**CHARLOTTE RUSSE HOLDING, INC.**

**Notes to Consolidated Financial Statements (Unaudited)**

**1. Interim Financial Statements**

The accompanying unaudited consolidated financial statements of Charlotte Russe Holding, Inc. (the Company) have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Certain information and footnote disclosures required by accounting principles generally accepted in the United States for complete financial statements have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission. In the opinion of management, the accompanying unaudited financial statements contain all material adjustments, consisting of normal recurring accruals, necessary to present fairly the Company's financial position, results of operations and cash flows for the periods indicated, and have been prepared in a manner consistent with the restated audited financial statements for the fiscal year ended September 25, 2004.

Due to the seasonal nature of the Company's business, the results of operations for the three and nine month periods ended June 25, 2005 are not necessarily indicative of the results of a full fiscal year.

These financial statements should be read in conjunction with the audited financial statements and the footnotes for the fiscal year ended September 25, 2004 included in the Company's Annual Report on Form 10-K/A, filed with the Securities Exchange Commission on May 5, 2005.

**2. Restatement of Financial Statements**

The Company reviewed its lease accounting practices in response to the letter issued on February 7, 2005 by the Office of the Chief Accountant of the SEC to the American Institute of Certified Public Accountants (the SEC Letter) expressing its views regarding certain operating lease accounting issues and their application under generally accepted accounting principles (GAAP). The Company's lease accounting practices had not changed materially over the years. The Company's external independent auditors had been aware of the lease accounting practices, similar to those used by many other companies in the retail and restaurant industries, and had not suggested that they were not in accordance with GAAP. When reviewed against GAAP as set forth in the SEC Letter, the Company determined that the historical method of accounting for construction period straight-line rent and landlord construction allowances was not in accordance with GAAP.

Specifically, the Company previously reflected the unamortized portion of construction allowances as a reduction of capital expenditures rather than recording those transactions as a deferred rent credit. In addition, the Company previously recognized straight-line rent expense for leases beginning on the rent commencement date (i.e., store opening date), which had the effect of excluding the build-out period from the calculation of the period over which rent is expensed.

## Edgar Filing: CHARLOTTE RUSSE HOLDING INC - Form 10-Q

As a result, the Company restated the previously issued audited financial statements, as follows:

The Company no longer offsets construction allowances against capital expenditures. The unamortized portion of construction allowances is recorded as a deferred rent credit rather than as a reduction to the cost of leasehold improvements. Depreciation expense has been increased to reflect the adjustment to capital expenditures with an equal and offsetting credit against rent expense during the contractual lease term.

The Company no longer recognizes rent in accordance with the contractual lease commencement dates. Straight-line rent is imputed starting when the Company receives possession of the leased property for construction purposes. Preopening expense is recognized during the construction period with an equal and offsetting credit against rent expense during the contractual lease term.

As a result, excluding tax impacts, the correction of this accounting required the Company to record additional deferred rent, increase fixed assets and adjust retained earnings on the consolidated balance sheets. In

**Table of Contents****CHARLOTTE RUSSE HOLDING, INC.****Notes to Consolidated Financial Statements (Unaudited) (Continued)****2. Restatement of Financial Statements (continued)**

connection with the restatement of all prior periods for these changes in lease accounting practices, the Company also corrected for previously identified immaterial inter-quarterly errors by shifting these charges between appropriate quarters.

Following is a summary of the significant effects of these corrections on the Company's consolidated statements of income and cash flows for the three months and nine months ended June 26, 2004:

**Consolidated Statements of Income**

	As Previously		
	<u>Reported</u>	<u>Adjustments</u>	<u>Restated</u>
<b>Three Months Ended June 26, 2004</b>			
Cost of goods sold	\$ 96,719,620	\$ 145,687	\$ 96,865,307

