## RAYOVAC CORPORATION

### Notes to Condensed Consolidated Financial Statements (Unaudited)

(In thousands, except per share amounts)

#### 1 SIGNIFICANT ACCOUNTING POLICIES

**Basis of Presentation:** These financial statements have been prepared by Rayovac Corporation (the "Company"), without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") and, in the opinion of the Company, include all adjustments (which are normal and recurring in nature) necessary to present fairly the financial position of the Company at June 29, 2003, and the results of operations and cash flows for the three and nine month periods ended June 29, 2003 and June 30, 2002. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such SEC rules and regulations. These condensed consolidated financial statements should be read in conjunction with the audited financial statements and notes thereto as of September 30, 2002. Certain prior and current year amounts have been reclassified to conform with the current presentation.

**Revenue Recognition:** The Company recognizes revenue from product sales upon shipment to the customer which is the point at which all risks and rewards of ownership of the product is passed. Product ownership is passed when there are no uncertainties regarding customer acceptance, persuasive evidence of an arrangement exists, the price to the buyer is fixed or determinable, and collectibility is deemed reasonably assured. The Company is not obligated to allow for, and the Company's general policy is not to accept, product returns.

The Company enters into various promotional arrangements, primarily with retail customers, including arrangements entitling such retailers to cash rebates from the Company based on the level of their purchases, which require the Company to estimate and accrue the estimated costs of the promotional programs. These costs are generally treated as a reduction of net sales.

The Company also enters into promotional arrangements targeted to the ultimate consumer. Such arrangements are treated as either a reduction of net sales or an increase of cost of sales, based on the type of promotional program. The income statement characterization of the Company's promotional arrangements complies with EITF 01-09, *Accounting for Consideration Given by a Vendor to a Customer (Including a Reseller of the Vendor's Products)*.

For all types of promotional arrangements and programs, the Company monitors its commitments and uses statistical measures and past experience to determine amounts to be recorded for the estimate of the earned, but unpaid, promotional costs. The terms of the Company's customer-related promotional arrangements and programs are individualized to each customer and are generally documented through written contracts, correspondence or other communications with the individual customers.

## Edgar Filing: RAYOVAC CORP - Form 10-Q

The Company also enters into various contractual arrangements, primarily with retail customers, which require the Company to make an upfront cash, or "slotting" payment, to secure the right to distribute through such customer. The Company capitalizes slotting payments, provided the payments are supported by a time or volume based contractual arrangement with the retailer, and will amortize the associated payment over the appropriate time or volume based term of the contractual arrangement. The amortization of the slotting payment is treated as a reduction in net sales and the corresponding asset is included in Deferred Charges and Other in the Condensed Consolidated Balance Sheets.

5

**Shipping and Handling Costs:** The Company incurred shipping and handling costs of \$10,901 and \$5,419 and \$35,150 and \$17,809 for the three and nine months ended June 29, 2003 and June 30, 2002, respectively, which are included in selling expense. Shipping and handling costs include costs incurred with third-party carriers to transport products to customers and salaries and overhead costs related to activities to prepare the Company's products for shipment at the Company's distribution facilities.

**Concentration of Credit Risk:** Trade receivables potentially subject the Company to credit risk. The Company extends credit to its customers based upon an evaluation of the customer's financial condition and credit history and generally does not require collateral. The Company monitors its customers' credit and financial conditions based on changing economic conditions and will make adjustments to credit policies as required.

After the acquisition of VARTA (see Footnote 9, Acquisitions), approximately 60% of the Company's sales occur outside of North America. These sales and related receivables are subject to varying degrees of credit, currency, political and economic risk. The Company monitors these risks and makes appropriate provisions for collectability based on an assessment of the risks present.

**Stock Based Compensation:** The Company has stock option and other stock-based compensation plans which are fully described in the Company's financial statements and notes thereto as of September 30, 2002. The Company accounts for its stock-based compensation plans using the intrinsic value method, under the principles prescribed by the Accounting Principles Board's Opinion No. 25, *Accounting for Stock Issued to Employees*, and related interpretations. For stock options granted, no employee compensation cost is reflected in the Company's results of operations, as all options granted under the plans had an exercise price equal to the market value of the underlying common stock at the grant date. Results of operations include compensation cost related to grants of restricted stock.

The Company has adopted the disclosure-only provisions of FASB Statement No. 123, ("Statement No. 123") *Accounting for Stock Based Compensation*, as amended by FASB Statement No. 148, *Accounting for Stock-Based Compensation-Transition and Disclosure*. Accordingly, no compensation cost has been recognized in the results of operations for the stock option plans. Had compensation cost for stock options granted been determined based on the fair value at the grant date for awards consistent

6

with an alternative method prescribed by Statement No. 123, the Company's net income (loss) and earnings per share would have reflected the pro forma amounts indicated below:

	Three Months		Nine Months	
	2003	2002	2003	2002
Net income, as reported	\$ 2,869	\$ 10,314	\$ 2,566	\$ 16,096

Pro forma net income (loss)	\$ 1,817	\$ 9,356	\$ (976)	\$ 13,153

Diluted earnings per share:				
As reported	\$ 0.09	\$ 0.32	\$ 0.08	\$ 0.50
Pro forma	\$ 0.06	\$ 0.29	\$ (0.03)	\$ 0.41

The effect of restricted stock and unexercised options outstanding for the nine month period ended June 29, 2003 were excluded from the pro forma diluted EPS calculation, as their effect was anti-dilutive.

**Adoption of New Accounting Pronouncements:** In August 2001, the Financial Accounting Standards Board (FASB) issued Statement No. 143, *Accounting for Asset Retirement Obligations*. Statement No. 143 addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. The Company adopted the Statement on October 1, 2002. Adoption did not have a material effect on the financial statements of the Company.

In October 2001, the FASB issued Statement No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. This statement supersedes FASB Statement No. 121, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of*, and the accounting and reporting provisions of APB Opinion No. 30, *Reporting the Results of Operations Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions*, for the disposal of a segment of a business. The Company adopted the Statement on October 1, 2002. Adoption did not have a material effect on the financial statements of the Company.

In April 2002, the FASB issued Statement No. 145, *Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections*. The Statement addresses, among other things, the income statement treatment of gains and losses related to debt extinguishments, requiring such expenses to no longer be treated as extraordinary items, unless the items meet the definition of extraordinary per APB Opinion No. 30, *Reporting the Results of Operations Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring*

7

*Events and Transactions*. The Company adopted this Statement on October 1, 2002. As a result, the write-off of unamortized debt issuance costs of \$3,072 associated with the replacement of our previous credit facility in October 2002 is classified as non-operating expense in the nine month period ending June 29, 2003.

