Independent Auditors Report

The Board of Directors

Kennedy-Wilson Holdings, Inc.:

We have audited the accompanying historical summaries of gross income and direct operating expenses (Historical Summaries) of 303-333 Hegenberger (the Property) for each of the years in the three-year period ended December 31, 2010. These Historical Summaries are the responsibility of the Property's management. Our responsibility is to express an opinion on the Historical Summaries based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summaries are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summaries, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summaries. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summaries were prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission as described in note 1. The presentation is not intended to be a complete presentation of the Property's gross income and direct operating expenses.

In our opinion, the Historical Summaries referred to above present fairly, in all material respects, the gross income and direct operating expenses described in note 1, of 303-333 Hegenberger for each of the years in the three-year period ended December 31, 2010, in conformity with U.S. generally accepted accounting principles.

Notes to Historical Summaries of Gross Income and Direct Operating Expenses

Six months ended June 30, 2011 (Unaudited) and
years ended December 31, 2010, 2009, and 2008

(1) Basis of Presentation

The historical summaries of gross income and direct operating expenses relate to the operations of 303-333 Hegenberger (the Property). The Property comprises two suburban office buildings totaling approximately 197,000 rentable square feet with surface parking, located in the airport submarket of Oakland, California. KWI Property Fund I, L. P. formed KWP Fund I Hegenberger, L.P. (the Partnership), which acquired the Property on May 4, 2006 for \$32,400,000, including capitalized acquisition costs of \$400,000. A wholly owned subsidiary of Kennedy-Wilson Holdings, Inc. (KWH) owned an equity interest in KWI Property Fund I, L.P. and on June 30, 2011, KWH acquired full ownership of the Partnership by assuming its assets and liabilities and contributing sufficient funds to refinance the Property.

The historical summaries of gross income and direct operating expenses have been prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and, accordingly, are not representative of the actual results of operations of the Property for the six months ended June 30, 2011 and the years ended December 31, 2010, 2009, and 2008 due to the exclusion of the following expenses, which may not be comparable to the proposed future operations of the Property:

Depreciation and amortization

Mortgage interest expense since the Property was refinanced at the time of the change in ownership

Federal and state income taxes

Management is not aware of any material factors relating to the Property other than those already described above that would cause the reported financial information not to be necessarily indicative of future operating results, except as discussed in note 4.

(2) Summary of Significant Accounting Policies

(a) Revenue Recognition

Rental revenue from tenants is recognized on a straight-line basis over the noncancelable lease term when collectibility is reasonably assured and the tenant has taken possession or controls the physical use of the leased asset.

Tenant recoveries related to the reimbursement of real estate taxes, insurance, repairs and maintenance, and other operating expenses are recognized as revenue in the period the applicable expenses are incurred. The reimbursements are recognized and presented gross, since the Partnership is generally the primary obligor with respect to purchasing goods and services from third-party suppliers, has discretion in selecting the supplier, and bears the associated credit risk.

Notes to Historical Summaries of Gross Income and Direct Operating Expenses

Six months ended June 30, 2011 (Unaudited) and

years ended December 31, 2010, 2009, and 2008

(b) Use of Estimates

Management has made a number of estimates and assumptions relating to the reporting and disclosure of gross income and direct operating expenses during the reporting period to prepare the historical summaries of gross income and direct operating expenses in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

(3) Minimum Future Lease Rentals

There are various lease agreements in place with tenants to lease space at the Property with lease terms ranging from one month to seven years. As of December 31, 2010, the minimum future cash rents receivable under noncancelable operating leases in each of the next five years are as follows:

2011	\$ 1,996,000
2012	1,370,000
2013	1,077,000
2014	920,000
2015	731,000
	\$ 6,094,000

Leases generally require reimbursement of the tenant's proportionate share of common area, real estate taxes, and other operating expenses, which are excluded from the amounts above.

As of June 30, 2011, the Property is leased to a total of 45 tenants, of which four tenants accounted for approximately 52% (unaudited) of base rental revenue for the six months then ended.

As of December 31, 2010, the Property is leased to a total of 41 tenants, of which four tenants accounted for approximately 55% of base rental revenue for the year then ended.

As of December 31, 2009, the Property was leased to a total of 42 tenants, of which four tenants accounted for approximately 56% of base rental revenue for the year then ended.

As of December 31, 2008, the Property was leased to a total of 48 tenants, of which three tenants accounted for approximately 45% of base rental revenue for the year then ended.

(4) Future Operating Results

Due to the acquisition of the Property in June 2011, it is anticipated that future property taxes will decrease approximately \$84,000 as a result of the Property value reassessment.

(5) Related Parties

The Partnership has a management agreement with KW Properties, Ltd. (KWP), which is an affiliate of KWH. In accordance with the management agreement, KWP receives 3% of gross rental revenues as compensation for managing the Property plus an accounting fee of \$3,000 per month.

For the six months ended June 30, 2011 and the years ended December 31, 2010, 2009, and 2008, the Partnership incurred \$55,000 (unaudited), \$109,000, \$113,000, and \$103,000, respectively, in property management fees and accounting fees. These amounts are reflected as management fees paid to affiliate on the historical summaries of gross income and direct operating expenses.
