NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

The 2015 Annual Meeting of Shareholders of Carlisle Companies Incorporated (the "Company") will be held in the Niagara meeting room of the Hilton Garden Inn Toledo Perrysburg located at 6165 Levis Commons Blvd., Perrysburg, Ohio 43551 on Wednesday, May 6, 2015, at 12:00 noon eastern time for the following purposes:

1. To elect the three directors nominated by the Board of Directors.
2. An advisory vote to approve the Company's executive compensation.
3. To ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the 2015 fiscal year.
4. To approve an amendment to the Company's Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 100,000,000 to 200,000,000.
5. To approve the Company's amended and restated Incentive Compensation Program to increase the number of shares available for issuance thereunder.
6. To transact any other business properly brought before the meeting.

Only shareholders of record at the close of business on March 11, 2015 will be entitled to vote whether or not they have transferred their stock since that date.

YOUR VOTE IS IMPORTANT

If you own your shares directly as a registered shareholder or through the Company's Employee Incentive Savings Plan, please vote in one of these ways:

Online by logging on to www.proxyvote.com and following the instructions, using the Control Number shown on the Notice of Internet Availability of Proxy Materials (or paper proxy card if you received or request one), for voting.

By mail (only if you received or request a proxy card) by marking, signing, dating and promptly returning the proxy card in the postage-paid envelope.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

By telephone (only if you received or request a proxy card) by calling the phone number on the proxy card.

In person by submitting a ballot in person at the 2015 Annual Meeting of Shareholders.

If you own your shares indirectly through a bank or broker, you may vote in accordance with the instructions provided by your bank or broker. Those instructions may include online voting. If you receive or request a voting instruction form from your bank or broker, you may also return the completed form by mail or vote by telephone if a number is provided. You may also obtain a legal proxy from your bank or broker and submit a ballot in person at the 2015 Annual Meeting of Shareholders.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE 2015 ANNUAL MEETING OF SHAREHOLDERS OF THE COMPANY TO BE HELD ON MAY 6, 2015:

The proxy materials relating to the 2015 Annual Meeting, including the form of proxy card, the 2014 Annual Report and the Form 10-K are available on the Internet. Please go to www.proxyvote.com to view and obtain the proxy materials online.

By Order of the Board of Directors

STEVEN J. FORD
Secretary

Charlotte, North Carolina

**PROXY STATEMENT
GENERAL INFORMATION**

This Proxy Statement is being furnished in connection with the solicitation by the Board of Directors (the "Board of Directors" or the "Board") of Carlisle Companies Incorporated (the "Company") of proxies to be voted at the 2015 Annual Meeting of Shareholders to be held in the Niagara meeting room of the Hilton Garden Inn Toledo Perrysburg located at 6165 Levis Commons Blvd., Perrysburg, Ohio 43551 on Wednesday, May 6, 2015, at 12:00 noon eastern time.

In accordance with rules and regulations adopted by the Securities and Exchange Commission, instead of mailing a printed copy of the proxy materials to each shareholder of record, the Company is furnishing proxy materials to its shareholders via the Internet. You will not receive a printed copy of the proxy materials unless you request a copy. Instead, the Notice of Internet Availability of Proxy Materials instructs you how to access and review the proxy materials over the Internet. If you would like to receive a printed copy of the proxy materials, you should follow the instructions for requesting those materials included in the Notice.

The Notice of Internet Availability of Proxy Materials is first being sent to shareholders on or about March [•], 2015. This Proxy Statement and the form of proxy card relating to the 2015 Annual Meeting are also first being made available to shareholders on or about March [•], 2015.

The Proxy is solicited by the Board of Directors of the Company. The cost of proxy solicitation will be borne by the Company. In addition to the solicitation of proxies by use of the Internet, officers and regular employees of the Company may devote part of their time to solicitation by correspondence sent via e-mail, facsimile or regular mail and telephone or personal calls. Arrangements may also be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to beneficial owners and for reimbursement of their out-of-pocket and clerical expenses incurred in connection therewith. Proxies may be revoked at any time prior to voting. See "Voting by Proxy and Confirmation of Beneficial Ownership" beginning on page 52.

The mailing address of the principal executive offices of the Company is Carlisle Companies Incorporated, 11605 North Community House Road, Suite 600, Charlotte, North Carolina 28277. Upon written request mailed to the attention of the Secretary of the Company, at the Company's principal executive offices, the Company will provide without charge a copy of its 2014 Annual Report on Form 10-K filed with the Securities and Exchange Commission.

Voting Procedures

The presence, in person or by proxy, of the owners of a majority of the votes entitled to be cast is necessary for a quorum at the Annual Meeting. Abstentions and Shares owned through a broker that are voted on any matter are included in determining the number of votes present or represented at the meeting. Shares owned through a broker that are not voted on any matter at the meeting are not included in determining whether a quorum is present.

Under New York Stock Exchange rules, the proposals to approve an amendment to the Company's Restated Certificate of Incorporation to increase the number of authorized shares of common stock and to ratify the appointment of the independent registered public accounting firm are considered "discretionary" proposals. This means that brokerage firms may vote in their discretion on the proposals on behalf of clients who have not furnished express voting instructions. The proposal to elect the three directors nominated by the Board, the advisory vote to approve the Company's executive compensation and the proposal to approve the Company's amended and restated Incentive Compensation Program to increase the number of shares available for issuance thereunder are "non-discretionary" proposals, which means that brokerage firms may not use their discretion to vote on any of these matters unless they receive express voting instructions from their clients as described below.

Voting Methods

If your shares are registered directly in your name with the Company's transfer agent, Computershare Investor Services, LLC, you are considered the registered holder of those shares. As the registered shareholder, you can ensure your shares are voted at the 2015 Annual Meeting by submitting your instructions (i) over the Internet, (ii) by mail (only if you received or request a proxy card) by completing, signing, dating and returning the proxy card in the envelope provided, (iii) by telephone (only if you received or request a proxy card) by calling the phone number on the proxy card, or (iv) by attending the 2015 Annual Meeting and voting your shares at the meeting. Telephone and Internet voting for registered shareholders will be available 24 hours a day, up until 11:59 pm Eastern time on May 5, 2015. You may obtain directions to the 2015 Annual Meeting in order to vote in person by visiting the Company's website at www.carlisle.com/2015proxymaterials.

Most Company shareholders hold their shares through a broker, bank, trustee or another nominee, rather than directly in their name. In that case, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you by your broker, bank, trustee or nominee, together with a voting instruction card. As the beneficial owner, you are entitled to direct the voting of your shares by your intermediary. Brokers, banks and nominees typically offer telephonic or electronic means by which the beneficial owners of shares held by them can submit voting instructions, in addition to the traditional mailed voting instruction cards.

If you participate in the Carlisle Corporation Employee Incentive Savings Plan (the "401(k) Plan") and own Company shares through your 401(k) Plan account, Wells Fargo Bank, N.A. ("Wells Fargo"), the trustee of the 401(k) Plan, will vote your 401(k) Plan shares in accordance with the instructions you provide by voting online, by telephone or on the voting instruction card. If Wells Fargo does not receive voting instructions from you by 11:59 pm Eastern time on May 5, 2015, Wells Fargo will vote your 401(k) Plan shares as directed by the Carlisle Pension and Insurance Committee (the 401(k) Plan administrator) in its discretion.

Votes Required for Approval of Proposals

The following are the voting requirements for each proposal:

Proposal One, Election of Directors. For the election of directors, the three nominees receiving the highest number of all votes cast for directors at the annual meeting will be elected as directors.

Proposal Two, Advisory Vote to Approve the Company's Executive Compensation. This is an advisory vote the result of which is non-binding. However, the Board will consider the outcome of the vote when making future executive compensation decisions.

Proposal Three, Ratification of Appointment of Independent Registered Public Accounting Firm. Approval of the ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company for fiscal year 2015 requires the affirmative vote of a majority of the total votes of all common shares present in person or represented by proxy and entitled to vote on the proposal at the annual meeting.

Proposal Four, Approval of an Amendment to the Company's Restated Certificate of Incorporation. Approval of the amendment to the Company's Restated Certificate of Incorporation requires the affirmative vote of a majority of the outstanding shares of Company common stock entitled to vote on the proposal at the annual meeting.

Proposal Five, Approval of the Company's amended and restated Incentive Compensation Plan. Approval of the Company's amended and restated Incentive Compensation Plan requires the affirmative vote of a majority of the total votes of all common shares present in person or represented by proxy and entitled to vote on the proposal at the annual meeting.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

Other Business. For any other matters, the affirmative vote of a majority of the total votes of all shares of common stock present in person or represented by proxy and entitled to vote on the item at the annual meeting will be required for approval.

With respect to Proposal One, the election of directors, withhold votes, broker non-votes (if any) and abstentions will have no effect on the outcome of the proposal.

With respect to Proposals Two, Three and Five, the advisory vote to approve the Company's executive compensation, ratification of the appointment of the Independent Registered Public Accounting Firm and approval of the Company's amended and restated Incentive Compensation Plan, an abstention will be counted as a vote present and entitled to vote on the proposals and will have the same effect as a vote against the proposals, and a broker non-vote will not be considered entitled to vote on these proposals and will therefore have no effect on their outcome.

With respect to Proposal Four, approval of an amendment to the Company's Restated Certificate of Incorporation, abstentions and broker non-votes (if any) will have the same effect as a vote against the proposal.

VOTING SECURITIES

At the close of business on March 11, 2015, the Company had 65,159,025 shares of common stock ("Shares" or "Common Shares") outstanding, all of which are entitled to vote. The Company's Restated Certificate of Incorporation provides that each person who received Shares pursuant to the Agreement of Merger, dated March 7, 1986, which was approved by the shareholders of Carlisle Corporation and became effective on May 30, 1986, is entitled to five votes per Share. Persons acquiring Shares after May 30, 1986 (the effective date of the Merger) are entitled to one vote per Share until the Shares have been beneficially owned (as defined in the Restated Certificate of Incorporation) for a continuous period of four years. Following continuous ownership for a period of four years, the Shares are entitled to five votes per Share. The actual voting power of each holder of Shares will be based on shareholder records at the time of the Annual Meeting. See "Voting by Proxy and Confirmation of Beneficial Ownership" beginning on page 52. In addition, holders of Shares issued from the treasury, other than in connection with the exercise of stock options, before the close of business on March 11, 2015 (the record date for determining shareholders entitled to vote at the Annual Meeting) will be entitled to five votes per Share unless the Board of Directors determines otherwise at the time of authorizing such issuance.

SECURITY OWNERSHIP**A. Beneficial Owners.**

The following table provides certain information as of December 31, 2014 with respect to any person who is known to the Company to have been the beneficial owner of more than five percent (5%) of the Common Shares, the Company's only class of voting securities. As defined in Securities and Exchange Commission Rule 13d-3, "beneficial ownership" means essentially that a person has or shares voting or investment decision power over shares. It does not necessarily mean that the person enjoyed any economic benefit from those shares. The information included in the table is from Schedules 13G filed with the Securities and Exchange Commission by (i) JPMorgan Chase & Co., (ii) The Vanguard Group, Inc., (iii) Capital Research Global Investors and (iv) BlackRock Inc.

Name and Address of Beneficial Owner	Number of Shares(1)	Percentage(2)

- (a) Share equivalent units do not represent issued and outstanding Shares and have no voting power. The share equivalent units for the directors represent restricted stock unit awards and cash fees the directors elected to defer and invest in share equivalent units. The share equivalent units for the executive officers represent Shares earned under the Company's equity incentive plan the officers elected to defer under the Company's supplemental savings plan.
- (b) Includes 8,722 Shares held by Mrs. Callahan's husband. Mrs. Callahan disclaims beneficial ownership of these Shares.
- (c) Includes 10,400 Shares held by Mr. Munn's wife. Mr. Munn disclaims beneficial ownership of these Shares.
- (d) Includes Shares allocated as of December 31, 2014 to the accounts of the following executive officers participating in the 401(k) Plan: Mr. Roberts, 1,094 Shares; Mr. Altmeyer, 11,000 Shares; Mr. Berlin, 8,134 Shares; Mr. Ford, 5,247 Shares; and Mr. Koch, 895 Shares. Each participant in the 401(k) Plan has the right to direct the voting of Shares allocated to his account. Shares are held by the trustee of the 401(k) Plan in a commingled trust fund with beneficial interest allocated to each participant's account.
- (e) Includes restricted Shares as follows: Mr. Roberts, 75,365 Shares; Mr. Altmeyer, 27,182 Shares; Mr. Berlin, 19,391 Shares; Mr. Ford, 12,420 Shares; and Mr. Koch, 25,979 Shares. Restricted Shares have one vote per Share until such Shares have been held for a continuous period of four (4) years.
- (f) Excludes performance Shares awarded to the following executive officers: Mr. Roberts 75,365 performance Shares; Mr. Altmeyer, 14,225 performance Shares; Mr. Berlin, 10,330 performance Shares; Mr. Ford, 12,420 performance Shares; and Mr. Koch, 12,400 performance Shares. The performance Shares will be earned and paid to the executive officers in Shares following the expiration of the applicable performance period.
- (g) Includes 5,000 Shares held by Mrs. Webert's husband. Mrs. Webert disclaims beneficial ownership of these Shares.

