PROXY STATEMENT

Annual Meeting of Stockholders

June 17, 2015

This proxy statement is being furnished to stockholders of Performant Financial Corporation in connection with the solicitation of proxies by our board of directors for use at our 2015 Annual Meeting of Stockholders, which is described below.

References to the "Company," "we," "us" or "our" throughout this proxy statement mean Performant Financial Corporation.

This proxy statement and accompanying form of proxy are being mailed to stockholders on or about May 15, 2015.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

When and where will the Annual Meeting be held?

The 2015 Annual Meeting of Stockholders will be held on Wednesday, June 17, 2015, at 10:00 AM, P.D.T., at the Courtyard by Marriott located at 2929 Constitution Drive, Livermore, California 94551.

What items will be voted on at the Annual Meeting?

The purpose of the Annual Meeting is to:

• Elect three Class III directors to serve until the 2018 Annual Meeting of Stockholders or until their successors are elected and qualified;

• Approve our Amended and Restated 2012 Stock Incentive Plan; and

• Ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2015.

We will also transact any other business that may properly come before the Annual Meeting or at any adjournments or postponements of the Annual Meeting.

How does the board of directors recommend that I vote?

Our board of directors unanimously recommends that you vote:

• FOR each director nominee;

• FOR the approval of our Amended and Restated 2012 Stock Incentive Plan; and

• FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2015.

Who is entitled to vote at the Annual Meeting?

Stockholders at the close of business on April 24, 2015, the record date for the Annual Meeting, may vote at the Annual Meeting. Each stockholder is entitled to one vote per share held as of the record date for as many separate nominees as there are directors to be elected and one vote per share held as of the record date on any other matter presented.

Who will engage in a solicitation of proxies? Who will bear the cost of that solicitation?

Certain of our directors, officers and employees may solicit proxies on our behalf by mail, phone, fax, e-mail, or in person. We will bear the cost of the solicitation of proxies. No additional compensation will be paid to our directors, officers or employees who may be involved in the solicitation of proxies.

How do I vote my shares?

You may vote your shares in one of several ways, depending upon how you own your shares.

Shares registered directly in your name with Performant Financial Corporation (through our transfer agent, American Stock Transfer & Trust Company, LLC):

• Via Internet: Stockholders of record with internet access may submit proxies by following the internet voting instructions on their proxy cards.

• By Telephone: Stockholders of record may submit proxies by following the telephone voting instructions on each proxy card.

In Writing: Stockholders of record may submit proxies by completing, signing and dating each proxy card received and returning it in the prepaid envelope. Sign your name exactly as it appears on the proxy. If you return your signed proxy but do not indicate your voting preferences, your shares will be voted on your behalf "FOR" the election of the nominated directors, "FOR" the approval of our Amended and Restated 2012 Stock Incentive Plan, and "FOR" the ratification of KPMG LLP as our independent registered public accounting firm for 2015.

In Person at the Annual Meeting: Stockholders of record may vote by attending the Annual Meeting on Wednesday, June 17, 2015, at 10:00 AM, P.D.T., at the Courtyard by Marriot Hotel located at 2929 Constitution Drive, Livermore, California 94551. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or vote by telephone or the internet so that your vote will be counted if you later decide not to attend the Annual Meeting.

Shares of common stock held in "street" or "nominee" name (through a bank, broker or other nominee):

You may receive a separate voting instruction form from your bank, broker or other nominee holding your shares.

You should follow the voting instructions provided by your broker or nominee in order to instruct your broker or other nominee on how to vote your shares. The availability of telephone or internet voting will depend on the voting process of the bank, broker or nominee. To vote in person at the Annual Meeting, you must obtain a proxy, executed in your favor, from the holder of record.

If you own shares in "street name" through a broker and do not instruct your broker how to vote, your broker may not vote your shares on proposals determined to be "non-routine." Of the proposals included in this proxy statement, only the proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 is considered to be "routine." The election of directors and the approval of our Amended and Restated 2012 Stock Incentive Plan are considered to be "non-routine" matters. Therefore, if you do not provide your bank, broker or other nominee holding your shares in "street name" with voting instructions, those shares will count for quorum purposes, but will not be voted on the election of directors or the approval of our Amended and Restated 2012 Stock Incentive Plan. Therefore, it is important that you provide voting instructions to your bank, broker or other nominee.

If you vote via the internet, by telephone or return a proxy card by mail, but do not select a voting preference, the persons who are authorized on the proxy card and through the internet and telephone voting facilities to vote your shares will vote:

FOR each director nominee;

FOR the approval of our Amended and Restated 2012 Stock Incentive Plan; and

FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2015.

How do I change or revoke my proxy?

You may change your vote or revoke your proxy at any time prior to the vote at the Annual Meeting. If you submitted your proxy by mail, you must file with the Secretary of the Company a written notice of revocation or deliver, prior to the vote at the Annual Meeting, a valid, later-dated proxy. If you submitted your proxy by telephone or the internet, you may change your vote or revoke your proxy with a later telephone or internet proxy, as the case may be.

Attendance at the Annual Meeting, by itself, will not revoke a proxy. You may revoke your proxy by telephone by calling the number located on your proxy card and following the instructions or via the internet by going to the internet address on your proxy card and following the instructions.

If you are a stockholder in "street" or "nominee" name, you may revoke your voting instructions by informing the bank, broker or other nominee in accordance with that entity's procedures for revoking your voting instructions.

What constitutes a quorum for purposes of the Annual Meeting?

On April 24, 2014, the record date, we had 49,365,581 shares of Common Stock outstanding. Voting can only take place at the Annual Meeting if the holders of a majority of the total number of shares of the Common Stock issued and outstanding and entitled to vote on the record date are present either in person or by proxy. Both abstentions and broker non-votes will be treated as present for purposes of determining the existence of a quorum.

How are votes counted?

In the election of directors, you may vote "FOR" all of the nominees or your vote may be "WITHHELD" with respect to one or more of the nominees. For Proposals 2 and 3, you may vote "FOR," vote "AGAINST" or "ABSTAIN." If you "ABSTAIN" as to Proposal 2 or 3 the abstention has the same effect as a vote "AGAINST" the proposal.

If you provide specific instructions, your shares will be voted as you instruct. If you sign your proxy card or voting instruction form with no further instructions, your shares will be voted in accordance with the recommendations of the board of directors ("FOR" all of the nominees to the board of directors, "FOR" the approval of our Amended and Restated 2012 Stock Incentive Plan, "FOR" the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2015 and in the discretion of the proxy holders on any other matters that may properly come before the meeting).

Is cumulative voting permitted for the election of directors?

Stockholders may not cumulate votes in the election of directors, which means that each stockholder may vote no more than the number of shares he or she owns for a single director candidate.

What vote is required to approve each item?

Our Bylaws provide that a plurality of the votes cast at the meeting is required to elect directors. This means that the three nominees for director receiving the highest number of votes cast will be elected. An abstention or a broker non-vote will not have any effect on the election of directors.

The affirmative vote of a majority of the voting power of the Common Stock present in person or by proxy and entitled to vote at the Annual Meeting is required to approve our Amended and Restated 2012 Stock Incentive Plan and to ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2015.

Abstentions will have the same effect as negative votes. Broker non-votes will not be counted in determining the number of shares entitled to vote.

The inspector of election will tabulate affirmative and negative votes, abstentions and broker non-votes. If you hold shares beneficially in street name and do not provide your broker or nominee with voting instructions, your shares may constitute "broker non-votes." Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. If you hold shares beneficially in street name and do not vote your shares, your broker or nominee can vote your shares at its discretion only on Proposal 3. In tabulating

the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the Annual Meeting, assuming that a quorum is obtained.

Can I attend the Annual Meeting in person?

We cordially invite and encourage all of our stockholders to attend the Annual Meeting. Persons who are not stockholders may attend only if invited by us. Evidence of share ownership may be in the form of a valid stock certificate, or an account statement from our transfer agent or from a bank, broker or other nominee that evidences ownership as of the record date. Note that in order to vote at the meeting, beneficial owners who own shares in “street name” must present a legal proxy from the record holder of the shares. Stockholders of record must bring a copy of the proxy card in order to be admitted to the Annual Meeting. You should also be prepared to present photo identification for admittance.

Will any other matters be presented at the Annual Meeting?

We do not expect any matters, other than those included in this proxy statement, to be presented at the 2015 Annual Meeting because the deadline set forth in our bylaws for nominations for election as a director or to propose other business has already passed. Nonetheless, if you execute and deliver a proxy in the form provided and other matters are presented, the individuals named as proxies will have discretionary authority to vote your shares on those other matters.

PROPOSAL 1 — ELECTION OF DIRECTORS

Our board of directors is divided into three classes serving staggered three-year terms. Each of the nominees listed below has been nominated by our board of directors at the recommendation of our nominating and governance committee in accordance with its charter, our Amended and Restated Bylaws and Corporate Governance Guidelines. Each nominee is now a member of the board of directors. We have no reason to believe that any of these nominees will be unable to serve as a director. If any nominee becomes unable to serve as a director before the meeting (or decides not to serve), the individuals named as proxies may vote for a substitute nominee proposed by the board of directors or we may reduce the number of members of the board of directors. We recommend a vote FOR each nominee listed below.

Corporate Governance Guidelines; Code of Business Conduct and Ethics

We have established a corporate governance program to help guide our Company and our employees, officers and directors in carrying out their responsibilities and duties, as well as to set standards for their professional conduct. Our board of directors has adopted Corporate Governance Guidelines, or Governance Guidelines, which provide standards and practices of corporate governance that we have designed to help contribute to our success and to assure public confidence in our Company. In addition, all standing committees of our board of directors operate under charters that describe the responsibilities and practices of each committee. The charters of our standing committees are available on the Investor Relations page of our corporate website at investors.performantcorp.com under the Corporate Governance tab.

We have adopted a Conflict of Interest and Ethics Policy, or Ethics Policy, which provides ethical standards and corporate policies that apply to all of our officers and employees. Our Ethics Policy requires, among other things, that our officers and employees act with integrity and the highest ethical standards, comply with laws and other legal requirements, avoid conflicts of interest, and otherwise act in our best interests. We have also adopted a Code of Ethics for Senior Financial Officers and Directors that applies to senior management and directors and provides for accurate, full, fair and timely financial reporting and the reporting of information related to significant deficiencies in

8

Composition of the Board of Directors

Our Third Amended and Restated Certificate of Incorporation provides that our board shall consist of not fewer than five and not more than fifteen directors as the board of directors may from time to time determine. Our board of directors currently consists of six directors. The authorized number of directors may be changed by resolution of our board of directors. Vacancies on our board of directors can only be filled by resolution of our board of directors. Our board of directors is currently divided into three classes, each serving staggered, three-year terms:

• Our Class III directors are Lisa C. Im, Bradley M. Fluegel and Bruce E. Hansen and their terms will expire at this Annual Meeting of Stockholders;

• Our Class II director is William D. Hansen and his term will expire at our Annual Meeting of Stockholders in 2017; and

• Our Class I directors are Todd R. Ford and Brian P. Golson and their terms will expire at the Annual Meeting of Stockholders in 2016.

As a result, only one class of directors will be elected at each Annual Meeting of Stockholders, with the other classes continuing for the remainder of their respective terms.

Our board of directors has determined that Messrs. Ford, W. Hansen, B. Hansen and Fluegel are “independent directors” as defined under the rules of NASDAQ.

In July 2012, we entered into a Director Nomination Agreement with an affiliate of Parthenon Capital Partners, which we refer to as Parthenon Capital Partners, that provides Parthenon Capital Partners the right to designate nominees for election to our board of directors for so long as Parthenon Capital Partners owns 10% or more of the total number of shares of our Common Stock outstanding. The material provisions of the Director Nomination Agreement are described below under the heading “Directors and Officers—Director Nomination Policy”.

Our board of directors met a total of six times in 2014. During 2014, all of our directors attended at least 75% of the meetings of our board of directors held during their tenure and 75% of the meetings, if any, of the committees of the board of directors upon which they served, and held during their tenure. Our board of directors does not have a policy requiring director attendance at annual meetings of our stockholders. One director attended our 2014 Annual Meeting of Stockholders.