In July 2002, the FASB issued Statement No. 146, *Accounting for Costs Associated with Exit or Disposal Activities*. Statement No. 146 nullifies EITF 94-3, *Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)*. According to the Statement, commitments to a plan to exit an activity or dispose of long-lived assets will no longer be enough to record a one-time charge for most anticipated costs. Instead, companies will record exit or disposal costs when they are "incurred" and can be measured at fair value, and they will subsequently adjust the recorded liability for changes in estimated fair value. Statement No. 146 also revises accounting for specified employee and contract terminations that are part of restructuring activities. Statement No. 146 is effective for exit and disposal activities that are initiated after December 31, 2002. The Company applied the provisions of EITF 94-3 to the restructuring initiatives announced and committed to during the first Fiscal Quarter of 2003 (See 2003 Restructuring summary within Footnote 7). Other than potentially impacting the timing of recognition of future exit or disposal activities the Company believes that the adoption of Statement No. 146 will not have a significant impact on its consolidated financial statements.

In November 2002, the FASB issued Interpretation No. 45, *Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others*. This Interpretation addresses, among other things, the disclosure to be made by a guarantor in its interim and annual financial statements about its obligations under guarantees. The Interpretation also requires the recognition of a liability by a guarantor at the inception of certain guarantees. The Company has adopted the disclosure requirements of the Interpretation, and

## Edgar Filing: RAYOVAC CORP - Form 10-Q

is applying the recognition and measurement provisions for all guarantees entered into or modified after December 31, 2002. Adoption did not have a material effect on the consolidated financial statements of the Company.

In December 2002, the FASB issued Statement No. 148, *Accounting for Stock-Based Compensation-Transition and Disclosure*. The Statement amends FASB Statement No. 123, *Accounting for Stock-Based Compensation*, to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this Statement amends the disclosure requirements of Statement No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The Company has adopted the disclosure provisions of Statement No. 148 as seen above under "Stock-Based Compensation".

In May 2003, the Emerging Issues Task Force (EITF) issued EITF Consensus No. 01-8, *Determining Whether an Arrangement Contains a Lease*. EITF No. 01-8 requires lease treatment for arrangements containing an embedded lease, thereby conveying the right to control the use of property, plant or equipment (collectively, "the property") whether the property is explicitly or implicitly specified. The right is conveyed if the purchaser obtains physical or operational control of the property or takes substantially all of its output. EITF No. 01-8 applies prospectively to new or modified arrangements beginning after May 28, 2003. Adoption of EITF No. 01-8 did not have a significant impact on the Company's consolidated financial statements.

**Derivative Financial Instruments:** Derivative financial instruments are used by the Company principally in the management of its interest rate, foreign currency and raw material price exposures. The Company does not hold or issue derivative financial instruments for trading purposes.

The Company uses interest rate swaps to manage its interest rate risk. The swaps are designated as cash flow hedges with the fair value recorded in Other Comprehensive Income ("OCI") and as a hedge asset or liability, as applicable. The swaps settle periodically in arrears with the related amounts for the current settlement period payable to, or receivable from, the counter-parties included in accrued liabilities or accounts receivable and recognized in earnings as an adjustment to interest expense from the underlying debt to which the swap is designated. During the three and nine month periods ended June 29, 2003, \$1,210 and \$3,561, respectively, of pretax derivative losses from such hedges were recorded as an adjustment to interest expense. At June 29, 2003, the Company had a portfolio of interest rate swaps outstanding which effectively fixes the interest rates on floating rate debt at rates as follows: 4.458% for a notional principal amount of \$70,000 through July 2004, 3.974% for a notional principal amount of \$70,000 from July 2004 through October 2005, 3.769% for a notional principal amount of \$100,000 through August 2004 and 3.799% for a notional principal amount of \$100,000 from August 2004 through November 2005. The derivative net losses on these contracts recorded in OCI at June 29, 2003 was an after-tax loss of \$5,360.

The Company enters into forward and swap foreign exchange contracts, to hedge the risk from forecasted settlement in local currencies of inter-company purchases and sales, trade sales, and trade purchases. These contracts generally require the Company to exchange foreign currencies for U.S. dollars, Euros or Pounds Sterling. These contracts are designated as cash flow hedges with the fair value recorded in OCI and as a hedge asset or liability, as applicable. Once the forecasted transaction has been recognized as a purchase or sale and a related liability or asset recorded in the balance sheet, the gain or loss on the related derivative hedge contract is reclassified from OCI into earnings as an offset to the change in value of the liability or asset. During the three and nine month periods ended June 29, 2003, \$0 and \$11, respectively, of pretax derivative losses were recorded as an adjustment to earnings for forward and swap contracts settled at maturity. At June 29, 2003, the Company had no foreign exchange derivative contracts outstanding.

The Company periodically enters into forward and swap foreign exchange contracts, to hedge the risk from inter-company loans. These obligations generally require the Company to exchange foreign currencies for U.S. dollars, Euros or Pounds Sterling. These foreign exchange contracts are fair value hedges of a related liability or asset recorded in the balance sheet. The gain or loss on the derivative hedge contracts is recorded in earnings as an offset to the change in value of the related liability or asset. As June 29, 2003, the Company had a forward contract outstanding with a contract value of \$8,670.

The Company periodically enters into forward foreign exchange contracts, to hedge the risk from changes in fair value from unrecognized firm purchase commitments. These firm purchase commitments generally require the Company to exchange U.S. dollars for foreign currencies. These hedge contracts are designated as fair value hedges with the fair value recorded in earnings on a pretax basis and as a hedge asset or liability, as applicable. To the extent effective, changes in the value of the forward contracts recorded in earnings will be offset by changes in the value of the hedged item, also recorded in earnings on a pretax basis and as an asset or liability, as applicable. Once the firm

9

purchase commitment has been consummated, the firm commitment asset or liability balance will be reclassified as an addition to or subtraction from, the carrying value of the purchased asset. During the three and nine month periods ended June 29, 2003, no such foreign exchange derivative activity occurred. At June 29, 2003, the Company had no such foreign exchange derivative contracts outstanding.

The Company is exposed to risk from fluctuating prices for zinc used in the manufacturing process. The Company hedges a portion of this risk through the use of commodity swaps. The swaps are designated as cash flow hedges with the fair value recorded in OCI and as a hedge asset or liability, as applicable. The fair value of the swaps is reclassified from OCI into earnings when the hedged purchase of zinc metal-based items also affects earnings. The swaps effectively fix the floating price on a specified quantity of zinc through a specified date. During the three and nine month periods ended June 29, 2003, \$171 and \$520, respectively, of pretax derivative losses were recorded as an adjustment to cost of sales for swap contracts settled at maturity. At June 29, 2003, the Company had a series of swap contracts outstanding through October 2004 with a contract value of \$12,019. The derivative net gains on these contracts recorded in OCI at June 29, 2003 was an after-tax gain of \$21.

