EXPLANATORY NOTE

On September 26, 2008, L-1 Identity Solutions, Inc. (the "Registrant") filed an automatic registration statement with the Securities and Exchange Commission on Form S-3 (Registration No. 333-153701, the "Registration Statement") as a well-known seasoned issuer, as defined in Rule 405 of the Securities Act of 1933, as amended, to register the resale of up to 378,000 shares of its common stock by the selling securityholders identified in the accompanying prospectus. Due to recent adverse equity market conditions and a decline in the trading price of the Registrant's common stock, the Registrant does not at this time qualify as a well-known seasoned issuer, and this Post-Effective Amendment No. 1 to Form S-3 is being filed by the Registrant to convert the automatic shelf registration statement on Form S-3 into a non-automatic registration statement on Form S-3. All filing fees payable in connection with the registration of the shares of common stock covered by the Registration Statement were paid by the Registrant at the time of the initial filing of the Registration Statement.

PROSPECTUS

L-1 IDENTITY SOLUTIONS, INC.

378,400 SHARES OF COMMON STOCK, PAR VALUE

\$0.001 PER SHARE

This prospectus relates to offers and sales from time to time by the selling securityholders named herein. Common stock offered hereby has been acquired by the selling securityholders upon exercise of a warrant to purchase shares of our common stock. The warrant was issued to the selling securityholders pursuant to that certain Asset Purchase Agreement, dated as of March 4, 2004 by and among Identix Incorporated (“Identix”), Delean Vision Worldwide, Inc. (“Delean Vision”), Bruno Delean and Nicholas Vandenberghe (“Asset Purchase Agreement”). Pursuant to the Agreement and Plan of Reorganization, dated January 11, 2006, among Viisage Technology Inc. (“Viisage”), our predecessor company, VIDS Acquisition Corp. and Identix, Viisage assumed the obligations to issue shares of its common stock upon exercise of the warrant, subject to an exchange ratio of 0.473 shares of Viisage common stock per share of Identix common stock, resulting in an aggregate amount of up to 378,400 shares of Viisage common stock. Concurrent with our holding company reorganization on May 16, 2007, we assumed the obligations of Viisage under the warrant and agreed to issue up to 378,400 shares of our common stock upon exercise of the warrant. The number of shares of our common stock that may be issuable under the warrant is subject to the final award of certain identified claims in the patent applications purchased pursuant to the Asset Purchase Agreement. As of the date of this prospectus, the warrant has become exercisable with respect to 124,162 shares of our common stock. There is no assurance that additional identified patent claims will be awarded or that any additional shares of common stock reserved for issuance under the warrant will become exercisable.

Our common stock is traded on the New York Stock Exchange, or NYSE, under the symbol “ID.” On March 2, 2009, the last reported sales price of our common stock on the NYSE was \$4.05 per share.

The selling securityholders may sell the shares at various times and in various types of transactions. See “Plan of Distribution.” The prices at which the selling securityholders may sell shares of our common stock will be determined by prevailing market prices or through privately-negotiated transactions. We will not receive any proceeds from the sale of any shares of common stock offered hereby. The warrant is exercisable at a price of \$9.94 per share of common stock. As of the date of this prospectus, we would receive approximately \$1,234,170 if the selling securityholders exercised the warrant for the entire 124,162 shares of our common stock that are now issuable upon the exercise of the warrant. We have paid the fees and expenses incident to the registration of the shares of common stock.

PROSPECTUS SUMMARY

This summary highlights key aspects of our business that are described in more detail in our reports filed with the SEC. This summary does not contain all of the information that you should consider before investing in our common stock. For a more complete understanding of this offering, you should read this entire prospectus carefully, including the “Risk Factors” contained in Part I, Item IA of our Annual Report on Form 10-K for the fiscal year ended December 31, 2008, the consolidated financial statements and the other documents we have filed with the SEC that are incorporated by reference in this prospectus.

