FORWARD INDUSTRIES, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 OVERVIEW

Forward Industries, Inc. (“Forward” or the “Company”) was incorporated under the laws of the State of New York and began operations in 1961 as a manufacturer and distributor of specialty and promotional products. The Company designs, markets, and distributes carry and protective solutions, primarily for hand held electronic devices. The Company’s principal customer market is original equipment manufacturers, or “OEMs” (or the contract manufacturing firms of these OEM customers), that either package their products as accessories “in box” together with their branded product offerings, or sell them through their retail distribution channels. The Company’s OEM products include carrying cases and other accessories for medical monitoring and diagnostic kits and a variety of other portable electronic and non-electronic products (such as sporting & recreational products, bar code scanners, smartphones, GPS location devices, tablets, and firearms). The Company’s OEM customers are located in the Americas, the EMEA Region, and the APAC Region. The Company does not manufacture any of its OEM products and sources substantially all of its OEM products from independent suppliers in China (refer to Note 8 – Buying Agency and Supply Agreement).

On June 21, 2012, the Company determined to exit its global retail business and focus solely on growing its OEM business. The decision to eliminate the Retail division was primarily driven by the longer than estimated path to bring it to profitability and the strong top line growth and cost rationalizations in the OEM business. The Retail business is presented as discontinued operations.

On December 30, 2014, the Company held its 2014 annual meeting of shareholders (the “2014 Annual Meeting”) primarily for the purpose of electing either a slate of directors proposed by the then-incumbent board of directors or a slate of directors proposed by Terence Bernard Wise, a director and significant shareholder in the Company at the time. At the 2014 Annual Meeting, the Company’s shareholders voted for the election of the slate of directors proposed by Mr. Wise, which resulted in the turnover of a majority of the Company’s directors.

In the opinion of management, the accompanying condensed consolidated financial statements presented in this Quarterly Report on Form 10-Q reflect all normal recurring adjustments necessary to present fairly the financial position and results of operations and cash flows for the interim periods presented herein, but are not necessarily indicative of the results of operations for the year ended September 30, 2015. These condensed consolidated financial statements should be read in conjunction with the Company’s audited consolidated financial statements included in its Annual Report on Form 10-K for the fiscal year ended September 30, 2014, and with the disclosures and risk factors presented herein and therein, respectively. The September 30, 2014 condensed consolidated balance sheet has been derived from the audited consolidated financial statements.

NOTE 2 ACCOUNTING POLICIES

Accounting Estimates

The preparation of the Company's condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates and assumptions.

Basis of Presentation

The accompanying condensed consolidated financial statements include the accounts of Forward Industries, Inc. and its wholly owned subsidiaries (Forward US, Forward Switzerland, Forward HK (inactive) and Forward UK (inactive)). All significant intercompany transactions and balances have been eliminated in consolidation.

Reclassifications

Certain prior period amounts have been reclassified to conform to the current period presentation.

FORWARD INDUSTRIES, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company accounts for its income taxes in accordance with U.S. GAAP, which requires, among other things, recognition of future tax benefits and liabilities measured at enacted rates attributable to temporary differences between financial statement and income tax bases of assets and liabilities and to net tax operating loss carry-forwards to the extent that realization of these benefits is more likely than not. As of December 31, 2014, there was no change to our assessment that a full valuation allowance was required against all net deferred tax assets. Accordingly, any deferred tax provision was offset by an equal and opposite change to the valuation allowance.

6% Senior Convertible Preferred Stock

Temporary Equity

The 6% Senior Convertible Preferred Stock has been classified as temporary equity in accordance with Accounting Standards Codification (“ASC”) 480-10-s99 - Distinguishing Liabilities from Equity – Overall – SEC Materials and Accounting Series Release (“ASR”) 268 – Presentation in Financial Statements of “Redeemable Preferred Stock”, as the redemption feature is not solely within the control of the Company.

Warrants

In accordance with ASC 815-40 – Derivatives and Hedging – Contracts in Entity’s Own Equity, the Company’s warrants were initially classified as a liability, at fair value, as a result of a related registration rights agreement that contained certain requirements for registering the underlying common shares, but has no provision for penalties upon the failure to register. At each balance sheet date, this liability’s fair value was re-measured and adjusted with the corresponding change in fair value recorded in the condensed consolidated statements of operations and comprehensive (loss) income. As of March 31, 2014, the underlying shares were registered and the liability was marked-to-the-market and reclassified to equity.

Preferred Stock Accretion

As of the issuance date, the carrying amount of the convertible preferred stock was less than the redemption value. As a result of the Company's determination that redemption is probable (See Note 10 – Subsequent Events), the carrying value was increased by periodic accretions so that the carrying value will equal the redemption amount at the earliest redemption date. Such accretion is recorded as a preferred stock dividend.

Revenue Recognition

The Company generally recognizes revenue from product sales to its customers when: (1) title and risk of loss are transferred (in general, these conditions occur at either point of shipment or point of destination, depending on the terms of sale); (2) persuasive evidence of an arrangement exists; (3) the Company has no continuing obligations to the customer; and (4) collection of the related accounts receivable is reasonably assured.