## CHARLOTTE RUSSE HOLDING, INC.

## Notes to Consolidated Financial Statements (Unaudited) (Continued)

**3. Stock Based Compensation**

The Company accounts for the issuance of stock option grants in accordance with Accounting Principles Board Opinion ( APB ) No. 25 and related interpretations in accounting for stock options. Statement of Financial Accounting Standards ( SFAS ) No. 123, *Accounting for Stock-Based Compensation*, encourages, but does not require the Company to record compensation cost for stock-based employee compensation plans at fair value. The Company has adopted the disclosure-only provision of SFAS No. 123. Accordingly, compensation expense has only been recognized for stock options granted to employees when the exercise price was below fair market value on the date of grant. Had compensation expense been recorded for options granted in the three and nine months ended June 25, 2005 and June 26, 2004 using the fair value method under SFAS No. 123, the Company's net income and basic and diluted earnings per share would have been decreased to the following proforma amounts:

	Three Months Ended		Nine Months Ended	
	June 25, 2005	June 26, 2004	June 25, 2005	June 26, 2004
Net income as reported	\$ 3,314,866	\$ 5,424,061	\$ 4,714,446	\$ 11,980,271
Less: stock-based compensation expense for all awards, net of related tax effects	(273,990)	(367,000)	(586,583)	(1,004,000)
Pro forma net income	\$ 3,040,876	\$ 5,057,061	\$ 4,127,863	\$ 10,976,271
Basic earnings per share	\$ 0.15	\$ 0.25	\$ 0.21	\$ 0.56
Pro forma	\$ 0.14	\$ 0.23	\$ 0.19	\$ 0.51
Diluted earnings per share	\$ 0.14	\$ 0.23	\$ 0.20	\$ 0.50
Pro forma	\$ 0.13	\$ 0.21	\$ 0.17	\$ 0.46

Pro forma information regarding net income is required by SFAS No. 123, and has been determined as if the Company had accounted for its employee stock options under the fair value method of that Statement. The following weighted average assumptions were used for those periods:

	Three Months Ended		Nine Months Ended	
	June 25, 2005	June 26, 2004	June 25, 2005	June 26, 2004
Risk free interest rate	3.88%	3.31%	3.88%	3.31%
Dividend yield				
Expected volatility	55.0%	67.0%	55.0%	67.0%

## Edgar Filing: CHARLOTTE RUSSE HOLDING INC - Form 10-Q

Weighted average expected life	4 years	4 years	4 years	4 years
--------------------------------	---------	---------	---------	---------

Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee stock options.

**Table of Contents****CHARLOTTE RUSSE HOLDING, INC.****Notes to Consolidated Financial Statements (Unaudited) (Continued)****4. Net Income Per Common Share**

Basic earnings per share is calculated based on the weighted average outstanding common shares. Diluted earnings per share is calculated based on the weighted average outstanding shares and potentially dilutive stock options and warrants. In accordance with Statement of Financial Accounting Standards No. 128, *Earnings Per Share*, the following table reconciles income and share amounts utilized to calculate basic and diluted net income per common share.

	Three Months Ended		Nine Months Ended	
	June 25, 2005	June 26, 2004	June 25, 2005	June 26, 2004
Net income	\$ 3,314,866	\$ 5,424,061	\$ 4,714,446	\$ 11,980,271
Earnings (loss) per share:				
Basic	\$ 0.15	\$ 0.25	\$ 0.21	\$ 0.56
Effect of dilutive stock options	(0.00)	(0.00)	(0.00)	(0.02)
Effect of dilutive warrants	(0.01)	(0.02)	(0.01)	(0.04)
Diluted	\$ 0.14	\$ 0.23	\$ 0.20	\$ 0.50
Weighted average number of shares:				
Basic	22,006,815	21,551,135	21,982,838	21,475,381
Effect of dilutive stock options	247,208	672,992	237,817	613,505
Effect of dilutive warrants	1,798,739	1,857,387	1,796,284	1,836,539
Diluted	24,052,762	24,081,514	24,016,939	23,925,425

The calculation of dilutive shares excludes the effect of the following options that are considered anti-dilutive:

	Three Months Ended		Nine Months Ended	
	June 25, 2005	June 26, 2004	June 25, 2005	June 26, 2004
Anti-dilutive options	507,692	206,103	528,559	211,075

