RAMCO-GERSHENSON PROPERTIES TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Dollars in thousands)

1. Organization and Basis of Presentation

Ramco-Gershenson Properties Trust, together with its subsidiaries (the Company), is a real estate investment trust (REIT) engaged in the business of owning, developing, acquiring, managing and leasing community shopping centers, regional malls and single tenant retail properties. At September 30, 2008, the Company owns and manages a portfolio of 89 shopping centers, with approximately 20.1 million square feet of gross leaseable area (GLA), located in the Midwestern, Southeastern and Mid-Atlantic regions of the United States. The Company's centers are usually anchored by discount department stores or supermarkets and the tenant base consists primarily of national and regional retail chains and local retailers. The Company's credit risk, therefore, is concentrated in the retail industry.

The economic performance and value of the Company's real estate assets are subject to all the risks associated with owning and operating real estate, including risks related to adverse changes in national, regional and local economic and market conditions. The economic condition of each of the Company's markets may be dependent on one or more industries. An economic downturn in one of these industries may result in a business downturn for the Company's tenants, and as a result, these tenants may fail to make rental payments, decline to extend leases upon expiration, delay lease commencements or declare bankruptcy.

The accompanying consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, certain information and footnote disclosures normally included in audited financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted. These consolidated financial statements should be read in conjunction with the audited consolidated financial statements and related notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission. These consolidated financial statements, in the opinion of management, include all adjustments necessary for a fair presentation of the financial position, results of operations and cash flows for the periods and dates presented. Interim operating results are not necessarily indicative of operating results for the full year.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its majority owned subsidiary, the Operating Partnership, Ramco-Gershenson Properties, L.P. (86.4% owned by the Company at September 30, 2008 and December 31, 2007), and all wholly owned subsidiaries, including bankruptcy remote single purpose entities and all majority owned joint ventures over which the Company has control. The Operating Partnership owns 100% of the non-voting and voting common stock of Ramco-Gershenson, Inc. (Ramco), and therefore it is included in the consolidated financial statements. Ramco has elected to be a taxable REIT subsidiary for federal income tax purposes. Ramco provides property management services to the Company and to other entities. Investments in real estate joint ventures for which the Company has the ability to exercise significant influence over, but for which the Company does not have financial or operating control, are accounted for using the equity method of accounting. Accordingly, the Company's share of the earnings from these joint ventures is included in consolidated net income. All intercompany accounts and transactions have been eliminated in consolidation.

New Accounting Pronouncements

On January 1, 2008, the Company adopted Statement of Financial Accounting Standards (SFAS) No. 157, Fair Value Measurements (SFAS 157), which defines fair value, establishes a framework for measuring fair value under accounting principles generally accepted in the United States, and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. SFAS 157 clarifies that fair value should be based on the assumptions

Table of Contents

RAMCO-GERSHENSON PROPERTIES TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

market participants would use when pricing an asset or liability and establishes a fair value hierarchy that prioritizes the information used to develop those assumptions. The fair value hierarchy gives the highest priority to quoted prices in active markets and the lowest priority to unobservable data. SFAS 157 requires fair value measurements to be separately disclosed by level within the fair value hierarchy.

Fair value measurements for assets and liabilities where there exists limited or no observable market data are, therefore, based primarily upon estimates, and are often calculated based on the economic and competitive environment, the characteristics of the asset or liability and other factors. Therefore, fair value cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including but not limited to estimates of future cash flows, could impact the calculation of current or future values. The adoption of SFAS 157 for assets and liabilities did not have a material impact on the Company's consolidated financial position, results of operations or cash flows.

In March 2008, the Financial Accounting Standards Board (FASB) issued Statement No. 161, *Disclosures about Derivative Instruments and Hedging Activities* an amendment of FASB Statement No. 133 (SFAS 161). SFAS 161 requires entities that utilize derivative instruments to provide qualitative disclosures about their objectives and strategies for using such instruments, as well as any details of credit-risk-related contingent features contained within derivatives. SFAS 161 also requires entities to disclose additional information about the amounts and location of derivatives included within the financial statements, how the provisions of SFAS 133 have been applied, and the impact that hedges have on an entity's financial position, financial performance, and cash flows. SFAS 161 is effective for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. The Company is currently evaluating the application of SFAS 161, although SFAS 161 will not have a material effect on the Company's results of operations or financial position because it only requires new disclosure requirements.

In May 2008, the FASB issued SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, (SFAS 162). SFAS 162 identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles. This standard is effective November 15, 2008. The Company does not expect the adoption of the provisions of SFAS 162 to have a material impact on the Company's consolidated financial position, results of operations, or cash flows.

In October 2008, the FASB issued FASB Staff Position No. 157-3, *Determining the Fair Value of a Financial Asset When the Market for That Asset Is Not Active* . This Staff Position clarifies the application of FASB Statement No. 157, *Fair Value Measurements*, in a market that is not active and provides an example to illustrate key considerations in determining the fair value of a financial asset when the market for that financial asset is not active. The guidance in this Staff Position was effective upon issuance by the FASB. The Company is currently evaluating the application of Staff Position No. 157-3, but does not expect the standard to have a material impact on the Company's consolidated financial position, results of operations, or cash flows.

2. Accounts Receivable, Net

Accounts receivable includes \$17,037 and \$16,610 of unbilled straight-line rent receivables at September 30, 2008 and December 31, 2007, respectively.

Accounts receivable at September 30, 2008 and December 31, 2007 includes \$2,245 and \$2,221, respectively, due from Atlantic Realty Trust (Atlantic) for reimbursement of tax deficiencies, interest and other miscellaneous expenses related to the Internal Revenue Service (IRS) examination of the Company s taxable years ended December 31, 1991 through 1995. Under terms of the tax agreement the Company entered into with Atlantic (Tax Agreement), Atlantic assumed all of the Company s liability for tax and interest arising out of that IRS examination. Effective June 30, 2006, Atlantic was merged into (acquired by) Kimco SI 1339, Inc. (formerly

Table of Contents**RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

known as SI 1339, Inc.), a wholly owned subsidiary of Kimco Realty Corporation (Kimco), with Kimco SI 1339, Inc. continuing as the surviving corporation. By way of the merger, Kimco SI 1339, Inc. acquired Atlantic s assets, subject to its liabilities, including its obligations to the Company under the Tax Agreement. See Note 10 for additional information.

The Company provides for bad debt expense based upon the allowance method of accounting. The Company monitors the collectibility of its accounts receivable (billed, unbilled and straight-line) from specific tenants, and analyzes historical bad debts, customer credit worthiness, current economic trends and changes in tenant payment terms when evaluating the adequacy of the allowance for doubtful accounts. When tenants are in bankruptcy, the Company makes estimates of the expected recovery of pre-petition and post-petition claims. The ultimate resolution of these claims can be delayed for one year or longer. Accounts receivable in the accompanying balance sheets is shown net of an allowance for doubtful accounts of \$3,406 and \$3,313 at September 30, 2008 and December 31, 2007, respectively.

3. Investment in Real Estate, Net

Investment in real estate consists of the following:

	September 30, 2008 (Unaudited)	December 31, 2007
Land	\$ 134,050	\$ 136,566
Buildings and improvements	816,954	883,067
Construction in progress	42,851	25,739

Ramco RM Hartland SC LLC	8,505	5.4%	July 2009	
Ramco Jacksonville North Industrial LLC	693	5.7%	September 2009	
	\$ 534,689			

(1) Interest rate resets annually per formula.

(2) Under terms of the note, the anticipated payment date is April 2010.

(3) Interest rates range from 4.6% to 8.3% with maturities ranging from November 2009 to June 2020.

(4) Interest rates range from 4.2% to 6.0% with maturities ranging from February 2009 to January 2018.

Fees and Management Income from Transactions with Joint Ventures

Under the terms of agreements with certain joint ventures, Ramco is the manager of the joint ventures and their properties, earning fees for acquisitions, development, management, leasing, and financing. The fees earned by the Company, which are reported in the consolidated statements of income as fees and management income, are summarized as follows:

	Three Months Ended September 30, 2008		Nine Months Ended September 30, 2008	
	2008	2007	2008	2007
	(Unaudited)		(Unaudited)

Other assets, net	\$ 38,102	\$ 37,561

Table of Contents**RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Intangible assets at September 30, 2008 include \$4,526 of lease origination costs and \$1,228 of favorable leases related to the allocation of the purchase price for acquisitions made since 2002. These assets are being amortized over the lives of the applicable leases as reductions or additions to minimum rent revenue, as appropriate, over the initial terms of the respective leases. The average amortization period for intangible assets attributable to lease origination costs and for favorable leases is 5.5 years and 4.5 years, respectively.