Share-Based Payment Expense

The Company recognizes employee and director share-based compensation in its condensed consolidated statements of operations and comprehensive (loss) income at the grant-date fair value of stock options and other equity-based compensation. The determination of stock option grant-date fair value is estimated using the Black-Scholes option-pricing model, which includes variables such as the expected volatility of the Company's share price, the exercise behavior of its grantees, interest rates, and dividend yields. These variables are projected based on the Company's historical data, experience, and other factors. In the case of awards with multiple vesting periods, the Company has elected to use the graded vesting attribution method, which recognizes compensation cost on a straight-line basis over each separately vesting portion of the award as if the award was, in-substance, multiple awards. Refer to Note 5 – Share Based Compensation. In addition, the Company recognizes share-based compensation to non-employees based upon the fair value, using the Black-Scholes option pricing model, determined at the deemed measurement dates over the related contract service period.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements

In July 2013, the Financial Accounting Standards Board (“FASB”) issued ASU 2013-11, “Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists.” This ASU addresses the requirements regarding the financial statement presentation of an unrecognized tax benefit within ASC Topic 740 for the purpose of providing consistency between the financial reporting of U.S. GAAP entities. Generally, this ASU provides guidance for the preparation of financial statements and disclosures when a net operating loss carryforward, a similar tax loss, or a tax credit carryforward exists. This ASU is effective for annual periods and interim periods within those annual periods beginning after December 15, 2013 and did not have a material impact on the Company’s condensed consolidated financial statements or disclosures.

NOTE 3 DISCONTINUED OPERATIONS

On June 21, 2012, the Company determined to exit its global retail business and focus solely on growing its OEM business. The decision to eliminate the Retail division was primarily driven by the longer than estimated path to bring it to profitability and the strong net sales growth and cost rationalizations in the OEM business. Accordingly, the results of operations for the Retail division have been recorded as discontinued operations in the accompanying condensed consolidated financial statements for the periods presented. The Company has completed its exit of its Retail business. Summarized operating results of discontinued operations are presented in the following table:

	For the Three Months Ended December 31,	
	2014	2013
Net sales	\$-	\$-
Gross loss	-	(9,700)
Operating (expenses) benefit	(1,082)	14,239
Other income	200,045	70
Income from discontinued operations, net	\$198,963	\$4,609

The Company had \$280,000 of accounts receivable relating to overdue payments pursuant to a Settlement Agreement and General Release (“Settlement Agreement”) executed on July 3, 2013 between the Company and G-Form LLC (“G-Form”) in exchange for certain retail inventories, the Company’s cooperation with certain administrative matters, and a mutual general release. Due to the age of the accounts receivable and G-Form’s non-responsiveness to the Company’s communication related to the matter, the Company established a full reserve for this receivable as of September 30, 2014. In December 2014, the Company recovered \$200,000 from a third party, which was recognized as other income during the three months ended December 31, 2014.

NOTE 4 SHAREHOLDERS’ EQUITY

6% Senior Convertible Preferred Stock and Warrants

In the event of a liquidation (or deemed liquidation, as described below) of the Company, the holders of the Company’s 6% Senior Convertible Preferred Stock, par value \$0.001 per share (“Convertible Preferred Stock”), shall receive in preference to the holders of common stock and any junior securities of the Company an amount (the “Liquidation Preference”) equal to (i) \$1.965 (the “Original Issue Price”) per each outstanding share of Convertible Preferred Stock (subject to adjustment upon the occurrence of certain customary events), plus (ii) any accrued but unpaid dividends. A Change of Control of the Company (as defined in the Certificate of Amendment) will be treated as a liquidation at the option of the holders of a majority of the Convertible Preferred Stock, provided that the amount paid to holders of Convertible Preferred Stock in such event will be equal to 101% of the Original Issue Price, plus accrued but unpaid dividends.

FORWARD INDUSTRIES, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 4 SHAREHOLDERS' EQUITY (CONTINUED)

6% Senior Convertible Preferred Stock and Warrants (continued)

Dividends on the Convertible Preferred Stock are payable, on a cumulative basis, in cash, at the rate per annum of 6% of the Liquidation Preference (as defined below) and are payable quarterly, in arrears, on each March 31, June 30, September 30 and December 31, commencing on September 30, 2013. The Company is prohibited from paying any dividend with respect to shares of common stock or other junior securities in any quarter unless full dividends are paid on the Convertible Preferred Stock in such quarter. Dividends on the Convertible Preferred Stock totaled approximately \$19,000 for each of the three months ended December 31, 2014 and 2013, respectively. These dividends, in addition to the accretion totaled approximately \$474,000 and \$49,000 for the three months ended December 31, 2014 and 2013, respectively.