Leadership Structure of the Board of Directors

Our board of directors selects the Chair of the board of directors in the manner and upon the criteria that it deems best for the Company at the time of selection. The board of directors does not have a prescribed policy on whether the roles of the Chair and Chief Executive Officer should be separate or combined. The board of directors will periodically evaluate whether this leadership structure is in the best interests of the stockholders.

Lisa C. Im is our Chief Executive Officer and in August 2014 was elected by the board of directors to serve as the Chair of the Company’s board of directors. As Chair of the board of directors, Ms. Im presides over each meeting of the board of directors, approves meeting agendas and schedules and notifies other members of the board of directors regarding any significant concerns of stockholders or interested parties of which she becomes aware. The Chair of the board of directors also presides over stockholders’ meetings. We believe that our current board leadership structure is appropriate for the Company because it allows for common, strong leadership, with one individual having primary responsibility for both board-level and operational matters.

In February 2014, our board appointed W. Hansen as the board’s lead independent director with the primary responsibility to call and preside at executive sessions of our independent directors and to consult with the Chair regarding meeting agendas.

Committees of the Board of Directors

Audit committee. Our audit committee consists of Messrs. W. Hansen, B. Hansen and Ford. Mr. Ford serves as the chairperson of this committee. The audit committee met six times in 2014. Our board of directors has determined that Mr.

Ford is an audit committee financial expert, as defined by the rules promulgated by the Securities and Exchange Commission, or the SEC. Our audit committee is composed entirely of independent directors.

In accordance with its charter, our audit committee provides assistance to the board of directors in fulfilling its legal and fiduciary obligations in matters involving our accounting, auditing, financial reporting, internal control and legal compliance functions. It engages our independent registered public accounting firm, approves the services performed by our independent registered public accounting firm and reviews their reports regarding our accounting practices. The audit committee also oversees the audit efforts of our independent registered public accounting firm and takes those actions as it deems necessary to satisfy itself that the independent registered public accounting firm is independent of management.

Our nominating and governance committee is composed entirely of independent directors.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between our board of directors or compensation committee and the board of directors or compensation committee of any other entity, nor has any interlocking relationship existed in the past.

Role of Our Board of Directors in Risk Oversight

One of the key functions of our board of directors is informed oversight of our risk management process. Our board of directors administers this oversight function directly through our board of directors as a whole, as well as through various standing committees of our board of directors that address risks inherent in their respective areas of oversight. In particular, our board of directors is responsible for oversight of our risk management process. The nominating and governance committee periodically evaluates our risk management process and system in light of the nature of the material risks we face. Our compensation committee assesses and monitors whether any of our compensation policies and programs are reasonably likely to have a material adverse effect on us. Our audit committee periodically assesses any major financial risk exposures and the steps management has taken to monitor and control such exposures. The audit committee also has the responsibility to oversee management's assessment of major legal and regulatory risk exposures and management's implementation of policies and procedures to address these risks. To the extent risk oversight is a focus of one or more committees of the board of directors, those committees report key findings periodically to the full board of directors.

Director Nomination Policy

Our nominating and governance committee is responsible for identifying, evaluating, recruiting and recommending qualified candidates to our board of directors for nomination or election. Our board of directors nominates directors for election at each annual meeting of stockholders, and elects new directors to fill vacancies if they occur.

Our board of directors strives to find directors who are experienced and dedicated individuals with diverse backgrounds, perspectives and skills. Our governance guidelines contain membership criteria that call for candidates to be selected for their character, judgment, diversity of experience, business acumen and ability to act on behalf of all stockholders. In

addition, we expect each director to be committed to enhancing stockholder value and to have sufficient time to effectively carry out his or her duties as a director.

Prior to our annual meeting of stockholders, our nominating and governance committee identifies director nominees first by evaluating the current directors whose terms will expire at the annual meeting and who are willing to continue in service. Subject to the Director Nomination Agreement described below, these candidates are evaluated based on the criteria described above, the candidate's prior service as a director, and the needs of the board of directors for any particular talents and experience. If a director no longer wishes to continue in service, if the nominating and governance committee decides not to re-nominate a director, or if a vacancy is created on the board of directors because of a resignation or an increase in the size of the board of directors or other event, then the committee considers whether to recommend the nomination of a new director or to recommend a decrease in the size of the board of directors. If the decision is to nominate a new director, then the nominating and governance committee considers various candidates for membership on the board of directors, including those suggested by committee members, other members of the board of directors, a director search firm engaged by the committee, or our stockholders. Prospective nominees are evaluated by the nominating and governance committee based on the membership criteria described above and set forth in our Governance Guidelines.

We are party to a Director Nomination Agreement with Parthenon Capital Partners that provides Parthenon Capital Partners the right to designate nominees for election to our board of directors for so long as Parthenon Capital Partners owns 10% or more of the total number of shares of our common stock outstanding. The number of nominees that Parthenon Capital Partners is entitled to designate under this agreement bears the same proportion to the total number of members of our board of directors as the number of shares of our common stock beneficially owned by Parthenon Capital Partners bears to the total number of shares of our common stock outstanding, rounded up to the nearest whole number. In addition, Parthenon Capital Partners is entitled to designate the replacement for any of its board designees whose board service terminates prior to the end of the director's term regardless of Parthenon Capital Partners' beneficial ownership at such time. Parthenon Capital Partners also has the right to have its designees participate on committees of our board of directors proportionate to its stock ownership, subject to compliance with applicable law and stock exchange rules. The Director Nomination Agreement will terminate at such time as Parthenon Capital Partners owns less than 10% of our outstanding common stock.

A stockholder who wishes to recommend a prospective nominee to the board of directors for consideration by the nominating and governance committee should notify our Secretary in writing at our principal office. Such notice must be delivered to our offices by the deadline relating to stockholder proposals to be considered for inclusion in our proxy materials, as described under "General Information — Stockholder Proposals for the 2016 Annual Meeting" in this proxy statement.

Each notice delivered by a stockholder who wishes to recommend a nominee to the board of directors for consideration by the nominating and governance committee generally must include the following information about the proposed nominee:

- the name, age, business address and residence address of the proposed nominee;
- the principal occupation of the proposed nominee;
- the number of shares of our capital stock beneficially owned by the proposed nominee;
- a description of all compensation and other relationships during the past three years between the stockholder and the proposed nominee;
- any other information relating to the proposed nominee required to be disclosed pursuant to Section 14 of the Securities Exchange Act of 1934, as amended, the Exchange Act; and
- the proposed nominee's written consent to serve as a director if elected.

The nominating and governance committee may require any proposed nominee recommended by a stockholder to furnish such other information as the nominating and governance committee may reasonably require, including, among other things, information to determine the eligibility of such person to serve as an independent director or that could be material to a stockholder's understanding of the independence, or lack thereof, of such person.

In addition, a stockholder may nominate an individual for election at an annual meeting, without the approval of our nominating and governance committee, by following the procedures set forth in Article 3 of our Amended and

Restated Bylaws.

Below is additional biographical information about our executive officers, other than those executive officers that serve as directors:

Harold T. Leach, Jr. has served as Chief Operating Officer of the Company and our predecessor since May 1982. In this role, Mr. Leach has been a key participant in the development of our recovery processes. Mr. Leach is responsible for operational strategy, production, and technology across our businesses. During his tenure, Mr. Leach has led the development of our proprietary technology platform and has served as subject matter expert on key Congressional initiatives related to improving the efficacy of government debt management. Mr. Leach also led the development and implementation of our audit and recovery technology operations.

Hakan L. Orvell has served as our Chief Financial Officer since November 2006. He is responsible for the Company's corporate finance, accounting, financial planning and analysis. Mr. Orvell has over 20 years of experience from various industries and his previous experience includes service as chief financial officer of Neopost, Inc., a manufacturer of office equipment. He has also held various financial leadership positions with Corporate Express (which later became known as Staples), a large business-to-business distributor of office and computer products, including vice president and controller in both a division and regional capacity. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Related Party Transaction Policy

We have a formal written policy that our executive officers, directors, holders of more than 5% of any class of our voting securities, and any member of the immediate family of and any entity affiliated with any of the foregoing persons, are not permitted to enter into a related party transaction with us without the prior consent of our audit committee, or other independent members of our board of directors in the event it is inappropriate for our audit committee to review such transaction due to a conflict of interest. Any request for us to enter into a transaction with an executive officer, director, principal stockholder, or any of their immediate family members or affiliates, in which the amount involved exceeds \$120,000 must first be presented to our audit committee for review, consideration and approval. In approving or rejecting any such proposal, our audit committee is required to conduct a review of all relevant facts reasonably available to our audit committee, including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction. All of the transactions described below were entered into prior to the adoption of such policy in connection with our initial public offering in August 2012.

Arrangements with Our Investors

On January 8, 2004, in connection with the consummation of our acquisition by investment funds controlled by Parthenon Capital Partners and certain other stockholders, or the Acquisition, we entered into an investment agreement, a stockholders agreement, an advisory services agreement and a registration agreement. The investment agreement, stockholders agreement and advisory services agreement were terminated upon the closing of our initial public offering in August 2012.

Registration Agreement

In connection with the Acquisition, we entered into a registration agreement with Parthenon Capital Partners and certain other stockholders. This agreement was amended, effective upon the closing of our initial public offering in August 2012. The registration agreement, as amended, provides the stockholders party thereto with certain demand registration rights in respect of the shares of our common stock held by them. In addition, following the closing of our initial public offering in August 2012, if we register additional shares of common stock for sale to the public, we are required to give notice of such registration to the stockholders who are party to the registration agreement of our intention to effect such a registration, and, subject to certain limitations, such holders will have piggyback registration rights providing them with the right to require us to include shares of common stock held by them in such registration. We will be required to bear the registration expenses, other than underwriting discounts and commissions and transfer taxes, associated with any registration of shares by the stockholders described above. The registration rights agreement includes lock up obligations that restrict the sale of securities during the initial 180 day period, or in certain circumstances 90 day period, following the effective date of any demand registration or piggyback registration effected pursuant to the terms of the registration agreement. We are also restricted from engaging in any public sale of equity securities during the initial 180 day period, or in certain circumstances 90 day period, following the effective date of any demand registration or piggyback registration effected pursuant to the terms of the registration agreement. The registration agreement includes customary indemnification provisions in favor of the stockholders who are parties thereto and any person who is or might be deemed a controlling person of the stockholders within the meaning of the Securities Act and related parties against liabilities under the Securities Act incurred in connection with the registration of any of our securities. These provisions provide indemnification against certain liabilities arising under the Securities Act and certain liabilities resulting from violations of other applicable laws in connection with any filing or other disclosure made by us under the securities laws relating to any such registrations. We have agreed to reimburse such persons for any legal or other expenses incurred in connection with investigating or defending any such liability, action or proceeding, except that we will not be required to indemnify any such person or reimburse related legal or other expenses if such loss or expense arises out of or is based on any untrue statement or omission made in reliance upon and in conformity with written information provided by such person.

Director Nomination Agreement

In July 2012, we entered into a Director Nomination Agreement with Parthenon Capital Partners that provides Parthenon Capital Partners the right to designate nominees for election to our board of directors for so long as Parthenon Capital Partners owns 10% or more of the total number of shares of common stock outstanding. The material provisions of the Director Nomination Agreement are described above under the heading “Directors and Officers—Director Nomination Policy”.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements and our Amended and Restated Bylaws require us to indemnify these individuals to the fullest extent permitted by Delaware law, subject to certain exceptions.

EXECUTIVE COMPENSATION

Executive Compensation

Compensation Philosophy and Objectives

Our compensation philosophy is to align executive compensation with the interests of our stockholders and therefore to establish financial objectives that our board of directors believes are primary determinants of long-term stockholder value. The primary goal of our executive compensation program is to ensure that we hire and retain talented and experienced executives who are motivated to achieve or exceed our short-term and long-term corporate goals. Our executive compensation programs are designed to reinforce a strong pay-for-performance orientation and to serve the following purposes:

- to reward our named executive officers for sustained financial and operating performance and leadership excellence;

- to align their interests with those of our stockholders; and

- to encourage our named executive officers to remain with us for the long-term.

