REGENECA, INC.

(Formerly Known As Ethos Environmental, Inc.)

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1.

Nature of Operations and Continuance of Business

Regeneca, Inc. (the Company or Regeneca), formerly Ethos Environmental, Inc., was incorporated under the laws of the State of Nevada on January 19, 1926. Until January 1, 2011, the Company was in the business of manufacturing and distribution of a unique line of engine cleaning and lubrication.

On December 31, 2010, Regeneca merged into a wholly-owned subsidiary of the Company (the Merger) and in which the Company issued to the former shareholders of Regeneca approximately 420,466,422 shares of its common stock such that immediately after the Merger Regeneca s former shareholders owned approximately 51% of the combined post-Merger entity. The Company subsequently changed its name to Regeneca, Inc. The Merger was accounted for as a capital reorganization or a reverse merger.

The Company ceased operations of its engine cleaning and lubrication business in January 2011.

Going Concern

These condensed consolidated financial statements have been prepared on a going concern basis, which implies that the Company will continue to realize its assets and discharge its liabilities in the normal course of business. As noted above, Ethos Environmental, Inc. merged with the Company on December 31, 2010 and ceased its operations in January 2011. These condensed consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

2.

Summary of Significant Accounting Policies

a)

Basis of Presentation and Principles of Consolidation

These condensed consolidated financial statements and related notes are presented in accordance with accounting principles generally accepted in the United States. These condensed consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, Regeneca International, Inc. All intercompany transactions and balances have been eliminated in consolidation.

b)

Interim Financial Statements

These interim unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and in accordance with the instructions of the Securities and Exchange Commission (SEC) for Form 10-Q. They do not include all of the information and footnotes required by generally accepted accounting principles for complete consolidated financial statements. Therefore, these condensed consolidated financial statements should be read in conjunction with the Company's audited financial statements and notes thereto for the year ended December 31, 2009 filed with the SEC on Form 10-K. The condensed consolidated balance sheet as of December 31, 2009 has been derived from the audited consolidated financial statements filed with Form 10-K for the year ended December 31, 2009.

The condensed consolidated financial statements included herein are unaudited; however, they contain all normal recurring accruals and adjustments that, in the opinion of management, are necessary to present fairly the Company's financial position, and the results of its operations and cash flows. The results of operations for the period ended June 30, 2010 are not necessarily indicative of the results to be expected for future quarters or the full year.

c)

Use of Estimates

The preparation of these unaudited condensed consolidated financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. The Company regularly evaluates estimates and assumptions related to valuation allowances on accounts receivable and inventory, valuation and amortization policies on property and equipment, and valuation allowances on deferred income tax losses. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company's estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

d)

Accounts Receivable

Accounts receivable are stated at their principal balances and are non-interest bearing and unsecured. Management conducts a periodic review of the collectability of accounts receivable and deems all unpaid amounts greater than 30 days to be past due. If uncertainty exists with respect to the recoverability of certain amounts based on historical experience or economic climate, management will establish an allowance against the outstanding receivables.

e)

Inventory

Inventory is comprised of raw materials, work-in-progress, and finished goods of its fuel reformulating products and is recorded at the lower of cost or net realizable value on a first in first out (FIFO) basis. The Company establishes inventory reserves for estimated obsolete or unmarketable inventory equal to the differences between the cost of inventory and the estimated realizable value based upon assumptions about future and market conditions. Shipping and handling costs are classified as a component of cost of sales in the statement of operations.

f)

Revenue Recognition

The Company recognizes revenue from the sale of its fuel reformulating products in accordance with ASC 605, *Revenue Recognition*. Revenue is recognized only when the price is fixed or determinable, persuasive evidence of an arrangement exists, the service is provided, and collectability is assured.

g)

Basic and Diluted Net Loss Per Share

The Company computes net loss per share in accordance with ASC 260, *Earnings Per Share*, which requires presentation of both basic and diluted earnings per share (EPS) on the face of the statement of operations. Basic EPS is computed by dividing net loss available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti dilutive. As at March 31, 2010 and 2009, the Company had no potentially dilutive shares due to its net loss per share.

3.

6.

Convertible Debentures

On August 3, 2009, the Company issued units (the August Units) of convertible promissory notes. Under the terms of the note agreement, each August Unit is comprised of a \$100,000 convertible note, due interest at 12% per annum, secured by the Company's assets, and due in two years from the date of issuance, and convertible into common shares of the Company at the option of the note holder at a fixed conversion rate of \$0.225 per common share. Furthermore, each August Unit includes 100,000 share purchase warrants, where each warrant allows the warrant holder to purchase one additional common share of the Company at a fixed rate \$0.30 per common share for a period of three years from the date of issuance. Such note was exchanged for shares of the Company's common stock in connection with the Merger. At June 30, 2010, the Company has recognized accretion expense of \$45,528, which is included in depreciation and amortization expense in the statement of operations and increased the carrying value of the August Units to \$99,270.

