PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

To be held on May 8, 2019

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors of USA Truck, Inc., a Delaware corporation (the "Company," "USA Truck," "we," "our" or "us"), for use at the Annual Meeting of the Company to be held at the time and place and for the purposes set forth in the foregoing notice. Our mailing address is 3200 Industrial Park Road, Van Buren, Arkansas 72956, and our telephone number is (479) 471-2500.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by mail, certain of our officers and employees, who will receive no special compensation therefor, may solicit proxies in person or by telephone, telegraph, facsimile or other means. We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of our Common Stock.

The approximate date on which this Proxy Statement and the accompanying proxy are first being mailed to stockholders is April 4, 2019.

REVOCABILITY OF PROXY

Any stockholder executing a proxy retains the right to revoke it at any time prior to exercise at the Annual Meeting. A proxy may be revoked by delivery of written notice of revocation to Katherine B. Knight, Secretary of the Company, by execution and delivery to the Company of a later proxy or by voting the shares in person at the Annual Meeting. If not revoked, all shares represented at the Annual Meeting by properly executed proxies will be voted as directed therein. If no direction is given, such shares will be voted for election of all nominees for director, for approval, in an advisory and non-binding vote, of the compensation of our Named Executive Officers, for the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for 2019, for approval of the Second Amendment to the Incentive Plan, and at the discretion of the person(s) named as proxy(ies) therein on any other matters that may properly come before the Annual Meeting or any adjournments thereof.

OUTSTANDING STOCK AND VOTING RIGHTS

The Board of Directors has fixed the close of business on March 13, 2019, as the record date for determining the stockholders having the right to notice of, and to vote at, the Annual Meeting. As of the record date, March 13, 2019, 8,589,838 shares of Common Stock were outstanding and entitled to vote at the meeting. Each stockholder will be entitled to one vote for each share of Common Stock owned of record on the record date. The stock transfer books of the Company will not be closed. Stockholders are not entitled to cumulative voting with respect to the election of directors. The holders of a majority of the outstanding shares of Common Stock entitled to vote, present in person or represented by proxy, are necessary to constitute a quorum.

REQUIRED AFFIRMATIVE VOTE AND VOTING PROCEDURES

Our bylaws provide that the nominees who receive a plurality of the votes cast by stockholders present or represented by proxy at an Annual Meeting, and entitled to vote on the election of directors, will be elected as directors of the Company. Thus, any abstentions or broker non-votes will have no effect on the election of directors. However, at any stockholder meeting at which a director is subject to an uncontested election, any nominee for director who receives a greater number of votes "withheld" from or voted "against" his or her nomination than are voted "for" such election, excluding abstentions, shall promptly tender his or her resignation for consideration by the Nominating and Corporate Governance Committee pursuant to the Company's majority vote policy. See "Corporate Governance – The Board of Directors and Its Committees – Additional Corporate Governance Policies" for additional information regarding our majority vote policy. Approval of any other matter submitted to stockholders each requires the affirmative vote of a

majority of votes cast by stockholders entitled to vote and represented in
5

person or by proxy at the Annual Meeting. Abstentions and broker non-votes will not be counted for purposes of determining the number of votes cast with respect to a proposed corporate action. Accordingly, abstentions and broker non-votes will have no effect on the approval of any other matter submitted to stockholders.

If you are a holder of record of our Common Stock, you may vote your shares either (i) over the telephone by calling a toll-free number, (ii) by using the Internet, or (iii) by mailing your proxy card. Owners who hold their shares in street name will need to obtain a voting instruction form from the institution that holds their stock and must follow the voting instructions given by that institution.

The above-mentioned telephone and Internet-voting procedures have been designed to authenticate your identity, to allow you to give instructions, and to confirm that those instructions have been recorded properly. If you choose to vote by telephone or by using the Internet, please refer to the specific instructions on the proxy card. If you wish to vote using the proxy card, complete, sign and date your proxy card and return it to us before the meeting.

PROPOSAL ONE: ELECTION OF DIRECTORS

Our Restated and Amended Certificate of Incorporation provides that there shall be eight directors, subject to increases or decreases in such number by vote of the Board of Directors in accordance with the bylaws, classified into three classes, and that members of the three classes shall be elected to staggered terms of three years each. The Board presently consists of eight persons.

The current term of office of the three Class III directors will expire at the 2019 Annual Meeting and all of those directors have been nominated for re-election at the Annual Meeting for a term expiring at the 2022 Annual Meeting:
Class III

Term Expiring 2022

Robert A. Peiser

Robert E. Creager

Alexander D. Greene

Proxies may not be voted at the 2019 Annual Meeting for more than three nominees for election as directors. Each of the nominees has consented to serve if elected and, if elected, will serve until the 2022 Annual Meeting or until his successor is duly elected and qualified, or until his earlier resignation, death, or removal.

Class I and Class II directors are currently serving terms expiring in 2020 and 2021, respectively. Class I directors are Major General (Ret.) Barbara J. Faulkenberry and M. Susan Chambers. Class II directors are James D. Reed, Thomas M. Glaser, and Gary R. Enzor.

All duly submitted and unrevoked proxies will be voted FOR the nominees listed above, unless otherwise instructed. It is expected that the nominees will be available for election, but if for any unforeseen reason any nominee should decline or be unavailable for election, the persons designated as proxies will have full discretionary authority to vote for another person designated by the Nominating and Corporate Governance Committee.

Vote Required for Approval

Assuming the presence of a quorum at the Annual Meeting, the nominees who receive a plurality of the votes cast by stockholders present or represented by proxy at the Annual Meeting, and entitled to vote on the election of directors, will be elected as directors. Any director subject to an uncontested election who is elected by a plurality and receives a greater number of votes "withheld" from or voted "against" his or her election than are voted "for" such election (excluding abstentions) shall be subject to the majority vote policy described under "Corporate Governance – The Board of Directors and Its Committees – Additional Corporate Governance Policies."

Board of Directors Meetings

In 2018, the Board of Directors held ten meetings, and met in executive session at least quarterly. During 2018, the Board had a standing Executive Committee, Executive Compensation Committee, Audit Committee, Technology Committee, and Nominating and Corporate Governance Committee. Each current member of the Board attended at least 75% of the aggregate of all meetings of the Board and of all committees on which he or she served. We encourage the members of our Board of Directors to attend our Annual Meetings, as well as committee meetings, even if they don't serve on that committee. All but one of the then-current directors attended the 2018 annual meeting.

Director Independence

In determining the independence of its directors, the Board relies on the standards set forth in U.S. Securities and Exchange Commission ("SEC") regulations and The NASDAQ Stock Market's Listing Standards, including NASDAQ Rule 5605(a)(2). To be considered independent under such standard, an outside director may not have a direct or indirect material relationship with us. A material relationship is one which impairs or inhibits, or has the potential to impair or inhibit, a director's exercise of critical and disinterested judgment on behalf of us and our stockholders. In determining whether a material relationship exists, the Board considers, among other things, whether a director is a current or former employee of ours. Annually, our counsel reviews the Board's approach to determining director independence and recommends changes as appropriate.

Consistent with these considerations, the Board has determined that, during 2018, all of our directors, with the exception of our President and CEO, Mr. James D. Reed and Mr. Thomas M. Glaser, who served as our President and CEO during January 2016, were independent directors. As of February 2019, Mr. Glaser met the definition of an independent director under NASDAQ Rule 5605(a)(2).

Risk Oversight

Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term operational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks we face and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for us. The involvement of the full Board of Directors in evaluating our business strategy is a key part of its assessment of management's appetite for risk and also a determining factor of what constitutes an appropriate level of risk for us. The full Board of Directors participates in this annual assessment as we believe that risk oversight is most effective when the full knowledge, experience and skills of all directors are brought to bear on the complex subject of risk management.

In this process, risk is assessed throughout the business, focusing on the following primary areas of risk: financial risk, legal and compliance risk, technology, safety and security risk and operational and strategic risk. Within these primary areas of risk, our Board of Directors, with the input of management, has identified specific areas of risk that are pertinent to our business. Our Board of Directors receives reports and has discussions with management with respect to such areas. The Board of Directors makes assignments to certain members of management to provide reports and to answer to the Board of Directors with respect to such areas. Furthermore, our Board of Directors engages in discussions at the Board level and with management in an attempt to identify currently unknown risks.

While the full Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. For example, the Audit Committee reviews internal controls over financial reporting and, in connection therewith, receives a risk assessment report from our internal auditors. Additionally, in setting compensation, the Executive Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with our overall business strategy. The Technology Committee oversees management's cyber security practices, as well as information technology and cyber risk. Finally, the Nominating and Corporate Governance Committee oversees enterprise risk. The Board's role in risk oversight has not affected the leadership structure of our Board of Directors.

Board Leadership Structure

We separate the roles of CEO and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for the execution of our strategic direction and our day-to-day leadership and performance, while the Chairman of the Board provides guidance to the CEO, participates in setting the agenda for Board meetings and presides over meetings of the Board. The Chairman is also an independent director. Under our bylaws, we have provided for a formal office of CEO and established certain duties of the CEO that were previously reserved to the President and Chairman of the Board.

We have no current plans to separate the CEO and President roles, and our bylaws recite that the CEO shall be the President unless a separate CEO and President shall be appointed.

Committees of the Board of Directors

Executive Compensation Committee

The purpose of the Executive Compensation Committee is to oversee matters pertaining to compensation of our executive officers. The Executive Compensation Committee is also responsible for administering the grants of equity and other awards to executive officers and other employees under the USA Truck, Inc. 2014 Omnibus Incentive Plan, as amended (the "Incentive Plan"). Our Executive Compensation Committee's process for making executive compensation decisions is explained in more detail in "Executive Compensation – Compensation Discussion and Analysis – Procedures for Determining Compensation."

The charter for the Executive Compensation Committee sets forth the purpose and responsibilities of the Executive Compensation Committee in greater detail. The Executive Compensation Committee reviews and reassesses the adequacy of its charter on an annual basis and recommends changes to the Board when appropriate. A copy of the Executive Compensation Committee's charter, as of February 26, 2019, is available at our website, <http://www.usa-truck.com>, under the "Corporate Governance" tab of the "Investor Relations" menu.

The Executive Compensation Committee met six times during 2018. The Executive Compensation Committee is comprised of M. Susan Chambers (Chairwoman), Robert A. Peiser, Alexander D. Greene and Gary R. Enzor, each of whom is an independent director. In determining the independence of our Executive Compensation Committee members, the Board considered several relevant factors, including, but not limited to, each director's source of compensation and affiliations. Specifically, each member of the Executive Compensation Committee (i) is independent under The NASDAQ Stock Market's Listing Standards, including NASDAQ Rules 5605(a)(2) and 5605(d)(2)(A), (ii) meets the criteria set forth in Rule 10C-1(b)(1) under the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), (iii) did not directly or indirectly accept any consulting, advisory or other compensation fee from the Company, and (iv) as determined by our Board, is not affiliated with the Company, any Company subsidiary or any affiliate of a Company subsidiary, and does not have any other relationship or accept any compensation from the Company, which would impair each respective member's judgment as a member of the Executive Compensation Committee.

During 2013, the Executive Compensation Committee selected an independent compensation consultant, Compensation Strategies, Inc. ("CSI"). CSI has provided analysis and recommendations that inform the Executive Compensation Committee's decisions with respect to executive and director compensation for 2018 and 2019, including evaluating market pay data, providing analysis and input on program structure and providing updates on market trends and the regulatory environment as it relates to executive compensation. Pursuant to SEC rules and The NASDAQ Stock Market's Listing Standards, the Executive Compensation Committee has assessed the independence of CSI, and concluded that no conflict of interest exists that would prevent CSI from independently advising the Executive Compensation Committee. In connection with this assessment, the Executive Compensation Committee considered, among others, the following factors: (i) the provision of other services to us by CSI, (ii) the amount of fees we paid to CSI as a percentage of CSI's total revenue, (iii) CSI's policies and procedures that are designed to prevent conflicts of interest, (iv) the absence of any business or personal relationship of CSI or the individual compensation advisors employed by CSI with any of our executive officers, (v) the absence of any business or personal relationship of the individual compensation advisors with any member of the Executive Compensation Committee, and (vi) the absence of any of our stock owned by CSI or the individual compensation advisors employed by CSI. CSI does not perform other services for us, and will not do so without the prior consent of the Executive Compensation Committee. The Executive Compensation Committee has the sole authority to approve the terms of CSI's engagement. CSI's role in establishing the compensation of our Named Executive Officers, to the extent material, is addressed under "Executive Compensation – Compensation Discussion and Analysis – Procedures for Determining Compensation." In performing its duties, the Executive Compensation Committee, as required by the applicable rules and regulations promulgated by the SEC, issues a report recommending to the Board that our Compensation Discussion and Analysis be included in this Proxy Statement. The Report of the Executive Compensation Committee for 2018 follows. The Report of the Executive Compensation Committee shall not be deemed to be "soliciting material" or to otherwise be considered "filed" with the SEC, nor shall this report be subject to Regulation 14A or Regulation 14C (other than as indicated) or to the liabilities set forth in Section 18 of the Exchange Act. This Report of the Executive Compensation Committee also shall not be deemed to be incorporated by reference into any prior or subsequent filing with the SEC made by us under the Securities Act or the Exchange Act, notwithstanding any general statement contained in any such filings incorporated into this Proxy Statement by reference, except to the extent we incorporate such report by specific reference or treat it as soliciting material.

Based on that review and discussion, the Executive Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

Audit Committee

The Audit Committee has primary responsibility for assisting and directing the Board in fulfilling its oversight responsibilities with respect to our auditing, accounting and financial reporting processes. The Audit Committee's primary responsibilities include:

- monitoring our
financial
reporting
processes and
systems of
internal controls

over financial reporting; monitoring the independence and performance of our independent registered public accounting firm, and managing the relationship between us and our independent registered public accounting firm; and providing an avenue of communication among the Board, the independent registered public accounting firm, our internal audit function, and our management.

The Audit Committee has exclusive power to engage, terminate and set the compensation of our independent registered public accounting firm. The Audit Committee also evaluates and makes recommendations to the full Board with respect to all related-party transactions and other transactions representing actual or potential conflicts of interest, and reviews all such transactions at least annually. The Board has adopted a written charter for the Audit

12

Committee, which sets forth the purpose and responsibilities of the Audit Committee in greater detail. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis and recommends changes to the Board when appropriate. A copy of the Audit Committee's charter, as of February 26, 2019, is available at our website, <http://www.usa-truck.com>, under the "Corporate Governance" tab of the "Investor Relations" menu.

The Audit Committee met seven times during 2018. The Audit Committee is comprised of Robert E. Creager (Chairman), Alexander D. Greene and Robert A. Peiser. The Board has determined that each of Robert E. Creager, Alexander D. Greene and Robert A. Peiser qualifies as an audit committee financial expert, as defined in Item 407(d)(5)(ii) of Regulation S-K, and meets the independence and financial sophistication requirements set forth in Rule 5605(c)(2)(A) of The NASDAQ Stock Market's Listing Standards, and has designated Robert E. Creager as its audit committee financial expert.

All of the members who served on the Audit Committee during 2018 were independent as defined by Rule 5605(a)(2) of The NASDAQ Stock Market's Listing Standards and meet the independence and other requirements set forth for audit committee members in Rule 5605(c)(2)(A) of those Listing Standards. See "Report of the Audit Committee."

In performing its duties, the Audit Committee, as required by applicable rules of the SEC, issues a report recommending to the Board of Directors that our audited financial statements be included in our annual report on Form 10 K, and determines certain other matters, including the independence of our independent registered public accounting firm. The Audit Committee Report for 2018 is set forth below.

The Audit Committee Report shall not be deemed to be "soliciting material" or to otherwise be considered "filed" with the SEC, nor shall this report be subject to Regulation 14A or Regulation 14C (other than as indicated) or to the liabilities set forth in Section 18 of the Exchange Act. This Audit Committee Report also shall not be deemed to be incorporated by reference into any prior or subsequent filing with the SEC made by us under the Securities Act or the Exchange Act, notwithstanding any general statement contained in any such filings incorporating this Proxy Statement by reference, except to the extent we incorporate such report by specific reference or treat it as soliciting material.

Report of the Audit Committee

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities relating to the quality and integrity of the Company's financial reports and financial reporting processes and systems of internal controls over financial reporting. The Audit Committee does not prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements. Rather, the Company's management has primary responsibility for the Company's financial statements and the overall reporting process, including maintenance of the Company's system of internal controls. The Audit Committee is responsible for the appointment, evaluation, compensation, retention and oversight of the work of the Company's independent registered accounting firm, Grant Thornton LLP ("Grant Thornton"). Grant Thornton is responsible for conducting an independent audit of the Company's financial statements and the Company's internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board ("PCAOB") and issuing reports thereon.

