GENERAL INFORMATION ABOUT THE MEETING AND VOTING

Who may vote?

The Company has one class of voting shares outstanding. Only stockholders of record of our common stock at the close of business on March 11, 2013, the Record Date, are entitled to receive notice of the Annual Meeting and to vote the shares of common stock that they held on the Record Date. At the close of business on March 11, 2013, the Company had 14,059,797 shares of outstanding common stock, all of which are entitled to vote at the Annual Meeting. Each share of common stock will have one vote on each matter to be voted on. The shares of common stock held in treasury will not be voted.

What is the purpose of the Annual Meeting?

At the Company’s Annual Meeting, stockholders will act upon the matters described in the accompanying notice of meeting. In addition, management will report on Ballantyne’s performance during fiscal 2012 and respond to questions from stockholders.

Who may attend the Annual Meeting?

All stockholders as of the Record Date, or their duly appointed proxies, may attend the Annual Meeting.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the Company’s common stock outstanding on the Record Date will constitute a quorum, permitting the meeting to conduct its business. As of the Record Date, 14,059,797 shares of common stock were outstanding. Broker non-votes, abstentions and proxies marked “withheld” for the election of directors, will be counted for purposes of determining the presence or absence of a

quorum for the transaction of business, but will not be counted for purposes of determining the number of votes cast with respect to a proposal.

May I vote by proxy card, by telephone or through the internet?

You may vote by proxy card, by telephone or through the internet. Voting by any of these methods will ensure that you are represented at the Annual Meeting even if you are not there in person.

May I vote confidentially?

Yes. The Company's policy is to treat all stockholder meeting proxies, ballots and voting tabulations of a stockholder confidentially, if the stockholder has requested confidentiality on the proxy or ballot. Please refer to the proxy card for instructions.

If you so request, your proxy will not be available for examination and your vote will not be disclosed prior to the tabulation of the final vote at the Annual Meeting, except (i) to meet applicable legal requirements, (ii) to allow the independent election inspectors to count and certify the results of the vote or (iii) if there is a proxy solicitation in opposition to the Board of Directors, based upon an opposition proxy statement filed with the Securities and Exchange Commission. The independent election inspectors may at any time inform us whether or not a stockholder has voted.

May I change my vote?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. You may change your vote on the internet or by telephone (only your latest internet or telephone proxy submitted prior to the Annual Meeting will be counted), or by signing and returning a new proxy card with a later date, or by attending the meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the meeting or specifically request in writing that your prior proxy be revoked.

How does the Board recommend I vote?

Unless you give instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth in the description of each proposal in this Proxy Statement. With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

How many votes are required to approve each Proposal?

Election of Directors. The election of a director requires the affirmative vote of a plurality of the shares present or represented by proxy at the meeting and entitled to vote. Consequently, votes to withhold and broker non-votes will have no impact on the election of directors. A properly executed proxy marked "Withhold" with respect to the election of a director nominee will be counted for purposes of determining whether there is a quorum, but will not be considered to have been voted for or against the director nominee. Brokers do not have the discretion or authority to vote your shares with respect to the election of directors. Your broker will not be able to vote your shares with respect to the election of directors if you have not provided directions to your broker. We strongly encourage you to submit your proxy card and exercise your right to vote as a stockholder.

Advisory Vote on Executive Compensation. The affirmative vote of a majority of the shares present or represented by proxy at the meeting will be deemed by the Board to constitute the advisory vote on executive compensation.

Ratification of Independent Auditors. The affirmative vote of a majority of the shares present or represented by proxy at the meeting are entitled to vote is required to approve Proposal 3, the ratification of the appointment of KPMG LLP as the Company's independent auditors for the fiscal year ended December 31, 2013.

Other Proposals. No other matters are anticipated to be brought before the meeting.

What is a broker non-vote?

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote. In this situation, a “broker non-vote” occurs. Shares constituting broker non-votes are not counted or deemed to be present or represented for the purpose of determining whether stockholders have approved a matter, but they are counted as present for the purpose of determining a quorum at the Annual Meeting.

Who pays the expenses incurred in connection with the solicitation of proxies?

The Company will bear the cost of solicitation of proxies, including the charges and expenses of brokers and others for forwarding solicitation materials to beneficial owners of stock. In addition to the use of mail, proxies may be solicited by personal interview, telephone or facsimile. Computershare, Inc., the Company's Transfer Agent, is prepared to assist the Company to solicit proxies, if necessary.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a Current Report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an amendment to the Form 8-K to publish the final results.

PROPOSAL ONE
ELECTION OF DIRECTORS

Ballantyne's Certificate of Incorporation, as amended, and Bylaws, as amended, provide for the annual election of all directors. The Bylaws allow the Board to set the number of directors from time to time and to appoint directors between Annual Meetings. For purposes of this 2013 Annual Meeting the Board of Directors has set the number of directors at seven (7).

At the 2012 Annual Meeting stockholders elected seven (7) directors namely William F. Welsh, II, Gary L. Cavey, Marc E. LeBaron, Mark D. Hasebroock, Donde Plowman, Samuel C. Freitag and James C. Shay. All seven (7) of the presently-serving directors have been nominated for re-election. Information on these current directors and Ballantyne's corporate governance disclosures follow this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE
"FOR" THE ELECTION OF ALL THE NOMINEES.

BOARD OF DIRECTORS

Set forth below is a list of the seven (7) current directors and certain information regarding them. The chart below also sets forth the year in which each current director became a director of the Company. Each of these individuals has been nominated for election at the 2013 Annual Meeting.

