Thank you for your ongoing support of and continued interest in Brightcove. We look forward to seeing you at our Annual Meeting.

YOUR VOTE IS IMPORTANT

In order to ensure your representation at the meeting, whether or not you plan to attend the meeting, please vote your shares as promptly as possible over the Internet by following the instructions on your Notice or, if you receive your proxy materials by U.S. mail, by following the instructions on your proxy card. Your participation will help to ensure the presence of a quorum at the meeting and save Brightcove the extra expense associated with additional solicitation. If you hold your shares through a broker, your broker is not permitted to vote on your behalf in the election of directors, unless you provide specific instructions to the broker by completing and returning any voting instruction form that the broker provides (or following any instructions that allow you to vote your broker-held shares via telephone or the Internet). For your vote to be counted, you will need to communicate your voting decision before the date of the Annual Meeting. Voting your shares in advance will not prevent you from attending the Annual Meeting, revoking your earlier submitted proxy or voting your shares in person.

PROXY STATEMENT

FOR THE 2017 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD WEDNESDAY, MAY 10, 2017

GENERAL INFORMATION

Our Board of Directors (the **Board**) solicits your proxy on our behalf for the 2017 Annual Meeting of Stockholders (the **Annual Meeting**) and at any postponement or adjournment of the Annual Meeting for the purposes set forth in this Proxy Statement and the accompanying Notice of 2017 Annual Meeting of Stockholders (the **Notice**). The Annual Meeting will be held at 9:00 a.m. Eastern Time on Wednesday May 10, 2017 at the offices of Goodwin Procter LLP, which are located at 100 Northern Avenue, Boston, MA 02210. We made this Proxy Statement available to stockholders beginning on April 7, 2017.

In this Proxy Statement the terms **Brightcove**, **the company**, **we**, **us**, and **our** refer to Brightcove Inc. The mailing address of our principal executive offices is Brightcove Inc., 290 Congress Street, Boston, MA 02210.

Record Date March 16, 2017.

Quorum A majority of the shares of all issued and outstanding stock entitled to vote on the record date must be present in person or represented by proxy to constitute a quorum.

Shares Outstanding 34,239,755 shares of common stock outstanding as of March 31, 2017.

Voting There are four ways a stockholder of record can vote:

- (1) **By Internet:** You may vote over the Internet by following the instructions provided on the proxy card.
- (2) **By Telephone:** You may vote by telephone by following the instructions on the proxy card.
- (3) **By Mail:** You may complete, sign and return the accompanying proxy card in the postage-paid envelope provided.
- (4) **In Person:** If you are a stockholder as of the record date, you may vote in person at the meeting. Submitting a proxy will not prevent a stockholder from attending the Annual Meeting, revoking their earlier-submitted proxy, and voting in person.

If you hold your shares through a bank or broker, please follow their instructions.

Revoking Your Proxy

Stockholders of record may revoke their proxies by attending the Annual Meeting and voting in person, by filing an instrument in writing revoking the proxy or by filing another duly executed proxy bearing a later date with our Secretary before the vote is counted or

- 1 -

Table of Contents

by voting again using the telephone or Internet before the cutoff time (your latest telephone or Internet proxy is the one that will be counted). If you hold shares through a bank or broker, you may revoke any prior voting instructions by contacting that firm.

To vote as our Board recommends, stockholders must vote pursuant to the instructions on the Notice or on the proxy card or attend the meeting and vote in-person.

Votes Required to Adopt Proposals

Each share of our common stock outstanding on the record date is entitled to one vote on any proposal presented at the Annual Meeting:

For Proposal One, the election of directors, the two nominees receiving the plurality of votes entitled to vote and cast will be elected as directors.

For Proposal Two, a majority of the votes properly cast is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017.

Effect of Abstentions and Broker Non-Votes

Votes withheld from any nominee, abstentions and broker nonvotes (*i.e.*, where a broker has not received voting instructions from the beneficial owner and for which the broker does not have discretionary power to vote on a particular matter) are counted as present for purposes of determining the presence of a quorum. Shares voting withheld have no effect on the election of directors. Abstentions have no effect on the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017.

Under the rules that govern brokers holding shares for their customers, brokers who do not receive voting instructions from their customers have the discretion to vote uninstructed shares on routine matters, but do not have discretion to vote such uninstructed shares on non-routine matters. Only Proposal Two, the ratification of the appointment of Ernst & Young LLP, is considered a routine matter where brokers are permitted to vote shares held by them without instruction. If your shares are held through a broker, those shares will not be voted in the election of directors unless you affirmatively provide the broker instructions on how to vote.

Voting Instructions

If you complete and submit your proxy voting instructions, the persons named as proxies will follow your instructions. If you submit proxy voting instructions but do not direct how your shares should be voted on each item, the persons named as proxies will vote **for** the election of the nominees for directors named in this proxy statement and **for** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm. The persons named as proxies will vote on any other matters properly presented at the Annual Meeting in accordance with their best judgment, although

Table of Contents

we have not received timely notice of any other matters that may be properly presented for voting at the Annual Meeting.

Voting Results

We will announce preliminary results at the Annual Meeting. We will report final results by filing a Form 8-K within four business days after the Annual Meeting. If final results are not available at that time, we will provide preliminary voting results in the Form 8-K and will provide the final results in an amendment to the Form 8-K as soon as they become available.

Additional Solicitation/Costs

We are paying for the distribution of the proxy materials and solicitation of the proxies. As part of this process, we reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. Proxy solicitation expenses that we will pay include those for preparation, mailing, returning and tabulating the proxies. Our directors, officers, and employees may also solicit proxies on our behalf in person, by telephone, email or facsimile, but they do not receive additional compensation for providing those services. We have retained Innisfree M&A Incorporated to aid in soliciting proxies and advise on certain matters relating to the annual meeting for a fee estimated not to exceed \$25,000 plus reasonable out-of-pocket expenses. Proxies may be solicited on our behalf by telephone or through other means by our directors, officers and other employees who will receive no additional compensation therefor.

Householding

If you are a beneficial owner of our common stock and you receive your proxy materials through Continental Stock Transfer & Trust Company (Continental), and there are multiple beneficial owners at the same address, you may receive fewer Notices or fewer paper copies of the Proxy Statement and the Annual Report on Form 10-K than the number of beneficial owners at that address. The rules of the Securities and Exchange Commission (the SEC) permit Continental to deliver only one Notice, Proxy Statement and Annual Report on Form 10-K to multiple beneficial owners sharing an address, unless we receive contrary instructions from any beneficial owner at the same address.

