NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON FRIDAY, MARCH 16, 2018

TO THE STOCKHOLDERS OF ARROWHEAD PHARMACEUTICALS, INC.:

NOTICE IS HEREBY GIVEN that the 2018 Annual Meeting of Stockholders of Arrowhead Pharmaceuticals, Inc., a Delaware corporation (the Company), will be held on Friday, March 16, 2018, at 10:00 a.m., Pacific time (the Annual Meeting). This year's meeting will be a completely virtual meeting of stockholders. You can attend the Annual Meeting online, vote your shares electronically, and submit your questions during the Annual Meeting by visiting www.virtualshareholdermeeting.com/ARWR2018. Prior to the Annual Meeting, you will be able to vote at www.proxyvote.com for the purpose of considering and voting upon the following proposals:

1. To elect the six directors named in the Proxy Statement to serve as members of the Company's Board of Directors until the next Annual Meeting or until their successors are elected;
2. To conduct an advisory (non-binding) vote to approve executive compensation; and
3. To ratify the selection of Rose, Snyder & Jacobs LLP as independent auditors of the Company for the fiscal year ending September 30, 2018;

The foregoing items of business are more fully described in the Proxy Statement accompanying this Notice. Proposal No. 1 relates solely to the election of the six directors nominated by the Board of Directors and does not include any other matters relating to the election of directors, including, without limitation, the election of directors nominated by any stockholder of the Company.

All stockholders of record are cordially invited to attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/ARWR2018. We anticipate that on or about February 2, 2018, we will mail our stockholders a Notice Regarding the Availability of Proxy Materials (the Notice of Internet Availability) containing instructions on how to access our 2018 Proxy Statement and 2017 Annual Report on Form 10-K and to vote online. You will need to have your 16-digit Control Number included on your Notice of Internet Availability or your proxy card (if you received a printed copy of the proxy materials) to join the Annual Meeting.

If you prefer to receive paper copies of our proxy materials, please follow the instructions included in the Notice of Internet Availability. To ensure your representation at the meeting, you are urged to vote via the Internet or telephone as instructed in the Notice of Internet Availability, or to mark, sign, date and return the proxy card as promptly as possible in the postage-prepaid envelope enclosed for that purpose. Any stockholder of record attending the Annual Meeting may vote at the Annual Meeting even if such stockholder has previously returned a proxy. Each stockholder may appoint only one proxy holder to attend the Annual Meeting on his or her behalf. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you must obtain a proxy issued in your name from that record holder.

/s/ Jane Davidson

Jane Davidson
Secretary

Pasadena, California
January 25, 2018

Your vote is important, whether or not you expect to attend the Annual Meeting of Stockholders. Stockholders of record are urged to vote via the Internet or telephone as instructed, or if you are voting by mail, to mark, sign and date and promptly return the proxy in the postage-prepaid return envelope provided.

Voting promptly will help avoid the additional expense of further solicitation to assure a quorum at the meeting.

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you must obtain a proxy issued in your name from that record holder.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on Friday, March 16, 2018:

You may access the following proxy materials at www.virtualshareholdermeeting.com/ARWR2018

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON FRIDAY, MARCH 16, 2018

GENERAL INFORMATION CONCERNING SOLICITATION AND VOTING

The enclosed Proxy is solicited on behalf of Arrowhead Pharmaceuticals, Inc. (the **Company** or **Arrowhead**) for use at the 2018 Annual Meeting of Stockholders (the **Annual Meeting**) to be held on Friday, March 16, 2018 at 10:00 a.m., Pacific time, and at any adjournment(s) thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders (the **Notice**). This year's meeting will be a completely virtual meeting of stockholders. You can attend the Annual Meeting online, vote your shares electronically, and submit your questions during the Annual Meeting, by visiting www.virtualshareholdermeeting.com/ARWR2018. You will need to have your 16-digit Control Number included on your Notice Regarding the Availability of Proxy Materials (the Notice of Internet Availability) or your proxy card (if you received a printed copy of the proxy materials) to join the Annual Meeting.

The Company anticipates that the Notice of Internet Availability in connection with these proxy solicitation materials will first be mailed on or about February 2, 2018 to all stockholders entitled to vote at the Annual Meeting and we will post our proxy materials on the website referenced in the Notice of Internet Availability. As more fully described in the Notice of Internet Availability, all stockholders may choose to access our proxy materials on the website referred to in the Notice of Internet Availability or may request to receive a printed set of our proxy materials.

Record Date

Only holders of record of our common stock at the close of business on January 23, 2018 (the **Record Date**) are entitled to notice of the Annual Meeting and to vote at the Annual Meeting. On that date, the Company had outstanding 86,787,566 shares of common stock (**Common Stock**).

Revocability of Proxies

Any proxy given by a stockholder of record pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Secretary of the Company, at or before the taking of the vote at the Annual Meeting, a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person. Stockholders may also revoke their proxy by entering a new vote over the Internet or by telephone.

Voting and Solicitation

Each share of the Company's Common Stock is entitled to one vote on all matters presented at the Annual Meeting. Stockholders do not have the right to cumulate their votes in the election of directors. Shares of Common Stock represented by properly executed proxies will, unless such proxies have been previously revoked, be voted in accordance with the instructions indicated thereon. In the absence of specific instructions to the contrary, properly executed proxies will be voted FOR all matters submitted to a vote of stockholders at the Annual Meeting pursuant to this

Edgar Filing: ARROWHEAD PHARMACEUTICALS, INC. - Form DEF 14A

proxy statement. No business other than that set forth in the accompanying Notice of Annual Meeting of Stockholders is expected to come before the Annual Meeting. Should any other matter requiring a vote of stockholders properly arise, the persons named in the enclosed form of proxy will vote such proxy in accordance with the recommendation of the Board of Directors (the **Board**).

If you will not be able to attend the Annual Meeting to vote in person, you may vote your shares via the Internet or by telephone or by mail as set forth in the Notice.

The Company has engaged a proxy solicitor, Alliance Advisors, LLC, to encourage voting by our stockholders. It is estimated that the total cost for the solicitation campaign will be approximately \$10,000. Proxies may also be solicited by certain of the directors, officers and employees of the Company, without additional compensation. The Company will bear the costs of solicitation. In addition, the Company expects to reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners.

If your shares are held in street name, the voting instruction form sent to you by your broker, bank or other nominee should indicate whether the institution has a process for beneficial holders to provide voting instructions over the Internet or by telephone. A number of banks and brokerage firms participate in a program that also permits stockholders whose shares are held in street name to direct their vote over the Internet or by telephone. If your bank or brokerage firm gives you this opportunity, the voting instructions from the bank or brokerage firm that accompany this proxy statement will tell you how to use the Internet or telephone to direct the vote of shares held in your account. If your voting instruction form does not include Internet or telephone information, please complete and return the voting instruction form in the self-addressed, postage-paid envelope provided by your broker. Stockholders who vote by proxy over the Internet or by telephone need not return a proxy card or voting instruction form by mail.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date. Shares that are voted FOR, AGAINST or ABSTAIN on a matter are treated as being present at the meeting for purposes of establishing a quorum with respect to such matter. For certain proposals, brokers may not have discretionary authority to vote on a particular matter if they have not received specific instructions from the beneficial owner of the shares (**broker non-votes**). In accordance with the rules of Nasdaq, banks, brokerage firms and other nominees who hold Arrowhead shares in street name for their customers have authority to vote on routine proposals when they have not received instructions from beneficial owners. However, banks, brokerage firms and other nominees are precluded from exercising their voting discretion with respect to non-routine matters, such as Proposal Nos. 1 and 2 described in this proxy statement. Absent instruction from you, however, your broker can, using its voting discretion, vote on the proposal to ratify the selection of Rose, Snyder & Jacobs LLP as Arrowhead's independent auditor for the fiscal year ending September 30, 2018. Shares subject to a broker non-vote will be counted as present for the purpose of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting; the effect of abstentions and broker non-votes on the proposals presented herein is discussed below.

With regard to the election of directors, votes may be cast in favor of a director nominee or withheld. Because directors are elected by plurality, abstentions from voting and broker non-votes will be entirely excluded from the vote and will have no effect on its outcome. If a quorum is present at the meeting, the nominees receiving the greatest number of votes, up to six directors, will be elected. Because Proposal Nos. 2 and 3 must be approved by the affirmative vote of a majority of the shares of Common Stock entitled to vote thereon and present in person or by proxy at the Annual Meeting (the **Required Vote**), abstentions will be counted in tabulations of the votes cast on each such proposal and will have the same effect as a vote against the proposal, whereas broker non-votes (with respect to Proposal No. 2) will be excluded from the vote and will have no effect on its outcome.

Deadline for Receipt of Stockholder Proposals

Any stockholder who meets the requirements of the proxy rules under the Securities Exchange Act of 1934, as amended (the **Exchange Act**), who intends to present a proposal at the Company's 2019 Annual Meeting of Stockholders must ensure that the proposal is received by the Corporate Secretary at Arrowhead Pharmaceuticals, Inc., 225 South Lake Avenue, Suite 1050, Pasadena, CA 91101, not later than October 5, 2018, in order to be considered for inclusion in our proxy materials for that meeting; provided, however, that if the Company's 2019

Annual Meeting of Stockholders is held before February 20, 2019 or after April 15, 2019, you must provide specified information to us a reasonable time before we begin to print and send our proxy statement for our 2019 Annual Meeting. Proposals received after the specified dates may be excluded from the Company's proxy statement.

Additionally, our Bylaws provide for notice procedures to recommend a person for nomination as a director or to propose business to be considered by stockholders at a meeting. To be considered timely under these provisions, the stockholder's notice must be received by the Corporate Secretary at our principal executive offices at the address set forth above between 90 and 120 days prior to the one-year anniversary of the date of the 2018 Annual Meeting; *provided, however*, that if the 2019 Annual Meeting date is advanced by more than 30 days before or delayed by more than 60 days after the anniversary date of the 2018 Annual Meeting, then stockholders must provide notice within time periods specified in our Bylaws. Our Bylaws also specify requirements as to the form and content of a stockholder's notice.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board has nominated the following six persons as directors to serve until the 2019 Annual Meeting and until their successors have been duly elected. Each of the nominees is currently a director of Arrowhead. Except as set forth in the biographical information below, none of the nominees is related by blood, marriage or adoption to any other nominee or any executive officer of the Company. The six nominees receiving the greatest numbers of votes at the Annual Meeting will be elected to the six director positions. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the six nominees named below. If any nominee is unable or declines to serve as director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by our present Board to fill the vacancy. The table below sets forth, with respect to each nominee for election, his age and current position with Arrowhead.

Nominees for Election as Directors. The Board unanimously adopted a resolution proposing the nominees set forth below for election as Directors of the Company for the next year.

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR EACH OF THE NOMINEES LISTED BELOW.

Board Composition and Nominating Process

The Nominating Committee of the Board of Directors annually considers the size, composition and needs of the Board and, as appropriate, recommends the nominees for directors to the Board for approval. The Committee considers and evaluates suggestions from many sources regarding possible candidates for directors. Below are general criteria for the evaluation of current and proposed directors:

The highest ethical character and shared values with our Code of Corporate Conduct

Reputation, both personal and professional, consistent with our image and reputation

Accomplishment within candidate's field, with superior credentials and recognition

Relevant expertise and experience and the ability to offer advice and guidance to the CEO based on that expertise and experience

Independence, without the appearance of any conflict in serving as a Director, and independence of any particular constituency with the ability to represent all shareholders

Edgar Filing: ARROWHEAD PHARMACEUTICALS, INC. - Form DEF 14A

Ability to exercise sound business judgment

Diversity, reflecting differences in skills, regional and industry experience, background, and other unique characteristics. Additionally, the Committee considers the mix of skills and experience among current and prospective directors with a goal of assembling a Board with complementary skills for the benefit of the Company. Listed below are the relevant contributions of each current board member.

