INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

THE ANNUAL MEETING

The annual meeting will be held on May 30, 2002 at the Inter-Continental Central Park South, located at 112 Central Park South, New York, New York, at 10:00 a.m. local time.

THIS PROXY SOLICITATION

We are sending you this Proxy Statement because our Board of Directors is seeking your proxy to vote your shares at the annual meeting. This Proxy Statement includes information that we are required to provide to you under the rules of the Securities and Exchange Commission. It is intended to assist you in voting your shares. On April 30, 2002, we began mailing information to all people who, according to our stockholder records, owned shares at the close of business on April 19, 2002.

Katy will pay the cost of requesting these proxies. Katy's directors, officers and employees may request proxies in person or by telephone, mail, telecopy or letter.

VOTING YOUR SHARES

You are entitled to one vote at the annual meeting for each share of Katy's common stock that you owned of record at the close of business on April 19, 2002. The number of shares you own (and may vote) is listed on the enclosed proxy card.

You may vote your shares at the annual meeting in person or by proxy. To vote in person, you must attend the annual meeting and obtain and submit a ballot. We will give you a ballot at the annual meeting. To vote by proxy, you must complete and return the enclosed proxy card. By completing and returning the proxy card, you will be directing the persons designated on the proxy card to vote your shares at the annual meeting in accordance with the instructions you give on the proxy card.

Your proxy card will be valid only if you sign, date and return it before the annual meeting. IF YOU COMPLETE THE PROXY CARD EXCEPT FOR THE VOTING INSTRUCTIONS, THEN YOUR SHARES WILL BE VOTED FOR EACH OF THE PROPOSALS. You may revoke your proxy at any time before it is voted by any of the following means:

- Notifying the Secretary of Katy in writing that you wish to revoke your proxy.
- Submitting a proxy dated later than your original proxy.
- Attending the annual meeting and voting. Merely attending the annual meeting will not by itself revoke a proxy; you must vote your shares at the annual meeting to revoke the proxy.

The Board of Directors does not expect any matter other than the proposals discussed in this Proxy Statement to be presented at the annual meeting. However, if any other matter properly comes before the annual meeting, your proxies will act on such matter in their discretion.

QUORUM AND VOTES REQUIRED FOR APPROVAL

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

The presence in person or by proxy of holders of a majority of the outstanding shares of common stock will constitute a quorum for the annual meeting. Abstentions and "broker non-votes" will be treated as present in determining whether the quorum requirement is satisfied. A "broker non-vote" occurs when a broker holding shares for a beneficial owner votes on one proposal pursuant to discretionary authority or instructions from the beneficial owner, but does not vote on another proposal because the broker has not received instructions from the beneficial owner and does not have discretionary power.

Each share of common stock is entitled to one vote on each matter to come before the annual meeting. With regard to the election of directors, you may vote for a candidate or withhold your vote. Directors will be elected by a plurality of the shares present in person or by proxy and entitled to vote on the election of directors. "Plurality" means that the nominees who receive the largest number of votes cast will be elected as directors, up to the maximum number of directors to be elected at the annual meeting. Consequently, any shares not voted (whether by abstention, broker non-vote or withholding authority) have no impact on the election of directors except to the extent the failure to vote for an individual results in another individual receiving a larger number of votes.

If a quorum is present, the approval of Proposal 3 requires the affirmative vote of the holders of a majority of the common stock present, in person or by proxy, at the annual meeting. The approval of Proposal 2 requires the affirmative vote of the holders of a majority of the common stock outstanding. With respect to these matters, a stockholder may (i) vote "For" the matter, (ii) vote "Against" the matter, or (iii) "Abstain" from voting on the matter. A vote to abstain from voting on a proposal has the same effect as a vote against such matter. Broker non-votes will be treated as shares which are not present with respect to such matters, although they will be counted for purposes of determining a quorum as described above. Accordingly, broker non-votes will not be counted in determining the required number of votes cast with respect to a particular proposal and will have no effect on the outcome of the voting on such proposal.

PROPOSAL 2 - AMENDMENT OF LIQUIDATION PROVISIONS OF THE CONVERTIBLE PREFERRED STOCK IN THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION

GENERAL

On June 28, 2001, we issued 700,000 shares of convertible preferred stock, par value \$100 per share ("Convertible Preferred Stock"), to KKTY Holding Company, L.L.C. ("KKTY Holding Company") for \$70,000,000. KKTY Holding Company holds all of the outstanding shares of the Convertible Preferred Stock and is an affiliate of an investment fund managed by Kohlberg Management IV, L.L.C., a private investment firm. The proceeds of the sale of the Convertible Preferred Stock were used to reduce our outstanding indebtedness.

The salient terms of the Convertible Preferred Stock include:

- o The right of the holders of the Convertible Preferred Stock to receive payment-in-kind dividends (meaning dividends in the form of additional shares of Convertible Preferred Stock) at a rate of 15% per annum (compounded annually) from August 1, 2001 until December 31, 2004; and
- o Conversion into common stock at each holder's option at a conversion price of \$6.00 per share of common stock upon the earlier of June 28, 2006 or the occurrence of certain extraordinary events, including Board authorization of the liquidation of the Company.

Information Regarding the Proposed Amendment

On April 9, 2002, the Board of Directors approved an amendment to Article 4 of our Restated Certificate of Incorporation, subject to the approval of the amendment by our stockholders, to modify the treatment of the Convertible Preferred Stock in the event of a liquidation of Katy. The Board and management believe that a liquidation of Katy is unlikely in the foreseeable future. The full text of the amendment is included as Annex A to this Proxy Statement. This amendment was requested by KKTY Holding Company.

Currently, the Restated Certificate of Incorporation grants the holders of the Convertible Preferred Stock the right to receive upon a liquidation of Katy an amount per share equal to the par value per share of Convertible Preferred Stock. In the alternative, the holders of the Convertible Preferred Stock may

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

elect, after Board authorization of a liquidation, to convert their shares into common stock and instead receive an amount per share equal to the amount per share that the other holders of common stock receive.

The proposed amendment would modify the liquidation provisions of the Restated Certificate of Incorporation to provide that upon a liquidation of Katy the holders of the Convertible Preferred Stock would automatically receive the greater of (i) an amount equal to the par value of their Convertible Preferred Stock or (ii) an amount that the holders of the Convertible Preferred Stock would have received if their shares of Convertible Preferred Stock were converted into common stock immediately prior to the distribution upon liquidation.

8

The amendment would not change the economic relationship between Katy and the holder of the Convertible Preferred Stock, since the holder currently has the ability to convert its shares into common stock after Board authorization of a liquidation. It is assumed that, in the event of a liquidation, the holder of the Convertible Preferred Stock would always elect to receive the greater of the par value or, by converting shares into common stock, the amount received as a common stockholder. For that reason, and based on advice from legal counsel, the Board of Directors believes that THE PROPOSED AMENDMENT HAS NO ECONOMIC IMPACT ON THE COMPANY OR ON HOLDERS OF THE COMPANY'S COMMON STOCK.

Management has evaluated this proposal and, based on such evaluation, does not believe that the rights of our common stockholders will be impacted in any way by the proposed amendment.

REQUIRED VOTE

An amendment to Katy's Restated Certificate of Incorporation requires the affirmative vote of the holders of a majority of Katy's outstanding common stock.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS HAS UNANIMOUSLY APPROVED THE AMENDMENT TO THE RESTATED CERTIFICATE OF INCORPORATION SET FORTH IN THIS PROPOSAL 2 AND BELIEVES THAT IS ADVISABLE, FAIR TO AND IN THE BEST INTERESTS OF KATY AND ITS STOCKHOLDERS AND RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE APPROVAL OF PROPOSAL 2.

9

PROPOSAL 3 - APPROVAL OF 2002 STOCK INCENTIVE PLAN

On April 9, 2002, the Board of Directors adopted the Katy Industries, Inc. 2002 Stock Incentive Plan (the "Plan"), subject to approval by our stockholders. The Plan will have an effective date of April 9, 2002, if approved by the stockholders at the annual meeting, and will terminate ten years after its effective date. The Plan is intended to assist the Company and its subsidiaries in recruiting and retaining individuals with ability and initiative by enabling such persons to participate in the future success of the Company and to associate their interests with those of the Company and its stockholders. The Plan is intended to permit the grant of options and restricted stock. Any proceeds Katy receives from the sale of common stock pursuant to any grant of restricted stock or participant's exercise of an option will be used for general

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

corporate purposes.

