1. The election of six directors for three year terms, each to serve until their successors are duly elected and qualified;
2. The ratification of the selection of independent auditors to audit the Corporation's consolidated financial statements for the year ending December 31, 2004; and
3. Such other business as may properly come before the meeting, or any adjournment thereof.

Only shareholders of record at the close of business on February 27, 2004 will be entitled to notice of and to vote at such meeting. The transfer books of the Corporation will not be closed.

IT IS IMPORTANT THAT YOUR SHARES BE REPRESENTED AND VOTED WHETHER OR NOT YOU PLAN TO BE PRESENT AT THE MEETING. THEREFORE, IF YOU DO NOT EXPECT TO BE PRESENT, PLEASE SIGN, DATE, AND FILL IN THE ENCLOSED PROXY AND RETURN IT BY MAIL IN THE ENCLOSED ADDRESSED ENVELOPE OR VOTE YOUR SHARES AS OTHERWISE INSTRUCTED IN THE ENCLOSED PROXY. March 12, 2004

PROXY STATEMENT

The accompanying proxy is solicited by and on behalf of the Board of Directors of Washington Trust Bancorp, Inc. (the Corporation) for use at the Annual Meeting of Shareholders to be held on April 27, 2004, and any adjournment thereof and may be revoked at any time before it is exercised by submission of another proxy bearing a later date, by attending the meeting and voting in person, or by notifying the Corporation of the revocation in writing to the Secretary of the Corporation, 23 Broad Street, Westerly, Rhode Island 02891. If not revoked, the proxy will be voted at the Annual Meeting in accordance with the instructions indicated by the shareholder or, if no instructions are indicated, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted FOR Proposals No. 1 and 2 referred to herein.

As of February 27, 2004, the record date for determining shareholders entitled to notice of and to vote at the Annual Meeting, there were issued and outstanding 13,217,042 shares of common stock, \$.0625 par value (the Common Stock), of the Corporation. Each share of Common Stock is entitled to one vote per share on all matters to be voted upon at the meeting, with all holders of Common Stock voting as one class. A majority of the outstanding shares of Common Stock entitled to vote, represented in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining if a quorum is present.

With regard to the election of directors, votes may be cast in favor or withheld. Votes that are withheld have the same effect as a vote against a nominee. Abstentions on the ratification of the selection of independent auditors will have the same legal effect as a vote against such matters. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker non-votes will not be counted for purposes of approving the matters to be acted upon at the Annual Meeting. As a result, broker non-votes will have no effect on the outcome of the election of directors and the ratification of the selection of independent auditors.

Management knows of no matters to be brought before the meeting other than those referred to in this Proxy Statement. If any other business should properly come before the meeting, the persons named in the proxy will vote in accordance with their best judgment.

The approximate date on which this Proxy Statement and accompanying proxy cards will first be mailed to shareholders is March 19, 2004.

Wallace, 680 Steamboat Road, Greenwich, Connecticut 06830, has reported beneficial ownership of 1,320,980 shares of Common Stock, representing approximately 9.99% of the outstanding shares of the Corporation's Common Stock as of February 27, 2004. Mr. Wallace's stock ownership information is based solely on Section 16(a) reports filed by Mr. Wallace through February 27, 2004. ELECTION OF DIRECTORS (Proposal 1 on the Proxy Ballot)

The Corporation's Board of Directors is divided into three approximately equal classes, with each class serving staggered terms of three years, so that only one class is elected in any one year. Notwithstanding such three-year terms, pursuant to the Corporation's by-laws, any director who reaches his or her seventieth birthday agrees to resign from the Board of Directors as of the next Annual Meeting of Shareholders following such director's seventieth birthday. There are at present 16 directors, which number includes Barry G. Hittner and Kathleen McKeough, each of whom were appointed to the Board of Directors effective as of October 16, 2003.