If you receive your proxy materials through Continental and (1) you currently receive only one copy of the proxy materials at a shared address but you wish to receive an additional copy of this Proxy Statement and the Annual Report, or any future proxy statement or annual report or (2) you share an address with other beneficial owners who also receive their separate proxy materials through Continental and you wish to request delivery of a single copy of the Annual Report on Form 10-K or the proxy statement to the shared address in the future, please contact Investor Relations at Brightcove Inc., 290 Congress Street, Boston, MA 02210 or call (888) 882-1880.

PROPOSAL ONE

ELECTION OF DIRECTORS

Number of Directors; Board Structure

Our Board is divided into three staggered classes of directors as nearly equal in number as possible. One class is elected each year at the annual meeting of stockholders for a term of three years. The term of the Class I directors, currently Deborah Besemer, Scott Kurnit and David Orfao, expires at the 2019 annual meeting. The term of the Class II directors, currently David Mendels and Derek Harrar, expires at the Annual Meeting. The term of the Class III directors, currently Gary Haroian and Diane Hessian, expires at the 2018 annual meeting. Directors are elected to hold office for a three-year term or until the election and qualification of their successors in office.

Nominees

Based on the recommendation of the Nominating and Corporate Governance Committee of our Board, our Board has nominated David Mendels and Derek Harrar for election as directors to serve for a three-year term ending at the 2020 annual meeting or until their successors are elected and qualified. Each of the nominees named in this proxy statement is a current member of our Board and has consented to serve if elected.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received for the election of each nominee named in this proxy statement. If any nominee is unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present Board. In the alternative, the proxies may vote only for the remaining nominees, leaving a vacancy on the Board. The Board may fill such vacancy at a later date or reduce the size of the Board. We have no reason to believe that any of the nominees named in this proxy statement will be unwilling or unable to serve if elected as a director.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE FOLLOWING NOMINEES NAMED IN THIS PROXY STATEMENT.

The biographies of each of the nominees named in this proxy statement and the continuing directors below contain information regarding each such person's service as a director, business experience, director positions held currently or at any time during the last five years and the experiences, qualifications, attributes or skills that caused the Nominating and Corporate Governance Committee to determine that the person should serve as a director of the company. In addition to the information presented below regarding each such person's specific experience, qualifications, attributes and skills that led the Board and its Nominating and Corporate Governance Committee to the conclusion that he or she should serve as a director, we also believe that each of our directors has a reputation for integrity, honesty and adherence to high ethical standards. Each of our directors has demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to our company and our Board. Finally, we value our directors' experience in relevant areas of business management and on other boards of directors and board committees.

Our corporate governance guidelines also dictate that a majority of the Board be comprised of independent directors whom the Board has determined have no material relationship with the company and who are otherwise independent directors under the published listing requirements of the NASDAQ Stock Market.

CORPORATE GOVERNANCE

Board Independence

The Board has determined that each of our directors, except for Mr. Mendels as Chief Executive Officer, has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is independent within the meaning of our director independence standards and the director independence standards of NASDAQ and the SEC. Furthermore, the Board has determined that each member of each of the committees of the Board is independent within the meaning of NASDAQ's, the SEC's and our applicable committees independence standards, including Rule 10a-3(b)(1) under the Securities Exchange Act of 1934, as amended (the Exchange Act). In making that determination, the Board considered all relevant facts and circumstances, including (but not limited to) the director's commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. There are no family relationships among any of our directors or executive officers. In addition, a majority of the members of the Board meets the independence standards of the NASDAQ Marketplace Rules.

At least annually, the Board will evaluate all relationships between Brightcove and each director in light of relevant facts and circumstances for the purposes of determining whether a material relationship exists that might signal a potential conflict of interest or otherwise interfere with such director's ability to satisfy his or her responsibilities as an independent director. Based on this evaluation, the Board will make an annual determination of whether each director is independent within the meaning of NASDAQ's, the SEC's and our applicable committees' independence standards.

requirements change. In particular, guidelines that encompass legal, regulatory or exchange requirements as they currently exist will be deemed to be modified as and to the extent that such legal, regulatory or exchange requirements are modified. In addition, the guidelines may also be amended by the Board at any time as it deems appropriate.

Board and Committee Meetings

The Board meets on a regularly scheduled basis during the year to review significant developments affecting us and to act on matters requiring its approval. It also holds special meetings when important matters require action between scheduled meetings. Members of senior management regularly attend meetings to report on and discuss their areas of responsibility. During 2016, the Board held eight meetings and acted by unanimous written consent on four occasions. The Board has three standing committees:

the Audit Committee, which held six meetings in 2016;

the Compensation Committee, which held six meetings and acted by unanimous written consent on five occasions in 2016; and

the Nominating and Corporate Governance Committee, which held two meetings and acted by unanimous written consent on one occasion in 2016.

Each of the incumbent directors of the Board (except for Ms. Hessian, who joined the Board in March 2017) attended at least 75% of the aggregate of all meetings of the Board and all meetings of committees of our Board upon which they served (during the periods that they served) during 2016. The Board of Directors regularly holds executive sessions of the independent directors. Executive sessions do not include employee directors or directors who do not qualify as independent under NASDAQ and SEC rules.

Annual Meeting Attendance

It is our policy that members of our Board are encouraged to attend annual meetings of our stockholders.

Committees

Our bylaws provide that the Board may delegate responsibility to committees. The Board has three standing committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The Board has also adopted a written charter for each of the three standing committees. Each committee charter is available in the corporate governance section of our website at <http://investor.brightcove.com/governance.cfm>.