The Audit Committee recognizes the importance of maintaining the independence of the Company's independent registered public accounting firm, both in fact and appearance. The Audit Committee evaluates the qualifications, performance, and independence of the Company's independent registered public accounting firm and determines whether to re-engage the current firm. In doing so, the Audit Committee considers the quality and efficiency of the services provided, the auditor's capabilities, including their technical expertise and knowledge of the Company's operations and industry. Based on this evaluation, the Audit Committee has retained Grant Thornton as the Company's independent registered public accounting firm for 2019. Grant Thornton has been the Company's independent registered public accounting firm since 2006.

The Audit Committee believes that, due to Grant Thornton's knowledge of the Company and the industry in which it operates, it is in the best interest of the Company and its stockholders to continue retention of Grant Thornton to serve as the Company's independent registered public accounting firm. Although the Audit Committee has the sole authority to appoint the Company's independent registered public accounting firm, the Audit Committee

recommended that the Board ask the stockholders to ratify the appointment of Grant Thornton for 2019. In performing its duties, the Audit Committee has reviewed and discussed with management and the Company's registered independent public accounting firm the Company's financial statements, management's assessment of internal controls over financial reporting, and the effectiveness of internal controls over financial reporting and, in issuing this report, has relied upon the responses and information provided to the Audit Committee by management and such accounting firm. For the fiscal year ended December 31, 2018, the Audit Committee (i) reviewed and discussed with Grant Thornton the audited financial statements, including a discussion of the quality, not just the acceptability of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements, management's assessment of internal controls over financial reporting, and the effectiveness of internal controls over financial reporting; (ii) discussed with Grant Thornton the matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees issued by the PCAOB; (iii) received and reviewed the written disclosures and the letter from Grant Thornton required by applicable requirements of the PCAOB regarding Grant Thornton's communications with the Audit Committee concerning independence; and (iv) discussed with Grant Thornton its independence. The Audit Committee also met in periodic executive sessions with representatives of Grant Thornton, management, and the Company's internal audit personnel during 2018. Based on the foregoing reviews and meetings, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements and management's assessment of the effectiveness of internal control over financial reporting, be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the SEC.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for (i) recommending to the full Board corporate governance guidelines applicable to us, (ii) leading the Board in its annual review of the Board's performance, (iii) identifying individuals qualified to become Board members consistent with criteria approved by the Nominating and Corporate Governance Committee of the Board, (iv) overseeing enterprise risk and (v) performing such other functions as are customarily performed by nominating and corporate governance committees. The members of the Nominating and Corporate Governance Committee are Gary R. Enzor (Chairman), Robert E. Creager, Barbara J. Faulkenberry and M. Susan Chambers. All of the directors who served on the Nominating and Corporate Governance Committee during 2018 were independent as defined by Rule 5605(a)(2) of The NASDAQ Stock Market's Listing Standards. The Board has adopted a written charter for the Nominating and Corporate Governance Committee, which sets forth the purpose and responsibilities of the Nominating and Corporate Governance Committee in greater detail. The Nominating and Corporate Governance Committee reviews and reassesses the adequacy of its charter on an annual basis and recommends changes to the Board when appropriate. A copy of the Nominating and Corporate Governance Committee's charter, as of February 26, 2019, is available at our website, <http://www.usa-truck.com>, under the "Corporate Governance" tab of the "Investor Relations" menu. The Nominating and Corporate Governance Committee met two times during 2018. In order to be considered a director nominee, a person's (including an incumbent director's) nomination must be approved by both a majority vote of the Nominating and Corporate Governance Committee and the vote of a majority of all directors.

Whenever a determination has been made that it is necessary to nominate one or more persons, in addition to incumbent directors, the Nominating and Corporate Governance Committee will have primary authority for identifying persons who meet our required qualifications and who otherwise have the experience and abilities necessary to serve as effective members of the Board. The Nominating and Corporate Governance Committee may delegate this identification function to one or more of its members. In performing this function, the Nominating and Corporate Governance Committee may rely on such resources as it deems appropriate, including, without limitation,

14

recommendations from our management, from our incumbent directors, from third parties or from stockholders. In addition, the Nominating and Corporate Governance Committee may, at our expense, engage the services of professional search firms or other consultants or advisers and may pay them such fees as the Nominating and Corporate Governance Committee shall determine to be reasonable and appropriate.

Each nominee should be committed to our basic beliefs as set forth in our Code of Business Conduct and Ethics and shall be an individual of integrity, intelligence and strength of character. In addition, each nominee should have, among other attributes:

- a reputation both personal and professional, consistent with our image and reputation;

- relevant expertise and experience, including educational or professional backgrounds and should be able to offer advice and guidance to our management based on that expertise and experience;

- a working knowledge of corporate governance issues and the changing role of boards;

- demonstrated management and/or business skills or experience that will contribute substantially to the management of the Company;

- a general understanding of marketing, finance and

other disciplines relevant to the success of a publicly traded company in today's business environment; and an understanding of our business and the general trucking or transportation industry, or the willingness and ability to develop such an understanding.

Finally, in identifying and selecting persons for consideration as nominees, the Nominating and Corporate Governance Committee will consider the rules and regulations of the SEC and The NASDAQ Stock Market Listing Standards (or such other stock exchange or stock market on which our securities may be listed or traded from time to time) regarding the composition of the Board and the qualifications of its members.

The Nominating and Corporate Governance Committee may take such actions as it deems appropriate to evaluate whether each person who has been recommended or proposed for approval as a nominee meets the qualifications, as described above, and set forth in the Nominating and Corporate Governance Committee charter, and otherwise has the experience and abilities necessary to be an effective member of the Board. These procedures may include at least one personal interview of the candidate by the Nominating and Corporate Governance Committee, discussions with qualified representatives of companies or firms by which the candidate is or has previously been employed or on whose boards of directors the candidate is serving or has previously served, or with such other persons as the Nominating and Corporate Governance Committee deems appropriate to rely upon as references for the candidate, and completion of a questionnaire regarding the candidate's prior employment and service on boards of directors, criminal convictions or sanctions and other matters deemed appropriate by the Nominating and Corporate Governance Committee.

As set forth in detail in the Nominating and Corporate Governance Committee charter, it is generally the policy of the Nominating and Corporate Governance Committee to consider stockholder recommendations of proposed director nominees, other than through our proxy access nomination procedures, if such recommendations are timely received and otherwise comply with the requirements set forth in our bylaws and applicable SEC rules. The Nominating and Corporate Governance Committee will evaluate any stockholder recommendations pursuant to the same procedures that it follows in connection with consideration of recommendations received from any other source. Stockholders must submit such recommendations in the manner and by the dates specified for stockholder nominations in our bylaws. To be timely under our bylaws, recommendations must be received in writing at our principal executive offices, 3200 Industrial Park Road, Van Buren, Arkansas 72956, not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding Annual Meeting. For the 2020 Annual Meeting, stockholder recommendations must be received by us no earlier than January 9, 2020 and no later than February 8, 2020. Technology Committee

The Technology Committee is responsible for assisting with the identification and implementation of new technology in our Trucking and USAT Logistics divisions, as well as overseeing our technology and cyber opportunities and risks. The Technology Committee's responsibilities also include reviewing technology planning, strategy, trends, priorities and disaster preparedness, as well as overseeing our cyber security program and effective protection of our intellectual property.

The Board has adopted a written charter for the Technology Committee, which sets forth the purpose and responsibilities of the Technology Committee in greater detail. A copy of the Technology committee's charter, as of February 26, 2019, is available at our website, <http://usa-truck.com>, under the "Corporate Governance" tab of the "Investor Relations" menu.

The Technology Committee met three times during 2018. The Technology Committee is comprised of Barbara J. Faulkenberry (Chairwoman), M. Susan Chambers and Thomas M. Glaser.

Executive Committee

During 2018, the Board had a standing Executive Committee comprised of our non-employee directors. The Executive Committee did not meet in 2018.

Criteria and Diversity

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by stockholders, the Nominating and Corporate Governance Committee will apply criteria, including the candidate's integrity, business acumen, age, experience, commitment, diligence, conflicts of interest and the ability to act in the interests of all stockholders. In addition, no non-employee director nominee should serve as a director of more than four public companies, including the Company, and no director nominee who is also the CEO of the Company should serve as a director of more than one public company, excluding the Company. Please see Exhibit A to the Nominating and Corporate Governance Committee charter for additional details regarding criteria for our director nominees. A copy of the Nominating Corporate Governance Committee's charter, as of February 26, 2019, is available at our website, <http://usa-truck.com>, under the "Corporate Governance" tab of the "Investor Relations" menu.

The value of diversity on the Board will continue to be considered by the Nominating and Corporate Governance Committee in the director identification and nomination process. Two of our seven independent

directors are female. The Nominating and Corporate Governance Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. We assess the effectiveness of our policies and practices on Board diversity in connection with assessing the effectiveness of our Board as a whole. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law. In order to be considered by the Board, any candidate proposed by one or more stockholders will be required to submit appropriate biographical and other information equivalent to that required of all other director candidates.

Additional Corporate Governance Policies

We are committed to having sound corporate governance principles, which are essential to maintaining our integrity in the marketplace. The Board has adopted additional guidelines for membership on the Board, including:

Retirement

Policy: no person will be appointed or stand for election as a director after his or her seventy-fifth birthday, unless waived by a majority vote of the Board.

Majority Vote

Policy: a director who is subject to an uncontested election at any stockholder meeting shall promptly tender his or her resignation for consideration by the Nominating and Corporate Governance Committee if such director receives a greater number of votes "withheld" from or voted "against" his or her election than

are voted "for"
such election,
excluding
abstentions.

Change in
Principal
Occupation
Policy: a
non-employee
director must
submit his or her
resignation to the
Nominating and
Corporate
Governance
Committee if
such director's
principal
occupation or
business
association
changes
substantially
during his or her
tenure as a
director, so that
the Nominating
and Corporate
Governance
Committee can
consider the
appropriateness
of continued
Board
membership
under the
circumstances.

Outside Board
Membership
Policy: Board
members must
advise the
Nominating and
Corporate
Governance
Committee
before accepting
membership on
other public
boards of

directors, any public audit committee or other significant committee assignment, and before establishing other significant relationships with businesses, institutions, governmental units or regulatory entities, particularly those that may result in significant time commitments, a change in the director's relationship to the Company, or a conflict of interest.

Clawback Policy:

In the event of a material financial restatement, with

a three year look-back, or the imposition of a material financial penalty, we will require, to the fullest extent permitted by applicable law, that an employee who was subject to the reporting requirements of Section 16 of the Exchange Act forfeit or reimburse us for any incentive-based compensation (including cash- and equity-based incentive compensation) paid or granted to such employee at any time during the performance period relating to the applicable incentive-based compensation, in the sole and absolute discretion of the Board, as further provided in the Clawback Policy.

17

Anti-Hedging and Pledging Policy:

Hedging transactions in our Common Stock are prohibited (including, but not limited to, short-selling, options, puts and calls, as well as derivatives such as swaps, forwards and futures), and pledging our Common Stock as collateral for loans or purchasing our Common Stock on margin is also prohibited.

Proxy Access:

Eligible stockholders with an ownership threshold of 3% who have held their shares for at least three years and who otherwise meet the requirements set forth in our bylaws may have their nominees, consisting of the greater of 25% or two nominees to

our Board, included in our proxy materials; unlimited aggregation by stockholders to reach the 3% ownership threshold; and notice of nominations must be received not less than 120 days nor more than 150 days prior to the anniversary of the date the Company mailed its proxy for the immediately preceding annual meeting of stockholders.

The Board has also directed that the Nominating and Corporate Governance Committee be responsible for administering these guidelines and reporting to the Board no less than annually regarding compliance with these guidelines. Please see Exhibit B to the Nominating and Corporate Governance Committee charter for additional details regarding the foregoing guidelines.

Other Board and Corporate Governance Matters

We are committed to conducting our business in accordance with the highest ethical standards. As part of that commitment, the Board has adopted a Code of Business Conduct and Ethics Policy ("Code of Ethics") applicable to all directors, officers and employees, which sets forth the conduct and ethics expected of all our affiliates and employees, a copy of which is available at our website, <http://www.usa-truck.com>, under the "Corporate Governance" tab of the "Investor Relations" menu. In addition, any amendments to, or waivers of, any provision of the Code of Ethics that apply to our principal executive, financial and accounting officers or persons performing similar functions, will be posted at that same location on our website. The Nominating and Corporate Governance Committee is responsible for, in part, recommending to the full Board corporate governance guidelines applicable to us and leading the Board in its annual review of the Board's performance.

We adopted a Policy Statement and Procedures for Reporting Violations and Complaints ("Whistleblower Policy"), a copy of which is available at our website, <http://www.usa-truck.com>, under the "Corporate Governance" tab of the "Investor Relations" menu. The Whistleblower Policy is intended to create a workplace environment that encourages open and honest communication and to hold the Company and our personnel, including senior management, accountable for adhering to our ethical standards. The Whistleblower Policy establishes procedures for any person to report violations, by us or any of our personnel, of our Code of Ethics or any laws, rules or regulations without fear of retaliation. The Whistleblower Policy also contains special procedures for submission by employees, of confidential,

anonymous complaints involving our accounting practices and internal accounting controls.

We also adopted a Shareholder Communications with Directors Policy, which describes the manner in which stockholders can send communications to the Board and sets forth our policy regarding Board members' attendance at Annual Meetings. This Policy is available at our website, <http://www.usa-truck.com> under the "Corporate Governance" tab of the "Investor Relations" menu.

Philosophy and Objectives

Objective	How Achieved
Align compensation with our business objectives and the interests of our stockholders and reward the achievement of corporate goals	<p>All of our performance-based cash and equity compensation is dependent upon achievement of corporate goals, as described below</p> <p>Caps on cash awards are built into our plan design</p> <p>The equity compensation component, which recently has consisted of restricted stock with performance-based and time-based vesting requirements, is designed to align our management compensation with longer-term increases in stockholder value and expose the holder to the risk of downward stock prices and volatility</p> <p>Balance short-term and long-term goals for performance-based compensation</p> <p>Our clawback policy requires certain executive officers to forfeit or reimburse us for any</p>

	performance-based compensation in the event of a material financial restatement or the imposition of material financial penalty
Encourage and reward high levels of performance	Balance the mix of fixed and performance-based compensation, with the performance-based compensation encouraging high levels of performance The Executive Compensation Committee determined that weighting the Company goals in 2018 to 100% for Named Executive Officers further incentivizes alignment with consolidated performance
Mitigate potential risk relating to short-term incentives	Balance the mix of fixed and performance-based compensation without overweighting annual cash incentives, which may encourage strategies and risks that may not correlate with our long-term best interests Mitigate potential risks through caps on cash awards, which are built into our plan design

Attract and retain executive officers who contribute to our long-term success

We, with input from our independent compensation consultant, review publicly available data regarding all elements of compensation paid by truckload companies with similar size or operations to ensure we are competitive, as described below

Attract qualified candidates with cash signing incentives and encourage retention with time- and performance-based equity incentives

Emphasize equity-based compensation that is linked to achievement of specified performance goals, and which is also subject to multi-year vesting requirements to promote long-term ownership

Procedures for Determining Compensation

The Executive Compensation Committee is responsible for making and approving changes in the total compensation of our Named Executive Officers, including the mix of compensation elements. In making decisions regarding the compensation of our Named Executive Officers, the Executive Compensation Committee evaluates our performance as well as the performance of individual executive officers. The Executive Compensation Committee recognizes the need for our executive compensation structure to be competitive and to aid in the recruitment and retention of key executives. In addition, our executive compensation needs to reflect the continued focus of our management team that is critical to the successful execution of our operating plans.

In making decisions regarding total compensation, the Executive Compensation Committee considers whether the total compensation is:

- fair and reasonable to us and to our Named Executive Officer;
- internally appropriate based upon our culture and the compensation of our other employees;
- within a reasonable range of the compensation afforded by other opportunities; and
- comparable to market with respect to base salary, target bonus, long-term incentive grant value and total compensation.

