Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Corporate Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person.

2

Voting; Quorum; Abstentions and Broker Non-Votes

Each stockholder is entitled to one vote for each share held as of the Record Date. Stockholders will not be entitled to cumulate their votes in the election of directors (Proposal One). A plurality of the Votes Cast (see definition below) at the Annual Meeting is required for the election of directors (Proposal One). For all other proposals, the affirmative vote of the majority of the Votes Cast at the Annual Meeting is required for approval.

The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of Common Stock issued and outstanding on the Record Date and entitled to vote at the Annual Meeting, present in person or represented by proxy. Shares that are voted "FOR," "AGAINST" or "ABSTAIN" from a matter are treated as being present at the Annual Meeting for purposes of establishing a quorum and are also treated as votes eligible to be cast by the Common Stock, present in person or represented by proxy, at the Annual Meeting and "entitled to vote on the subject matter" (the "Votes Cast") with respect to such matter. If a quorum is not present or represented, then either the chairman of the Annual Meeting or the stockholders entitled to vote at the Annual Meeting, present in person or represented by proxy, will have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified. If the adjournment is for more than thirty days, or if after the adjournment a new record date is fixed for the adjourned Annual Meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the adjourned Annual Meeting.

Although there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both the presence or absence of a quorum for the transaction of business and the total number of Votes Cast with respect to a particular matter. Therefore, in the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner.

Broker non-votes, however, shall be treated differently. In a 1988 Delaware case, *Berlin v. Emerald Partners*, the Delaware Supreme Court held that, while broker non-votes may be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Consequently, broker non-votes with respect to proposals set forth in this Proxy Statement will not be considered Votes Cast and, accordingly, will not affect the determination as to whether the requisite majority of Votes Cast has been obtained with respect to a particular matter.

Therefore, for purposes of the election of directors (Proposal One), neither abstentions nor broker non-votes will have any effect on the outcome of the vote. For all other proposals, abstentions will have the same effect as

Edgar Filing: ROSS SYSTEMS INC/CA - Form DEF 14A

votes against these proposals and broker non-votes will not have any effect on the outcome of the vote.

Proxies in the accompanying form that are properly executed and returned will be voted at the Annual Meeting in accordance with the instructions on the proxy. Any properly executed proxy on which there are no instructions indicated about a specified proposal will be voted as follows: (i) for the election of the five persons named in this proxy statement as the board of directors' nominees for election to the board of directors; (ii) for the ratification of the appointment of BDO Seidman, LLP as independent auditors of the Company for the 2003 and 2004 fiscal years. No business other than that set forth in the accompanying notice of annual meeting of stockholders is expected to come before the Annual Meeting. Should any other matter requiring a vote of stockholders properly arise, the persons named in the proxy will vote the shares they represent as the board of directors may recommend. The persons named in the proxy may also, at their discretion, vote the proxy to adjourn the annual meeting from time to time.

Solicitation

The cost of soliciting proxies will be borne by the Company. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone, facsimile or telegram.

3

Deadline for Receipt of Stockholder Proposals for Next Annual Meeting

Stockholders are entitled to present proposals for action at a forthcoming meeting if they comply with the eligibility and other requirements of the proxy rules promulgated by the SEC. The next annual meeting, if any, would likely not be held within 30 days of the anniversary of this Annual Meeting. Therefore, proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's next annual meeting would have to be received by the Company a reasonable time before the Company begins to print and mail the proxy materials for such next annual meeting, in order for them to be considered for inclusion in the proxy statement and form of proxy relating to that meeting. The Company will identify this deadline in a Quarterly Report on Form 10-Q. Assuming that the proposed merger with chinadotcom is completed, there will be no such meeting.

If a stockholder intends to submit a proposal at the next annual meeting, which is not eligible for inclusion in the proxy statement and form of proxy relating to that meeting, the stockholder must give timely notice in proper written form of his intent to make such nomination or nominations or to propose such business. To be timely, such stockholder's notice must be delivered to or mailed and received by the Secretary of the corporation not less than thirty-five (35) days nor more than sixty (60) days prior to the meeting; provided, however, that in the event that less than forty-five (45) days notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be so received not later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made. If such stockholder fails to comply with the foregoing notice provision, the proxy holders will be allowed to use their discretionary voting authority when the proposal is raised at the meeting.

