Notes to Condensed Financial Statements

(1) Basis of Financial Statement Presentation

The accompanying condensed financial statements of Hennessy Advisors, Inc. (the Company) are unaudited, but in the opinion of management, such financial statements have been presented on the same basis as the audited financial statements and include all adjustments consisting of only normal recurring adjustments necessary for a fair presentation of the financial position, results of operations and cash flows for the periods presented. The condensed financial statements were prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. Operating results for the three and six months ended March 31, 2006, are not necessarily indicative of results which may be expected for the fiscal year ending September 30, 2006. For additional information, refer to the financial statements for the fiscal year ended September 30, 2005, which are included in the Company's annual report on Form 10-KSB, filed with the Securities and Exchange Commission on December 6, 2005.

The operating activities of the Company consist primarily of providing investment management services to six open-end mutual funds (the Hennessy Funds). The Company serves as investment advisor of the Hennessy Cornerstone Growth Fund, Hennessy Cornerstone Growth Fund-Series II, Hennessy Cornerstone Value Fund, Hennessy Balanced Fund, Hennessy Total Return Fund and Hennessy Focus 30 Fund.

(2) Management Contracts

As of March 31, 2006, Hennessy Advisors, Inc. had contractual management agreements with Hennessy Funds, Inc. for the Hennessy Balanced Fund and the Hennessy Total Return Fund; with Hennessy Mutual Funds, Inc. for the Hennessy Cornerstone Growth Fund, the Hennessy Cornerstone Value Fund and the Hennessy Focus 30 Fund; and with Hennessy Funds Trust for the Hennessy Cornerstone Growth Fund-Series II.

The management agreements were renewed by the Board of Directors of Hennessy Funds, Inc. and Hennessy Mutual Funds, Inc., at their meeting on March 7, 2006 for a period of one year. The agreements may be renewed from year to year, as long as continuance is specifically approved at least annually in accordance with the requirements of the 1940 Act. Each management agreement will terminate in the event of its assignment, or it may be terminated by Hennessy Funds, Inc., Hennessy Mutual Funds, Inc., Hennessy Funds Trust (either by the Board of Directors or by vote of a majority of the outstanding voting securities of each Fund), or by Hennessy Advisors, upon 60 days' prior written notice.

Under the terms of the management agreements, each Fund bears all expenses incurred in its operation that are not specifically assumed by Hennessy Advisors, the administrator or the distributor. Hennessy Advisors bears the expense of providing office space, shareholder servicing, fulfillment, clerical and bookkeeping services and maintaining books and records of the Funds. Hennessy Advisors, as deemed necessary or by contract, may be required to waive its management fee or subsidize other expenses for the Funds it manages. Hennessy Advisors has agreed to cap the expense ratio of the Hennessy Focus 30 Fund at 1.45% of the fund's average daily net assets until the limitation is terminated by the

Table of Contents

Board of Directors of Hennessy Mutual Funds, Inc. Hennessy Advisors has further agreed to cap the expense ratio of the Hennessy Cornerstone Growth Fund, Series II at 1.25% of the fund's average daily net assets through June 2006. We do not anticipate exceeding the contractual expense ratios caps for either fund, and a subsidy is not currently required.

(3) Long-term Debt

On March 11, 2004, Hennessy Advisors, Inc. secured financing from US Bank National Association to acquire the management contracts for certain Lindner funds. The loan agreement required fifty-nine (59) monthly payments in the amount of \$94,060 plus interest at the bank's prime rate as it may change from time to time (7.75% effective March 28, 2006) and was secured by the Company's assets. On July 1, 2005, the loan was amended to provide an additional \$6.7 million to fund acquisition of the management contract for the Henlopen Fund. The amended loan after payment of an installment of \$94,060 on July 10, 2005, requires 64 monthly payments in the amount of \$174,210 plus interest at the bank's prime rate (currently 7.75%) and is secured by the Company's assets. The final installment of the then outstanding principal and interest is due September 30, 2010.

In connection with securing the financing discussed above, Hennessy Advisors, Inc. incurred loan costs in the amount of \$101,110. These costs are included in other assets and the unamortized balance of \$85,289 (as of the loan amendment date of July 1, 2005) is being amortized on a straight-line basis over 64 months.