Set forth below is a summary of certain important features of the Plan. The summary is qualified in its entirety by reference to the full text of the Plan attached as Annex B to this Proxy Statement.

Administration

The Plan will be administered by the Board of Directors or a committee of the Board (the committee, or the Board acting in such capacity, is hereinafter referred to as the "Committee").

The Committee shall have the complete authority to grant awards on such terms that are consistent with the provisions of the Plan, as the Committee may consider appropriate. Such terms may include conditions (in addition to those contained in the Plan) on the exercisability of all or any part of an option or on the vesting or other forfeiture conditions imposed on any shares of restricted stock. The Committee also has complete authority to interpret all provisions of the Plan; to prescribe the form of Option Agreements and Restricted Stock Agreements; to accelerate the exercisability of an option or the vesting of shares of restricted stock as a result of a change in control or otherwise; to adopt, amend and rescind rules and regulations pertaining to the administration of the Plan; and to make all other determinations necessary or advisable for the administration of the Plan. Any decision or action of the Committee in connection with the administration of the Plan shall be final, conclusive and binding on all persons. Neither the Committee, nor any member of the Committee, shall be liable for any act done or not done in good faith with respect to the Plan, any Option Agreement or any Restricted Stock Agreement. Katy will bear all expenses of administering the Plan.

Eligibility

Any employee, director, advisor or consultant of Katy or any of its subsidiaries (including a subsidiary that becomes such after the adoption of the Plan) is eligible to receive awards under the Plan if the Committee, in its sole discretion, determines that such person has contributed significantly or can be expected to contribute significantly to the profits or growth of Katy or any of its subsidiaries.

Plan Features

The Plan authorizes the issuance of up to 1,000,000 shares of Katy's common stock pursuant to the grant or exercise of stock options, including incentive stock options ("ISOs") and

10

nonqualified stock options ("NQSOs"), and restricted stock. The maximum number of shares of common stock that may be issued under the Plan pursuant to the exercise of options is 1,000,000 shares of common stock. The maximum number of shares is subject to adjustment under certain circumstances, as provided in the Plan.

The shares of common stock subject to grant under the Plan are to be made available from authorized but unissued shares, from treasury shares, reacquired shares, or any combination thereof. Awards may be granted for such terms as the Committee may determine, except that the term of an option may not exceed, and the grant of restricted stock must vest if at all, ten years from its date of grant. No individual may, in any calendar year, be granted options or aggregate awards covering more than 100,000 shares of Katy's common stock. No awards

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

outstanding on the termination date of the Plan will be affected or impaired by such termination. Awards generally will not be transferable, except by will and the laws of descent and distribution. Options intended to be NQSOs may be transferred to, or for the benefit of, the participant's family members provided the participant does not receive any consideration for the transfer and fulfills certain other criteria. The Committee has broad authority to fix the terms and conditions of individual award agreements with participants.

Currently, it is anticipated that options to purchase 800,000 shares of Katy's common stock will be issued under the Plan. If Katy issues all of these options under the Plan, taken together with already outstanding but not exercised options under other option plans previously approved by Katy stockholders (1,878,650), the total number of shares represented by options would be approximately 9% of total outstanding common shares. This assumes that all of the outstanding Convertible Preferred Stock (plus expected payment in kind dividends) has been converted to common stock. The reconciliation below demonstrates in detail:

Options anticipated to be issued under 2002 Stock Incentive Plan	800,000
Options already outstanding (including non- vested and out of the money options)	1,776,950

Total	2,576,950
	=====
Outstanding shares at April 5, 2002	8,361,252
Common stock as a result of conversion of convertible preferred stock	11,666,666
Common stock as a result of conversion of payment in kind dividends on convertible preferred stock	7,192,598
Total options from above	2,576,950

Total shares potentially outstanding	29,797,466
	=====
Estimated percentage of total outstanding common stock, after conversion of convertible preferred, represented by stock options	8.7%
	=====

As indicated above, stock-based grants can be made under the Plan in the form of options and restricted stock. A summary of these grants is set forth below.

Stock Options. The Plan authorizes the Committee to grant options to purchase our common stock at an exercise price of not less than 75% of the fair market value of such stock on the date of grant or with respect to options that are intended to be ISOs, not less than 100% of the

fair market value of such stock on the date of grant. With respect to options granted to certain named executive officers, if and to the extent deemed necessary by the Committee, the price per share for common stock shall not be less than 100% of the fair market value of a share of common stock on the date of grant of the option unless the exercisability of the option with respect to those shares of common stock with a lower exercise price, is subject to performance objectives that enable such option to qualify as "performance-based

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

compensation" under the Treasury Regulations promulgated under Section 162(m) of the Internal Revenue Code. The Plan permits optionees, with the approval of the Committee, to pay the exercise price of options in cash, stock that has been held for at least six months, by delivery of a full recourse, interest-bearing promissory note, or a combination thereof, or by "cashless exercise" through a broker or the Company. The term of options will be determined by the Committee to the extent not inconsistent with the Plan as set forth in the Option Agreement. The Committee will determine the conditions under which options will become exercisable and the extent to which they will be exercisable after the option holder's employment terminates. As noted above, options may be granted either as ISOs or NQSOs. The principal difference between ISOs and NQSOs is their tax treatment. See "Federal Tax Information" below.

Restricted Stock. The Plan authorizes the Committee to grant or sell restricted stock to participants with such forfeiture and transfer restrictions as the Committee may designate. During the period during which the restricted stock may be forfeited, the stock certificates evidencing restricted shares will be held by Katy. Restricted stock may not be sold, assigned, transferred, pledged, or otherwise encumbered. Restricted stock may be subject to forfeiture upon termination of employment, unless otherwise provided by the Committee in an individual award agreement. Other than forfeiture provisions, restrictions on transfer and any other restrictions the Committee may impose, the participant will have all the rights of a holder of the common stock, including dividend and voting rights, that are the subject of the restricted stock award. Shares of restricted stock shall become vested in whole at any time or in part from time to time at such times and in compliance with such requirements as the Committee shall determine and as set forth in the Restricted Stock Agreement. If and to the extent deemed necessary by the Committee, shares of restricted stock granted to certain named executive officers shall become vested subject to performance objectives that enable such restricted stock to qualify as "performance-based compensation" under the Treasury Regulations promulgated under Section 162(m) of the Internal Revenue Code. The grant of restricted stock can only become vested during the participant's lifetime in the hands of the participant.

Amendment and Discontinuance

The Board may amend the Plan from time to time or terminate the Plan; provided, however, that no amendment will become effective until stockholder approval is obtained if the amendment (i) increases the aggregate number of shares of common stock that may be issued pursuant to awards under the Plan, (ii) changes the class of individuals eligible to receive awards or (iii) changes the performance objectives to which the exercisability of options or the vesting of restricted stock granted to named executive officers may be subject. No amendment will, without a participant's consent, adversely affect any rights of such participant under any outstanding award at the time such amendment is made, except as otherwise set forth in the Plan.

Federal Tax Information

The following discussion is intended only as a brief summary of the federal income tax rules that are generally relevant to stock options and restricted stock. The following discussion is

based on federal income tax law and interpretational authorities as of the date of this Proxy Statement, which are subject to change at any time.

Nonqualified Options. Upon the grant of a NQSO, the optionee will not recognize any taxable income and Katy will not be entitled to a deduction. Upon

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

the exercise of such an option, the excess of the fair market value of the shares acquired on the exercise of the option over the option price (the "Spread") will constitute compensation taxable to the optionee as ordinary income. In determining the amount of the Spread, the fair market value of the common stock on the date of exercise is used. Katy, in computing its federal income tax, will generally be entitled to a deduction in an amount equal to the compensation taxable to the optionee. The optionee's tax basis in the stock acquired on exercise of the option will equal the option price plus the amount of ordinary income the option recognized, and the optionee's holding period for the stock will begin at the time of purchase. The optionee then will recognize capital gain (or loss) on a subsequent disposition of the shares of common stock to the extent the amount realized on the disposition excess (or is less than) the optionee's tax basis in the shares.

