockholders entitled to vote thereon who are present in

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

person or represented by proxy, and where a separate vote by class or series is required, a majority of the votes cast by the stockholders of such class or series who are present in person or represented by proxy shall be the act of such class or series.

Unless required by law or determined by the chairman of the meeting to be advisable, the vote on any matter, including the election of directors, need not be by written ballot.

2.11 Inspectors. The chairman of the meeting shall appoint two (2) or more inspectors to act at any meeting of stockholders of the Corporation. Such inspectors shall perform such duties as shall be required by law or specified by the chairman of the meeting. Inspectors need not be stockholders. No director or nominee for the office of director shall be appointed such inspector.

2.12 Public Announcements. For the purpose of Sections 2.7 and 3.3 of these Bylaws, "public announcement" shall mean disclosure (a) in a press release reported by the Dow Jones News Service, Reuters Information Service, or any similar or successor news wire service or (b) in a communication distributed generally to stockholders and in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Sections 13, 14, or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or any successor provision(s) thereto.

2.13 Consent of Stockholders in Lieu of Meeting. Subject to the rights of the holders of any Preferred Stock or series of Preferred Stock then outstanding, any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of stockholders of the Corporation and may not be effected by any consent in writing by such stockholders.

ARTICLE III BOARD OF DIRECTORS

3.1 Powers. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors, except as otherwise provided by applicable law or the Certificate of Incorporation, which may exercise all powers of the Corporation and perform all such lawful acts and do all such lawful things that are not, by applicable law or the Certificate of Incorporation, directed or required to be exercised, performed, or done by the stockholders of the Corporation.

3.2 Number, Qualification, and Election. Except as otherwise provided by or fixed pursuant to the provisions of the Certificate of Incorporation with respect to the right(s) of holders of any Preferred Stock or series of Preferred Stock to elect any additional director(s), the number of directors which shall constitute the "whole" (as defined below) Board of Directors shall be not less than five (5) and shall be fixed from time to time exclusively by the Board of Directors pursuant to a resolution adopted by the Board of Directors.

Except as otherwise fixed by or pursuant to the provisions of Section 4.3 (Description of Preferred Stock) of the Certificate of Incorporation relating to the rights of the holders of any series of Preferred Stock, subject to Section 3.15 of this Article III, the number of directors constituting the whole Board of Directors shall be determined from time to time by the Board of Directors and shall initially be five (5).

The directors, other than those who may be elected by the holders of shares of any series of Preferred Stock pursuant to the provisions of Section 4.3 (Description of Preferred Stock) of the Certificate of Incorporation or

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

any resolution(s) providing for the issuance of such stock adopted by the Board of Directors, shall be elected by the stockholders of the Corporation entitled to vote thereon at each annual meeting of stockholders of the Corporation, and shall hold office until the next annual meeting of stockholders of the Corporation and until each of their successors shall have been duly elected and qualified.

Each director shall be at least 21 years of age. Directors need not be stockholders of the Corporation.

In any election of directors, the persons receiving a plurality of the votes cast, up to the number of directors to be elected in such election, shall be deemed elected.

3.3 Notification of Nominations. Subject to the rights of the holders of any series of Preferred Stock, nominations for the election of directors may be made by the Board of Directors or by any stockholder of the Corporation who is a stockholder of record at the time of giving of the notice of nomination provided for in this Section 3.3 and who is entitled to vote for the election of directors. Any stockholder of record entitled to vote for the election of directors at a meeting may nominate persons for election as directors only if timely written notice of such stockholder's intent to make such nomination is given, either by personal delivery or by United States mail, postage prepaid, to the Secretary. To be timely, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of the Corporation (i) with respect to an election to be held at an annual meeting of stockholders of the Corporation, not less than ninety (90) days nor more than one hundred twenty (120) days prior to the first anniversary of the date of the immediately preceding annual meeting; provided, however, that in the event that the date of the annual meeting is more than thirty (30) days earlier or more than sixty (60) days later than such anniversary date, notice by the stockholder to be timely must be so delivered or received not earlier than the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the tenth (10th) day following the day on which public announcement of the date of such meeting is first made and (ii) with respect to an election to be held at a special meeting of stockholders of the Corporation for the election of directors, not earlier than the ninetieth (90th) day prior to such special meeting and not later than the close of business on the later of the sixtieth (60th) day prior to such special meeting or the tenth (10th) day following the day on which public announcement is first made of the date of the special meeting and of the nominees to be elected at such meeting. Each such notice shall set forth (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated, (b) a representation that the stockholder is a holder of record of stock of the Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person(s) specified in the notice, (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person(s)) pursuant to which the nomination or nominations are to be made by the stockholder, (d) such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had each nominee been nominated, or intended to be nominated, by the Board of Directors, (e) the consent of each nominee to serve as a director of the Corporation if so elected, and (f) if the stockholder intends to solicit proxies in support of such stockholder's nominee(s), a representation to that effect. The chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure or if the stockholder solicits proxies in favor of such

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

stockholder's nominees without having made the representation required by the immediately preceding sentence. Only such persons who are nominated in accordance with the procedures set forth in this Section 3.3 shall be eligible to serve as directors of the Corporation.

Notwithstanding anything in the immediately preceding paragraph of this Section 3.3 to the contrary, in the event that the number of directors to be elected to the Board of Directors at an annual meeting of stockholders of the Corporation is increased and there is no public announcement naming all of the nominees for directors or specifying the size of the increased Board of Directors made by the Corporation at least ninety (90) days prior to the first anniversary of the date of the immediately preceding annual meeting, a stockholder's notice required by this Section 3.3 shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to or mailed to and received by the Secretary at the principal executive offices of the Corporation not later than the close of business on the tenth (10th) day following the day on which such public announcement is first made by the Corporation.

3.4 Quorum and Manner of Acting. Except as otherwise provided by law, the Certificate of Incorporation, or these Bylaws, a majority of the whole Board of Directors shall constitute a quorum for the transaction of business at any meeting of the Board of Directors, and, except as so provided, the vote of a majority of the directors present at any meeting at which a quorum is present shall be the act of the Board of Directors. The chairman of the meeting or a majority of the directors present may adjourn the meeting to another time and place whether or not a quorum is present. At any adjourned meeting at which a quorum is present, any business may be transacted which might have been transacted at the meeting as originally called.

3.5 Place of Meeting. Subject to Sections 3.6 and 3.7 of these Bylaws, the Board of Directors may hold its meetings at such place or places within or without the State of Delaware as the Board of Directors may from time to time determine or as shall be specified or fixed in the respective notices or waivers of notice thereof.

3.6 Regular Meetings. No fewer than four (4) regular meetings per year of the Board of Directors shall be held at such times as the Board of Directors shall from time to time by resolution determine. If any day fixed for a regular meeting shall be a legal holiday under the laws of the place where the meeting is to be held, the meeting which would otherwise be held on that day shall be held at the same hour on the next succeeding business day.

3.7 Special Meetings. Special meetings of the Board of Directors shall be held whenever called by the Chairman, the Chief Executive Officer, or by a majority of the directors, and shall be held at such place, on such date and at such time as he, she, or they, as applicable, shall fix.

3.8 Notice of Meetings. Notice of regular meetings of the Board of Directors or of any adjourned meeting thereof need not be given. Notice of each special meeting of the Board of Directors shall be given by overnight delivery service or mailed to each director, in either case addressed to such director at such director's residence or usual place of business, at least two (2) days before the day on which the meeting is to be held or shall be sent to such director at such place by telecopy or by electronic transmission or be given personally or by telephone, not later than the day before the meeting is to be held, but notice need not be given to any director who shall, either before or after the meeting, submit a waiver of such notice or who shall attend such meeting without protesting, prior to or at its commencement, the lack of notice to such director. Every such notice shall state the time and place but need not state the purpose of the

meeting.

3.9 Rules and Regulations. The Board of Directors may adopt such rules and regulations not inconsistent with the provisions of law, the Certificate of Incorporation, or these Bylaws for the conduct of its meetings and management of the affairs of the Corporation as the Board of Directors may deem proper.

3.10 Participation in Meeting by Means of Communications Equipment. Any one (1) or more members of the Board of Directors or any committee thereof may participate in any meeting of the Board of Directors or of any such committee by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other or as otherwise permitted by law, and such participation in a meeting shall constitute presence in person at such meeting.

3.11 Action Without Meeting. Any action required or permitted to be taken at any meeting of the Board of Directors or any committee thereof may be taken without a meeting if all of the members of the Board of Directors or of any such committee consent thereto in writing or as otherwise permitted by law and, if required by law, the writing or writings are filed with the minutes or proceedings of the Board of Directors or of such committee.

3.12 Resignations. Any director of the Corporation may resign at any time by giving written notice to the Board of Directors, the Chairman, the Chief Executive Officer, or the secretary of the Corporation (the "Secretary"). Such resignation shall take effect at the time specified therein or, if the time be not specified therein, upon receipt thereof; and, unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

3.13 Subject to the rights of the holders of any Preferred Stock or series of Preferred Stock then outstanding, any newly-created directorship(s) resulting from any increase(s) in the authorized number of directors or any vacancy on the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office, or other reason, shall only be filled by a majority vote of the directors then in office, even though less than a quorum of the Board of Directors, or by a sole remaining director, as applicable. Under no circumstances shall the stockholders of the Corporation fill any such newly-created directorship(s) or vacancy on the Board of Directors. Any director(s) chosen in accordance with Section 5.5 (Vacancies) of the Certificate of Incorporation shall hold office (a) for a term expiring at the annual meeting of stockholders at which the term of office of the class to which they have been elected expires, upon election and qualification of their successors, (b) until the successor of such director shall have been otherwise elected and qualified, (c) or until the earlier death, resignation, retirement, disqualification, or removal from office of such director, as applicable. No decrease in the number of authorized directors constituting the whole Board of Directors shall shorten the term of any incumbent director(s).

