American Campus Communities, Inc. Yes No

American Campus Communities Operating Partnership, L.P. Yes No

There were 136,426,506 shares of the American Campus Communities, Inc.'s common stock with a par value of \$0.01 per share outstanding as of the close of business on October 27, 2017.

EXPLANATORY NOTE

This report combines the reports on Form 10-Q for the quarterly period ended September 30, 2017 of American Campus Communities, Inc. and American Campus Communities Operating Partnership, L.P. Unless stated otherwise or the context otherwise requires, references to “ACC” mean American Campus Communities, Inc., a Maryland corporation that has elected to be treated as a real estate investment trust (“REIT”) under the Internal Revenue Code, and references to “ACCOP” mean American Campus Communities Operating Partnership, L.P., a Maryland limited partnership. References to the “Company,” “we,” “us” or “our” mean collectively ACC, ACCOP and those entities/subsidiaries owned or controlled by ACC and/or ACCOP. References to the “Operating Partnership” mean collectively ACCOP and those entities/subsidiaries owned or controlled by ACCOP. The following chart illustrates the Company’s and the Operating Partnership’s corporate structure:

The general partner of ACCOP is American Campus Communities Holdings, LLC (“ACC Holdings”), an entity that is wholly-owned by ACC. As of September 30, 2017, ACC Holdings held an ownership interest in ACCOP of less than 1%. The limited partners of ACCOP are ACC and other limited partners consisting of current and former members of management and nonaffiliated third parties. As of September 30, 2017, ACC owned an approximate 99.2% limited partnership interest in ACCOP. As the sole member of the general partner of ACCOP, ACC has exclusive control of ACCOP’s day-to-day management. Management operates the Company and the Operating Partnership as one business. The management of ACC consists of the same members as the management of ACCOP. The Company is structured as an umbrella partnership REIT (“UPREIT”) and ACC contributes all net proceeds from its various equity offerings to the Operating Partnership. In return for those contributions, ACC receives a number of units of the Operating Partnership (“OP Units,” see definition below) equal to the number of common shares it has issued in the equity offering. Contributions of properties to the Company can be structured as tax-deferred transactions through the issuance of OP Units in the Operating Partnership. Based on the terms of ACCOP’s partnership agreement, OP Units can be exchanged for ACC’s common shares on a one-for-one basis. The Company maintains a one-for-one relationship between the OP Units of the Operating Partnership issued to ACC and ACC Holdings and the common shares issued to the public. The Company believes that combining the reports on Form 10-Q of ACC and ACCOP into this single report provides the following benefits:

- (1) enhances investors’ understanding of the Company and the Operating Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
 - (2) eliminates duplicative disclosure and provides a more streamlined and readable presentation since a substantial portion of the disclosure applies to both the Company and the Operating Partnership; and
 - (3) creates time and cost efficiencies through the preparation of one combined report instead of two separate reports.
-

ACC consolidates ACCOP for financial reporting purposes, and ACC essentially has no assets or liabilities other than its investment in ACCOP. Therefore, the assets and liabilities of the Company and the Operating Partnership are the same on their respective financial statements. However, the Company believes it is important to understand the few differences between the Company and the Operating Partnership in the context of how the entities operate as a consolidated company. All of the Company's property ownership, development and related business operations are conducted through the Operating Partnership. ACC also issues public equity from time to time and guarantees certain debt of ACCOP, as disclosed in this report. ACC does not have any indebtedness, as all debt is incurred by the Operating Partnership. The Operating Partnership holds substantially all of the assets of the Company, including the Company's ownership interests in its joint ventures. The Operating Partnership conducts the operations of the business and is structured as a partnership with no publicly traded equity. Except for the net proceeds from ACC's equity offerings, which are contributed to the capital of ACCOP in exchange for OP Units on a one-for-one common share per OP Unit basis, the Operating Partnership generates all remaining capital required by the Company's business. These sources include, but are not limited to, the Operating Partnership's working capital, net cash provided by operating activities, borrowings under its credit facility, the issuance of unsecured notes, and proceeds received from the disposition of certain properties. Noncontrolling interests, stockholders' equity, and partners' capital are the main areas of difference between the consolidated financial statements of the Company and those of the Operating Partnership. The noncontrolling interests in the Operating Partnership's financial statements consist of the interests of unaffiliated partners in various consolidated joint ventures. The noncontrolling interests in the Company's financial statements include the same noncontrolling interests at the Operating Partnership level and OP Unit holders of the Operating Partnership. The differences between stockholders' equity and partners' capital result from differences in the equity issued at the Company and Operating Partnership levels.

To help investors understand the significant differences between the Company and the Operating Partnership, this report provides separate consolidated financial statements for the Company and the Operating Partnership. A single set of consolidated notes to such financial statements is presented that includes separate discussions for the Company and the Operating Partnership when applicable (for example, noncontrolling interests, stockholders' equity or partners' capital, earnings per share or unit, etc.). A combined Management's Discussion and Analysis of Financial Condition and Results of Operations section is also included that presents discrete information related to each entity, as applicable. This report also includes separate Part I, Item 4 Controls and Procedures sections and separate Exhibits 31 and 32 certifications for each of the Company and the Operating Partnership in order to establish that the requisite certifications have been made and that the Company and the Operating Partnership are compliant with Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934 and 18 U.S.C. §1350.

In order to highlight the differences between the Company and the Operating Partnership, the separate sections in this report for the Company and the Operating Partnership specifically refer to the Company and the Operating Partnership. In the sections that combine disclosure of the Company and the Operating Partnership, this report refers to actions or holdings as being actions or holdings of the Company. Although the Operating Partnership is generally the entity that directly or indirectly enters into contracts and joint ventures and holds assets and debt, reference to the Company is appropriate because the Company operates its business through the Operating Partnership. The separate discussions of the Company and the Operating Partnership in this report should be read in conjunction with each other to understand the results of the Company on a consolidated basis and how management operates the Company.

FORM 10-Q
 FOR THE QUARTER ENDED September 30, 2017
 TABLE OF CONTENTS

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

1. Organization and Description of Business

American Campus Communities, Inc. (“ACC”) is a real estate investment trust (“REIT”) that commenced operations effective with the completion of an initial public offering (“IPO”) on August 17, 2004. Through ACC’s controlling interest in American Campus Communities Operating Partnership, L.P. (“ACCOP”), ACC is one of the largest owners, managers and developers of high quality student housing properties in the United States in terms of beds owned and under management. ACC is a fully integrated, self-managed and self-administered equity REIT with expertise in the acquisition, design, financing, development, construction management, leasing and management of student housing properties. ACC’s common stock is publicly traded on the New York Stock Exchange (“NYSE”) under the ticker symbol “ACC.”

The general partner of ACCOP is American Campus Communities Holdings, LLC (“ACC Holdings”), an entity that is wholly-owned by ACC. As of September 30, 2017, ACC Holdings held an ownership interest in ACCOP of less than 1%. The limited partners of ACCOP are ACC and other limited partners consisting of current and former members of management and nonaffiliated third parties. As of September 30, 2017, ACC owned an approximate 99.2% limited partnership interest in ACCOP. As the sole member of the general partner of ACCOP, ACC has exclusive control of ACCOP’s day-to-day management. Management operates ACC and ACCOP as one business. The management of ACC consists of the same members as the management of ACCOP. ACC consolidates ACCOP for financial reporting purposes, and ACC does not have significant assets other than its investment in ACCOP. Therefore, the assets and liabilities of ACC and ACCOP are the same on their respective financial statements. References to the “Company” means collectively ACC, ACCOP and those entities/subsidiaries owned or controlled by ACC and/or ACCOP. References to the “Operating Partnership” mean collectively ACCOP and those entities/subsidiaries owned or controlled by ACCOP. Unless otherwise indicated, the accompanying Notes to the Consolidated Financial Statements apply to both the Company and the Operating Partnership.

As of September 30, 2017, the Company’s property portfolio contained 166 properties with approximately 102,500 beds. The Company’s property portfolio consisted of 130 owned off-campus student housing properties that are in close proximity to colleges and universities, 31 American Campus Equity (“ACE®”) properties operated under ground/facility leases with 14 university systems and five on-campus participating properties operated under ground/facility leases with the related university systems. Of the 166 properties, 12 were under development as of September 30, 2017, and when completed will consist of a total of approximately 8,300 beds. The Company’s communities contain modern housing units and are supported by a resident assistant system and other student-oriented programming, with many offering resort-style amenities.

Through one of ACC’s taxable REIT subsidiaries (“TRSs”), the Company also provides construction management and development services, primarily for student housing properties owned by colleges and universities, charitable foundations, and others. As of September 30, 2017, also through one of ACC’s TRSs, the Company provided third-party management and leasing services for 38 properties that represented approximately 28,800 beds. Third-party management and leasing services are typically provided pursuant to management contracts that have initial terms that range from one to five years. As of September 30, 2017, the Company’s total owned and third-party managed portfolio included 204 properties with approximately 131,300 beds.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements, presented in U.S. dollars, are prepared in accordance with U.S. generally accepted accounting principles (“GAAP”). GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities as of the date of the financial statements, and revenue and expenses during the reporting periods. The Company’s actual results could differ from those estimates and assumptions. All material intercompany transactions among consolidated entities have been eliminated. All dollar amounts in the tables herein, except share, per share, unit and per unit amounts, are stated in thousands unless otherwise indicated.

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

Principles of Consolidation

The Company's consolidated financial statements include its accounts and the accounts of other subsidiaries and joint ventures (including partnerships and limited liability companies) over which it has control. Investments acquired or created are evaluated based on the accounting guidance relating to variable interest entities ("VIEs"), which requires the consolidation of VIEs in which the Company is considered to be the primary beneficiary. If the investment is determined not to be a VIE, then the investment is evaluated for consolidation using the voting interest model.

Recently Issued Accounting Pronouncements

In August 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2017-12 ("ASU 2017-12"), "Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities." The purpose of this ASU is to improve the financial reporting of hedging relationships to better portray the economic results of an entity's risk management activities in its financial statements. In addition to that main objective, the amendments in this update make certain targeted improvements to simplify the application of the hedge accounting guidance in current GAAP. The guidance is effective for public business entities for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years. Early adoption is permitted in any interim period after the issuance date of this update. All transition requirements and elections should be applied to hedging relationships existing on the date of adoption. The effect of adoption should be reflected as of the beginning of the fiscal year of adoption. The Company is currently in the process of assessing the effects of this ASU, but does not anticipate a material impact on its consolidated financial statements.

In February 2017, the FASB issued Accounting Standards Update 2017-05 ("ASU 2017-05"), "Other Income—Gains and Losses from the Derecognition of Nonfinancial Assets (Subtopic 610-20): Clarifying the Scope of Asset Derecognition Guidance and Accounting for Partial Sales of Nonfinancial Assets." The purpose of this ASU is to eliminate the diversity in practice in accounting for derecognition of a nonfinancial asset and in-substance nonfinancial assets (only when the asset or asset group does not meet the definition of a business or the transaction is not a sale to a customer). The guidance is effective for public business entities for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption for the fiscal years beginning after December 15, 2016 is permitted. This ASU is required to be adopted in conjunction with the Company's adoption of ASU 2014-09, the new revenue recognition standard, which will be adopted as of January 1, 2018. Upon adoption of this ASU, application must be performed on a retrospective basis for each period presented in the Company's financial statements or a retrospective basis with a cumulative-effect adjustment to retained earnings at the beginning of the fiscal year of adoption. The Company currently does not anticipate a material impact to its consolidated financial statements for property dispositions given the simplicity of the Company's historical disposition transactions.

In February 2016, the FASB issued Accounting Standards Update 2016-02 ("ASU 2016-02"), "Leases (Topic 842): Amendments to the FASB Accounting Standards Codification." ASU 2016-02 amends the existing accounting standards for lease accounting, including requiring lessees to recognize most leases on their balance sheets and making targeted changes to lessor accounting. The new standard requires a modified retrospective transition approach for all leases existing at, or entered into after, the date of initial application, with an option to use certain transition relief. The guidance is effective for public business entities for fiscal years beginning after December 15, 2018 and interim periods within those fiscal years. Early adoption is permitted. Subsequent to the issuance of ASU 2016-02, the FASB issued an additional Accounting Standards Update clarifying aspects of the new lease accounting standard, which will be effective upon adoption of ASU 2016-02. The Company plans to adopt ASU 2016-02 as of January 1,

2019. While the Company is still evaluating the effect that the updated standard will have on its consolidated financial statements and related disclosures, it expects to recognize right-of-use assets and related lease liabilities on its consolidated balance sheets related to ground leases under which it is the lessee.

In May 2014, the FASB issued Accounting Standards Update 2014-09 (“ASU 2014-09”), “Revenue From Contracts With Customers (Topic 606)”. ASU 2014-09 provides a single comprehensive revenue recognition model for contracts with customers (excluding certain contracts, such as lease contracts) to improve comparability within industries. ASU 2014-09 requires an entity to recognize revenue to reflect the transfer of goods or services to customers at an amount the entity expects to be paid in exchange for those goods and services and provide enhanced disclosures, all to provide more comprehensive guidance for transactions such as service revenue and contract modifications. Subsequent to the issuance of ASU 2014-09, the FASB has issued multiple Accounting Standards Updates clarifying multiple aspects of the new revenue recognition standard, which include the deferral of the effective date by one year. ASU 2014-09, as amended by subsequent Accounting Standards Updates, is effective for public entities for interim and annual periods beginning after December 15, 2017 and may be applied using either a full retrospective or modified retrospective approach upon adoption.

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

The Company plans to adopt the new revenue standard using the modified retrospective approach as of January 1, 2018 and is currently evaluating each of its revenue streams to identify any differences in the timing, measurement or presentation of revenue recognition under the new standard. The Company does not expect the adoption of this standard to have a significant impact on its consolidated financial statements, as a substantial portion of its revenue consists of rental income from leasing arrangements, which is specifically excluded from ASU 2014-09, and will be evaluated with the adoption of the lease accounting standard, ASU 2016-02, discussed above. The Company anticipates the primary effects of the new standard will be associated with the Company's non-leasing revenue streams, which represent less than 5% of consolidated total revenues.