The Executive Compensation Committee also bases its decisions regarding compensation upon its assessment of each of our Named Executive Officer's leadership, integrity, individual performance, years of experience, skill set, level of commitment and responsibility required in the position, contributions to our financial performance, creation of stockholder value, and current and past compensation. In determining the mix of compensation elements, the Executive Compensation Committee considers the effect of each element in relation to total compensation. The Executive Compensation Committee specifically considers whether each particular element provides an appropriate incentive and reward for performance that may enhance long-term stockholder value. In determining whether to increase or decrease an element of compensation, we rely upon the business experience of the members of the

Executive Compensation Committee, the Executive Compensation Committee's general understanding of compensation levels at public companies, the historical compensation levels of our Named Executive Officers and, with respect to Named Executive Officers other than the CEO, we consider the recommendations of the CEO. In determining compensation, the Executive Compensation Committee also considers the advice of the independent compensation consultant it engaged in 2013, Compensation Strategies, Inc. ("CSI"). The Executive Compensation Committee does not typically consider amounts that may be realized by our executive officers from prior compensation awards, such as appreciation in the value of stock previously acquired pursuant to restricted stock or other equity-based awards, when making decisions regarding current compensation.

The Executive Compensation Committee has the authority under its charter to engage the services of outside consultants for assistance. In addition to the considerations discussed above, the Executive Compensation Committee also considers the advice and recommendations of CSI, which has provided analysis and recommendations that inform the Executive Compensation Committee's decisions, including the following services with respect to compensation decisions since CSI's engagement:

- attendance at meetings of the Executive Compensation Committee, as requested by the Executive Compensation Committee;
- advice on market trends, regulatory issues and developments and how they may impact our executive and director compensation programs;
- review of compensation strategy and executive and director compensation programs for alignment with our strategic business objectives;
- advice on the design of executive and director compensation programs to

ensure the linkage between pay and performance; market data analyses; advice to the Executive Compensation Committee and the Board on setting compensation for executive officers and directors; and such other activities as requested by the Executive Compensation Committee.

Benchmarking Compensation

As described throughout this report, the Executive Compensation Committee takes multiple factors and inputs into account when making compensation decisions. One such input is information regarding the external executive compensation market. The Executive Compensation Committee takes into account information regarding pay for both individual positions and the executive group as a whole. While we have not adopted a formal peer group for compensation benchmarking, CSI provides the Executive Compensation Committee with periodic market assessments reflecting the form and size of compensation opportunities provided by companies in the transportation industry and the general U.S. marketplace. This information details practices for specific elements of compensation (salary and incentives) and is adjusted to reflect our financial size relative to the market comparison groups. From these market assessments, the Executive Compensation Committee is able to monitor the amount, mix, and design of our executive pay versus the relevant, competitive marketplace. This market assessment is factored in together with a historic inventory of individuals' compensation including realizable and realized pay.

Elements

Our compensation program consists of two major elements, fixed and performance-based compensation. In 2018, total compensation for executive officers, including our Named Executive Officers, consisted of one or more of the following components:

- base salary;
- performance-based annual cash bonus;
- equity incentive awards;
- other compensation;
- and
- employee benefits, which are generally available to all of our team members.

A discussion of each element follows.

Base Salary

We set base salaries to:

- reward executives for ongoing performance;
- attract, motivate, and retain highly qualified executives; and
- provide our executive officers with stability that allows our

executives to focus their attention and efforts on creating stockholder value and on our other business objectives.

In determining base salaries, we consider the quality and effectiveness of the executive's leadership, scope of responsibilities, past performance and future potential of providing value to our stockholders, the executive's current salary, qualifications, and experience, including, but not limited to, the executive's industry knowledge and the executive's length of service with us. The Executive Compensation Committee sets base salaries at a level that allows us to pay a significant portion of an executive's total compensation in the form of performance-based compensation, including annual cash bonuses and equity incentives. We believe this mix of compensation helps us incentivize our executives to build stockholder value over the long-term. We consider adjustments to base salaries annually to reflect the foregoing factors without assigning specific weight to any of the individual factors.

Performance-Based Compensation

Our Incentive Plan is a broad-based plan under which we grant cash and equity performance-based compensation. We use performance-based compensation to, among other things:

provide annual incentives to executive officers in a manner designed to reinforce our performance goals;

attract,
motivate and
retain qualified
executive
officers by
providing them
with long-term
incentives; and

align our
executive
officers' and
our
stockholders'
long-term
interests by
creating a
strong, direct
link between
executive
compensation
and stockholder
return.

Awards under the Incentive Plan may be paid in cash, shares of our Common Stock, a combination of cash and shares of our Common Stock, or in any other permissible form, as determined by our Executive Compensation Committee. All equity awards granted under the Incentive Plan are evidenced by an award notice that specifies the type of award granted, the number of shares of our Common Stock underlying the award, if applicable, and all terms governing the award. Payment of awards may include such terms, conditions, restrictions and limitations, if any, as the Executive Compensation Committee deems appropriate, including, in the case of awards paid in shares of our Common Stock, provisions regarding the forfeiture of such shares under certain circumstances, stock ownership and holding requirements, clawback provisions, and anti-hedging and anti-pledging provisions. The Incentive Plan authorizes the grant of stock options, stock appreciation rights, stock awards, restricted stock units, performance units, performance awards, and any other form of award established by the Executive Compensation Committee that is consistent with the Incentive Plan's purpose, or any combination of the foregoing.

Performance-Based Annual Cash Bonus

We use performance-based annual cash bonuses to, among other things:

reward our
executive
officers for
high levels of
achievement;
incentivize our
executive
officers to
increase
stockholder
value; and

emphasize our
corporate
goals.

In March 2018, pursuant to the Incentive Plan, the Executive Compensation Committee approved a management cash bonus plan for our senior management, including our Named Executive Officers, with a performance period of January 1, 2018 through December 31, 2018 (the "2018 Management Cash Bonus Plan"). The 2018 Management Cash Bonus Plan was administered by the Executive Compensation Committee, which made all decisions regarding participants in and awards under the 2018 Management Cash Bonus Plan. Under the 2018 Management Cash Bonus Plan, and consistent with the objectives of the Incentive Plan, the participants in the 2018 Management Cash Bonus Plan (including our Named Executive Officers) were eligible to receive incremental cash bonuses upon achievement of certain adjusted EBITDAR goals, weighted at 80%, and safety goals, weighted at 20% (together, the "2018 Company Goals"). The Executive Compensation Committee selected the 2018 Company Goals to incentivize earnings improvement and safety. Failure to achieve the minimum level Adjusted EBITDAR goal would disqualify participants from receiving any payment under the 2018 Management Cash Bonus Plan. Any cash incentives payable would be prorated for results falling between the minimum and target and between the target and maximum payment goals. For further details regarding bonuses awarded to our Named Executive Officers under the 2018 Management Cash Bonus Plan, see "Executive Compensation – Compensation Discussion and Analysis – Compensation Paid to Our Named Executive Officers – 2018 Management Cash Bonus Plan."

Equity Compensation

We use equity compensation to, among other things:

- reward our executive officers for achievement of our corporate goals through performance-based equity awards;
- incentivize building stockholder value over the long-term through performance-based equity awards; and
- encourage retention with time-vested equity awards.

The Incentive Plan allows the Executive Compensation Committee to link compensation to performance over a period of time by using equity-based awards (which often value long-term prospects), requiring holding periods for equity grants, and granting awards that have multi-year performance and vesting schedules. Awards with multi-year performance and vesting schedules, such as restricted stock grants, provide balance to the other elements of our

compensation program that otherwise link compensation to annual performance. Such awards create incentives for executive officers to increase stockholder value over an extended period of time because the value received from such awards is based on the growth of the stock price. The Incentive Plan prohibits awards from vesting in less than twelve months. Thus, we believe equity-based awards under our Incentive Plan are an effective means of aligning the interests of our executive officers with those of our stockholders.

In determining our performance-based compensation, the Executive Compensation Committee evaluates which equity award vehicles achieve the desired balance between providing appropriate performance-based compensation and creating long-term stockholder value. The Executive Compensation Committee considers several factors when determining incentive awards to be granted to our executive officers, including:

- how the achievement of certain performance goals will help us execute our operating plans, improve our financial and operating performance and add long-term value to our stockholders;
- the executive officer's position, scope of responsibility, ability to affect our financial and operating performance, ability to create stockholder value, and historic and recent performance;
- the recommendations of CSI, our independent compensation consultant;
- the impact of awards on executive retention;
- awards granted to similarly situated executives; and

for executive officers other than our CEO, the recommendations of our CEO.

Please refer to "Executive Compensation – Summary Compensation Table" and "Executive Compensation – Grants of Plan-Based Awards Table" for further details regarding incentives awarded to our Named Executive Officers.

In March 2018, the Executive Compensation Committee approved an equity incentive plan for 2018 (the "2018 EIP"), under which participants, including Messrs. Reed, Bates, Guin, Hugo and Henry are eligible to receive certain equity awards in the form of restricted stock subject to both performance-based and time-based vesting. The primary objectives of the 2018 EIP are to reward long-term attainment of Company objectives (through performance-based equity with a three-year performance period) and encourage retention (through time-based equity that vests over a four-year period). The performance period for the 2018 EIP is from January 1, 2018 through December 31, 2020 (the "EIP Performance Period"). The 2018 EIP is 60% performance-based at target and 40% time-based. The performance-based component of the 2018 EIP is based upon the Company achieving three-year cumulative levels of adjusted EBITDAR and adjusted consolidated operating ratio (together, the "2018 EIP Goals") for the EIP Performance Period, with each goal weighted equally. The time-based component of the 2018 EIP will vest in four equal annual installments commencing on the first anniversary of the grant date.

All restricted shares under the 2018 EIP are subject to continued employment and certain vesting, forfeiture, termination provisions. The equity bonuses awarded in 2018 to our Named Executive Officers are disclosed in "Executive Compensation – Compensation Discussion and Analysis – Compensation Paid to Our Named Executive Officers – 2018 EIP."

2018 Management Cash Bonus Plan

Under the 2018 Management Cash Bonus Plan, our Named Executive officers were eligible to receive incremental cash bonuses upon achievement of certain levels of the 2018 Company Goals, with a performance period from January 1, 2018 to December 31, 2018:

2018 Company Goals

Metrics	Minimum	Target	Maximum
Adjusted EBITDAR ⁽¹⁾	\$5,379,182	\$56,723,977	\$68,068,772
Safety Goal	-	-	-
Preventable Crashes Per Million Miles ("CPMM") ⁽²⁾	8.17	6.81	5.45

5. Adjusted EBITDAR - Earnings before taxes, interest, depreciation, amortization, and rents, as reviewed and determined by the Executive Compensation Committee.

6. CPMM Calculation - [(Preventable Total Crashes (representing reportable accidents as reported by the Department of Transportation (the "DOT"), adjusted internally for those that are preventable) as reported by the DOT) / Total International Fuel Tax Agreement Miles) * One Million Miles], as reviewed and determined by the Executive Compensation Committee.

The total cash bonus achievable (represented as a percentage of year-end annualized base salary) for our Named Executive Officers is set forth in the table below, with 100% of the bonus opportunity based on achievement of the 2018 Company Goals.

Potential Cash Payments

(as a % of Year-End Annualized Base Salary)

2018 Company Goals (1)

Named Executive Officer	Minimum	Target	Maximum
Mr. Reed	20.0%	80.0%	140.0%
Messrs. Bates, Guin, Hugh and Craig	15.0%	60.0%	105.0%

(3)

Mr.

Henry 2.5% 50.0% 87.5%

(4)

1. The 2018 Company Goals were made up of certain Adjusted EBITDAR goals, weighted at 80%, and certain safety goals, weighted at 20%. Failure to achieve the minimum level Adjusted EBITDAR goal would disqualify participants from receiving any payment under the 2018 Management Cash Bonus Plan.

2. The minimum percentage stated in this column reflects the aggregate percentage payable upon minimum achievement of both 2018 Company Goals. Messrs. Reed, Bates, Guin, Hugo, and Henry could earn a bonus if the Adjusted EBITDAR goal was achieved at or above the minimum level. Accordingly, the minimum bonus achievable, expressed as a percentage of base salary, was 16.0% for Mr. Reed, 12.0% for Messrs. Bates, Guin, and Hugo, and 10.0% for Mr. Henry.

3. The bonus opportunity for Mr. Guin was prorated for the partial year of service between the Guin Start Date and December 31, 2018. The bonus opportunity for Mr. Craig was prorated for the partial year of service between January 1, 2018 and his separation date, May 31, 2018.

4. The bonus opportunity for Mr. Henry was prorated for the partial year of service between the Henry Start Date and December 31, 2018.

The Executive Compensation Committee also created specific parameters for awarding bonuses within certain incremental ranges of achievement of the 2018 Company Goals by providing that bonuses would be prorated for results that fall between the minimum and target and between the target and maximum payment goals.

30

On the date that the Executive Compensation Committee assessed performance under the 2018 Management Cash Bonus Plan, the Executive Compensation Committee determined that, based on actual performance under the 2018 Management Cash Bonus Plan, Messrs. Reed, Bates, Guin, Hugo, Henry and Craig earned the following amounts under the 2018 Management Cash Bonus Plan: \$436,046, \$220,318, \$137,699, \$189,336, \$107,577 and \$110,245, respectively. An additional \$3,347 was paid to Mr. Henry due to a calculation discrepancy.

2018 EIP

The Executive Compensation Committee set the following targets as a percentage of annualized base salary for the 2018 EIP, with the time-based portion weighted at 40% and the performance-based portion to be weighted at 60%:

Named Executive Officer	Total 2018 EIP Target (as a % of Annualized Base Salary)	2018 EIP Time-Based Portion (as a % of Annualized Base Salary)	2018 EIP Performance-Based Portion (as a % of Annualized Base Salary)
Mr. Reed	130.0%	52.0%	78.0%
Mr. Bates	100.0%	40.0%	60.0%
Mr. Guin	100.0%	40.0%	60.0%
Mr. Hugo	90.0%	36.0%	54.0%
Mr. Henry	75.0%	30.0%	45.0%

Based on such targets, the Executive Compensation Committee granted restricted shares of Common Stock subject to the 2018 EIP as follows:

Named Executive Officer	2018 EIP Time-Based Shares	2018 EIP Performance-Based Shares	Grant Date
Mr. Reed	9,328	13,991	March 22, 2018
Mr. Bates	4,834	7,250	March 22, 2018
Mr. Guin	4,994	7,490	April 30, 2018
Mr. Hugo	3,738	5,608	March 22, 2018
Mr. Henry	2,625	3,938	March 23, 2018

The 2018 EIP Time-Based Shares will vest in four equal annual installments, commencing on the first anniversary of the grant date, subject to continued employment and certain vesting, forfeiture, termination provisions.

The 2018 EIP Performance-Based Shares are subject to vesting upon achievement of the 2018 EIP Goals over the EIP Performance Period. The 2018 EIP Goals are as follows, with each weighted equally:

2018 EIP Goals

Metrics	Minimum	Target	Maximum
3 Year Cumulative Adjusted EBITDAR (1)	\$164,908,590	\$206,135,737	\$247,362,884
3 Year Consolidated Adjusted Operating Ratio (2)	95.88%	94.85%	93.82%

1.3 Year Cumulative Adjusted EBITDAR - The sum of earnings before taxes, interest, depreciation, amortization, and rents for each of the years ended December 31, 2018, 2019, and 2020, as reviewed and determined by the Executive Compensation Committee.

2.3 Year Consolidated Adjusted Operating Ratio - Operating expenses, net of fuel surcharge, as a percentage of operating revenue excluding fuel surcharge revenue, with each component being the sum of the applicable amount for the years ended December 31, 2018, 2019, and 2020, as reviewed and determined by the Executive Compensation Committee.

The 2018 EIP Performance-Based Shares were issued at target on the grant date. The minimum was set at 25% of target and the maximum was set at 175% of target. Set forth below are the minimum, target and maximum number of performance-based shares that may be earned under 2018 EIP:

Named Executive Officer	Minimum (25% of Target) ⁽¹⁾	Target	Maximum (175% of Target)
Mr. Reed	3,498	13,991	24,484
Mr. Bates	1,813	7,250	12,688
Mr. Guin	1,873	7,490	13,108
Mr. Hugo	1,402	5,608	9,814
Mr. Henry	985	3,938	6,892

1. The minimum number of shares in this column reflects the aggregate number of shares upon minimum achievement of both 2018 EIP Goals. Messrs. Reed, Bates, Guin, Hugo, and Henry could earn shares if just one of the 2018 EIP Goals is achieved at or above the minimum level. Accordingly, the minimum number of shares that could be earned is 1,749 for Mr. Reed, 907 for Mr. Bates, 937 for Mr. Guin, 701 for Mr. Hugo, and 493 for Mr. Henry.