Our Company

We are the trusted provider of technology, products, systems and solutions that protect and secure personal identities and assets. Together, our growing portfolio of companies deliver the full range of offerings required for solving the problems associated with managing human identity. These offerings are the cornerstone for building convenient and secure identification solutions. L-1 companies have a 15-year history of serving domestic and international governments, law enforcement and border management agencies, military branches and commercial businesses.

Because of threats to national security and significant economic loss facilitated by identity-based fraud and theft, the market is requiring a more secure and tamper-proof means of validating a claimed identity as well as issuing credentials that grant privileges for travel, physical and logical access to facilities and networks, and performing financial transactions. We believe that the best means available today is through an end-to-end, integrated multi-biometric (finger, face, iris) recognition solution. Our strategy is to provide these products, solutions and services by creating or acquiring the best and most promising technologies and companies in the market today.

We are a leader in multi-modal, state-of-the-art end-to-end solutions with modular components. Through our corporate research center and ongoing development efforts, we remain at the forefront of the latest advances in multi-biometric recognition, imaging and document authentication technology. When used together to form an end-to-end solution, our modular products, services and solutions stand apart as a comprehensive approach to protecting and securing identities.

We offer a full range of biometric solutions, including facial, fingerprint and iris recognition solutions and technologies, both hardware and software based, that enable our customers to deal with a single entity for a wide range of identity applications. Our solutions provide the means to collect, manage and use identity data and enable our customers to manage the entire life cycle of an individual’s identity for a variety of applications including civil identification programs, criminal identification, military applications, homeland security, including border management, and commercial applications. We believe that consumers of identity protection solutions are demanding end-to-end solutions with increased functionality that can solve their spectrum of needs across the identity life cycle. Our objective is to meet those growing needs by continuing to broaden our product and solution offerings, leveraging our existing customer base to provide additional products and services, expanding our customer base both domestically and abroad, and augmenting our competitive position through strategic acquisitions. We also provide comprehensive government consulting, training, security, technology development, and information technology solutions to the U.S. intelligence community.

We operate in two reportable segments: the Identity Solutions segment and the Services segment. The Identity Solutions segment provides credentialing solutions and biometric-based identity solutions to federal agencies, state and local government agencies, including law enforcement and departments of corrections, foreign governments and commercial entities, such as financial, casinos and health care institutions. Customers, depending on their specific needs, may order solutions that include hardware, equipment, consumables, software products or services or combine hardware products, consumables, equipment, software products and services to create a multiple element arrangement. Our Identity Solutions revenues include products and related services, which comprise hardware, components, consumables and software, as well as maintenance, consulting and training services integral to sales of hardware and software. The Services segment provides enrollment services to federal and state government agencies and commercial enterprises, including financial institutions, as well as comprehensive consulting, program

management, information analysis, training, security, technology development and information technology solutions to the U.S. intelligence community. Depending upon customer needs, our services can be bundled with identity solution, product and services offerings to create multiple element arrangements.

Our Identity Solutions and Services offerings have four main areas of focus:

- Credentialing Solutions, part of our Identity Solutions segment, includes: production of passports, HSPD-12 common access cards, drivers licenses and credential verifications;
- Multi-biometric Solutions, also part of our Identity Solutions segment, includes: sale of fingerprint and palm print scanners, mobile fingerprint scanners, third party digital video cameras with embedded L-1 software, iris based capture devices, integrated multi-biometric (finger, face and iris) devices, biometric access control, automated biometric identification system, system oriented architectural workflow and database management software and multi-modal algorithms including automated fingerprint and palmprint identification systems, automatic facial recognition systems both static (digital photo or mug shot) and dynamic (video) and automated iris recognition systems;
- Enrollment Solutions, includes provision of enrollment stations and software for fingerprinting and facial data collection and processing, which is part of our Identity Solutions segment, and fingerprint services for background checks for federal, state and local governments, which is part of in the Services segment; and
- Intelligence Services, part of our Services segment, provides training, program management, security, technical development and IT support to the intelligence community.

We evaluate our business primarily through operating and financial metrics such as revenues, operating income (loss), and earnings before interest, depreciation and amortization, intangible asset impairments, in-process research and development charges, and stock-based compensation expense and free cash flow.