As of December 31, 2014 and September 30, 2014, the carrying value of the Convertible Preferred Stock was \$1,287,737 and \$833,365, respectively, and is included on the Company's condensed consolidated balance sheets as temporary equity. The change in the carrying value, or accretion, of the Convertible Preferred Stock from the issuance dates to December 31, 2014 is classified as a preferred stock dividend, which was approximately \$455,000 and \$30,000 for the three month periods ended December 31, 2014 and 2013, respectively, and is included as a component of "net loss applicable to common equity" in calculating (loss) income per share. At the December 30, 2014 Annual Meeting, the shareholder vote resulted in the turnover of a majority of the Board members, which represented a Change of Control pursuant to the terms of the Convertible Preferred Stock. Given that a majority of the Convertible Preferred Stock holders may now elect to treat the Change of Control as a deemed dividend resulting in the redemption of their shares, which the Company deemed probable, the Company accreted the carrying value of the Convertible Preferred Stock to its \$1,287,737 redemption value based on 101% of the Original Issue Price.

See Note 10 – Subsequent Events.

Stock Repurchase

In September 2002 and January 2004, the Board authorized the repurchase of up to an aggregate of 486,200 shares of outstanding common stock. Under those authorizations, through December 31, 2014, the Company repurchased an

Edgar Filing: FORWARD INDUSTRIES INC - Form 10-Q

aggregate of 223,614 shares at a cost of approximately \$485,000. In November 2014, the Company repurchased and retired an aggregate of 10,340 shares of its outstanding restricted common stock at a cost of approximately \$12,000, in connection with the vesting of employee restricted stock awards, wherein certain employees surrendered a portion of their award in order to fund certain tax withholding obligations.

On December 5, 2014, the Board of Directors approved the retirement of the 10,340 repurchased shares, 30,000 shares forfeited during the three months ended December 31, 2014, plus the 706,410 shares of existing treasury stock.

NOTE 5 SHARE-BASED COMPENSATION

Stock Option Awards

The fair value of each stock option on the date of grant was estimated using a Black-Scholes option-pricing formula applying the following assumptions for the three month period ended December 31, 2013:

	2013
Risk free interest rate	5 %
Expected term (years)	1.5
Expected volatility	67.6%
Expected dividends	0 %
Estimated annual forfeiture rate	10 %

There were no options granted during the three months ended December 31, 2014. During the three months ended December 31, 2013, the Company granted 32,500 stock options at a weighted average grant date fair value of \$0.90 per share.

The expected term represents the period over which the stock option awards are expected to be outstanding. The Company utilizes the “simplified” method to develop an estimate of the expected term of “plain vanilla” employee option grants. The Company based the risk-free interest rate used in its assumptions on the implied yield currently available on U.S. Treasury zero-coupon issues with a remaining term equivalent to the award’s expected term. The volatility factor used in the Company’s assumptions is based on the historical price of its stock over the most recent period commensurate with the expected term of the award. The Company historically has not paid any dividends on its common stock and had no intention to do so on the date the share-based awards were granted.

The Company recognized compensation expense of approximately \$12,000 and \$27,000 in continuing operations for stock option awards in its condensed consolidated statements of operations and comprehensive (loss) income for the three month periods ended December 31, 2014 and 2013, respectively.

INCOME PER
SHARE

Basic (loss) income per share data for each period presented is computed using the weighted-average number of shares of common stock outstanding during each such period. Diluted (loss) income per share data is computed using the weighted-average number of common and dilutive common-equivalent shares outstanding during each period. Dilutive common-equivalent shares consist of (a) shares that would be issued upon the exercise of stock options and warrants, computed using the treasury stock method, (b) shares that would be issued upon the conversion of convertible preferred stock and (c) shares of non-vested restricted stock. Net (loss) income from continuing operations per basic and diluted share for the three months ended December 31, 2014 and 2013 is net of preferred stock cash dividends and accretion.

The following securities are excluded from the calculation of weighted average dilutive common shares because their inclusion would have been anti-dilutive:

PROCEEDINGS

On July 15, 2014, Terence Bernard Wise, a director of the Company, filed a derivative complaint in Supreme Court of the State of New York, New York County, against then-directors (now former directors) Frank LaGrange Johnson, Robert Garrett, John F. Chiste, Timothy Gordon and Owen P.J. King, also naming the Company as a nominal defendant, alleging breaches of fiduciary duty and seeking declaratory and injunctive relief (both preliminary and final), including a temporary restraining order ("TRO"), preventing the Board of the Company from pursuing any extraordinary action without shareholder approval that would alter the Company's capital structure. The court rejected Mr. Wise's request for a TRO and Mr. Wise then withdrew his request for preliminary injunctive relief. Mr. Wise subsequently amended his complaint to add additional allegations of breach of fiduciary duties and allegations of breach of director duties under various provisions of New York's Business Corporation Law.