This year, a total of six nominees for election to the Board of Directors have been named to be elected at the Annual Meeting to serve until the 2007 Annual Meeting and until their respective successors are elected and have qualified. If all six nominees are elected, the Board of Directors will consist of 16 directors. Directors are elected by the affirmative vote of holders of a majority

ELECTION OF DIRECTORS (Proposal 1 on the Proxy Ballot)

Edgar Filing: WASHINGTON TRUST BANCORP INC - Form DEF 14A

of the shares of Common Stock represented in person or by proxy at the Annual Meeting and entitled to vote thereon (provided that a quorum is present).

The nominees for election of directors at the Annual Meeting are Barry G. Hittner, Katherine W. Hoxsie, Edward M. Mazze, Kathleen McKeough, Joyce O. Resnikoff and John C. Warren. Each of the nominees for director is presently a director of the Corporation. Each of the nominees has consented to being named a nominee in this Proxy Statement and has agreed to serve as a director if elected at the Annual Meeting. In the event that any nominee is unable to serve, the persons named in the proxy have discretion to vote for other persons if the Board of Directors designates such other persons. The Board of Directors has no reason to believe that any of the nominees will be unavailable for election.

The Board of Directors recommends that shareholders vote FOR this proposal.

BOARD OF DIRECTORS AND COMMITTEES

The Corporation's Board of Directors (the Corporation's Board) held 7 meetings in 2003. In 2003, the Board of Directors of the Bank (the Bank's Board), the members of which included all of the Corporation's Board members, held 13 meetings. During 2003, each member of the Corporation's Board attended at least 75% of the aggregate number of meetings of the Corporation's Board, the Bank's Board and the committees of the Corporation's Board of which such person was a member. While the Corporation does not have a formal policy related to Board member attendance at annual meetings, directors are encouraged to attend each such meeting to the extent reasonably practicable. Thirteen directors attended the 2003 annual meeting.

The Corporation's Board has determined that each of Gary P. Bennett, Steven J. Crandall, Larry J. Hirsch, Barry G. Hittner, Katherine W. Hoxsie, Mary E. Kennard, Edward M. Mazze, Kathleen McKeough, Victor J. Orsinger II, H. Douglas Randall, III, Joyce O. Resnikoff, James P. Sullivan and Neil H. Thorp is an independent director as defined in Rule 4200 (a)(15) of the National Association of Securities Dealers listing standards. Therefore, a majority of the Corporation's Board is comprised of independent directors.

Edgar Filing: WASHINGTON TRUST BANCORP INC - Form DEF 14A

The committees of the Corporation's Board include an Executive Committee, a Compensation and Human Resources Committee (the Compensation Committee), and an Audit Committee. Certain members of the Corporation's Executive Committee also perform the functions of a nominating committee and are responsible for reviewing and overseeing the qualification and nomination process for potential directors of the Corporation.

Executive Committee

Members of the Executive Committee are currently directors Orsinger (Chairperson), Bennett, Hoxsie, Sullivan, Thorp, Treanor and Warren. The Executive Committee met 10 times in 2003 and, when the Corporation's Board is not in session, is entitled to exercise all the powers and duties of the Corporation's Board. The Corporation's Board has designated the Chairperson of the Executive Committee to serve as the Lead Director when the Board meets in executive session without the presence of employee directors. The Executive Committee, excluding employee directors Treanor and Warren, is also responsible for the oversight of corporate governance matters.