**PROPOSAL ONE:
ELECTION OF DIRECTORS**

The Company's Restated Certificate of Incorporation provides for a classified Board of Directors under which the Board is divided into three (3) classes of directors, each class as nearly equal in number as possible.

Three directors are to be elected at the 2015 Annual Meeting. Each director will be elected to serve for a three-year term until the 2018 Annual Meeting and until his or her successor is elected and qualified. Directors will be elected by a plurality of the votes cast. Only votes cast for a nominee will be counted, except that the accompanying Proxy will be voted for the three nominees in the absence of instructions to the contrary. Abstentions, Shares held of record by a broker or its nominee ("broker Shares") for which the brokerage firm has not received express voting instructions from the beneficial owner and instruction on the accompanying Proxy to withhold authority to vote for one or more of the nominees will result in the respective nominees receiving fewer votes than if the votes were cast for the respective nominees. For voting purposes, proxies requiring confirmation of the date of beneficial ownership received by the Board of Directors with such confirmation not completed so as to show which Shares beneficially owned by the shareholder are entitled to five votes will be voted with one vote for each Share. See "Voting by Proxy and Confirmation of Beneficial Ownership" beginning on page 52. In the event any nominee is unable to serve (an event management does not anticipate), the Proxy will be voted for a substitute nominee selected by the Board of Directors or the number of directors will be reduced.

In 2014, the Board of Directors approved a recommendation by the Governance Committee to adopt an eighteen year term limitation for directors in addition to the existing policy that requires a director to submit his or her resignation upon a change in employment or significant change in responsibilities and at the Annual Meeting following the date when he or she reaches age 72. The new term limitation applies to all directors without any grandfathering of current directors. If elected as a director at the 2015 annual meeting, Mrs. Webert will reach the new term limitation in 2017. Therefore, Mrs. Webert is not expected to serve the full three-year term for which she is standing for election at the 2015 annual meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH OF THE FOLLOWING NOMINEES.

A. Business Experience of Directors**Nominees for Election**

The following table sets forth certain information relating to each nominee, as furnished to the Company by the nominee. Except as otherwise indicated, each nominee has had the same principal occupation or employment during the past five years. All of the nominees are currently serving as directors and have agreed to serve if elected. However, as described above, Mrs. Webert is not expected to serve the full three-year term for which she is standing for election due to the eighteen year term limitation for directors approved in 2014.

Mr. Adams has twenty-seven years of experience with multi-national manufacturing companies with multiple business segment operating structures. As the principal financial officer of publicly traded companies for nineteen years prior to his retirement in April 2013, Mr. Adams gained significant experience with large merger and acquisition transactions. In addition, Mr. Adams served as a member of the board of directors of BorgWarner, Inc. for eight years and is thoroughly familiar with the duties and responsibilities of the audit and compensation committees of public company boards of directors.

Mr. Bohn served as Chief Executive Officer of Oshkosh Truck Corporation, a global manufacturer engaged in several businesses that are similar to the businesses conducted by the Company. In this position, Mr. Bohn has gained significant experience with merger and acquisition transactions and the evaluation of manufacturing opportunities in several countries.

Mrs. Callahan retired from IBM after twenty-seven years of service. At the time of her retirement, she was a member of the Worldwide Management Committee which was comprised of the top fifty executives at IBM. In her last three positions with IBM, Mrs. Callahan had global management responsibilities including general management direction for all small and medium business sales and marketing. She also held positions in finance and planning, including Corporate Director of Strategy Evaluations and Chief Financial Officer for one of the sales divisions, and supervised the manufacturing and development for the Financial Services Business Unit.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

Mr. Frias has served as the principal financial officer for four years and has a total of more than twenty-four years of experience in treasury, finance and accounting positions with Nucor Corporation, one of the largest and most diversified steel and steel products companies in the world. In these positions, Mr. Frias has gained substantial experience with mergers and acquisitions, joint venture transactions, the development of new facilities and the commercialization of new technology.

Mr. Growcock has more than fourteen years of experience as a member of public company boards of directors and developed significant expertise during his career with merger and acquisition transactions, global procurement, lean manufacturing, international sales and marketing, global human resources, distribution and safety. Mr. Growcock is a member of the National Association of Corporate Directors and has participated in several board service training sessions conducted by that organization.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

Mr. Growcock is thoroughly familiar with global trade and served as a member of the Advisory Committee to the United States Trade Representative for Trade Policy and Negotiations from 2005 to 2010.

Mr. Ostrander has served as the president, chief executive officer and chairman of a major food service company that produced products for food service distributors and chain restaurants. As the result of his service in those positions, Mr. Ostrander became thoroughly familiar with the food service industry, a significant business for the Company. He also has significant experience negotiating corporate merger and acquisition transactions and has served on the boards of directors of multiple public companies and their audit and compensation committees.

Mr. Roberts formerly served as the chief executive officer of Graco Inc., a company engaged in a global, multi-industry manufacturing business. Mr. Roberts' experience with Graco was a primary factor leading to his recruitment as the Chief Executive Officer of the Company and appointment as a member of the Board of Directors. The Board of Directors also believes that a representative of management should be a member of the Board. As the current Chief Executive Officer of the Company, Mr. Roberts is familiar with all of the Company's businesses and can provide insight on those businesses to the Board.

Mr. Sala is the President and Chief Executive Officer of Anaren, Inc., a leading provider of microelectronics, and microwave components and assemblies for the wireless and space and defense electronic markets. Anaren, Inc. has operations in the United States and China and generates approximately 50% of its sales outside the United States. Anaren, Inc. has completed numerous acquisitions during Mr. Sala's tenure.

Mrs. Weibert and members of her family have been shareholders of the Company for thirty-nine years. Mrs. Weibert is an investor in several other public and private companies, and she has significant board experience with non-profit entities, including Spring Street International School, Friday Harbor, Washington, Kent School, Kent, Connecticut and the Island Sunrise Foundation. Mrs. Weibert's diverse experience gives added perspective to the Board of Directors.

C. Meetings of the Board and Its Committees

During 2014, the Board of Directors of the Company held nine (9) meetings and had three (3) standing Committees: (i) Audit, (ii) Compensation and (iii) Corporate Governance and Nominating. All incumbent directors attended at least 75% of all meetings of the Board and the committees of the Board on which they served during 2014.

The Audit Committee has the sole authority to appoint and terminate the engagement of the Company's independent registered public accounting firm. The functions of the Audit Committee also include reviewing the arrangements for and the results of the auditors' examination of the Company's books and records, internal accounting control procedures, the activities and recommendations of the Company's internal auditors, and the Company's accounting policies, control systems and compliance activities and monitoring the funding and investment performance of the Company's defined benefit pension plan. During 2014, the Audit Committee held six (6) meetings.

The Compensation Committee administers the Company's annual and long-term, stock based incentive programs and decides upon annual salary adjustments for various employees of the Company, including the Company's executive officers. During 2014, the Compensation Committee held three (3) meetings.

The Corporate Governance and Nominating Committee (the "Governance Committee") develops and maintains the Company's corporate governance guidelines, leads the search for individuals qualified to become members of the Board and recommends such individuals for nomination by the Board to be presented for shareholder approval at the Company's annual meetings, reviews the Board's compensation and committee structure and recommends to the Board, for its approval, directors to serve as members of each committee, discusses succession planning and recommends a new chief executive officer if a vacancy occurs. During 2014, the Governance Committee held two (2) meetings.

D. Committee Chair Rotation Guideline

The Board of Directors has adopted a Committee Chair rotation guideline. Under the guideline, effective as of the date of each annual shareholders meeting, a Committee Chair will relinquish his or her chairmanship. The guideline will result in each Committee Chair typically serving for three years. The Board of Directors believes bringing new leadership to each of the committees every three years will enhance the effectiveness of the committees. In accordance with this guideline, Mr. Ostrander succeeded Mr. Bohn as Chair of the Compensation Committee at the 2014 Annual Meeting, and it is expected that Mrs. Callahan will succeed Mr. Growcock as Chair of the Governance Committee at the 2015 Annual Meeting.

E. Remuneration of Directors

Lead Director. Stephen P. Munn serves as Lead Director. He was appointed Lead Director effective June 25, 2007. The Company pays Mr. Munn an annual retainer of \$300,000 for his service as a member of the Board of Directors and as Lead Director. Mr. Munn does not receive any other compensation or stock or option awards for his service.

Mr. Munn entered into a retirement agreement with the Company in 2001, when he ceased serving as Chief Executive Officer of the Company. Under the retirement agreement, Mr. Munn became entitled to receive the following benefits from the Company when he retired on June 25, 2007: (i) continued medical insurance for Mr. Munn and his wife at the premium rates in effect from time-to-time for active employees; (ii) \$450,000 in group term life insurance on Mr. Munn's life; and (iii) a supplemental pension benefit of \$29,324 per month for the life of Mr. Munn and his wife.

Other Non-employee Directors. The Company paid an annual fee of \$65,000 to each director (other than Mr. Munn and Mr. Roberts). The annual fee is determined by the Board of Directors. Each non-employee director may elect to receive the annual fee in cash or in Shares (or any combination of cash and Shares). Directors do not receive meeting attendance fees.

The Company also pays an annual fee for service on the Board's Committees. Each member of the Audit Committee received an annual fee of \$15,000. The annual fee paid to each member of the Compensation and Governance Committees was \$7,500. The Chairman of the Audit Committee received an additional annual fee of \$15,000. The Chairman of the Compensation and the Governance Committees received an additional annual fee of \$10,000. Beginning in 2015, the Chairman of the Governance Committee will serve as the Lead Director.

In addition to the annual retainer and committee fees, each director (other than Mr. Munn and Mr. Roberts) is eligible to participate in the Nonemployee Director Equity Plan. The Nonemployee Director Equity Plan provides for the grant of stock options, stock appreciation rights, restricted shares or units or other stock-based awards to non-employee directors. The Board administers the Nonemployee Director Equity Plan and has the discretionary authority to make all award decisions under the Plan. At the meeting of the Board of Directors held on February 5, 2014, the Board of Directors awarded each eligible director an award of 1,369 restricted stock units having a value of approximately \$100,000 based on the closing price of the Company's common stock on the award date. Under the current policy of the Board, each new director receives an award of restricted stock units having a value of \$50,000. All restricted stock units awarded to eligible directors are fully vested and will be paid in Shares of Company common stock after the director ceases to serve as a member of the Board, or if earlier, upon a change in control of the Company.

In December 2014, the Governance Committee reviewed the compensation payable to non-employee directors and a market analysis reported by Towers Watson, an independent compensation consulting firm. The Governance Committee recommended, and the Board approved, the following changes with respect to non-employee director compensation effective January 1, 2015: (i) a

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

\$5,000 increase in the annual fee to the market median of \$70,000, (ii) an increase in the annual equity portion of each director's pay to \$120,000 from the current \$100,000 level and (iii) a \$20,000 increase in the retainer for the Chair of the Governance Committee for the additional responsibilities associated with serving as Lead Director. There were no other changes to the fees paid for service on the Board's Committees.

The Company also maintains the Deferred Compensation Plan for Non-Employee Directors. Under the Deferred Compensation Plan, each non-employee director of the Company is entitled to defer up to 100% of the cash fees otherwise payable to him or her. Each participant can direct the "deemed investment" of his or her account among the different investment funds offered by the Company from time to time. The investment options include (i) a fixed rate fund and (ii) Share equivalent units. All amounts credited to a participant's account under the Deferred Compensation Plan are 100% vested and generally will be paid or commence to be paid after the participant terminates service as a director. At the participant's election, payments can be made in a lump sum or in quarterly installments. Payments under the Deferred Compensation Plan are made in cash from the Company's general assets.

The Board of Directors has adopted stock ownership guidelines for non-employee directors. The guidelines require each non-employee director to own Shares, restricted stock units and Share equivalent units under the Deferred Compensation Plan having a market value equal to \$325,000 within five years of his or her becoming a director. The ownership level equals five times the current \$65,000 annual cash retainer payable to directors. Once the required market value ownership level is achieved, no further purchases are required in the event the value of the Shares held by a director fall below the ownership level due solely to a decrease in the market value of the Shares. All of the directors owned as of December 31, 2014 the number of Shares, restricted stock units and Share equivalent units required by the ownership guidelines as amended. The ownership guidelines prohibit any director from using Shares as collateral for any purpose or engaging in short sales or hedging transactions involving Shares. The Board approved an increase in the director stock ownership guidelines to \$420,000 effective January 1, 2015. The increased ownership level equals six times the \$70,000 annual cash retainer payable to directors beginning in 2015.

The Company does not make payments (or have any outstanding commitments to make payments) to director legacy programs or similar charitable award programs.

The following table summarizes the compensation paid to Mr. Munn, the Lead Director, and each other non-employee director for his or her service to the Board and its committees during 2014.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

Because Mr. Frias was appointed to the Board in February 2015, he did not receive any compensation in 2014.

F. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who beneficially own more than ten percent (10%) of the Company's equity securities, to file reports of security ownership and changes in such ownership with the Securities and Exchange Commission (the "SEC"). Executive officers, directors and greater than ten-percent

beneficial owners also are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely upon a review of copies of such forms and written representations from its executive officers and directors, the Company believes that all Section 16(a) filing requirements were complied with on a timely basis during and for 2014.

G. Corporate Governance Matters

Board Leadership Structure. Mr. Roberts, as Chairman, leads the Board of Directors. Mr. Roberts is also the Chief Executive Officer of the Company. The Board of Directors believes that having Mr. Roberts serve as both Chairman of the Board of Directors and Chief Executive Officer shows management and all others who may deal with the Company that Mr. Roberts has full discretionary power and authority to lead the Company.

The Board of Directors does not believe that having Mr. Roberts serve as both Chairman and Chief Executive Officer adversely affects the independence of the Board. Currently, all of the Company's directors (other than Mr. Roberts) and each member of the Audit, Compensation and Governance Committees meet the independence requirements of the New York Stock Exchange. Therefore, independent directors directly oversee such critical matters as the integrity of the Company's financial statements, the compensation of executive management, the selection and evaluation of directors and the development and implementation of the Company's corporate governance policies and structures. In addition, the Compensation Committee conducts an annual performance review of Mr. Roberts and, based upon this review, approves his compensation, including base salary, annual incentive and equity compensation.

The Board of Directors acknowledges that independent Board leadership is important, and for this reason, the Board has appointed a Lead Director, whose duties closely parallel the role of an independent Chairman of the Board of Directors, to ensure an appropriate level of independent oversight for Board of Director decisions. Mr. Munn, the current Lead Director, has the following responsibilities: (i) chair all meetings of the Board of Directors at which the Chairman is not present and all executive sessions of the Board of Directors; (ii) liaise between the Chairman and independent directors; (iii) consult with the Chairman concerning (a) information to be sent to the Board of Directors, (b) meeting agendas, and (c) meeting schedules to ensure appropriate time is provided for all agenda items; (iv) call meetings of independent directors as required; and (v) be available when appropriate for consultation, including shareholder communications. In addition, the independent directors meet in executive session at every regularly scheduled meeting of the Board of Directors. The Board of Directors believes that the existence of a Lead Director, the scope of the Lead Director's responsibilities and the regularly scheduled executive sessions of the independent directors all support strong corporate governance principles and allow the Board to effectively fulfill its fiduciary responsibilities to shareholders.

Mr. Munn, who currently serves as the Lead Director, will retire from the Board of Directors on the date of the 2015 Annual Meeting in accordance with the Board's retirement policy. Based on a recommendation of the Governance Committee, the Board of Directors agreed that following Mr. Munn's retirement, the Lead Director will be the director then serving as Chair of the Governance Committee. Accordingly, following the 2015 Annual Meeting, Mrs. Callahan will serve as the Lead Director.

Board's Role in Risk Oversight. Risk management is a significant component of management's annual strategic and operating planning processes. The Company has adopted an enterprise risk management program to identify and mitigate enterprise risk. Under the program, each operating business is required to identify risks to its business and prepare a detailed plan to mitigate those risks. The division presidents present the plans to executive management as part of their strategic and

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

operating plans. Over the course of each fiscal year, the division presidents provide similar presentations to the Board of Directors at the meetings covering the Company's business plans.

The Compensation Committee has reviewed and discussed a report prepared by the Compensation Committee's compensation consultant regarding the relationship between the Company's compensation practices and risk. After reviewing and discussing the report, the Compensation Committee concluded that the Company's compensation practices are not reasonably likely to have a material adverse effect on the Company and do not encourage inappropriate risk taking. The Committee's conclusion was based on the following:

Annual cash bonuses are capped at 200% of base salary for the Chief Executive Officer and from 150% to 170% of base salary for the other named executive officers. These caps are in line with competitive practice and ensure there is an appropriate balance between base salary and performance-based incentive compensation.

Annual cash bonuses are based on multiple balanced performance metrics.

The threshold, target and maximum performance levels for each of the annual cash bonus performance metrics are based on prior year performance adjusted to reflect the current year Company business plan, which has been reviewed and approved by the Board of Directors, and general market expectations. The Company's Chief Financial Officer actively participates in the Compensation Committee meetings during which the performance levels are set and the performance results are verified.

The annual cash bonus payout curve from threshold to maximum is a straight line (linear) progression.

The target grant value of the Company's long-term, stock based awards are also fixed at 300% of base salary for the Chief Executive Officer and 150% of base salary for the other named executive officers. These fixed target grant values are in line with competitive practice.

The stock based awards include an equally-weighted mix of stock options, restricted stock and performance Shares that are subject to longer term, three year vesting periods and performance Shares that are earned over a three year performance period.

The Compensation Committee has adopted a stock ownership policy that requires significant stock ownership by the Company's executives.

The Company has adopted guiding principles that govern plan design. The compensation programs are documented, communicated and monitored on a consistent basis.

The Compensation Committee will conduct assessments of the relationship between the Company's compensation practices and risk periodically and in connection with the adoption of any new material compensation programs or any material changes to existing compensation programs.

Independence. The Board recognizes the importance of director independence. Under the rules of the New York Stock Exchange, to be considered independent, the Board must determine that a director does not have a direct or indirect material relationship with the Company. Moreover, a director will not be independent if, within the preceding three (3) years: (i) the director was employed by the Company or receives \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service; (ii) the director was a partner of or employed by the Company's independent auditor; (iii) the director is part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs the director; (iv) the director is an executive officer or employee of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

\$1 million or 2% of such other company's consolidated gross revenues; or (v) the director had an immediate family member in any of the categories in (i) (iv).

The Board has determined that nine (9) of the Company's ten (10) directors are independent under these standards. The independent directors are as follows: Robin J. Adams, Robert G. Bohn, Robin S. Callahan, James D. Frias, Terry D. Growcock, Stephen P. Munn, Gregg A. Ostrander, Lawrence A. Sala, and Magalen C. Webert. Mr. Munn, the current Lead Director, was employed as an executive officer of the Company and served as Chairman of the Board through June 25, 2007. Mr. Munn became an independent director under the Board's director independence standards as of June 26, 2010, three (3) years after his retirement from employment with the Company.

The Board has determined that David A. Roberts, the Company's Chairman and Chief Executive Officer, is not independent due to his employment by the Company.

In addition, each of the directors serving on the Audit, Compensation and Governance Committees are independent under the standards of the New York Stock Exchange.

Related Party Transactions. The Board has adopted a written policy concerning the review, approval and monitoring of transactions involving the Company and "related persons" (directors, nominees and executive officers or their immediate family members, or shareholders owning five percent (5%) or greater of the Company's outstanding Shares). The policy covers any transaction exceeding \$120,000 in which the related person has a direct or indirect material interest. Related person transactions must be approved by the Governance Committee which will approve the transaction only if it determines that the transaction is in the best interests of the Company.

In 2014, in accordance with the requirements of the related party transaction policy, the Governance Committee reviewed the fleet management services Emkay Incorporated provides to Carlisle Construction Materials. The Company paid Emkay a management fee of approximately \$50,000 and reimbursed Emkay for pass-through costs, such as fuel, taxes and vehicle depreciation, for Emkay's services, which in total exceeded \$120,000. Emkay has provided fleet management services as a preferred vendor to Carlisle Construction Materials since 1997. A brother-in-law of Mr. Roberts (the Company's Chairman and Chief Executive Officer) is a senior officer and more than ten percent owner of Emkay Incorporated. The Governance Committee reviewed all of the material facts related to the services provided by Emkay and ratified all transactions that occurred during 2014. The Governance Committee will continue to review annually the Company's business relationships with Emkay.

Meetings of Independent Directors. At the conclusion of each of the regularly scheduled Board meetings, the independent directors of the Board meet in executive session without management. The Lead Director presided at each executive session.

Statement of Corporate Governance Guidelines and Principles. The Company has adopted a Statement of Corporate Governance Guidelines and Principles and has published the Statement on its website: www.carlisle.com. The Company will provide without charge a copy of the Statement to any shareholder upon written request mailed to the attention of the Company's Secretary at 11605 North Community House Road, Suite 600, Charlotte, North Carolina 28277.

Charters. The Company has adopted Charters for each of its Audit, Compensation and Governance Committees and has published the Charters on its website: www.carlisle.com. The Company will provide without charge a copy of the Charters to any shareholder upon written request mailed to the attention of the Company's Secretary at 11605 North Community House Road, Suite 600, Charlotte, North Carolina 28277.

Code of Ethics. The Company's Business Code of Ethics is published on its website: www.carlisle.com. The Company will provide without charge a copy of the Business Code of Ethics to

any shareholder upon written request mailed to the attention of the Company's Secretary at 11605 North Community House Road, Suite 600, Charlotte, North Carolina 28277.

Communications with Board of Directors. Any interested party may communicate with the Board of Directors or with the non-management directors as a group by writing to the Company's Secretary at Carlisle Companies Incorporated, 11605 North Community House Road, Suite 600, Charlotte, North Carolina 28277, Attention: Secretary. Any written communication will be forwarded to the Board for its consideration.

Attendance at Annual Meeting. Directors are not required to attend the Company's Annual Meeting of Shareholders. However, all directors attended the 2014 Annual Meeting. All directors are planning to attend the 2015 Annual Meeting.

Nomination Process. At its February, 2003 meeting, the Board established a Governance Committee. All directors serving on the Committee are "independent" under the standards established by the New York Stock Exchange.

As more fully described in its Charter, the Governance Committee assists the Board by identifying individuals qualified to be directors and recommending such individuals be nominated by the Board for election to the Board by the shareholders. Director nominees should possess the highest personal and professional integrity, ethics and values, and be committed to representing the long-term interests of the Company's shareholders. Nominees should also have outstanding business, financial, professional, academic or managerial backgrounds and experience. Each nominee must be willing to devote sufficient time to fulfill his or her duties, and should be committed to serve on the Board for an extended period of time. Prior to accepting an invitation to serve on another public company board, directors must advise the Governance Committee and the Committee will determine whether such service will create a conflict of interest and/or prevent the director from fulfilling his or her responsibilities.

The Governance Committee has not adopted a policy with regard to the consideration of diversity in identifying director nominees. However, the Committee values what diversity brings to the Board of Directors and has consistently included diversity as a desired qualification when conducting searches for director nominees. The Committee's emphasis on diversity has produced a Board of Directors with broad diversity in qualifications and two female members.

The source of director candidates may include: other directors, management, third-party search firms and security holders. Security holders may submit director recommendations to the Governance Committee by writing to the Company's Secretary at Carlisle Companies Incorporated, 11605 North Community House Road, Suite 600, Charlotte, North Carolina 28277, Attention: Secretary. The writing should include whatever supporting material the security holder considers appropriate and should address the director nominee characteristics described above and must be received at least 120 days prior to the applicable Annual Meeting. The Company has not retained a third-party search firm to identify candidates at this time, but may do so in the future in its discretion.

**EXECUTIVE OFFICER
COMPENSATION DISCUSSION AND ANALYSIS**

This section contains an in-depth description and analysis of the Company's executive compensation policies and practices and the compensation earned by the Company's most senior executives (referred to as "named executives" or "named executive officers" in this section) under those policies and practices. The Compensation Committee of the Board of Directors administers the Company's compensation policies and practices for all executive officers of the Company, including the named executives.

As you review this section, you will see that the Compensation Committee has adopted compensation policies and practices that (i) link pay and performance with Company executives having the opportunity to earn substantial compensation over and above their base salaries based on the Company's performance or the market value of the Company's Common Stock, (ii) align the interests of the Company's executives and shareholders, (iii) are transparent and easy to communicate to the Company's executives and shareholders, and (iv) provide a valuable retention tool for key executive talent.

A. Executive Summary

The Company remains focused on achieving its long-term strategic goals of \$5 billion in sales, 30% global sales, 15% operating margins, 15% working capital as a percent of sales and 15% return on invested capital. The Company's executive compensation program is directly linked to these key financial goals by awarding annual incentive compensation based on the level of performance achieved. The executive compensation program provides a further link between executive pay and shareholder interests by including performance Shares in the long-term stock-based awards made under the program. The performance Shares are earned based on the total return to the Company's shareholders (share appreciation plus dividends) relative to the total shareholder return of the companies comprising the S&P 400 MidCap Index® over a three year performance period.

The Company completed a number of strategic actions in 2013-14 to move the Company closer to achieving its long-term goals. At the end of 2013, the Company completed the sale of Carlisle Transportation Products, and in October 2014 the Company entered into a definitive agreement to acquire the liquid finishing systems and products business from Graco Inc., a business that fits the strategic criteria we established for reinvesting the proceeds from the sale of the Transportation Products segment. In addition, the Company appointed a Chief Operating Officer as part of its succession planning program.

The following tables summarize the Company's 2014 financial performance and the absolute and relative total return to the Company's shareholders during 2014 and the two- and three- year periods ending in 2014.