In addition, the Company does not expect the following accounting pronouncements to have a material effect on its consolidated financial statements:

- ASU 2017-09, "Compensation—Stock Compensation (Topic 718): Scope of Modification Accounting."
- ASU 2016-18, "Statement of Cash Flows (Topic 230): Restricted Cash."
- ASU 2016-15, "Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments."
- ASU 2016-13, "Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments."

Recently Adopted Accounting Pronouncements

On January 1, 2017, the Company adopted Accounting Standards Update 2017-01 ("ASU 2017-01"), "Business Combinations (Topic 805): Clarifying the Definition of a Business." The amendments in this guidance clarify the definition of a business with the objective of adding guidance to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The guidance is effective for public business entities for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years; early adoption is permitted. ASU 2017-01 will be applied prospectively to any transactions occurring subsequent to January 1, 2017. Under the new standard, the Company expects that most property acquisitions will be accounted for as asset acquisitions, and as a result, most transaction costs will be capitalized rather than expensed. The impact on the Company's consolidated financial statements will depend on the size and volume of future acquisition activity.

In addition, on January 1, 2017, the Company adopted the following accounting pronouncements which did not have a material effect on the Company's consolidated financial statements:

- ASU 2017-03, "Accounting Changes and Error Corrections (Topic 250) and Investments — Equity Method and Joint Ventures (Topic 323): Amendments to SEC Paragraphs Pursuant to Staff Announcements at the September 22, 2016 and November 17, 2016 EITF Meetings (SEC Update)."
- ASU 2016-05, "Derivatives and Hedging (Topic 815): Effect of Derivative Contract Novations on Existing Hedge Accounting Relationships."

Interim Financial Statements

The accompanying interim financial statements are unaudited, but have been prepared in accordance with GAAP for interim financial information and in conjunction with the rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all disclosures required by GAAP for complete financial

statements. In the opinion of management, all adjustments (consisting solely of normal recurring matters) necessary for a fair presentation of the financial statements of the Company for these interim periods have been included. Because of the seasonal nature of the Company's operations, the results of operations and cash flows for any interim period are not necessarily indicative of results for other interim periods or for the full year. These financial statements should be read in conjunction with the financial statements and the notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

Investments in Real Estate

Investments in real estate are recorded at historical cost. Major improvements that extend the life of an asset are capitalized and depreciated over the remaining useful life of the asset. The cost of ordinary repairs and maintenance are charged to expense when incurred. Depreciation and amortization are recorded on a straight-line basis over the estimated useful lives of the assets as follows:

Buildings and improvements	7-40 years
Leasehold interest - on-campus participating properties	25-34 years (shorter of useful life or respective lease term)
Furniture, fixtures and equipment	3-7 years

Project costs directly associated with the development and construction of an owned real estate project, which include interest, property taxes, and amortization of deferred finance costs, are capitalized as construction in progress. Upon completion of the project, costs are transferred into the applicable asset category and depreciation commences. Interest totaling approximately \$3.4 million and \$3.3 million was capitalized during the three months ended September 30, 2017 and 2016, respectively, and interest totaling approximately \$13.5 million and \$9.0 million was capitalized during the nine months ended September 30, 2017 and 2016, respectively.

Management assesses whether there has been an impairment in the value of the Company's investments in real estate whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Impairment is recognized when estimated expected future undiscounted cash flows are less than the carrying value of the property, or when a property meets the criteria to be classified as held for sale, at which time an impairment charge is recognized for any excess of the carrying value of the property over the expected net proceeds from the disposal. The estimation of expected future net cash flows is inherently uncertain and relies on assumptions regarding current and future economics and market conditions. If such conditions change, then an adjustment to the carrying value of the Company's long-lived assets could occur in the future period in which the conditions change. To the extent that a property is impaired, the excess of the carrying amount of the property over its estimated fair value is charged to earnings. The Company believes that there were no impairment indicators of the carrying values of its investments in real estate as of September 30, 2017, other than a \$15.3 million impairment charge recorded during the second quarter 2017 for one property that is in the process of being transferred to the lender in settlement of the property's \$27.4 million mortgage loan that matured in August 2017 (see Note 7).

The Company evaluates each acquisition to determine if the integrated set of assets and activities acquired meet the definition of a business under ASU 2017-01. If either of the following criteria is met, the integrated set of assets and activities acquired would not qualify as a business:

- Substantially all of the fair value of the gross assets acquired is concentrated in either a single identifiable asset or a group of similar identifiable assets; or
- The integrated set of assets and activities is lacking, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs (i.e. revenue generated before and after the transaction).

Property acquisitions deemed to qualify as a business are accounted for as business combinations, and the related acquisition costs are expensed as incurred. The Company allocates the purchase price of properties acquired in business combinations to net tangible and identified intangible assets based on their fair values. Fair value estimates

are based on information obtained from a number of sources, including independent appraisals that may be obtained in connection with the acquisition or financing of the respective property, the Company's own analysis of recently acquired and existing comparable properties in the Company's portfolio, and other market data. Information obtained about each property as a result of due diligence, marketing and leasing activities is also considered. The value allocated to land is generally based on the actual purchase price if acquired separately, or market research/comparables if acquired as part of an existing operating property. The value allocated to building is based on the fair value determined on an "as-if vacant" basis, which is estimated using a replacement cost approach that relies upon assumptions that the Company believes are consistent with current market conditions for similar properties. The value allocated to furniture, fixtures, and equipment is based on an estimate of the fair value of the appliances and fixtures inside the units. The Company has determined these estimates are primarily based upon unobservable inputs and therefore are considered to be Level 3 inputs within the fair value hierarchy.

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

Acquisitions of properties that do not meet the definition of a business are accounted for as asset acquisitions. The accounting model for asset acquisitions is similar to the accounting model for business combinations except that the acquisition consideration (including transaction costs) is allocated to the individual assets acquired and liabilities assumed on a relative fair value basis. The relative fair values used to allocate the cost of an asset acquisition are determined using the same methodologies and assumptions as those utilized to determine fair value in a business combination.

Redeemable noncontrolling interests

The Company follows guidance issued by the FASB regarding the classification and measurement of redeemable securities. Under this guidance, securities that are redeemable for cash or other assets, at the option of the holder and not solely within the control of the issuer, must be classified outside of permanent equity as redeemable noncontrolling interests. The Company makes this determination based on terms in the applicable agreements, specifically in relation to redemption provisions. The Company initially records the redeemable noncontrolling interests at fair value. The carrying amount of the redeemable noncontrolling interest is subsequently adjusted to the redemption value (assuming the noncontrolling interest is redeemable at the balance sheet date), with the corresponding offset for changes in fair value recorded in additional paid in capital. Reductions in fair value are recorded only to the extent that the Company has previously recorded increases in fair value above the redeemable noncontrolling interests' initial basis. As the changes in redemption value are based on fair value, there is no effect on the Company's earnings per share. Redeemable noncontrolling interests on the accompanying consolidated balance sheets of ACC are referred to as redeemable limited partners on the consolidated balance sheets of the Operating Partnership. Refer to Note 9 for a more detailed discussion of redeemable noncontrolling interests for both ACC and the Operating Partnership.

Pre-development Expenditures

Pre-development expenditures such as architectural fees, permits and deposits associated with the pursuit of third-party and owned development projects are expensed as incurred, until such time that management believes it is probable that the contract will be executed and/or construction will commence, at which time the Company capitalizes the costs. Because the Company frequently incurs these pre-development expenditures before a financing commitment and/or required permits and authorizations have been obtained, the Company bears the risk of loss of these pre-development expenditures if financing cannot ultimately be arranged on acceptable terms or the Company is unable to successfully obtain the required permits and authorizations. As such, management evaluates the status of third-party and owned projects that have not yet commenced construction on a periodic basis and expenses any deferred costs related to projects whose current status indicates the commencement of construction is unlikely and/or the costs may not provide future value to the Company in the form of revenues. Such write-offs are included in third-party development and management services expenses (in the case of third-party development projects) or general and administrative expenses (in the case of owned development projects) on the accompanying consolidated statements of comprehensive income. As of September 30, 2017, the Company has deferred approximately \$5.6 million in pre-development costs related to third-party and owned development projects that have not yet commenced construction. Such costs are included in other assets on the accompanying consolidated balance sheets.

Earnings per Share – Company

Basic earnings per share is computed using net income attributable to common stockholders and the weighted average number of shares of the Company's common stock outstanding during the period. Diluted earnings per share reflects common shares issuable from the assumed conversion of American Campus Communities Operating Partnership Units ("OP Units") and common share awards granted. Only those items having a dilutive impact on basic earnings per share are included in diluted earnings per share.

The following potentially dilutive securities were outstanding for the three and nine months ended September 30, 2017 and 2016, but were not included in the computation of diluted earnings per share because the effects of their inclusion would be anti-dilutive.

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2017	2016	2017	2016
Common OP Units (Note 9)	1,011,674	1,221,242	1,023,248	1,278,148
Preferred OP Units (Note 9)	77,513	87,767	77,513	95,212
Unvested restricted stock awards (Note 10)	818,547	—	—	—
Total potentially dilutive securities	1,907,734	1,309,009	1,100,761	1,373,360

Earnings per Unit – Operating Partnership

Basic earnings per OP Unit is computed using net income attributable to common unitholders and the weighted average number of common units outstanding during the period. Diluted earnings per OP Unit reflects the potential dilution that could occur if securities or other contracts to issue OP Units were exercised or converted into OP Units or resulted in the issuance of OP Units and then shared in the earnings of the Operating Partnership.

3. Acquisitions and Joint Venture Investments

Core Transaction Overview: During the third quarter of 2017, the Company executed an agreement to acquire a portfolio of seven student housing properties from affiliates of Core Spaces and DRW Real Estate Investments (the “Core Transaction”). The transaction included the purchase of 100% of the ownership interests in two operating properties, the purchase of partial ownership interests in two operating properties through a joint venture arrangement (with one property being subject to a purchase option that had not been exercised as of September 30, 2017), and the purchase of partial ownership interests in three in-process development properties through a joint venture arrangement. In total, the Core Transaction properties contain 3,776 beds. The initial investment made at closing was \$265.4 million, and the Company expects to invest a total of \$590.6 million over a two year period including the initial investment.

Core Transaction Property Acquisitions: In August 2017, the Company purchased 100% of the ownership interests in two properties for a total purchase price of approximately \$146.1 million. Total cash consideration was approximately \$144.3 million. The difference between the contracted purchase price and the cash consideration is due to other assets and liabilities that were not part of the contractual purchase price, but were acquired in the transactions, as well as transaction costs capitalized as part of the acquisitions. A list of these two properties acquired as part of the Core Transaction is as follows:

Property	Location	Primary University Served	Acquisition Date	Beds
Hub Eugene	Eugene, OR	University of Oregon	August 2017	513
State	Fort Collins, CO	Colorado State University	August 2017	665
				1,178

Core Transaction Joint Ventures: As mentioned above, during the third quarter of 2017 as part of the Core Transaction, the Company funded initial investments in two joint ventures. The joint venture transactions involved the

joint venture partner making a non-cash contribution of properties and the Company making a cash contribution to the joint ventures in exchange for its membership interests. Both joint ventures were determined to be VIEs, with the Company being the primary beneficiary. As such, both joint ventures are included in the Company's consolidated financial statements contained herein. Additionally, the partners' ownership interests in each of the joint ventures are accounted for as redeemable noncontrolling interests. For further discussion, refer to Note 9.

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
 AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 (unaudited)

The first joint venture (the “Core JV I”) holds one property (The James) that completed construction and opened for operations in August 2017. The Company's initial investment was \$95.1 million for an approximate 68% interest in the joint venture, part of which was used to pay off the property's \$68.7 million construction loan at closing. The transaction also provided the Company with an option to cause the joint venture partner to contribute a second property, Hub U District Seattle, to the joint venture during the fourth quarter 2017. As mentioned in Note 15, the Company exercised this option and the contribution of the property to the joint venture is anticipated to close during the fourth quarter 2017. The Company's initial investment in the property will be approximately \$40.6 million. Additionally, the Company has an option to purchase the remaining ownership interests in the joint venture in the fourth quarter of 2019 under a put/call agreement with the joint venture partner for an amount to be determined by the fair market value of the properties at the date of exercise. The value of the remaining ownership interests upon exercise of the option is anticipated to approximate \$68.8 million.

The second joint venture (the “Core JV II”) holds three in-process development properties that are currently under construction and are scheduled to complete construction and open for operations in Fall 2018. The Company's initial investment was \$24.2 million for an approximate 58% interest in the joint venture. Upon the initial funding, the Company assumed sole operational control, while the partner retained certain limited decision making abilities, including responsibility for the development and delivery of the properties within an agreed-upon budget and completion timeline. The joint venture partner has also provided a payment guarantee for the construction loans that are partially financing the construction of the properties. Subsequent to the successful completion and delivery of the assets, which is expected to occur in September 2018, the Company anticipates increasing its investment in Core JV II by \$130.6 million as a result of paying off the construction loans. Additionally, the Company has an option to purchase the remaining ownership interests in the joint venture in the third quarter of 2019 under a put/call agreement with the joint venture partner for an amount to be determined by the fair market value of the properties at the date of exercise. The value of the remaining ownership interests upon exercise of the option is anticipated to approximate \$85.2 million.

A list of the properties contributed to joint ventures as part of the Core Transaction are as follows:

Property	Location	Primary University Served	Actual or Targeted Completion Date	Beds
Core JV I:				
The James	Madison, WI	University of Wisconsin - Madison	August 2017	850
Hub U District Seattle ⁽¹⁾	Seattle, WA	University of Washington	September 2017	248
				1,098
Core JV II:				
Hub Ann Arbor	Ann Arbor, MI	University of Michigan	September 2018	310
Hub Flagstaff	Flagstaff, AZ	Northern Arizona University	September 2018	591
Hub West Lafayette	West Lafayette, IN	Purdue University	September 2018	599
				1,500
				2,598

⁽¹⁾ Subject to an option that had not been exercised as of September 30, 2017 (see Note 15).