Corporate Governance Policies and Practices						

The following is a summary of our corporate governance policies and practices:

The positions of Chairman of the Board and Chief Executive Officer are separated, which allows our Chief Executive Officer to focus on strategic planning and execution as well as our day-to-day business operations, while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and oversight of management. While our Bylaws do not require that our Chairman and Chief Executive Officer positions be separate, our Board believes that having separate positions is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance.

A majority of the members of the Board are independent directors, as defined by Nasdaq Marketplace Rules. The Board has determined that all of the Company's directors are independent, except Dr. Anzalone, due to his employment relationship with the Company, and Dr. Given, who is the brother of Bruce Given, the Company's Chief Operating Officer. Non-employee directors do not receive consulting or other fees from the Company, other than Board and Committee compensation.

The Board has appointed an independent Lead Director. The Lead Director is tasked with assuring that the Board committees and other relevant issues have independent leadership.

The Board has overall responsibility for the oversight of the Company's risk management process, which is designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. Risk management includes not only understanding company-specific risks and the steps management implements to manage those risks, but also what level of risk is acceptable and appropriate for the Company. Management is responsible for establishing our business strategy, identifying and assessing the related risks and implementing appropriate risk management practices. The Board regularly reviews our business strategy and management's assessment of the related risk, and discusses with management the appropriate level of risk for the Company.

All of the Company's employees, officers and directors are subject to the Company's Code of Business Conduct and Ethics Policy, which is available on the Company's website at www.arrowheadpharma.com. The ethics policy meets the requirements of Nasdaq Marketplace Rules, as well as the code of ethics requirements of the SEC.

The Audit, Compensation and Nomination Committees consist entirely of independent directors.

The independent directors meet separately in executive session on a regular basis to discuss matters relating to the Company and the Board, without members of the management team present.

The Board reviews at least annually the Company's business initiatives, capital projects and budget matters.

The Audit Committee reviews and approves all related-party transactions or, if the size and nature of the transaction warrants, a special committee of non-related Board members is formed to negotiate and approve the transaction.

Stockholder Communications with Directors

Stockholders who wish to communicate with the Board or any individual director can write to: Jane Davidson, Corporate Secretary, Arrowhead Pharmaceuticals, Inc., 225 South Lake Avenue, Suite 1050, Pasadena, CA 91101. Your letter should indicate that you are an Arrowhead stockholder. Depending on the subject matter, management will:

Forward the communication to the director or directors to whom it is addressed;

Forward the communication to the Chairman of the Board, if addressed to the board of directors; or

If not addressed to any director or directors, attempt to handle the inquiry directly (for example, requests for information or stock-related matters).

Board Meetings and Committees

The Board held a total of six meetings during the fiscal year ended September 30, 2017. The Board has three standing committees: an Audit Committee, a Compensation Committee and a Nomination Committee.

The functions of the Audit Committee are to select independent public accountants, to review the scope and results of the year-end audit with management and the independent auditors, to review the Company's accounting principles and its system of internal accounting controls, to review the Company's annual and quarterly reports before filing with the Securities and Exchange Commission and to review any related-party transactions. The Audit Committee met three times during fiscal 2017. The current members of the Audit Committee are Edward W. Frykman, Chairman, William Waddill, Mauro Ferrari and Michael S. Perry. The Board has determined that all members of the Audit Committee are independent directors under the Rules of the SEC and the listing standards of Nasdaq Marketplace Rules and are financially literate. The Board has determined that Mr. Frykman and Mr. Waddill are audit committee financial experts in accordance with the applicable regulations, based on their experience as noted above. The Audit Committee Charter is available on the Company's website at www.arrowheadpharma.com.

The functions of the Compensation Committee are to review the goals and achievements of the Company and the Chief Executive Officer for the prior year and approve the goals of the Company and the Chief Executive Officer for the next year, to review and approve salaries, bonuses and other benefits payable to the Company's executive officers and to administer the Company's 2004 Equity Incentive Plan and 2013 Incentive Plan. The Compensation Committee is specifically responsible for determining the compensation of the Chief Executive Officer and the other executive officers. The Compensation Committee reviews compensation recommendations made by the Chief Executive Officer for other senior executives of the Company at least annually; the Chief Executive Officer is not present during discussions or deliberations regarding his compensation. In fiscal 2017, the Compensation Committee engaged Streeter Wyatt LLC, a compensation consulting firm, to provide advice and guidance with regard to compensation for our named executive officers. The decision to engage the consultant was not made or recommended by management and the Committee has the sole discretion to engage or change the consultant. The Compensation Committee met two times during fiscal 2017. The current members of the Compensation Committee are Michael S. Perry, Chairman, Edward Frykman and Mauro Ferrari. The Board has determined that all members of the Compensation Committee are independent directors under the listing rules of Nasdaq Marketplace Rules. The Compensation Committee's charter is available on the Company's website at www.arrowheadpharma.com. The Committee has not delegated any of its responsibilities or authorities granted under its charter.

The Nomination Committee is responsible for proposing a slate of directors for election by the stockholders at each Annual Stockholders Meeting and for proposing candidates to fill any vacancies. The Nomination Committee met once during fiscal 2017. The current members of the Nomination Committee are Michael S. Perry, Chairman, Edward Frykman and Mauro Ferrari. The Nomination Committee's charter is available on the Company's website at www.arrowheadpharma.com. The Nomination Committee manages the process for evaluating current Board members at the time they are considered for re-nomination. After considering the appropriate skills and characteristics required on the Board, the current makeup of the Board, the results of the evaluations and the wishes of the Board members to be re-nominated, the Nomination Committee recommends to the Board whether those individuals should be re-nominated.

On at least an annual basis, the Nomination Committee reviews with the Board whether it believes the Board would benefit from adding new members and, if so, the appropriate skills and characteristics required for any new members. If the Board determines that a new member would be beneficial, the Nomination Committee solicits and receives recommendations for candidates and manages the process for evaluating candidates. All potential candidates, regardless of their source, are reviewed under the same process. The Nomination Committee (or its chairman) screens the available information about the potential candidate(s). Based on the results of the initial screening, interviews with candidates are scheduled with Nomination Committee members, other members of the Board and senior members of management. Upon completion of these interviews and other due diligence, the Nomination Committee may nominate a candidate to the Board for election.

Candidates for independent Board member positions are identified through recommendations from directors or others associated with the Company, as well as through a formal search process managed by an executive recruiter. Arrowhead stockholders may also recommend candidates by sending the candidate's name and resume to the Nomination Committee pursuant to the procedures, set forth above, for communication with the Board. As described above, our Bylaws also provide for separate notice procedures to recommend a person for nomination as a director to be considered by stockholders at a meeting, including requirements as to the timing, form and content of a stockholder's notice.

The Nomination Committee has no predefined minimum criteria for selecting Board nominees, although it believes that all directors should share qualities such as governance and business experience at the corporate level, relevant non-competitive experience and strong communication and analytical skills. Independent directors must meet the criteria for independence set forth by Nasdaq and the SEC. In any given search, the Nomination Committee may also define particular characteristics for candidates to balance the overall skills and characteristics of the Board and the needs of the Company. During any search, the Nomination Committee reserves the right to modify its stated search criteria for exceptional candidates. While the Board does not have a policy with regard to consideration of diversity for selecting candidates, the Nomination Committee may consider diversity, including diversity with respect to experience, skill set, age, areas of expertise and professional background, as well as race, gender, national origin and any other criteria deemed appropriate by the Nomination Committee.

No incumbent director attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board held during fiscal 2017, and (ii) the total number of meetings held by all committees of the Board during fiscal 2017 on which such person served.

In addition, two of the directors attended the 2017 Annual Meeting of Stockholders. It is the Company's policy to encourage, but not require, that all directors attend our annual stockholder meetings.

DIRECTOR COMPENSATION

Directors who are also employees of the Company receive no separate compensation from the Company for their service as members of the Board. The below table sets forth compensation levels for each of our outside directors for calendar 2017 and 2018.

Name & Position	2018 Annual Fee (1) (effective 1/1/18)	2018 Stock Award (2)	2018 Grant Date Value	2017 Annual Fee (1) (effective 1/1/17)	2017 Stock Award (2)	2017 Grant Date Value

William Waddill						
Director (3)	\$ 52,500	25,000	\$ 92,000	\$ N/A	N/A	\$ N/A

- (1) The annual fee for service as a Company director for 2018 and 2017 is \$52,500. An additional fee of \$26,250 is paid for the service of the Chairman and an additional \$15,750 for the service of the lead director.
- (2) For services in 2018, each non-employee director received a grant of 25,000 restricted stock units (RSUs). Additional grants of 5,000 RSUs were awarded for the service of the Chairman and the lead director. RSU grants to non-employee directors vest on the one-year anniversary of the date of grant. In 2017, the grant for each director was 50,000 RSUs with an additional grant to the Chairman of 30,000 RSUs and to the lead director of 30,000 RSUs. The number of RSUs granted to employees and non-employee directors was increased in fiscal 2017 to address the Company's retention needs after a decision was made to terminate the Company's clinical trials. In 2018, the number of RSUs granted was decreased from 2017 to amounts closer to historical levels.
- (3) Mr. Waddill became a director effective 1/1/2018 and received no compensation in fiscal 2017.

The following table sets forth the total compensation paid to our non-employee directors in fiscal 2017. Dr. Anzalone's compensation is set forth in the discussion of Executive Compensation and in the Summary Compensation Table.

Name	Fee Earned or Paid in Cash		Stock Awards (\$) (1) (2)	Total (\$)
	(\$)	(\$)		
Douglass Given	\$ 77,813	\$ 124,000		\$ 201,813
Michael S. Perry	\$ 67,438	\$ 124,000		\$ 191,438
Edward Frykman	\$ 51,875	\$ 77,500		\$ 129,375
Mauro Ferrari	\$ 51,875	\$ 77,500		\$ 129,375
William Waddill (3)	N/A	N/A		N/A

- (1) This column represents the total grant date fair value, computed in accordance with ASC 718, of restricted stock units granted during fiscal year 2017 for each director.
- (2) RSUs to non-employee directors vest one year from date of grant.

Edgar Filing: ARROWHEAD PHARMACEUTICALS, INC. - Form DEF 14A

(3) Mr. Waddill became a director effective 1/1/2018 and received no compensation in fiscal 2017.

As of the last day of fiscal year 2017, the directors held the following outstanding stock option and restricted stock unit grants in the aggregate:

Douglass Given 65,000 stock options and 80,000 restricted stock units; Michael S. Perry 77,000 stock options and 80,000 restricted stock units;

Edward Frykman 76,500 stock options and 50,000 restricted stock units; and Mauro Ferrari 25,469 stock options and

50,000 restricted stock units. Mr. Waddill became a director effective 1/1/2018 and did not hold any stock options or restricted stock units as of the last day of fiscal year 2017.

Vote Required; Recommendation of the Board

The six nominees receiving the greatest numbers of votes at the meeting, assuming a quorum is present, will be elected to the six director positions to serve until their terms expire or until their successors have been duly elected and qualified. Because directors are elected by plurality, abstentions from voting and broker non-votes will be entirely excluded from the vote and will have no effect on its outcome.

**THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR EACH OF THE NOMINEES
FOR DIRECTOR IN PROPOSAL ONE.**

PROPOSAL TWO

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The compensation paid to our Named Executive Officers (**NEOs**) is described below in the Compensation Discussion and Analysis on pages 11 through 31 of this proxy statement for the year ended September 30, 2017. The Board of Directors is asking stockholders to cast a non-binding, advisory vote **FOR** the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, as set forth in the compensation tables and narrative discussion, is hereby **APPROVED**.

Although the vote we are asking you to cast is non-binding, the Compensation Committee and the Board value the views of our stockholders and will consider the outcome of the vote when determining future compensation arrangements for our named executive officers.

The Board has adopted a policy providing for annual advisory votes to approve executive compensation. Unless the Board modifies its policy on the frequency of holding advisory votes to approve executive compensation, the next such advisory vote will occur in 2019.

Vote Required; Recommendation of the Board

Proposal Two must be approved by the Required Vote, assuming a quorum is present. For this purpose, abstentions will be counted as a vote against the proposal, while broker non-votes will have no effect on the outcome of the vote.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL TWO.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The following compensation discussion and analysis contains statements regarding future individual and Company performance targets and goals. These targets and goals are disclosed in the limited context of Arrowhead's compensation programs and should not be understood to be statements of management's expectations or guidance. Arrowhead cautions investors not to apply these statements to other contexts. Fiscal years are denoted as fiscal years, all other year references refer to calendar years.

This Compensation Discussion and Analysis describes the compensation program for our Named Executive Officers. During 2017, these individuals were:

Christopher Anzalone, our President and Chief Executive Officer (our **CEO**);

Bruce D. Given, our Chief Operating Officer (our COO);

Kenneth Myszkowski, our Chief Financial Officer (our CFO);

Patrick O'Brien, our General Counsel; and

Peter Leone, our Vice President, Strategic Business Initiatives.

This Compensation Discussion and Analysis describes the material elements of our executive compensation program during 2017. It also provides an overview of our executive compensation philosophy and objectives, and summarizes our executive compensation policies and practices. Finally, it analyzes how and why the Compensation Committee of our Board of Directors (the Compensation Committee) arrived at the specific compensation decisions for our executive officers, including our Named Executive Officers for 2017 including the key factors that the Compensation Committee considered in determining their compensation.

Our Company

We develop medicines that treat intractable diseases by silencing the genes that cause them. Using a broad portfolio of RNA chemistries and efficient modes of delivery, our therapies trigger the RNA interference mechanism to induce rapid, deep, and durable knockdown of target genes. RNA interference, or RNAi, is a mechanism present in living cells that inhibits the expression of a specific gene, thereby affecting the production of a specific protein. Deemed to be one of the most important recent discoveries in life science with the potential to transform medicine, the discoverers of RNAi were awarded a Nobel Prize in 2006 for their work. Our RNAi-based therapeutics leverage this natural pathway of gene silencing.

In 2017, we refocused our resources on therapeutics that exclusively utilize our Targeted RNAi Molecule (TRiM™) platform technology. Therapeutics built on the TRiM™ platform have demonstrated high levels of pharmacologic activity in multiple animal models spanning several therapeutic areas. TRiM™ enabled therapeutics offer several potential advantages over prior generation and competing technologies, including: simplified manufacturing and reduced costs; multiple routes of administration including subcutaneous injection and inhaled administration; ability to target multiple tissue types including liver, lung, and tumors; and the potential for improved safety and reduced risk of intracellular buildup, because there are less metabolites from smaller, simpler molecules.

2017 Business Highlights

Pipeline Overview

We are focused on developing innovative drugs for diseases with a genetic basis, typically characterized by the overproduction of one or more proteins. The depth and versatility of our RNAi technologies enable us to address conditions in virtually any therapeutic area and pursue disease targets that are not otherwise addressable by small molecules and biologics. The timing of our planned and already filed clinical trial applications (CTA) discussed below are based on calendar quarters, not fiscal quarters.

ARO-AAT is an RNAi therapeutic candidate for the treatment of liver disease associated with alpha-1 antitrypsin deficiency. ARO-AAT is designed to knock down the Alpha-1 antitrypsin (AAT) gene transcript and reduce the hepatic production of the mutant AAT protein. ARO-AAT is a next-generation subcutaneously administered compound that follows a previous generation AAT compound ARC-AAT. A CTA was filed in the fourth quarter of 2017.

ARO-HBV is an RNAi therapeutic candidate for the treatment of chronic hepatitis B infection with the goal of achieving a functional cure. ARO-HBV is a next-generation subcutaneously administered compound that follows previous generation HBV compounds ARC-520 and ARC-521. A CTA was filed in the fourth quarter of 2017.

ARO-APOC3 is designed to reduce production of Apolipoprotein C-III (apoC-III), a component of triglyceride rich lipoproteins (TRLs) including VLDL and chylomicrons and a key regulator of triglyceride metabolism. The company believes that knocking down the hepatic production of apoC-III may result in reduced VLDL synthesis and assembly, enhanced breakdown of TRLs, and better clearance of VLDL and chylomicron remnants. A CTA is planned for the fourth quarter of 2018.

ARO-ANG3 is designed to reduce production of angiopoietin-like protein 3 (ANGPTL3), a liver synthesized inhibitor of lipoprotein lipase and endothelial lipase. ANGPTL3 inhibition has been shown to lower serum LDL, serum and liver triglyceride and has genetic validation as a novel target for cardiovascular disease. A CTA is planned for the fourth quarter of 2018.

ARO-LUNG1 is Arrowhead's first therapeutic candidate to utilize the TRiM™ platform to target an undisclosed disease of the lung. A CTA is planned for the fourth quarter of 2018.

ARO-HIF2 is being developed for the treatment of clear cell renal cell carcinoma (ccRCC). ARO-HIF2 is designed to inhibit the production of HIF-2a, which has been linked to tumor progression and metastasis in ccRCC. Arrowhead believes it is an attractive target for intervention because over 90% of ccRCC tumors express a mutant form of the Von Hippel-Landau protein that is unable to degrade HIF-2a, leading to its accumulation during tumor hypoxia and promoting tumor growth. It is the first drug candidate to utilize the TRiM™ platform to target tumors. A CTA is planned for 2019.

ARO-LPA (AMG 890) is designed to reduce production of apolipoprotein A, a key component of lipoprotein(a), which has been genetically linked with increased risk of cardiovascular diseases, independent of cholesterol and LDL levels. Amgen, Inc. acquired a worldwide, exclusive license in September 2016 to develop and commercialize ARO-LPA (AMG 890).

ARO-AMG1 is being developed against an undisclosed genetically-validated cardiovascular target under a license and collaboration agreement with Amgen, Inc.

During 2017, we continued to make progress on our long-term strategic objectives, including the following specific accomplishments:

Unveiled our Targeted RNAi Molecule platform, or TRiM™, which utilizes ligand-mediated delivery and is designed to enable tissue-specific targeting, while being structurally simple.

Filed a Clinical Trial Application (CTA) for ARO-AAT, our second generation subcutaneously administered clinical candidate for the treatment of alpha-1 antitrypsin deficiency liver disease.

Filed a Clinical Trial Application (CTA) for ARO-HBV, our third generation subcutaneously administered clinical candidate for the treatment of chronic hepatitis B virus infection.

Expanded our cardiometabolic pipeline, which now includes ARO-APOC3, targeting apolipoprotein C-III, and ARO-ANG3, targeting angiopoietin-like protein 3 (ANGPTL3) with CTA filings planned around the end of 2018.

Provided data highlighting the TRiM™ platform's ability to target extra-hepatic tissues, including lung and tumor, represented by the following programs:

ARO-Lung1, our first candidate against an undisclosed gene target in the lung, which achieved almost 90% target knockdown following inhaled administration in rodents

ARO-HIF2, our candidate targeting renal cell carcinoma, which achieved 85% target gene knockdown in a rodent tumor model

CTA filings are planned in the fourth quarter of 2018 and in 2019 for ARO-Lung1 and ARO-HIF2, respectively

Presented new clinical data at HEP DART 2017 demonstrating up to 5.0 log₁₀ reduction in HBV s-antigen and a Sustained Host Response in 50% of hepatitis B patients following RNAi therapy, ARC-520, in the 2001 open label extension study, and

Made continued progress on our two product cardiovascular collaboration with Amgen, in which one that was previously called ARO-LPA against the target lipoprotein(a) has been formally nominated as a clinical candidate and which is now referred to as AMG890 by Amgen.

In addition, we recorded the following financial results in fiscal 2017:

Revenue Generated revenue of approximately \$31.4 million, up from our revenue of approximately \$0.2 million in 2016;

Net Loss Recorded a net loss of approximately \$34.4 million down from a net loss of approximately \$81.7 million in 2016; and

Net Loss Per Share Recorded a net loss per share (basic and diluted) of \$0.47, compared to a net loss per share of \$1.34 in 2016.

Executive Compensation Highlights

Based on our overall operating environment and these results, the Compensation Committee took the following key actions with respect to the compensation of our Named Executive Officers for 2017:

Base Salary Approved base salary increases of 4% for each of our NEOs for 2017.

Annual Incentive Compensation Approved annual cash bonuses for 2017 ranging from 90% to 115% of target annual incentive compensation opportunities, including an annual cash bonus for our CEO in the amount of \$715,357, equal to 115% of his target annual incentive compensation opportunity.

Equity Compensation Granted our CEO a long-term incentive compensation opportunity in the form of a performance-based restricted stock unit (PRSU) with a grant date value of \$1,613,700 vesting upon the achievement of six equally weighted, pre-established and rigorous performance milestones and granted our other Named Executive Officers long-term incentive compensation opportunities in the form of time-based restricted stock unit (RSU) awards that may be settled for shares of our common stock with grant date values ranging from \$139,500 to \$589,000.

Clawback Policy Established a clawback policy allowing the Company to recover compensation from any executive officer should the Board of Directors determine that a material misstatement of the Company's financial statements was due to fraud, negligence, or intentional misconduct by any executive officer of the Company.

Instituted Double Trigger Feature for Acceleration of Equity Awards Amended the agreements for outstanding equity awards granted to our CEO pursuant to our 2004 Equity Incentive Plan and 2013 Incentive Plan to provide that, upon a change in control of the Company, the vesting of such awards will accelerate only in the event of a subsequent involuntary termination of employment (a

double-trigger arrangement).

Advisory Vote to Approve Named Executive Officer Compensation

At our 2017 Annual Meeting of Stockholders in March 2017, we conducted a non-binding stockholder advisory vote on the compensation of our Named Executive Officers (commonly known as a "Say-on-Pay" vote). Our stockholders approved the Say-on-Pay proposal with approximately 51% of the votes cast in favor of the proposal. While this result represented a majority of the shares of our common stock entitled to vote thereon and present in person or by proxy at the Annual Meeting, it does not meet our goal for support for our Say-on-Pay proposal, as 53% of the votes cast were voted in favor of our Named Executive Officers' compensation in 2016 and 58% of the votes cast were voted in favor of their compensation in 2015. In 2015, 2016 and 2017, respectively, the "No" votes represented approximately 16%, 17% and 15% of the outstanding shares of our stock entitled to vote at the Annual Meeting.