William F. Welsh, II, age 71, was Chairman/CEO of Election Systems & Software from 1993 until his retirement in October 2003. He has served as a director of Lindsay Corporation (NYSE: LNN) since 2001. Mr. Welsh has served as a director of Ballantyne since 2000. The Nominating and Corporate Governance Committee believes that Mr. Welsh's prior executive level leadership and experience as a Chief Executive Officer give him the operational expertise and breadth of knowledge to understand Ballantyne's business operations. His service on other boards of directors also provides a high level of expertise in strategic matters and corporate governance. All of these qualities are supportive of the Nominating and Corporate Governance Committee's selection of Mr. Welsh as a director.

Gary L. Cavey, age 63, has been the Company's President and CEO and a director since November 2010. From 2009 until joining the Company, Mr. Cavey served as COO of Midland Radio Corporation, an international industry leader in the manufacture and sale of two-way wireless communications systems for consumer and industrial applications. From 1999 until 2008, Mr. Cavey was President/CEO & Chairman of MAC Equipment, Inc., a leading manufacturer and marketer of pneumatic conveying and air filtration systems serving numerous industries. In selecting Mr. Cavey to serve as a director, the Nominating and Corporate Governance Committee considered his 15-plus years' experience serving as a senior executive with his previous employers, his prior and current service on other corporate boards and the Company's history of having its CEO serve on the Board.

Marc E. LeBaron, age 58, has served as Chairman/CEO of Lincoln Industries from 2001 to present. He previously served as President of Lincoln Industries from 1982 until becoming Chairman/CEO. He is also a director of Assurity Life Insurance Company. Mr. LeBaron has served as a director of Ballantyne since 2005. The Nominating and Corporate Governance Committee believes that Mr. LeBaron's 30-plus years of organizational leadership experience, his ability to identify and implement business strategy and knowledge of corporate governance give him the operational expertise and breadth of knowledge which qualify him to serve as a director.

Mark D. Hasebroock, age 53, is the founder of Dundee Venture Capital (which was founded in 2010), a venture capital firm investing in growth companies with an e-commerce and web services focus. He is also Co-founder, Director and Secretary of Hayneedle.com (formerly Netshops, Inc.) from 2002 to present. Prior to co-founding

Hayneedle, he served as an investment banker with McCarthy & Co., for approximately 13 years. Mr. Hasebroock has served as a director of Ballantyne since 2003. The Nominating and Corporate Governance Committee believes that Mr. Hasebroock's executive level leadership, technology experience and financial background give him the operational expertise and breadth of knowledge which qualify him to serve as a director.

Samuel C. Freitag, age 57, has been an independent private investor since January of 2004. From July 2002 to December 2003, he was President of McCarthy Capital Corporation, a private equity fund manager of approximately \$300 million in capital. From 1986 until 1997; he held various positions with George K. Baum Merchant Bank, LLC, including serving as Senior Managing Director and Director, Investment Banking. Mr. Freitag has served as a director of Ballantyne since June 2011. The Nominating and Corporate Governance Committee believes that Mr. Freitag's investment banking experience and service on other boards of directors provide him the executive experience and knowledge to qualify him to serve as a director.

Donde Plowman, age 60, has been the Dean of the University of Nebraska-Lincoln's College of Business Administration and a Professor of Management since July 2010. She was previously the head of the Department of Management at the University of Tennessee from 2007 to 2010. She previously held the position of Professor of Management at the University of Texas in San Antonio from 2007 to 2010, and Associate Dean for graduate programs and research and director of the Ph.D. program at the College of Business from 2000 to 2003. Dr. Plowman has published more than 40 articles and book chapters on management topics and has served as a management training consultant. Dr. Plowman has served as a director of Ballantyne since June 2011. The Nominating and Corporate Governance Committee believes that Dr. Plowman's experience in business management academics, senior level academic leadership and management experience qualify her to serve as a director.

James C. Shay, age 49, is the Senior Vice President, Finance and Strategic Planning, and Chief Financial Officer for Great Plains Energy, Inc. (NYSE: GXP) and Kansas City Power & Light Company, a position he has held since July 2010. Previously, Mr. Shay served as Chief Financial Officer for Northern Power Systems from 2009 to 2010, Managing Director of Frontier Investment Bank from 2007 to 2009, Chief Financial Officer for Machine Laboratory, LLC (after its acquisition from BHA) from 2004 to 2006 and in various positions with BHA from 1992 until its acquisition of Machine Laboratory LLC in 2004. Mr. Shay is a Certified Public Accountant. Mr. Shay has served as a director of Ballantyne since May, 2012. The Nominating and Corporate Governance Committee believes that Mr. Shay's extensive background in finance and accounting as well as his executive experience qualify him to serve as a director.

CORPORATE GOVERNANCE

The Board of Directors operates pursuant to the provisions of the Company's Certificate of Incorporation (as amended) and Bylaws (as amended) and has also adopted several corporate governance policies to address significant corporate governance issues. The Board of Directors has adopted the following governance documents:

- Code of Ethics
- Corporate Governance Principles including procedures for bringing concerns or complaints to the attention of the Board, any Committee or individual director

These corporate governance documents are available on the Company's website at www.strong-world.com.

Board Leadership Structure and Role of the Board in Risk Oversight

The Chairman of our Board and the Chief Executive Officer are not the same person. Since 2001, our Board has separated these duties, operating under the belief that a Board comprised of a majority of independent directors should be chaired by an independent director. It is also our Board's belief that separation of these roles is appropriate for Ballantyne so as to create a distinction between strategic and operational leadership of our business. That said, it has also been the Board's belief that our Chief Executive Officer, as the central operational and hands-on decision maker and the officer charged with implementing and overseeing the policies set by the Board, should serve as a director. Accordingly, Mr. Cavey serves as a director, as did his predecessor.

