QUESTIONS AND ANSWERS ABOUT THE 2015 ANNUAL MEETING AND VOTING

PROXY STATEMENT

This proxy statement ("Proxy Statement") is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Liberty Tax, Inc., a Delaware corporation (the "Company") in connection with the Annual Meeting of Stockholders scheduled for September 18, 2015, at 11:30 a.m., Eastern Standard Time at the Company's corporate headquarters located at 1732 Corporate Landing Parkway, Virginia Beach, Virginia 23454 (the "2015 Annual Meeting"). References to the Annual Meeting and this Proxy Statement include any adjournment or postponement of the Annual Meeting. This Proxy Statement, as well as a proxy card and Annual Report, were first mailed to stockholders on or about August 10, 2015.

VOTING INSTRUCTIONS AND INFORMATION

Who may vote at the 2015 Annual Meeting?

Each holder of the 11,876,581 shares of the Company's Class A Common Stock issued and outstanding at the close of business on July 24, 2015 ("Record Date") will be entitled to receive a notice of the 2015 Annual Meeting, and to attend and vote at the 2015 Annual Meeting. These persons are considered "holders of record," and will be entitled to cast one vote per share owned for each proposal to be considered at the 2015 Annual Meeting. Moreover, the holder of our Special Voting Preferred Stock will be entitled to receive notice of and to attend the 2015 Annual Meeting, and to cast 1,000,000 votes, voting as a single class with the holders of the Class A Common Stock on all matters considered at the 2015 Annual Meeting. In addition, the holder of the 900,000 shares of the Company's Class B Common Stock issued and outstanding at the close of business on the Record Date is entitled to receive a notice of the 2015 Annual Meeting, and to attend and vote at the 2015 Annual Meeting as a single class with the shares of the Class A Common Stock and Special Voting Preferred Stock on all matters other than the election of directors. As of the Record Date, the sole holder of the Class B Common Stock was John T. Hewitt, the Company's Chairman of the Board and Chief Executive Officer. Because the size of the Board has been established at nine and the Company's Amended and Restated Certificate of Incorporation (the "Certificate") provides that the holders of the Class B Common Stock are entitled to elect the minimum number of directors necessary to constitute a majority of the entire Board, Mr. Hewitt is presently entitled to elect five directors. The holders of the Class A Common Stock and Special Voting Preferred Stock are entitled to elect the balance of the Board, as more fully described in this Proxy Statement.

What proposals will be voted on at the 2015 Annual Meeting?

Stockholders will vote on two proposals at the 2015 Annual Meeting:

1. Election of four Directors to serve on our Board of Directors (Proposal 1); and
2. Ratification of the appointment of KPMG LLP ("KPMG") as our independent registered public accounting firm for the fiscal year ending April 30, 2016 (Proposal 2).

We are not aware of any matters to be presented at the meeting other than those described in this Proxy Statement. If any matters not described in the Proxy Statement are properly presented at the meeting, the proxies will use their own judgment to determine how to vote your shares. If the meeting is adjourned or postponed, the proxies may vote your shares at the adjournment or postponement as well.

How does the Board of Directors recommend that I vote on these proposals?

The Board of Directors recommends that you vote your shares:

1. "FOR" each of the Board's nominees for Director (Proposal 1); and

Table of Contents

2.

"FOR" the ratification of the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending April 30, 2016 (Proposal 2).

Who will bear the cost of this proxy solicitation?

The Company will bear the entire cost of this proxy solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the proxy card, Annual Report, and any additional solicitation materials sent by the Company to stockholders. The Company may reimburse brokerage firms and other persons representing beneficial owners of Common Stock for their expenses in forwarding the proxy materials to those beneficial owners. In addition, proxies may be solicited by directors, officers and regular employees of the Company, who will not receive any additional compensation for solicitation, by mail, email, facsimile, telephone or personal contact.

What is included in the proxy materials?

The proxy materials include:

Our proxy statement for the 2015 Annual Meeting, including a proxy card; and

Our 2015 Annual Report, which includes our 2015 audited consolidated financial statements.

If I am a stockholder of record, how do I vote?

You are entitled to cast one vote per share of Class A Common Stock owned as of the Record Date for each proposal to be considered at the Annual Meeting. You may vote by mail or in person at the Annual Meeting.

Voting Before the 2015 Annual Meeting

How do I vote by mail?

If you do not expect to attend the 2015 Annual Meeting in person, and choose to vote on the proposals on the agenda by mail, simply complete the proxy card, sign and date it, and return it in the postage-paid envelope provided. If you are a stockholder whose shares are held in "street name" (i.e., in the name of a broker, bank or other similar organization), you may obtain a proxy, executed in your favor, from the record holder. You may sign the proxy card and return it to the Company, or you may direct the record holder of your shares to vote your proxy in the manner you specify. Further, if your shares are held in street name, you must communicate your instructions respecting the voting of your shares to the record holder, or your broker will be prohibited from voting your shares. Voting by mail will not affect your right to vote in person if you decide to attend the 2015 Annual Meeting; however, if you wish to revoke your proxy, you must first notify the Corporate Secretary of your intent to vote in person, and must actually vote your shares in person at the 2015 Annual Meeting.

What does it mean if I receive more than one set of proxy materials for the 2015 Annual Meeting?

It means your shares are held in more than one account. You should vote all of your shares, using the separate proxy card provided with each set of proxy materials.

What is householding?

As permitted by the SEC, only one copy of this proxy statement is being delivered to stockholders residing at the same address, unless the stockholders have notified the Company of their desire to receive multiple copies of this proxy statement. This is known as householding.

The Company will promptly deliver, upon request, a separate copy of the proxy statement to any stockholder residing at an address to which only one copy was mailed. Requests for additional copies for the current year or future years should be directed to the Corporate Secretary in writing at

Table of Contents

1716 Corporate Landing Parkway, Virginia Beach, Virginia 23454, Attention: Corporate Secretary, or by email at kathleen.curry@libtax.com.

How may I view the voting results?

The results of voting at the 2015 Annual Meeting will be filed with the SEC within four business days after the 2015 Annual Meeting and will be available on the SEC's website (www.sec.gov) or on our website (www.libertytax.com). If the final results are not available at that time, we will provide preliminary voting results in a Form 8-K and will provide the final voting results in an amendment to the Form 8-K as soon as they are available.

How may I vote in person at the 2015 Annual Meeting?