Annual Incentive Performance Measures

The members of the General Industry Peer Group Index are Crane Co., Danaher Corp., Dover Corp., Emerson Electric Co., General Electric Company, Harsco Corp., Illinois Tool Works Inc., Ingersoll-Rand plc, ITT Corp., Parker Hannifin Corp., Pentair, Inc., Roper Industries, Inc., SPX Corp., Teleflex Inc., Textron Inc., and United Technologies Corp.

Approximately 96% of the Shares voted at the 2014 Annual Meeting were cast in favor of a resolution approving the compensation earned by the named executive officers under the program in 2013 (the "say on pay vote"). Because of the strong support the executive compensation program received at the 2014 Annual Meeting, the Compensation Committee did not make significant changes in the principal features of the executive compensation program for 2014. As described in this section, the Compensation Committee took the following compensation actions in 2014 with respect to the named executives:

Increased the base salaries of the named executive officers in line with market conditions, as described on page 22;

Paid 2014 annual incentive awards ranging from 123% to 167% of the target award levels based upon Company-wide or Company business unit performance, as described on pages 22 through 25;

Paid performance Shares for the three-year performance period ending in 2014 at 191% of the target level based on Carlisle's total shareholder return during the period ranking in the 73rd percentile of the S&P 400 MidCap Index®; and

Issued long-term incentive compensation awards, as described on pages 25 through 27.

The Company's shareholders will have the opportunity to provide feedback to the Board of Directors on the Company's executive compensation program through the say-on-pay vote at the 2015 Annual Meeting. The Compensation Committee encourages all Company shareholders to carefully review this section and the disclosure tables that follow this section prior to casting their votes on the 2015 say-on-pay proposal.

B. Roles of Compensation Committee, Compensation Consultant and Executive Officers in Determining Executive Compensation

The Compensation Committee renewed its engagement of Towers Watson as the executive compensation consultant to the Committee for 2014. Towers Watson provides no services to the Company or its management other than services related to the Company's executive and non-employee director compensation programs. The Compensation Committee has determined that Towers Watson is independent from the

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

Company and its executive officers and the services provided by Towers Watson do not raise any conflict of interest.

In 2014, Towers Watson provided to the Compensation Committee a report on executive pay market highlights and trends in pay levels and practices, a review of 2014 "say-on-pay" votes conducted by public companies during the 2014 proxy season, an update of proxy advisor policies, a pay-for performance survey and an overview of legal and regulatory developments.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

The Compensation Committee also receives input from Company management in connection with the administration of the Company's executive compensation program. Mr. Roberts, the Company's Chairman and Chief Executive Officer, recommended base salary increases for the named executive officers, and the Compensation Committee approved that recommendation. In addition, Mr. Roberts provides input to the Compensation Committee about the performance measures to be used for determining the 2014 annual incentive compensation awards, the threshold, target and maximum performance levels for the performance measures and the weighting of each performance measure.

Mr. Ford, the Company's Chief Financial Officer, provided information and analysis to the Compensation Committee about the financial performance of the Company for the 2014 fiscal year and each of the Company's operating businesses for which a named executive officer was responsible. The Compensation Committee used the information and analysis provided by Mr. Ford in determining the annual incentive compensation awards earned by the executives for 2014.

C. Philosophy and Material Elements of Executive Compensation Program

The material elements of the total direct compensation provided to executives under the Company's program are (i) base salary, (ii) a target annual cash bonus opportunity expressed as a percentage of each executive's base salary and (iii) a long-term, stock-based award, the expected value of which is also expressed as a percentage of base salary. While each element of compensation paid to executive officers is significant, the annual cash bonus and long-term, stock-based awards have the potential to be the largest amounts of the total compensation paid to executive officers.

The following table shows the guiding principles for the Company's executive compensation program and how the program complies with these principles:

Principle	How the Program Complies
Provide competitive compensation opportunities.	<p>Total pay is targeted at the median of general industry companies similar in size to the Company.</p> <p>Above target performance results in above median pay; below target performance results in below median pay.</p>
Reward performance that is consistent with key strategic and shareholder goals.	<p>Annual incentive plan incorporates earnings and other financial measures aligned with shareholder interests.</p> <p>Performance share awards incorporate total shareholder return as a performance measure.</p> <p>Inappropriate risk taking is not encouraged.</p>
Balance performance measures and, where appropriate, emphasize overall corporate, operating business and division performance.	Annual incentive plan incorporates corporate and operating business and division level performance measures.

Serve as a retention tool for key executive talent, provide a balance of liquidity and reward executives for superior performance.

Program provides a mix of base salary, annual incentives tied to performance and stock-based awards with vesting restrictions.

Performance share awards incorporate total shareholder return as a performance measure.

Transparent, simple to administer and easy to communicate.

Formula based structure includes pre-set performance measures, weightings and timing.

Compensation Benchmarking

The Compensation Committee periodically benchmarks executive compensation to ensure the compensation provided to Company executive officers is reasonable and competitive with the market. Compensation was last benchmarked in 2013.

Base Salaries

Base salaries provide a baseline level of compensation to executive officers for carrying out the day-to-day duties and responsibilities of their positions.

The Compensation Committee reviews and adjusts base salary levels each year. During the review and adjustment process, the Compensation Committee considers:

the duties and responsibilities of each executive officer position;

the executive officer pay relative to the base salaries of senior officers and other employees of the Company; and

whether the base salary levels are competitive, based on a comparison of the current base salary with the market base salary.

The Committee reviews the named executive officer base salaries in December each year. Any base salary increases approved in December become effective for the succeeding fiscal year. In December 2014 the Company approved increases for the named executives as follows effective for the 2015 fiscal year:

Executive	2014 Base Salary	2015 Base Salary	% Increase
Mr. Roberts	\$ 1,260,000	\$ 1,325,000	5.2%
Mr. Ford	\$ 625,000	\$ 650,000	4.0%
Mr. Koch*	\$ 750,000	\$ 780,000	4.0%
Mr. Altmeyer	\$ 720,000	\$ 742,000	3.0%
Mr. Berlin	\$ 500,000	\$ 600,000	20.0%

*

The Board of Directors elected Mr. Koch as President and Chief Operating Officer effective May 6, 2014. In connection with Mr. Koch's promotion, the Compensation Committee increased Mr. Koch's base salary from \$575,000 to \$750,000.

The Committee approved the increases after it reviewed trends in the market which indicated projected average executive salary increases of 4.0%. Mr. Berlin received a larger base salary increase due to the growth in size of the Carlisle Interconnect Technologies business for which he is responsible and the outstanding operating performance of the business.

2014 Annual Incentive Compensation Awards

The Company's executive officers earned annual incentive compensation under the program for 2014 based on the overall performance of the Company or a Company business unit compared to pre-established performance measures.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

The Compensation Committee first established a target annual incentive award expressed as a percentage of each named executive's base salary. The 2014 target awards were set at the same level as the 2013 target awards 100% of base salary for the Chief Executive Officer and 75% of base salary for the other named executives.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

The Compensation Committee then selected the performance measures on which the 2014 annual incentive awards would be based. The measures for the 2014 annual incentive awards to Mr. Roberts, Chief Executive Officer, Mr. Koch, Chief Operating Officer, and Mr. Ford, Chief Financial Officer were the Company's consolidated (i) sales, (ii) global sales, (iii) earnings, (iv) EBIT margin and (v) working capital as a percentage of sales. The measures adopted for the 2014 annual incentive awards for each of the other named executive officers were (i) sales, (ii) global sales, (iii) EBIT margin and (iv) working capital as a percentage of sales, in each case, of the business for which the executive has responsibility and the Company's consolidated earnings. For Carlisle Interconnect Technologies, the Compensation Committee increased from 25% to 30% the relative weighting of the EBIT margin and decreased from 10% to 5% the relative weighting of the global sale performance measure. The Committee made these adjustments because the global sales of Carlisle Interconnect Technologies currently exceed the corporate goal of 30% and to place more emphasis on achieving the long-term corporate goal of EBIT margins of 20% or more. The Compensation Committee believes that each of these performance measures tracks whether the Company and its core businesses are operating efficiently and with a view toward long-term, sustainable growth in the United States and abroad. The Compensation Committee believes that superior performance under these measures will ultimately benefit Company shareholders through increased profits, dividends and Share value.

Finally, the Compensation Committee established threshold, target and maximum levels of performance for each of the measures and determined that 50% of the target annual incentive award would be paid for threshold level performance, 100% of the target annual incentive award would be paid for target level performance and 200% of the target annual incentive award would be paid for performance at or above the maximum level. Under the program adopted by the Compensation Committee, the Company's performance under each of the measures was independently determined from the other measures, so that an annual incentive award was determined for the actual level of performance under each measure. The annual incentive awards under each measure were combined to determine the aggregate annual incentive award.

The Compensation Committee approved threshold, target and maximum performance levels in December 2013 based on the Company's 2013 actual performance. The 2014 target performance levels for sales, earnings and global sales were set at 105% of 2013 actual performance. The 2014 target performance levels for operating margin and working capital as a percent of sales were set at 100% of 2013 actual performance. The following tables show the threshold, target and maximum performance levels for each of the performance measures established by the Compensation Committee for 2014 as well as the Company's actual performance in 2014 and 2013. The 2013 actual performance shown below excludes the 2013 operating results of Carlisle Transportation Products which was sold on December 31, 2013.

In connection with Mr. Koch's promotion to President and Chief Operating Officer in May 2014, the Compensation Committee increased Mr. Koch's 2014 target award from 75% to 85% of his base salary and changed the measures for his 2014 annual incentive award to the consolidated Company performance measures shown below.

Mr. Altmeyer	\$ 662,700	92%	123%
Mr. Berlin	\$ 627,800	126%	167%

(1) These amounts are also reported in the "Non-Equity Plan Incentive" column of the Summary Compensation Table on page 31.

2014 Long-Term, Stock-Based Awards

The Compensation Committee makes annual stock-based awards one time each year at the Committee's regularly-scheduled February meeting. All stock-based awards are made under the Company's Executive Incentive Program which imposes certain restrictions, described below, on the terms of the awards.

In February 2014, the Committee awarded stock options and restricted Shares to the named executives in the amount shown in the Grants of Plan Based-Awards Table on page 33. The number of Shares included in the 2014 awards was determined using a formula-based approach. First, the Compensation Committee established a target award opportunity, expressed as a percentage of base salary, for the named executives based on each executive's position and the market median long-term incentive award for that position. The Committee used the same target award opportunity for the 2014 awards as it has used in since 2009: 300% of base salary for the Chief Executive Officer and 150% of base salary for the other named executives.

The Compensation Committee then determined the appropriate blend of the types of equity awards to be included in each named executive's stock-based award. In 2010, the Committee changed the blend of equity awards from stock options and time-vested restricted stock (each weighted 50%) to stock options, performance Shares and time-vested restricted stock (each weighted 33¹/₃%) and elected to use the same blend of stock-based awards in 2014 for all the named executives other than Mr. Roberts to support the Company's pay for performance programs and the alignment of executive and shareholder interests. The Compensation Committee did not include stock options having a ten year term in Mr. Roberts' 2014 annual stock-based awards due to his contemplated retirement within the ten year option term. For this reason, Mr. Roberts' award was comprised of performance Shares and time-vested restricted stock (each weighted 50%).

The stock options awarded in February 2014 will vest in equal annual installments over three years. The restricted stock awarded in 2014 will become vested on the December 31 immediately preceding the third anniversary of the award date.

The performance Shares awarded in 2014 will be earned based on the total return to the Company's shareholders (share appreciation measured using the average of the closing market prices for a Share for the first ten and last ten trading days of the performance period plus dividends) relative

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

to the total shareholder return of the companies comprising the S&P 400 MidCap Index® over the three year performance period ending December 31, 2016 in accordance with the following table:

Relative Total Shareholder Return	Percentage of Performance Shares Earned
Below 25 th percentile	0%
25 th percentile	50%
50 th percentile	100%
75 th percentile or above	200%

If the Company's total shareholder return falls between the 25th and 50th percentile or between the 50th and 75th percentile, the number of performance Shares earned will be determined by linear interpolation. Dividends will accrue during the three year performance period and will be paid on performance Shares that are earned.

The Company's 2014 total shareholder return of 17.3% resulted in a ranking for the year at the 64th percentile. Based on that percentile, approximately 155% of the performance Shares awarded in 2014 would have been earned if the performance period had ended on December 31, 2014.

Each stock option was valued at \$19.15 and each restricted Share and performance Share was valued at \$73.08 to calculate the number of shares included in the awards. The value of each type of award was based on the market price of the Company's common stock on the award date. The total expected value of each named executive's annual stock-based award was divided equally among the types of awards the executive received.

The Committee included options in the awards to encourage the named executives (other than Mr. Roberts) to increase shareholder value over the ten year term of the options. The Committee included restricted Shares in the awards not only to encourage the named executives to increase shareholder value but also to remain employed with the Company. The Committee added performance Shares to further link executive compensation to the performance of the Company and align the interests of the executives with the Company's shareholders.

