NOTES TO CONDENSED CONSOLIDATED UNAUDITED FINANCIAL STATEMENTS

September 30, 2013

(In thousands, except share and per share data)

1. BASIS OF PRESENTATION Basis of Consolidation

Watsco, Inc. and its subsidiaries (collectively, Watsco, which may be referred to as *we*, *us* or *our*) was incorporated in 1956 in Florida and is the largest distributor of air conditioning, heating and refrigeration equipment and related parts and supplies (HVAC/R) in the HVAC/R distribution industry. The accompanying Watsco September 30, 2013 interim condensed consolidated unaudited financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in the annual financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) have been condensed or omitted pursuant to those rules and regulations, although we believe the disclosures made are adequate to make the information presented not misleading. In the opinion of management, all adjustments, consisting of normal and recurring adjustments, necessary for a fair presentation have been included in the condensed consolidated financial statements herein. These statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2012.

The condensed consolidated unaudited financial statements contained in this report include the accounts of Watsco and all of its wholly owned subsidiaries and include the accounts of three joint ventures with Carrier Corporation (Carrier), in each of which Watsco maintains a controlling interest. All significant intercompany balances and transactions have been eliminated.

The results of operations for the quarter and nine months ended September 30, 2013 are not necessarily indicative of the results to be expected for the year ending December 31, 2013. Sales of residential central air conditioners, heating equipment and parts and supplies are seasonal. Furthermore, results of operations can be impacted favorably or unfavorably based on weather patterns during the summer and winter selling seasons. Demand related to the residential central air conditioning replacement market is typically highest in the second and third quarters, and demand for heating equipment is usually highest in the fourth quarter. Demand related to the new construction sectors throughout most of the markets is fairly consistent during the year, except for dependence on housing completions and related weather and economic conditions.

Reclassifications

Certain reclassifications of prior year amounts have been made to conform to the 2013 presentation. These reclassifications had no effect on net income or earnings per share as previously reported.

Use of Estimates

The preparation of condensed consolidated unaudited financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated unaudited financial statements

Edgar Filing: WATSCO INC - Form 10-Q

and the reported amounts of revenues and expenses for the reporting period. Significant estimates include valuation reserves for accounts receivable, inventories and income taxes, reserves related to self-insurance programs and the valuation of goodwill and indefinite lived intangible assets. While we believe that these estimates are reasonable, actual results could differ from such estimates.

New Accounting Standards

Reporting Amounts Reclassified Out of Accumulated Other Comprehensive Income

In February 2013, the Financial Accounting Standards Board (FASB) amended guidance that requires disclosure for amounts reclassified out of accumulated other comprehensive income (AOCI) by component. The amendments require the presentation of amounts reclassified out of AOCI by the respective line items of net income if the amount reclassified is required to be reclassified to net income in its entirety in the reporting period. For amounts that are not required to be reclassified in their entirety to net income, a cross-reference to other disclosures that provide additional detail about those amounts is required. This guidance is effective prospectively for interim and annual reporting periods beginning after December 15, 2012. The adoption of this guidance did not have an impact on our condensed consolidated unaudited financial statements.

Presentation of Unrecognized Tax Benefits

In July 2013, the FASB issued guidance that requires the presentation of an unrecognized tax benefit as a reduction to a deferred tax asset for a net operating loss carryforward rather than as a liability when the uncertain tax position would reduce the net operating loss under the tax law of the applicable jurisdiction and the entity intends to use the deferred tax asset for that purpose. This guidance is effective prospectively for interim and annual reporting periods beginning after December 15, 2013. We do not expect the adoption of this guidance to have a material impact on our condensed consolidated unaudited financial statements.

2. EARNINGS PER SHARE

The following table presents the calculation of basic and diluted earnings per common share for our Common and Class B common stock:

	Quarter Ended September 30,		Nine Months Endeo September 30,	
	2013 2012		2013	2012
Basic Earnings per Share:				
Net income attributable to Watsco, Inc.				
shareholders	\$ 45,699	\$41,005	\$110,402	\$88,575
Less: distributed and undistributed earnings				
allocated to non-vested (restricted) common				
stock	3,251	2,822	7,813	6,119