If you plan to attend the 2015 Annual Meeting and wish to vote your shares in person, you will be asked to present valid government-issued photo identification, such as a driver's license. If you are a holder of record, you will need to bring with you your proxy card to gain admission to the 2015 Annual Meeting. If you require special assistance due to a disability or other reasons, please notify the Corporate Secretary in writing at 1716 Corporate Landing Parkway, Virginia Beach, Virginia 23454, Attention: Corporate Secretary or by email at kathleen.curry@libtax.com.

If your shares are held by a broker, bank or other similar organization, bring with you to the 2015 Annual Meeting the proxy card, any voting instruction form that is sent to you, or your most recent brokerage statement or a letter from your broker, bank or other similar organization indicating that you beneficially owned the shares of common stock as of the Record Date. We can use that to verify your beneficial ownership of common stock and admit you to the 2015 Annual Meeting. If you intend to vote at the 2015 Annual Meeting, you also will need to bring to the 2015 Annual Meeting a legal proxy from your broker, bank or other similar organization that authorizes you to vote the shares that the record holder holds for you in its name.

How may I revoke my proxy?

You may change or revoke your proxy at any time before it is voted at the 2015 Annual Meeting. You can send a written notice of revocation of your proxy to the Corporate Secretary so that it is received before the taking of the vote at the 2015 Annual Meeting. You can also attend the 2015 Annual Meeting and vote in person. Your attendance at the 2015 Annual Meeting will not in and of itself revoke your proxy. In order to revoke your proxy, you must also notify the Corporate Secretary of your intent to vote in person, and then vote your shares at the 2015 Annual Meeting. If you require assistance in changing or revoking your proxy, please contact the Corporate Secretary at 1716 Corporate Landing Parkway, Virginia Beach, Virginia 23454, Attention: Corporate Secretary or by email at kathleen.curry@libtax.com.

What constitutes a quorum?

Holders of a majority of the issued and outstanding shares of capital stock of the Company entitled to vote (taking into account the 1,000,000 votes entitled to be voted as a single class with the Class A Common Stock by the holder of the Special Voting Preferred Stock), who are represented in person or by proxy, will constitute a quorum at the 2015 Annual Meeting. A quorum is required to transact business at the 2015 Annual Meeting. A representative of Wells Fargo Bank N.A. has been appointed by the Company's Board of Directors to act as the inspector of elections. The inspector of elections will tabulate the votes cast by proxy or in person at the 2015 Annual Meeting, and will determine whether or not a quorum is present. If a quorum is not present, the 2015 Annual Meeting will likely be adjourned or postponed in order to solicit additional proxies.

Table of Contents

How are votes counted?

Each holder of Class A Common Stock will be entitled to one vote for each share of Class A Common Stock held by the stockholder, and the holder of the Special Voting Preferred Stock will be entitled to a total of 1,000,000 votes, voting as a single class with the Class A Common Stock. In addition, the holder of the 900,000 shares of Class B Common Stock will be entitled to one vote for each share on all matters other than the election of directors. In all matters, other than the election of directors and except as otherwise required by law, the Certificate of Incorporation, the Bylaws or the rules and regulations of NASDAQ, the affirmative vote of a majority of the voting power of the shares present or represented by proxy at the meeting and entitled to vote on the subject matter shall be the act of the stockholders. A plurality of the voting power of the shares of Class A Common Stock (taking into account the 1,000,000 votes entitled to be voted as a single class with the Class A Common Stock by the holder of the Special Voting Preferred Stock) present in person or represented by proxy at the meeting and entitled to vote with respect to the election of directors shall elect directors.

Election of Directors (Proposal 1)

To be elected as a Director, a nominee must receive the affirmative vote of a plurality of the votes cast by the holders of Class A Common Stock and the holder of the Special Voting Preferred Stock.

Ratification of Independent Registered Public Accounting Firm (Proposal 2)

Ratification of the appointment of KPMG as the Company's independent registered public accounting firm for the fiscal year ending April 30, 2016 requires the affirmative vote of a majority of the voting power of the shares present or represented by proxy and entitled to vote at a meeting at which a quorum is present. Under Delaware law, abstentions are counted as shares present and entitled to vote at the meeting. Therefore, abstentions will have the same effect as a vote "against" the ratification of the Company's independent registered public accounting firm.

Shares represented by proxy will be voted as directed on the proxy form and, if no direction is given, will be voted as follows:

1. "FOR" the election of each of the Director nominees;
2. "FOR" the ratification of the appointment of KPMG as the Company's independent registered public accounting firm for fiscal 2016; and
3. In the best judgment of the persons named in the proxies, with respect to any other matters that may properly come before the meeting.

What are broker non-votes and how are they counted?

Brokers, banks or other similar organizations holding shares in street name for customers who are beneficial owners of such shares are prohibited from voting customers' shares on non-routine matters in the absence of specific instructions from those customers. This is commonly referred to as a "broker non-vote." With respect to the proposals in question, broker non-votes will be counted for quorum purposes but will not be counted as "votes cast" either for or against such proposals.

The election of directors is considered a non-routine matter and, therefore, if you hold your shares through a bank, broker or other similar organization, the organization may not vote your shares on this matter absent specific instructions from you. As such, there may be broker non-votes with respect to this matter. Because broker non-votes with respect to the election of directors will not be counted as "votes cast," if your shares are held in street name, it is critical that you vote or provide specific instructions to your broker, bank or similar organization if you want your vote to count. On the other hand, the ratification of the selection of KPMG as the Company's independent registered public accounting firm is considered a routine matter. Therefore, an organization that holds your shares may

Table of Contents

vote on this matter without instructions from you and no broker non-votes will occur with respect to this matter.

If you received more than one proxy card, you may hold shares in more than one account. To ensure that all of your shares are voted, you must sign and return each card. As a holder of common stock of the Company, you are always invited to attend the 2015 Annual Meeting and vote your shares in person.

Is my vote confidential?

Yes, it is our policy that documents identifying your vote are confidential. The vote of any stockholder will not be disclosed to any third party before the final vote count at the 2015 Annual Meeting except:

To meet any legal requirements;

To assert claims for or defend claims against the Company;

To allow authorized individuals to count and certify the results of the stockholder vote;

If a proxy solicitation in opposition to the Board of Directors takes place; or

To respond to stockholders who have written comments on proxy cards or who have requested disclosure.

What is the Company's internet address?