The non-employee directors on the Executive Committee, each of whom is considered independent within the meaning of Rule 4200(a)(15) of the National Association of Securities Dealers listing standards, are also responsible for reviewing the qualifications of potential nominees for election to the Corporation's Board. The Corporation's Board has not adopted a written charter with respect to the non-employee members of the Executive Committee overseeing the director nomination process. The non-employee directors on the Executive Committee will review and consider director candidates who have been recommended by shareholders of the Corporation in compliance with the procedures set forth in the Corporation's Restated Articles of Incorporation, as amended. Shareholders submitting candidates for consideration by the non-employee directors on the Executive Committee should submit such nominations in writing to the Secretary of the Corporation and should follow the timing, informational and other requirements regarding shareholder nominations set forth in clause (c) of Article Eighth of the Corporation's Restated Articles of Incorporation, as amended. Specifically, advanced written notice of any nominations must be received by the Secretary not less than 14 days nor more than 60 days prior to any meeting of shareholders called for the election of directors (provided that if fewer than 21 days notice of the meeting is given to shareholders, notice of the proposed nomination must be received by the Secretary not later than the 10th day following the day on which notice of the meeting was mailed to shareholders). Each notice of a proposed nomination must include (i) the name, age, business address and, if known, residence address of each nominee, (ii) the principal occupation or employment of each nominee, (iii) the number of shares of stock of the Corporation which are beneficially owned by each such nominee and (iv) any other information reasonably requested by the Corporation. The nomination made by a shareholder may only be made in a meeting of shareholders called for the election of directors at which such shareholder is present in person or by proxy.

The non-employee directors on the Executive Committee believe that all nominees, whether proposed by a shareholder or any other party, shall have the highest personal and professional integrity, shall demonstrate sound judgment and shall be expected to effectively interact with other members of the Corporation's Board to serve the long-term interests of the Corporation and its shareholders. The non-employee directors on the Executive Committee believe that there are certain qualities or skills that one or more of the Corporation's directors should possess, and they will consider potential nominees for Board and committee membership in light of those factors. Among the factors considered are: previous experience on other boards; experience at a strategic or policy-making level in a business, government, non-profit or academic organization of high standing; a record of distinguished accomplishment in his or her field; sufficient time and availability to devote to the affairs of the Corporation; relevant experience in the banking industry; and whether the nominee would assist in achieving a mix of Board members that represents a diversity of background or experience.

At least annually, the non-employee directors on the Executive Committee will consider the existing members of the Corporation's Board and the Corporation's expected long-term needs to determine the desirable qualities and skills of potential nominees. A description of any minimum qualifications and any specific qualities and skills that the non-employee directors on the Executive Committee believe must be met by a recommended nominee shall be submitted to the Corporation's Board for approval. Board members and executive officers are encouraged to recommend possible nominees for consideration. Any person whose name is so submitted will be evaluated in light of the needs of the Corporation and the qualities, skills and characteristics described above. Any nominee recommended by a shareholder will be reviewed and considered in the same manner as any other nominee.

Barry G. Hittner was identified by several non-employee directors and executive officers as a possible candidate for nomination. Kathleen McKeough was recommended by an executive officer of the Corporation as a possible candidate for nomination.

The Corporation has not paid a fee to any third parties to identify or evaluate Board or committee nominees.

Compensation Committee

Members of the Compensation Committee are currently directors Bennett (Chairperson), Hirsch, Kennard, Mazze, McKeough and Orsinger, each of whom is considered independent within the meaning of Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards. The Compensation Committee, which met 8 times in 2003, is responsible for reviewing compensation policies, for remuneration arrangements for executive officers and for the administration of the Corporation's Amended and Restated 1988 Stock Option Plan (1988 Plan), the 1997 Equity Incentive Plan (1997 Plan) and the 2003 Stock Incentive Plan (2003 Plan). The Committee is also responsible for oversight of employee benefit programs and hiring policies.

Audit Committee

Members of the Audit Committee are currently directors Hoxsie (Chairperson), Crandall, Hittner, Mazze, Resnikoff and Sullivan. No member of the Audit Committee is an employee of the Corporation and each is considered independent within the meaning of Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards and Rule 10A-3(b)(ii) under the Securities Exchange Act of 1934, as amended (the Exchange Act). The Board of Directors of the Corporation has determined that members Hoxsie and Sullivan qualify as audit committee financial experts and each is independent as that term is used in Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act. The Audit Committee has a written charter that was adopted by the Board of Directors, a copy of which is attached as Exhibit A to this Proxy Statement.