The Company recorded amortization of deferred financing costs of \$641 and \$902, respectively, during the nine months ended September 30, 2008 and 2007. This amortization has been recorded as interest expense in the Company's consolidated statements of income.

The following table represents estimated future amortization expense related to other assets as of September 30, 2008 (unaudited):

Year Ending December 31,

2008 (October 1 - December 31)	\$ 1,491
2009	4,946
2010	4,107
2011	3,228
2012	2,442
Thereafter	6,217
Total	\$ 22,431

6. Mortgages and Notes Payable

Mortgages and notes payable consist of the following:

	September 30, 2008 (Unaudited)	December 31, 2007
Fixed rate mortgages with interest rates ranging from 4.8% to 8.1%, due at various dates from December 2009 through May 2018	\$ 348,557	\$ 395,140
Floating rate mortgages with interest rates ranging from 4.0% to 4.2%, due at various dates from November 2008 through March 2009	16,088	16,336
Secured Term Loan, with an interest rate at LIBOR plus 150 basis points, due December 2008. The effective rate at September 30, 2008 and December 31, 2007 was 4.0% and 6.7%, respectively	40,000	40,000
Junior subordinated notes, unsecured, due January 2038, with an interest rate fixed until January 2013 when the notes are redeemable or the interest rate	28,125	28,125

becomes LIBOR plus 330 basis points. The effective rate at September 30, 2008 and December 31, 2007 was 7.9%

Unsecured Term Loan Credit Facility, with an interest rate at LIBOR plus 130 to 165 basis points, due December 2010, maximum borrowings \$100,000. The effective rate at September 30, 2008 and December 31, 2007 was 6.0% and 6.4%, respectively

100,000 100,000

Unsecured Revolving Credit Facility, with an interest rate at LIBOR plus 115 to 150 basis points, due December 2009, maximum borrowings \$150,000. The effective rate at September 30, 2008 and December 31, 2007 was 4.9% and 6.4%, respectively

105,000 111,200

\$ 637,770 \$ 690,801

RAMCO-GERSHENSON PROPERTIES TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The mortgage notes are secured by mortgages on properties that have an approximate net book value of \$418,326 as of September 30, 2008.

With respect to the floating rate mortgages and the Secured Term Loan due in 2008, it is the Company's intent to refinance these mortgages and notes payable.

The Company has a \$250,000 unsecured credit facility (the Credit Facility) consisting of a \$100,000 unsecured term loan credit facility and a \$150,000 unsecured revolving credit facility. The Credit Facility provides that the unsecured revolving credit facility may be increased by up to \$100,000 at the Company's request, for a total unsecured revolving credit facility commitment of \$250,000. The unsecured term loan credit facility matures in December 2010 and bears interest at a rate equal to LIBOR plus 130 to 165 basis points, depending on certain debt ratios. In October 2008, the Company exercised its option to extend the unsecured revolving credit facility to December 2009. The unsecured revolving credit facility bears interest at a rate equal to LIBOR plus 115 to 150 basis points, depending on certain debt ratios. The Company retains the option to extend the maturity date of the unsecured revolving credit facility to December 2010. It is anticipated that funds borrowed under the Credit Facility will be used for general corporate purposes, including working capital, capital expenditures, the repayment of indebtedness or other corporate activities.

At September 30, 2008, outstanding letters of credit issued under the Credit Facility, not reflected in the accompanying consolidated balance sheets, total approximately \$1,800. We also had other outstanding letters of credit, not reflected in the consolidated balance sheets, of approximately \$1,300 related to the completion of the River City Marketplace development.

The Credit Facility and the secured term loan contain financial covenants relating to total leverage, fixed charge coverage ratio, loan to asset value, tangible net worth and various other calculations. As of September 30, 2008, the Company was in compliance with the covenant terms.

The mortgage loans encumbering the Company's properties, including properties held by its unconsolidated joint ventures, are generally non-recourse, subject to certain exceptions for which the Company would be liable for any resulting losses incurred by the lender. These exceptions vary from loan to loan but generally include fraud or a material misrepresentation, misstatement or omission by the borrower, intentional or grossly negligent conduct by the borrower that harms the property or results in a loss to the lender, filing of a bankruptcy petition by the borrower, either directly or indirectly, and certain environmental liabilities. In addition, upon the occurrence of certain events, such as fraud or filing of a bankruptcy petition by the borrower, the Company would be liable for the entire outstanding balance of the loan, all interest accrued thereon and certain other costs, including penalties and expenses.

We have entered into mortgage loans which are secured by multiple properties and contain cross-collateralization and cross-default provisions. Cross-collateralization provisions allow a lender to foreclose on multiple properties in the event that we default under the loan. Cross-default provisions allow a lender to foreclose on the related property in the event a default is declared under another loan.

Under terms of various debt agreements, the Company may be required to maintain interest rate swap agreements to reduce the impact of changes in interest rates on its floating rate debt. The Company has interest rate swap agreements with an aggregate notional amount of \$100,000 at September 30, 2008. Based on rates in effect at September 30, 2008, the agreements provide for fixed rates ranging from 4.4% to 6.6% and expire December 2008 through

December 2010.

Year Ending December 31,

2008 (October 1 - December 31)	\$ 49,716
2009	140,015
2010	119,723
2011	27,932
2012	34,011
Thereafter	266,373
Total	\$ 637,770

7. Fair Value

The Company utilizes fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures. Derivative instruments (interest rate swaps) are recorded at fair value on a recurring basis. Additionally, the Company, from time to time, may be required to record other assets at fair value on a nonrecurring basis.

Fair Value Hierarchy

As required under SFAS 157, the Company groups assets and liabilities at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value.

These levels are:

- Level 1 Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability.

The following is a description of valuation methodologies used for the Company's assets and liabilities recorded at fair value.

Derivative Assets and Liabilities

All derivative instruments held by the Company are interest rate swaps for which quoted market prices are not readily available. For those derivatives, the Company measures fair value on a recurring basis using valuation models that use primarily market observable inputs, such as yield curves. The Company classifies derivatives instruments as Level 2.

Table of Contents**RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)***Assets and Liabilities Recorded at Fair Value on a Recurring Basis*

The table below presents the recorded amount of liabilities measured at fair value on a recurring basis as of September 30, 2008 (in thousands). The Company did not have any material assets that were required to be measured at fair value on a recurring basis at September 30, 2008.

	Total Fair Value	Level 1	Level 2	Level 3
Liabilities				
Derivative liabilities (1)	\$ (105)	\$	\$ (105)	\$

(1) Interest rate swaps

8. Earnings Per Common Share

The following table sets forth the computation of basic and diluted earnings per common share (EPS) (in thousands, except per share data):

	Three Months Ended September 30, 2008 2007 (Unaudited)		Nine Months Ended September 30, 2008 2007 (Unaudited)	
Numerator:				
Income from continuing operations before minority interest	\$ 13,250	\$ 4,389	\$ 30,621	\$ 45,195
Minority interest	(1,665)	(1,167)	(4,385)	(7,183)
Preferred stock dividends		(593)		(2,863)
Loss on redemption of preferred shares				(35)
Income from continuing operations available to common shareholders	11,585	2,629	26,236	35,114
Discontinued operations, net of minority interest:				
Loss on sale of real estate assets			(400)	
Income from operations		62	178	182
Net income available to common shareholders	11,585	2,691	26,014	35,296
Add: Income impact of assumed conversion of preferred shares				1,081
Adjusted numerator for diluted EPS	\$ 11,585	\$ 2,691	\$ 26,014	\$ 36,377

Denominator:				
Weighted-average common shares for basic EPS	18,471	18,469	18,470	17,642
Effect of dilutive securities:				
Preferred shares				835
Unvested shares of restricted stock	5		10	
Options outstanding	11	51	12	67
Weighted-average common shares for diluted EPS	18,487	18,520	18,492	18,544
Basic EPS:				
Income from continuing operations	\$ 0.63	\$ 0.14	\$ 1.42	\$ 1.99
Income (loss) from discontinued operations		0.01	(0.01)	0.01
Net income	\$ 0.63	\$ 0.15	\$ 1.41	\$ 2.00
Diluted EPS:				
Income from continuing operations	\$ 0.63	\$ 0.14	\$ 1.42	\$ 1.95
Income (loss) from discontinued operations		0.01	(0.01)	0.01
Net income	\$ 0.63	\$ 0.15	\$ 1.41	\$ 1.96

During the nine months ended September 30, 2007, the Company's Series C Preferred Shares were dilutive and therefore the Series C Preferred Shares were included in the calculation of diluted EPS. As of June 1, 2007, all of the Company's Series C Preferred Shares had been redeemed. Therefore, for the three months ended September 30, 2008 and 2007, and the nine months ended September 30, 2008, the Company's Series C Preferred Shares were not included in the calculation of diluted EPS.