The Company's internet address is www.libertytax.com. The Company's filings with the SEC are available free of charge via the "About Liberty Tax" link at this website (click on the "Investor Relations" heading), and may also be found at the SEC's website at www.sec.gov.

PROPOSAL 1 ELECTION OF DIRECTORS

The Certificate and Amended and Restated Bylaws (the "Bylaws") provide that except as may be provided in a resolution or resolutions of the Board of Directors providing for any series of preferred stock with respect to any directors elected (or to be elected) by the holders of that series, the total number of directors constituting the entire Board of Directors shall consist of not less than five nor more than fifteen members, with the precise number of directors to be determined from time to time by a vote of the Board of Directors.

Except as may be provided in a resolution or resolutions providing for any series of preferred stock with respect to any directors elected (or to be elected) by the holders of that series, any vacancies in the Board of Directors and any newly created directorships resulting by reason of any increase in the number of directors may be filled only by the affirmative vote of the holders of at least a majority of the shares of the applicable class of capital stock entitled to elect such director, voting together as a single class, and any directors so appointed shall hold office until the next election of directors and until their successors are elected and qualified.

By resolution of the Board of Directors, the present size of the Board has been established at nine, but two unfilled vacancies exist on the Board, one of which is expected to be filled immediately prior to the 2015 Annual Meeting through the appointment of Mr. Robert M. Howard by the holder of the Class B Common Stock, as described below. The Certificate also provides that the holders of the Class B Common Stock are entitled to elect the minimum number of directors necessary to constitute a majority of the entire Board, and that the holders of the Class A Common Stock and Special Voting Preferred Stock are entitled to elect the balance of the Board. John Hewitt, the Company's Chairman and Chief Executive Officer, currently owns all outstanding shares of the Company's Class B Common Stock. Because the size of the Board has been established at nine, Mr. Hewitt is presently entitled to

Table of Contents

elect five directors, and the holders of the Class A Common Stock and Special Voting Preferred Stock are entitled to elect the remaining four directors.

Mr. Hewitt has advised the Board of Directors that immediately prior to the 2015 Annual Meeting, he will elect the following four directors, each to serve until the 2016 Annual Meeting or until their successors are elected and qualified:

Gordon D'Angelo
 John T. Hewitt
 Robert M. Howard
 Ellen M. McDowell

Each of the Directors elected by Mr. Hewitt has consented to be named and to serve if elected by him. Under the Certificate, Mr. Hewitt has the right to name different directors if any of his intended designees becomes unavailable for election for any reason, or for any other reason. Mr. Hewitt has indicated to the Board that at this time, he intends to continue to leave the fifth Board seat to which he is entitled to elect a director vacant, reserving the right to fill that Board seat at a later time.

The Bylaws include an advance notice procedure for stockholder approvals to be brought before an annual meeting of stockholders, including proposed nominations of persons for election to the Board of Directors. No nominations were received for the 2015 Annual Meeting, and the four nominees for the Board of Directors being recommended for election at the 2015 Annual Meeting are being recommended by the Board of Directors, acting upon the recommendation of the Board's Nominating and Corporate Governance Committee. Each of the four nominees, if elected, will hold office until the next annual meeting of stockholders or until his or her successor is elected and qualified. The Board has nominated John R. Garel, Steven Ibbotson, Ross N. Longfield and George T. Robson for election as directors of the Company. Each nominee has consented to be named and to serve if elected. If any of the nominees becomes unavailable for election for any reason, the proxies will be voted for any substitute nominees.

He became an employee of the Company effective April 10, 2015, but was not paid in that capacity until May 2015.

DIRECTOR INDEPENDENCE AND BOARD STRUCTURE

Our Board of Directors has undertaken a review of its composition, the composition of its committees and the independence of each director. Based on the review of each director's background,

Table of Contents

employment and affiliations, including family relationships, the Board of Directors has determined that four of our seven directors are "independent" under the rules and regulations of the SEC and NASDAQ. In making this determination, our Board of Directors considered the current and prior relationships that each non-employee director has with the Company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock. Mr. Hewitt was not deemed independent as a result of his service as our Chief Executive Officer, Ms. McDowell was not deemed independent as a result of her familial relationship with Mr. Hewitt and Mr. D'Angelo was not deemed independent as a result of his employment status with the Company.

Mr. Hewitt serves as both the Chairman of the Board of Directors and as our Chief Executive Officer. The Board of Directors has not designated a "lead independent director." The Board of Directors believes that this leadership structure is in the best interests of the Company's stockholders at this time because it makes the best use of Mr. Hewitt's extensive knowledge of the Company and its industry and also facilitates communication between management and the Board of Directors.

The Board of Directors expects the Company's management to take primary responsibility for identifying material risks the Company faces and communicating them to the Board, developing and implementing appropriate risk management strategies responsive to those risks with oversight from the Board, and integrating risk management into the Company's decision-making processes. The Board of Directors regularly reviews information regarding the Company's credit, liquidity and operational risks as well as strategies for addressing and managing these risks. Certain committees of the Board, such as the Audit and Compensation Committees, manage risks within their area of responsibility. In particular, the Audit Committee monitors financial, credit and liquidity risk issues, and the Compensation Committee monitors the Company's compensation programs so that those programs do not encourage excessive risk-taking by Company employees.

COMPENSATION DISCUSSION AND ANALYSIS

The compensation provided to our "named executive officers" for the fiscal year ended April 30, 2015 ("fiscal 2015") is set forth in detail in the Summary Compensation Table for fiscal 2015 and other tables and the accompanying footnotes that follow this section. This section explains our executive compensation philosophy, objectives and design, our compensation-setting process, our executive compensation program components and the decisions made in fiscal 2015 for our named executive officers.

Our named executive officers during fiscal 2015 consisted of the following individuals:

John T. Hewitt, who currently serves as our Chairman, President and Chief Executive Officer;
Kathleen E. Donovan, who currently serves as our Vice President and Chief Financial Officer;
Mark F. Baumgartner, who served as our Vice President and Chief Investment Officer for a portion of fiscal 2015 and left the Company in August 2014;
Robert J. Lougen, a former Vice President of Operations who left the Company in June 2015;
Richard G. Artese, who currently serves as our Vice President and Chief Information Officer; and
Michael S. Piper, who currently serves as our Vice President of Financial Products.