The Audit Committee, which met 15 times in 2003, is directly responsible for the appointment, compensation and oversight of the work of the Corporation's independent auditors. The Audit Committee is also responsible for, among other things, reviewing the adequacy of the Corporation's system of internal controls, its audit program, the performance and findings of its internal audit staff and action to be taken thereon by management, reports of the independent auditors, the independence of the independent auditors, the audited financial statements of the Corporation and discussing such results with the Corporation's management, considering the range of audit and non-audit fees and services and the pre-approval thereof, and performing such other oversight functions as the Corporation's Board may request from time to time. While the Audit Committee oversees the Corporation's financial reporting process for the board of directors consistent with the Audit Committee Charter, management has primary responsibility for this process, including the Corporation's system of internal control, and for the preparation of the Corporation's consolidated financial statements in accordance with generally accepted accounting principles. In addition, the Corporation's independent auditors, and not the Audit Committee, are responsible for auditing those financial statements.

The Audit Committee is also responsible for loan review for the Bank. The loan review process includes oversight of the Bank's procedures for determining the adequacy of the allowance for loan losses, administration of its internal credit rating systems and the reporting and monitoring of credit granting standards.

COMPENSATION OF DIRECTORS

During 2003, non-employee directors received a \$16,000 annual retainer. The chairpersons of the Executive Committee and Audit Committee received an additional annual retainer of \$5,000 and the chairperson of the Compensation Committee received an additional annual retainer of \$2,000. All retainers are paid quarterly. For each meeting of the Board of Directors of the Corporation and of the Bank attended, non-employee directors received \$350 and \$700, respectively. In addition, non-employee directors received \$500 for each Corporation and Bank committee meeting attended. However, directors attending more than two meetings in any one day (excluding meetings of the Corporation's Board) were generally paid only for two of such meetings.

The Nonqualified Deferred Compensation Plan (the Deferred Compensation Plan), effective January 1, 1999, provides standard arrangements pursuant to which directors may elect to defer all or part of their fees. Deferred fees are invested in any of several benchmark options, including the Corporation's Common Stock. Deferred fees are payable in a lump sum or installments

Edgar Filing: WASHINGTON TRUST BANCORP INC - Form DEF 14A

following termination of service as a director or attainment of a certain age; if the investment benchmark selected is the Corporation's Common Stock, the fees may also be payable in the form of such stock.

The 1997 Plan, as amended, provides that each non-employee director of the Corporation shall automatically be granted a nonqualified option to purchase 2,000 shares of Common Stock as of the date of each Annual Meeting after which such non-employee director will continue to serve as a director of the Corporation at an option price equal to the fair market value of the Common Stock on such date and the expiration of which shall be the tenth anniversary thereof. These options are exercisable on and after the date that is one year after the date of grant. In addition, the Corporation's Board may provide for such other terms and conditions of these options, as shall be set forth in the applicable option agreements, including acceleration of exercise upon a change of control of the Corporation. As described below, the 2003 Plan provides that no further options will be granted to non-employee directors under the 1997 Plan.

The 2003 Plan provides that each non-employee director of the Corporation will be automatically granted a nonqualified option to acquire 2,000 shares of Common Stock as of the date of each Annual Meeting after which such non-employee director will continue to serve as a director of the Corporation, beginning with the 2003 Annual Meeting, and in lieu of stock options which would have been granted pursuant to the 1997 Plan, at an exercise price equal to the fair market value of the Common Stock on the grant date and expiring upon the tenth anniversary thereof. Unless otherwise determined by the administrator of the 2003 Plan, these stock options will be exercisable upon the earlier of the third anniversary of the grant date or the date the non-employee director retires from the Corporation's Board. As noted above, any options granted to non-employee directors under the 2003 Plan will be in lieu of options granted under the 1997 Plan.