Table of Contents**RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****9. Leases**

Approximate future minimum revenues from rentals under noncancelable operating leases in effect at September 30, 2008, assuming no new or renegotiated leases or option extensions on lease agreements, are as follows (unaudited):

Year Ending December 31,

2008 (October 1 - December 31)	\$ 21,458
2009	82,700
2010	78,040
2011	70,233
2012	60,538
Thereafter	298,246
Total	\$ 611,215

The Company has an operating lease for its corporate office space for a term expiring in 2014. The Company also has operating leases for office space in Florida and land at one of its shopping centers. In addition, the Company has a capitalized ground lease. Total amounts expensed relating to these leases were \$650 and \$617 for the nine months ended September 30, 2008 and 2007, respectively.

Approximate future minimum rental payments under the Company's noncancelable office leases and land, assuming no options extensions, and a capital ground lease at one of its shopping centers, are as follows (unaudited):

Year Ending December 31,	Office Leases	Capital Lease
2008 (October 1 - December 31)	\$ 222	\$ 170
2009	896	677
2010	909	677
2011	916	677
2012	938	677
Thereafter	2,477	6,632
Total minimum lease payments	6,358	9,510
Less: amounts representing interest		(2,254)
Total	\$ 6,358	\$ 7,256

10. Commitments and Contingencies

Construction Costs

In connection with the development and expansion of various shopping centers, as of September 30, 2008 we have entered into agreements for construction costs of approximately \$35,176, including approximately \$12,892 for costs related to the development of Hartland Towne Square in Hartland, Michigan and \$16,880 for The Towne Center at Aquia in Stafford, Virginia.

IRS Audit Resolution for Years 1991 to 1995

RPS Realty Trust (RPS), a Massachusetts business trust, was formed on September 21, 1988 to be a diversified growth-oriented REIT. From its inception, RPS was primarily engaged in the business of owning and managing a participating mortgage loan portfolio. From May 1, 1991 through April 30, 1996, RPS acquired ten real estate properties by receipt of deed in-lieu of foreclosure. Such properties were held and operated by RPS through wholly-owned subsidiaries.

Table of Contents

RAMCO-GERSHENSON PROPERTIES TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

In May 1996, RPS acquired, through a reverse merger, substantially all the shopping centers and retail properties as well as the management company and business operations of Ramco-Gershenson, Inc. and certain of its affiliates. The resulting trust changed its name to Ramco-Gershenson Properties Trust and Ramco-Gershenson, Inc.'s officers assumed management responsibility for the Company. The trust also changed its operations from a mortgage REIT to an equity REIT and contributed certain mortgage loans and real estate properties to Atlantic Realty Trust (Atlantic), an independent, newly formed liquidating real estate investment trust. The shares of Atlantic were immediately distributed to the shareholders of Ramco-Gershenson Properties Trust.

For purposes of the following discussion, the terms Company, we, our or us refers to Ramco-Gershenson Properties Trust and/or its predecessors.

On October 2, 1997, with approval from our shareholders, we changed our state of organization from Massachusetts to Maryland by merging into a newly formed Maryland real estate investment trust thereby terminating the Massachusetts trust.

We were the subject of an IRS examination of our taxable years ended December 31, 1991 through 1995. We refer to this examination as the IRS Audit. On December 4, 2003, we reached an agreement with the IRS with respect to the IRS Audit. We refer to this agreement as the Closing Agreement. Pursuant to the terms of the Closing Agreement we agreed to pay deficiency dividends (that is, our declaration and payment of a distribution that is permitted to relate back to the year for which the IRS determines a deficiency in order to satisfy the requirement for REIT qualification that we distribute a certain minimum amount of our REIT taxable income for such year) in amounts not less than \$1,400 and \$809 for our 1992 and 1993 taxable years, respectively. We also consented to the assessment and collection of \$770 in tax deficiencies and to the assessment and collection of interest on such tax deficiencies and on the deficiency dividends referred to above.

In connection with the incorporation, and distribution of all of the shares, of Atlantic in May 1996, we entered into the Tax Agreement with Atlantic under which Atlantic assumed all of our tax liabilities arising out of the IRS then ongoing examinations (which included, but is not otherwise limited to, the IRS Audit), excluding any tax liability relating to any actions or events occurring, or any tax return position taken, after May 10, 1996, but including liabilities for additions to tax, interest, penalties and costs relating to covered taxes. In addition, the Tax Agreement provides that, to the extent any tax which Atlantic is obligated to pay under the Tax Agreement can be avoided through the declaration of a deficiency dividend, we would make, and Atlantic would reimburse us for the amount of, such deficiency dividend.

On December 15, 2003, our Board of Trustees declared a cash deficiency dividend in the amount of \$2,209, which was paid on January 20, 2004, to common shareholders of record on December 31, 2003. On January 21, 2004, pursuant to the Tax Agreement, Atlantic reimbursed us \$2,209 in recognition of our payment of the deficiency dividend. Atlantic has also paid all other amounts (including the tax deficiencies and interest referred to above), on behalf of the Company, assessed by the IRS to date.

Pursuant to the Closing Agreement we agreed to an adjustment to our taxable income for each of our taxable years ended December 31, 1991 through 1995. The Company has advised the relevant taxing authorities for the state and local jurisdictions where it conducted business during those years of such adjustments and the terms of the Closing Agreement. We believe that our exposure to state and local tax, penalties and interest will not exceed \$1,350 as of

September 30, 2008. It is management's belief that any liability for state and local tax, penalties, interest, and other miscellaneous expenses that may exist in relation to the IRS Audit will be covered under the Tax Agreement.

Effective June 30, 2006, Atlantic was merged into (acquired by) Kimco SI 1339, Inc. (formerly known as SI 1339, Inc.), a wholly-owned subsidiary of Kimco Realty Corporation (Kimco), with Kimco SI 1339, Inc. continuing as the surviving corporation. By way of the merger, Kimco SI 1339, Inc. acquired Atlantic's assets, subject to its liabilities (including its obligations to the Company under the Tax Agreement). In a press release issued on the effective date of the merger, Kimco disclosed that the shareholders of Atlantic received common shares of Kimco valued at \$81,800 in exchange for their shares in Atlantic.

RAMCO-GERSHENSON PROPERTIES TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Litigation

We are currently involved in certain litigation arising in the ordinary course of business. The Company believes that this litigation will not have a material adverse effect on our consolidated financial statements.

Environmental Matters

Under various Federal, state and local laws, ordinances and regulations relating to the protection of the environment (Environmental Laws), a current or previous owner or operator of real estate may be liable for the costs of removal or remediation of certain hazardous or toxic substances disposed, stored, released, generated, manufactured or discharged from, on, at, onto, under or in such property. Environmental Laws often impose such liability without regard to whether the owner or operator knew of, or was responsible for, the presence or release of such hazardous or toxic substance. The presence of such substances, or the failure to properly remediate such substances when present, released or discharged, may adversely affect the owner's ability to sell or rent such property or to borrow using such property as collateral. The cost of any required remediation and the liability of the owner or operator therefore as to any property is generally not limited under such Environmental Laws and could exceed the value of the property and/or the aggregate assets of the owner or operator. Persons who arrange for the disposal or treatment of hazardous or toxic substances may also be liable for the cost of removal or remediation of such substances at a disposal or treatment facility, whether or not such facility is owned or operated by such persons. In addition to any action required by Federal, state or local authorities, the presence or release of hazardous or toxic substances on or from any property could result in private plaintiffs bringing claims for personal injury or other causes of action.

In connection with ownership (direct or indirect), operation, management and development of real properties, we may be potentially liable for remediation, releases or injury. In addition, Environmental Laws impose on owners or operators the requirement of on-going compliance with rules and regulations regarding business-related activities that may affect the environment. Such activities include, for example, the ownership or use of transformers or underground tanks, the treatment or discharge of waste waters or other materials, the removal or abatement of asbestos-containing materials (ACMs) or lead-containing paint during renovations or otherwise, or notification to various parties concerning the potential presence of regulated matters, including ACMs. Failure to comply with such requirements could result in difficulty in the lease or sale of any affected property and/or the imposition of monetary penalties, fines or other sanctions in addition to the costs required to attain compliance. Several of our properties have or may contain ACMs or underground storage tanks (USTs); however, we are not aware of any potential environmental liability which could reasonably be expected to have a material impact on our financial position or results of operations. No assurance can be given that future laws, ordinances or regulations will not impose any material environmental requirement or liability, or that a material adverse environmental condition does not otherwise exist.