Compensation overview and objectives

We strive to establish compensation practices that attract, retain and reward our senior management, and strengthen the mutuality of interests between our senior management and our stockholders. We believe that the most effective executive compensation program is one that is conservative, but competitive, and that aligns the compensation of our senior management with the creation of stockholder value. Under the oversight of the Compensation Committee, we have developed and implemented a pay-for-performance executive compensation program that rewards senior management for the achievement of certain financial performance objectives. We achieve the philosophies of pay-for-performance and alignment of senior management compensation with stockholder value creation primarily by providing a substantial portion of each executive's total annual compensation through annual performance bonuses and grants of long-term equity compensation. For fiscal 2015, the Compensation Committee tied the level of potential bonus payments for each of the named executive officers solely to company-wide financial performance objectives.

Determination of compensation

Our Compensation Committee is responsible for determining our compensation and benefit plans generally, and has established and reviewed all compensatory plans and arrangements with respect to our named executive officers. The Compensation Committee meets not less than four times annually to specifically review and determine adjustments, if any, to all elements of compensation, including base salary, annual bonus compensation and long-term equity awards. The Compensation Committee annually evaluates the achievement of performance goals for the prior fiscal year and sets new performance goals for the current fiscal year. The Compensation Committee also meets additionally as needed to discuss compensation-related matters as they arise during the year.

Table of Contents

In addition, with respect to the compensation of our named executive officers, other than our Chief Executive Officer, the Compensation Committee seeks the input and recommendation of our Chief Executive Officer. Our Chief Executive Officer reviews each other named executive officer's overall performance and contribution to the Company at the end of each fiscal year and makes recommendations regarding their compensation to the Compensation Committee. Our Chief Executive Officer's compensation is determined solely by the Compensation Committee. Our Chief Executive Officer does not participate in any formal discussion with the Compensation Committee regarding his compensation.

The Compensation Committee does not generally rely on formulaic guidelines for determining the mix or levels of cash and equity-based compensation, but rather maintains a flexible compensation program that allows it to adapt components and levels of compensation to motivate and reward individual executives within the context of our desire to attain certain strategic and financial goals. Subjective factors considered in compensation determinations include an executive's skills and capabilities, contributions as a member of the executive management team, contributions to our overall performance and the sufficiency of total compensation potential and structure to ensure the retention of an executive when considering the compensation potential that may be available elsewhere.

The Compensation Committee does not undertake on an annual basis any formal benchmarking or surveys of compensation for our competitors, but has instead relied primarily on our members' general knowledge of the competitive market. However, the Compensation Committee did engage a compensation consultant in 2011 and 2014 in order to assess our compensation strategies before we became a public company and after we had been public for two years.

In 2011, the Compensation Committee engaged Pearl Meyer & Partners ("Pearl Meyer"), to conduct an overall assessment of our compensation programs and practices and to make recommendations regarding changes to our programs and practices as we transitioned to being a public company. Based upon the market analysis and recommendations of Pearl Meyer, among other factors, our Compensation Committee approved certain increases in the compensation of our named executive officers, contemporaneously with our becoming a public company in June 2012.

During fiscal 2014, the Compensation Committee again engaged Pearl Meyer to assist the Committee in assessing the compensation levels and compensation mix and features. As part of its engagement, Pearl Meyer assisted the Compensation Committee in reviewing the compensation paid by a peer group of companies to assess the competitiveness of the compensation of our executives. The peer group selected by the Compensation Committee, in consultation with Pearl Meyer, for purposes of evaluating compensation of the executives consisted of nineteen publicly-traded companies chosen because of their comparable revenues and/or market capitalization, status and size as franchisors, and/or their participation in our industry or similar industries. The peer group consisted of the following companies:

Bridgepoint Education Inc.

CBIZ, Inc.

1-800-FLOWERS.COM, Inc.

Dunkin' Brands Group, Inc.

Blucora, Inc.

Sonic Corp.

Krispy Kreme Doughnuts, Inc.

Based on the results of the 2014 compensation study by Pearl Meyer, the Compensation Committee approved in May 2014 the following changes to our compensation mix, beginning in fiscal 2015:

Mr. Hewitt's base salary was to be increased to \$600,000 by fiscal 2016, in two approximately equal steps beginning in fiscal 2015.

Future grants of stock options to the named executive officers and other employees may take the form of annual grants rather than multi-year grants, in order to make stock compensation a more integrated component of the annual compensation package and to link it more closely to performance.

Future grants of stock options and restricted stock units will vest over three years, rather than in the year following the grant, in order to improve retention and emphasize long-term performance.

The fiscal 2015 performance bonus plan utilized EBITDA instead of net income as one of the component targets, based on a determination that EBITDA is a more appropriate measure of the Company's performance.

Components of compensation for fiscal 2015

Edgar Filing: Liberty Tax, Inc. - Form DEF 14A

For fiscal 2015, the compensation provided to our named executive officers consisted of base salary, annual bonus, long-term equity-based compensation, retirement benefits and other benefits, each of which is described in more detail below. We believe that the mix of cash- and equity-based compensation, as well as the relationship of fixed to performance-based compensation, is properly balanced and provides us with an effective means to attract, motivate and retain our named executive officers, as well as reward them for creation of stockholder value.

Base Salary

The base salary payable to each named executive officer is intended to provide a fixed component of compensation reflecting the executive's skill set, experience, role and responsibilities. Base salary amounts are established at the time of each named executive officer's initial employment with the Company, but are subject to upward adjustment by the Compensation Committee after its consideration of, among other factors, the scope of the executive's responsibilities, individual performance for the prior year, the mix of fixed compensation to overall compensation and consistency

Table of Contents

with what the Compensation Committee considers to be the market standard for compensation paid to similarly-situated executives at other companies.

In fiscal 2015, the Compensation Committee established a company-wide guideline that provided for an average salary increase to all employees of approximately 4% of their fiscal 2014 salary, with the actual amount of any employee's raise determined based on fiscal 2013 performance. However, as noted above, Mr. Hewitt received a salary increase of \$65,003, reflecting the first step of what was planned to be two equal annual steps increasing his total salary to \$600,000. As described elsewhere in this proxy statement, in June 2015 Mr. Hewitt's employment agreement was amended to reduce his salary for fiscal 2016 and increase his incentive bonus opportunity, thereby deferring the second step of his planned salary increase.