(4) Investment Advisor and Shareholder Service Fee Revenue

Investment Advisory and Shareholder Service fees, which are the primary sources of revenue, are recorded when earned. The Company receives investment advisory fees monthly at an annual rate of 0.74% of the average daily net assets of the Hennessy Cornerstone Growth Fund, Hennessy Cornerstone Growth Fund, Series II, Hennessy Focus 30 Fund, and Hennessy Cornerstone Value Fund. The annual advisory fee for the Hennessy Balanced Fund and Hennessy Total Return Fund is 0.60%.

Fees for shareholder support services provided to the Hennessy Cornerstone Growth Fund, Hennessy Cornerstone Growth Fund, Series II, Hennessy Focus 30 Fund, and Hennessy Cornerstone Value Fund, are charged at an annual rate of 0.1% of average daily net assets.

(5) Income Taxes

Income taxes are accounted for under the asset and liability method, in accordance with the provisions of FASB Statement No. 109 Accounting For Income Taxes .

Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those differences are expected to be recovered or settled. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

A valuation allowance is then established to reduce that deferred tax asset to the level at which it is more likely than not that the tax benefits will be realized. Realization of tax benefits of deductible temporary differences and operating losses or credit carryforwards depends on having sufficient taxable income of an appropriate character within the carryforward periods. Sources of taxable income that may allow for the realization of tax benefits include income that will result from future operations.

Table of Contents

The Company's effective tax rate for three and six months ended March 31, 2006, was 40.0%, and differs from the federal statutory rate of 34% primarily due to the effects of state income taxes.

(6) Reclassification of Prior Period's Statements

Certain items previously reported have been reclassified to conform with the current period's presentation.

(7) Earnings per Share

Basic earnings per share is determined by dividing net earnings by the weighted average number of shares of common stock outstanding, while diluted earnings per share is determined by dividing the weighted average number of shares of common stock outstanding adjusted for the dilutive effect of common stock equivalents.

On January 26, 2006, our Board of Directors declared another three-for-two stock split which was implemented on March 7, 2006 for shareholders of record as of February 14, 2006. All disclosures in this report relating shares of common stock, stock options and per share data have been adjusted to reflect this stock split.

(8) Stock-Based Compensation

On May 2, 2001, the Company established an incentive plan (the Plan) providing for the issuance of options, stock appreciation rights, restricted stock, performance awards, and stock loans for the purpose of attracting and retaining executive officers, key employees, and directors. The maximum number of shares which may be issued under the Plan is 25% of the outstanding common stock of the Company, subject to adjustment by the compensation committee of the Board of Directors. The 25% limitation shall not invalidate any awards made prior to a decrease in the number of outstanding shares, even though such awards have resulted or may result in shares constituting more than 25% of the outstanding shares being available for issuance under the Plan. Shares available under the Plan which are not awarded in one particular year may be awarded in subsequent years. The compensation committee of the Board of Directors has the authority to determine the awards granted under the Plan, including among other things, the individuals who receive the awards, the times when they receive them, vesting schedules, performance goals, whether an option is an incentive or nonqualified option and the number of shares to be subject to each award. However, no participant may receive options or stock appreciation rights under the Plan for an aggregate of more than 75,000 shares in any calendar year. The exercise price and term of each option or stock appreciation right will be fixed by the compensation committee except that the exercise price for each stock option which is intended to qualify as an incentive stock option must be at least equal to the fair market value of the stock on the date of grant and the term of the option cannot exceed 10 years. In the case of an incentive stock option granted to a 10% shareholder, the exercise price must be at least 110% of the fair market value on the date of grant and cannot exceed five years. Incentive stock options may be granted only within ten years from the date of adoption of the Plan. The aggregate fair market value (determined at the time the option is granted) of shares with respect to which incentive stock options may be granted to any one individual, which stock options are exercisable for the first time during any calendar year, may not exceed \$100,000. An optionee may, with the consent of the compensation committee, elect to pay for the shares to be received upon exercise of their options in cash or shares of common stock or any combination thereof.