Repurchase of Common Shares of Beneficial Interest

In December 2005, the Board of Trustees authorized the repurchase, at management's discretion, of up to \$15,000 of the Company's common shares of beneficial interest. The program allows the Company to repurchase its common shares of beneficial interest from time to time in the open market or in privately negotiated transactions. As of September 30, 2008, the Company had purchased and retired 287,900 shares of the Company's common shares of beneficial interest under this program at an average cost of \$27.11 per share. No common shares were repurchased during 2008.

11. Subsequent Event

In October 2008, the Company exercised its option to extend the \$150 million unsecured revolving credit facility to December 2009. The unsecured revolving credit facility bears interest at a rate equal to LIBOR plus 115 to 150 basis points, depending on certain debt ratios. The Company retains the option to extend the maturity date of the unsecured revolving credit facility to December 2010. It is anticipated that funds borrowed under the unsecured revolving credit facility will be used for general corporate purposes, including working capital, capital expenditures, the repayment of indebtedness or other corporate activities.

Table of Contents

Item 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations*

The following discussion and analysis of the financial condition and results of operations should be read in conjunction with the consolidated financial statements, including the respective notes thereto, which are included in this Form 10-Q.

Overview

We are a fully integrated, self-administered, publicly-traded REIT which owns, develops, acquires, manages and leases community shopping centers (including power centers and single-tenant retail properties) and one enclosed regional mall in the Midwestern, Southeastern and Mid-Atlantic regions of the United States. At September 30, 2008, we owned interests in 89 shopping centers, comprised of 88 community centers and one enclosed regional mall, totaling approximately 20.1 million square feet of GLA. We and our joint venture partners own approximately 16.0 million square feet of such GLA, with the remaining portion owned by various anchor stores.

Our corporate strategy is to maximize total return for our shareholders by improving operating income and enhancing asset value. We pursue our goal through:

The development of new shopping centers in metropolitan markets where we believe demand for a center exists;

A proactive approach to redeveloping, renovating and expanding our shopping centers; and

Aggressively leasing vacant spaces and entering into new leases for occupied spaces when leases are about to expire.

We have followed a disciplined approach to managing our operations by focusing primarily on enhancing the value of our existing portfolio through strategic sales and successful leasing efforts. We continue to selectively pursue new development, redevelopment and acquisition opportunities.

Development

We and one of our joint ventures have five projects in various stages of development with an estimated total project cost of \$341.2 million. As of September 30, 2008, we and one of our joint ventures have spent \$89.9 million on such developments. We intend to wholly own the Northpointe Town Center and Rossford Pointe properties and therefore anticipate that \$82.6 million of the total project costs will be on our balance sheet upon completion of such projects. We anticipate that we will incur \$53.7 million of debt to fund these projects. We own 20% of the joint venture that is developing Hartland Towne Square, and our share of the estimated \$56.5 million of project costs is \$11.3 million. We anticipate that the joint venture will incur \$36.7 million of debt to fund the project. The remaining estimated project costs of \$202.1 million for The Town Center at Aquia and Gateway Commons (formerly the Shoppes of Lakeland II), currently on our balance sheet, are expected to be developed through joint ventures, and therefore ultimately, will be accounted as off-balance sheet assets, although we do not have joint venture partners to date and no assurance can be given that we will have joint venture partners on such projects.

Redevelopment

We and our joint ventures have 12 redevelopments currently in process. We estimate the total project costs of the 12 redevelopment projects in process to be \$56.1 million. Seven of the redevelopments involve core operating properties included in our balance sheet and are expected to cost approximately \$21.6 million of which \$5.8 million has been

spent as of September 30, 2008. For the five redevelopment projects at properties held by joint ventures, we estimate off-balance sheet project costs of approximately \$34.5 million (our share is estimated to be \$8.8 million) of which \$16.2 million has been spent as of September 30, 2008 (our share is \$3.9 million).

While we anticipate redevelopments will be accretive upon completion, a majority of the projects has required taking some retail space off-line to accommodate the new/expanded tenancies. These measures have resulted in the loss of minimum rents and recoveries from tenants for those spaces removed from our pool of leasable space. Based on the sheer number of value-added redevelopments that are in process in 2008, the revenue loss has created a short-

Table of Contents

term negative impact on net operating income and FFO. The majority of the projects are expected to stabilize by the end of 2009.

Leasing

During the third quarter 2008, we opened 22 new non-anchor stores, at an average base rent of \$19.69 per square foot, an increase of 19.9% over the portfolio average rents. The Company opened one new anchor store during the third quarter 2008, at an average base rent of \$15.00 per square foot, an increase of 85.9% over the portfolio average rents. Additionally, we renewed 13 non-anchor leases, at an average base rent of \$14.86 per square foot, achieving an increase of 13.0% over prior rental rates. The Company also renewed three anchor leases, at an average base rent of \$8.10 per square foot, an increase of 4.2% over prior rental rates. Overall portfolio average base rents for non-anchor tenants increased to \$16.43 per square foot in the third quarter of 2008 from \$15.71 in the same period in 2007.

The Company's operating portfolio was 95.3% occupied at September 30, 2008, compared to 93.7% for the same period in the prior year. Same center total revenues for the three months ended September 30, 2008 increased 2.9% over the same period in 2007.

Acquisitions

After an in-depth analysis of our business plan going forward, we intend to de-emphasize our acquisition program as a significant driver of growth. Acquisitions are planned to be more opportunistic in nature and the volume of these purchases will be substantially less than in 2007. The Company does not anticipate any further acquisition activities for the remainder of 2008.

During the second quarter 2008, the Company's joint venture with an investor advised by Heitman LLC, acquired the Rolling Meadows Shopping Center in Rolling Meadows, Illinois. The joint venture purchased this acquisition in part because of the number of value-added redevelopment opportunities available at the center.

Dispositions

During the third quarter 2008, the Company sold the Plaza at Delray shopping center in Delray Beach, Florida, to a joint venture with an investor advised by Heitman LLC. Permanent financing for the shopping center was secured by the joint venture in the amount of \$48 million for five years at an interest rate of 6.0%. The Plaza at Delray transaction allowed the Company to pay down \$43 million in long-term debt and generated approximately \$24 million in net proceeds. The transaction resulted in a gain on the sale of approximately \$8.7 million in both the three and nine months ended September 30, 2008.

During the second quarter 2008, the Company sold Highland Square Shopping Center in Crossville, Tennessee, to a third party for \$9.2 million in net proceeds. The transaction resulted in a loss on the sale of \$400,000, net of minority interest, in the nine months ended September 30, 2008. Income from operations and the loss on sale relating to Highland Square are classified in discontinued operations on the consolidated statements of income and comprehensive income for all periods presented.

Critical Accounting Policies and Estimates

Management's Discussion and Analysis of Financial Condition and Results of Operations is based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses, and

related disclosure of contingent assets and liabilities. Management bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which forms the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Senior management has discussed the development, selection and disclosure of these estimates with the audit committee of our board of trustees. Actual results could differ from these estimates under different assumptions or conditions.

Table of Contents

Critical accounting policies are those that are both significant to the overall presentation of our financial condition and results of operations and require management to make difficult, complex or subjective judgments. For example, significant estimates and assumptions have been made with respect to useful lives of assets, capitalization of development and leasing costs, recoverable amounts of receivables and initial valuations and related amortization periods of deferred costs and intangibles, particularly with respect to property acquisitions. Our critical accounting policies as discussed in our Annual Report on Form 10-K for the year ended December 31, 2007 have not materially changed during the first nine months of 2008.

Comparison of Three Months Ended September 30, 2008 to Three Months Ended September 30, 2007

For purposes of comparison between the three months ended September 30, 2008 and 2007, Same Center refers to the shopping center properties owned by consolidated entities as of July 1, 2007 and September 30, 2008.

In July 2007, we sold Paulding Pavilion to Ramco 191 LLC, our \$75 million joint venture with Heitman Value Partners Investment LLC. In late December 2007, we sold Mission Bay to Ramco/Lion Venture LP. In August 2008, we sold the Plaza at Delray shopping center to a joint venture with an investor advised by Heitman LLC. These sales to joint ventures in which we have an ownership interest are collectively referred to as Dispositions in the following discussion.

Revenues

Total revenues for the three months ended September 30, 2008 were \$34.6 million, a \$2.9 million decrease over the comparable period in 2007.

Minimum rents decreased \$1.4 million to \$22.5 million for the three months ended September 30, 2008 as compared to \$23.9 million for the third quarter of 2007. The Dispositions resulted in a decrease of approximately \$2.0 million in minimum rents, partially offset by an increase in minimum rents of approximately \$490,000 from Same Center properties.