Based on these considerations, effective June 1, 2014, the base salaries of Messrs. Hewitt and Baumgartner were increased to \$534,003 and \$345,030, respectively. Ms. Donovan had been recently hired and her salary remained at \$335,000. Mr. Artese was promoted to the position of Vice President and Chief Information Officer effective May 1, 2014, and his salary for the entirety of fiscal 2015 was established at \$220,000 as of that date. Mr. Piper's salary for fiscal 2015 as of December 8, 2014, when he became an executive officer, was \$175,000.

Mr. Lougen joined the Company during fiscal 2015, and his salary was determined by the Compensation Committee at the time of his hiring based on the Company's prior salary levels for their respective positions, the committee's assessment of the competitive marketplace, and arms' length negotiations between the parties. Mr. Lougen's annual salary rate upon his hiring effective October 10, 2014 was \$300,000.

Annual Bonuses

We have an annual performance bonus plan (a short-term cash incentive bonus plan with annual financial, and in some cases, individual performance goals), through which we provide for cash bonus awards to certain of our senior employees, including all of our named executive officers. Annual bonuses, which are generally paid during June for the prior fiscal year's performance, are intended to compensate executives for achieving annual company-wide financial goals and, in some instances, individual performance goals. Under our bonus plan, our Compensation Committee establishes a target bonus amount (expressed as a percentage of base salary) for each of our executives that would become payable upon the achievement of our corporate performance metrics. Target bonus amounts for fiscal 2015 were 100% of base salary for Mr. Hewitt, 75% of base salary for Mr. Baumgartner, 50% of base salary for Ms. Donovan, and 40% of base salary for Mr. Artese, with actual bonuses being based upon the achievement of the applicable performance objectives. The target bonus amount for Mr. Lougen established at his hiring in October 2014 was 50%, and for Mr. Piper when he became an executive officer in December 2014 was 35%. No bonuses were to be earned under the bonus plan unless we achieved 85% of the target for the company-wide performance metrics described below. Our Compensation Committee also had the discretion to award an additional bonus to the extent that the Company exceeded the target performance metrics.

The target bonus amounts for Ms. Donovan and Messrs. Hewitt, Baumgartner, Artese, Lougen and Piper were determined by our Compensation Committee based on consideration of our overall compensation program and market standards for compensation paid to similarly-situated executives at other companies based on their general knowledge of the competitive market. For fiscal 2015, eligibility for annual bonuses to each of the executives named above was based entirely upon achievement of company-wide performance goals relating to our systemwide revenue, total revenue and EBITDA. The Compensation Committee added systemwide revenue as a bonus component in fiscal 2014 based on its determination that this non-GAAP measure, which reflects the total revenue base of the Company's franchise system, is an appropriate tool for evaluating the size of the overall enterprise that the

Edgar Filing: Liberty Tax, Inc. - Form DEF 14A

Table of Contents

Company's executive team is responsible for managing. The Compensation Committee added EBITDA as a bonus component in fiscal 2015, as a replacement for net income, based on its determination following the completion of the Pearl Meyer study that EBITDA is a more relevant measure of the Company's performance. The performance goals for each of our named executive officers used in 2015 in determining the target bonus as a percentage of the officer's base salary are set forth below:

Name	Systemwide Revenue	Revenue	EBITDA	Total Target Bonus as Percentage of Base Salary
John T. Hewitt	40%	30%	30%	100%
Kathleen Donovan	20%	15%	15%	50%
Richard G. Artese	16%	12%	12%	40%
Robert J. Lougen	20%	15%	15%	50%
Michael S. Piper	14%	10.5%	10.5%	35%
Mark F. Baumgartner	30%	22.5%	22.5%	75%

For fiscal 2015, our target goals, established in June 2014, were approximately \$531.0 million of systemwide revenue, \$196.6 million of total revenue and \$57.1 million of EBITDA. The Compensation Committee believed that these goals were ambitious but achievable. Accordingly, no bonuses were to be earned under the bonus plan for 2015 unless the following threshold amounts were achieved: (i) our systemwide revenue was at least \$451.4 million, (ii) our revenue was at least \$167.1 million, or (iii) our EBITDA was at least \$48.5 million (85% of target goals). Under the bonus plan, once the threshold amounts were achieved, payments were to be made in an amount equal to 25% of the potential bonus associated with each target for each additional 5% of the target achieved up to 100% of the target as illustrated in the table below:

Percentage of Target Achieved	Payout
85%	25%
90%	50%
95%	75%
100%	100%(1)

(1) The Compensation Committee had the discretion to award an additional bonus to the extent the target performance metrics were exceeded.

For example, if we achieved 85% of the revenue target, an officer with a 20% revenue component would receive 5.0% of the revenue bonus component (25% of 20%).

The targets for each of systemwide revenue, total revenue and EBITDA were established by the Compensation Committee in May 2014 based on the Company's fiscal 2015 budget adopted by the Board of Directors at that time.

In June 2015, as had been its practice in prior years, the Compensation Committee evaluated the extent to which the named executive officers would be eligible for bonuses with respect to the Company's fiscal 2015 performance, based on the Company's unaudited financial statements available to the Compensation Committee at that time. That analysis indicated that the Company had failed to achieve performance on any of the systemwide revenue, total revenue and EBITDA targets described above that would provide for any of the named executive officers to receive bonuses based on their respective targeted payout amounts. On this basis, none of the named executive officers received a bonus payment for fiscal 2015.

1998 Stock Option Plan

Originally effective as of May 1, 1998, and as subsequently extended effective May 1, 2008, our 1998 Stock Option Plan, or the 1998 Plan, is designed to assist in attracting, retaining and motivating employees, non-employee directors and other independent contractors of outstanding ability and to promote the identification of their interests with those of the stockholders of the Company.

Our Board of Directors administers the 1998 Plan and is authorized to, among other things, designate participants, grant options, determine the terms and conditions relating to options, including vesting, prescribe option agreements, interpret the stock option plan and to make any other determinations that it deems necessary or advisable for the administration of the 1998 Plan.

The Board of Directors has the ability to amend or terminate the 1998 Plan at any time, provided that no amendment or termination will be made without stockholder approval to increase the aggregate number of shares that may be issued under the plan (except in the case of certain corporate transactions as described above), to modify eligibility under the plan or to increase materially the benefits accruing to participants under the plan. The Board of Directors may also suspend or terminate the 1998 Plan at any time, provided such termination does not adversely affect the rights of any option holders. Unless sooner terminated, the 1998 Plan will terminate on April 30, 2018.

With the adoption in August 2011 of the 2011 Equity and Cash Incentive Plan described below, no further options are expected to be granted under the 1998 Plan.