Subject to the rights of the holders of any series of Preferred Stock, any vacancies on the Board of Directors resulting from death, resignation, removal, or other cause shall only be filled by the Board of Directors, and not by the stockholders of the Corporation, by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum of the Board of Directors, or by a sole remaining director, and newly created directorships resulting from any increase in the number of directors. which increase shall be subject to Section 3.15 of these Bylaws, shall only be filled by the Board of Directors, or if not so filled, by the stockholders of the Corporation at the next annual meeting thereof or at a

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

special meeting called for that purpose in accordance with Section 2.3 of these Bylaws. Any director elected in accordance with the preceding sentence of this Section 3.13 shall hold office until the next annual meeting of the stockholders and until such director's successor shall have been elected and qualified.

3.14 Compensation. Each director, in consideration of such person serving as a director, shall be entitled to receive from the Corporation such amount per annum and such fees (payable in cash or stock) for attendance at meetings of the Board of Directors or of committees of the Board of Directors, or both, as the Board of Directors shall from time to time determine. In addition, each director shall be entitled to receive from the Corporation reimbursement for the reasonable expenses incurred by such person in connection with the performance of such person's duties as a director. Nothing contained in this Section 3.14 shall preclude any director from serving the Corporation or any of its subsidiaries in any other capacity and receiving proper compensation therefor.

3.15 Certain Modifications. Notwithstanding anything to the contrary contained in these Bylaws, the following actions taken either directly or indirectly by the Board of Directors shall require the affirmative vote of not less than seventy-five percent (75%) of the whole Board of Directors: (i) any change in the size of the Board of Directors and (ii) any proposal to amend these Bylaws to be submitted to the stockholders of the Corporation by the Board of Directors.

3.16 Removal. Subject to the right of the holders of any Preferred Stock or series of Preferred Stock then outstanding, any director, or the entire Board of Directors, may be removed from office at any time, but only for "cause" (as defined below) and only by the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 2/3) of the voting power of the Voting Stock, voting together as a single class. Except as may otherwise be provided by law, "cause" for removal shall exist only if any director whose removal has been proposed:

(a) has been convicted of a felony by a court of competent jurisdiction and such conviction is no longer subject to direct appeal,

(b) has been adjudged by a court of competent jurisdiction to be liable for gross negligence or misconduct in the performance of the duties of such director to the Corporation in connection with a matter of substantial importance to the Corporation, and such adjudication has become final and non-appealable, or

(c) has missed six (6) consecutive meetings of the Board of Directors.

3.17 Reliance upon Records. Every director, and every member of any committee of the Board of Directors of Directors, shall, in the performance of his or her duties, be fully protected in relying in good faith upon the records of the Corporation and upon such information, opinions, reports, or statements presented to the Corporation by any of its officers or employees, or committees of the Board of Directors, or by any other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Corporation, including, without limitation, such records, information, opinions, reports, or statements as to the value and amount of the assets, liabilities, and/or net profits of the Corporation, or any other facts pertinent to the existence and amount of surplus or other funds from which dividends might properly be declared and paid, and with which the stock of the Corporation might properly be purchased or redeemed.

3.18 Interested Directors. A director who is directly or indirectly a

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

party to a contract or transaction with the Corporation, or is a director or officer of or has a financial interest in any other corporation, partnership, association, or other organization which is a party to a contact or transaction with the Corporation, may be counted in determining whether a quorum is present at any meeting of the Board of Directors or a committee thereof at which such contract or transaction is considered or authorized, and such director may participate in such meeting and vote on such authorization to the extent permitted by Section 144 of the DGCL.

3.19 Presumption of Assent. Unless otherwise provided by law, a director who is present at a meeting of the Board of Directors or a committee thereof at which action is taken on any matter shall be presumed to have assented to the action taken unless his dissent shall be entered in the minutes of such meeting or unless he or she shall file his or her written dissent to such action with the person acting as secretary of such meeting before the adjournment thereof or shall forward such dissent by registered mail to the Secretary immediately after the adjournment of such meeting. Such right to dissent shall not apply to a director who voted in favor of such action.

ARTICLE IV COMMITTEES OF THE BOARD OF DIRECTORS

4.1 Establishment of Committees of the Board of Directors; Election of Members of Committees of the Board of Directors; Functions of Committees of the Board of Directors.

(a) The Corporation shall have two (2) standing committees: the audit and finance committee and the compensation committee.

None of the members of the audit and finance committee shall be an officer or full-time employee of the Corporation or of any subsidiary or affiliate of the Corporation.

(c) The compensation committee shall have the following powers and authority: (i) determining and fixing the compensation for all senior officers of the Corporation and its subsidiaries and divisions that the compensation committee shall from time to time consider appropriate, as well

as all employees of the Corporation compensated at a rate in excess of such amount per annum as may be fixed or determined from time to time by the Board of Directors, (ii) performing the duties of the committees of the Board of Directors provided for in any present or future stock option, incentive compensation, or employee benefit plan of the Corporation, and (iii) reviewing the operations of and policies pertaining to any present or future stock option, incentive compensation, or employee benefit plan of the Corporation that the compensation committee shall from time to time consider appropriate. None of the members of the compensation committee shall be an officer or full-time employee of the Corporation or of any subsidiary or affiliate of the Corporation.

(d) Any modification to the power and authority of any committee shall require the affirmative vote of not less than seventy-five percent (75%) of the whole Board of Directors.

(e) In addition, the Board of Directors may, with the affirmative vote of not less than seventy-five percent (75%) of the whole Board of Directors and in accordance with and subject to the DGCL, from time to time establish additional committees of the Board of Directors to exercise such powers and authorities of the Board of Directors, and to perform such other functions, as the Board of Directors may from time to time determine.

(f) The Board of Directors may remove a director from a committee, change the size of any committee or terminate any committee or change the chairmanship of a committee only with the affirmative vote of not less than seventy-five percent (75%) of the whole Board of Directors.

(g) The Board of Directors may designate one or more directors as new members of any committee to fill any vacancy on a committee and to fill a vacant chairmanship of a committee occurring as a result of a member or chairman leaving the committee, whether through death, resignation, removal, or otherwise; provided, however, that any such designation or any designation by the Board of Directors of a director as an alternate member of any committee in accordance with Section 141(c)(2) of the DGCL may only be made with the affirmative vote of not less than seventy-five percent (75%) of the whole Board of Directors.

4.2 Procedure; Meetings; Quorum. Regular meetings of committees of the Board of Directors, of which no notice shall be necessary, may be held at such times and places as shall be fixed by resolution adopted by a majority of the authorized members thereof. Special meetings of any committee of the Board of Directors shall be called at the request of any member thereof. Notice of each special meeting of any committee of the Board of Directors shall be sent by overnight delivery service, or mailed to each member thereof, in either case addressed to such member at such member's residence or usual place of business, at least two (2) days before the day on which the meeting is to be held or shall be sent to such member at such place by telecopy or by electronic transmission or be given personally or by telephone, not later than the day before the meeting is to be held, but notice need not be given to any member who shall, either before or after the meeting, submit a waiver of such notice or who shall attend such meeting without protesting, prior to or at its commencement, the lack of such notice to such member. Any special meeting of any committee of the Board of Directors shall be a legal meeting without any notice thereof having been given, if all the members thereof shall be present thereat and no member shall protest the lack of notice to such member. Notice of any adjourned meeting of any committee of the Board of Directors need not be given. Any committee of the Board of Directors may adopt such rules and regulations not inconsistent with the provisions of law, the Certificate of Incorporation, or these Bylaws for the conduct of its meetings as such committee of the Board of Directors may deem proper. A majority of the

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

authorized members of any committee of the Board of Directors shall constitute a quorum for the transaction of business at any meeting, and the vote of a majority of the members thereof present at any meeting at which a quorum is present shall be the act of such committee. Each committee of the Board of Directors shall keep written minutes of its proceedings and shall report on such proceedings to the Board of Directors.

ARTICLE V OFFICERS

5.1 Number; Term of Office. The officers of the Corporation shall be elected by the Board of Directors and shall consist of a Chairman, a Chief Executive Officer, a Chief Operating Officer, a Chief Financial Officer, a Vice Chairman, and one (1) or more Vice President(s) (including, without limitation, Assistant, Executive, Senior, and Group Vice Presidents) and a Treasurer, Secretary and Controller and such other officers or agents with such titles and such duties as the Board of Directors may from time to time determine, each to have such authority, functions, or duties as in these Bylaws provided or as the Board of Directors may from time to time determine, and each to hold office for such term as may be prescribed by the Board of Directors and until such person's successor shall have been chosen and shall qualify, or until such person's death or resignation, or until such person's removal in the manner hereinafter provided. The title of an office refers to the person or persons who at any given time perform the duties of that particular office for the Corporation. The Chairman, the Chief Executive Officer, and the Vice Chairmen shall be elected from among the directors. One (1) person may hold the offices and perform the duties of any two or more of said officers; provided, however, that no officer shall execute, acknowledge, or verify any instrument in more than one (1) capacity if such instrument is required by law, the Certificate of Incorporation, or these Bylaws to be executed, acknowledged, or verified by two (2) or more officers. The Board of Directors may require any officer, agent, or employee of the Corporation to give security for the faithful performance of such person's duties. ARTICLE VI INDEMNIFICATION

6.1 Right to Indemnification. The Corporation, to the fullest extent permitted or required by the DGCL or other applicable law, as the same exists or may hereafter be amended (but, in the case of any such amendment and unless applicable law otherwise requires, only to the extent that such

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

amendment permits the Corporation to provide broader indemnification rights than such law permitted the Corporation to provide prior to such amendment), shall indemnify and hold harmless any person who is or was a director or officer of the Corporation and who is or was involved in any manner (including, without limitation, as a party or a witness) or is threatened to be made so involved in any threatened, pending, or completed investigation, claim, action, suit, or proceeding, whether civil, criminal, administrative, or investigative (including, without limitation, any action, suit, or proceedings by or in the right of the Corporation to procure a judgment in its favor) (each, a "Proceeding") by reason of the fact that such person is or was a director, officer, employee, or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise (including, without limitation, any employee benefit plan) (each, a "Covered Entity") against all expenses (including, without limitation, attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with such Proceeding; provided, however, that the foregoing shall not apply to a director or officer of the Corporation with respect to a Proceeding that was commenced by such director or officer unless the proceeding was commenced after a Change in Control (as defined below) (with any director or officer of the Corporation entitled to indemnification as provided in this Section 6.1 being referred to hereinafter as an "Indemnatee"). Any right of an Indemnatee to indemnification shall be a contract right and shall include the right to receive, prior to the conclusion of any Proceeding, payment of any expenses incurred by the Indemnatee in connection with such Proceeding, consistent with the provisions of applicable law as then in effect and the other provisions of this Article VI.