The Executive Compensation Committee also created specific parameters for awarding shares within certain incremental ranges of achievement of the 2018 EIP Goals by providing that achievement would be prorated for results that fall between the minimum and target and between the target and maximum payment goals. The level of achievement for the performance-based portion of the 2018 EIP will be determined by the Executive Compensation Committee after the end of the EIP Performance Period.

Separation Agreements

The following summarizes the separation agreement terms for Mr. Craig, whose retirement became effective May 1, 2018, and for Mr. Hugo, who resigned from the Company on March 7, 2019.

On March 23, 2018, in connection with Mr. Craig's retirement as Executive Vice President, Chief Commercial Officer, and President – USAT Logistics, effective May 1, 2018, the Executive Compensation Committee approved a separation agreement with Mr. Craig (the "Craig Separation Agreement"). Pursuant to the Craig Separation Agreement, Mr. Craig received (i) salary and insurance benefits continuation through May 31, 2018, (ii) non-compete payments equal to his then-current base salary (\$350,000 per year) for a period of twelve months following May 31, 2018, subject to ongoing compliance with certain non-competition, non-solicitation, non-disparagement, and confidentiality covenants in favor of the Company, (iii) a cash payment, if and to the extent earned, under the 2018 Management Cash Bonus Plan, pro-rated for the number of days he was employed by the Company in 2018 through May 31, 2018, and (iv) accelerated vesting of 10,976 shares of restricted stock. In addition, the Separation Agreement contains a customary release of claims in favor of the Company. All outstanding equity awards other than those listed above held by Mr. Craig on May 31, 2018 were forfeited upon his separation from the Company.

On March 7, 2019, in connection with Mr. Hugo's resignation as Senior Vice President - Trucking Operations, the Executive Compensation Committee approved a separation agreement with Mr. Hugo (the "Hugo Separation Agreement"). Pursuant to the Hugo Separation Agreement, Mr. Hugo received (i) salary continuation through April 6, 2019, (ii) continued vesting of 1,934 shares of restricted stock scheduled to vest on March 22, 2019, (iii) non-compete payments equal to his then-current base salary (\$275,000 per year) for a period of twelve months subject to ongoing compliance with certain non-competition, non-solicitation, non-disparagement, and confidentiality covenants in favor of the Company, and (iv) a prorated cash payment, if and to the extent earned, under the short-term cash incentive compensation program adopted by the Executive Compensation Committee for 2019. In

addition, the Separation Agreement contains a customary release of claims in favor of the Company. All outstanding equity awards other than those listed above held by Mr. Hugo will be forfeited in association with his resignation from the Company. See "Executive Compensation – Compensation Discussion and Analysis – Compensation Paid to Our Named Executive Officers" for details regarding Mr. Hugo's 2018 compensation.

Potential Payments Upon Termination or Change in Control

Certain of our Named Executive Officers, including Messrs. Reed, Bates, Guin, Hugo and Henry have substantially identical Change-in-Control/Severance Agreements (each, a "Severance Agreement") with the Company. Mr. Craig was also party to a Severance Agreement prior to his separation from the Company. Under the Severance Agreements, the participant is entitled to certain severance benefits if (i) we terminate the participant's employment without "cause" (as defined in the Severance Agreement) other than in connection with or following a "change-in-control" (as defined in the Severance Agreement) (the "Severance Benefit") or (ii) in the event of and for the twelve-month period following a "change-in-control," we or our successor terminate the participant's employment without "cause" or the participant is subject to a "constructive termination" (as defined in the Severance Agreement) (the "Change-in-Control Benefit"). The Severance Benefit and the Change-in-Control Benefit are mutually exclusive and the participant would not be entitled to both benefits. Eligibility for the payment of the Severance Benefit is subject to execution by the recipient of a general release of claims against us and ongoing compliance with certain restrictive covenants. With respect to the Severance Benefit, participants would be entitled to benefits as follows in the event a qualifying termination had occurred as of December 31, 2018:

Named Executive Officer	Salary Continuation	Lump Sum Short-Term Incentive Cash Compensation	COBRA Reimbursement	Relocation Services Benefit	Total Aggregate Payments if Termination Occurred as of December 31, 2018
Mr. Reed	12 months	To the extent earned in the year of termination, prorated for partial year of service	--	--	\$ 911,046
Mr. Bates	12 months	To the extent earned in the year of termination, prorated for partial year of service	--	--	\$ 540,318
Mr. Guin	12 months ⁽¹⁾	To the extent earned in the year of termination, prorated for partial year of service	--	--	\$ 339,069
Mr. Hugo	12 months	To the extent earned in the	--	--	\$ 464,336

		year of termination, prorated for partial year of service				
		To the extent earned in the year of termination, prorated for partial year of service	--	--	\$	285,376
Mr. Henry	12 months ⁽¹⁾					

1. The Severance Agreements provide for 12 months' salary continuation, or such lesser number of months the executive is employed by the Company (prorated for partial months of service). Because both Messrs. Guin and Henry joined the Company during 2018, their salary continuation was prorated for the partial year of service through December 31, 2018.

33

With respect to the Change-in-Control Benefit, participants would be entitled to benefits as follows in the event a qualifying termination had occurred as of December 31, 2018:

Named Executive Officer	Lump Sum Severance Payment as Percentage of Base Salary	Lump Sum Short-Term Incentive Cash Compensation	COBRA Reimbursement	Relocation Services Benefit	Total Aggregate Payments if Termination Occurred as of December 31, 2018
Mr. Reed	150%	150% of target for the year of termination	\$26,835	\$50,000	\$ 1,359,335
Mr. Bates	150%	150% of target for the year of termination	\$26,835	\$50,000	\$ 844,835
Mr. Guin	150%	150% of target for the year of termination ⁽¹⁾	\$26,835	--	\$ 658,068
Mr. Hugo	150%	150% of target for the year of termination	\$26,835	\$50,000	\$ 736,835
Mr. Henry	150%	150% of target for the year of termination ⁽¹⁾	\$26,835	--	\$ 495,174

1. For Messrs. Guin and Henry, the target under the 2018 Management Cash Bonus Plan was prorated for the partial year of service. See "Executive Compensation – Compensation Discussion and Analysis – Compensation Paid to Our Named Executive Officers – 2018 Management Cash Bonus Plan."

Mr. Hugo's resignation from the Company was effective March 7, 2019, and Mr. Craig's retirement was effective May 1, 2018. Mr. Craig received certain benefits in lieu of those provided by his respective Severance Agreement. See "—Separation Agreements" for additional details regarding the benefits Messrs. Hugo and Craig received.

The Severance Agreements do not provide for a gross-up payment to any of the participants to offset any excise taxes that may be imposed on excess parachute payments under Section 4999 of the Code. Instead, under the Severance Agreements, if such excise taxes would be imposed, the executive will either receive all of the benefits to which he is entitled under the agreement, subject to the excise tax, or have his benefits under the agreement reduced to a level at which the excise tax will not apply, depending upon which approach would provide the executive with the greater net after-tax benefit.

Awards granted to recipients, including our Named Executive Officers, after July 2016 include a double trigger provision, which provides for the payment, or acceleration of payment, of compensation following a change-in-control only when the recipient is terminated without "cause" or is subject to a "constructive termination" during the twelve months following a change-in-control. For awards granted to recipients prior to July 2016, under certain circumstances in which there is a change-in-control, certain unvested restricted stock grants may become immediately exercisable or subject to immediate vesting, respectively, upon the occurrence of such event, notwithstanding that such restricted shares may not otherwise have been fully exercisable or fully vested. The Executive Compensation Committee may provide for acceleration of vesting of individual awards in connection with any future awards.

The estimated value of restricted stock that would have vested for our Named Executive Officers as of December 31, 2018, under the acceleration scenarios described above are as follows:

Named Executive Officer	Value of Accelerated Restricted Stock ⁽¹⁾
Mr. Reed	\$ 1,105,445
Mr. Bates	\$ 653,126
Mr. Guin	\$ 249,176
Mr. Hugo	\$ 447,768
Mr. Henry	\$ 98,248

1. The value for the accelerated restricted stock was calculated by multiplying the closing price of our stock on December 31, 2018 (\$14.97), the last trading day of the fiscal year, by the number of shares of accelerated restricted stock.

In addition, certain of the awards of restricted stock to our Named Executive Officers include accelerated vesting provisions upon eligible retirement (with the consent of the Executive Compensation Committee), death, or disability (as defined in Section 22(e) of the Internal Revenue Code). The estimated value of restricted stock that would have vested for our Named Executive Officers as of December 31, 2018, upon eligible retirement, death, or disability are as follows:

Named Executive Officer	Value of Accelerated Restricted Stock ⁽¹⁾
Mr. Reed	\$ 113,652
Mr. Bates	\$ 61,437
Mr. Guin	\$ 40,673
Mr. Hugo	\$ 50,000
Mr. Henry	\$ 24,057

1. The value for the accelerated restricted stock was calculated by multiplying the closing price of our stock on December 31, 2018 (\$14.97), the last trading day of the fiscal year, by the number of shares of accelerated restricted stock.

The Role of Stockholder Say-on-Pay Vote

At our 2018 Annual Meeting, our stockholders had the opportunity to cast an advisory and non-binding vote (a "say-on-pay" proposal) on the compensation of our executive officers as disclosed in our proxy statement for that meeting. Stockholders approved the say-on-pay proposal by the affirmative vote of 97.8% of the votes cast on that proposal. The Executive Compensation Committee believes this affirms stockholders' support of our approach to executive compensation, and accordingly the Executive Compensation Committee did not materially change its overall philosophy in designing the compensation plan for fiscal 2018. The Executive Compensation Committee will continue to consider the outcome of our say-on-pay votes when making future compensation decisions for our Named Executive Officers.

At our 2017 Annual Meeting, our stockholders had the opportunity to cast an advisory and non-binding vote (a "say-on-frequency" proposal) on how often we should include a say-on-pay proposal in our proxy statements for future Annual Meetings. Stockholders had the choice of voting to have the say-on-pay vote every year, every two years or every three years. Our Board of Directors recommended yearly votes. The frequency receiving the highest number of votes was every year. In accordance with this vote, at the current time our Board of Directors has determined it will hold the say-on-pay advisory and non-binding vote every year.

Accounting and Tax Considerations

Historically, in making its compensation decisions, the Executive Compensation Committee considered, and attempted to comply with, the performance-based compensation exception under Section 162(m) of the Code. Prior to the enactment of the Tax Cuts and Jobs Act, as further described below, Section 162(m) limited to \$1 million the amount of nonperformance-based remuneration that we could deduct from our taxable income in any tax year with respect to our CEO and the three other most highly compensated executive officers, other than the CFO, at the end of the year. Section 162(m) also provided, however, that we could deduct from our taxable income without regard to

the \$1 million limit the full value of all "qualified performance-based compensation." Our base salary, certain equity awards, certain cash bonuses and other personal benefits were not considered "qualified performance-based compensation" and therefore were subject to the limit on deductibility. Our Incentive Plan and certain awards made under our Incentive Plan potentially qualified as "qualified performance-based compensation" if certain requirements were met.

The Tax Cuts and Jobs Act, signed into law on December 22, 2017, eliminated this performance-based compensation deduction going forward, but provided limited transition relief for compensation paid pursuant to a contract in effect as of November 2, 2017 that is not materially modified after such date. This means that certain outstanding performance-based compensation may continue to be deductible under Section 162(m), but that all compensation after November 2, 2017, will be subject to the \$1 million cap on deductibility. The Executive Compensation Committee will seek deductions for compensation under the transition relief consistent with applicable law. The Tax Cuts and Jobs Act also expanded who a covered employee is under Section 162(m). Effective for 2017, a covered employee under Section 162(m) is the CEO, the CFO (who previously was not included) and each of the other three highest-paid executive officers. Despite the Executive Compensation Committee's efforts to structure certain elements of our Named Executive Officers' compensation granted in 2018 and earlier years in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, no assurance can be given that compensation otherwise intended to satisfy the requirements for exemption from Section 162(m) in fact will be exempt from its deduction limits because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including uncertainties created by Federal legislation repealing the previous exemption from Section 162(m)'s deduction limit for performance-based compensation, generally effective for taxable years beginning after December 31, 2017. Further, the Compensation Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with the Company's business needs.

Although this tax deduction for performance-based compensation has been eliminated, we believe that a strong link between pay and performance is critical to align executive and stockholder interests. Going forward, the Company and the Executive Compensation Committee will continue to ensure that a significant portion of pay for our senior officers, including the Chairman and CEO, is at risk and subject to the attainment of performance goals.

The Executive Compensation Committee also considers, and attempts to avoid, any additional taxes or interest charges under Section 409A(a)(1)(B) of the Code. If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and such benefits do not comply with Section 409A(a)(2), (3) and (4), then the benefits are taxable in the first year that they are not subject to a substantial risk of forfeiture and are subject to additional tax plus interest under Section 409A(a)(1)(B).

Compensation Decisions with Respect to 2019

2019 Salary

In February 2019, in response to annual performance assessments, the Executive Compensation Committee approved an increase in base salary for Mr. Reed from \$475,000 to \$500,000, for Mr. Bates from \$320,000 to \$330,000, for Mr. Guin from \$300,000 to \$310,000 and for Mr. Henry from \$225,000 to \$240,000, all effective April 1, 2019.

2019 Management Bonus Plan

The Executive Compensation Committee approved a management cash bonus plan (the "2019 Management Cash Bonus Plan") that rewards participants, including Messrs. Reed, Bates, Guin, Hugo and Henry, with cash bonuses based upon the attainment of certain performance objectives for the year ending December 31, 2019. Under the 2019 Management Cash Bonus Plan, Mr. Reed may receive a target cash payout of 80% of his base salary, with the opportunity to earn up to 140% of his base salary, depending upon the Company achieving certain adjusted EBITDAR and adjusted operating income goals, weighted at 40% each, and safety goals, weighted at 20%, as determined by the Committee (collectively, the "2019 Company Goals"). Messrs. Bates and Guin may each receive a target cash payout of 60% of his base salary, with the opportunity to earn up to 105% of his base salary, under the 2019 Management Bonus Plan, based upon the attainment of the 2019 Company Goals. Mr. Hugo may receive a target cash payout of 60% of his base salary, with the opportunity to earn up to 105% of his base salary, under the

2019 Management Bonus Plan, based upon the attainment of 2019 Company Goals, weighted at 60%, and attainment of certain individual goals, weighted at 40%. Mr. Henry may receive a target cash payout of 50% of his base salary, with the opportunity to earn up to 87.5% of his base salary, under the 2019 Management Bonus Plan, based upon the attainment of 2019 Company Goals, weighted at 60%, and attainment of certain individual goals, weighted at 40%. The 2019 Management Cash Bonus Plan has a minimum adjusted operating income qualifier below which no amounts will be paid under the 2019 Management Cash Bonus Plan. The 2019 Management Cash Bonus Plan has a minimum adjusted EBITDAR qualifier below which no amounts will be paid under the 2019 Management Cash Bonus Plan. In accordance with the Hugo Separation Agreement, the amount earned by Mr. Hugo under the 2019 Management Cash Bonus Plan, if any, will be prorated for his partial year of service.

2019 EIP

In February 2019, the Executive Compensation Committee also approved an equity incentive plan for 2019 (the "2019 EIP"), under which participants, including Messrs. Reed, Bates, Guin, and Henry are eligible to receive certain equity awards in the form of restricted stock subject to both performance-based and time-based vesting. The primary objectives of the 2019 EIP are to reward long-term attainment of Company objectives (through performance-based equity with a three-year performance period) and encourage retention (through time-based equity that vests over a four-year period). The performance period for the 2019 EIP is from January 1, 2019 through December 31, 2021 (the "EIP Performance Period"). Under the 2019 EIP, Mr. Reed is eligible to earn shares of restricted stock equal to 130% of his base salary, with 60% performance-based at target and 40% time-based at target. Messrs. Bates and Guin are eligible to earn shares of restricted stock equal to 100% of their base salaries, with 60% performance-based at target and 40% time-based at target. Mr. Henry is eligible to earn shares of restricted stock equal to 75% of his base salary, with 60% performance-based at target and 40% time-based at target. The performance-based component of the 2019 EIP is based upon the Company achieving three-year cumulative levels of adjusted EBITDAR and adjusted consolidated operating ratio (together, the "2019 EIP Goals") for the EIP Performance Period, with each goal weighted equally. The time-based component of the 2019 EIP vests in four equal annual installments commencing on the first anniversary of the grant date.