During fiscal 2003, each director attended at least 93% of the aggregate of (1) the total number of meetings of the board of directors and (2) the total number of meetings held by all committees of the board of directors on which such person served. The board of directors has an Audit Committee, a Compensation Committee, and a Nominating Committee, each of which is composed of independent directors.

The Audit Committee held four meetings during the fiscal year ended June 30, 2003. Following the annual meeting, the board intends to re-appoint directors Dickerson, Ryan and Goodhew, with director Ryan as Committee Chairman. The primary purpose of the Audit Committee is to assist the board of directors in fulfilling its responsibility to oversee Ross' internal and external financial reporting processes so as to ensure the objectivity of Ross' financial statements and its system of internal accounting controls. The Audit Committee recommends engagement of Ross' independent auditors and is

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

On July 10, 2002, the Company dismissed Arthur Andersen LLP ("Andersen") as independent public accountants. The Company also engaged BDO Seidman, LLP to serve as the Company's independent public accountants for the year ended June

Edgar Filing: ROSS SYSTEMS INC/CA - Form DEF 14A

30, 2002. The audit committee of our board of directors participated in and approved the decision to change independent accountants. Andersen's reports on the Company's financial statements as of and for the years ended June 30, 2000 and June 30, 2001 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. During the two most recent fiscal years through the date of their dismissal, there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen's satisfaction, would have caused them to make reference to the subject matter in connection with their report on the Company's financial statements. Also, there were no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K. On July 10, 2002, the Company provided Andersen with a copy of the foregoing disclosures. Subsequently, Andersen verbally informed the Company that, effective June 30, 2002, Andersen has stopped responding to notices of changes in certifying accountants due to lack of personnel. Therefore, Andersen did not supply a letter which states whether or not they agree with the Company's disclosures contained in its Form 8-K that initially disclosed this matter.

The Board appointed BDO Seidman, LLP, ("BDO Seidman") independent certified accountants, as auditors of the consolidated financial statements of the Company for the years ending June 30, 2003 and June 30, 2002.

The Board has also appointed BDO Seidman, LLP, as auditors of the Company's 2004 fiscal year which will end June 30, 2004. The Board requests ratification of BDO Seidman, LLP, as the Company's 2003 auditors and the appointment of BDO Seidman, LLP, as the Company's 2004 auditors.

Representatives of BDO Seidman, LLP, are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

Audit and Related Fees Billed to us during Fiscal 2003

Audit Fees

BDO Seidman billed Ross Systems an aggregate of \$186,000 for professional services rendered for the (i) audit of the annual consolidated financial statements for fiscal year 2003 included in our Annual Report on Form 10-K and (ii) the review of the consolidated financial statements included in our quarterly reports on Form 10-Q.

7

BDO Seidman billed Ross Systems an aggregate of \$92,000 for all other non-audit services rendered to us during fiscal 2003, including accounting advice, statutory audits and tax services and litigation support.

The following table summarizes the approximate aggregate accounting fees billed to Ross Systems for our 2003 fiscal year:

Audit Fees	\$186,000

Financial Information Systems Design and Implementation Fees	\$ --

Edgar Filing: ROSS SYSTEMS INC/CA - Form DEF 14A

Other Fees(2)	\$ 81,000
Total Fees	\$278,000

- (1) Includes fees for assistance with SEC filings and various accounting consultation.
- (2) Includes fees for (i) various advisory services related principally to tax preparation services and tax consultation services associated with the development and implementation of international tax strategies and sales taxes (\$67,000), and an executive compensation analysis prepared at the request of the independent Board members (\$14,000).

The audit committee has considered and believes that the provision of the other non-audit services by BDO Seidman is compatible with maintaining the auditor's independence. As routine practice, the Audit Committee pre-approves all audit and permissible non-audit services before the Company engages BDO Seidman to perform such services.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF BDO SEIDMAN, LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE YEAR ENDED JUNE 30, 2003, AND THE APPOINTMENT OF BDO SEIDMAN, LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING JUNE 30, 2004.