Recoveries from tenants decreased \$472,000 to \$9.9 million for the third quarter 2008 as compared to \$10.4 million for the same period in 2007. The Dispositions resulted in a decrease of approximately \$812,000 in recoveries from tenants, partially offset by increases of approximately \$319,000 from Same Center properties. The increase for the Same Center properties was due primarily to expanding our electricity resale program in certain of our properties. The overall property operating expense recovery ratio was 97.1% for the three months ended September 30, 2008 as compared to 94.7% for the three months ended September 30, 2007. The increase was primarily due to the impact of the Dispositions in 2008 and common area recoverable adjustments made in the third quarter of 2007. We expect our recovery ratio to be between 97% and 98% for the full year 2008.

Fees and management income increased \$545,000 to \$1.7 million for the three months ended September 30, 2008 as compared to \$1.1 million for the three months ended September 30, 2007. The increase was mainly attributable to net increases in development related fees of approximately \$425,000, leasing fees of approximately \$323,000, and management fees of approximately \$167,000. These increases were partially offset by a decrease in acquisition related fees of approximately \$436,000. The increase in development fees was related to our Ramco RM Hartland SC LLC joint venture. The decrease in acquisition related fees is primarily related to approximately \$361,000 earned during the third quarter 2007 related to the purchases of Paulding Pavilion by Ramco 191 LLC, our \$75 million joint venture with Heitman Value Partners Investment LLC, and Nora Plaza by our Ramco HHF NP LLC joint venture. Additionally, \$76,000 was earned in the third quarter of 2007 related to the acquisition of Old Orchard by our Ramco/Lion Venture LP joint venture.

Other income decreased \$1.4 million to \$538,000 for the three months ended September 30, 2008, compared to \$1.9 million for the same period in the prior year. The decrease was primarily due to a \$1.3 million decrease in lease termination income attributable mostly to income earned in the third quarter of 2007 on lease terminations from redevelopment properties.

Table of Contents

Expenses

Total expenses for the three months ended September 30, 2008 decreased \$2.8 million to \$30.9 million as compared to \$33.7 million for the three months ended September 30, 2007.

Real estate taxes decreased by approximately \$570,000 during the third quarter 2008 to \$4.5 million, as compared to \$5.1 million during the third quarter of 2007. Real estate taxes decreased approximately \$431,000 from the Dispositions and approximately \$139,000 related to Same Center properties.

Recoverable operating expenses decreased by approximately \$200,000 to \$5.7 million for the three months ended September 30, 2008 as compared to \$5.9 million for the three months ended September 30, 2007. Recoverable operating expenses from the Dispositions resulted in a decrease of approximately \$327,000, partially offset by an increase from Same Center properties of approximately \$131,000. This increase in Same Center properties is attributable mainly to higher electricity costs from the expansion of our electricity resale program.

Depreciation and amortization decreased approximately \$200,000 to \$7.8 million for the third quarter of 2008 as compared to approximately \$8.0 million for the three months ended September 30, 2007. Depreciation and amortization expense from the Dispositions resulted in a decrease of \$673,000, partially offset by an increase in depreciation and amortization from Same Center properties of approximately \$492,000. The increase in depreciation and amortization from Same Center properties was due primarily to the bankruptcy of a certain national retailer that closed a store at one of the Company's core operating properties.

Other operating expenses increased approximately \$68,000 to approximately \$836,000 for the quarter ended September 30, 2008 as compared to approximately \$768,000 for the comparable quarter in 2007. Due to current economic conditions, the Company increased bad debt expense approximately \$212,000 in the third quarter 2008 when compared to 2007. The increase in bad debt expense was partially offset by a decrease of approximately \$117,000 in professional fees expense other than legal in the third quarter 2008 when compared to the same period in the prior year. The decrease in professional fees expense was due mostly to business consulting fees in the third quarter of 2007 for that were not incurred in the same period of 2008.

General and administrative expenses decreased approximately \$700,000 from \$4.0 million for the three months ended September 30, 2007 to \$3.3 million for the three months ended September 30, 2008. The decrease in general and administrative expenses was primarily due to an increase of approximately \$611,000 in the portion of costs charged to development and redevelopment projects and capitalized in the third quarter 2008 compared to the same period in 2007. General and administrative expenses were also impacted by a decrease in income tax expense of approximately \$263,000 in the third quarter of 2008 mainly the result of adjustments recorded to true-up prior year amounts once income tax returns for 2007 were finalized. Partially offsetting these decreases were increases in legal and tax fees of approximately \$323,000 and salary related expenses of approximately \$106,000 mainly the result of additional hiring following the expansion of our infra-structure related to increased joint venture activity and asset management.

Interest expense decreased \$1.2 million, to \$8.7 million for the three months ended September 30, 2008, as compared to \$9.9 million for the three months ended September 30, 2007. Average monthly debt outstanding was \$4.2 million lower for the third quarter of 2008, resulting in a decrease in interest expense of approximately \$59,000. We benefited from lower average interest rates during the third quarter of 2008, resulting in a decrease in interest expense of approximately \$1.1 million. Interest expense during the third quarter of 2008 was favorably impacted by approximately \$61,000 as a result of higher capitalized interest on development and redevelopment projects, by approximately \$93,000 due to decreased amortization of marked to market debt and offset by approximately \$102,000 due to increased amortization of deferred financing costs.

Other

Gain on sale of real estate assets increased \$9.4 million during the third quarter of 2008 to \$9.3 million as compared with a net loss on sale of real assets of \$107,000 in the third quarter of 2007. The increase is due primarily to the gain on the sale of the Plaza at Delray shopping center to a joint venture with an investor advised by Heitman LLC, as well as gains on the sale of land parcels at Hartland Towne Square, in 2008.

Table of Contents

Minority interest represents the equity in income attributable to the portion of the Operating Partnership not owned by us. Minority interest for the third quarter of 2008 increased \$498,000 to \$1.7 million, as compared to \$1.2 million for the third quarter of 2007. The increase is primarily attributable to the minority interest's proportionate share of the higher gain on the sale of real estate assets in 2008 when compared to the same period in 2007.

Earnings from unconsolidated entities represent our proportionate share of the earnings of various joint ventures in which we have an ownership interest. Earnings from unconsolidated entities decreased approximately \$405,000, from approximately \$668,000 for the three months ended September 30, 2007 to approximately \$283,000 for the three months ended September 30, 2008. The decrease of approximately \$543,000 in earnings from the Ramco/Lion Venture LP joint venture in the third quarter of 2008 resulted primarily from the bankruptcy of a certain national retailer that closed stores at four of the joint venture properties in which the Company holds an ownership interest.

Comparison of Nine Months Ended September 30, 2008 to Nine Months Ended September 30, 2007

For purposes of comparison between the nine months ended September 30, 2008 and 2007, Same Center refers to the shopping center properties owned by consolidated entities as of January 1, 2007 and September 30, 2008.

In April 2007, we increased our partnership interest in Ramco Jacksonville LLC, which is now included in our consolidated financial statements. This property is referred to as the Acquisition in the following discussion.

In March 2007, we sold Chester Springs Shopping Center to Ramco 450 Venture LLC, our joint venture with an investor advised by Heitman LLC. In June 2007, we sold two shopping centers, Shoppes of Lakeland and Kissimmee West, to Ramco HHF KL LLC, a newly formed joint venture. In July 2007, we sold Paulding Pavilion to Ramco 191 LLC, our \$75 million joint venture with Heitman Value Partners Investment LLC. In late December 2007, we sold Mission Bay to Ramco/Lion Venture LP. In August 2008, we sold the Plaza at Delray shopping center to a joint venture with an investor advised by Heitman LLC. These sales to joint ventures in which we have an ownership interest are collectively referred to as Dispositions in the following discussion.

Revenues

Total revenues for the nine months ended September 30, 2008 were \$107.0 million, a \$7.4 million decrease over the comparable period in 2007.

Minimum rents decreased \$3.7 million to \$68.6 million for the nine months ended September 30, 2008 as compared to \$72.3 million for the nine months ended of September 30, 2007. The Dispositions resulted in a decrease of approximately \$6.8 million in minimum rents and Same Center properties resulted in a decrease of approximately \$100,000, partially offset by an increase of approximately \$3.2 million from the Acquisition.

Recoveries from tenants decreased approximately \$1.5 million to \$31.3 million for the nine months ended September 30, 2008 as compared to \$32.8 million for the same period in 2007. The Dispositions resulted in a decrease of approximately \$2.8 million in recoveries from tenants, partially offset by an increase of approximately \$809,000 from the Acquisition and an increase of approximately \$500,000 from Same Center properties. The increase for the Same Center properties was due primarily to expanding our electricity resale program in certain of our properties, partially offset by the impact of redevelopment activity. The overall property operating expense recovery ratio was 98.0% for the nine months ended September 30, 2008 as compared to 98.3% for the nine months ended September 30, 2007. We expect our recovery ratio to be between 97% and 98% for the full year 2008.