Compensation Determination Process

All compensation decisions for our executive officers are made by the independent members of our board of directors, generally following the recommendation of our compensation committee. Typically, our Chief Executive Officer makes recommendations to our compensation committee regarding compensation for our executive officers, provided, however, that our Chief Executive Officer makes no recommendations as to her own compensation. Our compensation committee's recommendations are based on its assessment of the performance of our Company and each individual executive officer, as well as other factors, such as prevailing industry trends. In making recommendations on salaries, annual incentives and equity compensation in 2014, our compensation committee retained the services of compensation consultant Compensia, Inc. to assist in designing our executive compensation program and in identifying market benchmarks for purposes of evaluating the reasonableness and competitiveness of such program.

Elements of Compensation

The primary components of compensation for our Chief Executive Officer and our two other most highly compensated executive officers in fiscal year 2014, whom we refer to as the named executive officers, were base salary, annual incentive compensation and equity-based compensation.

Base Salary

We pay our named executive officers a base salary based on the experience, skills, knowledge and responsibilities required of each officer, as well as base salaries of executive officers at companies we view as competitors. We believe base salaries are an important element in our overall compensation program because base salaries provide a fixed element of compensation that reflects job responsibilities and value to us.

Annual Incentive Plan

To date, our board of directors has not adopted a formal plan or set of formal guidelines with respect to annual incentive or bonus payments, and has rather relied on an annual assessment of the performance of our executives during the preceding year to make annual incentive and bonus determinations.

Long-Term Equity Compensation

We provide our named executive officers with long-term equity compensation through our 2012 Stock Incentive Plan. We believe that providing our named executive officers with an equity interest brings their interests in line with those of our stockholders and that including a vesting component to those equity interests encourages named executive officers to remain

with us for the long-term. Long-term incentive awards are made under our 2012 Stock Incentive Plan, under which we are authorized to issue stock options, restricted stock or other equity-based awards denominated in shares of our common stock. The plan is administered by the compensation committee, and the compensation committee recommends grants to our executive officers for approval by our board of directors, and is authorized to make awards or delegate the authority to make awards to employees other than the executive officers. The committee also sets the standard terms for awards under the plan each year.

On March 17, 2015, the compensation committee recommended, and our board of directors later approved, the award of performance-based restricted stock units to certain of our executive officers. The award covers 150,000 shares and is intended to tie our executives' compensation to the performance of the Company while also reducing the dilutive effect of equity awards to our stockholders. The compensation committee believes that having a portion of our executives' long-term incentive compensation in the form of full-value shares is best correlated with performance by including a performance vesting condition on the awards. Each performance share award made in March 2015 will vest over a three year period based on our attainment of pre-established performance goals for the year ending December 31, 2015 and the executives' continued service with our Company during the performance period. The performance awards remain subject to shareholder approval as described in "Proposal 3 - Approval of our Amended and Restated 2012 Stock Incentive Plan."

Other Supplemental Benefits

Our named executive officers are eligible for the following benefits on a similar basis as other eligible employees:

- health, dental and vision insurance;
- vacation, personal holidays and sick days;
- life insurance and supplemental life insurance;
- short-term and long-term disability; and
- 401(k) plan.

Employment and Change in Control Agreements

The section below describes the employment agreements that we have entered into with our Chief Executive Officer and Chair of our board of directors, as well as the form of employment agreement that each of our other executive officers entered into.

Chief Executive Officer

We entered into an employment agreement with Lisa C. Im, our Chief Executive Officer and Chair of the board of directors, on April 2, 2002, and this agreement has been subsequently amended. As amended, the agreement grants Ms. Im a salary of

\$33,334 per month, an automobile allowance of \$1,500 per month and a Company-paid life insurance policy with a \$1 million death benefit. This agreement also contains confidential information and invention assignment provisions.

Other Named Executive Officers

Each of our named executive officers, other than Ms. Im, has entered into our standard employment agreement. Our standard employment agreement provides for the named executive officer's initial salary at the time of the agreement and grants the named executive officer the right to participate in our standard benefit plans. This agreement also contains confidential information and invention assignment provisions and does not provide for severance.

Potential Payments Upon Change of Control

We have also entered into a change of control agreement with Ms. Im. This agreement, as amended, provides that upon a triggering termination which follows a change in control by no more than two years, Ms. Im is entitled to receive a payment equal to her highest annual salary in effect during any period of 12 consecutive months within the 60 months immediately preceding the date of the triggering termination plus her highest annual bonus awarded in any of the three calendar years immediately preceding the year of the triggering termination. As of December 31, 2014, the aggregate change of control payment would be equal to \$854,937 for Ms. Im.

For purposes of Ms. Im's change of control agreement:

A Change in control occurs (i) if any person or group becomes the beneficial owner of 50% of the Company's voting securities, (ii) if certain changes of the individuals who constitute the board of directors occur during any period of two consecutive years, (iii) upon consummation of a reorganization, merger or consolidation unless certain conditions are met, or (iv) upon stockholder approval of a complete liquidation of the Company.

Triggering termination is defined as Ms. Im's termination for any reason other than (i) her death, (ii) her disability that entitles her to receive long-term disability benefits from the Company, (iii) her retirement on or after the age of 65, (iv) her termination for cause, or (v) her resignation of employment for good reason.

Cause is defined as (i) the criminal conviction for embezzlement from the Company, (ii) the violation of a felony committed in connection with employment, (iii) the willful refusal to perform the reasonable duties of her position with the Company, (iv) the willful violation of the policies of the Company which is determined in good faith by the board of directors to be materially injurious to the employees, directors, property, or financial condition of the Company, or (v) the willful violation of the provisions of a confidentiality or non-competition agreement with the Company.

Good reason is defined as (i) a reduction in Ms. Im's salary that was in effect immediately prior to a change of control, (ii) the relocation of the Company's office that would add 35 miles or more to Ms. Im's commute, or (iii) if the Company reduces certain benefits or vacation days that Ms. Im received prior to the change of control.

Retirement Plans

Except as described below, we currently have no plans that provide for the payment of retirement benefits, or benefits that will be paid primarily following retirement, including but not limited to tax-qualified defined benefit plans, supplemental executive retirement plans, tax-qualified defined contribution plans and nonqualified defined contribution plans.

We do maintain a 401(k) plan that is tax-qualified for our employees, including executive officers. We do not offer employer matching or other employer contributions to the 401(k) plan.

AUDIT COMMITTEE REPORT

As part of fulfilling its responsibilities, the audit committee reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2014 with management and KPMG LLP, or KPMG, and discussed with KPMG those matters required by Auditing Standard No. 16, "Communications with Audit Committees," as adopted by the Public Company Accounting Oversight Board. The audit committee received the written disclosures and the letter from KPMG required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the audit committee concerning independence, and has discussed with KPMG its independence.

Based on these reviews and discussions with management and KPMG, the audit committee recommended to the board of directors that the Company's audited financial statements for the fiscal year ended December 31, 2014 be included in its Annual Report on Form 10-K filed with the SEC.

Fees Paid to Independent Registered Public Accounting Firm

The audit committee's policy is to evaluate and determine that the services provided by KPMG in each year are compatible with the auditor's independence. The following table shows fees billed for each of 2014 and 2013 for professional services rendered by KPMG for the audit of our financial statements and other services.

Year	Audit Fees(1)	Audit-Related Fees	Tax Fees	All Other Fees
2014	\$619,900	\$ —	\$ —	\$ —
2013	\$604,250	\$ —	\$ —	\$ —

Audit fees are fees for the audit of the Company's annual financial statements. Audit fees also include fees for the review of financial statements included in the Company's quarterly reports on Form 10-Q, for services that are normally provided in connection with statutory and regulatory filings or engagements, and in connection with public equity offerings.

Audit Committee Pre-Approval Procedures

With respect to independent auditor services and fees, it is our practice to provide pre-approval of audit, audit-related, tax and other specified services on an annual basis. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, we seek specific pre-approval by the audit committee. Other specified services provided to the Company by KPMG are generally reapproved only when the fees charged for the provision of such services is expected to be different than the prior year or normal fees. Proposed services anticipated to exceed pre-approved cost levels are discussed with the audit committee. It is our practice that the audit committee Chair has pre-approval authority with respect to permitted services. The Chair of the audit committee reports any pre-approval decisions to our audit committee at its next scheduled meeting.

PROPOSAL 2 — APPROVAL OF OUR AMENDED AND RESTATED 2012 STOCK INCENTIVE PLAN

In April and May 2015, our board of directors approved an amendment and restatement of our 2012 Stock Incentive Plan (the “2012 Plan”), subject to the approval of our stockholders at the Annual Meeting. We are asking our stockholders to approve the amendment and restatement of the 2012 Plan as approved by our board of directors. If approved, three plan amendments will take effect and certain awards under the 2012 Plan can be structured as performance-based compensation not subject to the corporate income tax deduction limit imposed by Internal Revenue Code Section 162(m) (“Section 162(m)"). The three plan amendments are, first, to increase the number of shares available for issuance under the 2012 Plan and, second, to clarify the performance criteria for the attainment of performance-based equity awards under the 2012 Plan, and third, to eliminate certain provisions in the 2012 Plan that allow us to offer cash or cash equivalents to buy out previously granted equity awards.

Description of Amendments

Increase in Available Shares. The first amendment contained in the 2012 Plan approved by our board of directors and submitted for stockholder approval is an increase in the number of shares available for issuance thereunder by 2,250,000 shares, from 4,300,000 shares to 6,550,000 shares. As of March 31, 2015, under our 2012 Plan, we had issued 25,055 shares pursuant to vested stock unit awards and exercised option awards under the 2012 Plan, 1,005,718 shares subject to outstanding restricted stock awards and 2,738,906 shares subject to outstanding option awards, such options having a weighted average exercise price of \$9.81 and a weighted average remaining contractual term of 7.91 years. Prior to the effective date of the amended 2012 Plan, the total number of shares that could potentially be issued as a result of awards under the 2012 Plan is 4,300,000, leaving 530,321 shares reserved and available for issuance under the 2012 Plan.

In addition to our 2012 Plan, we have several equity incentive plans under which equity awards are outstanding, although there are no shares reserved or available for issuance under any of our other plans. As of March 31, 2015, we had 1,005,718 shares subject to outstanding restricted stock awards and 4,250,502 shares subject to outstanding option awards under all of our equity incentive plans. Our outstanding options have a weighted average exercise price of \$6.91 and a weighted average remaining contractual term of 6.41 years. There are no performance-based shares or restricted stock awards issued under any of our equity incentive plans other than the 2012 Plan.

Our board of directors believes that the current number of shares that may be issued under the 2012 Plan is not sufficient in light of our compensation structure and strategy and our business plan. Our board of directors has concluded that our ability to attract, retain and motivate top quality employees, non-employee directors, consultants and advisors is important to our success and would be enhanced by our continued ability to make grants under the 2012 Plan. In addition, our board of directors believes that our interests and the interests of our stockholders will be advanced if we can continue to offer our employees, non-employee directors and consultants and advisors the opportunity to acquire or increase their proprietary interests in us. Our board of directors believes that the increase in the maximum number of shares that may be issued under the 2012 Plan from 4,300,000 to 6,550,000 shares will ensure that we continue to have a sufficient number of shares with which to achieve our business and compensation strategies.

We do not believe the proposed 2,250,000 share increase will be unduly dilutive to stockholders:

A common measure of potential dilution from outstanding equity awards is “overhang,” generally defined as equity awards outstanding but not exercised, plus equity awards available to be granted (together referred to as potential equity award shares), divided by the sum of total common shares outstanding plus potential equity award shares. As of March 31, 2015, our overhang was 10.5%, as compared with 12.2% as of March 31, 2014.

Another common measure of dilution is “burn rate”, which shows how rapidly a company is depleting the shares reserved for issuance under its equity compensation plans, but without taking into account award cancellations or forfeitures. Our annual burn rate was 0.7% in 2013 and was 1.5% in 2014.