**5. Recent Accounting Pronouncements**

In December 2004, the FASB issued Statement 123R, *Share-Based Payment*, to be effective for interim or annual periods beginning after June 15, 2005, thereby, becoming effective beginning in the fourth quarter of fiscal 2005 for the Company. On April 4, 2005, the Securities and Exchange Commission announced the adoption of a new rule that amended the compliance date for Statement 123R to be effective for the first annual period beginning after June 15, 2005, thereby, becoming effective in the first quarter of fiscal 2006 for the Company. Statement 123R requires all share-based payments to employees, including grants of employee stock options and purchases under employee stock purchase plans, to be recognized as an operating expense in the income statement. The cost is recognized over the requisite service period based on fair values measured on grant dates, and the new standard may be adopted using either the modified prospective transition method or the modified retrospective transition method. We are currently evaluating our share-based employee compensation programs, the potential impact of this statement on our consolidated financial position and results of operations, and alternative adoption methods.

---

**CHARLOTTE RUSSE HOLDING, INC.**

**Notes to Consolidated Financial Statements (Unaudited) (Continued)**

**5. Recent Accounting Pronouncements (continued)**

In May 2005, the FASB issued Statement of Financial Accounting Standards No. 154, *Accounting Changes and Error Corrections - A Replacement of APB Opinion No. 20 and FASB Statement No. 3*. SFAS 154 requires retrospective application to prior periods' financial statements for changes in accounting principle, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. SFAS 154 also requires that retrospective application of a change in accounting principle be limited to the direct effects of the change. Indirect effects of a change in accounting principle, such as a change in non-discretionary profit-sharing payments resulting from an accounting change, should be recognized in the period of the accounting change. SFAS 154 also requires that a change in depreciation, amortization, or depletion method for long-lived non-financial assets be accounted for as a change in accounting estimate affected by a change in accounting principle. SFAS 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. Early adoption is permitted for accounting changes and corrections of errors made in fiscal years beginning after the date this Statement is issued. The Statement is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The Company does not believe that the adoption of SFAS 154 will have a significant effect on its financial statements.

**6. Commitments and Contingencies**

On December 14, 2004, plaintiff David Phillips, on behalf of himself and purportedly on behalf of a class of others similarly situated, filed a complaint in the United States District Court for the Southern District of California against the Company and two of its officers, alleging violations of federal securities laws related to declines in the stock price in connection with various statements and alleged omissions to the public and to the securities markets, and seeking damages therefore. To date, two follow-on actions have been filed in the same court alleging substantially similar claims, and on April 25, 2005, all these claims were consolidated into a single action. Management believes that the allegations in this action are without merit and intends to defend vigorously against these claims.

In addition to the foregoing, from time to time, the Company may be involved in litigation relating to claims arising out of its operations. As of the date of this filing, the Company was not engaged in any legal proceedings that are expected, individually or in the aggregate, to have a material adverse effect on its business, financial condition or results of operations.

**7. Line of Credit**

On June 24, 2005, the Company entered into a new \$40.0 million secured revolving credit facility (the *Credit Facility*) with Bank of America, N.A., which expires on June 30, 2010. Under the terms of the Credit Facility, the Company may borrow up to the maximum borrowing limit of \$40 million less any outstanding letters of credit, and the Company has set the initial loan ceiling amount at \$30 million. Interest on the Credit Facility is payable quarterly, at the Company's option, at either (i) the Bank's prime rate plus 0.50% to 1.00% (*Base Rate*), or (ii) 1.00% to 1.50% over the average interest settlement rate for deposits in the London interbank market banks (*Eurodollar Rate*) subject to certain adjustments. The Company's ability to receive loan advances under the Credit Facility is subject to the continued compliance with various covenants, representations, warranties, and conditions, including but not limited to negative covenants against the incurrence of debt or liens. The Credit

## Edgar Filing: CHARLOTTE RUSSE HOLDING INC - Form 10-Q

Facility also contains events of default customary for facilities of this type and provides that, upon the occurrence of an event of default, payment of all outstanding loans may be accelerated and/or the lenders' commitments may be terminated. Pursuant to this agreement, the Company and the Company's wholly-owned subsidiaries have (i) provided an unconditional guarantee of the full and punctual