6.2 Insurance, Contracts, and Funding. The Corporation may purchase and maintain insurance to protect itself and any director, officer, employee, or agent of the Corporation or of any Covered Entity against any expenses, judgments, fines, and amounts paid in settlement as specified in Section 6.1 of these Bylaws or incurred by any such director, officer, employee, or agent in connection with any Proceeding referred to in Section 6.1 of these Bylaws, whether or not the Corporation would have the power to indemnify such person against such expense, liability, or loss under the DGCL. The Corporation may enter into contracts with any director, officer, employee, or agent of the Corporation or of any Covered Entity in furtherance of the provisions of this Article VI and may create a trust fund, grant a security interest, or use other means (including, without limitation, a letter of credit) to ensure the payment of such amounts as may be necessary to effect indemnification as provided or authorized in this Article VI.

6.3 Indemnification Not Exclusive Right. The right of indemnification provided in this Article VI shall not be exclusive of any other rights to which an Indemnatee may otherwise be entitled, and the provisions of this Article VI shall inure to the benefit of the heirs and legal representatives of any Indemnatee under this Article VI and shall be applicable to Proceedings commenced or continuing after the adoption of this Article VI, whether arising from acts or omissions occurring before or after such adoption.

6.4 Advancement of Expenses; Procedures; Presumptions and Effect of Certain Proceedings; Remedies. In furtherance, but not in limitation of the foregoing provisions, the following procedures, presumptions, and remedies shall apply with respect to advancement of expenses and the right to indemnification under this Article VI:

(a) Advancement of Expenses. All reasonable expenses (including, without limitation, attorneys' fees) incurred by or on behalf of the

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Indemnitee in connection with any Proceeding shall be advanced to the Indemnitee by the Corporation within twenty (20) days after the receipt by the Corporation of a statement or statements from the Indemnitee requesting such advance or advances from time to time, whether prior to or after final disposition of such Proceeding. Such statement(s) shall reasonably evidence the expenses incurred by the Indemnitee and, if required by law at the time of such advance, shall include or be accompanied by an undertaking by or on behalf of the Indemnitee to repay the amounts advanced if ultimately it should be determined that the Indemnitee is not entitled to be indemnified against such expenses pursuant to this Article VI.

(b) Procedure for Determination of Entitlement to Indemnification.

(i) To obtain indemnification under this Article VI, an Indemnitee shall submit to the Secretary a written request, including, without limitation, such documentation and information as is reasonably available to the Indemnitee and reasonably necessary to determine whether and to what extent the Indemnitee is entitled to indemnification (the "Supporting Documentation"). The determination of the Indemnitee's entitlement to indemnification shall be made not later than sixty (60) days after receipt by the Corporation of the written request for indemnification together with the Supporting Documentation. The Secretary shall, promptly upon receipt of such a request for indemnification, advise the Board of Directors in writing that the Indemnitee has requested indemnification.

(ii) The Indemnitee's entitlement to indemnification under this Article VI shall be determined in one of the following ways: (A) by a majority vote of the Disinterested Directors (as defined below), whether or not they constitute a quorum of the Board of Directors, or by a committee of Disinterested Directors designated by a majority vote of the Disinterested Directors, (B) by a written opinion of Independent Counsel (as defined below) if (x) a Change in Control shall have occurred and the Indemnitee so requests or (y) there are no Disinterested Directors or a majority of such Disinterested Directors so directs, (C) by the stockholders of the Corporation, or (D) as provided in Section 6.4(c) of these Bylaws.

(iii) In the event the determination of entitlement to indemnification is to be made by Independent Counsel pursuant to Section 6.4(b)(ii) of these Bylaws, a majority of the Disinterested Directors shall select the Independent Counsel, but only an Independent Counsel to which the Indemnitee does not reasonably object; provided, however, that if a Change in Control shall have occurred, the Indemnitee shall select such Independent Counsel, but only an Independent Counsel to which a majority of the Disinterested Directors does not reasonably object.

(c) Presumptions and Effect of Certain Proceedings. Except as otherwise expressly provided in this Article VI, if a Change in Control shall have occurred, the Indemnitee shall be presumed to be entitled to indemnification under this Article VI (with respect to actions or omissions occurring prior to such Change in Control) upon submission of a request for indemnification together with the Supporting Documentation in accordance with Section 6.4(b)(i) of these Bylaws, and thereafter the Corporation shall have the burden of proof to overcome that presumption in reaching a contrary determination. In any event, if the person(s) empowered under Section 6.4(b) of these Bylaws to determine entitlement to indemnification shall not have been appointed or shall not have made a determination within sixty (60) days after receipt by the Corporation of the request therefor, together with the Supporting Documentation, the Indemnitee shall be deemed to be, and shall be, entitled to indemnification unless (i) the Indemnitee misrepresented or failed to disclose a material fact in making the request for indemnification or in the Supporting Documentation or (ii) such

indemnification is prohibited by law. The termination of any Proceeding described in Section 6.1 of these Bylaws or of any claim, issue, or matter therein, by judgment, order, settlement, or conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, adversely affect the right of the Indemnitee to indemnification or create a presumption that the Indemnitee did not act in good faith and in a manner which the Indemnitee reasonably believed to be in or not opposed to the best interests of the Corporation or, with respect to any criminal proceeding, that the Indemnitee had reasonable cause to believe that such conduct was unlawful.

(d) Remedies of Indemnitee.

(i) In the event that a determination is made pursuant to Section 6.4(b) of these Bylaws that the Indemnitee is not entitled to indemnification under this Article VI, (A) the Indemnitee shall be entitled to seek an adjudication of entitlement to such indemnification either, at the Indemnitee's sole option, in (x) an appropriate court of the State of Delaware or any other court of competent jurisdiction or (y) an arbitration to be conducted by a single arbitrator pursuant to the rules of the American Arbitration Association, (B) any such judicial proceeding or arbitration shall be de novo and the Indemnitee shall not be prejudiced by reason of such adverse determination, and (C) if a Change in Control shall have occurred, in any such judicial proceeding or arbitration, the Corporation shall have the burden of proving that the Indemnitee is not entitled to indemnification under this Article VI (with respect to actions or omissions occurring prior to such Change in Control).

(ii) If a determination shall have been made or deemed to have been made, pursuant to Sections 6.4(b) or (c) of these Bylaws, that the Indemnitee is entitled to indemnification, the Corporation shall be obligated to pay the amounts constituting such indemnification within five (5) days after such determination has been made or deemed to have been made and shall be conclusively bound by such determination unless (A) the Indemnitee misrepresented or failed to disclose a material fact in making the request for indemnification or in the Supporting Documentation or (B) such indemnification is prohibited by law. In the event that (X) advancement of expenses is not timely made pursuant to Section 6.4(a) of these Bylaws or (Y) payment of indemnification is not made within five (5) days after a determination of entitlement to indemnification has been made or deemed to have been made pursuant to Sections 6.4(b) or (c) of these Bylaws, the Indemnitee shall be entitled to seek judicial enforcement of the Corporation's obligation to pay to the Indemnitee such advancement of expenses or indemnification. Notwithstanding the foregoing, the Corporation may bring an action, in an appropriate court in the State of Delaware or any other court of competent jurisdiction, contesting the right of the Indemnitee to receive indemnification hereunder due to the occurrence of an event described in sub-clause (A) or (B) of this clause (ii) (a "Disqualifying Event"); provided, however, that in any such action the Corporation shall have the burden of proving the occurrence of such Disqualifying Event.

(iii) The Corporation shall be precluded from asserting in any judicial proceeding or arbitration commenced pursuant to this Section 6.4(d) that the procedures and presumptions of this Article VI are not valid, binding, and enforceable and shall stipulate in any such court or before any such arbitrator that the Corporation is bound by all the provisions of this Article VI.

(iv) In the event that the Indemnitee, pursuant to this Section 6.4(d), seeks a judicial adjudication of or an award in arbitration to enforce rights under, or to recover damages for breach of, this Article VI, the Indemnitee shall be entitled to recover from the Corporation, and

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

shall be indemnified by the Corporation against, any expenses actually and reasonably incurred by the Indemnitee if the Indemnitee prevails in such judicial adjudication or arbitration. If it shall be determined in such judicial adjudication or arbitration that the Indemnitee is entitled to receive part but not all of the indemnification or advancement of expenses sought, the expenses incurred by the Indemnitee in connection with such judicial adjudication or arbitration shall be prorated accordingly.

(e) Definitions. For purposes of this Section 6.4:

(i) "Authorized Officer" shall mean any one (1) of the Chief Executive Officer, the Chief Operating Officer, the Chief Financial Officer, any Vice President, or the Secretary of the Corporation.

(ii) "Change in Control" shall mean the occurrence of any of the following (A) any merger or consolidation of the Corporation in which the Corporation is not the continuing or surviving corporation or pursuant to which shares of the Corporation's Common Stock would be converted into cash, securities or other property, other than a merger of the Corporation in which the holders of Common Stock immediately prior to the merger have the same proportionate ownership of common stock of the surviving corporation immediately after the merger, (B) any sale, lease, exchange, or other transfer (in one (1) transaction or a series of related transactions) of all or substantially all, of the assets of the Corporation, or the liquidation or dissolution of the Corporation, or (C) individuals who would constitute a majority of the members of the Board of Directors elected at any meeting of stockholders of the Corporation [or by written consent] (without regard to any members of the Board of Directors elected pursuant to the terms of any series of Preferred Stock) shall be elected to the Board of Directors and the election or the nomination for election by the stockholders of the Corporation of such directors was not approved by a vote of at least two-thirds (2/3) of the directors in office immediately prior to such election.