Other 2017 Property Acquisitions: During the nine months ended September 30, 2017, the Company acquired two additional wholly-owned properties containing 982 beds for approximately \$158.5 million. Total cash consideration was approximately \$158.0 million. The difference between the contracted purchase price and the cash consideration is due to other assets and liabilities that were not part of the contractual purchase price, but were acquired in the transactions, as well as transaction costs capitalized as part of the acquisitions.

A list of these properties is outlined below:

Property	Location	Primary University Served	Acquisition Date	Beds
The Arlie	Arlington, TX	University of Texas Arlington	April 2017	598
TWELVE at U District	Seattle, WA	University of Washington	June 2017	384
				982

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
 AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 (unaudited)

2017 Land Acquisitions: During the nine months ended September 30, 2017, the Company purchased five land parcels with a fair value of \$12.0 million for total cash consideration of approximately \$8.9 million. The difference between the fair value of the land and the cash consideration represents non-cash consideration. In addition, the Company made an initial investment of \$9.0 million in a joint venture that holds a land parcel with fair value of \$12.0 million.

2016 Acquisition Activity: During the nine months ended September 30, 2016, the Company acquired University Crossings, a wholly-owned property containing 546 beds that is located adjacent to the University of North Carolina in Charlotte, NC for approximately \$40.0 million. Also during the nine months ended September 30, 2016, the Company secured three in-process development properties containing 1,593 beds for a combined purchase price of approximately \$66.0 million. As part of these transactions, the Company assumed approximately \$10.0 million of fixed rate mortgage debt.

4. Property Dispositions

During the nine months ended September 30, 2017, the Company sold the following wholly-owned property for approximately \$25.0 million, resulting in net proceeds of approximately \$24.5 million. The net loss on this disposition totaled approximately \$0.6 million. Concurrent with the classification of this property as held for sale in December 2016, the Company reduced the property's carrying amount to its estimated fair value less estimated selling costs, and recorded an impairment charge of \$4.9 million:

Property	Location	Primary University Served	Beds
The Province - Dayton	Dayton, OH	Wright State University	657

During the nine months ended September 30, 2016, the Company sold two wholly-owned properties containing 1,324 beds for a total sales price of approximately \$73.8 million, resulting in net proceeds of approximately \$72.6 million. The combined net gain on these dispositions totaled approximately \$17.4 million. Additionally, the Company had a portfolio of 19 wholly-owned properties classified as held for sale as of September 30, 2016.

5. Investments in Wholly-Owned Properties

Wholly-owned properties consisted of the following:

	September 30, December 31,	
	2017	2016
Land ⁽¹⁾ ⁽²⁾	\$ 649,597	\$ 568,266
Buildings and improvements	5,986,682	5,065,137
Furniture, fixtures and equipment	366,581	303,240
Construction in progress ⁽²⁾	273,367	349,498
	7,276,227	6,286,141
Accumulated depreciation	(1,014,150)	(859,127)
Wholly-owned properties, net	\$ 6,262,077	\$ 5,427,014 ⁽³⁾

(1) The land balance above includes undeveloped land parcels with book values of approximately \$45.5 million and \$38.5 million as of September 30, 2017 and December 31, 2016, respectively. It also includes land totaling approximately \$29.9 million and \$61.2 million as of September 30, 2017 and December 31, 2016, respectively, related to properties under development.

- Land includes \$19.3 million as of September 30, 2017 and construction in progress includes \$60.0 million and \$1.9 million as of September 30, 2017 and December 31, 2016, respectively, related to in-process development properties, held by entities determined to be VIEs. The entities that own the properties are deemed to be VIEs, and the Company is determined to be the primary beneficiary of the VIEs.
- (2)
- (3) Excludes the net book value of one property classified as held for sale in the accompanying consolidated balance sheets at December 31, 2016.

7. Debt

A summary of the Company's outstanding consolidated indebtedness is as follows:

	September 30, 2017	December 31, 2016
Debt secured by wholly-owned properties:		
Mortgage loans payable:		
Unpaid principal balance	\$ 523,328	\$ 559,642
Unamortized deferred financing costs	(2,349) (3,040)
Unamortized debt premiums	20,697	26,830
	541,676	583,432
Construction loans payable ⁽¹⁾	22,422	—
Unamortized deferred financing costs	(1,382) —
	562,716	583,432
Debt secured by on-campus participating properties:		
Mortgage loans payable	70,257	71,662
Bonds payable	30,575	33,870
Unamortized deferred financing costs	(674) (769)
	100,158	104,763
Total secured mortgage, construction and bond debt	662,874	688,195
Unsecured notes, net of unamortized OID and deferred financing costs ⁽²⁾	1,190,296	1,188,737
Unsecured term loans, net of unamortized deferred financing costs ⁽³⁾	646,675	149,065
Unsecured revolving credit facility	266,440	99,300
Total debt, net	\$ 2,766,285	\$ 2,125,297

(1) Construction loans payable relates to construction loans partially financing the development of four in-process development properties. These properties are owned by entities determined to be VIEs for which the Company is the primary beneficiary, including one of the joint ventures formed as part of the Core Transaction discussed in Note 3. The creditors of these construction loans do not have recourse to the assets of the Company.

(2) Includes net unamortized original issue discount ("OID") of \$1.7 million at September 30, 2017 and \$1.9 million at December 31, 2016, and net unamortized deferred financing costs of \$8.0 million at September 30, 2017 and \$9.3 million at December 31, 2016.

(3) Includes net unamortized deferred financing costs of \$3.3 million at September 30, 2017 and \$0.9 million at December 31, 2016.

Mortgage and Construction Loans Payable

During the nine months ended September 30, 2017, the Company paid off approximately \$30.5 million of fixed rate mortgage debt secured by one wholly-owned property. In the third quarter of 2017, as part of the Core Transaction discussed in detail in Note 3, Core JV I paid off \$68.7 million of construction debt with proceeds from the Company's initial investment in the joint venture. During the nine months ended September 30, 2016, the Company paid off approximately \$152.6 million of fixed rate mortgage debt secured by nine wholly-owned properties.

In May 2017, the lender of the non-recourse mortgage loan secured by Blanton Common, a wholly-owned property located near Valdosta State University which was acquired as part of the GMH student housing transaction in 2008,

sent a formal notice of default and initiated foreclosure proceedings. The property generates insufficient cash flow to cover the debt service on the mortgage, which had a balance of \$27.4 million at September 30, 2017 and a contractual maturity date of August 2017. In May 2017, the lender began receiving the net operating cash flows of the property each month in lieu of scheduled monthly mortgage payments. In August 2017, the property transferred to receivership and a third-party manager began managing the property on behalf of the lender. As of September 30, 2017, the Company was cooperating with the lender to allow for a consensual foreclosure process upon which the property will be surrendered to the lender in satisfaction of the mortgage loan. As discussed in Note 2, in June 2017, the Company recorded an impairment charge for this property of \$15.3 million.

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
 AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 (unaudited)

Unsecured Notes

The Company has issued the following senior unsecured notes:

Date Issued	Amount	% of Par Value	Coupon	Yield	Original Issue Discount	Term (Years)
April 2013	\$400,000	99.659	3.750%	3.791%	\$ 1,364	10
June 2014	400,000	99.861	4.125%	4.269% ⁽¹⁾	556	10
September 2015	400,000	99.811	3.350%	3.391%	756	5
	\$1,200,000				\$ 2,676	

⁽¹⁾ The yield includes the effect of the amortization of interest rate swap terminations (see Note 11).

The notes are fully and unconditionally guaranteed by the Company. Interest on the notes is payable semi-annually. The terms of the unsecured notes include certain financial covenants that require the Operating Partnership to limit the amount of total debt and secured debt as a percentage of total asset value, as defined. In addition, the Operating Partnership must maintain a minimum ratio of unencumbered asset value to unsecured debt, as well as a minimum interest coverage level. As of September 30, 2017, the Company was in compliance with all such covenants.

Unsecured Revolving Credit Facility

In January 2017, the Company entered into the Fifth Amended and Restated Credit Agreement (the "Agreement"). Pursuant to the Agreement, the Company increased the size of its unsecured revolving credit facility from \$500 million to \$700 million, which may be expanded by up to an additional \$500 million upon the satisfaction of certain conditions. In connection with the Agreement, the maturity date of the revolving credit facility was extended from March 2018 to March 2022.

The unsecured revolving credit facility bears interest at a variable rate, at the Company's option, based upon a base rate of one-, two-, three- or six-month LIBOR, plus, in each case, a spread based upon the Company's investment grade rating from either Moody's Investor Services, Inc. or Standard & Poor's Rating Group. Additionally, the Company is required to pay a facility fee of 0.20% per annum on the \$700 million revolving credit facility. As of September 30, 2017, the revolving credit facility bore interest at a weighted average annual rate of 2.44% (1.24% + 1.00% spread + 0.20% facility fee), and availability under the revolving credit facility totaled \$433.6 million.

The terms of the unsecured credit facility include certain restrictions and covenants, which limit, among other items, the incurrence of additional indebtedness and liens. The facility contains customary affirmative and negative covenants and also contains financial covenants that, among other things, require the Company to maintain certain maximum leverage ratios and minimum ratios of "EBITDA" (earnings before interest, taxes, depreciation and amortization) to fixed charges. The financial covenants also include a minimum asset value requirement, a maximum secured debt ratio, and a minimum unsecured debt service coverage ratio. As of September 30, 2017, the Company was in compliance with all such covenants.

Unsecured Term Loans

The Company has a \$150 million unsecured term loan ("Term Loan I Facility") which has an accordion feature that allows the Company to expand the amount by up to an additional \$50 million, subject to the satisfaction of certain

conditions. The maturity date of the Term Loan I Facility is March 2021. The weighted average annual rate on the Term Loan I Facility was 2.33% (1.23% + 1.10% spread) at September 30, 2017.

In June 2017, the Company entered into an Unsecured Term Loan Credit Agreement (the “New Term Loan II Facility”) totaling \$200 million. The maturity date of the New Term Loan II Facility is June 2022. The agreement has an accordion feature that allows the Company to expand the amount by up to an additional \$100 million, subject to the satisfaction of certain conditions. The weighted average annual rate on the New Term Loan II Facility was 2.34% (1.24% + 1.10% spread), at September 30, 2017.

In September 2017, the Company entered into an Unsecured Term Loan Credit Agreement (“Term Loan III Facility”) totaling \$300 million. The maturity date of the Term Loan III Facility is September 2018, and can be extended for two one-year periods at the Company’s option, subject to the satisfaction of certain conditions. The agreement has an accordion feature that allows the

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
 AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 (unaudited)

Company to expand the amount by up to an additional \$100 million, subject to the satisfaction of certain conditions. The weighted average annual rate on this term loan was 2.34% (1.24% + 1.10% spread) at September 30, 2017. The terms of the term loan facilities described above include certain restrictions and covenants consistent with those of the unsecured revolving credit facility discussed above. As of September 30, 2017, the Company was in compliance with all such covenants.

8. Stockholders' Equity / Partners' Capital

Stockholders' Equity - Company

In June 2015, the Company established an at-the-market share offering program (the "ATM Equity Program") through which the Company may issue and sell, from time to time, shares of common stock having an aggregate offering price of up to \$500 million. Actual sales under the program will depend on a variety of factors, including, but not limited to, market conditions, the trading price of the Company's common stock and determinations of the appropriate sources of funding for the Company.

The following table presents activity under the Company's ATM Equity Program during the three and nine months ended September 30, 2017 and 2016:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2017	2016	2017	2016
Total net proceeds	\$ 1,135	\$ 62,374	\$ 188,538	\$ 62,374
Commissions paid to sales agents	\$ 14	\$ 790	\$ 2,374	\$ 790
Weighted average price per share	\$ 48.09	\$ 50.98	\$ 48.34	\$ 50.98
Shares of common stock sold	23,900	1,239,000	3,949,356	1,239,000

As of September 30, 2017, the Company had approximately \$233.0 million available for issuance under its ATM Equity Program.

In February 2016, ACC completed an equity offering, consisting of the sale of 17,940,000 shares of ACC's common stock at a price of \$41.25 per share, including 2,340,000 shares issued as a result of the exercise of the underwriters' overallotment option in full at closing. The offering generated gross proceeds of approximately \$740.0 million. The aggregate proceeds to ACC, net of the underwriting discount and expenses of the offering, were approximately \$707.3 million.

In 2015, the Company established a Non-Qualified Deferred Compensation Plan ("Deferred Compensation Plan") maintained for the benefit of certain employees and members of the Company's Board of Directors, in which vested share awards (see Note 10), salary and other cash amounts earned may be deposited. Deferred Compensation Plan assets are held in a rabbi trust, which is subject to the claims of the Company's creditors in the event of bankruptcy or insolvency. The shares held in the Deferred Compensation Plan are classified within stockholders' equity in a manner similar to the manner in which treasury stock is classified. Subsequent changes in the fair value of the shares are not recognized. During the nine months ended September 30, 2017, 43,597 shares of ACC's common stock were deposited into the Deferred Compensation Plan. As of September 30, 2017, 63,778 shares of ACC's common stock were held in the Deferred Compensation Plan.

Partners' Capital – Operating Partnership

In connection with the equity offering and ATM Equity Program discussed above, ACCOP issued a number of American Campus Operating Partnership Common OP Units (“Common OP Units”) to ACC equivalent to the number of common shares issued by ACC.

9. Noncontrolling Interests

Interests in Consolidated Real Estate Joint Ventures and Presale Arrangements

Noncontrolling interests - partially owned properties: As of September 30, 2017, the Operating Partnership consolidates three joint ventures that own and operate three owned off-campus properties. Additionally, in December 2016, the Company entered

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

into a pre-sale agreement to purchase The Edge at Stadium Centre. The portion of net assets attributable to the third-party partners in these arrangements is classified as “noncontrolling interests - partially owned properties” within equity and capital on the accompanying consolidated balance sheets of ACC and the Operating Partnership, respectively.