From November 2008 to June 2009, the Company issued units (the 12% Units) of convertible promissory notes. Under the terms of the note agreement, each 12% Unit is comprised of a \$50,000 convertible note due interest at 12% per annum, secured by the Company's assets, and due in two years from the date of issuance, and convertible into common shares of the Company at the option of the note holder at a fixed conversion rate of \$0.25 per common share. Furthermore, each 12% Unit includes 100,000 share purchase warrants, where each warrant allows the warrant holder to purchase one additional common share of the Company at a fixed rate of \$0.25 per common share for a period of three years from the date of issuance. Such note was exchanged for shares of the Company's common stock in connection with the Merger. At June 30, 2010, the Company has recognized accretion expense of \$240,147, which is included in depreciation and amortization expense in the statement of operations and increased the carrying value of the remaining 12% Units to \$395,863.

On May 11, 2009, the Company issued units (the 10% Units) of convertible promissory notes. Under the terms of the note agreement, each 10% Unit is comprised of a \$25,000 convertible note due interest at 10% per annum, secured by the Company's assets, and due in two years from the date of issuance, and convertible into common shares of the Company at the option of the note holder at a fixed conversion rate of \$0.40 per common share. Furthermore, each 10% Unit includes 50,000 share purchase warrants, where each warrant allows the warrant holder to purchase one additional common share of the Company at a fixed rate of \$0.40 per common share for a period of three years from the date of issuance. Such note was exchanged for shares of the Company's common stock in connection with the Merger. At June 30, 2010, the Company has recognized accretion expense of \$7,852, which is included in depreciation and amortization expense in the statement of operations and increased the carrying value of the 10% Units to \$13,656.

On January 9, 2009, the Company terminated a \$300,000 unsecured promissory note that bore interest at 10% per annum and was due on February 11, 2009 and replaced it with a new \$550,000 promissory note that was unsecured, bore interest at 10% per annum, and was due on September 30, 2009. Such note was converted to shares of the Company's common stock as a result of the Merger. At June 30, 2010, the Company owed \$67,253 of accrued interest on such note.

7.

Common Shares

All common shares issued for non-cash purposes have been valued using the end-of-day trading price on the over-the-counter bulletin board (OTCBB) on the date of issuance.

During the six months ended June 30, 2010, the Company incurred lease payments of \$378,000. As a condition of the Merger, the lease agreement was terminated prior to the effective date of such Merger without any further payments or obligations due thereunder.

11.

Subsequent Events

Management has evaluated events subsequent to June 30, 2010 through the date that the accompanying financial statements were filed with the Securities and Exchange Commission for transactions and other events which may require adjustment of and/or disclosure in such financial statements.

Subsequent to June 30, 2010, the Company issued 846,693,731 shares of its common stock in the aggregate for consulting services, to settle outstanding debt, and pursuant to various agreements, including the transaction with Regeneca as more specifically reported on the Company's current report on Form 8-K as filed with the SEC on January 4, 2011.

On May 31, 2010, the Company and AL Global Corporation, a California corporation (d.b.a. Youngevity) ("Youngevity") agreed to terminate the Agreement and Plan of Merger entered into on November 21, 2009 providing for the acquisition of Youngevity by the Company.

Effective May 31, 2010, the Company accepted the resignations of both Mr. Joel D. Wallach as Chairman of the Board of Directors and Mr. Stephan R. Wallach as the Chief Executive Officer, President and Secretary.

On December 31, 2010, the Company and Regeneca International, Inc. entered into an Agreement and Plan of Merger (Merger Agreement), pursuant to which EEI Acquisition Corporation, Inc., a wholly-owned subsidiary of the Company, merged with and into Regeneca. As a result of the Merger between Regeneca International, Inc. and the Company, all of Regeneca International's common stock was converted into approximately 420,466,422 shares of the Company's common stock that represented approximately fifty-one percent (51%) of the outstanding shares of the Company, on a fully diluted basis, immediately after the Merger.

As of December 31, 2010, Bruce Tackmann resigned as the only officer and director of the Company. Matthew Nicosia, Adam Vincent Gilmer, Jan Hall, Francis Chen and James C. Short were appointed as directors of the Company (with Francis Chen being the Chairman of the Board). Matthew Nicosia, Adam Vincent Gilmer, Daniel R. Kerker and Christopher A. Wilson were appointed as the Chief Executive Officer, President, Chief Financial Officer/Treasurer and Secretary, respectively.