(iii) "Disinterested Director" shall mean a director of the Corporation who is not or was not a party to the Proceeding in respect of which indemnification is sought by the Indemnitee.

(iv) "Independent Counsel" shall mean a law firm or a member of a law firm that neither presently is, nor in the past five (5) years has been, retained to represent (A) the Corporation or the Indemnitee in any matter material to either such party or (B) any other party to the Proceeding giving rise to a claim for indemnification under this Article VI. Notwithstanding the foregoing, the term "Independent Counsel" shall not include any person who, under the applicable standards of professional conduct then prevailing under the law of the State of Delaware, would have a conflict of interest in representing either the Corporation or the Indemnitee in an action to determine the Indemnitee's rights under this Article VI.

6.5 Severability. If any provision or provisions of this Article VI shall be held to be invalid, illegal, or unenforceable for any reason whatsoever (a) the validity, legality, and enforceability of the remaining provisions of this Article VI (including, without limitation, all portions of any paragraph of this Article VI containing any such provision held to be invalid, illegal, or unenforceable, that are not themselves invalid, illegal, or unenforceable) shall not in any way be affected or impaired thereby and (b) to the fullest extent possible, the provisions of this Article VI (including, without limitation, all portions of any paragraph of this Article VI containing any such provision held to be invalid, illegal, or unenforceable, that are not themselves invalid, illegal, or enforceable) shall be construed so as to give effect to the intent manifested by the

provision held invalid, illegal, or unenforceable.

6.6 Indemnification of Employees Serving as Directors. The Corporation, to the fullest extent of the provisions of this Article VI with respect to the indemnification of directors and officers of the Corporation, shall indemnify any person who is or was an employee of the Corporation and who is or was involved in any manner (including, without limitation, as a party or a witness) or is threatened to be made so involved in any threatened, pending, or completed Proceeding by reason of the fact that such employee is or was serving (a) as a director of a corporation in which the Corporation had at the time of such service, directly or indirectly, a fifty percent (50%) or greater equity interest (a "Subsidiary Director") and (b) at the written request of an Authorized Officer, as a director of another corporation in which the Corporation had at the time of such service, directly or indirectly, a less than fifty percent (50%) equity interest (or no equity interest at all) or in a capacity equivalent to that of a director for any partnership, joint venture, trust, or other enterprise (including, without limitation, any employee benefit plan) in which the Corporation has an interest (a "Requested Employee"), against all expenses (including, without limitation, attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by such Subsidiary Director or Requested Employee in connection with such Proceeding. The Corporation may also advance expenses incurred by any such Subsidiary Director or Requested Employee in connection with any such Proceeding, consistent with the provisions of this Article VI with respect to the advancement of expenses of directors and officers of the Corporation.

6.7 Indemnification of Employees and Agents. Notwithstanding any other provision or provisions of this Article VI, the Corporation, to the fullest extent of the provisions of this Article VI with respect to the indemnification of directors and officers of the Corporation, may indemnify any person other than a director or officer of the Corporation, a Subsidiary Director or a Requested Employee, who is or was an employee or agent of the Corporation and who is or was involved in any manner (including, without limitation, as a party or a witness) or is threatened to be made so involved in any threatened, pending, or completed Proceeding by reason of the fact that such person is or was a director, officer, employee, or agent of the Corporation or of a Covered Entity against all expenses (including, without limitation, attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with such Proceeding. The Corporation may also advance expenses incurred by such employee or agent in connection with any such Proceeding, consistent with the provisions of this Article VI with respect to the advancement of expenses of directors and officers of the Corporation.

ARTICLE VII
CERTIFICATES FOR SHARES AND TRANSFER OF SHARES

7.1 Certificates for Shares. The shares of stock of the Corporation shall be represented by certificates, or shall be uncertificated shares that may be evidenced by a book-entry system maintained by the registrar of such stock, or a combination of both. To the extent that shares are represented by certificates, such certificates whenever authorized by the Board of Directors, shall be in such form as shall be approved by the Board of Directors. The certificates representing shares of stock of each class shall be signed by, or in the name of, the Corporation by the Chairman and the Chief Executive Officer, or by any Vice President and by the Secretary or any Assistant Secretary or the Treasurer or any Assistant Treasurer of the Corporation, and sealed with the seal of the Corporation, which may be a facsimile thereof. Any or all such signatures may be facsimiles if countersigned by a transfer agent or registrar. Although any officer, transfer agent, or registrar whose manual or facsimile signature is affixed

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

to such a certificate ceases to be such officer, transfer agent, or registrar before such certificate has been issued, it may nevertheless be issued by the Corporation with the same effect as if such officer, transfer agent, or registrar were still such at the date of its issue.

The stock ledger and blank share certificates shall be kept by the Secretary or by a transfer agent or by a registrar or by any other officer or agent designated by the Board of Directors.

7.2 Transfer of Shares. Transfers of shares of stock of each class of the Corporation shall be made only on the books of the Corporation upon authorization by the registered holder thereof, or by such holder's attorney thereunto authorized by a power of attorney duly executed and filed with the Secretary or a transfer agent for such stock, if any, and if such shares are represented by a certificate, upon surrender of the certificate(s) for such shares properly endorsed or accompanied by a duly executed stock transfer power (or by proper evidence of succession, assignment, or authority to transfer) and the payment of any taxes thereon; provided, however, that the Corporation shall be entitled to recognize and enforce any lawful restriction on transfer. The person or entity in whose name shares are registered on the books of the Corporation shall be deemed the owner thereof for all purposes as regards the Corporation; provided, however, that whenever any transfer of shares shall be made for collateral security and not absolutely, and written notice thereof shall be given to the Secretary or to such transfer agent, such fact shall be stated in the entry of the transfer. No transfer of shares shall be valid as against the Corporation, its stockholders, and creditors for any purpose, except to render the transferee liable for the debts of the Corporation to the extent provided by law, until it shall have been entered in the stock records of the Corporation by an entry showing from and to whom transferred.

7.3 Registered Stockholders and Addresses of Stockholders. The Corporation shall be entitled to recognize the exclusive right of a person registered on its records as the owner of shares of stock to receive dividends and to vote as such owner, shall be entitled to hold liable for calls and assessments a person registered on its records as the owner of shares of stock, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares of stock on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of the State of Delaware. Each stockholder shall designate to the Secretary or transfer agent of the Corporation an address at which notices of meetings and all other corporate notices may be given to such person, and, if any stockholder shall fail to designate such address, corporate notices may be given to such person by mail directed to such person at such person's post office address, if any, as the same appears on the stock record books of the Corporation or at such person's last known post office address.

7.4 Lost, Stolen, Destroyed, and Mutilated Certificates. The holder of any certificate representing any shares of stock of the Corporation shall immediately notify the Corporation of any loss, theft, destruction, or mutilation of such certificate. The Corporation may issue to such holder a new certificate or certificates for shares, upon the surrender of the mutilated certificate or, in the case of loss, theft, or destruction of the certificate, upon satisfactory proof of such loss, theft, or destruction. The Board of Directors, or a committee designated thereby, or the transfer agents and registrars for the stock, may, in their discretion, require the owner of the lost, stolen, or destroyed certificate, or such person's or entity's legal representative, to give the Corporation a bond in such sum and with such surety or sureties as they may direct to indemnify the Corporation and said transfer agents and registrars against any claim that may be made on account of the alleged loss, theft, or destruction of any

such certificate or the issuance of such new certificate.

7.5 Regulations. The Board of Directors may make such additional rules and regulations as it may deem expedient concerning the issue, transfer, and registration of certificated or uncertificated shares of stock of each class and series of the Corporation and may make such rules and take such action as it may deem expedient concerning the issue of certificates in lieu of certificates claimed to have been lost, destroyed, stolen, or mutilated.

7.6 Fixing Date for Determination of Stockholders of Record. In order that the Corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders of the Corporation or any adjournment thereof, or entitled to receive payment of any dividend or other distribution or allotment or any rights, or entitled to exercise any rights in respect of any change, conversion or exchange of stock or for the purpose of any other lawful action, the Board may fix, in advance, a record date, which shall not be more than sixty (60) days nor less than ten (10) days before the date of such meeting, nor more than sixty (60) days prior to any other action. A determination of stockholders entitled to notice of or to vote at a meeting of stockholders of the Corporation shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

7.7 Transfer Agents and Registrars. The Board of Directors may appoint or authorize any officer or officers to appoint, one (1) or more transfer agents and one (1) or more registrars.

7.8 Treasury Shares. Treasury shares of the Corporation shall consist of shares which the Corporation has issued and thereafter acquired by not canceled. Treasury shares shall not carry voting or dividend rights.

ARTICLE VIII
AMENDMENTS

In furtherance, and not in limitation, of the powers conferred upon the Corporation by applicable law, the Board of Directors is hereby expressly authorized to adopt, amend, alter, or repeal these Bylaws or adopt new Bylaws, without any action on the part of the stockholders of the Corporation, by the vote of a majority of the whole Board of Directors. In addition to any provisions of applicable law, any provisions of the Certificate of Incorporation, and any resolution(s) of the Board of Directors adopted pursuant to Article IV (Authorization and Description of Stock) of the Certificate of Incorporation (and notwithstanding the fact that a lesser vote or no vote may be permitted by applicable law), the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 2/3%) of the voting power of the Voting Stock, voting together as a single class, shall be required to adopt, amend, alter, or repeal any term or provision of these Bylaws that would make these Bylaws inconsistent or conflict with Section 4.3 (Description of Preferred Stock), Article V (Board of Directors), Article VI (Amendment of Certificate of Incorporation), this Article VII (Amendment of Bylaws), Article IX (Meetings of Stockholders), or Article X (Indemnification) of the Certificate of Incorporation.

ARTICLE IX
NOTICES

9.1 General. Whenever these Bylaws require notice to any Stockholder, director, officer or agent, such notice does not mean personal notice. A person may give effective notice under these Bylaws in every case by depositing a writing in a post office or letter box in a postpaid, sealed wrapper, or by dispatching a prepaid telegram addressed to such Stockholder,

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

director, officer or agent at his address on the books of the Corporation. Unless these Bylaws expressly provide to the contrary, the time when the person sends notice shall constitute the time of the giving of notice.