Our headquarters are located at 177 Broad Street, Stamford, Connecticut 06901, and our telephone number at that address is (203) 504-1100. Our Internet website is <http://www.L1id.com>. All proceeds from the sale of shares of our common stock will be received by the selling securityholders. The warrant is exercisable at a price of \$9.94 per share of common stock. As of the date of this prospectus, we would receive approximately \$1,234,170 if the selling securityholders exercised the warrant for the entire 124,162 shares of our common stock that are now issuable upon the exercise of the warrant.

DIVIDEND POLICY

We currently intend to retain any future earnings to finance the growth, development and expansion of our business. Accordingly, we do not intend to declare or pay any dividends on our common stock for the foreseeable future. The declaration, payment and amount of future dividends, if any, will be at the sole discretion of our board of directors after taking into account various factors, including our financial condition, results of operations, cash flow from operations, and expansion plans. In addition, our credit facility prevents us from paying dividends or making other distributions to our securityholders.

SELLING SECURITYHOLDERS

We are registering for resale of 378,400 shares of our common stock, par value \$0.001 per share, as described below.

Pursuant to the Asset Purchase Agreement, by and among Identix Incorporated, Delean Vision, Bruno Delean and Nicholas Vandenberghe, Delean Vision received partial consideration in the form of a warrant with contingent rights in favor of Delean Vision to purchase up to 800,000 shares of Identix common stock at \$4.70 per share. Delean Vision distributed its rights under the warrant to the selling securityholders. Pursuant to the Agreement and Plan of Reorganization, dated January 11, 2006, among Viisage, our predecessor company, VIDS Acquisition Corp. and Identix, Viisage assumed the obligations to issue shares of its common stock upon exercise of the warrant, subject to an exchange ratio of 0.473 shares of Viisage common stock per share of Identix common stock, resulting in an aggregate amount of up to 378,400 shares of Viisage common stock at a purchase per share to \$9.94 per share. Concurrent with our holding company reorganization on May 16, 2007, we assumed the obligations of Viisage under the warrant and agreed to issue up to 378,400 shares of our common stock upon exercise of the warrant at \$9.94 per share. The selling securityholders' ability to exercise the warrant is tied, in increments, to the final award of certain identified claims in the patent applications purchased pursuant to the Asset Purchase Agreement.

We are registering the shares of common stock to permit the selling securityholders and their pledgees, donees, transferees and other successors-in-interest that receive their shares from the selling securityholders as a gift, partnership distribution or other non-sale related transfer after the date of this prospectus to resell the shares when they deem appropriate. The following table sets forth, among other things, the names of the selling securityholders, the number of shares of common stock owned beneficially by each selling stockholder as of the date of this prospectus and the number of shares of common stock that may be offered pursuant to this prospectus.

This table is prepared based on information supplied to us by the selling securityholders and any public documents filed with the SEC, and assumes the sale of all of the resale shares that have vested. Based upon information provided by the selling securityholders named below, none of the selling securityholders nor any of their affiliates, officers, directors or principal equity holders (5% or more) has held any position or office or has had any other material relationship with us or our affiliates during the past three years.

We do not know how long the selling securityholders will hold the shares before selling them and other than as expressly described above, we currently have no agreements, arrangements or understandings with the selling securityholders regarding the sale of any of the shares. The shares offered by this prospectus may be offered from time to time by the selling securityholders.

The applicable percentage of ownership listed below is based on 86,615,859 shares of common stock outstanding as of December 31, 2008 and assumes the full vesting and exercise of the warrant and the issuance and resale of the shares of our common stock issuable upon exercise of the warrant. The number of shares of our common stock that may be issuable under the warrant is subject to the final award of certain identified claims in the patent applications purchased pursuant to the Asset Purchase Agreement. As of the date of this prospectus, the warrant has become exercisable with respect to 124,162 shares of our common stock. There is no assurance that additional identified patent claims will be awarded or that any additional shares of common stock reserved for issuance under the warrant will become exercisable.