Fees and management income decreased approximately \$133,000 to \$5.0 million for the nine months ended September 30, 2008 as compared to \$5.1 million for the nine months ended September 30, 2007. The decrease was

mainly attributable to acquisition related fees of approximately \$1.3 million, as well as a decrease in development related fees of approximately \$147,000. The decrease in development and financing fees was related to our Ramco Jacksonville LLC joint venture. The decrease in acquisition related fees is primarily the result of approximately \$1.4 million earned during 2007 from the purchase of Cocoa Commons and Cypress Pointe by our ING Clarion joint venture, the purchase of Peachtree Hill and Chester Springs Shopping Center by our \$450 million joint venture with an investor advised by Heitman LLC, the purchase of Paulding Pavilion to Ramco 191 LLC, our \$75 million

Table of Contents

joint venture with Heitman Value Partners Investment LLC, the purchase of Nora Plaza by our Ramco HHF NP LLC joint venture, and the purchase of Lakeland and Kissimmee West by our Ramco HHF KL LLC joint venture. The decrease in fees and management income was offset by an increase in management fees of approximately \$641,000 and leasing fees of approximately \$490,000, which are primarily attributable to an increase in the portfolio of our joint venture partners. Other fees and management income for the nine months ended September 30, 2008 increased approximately \$200,000 when compared to the same period in 2007.

Other income for the nine months ended September 30, 2008 was approximately \$1.5 million, a decrease of approximately \$2.1 million over the comparable period in 2007. The decrease was primarily due to a \$1.3 million decrease in lease termination income attributable mostly to income earned in the first nine months of 2007 on lease terminations from redevelopment properties. Interest income decreased approximately \$508,000 over the comparable period in 2007. In 2007, Ramco-Gershenson Properties L.P. (the Operating Partnership) earned approximately \$500,000 of interest income on advances to Ramco Jacksonville LLC related to the River City Marketplace development, with no similar income earned during the nine months ended September 30, 2008. For the nine months ended September 30, 2007, we recognized approximately \$333,000 income from previously written-off accounts receivable, compared to recoveries of approximately \$93,000 for the same period in 2008.

Expenses

Total expenses for the nine months ended September 30, 2008 decreased approximately \$4.4 million to \$97.8 million as compared to \$102.2 million for the nine months ended September 30, 2007.

Real estate taxes decreased by approximately \$1.1 million during the nine months ended September 30, 2008 to \$14.1 million, as compared to \$15.2 million during the nine months ended September 30, 2007. Real estate taxes decreased approximately \$1.3 million as a result of Dispositions and a decrease from Same Center properties of approximately \$70,000, partially offset by an increase of approximately \$236,000 related to the Acquisition.

Recoverable operating expenses decreased by approximately \$305,000 to \$17.8 million for the nine months ended September 30, 2008 as compared to \$18.1 million for the nine months ended September 30, 2007. Recoverable operating expenses from the Dispositions resulted in a decrease of approximately \$1.3 million, partially offset by an increase from the Acquisition of approximately \$400,000 and an increase from Same Center properties of approximately \$600,000. This increase in Same Center properties is attributable mainly to higher electricity costs from the expansion of our electricity resale program.

Depreciation and amortization was \$23.7 million for the nine months ended September 30, 2008, as compared to \$24.2 million for the nine months ended September 30, 2007. Depreciation and amortization expense from the Dispositions resulted in a decrease of \$2.5 million, partially offset by an increase in depreciation and amortization resulting from the Acquisition of approximately \$1.2 million and an increase from Same Center of approximately \$760,000. The increase in depreciation and amortization from Same Center properties was due primarily to the bankruptcy of a certain national retailer that closed a store at one of the Company's core operating properties and the impact of redevelopment projects completed during 2008.

Other operating expenses increased approximately \$860,000 to \$2.9 million for the nine months ended September 30, 2008, as compared to approximately \$2.0 million for the comparable quarter in 2007. Due to current economic conditions, we increased bad debt expense approximately \$491,000 during the nine months ended September 30, 2008 when compared to 2007. Expenses related to vacancies increased by approximately \$470,000 in 2008 when compared to the same period in 2007.

General and administrative expenses increased approximately \$1.0 million from \$11.0 million for the nine months ended September 30, 2007 to \$12.0 million for the same period in 2008. The increase in general and administrative expenses was primarily due to an increase in salary related expenses of approximately \$1.1 million as well as increased legal and tax fees of approximately \$550,000. The increase in general and administrative expenses was also due to an additional \$373,000 arbitration award to a third-party relating to the alleged breach by the Company of a property management agreement. In addition, bank service fees increased approximately \$135,000 during the nine months ended September 30, 2008. These increases in general and administrative expenses were offset by a decrease primarily due to an increase of approximately \$1.3 million in the portion of costs

Table of Contents

charged to development and redevelopment projects and capitalized in the first nine months of 2008, compared to the same period in 2007. General and administrative expenses were also impacted by a decrease in income tax expense of approximately \$153,000 during the nine months ended September 30, 2008 mainly the result of adjustments recorded to true-up prior year amounts once income tax returns for 2007 were finalized.

Interest expense decreased \$4.2 million, to \$27.4 million for the nine months ended September 30, 2008, as compared to \$31.6 million for the nine months ended September 30, 2007. Average monthly debt outstanding was approximately \$321,000 lower for the first nine months ended 2008, resulting in a decrease in interest expense of approximately \$14,000. We benefited from lower average interest rates during the first nine months of 2008, resulting in a decrease in interest expense of approximately \$3.0 million. Interest expense during the first nine months of 2008 was favorably impacted by approximately \$805,000 as a result of higher capitalized interest on development and redevelopment projects, by approximately \$261,000 due to decreased amortization of deferred financing costs and by approximately \$209,000 due to decreased amortization of marked to market debt.

Other

Gain on sale of real estate assets decreased \$11.7 million to \$19.6 million for the nine months ended September 30, 2008, as compared to \$31.3 million for the nine months ended September 30, 2007. The decrease is due primarily to the gain on the sale of Chester Springs Shopping Center to our Ramco 450 Venture LLC joint venture, the sale of the Shoppes of Lakeland and Kissimmee West to our Ramco HHF KL LLC joint venture, and the sale of land parcels at River City Marketplace included in the nine months ended September 30, 2007. The gain on sale of real estate assets was also impacted by the gain on the sale of the Plaza at Delray shopping center to a joint venture with an investor advised by Heitman LLC, as well as gains on the sale of land parcels at Hartland Towne Square, in 2008.

Minority interest represents the equity in income attributable to the portion of the Operating Partnership not owned by the Company. Minority interest for the nine months ended September 30, 2008 decreased \$2.8 million to \$4.4 million, as compared to \$7.2 million for the first quarter of 2007. The decrease is primarily attributable to the minority interest's proportionate share of the lower gain on the sale of real estate assets.

Earnings from unconsolidated entities represent our proportionate share of the earnings of various joint ventures in which we have an ownership interest. Earnings from unconsolidated entities increased approximately \$100,000, from approximately \$1.8 million for the nine months ended September 30, 2007 to approximately \$1.9 million for the nine months ended September 30, 2008. During the nine months ended September 30, 2008, earnings from unconsolidated entities increased by approximately \$385,000 from the Ramco 450 Venture LLC, Ramco 191 LLC, Ramco HHF KL LLC, and Ramco HHF NP LLC joint ventures, partially offset by a \$305,000 decrease in earnings from the Ramco/Lion Venture LP joint venture that resulted primarily from the bankruptcy of a certain national retailer that closed stores at four of the joint venture properties in which the Company holds an ownership interest. In April 2007, we purchased the remaining 80% ownership interest in Ramco Jacksonville LLC (Jacksonville) and we have consolidated Jacksonville in our results of operations since the date of acquisition. For the nine months ended September 30, 2007, the Company's proportionate share of earnings from Jacksonville was a net loss of approximately \$162,000.

Liquidity and Capital Resources

The principal uses of our liquidity and capital resources are for operations, development, redevelopment, including expansion and renovation programs, acquisitions, and debt repayment, as well as dividend payments in accordance with REIT requirements and repurchases of our common shares. We anticipate that the combination of cash on hand, the availability under our Credit Facility, additional financings, and the sale of existing properties will satisfy our expected working capital requirements though at least the next 12 months and allow us to achieve continued growth.

Although we believe that the combination of factors discussed above will provide sufficient liquidity, no such assurance can be given.

As part of our business plan to improve our capital structure and reduce debt, we will continue to pursue the strategy of selling fully-valued properties and to dispose of shopping centers that no longer meet the criteria established for our portfolio. Our ability to obtain acceptable selling prices and satisfactory terms will impact the

Table of Contents

timing of future sales. Net proceeds from the sale of properties are expected to reduce outstanding debt and to fund any future acquisitions.

