SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus supplement, including the documents incorporated by reference herein, may contain or incorporate forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. All statements other than statements of historical fact included in this prospectus supplement, including the documents incorporated by reference herein, are forward-looking statements. These statements may include words such as aim, anticipate, assume, believe, can have, could, due, estimate, expect, goal, intend, likely, may, positioned, predict, should, target, will, would and other words and terms of similar meaning in connection with discussion of the timing or nature of future operating or financial performance or other events or trends. For example, all statements we make relating to our plans and objectives for future operations, growth or initiatives and strategies are forward-looking statements.

These forward-looking statements are based on current expectations, estimates, forecasts and projections about our business and the industry in which we operate and our management's beliefs and assumptions. We derive many of our forward-looking statements from our own operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution predicting the impact of known factors is very difficult, and we cannot anticipate all factors that could affect our actual results.

All of our forward-looking statements are subject to risks and uncertainties that may cause our actual results to differ materially from our expectations. Important factors that could cause actual results to differ materially from our expectations include, but are not limited to:

our retail-based business model is impacted by general economic conditions and economic and financial uncertainties may cause a decline in consumer spending;

current and future government regulations, in particular regulations relating to the sale of firearms and ammunition, may impact the demand for our products and our ability to conduct our business;

our concentration of stores in the Western United States makes us susceptible to adverse conditions in this region, which could affect our sales and cause our operating results to suffer;

we operate in a highly fragmented and competitive industry and may face increased competition;

we may not be able to anticipate, identify and respond to changes in consumer demands, including regional preferences, in a timely manner; and

we may not be successful in operating our stores in any existing or new markets into which we expand. The above is not a complete list of factors or events that could cause actual results to differ from our expectations, and we cannot predict all of them. All written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements disclosed under Item 1A. Risk Factors, in our Annual Report on Form 10-K for the year ended February 3, 2018, as such risk factors may be

amended, supplemented or superseded from time to time by other reports we file with the SEC, including subsequent Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q, and in any prospectus supplement.

Potential investors and other readers are urged to consider these factors carefully in evaluating the forward-looking statements and are cautioned not to place undue reliance on any forward-looking statements we make. These forward-looking statements speak only as of the date on which they are made and are not guarantees of future performance or developments and involve known and unknown risks, uncertainties and other factors that are in many cases beyond our control. Except as required by law, we undertake no obligation to update or revise any forward-looking statements publicly, whether as a result of new information, future developments or otherwise.

PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights the information contained elsewhere in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein, and is qualified in its entirety by reference to the more detailed information and financial statements appearing elsewhere in this prospectus supplement. Because this is only a summary, it does not contain all of the information that may be important to you. Before investing in our common stock you should read this entire prospectus supplement, the accompanying prospectus and any related free writing prospectus, together with all documents incorporated by reference herein and therein, carefully, including the Risk Factors section of this prospectus supplement and in our Annual Report on Form 10-K for the year ended February 3, 2018 and our consolidated financial statements and related notes incorporated by reference in this prospectus supplement.

Overview

Sportsman's Warehouse is a high-growth outdoor sporting goods retailer focused on meeting the everyday needs of the seasoned outdoor veteran, the first-time participant and every enthusiast in between. Our mission is to provide a one-stop shopping experience that equips our customers with the right quality hunting, shooting, fishing and camping gear to maximize their enjoyment of the outdoors. We strive to accomplish this goal by tailoring our broad and deep merchandise assortment to meet local conditions and demand, offering everyday low prices, providing friendly support from our knowledgeable, highly trained staff and offering extensive in-store events and educational programming. These core strategies help position Sportsman's Warehouse as the local outdoor experts and the preferred place to both shop and share outdoor-based experiences in the communities we serve. As a result, we are expanding our loyal customer base in existing markets and increasing our store footprint in new markets, which we believe will further drive our growth and profitability.

Sportsman's Warehouse was founded in 1986 as a single retail store in Midvale, Utah and has grown to 90 stores across 22 states as of July 17, 2018. Today, we have the largest outdoor specialty store base in the Western United States and Alaska. Our stores range from 15,000 to 65,000 gross square feet, with an average size of approximately 40,000 gross square feet. Our store layout is adaptable to both standalone locations and strip centers. Based on publicly available information, we believe it is less capital-intensive for us to open new stores compared to our principal competitors because our no frills store layout requires less initial cash investment to build out and our stores generally require less square footage than the stores of our competitors. Together, these features enable us to effectively serve markets of multiple sizes, from Metropolitan Statistical Areas with populations of less than 75,000 to major metropolitan areas with populations in excess of 1,000,000, while generating consistent four-wall Adjusted EBITDA margins and returns on invested capital across a range of store sales volumes.