As of December 31, 2008, 86,615,859 of fully paid, non-assessable shares of our common stock were issued and outstanding, held by approximately 829 holders of record and 366,815 shares of our common stock were held in treasury. Pursuant to the securities purchase agreement we entered into on June 30, 2008 with our Chairman and Chief Executive Officer, Robert V. LaPenta, 15,107 shares of our Series A Convertible Preferred Stock are issued and outstanding. There are no other shares of preferred stock issued and outstanding.

As of December 31, 2008, we had an aggregate of 7,381,655 shares of common stock reserved for issuance for outstanding options and warrants and 5,468,750 shares of our common stock issuable pursuant to our 3.75% Convertible Senior Notes due May 15, 2027. In addition, the 15,107 shares of Series A Convertible Preferred Stock issued to Mr. LaPenta are convertible into 1,145,337 shares of our common stock. Mr. LaPenta is also entitled to a contractual price protection right to receive up to 2,185 shares of Series A Convertible Preferred Stock. The 2,185 shares of Series A Convertible Preferred Stock, if issued, would be convertible into 165,655 shares of our common stock.

A description of our common stock and preferred stock appears below.

Common Stock

Dividends.

Subject to preferences that may apply to shares of our preferred stock outstanding at the time, common securityholders are entitled to receive dividends out of assets of the Company that are legally available for distribution, in amounts that our board of directors may determine in their sole discretion. To date, we have not paid any cash dividends. Additionally, our credit facility prevents us from paying dividends or making other distributions to our common securityholders.

Voting Rights.

Common securityholders are entitled to one vote per share held on all matters submitted to a vote of our securityholders. Cumulative voting for the election of directors is not provided for in our certificate of incorporation, which means that holders of a majority of our voted common stock can elect all of the directors then standing for election.

No Preemptive or Similar Rights.

Our common stock is not entitled to preemptive rights and is not subject to conversion or redemption.

Liquidation and Other Rights.

In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Company, assets of the Company that are legally available for distribution to common securityholders shall be distributed ratably among then existing common securityholders after payment of any liquidation preferences on any outstanding preferred stock.

Preferred Stock

Under our certificate of incorporation, as amended to date, we have authority to issue, in one or more series, 2,000,000 shares of preferred stock, par value \$0.001 per share. The number of authorized shares of preferred stock may be increased or decreased by the affirmative vote of the holders of a majority of our outstanding stock without the separate vote of holders of preferred stock as a class.

Our board of directors is authorized to designate, for each series of preferred stock, the preferences, qualifications, limitations, restrictions and optional or other special rights of such series. The issuance of

Edgar Filing: L-1 IDENTITY SOLUTIONS, INC. - Form POS AM

preferred stock could adversely affect our common securityholders' voting power and ability to receive dividend payments or distributions in the event of a liquidation, dissolution or winding-up and could delay, defer or prevent a change-in-control.

Series A Convertible Preferred Stock

We have 25,000 shares of preferred stock, par value \$0.001 per share, designated as Series A Convertible Preferred Stock. Pursuant to the securities purchase agreement we entered into on June 30, 2008 with our Chairman and Chief Executive Officer, Robert V. LaPenta, 15,107 shares of our Series A Convertible Preferred Stock are issued and outstanding.

Dividend Rights.

Holders of Series A Convertible Preferred Stock are entitled to receive dividends equally, ratably and on the same date as our common securityholders. We can elect whether to declare dividends in cash or to not declare and pay dividends, in which case the per share dividend amount will be added to the liquidation preference of \$1,000. Dividends payable in shares to holders of our Series A Convertible Preferred Stock are paid in Series A Convertible Preferred Stock.

Voting Rights.

Other than as provided by the Delaware General Corporation Law, or DGCL, holders of our Series A Convertible Preferred Stock do not have voting rights.

Conversion Rights and Redemption Rights.

Each share of Series A Convertible Preferred Stock is convertible into a number of shares of our common stock equal to the liquidation preference then in effect divided by \$13.19. The shares issued to Mr. LaPenta are convertible upon any transfers by Mr. LaPenta to third parties that are unaffiliated with Mr. LaPenta or upon approval, in accordance with the rules and regulations of the NYSE, by our securityholders at our next annual meeting. If such stockholder approval is not obtained at our next annual meeting, we will be obligated to seek stockholder approval for such conversion at the following three (3) annual meetings.