On December 4, 2014, Mr. Wise brought a new application to the court, seeking a TRO and a preliminary injunction to enjoin the Company's Board from causing the Company to issue any Series B Senior Convertible Preferred Stock (the "Preferred Stock"), or take any antecedent or preparatory steps to effectuate such issuance prior to the Company's 2014 Annual Meeting. The court granted the TRO in part by prohibiting the Company from issuing (but not from taking antecedent or preparatory steps to issue) such Preferred Stock prior to December 8, 2014. At a hearing on December 8, 2014, the court granted Mr. Wise's motion for a preliminary injunction, enjoining the Company's issuance of the Preferred Stock prior to the Company's 2014 Annual Meeting. On December 8, 2014, the Company filed a notice of appeal of the court's order to the Appellate Division of the Supreme Court of the State of New York, First Department (the "First Department"). On December 9, 2014, the Company moved before the First Department to vacate the lower court's injunction. On January 7, 2015, the Company's counsel, together with counsel representing Mr. Wise, sent a letter to the First Department advising the court that the December 9, 2014 motion to vacate the preliminary injunction had been rendered moot due to the election of a new Board at the Annual Meeting, which did not intend to proceed with the issuance of Preferred Stock. On January 20, 2015, the First Department issued an order deeming the motion withdrawn as moot. The case otherwise remains pending.

On July 22, 2014, the Company filed a lawsuit in U.S. District Court for the Southern District of New York against Mr. Wise and shareholder Jenny P. Yu, alleging certain violations of the federal securities laws relating to the Schedules 13D filed by each of Mr. Wise and Ms. Yu, and the preliminary proxy solicitation materials filed by Mr. Wise (the "Federal Action") in support of the candidates that he proposed for election to the Company's Board at the 2014 Annual Meeting. Specifically, the Company alleged that these filings were misleading because Mr. Wise and Ms. Yu had formed an undisclosed "group" under Section 13(d) of the Securities Exchange Act. The Company's lawsuit sought expedited injunctive and declaratory relief requiring Mr. Wise and Ms. Yu to comply with the federal securities laws by submitting revised disclosures in advance of any vote by the Company's shareholders, and also sought to have Mr. Wise's Board nominations invalidated and for a declaration that Mr. Wise and Ms. Yu were subject

to certain provisions of the New York's Business Corporation Law as a result of their purported "group" under Section 13(d). In an August 19, 2014 order, the Court rejected the Company's request for a preliminary injunction. On September 20, 2014, the Court dismissed all of the Company's claims against Mr. Wise and Ms. Yu with prejudice, after which the Company filed an appeal to the United States Court of Appeals for the Second Circuit. On February 11 and 12, 2015, all parties to the Federal Action stipulated to withdraw the Company's appeal with prejudice.

On August 26, 2014, James McKenna, the Company's former Chief Financial Officer, filed a lawsuit in the U.S. District Court for the Southern District of New York against the Company and its then-directors (now former directors) Frank LaGrange Johnson, Robert Garrett John F. Chiste, Timothy Gordon and Owen P.J. King, asserting retaliation and whistleblowing claims under the Dodd-Frank Act, claims for breach of contract and breach of the covenant of good faith and fair dealing against the Company, and a single claim for tortious interference with contract against the individual defendants. The complaint seeks an unspecified amount of monetary consequential damages and punitive damages. The case currently remains pending while the parties discuss the terms of a potential settlement. No assurance can be given that these discussions will be successful or that a settlement will be reached.

On November 13, 2014, the Company filed a lawsuit in the Supreme Court of the State of New York, Kings County, against Mr. Wise and the six individuals Mr. Wise had nominated to stand for election to the Company's Board at the 2014 Annual Meeting: Howard Morgan, Michael Luetkemeyer, Eric Freitag, Sangita Shah, N. Scott Fine, and Darryl Keyes. The Company's complaint sought a judicial declaration that Mr. Wise's nominations were invalid, as they were purportedly not noticed within the timeframe that the Company argued was provided by the Company's Bylaws. The complaint also sought an injunction preventing Mr. Wise from soliciting proxies for the election of his nominees. At a hearing on December 1, 2014, the Court denied the Company's request for preliminary injunctive relief. On December 2, 2014, the Company requested an injunction from the Appellate Division of the Supreme Court of the State of New York, Second Department, which was denied on December 12, 2014. On December 3, 2014, Mr. Wise filed a motion to dismiss the lawsuit in its entirety, with prejudice. On February 11, 2015, the parties stipulated to discontinue the case.

Business Overview

Trends and Economic Environment

In June 2012, the Company made the strategic decision to focus solely on its core OEM business. Initially, we implemented several key restructuring measures in order to improve our operating performance and return the Company to profitability. These actions included replacing our legacy sourcing and quality assurance infrastructure with a variable lower cost solution through our use of an exclusive Asia-based sourcing agent (see Note 8 in our Notes to our Condensed Consolidated Financial Statements) and rationalizing our fixed operating expenses, including office closures and headcount reductions. Our financial results for the 2015 Quarter and the 2014 Quarter, reflect the impact of these restructuring measures.