•

In addition to our low annual burn rate, the amount of equity compensation granted to our executive officers has been limited. Our executive officers received relatively small option awards 2013 and no equity compensation in 2014. Our chief financial officer and chief operating officer have received performance-based restricted stock units

in 2015, respectively, subject to approval of the 2012 Plan by our stockholders. Our chief executive officer did not receive any form of such restricted stock unit awards in 2015.

Further, our compensation committee has worked with its independent compensation consultant and our management to design an equity award program that includes the use of performance-based restricted stock unit awards to reduce dilution to stockholders and tie compensation to performance goals.

After forecasting our anticipated growth rate for the next few years, we believe that the total of 2,250,000 new shares will be sufficient for at least two years' worth of equity grants under our current compensation program. We do not anticipate requiring stockholder approval for additional shares until the 2017 Annual Meeting, although we may elect to do so sooner if our growth plan accelerates or other conditions merit requesting more shares. We believe equity incentive compensation is a critical component to our compensation practices and allows us to incent our employees and more closely align their efforts with the creation of long-term stockholder value. In order to continue with our equity compensation practices, we feel it is important for stockholders to approve the proposed amendment and restatement of the 2012 Plan.

Performance Criteria. The second amendment to the 2012 Plan approved by our board of directors consists of a clarification to the qualifying performance criteria for performance-based awards under the 2012 Plan. The amendment specifies the potential use of adjustments to earnings before interest, tax, depreciation and amortization, or Adjusted EBITDA, as one of the criteria used in for performance-based awards.

Elimination of Cash Buyout Provisions. The third amendment to the 2012 Plan approved by our board of directors consists of the elimination of our ability to offer to buy out or authorize a recipient to elect to cash out previously granted stock option or restricted stock unit awards for cash or cash equivalents.

Section 162(m) limits a corporation's income tax deduction for compensation paid to certain executive officers who are "covered employees" within the meaning of Section 162(m) to \$1.0 million per person per year unless the compensation qualifies as "performance-based compensation." Covered employees include the chief executive officer of a corporation as well as its three most highly compensated executive officers other than the chief executive officer and chief financial officer. In general, and among other requirements, for a grant under the 2012 Plan to qualify as "performance-based compensation," the material terms of the performance goals under which compensation may be paid must have been disclosed to and approved by our stockholders. For purposes of Section 162(m), the material terms of the performance goals under which compensation may be paid include (a) the employees eligible to receive compensation, (b) a description of the business criteria on which the performance goals are based and (c) the maximum amount of compensation that can be paid to an employee under the performance goals. Each of these aspects of the 2012 Plan is discussed below. Notwithstanding the terms for performance-based awards included under the 2012 Plan, we reserve the right to pay employees amounts which may or may not be deductible under Section 162(m).

Summary of the 2012 Plan

The 2012 Plan became effective immediately prior to our initial public offering in July 2012. The 2012 Plan authorizes the issuance of restricted shares, stock units, options (which may constitute incentive stock options or nonstatutory stock options), performance shares or stock appreciation rights. The following summary of the principal features of the 2012 Plan is qualified in its entirety by reference to the 2012 Plan itself. For a more complete description of the terms of the 2012 Plan, you should read a copy of the 2012 Plan which is set forth in Appendix A.

Administration – The compensation committee of our board of directors, or the board of directors acting as the compensation committee may administer the 2012 Plan, including the determination of the recipient of an award, the number of shares subject to each award, whether an option is to be classified as an incentive stock option or nonstatutory option, and the terms and conditions of each award, including the exercise and purchase prices and the vesting or duration of the award.

Our board of directors may appoint one or more separate committees of our board of directors, each consisting of one or more members of our board of directors, to administer our 2012 Plan with respect to employees who are not subject to Section 16 of the Exchange Act. Subject to applicable law, our board of directors may also authorize one or more officers to designate employees, other than employees who are subject to Section 16 of the Exchange Act, to receive

awards under our 2012 Plan and/or determine the number of such awards to be received by such employees subject to limits specified by our board of directors.

Eligibility. Our officers and employees and those of our subsidiaries and affiliates are eligible to participate in the 2012 Plan. Our directors and other persons that provide consulting services to us and our subsidiaries and affiliates are also eligible to participate in the 2012 Plan. The term subsidiary is used in this summary to refer to any corporation, if we or one or more other subsidiaries own not less than 50% of the total combined voting power of all classes of outstanding stock of such

corporation. The term affiliate is used in this summary to refer to any entity other than a subsidiary, if we or one or more subsidiaries own not less than 50% of such entity. As of March 31, 2015, 1,431 officers and employees and five non-employee directors were eligible to be considered for the grant of awards under the 2012 Plan.

Authorized Shares. We are requesting 2,250,000 additional shares be approved for issuance under the 2012 Plan. Prior to the proposed amendment of the 2012 Plan, 4,300,000 shares of our common stock have been authorized for issuance. No more than such aggregate number of shares reserved for issuance under the 2012 Plan may be delivered upon the exercise of incentive stock options granted under the 2012 Plan plus, to the extent allowable under the incentive stock option rules, any shares that again become available for issuance under the 2012 Plan under the following provision.

Shares subject to awards granted under the 2012 Plan that are forfeited or terminated before being exercised or settled, or are not delivered to the participant because such award is settled in cash will again become available for issuance under the 2012 Plan. Shares withheld to satisfy the grant, exercise price or tax withholding obligation related to an award will again become available for issuance under the 2012 Plan. However, shares that have actually been issued shall not again become available unless forfeited.

Change in Control. Unless awards issued under the 2012 Plan are continued if we are the surviving entity, or assumed or substituted for by any surviving entity or a parent or subsidiary of the surviving entity, if we merge with or into another corporation, our compensation committee has the discretion to provide for immediate vesting, exercisability and settlement of outstanding awards or settlement of the intrinsic value of the outstanding awards (whether or not then vested or exercisable) in cash or cash equivalents or equity followed by cancellation of such awards. If we are involved in an asset acquisition, stock acquisition, merger or similar transaction with another entity, our compensation committee may make awards under the 2012 Plan by the assumption, substitution or replacement of awards granted by another entity. The terms of such assumed, substituted or replaced awards will be determined by our compensation committee in its discretion. Any acceleration of payment of an amount that is subject to Section 409A of the Internal Revenue Code, as amended (the "Code") will be delayed if necessary until such payments would be permissible under Section 409A.

Performance Criteria. Awards under our 2012 Plan may be made subject to the attainment of performance criteria. Our compensation committee may use any performance criteria selected by it in its sole discretion to establish performance goals. However, a performance-based award must satisfy the following conditions. The amount potentially available under the award must be subject to the attainment of pre-established, objective performance goals relating to a specified period of service based on one or more of the following qualifying performance criteria: cash flows, earnings per share, earnings before interest, taxes and depreciation and amortization, and such additional adjustments, if any, as may be approved by the board of directors or the compensation committee, return on equity, total stockholder return, share price performance, return on capital, return on assets or net assets, revenue, income or net income, operating income or net operating income, operating profit or net operating profit, operating margin or profit margin, return on operating revenue, return on invested capital, market segment shares, costs, expenses, regulatory body approval for commercialization of a product or implementation or completion of critical projects. Any of these qualifying performance criteria may be measured either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group or index, in each case as specified by the compensation committee in the award. The maximum number of shares that may be subject to performance-based awards that may be granted to any participant in any calendar year is 2,000,000 shares and the maximum aggregate amount of cash that may be payable to a participant under the performance-based awards granted to a participant in any year that are cash-based awards is \$10,000,000.

The compensation committee may appropriately adjust any evaluation of performance under the qualifying performance criteria to exclude any of the following events that occurs during a performance period: asset write-downs, litigation or claim judgments or settlements, the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, accruals for reorganization and restructuring programs and any extraordinary nonrecurring items as determined under generally acceptable accounting principles and/or disclosed

in managements' discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year, to exclude the dilutive effects of acquisitions or joint ventures, to assume that any business divested by the Company achieved performance objectives at targeted levels during the balance of a performance period following such divestiture, to exclude the effect of any change in the outstanding shares of common stock of the Company by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distributions to common stockholders other than regular cash dividends, to exclude the effects of stock based compensation and the award of bonuses under the Company's bonus plans; and to exclude costs incurred in connection with potential acquisitions or divestitures that are required to be expensed under generally accepted accounting principles, in each case within the time prescribed by, and otherwise in compliance with, Section 162(m).

The compensation committee shall determine the qualifying performance criteria not later than the 90th day of the performance period, and shall determine and certify, for each participant, the extent to which the qualifying performance criteria have been met. The compensation committee may not increase the amount of compensation payable under the award upon the attainment of a pre-established qualifying performance goal to a participant who is a “covered employee” within the meaning of Section 162(m).

Amendment and Termination. The 2012 Plan terminates automatically on July 19, 2022, unless terminated earlier by the board of directors. Our board of directors may amend or terminate the plan at any time, subject to stockholder approval where required by applicable law. Any amendment or termination may not materially impair the rights of holders of outstanding awards without their consent.

Types of Awards.

Stock options – A stock option is the right to purchase a certain number of shares of stock, at a certain exercise price, in the future. Under our 2012 Plan, incentive stock options and nonstatutory options must be granted with an exercise price of at least 100% of the fair market value of our common stock on the date of grant. Incentive stock options granted to any holder of more than 10% of the voting shares of our company must have an exercise price of at least 110% of the fair market value of our common stock on the date of grant. On April 30, 2015, the fair market value of our common stock was \$2.97 per share based on the closing sales price reported on the NASDAQ Global Market. No incentive stock option can be granted to an employee if as a result of the grant, the employee would have the right in any calendar year to exercise for the first time one or more incentive stock options for shares having an aggregate fair market value in excess of \$100,000. The stock option agreement specifies the date when all or any installment of the option is to become exercisable. We expect that 1/4th of the total number of shares subject to any options granted under the 2012 Plan will vest and become exercisable 12 months after the vesting commencement date for options granted, and the remaining options will vest and become exercisable at a rate of 1/48th of the total number of shares subject to the options each month thereafter. Each stock option agreement sets forth the term of the options, which is prohibited from exceeding ten years (five years in the case of an incentive stock option granted to any holder of more than 10% of our voting shares), and the extent to which the optionee will have the right to exercise the option following termination of the optionee’s service with the company. Payment of the exercise price may be made in cash or cash equivalents or, if provided for in the stock option agreement evidencing the award, (i) by surrendering, or attesting to the ownership of, shares which have already been owned by the optionee, (ii) by delivery of an irrevocable direction to a securities broker to sell shares and to deliver all or part of the sale proceeds to us in payment of the aggregate exercise price, (iii) by delivery of an irrevocable direction to a securities broker or lender to pledge shares and to deliver all or part of the loan proceeds to us in payment of the aggregate exercise price, (iv) by a “net exercise” arrangement, (v) by delivering a full-recourse promissory note or (vi) by any other form that is consistent with applicable laws, regulations and rules.

Restricted stock – Restricted stock is a share award that may be subject to vesting conditioned upon continued service, the achievement of performance objectives or the satisfaction of any other condition as specified in a restricted stock agreement. Participants who are granted restricted stock awards generally have all of the rights of a stockholder with respect to such stock, other than the right to transfer such stock prior to vesting. Subject to the terms of the 2012 Plan, our compensation committee will determine the terms and conditions of any restricted stock award, including any vesting arrangement, which will be set forth in a restricted stock agreement to be entered into between us and each recipient. Restricted stock may be awarded for such consideration as our compensation committee may determine, including without limitation cash, cash equivalents, full-recourse promissory notes, future services or services rendered prior to the award, without cash payment by the recipient.

Stock units – Stock units give recipients the right to acquire a specified number of shares of stock at a future date upon the satisfaction of certain conditions, including any vesting arrangement, established by our compensation committee and as set forth in a stock unit agreement. Unlike restricted stock, the stock underlying stock units will not be issued until the stock units have vested and are settled, and recipients of stock units generally will have no voting or dividend rights prior to the time the vesting conditions are satisfied and the award is settled. Our compensation committee may elect to settle vested stock units in cash or in common stock or in a combination of cash and common stock. Subject to

the terms of the 2012 Plan, our compensation committee will determine the terms and conditions of any stock unit award, which will be set forth in a stock unit agreement to be entered into between us and each recipient.