In connection with Mr. Koch's promotion to President and Chief Operating Officer in May 2014 and the realignment of the Company's senior leadership group, Messrs. Koch, Altmeyer and Berlin received a supplemental grant of restricted Shares. The grant date value of the restricted Share awards were \$1,125,000 for Mr. Koch, \$1,100,000 for Mr. Altmeyer and \$750,000 for Mr. Berlin. The restricted Shares vest in full on the third anniversary of the award date, or upon their earlier death, disability or retirement or a change in control of the Company. The Compensation Committee approved these grants subject to each grantee's entering into a non-competition agreement prohibiting the grantee from competing with the Company for one year following his termination of employment. The Compensation Committee also determined that any future stock-based grants to the Company's senior management (approximately 25 employees) would contain a similar non-competition agreement requirement.

The Company's Executive Incentive Program contains certain restrictions on the terms of all stock-based awards. For example, all stock options must be granted with an option exercise price that is equal to or greater than the fair market value of the Shares on the date of award. The Program also expressly prohibits re-setting the option exercise price of stock options. These restrictions ensure that any options awarded under the Program will have value to the executives only if the market price of the Shares increases after the date of the award. The Program further requires that restricted Share awards must be subject to a restriction period of at least two (2) years during which the Shares are subject to a substantial risk of forfeiture and may not be transferred. Finally, the Program provides an annual limit on the size of awards. Currently, no executive may receive in any one fiscal year period an

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

award of options to acquire more than 300,000 Shares or an award of more than 100,000 stock-based awards that become vested based on performance.

The Compensation Committee has never altered the timing of stock-based awards to take advantage of non-public information. The Committee is aware that the February meeting during which it makes annual stock-based awards precedes the date the Company releases its fourth quarter and annual financial results. The Committee is also aware that the release will usually affect the market value of the Company's stock and the underlying value of the stock-based awards made to executives at the February meeting. The Committee believes that executives will not necessarily gain over the long run from the short term benefit of a positive release because the Company's stock price fluctuates over time and because all of the awards have multi-year vesting schedules and stock options have historically been held for several years prior to exercise. In addition, any gain from a positive benefit in some years will be offset by earnings releases in other years that negatively affect the market value of the Shares.

On January 19, 2015, the Company reported preliminary fourth quarter 2014 information. The release indicated that the Company would report record full year net sales and net earnings. However, unexpected circumstances at Carlisle Construction Materials and Carlisle Brake & Friction would negatively impact fourth quarter results. The market value of Company Shares declined by approximately 6% on the day following the release and remained below the pre-release value at the time of the Compensation Committee's meeting in February 2015 when it approved the 2015 annual stock-based awards. At the February 2015 meeting, the Compensation Committee used the pre-release trading value of the Company's Shares in making the 2015 annual awards, resulting in a lower number of Shares subject to the awards and an option exercise price for the granted stock options that exceeded the grant date trading price of the Company's Shares on the grant date.

Stock Ownership Policy

The Compensation Committee believes that ownership of the Company's common stock by executive officers aligns their interests with those of the Company's shareholders, enhances retention of executives by providing them an opportunity to accumulate a meaningful ownership interest in the Company and focuses executives on building shareholder value over the long term. Therefore, the Committee has maintained for several years a stock ownership policy for the Company's officers, including the named executives.

The policy currently has the following ownership requirements:

Executive	Number of Shares
CEO	114,000
COO, CFO and Division Presidents	25,000

The policy also has a retention requirement under which an officer must retain at least one-half of the after-tax value realized from the vesting of restricted Shares, the exercise of options or the receipt of earned performance Shares until the officer has satisfied the policy's Share ownership requirement.

Ownership for purposes of the policy includes Shares owned directly or under an employee benefit plan and all restricted Shares. Ownership does not include any performance Share awards or any Shares subject to stock options. As of December 31, 2014, all of the named executives were in compliance with the policy's Share ownership and retention requirements.

The ownership policy prohibits any officer from using Shares as collateral for any purpose or engaging in short sales or hedging transactions involving Shares.

D. Retirement and Other Benefits

Retirement and Group Insurance Benefits

The Company provides retirement, health and welfare and other benefits to its executive officers. The Company sponsors the 401(k) Plan, a tax-qualified retirement plan, for the benefit of substantially all of its non-union employees, including the named executives. The 401(k) Plan encourages saving for retirement by enabling participants to save on a pre-tax basis and by providing Company matching contributions.

The Company also sponsors the Retirement Plan for Employees of Carlisle Corporation (the "Retirement Plan"), a tax-qualified retirement plan that provides retirement income to eligible employees following their retirement from the Company. The Pension Benefits Table on page 36 shows the lump sum present value of the annual annuity benefit earned by the named executives under the Retirement Plan for their credited service through December 31, 2014.

Section 401(a)(17) of the Code limits the amount of annual compensation that tax-qualified plans like the Company's 401(k) Plan and Retirement Plan may take into account for purposes of determining contributions and benefits. The limit for 2014 was \$260,000 and it is subject to adjustment annually for cost of living increases. For 2015, the limit will be \$265,000. The Company maintains an unfunded supplemental pension plan to provide benefits to certain Retirement Plan participants whose benefits are limited by Section 401(a)(17) of the Code and to certain senior management employees who were employed on or after January 1, 2005 and are not eligible to participate in the Retirement Plan. The Pension Benefits Table on page 36 also shows the lump sum present value of the annual annuity benefit earned by the named executives under the supplemental plan.

The Company adopted, effective as of January 1, 2012, a supplemental 401(k) Plan to provide covered officers, including the named executives, the opportunity to (i) defer base salary and annual incentive compensation that could not be deferred under the 401(k) Plan due to the Internal Revenue Code limitations that apply to the 401(k) Plan and (ii) Shares earned under the Company's equity incentive plan. The Company provides a matching contribution equal to 100% of the first 4% of base salary and annual incentive compensation deferred under the supplemental 401(k) Plan. Each participant in the supplemental 401(k) Plan may direct the "deemed investment" of his or her account among the different investment funds offered by the Company from time to time. The investment options include (i) a fixed rate fund, (ii) a Company stock fund and (iii) investment options that are similar to most of the options available under the Company's 401(k) Plan. All amounts credited to a participant's account under the supplemental 401(k) Plan are 100% vested and generally will be paid in a lump sum after the participant terminates employment with the Company. A participant may also elect to receive one or more in-service distributions.

The named executives also participate in group health, life and other welfare benefit plans on the same terms and conditions that apply to other employees. The named executives do not receive better insurance programs, vacation schedules or holidays and perquisites are limited.

Employment Letter Agreement with Mr. Roberts

Mr. Roberts is employed as Chairman and Chief Executive Officer of the Company pursuant to the terms of an employment letter agreement entered into with the Company on June 5, 2007 that provides the following benefits:

Participation in all employee benefit plans generally available to the Company's senior executives and reimbursement of reasonable tax preparation and financial planning expenses as well as the cost of an annual executive physical.

A retirement benefit under the Company's Supplemental Pension Plan. The benefit under the original letter was equal to \$25,703 per month payable for Mr. Roberts' life if he continued employment with the Company until he attained age 65. In December 2011, the Committee approved an increase in the monthly benefit to \$38,250 per month. In February 2014, the Committee approved an additional increase in the monthly benefit to \$42,750 per month in recognition of his employment with the Company continuing beyond age 65.

Retiree medical and dental coverage for the life of Mr. Roberts and his wife.

Post-Termination of Employment Benefits

The Company has not entered into an employment agreement with any executive officer that provides severance or other benefits following their resignation, termination, retirement, death or disability, except (i) for agreements with certain executive officers (including all of the named executives) that provide severance benefits in the event of a termination of their employment following a change of control of the Company (the "change in control agreements") and (ii) the previously-described employment agreement with Mr. Roberts. The change in control agreements provide that the executives will not, in the event of the commencement of steps to effect a change of control (defined generally as an acquisition of 20% or more of the outstanding voting Shares or a change in a majority of the Board of Directors), voluntarily leave the employ of the Company until the potential acquirer of the Company or control of the Company has terminated his or its efforts to effect a change of control or until a change of control has occurred. The Company believes that the change in control agreements protect the interests of the Company's shareholders by providing financial incentives to executives to represent the best interests of the Company and its shareholders during the periods immediately preceding and following a change of control.

In the event of any termination of an executive's employment (including due to the executive's resignation) within three (3) years of a change of control (other than due to the executive's death or disability or after the executive attains age 65), each change in control agreement provides that the executive will be entitled to receive three years' compensation, including bonus, retirement benefits equal to the benefits the executive would have received had he or she completed three additional years of employment, continuation of all life, accident, health, savings, and other fringe benefits for three years, and relocation assistance. The three year benefit period is reduced if the executive terminates within three years of the date the executive would attain age 65. In addition, the agreements provide that the executive will become fully vested in all outstanding stock option and restricted Share awards and outstanding performance Shares will be earned at the maximum level. If any payments to a named executive are considered excess "parachute payments"* and the amount of the excess is more than 15%, the Company is required to provide a tax gross up for the excise taxes the executive would be required to pay with respect to the payments.

At its meeting in September 2012, the Committee determined that any future change in control agreements would provide severance benefits only in the event an executive is terminated without cause or resigns with good reason within three (3) years of a change of control and the severance benefits

*

Section 280G of the Internal Revenue Code defines "parachute payments" as payments which (i) are compensatory in nature, (ii) are made to or for the benefit of a shareholder, officer or highly compensated individual, and (iii) are contingent on a change in ownership or effective control (or change in ownership of a substantial portion of assets) of a corporation. If the parachute payments have an aggregate present value of at least 3 times the average annual compensation earned by the recipient of the payment over the 5 years preceding the date of the change in control, the amount of the payments in excess of 1 times such average annual compensation are not deductible by the payor for federal income tax purposes and are subject to a 20% excise tax (payable by the recipient) in addition to regular income taxes.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

would not be reduced based on the executive's age. In addition, the Company would not provide any tax gross up for excise taxes assessed against any excess parachute payments.

From time to time, the Company enters into employment letter agreements with newly employed senior management employees. All agreements with management employees entered into after September 2011 will include a general "claw-back" provision pending the issuance of regulations related to claw-back policies required under the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Internal Revenue Code Section 162(m)

Section 162(m) of the Code limits the amount of compensation paid to the named executives (other than the Chief Financial Officer who is not subject to the Section 162(m) limitation) in any one fiscal year that may be deducted by the Company for federal income tax purposes. The deduction limitation is currently \$1 million. "Performance-based compensation" paid under a plan that has been approved by the Company's shareholders is not subject to the deduction limitation.

The Company's Executive Incentive Program has been approved by the Company's shareholders, and the compensation attributable to annual incentive compensation, stock option and performance Share awards under the program is intended to qualify as "performance-based" compensation that is fully deductible and not subject to the Code Section 162(m) deduction limit. Compensation attributable to time-vested restricted Share awards under the program is subject to the deduction limit.

The Committee has not adopted a formal policy that requires all compensation paid to the named executives to be fully deductible.

E. Conclusion

The Compensation Committee has reviewed all components of the Chief Executive Officer's and the named executives' compensation, including salary, bonus, equity and long-term incentive compensation, accumulated realized and unrealized stock option and restricted stock gains, the dollar value of all perquisites and other personal benefits as well as the Company's obligations under its pension plans. Based on this review, the Compensation Committee finds the Chief Executive Officer's and the named executives' total compensation, in the aggregate, to be reasonable and appropriately linked to the Company's performance. The Compensation Committee therefore recommends that shareholders vote "FOR" the say-on-pay proposal included as Proposal Two in this Proxy Statement.

(1) The amounts in these columns do not reflect the actual value the named executives will realize from the stock option, restricted stock and performance Share awards made to the executives. The amounts presented in the table are the grant date value of the equity-based awards computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation Stock Compensation (excluding any effect of estimated forfeitures). The Company will recognize a portion of the grant date value of the awards each year as compensation expense over the vesting period of the awards.

The stock awards column includes the grant date values of performance Shares awarded to the named executive officers. The performance Shares are earned based on the Company's relative total shareholder return versus the S&P Midcap 400 Index® over the three year period ending December 31, 2014 (for the performance Shares awarded in 2012), December 31, 2015 (for the performance Shares awarded in 2013) and December 31, 2016 (for the performance Shares awarded in 2014). The terms of the performance Share awards are described on pages 25-27. The 2014 stock awards column includes the following grant date values of the performance Share awards: Mr. Roberts \$2,475,319, Mr. Ford \$409,203, Mr. Koch \$376,658, Mr. Altmeyer \$471,421 and Mr. Berlin \$327,362. The grant date value of \$95.72 for each performance Share

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

awarded was determined using the \$73.08 closing market price of the Company's common stock on the grant date and a Monte Carlo simulation and assumptions regarding the future performance of the Company's common stock and the stock of the S&P MidCap 400 Index® companies, including expected volatility, risk-free interest rates, correlation coefficients and dividend reinvestment. The grant date values of the performance Share awards assuming the maximum number of performance Shares would be earned at the end of the three year performance period based on the \$73.08 closing market price of the Company's common stock on the grant date would have been: Mr. Roberts \$3,779,698, Mr. Ford \$624,834, Mr. Koch \$575,140, Mr. Altmeyer \$719,838 and Mr. Berlin \$499,867.