The non-compete agreement was amortized on a straight-line basis over 5 years. The proprietary technology assets are being amortized on a straight-line basis over 15 to 17 years. The intangible customer list asset is being amortized over 10 years. The Company has deemed that its trade name intangible assets have indefinite lives because they are expected to generate cash flows indefinitely, the Company has no intention of selling the trade name and there are no legal, regulatory, or contractual provisions that may limit the useful life of the trade name. Goodwill and intangible assets deemed to have indefinite lives are tested for impairment annually. The purchase price allocation of the VARTA acquisition is expected to be finalized during the fourth fiscal quarter of 2003. Changes in the purchase price allocation could impact the amount and or segment allocation of goodwill and other intangible assets acquired during the year.

During the nine months ended June 29, 2003, the Company wrote-off a \$702 pension intangible asset related to the Madison, Wisconsin packaging facility pension plan. The write-off related to the commencement of the closure of operations at the facility and curtailment of the pension plan and is reflected in Special charges in cost of sales in our results of operations. See Footnote 7, Other, for further discussion.

## Edgar Filing: RAYOVAC CORP - Form 10-Q

Net exchange gains or losses resulting from the translation of assets and liabilities of foreign subsidiaries are accumulated in a separate section of shareholders' equity. Also included are the effects of exchange rate changes on intercompany balances of a long-term nature and transactions designated as hedges of net foreign investments. The changes in accumulated foreign currency translation for the three and nine months ended June 29, 2003 were primarily attributable to the impact of translation of assets and liabilities of our European operations acquired on October 1, 2002 as part of our acquisition of the consumer battery business of VARTA AG. See Footnote 9, Acquisitions, for additional discussions.

### 5 NET INCOME PER COMMON SHARE

Net income per common share for the three and nine months ended June 29, 2003 and June 30, 2002 is calculated based upon the following shares:

### 6 COMMITMENTS AND CONTINGENCIES

In March 1998, the Company entered into an agreement to purchase certain equipment and to pay annual royalties. In connection with this 1998 agreement, which supersedes previous agreements dated December 1991, and March 1994, the Company committed to pay royalties of \$2,000 in 1998 and 1999, \$3,000 in 2000 through 2002, and \$500 in each year thereafter, as long as the related equipment patents are enforceable (until 2022). In December 2002, this agreement was modified such that royalty payments in 2003 through 2022 will be \$250.

The Company has provided for the estimated costs associated with environmental remediation activities at some of its current and former manufacturing sites. The Company believes that any additional liability in excess of the amounts provided of \$1,822, which may result from resolution of these matters, will not have a material adverse effect on the financial condition, liquidity, or cash flow of the Company.

During 2002, the Company entered into a long-term lease for a facility being built in Dixon, Illinois (see Footnote 7, Other). Construction of the building is completed and the facility is now fully operational. The future minimum rental commitment for this non-cancelable operating lease is \$1,554 annually for fiscal years 2003 through 2017. The lease payments are subject to annual inflationary increases.

The Company has certain other contingent liabilities with respect to litigation, claims and contractual agreements arising in the ordinary course of business. Such litigation includes shareholder lawsuits. In the opinion of management, it is either not likely or premature to determine whether such contingent liabilities will have a material adverse effect on the financial condition, liquidity or cash flow of the Company. The suit filed against the Company by Eveready Battery Company was settled in December 2002, and the \$1,500 net impact of such settlement is included in results of operations for the nine months ended June 29, 2003. The settlement did not materially impact the current liquidity position of the Company.

### 7 OTHER

During Fiscal 2001, the Company recorded special charges related to: (i) an organizational restructuring in the U.S, (ii) the closure of the Company's Tegucigalpa, Honduras facility and the rationalization of our manufacturing and distribution processes in the Company's Tegucigalpa, Honduras and Mexico City, Mexico manufacturing facilities and in our European operations, (iii) the closure of the Company's Wonewoc, Wisconsin, manufacturing facility, (iv) the rationalization of inefficient manufacturing processes, packaging operations, and product lines at the Company's Fennimore, Wisconsin, manufacturing facility and Madison, Wisconsin packaging location, and (v) costs associated with the Company's June 2001 secondary offering. The amount recorded includes \$9,100 of employee termination benefits for approximately 570 notified employees, \$9,900 of equipment, inventory, and other asset write-offs, and \$2,000 of other expenses. The Company anticipates the

13

termination benefits and other costs will be completed by September 30, 2003. A summary of the 2001 restructuring activities follows:

During Fiscal 2002, the Company recorded special charges related to: (i) the closure of the Company's Santo Domingo, Dominican Republic plant and transfer of production to the Company's Guatemala City, Guatemala manufacturing facility, and (ii) outsourcing a portion of the Company's zinc carbon battery production previously manufactured at our Mexico City, Mexico manufacturing facility. The amount recorded includes approximately \$1,200 of employee termination benefits for approximately 115 manufacturing employees, \$900 of charges from the abandonment of equipment and inventory, associated with the closing of the manufacturing facility, and \$300 of other expenses. The change in estimate of \$400 reflected our ability to utilize more inventory and manufacturing equipment at our Guatemala City, Guatemala manufacturing location than we originally anticipated. All activities

associated with the 2002 restructuring activities have been completed. A summary of the 2002 restructuring activities follows:

During the nine months ended June 29, 2003, the Company recorded restructuring charges of approximately \$33,900, of which approximately \$2,300 are included as a reduction of net sales, approximately \$21,700 are included in Special charges cost of sales, and approximately \$9,900 are included in Special charges in operating expenses. Restructuring charges include: (i) approximately \$12,600 of employee termination benefits for approximately 650 notified employees and other costs of approximately \$700 associated with the write-off of pension intangible assets reflecting the curtailment of the Company's Madison, Wisconsin packaging facility pension plan, (ii) approximately \$14,600 of equipment, inventory and other asset write-offs primarily reflecting the abandonment of equipment and inventory associated with the closure of the Mexico City, Mexico plant and inventory and fixed asset impairments related to the closure of the Company's Wisconsin packaging and distribution locations, (iii) approximately \$6,000 of other expenses which include, markdown monies of approximately \$2,300 which are included as a reduction of net sales, research and development contract termination costs of approximately \$500, and other integration, legal, and facility shutdown expenses incurred. The change in estimate during the three months ended March 30, 2003 relates primarily to revised estimates for cost reduction initiatives undertaken in the North America and Europe segments. The change in estimate during the three months ended June 29, 2003 relates primarily to revised estimates for inventory and fixed asset impairments associated with the closure of the Company's Wisconsin packaging and distribution locations.

Special charges included in cost of sales of approximately \$21,700 include amounts related to: (i) the closure in October 2002 of the Company's Mexico City, Mexico plant and integration of production into the Company's Guatemala City, Guatemala manufacturing location, resulting in charges of approximately \$6,200, including termination payments of approximately \$1,400, fixed asset and inventory impairments of approximately \$4,300, and other shutdown related expenses, (ii) the closure of operations at the Company's Madison, Wisconsin packaging facility and combination with the Company's Middleton, Wisconsin distribution center into a new leased complex in Dixon, Illinois resulting in charges of approximately \$13,200, including pension and termination costs of approximately \$2,900, fixed asset and inventory impairments of approximately \$8,800, and relocation expenses and

15

other shutdown related expenses, and (iii) a series of restructuring initiatives impacting the Company's manufacturing functions in Europe, North America, and Latin America resulting in charges of approximately \$2,300, including termination benefits of approximately \$1,300, and inventory and asset impairments of approximately \$1,000.

