Privacy. The Eaton Vance organization is committed to ensuring your financial privacy. Each of the financial institutions identified below has in effect the following policy (Privacy Policy) with respect to nonpublic personal information about its customers:

Only such information received from you, through application forms or otherwise, and information about your Eaton Vance fund transactions will be collected. This may include information such as name, address, social security number, tax status, account balances and transactions.

None of such information about you (or former customers) will be disclosed to anyone, except as permitted by law (which includes disclosure to employees necessary to service your account). In the normal course of servicing a customer's account, Eaton Vance may share information with unaffiliated third parties that perform various required services such as transfer agents, custodians and broker/dealers.

Policies and procedures (including physical, electronic and procedural safeguards) are in place that are designed to protect the confidentiality of such information.

We reserve the right to change our Privacy Policy at any time upon proper notification to you. Customers may want to review our Privacy Policy periodically for changes by accessing the link on our homepage:
www.eatonvance.com.

Our pledge of privacy applies to the following entities within the Eaton Vance organization: the Eaton Vance Family of Funds, Eaton Vance Management, Eaton Vance Investment Counsel, Boston Management and Research, and Eaton Vance Distributors, Inc.

In addition, our Privacy Policy applies only to those Eaton Vance customers who are individuals and who have a direct relationship with us. If a customer's account (i.e., fund shares) is held in the name of a third-party financial adviser/broker-dealer, it is likely that only such adviser's privacy policies apply to the customer. This notice supersedes all previously issued privacy disclosures.

For more information about Eaton Vance's Privacy Policy, please call 1-800-262-1122.

Delivery of Shareholder Documents. The Securities and Exchange Commission (the SEC) permits funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called householding and it helps eliminate duplicate mailings to shareholders.

Eaton Vance, or your financial adviser, may household the mailing of your documents indefinitely unless you instruct Eaton Vance, or your financial adviser, otherwise.

If you would prefer that your Eaton Vance documents not be householded, please contact Eaton Vance at 1-800-262-1122, or contact your financial adviser.

Your instructions that householding not apply to delivery of your Eaton Vance documents will be effective within 30 days of receipt by Eaton Vance or your financial adviser.

Portfolio Holdings. Each Eaton Vance Fund and its underlying Portfolio(s) (if applicable) will file a schedule of portfolio holdings on Form N-Q with the SEC for the first and third quarters of each fiscal year. The Form N-Q will be available on the Eaton Vance website at www.eatonvance.com, by calling Eaton Vance at 1-800-262-1122 or in the EDGAR database on the SEC's website at www.sec.gov. Form N-Q may also be reviewed and copied at the SEC's public reference room in Washington, D.C. (call 1-800-732-0330 for information on the operation of the public reference room).

Proxy Voting. From time to time, funds are required to vote proxies related to the securities held by the funds. The Eaton Vance Funds or their underlying portfolios (if applicable) vote proxies according to a set of policies and procedures approved by the Funds' and Portfolios' Boards. You may obtain a description of these policies and procedures and information on how the Funds or Portfolios voted proxies relating to portfolio securities during the most recent 12 month period ended June 30, without charge, upon request, by calling 1-800-262-1122. This description is also available on the SEC's website at www.sec.gov.

Eaton Vance Municipal Income Trusts as of November 30, 2009

MANAGEMENT'S DISCUSSION OF FUND PERFORMANCE

Eaton Vance Municipal Income Trusts (the Trusts) are closed-end Trusts, traded on the NYSE Amex, which are designed to provide current income exempt from regular federal income tax and state personal income taxes. This income is earned by investing primarily in investment-grade municipal securities.

Economic and Market Conditions

For the year ending November 30, 2009, the U.S. economy and the capital markets continued to show improvement from the market upheaval that occurred in the fall of 2008 and continued through the first quarter of 2009. After contracting in the last calendar quarter of 2008 and the first two quarters of 2009 declining at annualized rates of 5.4%, 6.4% and 0.7%, respectively the U.S. economy grew at an annualized rate of 2.2% in the third quarter of 2009, according to the U.S. Department of Commerce.

During the Trusts' fiscal year, the municipal bond market witnessed a significant rebound as demand returned from investors who had sought the relative safety of Treasury bonds in 2008, and cautious optimism spread on signs of a mildly improving economy. The renewed appetite for municipal bonds was buoyed by provisions in the American Recovery and Reinvestment Act of 2009 aimed at supporting the municipal market. The new Build America Bond program gave municipal issuers broader access to the taxable debt markets, providing the potential for lower net borrowing costs and reducing the supply of traditional tax-exempt bonds. The federal stimulus program also provided direct cash subsidies to municipalities that were facing record budget deficits. The result of these events was a dramatic rally for the sector as yields fell and prices rose across the yield curve.

During the year ending November 30, 2009, municipals continued the rally that had begun in mid-December 2008, posting strong returns for the period. The Trusts' benchmark, the Barclays Capital Municipal Bond Index (the Index) a broad-based, unmanaged index of municipal bonds gained 14.17% for the period.

Management Discussion

During the year ending November 30, 2009, the Trusts outperformed the Index and their Lipper peer group averages by significant margins. Due to their objective of providing tax-exempt income and the historical upward slope of the municipal yield curve, the Trusts generally hold longer-maturity bonds relative to the broad market than many of our competitors do. Given the significant price movement at the longer end of the municipal yield curve, management's bias toward longer maturities was the basis for much of the Trusts' outperformance during the period. Investing across the credit spectrum and making higher allocations to revenue bonds also contributed positively to relative performance.

The Trusts generally invest in bonds with stated maturities of 10 years or longer, as longer-maturity bonds historically have provided greater tax-exempt income for investors than shorter-maturity bonds. While the price declines experienced by municipals in 2008 were most pronounced on the long end of the yield curve, longer-maturity bonds outperformed shorter maturities during 2009, thus providing the basis for much of the Trusts' outperformance during this fiscal year.

Management employed leverage in the Trusts, through which additional exposure to the municipal market was achieved. Leverage has the impact of magnifying a Trust's exposure to its leveraged investments in both up and down markets.

As we move ahead, we recognize that many state and local governments face significant budget deficits that are driven primarily by a steep decline in tax revenues. We will continue to monitor any new developments as state and local officials formulate solutions to address these fiscal problems. As in all environments, we maintain our long-term perspective on the markets against the backdrop of relatively short periods of market volatility. We will continue to actively manage the Trusts with the same income-focused, relative value approach we have always employed. We believe that this approach, which is based on credit research and decades of experience in the municipal market, has served municipal investors well over the long term.

¹ It is not possible to invest directly in an

Index or a
Lipper
Classification.
The Index's total
return does not
reflect expenses
that would have
been incurred if
an investor
individually
purchased or
sold the
securities
represented in
the Index.

future results.

Eaton Vance Municipal Income Trusts as of November 30, 2009

MANAGEMENT'S DISCUSSION OF FUND PERFORMANCE

A Note Regarding The Use Of Leverage

The Trusts may employ leverage through the issuance of Auction Preferred Shares (APS) and the use of residual interest bond (RIB) financing.¹ Each Trust's APS and RIB percentage leverage as of November 30, 2009, as applicable, is reflected on the Trust-specific pages following this letter. The leverage created by APS and RIB investments provides an opportunity for increased income but, at the same time, creates special risks (including the likelihood of greater volatility of net asset value and market price of the common shares).

During the period, certain of the Trusts redeemed a portion of their outstanding APS to reduce the amount of the Trusts' financial leverage. Information relating to these redemptions is contained in Note 2 to the Financial Statements.

¹ See Note 1H to the Financial Statements for more information on RIB investments.

Trust shares are not insured by the FDIC and are not deposits or other obligations of, or guaranteed by, any depository institution. Shares are subject to investment risks, including possible loss of principal invested.

The views expressed throughout this report are those of the portfolio managers and are current only through the end of the period of the report as stated on the cover. These views are subject to change at any time based upon market or other conditions, and the investment adviser disclaims any responsibility to update such views. These views may not be relied on as investment advice and, because investment decisions for a fund are based on many factors, may not be relied on as an indication of trading intent on behalf of any Eaton Vance fund. Portfolio information provided in the report may not be representative of the Trusts' current or future investments and may change due to active management.

Rating Distribution^{*6}

By total investments

* *The rating distribution presented above includes the ratings of securities held by special purpose vehicles in which the Trust holds a residual interest. See Note 1H to the Trust's financial statements. Absent such securities, the Trust's rating distribution at 11/30/09 is as follows, and the average rating is AA-:*

AAA	27.7%
AA	20.9%
A	32.5%
BBB	11.4%
Not Rated	7.5%

Trust Statistics⁷

Number of Issues:	102
Average Maturity:	21.9 years
Average Effective Maturity:	15.1 years
Average Call Protection:	7.5 years
Average Dollar Price:	\$87.61
APS Leverage ^{**} :	31.7%
RIB Leverage ^{**} :	12.0%

** *APS leverage represents the liquidation value of the Trust's Auction Preferred Shares (APS) outstanding at 11/30/09 as a percentage of the Trust's net assets applicable to common shares*

plus APS and Floating Rate Notes. RIB leverage represents the amount of Floating Rate Notes outstanding at 11/30/09 as a percentage of the Trust's net assets applicable to common shares plus APS and Floating Rate Notes.

- 1 Returns are historical and are calculated by determining the percentage change in market price or net asset value (as applicable) with all distributions reinvested. The Trust's performance at market price will differ from its results at NAV. Although market price performance generally reflects investment results over time, during shorter periods, returns at market price can also be affected by factors such as changing perceptions about the Trust, market conditions, fluctuations in supply and demand for the Trust's shares, or changes in Trust distributions. Performance*

results reflect the effects of APS outstanding and RIB investments, which are forms of investment leverage. Use of leverage creates an opportunity for increased income but, at the same time, creates special risks (including the likelihood of greater volatility of net asset value and market price of common shares).² The Trust's market yield is calculated by dividing the last regular dividend per common share in the period (annualized) by the market price at the end of the period.³ Taxable-equivalent figure assumes a maximum 41.86% combined federal and state income tax rate. A lower tax rate would result in a lower tax-equivalent figure.⁴ It is not possible to invest directly in an Index. The Indices' total returns do not reflect the expenses that would have been incurred if an investor individually purchased or sold the securities represented in the Indices. Index

*performance is available as of month end only.*⁵
The Lipper Averages are the average annual total returns, at net asset value, of the funds that are in the same Lipper Classification as the Trust. It is not possible to invest in a Lipper Classification.
*Lipper Classifications may include insured and uninsured funds, as well as leveraged and unleveraged funds. The Lipper California Municipal Debt Funds Classification (closed-end) contained 24, 24 and 14 funds for the 1-year, 5-year and 10-year time periods, respectively. Lipper Averages are available as of month end only.*⁶
Rating Distribution is determined by dividing the total market value of the issues by the total investments of the Trust. Although the investment adviser considers ratings when making investment decisions, it performs its own credit and investment analysis

and does not rely primarily on the ratings assigned by the rating services. Credit quality can change from time to time, and recently issued credit ratings may not fully reflect the actual risks posed by a particular security or the issuer's current financial condition. The rating assigned to a security by a rating agency does not necessarily reflect its assessment of the volatility of a security's market value or of the liquidity of an investment in the security.⁷ Trust holdings information excludes securities held by special purpose vehicles in which the Trust holds a residual interest. See Note 1H to the Trust's financial statements.