On June 30, 2028, all outstanding shares of Series A Convertible Preferred Stock shall automatically convert into fully paid and non-assessable shares of a separate series of preferred stock that is not convertible into shares of our common stock with a liquidation preference equal to the \$1,000 per share of Series A Convertible Preferred Stock.

Right to Receive Liquidation Distributions.

The Series A Convertible Preferred Stock has an initial liquidation preference of \$1,000 per share, an amount that increases for accrued and unpaid dividends. In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Company, the holders of Series A Convertible Preferred Stock, upon the redemption of such shares then outstanding, shall be entitled to be paid the liquidation preference out of the assets of the Company that are legally available for distribution to its securityholders, before any distribution is made to common securityholders. Upon the occurrence of a merger, consolidation, share purchase or similar business combination transaction, holders of our Series A Convertible Preferred Stock are entitled to receive the same consideration as our common securityholders as if the Series A Convertible Preferred Stock was converted into common stock immediately prior to the occurrence of such event.

Provisions of Our Certificate of Incorporation and By-laws and Delaware Law

Classified board of directors. Our certificate of incorporation, as amended, limits the size of our board of directors to fourteen and establishes separate director classifications. Our current board consists of eleven directors of which there are (i) two Class I directors whose term of office expires in 2009, (ii) five Class II directors whose term of office expires in 2010, and (iii) four Class III directors whose term of office expires in 2011.

Anti-Takeover Provisions. Our certificate of incorporation, by-laws and the DGCL may delay, defer or discourage another person or entity from acquiring control of us.

For example, we are subject to Section 203 of the DGCL, which, subject to certain exceptions, prohibits a Delaware corporation from engaging in any "business combination" with an "interested

Edgar Filing: L-1 IDENTITY SOLUTIONS, INC. - Form POS AM

stockholder” for a period of three years following the time that such stockholder became an interested stockholder, unless:

- the board of directors of the corporation approves either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder, prior to the time the interested stockholder attained that status;
- at or subsequent to such time, the business combination is approved by the board of directors and authorized at an annual or special meeting of securityholders, and not by written consent, by the affirmative vote of at least two thirds of the outstanding voting stock that is not owned by the interested stockholder; or
- upon the closing of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding those shares owned (i) by persons who are directors and also officers and (ii) by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer.

With certain exceptions, an “interested stockholder” is a person or group who or which owns 15% or more of a corporation’s outstanding voting stock (including any rights to acquire stock pursuant to an option, warrant, agreement, arrangement or understanding, or upon the exercise of conversion or exchange rights, and stock with respect to which the person has voting rights only), or is an affiliate or associate of the corporation and was the owner of 15% or more of such voting stock at any time within the previous three years.

In general, Section 203 defines a business combination to include:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;
- subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock or any class or series of the corporation beneficially owned by the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

A Delaware corporation may “opt out” of this provision with an express provision in its original certificate of incorporation or an express provision in its certificate of incorporation or by-laws resulting from a securityholders’ amendment approved by at least a majority of the outstanding voting shares. However, we have not “opted out” of this provision. Section 203 could prohibit or delay mergers or other takeover or change-in-control attempts and, accordingly, may discourage attempts to acquire us.

Listing

Our common stock is traded on the NYSE under the symbol “ID.”