ISOs. An optionee will not recognize taxable income on the grant or exercise of an ISO. However, the Spread at exercise will constitute an item includible in alternative minimum taxable income, and thereby may subject the optionee to the alternative minimum tax. Such alternative minimum tax may be payable even though the optionee receives no cash upon the exercise of the ISO with which to pay such tax. Upon the disposition of shares of stock acquired pursuant to the exercise of an ISO after the later of (a) two years from the date of grant of the ISO or (b) one year after the exercise date (the "ISO Holding Period"), the optionee will recognize long-term capital gain or loss, as the case may be, to the extent the amount realized on disposition exceeds (or is less than) the exercise price the optionee paid for the shares. Katy is not entitled to any tax deduction by reason of the grant or by reason of a disposition of stock received upon exercise of an ISO if the ISO Holding Period is satisfied. If the ISO Holding Period is not met (i.e., the optionee makes a "disqualifying disposition"), the optionee will recognize compensation income at the time of disposition equal to the difference between the exercise price and the lower of (i) the fair market value of the stock at the date of the option exercise or (ii) the sale price of the stock, and Katy will be entitled to a deduction in the same amount. Any additional gain or loss recognized on a disqualifying disposition of the shares will be characterized as capital gain or loss.

Restricted Stock. A participant who is granted restricted stock may elect, pursuant to Internal Revenue Code ("Code") Section 83(b) (a "Section 83(b) election"), to have the grant taxed as compensation income at the date of receipt, with the result that any future appreciation (or depreciation) in the value of the shares of stock granted will be taxed as a capital gain (or loss) upon a subsequent sale of the shares. However, if the participant does not make a Section 83(b) election, then the grant will be taxed as compensation income at the full fair market value on the date that the restrictions imposed on the shares expire. Unless a participant makes a Section 83(b) election, any dividends paid on stock subject to the restrictions are compensation income to the participant and compensation expense to Katy until the restrictions imposed on the shares expire. Subject to applicable provisions of the Internal Revenue Code and regulations thereunder, Katy will generally be entitled to an income tax deduction for any compensation income taxed to the participant.

Miscellaneous. The foregoing tax consequences will be different to the extent the optionee pays the exercise price of an option with shares of stock he or she already owns. Additionally, participants subject to the short-swing profit rules of Section 16(b) may have different tax consequences than those described above.

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

In order for the Katy Industries, Inc. 2002 Stock Incentive Plan to be approved, the affirmative vote of the holders of a majority of Katy's outstanding common stock present, in person or by proxy, at the annual meeting, is required.

RECOMMENDATION OF THE BOARD OF DIRECTORS

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16 of the Exchange Act, Katy's directors, executive officers

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

and persons beneficially owning more than 10% of the shares must file reports of ownership and changes in ownership with the SEC, and copies of these reports with the New York Stock Exchange and Katy. Based solely on reviewing copies of the Section 16 reports, Katy believes that, during its fiscal year ended December 31, 2001, its directors, executive officers and greater than 10% beneficial owners complied with their Section 16 filing requirements, with the following exceptions. Roger G. Engle reported in 2002 that he surrendered 54,200 options during 2001, and Larry D. Hudson reported in 2002 that he surrendered 49,000 options during 2001 (see note (8) under Executive Compensation). Also, Robert M. Baratta, Wallace E. Carroll, Jr., Roger G.

Engle and Larry Hudson reported during 2002 that during 2001 they acquired 24, 26, 10 and 6 shares, respectively. These small acquisitions were the net increase (primarily as a result of dividend reinvestments) in shares held for their benefit in a "rabbi trust" in connection with either the Katy Industries, Inc. Supplemental Retirement and Deferral Plan or the Directors' Deferred Compensation Plan.

(8) John R. Prann, Jr. received separation payments as a result of his termination of employment during 2001. These payments were equal to two years salary plus accrued vacation. In addition, Katy agreed to pay Mr. Prann's account balances in 1) the Prior Service Retirement Plan (Frozen Plan) portion of the Supplemental Retirement Plan, which was \$46,475; and 2) his balance in the basic Supplemental Retirement Plan (excluding amounts deferred under Katy's Prior Service Retirement Plan (Frozen Plan)), which was \$234,158. The second amount was invested solely in Katy stock, and the payment to Mr. Prann was calculated based on the price of Katy's common stock at the close of business on February 16, 2001, and was made in a single lump sum cash payment on January 2, 2002.

TERMINATION OF EMPLOYMENT, CHANGE OF CONTROL AND OTHER ARRANGEMENTS

Chief Executive Officer

On June 28, 2001, C. Michael Jacobi entered into an employment agreement with Katy. The contract states that if Mr. Jacobi is terminated other than for cause, Katy will continue to pay his base salary for (i) one year, if such termination occurs other than as a result of a Change in Control, or (ii) two years, if such termination is a result of or within the six month period following a Change in Control.

For purposes of this agreement, "Change in Control" means (i) a sale of 100% of Katy's outstanding capital stock, (ii) a sale of all or substantially all of Katy's operating subsidiaries or assets or (iii) a transaction or transactions in which any third party acquires Katy stock in an amount greater than that held by KKTU Holding Company and in which KKTU Holding Company relinquishes its right to nominate a majority of the candidates for election to the Board.

Compensation and Benefits Assurance Program

On January 17, 1996, the Board of Directors adopted and approved a compensation and benefits assurance program (the "Program") for Katy's key officers to ensure that Katy retains personnel having particular experience with and knowledge of Katy's business and affairs. As of December 31, 2001, Roger G. Engle and Larry D. Hudson were participants in this program. The program provides for certain severance benefits following: (a) an involuntary termination without "cause" (as defined under the Program) in the two years after a "Change in Control" (as defined below) of Katy; or (b) a deemed constructive termination in the two years after a "Change in Control" of Katy.

Severance benefits include: (i) two years of base salary, (ii) a lump sum payment of annual bonuses; (iii) continuation of health care benefits; (iv) matching contributions under Katy's 401(k) savings plan (two years); (v) advancement of legal fees incurred in enforcing rights under the Program; (vi) out-placement assistance; and (vii) a "gross-up" payment for any excise tax payments due by the officer as a result of receiving these severance benefits. In the event of a "Change of Control," Katy is required to establish and fund a "rabbi trust" in an amount equal to the sum of the above severance benefits (not including health care benefit costs and outplacement assistance).

A "Change in Control" is generally defined as: (i) any person (except persons in control on the effective date) becoming the beneficial owner of Katy securities with at least 30% of the combined voting power of Katy's then outstanding shares; (ii) during any period of two consecutive years, individuals who, at the beginning of that period constitute the Board (including any new director, whose election by Katy's stockholders was approved by a vote of at least two-thirds (2/3) of the directors then still in office at the beginning of the period or whose election or nomination for election was so approved), ceasing to constitute a majority of the Board; or (iii) Katy's stockholders approving a plan of liquidation, an agreement to dispose of substantially all Katy's assets, or a merger, consolidation, or reorganization of Katy, other than a merger, consolidation, or reorganization that would result in the voting securities of Katy outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least fifty percent (50%) of the combined voting power

of the voting securities of Katy (or such surviving entity) outstanding immediately after such merger, consolidation, or reorganization.

DIRECTORS' COMPENSATION

For 2001, directors who were not employed by Katy or its subsidiaries received: (i) an annual retainer of \$9,000 (\$15,000 for the Chairman of the Board); (ii) options to acquire 2,000 shares under the Directors Stock Option Plan (see below); (iii) a stock grant of 500 shares for service on the Board of Directors; and (iv) up to \$2,000 for attending each meeting of the Board or a Board committee. Class II directors (those directors appointed by KKTU Holding Company) and those directors that are also officers do not receive compensation for their service on the Board of Directors. For 2002, it is expected that directors will receive the same compensation.

Under the Katy Industries, Inc. Non-Employee Director Stock Option Plan (the "Directors' Stock Option Plan"), each non-employee director receives on the date immediately following the annual meeting an annual grant of options to acquire 2,000 shares of Katy common stock. The exercise price is the fair market value on the date of grant. The director may exercise these options at any time during the ten years from the date of grant.