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, the Board is responsible for monitoring and assessing strategic and operational risk exposure. The Audit Committee has the responsibility to consider and discuss major financial risk exposures and the steps management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also provides oversight of the performance of the internal audit function. The Nominating and Corporate Governance Committee monitors the effectiveness of the Company's corporate governance guidelines and the selection of prospective Board members and their qualifications. The Compensation Committee, in conjunction with the Audit Committee, assesses and monitors whether any of the Company's compensation policies and programs have the potential to encourage excessive risk-taking. Typically, the entire Board meets with management and the applicable Board committees at least annually to evaluate and monitor respective areas of oversight. Both the Board as a whole and the various standing committees receive periodic reports from individuals responsible for risk management, as well as incidental reports as matters may arise. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible.

Board Independence

The Board of Directors is composed of a majority of independent directors as defined by the listing requirements of the NYSE MKT. The Board of Directors has determined that each of Messrs. Welsh, LeBaron, Hasebroock, Freitag, Shay and Dr. Plowman are all independent directors of the Company under the listing standards adopted by the NYSE MKT. It is the policy of the Board that the independent directors meet in executive session (i.e. without management present) at each regular Board Meeting as well as when they as a group deem such meeting appropriate or necessary. During 2012, the independent directors met four (4) times in person. All independent directors attended at least seventy-five percent of the aggregate number of meetings held.

Communication to the Board

Stockholders wishing to communicate with the Board of Directors should address written correspondence to the Secretary of the Company who will present the communication to the Board.

Board Meeting Attendance

The Board of Directors held four (4) meetings in person during 2012. In addition, the Board of Directors held one (1) meeting via teleconference. Each current director attended at least seventy-five percent of the aggregate number of meetings held.

Board Attendance at Annual Meeting

All members of the Board of Directors are encouraged to attend the Annual Meeting. All directors serving at the time, except Mr. Abramson who retired in 2012 and did not stand for re-election, attended the 2012 Annual Meeting.

Stock Ownership Guidelines for Directors and Officers

The Company's Corporate Governance Principles state that directors are expected to own the number of shares of common stock equal to the value of three times their annual retainer. New directors have three years in which to meet this expectation. The Compensation Committee annually reviews the status of this expectation. The Chief Executive Officer is expected to own shares equal to the value of 75% of his annual base salary. Other officers are expected to own shares in an amount indexed to that of the CEO based upon their respective base salaries. Officers have three years from the date of their appointment to satisfy this expectation. The Compensation Committee annually reviews the status of this expectation.

Audit Committee

The Board, acting under a written charter, has a standing Audit Committee. The Audit Committee consists of directors Shay (Chair), Hasebroock, LeBaron, Freitag and Plowman, who are independent directors, as defined by NYSE MKT listing requirements. Mr. Abramson was Chair of the Audit Committee until his retirement. All Audit Committee members are financially literate. The Board of Directors has determined that Mr. Shay is an "audit committee financial

expert” as defined by Item 407(d)(5)(ii) of Regulation S-K of the Securities and Exchange Commission. The Audit Committee assists the Board of Directors in fulfilling its responsibilities for oversight of the quality and integrity of the accounting, auditing and reporting practices of the Company, and performs such other duties as are directed by the Board. The Committee’s role includes a particular focus on the qualitative aspects of financial reporting to stockholders, and on the Company’s processes to manage business and financial risk, and for compliance with significant applicable legal, ethical and regulatory requirements. At least annually and generally on a quarterly basis, the Committee reviews and discusses matters separately with management of the Company and with the Company’s independent auditors.

The Committee is directly responsible for the appointment of the independent registered public accounting firm engaged to prepare and issue an audit report on the financial statements and internal controls of the Company and periodically reviews and evaluates their performance and independence from management. All audit and permitted non-audit services are pre-approved by the Committee. Any services not covered by prior pre-approval or services exceeding the pre-approved cost levels, must be approved in advance by the Committee. The Committee has delegated the responsibility of approving proposed non-audit services that arise between Committee meetings to the Chairman, provided that the decision to approve the services is presented for ratification at the next scheduled Committee meeting. During 2012, the Committee held two (2) meetings in person. In addition, the Committee held four (4) meetings via teleconference. All Committee members attended at least seventy-five percent of the aggregate number of meetings held.

Compensation Committee

The Compensation Committee of the Company's Board of Directors consists of directors LeBaron (Chair), Welsh, Hasebroock and Freitag. All members of the Committee are independent as defined by the NYSE MKT listing requirements. The Compensation Committee acts under a written charter, adopted by the Board of Directors. The Committee functions include, but are not limited to:

- Determining the compensation of the Chief Executive Officer.

• Overseeing all other executive officers' compensation, including salary and payments under the Company's incentive and stock plans.

• Administering the Company's stock compensation plans including approving all individual grants and awards under these plans.

- Reviewing compensation for non-employee directors and recommending changes to the Board.

The Compensation Committee has engaged Compensation Strategies, Inc., as the Committee's independent executive compensation consultant as needed. Compensation Strategies reports directly to the Committee and provides advice on the structure and amounts of executive and director compensation. In addition, they also assisted with the development of the 2010 Long-Term Incentive Plan.

The Committee held three (3) meetings in person during 2012. In addition, the Committee held one (1) meeting via teleconference. All Committee members attended at least seventy-five percent of the aggregate number of meetings held.

Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are directors Welsh (Chair), LeBaron, Hasebroock, Freitag, Plowman and Shay. Mr. Abramson was a member of the Nominating and Corporate Governance Committee until his retirement. All members of the Nominating and Corporate Governance Committee are independent as defined by the NYSE MKT listing requirements. The Nominating and Corporate Governance Committee acts under a written charter, adopted by the Board of Directors. The functions of the Committee include, among other items, overseeing all aspects of the Company's corporate governance functions including compliance with significant legal, ethical and regulatory requirements. The Nominating and Corporate Governance Committee also reports to, and assists, the Board of Directors in identifying individuals for membership to the Board and recommends to the Board the director nominees for the next Annual Meeting of Stockholders. The Nominating and Corporate Governance Committee held two (2) meetings in person during 2012. All Committee members attended at least

seventy-five percent of the aggregate number of meetings held.