Stock appreciation rights – Stock appreciation rights typically will provide for payments to the recipient based upon increases in the price of our common stock over the exercise price of the stock appreciation right. The exercise price of a stock appreciation right will be determined by our compensation committee, which shall not be less than the fair

market value of our common stock on the date of grant. Our compensation committee may elect to pay stock appreciation rights in cash or in common stock or in a combination of cash and common stock.

Cash-based awards – Cash-based awards may be granted in such number or amount and upon such terms, and subject to such conditions, as the compensation committee shall determine at the time of grant. Payment, if any, with respect to a cash-based award shall be made in accordance with the terms of the award agreement and may be made in cash or in shares, as the compensation committee determines.

Certain United States Federal Income Tax Consequences to Recipients of Awards

The following is a summary of certain United States federal income tax consequences to recipients of awards under the 2012 Plan and is for general information purposes only. This summary is based on the United States federal income tax laws now in effect, and as currently interpreted, and does not take into account possible changes in such laws or interpretations. Furthermore, this summary is not intended to be exhaustive and, among other considerations, does not describe state, local or foreign tax consequences. This summary does not consider the United States federal income tax consequences to recipients in light of their individual circumstances or to recipients subject to special treatment under the federal income tax laws. This summary is not intended as tax advice to any person and recipients of awards should consult their own tax advisors for any federal, state, local and foreign tax effects on their individual circumstances.

Recipients who receive incentive stock options will be subject to taxation only upon the sale of the common stock acquired upon exercise of the incentive stock option, unless the recipient is subject to the alternative minimum tax at the time of exercise. Upon such a sale, the entire difference between the amount realized upon the sale and the exercise price of the option will be taxable to the optionee. Subject to certain holding period requirements, such difference will be taxed as a capital gain rather than as ordinary income.

Recipients who receive nonstatutory stock options or stock appreciation rights will be subject to taxation upon exercise of such options or stock appreciation rights on the spread between the fair market value of the common stock on the date of exercise and the exercise price of such options or stock appreciation right. This spread is treated as ordinary income to the recipient, and the Company is permitted to deduct as a compensation expense a corresponding amount. Nonstatutory stock options and stock appreciation rights do not give rise to a tax preference item subject to the alternative minimum tax.

Recipients who receive restricted stock subject to a substantial risk of forfeiture will be subject to taxation on income equal to the excess of the fair market value over the price paid (if any) only at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the date of grant). Recipients who receive restricted stock units or cash-based awards are generally subject to tax at the time of settlement or payment, as applicable. In each of the foregoing cases, the Company will generally have a corresponding deduction at the time the participant recognizes income.

Awards under the 2012 Plan are generally intended to be exempt from Section 409A of the Code. However, any awards that do provide for a deferral of compensation and are not exempt from Section 409A of the Code, will be subject to certain requirements with respect to deferral and distribution elections and events. If an award is subject to and fails to satisfy the requirements of Section 409A of the Code, the recipient of that award will be subject to an additional 20% federal income tax and additional state taxes as applicable and will recognize ordinary income on the vested, deferred amounts under the award, even if the award is not yet paid.

If an award is accelerated under the 2012 Plan in connection with a “change in control” (as this term is used under the Code), the Company may not be permitted to deduct the portion of the compensation attributable to the acceleration if it exceeds certain threshold limits under the Code (and certain related excise taxes may be triggered). Furthermore, the aggregate compensation in excess of \$1,000,000 attributable to awards that are not “performance-based” within the

meaning of Section 162(m) may not be permitted to be deducted by the Company in certain circumstances.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE 2012 PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A SERVICE PROVIDER'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE SERVICE PROVIDER MAY RESIDE.

Specific Plan Benefits Under the 2012 Plan

Past Plan Benefits under the 2012 Plan. The following table shows information regarding the previous grants of shares under this 2012 Plan (including shares subject to awards that expired or terminated without have been exercised or paid and thus became available for new award grants under the 2012 Plan) among the persons and groups identified below.

New Plan Benefits under the 2012 Plan. The grant of additional awards under the 2012 Plan in the future and the nature of any such awards are subject to the discretion of the compensation committee (or, in the case of awards to executive officers or directors, the board of directors). Accordingly, it is not possible to determine the number, amount and type of future awards to be received by or allocated to eligible named executive officers, non-employee directors and other employees as a result of the proposed amendment and restatement except with respect to certain performance-based restricted stock unit awards approved by the board of directors on March 26, 2015. At its meeting of March 17, 2015, the compensation committee recommended to the board of directors performance-based restricted stock unit awards to our executive officers covering 150,000 shares that will be issued under the 2012 Plan. The board of directors approved these restricted stock unit awards for our executive officers, subject to the Company's stockholders approving the amendment and restatement of the 2012 Plan at the Annual Meeting. These awards will vest as to 50% of the covered shares in March 2016 and as to 25% of the covered shares in each of March 2017 and March 2018, but only if the holder remains in continuous service to the Company through the applicable vesting date and the Company reaches certain performance goals in fiscal year 2015 relating to revenue and adjusted earnings before interest, taxes, depreciations and adjustments determined consistently with Adjusted EBITDA in fiscal-year 2014. The number of shares covered by the award and eligible for vesting is determined by the Company's performance relative to pre-established threshold and target levels for the foregoing 2015 fiscal year performance goals. The following table shows the amount of restricted stock awards to our executive officers that are contingent on stockholder approval of the 2012 Plan.

Name and Position	Market Value of Restricted Stock Units \$(1)	Number of shares subject to Restricted Stock Units (2)

(1) Represents the fair value of performance-based awards as of the grant date calculated in accordance with ASC 718 based on achievement of the target performance level, the grant date value of our common stock of \$3.37 per share and excluding any estimate of future forfeitures. Regardless of the value on the grant date, the actual value that may be recognized by the executive officers will depend on the number of shares issued under an award and the market value of our common stock on a future date when an award vests.

(2) Represents the number of shares based on achievement of the target performance level. The actual number of the shares issued under these awards, if any, is based upon achieving pre-determined performance conditions.

PROPOSAL 3 — RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2015

Based upon its review of KPMG LLP's ("KPMG") qualifications, independence and performance, the audit committee of our board of directors has appointed KPMG to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2015. Representatives of KPMG are expected to attend the Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The appointment of our independent registered public accounting firm is not required to be submitted for ratification by the stockholders. However, as a matter of proper corporate governance, the audit committee is submitting its appointment of KPMG as the Company's independent registered public accounting firm for 2015 for ratification by our stockholders.

If our stockholders fail to ratify the appointment of KPMG, the audit committee may reconsider whether to retain KPMG, and may continue to retain that firm or appoint another firm without resubmitting the matter to our stockholders. GENERAL INFORMATION

Stockholder Proposals for the 2016 Annual Meeting

Stockholder proposals for inclusion in the proxy materials for the 2016 annual meeting must be received at our principal executive offices not more than 120 days, or February 18, 2016, nor less than 90 days, or March 19, 2016, prior to the first anniversary date of our 2015 Annual Meeting of Stockholders.

In addition, our bylaws provide stockholders who wish to present proposals for action, or to nominate directors, at our next annual meeting of stockholders (that is, the next annual meeting following the annual meeting to which this proxy statement relates) must give written notice thereof to our Secretary at the address set forth on the cover page of this proxy statement in accordance with the provisions of our bylaws, which require that such notice be given not more than 120 days nor less than 90 days prior to the first anniversary of the date of the preceding annual meeting of stockholders. In the event the date of the 2016 annual meeting is more than 30 days before or 60 days after the anniversary date of the 2015 Annual Meeting, in order for a notice to be timely, it must be delivered not later than the close of business on the later of the 90th day prior to the 2016 annual meeting or the close of business on the 10th day following the day on which we first publicly announce the date of the 2016 annual meeting.

Annual Report and Financial Statements

A copy of our 2014 Annual Report to Stockholders, which includes our financial statements for the year ended December 31, 2014, is enclosed with this proxy statement and other voting materials.

Section 16(a) Beneficial Ownership Reporting Compliance

Under U.S. securities laws, directors, certain executive officers and any person holding more than 10% of our common stock must report their initial ownership of the common stock and any changes in that ownership to the SEC. The SEC has designated specific due dates for these reports and we must identify in this proxy statement those persons who did not file these reports when due. Based solely on our review of copies of the reports filed with the SEC and written representations of our directors and executive officers, we believe all persons subject to reporting filed the required reports on time in 2014.

Stockholders Sharing the Same Last Name and Address

To reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding our stock but who share the same address, we have adopted a procedure approved by the SEC called "householding." Under this procedure, certain stockholders of record who have the same address and last name will receive only one copy of our proxy materials until such time as one or more of these stockholders notifies us that they want to receive separate copies. This procedure reduces duplicate mailings and saves printing costs and postage fees, as well as natural resources. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you receive a single set of proxy materials as a result of householding, and you would like to have separate copies of our annual report or proxy statement mailed to you, please submit a request to our Secretary or call (925) 960-4800, and we will promptly send you what you have requested. You can also contact our Secretary at the phone number above if you received multiple copies of the annual meeting materials and would prefer to receive a single copy in the future, or if you would like to opt out of householding for future mailings.

PERFORMANT FINANCIAL CORPORATION
AMENDED AND RESTATED 2012 STOCK INCENTIVE PLAN
SECTION 1. ESTABLISHMENT AND PURPOSE.

The Plan was originally adopted by the Board of Directors on July 20, 2012, and amended and restated by the Board of Directors on April 16, 2015 and May 11, 2015. The purpose of the Plan is to promote the long-term success of the Company and the creation of stockholder value by (a) encouraging Employees, Outside Directors and Consultants to focus on critical long-range objectives, (b) encouraging the attraction and retention of Employees, Outside Directors and Consultants with exceptional qualifications and (c) linking Employees, Outside Directors and Consultants directly to stockholder interests through increased stock ownership. The Plan seeks to achieve this purpose by providing for Awards in the form of restricted shares, stock units, options (which may constitute incentive stock options or nonstatutory stock options) or stock appreciation rights.

SECTION 2. DEFINITIONS.

- (a) "Affiliate" shall mean any entity other than a Subsidiary, if the Company and/or one or more Subsidiaries own not less than 50% of such entity.
- (b) "Award" shall mean any award of an Option, a SAR, a Restricted Share or a Stock Unit or a Cash-Based Award under the Plan.
- (c) "Board of Directors" shall mean the Board of Directors of the Company, as constituted from time to time.
- (d) "Cash-Based Award" shall mean an Award that entitles the Participant to receive a cash-denominated payment.
- (e) "Change in Control" shall mean the occurrence of any of the following events:
 - (i) A change in the composition of the Board of Directors occurs, as a result of which fewer than one-half of the incumbent directors are directors who either:
 - (A) Had been directors of the Company on the "look-back date" (as defined below) (the "original directors"); or
 - (B) Were elected, or nominated for election, to the Board of Directors with the affirmative votes of at least a majority of the aggregate of the original directors who were still in office at the time of the election or nomination and the directors whose election or nomination was previously so approved (the "continuing directors");provided, however, that for this purpose, the "original directors" and "continuing directors" shall not include any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board of Directors; or

- Any “person” (as defined below) who by the acquisition or aggregation of securities, is or becomes the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company’s then outstanding securities ordinarily (and apart from rights accruing under special circumstances) having the right to vote at elections of directors (the “Base Capital Stock”); except that any change in the relative beneficial ownership of the Company’s securities by any person resulting solely from a reduction in the aggregate number of outstanding shares of Base Capital Stock, and any decrease thereafter in such person’s ownership of securities, shall be disregarded until such person increases in any manner, directly or indirectly, such person’s beneficial ownership of any securities of the Company; or
- The consummation of a merger or consolidation of the Company or a Subsidiary of the Company with or into another entity or any other corporate reorganization, if persons who were not stockholders of the Company immediately prior to such merger, consolidation or other reorganization own immediately after such merger, consolidation or other reorganization 50% or more of the voting power of the outstanding securities of each of (A) the Company (or its successor) and (B) any direct or indirect parent corporation of the Company (or its successor); or

- Any other provision of this Section 2(e) notwithstanding, a transaction shall not constitute a Change in Control if its sole purpose is to change the state of the Company’s incorporation or to create a holding company that will be owned in substantially the same proportions by the persons who held the Company’s securities immediately before such transaction, and a Change in Control shall not be deemed to occur if the Company files a registration statement with the United States Securities and Exchange Commission for the initial or secondary public offering of securities or debt of the Company to the public.