Special charges included in operating expenses of approximately \$9,900 include amounts related to: (i) the closure of operations at the Company's Middleton, Wisconsin distribution center and combination with our Madison, Wisconsin packaging facility into a new leased complex in Dixon, Illinois resulting in charges of approximately \$800, including termination costs of approximately \$400, fixed asset impairments of approximately \$300, and relocation expenses and other shutdown related expenses and (ii) a series of restructuring initiatives impacting the Company's sales, marketing, and administrative functions in Europe, North America, and Latin America resulting in charges of approximately \$9,100, including termination costs of approximately \$7,300, research and development contract termination costs of approximately \$500, fixed asset impairments of \$200, and integration, legal, and other expenses of approximately \$1,100.

The move to the new combined distribution and packaging facility occurred in the third quarter of Fiscal 2003 and the closure of the Madison, Wisconsin and Middleton, Wisconsin facilities will be completed during the fourth quarter of Fiscal 2003. New facility lease payments were fixed in the third quarter of Fiscal 2003 and are discussed in Footnote 6, Commitments and Contingencies. The sales, marketing, operations and administrative restructuring initiatives are expected to be substantially complete by the end of the fourth quarter of Fiscal 2003.

## 8 SEGMENT INFORMATION

The Company manages operations in three reportable segments based upon geographic area. North America includes the United States and Canada; Latin America includes Mexico, Central America, South America and the Caribbean; Europe/Rest of World ("Europe/ROW") includes continental Europe, the United Kingdom, and all other countries in which the Company does business.

The Company manufactures and markets dry cell batteries including alkaline, zinc carbon, alkaline rechargeable, hearing aid, and other specialty batteries and lighting products throughout the world.

Net sales and cost of sales to other segments have been eliminated. The gross contribution of inter segment sales is included in the segment selling the product to the external customer. Segment revenues are based upon the geographic area in which the product is sold.

The reportable segment profits do not include interest expense, interest income, and income tax expense. Also, not included in the reportable segments, are corporate expenses including corporate purchasing expense and general and administrative expense. All depreciation and amortization included in income from operations is related to corporate or reportable segments. Costs are identified to reportable segments or corporate, according to the function of each cost center.

The reportable segment assets do not include cash, deferred tax benefits, investments, long-term intercompany receivables, most deferred charges, and miscellaneous assets. Capital expenditures are related to reportable segments or corporate. Variable allocations of assets are not made for segment reporting.

Segment information for the three and nine months ended June 29, 2003 and June 30, 2002 is as follows:

## 9 ACQUISITIONS

On October 1, 2002, the Company acquired the consumer battery business of VARTA AG (VARTA) for approximately \$262 million Euro. As a result of the acquisition, the Company plans to optimize the global resources of the combined Rayovac and VARTA companies through the utilization of economies of scale and other initiatives (See 2003 Restructuring Summary within Footnote 7).

The results of VARTA's operations, since the acquisition on October 1, 2002, are included in the condensed consolidated financial statements for Fiscal 2003. The Company expects to finalize the purchase price allocation for the acquisition during the fourth fiscal quarter of 2003.

## Edgar Filing: RAYOVAC CORP - Form 10-Q

In connection with the acquisition, the Company entered into an Amended and Restated Credit Agreement ("Third Restated Agreement") which replaced the previous credit agreement. The Third Restated Agreement provided for senior bank facilities, including term and revolving credit facilities in an initial aggregate amount (assuming an exchange rate of Euro to Dollar of 1 to 1) of approximately \$625 million. The Third Restated Agreement includes a \$100 million seven-year revolving credit facility, a EUR 50 million seven-year revolving facility, a \$300 million seven-year amortizing term loan, a EUR 125 million seven-year amortizing term loan and a EUR 50 million six-year amortizing term loan. The U.S. Dollar revolving credit facility may be increased, at the Company's option, by up to \$50 million. A

18

non-operating charge of \$3,072 was recorded in the nine month period ended June 29, 2003 for the write-off of unamortized debt fees related to the previous debt agreement.

### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

#### Fiscal Quarter and Nine Months Ended June 29, 2003 Compared to Fiscal Quarter and Nine Months Ended June 30, 2002

Year over year historical comparisons are influenced by our October 1, 2002 acquisition of the consumer battery business of VARTA AG ("VARTA"), which is included in our current year but not prior year results. See Footnote 9, Acquisitions, to the Condensed Consolidated Financial Statements for supplemental pro forma information providing additional year over year comparisons of the impacts of the VARTA

## Edgar Filing: RAYOVAC CORP - Form 10-Q

acquisition.

*Net Sales.* Net sales for the three months ended June 29, 2003 (the "Fiscal 2003 Quarter") increased \$72.3 million, or 53.4%, to \$207.7 million from \$135.4 million in the three months ended June 30, 2002 (the "Fiscal 2002 Quarter"). Net sales for the nine months ended June 29, 2003 (the "Fiscal 2003 Nine Months") increased \$251.8 million, or 60.2%, to \$670.2 million from \$418.4 million in the nine months ended June 30, 2002 (the "Fiscal 2002 Nine Months"). The sales increase is attributable to the VARTA acquisition for both the fiscal quarter and nine month period. Sales decreases in the North America segment partially offset the impact of the VARTA acquisition during the Fiscal 2003 Quarter and Fiscal 2003 Nine Months.

*Operating Income.* Our income from operations decreased \$9.1 million to \$12.0 million in the Fiscal 2003 Quarter from \$21.1 million in the same period last year. The decrease was primarily attributable to \$11.1 million in special charges reflecting a series of restructuring initiatives announced in October 2002 and implemented during the quarter versus \$2.6 million in the Fiscal 2002 Quarter and a \$13.1 million decrease in North America segment profitability discussed below. These decreases were partially offset by the profitability associated with the VARTA acquisition. For further discussion of special charges see Footnote 7 to the Condensed Consolidated Financial Statements.

Our income from operations decreased \$6.2 million to \$31.3 million in the Fiscal 2003 Nine Months from \$37.5 million in the Fiscal 2002 Nine Months. The Fiscal 2003 Nine Months includes \$31.6 million in special charges; the Fiscal 2002 Nine Months includes a \$12.0 million net bad debt expense related to the bankruptcy filing of a North America segment customer, and \$2.6 million in special charges. Excluding these significant items, the increase in operating income is due to the profitability associated with the VARTA acquisition partially offset by the decline in profitability within the North America segment.