While we have received the support of a majority of the votes cast on our Say-on-Pay proposal in each of the last three years, we recognize that the recent level of support indicates a concern on the part of some of our stockholders and their advisors about our executive compensation program. As a result, in each of the past three years, the Compensation Committee, in consultation with our Board of Directors, has undertaken to better understand and respond to the concerns and views of our stockholders and communicate the rationale underlying our compensation decisions:

In 2015, we solicited feedback from institutional stockholders that beneficially own approximately 25% of our outstanding common stock and reviewed the policies and feedback from Institutional Shareholder Services, Inc. ("ISS") and Glass Lewis & Co. ("Glass Lewis") to better understand their relevant policies, as well as to supplement our stockholders' perspectives. Based on this feedback, the Compensation Committee:

Shifted our CEO's annual equity award from time-based awards to wholly performance-based awards that were to be earned (if at all) based on the achievement of performance objectives tied to the continued successful technical and clinical development of our drug products and/or follow-on candidates and the successful completion of a significant corporate transaction that would validate the credibility of our platform technology and resulting products and provide a revenue source for continued growth;

Imposed a minimum three-year vesting requirement on the time-based equity awards granted to our executive officers; and

Adopted stock ownership guidelines of six times his annual base salary for our CEO and twice their annual base salary for our COO and CFO.

In 2016, we continued our engagement activities with our stockholders, soliciting feedback from stockholders beneficially owning approximately 28% of our outstanding common stock and met with ISS to discuss the design of our executive compensation program and our actions to strengthen the link between our performance and our executive officers' compensation. We believe the decrease in the number of shares that we were able to reach out to reflects the decrease in institutional ownership year over year. Using this information, the Compensation Committee:

Continued to grant our CEO a large majority of his long-term equity opportunity in the form of performance-based equity awards, in the form of a performance-based restricted stock unit ("PRSU") award that may be settled for shares of our common stock upon the achievement of pre-established and rigorous performance milestones and an option to purchase shares of our common stock. The PRSU award comprised approximately 90% of the long-term incentive compensation opportunity granted to our CEO in fiscal 2016 and, when combined with his annual incentive compensation opportunity, resulted in approximately 77% of his target total direct compensation opportunity for fiscal 2016 being performance-based.

In 2017, we continued our stockholder engagement program, reaching out to our top 20 institutional stockholders beneficially owning approximately 20% of our outstanding common stock to solicit their views and concerns and reviewed the feedback and policies of ISS. Based on

this review, as well as our commitment to good corporate governance, the Compensation Committee:

Granted our CEO a long-term incentive compensation opportunity for fiscal 2017 that is entirely performance-based;

Established a clawback policy allowing the Company to recover compensation should the Board of Directors determine that a material misstatement of the Company's financial statements was due to fraud, negligence, or intentional misconduct by any executive officer of the Company.

Amended the agreements for outstanding equity awards granted to our CEO pursuant to our 2004 Equity Incentive Plan and 2013 Incentive Plan to provide that, upon a change in control of the Company, the vesting of such awards will accelerate only in the event of a subsequent involuntary termination of employment (a so-called "double-trigger" arrangement).

We value the opinions of our stockholders and will continue to consider the outcome of future Say-on-Pay votes, as well as feedback received throughout the year, when making compensation decisions for our executive officers. The Compensation Committee is committed to being responsive to stockholder feedback regarding our executive compensation program, policies, and practices, including concerns expressed through the Say-on-Pay vote.

Pay-for-Performance Analysis

We believe our executive compensation program is reasonable, competitive, and appropriately balances the goals of attracting, motivating, rewarding, and retaining our executive officers with the goal of aligning their interests with those of our stockholders. To ensure this alignment and to motivate and reward individual initiative and effort, a significant portion of our executive officers' target annual total direct compensation opportunity is both performance-based and at-risk.

We emphasize performance-based compensation that appropriately rewards our executive officers, including our Named Executive Officers, through two separate compensation elements:

First, we provide the opportunity to participate in our annual incentive compensation plan which provides cash payments if they produce short-term financial, operational, and strategic results that meet or exceed the objectives set forth in each year in our annual operating plan.

In addition, we grant equity awards as long-term incentive compensation. For our CEO in fiscal 2017, the grants are based entirely on the achievement of pre-established corporate performance objectives which are both challenging and designed to drive our financial and operational performance and long-term growth, and, in the case of our other executive officers, are either dependent on the future appreciation in value of our common stock or are subject to the risk of fluctuations in the value of our common stock and, therefore, are at risk.

The pay mix for our CEO for each of the last three fiscal years illustrates the ongoing emphasis on our performance-based compensation philosophy:

We believe that, ultimately, the creation of sustainable long-term stockholder value will depend on our ability to successfully bring to market the products we develop or to partner with strategic collaborators to bring them to market. Consequently, the Compensation Committee strives to incent our executive officers to create that value through a robust and attractive pipeline of drug candidates. As a result, our executive compensation program is designed to provide incentives that facilitate these efforts, in particular, for our CEO, milestone based performance grants directly linked to goals that promote the development of our pipeline and other related business and market-based objectives. The Compensation Committee closely tracks the progress against these objectives to monitor our success over each product's development period and evaluates our executive officers primarily on that progress.

To ensure that we remain faithful to our compensation philosophy, the Compensation Committee regularly evaluates the relationship between the reported values of the equity awards granted to our executive officers, the amount of compensation realizable (and, ultimately, realized) from such awards in subsequent years and our total stockholder return over this period.

Executive Compensation Policies and Practices

We endeavor to maintain sound governance standards consistent with our executive compensation policies and practices. The Compensation Committee evaluates our executive compensation program on a regular basis to ensure that it is consistent with our short-term and long-term goals given the dynamic nature of our business and the market in which we compete for executive talent. The following summarizes our executive compensation and related policies and practices:

WHAT WE DO

Maintain an Independent Compensation Committee. The Compensation Committee consists solely of independent directors.

Retain an Independent Compensation Advisor. The Compensation Committee engaged its own compensation advisor to provide information and analysis with its 2017 compensation review, and other advice on executive compensation independent of management. This consultant performed no consulting or other services for us in 2017.

WHAT WE DON'T DO

No Executive Retirement Plans. We do not offer pension arrangements or retirement plans or arrangements to our executive officers that are different from or in addition to those offered to our other employees.

No Perquisites. Currently, we do not provide perquisites or other personal benefits to our executive officers.

Annual Executive Compensation Review. The Compensation Committee conducts an annual review and approval of our compensation strategy, including a review and determination of our compensation peer group used for comparative purposes and a review of our compensation-related risk profile to ensure that our compensation programs do not encourage excessive or inappropriate risk-taking and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on us.

Compensation At-Risk. Our executive compensation program is designed so that a significant portion of compensation is at risk based on our performance, as well as short-term cash and long-term equity incentives to align the interests of our executive officers and stockholders.

Stock Ownership Policy. We maintain a stock ownership policy that requires our CEO, COO, and CFO to maintain a minimum ownership level of our common stock.

Compensation Recovery (Clawback) Policy. We established a clawback policy allowing the Company to recover compensation should the Board of Directors determine that a material misstatement of the Company's financial statements was due to fraud, negligence, or intentional misconduct by any executive officer of the Company.

Conduct an Annual Stockholder Advisory Vote on NEO Compensation. We conduct an annual stockholder advisory vote on the compensation of our Named Executive Officers.

Use a Pay-for-Performance Philosophy. The majority of our CEO's compensation is directly linked to corporate performance; we also structure his target total direct compensation opportunities with a significant long-term equity component, thereby making a substantial portion of each executive officer's target total direct compensation dependent upon our stock price and/or total stockholder return.

Executive Compensation Philosophy

Our executive compensation philosophy reflects our two fundamental objectives:

to attract, motivate, and retain a highly skilled team of executives; and

to align our executive officers' interests with those of our stockholders by rewarding short-term and long-term performance and aligning compensation to increases in stockholder value.

No Special Welfare or Health Benefits. Our executive officers participate in broad-based Company-sponsored health and welfare benefits programs on the same basis as our other full-time, salaried employees, except for a premium for life insurance for our CEO.

No Post-Employment Tax Payment Reimbursement. We do not provide any tax reimbursement payments (including gross-ups) on any severance or change-in-control payments or benefits.

No Hedging or Pledging of Our Equity Securities. We prohibit our executive officers and the non-employee members of our Board of Directors from hedging our equity securities.

No Dividends or Dividend Equivalents Payable on Unvested Equity Awards. We do not pay dividends or dividend equivalents on unvested RSU awards or PRSU awards.

No Stock Option Re-pricing. Our employee stock plan does not permit options to purchase shares of our common stock to be repriced to a lower exercise or strike price without the approval of our stockholders.

We believe that the compensation of our executive officers should be directly linked to the achievement of specific objectives that are expected to increase stockholder value. In furtherance of this goal, the Compensation Committee has established the following guidelines as a foundation for compensation decisions:

provide a competitive total compensation package that enables us to attract, retain, and motivate highly-qualified executives with the skills and experience required for the achievement of business goals;

promote the achievement of key strategic and financial performance measures by linking short-term and long-term compensation to the achievement of measurable goals;

reward significant achievements outside of pre-established goals;

recognize that pharmaceutical research, development, and commercialization require sustained and focused effort over many years, and involve a high degree of risk and therefore balance incentives for short-term and long-term compensation;

employ outside compensation expertise and market data from industry peers to help assure that our compensation policies and practices are consistent with industry practice and meet our goals for our compensation program;

consider our cash resources and cost of capital to balance cash and equity compensation; and

align our executive officers' incentives with the creation of stockholder value.

Executive Compensation Program Design

Our practice is to combine a mixture of compensation elements that balance achievement of our short-term goals with our longer-term performance. Currently, our executive compensation program consists of three principal elements:

base salary;

an annual incentive compensation opportunity; and

long-term incentive compensation in the form of equity awards.

We believe that cash compensation in the form of base salary and an annual incentive compensation opportunity provides our executive officers with short-term rewards for success in operations, and that long-term incentive compensation in the form of RSU and PRSU awards that may be settled for shares of our common stock, and options to purchase shares of our common stock align the objectives of our executive officers with those of our stockholders with respect to long-term performance and success.

The Compensation Committee takes into consideration, among other things, our financial and working capital condition when approving performance objectives and making compensation decisions for our executive officers. Since we seek to preserve cash and currently do not operate at a profit, overall target total direct compensation opportunities are weighted more heavily toward long-term incentive compensation in the form of equity awards. Thus, a significant portion of each executive officer's target total direct compensation is at risk, and dependent on the increase in the value of our common stock. The Compensation Committee periodically reassesses the appropriate weighting of cash and equity compensation.

Edgar Filing: ARROWHEAD PHARMACEUTICALS, INC. - Form DEF 14A

In the case of long-term incentive compensation, typically the Compensation Committee designs these awards to vest, or be earned, over a multi-year period, meaning that long-term value creation, contrasted with short-term gain, presents the best opportunity for our executive officers to benefit from their awards.

We do not maintain a specific policy on the percentage allocation between short-term and long-term incentive compensation elements.

Governance of Executive Compensation Program

Role of the Compensation Committee

The Compensation Committee discharges many of the responsibilities of our Board of Directors relating to the compensation of our executive officers, including our Named Executive Officers, and the non-employee members of our Board of Directors. The Compensation Committee has overall responsibility for overseeing our compensation and benefits philosophy and policies generally, overseeing and evaluating the compensation plans, policies, and practices applicable to our CEO and our other executive officers, and ensuring that the target total direct compensation opportunities of our executive officers, including our Named Executive Officers, are consistent with our compensation philosophy, policies, and objectives.

The members of the Compensation Committee are appointed by our Board of Directors, and each member is an independent director (as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards). Currently, the members of the Compensation Committee are Michael S. Perry (Chairman), Mauro Ferrari, and Edward Frykman.

The Compensation Committee reviews our executive compensation program annually on a calendar year basis, generally in December. The Compensation Committee draws on a number of resources to assist in the evaluation of the various components of our executive compensation program including, but not limited to, input from our CEO, the advice of an external compensation consultant (as identified below) retained by the Compensation Committee, information provided in the public filings of industry peers and industry data compiled yearly by Radford in its Global Life Sciences Survey, which represents a nationally-based assessment of executive compensation widely used within the pharmaceutical and biotechnology industry sectors.