Rating Distribution^{*6}

By total investments

* *The rating distribution presented above includes the ratings of securities held by special purpose vehicles in which the Trust holds a residual interest. See Note 1H to the Trust's financial statements. Absent such securities, the Trust's rating distribution at 11/30/09 is as follows, and the average rating is A:*

AAA	13.1%
AA	32.4%
A	25.5%
BBB	13.5%
BB	4.7%
B	2.0%
CCC	1.0%
Not Rated	7.8%

Trust Statistics⁷

Number of Issues:	86
Average Maturity:	24.0 years
Average Effective Maturity:	16.8 years
Average Call Protection:	8.7 years
Average Dollar Price:	\$92.44
APS Leverage ^{**} :	27.9%
RIB Leverage ^{**} :	14.3%

** *APS leverage represents the liquidation value of the Trust's Auction Preferred Shares (APS) outstanding at 11/30/09 as a*

percentage of the Trust's net assets applicable to common shares plus APS and Floating Rate Notes. RIB leverage represents the amount of Floating Rate Notes outstanding at 11/30/09 as a percentage of the Trust's net assets applicable to common shares plus APS and Floating Rate Notes.

- 1 Returns are historical and are calculated by determining the percentage change in market price or net asset value (as applicable) with all distributions reinvested. The Trust's performance at market price will differ from its results at NAV. Although market price performance generally reflects investment results over time, during shorter periods, returns at market price can also be affected by factors such as changing perceptions about the Trust, market conditions, fluctuations in supply and demand for the Trust's*

shares, or changes in Trust distributions. Performance results reflect the effects of APS outstanding and RIB investments, which are forms of investment leverage. Use of leverage creates an opportunity for increased income but, at the same time, creates special risks (including the likelihood of greater volatility of net asset value and market price of common shares).² The Trust's market yield is calculated by dividing the last regular dividend per common share in the period (annualized) by the market price at the end of the period.³ Taxable-equivalent figure assumes a maximum 40.83% combined federal and state income tax rate. A lower tax rate would result in a lower tax-equivalent figure.⁴ It is not possible to invest directly in an Index. The Indices' total returns do not reflect the expenses that would have been incurred if an investor individually

Rating Distribution*⁶

By total investments

* *The rating distribution presented above includes the ratings of securities held by special purpose vehicles in which the Trust holds a residual interest. See Note 1H to the Trust's financial statements. Absent such securities, the Trust's rating distribution at 11/30/09 is as follows, and the average rating is AA-:*

AAA	30.6%
AA	33.4%
A	18.5%
BBB	8.5%
B	1.8%
Not Rated	7.2%

Trust Statistics⁷

Number of Issues:	77
Average Maturity:	22.7 years
Average Effective Maturity:	15.1 years
Average Call Protection:	7.5 years
Average Dollar Price:	\$93.95
APS Leverage ^{**} :	35.9%
RIB Leverage ^{**} :	3.6%

** *APS leverage represents the liquidation value of the Trust's Auction Preferred Shares (APS) outstanding at 11/30/09 as a percentage of the Trust's net assets*

applicable to common shares plus APS and Floating Rate Notes. RIB leverage represents the amount of Floating Rate Notes outstanding at 11/30/09 as a percentage of the Trust's net assets applicable to common shares plus APS and Floating Rate Notes. Floating Rate Notes in both calculations reflect the effect of RIBs purchased in secondary market transactions.

- 1 Returns are historical and are calculated by determining the percentage change in market price or net asset value (as applicable) with all distributions reinvested. The Trust's performance at market price will differ from its results at NAV. Although market price performance generally reflects investment results over time, during shorter periods, returns at market price can also be affected by factors such as changing perceptions about the Trust, market*

conditions, fluctuations in supply and demand for the Trust's shares, or changes in Trust distributions. Performance results reflect the effects of APS outstanding and RIB investments, which are forms of investment leverage. Use of leverage creates an opportunity for increased income but, at the same time, creates special risks (including the likelihood of greater volatility of net asset value and market price of common shares).² The Trust's market yield is calculated by dividing the last regular dividend per common share in the period (annualized) by the market price at the end of the period.³ Taxable-equivalent figure assumes a maximum 38.85% combined federal and state income tax rate. A lower tax rate would result in a lower tax-equivalent figure.⁴ It is not possible to invest directly in an Index. The Indices' total returns do not reflect the expenses

that would have been incurred if an investor individually purchased or sold the securities represented in the Indices. Index performance is available as of month end only.⁵ The Lipper Averages are the average annual total returns, at net asset value, of the funds that are in the same Lipper Classification as the Trust. It is not possible to invest in a Lipper Classification. Lipper Classifications may include insured and uninsured funds, as well as leveraged and unleveraged funds. The Lipper Other States Municipal Debt Funds Classification (closed-end) contained 43, 43 and 20 funds for the 1-year, 5-year and 10-year time periods, respectively. Lipper Averages are available as of month end only.⁶ Rating Distribution is determined by dividing the total market value of the issues by the total investments of the Trust. Although the

investment adviser considers ratings when making investment decisions, it performs its own credit and investment analysis and does not rely primarily on the ratings assigned by the rating services. Credit quality can change from time to time, and recently issued credit ratings may not fully reflect the actual risks posed by a particular security or the issuer's current financial condition. The rating assigned to a security by a rating agency does not necessarily reflect its assessment of the volatility of a security's market value or of the liquidity of an investment in the security.⁷ Trust holdings information excludes securities held by special purpose vehicles in which the Trust holds a residual interest. PORTFOLIO OF INVESTMENTS CONT D

The percentage shown for each investment category in the Portfolio of Investments is based on net assets applicable to common shares.

AGC - Assured Guaranty Corp.

AMBAC - AMBAC Financial Group, Inc.

AMT - Interest earned from these securities may be considered a tax preference item for purposes of the Federal Alternative Minimum Tax.

BHAC - Berkshire Hathaway Assurance Corp.

CIFG - CIFG Assurance North America, Inc.

FGIC - Financial Guaranty Insurance Company.

FSA - Financial Security Assurance, Inc.

NPFG - National Public Finance Guaranty Corp.

RADIAN - Radian Group, Inc.

The Trust invests primarily in debt securities issued by California municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2009, 42.7% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 0.5% to 16.3% of total investments.

- (1) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.
- (2) Security represents the underlying municipal bond of an inverse floater (see Note 1H).
- (3) Security (or a portion thereof) has been pledged as collateral for open swap contracts or inverse floating-rate security transactions. The aggregate value of such collateral is \$1,286,171.

The Trust invests primarily in debt securities issued by Massachusetts municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2009, 31.5% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 1.0% to 14.9% of total investments.

- (1) Security represents the underlying municipal bond of an inverse floater (see Note 1H).
- (2) Security (or a portion thereof) has been pledged as collateral for open swap contracts. The aggregate value of such collateral is \$156,731.

The Trust invests primarily in debt securities issued by Michigan municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2009, 46.3% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 0.9% to 18.5% of total investments.

(1) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.

PORTFOLIO OF INVESTMENTS CONT D

FSA - Financial Security Assurance, Inc.

NPFG - National Public Finance Guaranty Corp.

XLCA - XL Capital Assurance, Inc.

The Trust invests primarily in debt securities issued by New Jersey municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2009, 38.2% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 2.4% to 11.0% of total investments.

- (1) Security represents the underlying municipal bond of an inverse floater (see Note 1H).
- (2) Security (or a portion thereof) has been pledged as collateral for open swap contracts. The aggregate value of such collateral is \$315,927.

AGC - Assured Guaranty Corp.

AMBAC - AMBAC Financial Group, Inc.

AMT - Interest earned from these securities may be considered a tax preference item for purposes of the Federal Alternative Minimum Tax.

BHAC - Berkshire Hathaway Assurance Corp.

FNMA - Federal National Mortgage Association

MFMR - Multi-Family Mortgage Revenue

NPFG - National Public Finance Guaranty Corp.

The Trust invests primarily in debt securities issued by New York municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2009, 19.1% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 2.4% to 8.9% of total investments.

- (1) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.
- (2) Security represents the underlying municipal bond of an inverse floater (see Note 1H).

AGC - Assured Guaranty Corp.

AMBAC - AMBAC Financial Group, Inc.

AMT - Interest earned from these securities may be considered a tax preference item for purposes of the Federal Alternative Minimum Tax.

FGIC - Financial Guaranty Insurance Company

FSA - Financial Security Assurance, Inc.

NPFG - National Public Finance Guaranty Corp.

XLCA - XL Capital Assurance, Inc.

The Trust invests primarily in debt securities issued by Ohio municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2009, 44.8% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 1.6% to 16.3% of total investments.

- (1) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.
- (2) Security is subject to a shortfall agreement which may require the Trust to pay amounts to a counterparty in the event of a significant decline in the market value of the security underlying the inverse floater. In case of a shortfall, the maximum potential amount of payments the Trust could ultimately be required to make under the agreement is \$1,455,000. However, such shortfall payment would be reduced by the proceeds from the sale of the security underlying the inverse floater.
- (3) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At November 30, 2009, the aggregate value of the securities is \$498,231 or 1.3% of the Trust's net assets applicable to common shares.
- (4) Security has been issued as a leveraged inverse floater bond. The stated interest rate represents the rate in effect at November 30, 2009.
- (5) Security represents the underlying municipal bond of an inverse floater (see Note 1H).

SFMR - Single Family Mortgage Revenue

The Trust invests primarily in debt securities issued by Pennsylvania municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2009, 49.0% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 0.5% to 15.5% of total investments.