Directors may also participate in the Directors' Deferred Compensation Plan which became effective June 1, 1995 (the "Directors' Deferred Compensation Plan"). Under this Plan, a director may defer directors' fees, retainers and other compensation paid for services as a director until the later of the director's attainment of age 62 or ceasing to be a director. Each director has 30 days before the beginning of a Plan Year (as defined in the Directors' Deferred Compensation Plan) in which to elect to participate in the Directors' Deferred Compensation Plan. Directors may invest these amounts in one or more investment alternatives offered by Katy. Directors may elect to receive distributions of deferred amounts in a lump sum or five annual installments.

COMPENSATION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Compensation Committee") presents the following executive compensation report for fiscal 2001:

The Compensation Committee consists of Christopher Lacovara (Chairman) and Christopher Anderson. The Committee makes decisions on executive officer compensation and reports its decisions to the Board. It also seeks the Board's approval on the Chief Executive Officer's compensation. The following summarizes the compensation practice and philosophy that was in effect at Katy for the fiscal year ended December 31, 2001. Modifications to such philosophy have been, and may continue to be, made.

Compensation Philosophy

Katy's compensation program aims to align executive officers' economic interests with those of stockholders (including Katy's financial objectives and market performance). The Compensation Committee seeks to adjust compensation levels (through competitive base salaries and bonus payments) based on individual and Katy performance. It reviews the executive compensation program annually in view of Katy's annual strategic and financial objectives and performance.

Compensation Program Components

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

Annual compensation for Katy's Chief Executive Officer and other executive officers (including the Named Executive Officers) consists of two cash compensation components: base salary and annual cash bonuses. A third component, stock options, is used for executive

27

retention, to attract new key people, and to align the long-term interests of eligible executives with those of stockholders.

Salary and bonus levels reflect job responsibility, Compensation Committee judgments of individual effort and performance, and Katy's financial and market performance (in light of the competitive environment in which Katy operates). Annual cash compensation is also influenced by comparable companies' compensation practices so that Katy remains reasonably competitive in the market. While competitive pay practices are important, the Compensation Committee believes that the most important considerations are individual merit and Katy's financial and market performance. In considering Katy's financial and market performance, the Compensation Committee reviews, among other things, net income, cash flow, working capital and revenues and share price performance relative to comparable companies and historical performance.

The annual bonus plan compensates employees based on target bonus opportunities established by the Compensation Committee stated as a percentage of annual base salary for recommended key employees each year (including the Chief Executive Officer and the other Named Executive Officers). An employee achieves the target bonus opportunity if he or she meets 100% of pre-established performance goals. A higher or lower bonus is earned if performance exceeds or falls short of the target levels. For 2001, the performance goals were not satisfied and, therefore, no bonuses were earned by the Chief Executive Officer of any of the Named Executive Officers. However, employees at certain subsidiaries received bonuses based on the operating performance at their divisions. It should be noted that various components of the annual bonus plan have been re-examined and re-worked given that both the Chief Executive Officer and Compensation Committee members were new to Katy as of 2001.

The Supplemental Retirement and Deferral Plan (the "Supplemental Deferral Plan"), among other things, allows participants to voluntarily defer up to 100% of their annual bonus and up to 50% of their base salary until retirement or termination of his or her employment. The Supplemental Deferral Plan allows Katy to make a profit sharing allocation to participants' accounts of, in aggregate, 2% of adjusted pre-tax income, as determined by the Compensation Committee. For 2001, Katy did not make an allocation under the Supplemental Deferral Plan. Katy invests voluntary deferrals and profit sharing allocations at the employee's election in several investment alternatives offered by Katy. The profit-sharing allocation has been discontinued as of January 1, 2002.

The third compensation component is a stock option program. Under Katy's current stock option program, the Board may provide compensation in the form of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, performance units or shares, and other incentive awards including cash bonuses, contingent on Katy's share price reaching certain goals specified under the stock option program. The Compensation Committee believes that the stock option program optimizes Katy's growth and profitability through incentives to employees which are consistent with Katy's goals and which link employees' personal interests to those of the stockholders. The stock option program is also intended to give Katy flexibility to attract, motivate, and retain the services of employees and other individuals who contribute to its success. During 2001, 1,425,000 stock options were granted.

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

Chief Executive Officer Compensation

C. Michael Jacobi became President and Chief Executive Officer in June 2001. Mr. Jacobi's salary for 2001, which is \$500,000 on an annual basis, was based upon his experience,

28

qualifications and responsibilities. During 2001, Mr. Jacobi also received a grant of 1,050,000 stock options.

Summary

The Compensation Committee believes that the total compensation program for executive officers is appropriately related to individual performance and Katy's performance (including Katy's financial results and stockholder value). The Compensation Committee monitors the executive compensation of comparable companies and believes that Katy's compensation program is competitive and provides appropriate incentives for Katy's executive officers to work towards continued improvement in Katy's overall performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2001, Katy paid Kohlberg & Co. \$250,000 for ongoing management advisory services. Katy expects to pay \$500,000 per year for these services, as outlined in the Recapitalization Agreement of June 2, 2001. William F. Andrews, Chairman of the Board, is a consultant, or "Operating Principal," with Kohlberg & Co.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors met 28 times during 2001. With the exception of William Andrews, each director in office at the time of such meeting attended at least 75% of the Board meetings and the meetings of the Board committees of which he is a member. Mr. Andrews did not attend a majority of the Board meetings during 2001 because the primary subject of these Board meetings was the evaluation of the proposed (at that time) recapitalization negotiated by certain affiliates of Kohlberg & Co. Since Mr. Andrews is an Operating Principal of Kohlberg & Co., he did not attend those meetings as a result of the potential conflict of interest. Since the recapitalization was completed on June 28, 2001, Mr. Andrews has attended all Board meetings.

Katy's bylaws provide for an Executive Committee to which the Board of Directors has assigned all powers delegable by law. The Executive Committee met informally through numerous telephone conferences at intervals between meetings of the full Board of Directors, and acted by unanimous consent without formal meetings. The Executive Committee consists of Christopher Lacovara, Christopher Anderson and C. Michael Jacobi. Prior to June 28, 2001, the Executive Committee consisted of Wallace Carroll, Jr., Arthur R. Miller, Robert M. Baratta, Charles Sahlman, and Jacob Saliba. John R. Prann, Jr. was a member of the Executive Committee prior to his resignation as Chief Executive Officer and director in February 2001.

The Board of Directors also has an Audit Committee and a Compensation

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

Committee. The Audit Committee consists of Daniel B. Carroll (Chairman), Christopher Lacovara and William F. Andrews. Prior to June 28, 2001, the Audit Committee consisted of Daniel B. Carroll (Chairman), Wallace E. Carroll, Jr., and Jacob Saliba. This Committee met four times during 2001, and held several telephone conferences during 2001. The Audit Committee reviews the results of the annual audit with Katy's independent auditors, reviews the scope and adequacy of

29

Katy's internal auditing procedures and its system of internal controls, reviews Katy's financial statements and related financial issues with management and the independent auditors, and reports its findings and recommendations to the Board of Directors.

The Compensation Committee consists of Christopher Lacovara (Chairman) and Christopher Anderson. Prior to June 28, 2001, the Compensation Committee consisted of Charles Sahlman (Chairman), Jacob Saliba and Daniel B. Carroll. This Committee, which reviews current and deferred compensation for Katy officers and for some officers and key employees of its subsidiaries, held two meetings, and met informally throughout the year. It makes decisions on executive officer compensation and reports its decisions to the Board of Directors. It also seeks the Board's approval on the Chief Executive Officer's compensation.

The entire Board of Directors considers and selects nominees for directors. It does not have a separate nominating committee. On January 17, 1996, the Board adopted an advance notice bylaw provision requiring stockholder nominations for directors to be received by Katy not less than 50 days or more than 90 days before the annual meeting.

AUDIT COMMITTEE REPORT

The following report of the Audit Committee does not constitute soliciting materials and should not be deemed filed or incorporated by reference into any of our other filings under the Securities Act of 1933, as amended, or the Exchange Act of 1934, except to the extent that we specifically incorporate this report by reference therein.

The Audit Committee acts pursuant to a charter adopted by the Board of Directors. As set forth in more detail in the charter, the Audit Committee's primary responsibilities are focused in four broad categories:

1. Recommend to the Board of Directors the appointment of independent auditors;
2. Consult with management or independent auditors regarding the audit scope and the audit plan;
3. Review and approve company financial statements; and
4. Review with management and independent auditors the adequacy of internal controls.