The Bank maintains a qualified defined benefit pension plan (the Pension Plan) for substantially all employees of the Corporation and the Bank. The Internal Revenue Code of 1986, as amended (the Code) limits the compensation amount used in determining the annual benefits payable from qualified plans to an individual. However, the Bank's Supplemental Pension Benefit and Profit Sharing Plan (the Supplemental Plan) provides for payments by the Bank of certain amounts, which employees of the Bank would have received under the Pension Plan in the absence of such limitations in the Code. Benefits payable under the Supplemental Plan are an unfunded obligation of the Bank.

Annual payments to an employee retiring at age 65 are based on the average highest 36 consecutive months of pension compensation. Pension compensation consists of base salary, plus, in the case of the Named Executives and certain other key employees, payments pursuant to the Annual Performance Plan. Such amounts are shown in the Salary and Bonus columns of the Summary Compensation Table. The benefit is the sum of (i) 1.2% of pension compensation multiplied by the number of years of service, plus (ii) .65% of pension compensation in excess of the Social Security covered compensation level multiplied by the number of years of service. In 2003, the covered Social Security compensation level was \$43,968. The benefits shown are straight-life annuity amounts not reduced by a joint survivorship benefit, which is available.

The Corporation also maintains an Executive Supplemental Pension Plan (the Executive Pension Plan) for the benefit of Messrs. Warren and Treanor. The maximum benefits payable under the Executive Pension Plan are 55% of a participant's average pension compensation, offset by benefits provided under the Pension Plan, the Supplemental Plan, Social Security benefits and benefits provided by any defined benefit pension plan of a prior employer, with a minimum annual payment of no less than \$1,000 for each year of plan participation, up to ten years. Annual payments to a participant retiring at age 65 are based on the average highest 36 consecutive months of pension compensation. The definition of pension compensation is identical to that in the Pension Plan described above. A participant must have at least five years of service to earn a benefit under the Executive Pension Plan. Benefits payable under the Executive Pension Plan are an unfunded obligation of the Corporation.

The following table shows the estimated annual benefits payable upon retirement at age 65 in 2003 under the Executive Pension Plan. The amounts do not reflect any offset for Social Security benefits or benefits provided by any defined benefit plan of a prior employer. Benefits are paid in the form a straight-life annuity, with a 50% spouse benefit, if married. A minimum of 120 monthly payments are guaranteed. The benefits shown are straight-life annuity amounts. Other forms of annuity are also available.

The years of service accrued for purposes of the pension plans in 2003 for the following Named Executives were: Mr. Warren, 7 years; Mr. Treanor, 4 years; Mr. Devault, 17 years; Mr. Perry, 29 years; and Mr. Bessette, 6 years.

CHANGE OF CONTROL AGREEMENTS

The Corporation entered into Change of Control Agreements (the "Agreements") with each of the Named Executives pursuant to which each such executive may become entitled to receive severance pay and benefits continuation if (a) within 13 months after a Change in Control of the Corporation or the Bank (as defined in the Agreements), (i) the Corporation or Bank terminates the executive for reasons other than for Cause (as defined in the Agreements) or the death or disability of the executive, or (ii) the executive resigns for Good Reason (as defined in the Agreements), which includes a substantial adverse change in the nature or scope of the executive's responsibilities and duties, a reduction in the executive's salary and benefits, relocation, a failure of the Corporation or Bank to pay deferred compensation when due, or a failure of the Corporation or the Bank to obtain an effective agreement from any successor to assume the Agreements, or (b) the executives resign for any reason during the 13th month after the Change in Control. The Agreements also provide that the executive would become entitled to receive severance pay and benefits continuation if his employment is terminated by the Corporation or the Bank for any reason other than Cause, death or disability during the period of time after the Corporation and/or the Bank enters into a definitive agreement to consummate a transaction involving a Change in Control and before the transaction is consummated so long as a Change in Control actually occurs. Benefits continuation include additional months of benefit accrual under the Corporation's or the Bank's supplemental retirement plans. The Agreements provide for an additional payment to cover the impact of the 20 percent excise tax imposed by Section 280G of the Code in the event the Named Executive becomes subject to such excise tax.