- (1) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.
- (2) Security represents the underlying municipal bond of an inverse floater (see Note 1H).
- (3) When-issued security.
- (4) Security (or a portion thereof) has been segregated to cover payable for when-issued securities.
- (5) Security is in default and is making only partial interest payments.

- (1) Computed using average common shares outstanding.
- (2) Returns are historical and are calculated by determining the percentage change in net asset value or market value with all distributions reinvested.
- (3) Ratios do not reflect the effect of dividend payments to preferred shareholders.
- (4) The investment adviser was allocated a portion of the Trust's operating expenses (equal to less than 0.01% of average daily net assets for the year ended November 30, 2007). Absent this allocation, total return would be lower.
- (5) Interest and fee expense relates to the liability for floating rate notes issued in conjunction with inverse floater securities transactions (see Note 1H).
- (6) Calculated by subtracting the Trust's total liabilities (not including the preferred shares) from the Trust's total assets, and dividing the result by the number of preferred shares outstanding.
- (7) Plus accumulated and unpaid dividends.

Eaton Vance Municipal Income Trusts as of November 30, 2009

NOTES TO FINANCIAL STATEMENTS

1 Significant Accounting Policies

Eaton Vance California Municipal Income Trust (California Trust), Eaton Vance Massachusetts Municipal Income Trust (Massachusetts Trust), Eaton Vance Michigan Municipal Income Trust (Michigan Trust), Eaton Vance New Jersey Municipal Income Trust (New Jersey Trust), Eaton Vance New York Municipal Income Trust (New York Trust), Eaton Vance Ohio Municipal Income Trust (Ohio Trust) and Eaton Vance Pennsylvania Municipal Income Trust (Pennsylvania Trust), (each individually referred to as the Trust, and collectively, the Trusts), are Massachusetts business trusts registered under the Investment Company Act of 1940, as amended (the 1940 Act), as non-diversified, closed-end management investment companies. Each Trust seeks to provide current income exempt from regular federal income tax and taxes in its specified state.

The following is a summary of significant accounting policies of the Trusts. The policies are in conformity with accounting principles generally accepted in the United States of America. A source of authoritative accounting principles applied in the preparation of the Trusts' financial statements is the Financial Accounting Standards Board (FASB) Accounting Standards Codification (the Codification), which superseded existing non-Securities and Exchange Commission accounting and reporting standards for interim and annual reporting periods ending after September 15, 2009. The adoption of the Codification for the current reporting period did not impact the Trusts' application of generally accepted accounting principles.

A Investment Valuation Municipal bonds and taxable obligations, if any, are generally valued on the basis of valuations furnished by a third party pricing service, as derived from such service's pricing models. Inputs to the models may include, but are not limited to, reported trades, executable bid and asked prices, broker/dealer quotations, benchmark curves or information pertaining to the issuer. The pricing service may use a matrix approach, which considers information regarding securities with similar characteristics to determine the valuation for a security. Financial futures contracts are valued at the settlement price established by the board of trade or exchange on which they are traded. Interest rate swaps are normally valued using valuations provided by a third party pricing service. Such pricing service valuations are based on the present value of fixed and projected floating rate cash flows over the term of the swap contract. Future cash flows are discounted to their present value using swap curves provided by electronic data services or by broker/dealers. Short-term obligations, maturing in sixty days or less, are generally valued at amortized cost, which approximates market value. Investments for which valuations or market quotations are not readily available or are deemed unreliable are valued at fair value using methods determined in good faith by or at the direction of the Trustees of a Trust in a manner that most fairly reflects the security's value, or the amount that the Trust might reasonably expect to receive for the security upon its current sale in the ordinary course. Each such determination is based on a consideration of all relevant factors, which are likely to vary from one pricing context to another. These factors may include, but are not limited to, the type of security, the existence of any contractual restrictions on the security's disposition, the price and extent of public trading in similar securities of the issuer or of comparable companies or entities, quotations or relevant information obtained from broker-dealers or other market participants, information obtained from the issuer, analysts, and/or the appropriate stock exchange (for exchange-traded securities), an analysis of the company's or entity's financial condition, and an evaluation of the forces that influence the issuer and the market(s) in which the security is purchased and sold.

B Investment Transactions and Related Income Investment transactions for financial statement purposes are accounted for on a trade date basis. Realized gains and losses on investments sold are determined on the basis of identified cost. Interest income is recorded on the basis of interest accrued, adjusted for amortization of premium or accretion of discount.

C Federal Taxes Each Trust's policy is to comply with the provisions of the Internal Revenue Code applicable to regulated investment companies and to distribute to shareholders each year substantially all of its taxable, if any, and tax-exempt net investment income, and all or substantially all of its net realized capital gains. Accordingly, no provision for federal income or excise tax is necessary. Each Trust intends to satisfy conditions which will enable it to designate distributions from the interest income generated by its investments in municipal obligations, which are exempt from regular federal income tax when received by each Trust, as exempt-interest dividends. The portion of such interest, if any, earned on private activity bonds issued after August 7, 1986, may be considered a tax preference item to shareholders.

At November 30, 2009, the following Trusts, for federal income tax purposes, had capital loss carryforwards which will reduce the respective Trust's taxable income arising from future net realized gains on investment transactions, if any, to the extent permitted by the Internal Revenue Code, and thus will reduce the amount of distributions to shareholders, which would otherwise be necessary to relieve the Trusts of any liability for federal income or excise tax. The amounts and expiration dates of the capital loss carryforwards are as follows:

Eaton Vance Municipal Income Trusts as of November 30, 2009

NOTES TO FINANCIAL STATEMENTS CONT D

Trust	Amount	Expiration Date
California	\$ 995,999	November 30, 2012

	502,868	November 30, 2012
	389,289	November 30, 2013
	800,874	November 30, 2016

During the year ended November 30, 2009, capital loss carryforwards of \$313,904 were utilized to offset net realized gains by Pennsylvania Trust.

As of November 30, 2009, the Trusts had no uncertain tax positions that would require financial statement recognition, de-recognition, or disclosure. Each of the Trusts' federal tax returns filed in the 3-year period ended November 30, 2009 remains subject to examination by the Internal Revenue Service.

D Expense Reduction State Street Bank and Trust Company (SSBT) serves as custodian of the Trusts. Pursuant to the respective custodian agreements, SSBT receives a fee reduced by credits, which are determined based on the average daily cash balance each Trust maintains with SSBT. All credit balances, if any, used to reduce each Trust's

custodian fees are reported as a reduction of expenses in the Statements of Operations.

E Legal Fees Legal fees and other related expenses incurred as part of negotiations of the terms and requirement of capital infusions, or that are expected to result in the restructuring of, or a plan of reorganization for, an investment are recorded as realized losses. Ongoing expenditures to protect or enhance an investment are treated as operating expenses.

F Use of Estimates The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

G Indemnifications Under each Trust's organizational documents, its officers and Trustees may be indemnified against certain liabilities and expenses arising out of the performance of their duties to each Trust, and shareholders are indemnified against personal liability for the obligations of each Trust. Additionally, in the normal course of business, each Trust enters into agreements with service providers that may contain indemnification clauses. Each Trust's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against each Trust that have not yet occurred.

H Floating Rate Notes Issued in Conjunction with Securities Held The Trusts may invest in inverse floating rate securities, also referred to as residual interest bonds, whereby a Trust may sell a fixed rate bond to a broker for cash. At the same time, the Trust buys a residual interest in the assets and cash flows of a Special-Purpose Vehicle (the SPV), (which is generally organized as a trust), set up by the broker, often referred to as an inverse floating rate obligation (Inverse Floater). The broker deposits a fixed rate bond into the SPV with the same CUSIP number as the fixed rate bond sold to the broker by the Trust, and which may have been, but is not required to be, the fixed rate bond purchased from the Trust (the Fixed Rate Bond). The SPV also issues floating rate notes (Floating Rate Notes) which are sold to third-parties. The Inverse Floater held by a Trust gives the Trust the right (1) to cause the holders of the Floating Rate Notes to tender their notes at par, and (2) to have the broker transfer the Fixed Rate Bond held by the SPV to the Trust, thereby terminating the SPV. Should the Trust exercise such right, it would pay the broker the par amount due on the Floating Rate Notes and exchange the Inverse Floater for the underlying Fixed Rate Bond. Pursuant to generally accepted accounting principles for transfers and servicing of financial assets and extinguishments of liabilities, the Trusts account for the transaction described above as a secured borrowing by including the Fixed Rate Bond in their Portfolio of Investments and the Floating Rate Notes as a liability under the caption "Payable for floating rate notes issued" in their Statement of Assets and Liabilities. The Floating Rate Notes have interest rates that generally reset weekly and their holders have the option to tender their notes to the broker for redemption at par at each reset date.

Eaton Vance Municipal Income Trusts as of November 30, 2009

NOTES TO FINANCIAL STATEMENTS CONT D

Interest expense related to the Trusts liability with respect to Floating Rate Notes is recorded as incurred. The SPV may be terminated by the Trust, as noted above, or by the broker upon the occurrence of certain termination events as defined in the trust agreement, such as a downgrade in the credit quality of the underlying bond, bankruptcy of or payment failure by the issuer of the underlying bond, the inability to remarket Floating Rate Notes that have been tendered due to insufficient buyers in the market, or the failure by the SPV to obtain renewal of the liquidity agreement under which liquidity support is provided for the Floating Rate Notes up to one year. Structuring fees paid to the liquidity provider upon the creation of an SPV have been recorded as debt issuance costs and are being amortized as interest expense to the expected maturity date of the related trust. At November 30, 2009, the amounts of the Trusts Floating Rate Notes and related interest rates and collateral were as follows:

Trust	Floating Rate Notes Outstanding	Interest Rate or Range of Interest Rates (%)	Collateral for Floating Rate Notes Outstanding
California	\$ 18,945,000	0.24 - 0.94	\$ 25,019,694
Massachusetts	3,880,000	0.25 - 0.26	5,120,315
New Jersey	12,572,000	0.24 - 0.35	17,002,460
New York	17,220,000	0.24 - 0.33	21,651,451
Ohio	830,000	0.47	1,301,855
Pennsylvania	2,370,000	0.25 - 0.94	4,381,235

For the year ended November 30, 2009, the Trusts average Floating Rate Notes outstanding and the average interest rate including fees were as follows:

Trust	Average Floating Rate Notes Outstanding	Average Interest Rate
California	\$ 17,324,466	1.10%
Massachusetts	3,880,000	1.20
Michigan	597,945	2.57
New Jersey	10,290,767	1.26
New York	15,212,384	0.97
Ohio	830,000	0.90
Pennsylvania	3,228,821	2.12

The Trusts may enter into shortfall and forbearance agreements with the broker by which a Trust agrees to reimburse the broker, in certain circumstances, for the difference between the liquidation value of the Fixed Rate Bond held by the SPV and the liquidation value of the Floating Rate Notes, as well as any shortfalls in interest cash flows. The

Trusts had no shortfalls as of November 30, 2009.

