## ***Important Notice***

This notice is not an offering document nor will it constitute an offering for the disposal or request of offering for the purchase of any securities or even a request of any vote or approval.

Investors of “American Depositary Receipts” (“ADRs”) of SADIA and holders of preferred shares of Sadia are advised to read the information document provided in respect of the association between SADIA and BRF, considering it will contain relevant information.

American investors holding common shares of SADIA are advised to read any other materials drafted by BRF to the shareholders holding common shares of Sadia regarding the merger, considering that such documents will contain relevant information. BRF expects to submit copies of such documents to the U.S. Securities and Exchange Commission (“SEC”) as soon as such documents are available, and investors are entitled to obtain copies of such documents and any other documents filed by the Companies with SEC at the SEC website: [www.sec.gov](http://www.sec.gov).

Copies of any other information documents drafted for the holders of ADRs or American shareholders holding common or preferred shares of SADIA also may be obtained free of charge with BRF, if available.

This notice contains future appraisals, which are not based on past facts, but on current judgments and estimates of the managements of SADIA and BRF by virtue of future economic data and circumstances, industry conditions, the company’s performance and financial results. The words “anticipate”, “believe”, “estimate”, “wait”, “plan” and similar expressions as related to the Companies, are used as to identify future appraisals.

Examples of future appraisals are: judgments related to the structure and term of any association between SADIA and BRF, corporate strategies, future synergies, future costs, future liquidity of the Companies, pro forma results of operations and financial health of the Companies.

Such assessments reflect the current judgment of the management and are subject to several risks and uncertainties, including economic and market aspects in Brazil and worldwide, conditions of the industries of such Companies, an regulatory implications on the association, the ability of the Companies to attain such estimated synergies and the risk factors described by the Companies in their documents filed with SEC and the Brazilian Exchange and Securities Commission (“CVM”). There is no guaranty that the estimated

events, trends or results will be actually implemented.

Any changes to the assumptions and factors which the appraisals have been based on may imply in results substantially different from current expectations.