Audit Committee

Ms. Besemer and Messrs. Haroian and Harrar currently serve on the Audit Committee, which is chaired by Mr. Haroian. The Board has determined that each member of the Audit Committee is independent for Audit Committee purposes as that term is defined under Rule 10A-3 of the Exchange Act and the applicable NASDAQ Stock Market rules. Each member of the Audit Committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and NASDAQ Stock Market. The Board has designated Mr. Haroian as an audit committee financial expert, as defined under the applicable rules of the SEC. The Audit Committee's responsibilities include:

appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;

approving auditing and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;

Nominating and Corporate Governance Committee

Ms. Besemer, Ms. Hessian and Mr. Kurnit currently serve on the Nominating and Corporate Governance Committee, which is chaired by Ms. Besemer. The Board has determined that each member of the Nominating and Corporate Governance Committee is independent as that term is defined in the applicable SEC and NASDAQ Stock Market rules. identifying individuals qualified to become members of the Board;

recommending to the Board the persons to be nominated for election as directors and for election to each of the Board's committees;

developing and recommending to the Board a set of corporate governance guidelines; and

The Nominating and Corporate Governance Committee met two times and took action by unanimous written consent one time during the fiscal year ended December 31, 2016. Identifying and Evaluating Director Nominees

The Board is responsible for selecting its own members. The Board delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board, and of management, will be requested to take part in the process as appropriate.

Generally, the Nominating and Corporate Governance Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the Nominating and Corporate Governance Committee deems to be helpful to identify candidates. Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means that the Nominating and Corporate Governance Committee deems to be appropriate in the evaluation process. The Nominating and Corporate Governance Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board's approval as director nominees for election to the Board.

Minimum Qualifications

The Nominating and Corporate Governance Committee will consider, among other things, these and other qualifications, skills and attributes when recommending candidates for the Board's selection as nominees for the

Table of Contents

Board and as candidates for appointment to the Board's committees: the nominee shall have the highest personal and professional integrity, shall have demonstrated exceptional ability and judgment, and shall be most effective, in conjunction with the other nominees to the Board, in collectively serving the long-term interests of the stockholders.

In evaluating proposed director candidates, the Nominating and Corporate Governance Committee may consider, in addition to the minimum qualifications and other criteria for Board membership approved by the Board from time to time, all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of the proposed director candidate, his or her depth and breadth of professional experience or other background characteristics, his or her independence and the needs of the Board.

Stockholder Recommendations

Stockholders may submit recommendations for director candidates to the Nominating and Corporate Governance Committee by sending the individual's name and qualifications to our Secretary at Brightcove Inc., 290 Congress Street, Boston, MA 02210, who will forward all recommendations to the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will evaluate any candidates recommended by stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors or management.

Stockholder Communications

The Board provides to every securityholder the ability to communicate with the Board, as a whole, and with individual directors on the Board through an established process for securityholder communication. For a securityholder communication directed to the Board of Directors as a whole, securityholders may send such communication to the attention of the Chairman of the Board via U.S. Mail or Expedited Delivery Service to: Brightcove Inc., 290 Congress Street, Boston, MA 02210, Attn: Chairman of the Board.

For a securityholder communication directed to an individual director in his or her capacity as a member of the Board, securityholders may send such communication to the attention of the individual director via U.S. Mail or Expedited Delivery Service to: Brightcove Inc., 290 Congress Street, Boston, MA 02210, Attn: [Name of Individual Director].

We will forward by U.S. Mail any such securityholder communication to each director, and the Chairman of the Board in his or her capacity as a representative of the Board, to whom such securityholder communication is addressed to the address specified by each such director and the Chairman of the Board, unless there are safety or security concerns that mitigate against further transmission.

Board Leadership Structure

Our corporate governance guidelines do not dictate a particular Board structure, and the Board is given the flexibility to select its Chairman and our Chief Executive Officer in the manner that it believes is in the best interests of our stockholders. Accordingly, the Chairman and the Chief Executive Officer may be filled by one individual or two. The Board has currently determined that having Gary Haroian serve as Chairman and David Mendels serve as Chief Executive Officer is in the best interests of the stockholders. We currently separate the roles of Chief Executive Officer and Chairman in recognition of the differences between the two roles as they are presently defined. The Chief Executive Officer is responsible for setting the strategic direction for the company and for the day-to-day leadership and performance of the company, while the Chairman provides guidance to the Chief Executive Officer and leads the Board. The Board believes its administration of its risk oversight function has not affected the Board's leadership structure.

Table of Contents

Board's Role in Risk Oversight

The Board is involved in the oversight of risks that could affect the company. This oversight is conducted primarily through the Audit Committee, which on behalf of the Board, is charged with overseeing the principal risk exposures we face and our mitigation efforts in respect of these risks. The Audit Committee is responsible for interfacing with management and discussing with management the company's principal risk exposures and the steps management has taken to monitor and control risk exposures, including risk assessment and risk management policies. The Compensation Committee also plays a role in that it is charged, in overseeing our overall compensation structure, with assessing whether that compensation structure creates risks that are reasonably likely to have a material adverse effect on us.

Risks Related to Compensation Policies and Practices

When determining our compensation policies and practices, the Board considers various matters relevant to the development of a reasonable and prudent compensation program, including whether the policies and practices are reasonably likely to have a material adverse effect on us. We believe that the mix and design of our executive compensation plans and policies do not encourage management to assume excessive risks and are not reasonably likely to have a material adverse effect on us for the following reasons: we offer an appropriate balance of short and long-term incentives and fixed and variable amounts; our variable compensation is based on a balanced mix of criteria; and the Board and Compensation Committee have the authority to adjust variable compensation as appropriate.

Anti-Hedging and Anti-Pledging Policies

Our insider trading policies prohibit all directors, executive officers, and employees from buying our securities on margin, or holding such securities in a margin account and, without the prior approval by the Audit Committee which must have at least two (2) weeks to consider any request for approval, buying or selling derivatives on such securities, engaging in short sales involving such securities or pledging our securities as collateral for a loan. To date no such requests have been made or approved.

Table of Contents**PROPOSAL TWO****RATIFICATION OF THE APPOINTMENT OF****OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

We have appointed Ernst & Young LLP as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year ending December 31, 2017 and to audit the effectiveness of our internal control over financial reporting as of December 31, 2017 pursuant to the Sarbanes-Oxley Act of 2002, and we are asking you and other stockholders to ratify this appointment. Ernst & Young LLP has served as our independent registered public accounting firm since 2010.

The Audit Committee annually reviews the independent registered public accounting firm's independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm, and the independent registered public accounting firm's performance. As a matter of good corporate governance, the Board determined to submit to stockholders for ratification the appointment of Ernst & Young LLP. A majority of the votes properly cast is required in order to ratify the appointment of Ernst & Young LLP. In the event that a majority of the votes properly cast do not ratify this appointment of Ernst & Young LLP, we will review our future appointment of Ernst & Young LLP.