The Trusts may also purchase Inverse Floaters from brokers in a secondary market transaction without first owning the underlying fixed rate bond. Such transactions are not required to be treated as secured borrowings. Shortfall agreements, if any, related to Inverse Floaters purchased in a secondary market transaction are disclosed in the Portfolio of Investments. The Trusts' investment policies and restrictions expressly permit investments in Inverse Floaters. Inverse floating rate securities typically offer the potential for yields exceeding the yields available on fixed rate bonds with comparable credit quality and maturity. These securities tend to underperform the market for fixed rate bonds in a rising long-term interest rate environment, but tend to outperform the market for fixed rate bonds when long-term interest rates decline. The value and income of inverse floating rate securities are generally more volatile than that of a fixed rate bond. The Trusts' investment policies do not allow the Trusts to borrow money, except as permitted by the 1940 Act. Management believes that the Trusts' restrictions on borrowing money and issuing senior securities (other than as specifically permitted) do not apply to Floating Rate Notes issued by the SPV and included as a liability in the Trusts' Statement of Assets and Liabilities. As secured indebtedness issued by an SPV, Floating Rate Notes are distinct from the borrowings and senior securities to which the Trusts' restrictions apply. Inverse Floaters held by the Trusts are securities exempt from registration under Rule 144A of the Securities Act of 1933.

I Financial Futures Contracts The Trusts may enter into financial futures contracts. The Trusts' investment in financial futures contracts is designed for hedging against changes in interest rates or as a substitute for the purchase of securities. Upon entering into a financial futures contract, a Trust is required to deposit with the broker, either in cash or securities, an amount equal to a certain percentage of the purchase price (initial margin). Subsequent payments, known as variation margin, are made or received by the Trust each business day, depending on the daily fluctuations in the value of the underlying security, and are recorded as unrealized gains or losses by the Trust. Gains (losses) are realized upon the expiration or closing of the financial futures contracts. Should market conditions change unexpectedly, the Trust may not achieve the anticipated benefits of the financial futures contracts and may realize a loss. Futures contracts have minimal counterparty risk as they are exchange traded and the clearinghouse for the exchange is substituted as the counterparty, guaranteeing counterparty performance.

J Interest Rate Swaps The Trusts may enter into interest rate swap agreements to enhance return, to hedge against fluctuations in securities prices or interest rates, or as substitution for the purchase or sale of securities. Pursuant to these agreements, a Trust makes periodic payments at a fixed interest rate and, in exchange,

Eaton Vance Municipal Income Trusts as of November 30, 2009

NOTES TO FINANCIAL STATEMENTS CONT D

receives payments based on the interest rate of a benchmark industry index. During the term of the outstanding swap agreement, changes in the underlying value of the swap are recorded as unrealized gains or losses. The value of the swap is determined by changes in the relationship between two rates of interest. A Trust is exposed to credit loss in the event of non-performance by the swap counterparty. Risk may also arise from movements in interest rates.

K When-Issued Securities and Delayed Delivery Transactions The Trusts may purchase or sell securities on a delayed delivery or when-issued basis. Payment and delivery may take place after the customary settlement period for that security. At the time the transaction is negotiated, the price of the security that will be delivered is fixed. The Trusts maintain security positions for these commitments such that sufficient liquid assets will be available to make payments upon settlement. Securities purchased on a delayed delivery or when-issued basis are marked-to-market daily and begin earning interest on settlement date. Losses may arise due to changes in the market value of the underlying securities or if the counterparty does not perform under the contract.

L Statement of Cash Flows The cash amount shown in the Statement of Cash Flows of a Trust is the amount included in the Trust's Statement of Assets and Liabilities and represents the cash on hand at its custodian and does not include any short-term investments.

2 Auction Preferred Shares

Each Trust issued Auction Preferred Shares (APS) on March 1, 1999 in a public offering. The underwriting discounts and other offering costs incurred in connection with the offering were recorded as a reduction of the paid-in capital of the common shares of each respective Trust. Dividends on the APS, which accrue daily, are cumulative at rates which are reset every seven days by an auction, unless a special dividend period has been set. If the APS auctions do not successfully clear, the dividend payment rate over the next period for the APS holders is set at a specified maximum applicable rate until such time as the APS auctions are successful. The maximum applicable rate on the APS is 110% (150% for taxable distributions) of the greater of the 1) AA Financial Composite Commercial Paper Rate or 2) Taxable Equivalent of the Short-Term Municipal Obligation Rate on the date of the auction.

During the year ended November 30, 2009, certain Trusts made a partial redemption of their APS at a liquidation price of \$25,000 per share. The number of APS redeemed and redemption amount (excluding the final dividend payment) during the year ended November 30, 2009 and the number of APS issued and outstanding as of November 30, 2009 are as follows:

Trust	APS		APS Issued and Outstanding
	Redeemed During the Period	Redemption Amount	
California		\$	1,999
Massachusetts			802
Michigan			700
New Jersey	29	725,000	1,337

New York			1,349
Ohio	9	225,000	909
Pennsylvania	42	1,050,000	847

The APS are redeemable at the option of each Trust at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, on any dividend payment date. The APS are also subject to mandatory redemption at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, if a Trust is in default for an extended period on its asset maintenance requirements with respect to the APS. If the dividends on the APS remain unpaid in an amount equal to two full years' dividends, the holders of the APS as a class have the right to elect a majority of the Board of Trustees. In general, the holders of the APS and the common shares have equal voting rights of one vote per share, except that the holders of the APS, as a separate class, have the right to elect at least two members of the Board of Trustees. The APS have a liquidation preference of \$25,000 per share, plus accumulated and unpaid dividends. Each Trust is required to maintain certain asset coverage with respect to the APS as defined in the Trusts' By-Laws and the 1940 Act. Each Trust pays an annual fee up to 0.15% (0.25% prior to March 2009) of the liquidation value of the APS to broker-dealers as a service fee if the auctions are unsuccessful; otherwise, the annual fee is 0.25%.

3 Distributions to Shareholders

Each Trust intends to make monthly distributions of net investment income to common shareholders, after payment of any dividends on any outstanding APS. In addition, at least annually, each Trust intends to distribute all or substantially all of its net realized capital gains (reduced by available capital loss carryforwards from prior years, if any). Distributions to common shareholders are recorded on the ex-dividend date. Distributions to preferred shareholders are recorded daily and are payable at the end of each dividend period. The dividend rates for the APS at November 30, 2009, and the amount of dividends paid (including capital gains, if any) to APS shareholders, average APS dividend rates, and dividend rate ranges for the year then ended were as follows:

Eaton Vance Municipal Income Trusts as of November 30, 2009

NOTES TO FINANCIAL STATEMENTS CONT D

Trust	APS Dividend Rates at November 30, 2009	Dividends Paid to APS Shareholders	Average APS Dividend Rates	Dividend Ranges (%)	
California	0.44%	\$ 335,254	0.67%	0.35	1.72
Massachusetts	0.46	133,574	0.67	0.38	1.68
Michigan	0.44	117,661	0.67	0.35	1.72
New Jersey	0.44	221,791	0.66	0.35	1.72
New York	0.46	225,861	0.67	0.35	1.72
Ohio	0.44	154,413	0.68	0.37	1.76
Pennsylvania	0.46	143,754	0.68	0.38	1.68

Beginning February 13, 2008 and consistent with the patterns in the broader market for auction-rate securities, the Trusts' APS auctions were unsuccessful in clearing due to an imbalance of sell orders over bids to buy the APS. As a result, the dividend rates of the APS were reset to the maximum applicable rates. The table above reflects such maximum dividend rates for each Trust as of November 30, 2009.

The Trusts distinguish between distributions on a tax basis and a financial reporting basis. Accounting principles generally accepted in the United States of America require that only distributions in excess of tax basis earnings and profits be reported in the financial statements as a return of capital. Permanent differences between book and tax accounting relating to distributions are reclassified to paid-in capital. For tax purposes, distributions from short-term capital gains are considered to be from ordinary income.

The tax character of distributions declared for the years ended November 30, 2009 and November 30, 2008 was as follows:

ended November 30, 2009	California Trust	Massachusetts Trust	Michigan Trust	New Jersey Trust	New York Trust	Ohio Trust	Pennsylvania Trust
Income declared from:							
Ordinary income	\$ 5,947,299	\$ 2,374,488	\$ 1,750,106	\$ 4,118,938	\$ 4,756,068	\$ 2,399,275	\$ 2,200,000
Capital gains	\$ 1,230	\$ 2,170	\$ 1,346	\$ 7,438	\$ 2,499	\$ 3,106	\$ 0

ended November 30, 2008	California Trust	Massachusetts Trust	Michigan Trust	New Jersey Trust	New York Trust	Ohio Trust	Pennsylvania Trust
Income declared from:							
Ordinary income							
Capital gains							

Edgar Filing: EATON VANCE MASSACHUSETTS MUNICIPAL INCOME TRUST - Form N-CSR

Income	\$ 6,819,447	\$ 2,516,208	\$ 1,929,979	\$ 4,248,329	\$ 5,317,570	\$ 2,634,481	\$ 2,516,208
Income	\$ 67	\$	\$	\$ 688	\$ 184	\$	\$

For the year ended November 30, 2009, the following amounts were reclassified due to expired capital loss carryforwards and differences between tax and book accounting, primarily for accretion of market discount:

	California Trust	Massachusetts Trust	Michigan Trust	New Jersey Trust	New York Trust	Ohio Trust	Pennsylvania Trust
(Decrease):							
Capital	\$	\$ (39,627)	\$ (165,469)	\$ (262,308)	\$ (70,059)	\$ (850,745)	\$ (5,317,570)
and net realized loss	\$ 123,168	\$ 48,423	\$ 172,914	\$ 315,151	\$ 112,424	\$ 878,032	\$ 5,317,570
and undistributed net income	\$ (123,168)	\$ (8,796)	\$ (7,445)	\$ (52,843)	\$ (42,365)	\$ (27,287)	\$ (5,317,570)

As of November 30, 2009, the components of distributable earnings (accumulated losses) and unrealized appreciation (depreciation) on a tax basis are:

	California Trust	Massachusetts Trust	Michigan Trust	New Jersey Trust	New York Trust	Ohio Trust	Pennsylvania Trust
Income	\$ 1,088,776	\$ 502,248	\$ 337,701	\$ 878,885	\$ 740,172	\$ 508,179	\$ 4,248,329
Carryforward	\$ (11,769,634)	\$ (2,027,498)	\$ (2,696,368)	\$ (3,362,493)	\$ (5,525,891)	\$ (2,932,193)	\$ (1,929,979)
and appreciation (depreciation)	\$ (5,043,378)	\$ (1,175,025)	\$ (1,217,815)	\$ (1,276,644)	\$ (3,889,169)	\$ 86,740	\$ (9,000,000)
Temporary differences	\$ (1,817)	\$ (1,756)	\$ (850)	\$ (1,215)	\$ (1,635)	\$ (1,652)	\$

The differences between components of distributable earnings (accumulated losses) on a tax basis and the amounts reflected in the Statements of Assets and Liabilities are primarily due to wash sales, accretion of market discount, futures contracts, the timing of recognizing distributions to shareholders and inverse floaters.