The Compensation Committee relies upon the judgment of its members in making compensation decisions. In addition, the Compensation Committee incorporates judgment in the assessment process to respond to and adjust for the evolving business environment. The members of the Compensation Committee have extensive experience in executive management, as well as compensation practices and policies.

Compensation-Setting Process

The Compensation Committee develops recommendations for the target total direct compensation opportunities for our executive officers, including our Named Executive Officers. The Compensation Committee does not use a single method or measure in making its compensation decisions, nor does it position compensation levels based upon a specific or target level relative to a peer group or other companies. Nonetheless, the pay practices at other companies are an important factor that the Compensation Committee considers in assessing the reasonableness of compensation and ensuring that our compensation practices are competitive in the marketplace.

Generally, the Compensation Committee evaluates the compensation of our executive officers relative to the median of the competitive market. However, as discussed hereafter, various other factors are taken into consideration in determining our executive officers' compensation and the Compensation Committee does not target compensation at any specific level relative to the competitive market. When reviewing our current executive compensation arrangements and approving each compensation element and the target total direct compensation opportunity for our executive officers, the Compensation Committee considers the following factors:

Our performance against the financial and operational objectives established by the Compensation Committee and our Board of Directors;

Each individual executive officer's skills, experience, and qualifications relative to other similarly-situated executives at the companies in our compensation peer group;

The scope of each executive officer's role compared to other similarly-situated executives at the companies in our compensation peer group;

The performance of each individual executive officer, based on a subjective assessment of his or her contributions to our overall performance, ability to lead his or her business unit or function and work as part of a team, all of which reflect our core values;

The compensation practices of our compensation peer group and the positioning of each executive officer's compensation in a ranking of peer company compensation levels; and

The recommendations provided by our CEO with respect to the compensation of our other executive officers.

These factors provide the framework for compensation decision-making and final decisions regarding the compensation opportunity for each executive officer. No single factor is determinative in setting pay levels, nor was the impact of any factor on the determination of pay levels quantifiable.

Role of Chief Executive Officer

In discharging its responsibilities, the Compensation Committee works with members of our management, including our CEO. Our management assists the Compensation Committee by providing information on corporate and individual performance, market compensation data, and management's perspective on compensation matters. The Compensation Committee solicits and reviews our CEO's recommendations with respect to the compensation levels for individual executive officers other than himself based on the performance evaluation conducted by each executive officer's manager and his own evaluation of the executive officer's performance.

The Compensation Committee reviews and discusses these recommendations and proposals with our CEO and considers them as one factor in formulating the recommendations for the compensation for our executive officers, including our other Named Executive Officers. Our CEO recuses himself from all discussions and recommendations regarding his own compensation.

Role of Compensation Consultant

The Compensation Committee engages an external compensation consultant to assist it by providing information, analysis, and other advice relating to our executive compensation program and the decisions resulting from its annual executive compensation review. The Compensation Committee has the final authority to engage and terminate the engagement of any compensation consultant that it retains.

For the period from October 2016 through September 2017, the Compensation Committee engaged StreeterWyatt LLC, a national compensation consulting firm, as its external compensation consultant (StreeterWyatt). StreeterWyatt assisted the Compensation Committee in its review of executive and non-employee director compensation practices for 2017, including the competitiveness of compensation levels, executive compensation design, comparisons with our industry peers, and other technical considerations.

Beginning in October 2017, the Compensation Committee engaged Compensia, Inc., a national compensation consulting firm (Compensia), as its compensation consultant to advise on executive compensation matters, including competitive market pay practices for our executive officers, and to assist with data analysis and the selection of the compensation peer group. During 2017, the scope of Compensia's engagement included:

Review and updating of our compensation peer group;

Review and analysis of the compensation arrangements for our executive officers, including our Named Executive Officers;

Review and analysis of the compensation arrangements for the non-employee members of our Board of Directors;

Review and updating of the Compensation Discussion and Analysis section of our proxy statement for our 2018 Annual Meeting of Stockholders; and

Support on other *ad hoc* matters.

The terms of Compensia's engagement include reporting directly to the Compensation Committee and to the Compensation Committee chair.

In 2017, neither StreeterWyatt nor Compensia provided any other services to us. The Compensation Committee has evaluated StreeterWyatt's and Compensia's independence pursuant to the listing standards of the NASDAQ and the relevant SEC rules and has determined that no conflict of interest has arisen as a result of the work performed by either StreeterWyatt or Compensia.

Competitive Positioning

For each of the past five years, the Compensation Committee has directed its external compensation consultant to conduct a comparative study and report on compensation levels and practices relative to industry peers, including a competitive assessment of our executive compensation program as compared to the market data for base salaries, target total cash compensation, long-term incentive compensation, and target total direct compensation. Typically, the findings of this study are presented to the Compensation Committee by the compensation consultant in conjunction with the Compensation Committee's annual review of our executive compensation program.

Because the biotechnology sector is dynamic, the comparator group used by the Compensation Committee to assess the competitive positioning of the compensation of our executive officers is updated annually to ensure that peer companies continue to meet the established criteria. For purposes of its review of our executive compensation program in fiscal 2017, the Compensation Committee directed StreeterWyatt to update its compensation peer group reflecting the competitive market for executive talent based on following criteria:

Publicly-held, pre-commercial U.S. biotechnology companies;

Companies with market capitalizations between 0.5x to 2.0x our market capitalization at the time of the peer selection; and

Companies with between 50 to 500 employees.

The compensation peer group was selected in such a manner that our market capitalization was very near the median for all peer companies. Consideration was also given to the frequency or infrequency with which a company was identified as a peer with other peer companies.

For 2017, the compensation peer group consisted of the following companies:

Anthera Pharmaceuticals, Inc.	Immumedics, Inc.
Array BioPharma, Inc.	Infinity Pharmaceuticals, Inc.
BioCryst, Inc.	Omeros Therapeutics, Inc.
BioTime, Inc.	Orexigen Therapeutics, Inc.
ChemoCentryx, Inc.	Osiris Therapeutics, Inc.
Corcept Therapeutics, Inc.	Peregrine Pharmaceuticals, Inc.
CTI Biopharma Corp.	Progenics Pharmaceuticals, Inc.
Curis, Inc.	Regulus Therapeutics, Inc.
CytRx Corporation	Rigel Pharmaceuticals, Inc.
Dicerna Pharmaceuticals, Inc.	Sangamo Biosciences, Inc.
DURECT Corporation	Threshold Pharmaceuticals, Inc.
Geron Corporation	Zogenix, Inc.
Idera Pharmaceuticals, Inc.	

The compensation study prepared by StreeerWyatt and presented in December 2016 provided an assessment of our compensation practices as compared to industry peers. Compensation levels for our executive officers, in the aggregate, were determined to be within the range of compensation provided to similarly placed executives and consistent with our compensation philosophy.

Individual Compensation Elements

In 2017, the principal elements of our executive compensation program were as follows:

base salary;

an annual incentive compensation opportunity;

long-term incentive compensation in the form of equity awards;

welfare and health benefits; and

post-employment compensation arrangements.

Base Salary

Base salary represents the fixed portion of the compensation of our executive officers, including our Named Executive Officers, and is an important element of compensation intended to attract and retain highly-talented individuals.

The initial base salaries for our executive officers are negotiated on an individual basis at the time of hire. Thereafter, using the competitive market data provided by its compensation consultant, the Compensation Committee reviews and determines adjustments to the base salaries for each of our executive officers, including our Named Executive Officers, as part of its annual executive compensation review. In addition, the base salaries of our executive officers may be adjusted by the Compensation Committee in the event of a promotion or significant change in responsibilities. Generally, the Compensation Committee sets base salaries with reference to the competitive range of the market median of our compensation peer group and applicable executive compensation survey data, as well as its assessment of the factors described in Governance of Executive Compensation Program Compensation-Setting Process above.

In December 2016, consistent with the recommendation of our CEO, the Compensation Committee determined to increase the base salaries of our executive officers, including our Named Executive Officers. In making these decisions, the Compensation Committee considered the current risks and challenges facing us, as well as the factors described in Governance of Executive Compensation Program Compensation-Setting Process above.

The base salaries of our Named Executive Officers for 2016 and 2017 were as follows:

Named Executive Officer	2016 Base Salary	2017 Base Salary	Percentage Adjustment
Christopher Anzalone President & CEO	\$ 598,125	\$ 622,050	4%
Bruce Given Chief Operating Officer	\$ 419,661	\$ 436,477	4%
Kenneth Myszkowski Chief Financial Officer	\$ 326,310	\$ 339,363	4%
Patrick O'Brien General Counsel	\$ 379,600	\$ 394,784	4%
Peter Leone Vice President			
Strategic Business Initiatives	\$ 254,176	\$ 264,343	4%

The actual base salaries paid to our Named Executive Officers in fiscal 2017 are set forth in the Fiscal 2017 Summary Compensation Table below.

Annual Incentive Compensation

We provide our executive officers, including our Named Executive Officers, with the opportunity to earn performance-based annual incentive awards, payable in cash, which are designed to reward them for our overall corporate performance as well as their individual performance. Generally, our executive officers are evaluated each year for eligibility to receive an annual incentive compensation opportunity. Through a collaborative planning process involving our Board of Directors and management, corporate performance objectives are established at the beginning of each year and evaluated regularly by our Board of Directors for their continued relevance to our status.

Target Annual Cash Bonus Opportunities

For purposes of the 2017 performance-based incentive awards, each executive officer, including each of our Named Executive Officers, was assigned a target annual incentive award opportunity based upon a percentage of his or her base salary. The target annual incentive award opportunities for our executive officers, including our Named Executive Officers, were recommended by our CEO (except with respect to his own target annual incentive award opportunity) based on each executive officer's accountability, scope of responsibilities, and potential impact on our performance, and approved by the Compensation Committee. The determination of target annual incentive award opportunities was based on the factors described in Governance of Executive Compensation Program Compensation-Setting Process above. Based on higher levels of control and accountability for our overall performance, a higher percentage of each executive officer's total target cash compensation was dependent on his or her performance-based annual incentive awards.

For 2017, the Compensation Committee increased the target annual incentive award opportunity for each of our Named Executive Officers, except for our CEO. The increase reflected the increased leadership responsibilities for each position as the Company grows and market-based adjustments.

The target annual incentive award opportunities for our Named Executive Officers were as follows:

Named Executive Officer	2016 Target Annual Incentive Award Opportunity (as a percentage of base salary)	2017 Target Annual Incentive Award Opportunity (as a percentage of base salary)
Dr. Anzalone	100%	100%
Dr. Given	60%	70%
Mr. Myszkowski	40%	40%
Mr. O'Brien	40%	40%
Mr. Leone	30%	30%

Potential annual incentive awards for our CEO could range from zero to 200% of his target annual incentive award opportunity. There is no set minimum or maximum for annual incentive awards for our other Named Executive Officers.

Performance Objectives

In determining the amount of the annual incentive award for each of our executive officers, including each of our Named Executive Officers, the Compensation Committee evaluated the corporate performance objectives that had been established at the beginning of the calendar year (as set forth below) as well as other corporate and individual achievements and performance throughout the year. These performance objectives addressed milestones for our lead products, research and development milestones for our drug pipeline, business development objectives, and infrastructure enhancements. In December 2017, the Compensation Committee determined that we had largely achieved or exceeded our primary business objectives set for calendar 2017, as described below.