Redeemable noncontrolling interests (ACC) / redeemable limited partners (Operating Partnership): As part of the Core Transaction discussed in detail in Note 3, the Company entered into two joint venture arrangements in the third quarter of 2017. The company is consolidating these joint ventures and the noncontrolling interest holder in each of these consolidated joint ventures has the option to redeem its noncontrolling interest in the entities through the exercise of put options. The options will be exercisable in the third and fourth quarter of 2019, and the redemption price is based on the fair value of the properties at the time of option exercise. As the exercise of the options is outside of the Company’s control, the portion of net assets attributable to the third-party partner in each of the joint ventures is classified as “redeemable noncontrolling interests” and “redeemable limited partners” in the mezzanine section of the accompanying consolidated balance sheets of ACC and the Operating Partnership, respectively. During the nine months ended September 30, 2017, there were no changes in the redemption value of redeemable noncontrolling interests that resulted from a change in the fair value of the net assets held by consolidated joint ventures. For further discussion on accounting for changes in redemption value, refer to Note 2.

The third-party partners’ share of the income or loss of the joint ventures described above is calculated based on the partners’ economic interest in the joint ventures and is included in “net income attributable to noncontrolling interests” on the consolidated statements of comprehensive income of ACC, and is reported as “net income attributable to noncontrolling interests - partially owned properties” on the consolidated statements of comprehensive income of the Operating Partnership.

Operating Partnership Ownership

Also included in redeemable noncontrolling interests (ACC) / redeemable limited partners (Operating Partnership) are OP Units for which the Operating Partnership is required, either by contract or securities law, to deliver registered common shares of ACC to the exchanging OP unit holder, or for which the Operating Partnership has the intent or history of exchanging such units for cash. The units classified as such include Series A Preferred Units (“Preferred OP Units”) as well as Common OP Units. The value of redeemable noncontrolling interests (ACC) / redeemable limited partners (Operating Partnership) related to OP Units on the accompanying consolidated balance sheets is reported at the greater of fair value, which is based on the closing market value of the Company’s common stock at period end, or historical cost at the end of each reporting period. The OP Unitholders’ share of the income or loss of the Company is included in “net income attributable to noncontrolling interests” on the consolidated statements of comprehensive income of ACC.

As of both September 30, 2017 and December 31, 2016, approximately 0.8% of the equity interests of the Operating Partnership were held by owners of Common OP Units and Preferred OP Units not held by ACC or ACC Holdings. During the nine months ended September 30, 2017, 22,000 Common OP Units were converted into an equal number of shares of ACC’s common stock. During the year ended December 31, 2016, 280,915 Common OP Units and 31,846 Preferred OP Units were converted into an equal number of shares of ACC’s common stock.

Below is a table summarizing the activity of redeemable noncontrolling interests (ACC) / redeemable limited partners (Operating Partnership) for the nine months ended September 30, 2017, which includes both the redeemable joint

venture partners and OP Units discussed above:

December 31, 2016	\$55,078
Net income	322
Distributions	(61,019)
Conversion of redeemable limited partner units into shares of ACC common stock	(154)
Contribution of properties from noncontrolling interest	123,986
Adjustments to reflect redeemable limited partner units at fair value	(5,943)
September 30, 2017	\$112,270

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
 AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 (unaudited)

10. Incentive Award Plan

Restricted Stock Units (“RSUs”)

Upon reelection to the Board of Directors in May 2017, all members of the Company’s Board of Directors were granted RSUs in accordance with the American Campus Communities, Inc. 2010 Incentive Award Plan (the “Plan”). These RSUs were valued at \$150,000 for the Chairman of the Board of Directors and at \$105,000 for all other members. Additionally, effective July 1, 2017, the Board of Directors’ compensation program was revised to reflect an increase in RSUs of \$10,000 for all members of the Board of Directors. The number of RSUs was determined based on the fair market value of the Company’s stock on the date of grant, as defined in the Plan. All awards vested and settled immediately on the date of grant, and the Company delivered shares of common stock and cash, as determined by the Compensation Committee of the Board of Directors. A compensation charge of approximately \$0.9 million was recorded during the nine months ended September 30, 2017 related to these awards and is included in general and administrative expenses on the Company’s consolidated statements of comprehensive income.

A summary of ACC’s RSUs under the Plan as of September 30, 2017 and activity during the nine months then ended is presented below:

	Number of RSUs
Outstanding at December 31, 2016	—
Granted	18,221
Settled in common shares	(16,295)
Settled in cash	(1,926)
Outstanding at September 30, 2017	—

Restricted Stock Awards (“RSAs”)

A summary of RSAs under the Plan as of September 30, 2017 and activity during the nine months then ended, is presented below:

	Number of RSAs
Nonvested balance at December 31, 2016	773,101
Granted	344,688
Vested	(193,186)
Forfeited ⁽¹⁾	(110,875)
Nonvested balance at September 30, 2017	813,728

⁽¹⁾ Includes shares withheld to satisfy tax obligations upon vesting.

The fair value of RSAs is calculated based on the closing market value of ACC’s common stock on the date of grant. The fair value of these awards is amortized to expense over the vesting periods, which amounted to approximately \$2.4 million and \$2.2 million for the three months ended September 30, 2017 and 2016, respectively, and \$10.6 million and \$7.1 million for the nine months ended September 30, 2017 and 2016, respectively. The amortization of restricted stock awards for the nine months ended September 30, 2017 includes \$2.4 million of contractual executive separation and retirement charges incurred with regard to the retirement of the Company’s former Chief Financial Officer, representing the June 30, 2017 vesting of 46,976 RSAs, net of shares withheld for

taxes, related to the retirement.

11. Derivative Instruments and Hedging Activities

The Company is exposed to certain risks arising from both its business operations and economic conditions. The Company principally manages its exposures to a wide variety of business and operational risks through management of its core business activities. The Company manages economic risks, including interest rate, liquidity, and credit risk primarily by managing the amount, sources, and duration of its debt funding and the use of derivative financial instruments. Specifically, the Company enters into derivative financial instruments to manage exposures that arise from business activities that result in the receipt or payment of future known and uncertain cash amounts, the value of which are determined by interest rates. The Company's derivative financial instruments are used to manage differences in the amount, timing, and duration of the Company's known or expected cash receipts and its known or expected cash payments principally related to the Company's investments and borrowings.

23

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
 AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 (unaudited)

Cash Flow Hedges of Interest Rate Risk

The Company's objectives in using interest rate derivatives are to add stability to interest expense and to manage its exposure to interest rate movements. To accomplish this objective, the Company primarily uses interest rate swaps and forward starting swaps as part of its interest rate risk management strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts from a counterparty in exchange for the Company making fixed-rate payments over the life of the agreements without exchange of the underlying notional amount. Forward starting swaps are used to protect the Company against adverse fluctuations in interest rates by reducing its exposure to variability in cash flows relating to interest payments on a forecasted issuance of debt. The effective portion of changes in the fair value of derivatives designated and that qualify as cash flow hedges is recorded in other comprehensive income (outside of earnings) and subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings. The ineffective portion of changes in the fair value of the derivative is recognized directly in earnings. Ineffectiveness resulting from the derivative instruments summarized below was immaterial for both the three and nine month periods ended September 30, 2017 and 2016.

The following table summarizes the Company's outstanding interest rate swap contracts as of September 30, 2017:

Hedged Debt Instrument	Effective Date	Maturity Date	Pay Fixed Rate	Receive Floating Rate Index	Current Notional Amount	Fair Value
Cullen Oaks mortgage loan	Feb 18, 2014	Feb 15, 2021	2.2750%	LIBOR - 1 month	\$ 13,830	\$ (224)
Cullen Oaks mortgage loan	Feb 18, 2014	Feb 15, 2021	2.2750%	LIBOR - 1 month	13,973	(226)
Park Point mortgage loan	Nov 1, 2013	Oct 5, 2018	1.5450%	LIBOR - 1 month	70,000	(60)
				Total	\$ 97,803	\$ (510)

In January 2017, the interest rate swaps on the Term Loan I Facility expired, and the remaining immaterial balance in accumulated other comprehensive income was reclassified into earnings.

The table below presents the fair value of the Company's derivative financial instruments as well as their classification on the consolidated balance sheets as of September 30, 2017 and December 31, 2016:

Description	Balance Sheet Location	Fair Value as of	
		September 30, 2017	December 31, 2016
Interest rate swaps contracts	Other liabilities	\$ 510	\$ 1,099
Total derivatives designated as hedging instruments		\$ 510	\$ 1,099

12. Fair Value Disclosures

Financial Instruments Carried at Fair Value

The following table presents information about the Company's financial instruments measured at fair value on a recurring basis as of September 30, 2017 and December 31, 2016, and indicates the fair value hierarchy of the valuation techniques utilized by the Company to determine such fair value. In general, fair values determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access. Fair values determined by Level 2 inputs utilize inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets and inputs other than quoted prices observable for the asset or liability, such as interest rates and yield curves observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability.

In instances in which the inputs used to measure fair value may fall into different levels of the fair value hierarchy, the level in the fair value hierarchy within which the fair value measurement in its entirety has been determined is based on the lowest level input

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
 AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 (unaudited)

significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

Disclosures concerning financial instruments measured at fair value are as follows:

	Fair Value Measurements as of September 30, 2017			December 31, 2016		
	Quoted Prices in Active Markets for Identical Assets and Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3) Total	Quoted Prices in Active Markets for Identical Assets and Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3) Total
Liabilities:						
Derivative financial instruments	\$-\$ 510	\$ —	\$ 510	\$-\$ 1,099	\$ —	-\$ 1,099
Mezzanine:						
Redeemable noncontrolling interests (Company)/Redeemable limited partners (Operating Partnership)	\$-\$ 50,887	\$ 61,383	\$ 112,270	\$-\$ 55,078	\$ —	-\$ 55,078

The Company uses derivative financial instruments, specifically interest rate swaps and forward starting swaps, for nontrading purposes. The Company uses interest rate swaps to manage interest rate risk arising from previously unhedged interest payments associated with variable rate debt and forward starting swaps to reduce exposure to variability in cash flows relating to interest payments on forecasted issuances of debt. Through September 30, 2017, derivative financial instruments were designated and qualified as cash flow hedges. Derivative contracts with positive net fair values inclusive of net accrued interest receipts or payments are recorded in other assets. Derivative contracts with negative net fair values, inclusive of net accrued interest payments or receipts, are recorded in other liabilities. The valuation of these instruments is determined using widely accepted valuation techniques including discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves. The fair values of interest rate swaps are determined using the market standard methodology of netting the discounted future fixed cash receipts (or payments) and the discounted expected variable cash payments (or receipts). The variable cash payments (or receipts) are based on an expectation of future interest rates (forward curves) derived from observable market interest rate curves.

The Company incorporates credit valuation adjustments to appropriately reflect its own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements. In adjusting the fair value of its derivative contracts for the effect of nonperformance risk, the Company has considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds and guarantees.

Although the Company has determined the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with its derivatives utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by the Company and its counterparty. However, as of September 30, 2017 and December 31, 2016, the Company has assessed the significance of the impact of the credit valuation adjustments on the overall valuation of its derivative positions and has determined that the credit valuation adjustments are not significant to the overall valuation of the Company's derivative financial instruments. As a result, the Company has determined each of its derivative valuations in its entirety is classified in Level 2 of the fair value hierarchy.

The OP Unit component of redeemable noncontrolling interests has a redemption feature and is marked to its redemption value. The redemption value is based on the fair value of the Company's common stock at the redemption date, and therefore, is calculated based on the fair value of the Company's common stock at the balance sheet date. Since the valuation is based on observable inputs such as quoted prices for similar instruments in active markets, these instruments are classified in Level 2 of the fair value hierarchy.

As discussed in Note 2 and Note 9, the redeemable noncontrolling interests related to the joint venture partners in the Core Transaction are marked to their redemption value at each balance sheet date. The redemption value is based on the fair value of the underlying properties held by the joint ventures. This analysis incorporates information obtained from a number of sources, including the Company's analysis of comparable properties in the Company's portfolio, estimations of net operating results of the properties, capitalization rates, discount rates, and other market data. The Company has determined these estimates are primarily based upon unobservable inputs and therefore are considered to be Level 3 inputs within the fair value hierarchy.

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
 AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 (unaudited)

Financial Instruments Not Carried at Fair Value

Cash and Cash Equivalents, Restricted Cash, Student Contracts Receivable, Other Assets, Accounts Payable and Accrued Expenses and Other Liabilities: The Company estimates that the carrying amount approximates fair value, due to the short maturity of these instruments.

Loans Receivable: The fair value of loans receivable is based on a discounted cash flow analysis consisting of scheduled cash flows and discount rate estimates to approximate those that a willing buyer and seller might use. These financial instruments utilize Level 3 inputs.

Mortgage Loans Payable: The fair value of mortgage loans payable is based on the present value of the cash flows at current market interest rates through maturity. The Company has concluded the fair value of these financial instruments utilize Level 2 inputs as the majority of the inputs used to value these instruments fall within Level 2 of the fair value hierarchy.

Bonds Payable: The fair value of bonds payable is based on quoted prices in markets that are not active due to the unique characteristics of these financial instruments; as such, the Company has concluded the inputs used to measure fair value fall within Level 2 of the fair value hierarchy.

Unsecured Notes: In calculating the fair value of unsecured notes, interest rate and spread assumptions reflect current creditworthiness and market conditions available for the issuance of unsecured notes with similar terms and remaining maturities. These financial instruments utilize Level 2 inputs.

Construction Loans Payable, Unsecured Revolving Credit Facility, and Unsecured Term Loans: The fair value of these instruments approximates their carrying values due to the variable interest rate feature of these instruments.