Eaton Vance Municipal Income Trusts as of November 30, 2009

NOTES TO FINANCIAL STATEMENTS CONT D

4 Investment Adviser Fee and Other Transactions with Affiliates

The investment adviser fee is earned by Eaton Vance Management (EVM) as compensation for investment advisory services rendered to each Trust. The fee is computed at an annual rate of 0.70% of each Trust's average weekly gross assets and is payable monthly. Average weekly gross assets include the principal amount of any indebtedness for money borrowed, including debt securities issued by a Trust, and the amount of any outstanding APS issued by the Trust. Pursuant to a fee reduction agreement with EVM, average weekly gross assets are calculated by adding to net assets the liquidation value of a Trust's APS then outstanding and the amount payable by the Trust to floating rate note holders, such adjustment being limited to the value of the APS outstanding prior to any APS redemptions by the Trust. The administration fee is earned by EVM for administering the business affairs of each Trust and is computed at an annual rate of 0.20% of each Trust's average weekly gross assets. For the year ended November 30, 2009, the investment adviser fee and administration fee were as follows:

Trust	Investment Adviser Fee	Administration Fee
California	\$ 982,945	\$ 280,841
Massachusetts	384,156	109,245
Michigan	301,051	86,014
New Jersey	650,257	185,787
New York	741,770	211,934
Ohio	405,180	115,766
Pennsylvania	388,335	110,953

Except for Trustees of the Trusts who are not members of EVM's organization, officers and Trustees receive remuneration for their services to the Trusts out of the investment adviser fee. Trustees of the Trusts who are not affiliated with the investment adviser may elect to defer receipt of all or a percentage of their annual fees in accordance with the terms of the Trustees Deferred Compensation Plan. For the year ended November 30, 2009, no significant amounts have been deferred. Certain officers and Trustees of the Trusts are officers of EVM.

5 Purchases and Sales of Investments

Purchases and sales of investments, other than short-term obligations, for the year ended November 30, 2009 were as follows:

Trust	Purchases	Sales
California	\$ 32,532,391	\$ 26,450,161
Massachusetts	15,138,776	13,280,134
Michigan	9,978,923	12,883,818
New Jersey	47,185,162	47,481,277
New York	21,696,556	24,546,572

Ohio	11,321,846	14,717,403
Pennsylvania	13,199,825	17,546,302

6 Common Shares of Beneficial Interest

Common shares issued pursuant to the Trusts' dividend reinvestment plan for the year ended November 30, 2009 and the year ended November 30, 2008 were as follows:

Trust	Year Ended November 30,	
	2009	2008
California	10,321	4,021
Massachusetts	8,904	1,394
Michigan		
New Jersey	3,303	2,698
New York	27,904	5,073
Ohio	3,722	
Pennsylvania	1,208	

7 Federal Income Tax Basis of Investments

The cost and unrealized appreciation (depreciation) of investments of each Trust at November 30, 2009, as determined on a federal income tax basis, were as follows:

California Trust

Aggregate cost	\$ 142,012,088
Gross unrealized appreciation	\$ 5,419,678
Gross unrealized depreciation	(10,339,446)

New York Trust

Aggregate cost	\$ 101,511,328
Gross unrealized appreciation	\$ 2,606,158
Gross unrealized depreciation	(6,312,325)
Net unrealized depreciation	\$ (3,706,167)

Ohio Trust

Aggregate cost	\$ 58,075,141
Gross unrealized appreciation	\$ 2,108,439
Gross unrealized depreciation	(1,993,402)
Net unrealized appreciation	\$ 115,037

Pennsylvania Trust

Aggregate cost	\$ 56,835,856
Gross unrealized appreciation	\$ 1,850,726
Gross unrealized depreciation	(2,785,046)
Net unrealized depreciation	\$ (934,320)

8 Overdraft Advances

Pursuant to the respective custodian agreements, SSBT may, in its discretion, advance funds to the Trusts to make properly authorized payments. When such payments result in an overdraft, the Trusts are obligated to repay SSBT at the current rate of interest charged by SSBT for secured loans (currently, a rate above the Federal Funds rate). This obligation is payable on demand to SSBT. SSBT has a lien on a Trust's assets to the extent of any overdraft. At November 30, 2009, California Trust and Massachusetts Trust had payments due to SSBT pursuant to the foregoing arrangement of \$95,458 and \$463,481, respectively.

9 Financial Instruments

The Trusts may trade in financial instruments with off-balance sheet risk in the normal course of their investing activities. These financial instruments may include financial futures contracts and interest rate swaps and may involve, to a varying degree, elements of risk in excess of the amounts recognized for financial statement purposes. The notional or contractual amounts of these instruments represent the investment a Trust has in particular classes of financial instruments and do not necessarily represent the amounts potentially subject to risk. The measurement of the risks associated with these instruments is meaningful only when all related and offsetting transactions are considered.

A summary of obligations under these financial instruments at November 30, 2009 is as follows:

Futures Contracts

Trust	Expiration Date	Contracts	Position	Aggregate Cost	Value	Net Unrealized Depreciation
California	3/10	72 U.S. Treasury Bond	Short	\$ (8,639,749)	\$ (8,835,750)	\$ (196,001)

The effective date represents the date on which a Trust and the counterparty to the interest rate swap contract begin interest payment accruals.

At November 30, 2009, the Trusts had sufficient cash and/or securities to cover commitments under these contracts.

The Trusts adopted FASB Statement of Financial Accounting Standards No. 161 (FAS 161), Disclosures about Derivative Instruments and Hedging Activities, (currently FASB Accounting Standards Codification (ASC) 815-10), effective December 1, 2008. Such standard requires enhanced disclosures about an entity's derivative and hedging activities, including qualitative disclosures about the objectives and strategies for using derivatives, quantitative disclosures about fair value amounts of and gains and losses on derivative instruments, and disclosures about credit-risk related contingent features in derivative instruments. The disclosure below includes additional information as a result of implementing FAS 161.

Each Trust is subject to interest rate risk in the normal course of pursuing its investment objectives. Because the Trusts hold fixed-rate bonds, the value of these bonds may decrease if interest rates rise. To hedge against this risk, each Trust may enter into interest rate swap contracts. The Trusts may also purchase and sell U.S. Treasury futures contracts to hedge against changes in interest rates.

The Trusts enter into interest rate swap contracts that may contain provisions whereby the counterparty may terminate the contract under certain conditions, including but not limited to a decline in a Trust's net assets below a certain level over a certain period of time, which would trigger a payment by the Trust for those swaps in a liability position. At November 30, 2009, the fair value of interest rate swaps with credit-related contingent features in a liability position was equal to the fair value of the liability derivative related to interest rate swaps included in the table below for each respective Trust. The value of securities pledged as collateral, if any, for open interest rate swap contracts at November 30, 2009 is disclosed in a note to each Trust's Portfolio of Investments.

The fair value of derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) and whose primary underlying risk exposure is interest rate risk at November 30, 2009 was as follows:

Eaton Vance Municipal Income Trusts as of November 30, 2009

NOTES TO FINANCIAL STATEMENTS CONT D

- (1) Amount represents cumulative unrealized depreciation on futures contracts in the Futures Contracts table above. Only the current day's variation margin on open futures contracts is reported within the Statement of Assets and Liabilities as Receivable or Payable for variation margin, as applicable.
- (2) Statement of Assets and Liabilities location: Payable for open swap contracts; Net unrealized appreciation (depreciation).

The effect of derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) on the Statement of Operations and whose primary underlying risk exposure is interest rate risk for the year ended November 30, 2009 was as follows:

Trust	Realized Gain (Loss) on Derivatives Recognized in Income⁽¹⁾	Change in Unrealized Appreciation (Depreciation) on Derivatives Recognized in Income⁽²⁾
California	\$ (3,336,237)	\$ 3,697,615
Massachusetts	(1,033,694)	1,295,442
Michigan	(194,609)	223,228
New Jersey	(1,815,619)	2,271,930
New York	(1,491,572)	2,797,133
Ohio	(825,061)	977,055
Pennsylvania	(468,740)	731,758

- (1) Statement of Operations location: Net realized gain (loss) Financial futures contracts and swap contracts.
- (2) Statement of Operations location: Change in unrealized appreciation (depreciation) Financial futures contracts and swap contracts.

The average notional amounts of futures contracts and interest rate swaps outstanding during the year ended November 30, 2009, which are indicative of the volume of these derivative types, were approximately as follows:

Trust	Futures Contracts	Interest Rate Swaps
California	\$ 7,425,000	\$ 5,967,000
Massachusetts		2,347,000
Michigan	808,000	446,000
New Jersey		3,825,000
New York	8,792,000	7,121,000
Ohio	1,977,000	1,832,000
Pennsylvania	6,500,000	1,067,000

10 Fair Value Measurements

Under generally accepted accounting principles for fair value measurements, a three-tier hierarchy to prioritize the assumptions, referred to as inputs, is used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

Eaton Vance Municipal Income Trusts as of November 30, 2009

NOTES TO FINANCIAL STATEMENTS CONT D

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

11 Review for Subsequent Events

In connection with the preparation of the financial statements of the Trusts as of and for the year ended November 30, 2009, events and transactions subsequent to November 30, 2009 through January 15, 2010, the date the financial statements were issued, have been evaluated by the Trusts' management for possible adjustment and/or disclosure. Management has not identified any subsequent events requiring financial statement disclosure as of the date these financial statements were issued.