Our 1998 Plan provides that the Board of Directors may determine the vesting schedule of options granted. As of April 30, 2015, all options granted under the 1998 Plan to our named executive officers had become fully vested.

2011 Equity and Cash Incentive Plan

On August 26, 2011, in consideration of the benefits of long-term equity incentive awards and upon the recommendation of our Compensation Committee, our Board of Directors adopted the JTH Holding, Inc. 2011 Equity and Cash Incentive Plan (referred to as the "2011 Equity and Cash Incentive Plan" or the "2011 Plan"). The 2011 Plan was subsequently approved by our stockholders on August 30, 2011. The Plan provides us with the ability to utilize different types of equity incentive awards (compared to only the stock options available under the 1998 Plan) as a part of our overall compensation structure.

Key features of the 2011 Plan include:

All stock options, stock appreciation rights and other purchase rights must have an exercise price that is not less than the fair market value of the underlying stock on the grant date.

The maximum number of shares of our Class A Common Stock available under the 2011 Plan is 1,584,129 (as of July 24, 2015, including shares that had been previously available under the 1998 Plan). The maximum number of shares of our Class A Common Stock that may be issued under the 2011 Plan may be issued under any type of award, including incentive stock options.

The 2011 Plan does not include any reload or "evergreen" share replenishment features.

Without stockholder approval, we may not reprice awards or repurchase awards that are subject to forfeiture or have not yet vested.

Any material amendments to the 2011 Plan require stockholder approval.

The 2011 Plan is administered by our Compensation Committee.

Table of Contents

No dividends or dividend equivalents may be granted in connection with options, SARs or other stock-based awards in the nature of purchase rights (as defined below). No dividends or dividend equivalents may be paid in connection with a performance-based award unless and until the underlying performance conditions are achieved, and any such dividends or dividend equivalents will accumulate (without interest) and become payable only at the time and to the extent the applicable award becomes payable or nonforfeitable.

In determining the actual number of options awarded to our named executive officers, the Board of Directors considered our past grant practices and determined awards that were consistent with our overall compensation objectives. Those objectives include providing a substantial portion of named executive officer compensation in the form of long-term equity-based compensation and aligning our named executive officers' interests with those of our stockholders. Historically, the Board of Directors determined the actual number of options to be awarded to our named executive officers during a given fiscal year by assessing targeted long-term ownership levels and the relative percentage of total equity outstanding that each option grant represents.

Securities Authorized for Issuance Under Equity Compensation Plans

The following table sets forth information about our outstanding stock grants and remaining shares available as of April 30, 2015 under the 2011 Plan:

Equity compensation plans not approved by security holders			
Total	1,372,488	\$ 19.52	1,458,756

Retirement Benefits

In fiscal 2015, each of our named executive officers had the opportunity to participate in our 401(k) plan on the same basis as our other employees. We believe that the 401(k) plan provides an enhanced opportunity for our named executive officers to plan for and meet their retirement savings needs. This plan is a tax-qualified retirement plan designed to meet the requirements of Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"). Under the 401(k) plan, participants may elect to make pre-tax savings deferrals of up to 86% of their compensation each calendar year, subject to annual limits on such deferrals (e.g., \$17,500 in both the 2014 and 2015 calendar years) imposed by the Code. Participants who attain age 50 also may elect to make certain catch-up contributions, subject to a separate annual limit on such contributions (\$5,500 in both the 2014 and 2015 calendar years) imposed by the Code.

We may, in our discretion on an annual basis, make a matching contribution with respect to a participant's elective deferrals and/or may make additional Company contributions. Historically, we have matched 50% of the amount contributed by a participant, up to 3% of the participant's compensation subject to applicable limits pursuant to Section 401(a)(17) of the Code. Each of our named executive officers participated in our 401(k) plan during fiscal 2015 and received matching contributions.

Perquisites and Other Benefits

In fiscal 2015, our named executive officers were eligible to receive the same benefits, including life and health benefits, which were available to all employees, and were also requested by the Compensation Committee to complete an executive physical at the Company's expense.

Section 162(m) and the Material Terms of the Performance Goals

The Compensation Committee may consider Section 162(m) of the Code when setting performance goals for our named executive officers. Section 162(m) of the Code generally sets a limit of \$1 million on the amount of compensation that we may deduct for federal income tax purposes in any given year with respect to the compensation of each of our named executive officers. However, certain "performance-based" compensation that complies with the requirements of Section 162(m) is not included in the calculation of the \$1 million cap. The Compensation Committee may consider Section 162(m)'s conditions for deductibility when structuring compensation arrangements for our executive officers, including our named executive officers. However, we believe that the Compensation Committee needs flexibility to pursue its incentive and retention objectives, even if this means that we may not be able to deduct a portion of executive compensation.

Compensation Risk Assessment

As part of its oversight of our executive compensation program, the Compensation Committee considers the impact of our executive compensation program, and the incentives created by the compensation awards that it administers, on our risk profile. In addition, the Compensation Committee reviews all of our compensation policies and procedures, including the incentives that they create and factors that may increase the likelihood of excessive risk taking, to determine whether they present a material risk to us. The Compensation Committee believes that our compensation programs are designed with the appropriate balance of risk and reward in relation to our overall business strategy and that the various components of our overall compensation program, taken as a whole, do not encourage undesired or unintentional risk taking of a material nature. This conclusion is based on, among other factors, the level of base salaries paid by us, the balance of short-term and long-term incentive compensation, and the establishment of goals and thresholds in compensation plans and awards that are believed to be aggressive, but achievable. The Compensation Committee believes that the risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on us.

COMPENSATION COMMITTEE REPORT

Management of the Company has prepared the Compensation Discussion and Analysis (the "CD&A"), and the Compensation Committee has reviewed and discussed the CD&A with management. Based on its review and discussion, the Compensation Committee recommended to the Board that the CD&A be included in this proxy statement.

EMPLOYMENT/SEVERANCE, NON-COMPETITION AND NON-SOLICITATION AGREEMENTS

Effective June 1, 2012, we entered into employment agreements with each of Messrs. Hewitt and Baumgartner. Effective February 1, 2014, May 1, 2014, October 10, 2014 and July 31, 2015 we entered into employment agreements with Ms. Donovan, Mr. Artese, Mr. Lougen and Mr. Piper, respectively. These employment agreements entitle the named executive officers to severance benefits upon certain

qualifying terminations of their respective employment. The following descriptions are summaries of these agreements and are qualified by reference to the full text of the employment agreements which are filed as exhibits to certain of the Company's SEC filings.