Table of Contents

As the exercise price of all options granted under the Plan were equal to the market price of the underlying common stock on the grant date, no stock-based employee compensation cost was recognized in net income. There were no options granted during the six months ended March 31, 2006, and 115,500 options were granted during the six months ended March 31, 2005. The following table illustrates the effect on net income and earnings per share if the Company had applied the fair value recognition provisions of FASB Statement No. 123, Accounting for Stock-Based Compensation, as amended, to options granted under the stock option plan. Because the estimated value is determined as of the date of grant, the actual value ultimately realized by the employee may be significantly different.

As required under FASB Statement No. 123 and FASB Statement No. 148, Accounting for Stock-based Compensation Transition and Disclosure, the proforma effects of stock-based compensation on net income and earnings per common share have been estimated at the date of grant using the Black-Scholes option pricing model.

The value of options granted during the six months ended March 31, 2005, was determined at the date of grant by using an options pricing model with an assumed risk-free interest rate of 2.84%, an expected life of 5 years, zero dividends and a volatility factor of 36.50%:

	Net Income	Basic EPS	Diluted EPS
For the six months ended March 31, 2005

Fair value of stock options - net of tax	321,552	0.09	0.09
Proforma net income	\$ 1,285,497	\$ 0.34	\$ 0.33

During the six months ended March 31, 2006, the Company issued restricted stock units (RSU) under its 2001 Omnibus Plan. Under the Company's 2001 Omnibus Plan, participants may be granted RSU's, representing an unfunded, unsecured right to receive a Company common share on the date specified in the recipient's award. The Company issues new shares for shares delivered for RSU recipients. The RSU granted under this plan vests over four years, at a rate of 25 percent per year. The Company recognizes compensation expense on a straight-line basis over the four-year vesting term of each award. RSU activity for the six months ended March 31, 2006 was as follows:

As of March 31, 2006, there was \$0.7 million of total RSU compensation expense related to non-vested awards not yet recognized, which is expected to be recognized over a weighted-average vesting period of 3.7 years.

9) New Accounting Pronouncements

In December 2004, the Financial Accounting Standards Board (FASB) issued FASB Statement No. 123R *Share-Based Payment*, which amended the provisions of FASB Statement No. 123 *Accounting for Stock-Based Compensation*. FASB Statement No. 123R requires public companies to recognize as an expense the fair value of stock-based payment arrangements at the date of grant, including stock options and employee stock purchase plans. The statement eliminates proforma accounting for share-based payments using the intrinsic value method previously allowed under the provisions of Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*.

Effective October 1, 2005, we adopted the fair value recognition provisions of FASB Statement No. 123R under the *Modified Perspective* method in accordance with the transition and disclosure provisions of FASB Statement No. 148 *Accounting for Stock-based Compensation Transition and Disclosure*. All compensation costs related to restricted stock units granted in the six months ended March 31, 2006 have been recognized in our condensed financial statements.

Item 2. Management's Discussion and Analysis

Overview

We derive our operating revenue from management fees and shareholder servicing fees paid to us by the Hennessy Funds. These fees are calculated as a percentage of the average daily net assets in each of our mutual funds and vary from fund to fund. The fees we receive fluctuate with changes in the total net asset value of the assets in our mutual funds, which are affected by our investment performance, redemptions, completed acquisitions of management agreements, market conditions and the success of our marketing efforts. Total assets under management were \$2.25 billion as of March 31, 2006.

Table of Contents

The assets we manage have grown rapidly as a result of acquisitions of management agreements, fund inflows and market appreciation. The following table illustrates the growth in assets under management since March 31, 2005 through March 31, 2006:

	Assets Under Management				
	At Each Quarter End, March 31, 2005 through March 31, 2006				
	3/31/2005	6/30/2005	9/30/2005	12/31/2005	3/31/2006
	(In Thousands)				
Beginning assets under management	\$ 1,376,303	\$ 1,347,881	\$ 1,373,166	\$ 1,807,472	\$ 1,831,993
Acquisition inflows			299,225		
Organic inflows	107,136	72,672	137,530	122,446	262,441
Redemptions	(108,114)	(87,886)	(118,651)	(120,497)	(116,171)
Market appreciation (depreciation)	(27,444)	40,499	116,202	22,572	271,732
Ending assets under management	\$ 1,347,881	\$ 1,373,166	\$ 1,807,472	\$ 1,831,993	\$ 2,249,995

A significant portion of our expenses, including employee compensation, are fixed and have historically demonstrated minimal variation. To implement our business strategy, we have expanded and upgraded our facilities and anticipate increasing our staffing. As a result, we expect our fixed expenses to increase.