Note 5 to the Company's consolidated financial statements included in the 2014 Annual Report on Form 10-K contains more information about the Company's accounting for stock-based compensation arrangements, including the assumptions used to determine the grant date value of the stock and option awards.

- (1) The performance Shares will be earned based on the total return to the Company's shareholders (share appreciation plus dividends) relative to the total shareholder return of the companies comprising the S&P 400 MidCap Index® over the three year performance period ending December 31, 2016 in accordance with the following table:

Relative Total Shareholder Return	Percentage of Performance Shares Earned
Below 25 th percentile	0%
25 th percentile	50%
50 th percentile	100%
75 th percentile or above	200%

If the Company's total shareholder return falls between the 25th and 50th percentile or between the 50th and 75th percentile, the number of performance Shares earned will be determined by linear interpolation. Dividends will accrue during the three year performance period and will be paid on performance Shares that are earned.

- (2) Shares subject to the February 5, 2014 stock awards become vested on the December 31 immediately preceding the third anniversary of the grant date, or if earlier, upon a change in control of the Company or the date the executive officer terminates employment due to death, disability or retirement. Shares subject to the stock awards approved on May 6, 2014 vest in full on May 5, 2017 (in the case of Mr. Koch), June 1, 2017 (in the case of Mr. Altmeyer) and May 19, 2017 (in the case of Mr. Berlin) and required each named executive who received a grant to enter into a non-competition agreement prohibiting him from competing with the Company for one year following his termination of employment by the Company. All future stock awards to the Company's executive officers will include a similar non-competition agreement.

- (3) The named executives receive all dividends paid with respect to the restricted Shares during the vesting period.

The option awards become vested and exercisable in three equal annual installments beginning upon the first anniversary of the date of grant, or if earlier, upon a change of control of the Company or the date the executive officer terminates employment due to death, disability or retirement. The options will become exercisable in the event of an involuntary termination without cause in accordance with the original three-year vesting schedule

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

and remain exercisable until their expiration dates. The options expire ten years following the date of grant or, if earlier, one year from the date the executive officer terminates employment due to death, disability, retirement or a change of control of the Company or 90 days from the date the executive officer terminates employment for any reason other than an involuntary termination by the Company without cause.

See Footnote 1 to the Summary Compensation Table for a description of how the grant date values of the stock and option awards were determined.

Mr. Altmeyer	5,285	4,925	0	0	12,957
Mr. Berlin	3,665	3,420	0	9,061	0

- (2) Based on the closing market value of the Shares on December 31, 2014 of \$90.24.

- (3) The number of unearned units in this column equal the maximum number of performance Share units that may be earned by all of the named executives for the three-year performance periods that will end on December 31, 2016 and December 31, 2015. The performance Shares will be earned based on the total return to the Company's shareholders (share appreciation plus dividends) relative to the total shareholder return of the companies comprising the S&P 400 MidCap Index® over the three year performance periods in accordance with the following table:

Relative Total Shareholder Return	Percentage of Performance Shares Earned
Below 25 th percentile	0%
25 th percentile	50%
50 th percentile	100%
75 th percentile or above	200%

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

If the Company's total shareholder return falls between the 25th and 50th percentile or between the 50th and 75th percentile, the number of performance Shares earned will be determined by linear interpolation. Dividends will accrue during the three year performance period and will be paid on performance Shares that are earned.

The Company's 2014 total shareholder return of 17.3% resulted in a ranking for the year at the 64th percentile. Based on that percentile, approximately 155% of the performance Shares awarded in 2014 would have been earned if the performance period had ended on December 31, 2014. The Company's 2013 through 2014 total shareholder return of 54.2% resulted in a ranking for the year at the 66th percentile. Based on that percentile, approximately 165% of the performance Shares awarded in 2013 would have been earned if the performance period had ended on December 31, 2014.

- (4) The numbers in this column equal the maximum number of performance Share units that may be earned for the three-year performance periods multiplied by the closing market value of the Shares on December 31, 2014 of \$90.24. The amounts are not necessarily indicative of the amounts that may actually be realized by the named executive officers. The actual amount realized will be based on the Company's total shareholder return over the three year performance periods and the market value of the Shares when the units are earned.
- (5) Stock Options vest at the rate of 33¹/₃% per year with vesting dates of 02/05/15, 02/05/16 and 02/05/17.
- (6) Stock Options vest at the rate of 33¹/₃% per year with vesting dates of 02/06/14, 02/06/15 and 02/06/16.
- (7) Stock Options vest at the rate of 33¹/₃% per year with vesting dates of 02/01/13, 02/01/14 and 02/01/15.

Option Exercises and Stock Vested Table This table presents information about stock options exercised by the named executives and the number and value of stock awards that became vested in the named executives during 2014.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)(1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)(2)
Mr. Roberts	150,000	\$ 6,159,430	64,588	\$ 5,828,421
Mr. Ford	40,000	\$ 1,881,856	16,442(3)	\$ 1,483,726
Mr. Koch	6,867	\$ 379,136	12,484(3)	\$ 1,126,556
Mr. Altmeyer	134,000	\$ 6,511,990	19,090(3)	\$ 1,722,682
Mr. Berlin	19,369	\$ 917,330	12,484	\$ 1,126,556

(1) Value realized equals the fair market value of the Shares on the date of exercise less the exercise price.

(2) Value realized equals the fair market value of (i) the restricted Shares on the date the vesting restrictions lapsed and the Shares became vested and (ii) performance Shares earned for the three-year performance period ended December 31, 2014.

(3)

The named executives elected to defer receipt of the following number of shares that were earned and became vested in 2014: Mr. Ford, 16,442 Shares, Mr. Koch, 328 Shares; and Mr. Altmeyer, 19,090 Shares. The deferred Shares will be paid to the named executives upon a date certain elected by the executive. The named executives will receive dividend equivalent payments from the Company during the deferral period.

Pension Benefits Table This table provides the actuarial present value of each named executive's accumulated benefit under the Company's Retirement and Supplemental Pension Plans.

The Retirement Plan provides benefits under a cash balance benefit accrual formula that was added to the plan in 1997. Under the formula, participants accumulate a cash balance benefit based upon a percentage of compensation allocation made annually to the participants' cash balance accounts. The allocation percentage ranges from 2% to 7% of total base salary and annual bonus (including amounts deferred under the 401(k) Plan and Section 125 of the Code) depending on each participant's years of service. The cash balance account is further credited with interest annually. The interest credit is based on the One Year Treasury Constant Maturities as published in the Federal Reserve Statistical Release over the one year period ending on the December 31st immediately preceding the applicable plan year. The interest rate for the plan year ending December 31, 2014 was 4%. The Retirement Plan was closed to new participants effective December 31, 2004. No employees hired on or after January 1, 2005 are eligible to participate in the Plan.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

The benefits under the Supplemental Pension Plan are equal to the difference between the benefits that would have been payable under the Retirement Plan without regard to the compensation limitation imposed by the Code or the limitation on participation in the Retirement Plan that became effective on January 1, 2005 and the actual benefits payable under the Retirement Plan as so limited.

Benefits under the Retirement Plan are payable as a monthly annuity or in a lump sum payment. Vested benefits under the Supplemental Pension Plan are payable only in the form of a monthly annuity. The benefits under the Retirement Plan become vested after the executive completes 5 years of vesting service, or if earlier, the date the executive terminates employment due to death or disability. The benefits under the Supplemental Plan become vested after the executive completes ten years of vesting service and retires at or after age 55, or if earlier, the date the executive terminates employment due to death or disability.

Mr. Roberts will receive an annual benefit under the Supplemental Pension Plan of \$513,000 payable in the form of a single life annuity commencing as of the first day of the month after his separation from service. The supplemental benefit is fully vested and will be actuarially adjusted if it is paid in any form other than a life annuity.

(1)

The amounts presented in this column represent the number of actual years the named executive has been a participant in each plan. None of the named executives have been given credit under the plans for years of service in addition to their actual years of service presented in the table. Messrs. Roberts and Koch commenced employment after December 31, 2004 and are not eligible to participate in the Retirement Plan for Employees of Carlisle Corporation.

Note 13 to the Company's consolidated financial statements included in the 2014 Annual Report on Form 10-K includes the valuation assumptions and other information relating to the Retirement Plan and Supplemental Pension Plan.

Nonqualified Deferred Compensation Table The following table provides information about contributions and earnings credited to the accounts of the named executive officers under the Company's supplemental 401(k) plan during 2014.

The supplemental 401(k) plan provides covered officers, including the named executive officers, the opportunity to defer compensation that could not be deferred under the tax-qualified 401(k) Plan due to the Internal Revenue Code limitations that apply to the 401(k) Plan. The Company provides a matching contribution equal to 100% of the first 4% of base salary and annual incentive compensation deferred under the supplemental 401(k) Plan. Each participant in the supplemental savings plan may direct the "deemed investment" of his or her account among the different investment funds offered by the Company from time to time. The investment options include (i) a fixed rate fund, (ii) a Company stock fund and (iii) investment options that are similar to most of the options available under the Company's 401(k) Plan. All amounts credited to a participant's account under the supplemental 401(k) plan are 100% vested and generally will be paid in a lump sum after the participant terminates employment with the Company. A participant may also elect to receive one or more in-service distributions.

All amounts shown in this column are also reported in either the "Salary" or "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

(2)

All amounts shown in this column are also reported in the "All Other Compensation" column of the Summary Compensation Table.

(3)

The following amounts included in this column are considered "above market" earnings under the proxy disclosure rules of the Securities and Exchange Commission and included in the "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column of the Summary Compensation Table: Mr. Roberts \$8,525, Mr. Ford \$9,065 and Mr. Altmeyer \$10,348.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

(4) Of the amounts shown in this column, the following amounts have been reported in the Summary Compensation Tables of the Company's proxy statements as follows:

Name	Prior Years' Proxy Statements	2015 Annual Meeting Proxy Statement (see Table on page 31)	Total
Mr. Roberts	\$ 338,571	\$ 677,027	\$ 1,015,598
Mr. Ford	\$ 585,074	\$ 467,955	\$ 1,053,029
Mr. Koch	\$ 0	\$ 18,200	\$ 18,200
Mr. Altmeyer	\$ 726,957	\$ 453,976	\$ 1,180,933

The amounts shown in this table include only deferred salary and annual incentive compensation and do not include deferred performance or restricted Shares. As of December 31, 2014, the named executives had the following number of deferred Shares credited to their accounts under the supplemental 401(k) plan with the following values based on the closing market value of the Shares on December 31, 2014 of \$90.24.

Name	Number of Deferred Shares	Value of Deferred Shares
Mr. Roberts	55,680	\$ 5,024,563
Mr. Ford	39,962	\$ 3,606,171
Mr. Koch	716	\$ 64,612
Mr. Altmeyer	72,220	\$ 6,517,133
Mr. Berlin	1,000	\$ 90,240

Potential Payments Upon Termination or Change-in-Control The following table shows the amounts that would have been payable to the named executives under the change in control agreements described on page 29 if a change of control of the Company had occurred on December 31, 2014 and the named executives' employment with the Company was terminated without cause immediately thereafter. The terms of the Company's equity awards provide for vesting upon retirement (defined as termination of employment after the attainment of age 65). None of the named executives, other than Mr. Roberts, are eligible for retirement from the Company.

(1) Mr. Roberts attained age 65 in December 2012 and would not be entitled to receive any severance benefit under the change in control agreement between Mr. Roberts and the Company.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

- (2) Under his employment letter agreement with the Company, Mr. Roberts is entitled to and fully vested in retiree medical and dental coverage for the life of Mr. Roberts and his wife. The amount presented for the other named executives is the estimated value of three years of continued participation in the Company's group health and other welfare benefit plans.
- (3) Value (based on the closing market price of the Company's common stock on December 31, 2014 of \$90.24 per Share) of unvested in-the-money stock options that would become vested upon a change of control of the Company. The stock options would also become fully vested in the event the named executive dies or become disabled while employed by the Company.
- (4) Value (based on the closing market price of the Company's common stock on December 31, 2014 of \$90.24 per Share) of unvested Shares of restricted stock that would become vested upon a change of control of the Company. The Shares of restricted stock would also become fully vested in the event the named executive dies or become disabled while employed by the Company.
- (5) Value (based on the closing market price of the Company's common stock on December 31, 2014 of \$90.24 per Share) of the maximum number of performance Shares under all outstanding performance Share awards. The maximum number of performance Shares would also be earned in the event the named executive dies or become disabled while employed by the Company.
- (6) Messrs. Roberts, Ford and Altmeyer are currently fully vested in their Supplemental Pension Plan benefits. The amount presented for Messrs. Koch and Berlin equals the present value of their respective Supplemental Pension Plan benefit which would become vested upon termination after a change of control of the Company. All benefits under the Supplemental Pension Plan are payable in an annuity form after retirement from employment with the Company. Note 13 to the Company's consolidated financial statements included in the 2014 Annual Report on Form 10-K includes the valuation assumptions and other information relating to the Supplemental Pension Plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Gregg A. Ostrander, Robin J. Adams, Robert G. Bohn, Robin S. Callahan and Terry D. Growcock served on the Compensation Committee for the fiscal year ended December 31, 2014. None of the directors who served on the Compensation Committee during 2014 has ever served as one of the Company's officers or employees. During 2014, none of the Company's executive officers served as a director or member of the compensation committee (or other committee performing similar functions) of any other entity, one of whose executive officer served as a director of the Company.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis with management of the Company. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the SEC.