**Table of Contents**

**CHARLOTTE RUSSE HOLDING, INC.**

**Notes to Consolidated Financial Statements (Unaudited) (Continued)**

**7. Line of Credit (continued)**

payment of obligations under the Credit Facility, (ii) pledged certain of the Company's securities to the collateral agent as security for the full payment and performance of the Company's obligations under the Credit Facility and (iii) granted a security interest in essentially all of the Company's personal property as security for the full payment and performance of the obligations under the Credit Facility. At June 25, 2005, there was no outstanding debt under the Credit Facility and the Company was in compliance with the terms of the bank credit agreement. The Company currently has \$22.4 million of borrowing availability under the Credit Facility.

**Table of Contents****ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS****FORWARD-LOOKING STATEMENTS**

We have made statements in this Quarterly Report that are forward-looking statements. You can identify these statements by forward-looking words such as may, will, expect, intend, anticipate, believe, estimate and continue or similar words. These forward-looking statements use different phrases. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements, which are subject to risks, uncertainties, and assumptions about us, may include, among other things, projections of our future results of operations or of our financial condition, our anticipated growth strategies, successful repositioning of our Rampage brand, integration of our recently hired senior executives, and general and regional economic conditions, industry trends, consumer demands and preferences, competition from other retailers and uncertainties generally associated with women's apparel and accessory retailing, including those factors discussed in the Company's Annual Report on Form 10-K/A, filed with the Securities and Exchange Commission on May 5, 2005.

There may be events in the future that we are not able to accurately predict or which we do not fully control that could cause actual results to differ materially from those expressed or implied in our forward-looking statements. Because these forward-looking statements involve risks and uncertainties, there are important factors that could cause actual results to differ materially from those expressed or implied by these forward-looking statements, including shopping mall traffic and shopping patterns, timing of openings for new shopping malls or our stores, fashion trends, national or regional economic influences, and weather.

We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking events discussed in this Quarterly Report on Form 10-Q might not occur.

**RESULTS OF OPERATIONS**

Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with the Financial Statements and Notes thereto of the company included elsewhere in this Quarterly Report on Form 10-Q. The following table sets forth our operating results, expressed as a percentage of net sales and store information for the periods indicated. These operating results are not necessarily indicative of the results that may be expected for any future period.

	Three Months Ended		Nine Months Ended	
	June 25, 2005	June 26, 2004	June 25, 2005	June 26, 2004
		(Restated)		(Restated)
Net sales	100.0%	100.0%	100.0%	100.0%
Cost of goods sold	75.9	72.8	77.0	75.0
Gross profit	24.1	27.2	23.0	25.0
Selling, general and administrative expenses	20.6	20.5	21.3	20.2
Store closing costs	0.0	0.0	0.0	(0.1)

Edgar Filing: CHARLOTTE RUSSE HOLDING INC - Form 10-Q

Operating income	3.5	6.7	1.7	4.9
Interest income, net	0.1	0.1	0.1	0.0
Other charges, net	0.0	(0.1)	0.0	0.0
Income before income taxes	3.6	6.7	1.8	4.9
Income taxes	1.3	2.6	0.7	1.9
Net income	2.3%	4.1%	1.1%	3.0%
Number of stores open at end of period	388	342	388	342

## **Table of Contents**

### **Three Months Ended June 25, 2005 Compared to the Three Months Ended June 26, 2004**

*Net Sales.* Our net sales increased to \$146.9 million from \$133.0 million, an increase of \$13.9 million, or 10.4%, over the same quarter last year. This increase reflects \$15.0 million of additional net sales from the 16 new stores opened during the three months ended June 25, 2005, as well as other stores opened in prior fiscal periods that did not qualify as comparable stores. This increase was partially offset by a 0.9% decrease in comparable store sales, which resulted in decreased sales of \$1.1 million compared to the same quarter in the prior fiscal year.