In determining our CEO's annual incentive award for 2017, the preclinical development and Amgen collaboration goals were weighted most heavily, followed by financial and manufacturing objectives with organizational development goals least heavily, in that order.

Goal	Achievement
<p>Business Development</p> <p><i>Meet certain delivery goals with regard to the Company's pharma collaboration</i></p>	<p>Largely achieved</p> <p>The Compensation Committee set aggressive goals that exceeded the Company's obligations for progress in its collaboration with a large pharma company. Although one of the goals was not met, progress on the collaboration overall, including the unachieved goal, was determined by the Compensation Committee to be excellent.</p>
<p>Preclinical Development</p> <p><i>Selection of subcutaneous candidates for HBV, AAT, and thrombosis</i></p> <p><i>Advance additional preclinical candidates for oncology, cardiometabolic and extrahepatic targets</i></p>	<p>Exceeded</p> <p>Not only did the Company select and progress its subcutaneous candidates for HBV, AAT and Factor 12, the Company filed to begin clinical trials for ARO-HBV and ARO-AAT before the end of 2017 beating guidance by several months in each case.</p> <p>The Company announced two additional preclinical targets for cardiometabolic disease and one additional target for an undisclosed lung target. The Company continued to optimize its oncology</p>

program.

Finance

Exceeded, except for institutional ownership

End FY2017 with 4 quarters of cash

The Company ended fiscal 2017 with \$65 million in cash and short-term investments which is equivalent to more than a year's worth of cash at the Company's current run rate.

Reach \$200 million market capitalization

At December 31, 2017, the Company's market capitalization was approximately \$275 million.

Beat Biotech index performance

The Company's stock price was up by 137% vs. the Nasdaq Biotech Index (NBI) which was up 21% year over year

Increase institutional ownership

The Company's institutional ownership had decreased during the year by the end of fiscal 2017, although measurement at December 31, 2017 is pending ownership filings due in February.

Manufacturing

Achieved

Establish GLP manufacturing capabilities

The Company brought inhouse kilo scale RNA trigger manufacturing capability online during the year and is proceeding with qualifying its inhouse GMP manufacturing capabilities.

Develop plan for GMP manufacturing capabilities

Clinical Development

Achieved

Close the Company's discontinued clinical trials by March 31, 2017

The Company discontinued enrollment in its DPC-based clinical studies in November 2016 and concluded the studies in early 2017. The Company has continued to follow certain of the HBV patients and has reported promising results post-trial.

Organizational Development

Achieved

Enhance organizational processes for vetting business and technical opportunities and strategic planning.

The Company continued to develop and implement structured processes for vetting opportunities and internal reporting.

Annual Incentive Award Payments

The actual annual incentive award payments earned by our Named Executive Officers ranged from 90% to 115% of their target annual incentive award opportunities. The awards are recommended by our CEO and approved by the Compensation Committee based on the overall achievement of the Company's goals, their contributions to the goals, and the overall performance of each officer during the year. The following table sets forth the target annual incentive award opportunities, the actual award payment as a percentage of each Named Executive Officer's base salary, and the actual award payment made in cash to each of our Named Executive Officers based on their performance in 2017:

Named Executive Officer	Target Annual Incentive Award Opportunity (as a percentage of base salary)	Actual Annual Incentive Award (as a percentage of base salary)	Actual Annual Incentive Award (\$)
Dr. Anzalone	100%	115%	\$ 715,357
Dr. Given	70%	81%	\$ 351,340
Mr. Myszkowski	40%	45%	\$ 152,713
Mr. O'Brien	40%	45%	\$ 177,653
Mr. Leone	30%	27%	\$ 71,373

The annual incentive award payments made to our Named Executive Officers for fiscal 2017 are set forth in the Fiscal 2017 Summary Compensation Table below.

Long-Term Incentive Compensation

We view long-term incentive compensation in the form of equity awards as a critical element of our executive compensation program. The realizable value of these equity awards over time bears a direct relationship to our stock price, and, therefore, these awards are an incentive for our executive officers, including our Named Executive Officers, to create value for our stockholders. Equity awards also help us retain qualified executive officers in a competitive market.

Long-term incentive compensation opportunities in the form of equity awards are granted to our executive officers by the Compensation Committee. The amount and forms of such equity awards are determined by the Compensation Committee after considering the factors described in Governance of Executive Compensation Program Compensation-Setting Process above.

2017 LTI AwardsPerformance-Based RSU Award for Chief Executive Officer

In December 2016, the Compensation Committee determined that the annual equity awards to be granted to our executive officers should be solely in the form of restricted stock unit (RSU) awards that may be settled for shares of our common stock. In the case of our CEO, the Compensation Committee determined that his award was to be entirely performance-based and granted PSUs. Dr. Anzalone was granted a performance-based RSU of 978,000 shares to be vested in six equal installments on the achievement of the following milestones:

Achieve market capitalization of \$200 million and hold for six consecutive weeks

Execute a significant business development transaction

File a CTA or IND on a SubQ candidate

Trigger a milestone payment for ARO-LPA or trigger ARO-AMG1 option payment for collaborations with Amgen

Initiate GLP tox for two SubQ programs

Nominate a lead for an unannounced program

Edgar Filing: ARROWHEAD PHARMACEUTICALS, INC. - Form DEF 14A

The milestones must be achieved by April 12, 2019 or the grants will expire.

In December 2016, the Committee certified achievement of the performance milestones and the vesting of the following previously granted performance-based restricted stock unit awards and option awards.

Performance Goal	Achievement	No. of Shares	
		Certified as Vested	Enhancement
Enter a partnership to develop a novel therapeutic with a pharmaceutical or biotech company	Amgen Collaboration ARO-AMG1	180,000 shares pursuant to an RSU award	None
	Achieved		
File 2 new INDs	ARC-AAT ARC-521	Option on 100,000 shares 120,000 shares pursuant to an RSU award	Upsized by 20% from 83,333 shares and 100,000 RSUs based on market performance
Enroll first patient in a Phase 2 or later study (excluding ARC-520)	Deemed to be met, Phase 2 for ARC-AAT launched, no patients enrolled for reasons outside of the CEO's reasonable control	Option on 100,000 shares 120,000 shares pursuant to an RSU award	Upsized by 20% from 83,333 shares and 100,000 RSUs based on market performance
Achieve a significant corporate event (i.e. a significant M&A transaction)	Amgen Collaboration & License for ARO-LPA	Option on 100,000 shares 120,000 shares pursuant to an RSU award	Upsized by 20% from 83,333 shares and 100,000 RSUs based on market performance

Equity Grants to Other Named Executive Officers

The Compensation Committee approved the following aggregate equity awards for our Named Executive Officers for 2017:

Named Executive Officer	Restricted Stock Unit Awards (number of shares)	Restricted Stock Unit Awards (\$)
	Mr. Given	380,000
Mr. Myszkowski	145,000	\$ 224,750
Mr. O'Brien	145,000	\$ 224,750
Mr. Leone	90,000	\$ 139,500

Edgar Filing: ARROWHEAD PHARMACEUTICALS, INC. - Form DEF 14A

In view of the discontinuation of our intravenous clinical programs and to satisfy our retention objectives, the Compensation Committee determined the time-based RSU awards granted to our executive officers, including our other Named Executive Officers in fiscal 2017 should have a lengthier initial vesting date, and a shorter overall vesting period. Thus, the time-based RSU awards granted to our executive officers vest on the second anniversary of the date of grant, contingent upon an executive officer remaining employed by us on that date.

The equity awards granted to our Named Executive Officers in fiscal 2017 are set forth in the Fiscal 2017 Summary Compensation Table and the Fiscal 2017 Grants of Plan-Based Awards Table below.

Welfare and Health Benefits

Our executive officers, including our Named Executive Officers, are eligible to participate in all of our employee benefit plans, including medical, dental, vision, life, and disability insurance, in each case on the same basis as our other employees, subject to applicable law. In addition, we provide additional life insurance for our CEO for the benefit of his heirs. We also provide vacation and other paid holidays to all our employees, including our executive officers, all of which we believe to be comparable to those provided at peer companies. These benefit programs are designed to enable us to attract and retain our workforce in a competitive marketplace. Our health, welfare, and vacation benefits are designed to ensure that we have a productive and focused workforce through reliable and competitive health and other benefits.

Our retirement savings plan (401(k) plan) is a tax-qualified retirement savings plan, pursuant to which qualified employees, including our Named Executive Officers, are able to contribute certain amounts of their annual compensation, subject to limits prescribed by the Internal Revenue Service. Historically, we have made matching contributions of 100% of the first 3% of base salary and of 50% of the next 2% of base salary contributed to the plan. The value of these benefits for each of our Named Executive Officers is reflected in the All Other Compensation column of the Summary Compensation Table below.

Perquisites and Other Personal Benefits

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide significant perquisites or other personal benefits to our executive officers, including our Named Executive Officers, except as generally made available to our employees, or in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective and for recruitment and retention purposes.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as those described in the preceding paragraph. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Employment Arrangements

We have entered into a written employment agreement with our CEO and have written employment offer letters with our other executive officers. In filling each of our executive positions, we recognized the need to develop competitive compensation packages to attract qualified candidates in a dynamic labor market. At the same time, in formulating these compensation packages, we were sensitive to the need to integrate new executive officers into the executive compensation structure that we were seeking to develop, balancing both competitive and internal equity considerations. Each of these arrangements provides for at will employment.

For detailed descriptions of the employment arrangements we maintained with our Named Executive Officers for 2017, see Termination Benefits Potential Payments Upon Termination or Change in Control below.

Post-Employment Compensation Arrangements

We have entered into an employment agreement with our CEO, and we also have agreements with our CFO and General Counsel that provide for certain payments and benefits in the event of certain involuntary terminations of employment. We believe that having in place reasonable and competitive post-employment compensation arrangements are essential to attracting and retaining highly-qualified executive officers. These agreements are designed to provide reasonable compensation to executive officers who leave our employ under certain circumstances to facilitate their transition to new employment. Further, in some instances we seek to mitigate any potential employer liability and avoid future disputes or litigation by requiring a departing executive officer to sign a separation and release agreement acceptable to us as a condition to receiving post-employment compensation payments or benefits.

The Compensation Committee does not consider the specific amounts payable under these agreements when establishing annual compensation. We do believe, however, that these arrangements are necessary to offer compensation packages that are competitive.

In addition, our 2013 Incentive Plan provides for the acceleration of vesting of outstanding and unvested equity awards in the event of a change in control of the Company, as defined in the plan, except as otherwise determined by our Board of Directors. The Company has amended the agreements for outstanding equity awards granted to our CEO pursuant to our 2004 Equity Incentive Plan and 2013 Incentive Plan to provide that, upon a change in control of the Company, the vesting of such awards will accelerate only in the event of a subsequent involuntary termination of employment (a double-trigger arrangement).

For detailed descriptions of the post-employment compensation arrangements we maintained with our Named Executive Officers for 2017, as well as an estimate of the potential payments and benefits payable under these arrangements, see Termination Benefits Potential Payments Upon Termination or Change in Control below.

Other Compensation Policies and Practices

Equity Awards Grant Policy

We do not have any program, plan, or obligation that requires us to grant equity awards on specified dates, although historically we have granted such awards to our existing executive officers and employees at least annually and to newly-hired employees on the commencement of their employment. We do not have any program, plan, or practice to grant options to purchase shares of our common stock to our executive officers in coordination with the release of material nonpublic information. Equity awards may occasionally be granted following a significant change in job responsibilities or to meet other special retention or performance objectives.