We expect that a representative of Ernst & Young LLP will attend the Annual Meeting and the representative will have an opportunity to make a statement if he or she so chooses. The representative will also be available to respond to appropriate questions from stockholders.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

We adopted a policy on January 26, 2012 under which the Audit Committee must pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval would generally be requested annually, with any pre-approval detailed as to the particular service, which must be classified in one of the four categories of services listed below. The Audit Committee may also, on a case-by-case basis, pre-approve particular services that are not contained in the annual pre-approval request. In connection with this pre-approval policy, the Audit Committee also considers whether the categories of pre-approved services are consistent with the rules on accountant independence of the SEC and the Public Company Accounting Oversight Board.

In addition, in the event time constraints require pre-approval prior to the Audit Committee's next scheduled meeting, the Audit Committee has authorized its Chairperson to pre-approve services. Engagements so pre-approved are to be reported to the Audit Committee at its next scheduled meeting.

In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

This report is submitted by the Audit Committee of the Board. The Audit Committee consists of the three directors whose names appear below. None of the members of the Audit Committee is an officer or employee of Brightcove, and the Board has determined that each member of the Audit Committee is independent for Audit Committee purposes as that term is defined under Rule 10A-3 of the Exchange Act, and the applicable NASDAQ Stock Market rules. Each member of the Audit Committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and NASDAQ Stock Market. The Audit Committee also discussed

with members of Ernst & Young LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA *Performance Standards* Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee reviewed management's report on its assessment of the effectiveness of the company's internal control over financial reporting and the independent registered public accounting firm's report on the effectiveness of the company's internal control over financial reporting. The Audit Committee meets with representatives of the independent registered public accounting firm, with and without management present, to discuss the results of their examinations; their evaluations of the company's internal control, including internal control over financial reporting; and the overall quality of the company's financial reporting.

In addition, the Audit Committee received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and discussed with members of Ernst & Young LLP its independence.

Based on these discussions, the financial statement review and other matters it deemed relevant, the Audit Committee recommended to the Board that the company's audited consolidated financial statements for 2016 be included in its Annual Report on Form 10-K for 2016.

Table of Contents**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis**

This section explains how our executive compensation programs are designed and operate with respect to our named executive officers listed in the Summary Compensation Table below. Our named executive officers in 2016 were David Mendels, Chief Executive Officer; Kevin Rhodes, Chief Financial Officer; and Andrew Feinberg, President, International Operations from January 2016 through October 2016 and President and Chief Operating Officer from November 2016 through December 2016.

Executive Summary

Our compensation strategy is designed to attract and retain high-caliber executive officers and employees, and communicate and align employee contributions with our objectives and the creation of long-term stockholder value. We intend to provide a competitive total compensation package and will share our success with our named executive officers, as well as our other employees, when our objectives are met.

Compensation for our named executive officers consists of the elements identified in the following table.

Compensation Element	Objective
Base salary	To attract and retain employees and to recognize ongoing performance of job responsibilities.
Annual performance-based cash compensation	To re-emphasize corporate objectives and provide additional reward opportunities for our named executive officers (and employees generally) when key business objectives are met.
Long-term equity incentive compensation	To reward increases in stockholder value, reinforce our focus on team success and promote retention.

Each of the elements of our executive compensation program is discussed in more detail below. Our compensation elements are designed to be flexible, to complement each other and to serve the compensation objectives described above. We have not adopted any formal or informal policies or guidelines for allocating compensation between fixed and variable compensation, cash and equity incentive awards, or short-term and long-term compensation. Our mix of compensation elements is designed to reward recent results and motivate long-term performance through a combination of short-term cash and long-term equity incentive awards.

Determining Executive Compensation

Our Chief Executive Officer reviews the performance of each named executive officer other than himself, and based on this review and the factors described below, makes recommendations to the Compensation Committee with respect to each named executive officer's total compensation package. The Compensation Committee then makes the final determination with regard to the total compensation package for our named executive officers, including our Chief Executive Officer.

Table of Contents

In 2015, our Board engaged Pearl Meyer & Partners, LLC (Pearl Meyer), a compensation consultant, to help evaluate the total compensation packages for our named executive officers. As part of this engagement, Pearl Meyer analyzed compensation data of our peer group companies as approved by the Compensation Committee with input and guidance from Pearl Meyer. For 2016, our peer group consisted of the following 14 publicly-traded U.S.-based software companies:

Bazaarvoice	Limelight Networks	Tangoe
Broadsoft	RealNetworks	Telenav
Carbonite	SeaChange International	Tremor Video
eGain	Support.com	TubeMogul
Jive Software	Synacor	

Certain of these companies were determined to be appropriate peer companies based on the type and size of their businesses. Certain of these companies were selected for executive compensation analysis purposes because they had similar operating and/or financial metrics. These companies are also representative of the types of companies with which we compete for executive talent. We may replace some or all of these companies with others from time to time as changes in market positions and company size, including our own, may suggest more representative peer group companies.

Elements of Compensation**Base Salaries**

Base salaries for our named executive officers were established initially through arm's-length negotiations at the time each individual was hired, taking into account compensation surveys and internal pay equity considerations, as well as the individual's qualifications and experience. Base salaries of our named executive officers are reviewed on an annual basis by our Chief Executive Officer (for named executive officers other than himself), our head of Human Resources and our Compensation Committee and approved annually by our Compensation Committee.

Adjustments to base salaries are based on an individual's performance and promotions, as well as compensation surveys and internal pay equity considerations. In making decisions regarding salary adjustments, our Compensation Committee also draws upon the experience that members of our Board have within our industry. We do not assign a specific weight to any single factor in making decisions regarding base salary adjustments.

For 2016, our Compensation Committee sought to set base salaries for each of our named executive officers at levels that would result in total target cash compensation that is generally at or near the 75th percentile of our peer group. After reviewing the base salaries of Messrs. Mendels and Rhodes, the Compensation Committee determined that no base salary adjustments were necessary for these named executive officers in 2016.

In November 2016, Mr. Feinberg's base salary was increased from \$300,000 to \$370,000 in connection with his promotion to President and Chief Operating Officer.