Eaton Vance Municipal Income Trusts as of November 30, 2009

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Shareholders of Eaton Vance California Municipal Income Trust, Eaton Vance Massachusetts Municipal Income Trust, Eaton Vance Michigan Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust, and Eaton Vance Pennsylvania Municipal Income Trust:

We have audited the accompanying statements of assets and liabilities, including the portfolios of investments, of Eaton Vance California Municipal Income Trust, Eaton Vance Massachusetts Municipal Income Trust, Eaton Vance Michigan Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust, and Eaton Vance Pennsylvania Municipal Income Trust (individually, the Trust, collectively, the Trusts), as of November 30, 2009, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended, and the statements of cash flows of Eaton Vance California Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust and Eaton Vance New York Municipal Income Trust for the year then ended. These financial statements and financial highlights are the responsibility of each Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Trusts are not required to have, nor were we engaged to perform, an audit of their internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trusts internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of November 30, 2009, by correspondence with the custodian and brokers; where replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial positions of Eaton Vance California Municipal Income Trust, Eaton Vance Massachusetts Municipal Income Trust, Eaton Vance Michigan Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust, and Eaton Vance Pennsylvania Municipal Income Trust as of November 30, 2009, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended, and the cash flows of Eaton Vance California Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust and Eaton Vance New York Municipal Income Trust for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

DELOITTE & TOUCHE LLP
Boston, Massachusetts

Eaton Vance Municipal Income Trusts as of November 30, 2009

FEDERAL TAX INFORMATION (Unaudited)

The Form 1099-DIV you receive in January 2010 will show the tax status of all distributions paid to your account in calendar year 2009. Shareholders are advised to consult their own tax adviser with respect to the tax consequences of their investment in the Trusts. As required by the Internal Revenue Code regulations, shareholders must be notified within 60 days of the Trusts' fiscal year-end regarding exempt-interest dividends.

Exempt-Interest Dividends. The Trusts designate the following percentages of dividends from net investment income as an exempt-interest dividend.

Eaton Vance California Municipal Income Trust	99.98%
Eaton Vance Massachusetts Municipal Income Trust	99.91%
Eaton Vance Michigan Municipal Income Trust	99.92%
Eaton Vance New Jersey Municipal Income Trust	99.82%
Eaton Vance New York Municipal Income Trust	99.95%
Eaton Vance Ohio Municipal Income Trust	99.87%
Eaton Vance Pennsylvania Municipal Income Trust	99.98%

Eaton Vance Municipal Income Trusts

DIVIDEND REINVESTMENT PLAN

Each Trust offers a dividend reinvestment plan (the Plan) pursuant to which shareholders automatically have dividends and capital gains distributions reinvested in common shares (the Shares) of the same Trust unless they elect otherwise through their investment dealer. On the distribution payment date, if the net asset value per Share is equal to or less than the market price per Share plus estimated brokerage commissions, then new Shares will be issued. The number of Shares shall be determined by the greater of the net asset value per Share or 95% of the market price. Otherwise, Shares generally will be purchased on the open market by the Plan Agent. Distributions subject to income tax (if any) are taxable whether or not shares are reinvested.

If your shares are in the name of a brokerage firm, bank, or other nominee, you can ask the firm or nominee to participate in the Plan on your behalf. If the nominee does not offer the Plan, you will need to request that your shares be re-registered in your name with each Trust's transfer agent, American Stock Transfer & Trust Company (AST), or you will not be able to participate.

The Plan Agent's service fee for handling distributions will be paid by each Trust. Each participant will be charged their pro rata share of brokerage commissions on all open-market purchases.

Plan participants may withdraw from the Plan at any time by writing to the Plan Agent at the address noted on the following page. If you withdraw, you will receive shares in your name for all Shares credited to your account under the Plan. If a participant elects by written notice to the Plan Agent to have the Plan Agent sell part or all of his or her Shares and remit the proceeds, the Plan Agent is authorized to deduct a \$5.00 fee plus brokerage commissions from the proceeds.

If you wish to participate in the Plan and your shares are held in your own name, you may complete the form on the following page and deliver it to the Plan Agent.

Any inquiries regarding the Plan can be directed to the Plan Agent, AST, at 1-866-439-6787.

APPLICATION FOR PARTICIPATION IN DIVIDEND REINVESTMENT PLAN

This form is for shareholders who hold their common shares in their own names. If your common shares are held in the name of a brokerage firm, bank, or other nominee, you should contact your nominee to see if it will participate in the Plan on your behalf. If you wish to participate in the Plan, but your brokerage firm, bank, or nominee is unable to participate on your behalf, you should request that your common shares be re-registered in your own name which will enable your participation in the Plan.

The following authorization and appointment is given with the understanding that I may terminate it at any time by terminating my participation in the Plan as provided in the terms and conditions of the Plan.

Please print exact name on account

Shareholder signature	Date
Shareholder signature	Date

Please sign exactly as your common shares are registered. All persons whose names appear on the share certificate must sign.

YOU SHOULD NOT RETURN THIS FORM IF YOU WISH TO RECEIVE YOUR DISTRIBUTIONS IN CASH. THIS IS NOT A PROXY.

This authorization form, when signed, should be mailed to the following address:

Eaton Vance Municipal Income Trusts

BOARD OF TRUSTEES ANNUAL APPROVAL OF THE INVESTMENT ADVISORY AGREEMENTS

Overview of the Contract Review Process

The Investment Company Act of 1940, as amended (the 1940 Act), provides, in substance, that each investment advisory agreement between a fund and its investment adviser will continue in effect from year to year only if its continuance is approved at least annually by the fund's board of trustees, including by a vote of a majority of the trustees who are not interested persons of the fund (Independent Trustees), cast in person at a meeting called for the purpose of considering such approval.

At a meeting of the Boards of Trustees (each a Board) of the Eaton Vance group of mutual funds (the Eaton Vance Funds) held on April 27, 2009, the Board, including a majority of the Independent Trustees, voted to approve continuation of existing advisory and sub-advisory agreements for the Eaton Vance Funds for an additional one-year period. In voting its approval, the Board relied upon the affirmative recommendation of the Contract Review Committee of the Board (formerly the Special Committee), which is a committee comprised exclusively of Independent Trustees. Prior to making its recommendation, the Contract Review Committee reviewed information furnished for a series of meetings of the Contract Review Committee held in February, March and April 2009. Such information included, among other things, the following:

Information about Fees, Performance and Expenses

- An independent report comparing the advisory and related fees paid by each fund with fees paid by comparable funds;
- An independent report comparing each fund's total expense ratio and its components to comparable funds;
- An independent report comparing the investment performance of each fund to the investment performance of comparable funds over various time periods;
- Data regarding investment performance in comparison to relevant peer groups of funds and appropriate indices;
- Comparative information concerning fees charged by each adviser for managing other mutual funds and institutional accounts using investment strategies and techniques similar to those used in managing the fund;
- Profitability analyses for each adviser with respect to each fund;

Information about Portfolio Management

- Descriptions of the investment management services provided to each fund, including the investment strategies and processes employed, and any changes in portfolio management processes and personnel;
- Information concerning the allocation of brokerage and the benefits received by each adviser as a result of brokerage allocation, including information concerning the acquisition of research through soft dollar benefits received in connection with the funds' brokerage, and the implementation of a soft dollar reimbursement program established with respect to the funds;
- Data relating to portfolio turnover rates of each fund;
- The procedures and processes used to determine the fair value of fund assets and actions taken to monitor and test the effectiveness of such procedures and processes;

Information about each Adviser

- Reports detailing the financial results and condition of each adviser;

Descriptions of the qualifications, education and experience of the individual investment professionals whose responsibilities include portfolio management and investment research for the funds, and information relating to their compensation and responsibilities with respect to managing other mutual funds and investment accounts;
Copies of the Codes of Ethics of each adviser and its affiliates, together with information relating to compliance with and the administration of such codes;
Copies of or descriptions of each adviser's proxy voting policies and procedures;
Information concerning the resources devoted to compliance efforts undertaken by each adviser and its affiliates on behalf of the funds (including descriptions of various compliance programs) and their record of compliance with investment policies and restrictions, including policies with respect to market-timing, late trading and selective portfolio disclosure, and with policies on personal securities transactions;
Descriptions of the business continuity and disaster recovery plans of each adviser and its affiliates;

Other Relevant Information

Information concerning the nature, cost and character of the administrative and other non-investment management services provided by Eaton Vance Management and its affiliates;
Information concerning management of the relationship with the custodian, subcustodians and fund accountants by each adviser or the funds' administrator; and
The terms of each advisory agreement.

Eaton Vance Municipal Income Trusts

BOARD OF TRUSTEES ANNUAL APPROVAL OF THE INVESTMENT ADVISORY AGREEMENTS CONT D

In addition to the information identified above, the Contract Review Committee considered information provided from time to time by each adviser throughout the year at meetings of the Board and its committees. Over the course of the twelve-month period ended April 30, 2009, the Board met eighteen times and the Contract Review Committee, the Audit Committee, the Governance Committee, the Portfolio Management Committee and the Compliance Reports and Regulatory Matters Committee, each of which is a Committee comprised solely of Independent Trustees, met seven, five, six, six and six times, respectively. At such meetings, the Trustees received, among other things, presentations by the portfolio managers and other investment professionals of each adviser relating to the investment performance of each fund and the investment strategies used in pursuing the fund's investment objective.

For funds that invest through one or more underlying portfolios, the Board considered similar information about the portfolio(s) when considering the approval of advisory agreements. In addition, in cases where the fund's investment adviser has engaged a sub-adviser, the Board considered similar information about the sub-adviser when considering the approval of any sub-advisory agreement.

The Contract Review Committee was assisted throughout the contract review process by Goodwin Procter LLP, legal counsel for the Independent Trustees. The members of the Contract Review Committee relied upon the advice of such counsel and their own business judgment in determining the material factors to be considered in evaluating each advisory and sub-advisory agreement and the weight to be given to each such factor. The conclusions reached with respect to each advisory and sub-advisory agreement were based on a comprehensive evaluation of all the information provided and not any single factor. Moreover, each member of the Contract Review Committee may have placed varying emphasis on particular factors in reaching conclusions with respect to each advisory and sub-advisory agreement.