We remain challenged by a highly concentrated customer base and product offering, especially with respect to our Diabetic Products line, where we operate in a price sensitive environment in which we continue to experience volatility in demand and downward pricing pressure from our major Diabetic Products customers. We believe that the investments we are making in our sales, design and sales support teams increase our ability to expand and diversify our customer base, which we believe is essential to overcoming these challenges and the impact they have on our gross margins.

We continue to be challenged by rising costs from our China-based supplier base, which causes our gross margins to narrow when we are not able to fully pass cost increases through to customers. Our dedicated Asia-based sourcing agent has made meaningful progress in areas such as quality assurance and overall operational performance, which has better positioned us with our customers. However, there was no expansion of our supplier base during the 2015 Quarter and 2014 Quarter. As a result, our ability to effectively push back against such rising material costs may diminish.

Variability of Revenues and Results of Operation

Because a high percentage of our sales revenues is highly concentrated in a few large customers, and because the volumes of these customers' order flows to us are highly variable, with short lead times, our quarterly revenues, and consequently our results of operations, are susceptible to significant variability over a relatively short period of time.

Change of Directors and Officers

On December 30, 2014, the Company held its 2014 Annual Meeting primarily for the purpose of electing either a slate of directors proposed by the then-incumbent Board of Directors or a slate of directors proposed by Terence Bernard Wise, a director and significant shareholder in the Company at the time. At the 2014 Annual Meeting, the Company's shareholders voted for the election of the slate of directors proposed by Mr. Wise, which resulted in the turnover of a majority of the Company's directors. Following the 2014 Annual Meeting, our incumbent President and Chief Executive Officer voluntarily resigned and the new board appointed an Interim President. In connection with the incumbent Chief Executive Officer's departure, we cancelled the month-to-month New York Office Services Agreement at a savings of \$12,700 per month.

The then-incumbent Board of Directors engaged professional services, including a proxy advisory solicitation service and supplementary legal representation, in order to facilitate the election of and promote its slate of director nominees. Such expenses, which were borne by the Company, significantly increased our 2015 Quarter expenses. In addition, the incumbent team was conducting an accelerated search process to identify attractive acquisition targets and the related financing to fund such acquisitions and the professional services associated with that effort also significantly increased our 2015 Quarter expenses.

Critical Accounting Policies and Estimates

This management's discussion and analysis of financial condition and results of operations is based upon or derived from the unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires us to make estimates and assumptions that are believed to be reasonable under the circumstances. There can be no assurance that actual results will not differ from those estimates and such differences could be significant.

We discuss the material accounting policies that are critical in making these estimates and judgments in our Annual Report on Form 10-K for the fiscal year ended September 30, 2014, under the caption “Management’s Discussion and Analysis—Critical Accounting Policies and Estimates”. There has been no material change in critical accounting policies or estimates since September 30, 2014.

Recent Accounting Pronouncements

In July 2013, the FASB issued ASU 2013-11, “Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists.” This ASU addresses the requirements regarding the financial statement presentation of an unrecognized tax benefit within ASC Topic 740 for the purpose of providing consistency between the financial reporting of U.S. GAAP entities. Generally, this ASU provides guidance for the preparation of financial statements and disclosures when a net operating loss carryforward, a similar tax loss, or a tax credit carryforward exists. This ASU is effective for annual periods and interim periods within those annual periods beginning after December 15, 2013 and did not have a material impact on the Company’s condensed consolidated financial statements or disclosures.

RESULTS OF OPERATIONS FOR THE 2015 QUARTER COMPARED TO THE 2014 QUARTER

(Loss) Income from Continuing Operations

Loss from continuing operations in the 2015 Quarter was \$1.7 million compared to income of \$0.3 million in the 2014 Quarter. The 2015 Quarter loss is primarily due to an increase in general and administrative expenses, primarily due to costs associated with the proxy contest and litigation related to the 2014 Annual Meeting, and, to a lesser extent, a decline in gross profit driven by a reduction in sales volume.

Main Components of (Loss) Income from Continuing Operations			
(thousands of dollars)			
	2015	2014	Increase (Decrease)
	Quarter	Quarter	
Net sales	\$ 7,944	\$ 8,415	\$ (471)
Gross profit	1,562	1,845	(283)
Sales and marketing expenses	683	617	66
General and administrative expenses	2,470	856	1,614
Other expense, net	110	25	85
Income tax expense	-	-	-
(Loss) income from continuing operations	\$ (1,701)	\$ 347	\$ (2,048)

Loss from continuing operations per basic and diluted share was \$(0.25) for the 2015 Quarter. Income from continuing operations per basic and diluted share was \$0.04 for the 2014 Quarter.