Under the 2019 EIP, the Executive Compensation Committee approved grants to Messrs. Reed, Bates, Guin, and Henry of 36,620 shares, 18,592 shares, 17,465 shares, and 10,140 shares, respectively, representing the 60% performance-based portion at target and the 40% time-based portion. In addition, Mr. Reed has the opportunity to earn up to an additional 16,479 shares, representing 58.5% of his base salary, which would be issued on the date the Executive Compensation Committee certifies results, based upon the level of achievement of the 2019 EIP Goals. Messrs. Bates and Guin have the opportunity to earn up to an additional 8,366 shares and 7,859 shares, respectively, representing 45% of their respective base salaries, which would be issued on the date the Executive Compensation Committee certifies results, based upon the level of achievement of the 2019 EIP Goals. Mr. Henry has the opportunity to earn up to an additional 4,564 shares, representing 33.75% of his base salary, which would be issued on the date the Executive Compensation Committee certifies results, based upon the level of achievement of the 2019 EIP Goals. Awards under the 2019 EIP are subject to continued employment and certain vesting, forfeiture, termination provisions. The 13,944 restricted shares granted to Mr. Hugo under the 2019 EIP will be forfeited in association with his resignation.

2019 Executive and Management Equity Retention Grant

In past years, we were at a meaningful competitive disadvantage to our peers due to significant turnover in our senior leadership team and challenges attracting highly skilled and experienced trucking industry professionals to the Company.

With the hiring of Mr. Reed as CEO in 2017 and recruitment of Mr. Bates and the present leadership team, we began an intensive campaign of re-emphasizing principles of operational excellence, employee engagement and a corporate wide commitment to safety. With these actions, the Board believes that Mr. Reed, Mr. Bates and the leadership team have effectively refocused our business and culture, in the process substantially improving service levels and employee morale and helping us to achieve six consecutive quarters of operating earnings. The Board further believes these actions position us to continue to close the historical gap in operating and financial performance with our peers.

Consistent with this view, the Board believes that retaining and motivating Mr. Reed, Mr. Bates and the leadership team represents the best opportunity for the Company to continue realizing the business improvements necessary to achieve industry leading performance and value creation for stockholders. The Board further acknowledges that the leadership team is comprised of highly talented individuals with alternative employment opportunities in and outside of the trucking industry and that a loss of Mr. Reed and Mr. Bates, in particular, could result in additional departures among senior management, placing our turnaround at significant risk. It is the Executive Compensation Committee's belief that tying the long term personal financial interests of Mr. Reed, Mr. Bates, and the leadership team through deeper equity participation is in the best interest of all stockholders.

Accordingly, in February 2019, the Executive Compensation Committee approved an additional equity grant (the "2019 Executive and Management Equity Retention Grant") in recognition of the benefits of retaining and motivating Mr. Reed, Mr. Bates and the leadership team to continue our operating turnaround and achieving the financial results the Board believe are attainable upon successful implementation and execution of the Company's business plan. Pursuant to this grant, participants, including Messrs. Reed, Bates, Guin, and Henry, received certain equity awards in the form of restricted stock and incentive stock options subject to time-based vesting. The Executive Compensation Committee believes the structure of the grant, which is comprised of two-thirds incentive options for direct shareholder alignment and one-third restricted stock to enhance management retention, and which are not intended to be recurring, strongly aligns the interests of the leadership team and our stockholders together with their respective benefits from our improved performance.

Under the 2019 Executive and Management Equity Retention Grant, Mr. Reed received 71,901 shares, of which 48,174 are incentive stock options and the remainder are shares of restricted stock. Mr. Bates received 55,952 shares, of which 37,488 are incentive stock options and the remainder are shares of restricted stock. Mr. Guin received 26,127 shares, of which 17,505 are incentive stock options and the remainder are shares of restricted stock. Mr. Henry received 19,596 shares, of which 13,129 are incentive stock options and the remainder are shares of restricted stock. Awards under the 2019 Executive and Management Equity Retention Grant vest in four equal annual installments commencing on the first anniversary of the grant date and are subject to continued employment and certain vesting, forfeiture, termination provisions. The 13,129 incentive stock options and 6,467 shares of restricted stock granted to Mr. Hugo under the 2019 Executive and Management Equity Retention Grant will be forfeited in association with his resignation.

2019 EPS Cash Incentive

In February 2019, the Executive Compensation Committee approved a supplemental cash incentive award for senior members of the Company's leadership team ("2019 EPS Cash Incentive"). This short-term award is distinguishable from the Company's other incentive programs and is based upon realization of the Company's quarterly earnings per share goals set forth in its 2019 business plan for the period January 1, 2019 through December 31, 2019. The Board believes 2019 represents a pivotal year in the Company's progress towards achieving industry leading performance and that realizing the objectives set forth in the Company's 2019 business plan, upon which payments under this award are based, would serve as an important indicator that the operational improvements underway at the Company are both sustainable and durable, particularly in light of potential industry and macro-economic headwinds. Participants, including Messrs. Reed, Bates, Guin, Hugo and Henry, are eligible to earn up to \$210,712, \$109,792, \$103,140, \$93,156 and \$66,540, respectively. In accordance with the Hugo Separation Agreement, the amount earned by Mr. Hugo under the 2019 EPS Cash Incentive, if any, will be prorated for his partial year of service.

Risks Regarding Compensation

As required by the SEC rules, the Executive Compensation Committee has assessed the risks that could arise from our compensation policies for all employees, including employees who are not officers, and has concluded that such policies are not reasonably likely to have a materially adverse effect on us. In making this determination, the Executive Compensation Committee primarily considered the following factors:

our general compensation structure utilizes a combination of short-term (such as base salary and performance-based annual cash bonuses) and long-term (equity awards) elements. This balanced mix aligns our compensation with the achievement of short- and long-term goals, promotes short- and long-term executive decision-making, and does not encourage or incentivize unreasonable risk-taking by employees in pursuit of short-term benefits; our prohibition of vesting periods of less than twelve months; equity awards are limited by the terms of our Incentive Plan to a fixed maximum and are subject to staggered or long-term vesting schedules, which aligns the interests of our executive officers and employees with

those of our stockholders; the Executive Compensation Committee is comprised of only independent directors who review and make compensation decisions based on objective measurements and payment methodologies; our recent equity awards contain double trigger change-in-control provisions upon consummation of a change-in-control; awards are subject to limits as to the number of shares or cash received in a calendar year; we have stock ownership, anti-hedging and anti-pledging, and clawback policies; base salaries for our employees are competitive and generally consistent with salaries paid for comparable positions in our industry; and our internal controls over financial reporting, audit practices and corporate codes of ethics and business conduct reinforce the balanced compensation objectives used by

our Executive
Compensation
Committee.

Summary Compensation Table

The following table sets forth information concerning the total compensation for fiscal year 2018 awarded to, earned by, or paid to our Named Executive Officers who were, at December 31, 2018, (i) our CEO, (ii) our CFO, (iii) our three other most highly compensated executive officers with total compensation exceeding \$100,000 for the fiscal year ended December 31, 2018, and (iv) one individual who served as our Executive Vice President, Chief Commercial Officer and President – USAT Logistics for a portion of the fiscal year ended December 31, 2018, but who was not serving in such role as of December 31, 2018.

Realized (actual) compensation may differ significantly from the figures in the following table, which is required under applicable SEC rules and includes items that are driven by accounting assumptions. For example, Mr. Reed's realized compensation in 2018 was \$911,227 vs. \$1,644,244 as shown below. For additional charts that supplement the SEC-required disclosure, please see "Executive Compensation – Compensation Discussion and Analysis – Elements – Performance-Based Compensation – Mix of Fixed and Performance-Based Compensation" beginning on page 19.

Pay Ratio Disclosure

We provide fair and equitable compensation to our employees through a combination of competitive base pay, incentives, retirement plans and other benefits. We are disclosing the following pay ratio and supporting information, which compares the annual total compensation of our employees other than Mr. Reed (including full-time, part-time, seasonal and temporary employees) and the annual total compensation of Mr. Reed, our President and CEO, as required by Section 953(b) of the Dodd-Frank Act. The pay ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

For 2018, our last completed fiscal year:

- The median of the annual total compensation of all employees of USA Truck, Inc. (other than our CEO) was \$41,677; and
- The annual total compensation of our CEO, as reported in the Summary Compensation Table included in this Proxy Statement, was \$1,644,244.

Based on this information, the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all other employees was 39.5 to 1.

We identified our median employee for fiscal year 2017. For 2018, we used the same median employee, as there has been no change in our employee population or employee compensation arrangements that we believe would significantly impact the pay ratio disclosure. In determining that our employee population had not materially changed, we omitted the approximately 200 employees that became our employees as a result of our acquisition of Davis Transfer Company Inc. in October 2018.

We calculated annual total compensation for 2018 for the median employee we identified for the year ended December 31, 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in that employee's annual total compensation of \$41,677. The median employee's annual total compensation includes wages and overtime pay, as well as incentive payments, retirement plan benefits, company matching contributions to the 401(k) employee savings plan, and the cost of health and other benefits.

CERTAIN TRANSACTIONS

We have a long-standing written policy of not making loans to our officers, directors or affiliates. Our policy further prohibits entering into leases, equipment purchase agreements or other contracts with our officers, directors or affiliates unless the Board, and the disinterested members of the Board, so approve upon the Audit Committee's recommendation, after the Audit Committee has determined that the transaction is reasonable, in our best interest and on terms no less favorable than could be obtained from an unrelated third party. Since January 1, 2018, there

were no transactions involving a "related person", as that term is defined in Instruction 1 to Item 404(a) of Regulation S-K, identified in the responses to the annual questionnaire sent to each of our directors and executive officers, or otherwise known to the Audit Committee or to us.

PROPOSAL TWO: ADVISORY AND NON-BINDING APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

In accordance with certain requirements of Section 14A of the Exchange Act (which were added by the Dodd-Frank Wall Street Reform and Consumer Protection Act and the related rules of the SEC), we are including a non-binding stockholder vote on a resolution to approve the compensation of our Named Executive Officers (so-called "Say-on-Pay").

We urge stockholders to read "Executive Compensation" beginning on page 19 of this Proxy Statement, which describes in detail our executive compensation objectives, policies and procedures, as well as the Summary Compensation Table and other related compensation tables and narrative disclosure, appearing on pages 39 through 46, which provide detailed information on the compensation of our Named Executive Officers.

The Board has adopted a policy of providing for an annual "say-on-pay" advisory vote. Accordingly, we are asking our stockholders to approve, in an advisory and non-binding vote, the following resolution in respect of this Proposal TWO:

"RESOLVED, that the stockholders approve, in an advisory and non-binding vote, the compensation of the Company's Named Executive Officers as disclosed in the Proxy Statement relating to the Company's Annual Meeting of Stockholders to be held on May 8, 2019."

THE Board unanimously recommends A vote "FOR" APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION.

All duly submitted and unrevoked proxies will be voted FOR Proposal TWO, unless otherwise instructed.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The independent registered public accounting firm we utilized during fiscal years 2018 and 2017 was Grant Thornton LLP. Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting and will be available to respond to appropriate questions. The representatives of Grant Thornton LLP will have the opportunity to make a statement at the Annual Meeting if they choose to do so.

Principal Accounting Fees and Services

The following table presents fees for professional services rendered by our principal accountant, Grant Thornton LLP, for the years ended December 31, 2018 and 2017 for the audit of our consolidated financial statements and fees billed for other services rendered.

Audit Fees ^(a)	\$ 459,500	\$ 399,500
Other Fees:		
Audit-Related Fees ^(b)	\$ 279,708	\$ —
Tax Fees ^(c)	\$ 73,500	\$ —
All Other Fees ^(d)	\$ —	\$ —

a. Fees and expenses for (i) the integrated audit of the consolidated financial statements included in our Annual Reports on Form 10-K and internal controls over financial reporting; (ii) the reviews of the interim consolidated financial information included in our Quarterly Reports on Form 10-Q; (iii) consultations concerning financial accounting and reporting; and (iv) reviews of documents filed with the SEC and provision of related consents.

- b. Fees and expenses paid to our principal accountant for due diligence, structuring, and financial statement audit services related to an acquisition.
- c. Fees and expenses paid to our principal accountant for (i) tax compliance; (ii) tax planning; and (iii) tax advice.
- d. Fees and expenses paid to our principal accountant for services other than audit fees, audit-related fees and tax fees. The Audit Committee selects the firm that performs the integrated audit of our consolidated financial statements and internal controls over financial reporting, determines the compensation of that firm and pre-approves all services of any type that firm renders to us. The Audit Committee has been informed of the types of services Grant Thornton LLP rendered to us and has determined that, in providing those services, Grant Thornton LLP has maintained its independence as to us. The Audit Committee has a written policy for the pre-approval of the audit and non-audit services performed by our independent registered public accounting firm in order to assure that the provision of such services does not impair their independence. The Audit Committee pre-approves the engagement terms and fees of annual audit services, and any changes in such terms and fees resulting from changes in audit scope, our structure or other matters. The Audit Committee may also grant pre-approval for other audit services, audit-related services (which include assurance and related services that are reasonably related to the audit or review of our consolidated financial statements and that are traditionally performed by the independent auditor) and tax services. Each pre-approval, unless earlier withdrawn or modified by the Audit Committee, has a term of twelve months, unless the Audit Committee specifically provides for a different period. The pre-approval policy also contains a non-exclusive list of prohibited non-audit services that may not be performed by our independent registered public accounting firm, and provides that permissible non-audit services classified as "all other services" must be separately pre-approved by the Audit Committee. The Audit Committee did not approve any services pursuant to Rule 2-01(c)(7)(i)(C) of Regulation S-X promulgated under the Exchange Act, which permits the waiver of the pre-approval requirements in certain circumstances.

PROPOSAL THREE: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed Grant Thornton LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019. Grant Thornton LLP served as the Company's independent registered public accounting firm for 2018, and the services it provided to the Company and its subsidiaries in 2018 are described under Principal Accounting Fees and Services above.

We are asking our stockholders to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2019. Each proxy will be voted as directed on each proxy card; or in the absence of contrary instructions, each proxy will be voted for the ratification of Grant Thornton LLP. Although ratification is not required by our Bylaws or otherwise, the Board of Directors is submitting the selection of Grant Thornton LLP to our stockholders for ratification as a matter of good corporate practice.

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2019.

In the event stockholders do not ratify the appointment of the Company's independent registered public accounting firm, the appointment will be reconsidered by the Audit Committee. Even if the appointment is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

PROPOSAL FOUR: APPROVAL OF THE SECOND AMENDMENT TO THE INCENTIVE PLAN

Summary

The Board is asking for stockholder approval to amend our Incentive Plan to increase the number of shares of Common Stock available for issuance thereunder. Equity compensation is critical for the Company to attract, motivate and retain qualified executive officers and other key management through competitive compensation packages, and it aligns our executives', other management's, and stockholders' short- and long-term interests by creating a strong and direct link between executive and management pay and stockholder return.

The Board believes the shares remaining under the Incentive Plan

are insufficient to fulfill the Company's objectives. If stockholders do not approve the Second Amendment to the Incentive Plan, the Company will have approximately 140,000 remaining shares under the Incentive Plan for future awards and may need to resort to greater cash compensation to remain competitive.

The Board believes that retaining and motivating Mr. Reed, Mr. Bates and the leadership team represents the best opportunity for the Company to continue realizing the business improvements necessary to achieve industry leading performance and value creation for stockholders.

Under the leadership of Mr. Reed and Mr. Bates, the Company has undergone an

intensive campaign of re-emphasizing principles of operational excellence, employee engagement and a corporate-wide commitment to safety. With these actions, the Board believes that Mr. Reed, Mr. Bates and the leadership team have effectively refocused the Company's business and culture, positioning the Company to successfully close the historical gap in operating and financial performance with its peers.

In February 2019, the Executive Compensation Committee approved an additional equity grant (the "2019 Executive and Management Equity Retention Grant") consisting of 260,123 shares to Mr. Reed, Mr. Bates and key executive and management personnel (in addition to grants

made in accordance with our 2018 EIP) in recognition of the benefits of retaining and motivating the leadership team to achieve the financial results the Board believes are attainable upon successful implementation and execution of the Company's business plan.