- (2) Based on an aggregate of 252,828 options granted to all employees during fiscal year. Options granted in fiscal year 2003 expire in 2012 or 2013 and typically vest annually over four years from the date of grant.
- (3) All options were granted at an exercise price equal to the fair market value based on the closing market value of Common Stock on the Nasdaq National Market on the date of grant.
- (4) Amounts reported in these columns represent amounts that may be realized upon exercise of the options immediately prior to the expiration of their terms assuming the specified compounded rates of appreciation on the Company's Common Stock over the terms of the options. These numbers are calculated based on SEC rules and do not reflect the Company's estimate of future stock price appreciation. Actual gains, if any are dependent on the timing of option exercises and the future performance of the Company's Common Stock. There can be no assurances that the rates of appreciation assumed in this table can be achieved or that the individuals will realize the amounts reflected.

REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS

The Compensation Committee of the Board is comprised of three outside directors of the Company, J. William Goodhew, III, Frank M. Dickerson and Bruce

Edgar Filing: ROSS SYSTEMS INC/CA - Form DEF 14A

J. Ryan. Together the committee is responsible for the overall compensation plans which govern the compensation of the Chief Executive Officer and President, as well as the Executive Vice President Operations of the Company.

The Company's executive pay programs are designed to provide a strong and direct link between Company performance and executive compensation. The Company believes that in order to attract and retain the most qualified executives in the industry, its compensation policies must be competitive with companies in a similar business and of similar size. Accordingly, executive compensation is based on Company and individual performance in relation to annual goals for the executives and the Company. The annual goals set for the executive are based on revenue growth, profitability, cash flow, and stock value appreciation as appropriate for the executive's responsibilities. Executives are provided with a combination of one or more of the following types of compensation: salary, profit sharing and annual bonus, and long-term incentives.

Salary: All executive officers (other than the Chief Executive Officer) are provided with a fixed annual salary that is reviewed on an annual basis by the Compensation Committee and the Chief Executive Officer. Salary and increases in salary are determined partially by comparison of the executive's salary to salaries for similar positions at comparable companies, the executive's annual performance review, the value of contributions made by the executive and the executive's and the Company's performance in relation to goals established at the beginning of the period.

In addition to considering the above factors when setting compensation increases, the Compensation Committee also considers the overall financial health of the Company. In years where corporate performance does not equal or exceed Company expectations, executive salary increases for the coming fiscal year may be either reduced or deferred.

Annual Bonus: The Company motivates its executives to make contributions of outstanding value by providing them the opportunity to earn an annual bonus. These bonuses, if paid, can represent a significant portion of certain executives' salaries. In fiscal 2003, individual executive bonuses were targeted to be a percentage of the executive's salary. Each executive can potentially earn a percentage of his or her target bonus based on the achievement of the Company's and his or her organization's goals. For all executives, except Mr. Tinley and Mr. Webster, the executive's achievements in relation to established goals are evaluated by the Chief Executive Officer. The Compensation Committee evaluates the performance of the Chief Executive Officer and Executive Vice President. Like other executives, the decision to grant these executives a bonus is based on the performance of the Company and their contributions to the Company in the past fiscal year. The bonus plan is designed such that the executive earns a proportionally higher award if the Company and the executive's organization exceed their goals and a smaller or no award if the Company and the executive's organization do not exceed their goals.

Long-Term Incentives: The Compensation Committee of the Board believes that employee equity ownership provides significant additional motivation to officers and employees to maximize value for the Company's stockholders, and therefore periodically grants stock options under the 1998 Stock Option Plan. The Committee grants stock options to executive officers at the prevailing market price after considering the recommendation of the Chief Executive Officer, the positive effects the executive has made on the overall performance of the Company, stock option granting policies at companies of similar size in similar industries, and certain other factors. The stock options granted only have value to the executive if the Company's stock price increases over the exercise price. Therefore, the Committee believes that stock options serve to align the interests of option holders closely with those of stockholders because of the direct benefit executive officers receive through improved stock performance. During fiscal 2003, the Committee considered and granted stock

Edgar Filing: ROSS SYSTEMS INC/CA - Form DEF 14A

options to the executive officers of the Company, including J. Patrick Tinley, the Company's Chairman of the Board. Each of the officers received stock options based on his performance, level of responsibility, and historical and expected contribution to the Company's success.