Authority to grant equity awards to our employees rests with the Compensation Committee, although the Compensation Committee has delegated authority to our CEO to grant equity awards to non-executive employees within prescribed limits set by the Compensation Committee. With respect to our executive officers, except for our CEO, recommendations for equity awards are made by our CEO and reviewed and approved by the Compensation Committee.

Under the terms of our 2013 Incentive Plan, pursuant to which new equity awards are granted, the exercise price of any option to purchase shares of our common stock awarded under the plan must be equal to at least 100% of the fair market value of our common stock (which is determined based on the closing sales price of our common stock on the NASDAQ Global Market) on the date of grant.

Stock Ownership Policy

We maintain a stock ownership policy for our CEO, COO, and CFO to further align their respective interests with the interests of our stockholders, and to further promote our commitment to sound corporate governance. This policy requires our CEO to own a minimum number of shares of our common stock equal to a value of six times his annualized base salary and our COO and CFO to own a minimum number of shares of our common stock equal to a value of twice their annualized base salary. Each of these executive officers has achieved the required ownership.

Compensation Recovery (Clawback) Policy

In December 2017, our Board of Directors adopted a clawback policy as follows:

If Arrowhead Pharmaceuticals, Inc. (the Company) is required to materially restate any of its financial statements, the Board of Directors (the Board) shall assess the degree to which any fraud, negligence, or intentional misconduct by any executive officer of the Company was responsible for such restatement. If the Board determines that any executive officer was responsible for causing such restatement, the Board shall, in addition to any other lawful remedies the Board or the Company may take, seek recovery of all or a portion of the incentive compensation awarded to the executive officer for the performance period

covered by the restated financial statement, provided that such recovery shall not extend to payments made more than three years prior to the date the financial record was restated. In addition, the Board may, in its absolute discretion, revoke any of the responsible executive officer's unpaid or unvested incentive compensation outstanding as of the date of the Board's determination of the executive officer's responsibility for the financial restatement.

In addition, our 2013 Incentive Plan provides for the recovery of awards made under the plan in accordance with any applicable compensation recovery or recoupment policy, including as required by law, regulation, or national securities exchange rule.

Policy Prohibiting Hedging and Pledging

Our Insider Trading Policy prohibits our employees, including our executive officers, and the non-employee members of our Board of Directors from short-term trading, options trading, trading on margin, pledging our common stock as collateral, and all hedging transactions with respect to our securities.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Generally, Section 162(m) of the Code disallows public companies a tax deduction for federal income tax purposes of remuneration in excess of \$1 million paid to their chief executive officer and each of the three other most highly-compensated executive officers (other than the chief financial officer) whose compensation is required to be disclosed to our stockholders under the Exchange Act in any taxable year. Remuneration in excess of \$1 million may only be deducted if it is performance-based compensation within the meaning of Section 162(m) or qualifies for one of the other exemptions from the deduction limit. In making compensation recommendations, the Compensation Committee considers the potential effects of Section 162(m) on the compensation paid to our Named Executive Officers.

Where reasonably practicable, the Compensation Committee seeks to qualify the performance-based incentive compensation paid or awarded to our Named Executive Officers for the performance-based compensation exemption from the deduction limit of Section 162(m). As such, in approving the amount and form of compensation for our Named Executive Officers, the Compensation Committee considers all elements of our cost of providing such compensation, including the potential impact of Section 162(m). To maintain flexibility in compensating our Named Executive Officers in a manner designed to promote varying corporate goals, however, the Compensation Committee has not adopted a policy that all compensation payable to our Named Executive Officers that is subject to Section 162(m) must be deductible for federal income tax purposes. From time to time, the Compensation Committee may, in its judgment, recommend and our Board of Directors may approve compensation for our Named Executive Officers that does not comply with an exemption from the deduction limit when it believes that such compensation is in the best interests of the Company and our stockholders.

The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our Named Executive Officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

Accounting for Stock-Based Compensation

We follow the Financial Accounting Standard Board's Accounting Standards Codification Topic 718 (FASB ASC Topic 718) for our stock-based compensation awards. FASB ASC Topic 718 requires us to measure the compensation expense for all share-based payment awards made to our employees and non-employee members of our Board of Directors, including options to purchase shares of our common stock and other stock awards, based on the grant date fair value of these awards. This calculation is performed for accounting purposes and reported in the executive compensation tables required by the federal securities laws, even though the recipient of the awards may never realize any value from their awards.

COMPENSATION RISK ASSESSMENT

In reviewing our various compensation programs, the Compensation Committee considers how our compensation policies and practices may affect our risk profile and whether such policies and practices may encourage undue risk-taking by our employees. More specifically, the Compensation Committee considers the general design philosophy of our policies and practices for our employees whose conduct would be most affected by incentives established pursuant to these compensation policies. In considering these issues, the Compensation Committee concluded that the use of performance-based annual incentive compensation plan and long-term incentive compensation opportunities in the form of equity awards did not appear to create undue risks for us or encourage excessive risk-taking behavior on the part of our Named Executive Officers.

With respect to the annual incentive awards for our executive officers, the amount of an individual's award depends principally on overall Company performance, as determined by the Compensation Committee, which reduces the ability and incentive for an individual to take undue risks at the expense of our performance in an effort to increase the amount of his or her annual incentive award. Our performance objectives are reviewed regularly by the Compensation Committee and our Board of Directors and are considered to be generally of the nature that promote the steady progression of our development programs and would not encourage or reward excessive risk-taking. In addition, our Board of Directors has the ability to intervene in instances where actions by our executive officers vis-à-vis Company performance objective attainment would be considered unduly risky to prevent or penalize such actions.

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K. Based on this review and discussion, the Compensation Committee recommended to the Board that the foregoing Compensation Discussion and Analysis be included in this proxy statement.

- (1) Amounts reported in the 2016 base salary for each NEO have been restated to correct the amounts listed in the Company's 2017 Proxy Statement. Due to a clerical error, the 2016 amounts were over stated for each NEO by approximately \$15,000 to \$25,000.
- (2) This bonus amount represents a signing bonus and relocation allowance for Patrick O'Brien, who was hired on December 2, 2014.
- (3) These columns represent the total grant date fair value, computed in accordance with ASC 718, of stock options and restricted stock units granted during fiscal year 2017, 2016 and 2015. The assumptions used to calculate the value of the stock underlying the option and restricted stock unit awards are set forth in Note 8 of the Notes to the Consolidated Financial Statements included with the Company's Annual Report on 10-K.
- (4) These bonus amounts represent the amounts earned for performance under the Company's Annual Bonus Incentive Plan during calendar year 2017, 2016 and 2015 and paid in fiscal year 2018, 2017 and 2016, respectively. The Annual Bonuses are described in more detail in the Bonus Incentive section.
- (5) Amounts consist of 401(k) matching contribution, as well as life insurance premiums for the benefit of each executive officer.
- (6) The amounts reported for Christopher Anzalone in the Stock Awards column reflect the grant date fair value of an April 2017 restricted stock unit award that is subject to vesting upon the achievement of specific performance conditions, as described above in the Compensation Discussion and Analysis. We determined the performance conditions that were probable and not probable of being achieved as of the grant date, as defined.

- under applicable accounting guidance, and assigned a grant date fair value of \$537,900 based on this evaluation. If we had determined that as of the date of the grant it was probable that 100% of the performance conditions would be achieved, we would have assigned a grant date fair value of \$1,613,700 for the restricted stock units. The amounts reported in the Summary Compensation Table for these awards may not represent the amounts that Christopher Anzalone will actually realize from the awards. Whether, and to what extent, a named executive officer realizes value will depend on our actual operating performance, stock price fluctuations and the named executive officer's continued employment.
- (7) The amount reported for Christopher Anzalone in the Stock Awards column reflects the grant date fair value of a January 2016 restricted stock unit award that is subject to vesting upon the achievement of specific performance-based conditions. We determined the performance conditions were not probable of being achieved as of the grant date, as defined under applicable accounting guidance, and assigned a grant date fair value of \$0 based on this evaluation. If we had determined that as of the date of the grant it was probable that 100% of the performance-based conditions would be achieved, we would have assigned a grant date fair value of \$3,321,000 for the restricted stock units. The amount reported in the Summary Compensation Table for this award may not represent the amount that Christopher Anzalone will actually realize from the award. Whether, and to what extent, a named executive officer realizes value will depend on our actual operating performance, stock price fluctuations and the named executive officer's continued employment.
- (8) The amounts reported for Christopher Anzalone in the Stock Awards and Option Awards column reflect the grant date fair value of a March 2015 restricted stock unit and stock option award that is subject to vesting upon the achievement of specific performance and market-based conditions. We determined the performance conditions that were probable and not probable of being achieved as of the grant date, as defined under applicable accounting guidance, and assigned a grant date fair value based on this evaluation. If we had determined that as of the date of the grant it was probable that 100% of the performance and market-based conditions would be achieved, we would have assigned a grant date fair value of \$2,703,600 for the restricted stock units and \$1,536,624 for the stock options. The amounts reported in the Summary Compensation Table for these awards may not represent the amounts that Christopher Anzalone will actually realize from the awards. Whether, and to what extent, a named executive officer realizes value will depend on our actual operating performance, stock price fluctuations and the named executive officer's continued employment.
- (9) Patrick O'Brien was hired on December 2, 2014 and thus compensation reflected in 2015 is for a partial year of approximately ten months.

These awards and their vesting conditions are described above in the Compensation Discussion and Analysis under the heading Equity Compensation .
- (3) Restricted stock units have various vesting parameters. The restricted stock units granted in 2017 vest two years from the grant date.
- (4) Value is based on the Company's Common Stock closing price of \$4.33 on September 30, 2017.

Options Exercised and Stock Vested Table

The following table provides information, with respect to the Named Executive Officers, concerning options exercised or restricted stock units vested during fiscal 2017.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise	Value Realized on Exercise (1)	Number of Shares Acquired on Vesting	Value Realized on Vesting (2)
Christopher Anzalone			540,000	\$ 685,800
Kenneth Myszkowski			33,333	\$ 62,833
Bruce D. Given			100,000	\$ 188,500
Patrick O Brien			10,000	\$ 14,400
Peter Leone				

- (1) Value is calculated as the price of the Company's Common Stock upon exercise, less the exercise price, multiplied by the number of shares exercised.
- (2) Value is calculated as the price of the Company's Common Stock upon vesting, multiplied by the number of shares vested.

Termination Benefits - Potential Payments Upon Termination or Change in Control

The Company has the following severance or change of control arrangements with its Named Executive Officers:

Dr. Anzalone's employment agreement with the Company provides that, if the Company terminates Dr. Anzalone's employment without Cause or if Dr. Anzalone terminates his employment for Good Reason, on his date of termination, Dr. Anzalone will receive a one-time lump sum payment equal to the sum of: (i) one month of base salary and (ii) premiums for thirty (30) days of medical and dental benefits. To receive such payments Dr. Anzalone is required to execute a general release in favor of the Company.