*Net Income.* Net income for the Fiscal 2003 Quarter decreased \$7.4 million to \$2.9 million from \$10.3 million in the Fiscal 2002 Quarter. The Fiscal 2003 Quarter decrease was due primarily to special charges of \$6.9 million after tax, an increase in interest expense of \$2.8 million, after tax, and the decline in North America profitability, partially offset by the profitability associated with the VARTA acquisition.

Net income for the Fiscal 2003 Nine Months decreased \$13.5 million to \$2.6 million from \$16.1 million in the Fiscal 2002 Nine Months. The Fiscal 2003 Nine Months includes special charges of \$19.6 million, after tax, non-operating expense of \$1.9 million, after tax, reflecting the write-off of unamortized debt issuance costs associated with the replacement of our previous credit facility, and North America retailer markdown programs of \$1.4 million, after tax. The Fiscal 2002 Nine Months includes a \$7.5 million, after tax, net bad debt expense related to the bankruptcy filing of a North America segment customer, and special charges of \$1.9 million, after tax. Excluding these significant items, the remaining decrease in net income is due to the decrease in profitability within the North America segment, partially offset by profitability associated with the VARTA acquisition, net of related incremental interest expense.

20

*Segment Results.* The Company manages operations in three reportable segments based upon geographic area. North America includes the United States and Canada; Latin America includes Mexico, Central America, South America, and the Caribbean; Europe/ROW includes continental Europe, the United Kingdom, and all other countries in which we do business. We evaluate segment profitability based on income from operations before corporate expense. Corporate expense includes corporate purchasing expense, general and administrative expense, and research and development expense.

### Europe/ROW

	Fiscal Quarter		Nine Months	
	2003	2002	2003	2002
Revenue from external customers	\$ 96.1	\$ 11.8	\$ 312.4	\$ 38.4
Segment profit	12.3	0.8	35.8	3.1
Segment profit as a % of net sales	12.8%	6.8%	11.5%	8.1%
Assets	\$ 478.4	\$ 30.9	\$ 478.4	\$ 30.9

The Europe/ROW segment was the segment most dramatically impacted by the VARTA acquisition. Increases in sales, segment profitability and assets all reflect the significance of VARTA within the region and the impact of foreign currency movements. Significant sales, marketing, operational and administrative integration activities are substantially completed within the region making identification of year-over-year variation causal factors difficult.

## Edgar Filing: RAYOVAC CORP - Form 10-Q

Profitability as a percent of net sales increased from 6.8% in the Fiscal 2002 Quarter to 12.8% in the Fiscal 2003 Quarter, and from 8.1% in the Fiscal 2002 Nine Months to 11.5% in the Fiscal 2003 Nine Months, primarily reflecting the impact of the VARTA acquisition and improved gross profit margins. The Fiscal 2003 Quarter was also favorably impacted by an adjustment to our preliminary purchase price allocation, which reduced the purchase price allocated to property, plant, and equipment, thereby lowering our estimate of depreciation expense.

Intangible assets of \$235.8 million, primarily related to the VARTA acquisition, now make up a substantial portion of the asset base within the segment. The purchase price allocation for the VARTA acquisition is expected to be finalized during the fourth fiscal quarter of 2003.

### North America

	Fiscal Quarter		Nine Months	
	2003	2002	2003	2002
Revenue from external customers	\$ 81.2	\$ 100.9	\$ 267.3	\$ 313.0
Segment profit	14.3	27.4	45.0	52.5
Segment profit as a % of net sales	17.6%	27.2%	16.8%	16.8%
Assets	\$ 232.0	\$ 234.2	\$ 232.0	\$ 234.2

Our sales to external customers decreased \$19.7 million, or 19.5%, to \$81.2 million in the Fiscal 2003 Quarter from \$100.9 million the previous year due to weakness in the general battery category. Alkaline sales decreases of \$15.0 million were caused by intense competitive promotional pricing activity in this battery category and include approximately \$0.7 million in retailer markdown programs associated with the Company's new alkaline pricing program announced during the Fiscal 2003 Quarter. Heavy duty sales decreased \$2.3 million compared to last year due to reduced distribution and general marketplace trends away from the use of this type of battery. Rechargeable battery sales also decreased \$2.2 million compared to last year due to lower sales in advance of the IC-3 rechargeable battery system launch expected in the fourth quarter of Fiscal 2003. Hearing aid battery sales increased \$2.3 million due to overall category strength.

21

In the Fiscal 2003 Nine Months, our sales to external consumers decreased \$45.7 million, or 14.6%, to \$267.3 million from \$313.0 million in the previous year. The sales decrease was primarily attributable to alkaline sales, which decreased \$35.5 million compared to last year caused by a \$6.3 million decline in post-bankruptcy sales to a customer, our inability to anniversary \$4.0 million in sales to a discontinued low-margin OEM customer in the prior year, approximately \$2.3 million in retailer markdown programs, and intense competitive promotional pricing activities. Decreases in heavy duty and rechargeable product line sales of \$8.9 million and \$4.1 million, respectively, are caused by factors consistent with those previously discussed for the Fiscal 2003 Quarter's results.

Our profitability decreased \$13.1 million to \$14.3 million in the Fiscal 2003 Quarter from \$27.4 million in the Fiscal 2002 Quarter. The Fiscal 2002 Quarter included a \$4.1 million bad debt recovery resulting from the sale of a majority portion of the receivables of a key customer in bankruptcy. Excluding the recovery, the decrease in profitability was caused primarily by the decrease in sales, compounded by an unfavorable product and customer mix, retailer markdown programs discussed above, and higher packaging and distribution expenses. We experienced duplicate packaging and distribution expenses due to the transition to the new leased, combined packaging and distribution facility located in Dixon, Illinois. This facility, and other impacts of the transition thereto, can be found in footnotes 6 and 7 to the Condensed Consolidated Financial Statements. Excluding the impact of the prior year's bad debt recovery, and as a result of the other factors discussed above, our profitability margins decreased 550 basis points to 17.6% from 23.1% in the same quarter last year.

For the Fiscal 2003 Nine Months, our profitability decreased \$7.5 million to \$45.0 million. The decrease in profitability in the Fiscal 2003 Nine Months was primarily attributable to lower gross profit due to the current year sales decrease and increases in packaging and distribution, and marketing expenses partially offset by a \$12.0 million net bad debt expense related to the bankruptcy filing of a key customer recorded in the Fiscal 2002 Nine Months. Excluding the impacts of the bad debt expense in the prior year and due to the other reasons mentioned above, our profitability margins decreased 380 basis points to 16.8% for the Fiscal 2003 Nine Months from 20.6% in the prior year period.

Our assets decreased \$2.2 million, or 0.9%, to \$232.0 million in the Fiscal 2003 Quarter from \$234.2 million the previous year. The small change included lower receivables offset by higher inventories, both the result of lower segment sales volume.

