**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

(e) On March 19, 2008, the compensation committee of our board of directors adopted a 2008 management bonus plan (the 2008 Plan ) for our executive officers. Our current named executive officers and individuals who will be named in our 2008 proxy statement as our executive officers (collectively, our NEOs ) are entitled to participate in the 2008 Plan.

Under the 2008 Plan, the potential bonus payment any participant may receive is measured as a percentage of the participant's base salary, except for our vice president of worldwide sales whose potential bonus payment is a dollar amount. The percentage for each participant and, in the case of our vice president of worldwide sales, the dollar value of his bonus payout, is established by us meeting certain corporate goals and the extent to which we meet these corporate goals will determine which one of four categories of bonus percentages (or bonus dollar value in the case of our vice president of worldwide sales) a participant will receive. The actual payout that each participant receives will be determined by each participant's success in meeting specified individual goals. The compensation committee has pre-approved the corporate goals and determines whether such goals are met at the end of fiscal year 2008. The compensation committee has delegated to our chief executive officer the task of establishing individual goals and determining the extent to which such individual goals were achieved for all officers other than himself. Individual goals for the chief executive officer, and determination of the extent to which such goals are met, are established by our compensation committee.

The corporate goals for the 2008 Plan consist of our performance as measured against two financial metrics: (i) our revenues and (ii) our actual non-GAAP operating income for fiscal year 2008. The bonus is weighted 75% to achievement of the revenue goal and 25% to achievement of the operating income goal. In the case of our vice president of worldwide sales, the bonus is based on his achievement of key sales objectives, including meeting or exceeding the revenue goal. These weightings are applied to each individual participant's bonus percentage to determine the target bonus for such officer. Each participant is then given a performance rating, based on their individual performance measured against both objective and subjective goals, of 1, 2, 3 or 4 (with 1 representing exceptional performance and 4 representing a performance that falls below expectations), and a corresponding multiplier of 1.1, 1.0, 0.9 or 0.0 is applied to the target bonus to determine the participant's actual bonus payout.

The four bonus categories established by the compensation committee are:

Budget which has a target bonus percentage for each participant that corresponds to approximately 90% of the 25th percentile bonus for such participant's position;

Target which has a target bonus percentage for each participant that corresponds to approximately the 25th percentile bonus for such participant's position;

Stretch which has a target bonus percentage for each participant that corresponds to approximately the 50th percentile bonus for such participant's position; and

Stretch Plus which has a target bonus percentage for each participant that corresponds to approximately the 75th percentile bonus for such participant's position.

The target bonus percentages (and, in the case of Mr. Economy, the dollar value of the target bonus) for these categories for our NEOs are as follows:

<b>Name and Title</b>	<b>Budget</b>	<b>Target</b>	<b>Stretch</b>	<b>Stretch Plus</b>
Patrick Henry, <i>Chief Executive Officer</i>	49.5%	55%	65%	95%
David Lyle, <i>Chief Financial Officer</i>	31.5%	35%	50%	60%