Director Nomination Process—The Nominating and Corporate Governance Committee believes that the Company is well-served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Committee will re-nominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election or if a vacancy occurs between annual stockholder meetings, the Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based upon input from the members of the Board, senior management of the Company and, if the Committee deems appropriate, a third-party search firm.

Candidates will be chosen for their ability to represent all of the stockholders, and for their character, judgment, fairness and overall ability. As a group, they are expected to set the appropriate policy for the Company, and to bring to the Board of Directors broad experience in business matters and an insight and awareness of the appropriate and ever-changing role that corporations should have in society. Because the advice of those facing similar issues is of particular value, executive officers of other corporations are desirable candidates. Ballantyne does not have a set policy or process for considering “diversity”, however that term may be defined, in identifying nominees. However, Ballantyne’s corporate governance principles provide that the Nominating and Governance Committee shall strive to identify and recruit individuals whose diverse talents, experiences and backgrounds enhance the inclusive environment in which the Board currently functions. The Committee relies upon its judgment of the foregoing general criteria and the following personal criteria in selecting candidates for nomination to the Board of Directors:

- Independence and absence of conflicts of interest
 - Honesty, integrity and accountability
- Substantial business experience with a practical application to the Company’s needs
- Willingness to ask tough questions in a constructive manner that adds to the decision making process of the Board
 - Demonstrated ability to think strategically and make decisions with a forward looking focus
 - Ability to assimilate relative information on a broad range of topics
 - Willingness to express independent thought
 - Team player
 - Willingness to make a strong commitment of time and attention to the Board’s processes and affairs
 - Ability to commit to Company stock ownership

The Nominating and Corporate Governance Committee evaluated Messrs. William F. Welsh, II, Gary L. Cavey, Marc E. LeBaron, Mark D. Hasebroock, Samuel C. Freitag, James C. Shay, and Dr. Donde Plowman, all of whom are incumbent directors, and recommended their nomination to the Board of Directors. The Board, in turn, nominated these seven persons for re-election as directors at the 2013 Annual Meeting of Stockholders.

The Nominating and Corporate Governance Committee will also consider proposals for nominees for director from stockholders which are made in writing to the Secretary of the Company and comply with Bylaw requirements. The recommendation must contain sufficient background information concerning the nominee to enable a proper judgment to be made as to his or her qualifications. Recommendations must also include a written statement from the candidate expressing a willingness to serve.

Compensation Discussion and Analysis

Compensation Philosophy

Decisions with respect to executive compensation are made by the Compensation Committee on an individual basis based upon a number of factors, including, but not limited to, the provisions of any existing employment contract with an executive officer, evaluation of the executive officer's performance, the level of responsibility associated with the executive officer's office, recruitment requirements and the performance of the Company. The Compensation Committee periodically utilizes Compensation Strategies, Inc. as its independent executive compensation consultant. Compensation Strategies reports directly to the Committee and provides advice from time to time to the Committee on the structure and amounts of executive and director compensation. Compensation Strategies provides no other services to the Company.

Compensation of the executive officers of the Company has historically been structured to motivate, reward and retain the executive officers consistent with the needs of the Company from time to time. The major elements of the executive officers' compensation are base salary, short-term incentives in the forms of cash, restricted and unrestricted

stock, and long-term incentives in the forms of stock options, restricted stock and units, stock appreciation rights and performance shares and units.

The overall goal of the Company's compensation policy is to maximize stockholder value by attracting, retaining and motivating the executive officers that are critical to its long-term success. To that end, the Board of Directors adopted, and the stockholders approved, the Ballantyne Strong, Inc. 2010 Long-Term Incentive Plan. The Board of Directors believes that the 2010 Plan, coupled with the 2005 Restricted Stock Plan, is essential to recruit, motivate and retain a high caliber management team and is expected to advance the long-term success of the Company by rewarding executive officers and key employees for the achievement of certain performance goals designed to increase stockholder value over a multi-year period.

Compensation Recoupment Policy

The Board has adopted, as part of its Corporate Governance Principles, a policy on recoupment of executive compensation. If the Board learns of any misconduct by an officer that damages the Company's operation, reputation, or standing, or that causes the Company to have to restate its financial statements, the Board may among other actions, and to the extent permitted by governing law, require the surrender, forfeiture and cancellation of all restricted stock awards, options or other non-cash compensation previously granted to the officer. The Board may also require reimbursement of any performance-based cash compensation received by the officer and which award was influenced by the misconduct in question.

Say on Pay Vote

The Company conducted its first advisory vote on executive compensation in May 2011. The resolution passed with 96% of the vote. The Company's stockholders in May 2011 also cast 89% of their votes in favor of an annual say-on-pay vote. In May 2012 the resolution passed with 98% of the vote. The Board of Directors and the Compensation Committee considered these results in determining compensation policies and decisions for the remainder of 2012 and for 2013. The Board and the Committee also determined to hold annual say-on-pay votes and, based on the significant level of stockholder support, to continue the current compensation objectives, strategies, processes and practices described below.

Base Salary

The base salaries of executive officers have historically reflected, and will continue to reflect their individual contribution to the Company. Base salaries have historically been reviewed annually and may be changed based on the individual's performance or a change in competitive pay levels in the marketplace.

The Compensation Committee reviews and establishes the base salary of the Chief Executive Officer based on independent competitive data, his leadership in establishing performance standards in the conduct of the Company's business, and its expectation as to his future contributions in directing the long-term success of the Company and its business.