### Latin America

Fiscal Quarter

Nine Months

Edgar Filing: RAYOVAC CORP - Form 10-Q

	2003		2002	
Revenue from external customers	\$ 30.4	\$ 22.7	\$ 90.5	\$ 67.1
Segment profit	5.0	2.4	10.9	6.5
Segment profit as a % of net sales	16.4%	10.6%	12.0%	9.7%
Assets	\$ 199.4	\$ 194.6	\$ 199.4	\$ 194.6

Our sales to external customers increased \$7.7 million, or 33.9% to \$30.4 million in the Fiscal 2003 Quarter from \$22.7 million in the same period last year. In the Fiscal 2003 Nine Months, our sales to external customers increased \$23.4 million, or 34.9%, to \$90.5 million from \$67.1 million in the previous year. For both the Fiscal 2003 Quarter and Fiscal 2003 Nine Months, the increase in sales is due to the impact of the VARTA acquisition within the region, partially offset by continued declines caused by unfavorable economic conditions, political uncertainties in Argentina and Venezuela, and the unfavorable impacts of foreign currency movements including devaluations in the Dominican Republic. Sales increases within Central America also favorably impacted the Fiscal 2003 Nine Months.

Our profitability was \$5.0 million in the Fiscal 2003 Quarter, an increase of \$2.6 million, from \$2.4 million in the previous year. Our profitability increased \$4.4 million to \$10.9 million for the Fiscal

22

2003 Nine Months. For both the Fiscal 2003 Quarter and Fiscal 2003 Nine Months, the favorable profit was mostly the result of the VARTA acquisition and was partially offset by declines in profit in the Andean and Caribbean regions.

Our assets increased \$4.8 million, or 2.5%, to \$199.4 million in the Fiscal 2003 Quarter from \$194.6 million the previous year. The acquisition of the VARTA business in Latin America resulted in asset increases across all asset categories, which was offset by a reduction in accounts receivable reflecting improvements in collections, and a decrease in property, plant and equipment reflecting the closure of the Mexico manufacturing facility. The closure and subsequent write-off of the Mexico manufacturing related assets is included in special charges in the Fiscal 2003 Nine Months (see Footnote 7 of the Condensed Consolidated Financial Statements).

*Corporate Expense.* Our corporate expenses increased \$1.6 million, to \$8.5 million in the Fiscal 2003 Quarter from \$6.9 million in the Fiscal 2002 Quarter. Due to the higher sales associated with the VARTA acquisition, our corporate expense as a percentage of sales decreased to 4.1% in the Fiscal 2003 Quarter from 5.1% in the Fiscal 2002 Quarter. The dollar increase in expense primarily reflects a general increase in costs associated with the integration of the VARTA businesses and other increases in compensation expense. The Fiscal 2002 Quarter included a loss related to the bankruptcy filing of a freight payment provider.

For the Fiscal Nine Months, corporate expenses increased \$6.7 million, to \$28.7 million from \$22.0 million in the Fiscal 2002 Nine Months. As a percentage of sales, our corporate expense was 4.3% compared to 5.3% in the Fiscal 2002 Nine Months. The Fiscal 2003 Nine Months corporate expense includes higher legal expense associated with patent infringement litigation, a \$1.5 million net charge associated with the settlement of such litigation, and generally higher costs associated with the integration of the VARTA businesses and other increases in compensation expense. The Fiscal 2002 Nine Months included a loss related to the bankruptcy filing of a freight payment service provider.

*Special Charges.* The Fiscal 2003 Quarter reflects approximately \$11.1 million of special charges related to North America restructuring initiatives reflecting \$7.2 million of inventory and fixed asset impairments, \$2.8 million of termination benefits, and relocation and exit expenses primarily associated with the relocation of our Madison, Wisconsin packaging facility and Middleton, Wisconsin distribution center to our new leased distribution and packaging facility in Dixon, Illinois.

The Fiscal 2003 Nine Months reflects \$31.6 million of special charges related to: (i) European integration initiatives of approximately \$3.1 million, primarily reflecting termination benefits of approximately \$1.4 million, inventory and asset impairments of approximately \$1.2 million, and other integration costs, (ii) North America restructuring initiatives of approximately \$14.0 million, including pension and termination costs of approximately \$3.3 million, fixed asset and inventory impairments of approximately \$9.1 million, and relocation expenses and other shutdown expenses associated with the relocation of our Madison, Wisconsin packaging facility and Middleton, Wisconsin distribution facility to our new leased distribution and packaging facility in Dixon, Illinois, (iii) North America and Corporate restructuring initiatives of approximately \$6.0 million, including approximately \$5.2 million of termination benefits, research and development contract termination costs of approximately \$0.5 million, and integration, legal, and other expenses, (iv) Latin America restructuring initiatives of approximately \$6.2 million reflecting the closure of our Mexico City, Mexico manufacturing location, including termination payments of approximately \$1.4 million, fixed asset and inventory impairments of approximately \$4.3 million, and other shutdown related expenses, and (v) other Latin America integration initiatives of \$2.3 million, primarily reflecting termination benefits of approximately \$2.0 million associated with the integration of our Mexico and Colombia businesses and other integration related expenses.

---

*Interest Expense.* Interest expense increased \$4.5 million to \$8.5 million in the Fiscal 2003 Quarter and \$15.9 million to \$28.1 million in the Fiscal 2003 Nine Months. The increase in interest expense is due to the increase in debt to finance the VARTA acquisition.

*Non-Operating expense.* Non-operating expense of \$3.1 million in the Fiscal 2003 Nine Months relates to the write-off of unamortized debt fees associated with the previous credit facility, replaced in conjunction with the VARTA acquisition.

*Other (Income) Expense.* Other (income) expense, net, improved \$1.3 million to income of \$0.8 million in the Fiscal 2003 Quarter, and improved \$3.7 million to income of \$3.6 million in the Fiscal 2003 Nine Months. The increase in the Fiscal 2003 Quarter and Fiscal 2003 Nine Months was attributable to foreign exchange gains reflecting the favorable impacts of currency valuations.

*Income Tax Expense.* Our effective tax rate was 32.0% for the Fiscal 2003 Nine Months, a decrease from 36.0% during the Fiscal 2002 Twelve Months. The decrease in the effective tax rate from the prior year reflects the net impact of certain tax credits anticipated during Fiscal 2003, partially offset by a larger percentage of our income being derived from higher taxed foreign jurisdictions. As a result of the tax credits, we are estimating the Twelve Month Fiscal 2003 effective tax rate to be approximately 32.0%.

#### **Adoption of New Accounting Pronouncements**

See discussion in Note 1 to the Condensed Consolidated Financial Statements.

#### **Liquidity and Capital Resources**

For the Fiscal 2003 Nine Months, operating activities provided \$33.3 million in net cash, a decrease of \$20.2 million from last year. Within operating cash flow, the Company recognized lower net income offset by significantly higher depreciation expense, reflecting the impacts of the Fiscal 2003 restructuring activities and the VARTA acquisition, respectively. The Company also experienced an increase in other non-cash adjustments primarily reflecting the non-cash restructuring charges and the write-off of the unamortized debt issuance costs in the Fiscal 2003 Nine Months. Operating cash flow from changes in working capital decreased \$23.3 million versus the previous year primarily reflecting the impact of the VARTA acquisition and sales softness in North America.