The following table sets forth the base salary for our named executive officers for fiscal 2015 and 2016:

Named Executive Officer	2015 Base Salary	2016 Base Salary	% Change
David Mendels	\$ 400,000	\$ 400,000	n/a
Kevin Rhodes	\$ 300,000	\$ 300,000	n/a

performance objectives approved by our Compensation Committee. In addition, Mr. Feinberg, as well as certain other executives and employees, participate in our Sales Incentive Program, which provides an opportunity to earn a cash bonus upon achievement of sales objectives approved by management. These programs were established to further align individual goals with corporate goals and to increase focus on executing key business deliverables.

Target Bonuses-Performance Incentive Program. As with base salaries, the target annual incentive compensation opportunities (generally expressed as a percentage of base salary) for our named executive officers were established initially through arm's-length negotiations at the time each individual was hired, taking into account compensation surveys and internal pay equity considerations, as well as the individual's qualifications and experience. Adjustments to annual incentive compensation targets are based on an individual's performance and promotions, as well as compensation surveys and internal pay equity considerations. Along with base salaries, annual incentive compensation targets are reviewed on an annual basis by our Chief Executive Officer (for named executive officers other than himself), our head of Human Resources and our Compensation Committee and approved annually by our Compensation Committee. In making decisions regarding adjustments to annual incentive compensation targets, our Compensation Committee also draws upon the experience that members of our Board have within our industry. We do not assign a specific weight to any single factor in making decisions regarding adjustments to annual incentive compensation targets.

For 2016, our Compensation Committee sought to set annual incentive compensation targets for each of our named executive officers at levels that would result in total target cash compensation that is generally at or near the 75th percentile of our peer group. In 2016, the Compensation Committee approved an annual incentive compensation target increase for Mr. Rhodes to make his total cash compensation more competitive with those of similarly situated executives in our peer group.

The following table sets forth the annual incentive compensation targets for our named executive officers under our Performance Incentive Program for fiscal 2015 and 2016:

Named Executive Officer	2015 Target Bonus (% of base salary)	2016 Target Bonus (% of base salary)	% Change
David Mendels	70%	70%	n/a
Kevin Rhodes	55%	68.5%	25%
Andrew Feinberg	18.75%	15.2%	(19)%

Mr. Feinberg's annual incentive compensation target is set at \$56,250 and did not change in 2016. The percentage decrease reflected in the table above is solely a result of the increase in Mr. Feinberg's base salary from \$300,000 to \$370,000 in November 2016 in connection with his appointment as President and Chief Operating Officer.

The following table sets forth the annual incentive compensation target for Mr. Feinberg under the Sales Incentive Program for 2016:

Named Executive Officer	Target Bonus
Andrew Feinberg	\$ 168,750

Bonus Determinations-Performance Incentive Program. Under the Performance Incentive Program, each year (generally during the first quarter) the Board establishes company-wide financial performance objectives, which serve as the basis for determining the eligibility for and the amount of bonuses to be paid under the program. For 2016, the Board used our revenue and non-GAAP operating income (excluding bonus expense) for the performance objectives, weighted 75% for revenue and 25% for non-GAAP operating income (excluding bonus expense). We define non-GAAP operating income (excluding bonus expense) as our income from operations, calculated in accordance with GAAP, excluding our stock-based compensation expense, the

Table of Contents

amortization of acquired intangibles, merger-related expenses and costs to exit a facility. The Board determines the goals for each of these objectives in consultation with management and taking into account our performance for the immediately preceding year. The Board establishes goals it believes are necessary to provide a competitive overall compensation package in light of each named executive officer's base salary and to motivate our executives to achieve an aggressive level of growth. Our 2016 revenue goal was \$146.0 million, compared with \$150.3 million in actual revenue for the fiscal year ended December 31, 2016. Our 2016 non-GAAP operating income (excluding bonus expense) goal was \$5.0 million, compared with \$4.5 million in actual non-GAAP operating income (excluding bonus expense) for the fiscal year ended December 31, 2016.

The above-referenced performance objectives should not be interpreted as a prediction of how we will perform in future periods. As described above, the purpose of these objectives was to establish a method for determining the payment of performance-based cash compensation. You are cautioned not to rely on these performance goals as a prediction of our future performance.

After the end of each year, the Compensation Committee reviews our actual achievement against the performance objectives and determines the amount of bonuses to be paid under the program as a whole.

We must achieve at least 95% of the goal for revenue for bonuses to be paid under the program for this component. Performance at the 95% level with respect to revenue would result in bonus payouts to the named executive officers at 50% of the named executive officers' individual target bonus opportunity for revenue. Each incremental 1% of achievement from 95% to 100% of the goal for revenue increases the bonus payouts by 10%, such that performance at the 97.5% level with respect to revenue would result in bonus payouts at 75% of the individual target bonus opportunity for revenue and performance at the 100% level with respect to revenue would result in bonus payouts at 100% of the individual target bonus opportunity for revenue.

Each incremental 1% of achievement from 100% to 102% of the goal for revenue increases the bonus payouts by 15% for this component. An incremental 1% of achievement from 102% to 103% of the goal for revenue increases the bonus payouts by 20% for this component. Each incremental 1% of achievement from 103% to 105% of the goal for revenue increases the bonus payouts by 25%, up to a maximum of 200%, for this component. We must achieve at least 100% of the company's bookings goal for the year for any of these revenue accelerators to apply.

We must achieve at least 50% of the goal for non-GAAP operating income (excluding bonus expense) for bonuses to be paid under the program for this component. Performance at the 50% level with respect to non-GAAP operating income (excluding bonus expense) would result in bonus payouts to the named executive officers at 50% of the named executive officers' individual target bonus opportunity for non-GAAP operating income (excluding bonus expense). Each incremental 10% of achievement from 50% to 100% of the goal for non-GAAP operating income (excluding bonus expense) increases the bonus payouts by 10%, such that performance at the 75% level with respect to non-GAAP operating income (excluding bonus expense) would result in bonus payouts at 75% of the individual target bonus opportunity for non-GAAP operating income (excluding bonus expense) and performance at the 100% level with respect to non-GAAP operating income (excluding bonus expense) would result in bonus payouts at 100% of the individual target bonus opportunity for non-GAAP operating income (excluding bonus expense).