Net Sales

Net sales in the 2015 Quarter decreased \$0.5 million, or 6%, to \$7.9 million from \$8.4 million in the 2014 Quarter primarily due to a decline in sales of Other Products offset by an increase in sales of Diabetic Products. The tables below set forth sales by channel, product line, and geographic location of our customers for the periods indicated:

Net Sales for 2015 Quarter

(millions of dollars)

	APAC	Americas	EMEA	Total*
Diabetic products	\$2.8	\$ 1.4	\$ 2.5	\$ 6.7
Other products	0.4	0.6	0.2	1.2
Total net sales	\$3.2	\$ 2.0	\$ 2.7	\$ 7.9

Net Sales for 2014 Quarter

(millions of dollars)

	APAC	Americas	EMEA	Total*
Diabetic products	\$2.6	\$ 1.7	\$ 2.1	\$ 6.4
Other products	0.8	0.8	0.4	\$ 2.0
Total net sales	\$3.4	\$ 2.5	\$ 2.5	\$ 8.4

Diabetic Product Sales

We design to the order of, and sell carrying cases for blood glucose diagnostic kits directly to OEMs (or their contract manufacturers). The OEM customer or its contract manufacturer packages our carry cases “in box” as a custom accessory for the OEM’s blood glucose testing and monitoring kits, or to a lesser extent, sells them through its retail distribution channels.

Sales of Diabetic Products increased \$0.3 million to \$6.7 million in the 2015 Quarter, from \$6.4 million in the 2014 Quarter. This increase was primarily due to higher sales of legacy programs with 3 of our largest Diabetic Products’ customers (Diabetic customers A, C, and D). The increase was offset, in part, by a decline in sales of legacy programs to a major Diabetic Products’ customer (Diabetic customer B).

The following table sets forth our sales by Diabetic Products' customers for the periods indicated:

	(millions of dollars)		
	2015	2014	Increase
	Quarter	Quarter	(Decrease)
Diabetic Customer A	\$2.7	\$ 2.2	\$ 0.5
Diabetic Customer B	0.8	1.2	(0.4)
Diabetic Customer C	2.0	1.6	0.4
Diabetic Customer D	1.2	1.1	0.1
All other Diabetic Customers	0.0	0.3	(0.3)
Totals	\$6.7	\$ 6.4	\$ 0.3

Sales of Diabetic Products represented 85% of our total net sales in the 2015 Quarter compared to 76% of our total net sales in the 2014 Quarter.

Other Product Sales

We design and sell cases and protective solutions to OEMs for a diverse array of portable electronic devices (such as bar code scanners, GPS devices, cellular phones, tablets and cameras), as well as a variety of other products (such as sporting and recreational products and firearms) on a made-to-order basis that are customized to fit the products sold by our OEM customers.

Sales of Other Products declined approximately \$0.8 million to \$1.2 million in the 2015 Quarter from approximately \$2.0 million in the 2014 Quarter. The decline was primarily due to a drop in sales to several customers including a recreational products customer, a GPS customer, a new camera customer and a barcode scanner customer. Lesser fluctuations in several other customer accounts between 2015 Quarter and 2014 Quarter were not individually material.

Sales of Other Products represented 15% of our net sales in the 2015 Quarter compared to 24% of our total net sales in the 2014 Quarter.

Gross Profit

Gross profit decreased \$0.2 million, or 15%, to \$1.6 million in the 2015 Quarter from \$1.8 million in the 2014 Quarter. As a percentage of sales, our gross profit declined to 20% in the 2015 Quarter, compared to 22% in the 2014 Quarter.

The gross profit decrease was driven primarily by a year over year decrease in sales volume. In the 2015 Quarter, sales in Europe grew 8% to \$2.7 million. However, Asia-Pacific sales decreased 6% to \$3.2 million and Americas' sales decreased 20% to \$2.0 million. The deterioration in gross profit is mostly due to competitive pricing.

Sales and Marketing Expenses

Sales and marketing expenses increased \$0.1 million, or 11%, to \$0.7 million in the 2015 Quarter compared to \$0.6 million in the 2014 Quarter, primarily due to higher personnel costs. Personnel costs increased in the 2015 Quarter primarily as a result of expanding and restructuring our sales and sales support departments, including their respective compensation schemes. Fluctuations in other components of "Sales and Marketing Expenses" were not material individually or in the aggregate.

General and Administrative Expenses

General and administrative expenses increased \$1.6 million, or 188%, to \$2.5 million in the 2015 Quarter from \$0.9 million in the 2014 Quarter, due primarily to the following:

- \$1.5 million increase in professional fees (primarily attorney's fees) and settlement accruals related to the legal support and representation surrounding the proxy defense and other legal matters; and

- \$0.2 million increase in professional fees (primarily consultants and attorneys) related to identifying and vetting targets for acquisition as part of previous management's strategic vision.

Fluctuations in other components of "General and Administrative Expenses" were not individually material.

Other Expense

Other expense, net, consisting primarily of realized and unrealized losses on investments in marketable securities and the change in the fair market value of warrant liabilities, was \$0.1 million in the 2015 Quarter compared to \$25 thousand in the 2014 Quarter.