9.2 Waiver of Notice. Whenever any notice whatsoever is required to be given by these Bylaws, the Certificate of Incorporation, or law, the person entitled thereto may, either before or after the meeting or other matter in respect of which such notice is to be given, waive such notice in writing or as otherwise permitted by law, which shall be filed with or entered upon the records of the meeting or the records kept with respect to such other matter, as the case may be, and in such event such notice need not be given to such person and such waiver shall be deemed equivalent to such notice. Attendance of a person at any meeting shall constitute a waiver of notice of such meeting, except when the person attends the meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

ARTICLE X MISCELLANEOUS

10.1 Seal. The Board of Directors shall provide a suitable corporate seal, which shall be in the form of a circle and shall bear the full name of the Corporation and shall be in the charge of the Secretary. The seal may be used by causing it or a facsimile thereof to be impressed or affixed or in any other manner reproduced.

10.2 Fiscal Year. The Board of Directors shall have the authority to fix and change the fiscal year of the Corporation.

10.3 Execution of Documents. The Board of Directors or any committee thereof shall designate the officers, employees, and agents of the Corporation who shall have power to execute and deliver deeds, contracts, mortgages, bonds, debentures, notes, checks, drafts, and other orders for the payment of money, and other documents for and in the name of the Corporation and may authorize (including, without limitation, authority to redelegate) by written instrument to other officers, employees, or agents of the Corporation. Such delegation may be by resolution or otherwise and the authority granted shall be general or confined to specific matters, all as the Board of Directors or any such committee may determine. (f) "Record shareholder" means the person in whose name shares are registered in the records of a corporation or the beneficial owner of shares to the extent of the rights granted by a nominee certificate on file with a corporation.

Sec. 762. (1) A shareholder is entitled to dissent from, and obtain payment of the fair value of his or her shares in the event of, any of the following corporate actions:

(d) An amendment of the articles of incorporation giving rise to a right to dissent pursuant to section 621.

(e) A transaction giving rise to a right to dissent pursuant to section 754.

(f) Any corporate action taken pursuant to a shareholder vote to the extent the articles of incorporation, bylaws, or a resolution of the board provides that voting or nonvoting shareholders are entitled to dissent and obtain payment for their shares.

(g) The approval of a control share acquisition giving rise to a right to dissent pursuant to section 799.

(2) Unless otherwise provided in the articles of incorporation, bylaws, or a resolution of the board, a shareholder may not dissent from any of the following:

(b) A transaction described in subsection (1)(a) in which shareholders receive cash or shares that satisfy the requirements of subdivision (a) on the effective date of the merger or any combination thereof.

(3) A shareholder entitled to dissent and obtain payment for his or her shares pursuant to subsection 1(a) to (e) may not challenge the corporate action creating his or her entitlement unless the action is unlawful or fraudulent with respect to the shareholder or the corporation.

(4) A shareholder who exercises his or her right to dissent and seek payment for his or her shares pursuant to subsection (1)(f) may not challenge the corporate action creating his or her entitlement unless the action is unlawful or fraudulent with respect to the shareholder or the corporation.

450.1763 Rights of partial dissenter; assertion of dissenters' rights by beneficial shareholder. [M.S.A. 21.200(763)]

Section 763. (1) A record shareholder may assert dissenters' rights as to fewer than all the shares registered in his or her name only if he or she dissents with respect to all shares beneficially owned by any one person and

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

notifies the corporation in writing of the name and address of each person on whose behalf he or she asserts dissenters' rights. The rights of a partial dissenter under this subsection are determined as if the shares as to which he or she dissents and his or her other shares were registered in the names of different shareholders.

(2) A beneficial shareholder may assert dissenters' rights as to shares held on his or her behalf only if all of the following apply:

(a) He or she submits to the corporation the record shareholder's written consent to the dissent not later than the time the beneficial shareholder asserts dissenters' rights.

(b) He or she does so with respect to all shares of which he or she is the beneficial shareholder or over which he or she has power to direct the vote.

450.1764 Corporate action creating dissenters' rights; vote of shareholders; notice. [M.S.A. 21.200(764)]

Sec. 764. (1) If proposed corporate action creating dissenters' rights under section 762 is submitted to a vote at a shareholders' meeting, the meeting notice must state that shareholders are or may be entitled to assert dissenters' rights under this act and shall be accompanied by a copy of sections 761 to 774.

(2) If corporate action creating dissenters' rights under section 762 is taken without a vote of shareholders, the corporation shall notify in writing all shareholders entitled to assert dissenters' rights that the action was taken and send them the dissenters' notice described in section 766. A shareholder who consents to the corporate action is not entitled to assert dissenters' rights.

450.1765 Notice of intent to demand payment for shares. [M.S.A. 21.200(765)]

Section 765. (1) If proposed corporate action creating dissenters' rights under section 762 is submitted to a vote at a shareholders' meeting, a shareholder who wishes to assert dissenters' rights must deliver to the corporation before the vote is taken written notice of his or her intent to demand payment for his or her shares if the proposed action is effectuated and must not vote his or her shares in favor of the proposed action.

(2) A shareholder who does not satisfy the requirements of subsection (1) is not entitled to payment for his or her shares under this act.

450.1766 Dissenters' notice; delivery to shareholders; contents. [M.S.A. 21.200(766)]

Sec. 766. (1) If proposed corporate action creating dissenters' rights under section 762 is authorized at a shareholders' meeting, the corporation shall deliver a written dissenters' notice to all shareholders who satisfied the requirements of section 765.

(2) The dissenters' notice must be sent no later than 10 days after the corporate action was taken, and must provide all of the following:

(a) State where the payment demand must be sent and where and when certificates for shares represented by certificates must be deposited.

(b) Inform holders of shares without certificates to what extent transfer of the shares will be restricted after the payment demand is

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

received.

(c) Supply a form for the payment demand that includes the date of the first announcement to news media or to shareholders of the terms of the proposed corporate action and requires that the person asserting dissenters' rights certify whether he or she acquired beneficial ownership of the shares before the date.

(d) Set a date by which the corporation must receive the payment demand, which date may not be fewer than 30 nor more than 60 days after the date the subsection (1) notice is delivered.

450.1767 Duties of shareholder sent dissenter's notice; retention of rights; failure to demand payment or deposit share certificates. [M.S.A. 21.200(767)]

Sec. 767. (1) A shareholder sent a dissenter's notice described in section 766 must demand payment, certify whether he or she acquired beneficial ownership of the shares before the date required to be set forth in the dissenters' notice pursuant to section 766(2)(c), and deposit his or her certificates in accordance with the terms of the notice.

(2) The shareholder who demands payment and deposits his or her share certificates under subsection (1) retains all other rights of a shareholder until these rights are canceled or modified by the taking of the proposed corporate action.

(3) A shareholder who does not demand payment or deposit his or her share certificates where required, each by the date set in the dissenters' notice, is not entitled to payment for his or her shares under this act.

450.1768 Restriction on transfer of shares without certificates; retention of rights. [M.S.A. 21.200(768)]

Sec. 768. (1) The corporation may restrict the transfer of shares without certificates from the date the demand for their payment is received until the proposed corporate action is taken or the restrictions released under section 770.

(2) The person for whom dissenters' rights are asserted as to shares without certificates retains all other rights of a shareholder until these rights are canceled or modified by the taking of the proposed corporate action.

450.1769 Payment by corporation to dissenter; accompanying documents. [M.S.A. 21.200(769)]

Sec. 769. (1) Except as provided in section 771, within 7 days after the proposed corporate action is taken or a payment demand is received, whichever occurs later, the corporation shall pay each dissenter who complied with section 767 the amount the corporation estimates to be the fair value of his or her shares, plus accrued interest.

(2) The payment must be accompanied by all of the following:

(a) The corporation's balance sheet as of the end of a fiscal year ending not more than 16 months before the date of payment, an income statement for that year, a statement of changes in shareholders' equity for that year, and if available the latest interim financial statements.

(b) A statement of the corporation's estimate of the fair value of the shares.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

(c) An explanation of how the interest was calculated.

(d) A statement of the dissenter's rights to demand payment under section 772.

450.1770 Return of deposited certificates and release of transfer restrictions; effect of corporation taking proposed action. [M.S.A. 21.200(770)]

Sec. 770. (1) If the corporation does not take the proposed action within 60 days after the date set for demanding payment and depositing share certificates, the corporation shall return the deposited certificates and release the transfer restrictions imposed on shares without certificates.

(2) If after returning deposited certificates and releasing transfer restrictions, the corporation takes the proposed action, it must send a new dissenters' notice under section 766 and repeat the payment demand procedure.

450.1771 Election to withhold payment from dissenter; offer to pay estimated fair value of shares, plus accrued interest; statements; explanation. [M.S.A. 21.200(771)]

Sec. 771. (1) A corporation may elect to withhold payment required by section 769 from a dissenter unless he or she was the beneficial owner of the shares before the date set forth in the dissenters' notice pursuant to section 766(2)(c).

(2) To the extent the corporation elects to withhold payment under subsection (1), after taking the proposed corporate action, it shall estimate the fair value of the shares, plus accrued interest, and shall offer to pay this amount to each dissenter who shall agree to accept it in full satisfaction of his or her demand. The corporation shall send with its offer a statement of its estimate of the fair value of the shares, an explanation of how the interest was calculated, and a statement of the dissenter's right to demand payment under section 772.

450.1772 Demand for payment of dissenter's estimate or rejection of corporation's offer and demand for payment of fair value and interest due; waiver. [M.S.A. 21.200(772)]

Sec. 772. (1) A dissenter may notify the corporation in writing of his or her own estimate of the fair value of his or her shares and amount of interest due, and demand payment of his or her estimate, less any payment under section 769, or reject the corporation's offer under section 771 and demand payment of the fair value of his or her shares and interest due, if any, one of the following applies:

(a) The dissenter believes that the amount paid under section 769 or offered under section 771 is less than the fair value of his or her shares or that the interest due is incorrectly calculated.