Results of the Process

Based on its consideration of the foregoing, and such other information as it deemed relevant, including the factors and conclusions described below, the Contract Review Committee concluded that the continuance of the investment advisory agreements of the following funds:

- Eaton Vance California Municipal Income Trust
- Eaton Vance Massachusetts Municipal Income Trust
- Eaton Vance Michigan Municipal Income Trust
- Eaton Vance National Municipal Income Trust (*formerly*, Eaton Vance Florida Plus Municipal Income Trust)
- Eaton Vance New Jersey Municipal Income Trust
- Eaton Vance New York Municipal Income Trust
- Eaton Vance Ohio Municipal Income Trust
- Eaton Vance Pennsylvania Municipal Income Trust

(the Funds), each with Eaton Vance Management (the Adviser), including their fee structures, is in the interests of shareholders and, therefore, the Contract Review Committee recommended to the Board approval of each agreement. The Board accepted the recommendation of the Contract Review Committee as well as the factors considered and conclusions reached by the Contract Review Committee with respect to each agreement. Accordingly, the Board, including a majority of the Independent Trustees, voted to approve continuation of the investment advisory agreement

for each Fund.

Nature, Extent and Quality of Services

In considering whether to approve the investment advisory agreements of the Funds, the Board evaluated the nature, extent and quality of services provided to the Funds by the Adviser.

The Board considered the Adviser's management capabilities and investment process with respect to the types of investments held by each Fund, including the education, experience and number of its investment professionals and other personnel who provide portfolio management, investment research, and similar services to the Funds, and recent changes in the identity of such personnel with respect to certain Funds. In particular, the Board evaluated, where relevant, the abilities and experience of such investment personnel in analyzing factors such as credit risk, tax efficiency, and special considerations relevant to investing in municipal bonds. The Board considered the Adviser's large municipal bond team, which includes portfolio managers and credit specialists who provide services to the Funds. The Board also took into account the resources dedicated to portfolio management and other services, including the compensation paid to recruit and retain investment personnel, and the time and attention devoted to each Fund by senior management.

The Board also reviewed the compliance programs of the Adviser and relevant affiliates thereof. Among other matters, the Board considered compliance and reporting matters relating to personal trading by investment personnel, selective disclosure of portfolio holdings, late trading, frequent trading, portfolio valuation, business continuity and the allocation of investment opportunities. The Board also evaluated the responses of the Adviser and its affiliates to requests from regulatory authorities such as the Securities and Exchange Commission and the Financial Industry Regulatory Authority.

Eaton Vance Municipal Income Trusts

BOARD OF TRUSTEES ANNUAL APPROVAL OF THE INVESTMENT ADVISORY AGREEMENTS CONT D

The Board considered shareholder and other administrative services provided or managed by Eaton Vance Management and its affiliates, including transfer agency and accounting services. The Board evaluated the benefits to shareholders of investing in a fund that is a part of a large family of funds.

The Board considered the Adviser's recommendations for Board action and other steps taken in response to the unprecedented dislocations experienced in the capital markets over recent periods, including sustained periods of high volatility, credit disruption and government intervention. In particular, the Board considered the Adviser's efforts and expertise with respect to each of the following matters as they relate to the Funds and/or other funds within the Eaton Vance family of funds: (i) negotiating and maintaining the availability of bank loan facilities and other sources of credit used for investment purposes or to satisfy liquidity needs; (ii) establishing the fair value of securities and other instruments held in investment portfolios during periods of market volatility and issuer-specific disruptions; and (iii) the ongoing monitoring of investment management processes and risk controls. In addition, the Board considered the Adviser's actions with respect to the Auction Preferred Shares (APS) issued by the Funds, including the Adviser's efforts to seek alternative forms of debt and other leverage that may over time reduce financing costs associated with APS and enable the Funds to restore liquidity for APS holders.

After consideration of the foregoing factors, among others, the Board concluded that the nature, extent and quality of services provided by the Adviser, taken as a whole, are appropriate and consistent with the terms of the respective investment advisory agreements.

Fund Performance

The Board compared each Fund's investment performance to a relevant universe of similarly managed funds identified by an independent data provider and appropriate benchmark indices. The Board reviewed comparative performance data for the one-, three-, and five-year periods ended September 30, 2008 for each Fund in operation over such periods. The Board considered the impact of extraordinary market conditions during 2008 on each Fund's performance relative to its peer universe in light of, among other things, the Adviser's strategy of generating current income through investments in higher quality (including insured) municipal bonds with longer maturities. On the basis of the foregoing and other relevant information, the Board concluded that, under the circumstances, the performance of each Fund was satisfactory.

Management Fees and Expenses

The Board reviewed contractual investment advisory fee rates, including any administrative fee rates, payable by each Fund (referred to collectively as management fees). The Board considered the financial resources committed by the Adviser in structuring each Fund at the time of its initial public offering. As part of its review, the Board considered each Fund's management fees and total expense ratio for the year ended September 30, 2008, as compared to a group of similarly managed funds selected by an independent data provider.

After reviewing the foregoing information, and in light of the nature, extent and quality of the services provided by the Adviser, the Board concluded with respect to each Fund that the management fees charged to the Fund for advisory and related services and the total expense ratio of the Fund are reasonable.

Profitability

The Board reviewed the level of profits realized by the Adviser and relevant affiliates thereof in providing investment advisory and administrative services to each Fund and to all Eaton Vance Funds as a group. The Board considered the level of profits realized with and without regard to revenue sharing or other payments by the Adviser and its affiliates to third parties in respect of distribution services. The Board also considered other direct or indirect benefits received by the Adviser in connection with its relationship with the Funds.

The Board concluded that, in light of the foregoing factors and the nature, extent and quality of the services rendered, the profits realized by the Adviser and its affiliates are reasonable.

Economies of Scale

In reviewing management fees and profitability, the Board also considered the extent to which the Adviser and its affiliates, on the one hand, and each Fund, on the other hand, can expect to realize benefits from economies of scale as the assets of the Fund increase. The Board acknowledged the difficulty in accurately measuring the benefits resulting from the economies of scale with respect to the management of any specific fund or group of funds. The Board also considered the fact that the Funds are not continuously offered and concluded that, in light of the level of the Adviser's profits with respect to each Fund, the implementation of breakpoints in the advisory fee schedule is not appropriate at this time. Based upon the foregoing, the Board concluded that the benefits from economies of scale are currently being shared equitably by the Adviser and its affiliates and each Fund.

Eaton Vance Municipal Income Trusts

MANAGEMENT AND ORGANIZATION

Fund Management. The Trustees and Officers of Eaton Vance California Municipal Income Trust (CEV), Eaton Vance Massachusetts Municipal Income Trust (MMV), Eaton Vance Michigan Municipal Income Trust (EMI), Eaton Vance New Jersey Municipal Income Trust (EVJ), Eaton Vance New York Municipal Income Trust (EVY), Eaton Vance Ohio Municipal Income Trust (EVO) and Eaton Vance Pennsylvania Municipal Income Trust (EVP) (collectively, the Trusts) are responsible for the overall management and supervision of the Trusts' affairs. The Trustees and officers of the Trusts are listed below. Except as indicated, each individual has held the office shown or other offices in the same company for the last five years. The noninterested Trustees consist of those Trustees who are not interested persons of the Trusts, as that term is defined under the 1940 Act. The business address of each Trustee and officer is Two International Place, Boston, Massachusetts 02110. As used below, EVC refers to Eaton Vance Corp., EV refers to Eaton Vance, Inc., EVM refers to Eaton Vance Management, BMR refers to Boston Management and Research and EVD refers to Eaton Vance Distributors, Inc. EVC and EV are the corporate parent and trustee, respectively, of EVM and BMR. EVD is the Trusts' principal underwriter and a wholly-owned subsidiary of EVM. Each officer affiliated with Eaton Vance may hold a position with other Eaton Vance affiliates that is comparable to his or her position with EVM listed below.

Item 2. Code of Ethics

The registrant has adopted a code of ethics applicable to its Principal Executive Officer, Principal Financial Officer and Principal Accounting Officer. The registrant undertakes to provide a copy of such code of ethics to any person upon request, without charge, by calling 1-800-262-1122.

Item 3. Audit Committee Financial Expert

The registrant's Board has designated William H. Park, an independent trustee, as its audit committee financial expert. Mr. Park is a certified public accountant who is the Vice Chairman of Commercial Industrial Finance Corp (specialty finance company). Previously, he served as President and Chief Executive Officer of Prizm Capital Management, LLC (investment management firm) and as Executive Vice President and Chief Financial Officer of United Asset Management Corporation (UAM) (a holding company owning institutional investment management firms).

Item 4. Principal Accountant Fees and Services

The following table presents the aggregate fees billed to the registrant for the fiscal years ended November 30, 2008 and November 30, 2009 by the registrant's principal accountant, Deloitte & Touche LLP, for professional services rendered for the audit of the registrant's annual financial statements and fees billed for other services rendered by the principal accountant during those periods.

Fiscal Years Ended	11/30/2008	11/30/2009
Audit Fees	\$23,695	\$23,993
Audit-Related Fees ⁽¹⁾	\$ 3,915	\$ 3,915
Tax Fees ⁽²⁾	\$ 7,130	\$ 7,607
All Other Fees ⁽³⁾	\$ 36	\$ 0
Total	\$34,776	\$35,515

(1) Audit-related fees consist of the aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit of financial statements and are not reported under the category of audit fees and specifically include fees for the performance of certain agreed-upon procedures relating to the registrant's auction preferred

shares.

- (2) Tax fees consist of the aggregate fees billed for professional services rendered by the principal accountant relating to tax compliance, tax advice, and tax planning and specifically include fees for tax return preparation and other related tax compliance/planning matters.
- (3) All other fees consist of the aggregate fees billed for products and services provided by the principal accountant other than audit, audit-related, and tax services.

(e)(1) The registrant's audit committee has adopted policies and procedures relating to the pre-approval of services provided by the registrant's principal accountant (the Pre-Approval Policies). The Pre-Approval Policies establish a framework intended to assist the audit committee in the proper discharge of its pre-approval responsibilities. As a general matter, the Pre-Approval Policies (i) specify certain types of audit, audit-related, tax, and other services determined to be pre-approved by the audit committee; and (ii) delineate specific procedures governing the mechanics of the pre-approval process, including the approval and monitoring of audit and non-audit service fees. Unless a service is specifically pre-approved under the Pre-Approval Policies, it must be separately pre-approved by the audit committee.

The Pre-Approval Policies and the types of audit and non-audit services pre-approved therein must be reviewed and ratified by the registrant's audit committee at least annually. The registrant's audit committee maintains full responsibility for the appointment, compensation, and oversight of the work of the registrant's principal accountant.