The table below contains the estimated fair value and related carrying amounts for the Company's financial instruments as of September 30, 2017 and December 31, 2016:

	September 30, 2017		December 31, 2016	
	Estimated Fair Value	Carrying Amount	Estimated Fair Value	Carrying Amount
Assets:				
Loans receivable	\$54,396	\$61,052	\$54,396	\$58,539
Liabilities:				
Unsecured notes	\$1,232,338	\$1,190,296 ⁽¹⁾	\$1,211,344	\$1,188,737 ⁽¹⁾
Mortgage loans payable	603,789	611,657 ⁽²⁾	644,617	654,794 ⁽²⁾
Bonds payable	32,983	30,177	37,066	33,401

⁽¹⁾ Includes net unamortized OID and net unamortized deferred financing costs (see Note 7).

⁽²⁾ Includes net unamortized debt premiums and discounts and net unamortized deferred financing costs (see Note 7).

13. Commitments and Contingencies

Commitments

Construction Contracts: As of September 30, 2017, excluding four properties under construction and subject to presale arrangements which are being funded by construction loans, the Company estimates additional costs to complete eight wholly-owned development projects under construction to be approximately \$383.6 million.

Joint Ventures: As discussed in Note 3, as part of the Core Transaction, the Company entered into two joint ventures during the third quarter of 2017. As part of this transaction, the Company is obligated to increase its investment in the joint ventures over a two year period, resulting in a funding commitment of approximately \$325.2 million, including the Company's \$40.6 million initial investment related to Hub U District Seattle anticipated to close during the fourth quarter of 2017.

Pre-sale Arrangements: In December 2016, the Company entered into a pre-sale agreement to purchase The Edge - Stadium Centre, a property which will be completed in August 2018. Total estimated development costs of approximately \$42.6 million include

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

the purchase price, elected upgrades, and capitalized transaction costs. The Company is obligated to purchase the property as long as certain construction completion deadlines and other closing conditions are met.

The Company expects to fund the commitments mentioned above through a combination of proceeds from cash flows generated from operations, anticipated property dispositions, joint venture activity, and a combination of debt and equity transactions, which may include net proceeds from the ATM Equity Program discussed in Note 8, borrowings under the Company's existing unsecured credit facilities, and accessing the unsecured bond market.

Development-related Guarantees: For certain of its third-party development projects, the Company commonly provides alternate housing and project cost guarantees, subject to force majeure. These guarantees are typically limited, on an aggregate basis, to the amount of the projects' related development fees or a contractually agreed-upon maximum exposure amount. Alternate housing guarantees generally require the Company to provide substitute living quarters and transportation for students to and from the university if the project is not complete by an agreed-upon completion date. These guarantees typically expire at the later of five days after completion of the project or once the Company has moved all students from the substitute living quarters into the project. Under project cost guarantees, the Company is responsible for the construction cost of a project in excess of an approved budget. The budget consists primarily of costs included in the general contractors' guaranteed maximum price contract ("GMP"). In most cases, the GMP obligates the general contractor, subject to force majeure and approved change orders, to provide completion date guarantees and to cover cost overruns and liquidated damages. In addition, the GMP is typically secured with payment and performance bonds. Project cost guarantees expire upon completion of certain developer obligations, which are normally satisfied within one year after completion of the project. The Company's estimated maximum exposure amount under the above guarantees is approximately \$4.0 million as of September 30, 2017. As of September 30, 2017, management did not anticipate any material deviations from schedule or budget related to third-party development projects currently in progress.

In the normal course of business, the Company enters into various development-related purchase commitments with parties that provide development-related goods and services. In the event that the Company was to terminate development services prior to the completion of projects under construction, the Company could potentially be committed to satisfy outstanding purchase orders with such parties.

Conveyance to University: In August 2013, the Company entered into an agreement to convey fee interest in a parcel of land, on which one of the Company's student housing properties resides (University Crossings), to Drexel University (the "University"). Concurrent with the land conveyance, the Company as lessee entered into a ground lease agreement with the University as lessor for an initial term of 40 years, with three 10-year extensions, at the Company's option. The Company also agreed to convey the building and improvements to the University at an undetermined date in the future and to pay real estate transfer taxes not to exceed \$2.4 million. The Company paid approximately \$0.6 million in real estate transfer taxes upon the conveyance of land to the University, leaving approximately \$1.8 million to be paid by the Company upon the transfer of the building and improvements.

Contingencies

Litigation: The Company is subject to various claims, lawsuits and legal proceedings, as well as other matters that have not been fully resolved and that have arisen in the ordinary course of business. While it is not possible to ascertain the ultimate outcome of such matters, management believes that the aggregate amount of such liabilities, if any, in excess of amounts provided or covered by insurance, will not have a material adverse effect on the

consolidated financial position or results of operations of the Company. However, the outcome of claims, lawsuits and legal proceedings brought against the Company is subject to significant uncertainty. Therefore, although management considers the likelihood of such an outcome to be remote, the ultimate results of these matters cannot be predicted with certainty.

Letters of Intent: In the ordinary course of the Company's business, the Company enters into letters of intent indicating a willingness to negotiate for acquisitions, dispositions or joint ventures. Such letters of intent are non-binding (except with regard to exclusivity and confidentiality), and neither party to the letter of intent is obligated to pursue negotiations unless and until a definitive contract is entered into by the parties. Even if definitive contracts are entered into, the letters of intent relating to the acquisition and disposition of real property and resulting contracts generally contemplate that such contracts will provide the acquirer with time to evaluate the property and conduct due diligence, during which periods the acquirer will have the ability to terminate the contracts without penalty or forfeiture of any material deposit or earnest money. There can be no assurance that definitive contracts will be entered into with respect to any matter covered by letters of intent or that the Company will consummate any transaction contemplated by any definitive contract. Furthermore, due diligence periods for real property are frequently extended as needed. Once the due diligence period expires, the Company is then at risk under a real property acquisition contract, but only to

AMERICAN CAMPUS COMMUNITIES, INC. AND SUBSIDIARIES
AMERICAN CAMPUS COMMUNITIES OPERATING PARTNERSHIP, L.P. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

the extent of any non-refundable earnest money deposits associated with the contract and subject to normal closing conditions being met.

Environmental Matters: The Company is not aware of any environmental liability with respect to the properties that would have a material adverse effect on the Company's business, assets or results of operations. However, there can be no assurance that such a material environmental liability does not exist. The existence of any such material environmental liability could have an adverse effect on the Company's results of operations and cash flows.

14. Segments

The Company defines business segments by their distinct customer base and service provided. The Company has identified four reportable segments: Wholly-Owned Properties, On-Campus Participating Properties, Development Services, and Property Management Services. Management evaluates each segment's performance based on operating income before depreciation, amortization, minority interests and allocation of corporate overhead. Intercompany fees are reflected at the contractually stipulated amounts.

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2017	2016	2017	2016

15. Subsequent Events

Distributions: On November 1, 2017, the Board of Directors of the Company declared a distribution per share of \$0.44, which will be paid on November 27, 2017 to all common stockholders of record as of November 13, 2017. At the same time, the Operating Partnership will pay an equivalent amount per unit to holders of Common OP Units, as well as the quarterly cumulative preferential distribution to holders of Preferred OP Units (see Note 9).

October 2017 Bond Offering: In October 2017, the Operating Partnership closed a \$400 million offering of senior unsecured notes under its existing shelf registration. These 10-year notes were issued at 99.912 percent of par value with a coupon of 3.625 percent and a yield of 3.635 percent, and are fully and unconditionally guaranteed by the Company. Interest on the notes is payable semi-annually on May 15 and November 15, with the first payment beginning on May 15, 2018. The notes will mature on November 15, 2027. Net proceeds from the sale of the senior unsecured notes totaled approximately \$395 million, after expenses, and were used to repay the outstanding balance of the Company's revolving credit facility, with the remaining proceeds available to fund the development pipeline, acquisition activity and for general business purposes.

Property Acquisitions: In October 2017, the Company acquired Bridges @ 11th, a 258-bed wholly-owned property located on university-owned land near the University of Washington campus.

Additionally, in October 2017, as part of the Core Transaction, the Company exercised an option to cause the joint venture partner in Core JV I to contribute Hub U District Seattle, a 248-bed property located near the University of Washington campus, to the joint venture. The Company anticipates the closing of the contribution of the property to Core JV I to occur in the fourth quarter 2017 and the Company's initial investment in the property will be approximately \$40.6 million.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-looking Statements

This report contains forward-looking statements within the meaning of the federal securities laws. We caution investors that any forward-looking statements presented in this report, or which management may make orally or in writing from time to time, are based on management's beliefs and assumptions made by, and information currently available to, management. When used, the words "anticipate," "believe," "expect," "intend," "may," "might," "plan," "estimate," "project," "should," "will," "result" and similar expressions, do not relate solely to historical matters and are intended to identify forward-looking statements. Such statements are subject to risks, uncertainties and assumptions and may be affected by known and unknown risks, trends, uncertainties and factors that are beyond our control. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected. We caution you that forward-looking statements are not guarantees of future performance and will be impacted by actual events when they occur after we make such statements. We expressly disclaim any responsibility to update forward-looking statements, whether as a result of new information, future events or otherwise. Accordingly, investors should use caution in relying on past forward-looking statements, which are based on results and trends at the time they were made, to anticipate future results or trends.

Some of the risks and uncertainties that may cause our actual results, performance or achievements to differ materially from those expressed or implied by forward-looking statements include, among others, the following: general risks affecting the real estate industry; risks associated with changes in University admission or housing policies; risks associated with the availability and terms of financing and the use of debt to fund acquisitions and developments; failure to manage effectively our growth and expansion into new markets or to integrate acquisitions successfully; risks and uncertainties affecting property development and construction; risks associated with downturns in the national and local economies, volatility in capital and credit markets, increases in interest rates, and volatility in the securities markets; costs of compliance with the Americans with Disabilities Act and other similar laws; potential liability for uninsured losses and environmental contamination; risks associated with our Company's potential failure to qualify as a REIT under the Internal Revenue Code of 1986 (the "Code"), as amended, and possible adverse changes in tax and environmental laws; and the other factors discussed in the "Risk Factors" contained in Item 1A of our Form 10-K for the year ended December 31, 2016.

Our Company and Our Business

Overview

American Campus Communities, Inc. ("ACC") is a real estate investment trust ("REIT") that commenced operations effective with the completion of an initial public offering ("IPO") on August 17, 2004. Through ACC's controlling interest in American Campus Communities Operating Partnership, L.P. ("ACCOP"), ACC is one of the largest owners, managers and developers of high quality student housing properties in the United States in terms of beds owned and under management. ACC is a fully integrated, self-managed and self-administered equity REIT with expertise in the acquisition, design, financing, development, construction management, leasing and management of student housing properties. ACC's common stock is publicly traded on the New York Stock Exchange ("NYSE") under the ticker symbol "ACC." References to the "Company," "we," "us" or "our" mean collectively ACC, ACCOP and those entities/subsidiaries owned or controlled by ACC and/or ACCOP. References to the "Operating Partnership" mean collectively ACCOP and those entities/subsidiaries owned or controlled by ACCOP. Unless otherwise indicated, the accompanying discussion applies to both the Company and the Operating Partnership.

Property Portfolio

As of September 30, 2017, our total owned property portfolio contained 166 properties, consisting of owned off-campus student housing properties that are in close proximity to colleges and universities, American Campus Equity (“ACE[®]”) properties operated under ground/facility leases with university systems, and on-campus participating properties operated under ground/facility leases with the related university systems. Of the 166 properties, 12 were under development as of September 30, 2017. Our communities contain modern housing units and are supported by a resident assistant system and other student-oriented programming, with many offering resort-style amenities.

As of September 30, 2017, through ACC’s taxable REIT subsidiary (“TRS”) entities, we provided third-party management and leasing services for 38 properties, bringing our total owned and third-party managed portfolio to 204 properties. Third-party management and leasing services are typically provided pursuant to management contracts that have initial terms that range from one to five years.

Leasing Results

During the third quarter, we finalized our annual leasing process for the 2017/2018 academic year. As of September 30, 2017, occupancy at our 2018 same store properties was 96.6% at a rental rate increase of 2.9% compared to the prior academic year. Our 2018 same store property portfolio consists of properties owned and operating for both of the entire years ended December 31, 2017 and 2018, which are not conducting or planning to conduct substantial development, redevelopment, or repositioning activities, and are not classified as held for sale. Including our 2017 acquisitions and development deliveries, our total wholly-owned portfolio was 95.5% occupied as of September 30, 2017.

Below is a summary of our property portfolio as of September 30, 2017:

Property portfolio:	Properties	Beds
Wholly-owned operating properties:		
Off-campus properties	124	70,248
On-campus ACE ⁽¹⁾	25	18,847
Subtotal – operating properties	149	89,095
Wholly-owned properties under development:		
Off-campus properties	6	2,935
On-campus ACE	6	5,371
Subtotal – properties under development	12	8,306
Total wholly-owned properties	161	97,401
On-campus participating properties	5	5,086
Total owned property portfolio	166	102,487
Managed properties	38	28,770
Total property portfolio	204	131,257

(1) Includes three properties at Prairie View A&M University that we ultimately expect to be refinanced under the existing on-campus participating structure.

Owned development activity

Recently completed projects: In the third quarter of 2017, the final stages of construction were completed on three on-campus ACE properties and seven owned off-campus properties. These properties are summarized in the following table:

Project	Project Type	Location	Primary University Served	Beds	Total Project Cost	Opened for Occupancy

⁽¹⁾ In December 2016, we entered into a pre-sale agreement to purchase The Edge - Stadium Centre, a property which is scheduled to be completed in August 2018. The estimated project cost includes the purchase price, elected upgrades and transaction costs.

⁽²⁾ The company funded an initial investment of \$24.2 million through a joint venture with Core Spaces/DRW Real Estate Investments in August 2017. Including the initial investment, the company expects to invest a total of \$240 million over a two year period. Refer to Note 3 in the accompanying Notes to the Consolidated Financial Statements contained in Item 1.