 - (m) “Fair Market Value” with respect to a Share, shall mean the market price of one Share, determined by the Committee as follows:
 - If the Stock was traded over-the-counter on the date in question, then the Fair Market Value shall be equal to the last transaction price quoted for such date by the OTC Bulletin Board or, if not so quoted, shall be equal to the (i) mean between the last reported representative bid and asked prices quoted for such date by the principal automated inter-dealer quotation system on which the Stock is quoted or, if the Stock is not quoted on any such system, by the Pink Quote system;

SECTION 3. ADMINISTRATION.

Committee Composition. The Plan shall be administered by a Committee appointed by the Board of Directors or by the Board of Directors acting as the Committee. The Committee shall consist of two or more directors of the Company. In addition, to the extent required by the Board of Directors, the composition of the Committee shall (a) satisfy (i) such requirements as the Securities and Exchange Commission may establish for administrators acting under plans intended to qualify for exemption under Rule 16b-3 (or its successor) under the Exchange Act; and (ii) such requirements as the Internal Revenue Service may establish for outside directors acting under plans intended to qualify for exemption under Section 162(m)(4)(C) of the Code.

Committee for Non-Officer Grants. The Board of Directors may also appoint one or more separate committees of the Board of Directors, each composed of one or more directors of the Company who need not satisfy the requirements of Section 3(a), who may administer the Plan with respect to Employees who are not considered officers or directors of the Company under Section 16 of the Exchange Act, may grant Awards under the Plan to (b) such Employees and may determine all terms of such grants. Within the limitations of the preceding sentence, any reference in the Plan to the Committee shall include such committee or committees appointed pursuant to the preceding sentence. To the extent permitted by applicable laws, the Board of Directors may also authorize one or more officers of the Company to designate Employees, other than officers under Section 16 of the Exchange Act, to receive Awards and/or to determine the number of such

Amended and Restated 2012 Stock Incentive Plan

Awards to be received by such persons; provided, however, that the Board of Directors shall specify the total number of Awards that such officers may so award.

Committee Procedures. The Board of Directors shall designate one of the members of the Committee as chairman.

(c) The Committee may hold meetings at such times and places as it shall determine. The acts of a majority of the Committee members present at meetings at which a quorum exists, or acts reduced to or approved in writing (including via email) by all Committee members, shall be valid acts of the Committee.

(d) Committee Responsibilities. Subject to the provisions of the Plan, the Committee shall have full authority and discretion to take the following actions:

(v) To interpret the Plan and to apply its provisions;

(vi) To adopt, amend or rescind rules, procedures and forms relating to the Plan;

(vii) To adopt, amend or terminate sub-plans established for the purpose of satisfying applicable foreign laws including qualifying for preferred tax treatment under applicable foreign tax laws;

(viii) To authorize any person to execute, on behalf of the Company, any instrument required to carry out the purposes of the Plan;

(ix) To determine when Awards are to be granted under the Plan;

(x) To select the Offerees and Optionees;

(xi) To determine the type of Award and the number of Shares or amount of cash to be made subject to each Award; To prescribe the terms and conditions of each Award, including (without limitation) the Exercise Price and Purchase Price, and the vesting or duration of the Award (including accelerating the vesting of Awards, either at (xii) the time of the Award or thereafter, without the consent of the Participant), to determine whether an Option is to be classified as an ISO or as a Nonstatutory Option, and to specify the provisions of the agreement relating to such Award;

(xiii) To amend any outstanding Award agreement, subject to applicable legal restrictions and to the consent of the Participant if the Participant's rights or obligations would be materially impaired;

(xiv) To prescribe the consideration for the grant of each Award or other right under the Plan and to determine the sufficiency of such consideration;

(xv) To determine the disposition of each Award or other right under the Plan in the event of a Participant's divorce or dissolution of marriage;

Performant Financial Corporation

Amended and Restated 2012 Stock Incentive Plan

- (xvi) To determine whether Awards under the Plan will be granted in replacement of other grants under an incentive or other compensation plan of an acquired business;
- (xvii) To correct any defect, supply any omission, or reconcile any inconsistency in the Plan or any Award agreement;
- (xviii) To establish or verify the extent of satisfaction of any performance goals or other conditions applicable to the grant, issuance, exercisability, vesting and/or ability to retain any Award; and
- (xix) To take any other actions deemed necessary or advisable for the administration of the Plan.

Subject to the requirements of applicable law, the Committee may designate persons other than members of the Committee to carry out its responsibilities and may prescribe such conditions and limitations as it may deem appropriate, except that the Committee may not delegate its authority with regard to the selection for participation of or the granting of Awards under the Plan to persons subject to Section 16 of the Exchange Act. All decisions, interpretations and other actions of the Committee shall be final and binding on all Participants and all persons deriving their rights from a Participant. No member of the Committee shall be liable for any action that he has taken or has failed to take in good faith with respect to the Plan or any Award under the Plan.

- (e) Amendment or Cancellation and Re-grant of Stock Awards. Notwithstanding any contrary provision of the Plan, neither the Board of Directors nor any Committee, nor their designees, shall have the authority to: (i) amend the terms of outstanding Options or SARs to reduce the Exercise Price thereof, or (ii) cancel outstanding Options or SARs with an Exercise Price above the current Fair Market Value per Share in exchange for another Option, SAR or other Award, unless the stockholders of the Company have previously approved such an action or such action relates to an adjustment pursuant to Section 12.

SECTION 4. ELIGIBILITY.

- (a) General Rule. Only common-law employees of the Company, a Parent or a Subsidiary shall be eligible for the grant of ISOs. Only Employees, Consultants and Outside Directors shall be eligible for the grant of Restricted Shares, Stock Units, Nonstatutory Options, SARs or Cash-Based Awards.

- (b) Ten-Percent Stockholders. An Employee who owns more than 10% of the total combined voting power of all classes of outstanding stock of the Company, a Parent or Subsidiary shall not be eligible for the grant of an ISO unless such grant satisfies the requirements of Section 422(c)(5) of the Code.

- (c) Attribution Rules. For purposes of Section 4(b) above, in determining stock ownership, an Employee shall be deemed to own the stock owned, directly or indirectly, by or for such Employee's brothers, sisters, spouse, ancestors and lineal descendants. Stock owned,

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

directly or indirectly, by or for a corporation, partnership, estate or trust shall be deemed to be owned proportionately by or for its stockholders, partners or beneficiaries.

Outstanding Stock. For purposes of Section 4(b) above, “outstanding stock” shall include all stock actually issued (d) and outstanding immediately after the grant. “Outstanding stock” shall not include shares authorized for issuance under outstanding options held by the Employee or by any other person.

SECTION 5. STOCK SUBJECT TO PLAN.

Basic Limitation. Shares offered under the Plan shall be authorized but unissued Shares or treasury Shares. The aggregate number of Shares authorized for issuance as Awards under the Plan shall not exceed 6,550,000 (the “Absolute Share Limit”). The number of Shares that may be delivered in the aggregate pursuant to the exercise of ISOs granted under the Plan shall not exceed the Absolute Share Limit plus, to the extent allowable under Section (a) 422 of the Code and the Treasury Regulations promulgated thereunder, any Shares that become available for issuance under the Plan pursuant to Section 5(c). The limitations of this Section 5(a) shall be subject to adjustment pursuant to Section 12. The number of Shares that are subject to Options or other Awards outstanding at any time under the Plan shall not exceed the number of Shares which then remain available for issuance under the Plan. The Company shall at all times reserve and keep available sufficient Shares to satisfy the requirements of the Plan.

Section 162(m) Award Limitation. Notwithstanding any contrary provisions of the Plan, and subject to the provisions of Section 12, with respect to any Option or SAR that is intended to qualify as “performance-based compensation” under Section 162(m) of the Code, no Participant may receive Options or SARs under the Plan in any calendar year that relate to an aggregate of more than 2,000,000 Shares. To the extent required by Section (b) 162(m) of the Code or the regulations thereunder, in applying the foregoing limitation with respect to a Participant, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Participant. For this purpose, the repricing of an Option or SAR shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

Additional Shares. If Restricted Shares or Shares issued upon the exercise of Options are forfeited, then such Shares shall again become available for Awards under the Plan. If Stock Units, Options or SARs are forfeited or terminate for any reason before being exercised or settled, or an Award is settled in cash without the delivery of Shares to the holder, then any Shares subject to the Award shall again become available for Awards under the Plan. (c) Only the number of Shares (if any) actually issued in settlement of Awards (and not forfeited) shall reduce the number available in Section 5(a) and the balance shall again become available for Awards under the Plan. Any Shares withheld to satisfy the grant or exercise price or tax withholding obligation pursuant to any Award shall again become available for Awards under the Plan. Notwithstanding the foregoing provisions of this Section 5(c), Shares that have actually been issued shall not again

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

become available for Awards under the Plan, except for Shares that are forfeited and do not become vested.

SECTION 6. RESTRICTED SHARES.

Restricted Stock Agreement. Each grant of Restricted Shares under the Plan shall be evidenced by a Restricted Stock Agreement between the recipient and the Company. Such Restricted Shares shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various Restricted Stock Agreements entered into under the Plan need not be identical.

(a) Payment for Awards. Restricted Shares may be sold or awarded under the Plan for such consideration as the Committee may determine, including (without limitation) cash, cash equivalents, full-recourse promissory notes, past services and future services.

(b) Vesting. Each Award of Restricted Shares may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Restricted Stock Agreement. A Restricted Stock Agreement may provide for accelerated vesting in the event of the Participant's death, disability or retirement or other events. The Committee may determine, at the time of granting Restricted Shares or thereafter, that all or part of such Restricted Shares shall become vested in the event that a Change in Control occurs with respect to the Company.

(c) Voting and Dividend Rights. The holders of Restricted Shares awarded under the Plan shall have the same voting, dividend and other rights as the Company's other stockholders. A Restricted Stock Agreement, however, may require that the holders of Restricted Shares invest any cash dividends received in additional Restricted Shares.

Such additional Restricted Shares shall be subject to the same conditions and restrictions as the Award with respect to which the dividends were paid.

(d) Restrictions on Transfer of Shares. Restricted Shares shall be subject to such rights of repurchase, rights of first refusal or other restrictions as the Committee may determine. Such restrictions shall be set forth in the applicable Restricted Stock Agreement and shall apply in addition to any general restrictions that may apply to all holders of Shares.

SECTION 7. TERMS AND CONDITIONS OF OPTIONS.

Stock Option Agreement. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Committee deems appropriate for inclusion in a Stock Option Agreement. The Stock Option Agreement shall specify whether the Option is an ISO or an NSO. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical.

(a) Number of Shares. Each Stock Option Agreement shall specify the number of Shares that are subject to the Option and shall provide for the adjustment of such number in accordance with Section 12.

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

Exercise Price. Each Stock Option Agreement shall specify the Exercise Price. The Exercise Price of an ISO shall not be less than 100% of the Fair Market Value of a Share on the date of grant, except as otherwise provided in 4(c), and the Exercise Price of an NSO shall not be less 100% of the Fair Market Value of a Share on the date of grant. Notwithstanding the foregoing, Options may be granted with an Exercise Price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code. Subject to the foregoing in this Section 7(c), the Exercise Price under any Option shall be determined by the Committee in its sole discretion. The Exercise Price shall be payable in one of the forms described in Section 8.

Withholding Taxes. As a condition to the exercise of an Option, the Optionee shall make such arrangements as the Committee may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such exercise. The Optionee shall also make such arrangements as the Committee may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with the disposition of Shares acquired by exercising an Option.