Approximately two-thirds of the 2019 Executive and Management Equity Retention Grant is in the form of stock options so as to further align the executive and management team's interests with those of the stockholders. If not for the 2019 Executive and Management Equity Retention Grant, sufficient shares would have remained under the Incentive Plan to sustain the Company's equity incentive plan design through our early 2020 awards under the regular plan design.

In addition, the Board is asking for stockholder approval to amend our Incentive Plan to make technical updates related to Section 162(m) of the Code in light of the 2017 Tax Cuts and Jobs Act (the "TCJA"), and to make such other miscellaneous, administrative and conforming changes as are necessary.

Introduction

At the Annual Meeting, our stockholders are being asked to approve the proposed Second Amendment to the Incentive Plan to (i) increase the number of shares of Common Stock available for issuance thereunder by an additional 500,000 shares, (ii) make technical updates related to Section 162(m) of the Code in light of the TCJA, and (iii) make such other miscellaneous, administrative and conforming changes as are necessary (collectively, the "Second Amendment to the Incentive Plan"). Currently there are approximately 140,000 shares available for issuance under the Incentive Plan; therefore, the Second Amendment to the Incentive Plan would result in approximately 640,000 shares being available for future awards, subject to adjustment for future forfeitures (except for tax withholding and cashless exercise forfeitures) and to reflect the occurrence of certain events (described under "Proposal Four: Approval of the Second Amendment to the Incentive Plan – Description of the Incentive Plan and the Second Amendment to the Incentive Plan — Adjustments Upon Certain Events" below). The Executive Compensation Committee has approved the Second Amendment to the Incentive Plan and the Board has directed

52

that it be submitted for stockholder approval at the Annual Meeting. If approval of the Second Amendment to the Incentive Plan is not obtained at the Annual Meeting from our stockholders, the Incentive Plan will remain in full force and effect, and our ability to grant equity awards to attract, motivate and retain new and existing key employees, directors, officers and eligible participants (collectively, "Participants") would be limited. In that event, to remain competitive, the Company may be required to adopt additional cash or equity related compensation programs.

The Executive Compensation Committee considered numerous factors before approving the Second Amendment to the Incentive Plan, including share grants over the last two years, shares expected to be required in the future based upon pre-existing incentive plans, and shares expected to be required as the Company seeks to retain key members of its leadership team and continues to recruit new executives to complement and complete senior management. The Executive Compensation Committee expects that approval of the Second Amendment to the Incentive Plan will allow sufficient share availability to maintain current compensation design under the 2019 EIP.

Retention of our current executive and management team will require additional shares to ensure qualified leadership personnel remain in place. The Board believes that retaining and motivating Mr. Reed, Mr. Bates and the leadership team represents the best opportunity for the Company to continue realizing the business improvements necessary to achieve industry leading performance and value creation for stockholders. The Board further recognizes that the leadership team is comprised of highly talented individuals with alternative employment opportunities in and outside of the trucking industry and that a loss of Mr. Reed and Mr. Bates, in particular, could result in additional departures among senior management, placing the Company's turnaround at significant risk. As such, in addition to the grants made in accordance with our 2019 EIP, the Executive Compensation Committee granted an additional 260,123 shares under the 2019 Executive and Management Equity Retention Grant to key personnel intended to ensure continuity and retention of critical leadership. It is the Executive Compensation Committee's belief that tying the long term personal financial interests of Mr. Reed, Mr. Bates, and the leadership team through deeper equity participation is in the best interest of all stockholders. The Executive Compensation Committee also recognized that the timing of this award was important in light of the recent improvements in the operational and financial performance of the Company.

The 2019 Executive and Management Equity Retention Grant was awarded in connection with the performance of our current executive and management team in designing the business strategies, executing against said strategies, and delivering strong financial performance. This grant is intended to motivate further progress in the business, reward the team's performance, and retain them in further executing the business strategy. A significant portion of the 2019 Executive and Management Equity Retention Grant was in the form of options, which serve to further align executive and stockholder interests given the direct relationship between the ultimate value of the award and our stock price. Approximately two-thirds of the 2019 Executive and Management Equity Retention Grant is in the form of options so as to further align the executive and management teams' interests with those of the stockholders. If not for the 2019 Executive and Management Equity Retention Grant, sufficient shares would have remained under the Incentive Plan to sustain the Company's equity incentive plan design.

If not for the 2019 Executive and Management Equity Retention Grant, sufficient shares would have remained under the Incentive Plan to sustain the Company's equity incentive plan design without additional shares through 2020. As we move forward with our leadership, in addition to shares needed for equity awards to our current executive and management team, we anticipate requiring shares to enable us to recruit new management personnel as necessary. Furthermore, a significant portion of our executives' total annual compensation is in the form of equity awards. The majority of performance-based restricted shares granted in 2018 have a performance period that extends beyond 2018. If performance targets are met, it benefits both our stockholders and our equity recipients. If performance targets are not met, the restricted shares are forfeited and our effective burn rate reduced.

In deciding to increase the number of shares available for issuance under the Incentive Plan by 500,000 shares, the Executive Compensation Committee considered, among other factors:

the
approximately
140,000 shares
currently

available for
issuance under
the Incentive
Plan, which
includes the
effects of the
2019 Executive
and
Management
Equity
Retention
Grant;

53

the number of shares necessary to attract, motivate and retain qualified executive officers and other key personnel;

the Board's desire to have sufficient availability under the Incentive Plan to grant awards;

our current burn rate of less than 1.5%, calculated based upon

performance-based awards earned in the year (versus granted) and time-based awards granted in the year, divided by our weighted average shares outstanding;

the number of shares of Common Stock outstanding, the dilutive effects of awards under the Incentive Plan and our projected burn rate; and

the effect of the price of our Common Stock on the number of shares needed to maintain the significant percentage of our compensation packages for key employees that is currently granted in the form of equity.

In addition to the factors above, the Executive Compensation Committee also considered the following factors, among others, when determining whether to approve the Second Amendment to the Incentive Plan:

the Board's belief that equity-based grants to employees are a highly effective recruiting and retention tool that allows key employees to share in the ownership of our Company and contribute to our revenue and earnings growth by aligning the long-term interests of our management and key employees with those of our stockholders; approximately 66.5% of awards currently outstanding vest over four years, thus the value ultimately realized depends on the long-term value of our Common Stock; approximately 33.5% of awards currently outstanding under the Incentive Plan vest only if certain

performance criteria are achieved, thus resulting in dilution only if stockholder value is created; and the Board's belief that if additional shares are not available for future awards, we would be required to discontinue or significantly curtail our current equity incentive program and increase the use of cash awards, which could have an adverse impact on our ability to attract, motivate and retain employees and our results of operations.

Provisions Designed to Protect Stockholders

The Incentive Plan (as amended by the Second Amendment to the Incentive Plan) and our governance and compensation policies contain a number of provisions that we believe are designed to protect stockholder interests, including:

prohibition of share recycling related to exercise of stock options, shares available for issuance upon the grant of SARs and shares forfeited for tax withholding obligations;

prohibition of the repricing of stock options without stockholder approval;

prohibition of the issuance of stock options with an exercise price less than the fair market value of the Common Stock on the grant date;

limiting the maximum term of a stock option to ten years;

prohibition of (i) tax gross-ups of any kind, (ii) payment of dividends on unvested Awards and (iii) vesting periods of less than twelve months;

administration of the Incentive Plan by the Executive Compensation Committee, which is comprised entirely of independent directors;

double trigger change-in-control provisions upon consummation of a change-in-control in awards after July 2016;

awards to Participants are subject to limits as to the number of shares or cash received;

our Proxy Access allows eligible stockholders with an ownership threshold of 3% (in the aggregate, with an unlimited number of other stockholders) who have held their shares for at least three years and who otherwise meet the requirements set forth in our bylaws to have their nominees consisting of the greater of 25% or two nominees of our Board included in our proxy materials; our Clawback Policy, which allows us to recoup incentive-based compensation (including cash- and equity-based incentive compensation) paid or granted to an employee following a material financial restatement or the imposition of a material financial penalty, subject to certain limitations, as further provided in our Clawback Policy; and

our Stock Ownership and Anti-Hedging and Pledging Policy, which, among other things, (i) requires our executive officers and non-employee directors to build certain stock ownership over time through equity grants, expressed as multiples of annual base salary or cash retainer for Board service, as applicable, (ii) requires such individuals to retain post-tax shares from each award on exercise, vesting or earn-out, until such individual complies with the stock ownership levels required by the Stock Ownership and Anti-Hedging and Pledging Policy and (iii) prohibits hedging transactions in our Common Stock and pledging our Common Stock as collateral for loans or purchasing our Common Stock on margin, all as

further provided
in our Stock
Ownership and
Anti-Hedging
and Pledging
Policy.

Description of the Incentive Plan and the Second Amendment to the Incentive Plan

In May 2017, our stockholders approved the First Amendment to the Incentive Plan (the "First Amendment"). If approved by our stockholders at the Annual Meeting, the Second Amendment to the Incentive Plan will be effective as of May 8, 2019, its approval date. The principal provisions of the Incentive Plan, as amended by the First Amendment and the Second Amendment to the Incentive Plan, are summarized below. This summary is qualified in its entirety by reference to the text of the Incentive Plan as currently in effect. The Second Amendment to the Incentive Plan is attached as Appendix A to this Proxy Statement and has been reviewed by our independent compensation consultant, CSI. You are urged to read the actual text of the Incentive Plan and the Second Amendment to the Incentive Plan in their entirety.

The purposes of the Incentive Plan are to: (i) provide our employees with an opportunity to acquire Common Stock in a manner that reinforces our performance goals and provides an incentive to continue employment with us and work toward our long-term growth, development and financial success; (ii) attract, motivate and retain qualified executive officers and other key personnel by providing them with long-term incentives and reward such Participants by the issuance of equity grants so that these employees and directors will contribute to and participate in our long-term performance; and (iii) align our executives' and stockholders' short- and long-term interests by creating a strong and direct link between executive pay and stockholder return. In furtherance of these purposes, the Incentive Plan authorizes the grant of stock options and restricted stock, subject to applicable law, to our employees, directors and consultants.

The Incentive Plan allows the Executive Compensation Committee to link compensation to performance over a period of time by granting Awards that have multiple-year vesting schedules. Awards with multiple-year vesting schedules, such as restricted stock grants, provide balance to the other elements of our compensation program that otherwise link compensation to our short-term performance. Awards with multiple-year vesting schedules create an incentive for executive officers to increase stockholder value over an extended period of time because the value received from such Awards is based upon the growth of the stock price. Furthermore, the Incentive Plan provides that any Award subject to vesting over a period of time will not vest in periods of less than twelve months from the Grant Date of such Award. Such Awards also incentivize executives and management to remain with us over an extended period of time. Thus, we believe the Incentive Plan is an effective way of aligning the interests of our executive officers with those of our stockholders.

When originally adopted, there were 500,000 shares available under the Incentive Plan. The First Amendment increased the number of shares of Common Stock available for issuance thereunder by an additional 500,000 shares, and the Second Amendment increases the number of Common Stock available for issuance thereunder by an additional 500,000 shares. Currently there are approximately 140,000 shares available for issuance under the

55

Incentive Plan; therefore, the Second Amendment to the Incentive Plan would result in approximately 640,000 shares being available for future awards, subject to adjustment for future forfeitures (except for tax withholding and cashless exercise forfeitures) and to reflect the occurrence of certain events (described under "Proposal FOUR: Approval of the Second Amendment to the Incentive Plan – Description of the Incentive Plan and the Second Amendment to the Incentive Plan — Adjustments Upon Certain Events" below).

In addition, we are amending our Incentive Plan to make technical updates related to Section 162(m) of the Code in light of the TCJA, and to make such other miscellaneous, administrative and conforming changes as are necessary.

Burn Rate

We believe calculating the Company's burn rate based upon performance-based awards earned in the year (versus granted) and time-based awards granted in the year, divided by our weighted average shares outstanding, provides a more accurate depiction of our burn rate. The following table summarizes our performance-based awards to all employees over the last three years that were granted, earned and forfeited. Our current burn rate is below 1.5%, calculated based upon performance-based awards earned in the year (versus granted) and time-based awards granted in the year, divided by our weighted average shares outstanding.

Types of Awards

A description of the Awards that may be made pursuant to the Incentive Plan follows. Such descriptions are qualified in their entirety by reference to the text of the Incentive Plan.

Stock Options. Pursuant to the Incentive Plan, the Executive Compensation Committee may grant Awards in the form of stock options to purchase shares of Common Stock, which stock options may be non-qualified or incentive stock options for federal income tax purposes. Stock options granted under the Incentive Plan vest and become exercisable at such times and upon such terms and conditions as may be determined by the Executive Compensation

56

Committee. Any stock option granted in the form of an incentive stock option must satisfy the requirements of Section 422 of the Code. The exercise price per share of Common Stock for any stock option cannot be less than 100% of the Fair Market Value of a share of Common Stock on the day that the stock option is granted. In addition, the term of the stock option may not exceed ten years. The exercise price of any stock option granted pursuant to the Incentive Plan may not be subsequently reduced by amendment or cancellation and substitution of such stock option or any other action of the Executive Compensation Committee without stockholder approval, subject to the Executive Compensation Committee's authority to adjust Awards upon certain events as set forth in the Incentive Plan and as described below under "Adjustments Upon Certain Events."

A stock option may be exercised by paying the exercise price in cash or its equivalent and/or, to the extent permitted by the Executive Compensation Committee and applicable law, shares of Common Stock, a combination of cash and shares of Common Stock, or through the delivery of irrevocable instruments to a broker to sell the shares obtained upon the exercise of the stock option and to deliver to us an amount equal to the exercise price.

Stock Appreciation Rights. The Executive Compensation Committee may grant Awards in the form of stock appreciation rights, either in tandem with a stock option ("Tandem SARs") or independent of a stock option ("Freestanding SARs"). The exercise price of a stock appreciation right is an amount determined by the Executive Compensation Committee, but in no event is such amount less than 100% of the Fair Market Value of a share of Common Stock on the date that the stock appreciation right was granted or, in the case of a Tandem SAR, the exercise price of the related stock option.

A Tandem SAR may be granted either at the time of grant of the related stock option or at any time thereafter during the term of the related stock option. A Tandem SAR is exercisable to the extent its related stock option is exercisable. Each Tandem SAR will entitle the holder of such stock appreciation right to surrender the related stock option and to receive an amount equal to (i) the excess of (A) the Fair Market Value on the exercise date of one share of Common Stock over (B) the stock option exercise price per share of Common Stock, times (ii) the number of shares of Common Stock covered by the stock option that is surrendered. Upon the exercise of a stock option as to some or all of the shares of Common Stock covered by such stock option, the related Tandem SAR is automatically canceled to the extent of the number of shares of Common Stock covered by the exercise of the stock option.

Other Stock-Based Awards. The Executive Compensation Committee may grant Awards in the form of Stock Awards (for either unrestricted or restricted shares of Common Stock), Restricted Stock Unit Awards, and other Awards that are valued in whole or in part by reference to, or are otherwise based on the Fair Market Value of, Common Stock. Such other stock-based Awards are in such form, and dependent on such conditions, as the Executive Compensation Committee determines, including, without limitation, the right to receive, or vest with respect to, one or more shares of Common Stock (or the equivalent cash value of such shares of Common Stock) upon the completion of a specified period of service, the occurrence of an event, and/or the attainment of performance objectives.

Performance Units. The Executive Compensation Committee may grant Awards in the form of performance units, which are units valued by reference to designated criteria established by the Executive Compensation Committee other than Common Stock. Performance units are in such form, and dependent on such conditions, as the Executive Compensation Committee determines, including, without limitation, the right to receive a designated payment upon the completion of a specified period of service, the occurrence of an event and/or the attainment of performance objectives.

Performance Awards. Performance Awards are designed to reward executive officers for their contributions to our financial and operating performance and are based primarily upon our financial results and certain operating statistics that the Executive Compensation Committee identifies each year as being important to our success. Performance Awards are Awards structured to qualify as deductible "performance-based" compensation for purposes of Section 162(m) of the Code (to the extent that such Awards remain eligible to qualify as "performance-based compensation" for purposes of Section 162(m) under applicable "grandfathering" rules relating thereto). Performance Awards may take the form of cash, Stock Awards, Restricted Stock Unit Awards or performance units that are conditioned upon the satisfaction of enumerated performance criteria during a stated performance period, which Awards, in addition to satisfying the requirements otherwise applicable to that type of Award generally, also satisfy the requirements of Performance Awards under the Incentive Plan.