Employment Agreements

As indicated above, we are parties to employment agreements with each of the named executive officers, the material terms of which are described below.

Effective June 1, 2012, we entered into an employment agreement with Mr. Baumgartner. The employment agreement provided for an initial term expiring April 30, 2014, which as described below, automatically renewed until April 30, 2015.

Effective February 1, 2014, we entered into an employment agreement with Ms. Donovan. The employment agreement provides for an initial term expiring January 31, 2016.

Effective May 1, 2014, we entered into an employment agreement with Mr. Artese. The employment agreement provides for an initial term expiring April 30, 2016.

Effective October 10, 2014, we entered into an employment agreement with Mr. Lougen. The employment agreement provided for an initial term expiring October 9, 2016.

Effective June 12, 2015, we entered into an amended and restated employment agreement with Mr. Hewitt which modified his salary and bonus compensation. At Mr. Hewitt's request, his salary for the fiscal year ending April 30, 2016 was reduced to \$1.00, and his potential cash bonus compensation for fiscal 2016 was increased so that the total potential bonus would be equal to the amount of salary and bonus for which he would have been eligible but for the reduction in his salary. The other material terms and conditions of the new agreement remain consistent with his original agreement, which was entered into effective June 1, 2012.

Effective July 31, 2015, we entered into an employment agreement with Mr. Piper. The employment agreement provides for an initial term expiring July 31, 2016.

The agreements are automatically renewed for successive one-year terms, unless the Company or the named executive officer gives the other written notice of non-renewal at least 90 days prior to the expiration of the term.

The named executive officers are entitled to employee benefits generally available to all employees. They are also provided with a PDA device.

As discussed below under "Potential Payments on Change of Control," the employment agreements provide for severance benefits to be paid to the named executive officers upon certain qualifying terminations of their respective employment.

The employment agreements contain customary confidentiality, non-competition and non-solicitation provisions.

Table of Contents**NON-QUALIFIED DEFERRED COMPENSATION FOR FISCAL YEAR 2015**

In 2012, we adopted our Non-Qualified Deferred Compensation Plan ("NQDCP"), which became effective December 1, 2012. The NQDCP provides that executives who meet minimum compensation requirements are eligible to defer up to 100% of their salaries and up to 100% of their bonuses. We have agreed to credit the participants' contributions with earnings that reflect the performance of certain independent investment funds. The benefits under this plan are unsecured and are general assets of the Company. Participants are generally eligible to receive payment of their vested benefit at the end of their elected deferral period or after termination of their employment with the Company for any reason or at a later date to comply with the restrictions of Section 409A of the Code. Participants may elect to receive their payments in a lump sum or installments. The Company does not make matching or other discretionary contributions to participant accounts.

The following table shows the non-qualified deferred compensation activity for each of the named executive officers who participated in our NQDCP during fiscal 2015.

Name	Executive Contributions in Fiscal 2015(1)(2)	Aggregate Earnings in Fiscal 2015(3)	Aggregate Withdrawals/ Distributions	Aggregate Balance at April 30, 2015
John T. Hewitt	\$ 108,658	\$	\$	\$ 151,950
Robert J. Lougen	2,769	11		2,780
Michael S. Piper	3,769	34		3,803

- (1) Amounts shown in this column for the NQDCP are included in the "Salary" column of the "Summary Compensation Table."
- (2) The following amounts contributed to the NQDCP by the executive have also been reported in the Summary Compensation Table as compensation for fiscal 2015: Mr. Hewitt, \$108,658, Mr. Lougen, \$2,769 and Mr. Piper, \$3,769.
- (3) The amounts shown in this column are not included in the "Summary Compensation Table" because they are not preferential or above market.

POTENTIAL PAYMENTS ON CHANGE OF CONTROL

None of our named executive officers have a change in control agreement. However, the employment agreements we have entered into with each of the named executive officers entitle them to certain payments under their respective employment agreements upon certain qualifying terminations.

Ms. Donovan and Messrs. Hewitt, Lougen and Artese. Under the employment agreements with Ms. Donovan and Messrs. Hewitt, Lougen and Artese, the named executive officer is entitled to certain payments if his or her employment is terminated by him or her for Good Reason (as defined under the employment agreement), by us without Cause (as defined under the employment agreement) or as a result of the named executive officer's Employment-Related Death or Disability (as defined under the employment agreement).

If the named executive officer's employment is terminated by him or her for Good Reason, by us without Cause or as a result of his or her Employment-Related Death or Disability, he or she is entitled to the following: (i) the payment of his or her base salary through the date of termination; (ii) the payment of an amount equal to his or her monthly base salary multiplied by 12 if employed less than 5 years or 18 if employed more than 5 years; (iii) the payment of an amount equal to the pro-rated bonus to which he or she would have been entitled, except for Mr. Lougen, for whom the payment of the bonus was subject to his date of termination having been after February 15 of the fiscal year in which the termination occurs; (iv) the accelerated vesting of any incentive stock awards,

Table of Contents

including options, that were not vested as of the date of his or her termination, except for Mr. Lougen, whose agreement provided for accelerated vesting only for options that were scheduled to vest within 12 months following the date of termination; (v) continued coverage at our expense under any medical, dental, life insurance and disability policies for a period of 12 months or 18 months depending on the length of employment, unless the named executive officer becomes reemployed with another employer and is eligible to receive such welfare benefits from that employer; and (vi) any other amounts or benefits required to be paid to the named executive officer or that he or she is eligible to receive under any plan, program, policy or practice or contract or agreement with us.

Mr. Piper. Under the employment agreement with Mr. Piper, he is entitled to certain payments if his employment is terminated by him for Good Reason (as defined under his agreement), by us without cause (as defined under his agreement) or as a result of his Employment-Related Death or Disability (as defined under his agreement).

If Mr. Piper's employment is terminated by him for Good Reason, by us without Cause or as a result of his Employment-Related Death or Disability, he is entitled to the following: (i) the payment of his base salary through the date of termination; (ii) the payment of an amount equal to his monthly base salary multiplied by six; (iii) the payment of an amount equal to the pro-rated bonus to which he would have been entitled, subject to his date of termination having been after February 15 of the fiscal year in which the termination occurs; (iv) the accelerated vesting of any incentive stock awards, including options, that were not vested as of the date of his termination but that were scheduled to vest during the six months following the date of termination; (v) continued coverage at our expense under any medical, dental, life insurance and disability policies for a period of six months, unless he becomes reemployed with another employer and is eligible to receive such welfare benefits from that employer; (vi) any other amounts or benefits required to be paid to Mr. Piper or that he is eligible to receive under any plan, program, policy or practice or contract or agreement with us.