Net cash used by investing activities increased to \$262.4 million for the Fiscal 2003 Nine Months, primarily reflecting the VARTA acquisition. Capital expenditures in the Fiscal 2003 Nine Months were primarily for improvements to alkaline battery manufacturing and leasehold improvements on the Dixon, Illinois leased packaging and distribution center. Capital expenditures for Fiscal 2003 are expected to be approximately \$28.0 million which will include continued performance upgrades to our alkaline and zinc air manufacturing and packaging operations, leasehold improvements for the leased Dixon, Illinois facility, and continued investment in technology.

During the Fiscal 2003 Nine Months we granted approximately 1.2 million options to purchase shares of common stock to various employees of the company. All grants have been at an exercise price equal to the market price of the common stock on the date of the grant. We also granted approximately 0.4 million shares of restricted stock on October 1, 2002, from the 1997 incentive plan, to certain members of management. These shares will vest on September 30, 2005 provided the recipient is still employed by the Company. The total market value of the restricted shares on date of grant totaled approximately \$4.8 million and has been recorded as unearned restricted stock compensation, a separate component of shareholders' equity. Unearned compensation is being amortized to expense over the three-year vesting period. During the Fiscal 2003 Nine Months, shares with a value of approximately \$0.3 million on the grant date were forfeited.

---

We believe our cash flow from operating activities and periodic borrowings under our credit facilities will be adequate to meet the short-term and long-term liquidity requirements of our existing business prior to the expiration of those credit facilities, although no assurance can be given in this regard. The Company's current credit facilities include a revolving credit facility of \$100 million, a revolving credit facility of EUR50 million, a term loan of \$300 million, a term loan of EUR125 million and a term loan of EUR50 million. As of June 29, 2003, the following amounts were outstanding under these facilities: \$2.2 million and \$267.0 million, respectively, of the U.S. Dollar revolver and term loan and, EUR123.8 million and EUR45.0 million, respectively, of the Euro term loans. In addition, approximately \$6.2 million of the remaining availability under the U.S. Dollar revolver was utilized for outstanding letters of credit.

## Edgar Filing: RAYOVAC CORP - Form 10-Q

The Third Amended and Restated Credit Agreement ("Third Restated Agreement"), undertaken to acquire the consumer battery business of VARTA AG, and subsequently amended ("First Amendment"), required, among other provisions, that the recording and incurrence of restructuring charges meet certain definitions and time constraints to qualify as additions in calculating Adjusted EBITDA, that the Company was to have transformed the German subsidiary acquired from VARTA AG from a GmbH legal structure to a KGaA legal structure ("Transformation") on or before June 30, 2003, and that the Company obtain consent of the Required Lenders to effect releases or substitutions of collateral pledges. Effective June 27, 2003, the Third Restated Agreement was amended ("Second Amendment") (i) to re-define and permit acceleration, recording, and incurrence of certain Restructuring Charges, as defined in the Third Restated Agreement, (ii) to extend the deadline for Transformation to on or before March 31, 2004 and (iii) to consent to certain organizational restructurings ("Restructurings"), including releases and substitutions of collateral pledges, and disregarding application of certain basket amounts as necessary to effect the Restructurings.

### Impact of Recently Issued Accounting Standards

In January 2003, the Financial Accounting Standards Board (FASB) issued Interpretation No. 46, *Consolidation of Variable Interest Entities*. Interpretation No. 46 addresses consolidation by business enterprises of variable interest entities. The Interpretation applies immediately for variable interest entities created after January 31, 2003, and to variable interest entities in which an enterprise obtains an interest after that date. For existing variable interest entities or investments in such, the Interpretation applies in the first fiscal year or interim period beginning after June 15, 2003. The Company believes that the adoption of Interpretation No. 46 will not have a significant impact on its consolidated financial statements.

In April 2003, the FASB issued Statement No. 149, *Amendment of Statement 133 on Derivative Instruments and Hedging Activities*. FASB Statements No. 133, *Accounting for Derivative Instruments and Hedging Activities*, and No. 138, *Accounting for Certain Derivative Instruments and Certain Hedging Activities*, establish accounting and reporting standards for derivative instruments including derivatives embedded in other contracts and for hedging activities. Statement No. 149 amends Statement No. 133 for certain decisions by the FASB board as part of the Derivatives Implementation Group ("DIG") process. Statement No. 149 is effective for contracts entered into or modified after June 30, 2003, and is effective for hedging relationships designated after June 30, 2003, except for certain transition and effective dates relating to other amendments that principally resulted from the DIG process. The Company is currently evaluating the impact of Statement No. 149 on its consolidated financial statements.

In May 2003, the FASB issued Statement No. 150, *Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity*. Statement No. 150 establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. The Statement requires that certain types of freestanding financial instruments be treated as liabilities and measured at fair value. The Statement is effective for financial instruments entered into or

25

---

modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. The Company believes that adoption of Statement No. 150 will not have a significant impact on its consolidated financial statements.

### Critical Accounting Policies

Our Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States and fairly present the financial position and results of operations of the Company. There have been no significant changes to our critical accounting policies as discussed in Rayovac's Annual Report on Form 10-K, and amendments thereto, for its fiscal year ended September 30, 2002.

### Item 3. Quantitative and Qualitative Disclosures About Market Risk

#### Market Risk Factors

We have market risk exposure from changes in interest rates, foreign currency exchange rates and commodity prices. We use derivative financial instruments for purposes other than trading to mitigate the risk from such exposures.

A discussion of our accounting policies for derivative financial instruments is included in Note 1 "Significant Accounting Policies" in Notes to our Condensed Consolidated Financial Statements.

#### Interest Rate Risk

## Edgar Filing: RAYOVAC CORP - Form 10-Q

We have bank lines of credit at variable interest rates. The general level of U.S. interest rates, LIBOR, and Euro LIBOR primarily affects interest expense. We use interest rate swaps to manage such risk. The net amounts to be paid or received under interest rate swap agreements are accrued as interest rates change, and are recognized over the life of the swap agreements, as an adjustment to interest expense from the underlying debt to which the swap is designated. The related amounts payable to, or receivable from, the contract counter-parties are included in accrued liabilities or accounts receivable.

### Foreign Exchange Risk

We are subject to risk from sales and loans to and from our subsidiaries as well as sales to, purchases from and bank lines of credit with, third-party customers, suppliers and creditors, respectively, denominated in foreign currencies. Foreign currency sales are made primarily in Euro, Pounds Sterling, Colombian Pesos, and Mexican Pesos. Foreign currency purchases are made primarily in Euro, Pounds Sterling, Colombian Pesos, and Mexican Pesos. The Company also has foreign currency sales and purchases in other currencies throughout the world. We manage our foreign exchange exposure from anticipated sales, accounts receivable, intercompany loans, firm purchase commitments and credit obligations through the use of naturally occurring offsetting positions (borrowing in local currency), forward foreign exchange contracts, foreign exchange rate swaps and foreign exchange options. The related amounts payable to, or receivable from, the contract counter parties are included in accounts payable or accounts receivable.