For purposes of Dr. Anzalone's employment agreement:

Cause means (i) the conviction (by trial or upon a plea of nolo contendere) of a felony or other crime involving moral turpitude or the commission of any other material act or omission involving dishonesty, disloyalty or fraud with respect to the Company or any of its subsidiaries or any of their customers or suppliers, (ii) reporting to work under the influence of alcohol or illegal drugs, the use of illegal drugs (whether or not at the workplace) or other repeated conduct causing the Company or any of its subsidiaries substantial public disgrace or disrepute or economic harm, (iii) the engaging of gross misconduct and the failure to cease such conduct and rectify any harm to the Company resulting therefrom within 30 days after written demand therefor by the Company identifying with reasonable particularity such conduct and harm, or (iv) any other material breach of the employment agreement by Executive and the failure to cease such breach and rectify any harm to the Company within 30 days after written demand by the Company identifying with reasonable particularity such breach and harm; and

Good Reason means (i) Executive's duties, responsibilities, titles or offices are diminished as compared to those described in the employment agreement without Executive's written consent, and the Company fails to reinstate such duties, responsibilities, titles or offices within 30 days after written demand by Executive identifying with reasonable particularity the diminishment, (ii) the relocation of Executive's base office to an office that is more than thirty (30) highway miles from Pasadena, CA, (iii) the failure of the Company to obtain a satisfactory agreement from any successor to assume and agree to perform the obligations under the employment agreement and (iv) any other material breach of this employment agreement by the Company and the failure to cease such breach and rectify any harm to Executive resulting within 30 days after written demand by Executive identifying with reasonable particularity the breach and harm.

Pursuant to his offer of employment by the Company, Mr. Myszkowski is entitled to severance pay equal to three months' base salary plus an amount equal to the premiums on his medical and dental benefits for the same period upon termination of his employment without cause.

Pursuant to his offer of employment by the Company, Mr. O'Brien is entitled to severance pay equal to six months' base salary upon termination of his employment without cause only upon change of control as defined in the Company's 2013 Incentive Plan.

The Company has not entered into a severance arrangement with Dr. Given or Mr. Leone.

Additionally, pursuant to the 2004 Equity Incentive Plan and the 2013 Incentive Plan, any unvested awards held by plan participants, including the Named Executive Officers, become fully vested upon a change of control, except as otherwise determined by the Board and except with respect to the outstanding awards held by the CEO whose awards will only accelerate upon a qualifying termination of employment following a change of control.

The following tables set forth information regarding potential termination and change of control arrangements with our executive officers had their employment been terminated on September 30, 2017:

Termination Payments

Triggering Event	Salary (\$)	Benefits (\$)	Stock Awards (1) (\$)	Option Awards (1) (\$)	Total
Termination by Employer without Cause					
Christopher Anzalone (2)	51,838	1,651			53,489

Patrick O'Brien	197,392		671,150		868,542
Peter Leone			389,700		389,700
Involuntary Termination Following a Change in Control					
Christopher Anzalone	51,838	1,651	5,793,540		5,847,029

- (1) For stock awards the value is calculated as the number of unvested shares multiplied by the Company's closing stock price at September 30, 2017 of \$4.33. For option awards the value is calculated as the number of shares issuable upon unvested options multiplied by difference between the Company's closing stock price at September 30, 2017 of \$4.33 less the applicable exercise price.
- (2) Dr. Anzalone's employment contract also provides for payment of the values set forth above upon his resignation for "good reason" as defined in his employment agreement.

PROPOSAL THREE

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Our Audit Committee, with the ratification of our Board, selected the accounting firm of Rose, Snyder & Jacobs, LLP (**RS&J**) as the Company's independent auditors for the fiscal year ending September 30, 2018, and that selection is now being submitted to the stockholders.

A representative of RS&J will be available at the Annual Meeting to respond to appropriate questions or make any other statements such representative deems appropriate.

Stockholders are not required to ratify the appointment of RS&J as our independent auditor. However, we are submitting the appointment for ratification as a matter of good corporate practice. If stockholders fail to ratify the appointment, the Audit Committee will consider whether or not to retain RS&J. Even if the appointment is ratified, the Audit Committee may direct the appointment of a different independent auditor at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Vote Required; Recommendation of the Board

Edgar Filing: ARROWHEAD PHARMACEUTICALS, INC. - Form DEF 14A

In order to be ratified, Proposal Three must be approved by a majority of Required Vote, assuming a quorum is present. For this purpose, abstentions will be counted as a vote against the proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL THREE.**AUDIT FEES**

The Audit Committee regularly reviews and determines whether specific projects or expenditures with our independent auditors, Rose, Snyder & Jacobs, LLP may potentially affect their independence. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by RS&J. Pre-approval is generally provided by the Audit Committee for up to one year, detailed to the particular service or category of services to be rendered and is generally subject to a specific budget. The Audit Committee may also pre-approve additional services of specific engagements on a case-by-case basis. All engagements of our independent registered public accounting firm in 2017 and 2016 were pre-approved by the audit committee.

The following table sets forth the aggregate fees invoiced by RS&J for the fiscal years ended September 30, 2017 and September 30, 2016:

	Year Ended September 30,	
	2017	2016
Audit fees (1)	\$ 195,000	\$ 185,500
Audit-related fees (2)	13,500	8,500
Tax Fees		
All other fees		
Total	\$ 208,500	\$ 194,000

- (1) Fees invoiced by RS&J include year-end audit and periodic reviews of Forms 10-Q and 10-K.
- (2) Fees invoiced by RS&J related to Comfort Letters and Consents for financings and registration statements, and other agreed-upon procedures.

REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to the Company's audited financial statements for fiscal 2017, which include the consolidated balance sheets of the Company as of September 30, 2017 and September 30, 2016, and the related consolidated statements of operations, stockholders' equity and cash flows for the fiscal years ended September 30, 2017, September 30, 2016 and September 30, 2015, and the notes thereto.

Composition. At September 30, 2017, The Audit Committee of the Board was comprised of three directors and operates under a written charter adopted by the Board. The members of the Audit Committee were Edward W. Frykman, Michael S. Perry and Mauro Ferrari. All members of the Audit Committee were independent, as defined in Rule 10A-3 under the Exchange Act and Rule 5605(c) of the Nasdaq Marketplace Rules, and are financially literate.

Responsibilities. The responsibilities of the Audit Committee include engaging an accounting firm as the Company's independent registered public accounting firm. Management has primary responsibility for the Company's internal controls and financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to oversee these processes.

Review with Management and independent registered public accounting firm. On December 8, 2017, the Audit Committee consisted of Edward W. Frykman, Michael S. Perry and Mauro Ferrari. On that date, the Audit Committee met separately to review the Company's consolidated audited financial statements and held discussions with management and RS&J. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The members of the Audit Committee discussed with RS&J matters required to be discussed under the applicable standards of the Public Company Accounting Oversight Board. The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and the Audit Committee discussed the firm's independence with RS&J.

Conclusion. Based upon the Audit Committee's review of the financial statements and discussions with management and RS&J, the Audit Committee's review of the representations of management and the report of RS&J to the Audit Committee, the Audit Committee recommended that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2017, as filed with the SEC.

This report is submitted by the Audit Committee of the Board.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Securities Exchange Act of 1934, the Company's directors and officers and its significant stockholders (defined by statute as stockholders beneficially owning more than ten percent (10%) of the Common Stock) are required to file with the SEC and the Company reports of ownership, and changes in ownership, of Common Stock. Based solely on a review of the reports received by it, the Company believes that, during the fiscal year ended September 30, 2017, all of its officers, directors and significant stockholders complied with all applicable filing requirements under Section 16(a).

REVIEW AND APPROVAL OF RELATED-PARTY TRANSACTIONS

Our Board has adopted policies and procedures for the review and approval of related-party transactions and has delegated to the Audit Committee the authority to review and approve the material terms of any proposed related-party transactions. To the extent that a proposed related-party transaction may involve a non-employee director or nominee for election as a director and may be material to a consideration of that person's independence, the matter may also be considered by the other disinterested directors.

Pursuant to our Code of Business Conduct and Ethics and our Corporate Governance Committee Charter, each of our officers, directors and employees must disclose related-party transactions to our Board of Directors. In order to avoid conflicts of interest, our executive officers and directors may not acquire any ownership interest in any supplier, customer or competitor (other than nominal amounts of stock in publicly traded companies), enter into any consulting or employment relationship with any customer, supplier or competitor, or engage in any outside business activity that is competitive with any of our businesses, without first disclosing the proposed transaction. After the proposed transaction has been disclosed, a determination will be made by our Board or Audit Committee as to what course to follow, depending on the nature or extent of the conflict. Furthermore, our executive officers and directors may not serve on any board of directors of any customer, supplier or competitor unless such board service has been disclosed to us and approved by our Board.

In determining whether to approve or ratify a related-party transaction, the Board and/or Committee may consider, among other factors it deems appropriate, the potential benefits to us, the impact on a director's or nominee's independence or an executive officer's relationship with or service to us, whether the related-party transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction. In deciding to approve a transaction, the Board or Audit Committee may, in its sole discretion, impose such conditions as it deems appropriate on us or the related party in connection with its approval of any transaction. Any transactions involving the compensation of executive officers, however, are reviewed and approved by the Compensation Committee. If a related-party transaction will be ongoing, the Audit Committee may establish guidelines to be followed in our ongoing dealings with the related party. Thereafter, the Audit Committee reviews and assesses the ongoing relationship with each related party to see that it is in compliance with the committee's guidelines and that the related-party transaction remains appropriate.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

As of September 30, 2017, a majority of the members of the Board are independent directors, as defined by the Nasdaq Marketplace Rules. The Board has determined that all of the Company's directors are independent, except Dr. Anzalone, the Company's Chief Executive Officer, and Dr. Douglass Given, the brother of the Company's Chief Operating Officer. Non-employee directors do not receive consulting, legal or other fees from the Company, other than Board compensation.

Vincent Anzalone is the Company's Vice President, Investor Relations and the brother of Christopher Anzalone, the Company's Chief Executive Officer. Vincent Anzalone earned base salary and bonus of \$228,461

during fiscal 2016 and \$64,167 thus far in fiscal 2018. His current base salary is \$220,000. In January 2016, Mr. Anzalone was awarded options to purchase 40,000 shares of the Company's Common Stock at \$6.15 for performance in 2015 which vest over four years from the date of grant. The exercise price is equal to the fair market value of the shares on the date of grant. The grant date fair value of the option is \$184,383. In January 2017, Mr. Anzalone was awarded 65,000 restricted stock units for performance in 2016, and this award vests two years from the anniversary date of the grant. The grant date fair value of this award is \$100,750. In January 2018, Mr. Anzalone was awarded 35,000 restricted stock units for performance in 2017, and this award vests in four annual tranches from the grant date. The grant date fair value of this award is \$128,800.

Annual report on Form 10-K

The Company will mail, without charge to any stockholder upon written request, a copy of the Company's Annual Report on Form 10-K for the year ended September 30, 2017 including the financial statements, schedules and a list of exhibits. Requests should be sent to Arrowhead Pharmaceuticals, Inc., 225 S. Lake Avenue, Suite 1050, Pasadena, CA 91101, Attn: Corporate Secretary, Phone (626) 304-3400.

Stockholders Sharing the Same Address

We may satisfy SEC rules regarding delivery of proxy statements including the proxy statement, annual report and Notice, by delivering a single Notice and, if applicable, a single set of proxy materials to an address shared by two or more of our stockholders. This delivery method can result in meaningful cost savings for us. To take advantage of this opportunity, we may deliver only one Notice, and if applicable, a single set of proxy materials to multiple stockholders who share an address, unless contrary instructions are received prior to the mailing date. Similarly, if you share an address with another stockholder and have received multiple copies of our Notice and/or other proxy materials, you may write or call us at the address and phone number below to request delivery of a single copy of these materials in the future. We undertake to deliver promptly upon written or oral request a separate copy of the Notice and/or other proxy materials to a stockholder at a shared address to which a single copy of these documents was delivered. If you hold stock as a record stockholder and prefer to receive separate copies of a Notice, and if applicable, other proxy materials either now or in the future, please contact us at the address provided below. If your stock is held through a brokerage firm or bank and you prefer to receive separate copies of a Notice and, if applicable, other proxy materials either now or in the future, please contact your brokerage firm or bank.