The following is a summary of our cash flow activities (dollars in thousands):

	Nine Months Ended September 30, 2008 2007 (Unaudited)	
Cash provided from operations	\$ 21,794	\$ 50,409
Cash provided by investing activities	53,848	29,641
Cash used in financing activities	(83,584)	(83,938)

For the nine months ended September 30, 2008, we generated \$21.8 million in cash flows from operating activities, as compared to \$50.4 million for the same period in 2007. Cash flows from operating activities were lower during the nine months ended 2008 mainly due to lower net income during the period, as well as lower net cash inflows related to accounts receivable and other assets, and higher cash outflows for accounts payable and accrued expenses. For the nine months ended September 30, 2008, investing activities provided \$53.8 million of cash flows, as compared to \$29.6 million provided by investing activities for the nine months ended 2007. Cash flows from investing activities were higher in 2008, due to higher cash received from sales of shopping centers to our joint ventures, lower investments in our joint ventures with ING Clarion and our Ramco HHF KL LLC and Ramco HHF NP LLC joint ventures, and additional cash received from the repayment of a note receivable from a joint venture. During the nine months ended September 30, 2008, cash flows used in financing activities were \$83.6 million, as compared to \$83.9 million during the nine months ended September 30, 2007. In the first nine months of 2008, the Company had significantly lower borrowings on mortgages and notes payable, offset by the repayment in full of all amounts due under our Unsecured Subordinated Term Loan during the nine months ended September 30, 2007.

The Company has a \$250,000 unsecured credit facility (the *Credit Facility*) consisting of a \$100,000 unsecured term loan credit facility and a \$150,000 unsecured revolving credit facility. The *Credit Facility* provides that the unsecured revolving credit facility may be increased by up to \$100,000 at the Company's request, for a total unsecured revolving credit facility commitment of \$250,000. The unsecured term loan credit facility matures in December 2010 and bears interest at a rate equal to LIBOR plus 130 to 165 basis points, depending on certain debt ratios. In October 2008, the Company exercised its option to extend the unsecured revolving credit facility to December 2009. The unsecured revolving credit facility bears interest at a rate equal to LIBOR plus 115 to 150 basis points, depending on certain debt ratios. The Company retains the option to extend the maturity date of the unsecured revolving credit facility to December 2010. It is anticipated that funds borrowed under the *Credit Facility* will be used for general corporate purposes, including working capital, capital expenditures, the repayment of indebtedness or other corporate activities.

Under terms of various debt agreements, we may be required to maintain interest rate swap agreements to reduce the impact of changes in interest rates on our floating rate debt. We have interest rate swap agreements with an aggregate notional amount of \$100.0 million at September 30, 2008. Based on rates in effect at September 30, 2008, the agreements provide for fixed rates ranging from 4.4% to 6.6% and expire December 2008 through December 2010.

After taking into account the impact of converting our variable rate debt into fixed rate debt by use of the interest rate swap agreements, at September 30, 2008 our variable rate debt accounted for approximately \$161.1 million of outstanding debt with a weighted average interest rate of 4.6%. Variable rate debt accounted for approximately 25.3% of our total debt and 14.4% of our total capitalization.

We have \$432.8 million of mortgage loans encumbering our consolidated properties, and \$138.6 million of mortgage loans for properties held by our unconsolidated joint ventures (representing our pro rata share). Such mortgage loans are generally non-recourse, subject to certain exceptions for which we would be liable for any resulting losses incurred by the lender. These exceptions vary from loan to loan but generally include fraud or a material misrepresentation, misstatement or omission by the borrower, intentional or grossly negligent conduct by the borrower that harms the property or results in a loss to the lender, filing of a bankruptcy petition by the borrower,

Table of Contents

either directly or indirectly, and certain environmental liabilities. In addition, upon the occurrence of certain of such events, such as fraud or filing of a bankruptcy petition by the borrower, we would be liable for the entire outstanding balance of the loan, all interest accrued thereon and certain other costs, penalties and expenses.

The unconsolidated joint ventures in which our Operating Partnership owns an interest and which are accounted for by the equity method of accounting are subject to mortgage indebtedness, which in most instances is non-recourse. At September 30, 2008, our pro rata share of mortgage debt for the unconsolidated joint ventures was \$138.6 million with a weighted average interest rate of 6.4%. Our pro rata share of fixed rate debt for the unconsolidated joint ventures amounted to \$132.1 million, or 95.3% of our total pro rata share of such debt. The mortgage debt of \$16.3 million at Peachtree Hill, a shopping center owned by our Ramco 450 Venture LLC, is recourse debt.

Planned Capital Spending

During the nine months ended September 30, 2008, we spent approximately \$7.5 million on revenue-generating capital expenditures including tenant allowances, leasing commissions paid to third-party brokers, legal costs related to lease documents, and capitalized leasing and construction costs. These types of costs generate a return through rents from tenants over the term of their leases. Revenue-enhancing capital expenditures, including expansions, renovations or repositionings, were approximately \$25.0 million. Revenue neutral capital expenditures, such as roof and parking lot repairs which are anticipated to be recovered from tenants, amounted to approximately \$1.4 million.

For the remainder of 2008, we anticipate spending approximately \$12.0 million for revenue-generating, revenue-enhancing and revenue neutral capital expenditures, including approximately \$6.0 million for approved redevelopment projects.

We are also working on five additional redevelopments that are in the final planning stages that are not included in such amounts. Further, we anticipate spending approximately \$2.0 million in the remainder of 2008 for ongoing development projects.

In addition, after an in-depth analysis of our business plan going forward, we intend to de-emphasize our acquisition program as a primary driver of growth. Acquisitions are planned to be more opportunistic in nature and the volume of these purchases are expected to be substantially less than in 2007. The Company does not anticipate any further acquisition activities for the remainder of 2008.

Capitalization

At September 30, 2008, our market capitalization amounted to \$1.1 billion. Market capitalization consisted of \$637.8 million of debt (including property-specific mortgages, an Unsecured Credit Facility consisting of a Term Loan Credit Facility and a Revolving Credit Facility, a Secured Term Loan, and a Junior Subordinated Note), and \$482.1 million of common shares and Operating Partnership Units at market value. Our debt to total market capitalization was 57.0% at September 30, 2008, as compared to 60.2% at December 31, 2007. After taking into account the impact of converting our variable rate debt into fixed rate debt by use of interest rate swap agreements, our outstanding debt at September 30, 2008 had a weighted average interest rate of 5.7%, and consisted of \$476.7 million of fixed rate debt and \$161.1 million of variable rate debt. Outstanding letters of credit issued under the Credit Facility totaled approximately \$1.8 million. We also had other outstanding letters of credit, not reflected in the consolidated balance sheets, of approximately \$1.3 million related to the completion of the River City Marketplace development.

At September 30, 2008, the minority interest in the Operating Partnership represented a 13.6% ownership in the Operating Partnership. The units in the Operating Partnership (OP Units) may, under certain circumstances, be

exchanged for our common shares of beneficial interest on a one-for-one basis. We, as sole general partner of the Operating Partnership, have the option, but not the obligation, to settle exchanged OP Units held by others in cash based on the current trading price of our common shares of beneficial interest. Assuming the exchange of all OP Units, there would have been 21,502,171 of our common shares of beneficial interest outstanding at September 30, 2008, with a market value of approximately \$482.1 million (based on the closing price of \$22.42 per share on September 30, 2008).

Table of Contents

Inflation

Inflation has been relatively low in recent years and has not had a significant detrimental impact on the results of our operations. Should inflation rates increase in the future, substantially all of our tenant leases contain provisions designed to partially mitigate the negative impact of inflation in the near term. Such lease provisions include clauses that require our tenants to reimburse us for real estate taxes and many of the operating expenses we incur. Also, many of our leases provide for periodic increases in base rent which are either of a fixed amount or based on changes in the consumer price index and/or percentage rents (where the tenant pays us rent based on a percentage of its sales). Significant inflation rate increases over a prolonged period of time may have a material adverse impact on our business.

Funds from Operations

We consider funds from operations, also known as FFO, an appropriate supplemental measure of the financial performance of an equity REIT. Under the National Association of Real Estate Investment Trusts (NAREIT) definition, FFO represents net income, excluding extraordinary items (as defined under GAAP) and gains (losses) on sales of depreciable property, plus real estate related depreciation and amortization (excluding amortization of financing costs), and after adjustments for unconsolidated partnerships and joint ventures. FFO is intended to exclude GAAP historical cost depreciation and amortization of real estate investments, which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions and many companies utilize different depreciable lives and methods. Because FFO adds back depreciation and amortization unique to real estate, and excludes gains and losses from depreciable property dispositions and extraordinary items, it provides a performance measure that, when compared year over year, reflects the impact on operations from trends in occupancy rates, rental rates, operating costs, acquisition and development activities and interest costs, which provides a perspective of our financial performance not immediately apparent from net income determined in accordance with GAAP. In addition, FFO does not include the cost of capital improvements, including capitalized interest.