An incremental 10% of achievement above 100% of the goal for non-GAAP operating income (excluding bonus expense) increases the bonus payouts by 15% for this component. An incremental 15% of achievement above 110% of the goal for non-GAAP operating income (excluding bonus expense) increases the bonus payouts by 15% for this component. An incremental 15% of achievement above 125% of the goal for non-GAAP operating income (excluding bonus expense) increases the bonus payouts by 20% for this component. An incremental 20% of achievement above 140% of the goal for non-GAAP operating income (excluding bonus expense) increases the bonus payouts by 25% for this component. An incremental 40% of achievement above 160% of the goal for non-GAAP operating income (excluding bonus expense) increases the bonus payouts by

Table of Contents

25%, up to a maximum of 200%, for this component. We must achieve at least 100% of the company's bookings goal for the year for any of these non-GAAP operating income (excluding bonus expense) accelerators to apply.

For the full year in 2016, we achieved 102.9% of the goal for revenue and 90.0% of the goal for non-GAAP operating income (excluding bonus expense). The Compensation Committee also determined that we achieved at least 100% of the company's bookings goal for the year. This resulted in a bonus payout of 147.8% with respect to the revenue objective, weighted at 75.0%, and a bonus payout of 89.9% with respect to the non-GAAP operating income (excluding bonus expense) objective, weighted at 25.0%. As such the Compensation Committee awarded the named executive officers 133.3% of their respective full-year target bonuses for 2016.

Since the bookings growth metric is highly sensitive data, we do not disclose the specific performance goal for this metric because we believe that such disclosure would result in serious competitive harm. We set the goals for bookings at a high level that is challenging to achieve because we are a growth-oriented company and rely on bookings to help drive our growth. Additionally, the value associated with a contract at the time of booking is an estimate of the revenue we expect to receive from the customer which, in turn, is based on an estimate of what the customer's total collections will be from using our services. Since the number is an estimate based on an estimate, it is inherently volatile and cannot be used to predict actual revenue.

Bonus Determinations Sales Incentive Program. Under the Sales Incentive Program for 2016, each quarter, management established sales objectives for individuals, by region, which served as the basis for determining the amount of bonuses to be paid to the individual under the program. The sales objectives took into account our performance for the immediately preceding quarter and the corresponding quarter for the immediately preceding year. The sales objectives for 2016 each represented a significant increase over our actual performance in 2015. After the end of each quarter, management reviewed an individual's performance with respect to their individual sales objectives and determined the amount of the bonus to be paid under the program to the individual.

For 2016, the quarterly sales performance bonuses for Mr. Feinberg were based predominantly on customer bookings, sales to existing premium customers and the execution of contracts with a term greater than one year. For 2016, Mr. Feinberg's territory in which such objectives were measured was international. Mr. Feinberg's annual incentive compensation target of \$168,750 in 2016 consisted of quarterly targets of \$42,188. In 2016, Mr. Feinberg earned \$40,502 for the first quarter, \$76,786 for the second quarter, \$44,721 for the third quarter and \$64,466 for the fourth quarter, resulting in total incentive compensation under the Sales Incentive Program of \$226,475. Customer bookings translate into incentive compensation by comparing the international quarterly bookings goal set by management against the dollar amount in bookings actually achieved. Sales to existing premium customers translate into incentive compensation by comparing the percentage goal for international monthly recurring revenue set by management against the percentage actually achieved. Such resulting percentages are then multiplied by the quarterly sales performance bonus target to determine the amount of bonus earned in such quarter. Certain factors may decrease the amount of bonus earned, such as non-standard contract terms.

Please refer to the Summary Compensation Table for the actual amounts paid to each of our named executive officers pursuant to our annual Performance Incentive Program and Sales Incentive Program for 2016.

Long-Term Equity Incentive Compensation

Our named executive officers are eligible to receive long-term equity-based incentive awards, which are intended to align the interests of our named executive officers with the interests of our stockholders, to emphasize and reinforce our focus on team success and to promote retention. Since the consummation of our initial public offering, our long-term equity-based incentive compensation awards have been made in the form of stock options and restricted stock units subject to vesting based on continued employment. We believe that stock options and restricted stock units are effective tools for meeting our compensation goal of increasing long-term

Table of Contents

stockholder value. Because employees are able to profit from stock options only if our stock price increases relative to the stock option's exercise price, and because the value of restricted stock units is based on the price of our common stock when the restricted stock units vest, we believe stock options and restricted stock units provide meaningful incentives to employees to achieve increases in the value of our stock over time.

All stock option and restricted stock unit awards are approved by the Compensation Committee or our Board. In determining the size of a stock option grant or restricted stock unit award, the Compensation Committee or Board takes into account individual performance (generally consisting of financial performance for the year as well as a subjective, qualitative review of each named executive officer's contribution to the success of the business), internal pay equity considerations and the value of existing long-term incentive awards. Each named executive officer received an initial grant of stock options and/or restricted stock units in connection with the commencement of his employment. Our named executive officers and other employees are also eligible to receive additional grants or awards from time to time. Except for our equity award grant policy, which is described more fully below under "Other Compensation Practices and Policies", we do not have a set program for the award of these additional grants or awards, and our Compensation Committee retains discretion to make stock option or restricted stock unit awards to employees at any time.

Prior to the consummation of our initial public offering, stock option and restricted stock awards to our named executive officers typically had vesting schedules of four years, with 25% vesting on the first anniversary of the vesting start date, which is a date fixed by our Board or Compensation Committee when making equity awards, and the remainder vesting in 36 equal monthly installments thereafter. Since the consummation of our initial public offering, stock option and restricted stock unit awards to our named executive officers typically vest over four years, with 25% vesting on each annual anniversary of the vesting start date. We believe this vesting schedule encourages long-term employment with our company, while allowing our executives to realize compensation in line with the value they have created for our stockholders.

In December 2016, Mr. Rhodes was awarded 10,000 restricted stock units and Mr. Feinberg was awarded 25,000 restricted stock units. Also in December 2016, Mr. Mendels was granted an option to purchase 40,000 shares, Mr. Rhodes was granted an option to purchase 20,000 shares, and Mr. Feinberg was granted an option to purchase 50,000 shares, each at an exercise price of \$8.00 per share, which was equal to the closing price of our common stock on the date of grant. The awards to Messrs. Mendels and Rhodes were made as retention awards, and the awards to Mr. Feinberg were the result of a negotiation between Mr. Feinberg, our Chief Executive Officer and our Compensation Committee in connection with his appointment as our President and Chief Operating Officer.