PLAN OF DISTRIBUTION

The selling securityholders may sell the shares of common stock from time to time on the NYSE or any national securities exchange or automated interdealer quotation system on which the shares of common stock are listed, in the over-the-counter market, in privately negotiated transactions or otherwise, at fixed prices that may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at prices otherwise negotiated. The selling securityholders may sell the shares of common stock by one or more of the following methods, including, without limitation:

- block trades in which the broker or dealer so engaged will attempt to sell the shares of common stock as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker or dealer as principal and resale by the broker or dealer for its own account pursuant to this prospectus;
- an exchange distribution in accordance with the rules of any stock exchange on which the shares of common stock are listed;
- ordinary brokerage transactions and transactions in which the broker solicits purchases;
- privately negotiated transactions;
- short sales;
- through the writing of options on the shares of common stock, whether or not the options are listed on an options exchange;
- through the distribution of the shares of common stock by any selling stockholder to its partners, members or securityholders;
- one or more underwritten offerings on a firm commitment or best efforts basis; and
- any combination of any of these methods of sale.
- The selling securityholders may also transfer the shares of common stock by gift. We do not know of any arrangements by the selling securityholders for the sale of any of the shares of common stock.

The selling securityholders may engage brokers and dealers, and any brokers or dealers may arrange for other brokers or dealers to participate in effecting sales of the shares of common stock. These brokers, dealers or underwriters may act as principals, or as an agent of a selling stockholder. Broker-dealers may agree with a selling stockholder to sell a specified number of the shares of common stock at a stipulated price per security. If the broker-dealer is unable to sell shares of common stock acting as agent for a selling stockholder, it may purchase as principal any unsold shares of common stock at the stipulated price. Broker-dealers who acquire shares of common stock as principals may thereafter resell the shares of common stock from time to time in transactions in any stock exchange or automated interdealer quotation system on which the shares of common stock are then listed, at prices and on terms then prevailing at the time of sale, at prices related to the then-current market price or in negotiated transactions. Broker-dealers

Edgar Filing: L-1 IDENTITY SOLUTIONS, INC. - Form POS AM

may use block transactions and sales to and through broker-dealers, including transactions of the nature described above. The selling securityholders may also sell the shares of common stock in accordance with Rule 144 under the Securities Act, rather than pursuant to this prospectus, regardless of whether the shares of common stock are covered by this prospectus.

The number of a selling stockholder's shares of common stock offered under this prospectus will decrease as and when it takes such actions. The plan of distribution for that selling stockholder's shares of common stock will otherwise remain unchanged. In addition, a selling stockholder may, from time to time, sell the shares of common stock short, and, in those instances, this prospectus may be delivered in connection with the short sales and the shares of common stock offered under this prospectus may be used to cover short sales.

To the extent required under the Securities Act, the aggregate amount of selling securityholders' shares of common stock being offered and the terms of the offering, the names of any agents, brokers, dealers or underwriters and any applicable commission with respect to a particular offer will be set forth in an accompanying prospectus supplement. Any underwriters, dealers, brokers or agents participating in the distribution of the shares of common stock may receive compensation in the form of underwriting discounts, concessions, commissions or fees from a selling stockholder and purchasers of selling securityholders' shares of common stock, for who they may act (which compensation as to a particular broker-dealer might be in excess of customary commissions).

The selling securityholders and any underwriters, brokers, dealers or agents that participate in the distribution of the shares of common stock may be deemed to be "underwriters" within the meaning of the Securities Act, and any discounts, concessions, commissions or fees received by them and any profit on the resale of the shares of common stock sold by them may be deemed to be underwriting discounts and commissions.

A selling stockholder may enter into hedging transactions with broker-dealers and the broker-dealers may engage in short sales of the shares of common stock in the course of hedging the positions they assume with that selling stockholder, including, without limitation, in connection with distributions of the shares of common stock by those broker-dealers. A selling stockholder may enter into option or other transactions with broker-dealers that involve the delivery of the shares of common stock offered hereby to the broker-dealers, who may then resell or otherwise transfer those shares of common stock. A selling stockholder may also loan or pledge the shares of common stock offered hereby to a broker-dealer and the broker-dealer may sell the shares of common stock offered hereby so loaned or upon a default may sell or otherwise transfer the pledged shares of common stock offered hereby.