All Named Executive Officers. If the named executive officer's employment is terminated by him or her without Good Reason, by us for Cause or due to his or her Disability (as defined under the employment agreement), other than as a consequence of Employment-Related Death or Disability, the named executive officer is only entitled to the payment of his or her salary through the date of termination.

If the named executive officer's employment is terminated as a result of his or her death or Disability (other than as a consequence of Employment-Related Death or Disability), he or she is entitled to his or her base salary through the date of his or her termination, as well as the pro-rata bonus to which he or she would have been entitled.

The following table shows the potential payments upon each named executive officer's termination. The amounts calculated in the table assume the termination occurred on April 30, 2015 and that the executive officer was paid in a lump sum payment. The Employment Agreement of Mr. Hewitt

Edgar Filing: Liberty Tax, Inc. - Form DEF 14A

provides for a lump-sum payment of the base salary component; the Employment Agreements of Ms. Donovan, Mr. Lougen and Mr. Artese provide for multiple payments.

In addition, the Audit Committee oversaw effective compliance with the SEC's mandatory rotation requirements for certain members of the engagement team of the Company's independent registered public accounting firm during the fiscal year ended April 30, 2015, and, as discussed further below, pre-approved all audit and non-audit services and fees paid to such firm.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of July 24, 2015, information regarding beneficial ownership of our capital stock by:

each person, or group of affiliated persons, known by us to beneficially own more than 5% of our Class A common stock or Class B common stock;

each of our directors;

each of our named executive officers; and

all of our directors and executive officers as a group.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power of that security, including options that are currently exercisable or exercisable within 60 days of July 24, 2015. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of capital stock shown that they beneficially own, subject to community property laws where applicable.

Our calculation of the percentage of beneficial ownership is based on 12,876,581 shares of our Class A common stock (including shares issuable as a result of the conversion of exchangeable shares) and 900,000 shares of our Class B common stock outstanding as of July 24, 2015.

Shares of class A common stock subject to stock options currently exercisable, or exercisable within 60 days of July 24, 2015, and restricted stock units for which shares are issuable within 60 days of July 24, 2015, are deemed to be outstanding for computing the percentage ownership of the person holding these options and the percentage ownership of any group of which the holder is a member but are not deemed outstanding for computing the percentage of any other person.

PRINCIPAL ACCOUNTING FEES AND SERVICES

The following table presents fees for professional services rendered by KPMG LLP for the audit of our annual financial statements for the fiscal years ended April 30, 2015 and 2014, and fees billed for other services rendered by KPMG LLP for those years. Fees disclosed below include fees actually billed and expected to be billed for services relating to the applicable fiscal year.

Fiscal Year	2015	2014
Audit fees	\$ 430,300	\$ 383,300
Tax fees	118,618	26,916
All other fees	1,650	1,650
Total fees	\$ 550,568	\$ 411,866

Audit fees consist of fees for professional services rendered for the audit of the Company's financial statements and review of financial statements included in our quarterly reports and services typically provided by the independent auditor in connection with statutory and regulatory filings or engagements. In addition, audit fees for fiscal 2014 include \$36,000 in fees incurred in connection with the restatement completed during that year.

Tax fees consist of fees for services related to tax compliance, tax planning, tax consultation and tax advice. The amounts included in the table above consist of fees incurred relating to tax compliance, tax credit studies and other tax advisory services.

The Audit Committee has adopted policies and procedures for pre-approving audit and non-audit services performed by the independent auditor so that the provision of such services does not impair the auditor's independence. Under the Audit Committee's pre-approval policy, the terms and fees of all engagements require specific Audit Committee approval.

In determining whether to pre-approve audit or non-audit services, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee also considers whether the independent auditor is best positioned to provide the most effective and efficient service and whether the service might enhance our ability to manage or control risk or improve audit quality. These factors are considered as a whole and no one factor is necessarily

Table of Contents

determinative. The Audit Committee considers the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services. The Audit Committee may determine for each fiscal year the appropriate ratio between fees for audit services and fees for audit-related services, tax services and all other services.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated are required to report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The Audit Committee has concluded that the provision of non-audit services provided to the Company by its independent accountant during the 2015 fiscal year was compatible with maintaining the independent accountant's independence.

PROPOSAL 2
RATIFICATION OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board's Audit Committee has appointed KPMG to serve as our independent registered public accounting firm for the fiscal year ending April 30, 2016. KPMG has served in this capacity since April 30, 2002. Although ratification is not required under our Bylaws or otherwise, as a matter of good corporate governance, the Audit Committee submits its selection of KPMG to our stockholders for ratification, and will consider the vote of our stockholders when appointing our independent registered accounting firm in the future. Even if this selection is ratified, the Audit Committee in its discretion may, subject to the approval of the Board of Directors, select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

No director or executive officer of the Company has any substantial interest in the appointment of KPMG as the Company's independent registered public accounting firm.

A representative of KPMG is expected to attend the annual meeting to respond to questions.

The Board unanimously recommends a vote "FOR" the ratification of KPMG to serve as our independent registered public accounting firm.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Other than compensation arrangements, we describe below transactions and series of similar transactions, during our last fiscal year, to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and

any of our directors, executive officers or holders of more than 5% of our common stock, or any member of the immediate family of the foregoing persons, had or will have a direct or indirect material interest.

Compensation arrangements for our directors and named executive officers are described in other sections of this Proxy Statement.

We have adopted a policy that our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of any class of our common stock and any members of the immediate family of any of the foregoing persons are not permitted to enter into a related person transaction with us without the prior consent of our Audit Committee. Any request for us to enter into a transaction with an executive officer, director, nominee for election as a director, beneficial owner of more than 5% of any class of our common stock or any member of the immediate family of any of the foregoing persons, in which the amount involved exceeds \$120,000 and such person would have a direct or indirect interest must first be presented to our Audit Committee for review, consideration and approval. In approving or rejecting any such proposal, our Audit Committee is to consider the material facts of the transaction, including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. All of the transactions described above were entered into after presentation, consideration and approval by our Board of Directors.