(b) The corporation fails to make payment under section 769 within 60 days after the date set for demanding payment.

(c) The corporation, having failed to take the proposed action, does not return the deposited certificates or release the transfer restrictions imposed on shares without certificates within 60 days after the date set for demanding payment.

(2) A dissenter waives his or her right to demand payment under this section unless he or she notifies the corporation of his or her demand in

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

writing under subsection (1) within 30 days after the corporation made or offered payment for his or her shares.

450.1773 Petitioning court to determine fair value of shares and accrued interest; failure of corporation to commence proceeding; venue; parties; service; jurisdiction; appraisers; discovery rights; judgment. [M.S.A. 21.200(773)]

Sec. 773. (1) If a demand for payment under section 772 remains unsettled, the corporation shall commence a proceeding within 60 days after receiving the payment demand and petition the court to determine the fair value of the shares and accrued interest. If the corporation does not commence the proceeding within the 60-day period, it shall pay each dissenter whose demand remains unsettled the amount demanded.

(2) The corporation shall commence the proceeding in the circuit court of the county in which the corporation's principal place of business or registered office is located. If the corporation is a foreign corporation without a registered office or principal place of business in this state, it shall commence the proceeding in the county in this state where the principal place of business or registered office of the domestic corporation whose shares are to be valued was located.

(3) The corporation shall make all dissenters, whether or not residents of this state, whose demands remain unsettled parties to the proceeding as in an action against their shares and all parties shall be served with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as provided by law.

(4) The jurisdiction of the court in which the proceeding is commenced under subsection (2) is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend decision on the question of fair value. The appraisers have the powers described in the order appointing them, or in any amendment to it. The dissenters are entitled to the same discovery rights as parties in other civil proceedings.

(5) Each dissenter made a party to the proceeding is entitled to judgment for the amount, if any, by which the court finds the fair value of his or her shares, plus interest, exceeds the amount paid by the corporation or for the fair value, plus accrued interest, of his or her after-acquired shares for which the corporation elected to withhold payment under section 771.

450.1773a Referee; appointment; powers; compensation; duties; objections to report; application to court for action; adoption, modification, or recommitment of report; further evidence; judgment; review. [M.S.A. 21.200(773a)]

Sec. 773a. (1) In a proceeding brought pursuant to section 773, the court may, pursuant to the agreement of the parties, appoint a referee selected by the parties and subject to the approval of the court. The referee may conduct proceedings within the state, or outside the state by stipulation of the parties with the referee's consent, and pursuant to the Michigan court rules. The referee shall have powers that include, but are not limited to, the following:

(a) To hear all pretrial motions and submit proposed orders to the court. In ruling on the pretrial motion and proposed orders, the court shall consider only those documents, pleadings, and arguments that were presented to the referee.

(b) To require the production of evidence, including the production of all books, papers, documents, and writings applicable to the proceeding, and

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

to permit entry upon designated land or other property in the possession or control of the corporation.

(c) To rule upon the admissibility of evidence pursuant to the Michigan rules of evidence.

(d) To place witnesses under oath and to examine witnesses.

(e) To provide for the taking of testimony by deposition.

(f) To regulate the course of the proceeding.

(g) To issue subpoenas, when a written request is made by any of the parties, requiring the attendance and testimony of any witness and the production of evidence including books, records, correspondence, and documents in the possession of the witness or under his or her control, at a hearing before the referee or at a deposition convened pursuant to subdivision (e). In case of a refusal to comply with a subpoena, the party on whose behalf the subpoena was issued may file a petition in the court for an order requiring compliance.

(2) The amount and manner of payment of the referee's compensation shall be determined by agreement between the referee and the parties, subject to the court's allocation of compensation between the parties at the end of the proceeding pursuant to equitable principles, notwithstanding section 774.

(3) The referee shall do all of the following:

(a) Make a record and reporter's transcript of the proceeding.

(b) Prepare a report, including proposed findings of fact and conclusions of law, and a recommended judgment.

(c) File the report with the court, together with all original exhibits and the reporter's transcript of the proceeding.

(4) Unless the court provides for a longer period, not more than 45 days after being served with notice of the filing of the report described in subsection (3), any party may serve written objections to the report upon the other party. Application to the court for action upon the report and objections to the report shall be made by motion upon notice. The court, after hearing, may adopt the report, may receive further evidence, may modify the report, or may recommit the report to the referee with instructions. Upon adoption of the report, judgment shall be entered in the same manner as if the action had been tried by the court and shall be subject to review in the same manner as any other judgment of the court.

450.1774 Cost of appraisal proceeding. [M.S.A. 21.200(774)]

Sec. 774. (1) The court in an appraisal proceeding commenced under section 773 shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court shall assess the costs against the corporation, except that the court may assess costs against all or some of the dissenters, in amounts the court finds equitable, to the extent the court finds the dissenters acted arbitrarily, vexatiously, or not in good faith in demanding payment under section 772.

(2) The court may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable in the following manner:

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

(a) Against the corporation and in favor of any or all dissenters if the court finds the corporation did not substantially comply with the requirements of sections 764 through 772.

(b) Against either the corporation or a dissenter, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this act.

(3) If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated, and that the fees for those services should not be assessed against the corporation, the court may award to those counsel reasonable fees paid out of the amounts awarded the dissenters who were benefitted.

6. Recent Accounting Pronouncements:

In July 2001, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 141 "Business Combinations" and SFAS No. 142 "Goodwill and Other Intangible Assets." Both of these Standards provide guidance on how companies account for acquired businesses and related disclosure issues.

Chief among the provisions of these standards are 1) elimination of the "pooling of interest" method for transactions initiated after June 30, 2001, 2) elimination of amortization of goodwill and "indefinite-lived" intangible assets effective for the Company on January 1, 2002, and 3) annual impairment testing and potential loss recognition for goodwill and non-amortized intangible assets, also effective for the Company on January 1, 2002.

Regarding the elimination of goodwill and indefinite-lived intangible amortization, this change has been made prospectively upon adoption of the new standard as of January 1, 2002. Earnings information for prior periods is disclosed, exclusive of comparable amortization expense that is eliminated in post-2001 periods as follows:

	Three months ended March 31, 2001	
	Reported Numbers	Earnings Per Share
Reported income (loss)	(\$220,888)	(\$0.05)
Add back amortization expense	37,391	\$0.01
Comparable net income (loss)	(\$183,497)	(\$0.04)

Management is in the process of performing the transitional impairment testing of goodwill under the provisions of SFAS No. 142. Management has not yet determined the impact of such transitional impairment testing on the carrying value of goodwill.

The Company continues to amortize intangible assets consisting of software over three to five years. As of March 31, 2002, the unamortized balance of software consisted of \$115,205 less accumulated amortization of \$58,967. Amortization expense for the period ending March 31, 2002 was \$10,753.

7. Subsequent Events:

On April 9, 2002, the Company entered into an Agreement and Plan of Reorganization pursuant to which it will acquire Hencie, Inc. Hencie, Inc. is an information technology company offering solutions and applications for a broad range of clients and industry segments. The Company will issue one share of its common stock for 3.563 shares of Hencie common stock to the Hencie shareholders in an all stock transaction. The acquisition is subject to shareholder ratification at the annual shareholders meeting which is

currently scheduled to be held July 17, 2002, with an effective date of August 1, 2002.

ALTERNATE MARKETING NETWORKS, INC. AND SUBSIDIARIES MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Overview and Plan of Operation

Alternate Marketing Networks is a single-source provider of marketing services. The Company serves the newspaper, consumer packaged goods, telecommunications, automotive, tourism and e-commerce industries with both short-term and long-term contracts. The Company offers comprehensive services in two primary areas: Advertising and Marketing, and Logistics Marketing.

* Advertising and Marketing Group. This product group consists of U.S. Suburban Press ("USSPI") and ilikesamples.com. Services provided by this group include suburban newspaper advertising, Hispanic newspaper advertising, and deliveries of product samples to targeted consumers via the Internet.

* Logistics Marketing Group. This product group consists of Alternate Postal Direct and Total Logistics. Services include the delivery of telephone directories for regional and national companies, as well as tracking, verification and transportation of other goods.

During the quarter ended March 31, 2002, the Company continued to focus on improving the efficiency and profitability of the two segments through cost controls, time management, and technological improvements. In addition, the Company continued to seek alliances and acquisitions which could improve shareholder value and paid out a special one-time cash dividend of \$0.50 per share to shareholders in January 2002.

Results of Operation

Net sales: Net sales increased approximately 15% for the quarter ending March 31, 2002 as compared to last year. The advertising and marketing group recognized an increase of approximately 42%, or \$972,000, over the previous year attributable to new clients and increased sales to existing automotive industry clients. The logistics marketing group recognized a decrease of approximately 36% over the previous year of which approximately \$155,000 was from the telephone directory delivery area and approximately \$295,000 was attributable to the transportation logistics area.

Gross margin: The gross margin of the total company remained approximately the same, 22.3% in 2002 as compared to 22.7% 2001. However, the advertising and marketing group realized a decrease from 19.1% in 2001 to 17.4% in 2002 due to competitive forces from clients and newspapers. The logistics marketing group recognized a significant increase of margins from 29.5% in 2001 to 42.8% in 2002 due to cost containment, planning, and improved economic factors such as an improved supply of labor.

Selling, general and administrative expenses: These expenses decreased approximately 7% over the quarter from the previous year. This was primarily due to the Company continuing to closely monitor overhead items and search for potential additional reductions. The current year quarter also included approximately \$15,000 of expenses associated with acquisition and merger initiatives.

Other income: Interest income for the quarter ending March 31, 2002 was \$7,814 as compared to \$45,596 in the previous year's quarter. This reduction was largely due to the reduced cash balance after the dividend payment in January 2002 of \$2,293,002.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

Income taxes: The Company does not recognize any income tax benefit based upon managements' estimate of the realizability of deferred tax assets.