Cash and Restricted Stock Bonuses

The Committee believes that the annual bonus of key employees, including executive officers, should be based on optimizing profits and prudent management of the capital employed in the business. Annual incentive compensation is determined and paid pursuant to the Company's Short-Term Incentive Plan ("STI Plan"). The STI Plan is an annual incentive program that provides the executive officers and key management bonuses if the Company achieves certain goals. Each payout is further subject to the achievement of certain individual goals, as defined. The STI Plan provides for a bonus payout in the form of cash, restricted and unrestricted stock or some combination thereof based on certain criteria. The bonuses paid for fiscal 2012 performance were in the form of cash. For the 2012 STI Plan, the Compensation Committee established certain target award percentages of base salary to determine the target award for the named executive officers and certain key employees. The target award for Mr. Cavey was set at 50% of his base salary while the target awards for the remaining named executive officers (other than Mr. Herrmann) were set at 35% of their base salaries.

The Compensation Committee set three universal tactical goals that comprised 85% of the entire target award that applied to each of the participants of the STI Plan. The first universal goal was that fiscal year 2012 pre-tax income exceeds certain thresholds as set forth in the Plan. This goal represented 45% of the target award. The second universal goal was fiscal year 2012 Strong-MDI sales exceeding certain thresholds as set forth in the Plan. This goal

represented 20% of the target award. The final universal tactical goal was fiscal year 2012 Strong Technical Services revenue exceeding certain thresholds set forth in that Plan. This goal represented 20% of the target award. The Committee also set certain goals specific to each participant's area of responsibility and represented the final 15% of the target award. In order for any payout to occur, the first universal goal had to be achieved.

The Committee deemed all the goals described above to be effective in focusing management on continued profitability even with the challenges of operating under the Company's transition from being a film projector manufacturing company to one based on the service and distribution of equipment.

All three of the universal tactical goals were achieved. Not all participants achieved their individual goals. The payout for the target awards are reflected in the Summary Compensation Table were paid in cash in 2013.

Stock Plans

During 2005, the Committee adopted, and the stockholders subsequently approved, the 2005 Restricted Stock Plan. The Committee believes the Plan provides a mechanism to align executive and stockholder interests and assists the Company in attracting and retaining key executives. In January 2012, 28,210 shares of common stock were granted to key employees under the Plan as partial payment for goals met under the STI Plan for fiscal 2011. A total of 41,310 shares remain available for issuance pursuant to this Plan. The Plan is set to expire in September of 2013.

The Company also has an Employee Stock Purchase Plan to provide a method by which eligible employees may purchase common stock on a discounted basis through payroll deductions. The maximum number of shares of common stock that can be purchased by an eligible employee pursuant to any plan year is 2,000 shares. The Committee believes that participation in the Plan provides eligible employees at all levels with an opportunity and incentive to contribute to the success of the Company through stock ownership. A total of 65,753 shares have been reserved and remain available for issuance pursuant to this Plan. The Plan is set to expire in October of 2013.

2010 Long-Term Incentive Plan

The long-term incentive component is designed to reward the achievement of longer-term strategic objectives and align the financial interests of the Company's executive officers with those of the Company's stockholders. The 2010 Plan is administered by the Compensation Committee. The 2010 Plan provides the Committee with the flexibility to design compensatory awards that are responsive to the Company's needs. Subject to the terms of the 2010 Plan, the Committee has the discretion to determine the terms of each award, including which award, if any, may be subject to vesting upon a "change in control" of the Company, as such term is defined in the 2010 Plan. In general, all awards under the 2010 Plan to Company executive officers and other key employees will be made by the Committee. However, the Committee may delegate to one or more officers of the Company the day-to-day administration of the Plan. Awards under the 2010 Plan may be in the form of stock options, stock appreciation rights, restricted shares, restricted units, performance shares or performance units. The Company expects that executive officers and key employees may receive awards from time to time under the 2010 Plan. The benefits or awards that may be received by or allocated to participants will be determined at the discretion of the Committee based on the development of a series of long-term strategic goals that the Board of Directors believes will significantly enhance stockholder value if achieved. The maximum number of shares as to which stock awards may be granted under the 2010 Plan is 600,000 shares, subject to adjustments by the Committee for stock splits, stock dividends, recapitalizations, acquisitions and other similar transactions or events. In January 2012, the Committee decided to grant a combination of performance units ("PRUs"), restricted stock awards ("RSAs") and nonqualified stock options awards to provide the Company's executive officers with long-term incentive compensation. The PRUs, RSAs and stock options were granted pursuant to the Company's 2010 Plan which was approved by the stockholders at the Company's annual stockholder meeting in May 2010. The Committee included stock options in order to enhance the long-term incentive plan's perceived value and to reduce pressure on goal-setting for the PRUs which can be difficult given the transitional nature of the Company's business. The Committee believes that the mix of RSAs, PRUs and stock options will continue to promote sustained long-term performance, goal alignment and retention.

139,000 options, 56,000 RSAs and 527,000 PRUs were awarded to executive officers under the Plan, the details of which are reflected in the Summary Compensation Table. As of December 31, 2012, a total of 405,000 shares remain available for issuance pursuant to this Plan which will terminate on May 19, 2020.

Performance Units. Each PRU has a value of \$1.00 and represents a right to receive a cash payment at a specified time in the future if certain performance objectives have been met during the specified performance periods leading up to the payout of the PRU. PRUs are, therefore, designed to reward achievement of specific performance objectives over these periods. In 2012, the Compensation Committee awarded PRUs with a threshold payout of 50% of the target number and a maximum payout of 150% of the target number. In addition to requiring satisfaction of the applicable threshold performance levels, PRUs are only payable if the recipient remains employed with the Company until payout occurs after the end of the performance periods.