Each of the Audit Committee members qualifies as an "independent" director under the current listing standards of the New York Stock Exchange (referred to as the NYSE), except that Mr. Lacovara may not be considered independent because he is on the Board of Managers of KKTU Holding Company, which owns all of our outstanding Convertible Preferred Stock and he therefore may be deemed to have a "business relationship" under NYSE listing standards. The Board of Directors has

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

determined that it is nevertheless in the best interest of the Company and its stockholders for Mr. Lacovara to serve on the Audit Committee notwithstanding his relationship, as permitted by NYSE rules, because of his extensive knowledge of financial matters generally, his significant experience with Katy and his past service on the board of directors and audit committees of other companies.

The Audit Committee has reviewed and discussed the audited financial statements for the year ending 2001 with management and our independent auditors, and has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards 61

30

(Communications with Audit Committees). The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with the independent auditors the independent auditors' independence from Katy and our management. Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in Katy's Annual Report on Form 10-K for the year ended December 31, 2001 filed with the Securities and Exchange Commission.

means nonforfeitable and transferable within the meaning of Section 83 of the Code.

1.32 - VOTING STOCK

with respect to any specified Person means any class or classes of stock of the specified Person pursuant to which the holders thereof have the general voting power under ordinary circumstances to elect at least a majority of the board of directors, managers or trustees of the specified Person.

ARTICLE II - PURPOSES

This Plan is intended to assist the Company and its Subsidiaries in recruiting and retaining individuals with ability and initiative by enabling such persons to participate in the future success of the Company and to associate their interests with those of the Company and its shareholders. The Plan is intended to permit the grant of Options and Restricted Stock. The proceeds the Company receives from the sale of Common Stock pursuant to any Participant's exercise of an Option or the sale of Restricted Stock shall be used for general corporate purposes.

ARTICLE III - ADMINISTRATION

The Administrator shall have the complete authority to grant Awards on such terms (not inconsistent with the provisions of this Plan), as the Administrator may consider appropriate. Such terms may include conditions (in addition to those contained in this Plan) on the exercisability of all or any part of an Option or on the Vesting or other forfeiture conditions imposed on any shares of Restricted Stock. The Administrator also shall administer the Plan. The Administrator shall have the complete authority to interpret all provisions of this Plan; to prescribe the form of Option Agreements and Restricted Stock Agreements; to accelerate the exercisability of an Option or the Vesting of shares of Restricted Stock as a result of a Change in Control or otherwise; to adopt, amend and rescind rules and regulations pertaining to

B-6

the administration of the Plan; and to make all other determinations necessary or advisable for the administration of this Plan. The express grant in the Plan of any specific power to the Administrator shall not be construed as limiting any power or authority of the Administrator. Any decision or action of the Administrator in connection with the administration of this Plan shall be final, conclusive and binding on all persons. Neither the Administrator nor any member of the Committee shall be liable for any act done or not done in good faith with respect to this Plan, any Option Agreement or any Restricted Stock Agreement. The Company shall bear all expenses of administering this Plan. The Administrator may act only by decision of a majority of its members, except that the Administrator, in its discretion, may delegate to one or more officers of the Company or another committee of the Board, all or part of the Administrator's authority and duties with respect to grants of Awards to Participants. The Administrator may revoke or amend the terms of such delegation at any time but such action shall not invalidate any prior actions of the Administrator's delegate or delegates that were consistent with the terms of the Plan. Notwithstanding the two preceding sentences, the Administrator may not delegate its authority and duties with respect to an Award to a Participant who is an Insider or a Named Executive Officer. To the extent deemed necessary by the Board, (i) all Awards to an Insider shall be approved by the Board or by a

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

Committee comprised of two or more non-employee directors within the meaning of Rule 16b-3 of the Exchange Act, unless such Awards will be held by the Participant at least six months after the date they are granted to such Participant and (ii) all Awards to a Named Executive Officer shall be approved by a Committee comprised solely of two or more outside directors within the meaning of Section 162(m) of the Code.

Each person who is or shall have been a member of any Board or Committee acting as the Administrator or any delegate of such, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit, or proceeding to which such person may be a party or in which such person may be involved by reason of any action taken or not taken under the Plan and against and from any and all amounts paid by such person in settlement thereof, with the Company's approval, or paid by such person in satisfaction of any judgment in any such action, suit, or proceeding against, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law or otherwise, or under any other power that the Company may have to indemnify such person or hold him or her harmless.

ARTICLE IV - ELIGIBILITY

Any Employee, director, advisor or consultant of the Company or any Subsidiary (including a corporation that becomes a Subsidiary after the adoption of this Plan) is eligible to receive Awards if the Administrator, in its sole discretion, determines that such person has contributed significantly or can be expected to contribute significantly to the profits or growth of the Company or any Subsidiary.

B-7

ARTICLE V - STOCK SUBJECT TO PLAN

5.01 - SHARES ISSUED.

On the exercise of an Option or on the grant of Restricted Stock, the Company may deliver to the Participant (or the Participant's broker if the Participant so directs) shares of Common Stock from its authorized but unissued shares of Common Stock or from reacquired shares of Common Stock.

5.02 - AGGREGATE LIMITS.

The maximum number of shares of Common Stock that may be issued under this Plan is 1,000,000 shares of Common Stock. The maximum number of shares of Common Stock that may be issued under the Plan pursuant to the exercise of Options is 1,000,000 shares of Common Stock. The maximum number of shares in each instance shall be subject to adjustments as provided in Article XI.

5.03 - INDIVIDUAL LIMITS.

Subject to the other limitations set forth in this Plan, no individual may, in any calendar year, be granted Options covering more than 100,000 shares of Common Stock or aggregate Awards covering more than 100,000 shares of Common Stock. If an Award that a Participant holds is canceled, the canceled Award shall continue to be counted against the maximum number of shares of Common

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

Stock for which similar Awards may be granted to the Participant in any calendar year and any replacement Awards granted to such Participant in replacement of the canceled Awards also shall count against such maximum limit. The maximum number of shares that may be granted in any calendar year to any individual shall be subject to adjustment as provided in Article XI.

5.04 - REALLOCATION OF SHARES.

If an Option is terminated, in whole or in part, for any reason other than its exercise or if any Restricted Stock is canceled, expires or terminates without the Restricted Stock becoming Vested, the number of shares of Common Stock allocated to the Option or Restricted Stock or the terminated portion thereof may be reallocated to other Awards to be granted under this Plan, subject to the limits described above.

ARTICLE VI - TERMS AND CONDITIONS OF ALL OPTIONS

6.01 - GRANTS.

In accordance with the provisions of Article IV, the Administrator will designate each individual to whom an Option is to be granted and will specify the number of shares of Common Stock covered by such grant and whether the Option is an Incentive Stock Option or a Nonqualified Stock Option. Incentive Stock Options also must comply with the provisions of Article VII. The date an Option is granted shall be the date on which the Administrator has approved the terms and conditions of the Option and has determined the recipient of the Option and the number of shares of Common Stock covered by the Option and has documented the grant of the Option in an Option Agreement. Each Option granted under the Plan shall be evidenced by an Option Agreement in such form and containing such terms, conditions and restrictions (not inconsistent with this Plan) as the Administrator shall determine.

B-8

6.02 - OPTION PRICE.

The Administrator on the date of grant shall determine the price per share for Common Stock payable upon the exercise of an Option except that the price per share for Common Stock shall not be less than 75 percent of the Fair Market Value of a share of Common Stock on the date of grant of the Option. With respect to Options granted to Named Executive Officers, if and to the extent deemed necessary by the Administrator, the price per share for Common Stock shall not be less than one hundred percent (100%) of the Fair Market Value of a share of Common Stock on the date of grant of the Option unless the exercisability of the Option with respect to shares of Common Stock for which the option price is less than such amount is subject to performance objectives that enable such Option to qualify as "performance-based compensation" under the Treasury Regulations promulgated under Section 162(m) of the Code.

6.03 - MAXIMUM OPTION PERIOD.

The Administrator on the date of grant shall determine the maximum period in which an Option may be exercised, except that no Option shall be exercisable after the expiration of 10 years from the date such Option is granted. The terms of any Option may provide that it is exercisable for a period less than such maximum period.

6.04 - NONTRANSFERABILITY.