*Gross Profit.* Gross profit represents net sales less cost of goods sold, which includes buying, distribution and occupancy costs. Our gross profit decreased to \$35.4 million from \$36.2 million, a decrease of \$0.8 million, or 2.1%, from the same quarter last year. This decrease was primarily the result of lower gross profit margins partially offset by an increase in sales. As a percentage of net sales, gross profit decreased to 24.1% from 27.2%. The decrease in gross profit as a percentage of net sales was principally due to increased markdowns and store occupancy costs which were partially offset by higher initial mark-ups.

*Selling, General and Administrative Expenses.* Our selling, general and administrative expenses increased to \$30.3 million from \$27.3 million, an increase of \$3.0 million, or 11.0%, over the same quarter last year. This increase was attributable to new store expansion and increased corporate expenses, specifically higher professional fees and other operating expenses. As a percentage of net sales, selling, general and administrative expenses increased to 20.6% from 20.5%, primarily due to increased store operating expenses, offset by lower store payroll costs, and increased marketing expenses.

*Income Taxes.* Our tax rate of 36.8% is the result of applying a 37.5% effective tax rate to the year-to-date earnings after taking into account the net accruals during the previous two quarters. This rate is lower than last year's 39.0% rate as we adjusted our tax liabilities to reflect the reassessment of tax contingency balances for fiscal 2005.

*Net Income.* Our net income was approximately \$3.3 million compared to net income of approximately \$5.4 million for the same quarter last year. This decline was primarily due to increased selling, general and administrative expenses and a decrease in gross profit, partially offset by reduced income tax expense.

### **Nine Months Ended June 25, 2005 Compared to the Nine Months Ended June 26, 2004**

*Net Sales.* Our net sales increased to \$423.8 million from \$401.1 million, an increase of \$22.7 million, or 5.7%, over the same period last year. This increase reflects \$41.1 million of additional net sales from the 28 new stores opened during the nine months ended June 25, 2005, as well as other stores opened in prior fiscal periods that did not qualify as comparable stores. This increase was partially offset by a 4.8% decrease in comparable store sales, which resulted in a decrease in sales of \$18.4 million compared to the same period in the prior fiscal year.

*Gross Profit.* Gross profit represents net sales less cost of goods sold, which includes buying, distribution and occupancy costs. Our gross profit decreased to \$97.6 million from \$100.3 million, a decrease of \$2.7 million, or 2.7%, over the same period last year. This decrease was primarily the result of lower gross profit margins partially offset by an increase in sales. As a percentage of net sales, gross profit decreased to 23.0% from 25.0%. The decrease as a percentage of net sales was principally due to the impact of higher store occupancy costs, increased markdowns and increased freight expense partially offset by higher initial mark-ups and reduced shrinkage expense.

*Selling, General and Administrative Expenses.* Our selling, general and administrative expenses increased to \$90.4 million from \$81.0 million, an increase of \$9.4 million, or 11.7%, over the same period last year. This increase was attributable to new store expansion and increased corporate expenses, specifically higher payroll and other operating expenses. As a percentage of net sales, selling, general and administrative expenses increased to 21.3% from 20.2%, primarily due to increased store payroll and store-level operating expenses.

## Table of Contents

*Store Closing Costs.* Our store closing costs reported last year reflects a \$325,000 reversal of the Charlotte's Room reserve for closing costs based upon a revision to the estimate of the reserve requirement.

*Income Taxes.* After assessing prior year tax accruals, fiscal 2004 tax return filings, and potential income tax exposures, our effective tax rate for fiscal 2005 is expected to be 37.5%. This rate is lower than last year's 39.0% rate as we adjusted our tax liabilities to reflect the reassessment of tax contingency balances for fiscal 2005.

*Net Income.* Our net income decreased to \$4.7 million from \$12.0 million for the same period last year. This decline was primarily due to increased selling, general and administrative expenses and a decrease in gross profit, partially offset by reduced income tax expense.

