Settlement Agreement with Los Angeles City Attorney and County, California Attorney General, and Air Resources Board

Southern California Gas Company (SoCalGas, the company), an indirect subsidiary of Sempra Energy, has entered into a settlement agreement with the Los Angeles City Attorney's Office, the County of Los Angeles, the California Office of the Attorney General, and the California Air Resources Board (CARB) (the Government Plaintiffs) to resolve all outstanding claims by those government bodies against the company related to the natural gas leak at the Aliso Canyon natural gas storage facility that the company discovered in October 2015, which was filed in the Los Angeles County Superior Court on August 8, 2018. This settlement also fully resolves SoCalGas' commitment to mitigate the actual natural gas released during the leak. The terms of the \$119.5 million settlement agreement provide for the following:

\$26.5 million - Funding for a program supervised by CARB to provide loans to dairy methane capture and pipeline injection projects in California.

\$7.6 million - Funding for a greenhouse gas (GHG) mitigation reserve account, which can be used by CARB if needed to supplement the funding immediately above. Unused funds in this account will be transferred by CARB to fund environmental projects described immediately below.

\$45.4 million - Funding for local environmental benefit projects of the Government Plaintiffs' choosing. SoCalGas will not control this spending, though we understand one of the projects will include a long-term health study.

\$21 million - Payment of civil penalties.

\$19 million - Reimbursement to Government Plaintiffs for costs associated with their response to the leak.

SoCalGas also agreed to continue its fence line methane monitoring program and hire an independent ombudsman to monitor and report on safety at the facility.

SoCalGas expects to pay the full amount of this settlement in the fourth quarter of 2018. The financial impact of this settlement is fully accrued at June 30, 2018 in SoCalGas' and Sempra Energy's financial results reported on a combined Form 10-Q, filed August 6, 2018.

The settlement requires the approval of the Los Angeles County Superior Court overseeing the cases in the coordinated proceedings.