RESULTS OF DISCONTINUED OPERATIONS FOR THE 2015 QUARTER COMPARED TO THE 2014 QUARTER

On June 21, 2012, we determined to exit our global retail business and focus solely on growing our OEM business. The decision to eliminate the Retail division was primarily driven by the longer than estimated path to bring it to profitability and the strong net sales growth and cost rationalizations in the OEM business. We have substantially completed the exit of our Retail business and have not had, and do not expect to have, any continuing involvement in the Retail business after this date. Accordingly, the results of operations for the Retail division have been recorded as discontinued operations in the accompanying consolidated financial statements for the periods presented.

Income from discontinued operations was \$0.2 million in the 2015 Quarter compared to income of \$5 thousand in the 2014 Quarter. In the 2015 Quarter, we assigned our rights to a judgment against G-Form for a cash payment of \$0.2 million.

LIQUIDITY AND CAPITAL RESOURCES

Our primary sources of liquidity are our operations and financing activities. The primary demands on our working capital currently are: i) operating losses, should they occur, and ii) accounts receivable and inventories arising in the ordinary course of business. Historically, our sources of liquidity have been adequate to satisfy working capital requirements arising in the ordinary course of business. We anticipate that our liquidity and financial resources for the next twelve months will be adequate to manage our operating and financial requirements.

However, in the near term, we anticipate having to fund: i) approximately \$1.3 million of preferred stock redemptions; ii) approximately \$0.2 million of severance related benefits to our former CEO; and iii) potential legal settlements. The accumulated effect of these costs may have a significant impact on our available liquidity.

At December 31, 2014, our current ratio (current assets divided by current liabilities) was 2.5; our quick ratio (current assets less inventories divided by current liabilities) was 2.0; and our working capital (current assets less current liabilities) was \$8.5 million. As of such date, we had no short or long-term debt outstanding.

During the three months ended December 31, 2014 and 2013, our sources and use of cash were as follows:

Cash Flows from Operating Activities

During the 2015 Quarter, we used \$2.4 million of cash from operations, which is derived from a net loss of \$1.5 million, adjusted by \$0.1 million for non-cash items (primarily realized and unrealized losses on marketable securities), and net cash used in working capital items of \$1.0 million. As to working capital items, cash used in operating activities consisted primarily of a decrease in accounts payable, accrued expenses and other current liabilities (including due to Forward China) of \$0.8 million and an increase in inventories of \$0.2 million.

The decrease in accounts payable, accrued expenses and other current liabilities (including due to Forward China) is primarily due to a temporary reduction of purchases from our suppliers of goods, a temporary acceleration in the timing of payments to our professional services firms, the payment of accrued bonuses for salespersons and staff and the payment of accrued professional fees, partially offset by the establishment of a settlement accrual. The increase in inventories is primarily due to timing differences in inventory shipments enroute to and staged from our OEM customers' distribution hubs. The decrease in accrued expenses and other current liabilities is primarily due to the payment of accrued bonuses for salespersons and staff and the payment of accrued professional fees.

During the 2014 Quarter, we used \$1.0 million of cash in operations, which consisted of net income of \$0.4 million, plus \$0.1 million for non-cash items (primarily realized and unrealized losses on marketable securities, offset by a change in the fair value of the warrant liability), and a net use of working capital items of \$1.4 million. As to working capital items, cash used in operating activities consisted of increases in accounts receivable of \$1.7 million partially offset by an increase in accounts payable due to Forward China.

Cash Flows from Investing Activities

In the 2015 Quarter, net cash provided by investing activities was \$0.9 million, which primarily consisted of \$0.9 million generated from the sales of marketable equity securities. In the 2014 Quarter, net investing activities used \$0.2 million, which consisted of \$4.1 million used for purchases of marketable equity securities and \$3.9 million generated from sales of marketable equity securities.

ITEM 4. CONTROLS AND PROCEDURES

Our management is responsible for establishing and maintaining a system of disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) that is designed to ensure that information required to be disclosed by the Company in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer's management, including its principal executive officer or officers and principal financial officer or officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

In accordance with Exchange Act Rule 13a-15(b), our management, under the supervision and with the participation of our Principal Executive and Financial Officer, performed an evaluation of the effectiveness of the Company's disclosure controls and procedures as of the fiscal quarter covered by this Quarterly Report on Form 10-Q. Based on that evaluation, the Company's Principal Executive and Financial Officer concluded that the Company's disclosure controls and procedures were effective, as of the end of the 2015 Quarter, to provide reasonable assurance that information required to be disclosed in the Company's reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms.

Changes in Internal Control

Our management, with the participation of our Principal Executive and Financial Officer, performed an evaluation required by Rule 13a-15(d) of the Exchange Act as to whether any change in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) occurred during the 2015 Quarter. Based on that evaluation, our Principal Executive and Financial Officer concluded that there were no changes in our internal control

over financial reporting during the 2015 Quarter.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we may become a party to legal actions or proceedings in the ordinary course of business. As of December 31, 2014, there were no other such actions or proceedings, either individually or in the aggregate, other than described below, that we believe would be material to our business, if decided adversely to our interests.