13

Compensation of the Chairman of the Board and Chief Executive Officer: The Salary, and Annual Bonus and Long-Term Incentives of J. Patrick Tinley, the Company's Chairman of the Board and Chief Executive Officer, were determined in accordance with the criteria described in the "Salary", "Annual Bonus," and "Long-Term Incentives" sections of this report. These amounts were designed to compensate Mr. Tinley at prevailing market rates when revenue growth, profitability, cashflow, and stock value appreciation targets are met, and at above market rates when those same targets were exceeded.

Compensation Limitations: Under Section 162(m) of the Code and regulations adopted thereunder by the Internal Revenue Service in August 1993, publicly-held companies may be precluded from deducting certain compensation in excess of \$1.0 million paid to an executive officer in a single year. The regulations exclude from this limit performance-based compensation and stock options, provided certain requirements, such as stockholder approval, are satisfied. The Company believes that none of its employee compensation plans approached this limit during fiscal 2003.

Compensation Committee Interlocks and Insider Participation

For the fiscal year ended June 30, 2003, directors Goodhew, Ryan and Dickerson served as members of the Compensation Committee of the Board of Directors. No member of the Compensation Committee was or is an officer or employee of the Company or any of its subsidiaries. In addition, during the fiscal year ended June 30, 2003, no officer of the Company had an "interlock" relationship, as the SEC defines that term, to report.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Exchange Act requires Ross' executive officers and directors to file initial reports of share ownership and report changes in share ownership with the Commission. Such persons are required by Commission regulations to furnish Ross with copies of all Section 16(a) forms, which they file. Based solely on Ross' review of such forms furnished to Ross and written representations from certain reporting persons, Ross believes that for the period July 1, 2002 to June 30, 2003, all Section 16(a) filings were made on a timely basis, except that Mr. Oscar Pierre was late to file a Form 4 with the Commission.

CERTAIN TRANSACTIONS

Under the terms of indemnification agreements with each of Ross' officers and directors, Ross is obligated to indemnify each officer and director against certain claims and expenses for which the director might be held liable in connection with past or future service on behalf of Ross. In addition, Ross' Certificate of Incorporation provides that, to the extent permitted by Delaware law, the officers and directors shall not be liable for monetary damages for breach of fiduciary duty as an officer or director. In fiscal 2003, Ross renewed and modified employment agreements with J. Patrick Tinley and Robert B. Webster. The employment agreements provide the executives with severance payments and accelerated vesting of stock options and other incentive awards if the executive's employment is terminated without "cause" at any time. If Mr. Tinley is terminated without "cause," he would be entitled to (1) a severance payment of 300% of his base compensation plus 300% of his targeted bonus, (2) employee benefit coverage applicable to the executive at the time of termination for three years following the termination and (3) ninety days to exercise all vested and unvested stock options and other incentive awards. If Mr. Webster is terminated without "cause," he would be entitled to (A) a severance payment of 200% of his base

15

compensation plus 200% of his targeted bonus, (B) employee benefit coverage applicable to the executive at the time of termination for two years following the termination and (C) ninety days to exercise all vested and unvested stock options and other incentive awards. The employment agreements also provide the executives with severance payments and accelerated vesting of stock options and other incentive awards if the executive terminates his employment with Ross for "good reason" or is terminated for any reason other than "cause" or "disability" within nine months immediately following a "change of control" of Ross. In such a case, Mr. Tinley would be entitled to a severance payment of 300% of his base compensation plus 300% of his targeted bonus, each at the time of termination, and ninety days to exercise all vested and unvested stock options and other incentive awards, and Mr. Webster would be entitled to a severance payment of 200% of his base compensation plus 200% of his targeted bonus, each at the time of termination, and ninety days to exercise all vested and unvested stock options and other incentive awards. The employment agreements define "cause" to include a willful act by the executive which constitutes fraud and which is injurious to Ross, conviction of, or a plea of "guilty" or "no contest" to, a felony or the executive's continuing repeated willful failure or refusal to perform his material duties required by the employment agreement which is injurious to Ross.

The employment agreements define "good reason" to include a material

Edgar Filing: ROSS SYSTEMS INC/CA - Form DEF 14A

reduction in the executive's powers or duties, one or more reductions in the executive's base compensation in the cumulative amount of five percent (5%) or more or notifying the executive that his principal place of work will be relocated by a distance of 50 miles or more. The employment agreements define "disability" as the executive's eligibility to receive immediate long-term disability benefits under Ross' long-term disability insurance plan or, if there is no such plan, under the federal Social Security program.