Restricted Stock Awards. RSAs represent a right to receive ownership of a certain number of shares of the Company's common stock at a specified time in the future, but are not conditioned upon achieving any specific performance objectives, and are only issuable if the recipient remains employed by the Company at the end of the vesting period leading up to the issuance of the RSAs. RSAs are designed primarily to encourage retention of executive officers and key employees.

Nonqualified Stock Options. Nonqualified stock options represent an option to purchase shares of the Company's common stock at an option price equal to the closing price on the New York Stock Exchange of the Company's common stock on the grant date. The stock options are designed to motivate executives to increase stockholder value as the stock options will only have value if our stockholders also benefit from increasing stock prices.

The PRUs have a three-year vesting period and the RSAs and stock options have four-year vesting periods. The PRUs awarded during fiscal 2012 will not become payable until after fiscal 2015. As soon as practicable after December 31, 2015, but not later than March 15, 2016, the Company will pay a cash lump sum PRUs which have been earned. As of January 11, 2013, a total of one third of the number of PRUs originally granted has vested at a payout of 123% of target. See Summary Compensation Table. The Committee also felt that a three-year period was commonly used by similar companies for this reason. The RSAs awarded during fiscal 2012 vest ratably over a four-year period commencing on January 11, 2013, provided that the executive officer continues her or his employment with the Company during the vesting period. Nonqualified stock options vest ratably over a four-year period commencing January 11, 2013, provided that the executive officer continues her or his employment with the Company during the vesting period, and expire 10 years after the grant date. The Committee intends that annual grants of long-term incentive awards will provide constant motivation and alignment of executive and stockholder interests extending into the future and will support executive retention.

PRU Awards. For the previously discussed reasons, the Committee determined that a part of the long-term incentive award granted to each executive officer would consist of PRUs. Each PRU awarded in fiscal 2012 has three performance periods running through the end of fiscal 2014. The Committee determined to choose performance measures on an annual basis for each of the 2012, 2013 and 2014 performance periods. For the 2012 performance period, the Committee chose revenue and net income as the performance measures to be used to determine PRU payouts for that performance period. For the 2013 and 2014 performance periods, the Committee may consider several performance measures, including measures that are tied to the accomplishment of specific performance objectives.

For 2012, the Committee chose to correlate PRU payouts to revenue and net income because it determined that there was a reasonable relationship between these performance measures and stockholder value. Additionally, these performance measures could be easily quantified and calculated for the purposes of determining whether the Company had met the necessary performance requirements. The Committee assigned equal weighting to revenue and net income for purposes of determining PRU payouts in order to drive profitable growth and focus on appropriate expense management. Although the Committee feels that revenue and net income reasonably approximate the connection between executive performance and stockholder value, the Committee has the authority to make subsequent PRU awards according to different performance measures.

For the purpose of calculating revenue and net income, any acquisitions made by the Company and revenues, expenses or assets associated with such acquisitions are excluded in the fiscal year of the acquisition, but will be fully included during every year thereafter.

The Committee established the following performance measures for revenue and net income for the PRUs awarded in fiscal 2012:

	Revenue	Net
	Income	
Threshold – 50%	\$113.0M	\$4.5M
Target – 100%	\$141.3M	\$5.6M
Maximum – 150%	\$169.6M	\$7.8M

The Committee attempted to establish maximum and threshold performance levels that would appropriately reward the executive officers for exceptional performance, while also providing them with continued motivation in the event that market factors or down periods make it impossible to meet target performance levels. A partial PRU is earned if the Company achieved at least threshold performance for one of the performance factors even if the Company did not achieve threshold performance for the other performance factor.

For 2012, the revenue and net income performance measures were weighted equally and independently calculated and earned once the defined threshold for such performance measure is achieved, even if the threshold for the other performance measure was not achieved. The 2012 PRUs were earned by determining the actual performance measured against the performance goals for each performance measure. At the threshold level for both performance measures each PRU is paid at \$.50, and payments increase to \$1.00 if the target level is achieved for both performance measures and payment increases to \$1.50 if the maximum level is achieved for both performance measures. Payout factors are linearly interpolated when actual performance results fall between the threshold, target and maximum levels. For 2012, PRUs were earned at 123% of Target, calculated as follows: revenue of \$169.1M was 149% of Target and net income \$5.542M was 97% of Target. Weighing each performance measure equally yielded a final payout percentage of 123% of Target.

In the event of a change in control of the Company while the executive officer is employed by the Company and on or before December 31, 2015, the executive officer is entitled to receive cash payment for PRUs which is equal to the sum of:

- (i) the amount of the PRU, if any, that has been earned, based on the attainment of the applicable performance objectives set by the Committee, during such of the 2012, 2013, and 2014 performance Periods which have been completed on or prior to the date of the Change in Control; plus
- (ii) the amount of the PRU that could have been earned, based on the deemed attainment of performance targets set by the Committee and actual performance through the date of the Change in Control (as determined by the Committee) for the performance period in which such Change in Control occurs and any performance periods that had not yet commenced by the date of the Change in Control.

The amounts of PRUs so determined vest as of December 31, 2015, provided that executive officer has been continuously employed by the Company (or its successor) through such date.

Restricted Stock Awards. For the previously discussed reasons, the Committee determined that each executive officer's long-term incentive award should consist of RSAs. The RSAs awarded in fiscal 2012 vest according to a four-year schedule, with one-fourth of the RSUs vesting commencing on January 11, 2013 contingent upon the named executive officer's continued employment with the Company during the vesting period. Accordingly, if a named executive officer received 12,000 RSAs in fiscal 2012 and remains employed with the Company, 3,000 of those RSAs vested on January 11, 2013, another 3,000 RSAs would vest on January 11, 2014, another 3,000 RSAs would vest on January 11, 2015 and then the final 3,000 RSAs would vest on January 11, 2016. All RSAs granted in fiscal 2012 fully vest upon a change in control of the Company.