Exercisability and Term. Each Stock Option Agreement shall specify the date when all or any installment of the Option is to become exercisable. The Stock Option Agreement shall also specify the term of the Option; provided that the term of an ISO shall in no event exceed 10 years from the date of grant (five years for ISOs granted to Employees described in Section 4(b)). A Stock Option Agreement may provide for accelerated exercisability in the event of the Optionee's death, disability, or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the Optionee's Service. Options may be awarded in combination with SARs, and such an Award may provide that the Options will not be exercisable unless the related SARs are forfeited. Subject to the foregoing in this Section 7(e), the Committee at its sole discretion shall determine when all or any installment of an Option is to become exercisable and when an Option is to expire.

Exercise of Options. Each Stock Option Agreement shall set forth the extent to which the Optionee shall have the right to exercise the Option following termination of the Optionee's Service with the Company and its Subsidiaries, and the right to exercise the Option of any executors or administrators of the Optionee's estate or any person who has acquired such Option(s) directly from the Optionee by bequest or inheritance. Such provisions shall be determined in the sole discretion of the Committee, need not be uniform among all Options issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination of Service.

Effect of Change in Control. The Committee may determine, at the time of granting an Option or thereafter, that such Option shall become exercisable as to all or part of the Shares subject to such Option in the event that a Change in Control occurs with respect to the Company.

No Rights as a Stockholder. An Optionee, or a transferee of an Optionee, shall have no rights as a stockholder with respect to any Shares covered by his Option until the date of

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

the issuance of a stock certificate for such Shares. No adjustments shall be made, except as provided in Section 12.

Modification, Extension and Renewal of Options. Within the limitations of the Plan, the Committee may modify, extend or renew outstanding options or may accept the cancellation of outstanding options (to the extent not previously exercised), whether or not granted hereunder, in return for the grant of new Options

- (i) for the same or a different number of Shares and at the same or a different Exercise Price, or in return for the grant of a different Award for the same or a different number of Shares. The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, materially impair his or her rights or obligations under such Option.

Restrictions on Transfer of Shares. Any Shares issued upon exercise of an Option shall be subject to such special forfeiture conditions, rights of repurchase, rights of first refusal and other transfer restrictions as the Committee

- (j) may determine. Such restrictions shall be set forth in the applicable Stock Option Agreement and shall apply in addition to any general restrictions that may apply to all holders of Shares. SECTION 8. PAYMENT FOR SHARES.

General Rule. The entire Exercise Price or Purchase Price of Shares issued under the Plan shall be payable in

- (a) lawful money of the United States of America at the time when such Shares are purchased, except as provided in Section 8(b) through Section 8(g) below.

Surrender of Stock. To the extent that a Stock Option Agreement so provides, payment may be made all or in part by surrendering, or attesting to the ownership of, Shares which have already been owned by the Optionee or his

- (b) representative. Such Shares shall be valued at their Fair Market Value on the date when the new Shares are purchased under the Plan. The Optionee shall not surrender, or attest to the ownership of, Shares in payment of the Exercise Price if such action would cause the Company to recognize compensation expense (or additional compensation expense) with respect to the Option for financial reporting purposes.

Services Rendered. At the discretion of the Committee, Shares may be awarded under the Plan in consideration of services rendered to the Company or a Subsidiary. If Shares are awarded without the payment of a Purchase Price

- (c) in cash, the Committee shall make a determination (at the time of the Award) of the value of the services rendered by the Offeree and the sufficiency of the consideration to meet the requirements of Section 6(b).

Cashless Exercise. To the extent that a Stock Option Agreement so provides, payment may be made all or in part

- (d) by delivery (on a form prescribed by the Committee) of an irrevocable direction to a securities broker to sell Shares and to deliver all or part of the sale proceeds to the Company in payment of the aggregate Exercise Price.
- Exercise/Pledge. To the extent that a Stock Option Agreement so provides, payment may be made all or in part by
- (e) delivery (on a form prescribed by the Committee) of an irrevocable direction to a securities broker or lender to pledge Shares, as security for a loan, and to deliver all or part of the loan proceeds to the Company in payment of the aggregate Exercise Price.

Performant Financial Corporation

Amended and Restated 2012 Stock Incentive Plan

(f) Net Exercise. To the extent that a Stock Option Agreement so provides, by a “net exercise” arrangement pursuant to which the number of Shares issuable upon exercise of the Option shall be reduced by the largest whole number of Shares having an aggregate Fair Market Value that does not exceed the aggregate exercise price (plus tax withholdings, if applicable) and any remaining balance of the aggregate exercise price (and/or applicable tax withholdings) not satisfied by such reduction in the number of whole Shares to be issued shall be paid by the Optionee in cash other form of payment permitted under the Stock Option Agreement.

 Promissory Note. To the extent that a Stock Option Agreement or Restricted Stock Agreement so provides, (g) payment may be made all or in part by delivering (on a form prescribed by the Company) a full-recourse promissory note.

(h) Other Forms of Payment. To the extent that a Stock Option Agreement or Restricted Stock Agreement so provides, payment may be made in any other form that is consistent with applicable laws, regulations and rules.

 Limitations under Applicable Law. Notwithstanding anything herein or in a Stock Option Agreement or Restricted (i) Stock Agreement to the contrary, payment may not be made in any form that is unlawful, as determined by the Committee in its sole discretion.

SECTION 9. STOCK APPRECIATION RIGHTS.

 SAR Agreement. Each grant of a SAR under the Plan shall be evidenced by a SAR Agreement between the (a) Optionee and the Company. Such SAR shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various SAR Agreements entered into under the Plan need not be identical.

(b) Number of Shares. Each SAR Agreement shall specify the number of Shares to which the SAR pertains and shall provide for the adjustment of such number in accordance with Section 12.

 Exercise Price. Each SAR Agreement shall specify the Exercise Price. The Exercise Price of a SAR shall not be less than 100% of the Fair Market Value of a Share on the date of grant. Notwithstanding the foregoing, SARs may (c) be granted with an Exercise Price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code. Subject to the foregoing in this Section 9(c), the Exercise Price under any SAR shall be determined by the Committee in its sole discretion.

 Exercisability and Term. Each SAR Agreement shall specify the date when all or any installment of the SAR is to become exercisable. The SAR Agreement shall also specify the term of the SAR. A SAR Agreement may provide for accelerated exercisability in the event of the Optionee’s death, disability or retirement or other events and may (d) provide for expiration prior to the end of its term in the event of the termination of the Optionee’s service. SARs may be awarded in combination with Options, and such an Award may provide that the SARs will not be exercisable unless the related Options are forfeited. A SAR may be included in an ISO only at the time of grant but may be included in an NSO

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

at the time of grant or thereafter. A SAR granted under the Plan may provide that it will be exercisable only in the event of a Change in Control.

Effect of Change in Control. The Committee may determine, at the time of granting a SAR or thereafter, that such (e) SAR shall become fully exercisable as to all Common Shares subject to such SAR in the event that a Change in Control occurs with respect to the Company.

Exercise of SARs. Upon exercise of a SAR, the Optionee (or any person having the right to exercise the SAR after his or her death) shall receive from the Company (a) Shares, (b) cash or (c) a combination of Shares and cash, as (f) the Committee shall determine. The amount of cash and/or the Fair Market Value of Shares received upon exercise of SARs shall, in the aggregate, be equal to the amount by which the Fair Market Value (on the date of surrender) of the Shares subject to the SARs exceeds the Exercise Price.

Modification or Assumption of SARs. Within the limitations of the Plan, the Committee may modify, extend or assume outstanding SARs or may accept the cancellation of outstanding SARs (whether granted by the Company or by another issuer) in return for the grant of new SARs for the same or a different number of shares and at the (g) same or a different exercise price, or in return for the grant of a different Award for the same or a different number of Shares. The foregoing notwithstanding, no modification of a SAR shall, without the consent of the holder, materially impair his or her rights or obligations under such SAR.

SECTION 10. STOCK UNITS.

Stock Unit Agreement. Each grant of Stock Units under the Plan shall be evidenced by a Stock Unit Agreement (a) between the recipient and the Company. Such Stock Units shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various Stock Unit Agreements entered into under the Plan need not be identical.

(b) Payment for Awards. Stock Units may be awarded under the Plan for such consideration as the Committee may determine. Cash payment need not be required.

Vesting Conditions. Each Award of Stock Units may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Stock Unit Agreement. A Stock Unit (c) Agreement may provide for accelerated vesting in the event of the Participant's death, disability or retirement or other events. The Committee may determine, at the time of granting Stock Units or thereafter, that all or part of such Stock Units shall become vested in the event that a Change in Control occurs with respect to the Company.

Voting and Dividend Rights. The holders of Stock Units shall have no voting rights. Prior to settlement or forfeiture, any Stock Unit awarded under the Plan may, at the Committee's discretion, carry with it a right to (d) dividend equivalents. Such right entitles the holder to be credited with an amount equal to all cash dividends paid on one Share while the Stock Unit is outstanding. Dividend equivalents may be converted into

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

additional Stock Units. Settlement of dividend equivalents may be made in the form of cash, in the form of Shares, or in a combination of both. Prior to distribution, any dividend equivalents which are not paid shall be subject to the same conditions and restrictions (including without limitation, any forfeiture conditions) as the Stock Units to which they attach.

Form and Time of Settlement of Stock Units. Settlement of vested Stock Units may be made in the form of (a) cash, (b) Shares or (c) any combination of both, as determined by the Committee. The actual number of Stock Units eligible for settlement may be larger or smaller than the number included in the original Award, based on predetermined performance factors. Methods of converting Stock Units into cash may include (without limitation) a method based on the average Fair Market Value of Shares over a series of trading days. A Stock Unit Agreement (e) may provide that vested Stock Units may be settled in a lump sum or in installments. A Stock Unit Agreement may provide that the distribution may occur or commence when all vesting conditions applicable to the Stock Units have been satisfied or have lapsed, or it may be deferred to any later date, subject to compliance with Section 409A. The amount of a deferred distribution may be increased by an interest factor or by dividend equivalents. Until an Award of Stock Units is settled, the number of such Stock Units shall be subject to adjustment pursuant to Section 12.

Death of Recipient. Any Stock Units Award that becomes payable after the recipient's death shall be distributed to the recipient's beneficiary or beneficiaries. Each recipient of a Stock Units Award under the Plan shall designate one or more beneficiaries for this purpose by filing the prescribed form with the Company. A beneficiary designation (f) may be changed by filing the prescribed form with the Company at any time before the Award recipient's death. If no beneficiary was designated or if no designated beneficiary survives the Award recipient, then any Stock Units Award that becomes payable after the recipient's death shall be distributed to the recipient's estate.

Creditors' Rights. A holder of Stock Units shall have no rights other than those of a general creditor of the (g) Company. Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Stock Unit Agreement.

SECTION 11. CASH-BASED AWARDS

The Committee may, in its sole discretion, grant Cash-Based Awards to any Participant in such number or amount and upon such terms, and subject to such conditions, as the Committee shall determine at the time of grant and specify in an applicable Award agreement. The Committee shall determine the maximum duration of the Cash-Based Award, the amount of cash which may be payable pursuant to the Cash-Based Award, the conditions upon which the Cash-Based Award shall become vested or payable, and such other provisions as the Committee shall determine. Each Cash-Based Award shall specify a cash-denominated payment amount, formula or payment ranges as determined by the Committee. Payment, if any, with respect to a Cash-Based Award shall be made in accordance with the terms of the Award and may be made in cash or in shares of Stock, as the Committee determines.

SECTION 12. ADJUSTMENT OF SHARES.