On December 31, 2010, the Company entered into an Employment Agreement with Matthew Nicosia who shall serve as the Chief Executive Officer of the Company for a term of two (2) years in exchange for a base salary of two hundred seventy-five thousand dollars (\$275,000).

On December 31, 2010, the Company entered into an Employment Agreement with Adam Vincent Gilmer who shall serve as the President of the Company for a term of two (2) years in exchange for a base salary of two hundred seventy thousand dollars (\$270,000). On August 19, 2011, the Company's Board of Directors terminated Adam Vincent Gilmer as President of the Company, and Matt Nicosia, the Company's CEO, assumed the duties of President.

On December 31, 2010, the Company entered into an Employment Agreement with James C. Short who shall serve as the Vice President of Investor Relations for the Company for a term of two (2) years in exchange for a base salary of one hundred twenty thousand dollars (\$120,000).

On December 31, 2010, the Company entered into an Employment Agreement with Daniel R. Kerker who shall serve as the Chief Financial Officer of the Company in exchange for base salary of two hundred twenty thousand dollars (\$220,000).

On December 31, 2010, the Company adopted the 2010 Equity Incentive Plan, subject to shareholder approval, pursuant to which the Company is authorized to issue up to 20% of its outstanding shares of common stock to its employees, executives and consultants.

On March 2, 2011, the Company entered into a License Agreement with Mitch Huhem and One Step Millionaire, LLC (collectively, "Licensor"), whereby the Licensor granted to the Company a perpetual, royalty-bearing, exclusive, worldwide, transferable, sublicensable license to the One Step Millionaire program ("Licensed Product") to formulate, design, develop, improve, produce, distribute, sell and use and exploit the Licensed Product for a period of twenty (20) years.

On May 6, 2011, each of Francis W. Chen and Jan Hall, directors of the Company, resigned from their position on the Board of Directors.

On June 10, 2011, the Company reached a settlement agreement with Republic Bank resulting from a lease agreement it had defaulted on with Mazuma Capital Corp. for equipment. Republic Bank had been awarded a judgment in excess of \$400,000. The settlement agreement provided that the Company would forfeit its security deposit on the lease of approximately \$400,000, the leased equipment itself, and make additional payments totaling \$200,000. The Company was indemnified by a group of shareholders against claims originating prior to the Merger, and as of September 1, 2011 such shareholders had made payments in excess of \$117,000. As a result, the Company did not record any accrual related to this matter as of June 30, 2010. The balance is payable \$8,791 per month until paid in full.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION OR PLAN OF OPERATION

FORWARD-LOOKING STATEMENTS

This Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A) contains forward-looking statements that involve known and unknown risks, significant uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed, or implied, by those forward-looking statements. You can identify forward-looking statements by the use of the words may, will, should, could, expects, plans, anticipates, believes, estimates, predicts, intends, potential, proposed, or continue or the negative of those terms. These statements are only predictions. In evaluating these statements, you should consider various factors which may cause our actual results to differ materially from any forward-looking statements. Although we believe that the exceptions reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Therefore, actual results may differ materially and adversely from those expressed in any forward-looking statements. We undertake no obligation to revise or update publicly any forward-looking statements for any reason.

BUSINESS

Subsequent Events

This Quarterly Report on Form 10-Q for the period ended June 30, 2010 is being filed with the Securities and Exchange Commission on or about September 13, 2011. Due to the delay in filing this report, a number of material subsequent events have occurred since June 30, 2010. These events include:

Regeneca International, Inc. (Regeneca International) has merged into a subsidiary of the Company and the former shareholders of Regeneca International were issued shares of Company common stock representing a majority of the outstanding shares (see Current Report on Form 8-K filed on January 4, 2011).

In connection with the merger, the Company has adopted the business plan and product offerings of Regeneca International as its primary business focus. The Company does not expect sales of the products described in this report to be material to the sales and revenue of the Company in the foreseeable future.

The former officers and directors of Regeneca International became the officers and directors of the Company.

The Company has adopted the 2010 Incentive Plan and the Distributor Stock Incentive Plan (see the Definitive Information Statement on Form 14C filed on May 24, 2011).