## LIQUIDITY AND CAPITAL RESOURCES

Our working capital requirements vary consistent with the seasonality of our business. Our capital requirements result primarily from capital expenditures related to new store openings. We have historically satisfied our cash requirements principally through cash flow from operations, although in some prior years we have also used borrowings under prior credit facilities for acquisitions, including our acquisition and the acquisition of the Rampage stores. Due to the rapid turnover of our inventory, we generate trade payables and other accrued liabilities sufficient to offset most of our working capital requirements, and this allows us to generally operate with limited working capital. As of June 25, 2005, we had working capital of approximately \$45.0 million which included cash and cash equivalents of \$33.8 million.

Our net cash provided by operations was \$32.9 million and \$41.3 million for the nine months ended June 25, 2005 and June 26, 2004, respectively. The decrease was primarily due to lower net income and increased investment in working capital accounts, partially offset by a higher non-cash adjustment for depreciation and amortization expense. Our net cash used in investing activities was \$30.2 million and \$25.5 million for the nine months ended June 25, 2005 and June 26, 2004, respectively. The primary component related to purchases of fixed assets, which consists of new store openings, the upgrade of our information systems and other corporate expenditures. The increase in capital expenditures was primarily due to increased expenditures related to software implementations in our corporate headquarters.

In the nine months ended June 25, 2005 and June 26, 2004, we opened 28 and 31 new stores, respectively. During fiscal 2005, we plan to open up to 49 new Charlotte Russe stores and one Rampage store. After taking into account new store construction, existing store remodeling, distribution center expenditures, and other corporate capital projects, total capital expenditures for fiscal year 2005 are projected to range from approximately \$38.0 to \$40.0 million, of which \$30.2 million was spent during the nine months ended June 25, 2005.

Our net cash provided by financing activities was \$0.4 and \$1.5 million for the nine months ended June 25, 2005 and June 26, 2004, respectively. Financing activities primarily consists of the proceeds of stock option exercises.

We currently have a \$40.0 million secured revolving credit facility (the Credit Facility) with Bank of America, N.A., which expires on June 30, 2010. Under the terms of the Credit Facility, we may borrow up to the maximum borrowing limit of \$40 million less any outstanding letters of credit, and we have set the initial loan ceiling amount at \$30 million. Interest on the Credit Facility is payable quarterly, at our option, at either (i) the Bank's prime rate plus 0.50% to 1.00% (Base Rate), or (ii) 1.00% to 1.50% over the average interest settlement rate for deposits in the London interbank market banks (Eurodollar Rate) subject to certain adjustments. Our ability to receive loan advances under the Credit Facility is subject to our continued compliance with various covenants, representations and warranties, and conditions, including but not limited to negative

covenants against the incurrence of debt or liens. The Credit Facility also contains events of default customary

**Table of Contents**

for facilities of this type and provides that, upon the occurrence of an event of default, payment of all outstanding loans may be accelerated and/or the lenders' commitments may be terminated. Pursuant to this agreement, we and our wholly-owned subsidiaries have (i) provided an unconditional guarantee of the full and punctual payment of obligations under the Credit Facility, (ii) pledged certain of its securities to the collateral agent as security for the full payment and performance of our obligations under the Credit Facility and (iii) granted a security interest in essentially all of our personal property as security for the full payment and performance of our obligations under the Credit Facility. At June 25, 2005, there was no outstanding debt under the Credit Facility and we were in compliance with the terms of the bank credit agreement. As of June 25, 2005, we currently have \$22.4 million of borrowing availability under the Credit Facility.

We believe that cash flows from operations, our current cash balance and funds available under our Credit Facility will be sufficient to meet our working capital needs and contemplated capital expenditure requirements through fiscal 2006. If our cash flow from operations should decline significantly, it may be necessary for us to seek additional sources of capital or reduce planned new store openings.

**LETTERS OF CREDIT**

Pursuant to the terms of the Credit Facility, we can issue up to \$20.0 million of documentary or standby letters of credit. The outstanding commitments under this agreement at June 25, 2005 totaled approximately \$7.6 million, including \$2.2 million in standby letters of credit.