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

- Adjustments. In the event of a subdivision of the outstanding Stock, a declaration of a dividend payable in Shares, a declaration of a dividend payable in a form other than Shares in an amount that has a material effect on the price of
- (a) Shares, a combination or consolidation of the outstanding Stock (by reclassification or otherwise) into a lesser number of Shares, a recapitalization, a spin-off or a similar occurrence, the Committee shall make appropriate and equitable adjustments in:
 - (i) The number of Shares available for future Awards under Section 5;
 - (ii) The limitations set forth in Sections 5(a) and (b) and Section 18;
 - (iii) The number of Shares covered by each outstanding Award; and
 - (iv) The Exercise Price under each outstanding Award.
 - (b) Dissolution or Liquidation. To the extent not previously exercised or settled, Options, SARs and Stock Units shall terminate immediately prior to the dissolution or liquidation of the Company.
- Reorganizations. In the event that the Company is a party to a merger or other reorganization, outstanding Awards
- (c) shall be subject to the agreement of merger or reorganization. Subject to compliance with Section 409A of the Code, such agreement shall provide for:
 - (iv) The continuation of the outstanding Awards by the Company, if the Company is a surviving corporation;
 - (v) The assumption of the outstanding Awards by the surviving corporation or its parent or subsidiary;
 - (vi) The substitution by the surviving corporation or its parent or subsidiary of its own awards for the outstanding Awards;
 - (vii) Immediate vesting, exercisability and settlement of outstanding Awards followed by the cancellation of such Awards upon or immediately prior to the effectiveness of such transaction; or Settlement of the intrinsic value of the outstanding Awards (whether or not then vested or exercisable) in cash or cash equivalents or equity (including cash or equity subject to deferred vesting and delivery consistent with the vesting restrictions applicable to such Awards or the underlying Shares) followed by the cancellation of such Awards (and, for the avoidance of doubt, if as of the date of the occurrence of the transaction the Committee determines in good faith that no amount would have been attained upon the exercise of such Award or realization of the Participant's rights, then such Award may be terminated by the Company without payment); in each case without the Participant's consent. Any acceleration of payment of an amount that is subject to section 409A of the Code will be delayed, if necessary, until the earliest time that such payment would be
 - (viii)

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

permissible under Section 409A without triggering any additional taxes applicable under Section 409A.

The Company will have no obligation to treat all Awards, all Awards held by a Participant, or all Awards of the same type, similarly.

Reservation of Rights. Except as provided in this Section 12, a Participant shall have no rights by reason of any subdivision or consolidation of shares of stock of any class, the payment of any dividend or any other increase or decrease in the number of shares of stock of any class. Any issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or Exercise Price of Shares subject to an Award. The grant of an Award (d) pursuant to the Plan shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, to merge or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets. In the event of any change affecting the Shares or the Exercise Price of Shares subject to an Award, including a merger or other reorganization, for reasons of administrative convenience, the Company in its sole discretion may refuse to permit the exercise of any Award during a period of up to thirty (30) days prior to the occurrence of such event.

SECTION 13. DEFERRAL OF AWARDS.

(a) Committee Powers. Subject to compliance with Section 409A of the Code, the Committee (in its sole discretion) may permit or require a Participant to:

(i) Have cash that otherwise would be paid to such Participant as a result of the exercise of a SAR or the settlement of Stock Units credited to a deferred compensation account established for such Participant by the Committee as an entry on the Company's books;

(ii) Have Shares that otherwise would be delivered to such Participant as a result of the exercise of an Option or SAR converted into an equal number of Stock Units; or

(iii) Have Shares that otherwise would be delivered to such Participant as a result of the exercise of an Option or SAR or the settlement of Stock Units converted into amounts credited to a deferred compensation account established for such Participant by the Committee as an entry on the Company's books. Such amounts shall be determined by reference to the Fair Market Value of such Shares as of the date when they otherwise would have been delivered to such Participant.

General Rules. A deferred compensation account established under this Section 13 may be credited with interest or other forms of investment return, as determined by the Committee. A Participant for whom such an account is (b) established shall have no rights other than those of a general creditor of the Company. Such an account shall represent an unfunded and unsecured obligation of the Company and shall be subject to the terms and conditions of the applicable agreement between such Participant and the Company. If the

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

deferral or conversion of Awards is permitted or required, the Committee (in its sole discretion) may establish rules, procedures and forms pertaining to such Awards, including (without limitation) the settlement of deferred compensation accounts established under this Section 13.

SECTION 14. AWARDS UNDER OTHER PLANS.

The Company may grant awards under other plans or programs. Such awards may be settled in the form of Shares issued under this Plan. Such Shares shall be treated for all purposes under the Plan like Shares issued in settlement of Stock Units and shall, when issued, reduce the number of Shares available under Section 5.

SECTION 15. PAYMENT OF DIRECTOR'S FEES IN SECURITIES.

(a) **Effective Date.** No provision of this Section 15 shall be effective unless and until the Board of Directors has determined to implement such provision.

(b) **Elections to Receive NSOs, SARs, Restricted Shares or Stock Units.** To the extent permitted by the Board of Directors, an Outside Director may elect to receive his or her annual retainer payments and/or meeting fees from the Company in the form of cash, NSOs, SARs, Restricted Shares or Stock Units, or a combination thereof, as determined by the Board of Directors. Alternatively, the Board of Directors may mandate payment in any of such alternative forms. Such NSOs, SARs, Restricted Shares and Stock Units shall be issued under the Plan. An election under this Section 15 shall be filed with the Company on the prescribed form.

(c) **Number and Terms of NSOs, SARs, Restricted Shares or Stock Units.** If permitted or mandated by the Board of Directors, the number of NSOs, SARs, Restricted Shares or Stock Units to be granted to Outside Directors in lieu of annual retainers and meeting fees that would otherwise be paid in cash shall be calculated in a manner determined by the Board of Directors. The terms of such NSOs, SARs, Restricted Shares or Stock Units shall also be determined by the Board of Directors.

SECTION 16. LEGAL AND REGULATORY REQUIREMENTS.

Shares shall not be issued under the Plan unless the issuance and delivery of such Shares complies with (or is exempt from) all applicable requirements of law, including (without limitation) the Securities Act of 1933, as amended, the rules and regulations promulgated thereunder, state securities laws and regulations and the regulations of any stock exchange on which the Company's securities may then be listed, and the Company has obtained the approval or favorable ruling from any governmental agency which the Company determines is necessary or advisable. The Company shall not be liable to a Participant or other persons as to: (a) the non-issuance or sale of Shares as to which the Company has not obtained from any regulatory body having jurisdiction the authority deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares under the Plan; and (b) any tax consequences expected, but not realized, by any Participant or other person due to the receipt, exercise or settlement of any Award granted under the Plan.

SECTION 17. TAXES.

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

General. To the extent required by applicable federal, state, local or foreign law, a Participant or his or her successor shall make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise in connection with the Plan. The Company shall not be required to issue any Shares or make any cash payment under the Plan until such obligations are satisfied.

(a) Share Withholding. The Committee may permit a Participant to satisfy all or part of his or her withholding or income tax obligations by having the Company withhold all or a portion of any Shares that otherwise would be issued to him or her or by surrendering all or a portion of any Shares that he or she previously acquired. Such Shares shall be valued at their Fair Market Value on the date when taxes otherwise would be withheld in cash. In no event may a Participant have Shares withheld that would otherwise be issued to him or her in excess of the number necessary to satisfy the minimum legally required tax withholding.

(b) Section 409A.

Each Award that provides for “nonqualified deferred compensation” within the meaning of Section 409A of the Code shall be subject to such additional rules and requirements as specified by the Committee from time to time in order to comply with Section 409A. If any amount under such an Award is payable upon a “separation from service” (within the meaning of Section 409A) to a Participant who is then considered a “specified employee” (within the meaning of Section 409A), then no such payment shall be made prior to the date that is the earlier of (i) six months and one day after the Participant’s separation from service, or (ii) the Participant’s death, but only to the extent such delay is necessary to prevent such payment from being subject to interest, penalties and/or additional tax imposed pursuant to Section 409A. In addition, the settlement of any such Award may not be accelerated except to the extent permitted by Section 409A.

SECTION 18. OTHER PROVISIONS APPLICABLE TO AWARDS.

Transferability. Unless the agreement evidencing an Award (or an amendment thereto authorized by the Committee) expressly provides otherwise, no Award granted under this Plan, nor any interest in such Award, may be sold, assigned, conveyed, gifted, pledged, hypothecated or otherwise transferred in any manner (prior to the vesting and lapse of any and all restrictions applicable to Shares issued under such Award), other than by will or the laws of descent and distribution; provided, however, that an ISO may be transferred or assigned only to the extent consistent with Section 422 of the Code. Any purported assignment, transfer or encumbrance in violation of this Section 18(a) shall be void and unenforceable against the Company.

(a) Substitution and Assumption of Awards. The Committee may make Awards under the Plan by assumption, substitution or replacement of stock options, stock appreciation rights, stock units or similar awards granted by another entity (including a Parent or Subsidiary), if such assumption, substitution or replacement is in connection with an asset acquisition, stock acquisition, merger, consolidation or similar transaction involving the Company (and/or its Parent or Subsidiary) and such other entity (and/or its affiliate). Notwithstanding any provision of the Plan (other than the maximum number of Shares

Performant Financial Corporation
Amended and Restated 2012 Stock Incentive Plan

that may be issued under the Plan), the terms of such assumed, substituted or replaced Awards shall be as the Committee, in its discretion, determines is appropriate.

Qualifying Performance Criteria. The number of Shares or other benefits granted, issued, retainable and/or vested under an Award may be made subject to the attainment of performance goals. The Committee may utilize any (c) performance criteria selected by it in its sole discretion to establish performance goals; provided, however, that in the case of any Performance Based Award, the following conditions shall apply:

(i) The amount potentially available under an Award shall be subject to the attainment of pre-established, objective performance goals relating to a specified period of service based on one or more of the following performance criteria: (a) cash flow, (b) earnings per share, (c) earnings before interest, taxes and depreciation and amortization, and such additional adjustments, if any, as may be approved by the Board of Directors or the Committee, (d) return on equity, (e) total stockholder return, (f) share price performance, (g) return on capital, (h) return on assets or net assets, (i) revenue, (j) income or net income, (k) operating income or net operating income, (l) operating profit or net operating profit, (m) operating margin or profit margin, (n) return on operating revenue, (o) return on invested capital, (p) market segment shares, (q) costs, (r) expenses, (s) regulatory body approval for commercialization of a product, or (t) implementation or completion of critical projects (“Qualifying Performance Criteria”), any of which may be measured either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or Subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years’ results or to a designated comparison group or index, in each case as specified by the Committee in the Award;

(ii) Unless specified otherwise by the Committee at the time the performance goals are established or otherwise within the time prescribed by Section 162(m) of the Code, the Committee shall appropriately adjust the method of evaluating performance under a Qualifying Performance Criteria for a performance period as follows: (i) to exclude asset write-downs, (ii) to exclude litigation or claim judgments or settlements, (iii) to exclude the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (iv) to exclude accruals for reorganization and restructuring programs, (v) to exclude any extraordinary nonrecurring items as determined under generally accepted accounting principles and/or described in managements’ discussion and analysis of financial condition and results of operations appearing in the Company’s annual report to stockholders for the applicable year, (vi) to exclude the dilutive effects of acquisitions or joint ventures, (vii) to assume that any business divested by the Company achieved performance objectives at targeted levels during the balance of a performance period following such divestiture, (viii) to exclude the effect of any change in the outstanding shares of common stock of the Company by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distributions to common stockholders other than regular cash dividends, (ix) to exclude the effects of stock based compensation and the award of bonuses under the Company’s bonus plans; and (x) to exclude costs incurred in connection with potential acquisitions or divestitures that are required to be

expensed under generally accepted accounting principles, in each case in compliance with Section 162(m);

- (iii) The Committee shall establish the applicable performance goals in writing and an objective method for determining the Award earned by a Participant if the goals are attained, while the outcome is substantially uncertain and not later than the 90th day of the performance period (but in no event after 25% of the period of service with respect to which the performance goals relate has elapsed), and shall determine and certify in writing, for each Participant, the extent to which the performance goals have been met prior to payment or vesting of the Award;
- (iv) The Committee may not in any event increase the amount of compensation payable under the Plan upon the attainment of the pre-established performance goals to a Participant who is a “covered employee” within the meaning of Section 162(m) of the Code; and
- (v) The maximum aggregate number of Shares that may be subject to Performance Based Awards granted to a Participant in any calendar year is 2,000,000 Shares (subject to adjustment under Section 12), and the maximum aggregate amount of cash that may be payable to a Participant under Performance Based Awards granted to a Participant in any calendar year that are Cash-Based Awards is \$10,000,000.