The employment agreements define "change of control" to mean the occurrence of any of the following events: (a) any "person" (as such term is used in sections 13(d) and 14(d) of the Exchange Act) by the acquisition or aggregation of securities is or becomes the beneficial owner (within the meaning of Rule 13d-3 of the Exchange Act), directly or indirectly, of securities of Ross representing fifty percent (50%) or more of the combined voting power of Ross' then outstanding securities ordinarily (and apart from rights accruing under special circumstances) having the right to vote at elections of directors, referred to as "Base Capital Stock"; except that any change in the relative beneficial ownership of Ross' securities by any person resulting solely from a reduction in the aggregate number of outstanding shares of Base Capital Stock, and any decrease thereafter in such person's ownership of securities, shall be disregarded until such person increases in any manner, directly or indirectly, such person's beneficial ownership of any securities of Ross, or (b) the stockholders of Ross approve a definitive agreement: - to merge or consolidate Ross with or into another corporation in which the holders of the securities of Ross before such merger or reorganization will not, immediately following such merger or reorganization, hold as a group on a fully diluted basis both the ability to elect at least a majority of the directors of the surviving corporation and at least a majority in value of the surviving corporation's outstanding equity securities; or - to sell or otherwise dispose of all or substantially all of the assets of Ross or dissolve or liquidate Ross.

REPORT OF THE DIRECTOR NOMINATING COMMITTEE OF THE BOARD OF DIRECTORS

During the year ended June 30, 2003, the Director Nominating Committee of the Board consisted of three directors, Ryan, Goodhew and Dickerson, none of whom are employees of the company and each of whom is independent. The Nominating Committee held one meeting during the fiscal year ended June 30, 2003. The primary purposes of the Nominating Committee, as set out in the Director Nominating Committee Charter, is to insure that the Board of Directors is composed of appropriately competent and experienced members, and is structured to facilitate sound corporate governance and decision making. The Director Nominating Committee reviewed the composition of the Board, the members' experience and their areas of core competency. The Committee concluded that collectively and individually the members of the Board, namely, Mr. Ryan, Mr. Goodhew, Mr. Dickerson, Mr. Tinley and Mr. Webster appropriately fulfill acceptable standards of competence and diversity of experience for performance as the Company's board of directors, and should therefore be nominated for re-election.

Stockholders may nominate one or more persons for election as directors at a meeting if they give timely notice in proper written form of the intent to make such nomination. To be timely, such stockholder's notice must be delivered to or mailed and received by the Secretary of the corporation not less than thirty-five (35) days nor more than sixty (60) days prior to the meeting; provided, however, that in the event that less than forty-five (45) days notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be so received not

Edgar Filing: ROSS SYSTEMS INC/CA - Form DEF 14A

later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made. The Board of Directors has not adopted a formal nominating committee charter because it has determined that, due to size, composition, independence, long tenure and low turnover, there would be limited benefit to the Company or its shareholders to do so. The members of the nominating committee have been determined to be independent in accordance with the applicable rules of the SEC and Rule 4200(a)(14) of the Marketplace Rules. Additionally, the Nominating Committee has not adopted formal policies regarding stockholder nominations. The Committee will evaluate any director candidate nominated by stockholders and, based on the results of that evaluation, will determine whether to include the candidate in its recommended slate of director nominees in the proxy statement.

COMMUNICATING WITH THE BOARD OF DIRECTORS

Stockholders can communicate with the members of the Board of Directors by writing to: Board of Directors, Ross Systems Inc., Two Concourse Parkway, Suite 800, Atlanta, Georgia 30328. Summaries of communications received (other than junk mail) will be shared with the Board of Directors at its regularly scheduled meetings.

APPENDIX A

ROSS SYSTEMS, INC.
AUDIT COMMITTEE CHARTER

PURPOSE:

The primary purpose of the Audit Committee (the "Committee") is to assist the

Edgar Filing: ROSS SYSTEMS INC/CA - Form DEF 14A

Board of Directors (the "Board") in fulfilling its responsibility to oversee the Company's internal and external financial reporting processes so as to ensure the objectivity of the Company's financial statements. This independent and objective oversight responsibility for the Company's accounting functions and internal controls includes overseeing the financial reports and other financial information provided by the Company to any governmental body, regulatory body, the public and other users.