**CONTRACTUAL OBLIGATIONS**

Our commitment to make future payments under long-term contractual obligations was as follows, as of June 25, 2005:

	<u>Total</u>	<u>Less Than 1 Year</u>	<u>1-3 Years</u>	<u>3-5 Years</u>	<u>After 5 Years</u>
(dollars in thousands)					
<b>Contractual Obligations:</b>					
Operating leases	\$ 489,608	\$ 67,270	\$ 133,757	\$ 127,043	\$ 161,538
Other long-term obligations	5,625	750	1,500	1,500	1,875
	<u>\$ 495,233</u>	<u>\$ 68,020</u>	<u>\$ 135,257</u>	<u>\$ 128,543</u>	<u>\$ 163,413</u>

**CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

Management's Discussion and Analysis of Financial Condition and Results of Operations discusses our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as revenues and expenses during the reported periods.

On an on-going basis, management evaluates its estimates and judgments regarding inventories, receivables, fixed assets, intangible assets, accrued liabilities, income taxes and contingencies and litigation. Management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances. The results from this evaluation form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Under different assumptions or conditions, alternative estimates and judgments could be derived which would differ from the estimates being used by management. Actual results could differ from any or all of these estimates.

## Table of Contents

As a retailer of women's apparel and accessories, our financial statements are affected by several critical accounting policies, many of which affect management's use of estimates and judgments, as described in the Notes to the Consolidated Financial Statements. We sell merchandise directly to retail customers and recognize revenue at the point of sale. Customers have the right to return merchandise to us, and we maintain a reserve for the financial impact of returns which occur subsequent to the current reporting period.

Our merchandise is initially offered for sale at a regular price, but is often marked down prior to the ultimate sale of all such units. We utilize the retail method of accounting for our inventory valuation that inherently reduces the inventories' carrying value as permanent markdowns are initiated. In addition, we maintain a reserve for the financial impact of markdowns that we believe are likely to be encountered in the future. If actual demand or market conditions are more or less favorable than those projected by management, the level of the reserve for future markdowns would be subject to change in subsequent reporting periods.

We also provide for estimated inventory losses for damaged, lost or stolen inventory for the period from the last physical inventory to the financial statement date. These estimates are based on historical experience and other factors.

We have recorded a goodwill asset that arose from the acquisition of our business in September 1996. This asset is tested for possible impairment on at least an annual basis in accordance with SFAS No. 142, *Goodwill and Other Intangibles*. The carrying value of investments in our stores, principally leasehold improvements and equipment, and other operations is reviewed for impairment on at least an annual basis in accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. In prior years, we established reserves for stores which have been closed, and no other stores are contemplated for closure at this time.

We record rent expense on noncancellable leases containing known future scheduled rent increases on a straight-line basis over the respective leases beginning when we receive possession of the leased property for construction purposes. The difference between rent expense and rent paid is accounted for as deferred rent. Landlord construction allowances and other such lease incentives are recorded as deferred lease credits, and are amortized on a straight-line basis as a reduction to rent expense.

## **RECENT ACCOUNTING PRONOUNCEMENTS**

In December 2004, the FASB issued Statement 123R, *Share-Based Payment*, to be effective for interim or annual periods beginning after June 15, 2005, thereby, becoming effective beginning in the fourth quarter of fiscal 2005 for us. On April 4, 2005, the Securities and Exchange Commission announced the adoption of a new rule that amended the compliance date for Statement 123R to be effective for the first annual period beginning after June 15, 2005, thereby, becoming effective in the first quarter of fiscal 2006 for us. Statement 123R requires all share-based payments to employees, including grants of employee stock options and purchases under employee stock purchase plans, to be recognized as an operating expense in the income statement. The cost is recognized over the requisite service period based on fair values measured on grant dates, and the new standard may be adopted using either the modified prospective transition method or the modified retrospective transition method. We are currently evaluating our share-based employee compensation programs, potential impact of this statement on our consolidated financial position and results of operations, and alternative adoption methods.