Administration

The Incentive Plan is administered by the Executive Compensation Committee, or such other committee as may be designated by the Board, which consists of at least two individuals who are intended to qualify both as "non-employee directors" within the meaning of Rule 16b-3 under the Exchange Act, and as "independent directors" for purposes of the rules of the principal national securities exchange on which the Common Stock is then listed or admitted to trading, to the extent required by such rules.

The Executive Compensation Committee may allocate all or any portion of its responsibilities and powers under the Incentive Plan to any one or more of its members, the Company's CEO, or other senior members of management as the Executive Compensation Committee deems appropriate; however, only the Executive Compensation Committee, or another committee consisting of two or more individuals who qualify both as "non-employee directors" and as "independent directors," may select and grant Awards to Participants who are subject to Section 16 of the Exchange Act. The Executive Compensation Committee may revoke any such allocation or delegation at any time for any reason with or without prior notice.

Shares Available and Maximum Awards

Following the First Amendment, there were approximately 661,500 shares of Common Stock available for issuance pursuant to the Incentive Plan. As of December 31, 2018, we had approximately 525,601 shares available for issuance. Due to awards and forfeitures since December 31, 2018, approximately 140,000 shares currently remain available for future Awards. In March 2019, the Executive Compensation Committee adopted the Second Amendment to the Incentive Plan to increase by 500,000 the number of shares of the Company's Common Stock available for issuance of stock grants, options and other equity awards to the Company's employees, directors and consultants, which would result in approximately 640,000 shares being currently available for future awards following such increase, subject to approval by our stockholders at the Annual Meeting. Any shares subject to outstanding option or restricted stock grants are counted against the shares reserved and available for issuance as one share for every share subject thereto. If an option expires or is terminated without having been exercised in full, or if a restricted stock grant is forfeited, the unexercised or forfeited shares become available for future grant under the Incentive Plan. The number of shares of Common Stock available under the Incentive Plan may be adjusted to reflect the occurrence of certain events (described under "Proposal FOUR: Approval of the Second Amendment to the Incentive Plan – Description of the Incentive Plan and the Second Amendment to the Incentive Plan — Adjustments Upon Certain Events" below). Shares received upon the exercise of stock options, shares reserved for issuance upon the grant of SARs, and shares forfeited for tax withholding obligations are not available for use under the Incentive Plan. Awards that terminate by expiration, non-tax forfeiture, cancellation or otherwise without the issuance of such shares, are settled in cash in lieu of shares of Common Stock, or are exchanged for Awards not involving shares of Common Stock will become available again under the Incentive Plan. The shares of Common Stock available for issuance under the Incentive Plan may be authorized and unissued shares or treasury shares, including shares purchased in open market or private transactions.

The maximum Award granted or payable to any one Participant under the Incentive Plan for a calendar year, is 125,000 shares of Common Stock, subject to the Executive Compensation Committee's authority to adjust Awards upon certain events (described under "Proposal FOUR: Approval of the Second Amendment to the Incentive Plan – Description of the Incentive Plan and the Second Amendment to the Incentive Plan — Adjustments Upon Certain Events" below), or, in the event the Award is paid in cash, \$1.25 million.

Payment Terms

Awards may be paid in cash, shares of Common Stock, a combination of cash and shares of Common Stock or in any other permissible form, as the Executive Compensation Committee determines. Payment of Awards may include such terms, conditions, restrictions and/or limitations, if any, as the Executive Compensation Committee deems appropriate, including, in the case of Awards paid in shares of Common Stock, restrictions on transfer of such shares and provisions regarding the forfeiture of such shares under certain circumstances.

At the discretion of the Executive Compensation Committee, a Participant may defer payment of any Award, salary, bonus compensation, Board compensation, or any portion thereof. If permitted by the Executive

Compensation Committee, any such deferral shall be accomplished by the delivery of a written, irrevocable election by the Participant prior to the time established by the Executive Compensation Committee for such purpose, on a form provided by the Company.

The Company is entitled to deduct from any payment to a Participant under the Incentive Plan the amount of all applicable income and employment taxes required by law to be withheld with respect to such payment or may require the Participant to pay to the Company such tax prior to and as a condition of the making of such payment. Subject to certain limitations, the Executive Compensation Committee may allow a Participant to pay the amount of taxes required by law to be withheld from an Award by withholding any shares of Common Stock to be paid under such Award or by permitting the Participant to deliver to the Company shares of Common Stock having a Fair Market Value equal to the amount of such taxes.

No Dividends or Gross-Ups

The Incentive Plan prohibits payment of dividends on unvested awards or additional withholding tax "gross-up" payments to Participants to meet excise taxes or other additional income tax liability.

Repricing Prohibited

Except for certain adjustments that the Incentive Plan contemplates, we may not, without obtaining stockholder approval, (i) amend the terms of outstanding options or stock appreciation rights to reduce the exercise price of such outstanding options or stock appreciation rights; (ii) cancel or substitute outstanding options or stock appreciation rights in exchange for options or stock appreciation rights with an exercise price that is less than the exercise price of the original options or stock appreciation rights; or (iii) cancel or substitute outstanding options or stock appreciation rights with an exercise price above the current price of our Common Stock in exchange for cash or other securities.

Change-in-Control

Our recent equity award agreements contain double trigger, rather than single trigger, vesting of equity-based awards upon a change-in-control, as defined therein. Equity awards granted after July 2016 include a double trigger provision, which provides for the payment, or acceleration of payment, of compensation following a change-in-control only when the recipient is terminated without "cause" or is subject to a "constructive termination" during the twelve months following a change-in-control.

Adjustments Upon Certain Events

In the event that there is, with respect to the Company, a stock dividend or split, reorganization, recapitalization, merger, consolidation, spin-off, combination, or transaction or exchange of Common Stock or other corporate exchange, or any distribution to stockholders of Common Stock or other property or securities (other than regular cash dividends), or any transaction similar to the foregoing or other transaction that results in a change to the Company's capital structure, then the Executive Compensation Committee shall make substitutions and/or adjustments to the maximum number of shares available for issuance under the Incentive Plan, the maximum Award payable, the number of shares to be issued pursuant outstanding Awards, the option prices, exercise prices or purchase prices of outstanding Awards and/or any other affected terms of an Award or the Incentive Plan as the Executive Compensation Committee, in its sole discretion, deems equitable or appropriate.

The Executive Compensation Committee, in its sole discretion and without liability to any person, may adjust Performance Goals and Performance Periods for Performance Awards if permitted by Section 162(m) of the Code (to the extent that such Awards remain eligible to qualify as "performance-based compensation" for purposes of Section 162(m) under applicable "grandfathering" rules relating thereto) to prevent the dilution or enlargement of a Participant's rights with respect to a Performance Award. For Stock Awards conditioned, restricted and/or limited based on Performance Goal(s), the length of the Performance Period, the Performance Goal(s) to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goal(s) has (have) been attained shall be conclusively determined by the Executive Compensation Committee, but the Executive Compensation Committee may only adjust downward, not upward, any amount determined to be otherwise payable in connection with such an Award. With the exception of the foregoing, the Executive Compensation Committee shall not reprice any stock options and/or stock appreciation rights unless such action is approved by the Company's stockholders. "Reprice," as used in the Incentive Plan, means (i) the reduction, directly or indirectly, in the per-share exercise price of an outstanding stock option(s) or other stock appreciation right(s) issued under the Incentive Plan

by amendment, cancellation or substitution, (ii) the replacement of an outstanding stock option(s) and/or stock appreciation right(s) issued under the Incentive Plan in exchange for cash or other consideration, or (iii) any other action that would be treated as a "repricing" under the rules and interpretations of the principal national securities exchange on which the Common Stock is then listed or admitted to trading.

Termination and Amendment

The Executive Compensation Committee may suspend or terminate the Incentive Plan at any time for any reason with or without prior notice. In addition, the Executive Compensation Committee may, from time to time for any reason and with or without prior notice, amend the Incentive Plan in any manner, but may not, without stockholder approval, adopt any amendment which would require the vote of the stockholders of the Company if such approval is necessary or deemed advisable with respect to tax, securities or other applicable laws or regulations, including, but not limited to, the listing requirements of the stock exchanges or quotation systems on which the securities of the Company are listed. No Awards may be made pursuant to the Incentive Plan after May 23, 2024, or May 8, 2029 if the Second Amendment is passed. No amendment may materially and adversely affect any of the rights of such Participant under any Award theretofore granted to such Participant under the Incentive Plan.

Tax Status of Incentive Plan Awards

No person connected with the Incentive Plan in any capacity, including, but not limited to, the Company and its directors, officers, agents and employees, makes any representation, commitment or guaranty that any tax treatment, including, but not limited to, federal, state and local income, estate and gift tax treatment, will be applicable with respect to the tax treatment of any Award, any amounts deferred under the Incentive Plan, or paid to or for the benefit of a Participant under the Incentive Plan, or that such tax treatment will apply to or be available to a Participant on account of participation in the Incentive Plan.

Securities Act Registration

The registration with the SEC on Form S-8 of the shares of Common Stock issuable under the Incentive Plan will be post-effectively amended on Form S-8 as soon as practicable, subject to the stockholders' approval of the Second Amendment to the Incentive Plan.

Eligible Participants

Participants in the Incentive Plan will be selected by the Executive Compensation Committee from our executive officers, directors, employees and consultants. As of December 31, 2018, approximately 2,500 employees and seven non-employee directors were eligible to participate in the Incentive Plan.

The selection of those persons within a particular class who will receive Awards is entirely within the discretion of the Executive Compensation Committee. Only employees, however, are eligible to receive "incentive stock options" within the meaning of Section 422 of the Code. The Executive Compensation Committee has not determined how many persons are likely to participate in the Incentive Plan over time. The Executive Compensation Committee intends, however, to grant most Awards to those persons who are in a position to have a significant direct impact on our growth, profitability and success, which would include a portion of the Participants in the Incentive Plan.

Federal Income Tax Status of Incentive Plan Awards

The following is only a summary of the effect of federal income taxation upon us and the Participants under the Incentive Plan. It does not purport to be complete and does not discuss all of the tax consequences of a Participant's death or the provisions of the income tax laws of any state, municipality or foreign country in which the Participants may reside.

Incentive Stock Options. A Participant is not treated as receiving taxable income upon either the grant of an incentive stock option (an "ISO") or upon the exercise of an ISO. However, the difference between the exercise price and the fair market value on the date of exercise is an item of tax preference at the time of exercise in determining liability for the alternative minimum tax, assuming that the Common Stock is either transferable or is not subject to a substantial risk of forfeiture under Section 83 of the Code. If at the time of exercise, the Common Stock is both nontransferable and is subject to a substantial risk of forfeiture, the difference between the exercise

price and the fair market value of the Common Stock (determined at the time the Common Stock becomes either transferable or not subject to a substantial risk of forfeiture) will be a tax preference item in the year in which the Common Stock becomes either transferable or not subject to a substantial risk of forfeiture.

If Common Stock acquired by the exercise of an ISO is not sold or otherwise disposed of within two years from the date of its grant and is held for at least one year after the date such Common Stock is transferred to the Participant upon exercise, any gain or loss resulting from its disposition is treated as long-term capital gain or loss. If such Common Stock is disposed of before the expiration of the above-mentioned holding periods, a "disqualifying disposition" occurs. If a disqualifying disposition occurs, the Participant realizes ordinary income in the year of the disposition in an amount equal to the difference between the fair market value of the Common Stock on the date of exercise and the exercise price, or the selling price of the Common Stock and the exercise price, whichever is less. The balance of the Participant's gain on a disqualifying disposition, if any, is taxed as capital gain.

We are not entitled to any tax deduction as a result of the grant or exercise of an ISO, or on a later disposition of the Common Stock received, except that in the event of a disqualifying disposition, we are entitled to a deduction equal to the amount of ordinary income realized by the Participant.

Non-Qualified Stock Options. A Participant does not recognize any taxable income upon the grant of a non-qualified stock option (a "NSO"), and we are not entitled to a tax deduction by reason of such grant. Upon exercise of a NSO, the Participant recognizes ordinary income generally measured by the excess of the then fair market value of the shares over the exercise price, and we are entitled to a corresponding tax deduction. Upon a disposition of shares acquired upon exercise of a NSO by the Participant, any difference between the sale price and the exercise price, to the extent not recognized as ordinary income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period. Such subsequent disposition by the Participant has no tax consequence to us.

Stock Appreciation Rights. No income is realized by a Participant at the time a stock appreciation right is awarded, and no deduction is available to us at such time. A Participant realizes ordinary income upon the exercise of the stock appreciation right in an amount equal to the fair market value of the shares of Common Stock received by the Participant from such exercise, and we will be entitled to a corresponding deduction at such time, subject to the limitations of Section 162(m) of the Code (to the extent such limitations remain relevant under any applicable "grandfathering" rules relating thereto), if applicable (see "Proposal FOUR: Approval of the Second Amendment to the Incentive Plan – Description of the Incentive Plan and the Second Amendment to the Incentive Plan — Limitation on Income Tax Deduction" below).

Unrestricted Stock-Based Award. Upon the grant of an unrestricted stock-based Award, a Participant will realize taxable income equal to the fair market value at such time of the shares of Common Stock received by the Participant under such Award (less the purchase price therefor, if any), and we will be entitled to a corresponding deduction at that time, subject to the limitations of Section 162(m) of the Code (to the extent such limitations remain relevant under any applicable "grandfathering" rules relating thereto), if applicable (see "Proposal FOUR: Approval of the Second Amendment to the Incentive Plan – Description of the Incentive Plan — Limitation on Income Tax Deduction" below).

Restricted Stock-Based Award. Upon the grant of a restricted stock-based Award, no income will be realized by a Participant (unless a Participant timely makes an election to accelerate the recognition of the income to the date of the grant), and we will not be allowed a deduction at that time. When the Award vests and is no longer subject to a substantial risk of forfeiture for income tax purposes, the Participant will realize taxable ordinary income in an amount equal to the fair market value at such time of the shares of Common Stock received by the Participant under such Award (less the purchase price therefor, if any), and we will be entitled to a corresponding deduction at such time. If a Participant does make a timely election to accelerate the recognition of income, then the Participant will recognize taxable ordinary income in an amount equal to the cash and the fair market value at the time of grant of the shares of Common Stock to be received by the Participant under such Award (less the purchase price therefor, if any), and we will be entitled to a corresponding deduction at such time. Participants will only be eligible to make such an election on restricted stock-based Awards that constitute an Award of "property" within the meaning of Section 83 of the Code (e.g., shares of restricted stock) as of the grant date. In each case, our deduction will be subject to the limitations of Section 162(m) of the Code (to the extent such limitations remain relevant under any applicable "grandfathering" rules relating thereto), if applicable (see "Proposal FOUR: Approval of the Second

Amendment to the Incentive Plan – Description of the Incentive Plan and the Second Amendment to the Incentive Plan — Limitation on Income Tax Deduction" below).

Performance Units and Performance Awards. A Participant receiving a performance unit or a Performance Award will not recognize income, and we will not be allowed a deduction, at the time such Award is granted. When a Participant receives payment of a performance unit or Performance Award, the amount of the fair market value of any shares of Common Stock received will be ordinary income to the Participant, and we will be entitled to a corresponding deduction at that time, subject to the limitations of Section 162(m) of the Code (to the extent such limitations remain relevant under any applicable "grandfathering" rules relating thereto), if applicable (see "Proposal FOUR: Approval of the Second Amendment to the Incentive Plan – Description of the Incentive Plan and the Second Amendment to the Incentive Plan — Limitation on Income Tax Deduction" below).

Effect of Deferral on Taxation of Awards. If the Executive Compensation Committee permits a Participant to defer the receipt of payment of an Award and such Participant makes an effective election to defer the payment of the Award in accordance with the administrative guidelines established by the Executive Compensation Committee, the Participant will not realize taxable income until the date the Participant becomes entitled to receive such payment pursuant to the terms of the deferral election, and we will not be entitled to a deduction until such time, assuming the deferral arrangement complies with Section 409A of the Code. Any interest or dividends paid on, or capital gains resulting from, the investment by us of the amount deferred during the deferral period will be taxable to us in the year recognized. At the time the Participant becomes entitled to receive the deferred payment, the Participant will recognize taxable income in an amount equal to the actual payment to be received, including any interest or earnings credited on the amount deferred during the deferral period, and we will be entitled to a corresponding deduction for such amount at that time, subject to the limitations of Section 162(m) of the Code (to the extent such limitations remain relevant under any applicable "grandfathering" rules relating thereto), if applicable (see "Proposal FOUR: Approval of the Second Amendment to the Incentive Plan – Description of the Incentive Plan and the Second Amendment to the Incentive Plan — Limitation on Income Tax Deduction" below). Section 409A of the Code generally establishes rules that must be followed with respect to covered deferred compensation arrangements in order to avoid the imposition of an additional 20% penalty tax (plus interest) on the employee or other service provider who is entitled to receive the deferred compensation.