Acquisitions and Joint Venture Investments

As discussed in more detail in Notes 3 and 9 in the accompanying Notes to the Consolidated Financial Statements contained in Item 1, during the third quarter of 2017 we executed an agreement to acquire a portfolio of seven student housing properties from affiliates of Core Spaces and DRW Real Estate Investments (the “Core Transaction”). The transaction included the purchase of 100% of the ownership interests in two operating properties, the purchase of partial ownership interests in two operating properties through a joint venture arrangement (with one property being subject to a purchase option that had not been exercised as of September 30, 2017), and the purchase of partial ownership interests in three in-process development properties through a joint venture arrangement. In total, the Core Transaction properties contain 3,776 beds. The initial investment made at closing was \$265.4 million, and the Company expects to invest a total of \$590.6 million over a two year period including the initial investment.

During the nine months ended September 30, 2017, the Company acquired two additional wholly-owned properties containing 982 beds for approximately \$158.5 million. Refer to Note 3 in the accompanying Notes to Consolidated Financial Statements contained in Item 1 for a more detailed discussion of our recent acquisition activity.

Dispositions

During the nine months ended September 30, 2017, the Company sold one wholly-owned property for approximately \$25.0 million. Refer to Note 4 in the accompanying Notes to Consolidated Financial Statements contained in Item 1 for a more detailed discussion of our recent disposition activity.

Third-Party Development Services

Through ACC’s TRS entities, we provide development and construction management services for student housing properties owned by colleges and universities, charitable foundations and others. During the third quarter 2017 we completed, delivered and

commenced management of Momentum Village Phase II, a 560-bed third party development project on the campus of Texas A&M University Corpus Christi, and Esperanza Hall, a 382-bed third party development project on the campus of Texas A&M University San Antonio. As of September 30, 2017, we were under contract on one third-party development project that is currently under construction and whose fees total \$5.9 million. As of September 30, 2017, fees of approximately \$3.0 million remained to be earned by the Company with respect to this project, which has a scheduled completion date in August 2019.

Results of Operations

Comparison of the Three Months Ended September 30, 2017 and September 30, 2016

The following table presents our results of operations for the three months ended September 30, 2017 and 2016, including the amount and percentage change in these results between the two periods.

	Three Months Ended September 30,		Change (\$)	Change (%)
	2017	2016

common stockholders

Same Store and New Property Operations

We define our same store property portfolio as wholly-owned properties that were owned and operating for both of the full years ended December 31, 2017 and December 31, 2016, which are not conducting or planning to conduct substantial development, redevelopment, or repositioning activities, and are not classified as held for sale as of September 30, 2017.

35

Same store revenues are defined as revenues generated from our same store portfolio and consist of rental revenue earned from student leases as well as other income items such as utility income, damages, parking income, summer conference rent, application and administration fees, income from retail tenants, and income earned by one of our TRS entities from ancillary activities such as the provision of food services.

Same store operating expenses are defined as operating expenses generated from our same store portfolio and include usual and customary expenses incurred to operate a property such as payroll, maintenance, utilities, marketing, general and administrative costs, insurance, property taxes, and bad debt. Same store operating expenses also include an allocation of payroll and other administrative costs related to corporate management and oversight.

A reconciliation of our same store, new property and sold/held for sale property operations to our consolidated statements of comprehensive income is set forth below:

	Same Store Properties		New Properties		Sold/Held for Sale Properties ⁽¹⁾		Total - All Properties	
	Three Months Ended September 30,		Three Months Ended September 30,		Three Months Ended September 30,		Three Months Ended September 30,	
	2017	2016	2017	2016	2017	2016 ⁽³⁾	2017	2016
Number of properties ⁽⁴⁾	124	124	24	8	1	22	149	154
Number of beds ⁽⁴⁾	73,871	73,871	14,364	3,737	860	13,600	89,095	91,208
Revenues ⁽⁵⁾	\$162,776	\$160,636	\$20,637	\$4,187	\$869	\$21,681	\$184,282	\$186,504
Operating expenses	87,902	85,126	11,232	2,242	289	13,234	99,423	100,602

(1) Does not include the allocation of payroll and other administrative costs related to corporate management and oversight.

(2) Includes one property currently in receivership that is in the process of being transferred to the lender in settlement of the property's \$27.4 million mortgage loan that matured in August 2017.

(3) Includes properties sold in 2016 and 2017, and one property that is in the process of being transferred to the lender as discussed above.

(4) Does not include properties under construction or undergoing redevelopment.

(5) Includes revenues which are reflected as resident services revenue on the accompanying consolidated statements of comprehensive income.

Same Store Properties: The increase in revenue from our same store properties was primarily due to an increase in average rental rates for the 2017/2018 academic year, partially offset by a decrease in our weighted average occupancy from 92.2% during the three months ended September 30, 2016 to 91.9% during the three months ended September 30, 2017. Future revenues will be dependent on our ability to maintain our current leases in effect for the 2017/2018 academic year and our ability to obtain appropriate rental rates and desired occupancy for the 2018/2019 academic year at our various properties.

The increase in operating expenses from our same store properties was primarily due to: (i) an increase in repairs and maintenance expense of approximately \$1.9 million related to cleanup and repairs for water intrusion, roofing, and landscaping at the Company's communities located in Florida and Texas, as a result of hurricanes Harvey and Irma; (ii) an increase in property taxes and related consulting fees due to increased property tax assessments in various markets; and (iii) other general inflationary factors. We anticipate that operating expenses for our same store property portfolio for 2017 will increase as compared to 2016 as a result of the reasons discussed above.

Edgar Filing: AMERICAN CAMPUS COMMUNITIES INC - Form 10-Q

New Property Operations: Our new properties for the three and nine months ended September 30, 2017 are summarized in the table below:

(1) The James is a property held by a joint venture formed as part of the Core Transaction. Refer to Note 3 in the accompanying Notes to the Consolidated Financial Statements contained in Item 1.

Third-Party Development Services Revenue

Third-party development services revenue increased by approximately \$2.8 million, from \$0.8 million during the three months ended September 30, 2016 to \$3.6 million for the three months ended September 30, 2017. This increase was due to the closing of bond financing and commencement of construction of a fourth phase at the University of California, Irvine during the third quarter 2017. This project contributed approximately \$2.9 million in revenue during the three months ended September 30, 2017.

Development services revenues are dependent on our ability to successfully be awarded such projects, the amount of the contractual fee related to the project and the timing and completion of the development and construction of the project. In addition, to the extent projects are completed under budget, we may be entitled to a portion of such savings, which are recognized as revenue when performance has been agreed upon by all parties, or when performance has been verified by an independent third-party. It is possible that projects for which we have deferred pre-development costs will not close and that we will not be reimbursed for such costs. The pre-development costs associated therewith will ordinarily be charged against income for the then-current period. We anticipate third-party development services revenue to increase in 2017 as compared to 2016 as a result of the closing and commencement of construction of additional anticipated third-party development projects. However, the commencement of such projects is highly dependent on final determination of feasibility, negotiation, procurement rules and other applicable law, fluctuations in the construction and financing markets, and the availability of project financing.

Third-Party Development and Management Services Expenses

Third-party development and management services expenses increased by approximately \$0.6 million, from \$3.3 million during the three months ended September 30, 2016 to \$3.9 million for the three months ended September 30, 2017. This increase was due to an increase in payroll and other administrative costs related to corporate management and oversight, an increase in the level of pursuits of potential on-campus development projects, and general inflation. We anticipate third-party development and management services expenses will increase in 2017 as compared to 2016 for the reasons discussed above.

General and Administrative

General and administrative expenses increased by approximately \$3.3 million, from \$5.4 million during the three months ended September 30, 2016 to \$8.7 million for the three months ended September 30, 2017. This increase was primarily due to the following: (i) \$2.9 million of transaction costs incurred in connection with our initial investment in the Core Transaction in August 2017; (ii) increases in travel and related pursuit costs of potential acquisition transactions; (iii) additional expenses incurred in connection with enhancements to our operating systems platform; and (iv) other general inflationary factors. We anticipate general and administrative expenses will increase in 2017 as compared to 2016 for the reasons discussed above.

Depreciation and Amortization

Depreciation and amortization increased by approximately \$9.0 million, from \$52.1 million during the three months ended September 30, 2016 to \$61.1 million for the three months ended September 30, 2017. This increase was primarily due to the following: (i) a \$4.8 million increase related to the completion of construction and opening of seven owned development properties in August and September of 2016 and ten owned development properties in August 2017; (ii) a \$3.8 million increase due to property acquisition activity during 2016 and 2017; and (iii) a \$2.4 million increase in depreciation expense at our same store properties due to capital improvement projects at various properties. These increases were partially offset by a \$2.0 million decrease in depreciation and amortization expense related to properties sold in 2016 and 2017. We anticipate depreciation and amortization expense to increase in 2017 as compared to 2016 for the reasons discussed above.

Ground/Facility Leases

Ground/facility leases expense increased by approximately \$0.3 million, from \$2.0 million during the three months ended September 30, 2016 to \$2.3 million for the three months ended September 30, 2017. This increase was primarily due to ACE development projects that completed construction and opened for operations in Fall 2016 and 2017. We anticipate ground/facility leases expense to increase for the full year 2017 as compared to 2016 for the reasons discussed above.

Interest Expense

Interest expense decreased by approximately \$0.3 million, from \$19.0 million during the three months ended September 30, 2016 to \$18.7 million for the three months ended September 30, 2017. Interest expense decreased as a result of the following: (i) a decrease of approximately \$2.2 million related to the disposition of properties with outstanding mortgage debt during 2016; (ii) a decrease of approximately \$0.9 million due to the pay-off of \$200 million of our \$350 million term loan facility (“Term Loan I Facility”) in November 2016; (iii) a \$0.5 million decrease related to the pay-off of mortgage loans during 2016; and (iv) a \$0.2 million decrease related to lower outstanding balances on our mortgage debt due to continued scheduled principal payments. These decreases were partially offset by (i) a \$1.7 million increase related to increased borrowings on our revolving credit facility; (ii) an increase of approximately \$1.4 million related to the closings of our \$300 million term loan facility (“Term Loan III Facility”) in

September 2017 and our \$200 million term loan (the “New Term Loan II Facility”) in June 2017; and (iii) an increase of \$0.4 million in interest related to the property in receivership incurred while working with the lender to finalize the transfer of the property in settlement of the property’s \$27.4 million mortgage loan.

We anticipate interest expense will decrease in 2017 as compared to 2016 due to the pay-off of mortgage debt in 2016 and 2017, the disposition of properties with outstanding mortgage debt during 2016, and the 2016 pay-off of \$200 million of the Term Loan I Facility. These decreases will be offset by an increase in borrowings under the Company’s revolving credit facility to fund its development pipeline, an increase related to the closings of the New Term Loan II Facility in June 2017, the Term Loan III Facility in September 2017, and additional interest incurred from the \$400 million offering of unsecured notes in October 2017.

Comparison of the Nine Months Ended September 30, 2017 and September 30, 2016

The following table presents our results of operations for the nine months ended September 30, 2017 and 2016, including the amount and percentage change in these results between the two periods.

	Nine Months Ended		Change (\$)	Change (%)	
	2017	2016			
Revenues					
Wholly-owned properties	\$531,556	\$546,078	\$(14,522)	(2.7)	%
On-campus participating properties	23,128	23,018	110	0.5	%
Third-party development services	4,697	3,929	768	19.5	%
Third-party management services	7,193	7,039	154	2.2	%
Resident services	2,310	2,325	(15)	(0.6)	%
Total revenues	568,884	582,389	(13,505)	(2.3)	%
Operating expenses					
Wholly-owned properties	249,552	257,175	(7,623)	(3.0)	%
On-campus participating properties	11,080	10,125	955	9.4	%
Third-party development and management services	11,789	10,638	1,151	10.8	%
General and administrative	25,200	16,810	8,390	49.9	%

Total nonoperating expense	(48,050)	(45,565)	(2,485)	5.5	%
Income before income taxes	31,354	75,854	(44,500)	(58.7)	%
Income tax provision	(791)	(1,035)	244	(23.6)	%
Net income	30,563	74,819	(44,256)	(59.2)	%
Net income attributable to noncontrolling interests	(587)	(1,150)	563	(49.0)	%
Net income attributable to ACC, Inc. and Subsidiaries common stockholders	\$29,976	\$73,669	\$(43,693)	(59.3)	%

Same Store and New Property Operations

A reconciliation of our same store, new property and sold/held for sale property operations to our consolidated statements of comprehensive income is set forth below:

	Same Store Properties		New Properties		Sold/Held for Sale Properties ⁽¹⁾		Total - All Properties	
	Nine Months Ended September 30,		Nine Months Ended September 30,		Nine Months Ended September 30,		Nine Months Ended September 30,	
	2017	2016	2017	2016	2017 ⁽²⁾	2016 ⁽³⁾	2017	2016
Number of properties ⁽⁴⁾	124	124	24	8	2	24	150	⁽⁵⁾ 156
Number of beds ⁽⁴⁾	73,871	73,871	14,364	3,737	1,517	14,924	89,752	92,532
Revenues ⁽⁶⁾	\$490,177	\$478,327	\$39,774	\$4,291	\$3,915	\$65,785	\$533,866	\$548,403
Operating expenses	227,993	220,724	19,152	2,400	2,407	34,051	249,552	257,175

⁽¹⁾ Does not include the allocation of payroll and other administrative costs related to corporate management and oversight.

⁽²⁾ Includes one property that was sold in April 2017 and one property currently in receivership that is in the process of being transferred to the lender in settlement of the property's \$27.4 million mortgage loan that matured in August 2017.

⁽³⁾ Includes properties sold in 2016 and 2017, and one property that is in the process of being transferred to the lender as discussed above.

⁽⁴⁾ Does not include properties under construction or undergoing redevelopment.

⁽⁵⁾ Difference from total operating property portfolio represents one property that was sold during the second quarter 2017.

⁽⁶⁾ Includes revenues which are reflected as resident services revenue on the accompanying consolidated statements of comprehensive income.

Same Store Properties: The increase in revenue from our same store properties was primarily due to an increase in average rental rates for the 2016/2017 and 2017/2018 academic years, partially offset by a slight decrease in our weighted average occupancy from 93.8% during the nine months ended September 30, 2016 to 93.6% for the nine months ended September 30, 2017.