In May 2005, the FASB issued Statement of Financial Accounting Standards No. 154, *Accounting Changes and Error Corrections - A Replacement of APB Opinion No. 20 and FASB Statement No. 3*. SFAS 154 requires retrospective application to prior periods' financial statements for changes in accounting principle, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. SFAS 154 also requires that retrospective application of a change in accounting principle be limited to the direct effects of the change. Indirect effects of a change in accounting principle, such as a change in non-discretionary profit-sharing payments resulting from an

accounting change, should be recognized in the period of the accounting

## **Table of Contents**

change. SFAS 154 also requires that a change in depreciation, amortization, or depletion method for long-lived non-financial assets be accounted for as a change in accounting estimate affected by a change in accounting principle. SFAS 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. Early adoption is permitted for accounting changes and corrections of errors made in fiscal years beginning after the date this Statement is issued. The Statement is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. We do not believe that the adoption of SFAS 154 will have a significant effect on our financial statements.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Our market risks relate primarily to changes in interest rates. We bear this risk in two specific ways. First, the Credit Facility carries a variable interest rate that is tied to market indices and, therefore, our statement of income and our cash flows will be exposed to changes in interest rates. As of June 25, 2005, we had no borrowings against our Credit Facility. However, we may borrow additional funds under our Credit Facility as needed.

The second component of interest rate risk involves the short-term investment of excess cash in short-term, investment-grade interest-bearing securities. These investments are considered to be cash equivalents and are shown that way on our balance sheet. If there are changes in interest rates, those changes would affect the investment income we earn on these investments and, therefore, impact our cash flows and results of operations.

We believe our market risk exposure is immaterial.

### **ITEM 4. CONTROLS AND PROCEDURES**

#### **Disclosure Controls and Procedures**

Based upon an evaluation, under the supervision and with the participation of our Disclosure Committee and management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to the Securities and Exchange Act of 1934 Rules 13a-15(b) and 15d-15(b) the Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the three month period ended June 25, 2005, our disclosure controls and procedures are effective.

During the three month period ended June 25, 2005, there were no significant changes in our internal controls over financial reporting or in other factors that materially affected, or are reasonably likely to materially affect, internal controls over financial reporting, nor were there any corrective actions required with regard to significant deficiencies and material weaknesses.

#### **Changes in Internal Control Over Financial Reporting**

## Edgar Filing: CHARLOTTE RUSSE HOLDING INC - Form 10-Q

There were no significant changes in our internal controls during the fiscal quarter ended June 25, 2005 that materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

### **PART II OTHER INFORMATION**

#### **ITEM 1. LEGAL PROCEEDINGS**

On December 14, 2004, plaintiff David Phillips, on behalf of himself and purportedly on behalf of a class of others similarly situated, filed a complaint in the United States District Court for the Southern District of California against us and two of our officers, alleging violations of federal securities laws related to declines in our stock price in connection with various statements and alleged omissions to the public and to the securities markets, and seeking damages therefore. To date, two follow-on actions have been filed in the same court

**Table of Contents**

alleging substantially similar claims, and on April 25, 2005, all these claims were consolidated into a single action. We believe that the allegations in this action are without merit and intend to defend vigorously against these claims.

In addition to the foregoing, from time to time, we may be involved in litigation relating to claims arising out of our operations. As of the date of this filing, we are not engaged in any legal proceedings that are expected, individually or in the aggregate, to have a material adverse effect on our business, financial condition or results of operations.

**ITEM 2. CHANGES IN SECURITIES**

**Unregistered Sales of Securities**

None.

**Dividends**

We have never declared nor paid dividends on our common stock and we do not intend to pay any dividends on our common stock in the foreseeable future. We currently intend to retain earnings to finance future operations and expansion. Moreover, under the terms of the credit facility, stock dividends and distributions are restricted.

**ITEM 3. DEFAULTS UPON SENIOR SECURITIES**

Not applicable.

**ITEM 4. SUBMISSIONS OF MATTERS TO A VOTE OF SECURITY HOLDERS**

Not applicable.

**ITEM 5. OTHER INFORMATION**

Not applicable.

**ITEM 6. EXHIBITS**
