**Item 1.01 Entry into a Material Definitive Agreement.**

On June 5, 2006, StoneMor GP LLC (the General Partner), the general partner of StoneMor Partners L.P. (the Company), entered into the Director Restricted Phantom Unit Agreement (the Agreement) under the Company's Long-Term Incentive Plan with each of the following non-employee directors of the General Partner: Howard Carver, Allen Freedman, Peter Grunebaum, Martin Lautman and Fenton Talbott.

The following is a summary of the material provisions of the Agreement. This summary is qualified in its entirety by reference to the form of the Agreement, which is incorporated by reference in its entirety and attached to this current report on Form 8-K as Exhibit 10.1.

Pursuant to the Agreement, commencing as of November 17, 2004 or, if later, the date the person became a director of the General Partner, compensation in the annual amount of \$12,500, in consideration for his services as a director, will be deferred and credited, in the form of phantom units, to a mandatory deferred compensation account established by the General Partner for the director.

The annual deferral is credited in four equal quarterly installments to the director's mandatory deferred compensation account, each installment is to be credited on the date of the regular quarterly meeting of the board for such quarter or upon a date so designated by the board. The number of phantom units to be credited to the director's mandatory deferred compensation account is determined by dividing the amount of each quarterly installment by the closing price for common units of the Company for the trading day immediately prior to the first day of such regular quarterly board meeting or designated date. Crediting of phantom units to the director's mandatory deferred compensation account will not entitle the director to the rights of a limited partner of the Company or a holder of units.

For each phantom unit in the director's mandatory deferred compensation account, the General Partner will credit such account, solely in phantom units, with an amount equal to the cash distributions paid on a phantom unit. The crediting will occur as of the date on which such cash distributions on the common units of the Company are paid. The phantom units to be credited to the director's mandatory deferred compensation account will be calculated by dividing the dollar amount of the distribution equivalent rights by the closing price for the common units of the Company for the trading day immediately prior to the day on which the cash distribution is paid on the units.

No payment of the mandatory deferred compensation account will be made to the director prior to the occurrence of any of the following events, and only to the extent permitted under the Internal Revenue Code of 1986, as amended: (i) separation of the director from service as a director; (ii) disability of the director; (iii) an unforeseeable emergency with respect to the director; (iv) a change of control of the Company or General Partner; or (v) death of the director. Phantom units credited to the director's mandatory deferred compensation account will be valued at the closing price for common units of the Company for the trading day immediately prior to the payment date.

The Agreement will not confer upon the director, any right to continue in the service of the board of the General Partner or any of its subsidiaries nor does the Agreement affect any right which the General Partner or any of its subsidiaries may have to terminate the board service of the director. The payment of mandatory deferred compensation account will not give the General Partner or any of its subsidiaries any right to the continued services of the director for any period.

The authority to manage and control the operation and administration of the Agreement will be vested in the compensation committee of the board of the General Partner, and the compensation

committee will have all powers with respect to the Agreement as it has with respect to the Company's Long-Term Incentive Plan. The phantom units, the related distribution equivalent rights and the Agreement are each subject to, and the General Partner and the director are bound by, the terms and conditions of the Company's Long-Term Incentive Plan and any inconsistency or discrepancy between the provisions of the Agreement and the Company's Long-Term Incentive Plan, the Company's Long-Term Incentive Plan will govern and prevail.

The foregoing summary supersedes the description of phantom units set forth in the current reports on Form 8-K filed by the Company on December 3, 2004 and August 9, 2005.

**Item 2.02 Results of Operations and Financial Condition.**