Edgar Filing: CARLISLE COMPANIES INC - Form PRER14A

Includes 2,657,139 Shares available for award under the Carlisle Companies Incorporated Executive Incentive Program (465,547 of which may be issued as stock awards) and 256,565 Shares available for award under the Carlisle Companies Incorporated Nonemployee Director Equity Plan (26,565 of which may be issued as stock awards).

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of the Company is comprised of four non-employee directors. The Board has made a determination that the members of the Audit Committee satisfy the requirements of the New York Stock Exchange as to independence, financial literacy and experience. The responsibilities of the Audit Committee are set forth in the Charter of the Audit Committee, which is reviewed annually by the Committee.

The Committee has the sole authority to appoint and terminate the engagement of the independent auditors of the Company and its subsidiaries. The Committee also reviews the arrangements for and the results of the auditors' examination of the Company's books and records, internal accounting control procedures, the activities and recommendations of the Company's internal auditors, and the Company's accounting policies, control systems and compliance activities. The Board has determined that Robin S. Callahan, Robin J. Adams, Gregg A. Ostrander and Lawrence A. Sala are "audit committee financial experts" as defined by the rules of the Securities and Exchange Commission. Below is a report on the Committee's activities relating to fiscal year 2014.

Review of Audited Financial Statements with Management

The Audit Committee reviewed and discussed the audited financial statements with the management of the Company.

Review of Financial Statements and Other Matters with Independent Registered Public Accounting Firm

The Audit Committee discussed with the Company's independent registered public accounting firm the audited financial statements and , the matters required to be discussed by Auditing Standard No. 16, "Communications with Audit Committees," as adopted by the Public Company Accounting Oversight Board (the "PCAOB"). The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountants the independent accountant's independence. In concluding that such firm is independent, the Audit Committee considered, among other factors, whether the non-audit services provided by such firm were compatible with its independence. See "Fees paid to Independent Registered Public Accounting Firm" on page 42.

Recommendation that Financial Statements be Included in Annual Report

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the SEC.

FEES PAID TO INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The aggregate fees and reimbursable expenses for professional services provided by Ernst & Young LLP ("E&Y") that were billed to the Company for the years ended December 31, 2014 and 2013 were:

	2014	2013
Audit Fees	\$ 3,409,500	\$ 4,097,000
Audit Related Fees	\$ 0	\$ 1,162,500
Tax Fees	\$ 400,000	\$ 568,500
All Other Fees	\$ 0	\$ 0

All services provided, or to be provided, by the Company's independent registered public accountants are subject to a pre-approval requirement of the Audit Committee. The Audit Committee has delegated to the Chairman of the Audit Committee, pre-approval authority with respect to certain permissible non-audit services. The Chairman's pre-approval authority is limited to engagements costing no more than \$200,000 in the aggregate.

**PROPOSAL TWO:
ADVISORY VOTE TO APPROVE THE COMPANY'S EXECUTIVE COMPENSATION**

We encourage you to review the complete description of the Company's executive compensation programs provided in the "Executive Officer Compensation Discussion and Analysis" Section of this Proxy Statement (pages 19 through 39).

The compensation program for the Company's named executive officers is based on the following guiding principles:

Provide competitive compensation opportunities.

Reward performance that is consistent with key strategic and shareholder goals.

Balance performance measures and, where appropriate, emphasize overall corporate, operating business and division performance.

Serve as a retention tool for key executive talent, provide a balance of liquidity and reward executives for superior performance.

Serve as a retention tool for key executive talent, provide a balance of liquidity and reward executives for superior performance.

The Compensation Discussion and Analysis provides a thorough description of how the Compensation Committee has designed and administered the executive compensation program to comply with these principles.

At the 2015 Annual Meeting, Company shareholders will have the opportunity to endorse or not endorse the compensation of the named executives through a non-binding vote (commonly known as a "say-on-pay" vote) on the following resolution:

RESOLVED, that the compensation of the named executives of the Company described in the Executive Officer Compensation Discussion and Analysis section of this Proxy Statement, including the disclosure tables and narrative discussion (pages 19 through 39), is hereby APPROVED.

Even though the result of the say-on-pay vote is non-binding, the Board of Directors values the opinions that shareholders express in their votes and will consider the outcome of the vote when making future executive compensation decisions. The Company currently conducts annual advisory

votes on executive compensation and expects to conduct the next advisory vote at the 2016 Annual Meeting of Shareholders.

The Board unanimously recommends a vote "**FOR**" the resolution.

**PROPOSAL THREE:
TO RATIFY THE APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Audit Committee has engaged E&Y as the Company's independent registered public accounting firm to audit the Company's financial statements and the effectiveness of the Company's internal controls over financial reporting for the year ending December 31, 2015. E&Y's engagement commenced on May 17, 2005, and E&Y has served as the Company's auditors for the years ended December 31, 2005 through 2014.

Although ratification of the Audit Committee's appointment of E&Y is not required by the Company's by-laws or otherwise, the Board is submitting the selection of E&Y to the shareholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

One or more representatives of E&Y are expected to be present at the 2015 Annual Meeting and will be given an opportunity to make a statement, if they so desire, and to respond to appropriate questions of shareholders in attendance.

The Board unanimously recommends a vote "**FOR**" the ratification of the appointment of E&Y as the Company's independent registered public accounting firm. Proxies received by the Board will be so voted unless shareholders specify a contrary choice in their proxies.

**PROPOSAL FOUR:
APPROVAL OF AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION**

The Board of Directors recommends that the shareholders approve an amendment to the Company's Restated Certificate of Incorporation that would double the number of authorized Common Shares to 200,000,000. Each additional Common Share authorized will have the same rights and privileges as each currently authorized Common Share. The Company's Restated Certificate of Incorporation currently authorizes the issuance of 100,000,000 shares of common stock, \$1.00 par value, and 5,000,000 shares of preferred stock, \$1.00 par value. No preferred stock is outstanding. As of February 27, 2015, the Company had issued and outstanding 65,177,424 Common Shares.

The Board of Directors believes it is in the best interests of the Company and its shareholders to increase the number of authorized Common Shares to give the Company greater flexibility in considering and planning for future business needs. If the amendment to the Restated Certificate of Incorporation is approved, the Board of Directors will be able to issue the additional authorized Shares for various corporate purposes, including but not limited to, stock splits, stock dividends, financings, corporate mergers and acquisitions and other general corporate transactions.

Additional shareholder approval will not be required for the Board of Directors to issue any of these additional Shares unless the number of Shares to be issued in a single transaction or a series of related transactions will (i) have upon issuance voting power that equals or exceeds 20 percent of the voting power outstanding before the issuance or (ii) be equal to or exceed 20 percent of the number of Shares outstanding before the issuance. In either of those cases, the rules of the New York Stock

Exchange would require the Company to obtain shareholder approval as a condition to listing the additional shares.

Except for Shares that may be issued under the Company's incentive plans, the Company has no present plans for issuance of additional common stock. No holder of Company Shares has a preemptive right to acquire any additional Shares, except as may be required by law or the rules of the NYSE, on which the common stock is listed.

If this proposal is approved, the issuance of additional Common Shares, other than in connection with stock splits and stock dividends, could have the effect of diluting earnings per share, book value or the voting rights of the present holders of shares of the Company's Common Shares. In recent years, most of the Common Shares issued by the Company has been for employee benefit plans and stock splits the most recent of which occurred on March 20, 2007.

The amendment may also have the effect of discouraging attempts to take control of the Company through a merger, tender offer, proxy contest or other approach, as additional Common Shares could be issued to dilute the stock ownership and voting power of, or to increase the cost to, a party seeking to obtain control of us. The Company is not proposing this amendment in response to any known attempt or effort by a third party to take control of the Company.

As amended, Paragraph A of Article FOURTH of the Restated Certificate of Incorporation would read as follows:

FOURTH: A. The total number of shares of stock which the Corporation shall have authority to issue is Two Hundred and Five Million (205,000,000) shares, divided into two (2) classes as follows:

- (i) Two Hundred Million (200,000,000) shares, each to be of the par value of one dollar (\$1.00), and to be designated as Common Stock; and,
- (ii) Five Million (5,000,000) shares, each to be of the par value of one dollar (\$1.00), and to be designated as Preferred Stock.

The Board unanimously recommends a vote "**FOR**" the amendment to the Company's Restated Certificate of Incorporation.

**PROPOSAL FIVE:
TO APPROVE THE CARLISLE COMPANIES INCORPORATED
INCENTIVE COMPENSATION PROGRAM**

The Company currently maintains the Carlisle Companies Incorporated Amended and Restated Executive Incentive Program (the "2012 Program") under which the Company may award stock options and other equity-based incentives to the Company's executives and key employees. The 2012 Program was originally approved by the Company's shareholders in 1988. The Company's shareholders subsequently approved increases in the number of Shares available for issuance under the 2012 Program in 2009 and 2012. As of December 31, 2014, 2,657,139 Shares remained available for issuance under the 2012 Program, and 465,547 of those Shares are available for grant as restricted Shares, restricted Share units, performance Shares, performance units or other "full value" awards.

The Compensation Committee and the Board of Directors have unanimously approved, subject to shareholder approval, an amendment and restatement of the 2012 Program (the "2015 Program") to (i) increase the total number of shares available for issuance by an additional 2,000,000 Shares such that a total of 4,657,139 Shares will be available for issuance under the 2015 Program, (ii) increase to 1,750,000 the number of Shares available for grant as restricted Shares, restricted Share units, performance Shares, performance units or other "full value" awards, (iii) include the Company's non-employee directors as eligible to participate in and receive awards, (iv) change the change in

control vesting from a single trigger vesting provision to a double trigger vesting provision and (v) make other changes to the Program in response to recent regulatory developments.

The Board of Directors believes that performance-based annual incentive awards, stock options and other equity incentives play a key role in the Company's ability to recruit, reward and retain executives, key employees and directors. Equity awards encourage stock ownership and also link the interest of the Company's shareholders with key employees who have the ability to enhance the value of the Company. The Board, therefore, recommends that the shareholders approve the 2015 Program.

Approval of this proposal requires the affirmative vote of a majority of the total votes of all Shares present in person or represented by proxy and entitled to vote on the proposal at the annual meeting. Shares voted for the proposal and Shares represented by returned proxies that do not contain instructions will be counted as Shares cast for the proposal. Shares will be counted as cast against the proposal if the Shares are voted either against the proposal or to abstain from voting. Broker non-votes will not change the number of votes cast for or against the proposal and will not be treated as Shares entitled to vote. For voting purposes, proxies requiring confirmation of the date of beneficial ownership received by the Board of Directors with such confirmation not completed so as to show which Shares beneficially owned by the shareholder are entitled to five (5) votes for each Share will be voted with one (1) vote for each Share. See "Voting by Proxy and Confirmation of Beneficial Ownership" beginning on page 52.

Summary of the 2015 Program

The principal features of the 2015 Program are summarized below. This summary is qualified in its entirety by reference to the full text of the 2015 Program, which is attached to this Proxy Statement as *Appendix A*.

Plan Administration

The 2015 Program will be administered by the Compensation Committee, which has authority to select the persons eligible to receive awards, determine the types of awards and number of shares to be awarded, and set the terms, conditions and provisions of the awards consistent with the 2015 Program. The Compensation Committee has the discretionary authority to resolve any and all questions arising under the 2015 Program.

The 2015 Program provides that no member of the Board of Director, the Compensation Committee or any employee of the Company will be liable for any action taken or omitted to be taken or any determination made in good faith with respect to the 2015 Program. The Company will indemnify each such person for any liability or expense (including attorneys' fees) resulting from any action, suit or proceeding to which such person may be a party by reason of any action taken or omitted to be taken under the 2015 Program.

Eligibility

Any director, employee or officer of the Company or its affiliates selected by the Compensation Committee will be eligible for participation in the 2015 Program. In 2014, a total of approximately 253 employees received awards under the 2012 Program. The Company anticipates that substantially the same number of employees will receive awards under the 2015 Program. In addition, eight non-employee directors will be eligible to receive awards under the 2015 Program. However, the Company intends to continue making the annual equity awards to non-employee directors under the Carlisle Companies Incorporated Nonemployee Director Equity Plan so long as there are Shares available for award to non-employee directors under that plan.

Equity-Based Incentive Awards.