Nonqualified Stock Options. For the previously discussed reasons, the Committee determined that each executive officer's long-term incentive award should consist of nonqualified stock options. The nonqualified stock options awarded in fiscal 2012 have an option price of \$4.70 (which is equal to the closing price on the New York Stock Exchange of the Company's common stock on the grant date of January 11, 2012) and vest ratably (one-fourth each year) on January 11th of the next four calendar years following the grant date. Vesting is contingent upon the executive officer's continued employment with the Company during the vesting period. No stock option may be exercised more than 10 years from the date of grant. All stock options granted in fiscal 2012 fully vest upon a change in control of the Company.

401K Retirement Plan

The Company has adopted a Retirement and Savings 401(k) Plan (the "Plan"), which is a combination savings and profit sharing plan designed to qualify under Section 401 of the United States Internal Revenue Code of 1986, as amended

(the "Code"), including the provisions of Section 401(k). In 2012, all employees of Ballantyne who were at least eighteen years old and who had completed six months of service were eligible to participate in the Plan. Each participant may defer up to 100% of their compensation. The Company will match 50% of the amount deferred up to 6% of their compensation. In addition, the Company may elect, at the discretion of the Board, to contribute an additional amount. All contributions to the Plan are non-forfeitable. For 2012, no participant could contribute more than \$17,000 to the Plan and receive a deduction for federal income tax purposes while certain participants age 50 or older could contribute up to \$22,500. Benefits may be distributed to participants or their beneficiaries, as the case may be, in the event of a participant's death, retirement or other termination of service, or, if the participant so requests, on reaching age 59 1/2. Participants may be eligible to withdraw benefits in case of hardship.

Contributions to the Plan made by the Company on behalf of the named executive officers of the Company are included in the Summary Compensation Table.

Other Employee Benefits

At the end of 2010 the Company changed its policy of providing automobiles to certain named executive officers. The Company also provides its executives with certain benefits which are generally available to all employees of the Company, such as excess life and disability insurance. These benefits for the named executive officers of the Company are included in the Summary Compensation Table.

Employment Contracts

During fiscal 2012, the Company had written employment agreements with each of Mr. Cavey, Ms. Carstens and Mr. Boegner. The material provisions of each of these agreements are discussed below.

Mr. Cavey's agreement provides for an annual salary, which is subject to annual review and adjustment based upon his performance. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in Ballantyne's 2010 Long-Term Incentive Plan. He is eligible to participate in and/or receive other benefits provided to other employees of the Company. He was also granted 50,000 non-qualified stock options, the details of which are reflected in the Summary Compensation Table. The agreement obligates Mr. Cavey to acquire and maintain holdings of Ballantyne's common stock equivalent to at least 75% of his base salary within three years of his hiring, which is consistent with the Company's stock ownership requirements set forth in the Company's Corporate Governance Principles. In the event his employment is terminated by Ballantyne without good cause or by Mr. Cavey for good reason, as these terms are defined in the agreement, then he will receive his base salary through the later of October 31, 2013, or nine months after the date his employment is terminated. In addition, Ballantyne will pay for or reimburse Mr. Cavey for the cost of health insurance during this same period or for 12 months whichever is shorter. The agreement with Mr. Cavey provides that in the event of a change-in-control (as defined in the agreement) the agreement will continue in effect and any termination of the agreement will be treated as being without cause, entitling Mr. Cavey to the severance benefit discussed above. Assuming a termination date of December 31, 2012, as required by SEC rules, the approximate value of the severance benefits would have been \$306,897 for Mr. Cavey. In addition, the terms of the stock options granted to Mr. Cavey provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2012, as required by SEC rules, the approximate value of the vesting stock options would have been zero as the exercise price to be paid by Mr. Cavey exceeded the Company's stock price at December 31, 2012.

Ms. Carstens' employment agreement with the Company provides for a base salary. She is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in the 2010 Long-Term Incentive Plan. She received relocation reimbursement and six-months of temporary living expense reimbursement and a stock option grant of 2,200 non-qualified stock options, the details of which are reflected in the Summary Compensation Table. The agreement requires Ms. Carstens to acquire and maintain holdings of Ballantyne's Common Stock equivalent to 50% of her base salary within three years of her hiring, which is consistent with the Company's stock ownership requirements set forth in the Company's Corporate Governance Principles. In the event that her employment is terminated by Ballantyne without good cause or by Ms. Carstens with good reason, as these terms are defined in the agreement, then she will receive her base salary for a period of six (6) months after the date her employment is terminated. In addition, Ballantyne will pay for or reimburse Ms. Carstens for the cost of health insurance during this same period. She is eligible to participate in and/or receive other benefits provided to other employees of the Company. The agreement with Ms. Carstens provides that in the event of a change-in-control (as defined in the agreement) the agreement will continue in effect and any termination of the agreement will be treated as being without cause, entitling Ms. Carstens to the severance benefits

discussed above. Assuming a termination date of December 31, 2012, as required by SEC rules, the approximate value of the severance benefits would have been \$114,792 for Ms. Carstens. In addition, the terms of the stock options granted to Ms. Carstens provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2012, as required by SEC rules, the approximate value of the vesting stock options would have been zero as the exercise price to be paid by Ms. Carstens exceeded the Company's stock price at December 31, 2012.