On July 15, 2014, Terence Bernard Wise, one of our directors, filed a derivative complaint in Supreme Court of the State of New York, New York County, against then-directors (now former directors) Frank LaGrange Johnson, Robert Garrett, John F. Chiste, Timothy Gordon and Owen P.J. King, also naming us as a nominal defendant, alleging breaches of fiduciary duty and seeking declaratory and injunctive relief (both preliminary and final), including a temporary restraining order ("TRO"), preventing our now-former Board from pursuing any extraordinary action that would alter our capital structure without shareholder approval. The court rejected Mr. Wise's request for a TRO and Mr. Wise then withdrew his request for preliminary injunctive relief. Mr. Wise subsequently amended his complaint to add additional allegations of breach of fiduciary duties and allegations of breach of director duties under various provisions of New York's Business Corporation Law.

On December 4, 2014, Mr. Wise brought a new application to the court, seeking a TRO and a preliminary injunction to enjoin our now-former directors from causing us to issue any Series B Senior Convertible Preferred Stock (the "Preferred Stock") or from taking any antecedent or preparatory steps to effectuate such issuance prior to our 2014 Annual Meeting. The court granted the TRO, in part, by prohibiting us from issuing (but not from taking antecedent or preparatory steps to issue) such Preferred Stock prior to December 8, 2014. At a hearing on December 8, 2014, the court granted Mr. Wise's motion for a preliminary injunction, enjoining our issuance of the Preferred Stock prior to our 2014 Annual Meeting. On December 8, 2014, we filed a notice of appeal of the court's order to the Appellate Division of the Supreme Court of the State of New York, First Department (the "First Department"). On December 9, 2014, we moved before the First Department to vacate the lower court's injunction. On January 7, 2015, our counsel, together with counsel representing Mr. Wise, sent a letter to the First Department advising the court that the December 9, 2014 motion to vacate the preliminary injunction had been rendered moot due to the election of a new Board at the Annual Meeting, which did not intend to proceed with the issuance of Preferred Stock. On January 20, 2015, the First Department issued an order deeming the motion withdrawn as moot. The case otherwise remains pending.

On July 22, 2014, we filed a lawsuit in U.S. District Court for the Southern District of New York against Mr. Wise and shareholder Jenny P. Yu, alleging certain violations of federal securities laws relating to the Schedules 13D filed by each of Mr. Wise and Ms. Yu and the preliminary proxy solicitation materials filed by Mr. Wise (the "Federal Action").

Specifically, we alleged that these filings were misleading because Mr. Wise and Ms. Yu had formed an undisclosed "group" under Section 13(d) of the Securities Exchange Act. Our lawsuit sought expedited injunctive and declaratory relief requiring Mr. Wise and Ms. Yu to comply with the federal securities laws by submitting revised disclosures in advance of any vote by the our shareholders, sought to have Mr. Wise's board nominations invalidated, and also sought a declaration that Mr. Wise and Ms. Yu were subject to various provisions of New York's Business Corporation Law. In an August 19, 2014 order, the Court rejected our request for a preliminary injunction. On September 20, 2014, the Court dismissed all of our claims against Mr. Wise and Ms. Yu with prejudice, after which we filed an appeal to the United States Court of Appeals for the Second Circuit. On February 11, 2015, we agreed to withdraw our appeal and stipulated to a dismissal of the case with prejudice.

On August 26, 2014, James McKenna, our former Chief Financial Officer, filed a lawsuit in the U.S. District Court for the Southern District of New York against us and our then-directors (now former directors) Frank LaGrange Johnson, Robert Garrett John F. Chiste, Timothy Gordon and Owen P.J. King, asserting retaliation and whistleblowing claims under the Dodd-Frank Act, and claims for breach of contract and breach of the covenant of good faith and fair dealing against us, and a single claim for tortious interference with contract against the individual defendants. The complaint seeks an unspecified amount of monetary consequential damages and punitive damages. The case currently remains pending while the parties discuss the terms of a potential settlement. No assurance can be given that these discussions will be successful or that a settlement will be reached.

On November 13, 2014, we filed a lawsuit in the Supreme Court of the State of New York, Kings County, against Mr. Wise and the six individuals Mr. Wise nominated to stand for election to our Board at the 2014 Annual Meeting: Howard Morgan, Michael Luetkemeyer, Eric Freitag, Sangita Shah, N. Scott Fine, and Darryl Keyes. Our complaint sought a judicial declaration that Mr. Wise's nominations were invalid, as they were purportedly not received within the timeframe that we argued was provided by the nomination notice provision of our Bylaws. The complaint also sought an injunction preventing Mr. Wise from soliciting proxies for the election of his nominees. At a hearing on December 1, 2014, the Court denied our request for preliminary injunctive relief. On December 2, 2014, we requested an injunction from the Appellate Division of the Supreme Court of the State of New York, Second Department, which was denied on December 12, 2014. On December 3, 2014, Mr. Wise filed a motion to dismiss the lawsuit in its entirety, with prejudice. On February 11, 2015, we stipulated to discontinue the case.