Stock Options. The Compensation Committee may grant stock options, which entitle the participant to purchase Shares at a price equal to or greater than their fair market value on the date of grant. Stock options may include incentive stock options, non-qualified stock options, or any combination thereof. Each grant must specify the period of continuous employment that is necessary before the stock option becomes exercisable and may specify "management objectives" that must be achieved as a condition to exercise the option. No stock option may be exercisable more than ten years from the date of grant or provide for the payment of dividend equivalents to the holder of the option.

Restricted Shares and Units. The Compensation Committee may issue or transfer Shares under a restricted Share or restricted Share grant. Any such grants to employees must set forth a restriction period of at least one year during which the Shares are subject to a substantial risk of forfeiture and may not be transferred. The Compensation Committee may provide for the earlier termination of the restriction period in the event of retirement, death or disability. Restricted Shares and restricted Share units may also be subject to "management objectives" that, if achieved, will result in termination or early termination of the restrictions applicable to the Shares or units. A restricted Share or restricted Share unit grant may require that any dividends paid with respect to the Shares or units be deferred and reinvested in additional Shares or units subject to the same restrictions as the underlying award.

Appreciation Rights. The Compensation Committee may also grant appreciation rights, which represent the right to receive from the Company an amount, determined by the Compensation Committee and expressed as a percentage (not exceeding 100%) of the difference between the base price established for the appreciation rights and the market value of the Shares on the date of exercise. Each appreciation right must have a base price that is not less than the fair market value of the Shares on the date of grant and specify the period of continuous employment that is necessary before the appreciation right becomes exercisable (except that the appreciation right may provide for the earlier exercise in the event of retirement, death or disability). Appreciation rights may specify that the amount payable on exercise may be paid in cash, in Shares or in any combination thereof, and appreciation rights may specify "management objectives" that must be achieved as a condition to the exercise of the appreciation right. No appreciation right may be exercisable more than ten years from the date of grant or provide for the payment of dividend equivalents to the holder of the right.

Performance Shares and Units. A performance unit is the equivalent of \$1.00 and a performance Share is the equivalent of one Share. Performance units and Shares will be subject to one or more "management objectives" that must be met within a specified period of not less than one year (the "performance period"). The specified performance period may be subject to earlier termination in the event of retirement, death or disability. The Compensation Committee will also establish a minimum level of acceptable achievement. At the end of the performance period, a determination will be made regarding the extent to which the "management objectives" have been met. To the extent earned, the performance units or performance shares will be paid to the participant at the time and in the manner determined by the Compensation Committee in cash, Shares or any combination thereof. The grant may provide for the payment of dividend equivalents in cash or in Shares on a current, deferred or contingent basis.

Incentive Awards. Incentive awards may be made to participants based on the Company's achievement of one or more "performance objectives" that must be met within a specified period (the "performance period"). Following the completion of a performance period, the Compensation Committee will evaluate the Company's achievement of the performance objectives. No incentive award may be paid without a determination by the Compensation Committee that the performance objectives have been met.

Other Awards. Other awards may be granted that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, the Shares. In addition, cash awards, as an element of or supplement to any other award granted under the 2015 Program, may also be granted. Shares may also be granted as a bonus or in lieu of obligations of the Company or a subsidiary to pay cash or deliver other property under the 2015 Program or under other plans or compensatory arrangements.

Management Objectives.

The Program requires that the Compensation Committee establish "management objectives" for purposes of annual incentive awards and awards of performance shares and performance units. When so determined by the Compensation Committee, stock options, appreciation rights, restricted stock and dividend equivalents may also specify management objectives. Management objectives may be described in terms of either Company-wide objectives or objectives that are related to the performance of the individual participant or subsidiary, division, department or function within the Company or a subsidiary in which the participant is employed. The management objectives may be made relative to the performance of other corporations. The management objectives applicable to any award to a "covered employee" as defined in Section 162(m) will be based on specified levels of or growth in one or more of the following criteria: revenues, earnings from operations, earnings before or after interest and taxes, net income, cash flow, earnings per share, debt to capital ratio, economic value added, return on total capital, return on invested capital, return on equity, return on assets, total return to shareholders, earnings before or after interest, depreciation, amortization or extraordinary or special items, return on investment, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, cash flow in excess of cost of capital, operating margin, profit margin, stock price and/or strategic business criteria consisting of one or more objectives based on meeting specified product development, strategic partnering, research and development, market penetration, geographic business expansion goals, cost targets, customer satisfaction, employee satisfaction, management of employment practices and employee benefits, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates and joint ventures. Management objectives may be stated as a combination of the listed factors. If the Compensation Committee determines that a change in the business, operations, corporate structure or capital structure of the Company, or the manner in which it conducts its business, or other events or circumstances render the management objectives unsuitable, the Compensation Committee may in its discretion modify such management objectives or the related minimum acceptable level of achievement, in whole or in part, as the Compensation Committee deems appropriate and equitable, except to the extent that such action would result in the loss of the otherwise available exemption of the award under Section 162(m).

Recoupment of Awards.

The Compensation Committee may require, as a condition to any award, a participant to agree to reimburse the Company for all or any portion of an award, terminate or rescind an award, or recapture any Shares issued pursuant to an award in connection with any recoupment or clawback policy adopted by the Compensation Committee.

Transferability.

Stock options and other derivative securities awarded under the 2015 Program generally will not be transferable by a participant other than by will or the laws of descent and distribution. Any award made under the 2015 Program may provide that any Shares issued or transferred as a result of the award will be subject to further restrictions upon transfer.

Change in Control.

Except as otherwise provided in an agreement between the Company and a participant, upon termination of an employee participant's employment by the Company without "cause," or by a participant for "good reason," each as defined in the 2015 Program, within a period of two years following the occurrence of a "change in control," as defined in the 2015 Program, each unexpired stock option and appreciation right held by the participant will become exercisable in full, all restrictions on restricted Shares and restricted Share units held by the participant will lapse and all management objectives of all performance Shares, performance units and other awards held by the participant will be deemed to have been fully earned at the maximum performance level.

Shares Available for Awards; Award Limitations; Changes in Capitalization

Subject to adjustment as provided below, the aggregate number of Shares that may be delivered pursuant to awards granted under the 2015 Program would be 4,657,139 shares. Such Shares may be original issue shares, treasury shares or a combination of original issue and treasury shares.

The Compensation Committee may adopt reasonable counting procedures to ensure appropriate counting of the number of Shares available under the 2015 Program or in any award granted under the 2015 Plan if the number of Shares actually delivered differs from the number of Shares previously counted in connection with an award. Shares subject to an award that is canceled, expired, forfeited, settled in cash or is otherwise terminated without a delivery of Shares to the participant will again be available for awards. Shares withheld in payment of the exercise price or taxes relating to an award and shares surrendered in payment of any exercise price or taxes relating to an award will be considered delivered to the participant and will not be available for awards under the 2015 Program. In addition, if the amount payable upon exercise of an appreciation right is paid in Shares, the total number of Shares subject to the appreciation right will be considered delivered to the participant (regardless of the number of Shares actually paid to the participant) and will not be available for awards under the 2015 Program.

Under the 2015 Program, no participant may receive in any calendar year an award of (i) option rights and appreciation rights, in the aggregate, for more than 300,000 Shares, (ii) an award of performance Shares, restricted Shares or Restricted Share units specifying management objectives covering more than 100,000 Shares. (iii) performance units having an aggregate maximum value as of their respective dates of grant in excess of \$1,750,000 or (iv) an incentive award of more than \$3,500,000.

In the event of any change in the number of outstanding Shares by reason of any stock dividend, split, spin-off, recapitalization, merger, consolidation, combination, exchange of shares or otherwise, the aggregate number of shares of common stock with respect to which awards may be made under the 2015 Plan, the annual limit on individual awards and the terms, types of shares and number of shares of any outstanding awards under the 2015 Plan will be equitably adjusted by the Compensation Committee in its discretion to preserve the benefit of the award for the Company and the participant. In the event of any such corporate transaction, the Compensation Committee, in its discretion, may provide in substitution for any or all outstanding awards under the 2015 Plan such alternative consideration as it, in good faith, may determine to be equitable in the circumstances and may require in connection therewith the surrender of all awards so replaced.

Amendment and Termination.

The Board of Directors may at any time further amend the 2015 Program; *provided, however*, that any amendment which must be approved by the shareholders of the Company in order to comply with applicable law or the New York Stock Exchange will not be effective unless and until such approval has been obtained. The 2015 Program specifically prohibits the re-pricing or repurchase of stock options or

appreciation rights without shareholder approval. In addition, the 2015 Program provides that, without shareholder approval, neither the Committee nor the Board of Directors can authorize any option grant to provide for "reload" rights (i.e., the automatic grant of stock options to the participant upon the exercise of options using shares or other equity).

No grants under the 2015 Program may be made after December 31, 2024, but all grants made on or prior to such date will continue in effect thereafter subject to the terms thereof and of the 2015 Program.

Federal Income Tax Consequences.

The following is a brief summary of certain of the Federal income tax consequences of certain transactions under the 2015 Program. This summary is not intended to be complete and does not describe state or local tax consequences.

Tax Consequences to Participants.

Incentive Awards. A participant will recognize ordinary income for the full amount of an incentive award under the 2015 Program when the award is paid to the participant.

Non-qualified Stock Options. No income will be recognized by an optionee upon the grant of a non-qualified stock option. At the time of exercise of a non-qualified stock option, the optionee will recognize ordinary income in an amount equal to the difference between the option price paid for the Shares and the fair market value of the Shares on the date of exercise. At the time of a sale of Shares acquired pursuant to the exercise of a non-qualified stock option, appreciation (or depreciation) in value of the Shares after the date of exercise will be treated as short-term or long-term capital gain (or loss) depending on the holding period.

Incentive Stock Options. No income will be recognized by an optionee upon the grant or exercise of an incentive stock option. However, the excess of the fair market value of the Shares on the exercise date over the option price will be included in the optionee's income for purposes of the alternative minimum tax. If Shares are issued to the optionee pursuant to the exercise of an incentive stock option, and if no disqualifying disposition of such Shares is made by such optionee within two years after the date of the grant or within one year after the transfer of such shares to the optionee, then upon sale of the Shares, any amount realized in excess of the option price will be taxed to the optionee as a long-term capital gain and any loss sustained will be a long-term capital loss. If Shares acquired upon exercise of an incentive stock option are disposed of prior to the expiration of either holding period described above, the optionee will recognize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of such Shares at the time of exercise (or if less, the amount realized on the disposition of the shares in a sale or exchange) over the option price paid for the Shares. Any further gain (or loss) realized by the optionee generally will be taxed as either short-term or long-term capital gain (or loss) depending on the holding period.

Appreciation Rights. No income will be recognized by a participant in connection with the grant of an appreciation right. When the appreciation right is exercised, the participant will be required to include as ordinary income in the year of exercise an amount equal to the amount of cash received and the fair market value of any unrestricted Shares received on the exercise.

Performance Units and Performance Shares. No income will be recognized upon the grant of performance units or performance shares. Upon earn-out of performance units or performance shares, the recipient will be required to include as taxable ordinary income in the year of receipt an amount equal to the amount of cash received and the fair market value of any unrestricted Shares received.

Restricted Shares. The recipient of restricted stock generally will be subject to tax at ordinary income rates on the fair market value of the restricted stock (reduced by an amount, if any, paid by the participant for the restricted stock) at such time as the shares are no longer subject to forfeiture or restrictions on transfer for purposes of Code Section 83. However, a participant who so elects under Code Section 83(b) within 30 days of the date of receipt of the Shares will have taxable ordinary income on the date of receipt of the Shares equal to the excess of the fair market value of the Shares (determined without regard to the restrictions) over the purchase price, if any, of the restricted stock. If a Code Section 83(b) election has not been made, any dividends received with respect to restricted stock that are subject to the restrictions generally will be treated as compensation that is taxable as ordinary income to the participant.

Restricted Share Units. No income will be recognized by a participant in connection with the grant of a restricted Share unit. When the unit is settled, the participant will be required to include as ordinary income in the year of exercise an amount equal to the amount of cash received and the fair market value of any unrestricted Shares received on settlement.

Tax Consequences to the Company.

To the extent that a participant recognizes ordinary income in the circumstances described above, the Company or the subsidiary for which the participant performs services generally will be entitled to a corresponding deduction. In addition, certain awards granted under the 2015 Program are intended to be exempt from Section 162(m) of the Internal Revenue Code of 1986 (the "Code") and the regulations thereunder (collectively, "Section 162(m)"), which places a \$1,000,000 limit on the federal income tax deduction that may be taken by a public company for compensation paid to each of its chief executive officer and the three highest compensated officers (other than the chief financial officer) listed in the Summary Compensation Table.

FUTURE BENEFITS UNDER THE 2015 PROGRAM

The Compensation Committee has made no determination as to future grants or awards under the 2015 Program. However, the Compensation Committee intends to make future incentive, stock option, restricted share and performance Share units awards under the 2015 Program consistent with past practice. The closing price of Carlisle common stock on the New York Stock Exchange on February 27, 2015 was \$93.07.