Limitation on Income Tax Deduction

U.S. federal income tax law generally prohibits publicly held companies from deducting compensation paid to certain executive officers that exceeds \$1 million during the tax year. Historically, Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"), provided an exemption from the deductibility limit for certain compensation that was "performance-based" and meet various requirements as set forth under Section 162(m). The TCJA repealed this exemption, and now compensation paid to such executive officers in excess of \$1 million in 2018 and later is no longer deductible, even if performance-based, unless it meets certain limited transition relief. While guidance has been issued on the scope of this transition relief, its application is based on interpretation and no assurance can be given as to whether Awards that are intended to qualify for the Section 162(m) exemption (as such exemption existed prior to January 1, 2018) will be deductible under the applicable transition relief guidance. We retain the ability to pay compensation that exceeds deductibility limits and believe that having flexibility to recruit, retain and motivate our employees with a compensation program that promotes long-term value creation, even though some compensation awards may not be tax-deductible, is in the best interests of our stockholders.

Incentive Plan Benefits

The following table sets forth certain information regarding grants of equity awards made under the Incentive Plan during 2018 to: (i) each of the Named Executive Officers; (ii) all current executive officers of the Company as a group; (iii) all current directors who are not executive officers as a group; and (iv) all employees, including all current officers who are not executive officers, as a group. This Amendment (the "Second Amendment") to the USA Truck, Inc. 2014 Omnibus Incentive Plan, as amended by the First Amendment (the "Plan") is made and adopted by USA Truck, Inc. (the "Company"). Capitalized terms used herein but not defined herein shall have the meanings ascribed to them in the Plan, as amended by the Second Amendment.

The Performance Criteria that will be used to establish such Performance Goal(s) shall be expressed in terms of the attainment of specified levels of one or any variation or combination of the following: revenues (including, without limitation, measures such as revenue per mile (loaded or total) or revenue per tractor), net revenues, fuel surcharges, accounts receivable collection or days sales outstanding, cost reductions and savings (or limits on cost increases), safety and claims (including, without limitation, measures such as accidents per million miles, number of significant accidents, number of worker's compensation claims, changes in safety scores and ratings), operating income, operating ratio, operating margin, income before taxes, net income, earnings before interest and taxes (EBIT), earnings before interest, taxes, depreciation, and amortization (EBITDA), earnings before interest, taxes, depreciation and amortization, and rents (EBITDAR), adjusted net income, diluted earnings per share, adjusted diluted earnings per share, stock price, working capital measures, assets, return on assets, return on revenues, debt-to-equity or debt-to-capitalization (in each case with or without lease adjustment), leverage measures, productivity and efficiency measures (including, without limitation, measures such as driver turnover, trailer-to-tractor ratio, tractor-to-non-driver ratio, average revenue per tractor, average percentages of loaded and empty miles, average fuel savings, and fuel surcharge revenues), cash position, return on stockholders' equity, return on invested capital, cash flow measures (including, without limitation, free cash flow), net margin, gross margin, market share, stockholder return, economic value added, or completion of acquisitions (either with or without specified size). In addition, the Committee may establish, as additional Performance Criteria, the attainment by a Participant of one or more personal objectives and/or goals that the Committee deems appropriate, including, without limitation, implementation of Company policies, negotiation of significant corporate transactions, development of long-term business goals or strategic plans for the Company, or the exercise of specific areas of managerial responsibility. Each of the Performance Criteria may be expressed on an absolute and/or relative basis with respect to one or more peer group companies or indices, and may include comparisons with past performance of the Company (including one or more divisions thereof, if any) and/or the current or past performance of other companies. Where applicable, to the extent permitted under Section 162(m) of the Code (to the extent such determinations or adjustments remain relevant under any applicable "grandfathering" rules relating thereto), the Committee may adjust the performance criteria to omit the effects of extraordinary items, acquisitions or dispositions, unusual, one-time or non-recurring items, cumulative effects of changes in accounting principles and similar items or transactions.

6. Section 2.1(bb) of the Plan is hereby amended in its entirety as follows:

(bb) "Term" means the term during which new Awards may be granted under the Plan, which shall be, (i) if stockholder approval of this Plan Second Amendment is obtained at the 2014 2019 Annual Meeting of Stockholders, the date of such approval, until the Plan expires on May 23, 2024, or (ii) if stockholder approval of this Second Amendment is not obtained at the 2019 Annual Meeting of Stockholders, May 23, 2014 until the Plan expires on May 23, 2024.

7. Section 4.4 of the Plan is hereby amended in its entirety as follows:

Section 4.4 Section 162(m) of the Code. With regard to Awards issued to Covered Employees that are or were intended to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code (to the extent that such Awards remain eligible to qualify as "performance-based compensation" for purposes of Section 162(m) under applicable "grandfathering" rules relating thereto), the Plan shall, for all purposes, be interpreted and construed with respect to such Awards in the manner that would result in such interpretation or construction satisfying the exemptions available under Section 162(m) of the Code or applicable "grandfathering" rules" relating thereto.

8. Section 4.6 of the Plan is hereby amended in its entirety as follows:

Section 4.6. Allocation and Delegation of Authority. The Committee may allocate all or any portion of its responsibilities and powers under the Plan to any one or more of its members, the CEO, or other senior members of management as the Committee deems appropriate, and may delegate all or any part of its responsibilities and powers to any such person or persons; provided, that any such allocation or delegation be in writing; provided, further, that only the Committee, or other committee consisting of two or more Directors, all of whom are both "Non-Employee Directors" within the meaning of Rule 16b-3 under the Exchange Act and "outside independent directors" within for purposes of the meaning rules of the definition of principal national securities exchange on which the Common Stock is then listed or admitted to trading, to the extent required by such term as contained in Treasury Regulation Section 1.162-27(e)(3) rules, may select and grant Awards to Participants who are subject to Section 16 of the Exchange Act or are Covered Employees. The Committee may revoke any such allocation or delegation at any time for any reason with or without prior notice.

9. Section 5.2(a) of the Plan is hereby amended in its entirety as follows:

(a) Special Terms. In order to facilitate the making of any Award to Participants who are employed or retained by the Company outside the United States as Employees, Directors, or Consultants (or who are foreign nationals temporarily within the United States) and who are not (and who are not expected to be) "covered employees" within the meaning of Section 162(m) of the Code, the Committee may provide for such modifications and additional terms and conditions ("Special Terms") in Awards as the Committee may consider necessary or appropriate to accommodate differences in local law, policy, or custom or to facilitate administration of the Plan. The Special Terms may provide that the grant of an Award is subject to (i) applicable governmental or regulatory approval or other compliance with local legal requirements and/or (ii) the execution by the Participant of a written instrument in the form specified by the Committee, and that in the event such conditions are not satisfied, the grant shall be void. The Special Terms may also provide that an Award shall become exercisable or redeemable, as the case may be, if an Employee's employment or Director's or Consultant's relationship with the Company ends as a result of workforce reduction, realignment, or similar measure, and the Committee may designate a person or persons to make such determination for a location. The Committee may adopt or approve sub-plans, appendices or supplements to, or amendments, restatements, or alternative versions of, the Plan as it may consider necessary or appropriate for purposes of implementing any Special Terms, without thereby affecting the terms of the Plan as in effect for any other purpose; provided, however, no such sub-plans, appendices or supplements to, or amendments, restatements, or alternative versions of, the Plan shall: (A) increase the limitations contained in Section 6.3; (B) increase the number of available shares under Section 6.1; or (C) cause the Plan to cease to satisfy any conditions of Rule 16b-3 under the Exchange Act.

10. Section 6.1 of the Plan is hereby amended in its entirety as follows:

Section 6.1. Available Shares. The maximum aggregate number of shares of Common Stock which shall be available for the grant of Awards under the Plan from and after the First Second Amendment effective Effective date Date (including incentive stock options) until the end of the Plan's Term shall not exceed 500,000 shares plus such of the 500,0001,000,000 shares previously reserved as become available for grant pursuant to the terms of the Plan (the "Share Reserve"). The Share Reserve shall be subject to adjustment as provided in Section 6.2. Any shares of Common Stock related to Awards that terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such shares, are settled in cash in lieu of Common Stock, or are exchanged with the Committee's permission for Awards not involving Common Stock (collectively, "Terminated Shares") shall be available again for grant under the Plan to the extent such Terminated Shares relate to Awards granted on or after the Plan effective date. Notwithstanding anything contained in this Plan to the contrary, the following shares shall not become available for issuance under the Plan: (a) shares tendered by Participants as full or partial payment to the Company upon exercise of stock options granted under this Plan; (b) shares reserved for issuance upon the grant of SARs, to the extent the number of reserved shares exceeds the number of shares actually issued upon exercise of the SARs; (c) shares withheld by, or otherwise remitted to, the Company to satisfy a Participant's tax withholding obligations upon the lapse of restrictions on Restricted Stock or the exercise of stock options or SARs granted under the Plan or upon any other payment or issuance of shares under the Plan; (d) shares that were reserved for issuance under the Predecessor Plan; and (e) shares that are related to Awards granted under the Predecessor Plan that terminate by expiration, forfeiture,

cancellation or otherwise without the issuance of such shares, are settled in cash

68

in lieu of Common Stock, or are exchanged with the Committee's permission for Awards not involving Common Stock. The shares of Common Stock available for issuance under the Plan may be authorized and unissued shares or treasury shares, including shares purchased in open market or private transactions. For the purpose of computing the total number of shares of Common Stock granted under the Plan, where one or more types of Awards, both of which are payable in shares of Common Stock, are granted in tandem with each other such that the exercise of one type of Award with respect to a number of shares cancels an equal number of shares of the other, the number of shares granted under both Awards shall be deemed to be equivalent to the number of shares under one of the Awards.

11. Section 6.2 of the Plan is hereby amended in its entirety as follows:

Section 6.2. Adjustment Upon Certain Events. In the event that there is, with respect to the Company, a stock dividend or split, reorganization, recapitalization, merger, consolidation, spin-off, combination, or transaction or exchange of Common Stock or other corporate exchange, or any distribution to stockholders of Common Stock or other property or securities or any extraordinary cash dividend (other than regular cash dividends), or any transaction similar to the foregoing or other transaction that results in a change to the Company's capital structure, then the Committee shall make substitutions and/or adjustments to the maximum number of shares available for issuance under the Plan, the maximum Award payable under Section 6.3, the number of shares to be issued pursuant to outstanding Awards, the option prices, exercise prices or purchase prices of outstanding Awards, and/or any other affected terms of an Award or the Plan as the Committee, in its sole discretion and without liability to any person, deems equitable or appropriate. The Committee, in its sole discretion and without liability to any person, may adjust Performance Goals and Performance Periods for Performance Awards to the extent permitted by Code Section 162(m) (to the extent such determinations or adjustments remain relevant under any applicable "grandfathering" rules relating thereto) to prevent the dilution or enlargement of a Participant's rights with respect to a Performance Award.

12. Sections 7.1, 7.2, and 7.3 of the Plan are hereby amended in their entirety as follows:

Section 7.1. Purpose. For purposes of Performance Awards issued to Employees, Directors, and Consultants that are intended to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code (to the extent that such Performance Awards remain eligible to qualify as "performance-based compensation" for purposes of Section 162(m) under applicable "grandfathering" rules relating thereto), the provisions of this Article VII shall apply in addition to and, where necessary, in lieu of the provisions of Article X, Article XI, and Article XII. The purpose of this Article is to provide the Committee the ability to qualify the Stock Awards authorized under Article X, the Restricted Stock Unit Awards authorized under Article XI, and the performance units under Article XII as "performance-based compensation" under Section 162(m) of the Code (to the extent that such Awards remain eligible to qualify as "performance-based compensation" for purposes of Section 162(m) under applicable "grandfathering" rules relating thereto). The provisions of this Article VII shall control over any contrary provision contained in Article X, Article XI, or Article XII.

Section 7.2. Eligibility. For each Performance Period, the Committee will, in its sole discretion, designate within the initial period allowed under Section 162(m) of the Code which Employees, Directors, and Consultants will be Participants for such period. However, designation of an Employee, Director, or Consultant as a Participant for a Performance Period shall not in any manner entitle the Participant to receive an Award for the period. The determination as to whether or not such Participant becomes entitled to an Award for such Performance Period shall be decided solely in accordance with the provisions of this Article VII. Moreover, designation of an Employee, Director, or Consultant as a Participant for a particular Performance Period shall not require designation of such Employee, Director, or Consultant as a Participant in any subsequent Performance Period, and designation of one Employee, Director, or Consultant as a Participant shall not require designation of any other Employee, Director, or Consultant as a Participant in such period or in any other period.

Section 7.3. Discretion of Committee with Respect to Performance Awards. The Committee shall have the authority to determine which Covered Employees or other Employees, Directors, or Consultants shall be Participants of a Performance Award. With regard to a particular Performance Period, the Committee shall have full discretion to select the length of such Performance Period, the type(s) of Performance Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goal(s), whether the Performance Goal(s) is (are) to apply to the Company or any one or more subunits thereof and the Performance

Formula. For each Performance Period, with regard to the Performance Awards to be

issued for such period, the Committee will, within the initial period allowed under Section 162(m) of the Code, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence of this Section 7.3 and record the same in writing.

13. Section 8.1 of the Plan is hereby amended in its entirety as follows:

Section 8.1. In General. Awards may be granted in the form of stock options in such numbers and at such times during the Term of the Plan as the Committee shall determine. These stock options may be incentive stock options within the meaning of Section 422 of the Code, non-qualified stock options (i.e., stock options which are not incentive stock options), or a combination of both. All Awards under the Plan issued to Covered Employees in the form of non-qualified stock options shall qualify as "performance-based compensation" under Section 162(m) of the Code (to the extent that such Awards remain eligible to qualify as "performance-based compensation" for purposes of Section 162(m) under applicable "grandfathering" rules relating thereto).

14. Section 9.1 of the Plan is hereby amended in its entirety as follows:

Section 9.1. In General. Awards may be granted in the form of stock appreciation rights ("SARs") in such numbers and at such times during the Term of the Plan as the Committee shall determine. SARs entitle the Participant to receive a payment equal to the appreciation in a stated number of shares of Common Stock from the exercise price to the Fair Market Value of the Common Stock on the date of exercise. The "exercise price" for a particular SAR shall be defined in the Award Notice for that SAR. A SAR may be granted in tandem with all or a portion of a related stock option under the Plan ("Tandem SARs"), or may be granted separately ("Freestanding SARs"). A Tandem SAR may be granted either at the time of the grant of the related stock option or at any time thereafter during the term of the stock option. All Awards under the Plan issued to Covered Employees in the form of a SAR shall qualify as "performance-based compensation" under Section 162(m) of the Code (to the extent that such Awards remain eligible to qualify as "performance-based compensation" for purposes of Section 162(m) under applicable "grandfathering" rules relating thereto).

15. Section 16.4 of the Plan is hereby amended in its entirety as follows:

Section 16.4. Amendment/Termination. The Committee may suspend or terminate the Plan at any time for any reason with or without prior notice. In addition, the Committee may, from time to time for any reason and with or without prior notice, amend the Plan in any manner, but may not without stockholder approval adopt any amendment which would require the vote of the stockholders of the Company if such approval is necessary or deemed advisable with respect to tax, securities, or other applicable laws or regulations, including, without limitation, the listing requirements of the principal national securities exchange on which the Common Stock is then listed or admitted to trading. Notwithstanding the foregoing, without the consent of a Participant (except as otherwise provided in Section 6.2), no amendment may materially and adversely affect any of the rights of such Participant under any Award theretofore granted to such Participant under the Plan. No Awards shall be granted under the Plan after May 23, 2024, but Awards theretofore granted may extend beyond that date.

16. Except as expressly amended hereby, all provisions of the Plan shall remain unmodified and shall continue to be, and shall remain, in full force and effect in accordance with their respective terms.

17. This Second Amendment shall be and hereby is incorporated in and forms a part of the Plan.

18. This Second Amendment is contingent upon and shall have no force or effect until such time as it is approved by the stockholders of the Company.