### Commodity Price Risk

We are exposed to fluctuation in market prices for purchases of zinc used in the manufacturing process. We use commodity swaps, calls and puts to manage such risk. The maturity of, and the quantities covered by, the contracts are closely correlated to our anticipated purchases of the commodities. The cost of calls, and the premiums received from the puts, are amortized over the life of the contracts and are recorded in cost of goods sold, along with the effects of the swap, put and call

26

---

contracts. The related amounts payable to, or receivable from, the counterparties are included in accounts payable or accounts receivable.

### Sensitivity Analysis

The analysis below is hypothetical and should not be considered a projection of future risks. Earnings projections are before tax.

As of June 29, 2003, the potential change in fair value of outstanding interest rate derivative instruments, assuming a 1% unfavorable shift in the underlying interest rates would be a loss of \$4.4 million. The net impact on reported earnings, after also including the reduction in one year's interest expense on the related debt due to the same shift in interest rates, would be a net loss of \$1.7 million.

As of June 29, 2003, the potential change in fair value of outstanding foreign exchange derivative instruments, assuming a 10% unfavorable shift in the underlying foreign exchange rates would be a loss of \$0.9 million. The net impact on future cash flows, after also including the gain in value on the related accounts receivable and accounts payable outstanding at June 29, 2003 due to the same change in exchange rates, would be zero.

As of June 29, 2003, the potential change in fair value of outstanding commodity price derivative instruments, assuming a 10% unfavorable change in the underlying commodity prices would be a loss of \$1.2 million. The net impact on reported earnings, after also including the reduction in cost of one year's purchases of the related commodities due to the same change in commodity prices, would be a net gain of \$0.3 million.

### Forward Looking Statements

Certain of the information contained in this Quarterly Report on Form 10-Q is not historical and may include "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements may be identified by such forward-looking language as "expects," "anticipates," "intends," "believes," "will," "estimate," "should," "may" or other similar terms. In reviewing such information, you should note that such statements are based upon current expectations of future events and projections; our actual results may differ materially from those set forth in such forward-looking statements.

Important factors that could cause our actual results to differ materially from those contained in this Quarterly Report on Form 10-Q include, without limitation, (1) competitive promotional activity or spending by competitors or price reductions by competitors, (2) the

introduction of new product features or technological developments by competitors and/or the development of new competitors or competitive brands, (3) the loss of, or a significant reduction in, sales to a significant retail customer, (4) difficulties or delays in the integration of VARTA's operations, (5) our ability to develop and successfully introduce new products and protect our intellectual property, (6) our ability to successfully implement, achieve and sustain manufacturing and distribution cost efficiencies and improvements, and fully realize anticipated cost savings, (7) the impact of unusual items resulting from the implementation of new business strategies, acquisitions and divestitures or current and proposed restructuring activities, (8) the cost and effect of unanticipated legal, tax or regulatory proceedings, new laws or regulations (including environmental regulations) and insurance coverage, (9) changes in accounting policies applicable to our business, (10) interest rate, exchange rate and raw material price fluctuations, (11) the effects of general economic conditions, including inflation, labor costs and stock market volatility, or changes in trade, monetary or fiscal policies in the countries where we do business, or (12) the effects of political or economic conditions or unrest in Latin America and other international markets.

Some of the above-mentioned factors are described in further detail in the section entitled "Risk Factors" beginning on page S-10 of our Prospectus Supplement (to Prospectus dated June 20, 2001) filed pursuant to Rule 424(b)(5) with the Securities and Exchange Commission on June 21, 2001. Other factors and assumptions not identified above were also involved in the derivation of the forward-looking statements contained in this Quarterly Report on Form 10-Q. If such other factors impact our results or if such assumptions are not correct or do not come to fruition, our actual results may differ materially from those projected. We assume no obligation to update these forward-looking statements to reflect actual results or changes in factors or assumptions affecting such forward-looking statements.

#### **Item 4. Controls and Procedures**

*Evaluation of Disclosure Controls and Procedures.* Our management, with the participation of our principal executive officer and principal financial officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on this evaluation, our principal executive officer and principal financial officer have concluded that, as of such date, our disclosure controls and procedures are designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable SEC rules and forms and were effective.

*Changes in Internal Control Over Financial Reporting.* There was no change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the period covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## **Part II. Other Information**

### **Item 1. Legal Proceedings**

There have been no significant changes in the status of Rayovac's legal proceedings since the filing of Rayovac's Annual Report on Form 10-K for its fiscal year ended September 30, 2002, except as noted in Rayovac's Quarterly Reports on Form 10-Q for the quarterly periods ended December 29, 2002 and March 30, 2003 or as noted below.

Regarding the purported class action lawsuits filed against defendants Rayovac Corporation and several of its current and former executive officers and directors on May 31, 2002, June 11, 2002 and June 28, 2002 respectively and alleging that the defendants violated Sections 11, 12(a)(2) and 15 of the Securities Act of 1933, as amended (the "1933 Act"), and Sections 10(b) and 20(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act"), and Rule 10b-5 promulgated thereunder, the Court ordered on September 23, 2002 that these three actions be consolidated into one action and Plaintiffs filed their Consolidated Amended Class Action Complaint on January 10, 2003. Rayovac and the individual defendants filed a Motion to Dismiss the Consolidated Amended Class Action Complaint in its entirety on February 10, 2003, and in May 2003, the Court issued an order denying the Motion to Dismiss as to claims made under the 1933 Act and granting the Motion to Dismiss as to claims made under the 1934 Act. Regarding the dismissal of claims made under the 1934 Act, the Court granted Plaintiffs leave to amend the complaint to attempt to state a claim upon which relief can be granted under the 1934 Act. On June 19, 2003, Plaintiffs filed the Second Consolidated Amended Class Action Complaint and on July 9, 2003, Rayovac and the individual defendants filed a Motion to Dismiss the Complaint. The Court has not yet ruled on this motion. Rayovac and the individual defendants believe the claims to be meritless and intend to vigorously defend themselves in the litigation.

**Item 6. Exhibits and Reports on Form 8-K**

(a) *Exhibits.* Please refer to the Exhibit Index on page .

(b) *Reports on Form 8-K.* The Company filed two reports on Form 8-K during the three-month period ended June 29, 2003. The first report on Form 8-K was dated and filed on April 24, 2003 and reported the press release issued by Rayovac, dated April 23, 2003, announcing certain financial results for its second fiscal quarter ended March 30, 2003. The second report on Form 8-K was dated April 24, 2003 and was filed on April 30, 2003 to furnish the transcript of a webcast hosted by Rayovac on April 24, 2003 announcing certain financial results for its second fiscal quarter ended March 30, 2003, among other matters.