Liquidity and Capital Resources

During the first quarter of 2002, the Company recognized a decrease in cash of \$2,485,698. During the same quarter of 2001, the Company recognized an increase in cash of \$167,147.

The net losses for 2002 and 2001 included non-cash expenses for depreciation and amortization of \$8,332 and \$10,753, respectively, for the 2002 quarter, compared to non-cash expenses for depreciation and amortization of \$12,244 and \$41,591, respectively, for the 2001 quarter. The amortization expense for the 2001 quarter included \$37,391 for goodwill amortization. Other changes to cash were working capital fluctuations.

Cash flow used in financing activities for the period ending March 31, 2002 represents the cash dividend announced in December 2001 and paid in January 2002 of \$2,293,002.

In addition, during the 2001 quarter cash was used for additions to property and equipment totaling \$787. Also, during the 2001 quarter the Company used cash to repurchase 25,600 shares of common stock for \$34,144.

The Company has a \$1,000,000 bank line of credit for its subsidiary, National Home Delivery, Inc. and a \$500,000 line of credit for its subsidiary, Alternate Postal Direct, Inc. Available borrowings are based upon 65% of eligible accounts receivable, not more than 90 days old. The agreements were executed on March 12, 2002 and expire May 1, 2003, bear interest payable monthly at the bank's prime rate. The agreements are collateralized by all accounts receivable and equipment and are subject to certain restrictive financial covenants relating to working capital and tangible net worth. There were no borrowings outstanding as of March 31, 2002.

The Company believes that these credit facilities along with its current cash balance will be sufficient to fund its current growth plans as well as meet its presently anticipated capital requirements for the foreseeable future.

Outlook for the Future

The Company will continue in 2002 to work toward completion of its recently announced strategic acquisition as well as focus on its core groups.

The Advertising and Marketing Group, US Suburban Press (USSPI), will continue to expand its newspaper advertiser capabilities by using recently developed proprietary software to handle contracts and orders and to streamline its ad placement process. This expansion should make USSPI more attractive to national advertisers, who prefer to work with a single party. This initiative should also mitigate the negative impact on gross margins from national advertisers who seek to lower advertising rates while newspapers seek increases.

In 2002 the Logistics Marketing Group expects to maintain recent gains in gross margins by controlling direct costs.

The Company plans to closely monitor overhead to better reflect its current operational needs while maintaining strong support for all core business functions and growth objectives.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

On April 9, 2002, the Company entered into an agreement for the acquisition of Hencie, Inc., a Texas-based information technology solutions provider, in an all-stock transaction. The agreement is subject to shareholder ratification at the annual shareholders meeting to be held July 23, 2002 and will be effective on August 1, 2002. The Company expects the Hencie business to offer a third segment of services to its existing customers.

Forward-looking Statements

Actual results may differ materially. These forward-looking statements involve a number of risks and uncertainties including, but not limited to, competition, the timing of receipt and fulfillment of orders, the implementation of the Company's reorientation as a marketing services company (including continuing strategic acquisitions and in-house development of products and services), the effectiveness of the Company's marketing programs, the integration of acquired companies, and the Company's success in developing and capitalizing on strategic alliances.

AMENDED AND RESTATED 1995 LONG-TERM INCENTIVE AND
STOCK OPTION PLAN

1. Purpose of Plan

This Plan shall be known as the "Alternate Marketing Networks, Inc. 1995 LONG-TERM INCENTIVE AND STOCK OPTION PLAN" and is hereinafter referred to as the "Plan." The purpose of the Plan is to aid in maintaining and developing personnel capable of assuring the future success of Alternate Marketing Networks, Inc., a Delaware corporation (the "Company"), to offer such personnel additional incentives to put forth maximum efforts for the success of the business, and to afford them an opportunity to acquire a proprietary interest in the Company through stock options and other long-term incentive awards as provided herein. Options granted under this Plan may be either incentive stock options ("Incentive Stock Options") within the meaning of Section 422 of the Internal Revenue Code of 1986 (the "Code"), or options which do not qualify as Incentive Stock Options. Awards granted under this Plan shall be stock appreciation rights ("SARs"), restricted stock or performance awards as hereinafter described.

2. Stock Subject to Plan

Subject to the provisions of Section 14 hereof, the stock to be subject to options or other awards under the Plan shall be the Company's authorized Common Stock, no par value (the "Common Shares"). Such shares may be either authorized but unissued shares, or issued shares which have been reacquired by the Company. Subject to adjustment as provided in Section 14 hereof, the maximum number of shares on which options may be exercised or other award issued under this Plan shall be 1,500,000 Common Shares. If an option or award under the Plan expires, or for any reason is terminated or unexercised with respect to any shares, such shares shall again be available for options or awards thereafter granted during the term of the Plan.

3. Administration of Plan

(a) Except as provided in Section 3(b) hereof, the Plan shall be administered by the Board of Directors of the Company or a committee

thereof. The members of any such committee shall be appointed by and serve at the pleasure of the Board of Directors. If no committee is appointed by the Board, the committee shall be comprised of all of the members of the Board of Directors. (The group administering the Plan shall hereinafter be referred to as the "Committee.")

(b) The Board of Directors may, by a resolution adopted by the Board, authorize one or more officers of the Company to do one or both of the following: (i) designate officers and employees of the Company or of any of its subsidiaries to be recipients of such options or other awards under the Plan, and (ii) determine the number of such options or other awards under the Plan to be received by such officers and employees; provided, however, that the resolution so authorizing such officer or officers shall specify the total number of common shares subject to such officer or officers may so award. The Board of Directors may not authorize an officer to designate himself or herself as a recipient of any such options or other awards.

(c) The Committee shall have plenary authority in its discretion, but subject to the express provisions of the Plan: (i) to determine the purchase price of the Common Stock covered by each option or award, (ii) to determine the persons to whom and the time or times at which such options and awards shall be granted and the number of shares to be subject to each, (iii) to determine the form of payment to be made upon the exercise of an SAR or in connection with performance awards, either cash, Common Shares of the Company or a combination thereof, (iv) to determine the terms of exercise of each option and award, (v) to accelerate the time at which all or any part of an option or award may be exercised, (vi) to amend or modify the terms of any option or award with the consent of the optionee, (vii) to interpret the Plan, (viii) to prescribe, amend and rescind rules and regulations relating to the Plan, (ix) to determine the terms and provisions of each option and award agreement under the Plan (which agreements need not be identical), including the designation of those options intended to be Incentive Stock Options, and (x) to make all other determinations necessary or advisable for the administration of the Plan, subject to the exclusive authority of the Board of Directors under Section 15 herein to amend or terminate the Plan. The Committee's determinations on the foregoing matters, unless otherwise disapproved by the Board of Directors of the Company, shall be final and conclusive.

(d) The Committee may select one of its members as its Chairman and shall hold its meetings at such times and places as it may determine. A majority of its members shall constitute a quorum. All determinations of the Committee shall be made by not less than a majority of its members. Any decision or determination reduced to writing and signed by all of the members of the Committee shall be fully effective as if it had been made by a majority vote at a meeting duly called and held. The grant of an option or award shall be effective only if a written agreement shall have been duly executed and delivered by and on behalf of the Company following such grant. The Committee may appoint a Secretary and may make such rules and regulations for the conduct of its business as it shall deem advisable.

4. Eligibility

Incentive Stock Options may only be granted under this Plan to any full or part-time employee (which term as used herein includes, but is not limited to, officers and directors who are also employees) of the Company and of its present and future subsidiary corporations (herein called "subsidiaries"). Full or part-time employees, non-employee members of the Board of Directors, and non-employee consultants, agents or independent contractors to the Company or one of its subsidiaries shall be eligible to receive options which do not qualify as Incentive Stock Options and awards.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

In determining the persons to whom options and awards shall be granted and the number of shares subject to each, the Committee may take into account the nature of the services rendered by the respective employees or consultants, their present and potential contributions to the success of the Company and such other factors as the Committee in its discretion shall deem relevant. A person who has been granted an option or award under this Plan may be granted additional options or awards under the Plan if the Committee shall so determine; provided, however, that for Incentive Stock Options, to the extent the aggregate fair market value (determined at the time the Incentive Stock Option is granted) of the Common Shares with respect to which all Incentive Stock Options are exercisable for the first time by an employee during any calendar year (under all plans described in subsection (d) of Section 422 of the Code of his employer corporation and its parent and subsidiary corporations) exceeds \$100,000, such options shall be treated as options which do not qualify as Incentive Stock Options. Nothing in the Plan or in any agreement thereunder shall confer on any employee any right to continue in the employ of the Company or any of its subsidiaries or affect, in any way, the right of the Company or any of its subsidiaries to terminate his or her employment at the time.

5. Price

The option price for all Incentive Stock Options granted under the Plan shall be determined by the Committee but shall not be less than 100% of the fair market value of the Common Shares at the date of grant of such option. The option price for options granted under the Plan which do not qualify as Incentive Stock Options and, if applicable, the price for all awards shall also be determined by the Committee and may be other than 100% of the fair market value of the Common Shares. For purposes of the preceding sentence and for all other valuation purposes under the Plan, the fair market value of the Common Shares shall be as reasonably determined by the Committee. If on the date of grant of any option or award hereunder the Common Shares are not traded on an established securities market, the Committee shall make a good faith attempt to satisfy the requirements of this Section 5 and in connection therewith shall take such action as it deems necessary or advisable.

6. Term

Each option and award and all rights and obligations thereunder shall expire on the date determined by the Committee and specified in the option or award agreement. The Committee shall be under no duty to provide terms of like duration for options or awards granted under the Plan, but the term of an Incentive Stock Option may not extend more than ten (10) years from the date of grant of such option and the term of options granted under the Plan which do not qualify as Incentive Stock Options may not extend more than fifteen (15) years from the date of granting of such option.

7. Exercise of Option or Award

(a) The Committee shall have full and complete authority to determine whether an option or award will be exercisable in full at any time or from time to time during the term thereof, or to provide for the exercise thereof in such installments, upon the occurrence of such events (such as termination of employment for any reason) and at such times during the term of the option as the Committee may determine and specify in the option or award agreement.