(e)(2) No services described in paragraphs (b)-(d) above were approved by the registrant's audit committee pursuant to the de minimis exception set forth in Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(f) Not applicable.

(g) The following table presents (i) the aggregate non-audit fees (i.e., fees for audit-related, tax, and other services) billed to the registrant by the registrant's principal accountant for the registrant's fiscal years ended November 30, 2008 and November 30, 2009; and (ii) the aggregate non-audit fees (i.e., fees for audit related, tax, and other services) billed to the Eaton Vance organization by the registrant's principal accountant for the same time periods, respectively.

Fiscal Years Ended	11/30/2008	11/30/2009
Registrant	\$ 11,045	\$ 11,522
Eaton Vance⁽¹⁾	\$345,473	\$260,717

(1) Eaton Vance Management, a subsidiary of Eaton Vance Corp., acts as the registrant's investment adviser and administrator.

(h) The registrant's audit committee has considered whether the provision by the registrant's principal accountant of non-audit services to the registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant that were not pre-approved pursuant to Rule 2-01(c)(7)(ii) of Regulation S-X is compatible with maintaining the principal accountant's independence.

Item 5. Audit Committee of Listed registrants

The registrant has a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities and Exchange Act of 1934, as amended. William H. Park (Chair), Lynn A. Stout, Heidi L. Steiger and Ralph F. Verni are the members of the registrant's audit committee.

Item 6. Schedule of Investments

Please see schedule of investments contained in the Report to Stockholders included under Item 1 of this Form N-CSR.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies

The Board of Trustees of the Trust has adopted a proxy voting policy and procedure (the Fund Policy), pursuant to which the Trustees have delegated proxy voting responsibility to the Fund's investment adviser and adopted the investment adviser's proxy voting policies and procedures (the Policies) which are described below. The Trustees will review the Fund's proxy voting records from time to time and will annually consider approving the Policies for the upcoming year. In the event that a

conflict of interest arises between the Fund's shareholders and the investment adviser, the administrator, or any of their affiliates or any affiliate of the Fund, the investment adviser will generally refrain from voting the proxies related to the companies giving rise to such conflict until it consults with the Board's Special Committee except as contemplated under the Fund Policy. The Board's Special Committee will instruct the investment adviser on the appropriate course of action.

The Policies are designed to promote accountability of a company's management to its shareholders and to align the interests of management with those shareholders. An independent proxy voting service (Agent), currently Institutional Shareholder Services, Inc., has been retained to assist in the voting of proxies through the provision of vote analysis, implementation and recordkeeping and disclosure services. The investment adviser will generally vote proxies through the Agent. The Agent is required to vote all proxies and/or refer them back to the investment adviser pursuant to the Policies. It is generally the policy of the investment adviser to vote in accordance with the recommendation of the Agent. The Agent shall refer to the investment adviser proxies relating to mergers and restructurings, and the disposition of assets, termination, liquidation and mergers contained in mutual fund proxies. The investment adviser will normally vote against anti-takeover measures and other proposals designed to limit the ability of shareholders to act on possible transactions, except in the case of closed-end management investment companies. The investment adviser generally supports management on social and environmental proposals. The investment adviser may abstain from voting from time to time where it determines that the costs associated with voting a proxy outweighs the benefits derived from exercising the right to vote or the economic effect on shareholders interests or the value of the portfolio holding is indeterminable or insignificant.

In addition, the investment adviser will monitor situations that may result in a conflict of interest between the Fund's shareholders and the investment adviser, the administrator, or any of their affiliates or any affiliate of the Fund by maintaining a list of significant existing and prospective corporate clients. The investment adviser's personnel responsible for reviewing and voting proxies on behalf of the Fund will report any proxy received or expected to be received from a company included on that list to the personal of the investment adviser identified in the Policies. If such personnel expects to instruct the Agent to vote such proxies in a manner inconsistent with the guidelines of the Policies or the recommendation of the Agent, the personnel will consult with members of senior management of the investment adviser to determine if a material conflict of interests exists. If it is determined that a material conflict does exist, the investment adviser will seek instruction on how to vote from the Special Committee.

Information on how the Fund voted proxies relating to portfolio securities during the most recent 12 month period ended June 30 is available (1) without charge, upon request, by calling 1-800-262-1122, and (2) on the Securities and Exchange Commission's website at <http://www.sec.gov>.

Item 8. Portfolio Managers of Closed-End Management Investment Companies

*California, Massachusetts, Michigan, New York, New Jersey, Ohio and
Pennsylvania Municipal Income Trusts*

Portfolio Management

Cynthia J. Clemson, portfolio manager of Eaton Vance California Municipal Income Trust, Robert B. MacIntosh, portfolio manager of Eaton Vance Massachusetts Municipal Income Trust and Eaton Vance New Jersey Municipal Income Trust, William H. Ahern, Jr., portfolio manager of Eaton Vance Michigan Municipal Income Trust and Eaton Vance Ohio Municipal Income Trust, Craig R. Brandon, portfolio manager of Eaton Vance New York Municipal Income Trust and Adam A. Weigold, portfolio manager of Eaton Vance Pennsylvania Municipal Income Trust are responsible for the overall and day-to-day management of each Fund's investments.

Ms. Clemson and Mr. MacIntosh have been Eaton Vance portfolio managers since 1991 and are each co-Directors of Municipal Investments and Vice Presidents of Eaton Vance Management (EVM) and Boston Management and Research (BMR), an Eaton Vance subsidiary. Mr. Ahern has been an Eaton Vance portfolio manager since 1993 and is a Vice President of EVM and BMR. Mr. Brandon has been an Eaton Vance analyst since 1998 and a portfolio manager since 2004, and is a Vice President of EVM and BMR. Mr. Weigold has been a credit analyst with Eaton Vance since 1991 and a portfolio manager since 2007, and is a Vice President of EVM and BMR. This information is provided as of the date of filing of this report.

The following tables show, as of each Fund's most recent fiscal year end, the number of accounts each portfolio manager managed in each of the listed categories and the total assets in the accounts managed within each category. The table also shows the number of accounts with respect to which the advisory fee is based on the performance of the account, if any, and the total assets in those accounts.

Potential for Conflicts of Interest. It is possible that conflicts of interest may arise in connection with a portfolio manager's management of the Fund's investments on the one hand and investments of other accounts for which a portfolio manager is responsible on the other. For example, a portfolio manager may have conflicts of interest in allocating management time, resources and investment opportunities among the Fund and other accounts he or she advises. In addition, due to differences in the investment strategies or restrictions between the Fund and the other accounts, a portfolio manager may take action with respect to another account that differs from the action taken with respect to the Fund. In some cases, another account managed by a portfolio manager may compensate the investment adviser or sub-adviser based on the performance of the securities held by that account. The existence of such a performance based fee may create additional conflicts of interest for a portfolio manager in the allocation of management time, resources and investment opportunities. Whenever conflicts of interest arise, a portfolio manager will endeavor to exercise his or her discretion in a manner that he or she believes is equitable to all interested persons. EVM has adopted several policies and procedures designed to address these potential conflicts including: a code of ethics; and policies which govern the investment adviser's trading practices, including among other things the aggregation and allocation of trades among clients, brokerage allocation, cross trades and best execution.

Compensation Structure for EVM

Compensation of EVM's portfolio managers and other investment professionals has three primary components: (1) a base salary, (2) an annual cash bonus, and (3) annual stock-based compensation consisting of options to purchase shares of EVC's nonvoting common stock and restricted shares of EVC's nonvoting common stock. EVM's investment professionals also receive certain retirement, insurance and other benefits that are broadly available to EVM's employees. Compensation of EVM's investment professionals is reviewed primarily on an annual basis. Cash bonuses, stock-based compensation awards, and adjustments in base salary are typically paid or put into effect at or shortly after the October 31st fiscal year end of EVC.

Method to Determine Compensation. EVM compensates its portfolio managers based primarily on the scale and complexity of their portfolio responsibilities and the total return performance of managed funds and accounts versus appropriate peer groups or benchmarks. In addition to rankings within peer groups of funds on the basis of absolute performance, consideration may also be given to relative risk-adjusted performance. Risk-adjusted performance measures include, but are not limited to, the Sharpe Ratio. Performance is normally based on periods ending on the September 30th preceding fiscal year end. Fund performance is normally evaluated primarily versus peer groups of funds as determined by Lipper Inc. and/or Morningstar, Inc. When a fund's peer group as determined by Lipper or Morningstar is deemed by EVM's management not to provide a fair comparison, performance may instead be evaluated primarily against a custom peer group. In evaluating the performance of a fund and its manager, primary emphasis is normally placed on three-year performance, with secondary consideration of performance over longer and shorter periods. For funds that are tax-managed or otherwise have an objective of after-tax returns, performance is measured net of taxes. For other funds, performance is evaluated on a pre-tax basis. For funds with an investment objective other than total return (such as current income), consideration will also be given to the fund's success in achieving its objective. For managers responsible for multiple funds and accounts, investment performance is evaluated on an aggregate basis, based on averages or weighted averages among managed funds and accounts. Funds and accounts that have performance-based advisory fees are not accorded disproportionate weightings in measuring aggregate portfolio manager performance.

The compensation of portfolio managers with other job responsibilities (such as heading an investment group or providing analytical support to other portfolios) will include consideration of the scope of such responsibilities and the managers' performance in meeting them.

EVM seeks to compensate portfolio managers commensurate with their responsibilities and performance, and competitive with other firms within the investment management industry. EVM participates in investment-industry

compensation surveys and utilizes survey data as a factor in determining salary, bonus and stock-based compensation levels for portfolio managers and other investment professionals. Salaries, bonuses and stock-based compensation are also influenced by the operating performance of EVM and its parent company. The overall annual cash bonus pool is based on a substantially fixed percentage of pre-bonus operating income. While the salaries of EVM's portfolio managers are comparatively fixed, cash bonuses and stock-based compensation may fluctuate significantly from year to year, based on changes in manager performance and other factors as described herein. For a high performing portfolio manager, cash bonuses and stock-based compensation may represent a substantial portion of total compensation.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

No such purchases this period.

Item 10. Submission of Matters to a Vote of Security Holders.

No Material Changes.

Item 11. Controls and Procedures

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 12. Exhibits

(a)(1) Registrant's Code of Ethics Not applicable (please see Item 2).

(a)(2)(i) Treasurer's Section 302 certification.

(a)(2)(ii) President's Section 302 certification.

(b) Combined Section 906 certification.