The amount of severance (a multiple of the sum of base salary and most recent bonus) and the length of benefits continuation vary for each executive and are set forth in the table below.

Named Executive	Multiple of Base and Bonus	Length of Benefits Continuation
John C. Warren	3.00	36 months
John F. Treanor	3.00	36 months
David V. Devault	2.00	24 months
Harvey C. Perry	2.00	24 months
Stephen M. Bessette	1.00	12 months

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee administers the executive compensation program of the Corporation under the supervision of the Corporation's Board. The success of the Corporation is highly dependent on hiring, developing and training qualified people who feel encouraged to perform for the good of the shareholders, the community, the Corporation and customers. The executive compensation program consists of three elements: base salary, short-term incentive compensation and long-term incentives. Prior to the beginning of the fiscal year, the Compensation Committee consulted with an independent compensation consultant (the "Consultant"), which provided certain information regarding base salary and short-term and long-term incentive practices of comparable companies in the banking industry. This information was used by the Compensation Committee to evaluate, adjust and approve recommendations made by the Chief Executive Officer for the compensation package for each other executive officer, and to develop and approve the compensation package of the Chief Executive Officer. The Committee believes that compensation for executive officers should take into account individual management skills, the long-term performance of the Bank and shareholder returns. The underlying compensation plan places emphasis on (1) attracting and retaining the most qualified executives in the banking industry; (2) providing overall compensation for key executives which is competitive with similarly sized financial institutions; (3) accomplishing the goals set out in the Bank's strategic plan; and (4) returning a fair value to shareholders.

Base salary for all executive officers is determined by the Compensation Committee, subject to approval of the Corporation's Board. Salary levels for 2003 were recommended for approval by the Compensation Committee for each executive officer's position based on an analysis of compensation level information provided by the Consultant. The base annual salary established by the Compensation Committee for Mr. Warren, Chairman and Chief Executive Officer, was \$375,000, which positioned Mr. Warren's salary in a manner consistent with the general guidelines outlined above. The Committee utilized the Consultant's compensation level information and the recommendations of the Chief Executive Officer to establish the base salary of the other executive officers.

The Annual Performance Plan provides for the payment of additional cash compensation to officers based upon the achievement of target profitability measures including return on equity, net income and earnings per share as well as the achievement of individual objectives. The terms of the Annual Performance Plan, including the target payout levels and relationship of payouts to the target profitability measures, were established by the Compensation Committee in consultation with the Consultant, and approved by the Board of Directors. The Compensation Committee's policy is to review periodically these performance measures and adjust them as appropriate. The profitability target measures were established by the Board of Directors based upon their review of banking industry data and the Board and management's expectations and recommendations. The target performance payout for the Chief Executive Officer in 2003 was 40% of base salary, 70% of which is based on profitability target measures and 30% of which is based on individual objectives.

In 2003, the Corporation's profitability results, measured on an operating basis excluding acquisition expenses, net of related income taxes, entitled the executive officers to a payout for 2003 performance of 87.5% of the profitability portion of the target payout for each officer. Based on these profitability results and its assessment of the Chief Executive Officer's overall management performance and achievement of individual objectives during the year, the Compensation Committee, with Board approval, awarded an Annual Performance Plan bonus of \$137,000 to Mr. Warren for 2003. Payouts based on the achievement of individual performance goals of the other executive officers were subjectively determined by each participant's supervisor and approved by the Compensation Committee.

As a general rule, stock options have been granted to the executive officers on an annual basis. The granting of stock options is viewed as a desirable long-term incentive compensation method because it closely links the interest of management with shareholder value and aids in the retention and motivation of executives to improve the long-term stock market performance of the Corporation's stock. When granting stock options to executive officers, the Compensation Committee reviews data for comparable companies in the banking industry provided by the Consultant and, for officers other than the Chief Executive Officer, recommendations made by the Chief Executive Officer, which are based on each officer's level of responsibility and contribution towards achievement of the Corporation's business plan and objectives. In May 2003, the Compensation Committee granted to Mr. Warren, the Chief Executive Officer, options to purchase 28,125 shares, with an exercise price of \$20.00 per share. The grant to the Chief Executive Officer was based upon his strong performance as exemplified by his service to the Corporation and his demonstrated leadership skills.