Each award described above vests over four years, with 25% vesting on each annual anniversary of the vesting start date.

Severance and Change in Control Benefits

We have entered into employment agreements with each of our named executive officers. Such employment agreements provide certain benefits in the event of a change in control of our company and termination of employment under certain circumstances as set forth below.

If an executive's employment is terminated by us without cause or if the executive resigns for good reason prior to or more than 12 months following a change in control of the company, the executive is eligible for severance benefits in 12 equal monthly installments consisting of an amount equal to the sum of one times the executive's base salary and one times the executive's target bonus, plus an amount equal to 12 months of COBRA coverage. In such case, the vesting of each executive's then-outstanding equity awards shall also accelerate by 25%. The severance benefits described in this paragraph are contingent upon the executive agreeing to a general release of claims in favor of us following termination of employment.

Table of Contents

If an executive's employment is terminated by us without cause or if the executive resigns for good reason within 12 months following a change in control of our company, the executive is eligible for severance benefits in a lump sum consisting of an amount equal to the sum of one times the executive's base salary and one times the executive's target bonus, plus an amount equal to 12 months of COBRA coverage. The severance benefits described in this paragraph are contingent upon the executive agreeing to a general release of claims in favor of us following termination of employment.

If an executive's employment is terminated by us for cause, each applicable stock option may no longer be exercised from and after the date on which the executive received written notice from us of such termination.

The employment agreements also provide that, upon a change in control of our company, each executive's then-outstanding equity awards will fully vest. The employment agreements entered into with Mr. Mendels and Mr. Feinberg also provide that, if such executive's employment is terminated by us without cause or if such executive resigns for good reason, the executive may exercise all vested stock options granted prior to the company's initial public offering until the date which is ten years from the grant date of the applicable stock option.

We provide these benefits to promote retention and ease the consequences to the executive of an unexpected termination of employment. These arrangements are also intended to preserve morale and productivity in the face of the potentially disruptive impact of a change in control. These benefits also allow our named executive officers to focus on the value of strategic alternatives to stockholders without concern for the impact on their own continued employment, as each of their offices is at heightened risk of turnover in the event of a change in control.

Please refer to the discussion below under "Employment Agreements; Potential Payments upon Termination or Change in Control" for a more detailed discussion of our severance and change in control benefits.

Employee Benefits

Our named executive officers are eligible for the same benefits as are available to our employees generally. These include participation in a tax-qualified 401(k) plan with a company matching contribution and group health, dental, life and disability insurance plans. The type and extent of benefits offered are intended to be competitive within our industry.

Other Compensation Practices and Policies

Perquisites and Personal Benefits. As noted above, our named executive officers are eligible to participate in the same benefits as those offered to all full-time employees. We do not have any programs for providing material personal benefits or executive perquisites to our named executive officers.

Insider Trading Policy. Our executive officers, employees and directors are subject to our insider trading policy. Under this policy, all of our executive officers, employees and directors are prohibited from engaging in transactions in publicly-traded options and other derivative securities with respect to our securities unless approved by our Audit Committee.

Policy Regarding the Timing of Equity Awards. Our equity award grant policy formalizes our process for granting equity-based awards. Under our equity award grant policy, we will generally grant equity awards on a regularly scheduled basis. If extraordinary circumstances arise such that the Compensation Committee or the Board determines it is advisable to grant an equity award at a time other than as set forth below, the Compensation Committee may consider and approve any such grant. Grants of equity awards for new hires or promotions will generally be made twice per quarter. Grants approved from the start of the then-current quarter

Table of Contents

through the date we first publicly release our financial results for the previously completed quarter, shall be effective on the third trading day after we first publicly release our financial results for the previously completed quarter, which we call a grant date. Grants approved after the date we first publicly release our financial results for the previously completed quarter through the end of the then-current quarter, shall be effective on the fifth trading day after we approve such grants, which we also call a grant date. Grants of equity awards to current employees (other than in connection with a promotion) will generally be made, if at all, on an annual basis on one of the grant dates specified above. It is the intention of the Compensation Committee to consider and approve any such grants either at a meeting of the Compensation Committee, which meeting will be established in advance, with notice to the Compensation Committee in accordance with the Compensation Committee charter, or by unanimous consent in writing.

Tax Deductibility. Section 162(m) places a limit of \$1 million on the amount of compensation that a publicly-held corporation may deduct in any one year with respect to its chief executive officer and each of the next three most highly compensated executive officers (other than its chief financial officer). In general, certain performance-based compensation approved by stockholders is not subject to this deduction limit. Our Board has considered the potential effects of Section 162(m) of the Internal Revenue Code on the compensation paid to our named executive officers and, in light of the constraints imposed by Section 162(m) and our desire to maintain flexibility in compensation decisions, has determined not to structure our compensation arrangements to be exempt from Section 162(m). However, our Compensation Committee may in the future seek to qualify certain equity-based compensation paid to our named executive officers (such as stock options) for an exemption from the deductibility limitations of Section 162(m).

Accounting for Stock-Based Compensation. We follow Financial Accounting Standard Board (FASB) Accounting Standards Codification Topic (ASC) 718, *Compensation - Stock Compensation*, for our stock-based compensation awards to employees. FASB ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options, restricted stock awards and restricted stock unit awards, based on the grant date fair value of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. FASB ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based compensation awards in their statements of operations over the period that an executive officer is required to render service in exchange for the option or other award. Our Compensation Committee may consider the impact of FASB ASC Topic 718 when making equity-based awards.

Table of Contents**Potential Payments upon Termination or Change in Control**

The information below sets forth the estimated amounts payable under existing plans and contractual arrangements assuming a termination of employment and/or change in control had occurred on December 31, 2016, based on the closing market price of our common stock on December 30, 2016, the last trading day of 2016, of \$8.05 per share. There can be no assurance that an actual triggering event would produce the same or similar results as those estimated if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different. These figures are based on the equity agreements and employment agreements in effect on December 31, 2016.

Director Compensation

We reimburse each member of our Board who is not an employee for reasonable travel and other expenses in connection with attending meetings of the Board or committees thereof.