In performing this oversight role, the Committee is empowered to investigate any matter brought to its attention and shall have full access to all books, records, facilities and personnel of the Company as well as the power to retain outside counsel, auditors or other experts for this purpose. The Board and the Committee are in place to represent the Company's shareholders; accordingly, the outside auditor is ultimately accountable to the Board and the Committee.

The Committee shall review the adequacy of this Charter on an annual basis and shall include it in the Proxy not less than once every three years.

MEMBERSHIP:

The Committee shall be comprised of at least three members of the Board, and the Committee's composition will meet the requirements of the Audit Committee Policy of the NASD as well as the independence and experience requirements of the SEC and NASDAQ. Those rules require among other things that all of the committee members will be outside directors:

1. Who have no relationship to the Company that may interfere with the exercise of their independence from management and the Company other than as a director; and
2. Who are financially literate or who become financially literate within a reasonable period of time after appointment to the Committee. In addition, at least one member of the Committee shall have accounting or related financial management expertise adequate to be qualified as a "financial expert".
3. No member may receive consulting or other fees (other than Board or committee fees) from the company.
4. No member may serve as a member of the audit committee of more than two other public company Boards of directors.

In the event a Committee member faces a potential or actual conflict of interest regarding a matter before the Committee, that Committee member shall be responsible for alerting the Committee Chairman. In the case where the Committee Chairman faces a potential or actual conflict of interest, the Committee Chairman shall advise the Chairman of the Board of Directors. In the event that the Committee Chairman, or the Chairman of the Board of Directors, concurs that a potential or actual conflict of interest exists, an independent substitute Director shall be appointed as a Committee member until the matter, posing the potential or actual conflict of interest, is resolved.

PRIMARY RESPONSIBILITIES:

The Committee's role is in an oversight capacity and it recognizes that the Company's management is primarily responsible for preparing the Company's financial statements and that the outside auditors are responsible for auditing those financial statements. Further, the outside auditors shall be accountable to the Board and to the Committee. The Board and the Committee have the authority and responsibility to select, evaluate and, where

Edgar Filing: ROSS SYSTEMS INC/CA - Form DEF 14A

necessary, replace the outside auditors.

In carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the outside auditor's work. The Committee is not expected to define the scope of the annual audit, control the Company's accounting practices or define the standards to be used in preparation of the Company's financial statements.

The following functions shall be the standard recurring activities of the Committee in carrying out its oversight function. These functions are set forth as a guide with the understanding that the Committee may exercise judgment to diverge from this guide as appropriate given the circumstances.

1. As a whole, or through a Committee representative, the Committee shall review with management and the outside auditors the audited financial statements to be included in the Company's Annual Report on Form 10-K (or the Annual Report to Shareholders if distributed prior to the filing of Form 10-K). The Committee shall, with the outside auditors, review and consider the matters required to be discussed by Statement of Auditing Standards ("SAS") No. 61.
2. As a whole, or through a Committee representative, the Committee shall review with the outside auditors the Company's interim financial results to be included in the Company's quarterly reports that are filed with the Securities and Exchange Commission on Form 10-Q. The Committee shall also review those matters required to be discussed by SAS No. 100. This review and discussion will occur prior to the Company's filing of the Form 10-Q.
3. At scheduled Audit Committee meetings, or at such other times as deemed appropriate, the Committee shall discuss with management and the outside auditors the quality and adequacy of the Company's internal controls and the adequacy of the Company's accounting and financial personnel. This frank and open dialog shall include the outside accountant's judgment on the quality, not just acceptability, of the Company's accounting principles as applied in the financial statements as well as cooperation received from management in the conduct of the audit.
4. The Committee shall consult with management on the establishment and maintenance of an environment that promotes ethical behavior, including the establishment, communication and maintenance of codes of conduct to guard against dishonest, unethical or illegal activities.
5. The Committee shall remain current on significant developments in generally accepted accounting principles. To this end, the Committee shall periodically review any significant changes in accounting principles with the outside auditors.
6. Annually, the Committee shall request from the outside auditors a formal written statement delineating all relationships between the auditor and the Company consistent with Independence Standards Board Standard Number 1.