The increase in operating expenses from our same store properties was primarily due to the same factors that contributed to the increase in operating expenses for the three months ended September 30, 2017, as discussed above, as well the following: (i) an increase in utilities expense as a result of overall rate increases in water and sewage in various markets, which was partially offset by increased utility reimbursements from tenants which are included in same store properties revenues; (ii) increases related to 2015 development deliveries caused primarily by the stabilization of property tax assessments in the second year of operations; and (iii) additional marketing expenses incurred due to our efforts to achieve our leasing targets.

New Property Operations: Our new properties for the nine months ended September 30, 2017 are summarized in the table of new properties contained in the discussion of our results of operations for the three months ended September 30, 2017 and 2016.

On-Campus Participating Properties ("OCPP") Operations

Same Store OCPP Properties: We had five participating properties containing 5,086 beds which were operating during the nine months ended September 30, 2017 and 2016. Revenues from these properties increased by \$0.1 million, from \$23.0 million for the nine months ended September 30, 2016 to \$23.1 million for the nine months ended September 30, 2017 as a result of an increase in average rental rates for the 2016/2017 and 2017/2018 academic years, offset by a decrease in average occupancy from 69.5% for the nine months ended September 30, 2016 to 67.6% for the nine months ended September 30, 2017. Operating expenses at these properties increased by \$1.0 million, from \$10.1 million for the nine months ended September 30, 2016 as compared to \$11.1 million for the nine months ended September 30, 2017, primarily due to (i) an increase in payroll costs related to recently filled staff positions; (ii) increased maintenance costs related to the annual turn process; (iii) an increase in utilities expense; and (iv) increases in general and administrative costs. Future revenues will be dependent on our ability to maintain our current leases in effect for the 2017/2018 academic year and our ability to obtain appropriate rental rates and desired occupancy for the 2018/2019 academic year. We anticipate that operating expenses for our OCPP properties for 2017 will increase as compared to 2016 for the reasons discussed above.

Third-Party Development Services Revenue

Third-party development services revenue increased by approximately \$0.8 million, from \$3.9 million during the nine months ended September 30, 2016 to \$4.7 million for the nine months ended September 30, 2017. This increase was due the closing of bond financing and commencement of construction of a fourth phase at the University of California, Irvine which contributed approximately \$2.9 million in revenue for the nine months ended September 30, 2017. These increases were partially offset by the closing of bond financing and commencement of construction of two development projects with the Texas A&M University System at their Corpus Christi and San Antonio campuses, which contributed approximately \$2.0 million of revenue, as well as a \$0.5 million fee earned for the performance of various predevelopment activities for the University of Kansas during the nine months ended September 30, 2016. During the nine months ended September 30, 2017 we had three projects in progress with an average contractual fee of approximately \$3.1 million, as compared to the nine months ended September 30, 2016 in which we had four projects in progress with an average contractual fee of approximately \$1.8 million.

Third-Party Development and Management Services Expenses

Third-party development and management services expenses increased by approximately \$1.2 million, from \$10.6 million during the nine months ended September 30, 2016 to \$11.8 million for the nine months ended September 30, 2017. This increase was due to the same factors that contributed to the increase in third-party development and management services expenses for the three months ended September 30, 2017, as discussed above.

General and Administrative

General and administrative expenses increased by approximately \$8.4 million, from \$16.8 million during the nine months ended September 30, 2016 to \$25.2 million for the nine months ended September 30, 2017. This increase was primarily due to the same factors that contributed to the increase in general and administrative expenses for the three months ended September 30, 2017, as discussed above, as well as \$4.5 million in contractual executive separation and retirement charges incurred in the first and second quarter 2017 as a result of the retirement of the former Company's Chief Financial Officer.

Depreciation and Amortization

Depreciation and amortization increased by approximately \$9.9 million, from \$159.5 million during the nine months ended September 30, 2016 to \$169.4 million for the nine months ended September 30, 2017. This increase was primarily due to the following: (i) a \$10.7 million increase related to the completion of construction and opening of seven owned development properties in August and September of 2016 and ten owned development properties in August 2017; (ii) a \$7.0 million increase due to property acquisition activity during 2016 and 2017; (iii) a \$4.9 million increase in depreciation expense at our same store properties due to capital improvement projects at various properties; and (iv) a \$0.2 million increase in depreciation of corporate assets. These increases were partially offset by a \$13.0 million decrease in depreciation and amortization expense related to properties sold in 2016 and 2017.

Ground/Facility Leases

Ground/facility leases expense increased by approximately \$0.5 million, from \$6.7 million during the nine months ended September 30, 2016 to \$7.2 million for the nine months ended September 30, 2017. This increase was due to the same factors that contributed to the increase in ground/facility lease expenses for the three months ended September 30, 2017, as discussed above.

Provision for Real Estate Impairment

During the nine months ended September 30, 2017, we recorded an impairment charge of approximately \$15.3 million for one wholly-owned property currently in receivership that is in the process of being transferred to the lender in settlement of the property's \$27.4 million mortgage loan that matured in August 2017. Refer to Note 7 in the accompanying Notes to Consolidated Financial Statements in Item 1 for a detailed discussion of this transaction.

Interest Expense

Interest expense decreased by approximately \$13.9 million, from \$61.8 million during the nine months ended September 30, 2016 to \$47.9 million for the nine months ended September 30, 2017. Interest expense decreased as a result of the following: (i) a decrease of approximately \$7.4 million related to the disposition of properties with outstanding mortgage debt during 2016; (ii) a \$4.6 million increase in capitalized interest due to the timing and volume of construction activities on our owned development projects during the comparable nine month periods; (iii) a \$3.5 million decrease related to the pay-off of mortgage loans during 2016; and (iv) a decrease of approximately \$3.6 million due to the pay-off of our \$250 million term loan facility (“Term Loan II Facility”) in February 2016 and the pay-off of a portion of the Term Loan I Facility in November 2016. These decreases were partially offset by (i) a \$3.6 million increase in interest expense related to increased borrowings on our revolving credit facility; and (ii) a \$1.4 million increase in interest related to closings of our Term Loan III Facility in September 2017 and our New Term Loan II Facility in June 2017.

Amortization of Deferred Financing Costs

Amortization of deferred financing costs decreased by approximately \$2.0 million, from \$5.2 million during the nine months ended September 30, 2016 to \$3.2 million for the nine months ended September 30, 2017. This decrease was primarily due to \$1.1 million of accelerated amortization related to the pay-off of our Term Loan II Facility in February 2016, \$0.6 million related to the pay-off of a portion of the Term Loan I Facility in November 2016, and \$0.3 million related to properties with mortgage debt sold in 2016. We anticipate amortization of deferred finance costs will decrease in 2017 for the reasons discussed above, offset by increases related to the New Term Loan II and Term Loan III facilities, and the offering of unsecured notes in October 2017.

(Loss) Gain from Disposition of Real Estate

During the nine months ended September 30, 2017, we sold one wholly-owned property containing 657 beds, resulting in a net loss from disposition of real estate of approximately \$0.6 million. During the nine months ended September 30, 2016, we sold two wholly-owned properties containing 1,324 beds, resulting in a net gain from disposition of real estate of approximately \$17.4 million. Refer to Note 4 in the accompanying Notes to the Consolidated Financial Statements contained in Item 1.

Noncontrolling Interests

Noncontrolling interests represent holders of common and preferred units in our Operating Partnership not held by ACC or ACC Holdings as well as certain third-party partners in joint ventures consolidated by us for financial reporting purposes. Accordingly, these external partners are allocated their share of income/loss during the respective reporting periods. Refer to Note 9 in the accompanying Notes to Consolidated Financial Statements in Item 1 for a detailed discussion of noncontrolling interests.

Liquidity and Capital Resources

Cash Balances and Cash Flows

As of September 30, 2017, excluding our on-campus participating properties, we had \$29.7 million in cash and cash equivalents and restricted cash as compared to \$32.3 million in cash and cash equivalents and restricted cash as of December 31, 2016. Restricted cash primarily consists of escrow accounts held by lenders and resident security deposits, as required by law in certain states, and funds held in escrow in connection with potential acquisition and development opportunities. The following discussion relates to changes in cash due to operating, investing and financing activities, which are presented in our consolidated statements of cash flows included in Item 1.

Operating Activities: For the nine months ended September 30, 2017, net cash provided by operating activities was approximately \$245.1 million, as compared to approximately \$242.8 million for the nine months ended September 30, 2016, an increase of \$2.3 million. This increase in cash flows was due to operating cash flows provided by the completion of construction and opening of ten owned development properties in third quarter of 2017, and the completion of seven owned development projects in the third quarter of 2016, as well as property acquisitions in 2016 and 2017. The increase was partially offset by the timing of collections of our student accounts receivable as well as a decrease in operating cash flows related to property dispositions during 2016 and 2017.

Investing Activities: Investing activities utilized approximately \$770.4 million and \$365.7 million for the nine months ended September 30, 2017 and 2016, respectively. The \$404.7 million increase in cash utilized in investing activities was primarily a result of the following: (i) a \$205.7 million increase in cash paid for property acquisitions during the nine months ended September 30, 2017, (ii) a \$124.4 million increase in cash used to fund the construction of our wholly-owned development properties, related

to the timing of construction commencement and completion of our owned development pipeline; (iii) a \$48.2 million decrease in proceeds from the disposition of wholly-owned properties, as we sold two properties during the nine months ended September 30, 2016 as compared to the sale of one property during the nine months ended September 30, 2017; (iv) a \$19.3 million increase in cash used to fund capital expenditures at our wholly-owned properties; and (v) an \$8.0 million increase in cash paid to acquire undeveloped land parcels in 2017.

Financing Activities: Cash provided by financing activities totaled approximately \$519.4 million and \$138.6 million for the nine months ended September 30, 2017 and 2016, respectively. The \$380.8 million increase in cash provided by financing activities was primarily a result of the following: (i) a \$750.0 million net increase in proceeds from unsecured term loans; (ii) a \$216.0 million increase in net proceeds on our revolving credit facility; (iii) a \$53.4 million decrease in cash used to pay off mortgage and construction debt during the comparable nine month periods; (iv) \$11.5 million in contributions from noncontrolling interests during the nine months ended September 30, 2017; and (v) \$10.8 million in proceeds from construction loans. These increases were partially offset by the following: (i) a \$581.7 million decrease in net proceeds from the sale of common stock, related to our equity offering in February 2016 as compared to the issuance of common stock under our ATM Equity Program in 2017; (ii) a \$72.5 million increase in distributions to common and restricted stockholders and noncontrolling partners due to the distribution of \$59.6 million of the Company's initial investment to its joint venture partners; and (iii) a \$6.6 million increase in payments of debt issuance costs due to the amendment of our credit agreement in January 2017 and our New Term Loan II and Term Loan III facilities in June and September 2017.

Liquidity Needs, Sources and Uses of Capital

As of September 30, 2017, our short-term liquidity needs included, but were not limited to, the following: (i) the pay-off of \$300 million related to our Term Loan III Facility due to mature in September 2018; (ii) anticipated distribution payments to our common and restricted stockholders totaling approximately \$241.5 million based on an assumed annual cash distribution of \$1.76 per share and based on the number of our shares outstanding as of September 30, 2017; (iii) anticipated distribution payments to our Operating Partnership unitholders totaling approximately \$1.9 million based on an assumed annual distribution of \$1.76 per common unit and a cumulative preferential per annum cash distribution rate of 5.99% on our Preferred OP Units based on the number of units outstanding as of September 30, 2017; (iv) the pay-off of approximately \$35.5 million of outstanding fixed rate mortgage debt scheduled to mature during the next 12 months; (v) estimated development costs over the next 12 months totaling approximately \$319.8 million for our wholly-owned properties currently under construction; (vi) a \$42.6 million obligation to purchase a property subject to a presale arrangement (see Note 13 in the accompanying Notes to the Consolidated Financial Statements contained in Item 1); (vii) an obligation to increase our investment in two joint ventures, resulting in a funding commitment of approximately \$171.2 million (see Note 3 and Note 13 in the accompanying Notes to the Consolidated Financial Statements contained in Item 1); (viii) funds for other development projects scheduled to commence construction during the next 12 months; and (ix) potential future property or land acquisitions, including mezzanine financed developments.

We expect to meet our short-term liquidity requirements by (i) borrowing under our existing unsecured credit facility; (ii) accessing the unsecured bond market; (iii) exercising debt extension options to the extent they are available; (iv) issuing securities, including common stock, under our ATM Equity Program discussed more fully in Note 8 in the accompanying Notes to Consolidated Financial Statements contained in Item 1, or otherwise; (v) potentially disposing of properties and/or entering into joint venture arrangements, depending on market conditions; and (vi) utilizing current cash on hand and net cash provided by operations. Our ability to obtain additional financing will depend on a variety of factors such as market conditions, the general availability of credit, the overall availability of credit to the real estate industry, our credit ratings and credit capacity, as well as the perception of lenders regarding our long or short-term financial prospects.

In January 2017, the Company amended and expanded its senior unsecured revolving credit facility, increasing the facility size to \$700 million and extending the maturity date to March 2022. The amended facility has an accordion feature that allows the Company to expand the facility by up to an additional \$500 million, subject to the satisfaction of certain conditions. Borrowing rates under the credit facility float at a margin over LIBOR plus an annual facility fee with spreads reflecting current market terms which are more favorable than those contained in the prior facility. Both the margin and the facility fee are priced on a grid that is tied to the Company's credit rating. Based on the Company's current Baa2/BBB rating, the annual facility fee is 20 basis points and the LIBOR margin is 100 basis points, a reduction of 10 basis points from the prior facility.

In June 2017, the Company entered into a New Term Loan II Facility totaling \$200 million which will mature in June 2022. The agreement has an accordion feature that allows the Company to expand the amount by up to an additional \$100 million, subject to the satisfaction of certain conditions. Borrowing rates under this agreement float at a margin over LIBOR and the margin is priced on a grid that is tied to the Company's credit rating. Based on the Company's current Baa2/BBB rating, the LIBOR margin is 110 basis points.