We have adopted a non-employee director compensation policy as described below. Under the non-employee director compensation policy in effect at the beginning of 2016, our Board members were entitled to receive an annual cash retainer of \$25,000 for general availability and participation in meetings and conference calls of our Board. Additionally, the Audit Committee chairperson receives an annual cash retainer of \$15,000, each Audit Committee member receives an annual cash retainer of \$7,500, the Compensation Committee chairperson receives an annual cash retainer of \$10,000, each Compensation Committee member receives an annual cash retainer of \$5,000, the Nominating and Corporate Governance Committee chairperson receives an annual cash retainer of \$7,500 and each Nominating and Corporate Governance Committee member receives an annual cash retainer of \$3,000. At the beginning of 2016, each of the non-employee members of our Board was entitled to the following equity compensation pursuant to our non-employee director compensation policy then in effect:

Upon initial election to the Board, a non-employee director was entitled to receive an initial stock option grant representing 0.060% of our capitalization on a fully diluted basis, issued with an exercise price equal to the fair market value of our common stock on the grant date, that vested quarterly over three years.

Each continuing non-employee member of the Board who had served as a director for at least the six months prior to that year's annual meeting of stockholders was entitled to receive an annual stock option grant representing 0.030% of our capitalization on a fully diluted basis, issued with an exercise price equal to the fair market value of our common stock on the grant date, that vested quarterly over three years.

In April 2016, the Compensation Committee amended the annual equity grant under the non-employee director compensation policy such that, effective as of April 2016, at each annual meeting of stockholders, each continuing non-employee director who had served as a director for at least the six months prior to such annual meeting of stockholders would receive annual equity awards with an aggregate target value of \$55,000, split equally in value between restricted stock units and options to purchase shares of common stock (issued with an exercise price equal to the fair market value of our common stock on the date of grant), that each vest in full after one year. Annual equity awards made to non-employee directors at the 2016 annual meeting of stockholders were made pursuant to such amended policy.

In May 2016, the Board amended the non-employee director compensation policy to provide for an annual cash retainer for the chairperson of the Board equal to \$50,000.

Table of Contents

In December 2016, the Compensation Committee amended the non-employee director compensation policy to increase the annual cash retainer for each non-employee director (other than the chairperson of the Board) from \$25,000 to \$30,000. In addition, the initial and annual equity grants under the policy were amended such that, effective as of December 2016, each of the non-employee members of our Board is now entitled to the following equity compensation pursuant to such policy:

Upon initial election to the Board, a non-employee director will receive initial equity awards with an aggregate value of \$130,000, split equally in value between restricted stock units and options to purchase shares of common stock (issued with an exercise price equal to the fair market value of our common stock on the grant date), that each vest in equal quarterly installments over three years, provided, however, that all vesting ceases if the director resigns from the Board or otherwise ceases to serve as a director, unless the Board determines that the circumstances warrant continuation of vesting. The shares underlying the initial grant of restricted stock units and stock options made to any non-employee director who is first elected to the Board as of or subsequent to our initial public offering may not be sold while he/she remains a Board member.

At each annual meeting of our stockholders, each continuing non-employee director who has served as a director for at least the six months prior to such annual meeting of stockholders will receive annual equity awards with an aggregate target value of \$65,000, split equally in value between restricted stock units and options to purchase shares of common stock (issued with an exercise price equal to the fair market value of our common stock on the grant date), that each vest in full after one year, provided, however, that all vesting ceases if the director resigns from the Board or otherwise ceases to serve as a director, unless the Board determines that the circumstances warrant continuation of vesting.

Under the current non-employee director compensation policy, our Board chairperson receives an annual cash retainer of \$50,000, and each of our other directors receives an annual cash retainer of \$30,000, for general availability and participation in meetings and conference calls of our Board. The committee chairperson and committee member annual cash retainers remain unchanged from the levels set forth above.

The following table provides compensation information for the fiscal year ended December 31, 2016 for each non-employee member of our Board. No member of our Board employed by us receives separate compensation for services rendered as a member of our Board.

Rule 10b5-1 Sales Plans

Our policy governing transactions in our securities by directors, officers and employees permits our officers, directors and certain other persons to enter into trading plans complying with Rule 10b5-1 under the Exchange Act. We have been advised that our Chief Executive Officer, David Mendels, and our President and Chief Operating Officer, Andrew Feinberg, have each entered into a trading plan in accordance with Rule 10b5-1 and our policy governing transactions in our securities. Accordingly, sales under these plans may occur at any time, including possibly before, simultaneously with, or immediately after significant events involving our company.

We anticipate that, as permitted by Rule 10b5-1 and our policy governing transactions in our securities, some or all of our officers, directors and employees may establish trading plans in the future. We intend to disclose the names of executive officers and directors who establish a trading plan in compliance with Rule 10b5-1 and the requirements of our policy governing transactions in our securities in our future quarterly and annual reports on Form 10-Q and 10-K filed with the Securities and Exchange Commission. However, we undertake no obligation to update or revise the information provided herein, including for revision or termination of an established trading plan.

RELATED PARTY TRANSACTIONS

Certain Relationships and Transactions

Other than compensation agreements and other arrangements which are discussed in Compensation Discussion and Analysis, in 2016, there was not, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party for which the amount involved exceeds or will exceed \$120,000 and in which any director, executive officer, holder of 5% or more of any class of our capital stock or any member of their immediate family had or will have a direct or indirect material interest.

Procedures for Approval of Related Party Transactions

Our Board reviews and approves transactions with directors, officers and holders of 5% or more of our capital stock and their affiliates, each of whom we refer to as a related party. We have adopted a written related party transaction approval policy that governs the review of related party transactions. Pursuant to this policy, our Audit Committee shall review the material facts of all related party transactions. The Audit Committee shall take into account, among other factors that it deems appropriate, whether the related party transaction is on terms no less favorable to us than terms generally available in a transaction with an unrelated third party under the same or similar circumstances and the extent of the related party's interest in the related party transaction. Further, when stockholders are entitled to vote on a transaction with a related party, the material facts of the related party's relationship or interest in the transaction are disclosed to the stockholders, who must approve the transaction in good faith.

TRANSACTION OF OTHER BUSINESS

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons appointed in the accompanying proxy intend to vote the shares represented thereby in accordance with their best judgment on such matters, under applicable laws.