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

(a) Except as set forth in Section 6.04 (b) below, each Option granted under this Plan shall be nontransferable except by will or by the laws of descent and distribution. In the event of any such transfer of an Option, the Option must be transferred in its entirety to the same person or persons or entity or entities. Except as set forth in Section 00 below, during the lifetime of the Participant to whom the Option is granted, only the Participant may exercise the Option. No right or interest of a Participant in any Option shall be liable for, or subject to, any lien, obligation or liability of such Participant.

(b) Notwithstanding Section (a) above, if the Option Agreement so provides, an Option that is not an Incentive Stock Option may be transferred by the Participant to the Participant's children, grandchildren, spouse, one or more trusts for the benefit of such family members, a partnership in which such family members are the only partners or a limited liability company (treated like a partnership for tax purposes) in which such family members are the only members on such terms and conditions as Rule 16b-3 of the Exchange Act as in effect from time to time may permit. Any such transfer will be permitted only if (i) the Participant does not receive any consideration for the transfer and (ii) the transfer is expressly approved by the Administrator. The holder of such Option shall be bound by the same terms and conditions that governed the Option during the period the Participant held it; provided, however, that such transferee may not transfer such Option except by will or the laws of descent and distribution. Any such transfer shall be evidenced by an appropriate written document executed by the Participant, and a copy thereof shall be delivered to the Administrator on or prior to the effective date of the transfer.

6.05 - CHANGE IN CONTROL.

Notwithstanding any provision of any Option Agreement, in the event of or in anticipation of a Change in Control, the Administrator in its discretion (i) may declare that some or all outstanding Options previously granted under the Plan shall terminate as of a date on or after an Acceleration Date or before or on the Control Change Date without any payment to the holder of the Option, provided the Administrator gives prior written notice to the Participants of such termination and gives such Participants the right to

B-9

exercise their outstanding Options at least 15 days before such termination date to the extent then exercisable or (ii) may terminate on or after an Acceleration Date or before or on the Control Change Date some or all outstanding Options previously granted under the Plan in consideration of payment to the holder of the Option, with respect to each share of Common Stock to which the Option is then exercisable, of the excess, if any, of the Fair Market Value on such date of the Common Stock subject to the exercisable portion of the Option over the Option price. The payment described in (ii) above may be made in any manner the Administrator determines, including in cash, Voting Stock or other property. The Administrator in its discretion may take the actions described in (i) or (ii) above contingent on consummation of the Change in Control and with respect to some or all outstanding Options or on an Option-by-Option basis, which actions need not be uniform with respect to all outstanding Options. The preceding sentences to the contrary notwithstanding, the Options shall not be terminated to the extent that written provision is made for their continuance, assumption or substitution by a successor employer or its parent or subsidiary in connection with the Change in Control.

6.06 - EXERCISE.

An Option may be exercised in whole at any time or in part from time to time at such times and in compliance with such requirements as the Administrator

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

shall determine and as set forth in this Plan and the Option Agreement. An Option granted under this Plan may be exercised with respect to any number of whole shares less than the full number of shares for which the Option could be exercised. A partial exercise of an Option shall not affect the right to exercise the Option from time to time in accordance with this Plan and the applicable Option Agreement with respect to the remaining shares subject to the Option.

6.07 - PAYMENT.

Unless the Option Agreement provides otherwise, payment of the Option price shall be made in cash or a cash equivalent acceptable to the Administrator. If the Option Agreement so provides, the Administrator in its discretion may permit a Participant to pay all or part of the Option price (i) by surrendering shares of Common Stock of the Company that the Participant has held for at least six months, (ii) by delivery of the full recourse, interest-bearing promissory note of the Participant, (iii) by a cashless exercise through a broker, (iv) by such other medium of payment as the Administrator, in its discretion shall authorize or (v) by any combination of the aforementioned methods of payment. If Common Stock is used to pay all or part of the Option price, the sum of the cash and cash equivalent and other payments and the Fair Market Value of the Common Stock surrendered must not be less than the Option price of the shares for which the Option is being exercised.

6.08 - SHAREHOLDER RIGHTS.

No Participant shall have any rights as a shareholder with respect to shares of Common Stock subject to an Option until the proper exercise of such Option, the payment of any applicable withholding taxes and the issuance to the Participant of the certificates representing the shares of Common Stock for which the Option is exercised. The Company may include on any certificates representing shares of Common Stock issued pursuant to an Option such legends referring to any representations, restrictions or any other applicable statements as the Company, in its discretion, shall deem appropriate.

6.09 - FORFEITURE PROVISIONS.

Notwithstanding any other provisions of the Plan or any Option Agreement, all rights to any Common Stock that a Participant has regarding Options will be immediately discontinued and forfeited, and the Company shall not have any further obligation hereunder to the Participant with respect to any

B-10

Option and the Option will not be exercisable for any number of shares of Common Stock (whether or not previously exercisable), on and after the time the Participant is discharged from employment or service with the Company or any Subsidiary for Cause.

ARTICLE VII- ADDITIONAL TERMS AND CONDITIONS OF INCENTIVE STOCK OPTIONS

7.01 - EMPLOYEE STATUS.

Notwithstanding any other provision of the Plan or any Option Agreement, the Administrator may only grant an Incentive Stock Option to an Employee of the Company or any Subsidiary.

7.02 - EXERCISE PRICE.

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

Notwithstanding any other provision contained in the Plan or any Option Agreement, no Employee may receive an Incentive Stock Option under the Plan, unless the Option price for such Incentive Stock Option is at least 100 percent of the Fair Market Value on the date of grant of the Common Stock subject to such Incentive Stock Option.

7.03 - AGGREGATE EXERCISE LIMITS.

The Administrator may not grant an Incentive Stock Option to the extent the aggregate Fair Market Value, determined at the time the Administrator grants the Incentive Stock Option, of shares of Common Stock with respect to which a Participant may exercise Incentive Stock Options for the first time during any calendar year under this Plan and any other plan of the Company (or any plan of any Parent or Subsidiary of the Company) exceeds \$100,000. If the limitation is exceeded, the Incentive Stock Options that cause the limitation to be exceeded shall be treated as Nonqualified Stock Options.

7.04 - RESTRICTIONS ON TEN-PERCENT SHAREHOLDERS.

No Employee may receive an Incentive Stock Option under the Plan if such Employee, at the time of grant, is a Ten Percent Shareholder, unless the option price for such Incentive Stock Option is at least 110 percent of the Fair Market Value on the date of grant of the Common Stock subject to such Incentive Stock Option and such Incentive Stock Option is not exercisable after the expiration of five years from the date such Incentive Stock Option is granted.

7.05 - VALIDITY OF OPTIONS.

Options that are intended to be Incentive Stock Options but that do not comply with this Article VII shall be treated as Nonqualified Stock Options.

7.06 - NOTIFICATION UPON SALE.

If the Participant sells or otherwise disposes of any shares of Common Stock acquired under an Incentive Stock Option before the expiration of the later of the two-year period beginning on the date of grant of the Incentive Stock Option or the one-year period beginning on the date that the Participant exercises the Incentive Stock Option with respect to such shares of Common Stock, the Participant shall give written notice to the Company of the sale or other disposition as soon as possible.

B-11

7.07 - NO LIABILITY OF COMPANY.

The Company shall not be liable to any Participant or any other person if the Internal Revenue Service or any court having jurisdiction over such matter determines for any reason that an Option intended to be an Incentive Stock Option and granted hereunder does not qualify as an Incentive Stock Option.

ARTICLE VIII - TERMS AND CONDITIONS OF RESTRICTED STOCK

8.01 - GRANTS.

In accordance with the provisions of Article IV, the Administrator will designate each individual to whom Restricted Stock is to be granted and will specify the number of shares of Common Stock covered by such Award and the purchase price, if any, the Participant must pay for such shares. The date

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

Restricted Stock is granted shall be the date on which the Administrator has approved the terms and conditions of the Restricted Stock grant, has determined the recipient of the Restricted Stock and the number of shares of Common Stock to which the Restricted Stock grant pertains, and has documented the grant of the Restricted Stock in a Restricted Stock Agreement. If the Participant must pay for an Award of Restricted Stock, the date of grant shall not be earlier than the date the Participant pays for the Award in accordance with Section 8.02. Restricted Stock acquired under the Plan shall be evidenced by a Restricted Stock Agreement in such form and containing such terms, conditions and restrictions (not inconsistent with this Plan) as the Administrator shall determine.