For the reasons described above we believe that FFO provides us and our investors with an important indicator of our operating performance. This measure of performance is used by us for several business purposes and for REITs it provides a recognized measure of performance other than GAAP net income, which may include non-cash items. Other real estate companies may calculate FFO in a different manner.

We recognize FFO's limitations when compared to GAAP net income. FFO does not represent amounts available for needed capital replacement or expansion, debt service obligations, or other commitments and uncertainties. In addition, FFO does not represent cash generated from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs, including the payment of dividends. FFO should not be considered as an alternative to net income (computed in accordance with GAAP) or as an alternative to cash flow as a measure of liquidity. FFO is simply used as an additional indicator of our operating performance.

Table of Contents

The following table illustrates the calculation of FFO (in thousands, except per share data):

	Three Months Ended September 30, 2008 2007 (Unaudited)		Nine Months Ended September 30, 2008 2007 (Unaudited)	
Net Income	\$ 11,585	\$ 3,284	\$ 26,014	\$ 38,194
Add:				
Depreciation and amortization expense	9,218	9,192	27,901	27,445
Minority interest in partnership:				
Continuing Operations	1,653	1,212	4,357	7,183
Discontinued Operations		10	(35)	29
Discontinued operations, loss on sale of property			463	
Less:				
Loss (gain) on sale of depreciable real estate(1)	(8,952)	1,017	(18,828)	(29,797)
Funds from operations	13,504	14,715	39,872	43,054
Less:				
Series B Preferred Stock dividends		(593)		(1,781)
Funds from operations available to common shareholders, assuming conversion of OP units	\$ 13,504	\$ 14,122	\$ 39,872	\$ 41,273
Weighted average equivalent shares outstanding, diluted	21,406	21,439	21,411	21,464
Net income per diluted share to FFO per diluted share reconciliation:				
Net income per diluted share	\$ 0.63	\$ 0.15	\$ 1.41	\$ 1.96
Add:				
Depreciation and amortization expense	0.43	0.43	1.30	1.28
Minority interest in partnership:				
Continuing Operations	0.08	0.06	0.20	0.33
Discontinued Operations				
Discontinued operations, loss on sale of property			0.02	
Less:				
Loss (gain) on sale of depreciable real estate(1)	(0.42)	0.05	(0.88)	(1.39)
Assuming conversion of OP units	(0.09)	(0.03)	(0.19)	(0.18)
Funds from operations per diluted share	0.63	0.66	1.86	2.00
Less:				
Series C Preferred Stock dividends				(0.08)
Funds from operations available to common shareholders per diluted share, assuming conversion of OP units	\$ 0.63	\$ 0.66	\$ 1.86	\$ 1.92
(1) Excludes gain on sale of undepreciated land	\$ 295	\$ 910	\$ 706	\$ 1,472

During the nine months ended September 30, 2007, the Company's Series C Preferred Shares were dilutive and therefore the Series C Preferred Shares were included in the calculation of diluted EPS. As of June 1, 2007, all of the Company's Series C Preferred Shares had been redeemed. Therefore, for the three months ended September 30, 2008 and 2007, and the nine months ended September 30, 2008, the Company's Series C Preferred Shares were not included in the calculation of diluted EPS.

Table of Contents**Forward Looking Statements**

This document contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements represent our expectations, plans or beliefs concerning future events and may be identified by terminology such as may, will, should, believe, expect, estimate, anticipate, continue, predict or similar terms. Although forward-looking statements made in this document are based on our good faith beliefs, reasonable assumptions and our best judgment based upon current information, certain factors could cause actual results to differ materially from those in the forward-looking statements, including: our success or failure in implementing our business strategy; economic conditions generally and in the commercial real estate and finance markets specifically; our cost of capital, which depends in part on our asset quality, our relationships with lenders and other capital providers; our business prospects and outlook; changes in governmental regulations, tax rates and similar matters; our continuing to qualify as a REIT; and other factors discussed elsewhere in this document and our other filings with the Securities and Exchange Commission (SEC), including our Annual Report on Form 10-K for the year ended December 31, 2007. Given these uncertainties, you should not place undue reliance on any forward-looking statements. Except as required by law, we assume no obligation to update these forward-looking statements, even if new information becomes available in the future.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We have exposure to interest rate risk on our variable rate debt obligations. We are not subject to any foreign currency exchange rate risk or commodity price risk, or other material rate or price risks. Based on our debt and interest rates and the interest rate swap agreements in effect at September 30, 2008, a 100 basis point change in interest rates would affect our annual earnings and cash flows by approximately \$1.6 million.

Under the terms of various debt agreements, we may be required to maintain interest rate swap agreements to reduce the impact of changes in interest rate on our floating rate debt. We have interest rate swap agreements with an aggregate notional amount of \$100.0 million at September 30, 2008. Based on rates in effect at September 30, 2008, the agreements provide for fixed rates ranging from 4.4% to 6.6% and expire December 2008 through December 2010.

The following table presents information as of September 30, 2008 concerning our long-term debt obligations, including principal cash flows by scheduled maturity, weighted average interest rates of maturing amounts and fair market value (dollars in thousands).

	2008	2009	2010	2011	2012	Thereafter	Total	Estimated Fair Value
Fixed-rate debt	\$ 1,161	\$ 27,481	\$ 119,723	\$ 27,932	\$ 34,011	\$ 266,374	\$ 476,682	\$ 449,835
Average interest rate	6.8%	7.0%	6.3%	7.4%	6.8%	5.7%	6.0%	7.2%
Variable-rate debt	\$ 48,555	\$ 112,533	\$	\$	\$		\$ 161,088	\$ 161,088
Average interest rate	4.0%	4.9%					4.6%	4.6%

We estimated the fair value of fixed rate mortgages using a discounted cash flow analysis, based on our incremental borrowing rates for similar types of borrowing arrangements with the same remaining maturity. Considerable

judgment is required to develop estimated fair values of financial instruments. The table incorporates only those exposures that exist at September 30, 2008 and does not consider those exposures or positions which could arise after that date or firm commitments as of such date. Therefore, the information presented therein has limited predictive value. Our actual interest rate fluctuations will depend on the exposures that arise during the period and interest rates.

Item 4. *Controls and Procedures*

Disclosure Controls and Procedures

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in our reports under the Securities Exchange Act of 1934, as amended (Exchange Act), such as this report on Form 10-Q, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the design control objectives, and therefore management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

We carried out an assessment as of September 30, 2008 of the effectiveness of the design and operation of our disclosure controls and procedures. This assessment was done under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer. Based on such evaluation, our management, including our Chief Executive Officer and Chief Financial Officer, concluded that such disclosure controls and procedures were effective as of September 30, 2008.

Changes in Internal Control Over Financial Reporting

During the quarter ended September 30, 2008, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

PART II OTHER INFORMATION

Item 1. *Legal Proceedings*

There are no material pending legal or governmental proceedings, other than the IRS Examination, against or involving us or our properties. For a description of the IRS Examination, see Note 10 to the consolidated financial statements, which is incorporated by reference herein.

Item 1A. *Risk Factors*

You should review our Annual Report on Form 10-K for the year ended December 31, 2007, which contains a detailed description of risk factors that may materially affect our business, financial condition or results of operations. There are no material changes to the disclosure on these matters set forth in such Form 10-K.

Item 2. *Unregistered Sales of Equity Securities and Use of Proceeds*

In December 2005, the Board of Trustees authorized the repurchase, at management's discretion, of up to \$15 million of our common shares of beneficial interest. The program allows us to repurchase our common shares of beneficial interest from time to time in the open market or in privately negotiated transactions. This authorization does not have an expiration date.

No common shares were repurchased during the three months ended September 30, 2008. As of September 30, 2008, we had purchased and retired 287,900 shares of our common stock under this program at an average cost of \$27.11 per share.

Item 5. *Other Information*

On and effective December 12, 2007, the Board of Trustees amended Article VII, Section 1, Certificates, of the Company's Bylaws to comply with New York Stock Exchange listing requirements. The full text of the Company's Bylaws was previously filed as Exhibit 3.3 to the Company's Annual Report on Form 10-K for the year ended December 31, 2007, filed on March 10, 2008.

Item 6. *Exhibits*

Exhibit No.	Description
31.1*	Certification of CEO pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
31.2*	Certification of CFO pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
32.1*	Certification of CEO pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of Sarbanes-Oxley Act of 2002.
32.2*	Certification of CFO pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of Sarbanes-Oxley Act of 2002.

* filed herewith