The selling securityholders and other persons participating in the sale or distribution of the shares of common stock will be subject to applicable provisions of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder, including Regulation M. This regulation may limit the timing of purchases and sales of any of the shares of common stock by the selling securityholders and any other person. The anti-manipulation rules under the Securities Exchange Act of 1934 may apply to sales of shares of common stock in the market and to the activities of the selling securityholders and their affiliates. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of the shares of common stock to engage in market-making activities with respect to the particular shares of common stock being distributed for a period of up to five business days before the distribution. These restrictions may affect the marketability of the shares of common stock and the ability of any person or entity to engage in market-making activities with respect to the shares of common stock.

Pursuant to the registration rights granted to the selling securityholders, we and the selling securityholders will be indemnified by the other against certain liabilities, including certain liabilities under the Securities Act, or will be entitled to contribution in connection with these liabilities.

Because a selling stockholder may be deemed to be an "underwriter" within the meaning of the Securities Act, it will be subject to the prospectus delivery requirements of the Securities Act, including Rule 172 thereunder. There is no underwriter or coordinating broker acting in connection with the proposed sale of the resale shares by the selling securityholders.

The shares of common stock offered hereby were originally issued to the selling securityholders pursuant to an exemption from the registration requirements of the Securities Act. We agreed to register the

Edgar Filing: L-1 IDENTITY SOLUTIONS, INC. - Form POS AM

shares of common stock under the Securities Act and to keep the registration statement of which this prospectus is a part effective until the earlier of (i) the date on which the selling securityholders have sold all of the shares of common stock or such shares of common stock are transferred or (ii) the first anniversary of the effective date of the registration statement. We have agreed to pay substantially all of the expenses incidental to the registration, offering and sale of our common stock to the public other than commissions, fees and discounts of underwriters, brokers, dealers and agents.

Our common stock is quoted on the NYSE under the symbol "ID." There can be no assurance that any selling stockholder will sell any or all of the shares of common stock pursuant to this prospectus. In addition, the shares of common stock covered by this Registration Statement that qualify for sale pursuant to Rule 144 of the Securities Act may be sold under Rule 144 rather than pursuant to this Registration Statement.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 145 of the General Corporation Law of the State of Delaware permits a corporation, under specified circumstances, to indemnify its directors, officers, employees and agents against expenses (including attorneys’ fees) and other liabilities actually and reasonably incurred by them as a result of any suit (other than a suit brought by or in the right of the corporation) brought against them in their capacity as such, if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, if they had no reasonable cause to believe their conduct was unlawful. Section 145 of the General Corporation Law of the State of Delaware also provides that directors, officers, employees and agents may also be indemnified against expenses (including attorneys’ fees) incurred by them in connection with a suit brought by or in the right of the corporation if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification may be made, unless otherwise determined by the court, if such person was adjudged liable to the corporation.

The General Corporation Law of the State of Delaware also provides that the indemnification described above shall not be deemed exclusive of other indemnification that may be granted by a corporation pursuant to its by-laws, disinterested directors’ vote, securityholders’ vote, agreement or otherwise.

The General Corporation Law of the State of Delaware also provides corporations with the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation in a similar capacity for another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against him or her in any such capacity, or arising out of his or her status, whether or not the corporation would have the power to indemnify him or her against such liability as described above.

Article IX of the Registrant’s Certificate of Incorporation and Article 5 of the Registrant’s By-laws provide for mandatory indemnification of the Registrant’s directors and officers, and permissible indemnification of its employees and other agents, to the maximum extent permitted by the General Corporation Law of the State of Delaware. The Registrant has also entered into indemnification agreements with its directors and officers that require the Registrant, among other things, to indemnify these individuals against certain liabilities that may arise by reason of their status or service as directors or officers to the fullest extent not prohibited by law.

The above discussion of the General Corporation Law of the State of Delaware and the Registrant’s Certificate of Incorporation, By-laws and indemnification agreements is not intended to be exhaustive and is qualified in its entirety by such statutes, Certificate of Incorporation, By-laws and indemnification agreements.

ITEM 17. UNDERTAKINGS

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are

Edgar Filing: L-1 IDENTITY SOLUTIONS, INC. - Form POS AM

incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement

Edgar Filing: L-1 IDENTITY SOLUTIONS, INC. - Form POS AM

relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) The undersigned registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulation S-X is not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.