8.02 - PAYMENT.

If the Participant must pay for an Award of Restricted Stock, unless the Restricted Stock Agreement provides otherwise, payment of the purchase price shall be made in cash or a cash equivalent acceptable to the Administrator. If the Restricted Stock Agreement so provides, the Administrator in its discretion may permit a Participant to pay all or part of the purchase price by delivery of the full-recourse interest-bearing promissory note of the Participant.

8.03 - NONTRANSFERABILITY.

Restricted Stock granted under this Plan shall be nontransferable except by will or by the laws of descent and distribution, until it has become Vested in accordance with Section 8.04. No Restricted Stock grant or any right or interest of a Participant in any shares of Restricted Stock shall be liable for, or subject to, any lien, obligation or liability of such Participant.

8.04 - VESTING.

Shares of Restricted Stock shall become Vested in whole at any time or in part from time to time at such times and in compliance with such requirements as the Administrator shall determine and as set forth in the Restricted Stock Agreement. The grant of Restricted Stock must become Vested, if at all, within ten years from the date of grant. If and to the extent deemed necessary by the Administrator, shares of Restricted Stock granted to Named Executive Officers shall become Vested subject to performance objectives that enable such Restricted Stock to qualify as "performance-based compensation" under the Treasury Regulations promulgated under Section 162(m) of the Code. The grant of Restricted Stock can only become Vested during the Participant's lifetime in the hands of the Participant.

B-12

8.05 - CHANGE IN CONTROL.

Notwithstanding any provision of any Restricted Stock Agreement, in the event of or in anticipation of a Change in Control, the Administrator in its discretion may terminate on or after an Acceleration Date or before or on the Control Change Date some or all outstanding shares of Restricted Stock that are not then Vested, with or without any payment therefor (as the Administrator in its discretion may provide), provided the Administrator gives prior written notice to the Participants of such termination. The Administrator in its discretion may take such action contingent on consummation of the Change in Control and with respect to some or all outstanding shares of Restricted Stock that are not then Vested. The preceding sentences to the contrary notwithstanding, the shares of Restricted Stock that are not then Vested shall not be terminated to the extent that written provision is made for their continuance, assumption or substitution by a successor employer or its parent or

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

subsidiary in connection with the Change in Control.

8.06 - SHAREHOLDER RIGHTS.

Prior to forfeiture in accordance with the applicable Restricted Stock Agreement and before the shares of Restricted Stock become Vested, the Participant will have all rights of a shareholder in the shares of Restricted Stock as provided under the Articles of Incorporation of the Company and applicable law, including without limitation the right to vote the shares and receive dividends and distributions thereon; provided, however, that during such period the Participant (i) may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of shares of Restricted Stock, (ii) the Company shall retain custody of the certificates evidencing the shares of Restricted Stock until they become Vested and (iii) the Participant will deliver to the Company a stock power, endorsed in blank, with respect to each share of Restricted Stock.

8.07 - FORFEITURE PROVISIONS.

Notwithstanding any other provision of the Plan or any Restricted Stock Agreement to the contrary, all rights to any Restricted Stock that a Participant has shall terminate as to shares of Restricted Stock that have not become Vested on and after the time the Participant is discharged from employment or service with the Company or any Subsidiary for Cause.

ARTICLE IX - ADDITIONAL TERMS AND CONDITIONS APPLICABLE TO ALL AWARDS

9.1 - EMPLOYEE OR CONTRACTOR STATUS.

In the event that the terms of any Award provide that it may be exercised or become Vested only during employment or service or within a specified period of time after termination of employment or service, the Administrator may decide to what extent leaves of absence for governmental or military service, illness, temporary disability or other reasons shall not be deemed interruptions of employment or service.

9.2 - PERFORMANCE OBJECTIVES.

The Administrator may prescribe that an Option is exercisable or that Restricted Stock may become Vested only to the extent that certain performance objectives are obtained. Such performance objectives may be based on one or more of the Company's or any Subsidiary's or any division's (i) gross, operating or net earnings before or after taxes, (ii) return on equity, (iii) return on capital, (iv) return on

B-13

sales, (v) return on assets or net assets, (vi) earnings per share, (vii) cash flow per share, (viii) book value per share, (ix) earnings growth, (x) sales growth, (xi) volume growth, (xii) cash flow (as the Administrator may define such term), (xiii) Fair Market Value of the Company or any Subsidiary or shares of Common Stock, (xiv) share price or total shareholder return, (xv) market share, (xvi) economic value added, (xvii) market value added, (xviii) productivity, (xix) level of expenses, (xx) quality, (xxi) safety, (xxii) customer satisfaction, (xxiii) peer group comparisons of any of the aforementioned performance objectives, (xxiv) earnings before interest, taxes, depreciation and amortization ("EBITDA," whether normalized or not, including or excluding unusual and extraordinary items and subject to such other variations as the Company may report to shareholders or creditors) or (xxv) except for Awards to Named Executive Officers, any other criteria that the Administrator

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

determines. If the Administrator, on the grant of the Option or Restricted Stock, prescribes that the Option shall be exercisable or that the Restricted Stock shall become Vested only upon the attainment of performance objectives stated with respect to one or more of the foregoing criteria, the Option shall become exercisable or that the Restricted Stock shall become Vested only to the extent the Administrator certifies in writing that such performance objectives have been obtained.

9.3 - OTHER CONDITIONS.

The Administrator, in its discretion, may, as a condition to the grant of an Award, require the Participant on or before the date of grant of the Award to enter into (i) a covenant not to compete (including a confidentiality, non-solicitation or other similar agreement) with the Company or any Subsidiary, which shall become effective on the date of termination of employment or service of a Participant with the Company or any Subsidiary or any other date the Administrator may specify and shall contain such terms and conditions as the Administrator shall otherwise specify, (ii) an agreement to cancel any other employment agreement, service agreement, fringe benefit or compensation arrangement in effect between the Company or any Subsidiary and such Participant and (iii) a shareholders or other agreement covering the Common Stock acquired or to be acquired pursuant to Awards granted under the Plan, which contains such terms and conditions as the Administrator may require, including without limitation any Company or other repurchase rights, rights of first refusal, voting agreements or other provisions. If the Participant shall fail to enter into any such agreement or agreements at the Administrator's request, then no Award shall be granted to the Participant and the number of shares of Common Stock that would have been subject to such Award shall be added to the remaining shares of Common Stock available under the Plan.

9.4 - DEFERRALS.

The Administrator may permit a Participant to elect to defer the delivery of shares of Common Stock that would otherwise be due to such Participant by virtue of the exercise of an Option or the Vesting of Restricted Stock. If any such deferral election is made, the Administrator shall, in its sole discretion, establish rules and procedures for such deferrals.

ARTICLE X - LIMITATION ON BENEFITS

Despite any other provisions of this Plan to the contrary, if the receipt of any payments or benefits under this Plan would subject a Participant to tax under Code Section 4999, the Administrator may determine whether some amount of payments would meet the definition of a "Reduced Amount." If the Administrator determines that there is a Reduced Amount, the total payments to the Participant hereunder must be reduced to such Reduced Amount, but not below zero. If the Administrator determines that the benefits and payments must be reduced to the Reduced Amount, the Company must promptly notify the Participant of that determination, with a copy of the detailed calculations by the Administrator. All

B-14

determinations of the Administrator under this Article X are binding upon the Company and the Participant. It is the intention of the Company and the Participant to reduce the payments under this Plan only if the aggregate Net After Tax Receipts to the Participant would thereby be increased. If as result of the uncertainty in the application of Code Section 4999 at the time of the initial determination by the Administrator under this Article X, however, it is possible that amounts will have been paid under the Plan to or for the benefit

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

of a Participant which should not have been so paid ("Overpayment") or that additional amounts which will not have been paid under the Plan to or for the benefit of a Participant could have been so paid ("Underpayment") - in each case, consistent with the calculation of the Reduced Amount. If the Administrator, based either upon the assertion of a deficiency by the Internal Revenue Service against the Company or the Participant which the Administrator believes has a high probability of success or controlling precedent or other substantial authority, determines that an Overpayment has been made, any such Overpayment must be treated for all purposes as a loan which the Participant must repay to the Company together with interest at the applicable federal rate under Code Section 7872(f)(2); provided, however, that no such loan may be deemed to have been made and no amount shall be payable by Participant to the Company if and to the extent such deemed loan and payment would not either reduce the amount on which the Participant is subject to tax under Code Section 1, 3101 or 4999 or generate a refund of such taxes. If the Administrator, based upon controlling precedent or other substantial authority, determines that an Underpayment has occurred, the Administrator must promptly notify the Company of the amount of the Underpayment, which then shall be paid to the Participant. For purposes of this section, (i) "Net After Tax Receipt" means the Present Value of a payment under this Plan net of all taxes imposed on Participant with respect thereto under Code Sections 1, 3101 and 4999, determined by applying the highest marginal rate under Code Section 1 which applied to the Participant's taxable income for the immediately preceding taxable year; (ii) "Present Value" means the value determined in accordance with Code Section 280G(d)(4); and (iii) "Reduced Amount" means the smallest aggregate amount of all payments under this Plan which (a) is less than the sum of all payments under this Plan and (b) results in aggregate Net After Tax Receipts which are equal to or greater than the Net After Tax Receipts which would result if the aggregate payments under this Plan were any other amount less than the sum of all payments to be made under this Plan.