In September 2017, the Company entered into a Term Loan III Facility totaling \$300 million which will mature in September 2018, and can be extended for two one-year periods at our option, subject to the satisfaction of certain conditions. The agreement has an accordion feature that allows the Company to expand the amount by up to an additional \$100 million, subject to the satisfaction of certain conditions. Borrowing rates under this agreement float at a margin over LIBOR and the margin is priced on a grid that is tied to the Company's credit rating. Based on the Company's current Baa2/BBB rating, the LIBOR margin is 110 basis points.

As discussed in Note 7 in the accompanying Notes to Consolidated Financial Statements contained in Item 1, in May 2017, the lender of the non-recourse mortgage loan secured by Blanton Common, a wholly-owned property located near Valdosta State University which was acquired as part of the GMH student housing transaction in 2008, sent a formal notice of default and initiated foreclosure proceedings. The property generated insufficient cash flow to cover the debt service on the \$27.4 million mortgage loan that matured in August 2017. As of September 30, 2017, the underlying property was in receivership and the Company was cooperating with the lender to allow for a consensual foreclosure process upon which the property will be surrendered to the lender in satisfaction of the mortgage loan.

As discussed in Note 15 in the accompanying Notes to the Consolidated Financial Statements contained in Item 1, in October 2017, we raised \$395 million in net proceeds from an unsecured \$400 million bond offering. Proceeds from the offering were used to repay the outstanding balance on our revolving credit facility. We intend to use the remaining proceeds for potential repayment of other outstanding debt, to fund our development pipeline, for potential acquisitions of student housing properties and for general corporate purposes.

We may seek additional funds to undertake initiatives not contemplated by our business plan or obtain additional cushion against possible shortfalls. We also may pursue additional financing as opportunities arise. Future financings may include a range of different sizes or types of financing, including the incurrence of additional secured debt and the sale of additional debt or equity securities. These funds may not be available on favorable terms or at all. Our ability to obtain additional financing depends on several factors, including future market conditions, our success or lack of success in penetrating our markets, our future creditworthiness, and restrictions contained in agreements with our investors or lenders, including the restrictions contained in the agreements governing our unsecured credit facility and unsecured notes. These financings could increase our level of indebtedness or result in dilution to our equity holders.

Distributions

We are required to distribute 90% of our REIT taxable income (excluding capital gains) on an annual basis in order to qualify as a REIT for federal income tax purposes. Distributions to common stockholders are at the discretion of the Board of Directors. We may use borrowings under our unsecured revolving credit facility to fund distributions. The Board of Directors considers a number of factors when determining distribution levels, including market factors and our Company's performance in addition to REIT requirements.

On November 1, 2017, we declared a distribution per share of \$0.44, which will be paid on November 27, 2017 to all common stockholders of record as of November 13, 2017. At the same time, the Operating Partnership will pay an equivalent amount per unit to holders of Common OP Units, as well as the quarterly cumulative preferential distribution to holders of Preferred OP Units.

Pre-Development Expenditures

Our third-party and owned development activities have historically required us to fund pre-development expenditures such as architectural fees, permits and deposits. The closing and/or commencement of construction of these development projects is subject to a number of risks such as our inability to obtain financing on favorable terms and delays or refusals in obtaining necessary zoning, land use, building, and other required governmental permits and

authorizations. As such, we cannot always predict accurately the liquidity needs of these activities. We frequently incur these pre-development expenditures before a financing commitment and/or required permits and authorizations have been obtained. Accordingly, we bear the risk of the loss of these pre-development expenditures if financing cannot ultimately be arranged on acceptable terms or we are unable to successfully obtain the required permits and authorizations. Historically, our third-party and owned development projects have been successfully structured and financed; however, these developments have at times been delayed beyond the period initially scheduled, causing revenue to be recognized in later periods. As of September 30, 2017, we have deferred approximately \$5.6 million in pre-development costs related to third-party and owned development projects that have not yet commenced construction.

Indebtedness

The amounts below exclude net unamortized debt premiums and discounts related to mortgage loans assumed in connection with property acquisitions, original issue discounts (“OID”s), and deferred financing costs (see Note 7 in the accompanying Notes to the Consolidated Financial Statements contained in Item 1). A summary of our consolidated indebtedness as of September 30, 2017 is as follows:

	Amount	% of Total	Weighted Average Rates ⁽¹⁾		Weighted Average Maturities
Secured	\$646,582	23.4 %	4.8 %		5.3 Years
Unsecured	2,116,440	76.6 %	3.1 %		4.3 Years
Total consolidated debt	\$2,763,022	100.0 %	3.5 %		4.5 Years
Fixed rate debt					
Secured					
Project-based taxable bonds	\$30,575	1.1 %	7.6 %		7.0 Years
Mortgage	593,585	21.4 %	4.7 %		5.4 Years
Unsecured					
April 2013 Notes	400,000	14.5 %	3.8 %		5.5 Years
June 2014 Notes	400,000	14.5 %	4.1 %		6.8 Years
September 2015 Notes	400,000	14.5 %	3.4 %		3.0 Years
Total - fixed rate debt	1,824,160	66.0 %	4.1 %		5.2 Years
Variable rate debt:					
Secured					
Construction	22,422	0.8 %	4.2 %		2.3 Years
Unsecured					
Term loans	650,000	23.5 %	2.3 %		2.7 Years
Unsecured revolving credit facility	266,440	9.7 %	2.4 %		4.5 Years
Total - variable rate debt	938,862	34.0 %	2.4 %		4.4 Years
Total consolidated debt	\$2,763,022	100.0 %	3.5 %		4.5 Years

(1) Represents stated interest rate and does not include the effect of the amortization of deferred financing costs, debt premiums and discounts, OIDs, and interest rate swap terminations.

Funds From Operations (“FFO”)

The National Association of Real Estate Investment Trusts (“NAREIT”) currently defines FFO as net income or loss attributable to common shares computed in accordance with generally accepted accounting principles (“GAAP”), excluding gains or losses from depreciable operating property sales, impairment charges and real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. We present FFO because we consider it an important supplemental measure of our operating performance and believe it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO excludes GAAP historical cost depreciation and amortization of real estate and related assets, which assumes that the value of real estate diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. We therefore believe that FFO provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, and interest costs, among other items, providing perspective not immediately apparent from net income. We compute FFO in accordance with standards established by the Board of Governors of NAREIT in its March 1995 White Paper (as amended in November 1999 and April 2002), which may differ from the methodology

for calculating FFO utilized by other equity REITs and, accordingly, may not be comparable to such other REITs.

We also believe it is meaningful to present a measure we refer to as FFO-Modified, or FFOM, which reflects certain adjustments related to the economic performance of our on-campus participating properties, and the elimination of property acquisition costs, contractual executive separation and retirement charges and other non-cash items, as we determine in good faith. Under our

45

participating ground leases, we and the participating university systems each receive 50% of the properties' net cash available for distribution after payment of operating expenses, debt service (which includes significant amounts towards repayment of principal) and capital expenditures. A substantial portion of our revenues attributable to these properties is reflective of cash that is required to be used for capital expenditures and for the amortization of applicable property indebtedness. These amounts do not increase our economic interest in these properties or otherwise benefit us since our interest in the properties terminates upon the repayment of the applicable property indebtedness. Therefore, unlike the ownership of our wholly-owned properties, the unique features of our ownership interest in our on-campus participating properties cause the value of these properties to diminish over time. For example, since the ground/facility leases under which we operate the participating properties require the reinvestment from operations of specified amounts for capital expenditures and for the repayment of debt while our interest in these properties terminates upon the repayment of the debt, such capital expenditures do not increase the value of the property to us and mortgage debt amortization only increases the equity of the ground lessor. Accordingly, we believe it is meaningful to modify FFO to exclude the operations of our on-campus participating properties and to consider their impact on our performance by including only that portion of our revenues from those properties that are reflective of our share of net cash flow and the management fees that we receive, both of which increase and decrease with the operating performance of the properties. This narrower measure of performance measures our profitability for these properties in a manner that is similar to the measure of our profitability from our third-party services business where we similarly incur no initial or ongoing capital investment in a property and derive only consequential benefits from capital expenditures and debt amortization. We believe, however, that this narrower measure of performance is inappropriate in traditional real estate ownership structures where debt amortization and capital expenditures enhance the property owner's long-term profitability from its investment.

Our FFOM may have limitations as an analytical tool because it reflects the contractual calculation of net cash flow from our on-campus participating properties, which is unique to us and is different from that of our owned off-campus properties. Companies that are considered to be in our industry may not have similar ownership structures; and therefore those companies may not calculate FFOM in the same manner that we do, or at all, limiting its usefulness as a comparative measure. We compensate for these limitations by relying primarily on our GAAP and FFO results and using FFOM only supplementally. Further, FFO and FFOM do not represent amounts available for management's discretionary use because of needed capital replacement or expansion, debt service obligations or other commitments and uncertainties. FFO and FFOM should not be considered as alternatives to net income or loss computed in accordance with GAAP as an indicator of our financial performance, or to cash flow from operating activities computed in accordance with GAAP as an indicator of our liquidity, nor are these measures indicative of funds available to fund our cash needs, including our ability to pay dividends or make distributions.

The following table presents a reconciliation of our net income attributable to common stockholders to FFO and FFOM:

	Three Months Ended		Nine Months Ended	
	September 30, 2017	2016	September 30, 2017	2016
Net (loss) income attributable to ACC, Inc. and Subsidiaries common stockholders	\$(1,312)	\$ 9,644	\$29,976	\$ 73,669
Noncontrolling interests	85	201	593	1,150
Loss (gain) from disposition of real estate	—	—	632	(17,409)
Elimination of provision for real estate impairment ⁽¹⁾	—	—	15,317	—
Real estate related depreciation and amortization	60,202	51,301	166,931	157,232
Funds from operations (“FFO”) attributable to common stockholders and OP unitholders	58,975	61,146	213,449	214,642
Elimination of operations of on-campus participating properties:				
Net loss (income) from on-campus participating properties	479	365	(1,373)	(1,702)
Amortization of investment in on-campus participating properties	(1,892)	(1,839)	(5,621)	(5,493)
	57,562	59,672	206,455	207,447
Modifications to reflect operational performance of on-campus participating properties:				
Our share of net cash flow ⁽²⁾	452	351	1,987	2,216
Management fees	306	304	1,046	1,027
Contribution from on-campus participating properties	758	655	3,033	3,243
Property acquisition costs ⁽³⁾	2,855	114	2,855	114
Contractual executive separation and retirement charges ⁽⁴⁾	—	—	4,515	—
Funds from operations – modified (“FFOM”) attributable to common stockholders and OP unitholders	\$61,175	\$ 60,441	\$216,858	\$ 210,804
FFO per share – diluted	\$0.43	\$ 0.46	\$ 1.56	\$ 1.65
FFOM per share – diluted	\$0.44	\$ 0.45	\$ 1.59	\$ 1.62
Weighted-average common shares outstanding – diluted	138,328,932	132,877,380	136,686,611	130,407,761

⁽¹⁾ Represents an impairment charge recorded for a wholly-owned property currently in receivership that is in the process of being transferred to the lender in settlement of the property’s \$27.4 million mortgage loan that matured in August 2017.

⁽²⁾ 50% of the properties’ net cash available for distribution after payment of operating expenses, debt service (including repayment of principal) and capital expenditures. Represents amounts accrued for the interim periods, which is included in ground/facility leases expense in the consolidated statements of comprehensive income.

⁽³⁾ The three and nine months ended September 30, 2017 amounts represent transaction costs related to our initial investment in two joint ventures. Refer to Notes 3 and 9 in the accompanying Notes to Consolidated Financial Statements contained in Item 1 for a more detailed discussion.

⁽⁴⁾ Represents contractual executive separation and retirement charges incurred in the first and second quarter 2017 with regard to the retirement of the Company’s former Chief Financial Officer.

Inflation

Our student leases do not typically provide for rent escalations. However, they typically do not have terms that extend beyond 12 months. Accordingly, although on a short term basis we would be required to bear the impact of rising costs resulting from inflation, we have the opportunity to raise rental rates at least annually to offset such rising costs.

However, a weak economic environment or declining student enrollment at our principal universities may limit our ability to raise rental rates.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the risk of loss from adverse changes in market prices and interest rates. Our future earnings and cash flows are dependent upon prevailing market rates. Accordingly, we manage our market risk by matching projected cash inflows from operating, investing and financing activities with projected cash outflows for debt service, acquisitions, capital expenditures, distributions to stockholders and unitholders, and other cash requirements. The majority of our outstanding debt has fixed interest rates, which minimizes the risk of fluctuating interest rates. Our exposure to market risk includes interest rate fluctuations in connection with our revolving credit facilities and variable rate construction loans and our ability to incur more debt without stockholder approval, thereby increasing our debt service obligations, which could adversely affect our cash flows. No material changes have occurred in relation to market risk since our Annual Report on Form 10-K for the year ended December 31, 2016.

Item 4. Controls and Procedures

American Campus Communities, Inc.

(a) Evaluation of Disclosure Controls and Procedures

As required by SEC Rule 13a-15(b), we have carried out an evaluation, under the supervision of and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures for the quarter covered by this report were effective at the reasonable assurance level.

(b) Changes in Internal Control Over Financial Reporting

There has been no change in our internal control over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

American Campus Communities Operating Partnership, L.P.

(a) Evaluation of Disclosure Controls and Procedures

As required by SEC Rule 13a-15(b), we have carried out an evaluation, under the supervision of and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures for the quarter covered by this report were effective at the reasonable assurance level.

(b) Changes in Internal Control Over Financial Reporting

There has been no change in our internal control over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

We are subject to various claims, lawsuits and legal proceedings that arise in the ordinary course of business. While it is not possible to ascertain the ultimate outcome of such matters, management believes that the aggregate amount of such liabilities, if any, in excess of amounts provided or covered by insurance, will not have a material adverse effect on the our consolidated financial position or our results of operations.

Item 1A. Risk Factors

There have been no material changes to the risk factors that were discussed in Part 1, Item 1A of the Company's and the Operating Partnership's Annual Report on Form 10-K for the year ended December 31, 2016.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.