Corporate Information

We are a holding company, and all of our business operations are conducted through our wholly owned subsidiaries, Sportsman's Warehouse, Inc., a Utah corporation, and Minnesota Merchandising Corporation, a Minnesota corporation, and their subsidiaries. Our principal executive office is located at 7035 South High Tech Drive, Midvale, Utah 84047, and our telephone number is (801) 566-6681. We maintain a website at www.sportsmanswarehouse.com. Information contained on, or accessible from, our web site is not incorporated by reference into this prospectus supplement and you should not consider information contained on our web site to be part of this prospectus supplement.

(1) Prior to fiscal year 2016, we presented our sales and costs of state fish and game licenses, duck stamps, and state government-mandated firearm background checks in net sales and cost of goods sold under the gross method. In fiscal year 2016, our management determined that the revenue from these transactions should have been presented under the net method, thereby recognizing only the commission received in net sales for acting as the agent under the principal versus agent model. Net sales and cost of goods sold for fiscal year 2015 shown above has been revised to reflect this revision. This revision did not have any impact upon gross profit, net income or earnings per share. The following table provides a reconciliation of the revision for fiscal year 2015 as reported on Form 10-K (dollars in thousands):

	As Previously Reported	Revision	As Revised
For the fiscal year ended January 30, 2016			
Net sales	\$ 729,912	\$(23,148)	\$ 706,764

Cost of goods sold	491,382	(23,148)	468,234
Gross profit	238,530		238,530

(2) Adjusted EBITDA has been presented in this prospectus supplement as a supplemental measure of financial performance that is not required by, or presented in accordance with, generally accepted accounting principles (GAAP). We define Adjusted EBITDA as net income plus interest expense, income tax expense, depreciation and amortization, stock-based compensation expense, pre-opening expenses, and other gains, losses, and expenses that we do not believe are indicative of our ongoing expenses. Adjusted EBITDA excludes pre-opening expenses because we do not believe these expenses are indicative of the underlying operating performance of our stores. The amount and timing of pre-opening expenses are dependent on, among other things, the size of the new stores opened and the number of new stores opened during any given period. Adjusted EBITDA margin means, for any period, the Adjusted EBITDA for that period divided by the net sales for that period.

Adjusted EBITDA and Adjusted EBITDA margin are included in this prospectus supplement because they are key metrics used by management and our board of directors to assess our financial performance. Adjusted EBITDA and Adjusted EBITDA margin are frequently used by analysts, investors and other interested parties in the evaluation of companies in our industry. In addition to assessing our financial performance, we use Adjusted EBITDA and Adjusted EBITDA margin as additional measurement tools for purposes of business decision-making, including evaluating store performance, developing budgets and managing expenditures.

Adjusted EBITDA is not a GAAP measure of our financial performance or liquidity and should not be considered as an alternative to net income as a measure of financial performance or cash flows from operations as a measure of liquidity, or any other performance measure derived in accordance with GAAP, and it should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Additionally, Adjusted EBITDA is not intended to be a measure of free cash flow for management's discretionary use, as it does not reflect certain cash requirements such as tax payments, debt service requirements, capital expenditures, store openings and certain other cash costs that may recur in the future. Adjusted EBITDA contains certain other limitations, including the failure to reflect our cash expenditures or future requirements for capital expenditures or contractual commitments. In evaluating Adjusted EBITDA, you should be aware that, in the future, we will incur expenses that are the same as or similar to some of the adjustments reflected in this presentation, such as income tax expense (benefit), interest expense, depreciation and amortization and pre-opening expenses. Our presentation of Adjusted EBITDA should not be construed to imply that our future results will be unaffected by any such adjustments. Management compensates for these limitations by relying on our GAAP results in addition to using Adjusted EBITDA supplementally. Our measures of Adjusted EBITDA are not necessarily comparable to other similarly titled captions of other companies due to different methods of calculation.