ARTICLE XI - ADJUSTMENT UPON CHANGE IN COMMON STOCK

The maximum number of shares as to which Awards may be granted under this Plan, the terms of outstanding Awards, the per individual limitations on the number of shares for which Awards may be granted, and any other limitations in this Plan shall be adjusted as the Administrator shall determine to be equitably required in the event that (a) the Company (i) effects one or more stock dividends, stock split-ups, subdivisions or consolidations of shares or (ii) engages in a transaction to which Section 424 of the Code applies or any similar event or (b) there occurs any other event which, in the judgment of the Administrator, necessitates such action. In addition, the Administrator may make such other adjustments to the terms of outstanding Awards to the extent equitable and necessary to prevent an enlargement or dilution of the Participant's rights thereunder as a result of any similar transaction. Any determination the Administrator makes under this Article XI shall be final and conclusive. The issuance by the Company of either shares of stock of any class or securities convertible into shares of stock of any class, for cash or property, or for labor or services, either upon direct sale or upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to, the maximum number of shares as to which Awards may be granted, the per individual limitations on the number of shares for which Awards may be granted, any other limitations in this Plan or the terms of outstanding Awards. The Administrator may grant Awards in substitution for performance shares, stock awards, stock options, stock appreciation rights, phantom shares, or similar awards held by an individual

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

who becomes an Employee, director, advisor or consultant of the Company in connection with a transaction described in the first paragraph of this Article XI. Notwithstanding any provision of the Plan (other than the limitations of Section 5.02), the terms of such substituted Award shall be as the Administrator, in its discretion, determines is appropriate.

ARTICLE XII - COMPLIANCE WITH LAW AND APPROVAL OF REGULATORY BODIES

12.1 - COMPLIANCE.

No Option shall be exercisable, no Restricted Stock shall be granted or become Vested, no Common Stock shall be issued (whether Restricted Stock or not), no certificates for shares of Common Stock (whether Restricted Stock or not) shall be delivered, and no payment shall be made except in compliance with all applicable federal and state laws and regulations (including, without limitation, withholding tax requirements), any listing agreement with any stock exchange to which the Company is a party, and the rules of all domestic stock exchanges on which the Company's shares may be listed. The Company shall have the right to rely on an opinion of its counsel as to such compliance. Any certificate for shares issued to evidence Common Stock for which an Option is exercised or for which shares of Restricted Stock have been granted or become Vested may bear such legends and statements as the Administrator may deem advisable to assure compliance with federal and state laws and regulations. No Option shall be exercisable, no Restricted Stock shall be granted or become Vested, no Common Stock (whether Restricted Stock or not) shall be issued, no certificate for shares of Common Stock (whether Restricted Stock or not) shall be delivered, and no payment shall be made under this Plan until the Company has obtained such consent or approval as the Administrator may deem advisable from regulatory bodies having jurisdiction over such matters.

12.2 - POSTPONEMENT OF EXERCISE.

The Administrator may postpone any exercise of an Option or the grant or Vesting of Restricted Stock for such time as the Administrator in its sole discretion may deem necessary in order to permit the Company (i) to effect, amend or maintain any necessary registration of the Plan or the shares of Common Stock issuable upon the exercise of any Option or the grant or Vesting of Restricted Stock under the securities laws, (ii) to permit any action to be taken in order to (A) list such shares of Common Stock (whether Restricted Stock or not) on a stock exchange if such shares of Common Stock are then listed on such exchange or (B) comply with restrictions or regulations incident to the maintenance of a public market for such shares of Common Stock, including any rules or regulations of any stock exchange on which the shares of Common Stock are listed, or (iii) to determine that such shares of Common Stock in the Plan are exempt from such registration or that no action of the kind referred to in (ii)(B) above needs to be taken; and the Company shall not be obligated by virtue of any terms and conditions of any Option Agreement or Restricted Stock Agreement or any provision of the Plan to recognize the exercise of an Option or the grant or Vesting of Restricted Stock or to grant, sell or issue shares of Common Stock in violation of the securities laws or the laws of any government having jurisdiction thereof. Any such postponement shall not extend the term of an Award and neither the Company nor its directors and officers shall have any obligation or liability to any Participant or to any other person with respect to shares of Common Stock as to which the Award shall lapse because of such postponement.

Edgar Filing: KATY INDUSTRIES INC - Form DEF 14A

ARTICLE XIII - GENERAL PROVISIONS

13.1 - EFFECT ON EMPLOYMENT AND SERVICE.

Neither the adoption of this Plan, its operation, nor any Option Agreement or Restricted Stock Agreement or other documents describing or referring to this Plan shall confer upon any individual any right to continue in the employ or service of the Company or any Subsidiary or in any way affect the right and power of the Company or any Subsidiary to terminate the employment or service of any individual at any time with or without assigning a reason therefor.

13.2 - UNFUNDED PLAN.

The Plan, insofar as it provides for grants of Options or Restricted Stock, shall be unfunded, and the Company shall not be required to segregate any assets that may at any time be represented by grants under this Plan. Any liability of the Company to any person with respect to any grant under this Plan shall be based solely upon any contractual obligations that may be created pursuant to this Plan. No such obligation of the Company shall be deemed to be secured by any pledge of, or other encumbrance on, any property of the Company.

13.3 - TAX WITHHOLDING AND REPORTING.

Unless an Option Agreement or Restricted Stock Agreement provides otherwise, each Participant shall be responsible for satisfying in cash or cash equivalent acceptable to the Administrator any income and employment tax withholding obligations attributable to the grant or Vesting of Restricted Stock, the making of a Code Section 83(b) election with respect to any shares of Restricted Stock, the exercise of Options or any other event with respect to participation in the Plan. In accordance with procedures that the Administrator establishes, the Administrator may permit a Participant to pay such amounts (i) by surrendering shares of Common Stock that the Participant has held for at least six months, (ii) by delivery of the full recourse, interest-bearing promissory note of the Participant, (iii) by a cashless exercise through a broker, (iv) by such other medium of payment as the Administrator, in its discretion, shall authorize, or (v) by any combination of the aforementioned methods of payment. The Company shall comply with all such reporting and other requirements relating to the administration of this Plan and the grant, exercise of Options or the Vesting of Restricted Stock hereunder as applicable law requires.

13.4 - RESERVATION OF SHARES.

The Company, during the term of this Plan, shall at all times reserve and keep available such number of shares of Common Stock as shall be sufficient to satisfy the requirements of the Plan. Additionally, the Company, during the term of this Plan, shall use its best efforts to seek to obtain from appropriate regulatory agencies any requisite authorizations needed in order to issue and to sell such number of shares of Common Stock as shall be sufficient to satisfy the requirements of the Plan. However, the inability of the Company to obtain from any such regulatory agency the requisite authorizations the Company's counsel deems to be necessary for the lawful issuance and sale of any shares of Common Stock hereunder, or the inability of the Company to confirm to its satisfaction that any issuance and sale of any shares of Common Stock hereunder will meet applicable legal requirements, shall relieve the Company of any liability in respect to the failure to issue or to sell such shares of Common Stock as to which such requisite authority shall not have been obtained.