Mr. Boegner's employment agreement with the Company provides for a base salary. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in the 2010 Long-Term Incentive Plan. The agreement requires Mr. Boegner to acquire and maintain holdings of Ballantyne's Common Stock in accordance with the Ballantyne's stock ownership and retention policies as set forth in the Company's Corporate Governance Principles. In the event that his employment is terminated by Ballantyne without good cause or by Mr. Boegner for good reason, as these terms are defined in the agreement, then he will receive his base salary for period equal to three (3) weeks for each year that he has been employed by the Company. In addition, Ballantyne will pay for or reimburse Mr. Boegner for the cost of health insurance during this same period. He is eligible to participate in and/or receive other benefits provided to other employees of the Company including an automobile allowance. Assuming a termination date of December 31, 2012, as required by SEC rules, the approximate value of the severance benefits would have been \$342,786 for Mr. Boegner.

Mr. Stark is entitled to severance and other benefits such as accrued vacation pursuant to the Company's then-existing severance policy. Assuming a termination date of December 31, 2012, as required by SEC rules and assuming applicability of the Company's then-existing severance policy of providing employees with at least five years of service (1.5) one and one half weeks of severance for each year of employment, the value of severance and benefits for Mr. Stark under the same assumptions would have been approximately \$43,261.

In January 2012, Mr. Herrmann notified the Company that he would resign effective in April 2012. Mr. Herrmann and the Company entered into a written retention agreement providing for his continued employment through April 2, 2012. Mr. Herrmann received his then-present salary of \$175,000 per year, prorated through his last day of employment. He also received a one-time retention payment of approximately \$105,000, and the cash value of accrued vacation days of approximately \$20,000, both of which were paid after the retention period was completed. The agreement also contained a customary release of claims.

Compensation Risk Assessment

The Company has evaluated its compensation policies and practices as they relate to risk management and risk taking incentives. Compensation Committee Interlocks and Insider Participation

During 2012 there were no compensation committee interlocks and no insider participation in compensation decisions that were required to be reported under the rules and regulations of the Securities and Exchange Act of 1934.

Compensation Committee Report

The Compensation Committee oversees the Company's compensation program on behalf of the Board. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis set forth in this Proxy Statement and based on such review and discussion, has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

PROPOSAL TWO

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Background

At the 2012 Annual Meeting, the stockholders' approved, by advisory vote, annual frequency for future advisory votes on executive compensation ("say-on-pay vote"). This advisory vote was accepted by the Board of Directors.

The annual advisory say-on-pay vote on executive compensation is a non-binding vote on the compensation of the Company's Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules promulgated by the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure. The advisory say-on-pay vote is not a vote on the Company's general compensation policies, compensation of the Board, or the Company's compensation policies as they relate to risk management.

The Compensation Committee believes the Company's executive compensation program reflects a strong philosophy that rewards performance and is closely aligned with stockholders' long-term interests. The Compensation Discussion and Analysis section of this Proxy Statement provides a more detailed discussion of the Company's executive compensation policies and practices.

Non-Binding Advisory Resolution

We are asking our stockholders to indicate their support for the Company's executive compensation program as described in this Proxy Statement. This proposal gives our stockholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we will ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related materials disclosed in this Proxy Statement is hereby APPROVED."

This advisory say-on-pay vote on executive compensation is not binding on the Board. However, the Board values the opinion of our stockholders and will take into account the result of the vote when making future decisions regarding executive compensation.

Required Vote

If a quorum is present, the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve this resolution.

Our Board recommends a vote FOR adoption of the advisory resolution approving the compensation of the Company's Named Executive Officers.

PROPOSAL THREE

RATIFICATION OF APPOINTMENT OF THE COMPANY'S INDEPENDENT AUDITORS

KPMG LLP, certified public accountants served as the independent registered public accounting firm for the Company since 1995. Representatives of KPMG LLP are expected to be present at the Annual Meeting and will be given the opportunity to make any statement they might desire and will also be available to respond to appropriate questions from stockholders. The following table sets forth the aggregate fees for professional service rendered by KPMG LLP, for each of the last two fiscal years:

Category of Fee	2012	2011
Audit Fees(1)	\$ 406,740	\$ 406,594
Audit Related Fees	—	—
Tax Fees(2)	74,746	70,753
All Other Fees	—	—
Total	\$ 481,486	\$ 477,347

(1) Includes fees for professional services rendered during the fiscal year for the audit of our annual financial statements and for reviews of the financial statements included in our quarterly reports on Form 10-Q.

(2) Includes fees related to tax preparation, tax compliance, and tax planning.

As discussed on page 8, the Audit Committee has implemented pre-approval procedures consistent with the rules adopted by the Securities and Exchange Commission.

There were no fees billed by KPMG LLP, for the Company's most recent fiscal year for professional services rendered in connection with financial information systems design and implementation.

KPMG LLP has been appointed by the Audit Committee as the Company's independent auditors for the fiscal year ending December 31, 2013. This appointment is being presented to the stockholders for ratification. The ratification of the appointment of the independent auditor requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote.

If stockholders fail to ratify the appointment of KPMG LLP as the Company's independent auditors, the Audit Committee will reconsider whether to retain KPMG LLP, but may ultimately decide to retain them. Any decision to retain KPMG LLP or another independent registered public accounting firm will be made by the Audit Committee and will not be resubmitted to stockholders. In addition, even if stockholders ratify the appointment of KPMG LLP, the Audit Committee retains the right to appoint a different independent registered public accounting firm for fiscal 2013 if the Audit Committee determines that it would be in the Company's best interests to do so.

Our Board recommends a vote FOR ratification of the appointment of KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2013.

Representatives of KPMG LLP are expected to be present at the Annual Meeting and will be provided an opportunity to make a statement and to respond to appropriate inquiries from stockholders.

STOCKHOLDER PROPOSALS

In accordance with the rules of the Securities and Exchange Commission, stockholder proposals must be received by November 24, 2013 to be considered for inclusion in the Proxy Statement for the 2014 Annual Meeting of Stockholders which is expected to be held in May 2014. It is suggested that any stockholder desiring to submit a proposal, do so by Certified Mail, Return Receipt Requested.