INDEBTEDNESS AND OTHER TRANSACTIONS

The Bank has had transactions in the ordinary course of business, including borrowings, with certain directors and executive officers of the Corporation and their associates, all of which were made on substantially the same terms, including interest rates (except that executive officers and all other employees are permitted a modest interest rate benefit on first mortgages secured by a primary residence and other consumer loans) and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than the normal risk of collectibility or present other unfavorable features when granted. During 2003, the Bank paid legal fees to a law firm of which a director is a partner. See Compensation Committee Interlocks and Insider Participation.

Mr. Shanahan was the former Chairman and Chief Executive Officer of First Financial Corp. prior to its acquisition by the Corporation. In connection with such acquisition, the Corporation has agreed to (i) provide Mr. Shanahan with health insurance benefits under the Corporation's health plan until he attains age 65, and (ii) assume the obligation to provide Mr. Shanahan with a supplemental retirement benefit equal to monthly installments of \$20,854 payable for the life of Mr. Shanahan with a 50% spousal survivor benefit. In return for a lump sum payment of \$840,000 by the Corporation in April, 2002, Mr. Shanahan has agreed that for a three-year period following the acquisition, he will not become associated with any banking institution in Rhode Island, Massachusetts or Connecticut and he will not take action to solicit any former employees or customers of First Financial Corp.

AUDIT COMMITTEE CHARTER

EXHIBIT A

PURPOSE

The role of the Audit Committee of Washington Trust Bancorp, Inc. and The Washington Trust Company is to act on behalf of the Board of Directors and oversee all material aspects of the organization's financial reporting, control, audit functions, and loan review except those specifically related to responsibilities of another standing committee of the Board. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Corporation's financial statements. Nevertheless, the Audit Committee's role includes a particular focus on the qualitative aspects of financial reporting to shareholders, any government body or the public, and on company processes for the management of business/financial risk, for compliance with significant applicable legal, ethical and regulatory requirements, and to be an informed and effective overseer of the Bank's credit quality and loan loss reserve adequacy. Consistent with this function, the Audit Committee shall encourage continuous improvement of, and foster adherence to, the Corporation's policies, procedures and practices at all levels.

MEMBERSHIP

The Audit Committee shall have at least three members, comprised solely of independent directors as such term is defined by the National Association of Securities Dealers, Inc. (NASD), each of whom shall be free from any relationships that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee. Each member of the Committee shall be able to read and understand fundamental financial statements, at the time of his or her appointment. In addition, at least one member of the Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background, including a current or past position as a chief executive or financial officer or other senior officer with financial oversight responsibilities. Committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Corporation or an outside consultant.

MEETINGS

1. The Committee will generally hold regular meetings at least quarterly, more frequently if circumstances make that preferable. The Audit Committee Chairperson has the power to call a Committee meeting in person or by conference call whenever he or she thinks there is a need. Committee meeting agendas shall be the responsibility of the Committee Chairperson, with input from Committee members. The Audit Committee may designate subcommittees of one or more of its members to report to the full Committee. The majority of members of the Audit Committee shall constitute a quorum.

2. The Committee Chairperson may require any member of the Corporation's or the Bank's management or other personnel to attend a meeting of the Audit Committee whenever the Committee Chairperson believes that such attendance is necessary or appropriate to provide information to the Committee or otherwise enable the Committee to fulfill its duties and responsibilities.
3. The Audit Committee will meet with the Director of Internal Auditing and the Corporation's independent auditors, in executive session for private consultation or otherwise, as and to the extent deemed to be necessary or appropriate by the Committee Chairperson, with input from the remaining Committee members.