The principal asset on our balance sheet, management contracts net of accumulated amortization, represents the capitalized costs incurred in connection with the acquisition of management agreements. As of March 31, 2006, this asset had a net balance of \$19.4 million.

The principal liability on our balance sheet is the long-term bank debt incurred in connection with the acquisition of the management agreements for the Lindner Funds and the Henlopen Fund. As of March 31, 2006, this liability, including the current portion of long-term debt, had a balance of \$11.7 million.

Revenues: Total revenue increased by \$1.4 million or 48.7%, in the three months ended March 31, 2006, from \$2.8 million in the prior comparable period, primarily due to fees earned from increased assets under management. Investment management fees increased by \$1.2 million, or 48.2%, in the three months ended March 31, 2006, from \$2.5 million in the prior comparable period, and shareholder service fees increased by \$0.2 million, or 62.6%, in the three months ended March 31, 2006, from \$0.3 million in the prior comparable period. These increases resulted from increases in the average daily net assets of our mutual funds, which can differ considerably from net assets of our mutual funds at the end of an accounting period. Net assets in our mutual funds increased by \$902 million, or 66.9%, as of March 31, 2006, from \$1.348 billion as of the end of the prior comparable period. The \$902 million increase in net mutual funds assets is attributable to a \$299.2 million asset acquisition, cash inflows of \$595.1 million, redemptions of \$443.2 million and market appreciation of \$451.0 million. Redemptions as a percentage of assets under management decreased from an average of 2.4% per month to 2.3% per month during the same period.

Operating Expenses: Total operating expenses increased by \$0.9 million, or 65.5%, in the three months ended March 31, 2006, from \$1.3 million in the prior comparable period. The increase resulted from increases in compensation and benefits, several components of general and administrative expense, increased mutual fund distribution costs, and increased amortization expense. Liquidity and Capital Resources

We continually review our capital requirements to ensure that we have sufficient funding available to support our growth strategies. Management anticipates that cash and other liquid assets on hand as of March 31, 2006 will be sufficient to meet our short-term capital requirements. To the extent that liquid resources and cash provided by operations are not adequate to meet long-term capital requirements, management plans to raise additional capital through debt or equity markets. There can be no assurance that we will be able to borrow funds or raise additional equity.

Total assets as of March 31, 2006 were \$30.1 million, which was an increase of \$1.0 million, or 3.5%, from September 30, 2005. Property and equipment, management agreements, and non-compete agreement acquired totaled \$20.9 million as of March 31, 2006. Our remaining assets are very liquid, consisting primarily of cash and receivables derived from mutual fund asset management activities. As of March 31, 2006, we had cash and cash equivalents of \$7.3 million.

Our Bank Loan: We have an outstanding bank loan with U.S. Bank National Association. We incurred \$7.9 million of indebtedness in connection with acquiring the management agreements for the Lindner Funds and an additional \$6.7 million of indebtedness in connection with acquiring the management agreement for The Henlopen Fund (now known as the Hennessy Cornerstone Growth Fund, Series II). The indebtedness we incurred to acquire the management agreement of The Henlopen Fund was rolled into a single loan with the indebtedness we incurred to acquire the management agreements of the Lindner Funds. We currently have \$11.7 million of principal outstanding under our bank loan, which bears interest at U.S. Bank National Association's prime rate as set by U.S. Bank National Association from time to time (7.75% as of March 28, 2006). The loan agreement requires us to make 64 monthly payments in the approximate amount of \$0.2 million, plus interest, with the final installment of the then outstanding principal and interest due on September 30, 2010.