(b) The exercise of any option or award granted hereunder shall only be effective at such time that the sale of Common Shares pursuant to such exercise will not violate any state or federal securities or other laws.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

(c) An optionee or grantee electing to exercise an option or award shall give written notice to the Company of such election and of the number of shares subject to such exercise. The full purchase price of such shares shall be tendered with such notice of exercise. Payment shall be made to the Company in cash (including bank check, certified check, personal check, or money order), or, at the discretion of the Committee and as specified by the Committee, (i) by delivering certificates for the Company's Common Shares, or securities of any subsidiary (direct or indirect) of the Company, already owned by the optionee or grantee having a fair market value as of the date of grant equal to the full purchase price of the shares or (ii) a combination of cash and such shares. The fair market value of such tendered shares shall be determined as provided in Section 5 herein. Until such person has been issued the shares subject to such exercise, he or she shall possess no rights as a shareholder with respect to such shares.

8. Additional Restrictions

The Committee shall have full and complete authority to determine whether all or any part of the Common Shares of the Company acquired upon exercise of any of the options or awards granted under the Plan shall be subject to restrictions on the transferability thereof or any other restrictions affecting in any manner the optionee's or grantee's rights with respect thereto, but any such restriction shall be contained in the agreement relating to such options or awards.

9. Alternative Stock Appreciation Rights

(a) Grant. At the time of grant of an option or award under the Plan (or at any other time), the Committee, in its discretion, may grant a Stock Appreciation Right ("SAR") evidenced by an agreement in such form as the Committee shall from time to time approve. Any such SAR may be subject to restrictions on the exercise thereof as may be set forth in the agreement representing such SAR which agreement shall comply with and be subject to the following terms and conditions and any additional terms and conditions established by the Committee that are consistent with the terms of the Plan.

(b) Exercise. An SAR shall be exercised by the delivery to the Company of a written notice which shall state that the holder thereof elects to exercise his or her SAR as to the number of shares specified in the notice and which shall further state what portion, if any, of the SAR exercise amount (hereinafter defined) the holder thereof requests to be paid to in cash and what portion, if any, is to be paid in Common Shares of the Company. The Committee promptly shall cause to be paid to such holder the SAR exercise amount either in cash, in Common Shares of the Company, or any combination of cash and shares as the Committee may determine. Such determination may be either in accordance with the request made by the holder of the SAR or in the sole and absolute discretion of the Committee. The SAR exercise amount is the excess of the fair market value of one share of the Company's Common Shares on the date of exercise over the per share exercise price in respect of which the SAR was granted, multiplied by the number of shares as to which the SAR is exercised. For the purposes hereof, the fair market value of the Company's shares shall be determined as provided in Section 5 herein.

10. Ten Percent Shareholder Rule

Notwithstanding any other provision in the Plan, if at the time an option is granted pursuant to the Plan the optionee owns directly or indirectly (within the meaning of Section 425(d) of the Code) Common Shares of the Company possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or its parent or subsidiary corporations, if any (within the meaning of Section 422(b)(6) of

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form DEF 14A

the Code), then any Incentive Stock Option to be granted to such optionee pursuant to the Plan shall satisfy the requirements of Section 422(c)(6) of the Code, and the option price shall be not less than 110% of the fair market value of the Common Shares of the Company determined as described herein, and such option by its terms shall not be exercisable after the expiration of five (5) years from the date such option is granted.

11. Non-Transferability

Except as otherwise provided in an option or award agreement, no option or award granted under the Plan shall be transferable by an optionee or grantee, otherwise than by will or the laws of descent or distribution, and during the lifetime of an optionee or grantee, the option shall be exercisable only by such optionee or grantee.

12. Restricted Stock Awards

Awards of Common Shares subject to forfeiture and transfer restrictions may be granted by the Committee. Any restricted stock award shall be evidenced by an agreement in such form as the Committee shall from time to time approve, which agreement shall comply with and be subject to the following terms and conditions and any additional terms and conditions established by the Committee that are consistent with the terms of the Plan:

(a) Grant of Restricted Stock Awards. Each restricted stock award made under the Plan shall be for such number of Common Shares as shall be determined by the Committee and set forth in the agreement containing the terms of such restricted stock award. Such agreement shall set forth a period of time during which the grantee must remain in the continuous employment of the Company in order for the forfeiture and transfer restrictions to lapse. If the Committee so determines, the restrictions may lapse during such restricted period in installments with respect to specified portions of the shares covered by the restricted stock award. The agreement may also, in the discretion of the Committee, set forth performance or other conditions that will subject the Common Shares to forfeiture and transfer restrictions. The Committee may, at its discretion, waive all or any part of the restrictions applicable to any or all outstanding restricted stock awards.

(b) Delivery of Common Shares and Restrictions. At the time of a restricted stock award, a certificate representing the number of Common Shares awarded thereunder shall be registered in the name of the grantee. Such certificate shall be held by the Company or any custodian appointed by the Company for the account of the grantee subject to the terms and conditions of the Plan, and shall bear such a legend setting forth the restrictions imposed thereon as the Committee, in its discretion, may determine. The grantee shall have all rights of a shareholder with respect to the Common Shares, including the right to receive dividends and the right to vote such shares, subject to the following restrictions: (i) the grantee shall not be entitled to delivery of the stock certificates until the expiration of the restricted period and the fulfillment of any other restrictive conditions set forth in the restricted stock agreement with respect to such Common Shares; (ii) none of the Common Shares may be sold, assigned, transferred, pledged, hypothecated or otherwise encumbered or disposed of during such restricted period or until after the fulfillment of any such other restrictive conditions; and (iii) except as otherwise determined by the Committee, all of the Common Shares shall be forfeited and all rights of the grantee to such Common Shares shall terminate, without further obligation on the part of the Company, unless the grantee remains in the continuous employment of the Company for the entire restricted period in relation to which such Common Shares were granted and unless any other restrictive conditions relating to the restricted stock award are met. Common Shares, any other securities of the Company and any other property (except for cash dividends) distributed with respect to the Common Shares subject to restricted stock awards shall be subject to the same restrictions, terms and conditions as such restricted Common Shares.

(c) Termination of Restrictions. At the end of the restricted period and provided that any other restrictive conditions of the restricted stock award are met, or at such earlier time as otherwise determined by the Committee, all restrictions set forth in the agreement relating to the restricted stock award or in the Plan shall lapse as to the restricted Common Shares subject thereto, and a stock certificate for the appropriate number of Common Shares, free of the restrictions and the restricted stock legend, shall be delivered to the grantee or his beneficiary or estate, as the case may be.

13. Performance Awards

The Committee is further authorized to grant Performance awards. Subject to the terms of this Plan and any applicable award agreement, a Performance award granted under the Plan (i) may be denominated or payable in cash, Common Shares (including, without limitation, restricted stock), other securities, other awards, or other property and (ii) shall confer on the holder thereof rights valued as determined by the Committee, in its discretion, and payable to, or exercisable by, the holder of the Performance awards, in whole or in part, upon the achievement of such performance goals during such performance periods as the Committee, in its discretion, shall establish. Subject to the terms of this Plan and any applicable award agreement, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any Performance award granted, and the amount of any payment or transfer to be made by the grantor and by the Company under any Performance award shall be determined by the Committee.

14. Dilution or Other Adjustments

If there shall be any change in the Common Shares through merger, consolidation, reorganization, recapitalization, dividend in the form of stock (of whatever amount), stock split or other change in the corporate structure, appropriate adjustments in the Plan and outstanding options and awards shall be made by the Committee. In the event of any such changes, adjustments shall include, where appropriate, changes in the aggregate number of shares subject to the Plan, the number of shares and the price per share subject to outstanding options and awards and the amount payable upon exercise of outstanding awards, in order to prevent dilution or enlargement of option or award rights.

15. Amendment or Discontinuance of Plan

The Board of Directors may amend or discontinue at any time. Subject to the provisions of Section 14 no amendment of the Plan, however, shall without shareholder approval: (i) increase the maximum number of shares under the Plan as provided in Section 2 herein, (ii) decrease the minimum price provided in Section 5 herein, (iii) extend the maximum term under Section 6, or (iv) modify the eligibility requirements for participation in the Plan. The Board of Directors shall not alter or impair any option or award theretofore granted under the Plan without the consent of the holder of the option or award.

16. Income Tax Withholding and Tax Bonuses

(a) In order to comply with all applicable federal or state income tax laws or regulations, the Company may take such action as it deems

appropriate to ensure that all applicable federal or state payroll, withholding, income or other taxes, which are the sole and absolute responsibility of an optionee or grantee under the Plan, are withheld or collected from such optionee or grantee. In order to assist an optionee or grantee in paying all federal and state taxes to be withheld or collected upon exercise of an option or award which does not qualify as an Incentive Stock Option hereunder, the Committee, in its absolute discretion and subject to such additional terms and conditions as it may adopt, shall permit the optionee or grantee to satisfy such tax obligation by (i) electing to have the Company withhold a portion of the shares otherwise to be delivered upon exercise of such option or award with a fair market value, determined in accordance with Section 5 herein, equal to such taxes or (ii) delivering to the Company Common Shares other than the shares issuable upon exercise of such option or award with a fair market value, determined in accordance with Section 5, equal to such taxes.

(b) The Committee shall have the authority, at the time of grant of an option under the Plan or at any time thereafter, to approve tax bonuses to designated optionees or grantees to be paid upon their exercise of options or awards granted hereunder. The amount of any such payment shall be determined by the Committee. The Committee shall have full authority in its absolute discretion to determine the amount of any such tax bonus and the terms and conditions affecting the vesting and payment thereafter.

17. Effective Date and Termination of Plan

(a) The Plan was approved by the Board of Directors by unanimous action in writing, effective July 21, 1995 and by the shareholders of the Company by unanimous action in writing, effective July 21, 1995.

(b) Unless the Plan shall have been discontinued as provided in Section 14 hereof, the Plan shall terminate July 20, 2005. No option or award may be granted after such termination, but termination of the Plan shall not, without the consent of the optionee or grantee, alter or impair any rights or obligations under any option or award theretofore granted.