On June 10, 2011, the Company reached a settlement agreement with Republic Bank resulting from a lease agreement it had defaulted on with Mazuma Capital Corp. for equipment. Republic Bank had been awarded a judgment in excess of \$400,000. The settlement agreement provided that the Company would forfeit its security deposit on the lease of approximately \$400,000, the leased equipment itself, and make additional payments totaling \$200,000. The Company was indemnified by a group of shareholders against claims originating prior to the Merger, and as of September 1, 2011 such shareholders had made payments in excess of \$117,000. The balance is payable \$8,791 per month until paid in full.

Although being prepared and filed in September 2011, this report describes the products and business strategy of the Company as at June 30, 2010, and does not reflect any of the material changes that have occurred since such date. Portions of this report are derived from materials prepared by the former officers and directors of the Company and contain descriptions of, and statements of fact regarding, products, strategies and projections of which the current officers and directors have no personal knowledge. The Company believes that much of the contents of this report have been superseded by subsequent events, and readers should not place undue emphasis on the disclosure and information contained herein.

RESULTS OF OPERATIONS

Operating Revenues

During the three and six months periods ended June 30, 2010, the Company recognized revenues of \$145,304 and \$288,006 compared with \$471,234 and \$609,304 for the three and six months ended June 30, 2009, respectively. The operating revenues are comprised primarily of sales of the Company's *Ethos FR*® product. Other components of revenue include freight and service. The decrease in revenues is attributable to the fact that the Company had limited cash flows to fund selling and marketing expenses.

Operating Expenses and Net Loss

Operating expenses for the three and six months ended June 30, 2010 were \$462,600 and \$906,560 and are comprised of costs associated with general and administrative costs such as staff salaries, consulting, marketing, and legal and accounting, and selling expenses such as marketing and business development.

Operating expenses for the three and six months ended June 30, 2009 were \$1,778,969 and \$906,560 and are comprised of costs associated with general and administrative costs such as staff salaries, consulting, marketing, and legal and accounting, and selling expenses such as marketing and business development.

For the three and six months ended June 30, 2010, the Company incurred net losses of \$474,693 and \$919,338 compared with net losses of \$1,566,264 and \$3,290,365 for the three and six months ended June 30, 2009. The decrease in net loss is due to the effects of the stock-based compensation expense of \$483,266 in 2009 and decreases in selling and marketing expenses due to the Company having limited cash flows in the first six months of 2010.

LIQUIDITY AND CAPITAL RESOURCES***Working Capital***

	June 30, 2010	June 30, 2009
Current Assets	\$ 161,607	\$ 322,412
Current Liabilities	4,279,202	3,387,185
Working Deficit	\$ (4,117,595)	\$ (3,064,773)

Cash Flows

	For the six months ended	
	June 30, 2010	June 30, 2009
Cash Flows used in Operating Activities	\$ (423,542)	\$ (1,214,665)
Cash Flows from Financing Activities	200,000	1,210,000

Net decrease in Cash During Period	\$	(223,542)	\$	(4,665)
------------------------------------	----	-----------	----	---------

As at June 30, 2010, the Company had cash of \$124,412, current assets of \$161,607, total assets of \$185,292, total liabilities of \$4,279,202, and stockholders' deficit of \$4,093,909.

As at June 30, 2010, the Company had a working capital deficit of \$4,117,595 compared with a working capital deficit of \$3,064,773 as at June 30, 2009. The increase in working capital deficit was attributed to the fact that the Company had limited cash flows to fund operations and inventory and, therefore, has been unable to generate positive earnings from operations.

Cash Flows from Operating Activities

During the six months ended June 30, 2010, the Company used \$423,542 of cash for operating activities compared to the use of \$1,214,665 of cash for operating activities during the six months ended June 30, 2009. The change in net cash used in operating activities is attributed to the fact that the Company had scaled down operations in 2010 compared to 2009 due to having limited access to cash to fund operations.

Cash Flows from Financing Activities

During the six months ended June 30, 2010, the Company received \$200,000 of cash from financing activities compared to \$1,210,000 for the six months ended June 30, 2009. The change in cash flows from financing activities is attributed to the fact that the Company did not issue as many due on demand notes and convertible promissory notes as it had during the previous period.

Going Concern

We have not attained profitable operations and are dependent upon obtaining financing to pursue any extensive acquisitions and activities. For these reasons, our auditors stated in their report on our 2009 audited financial statements that they have substantial doubt that we will be able to continue as a going concern without further financing. Furthermore, as a result of the merger with Regeneca International, the Company has ceased manufacturing and distributing the products of Ethos Environmental offered during the quarter ended June 30, 2010.

OFF-BALANCE SHEET ARRANGEMENTS

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

CRITICAL ACCOUNTING POLICIES

Our financial statements and accompanying notes have been prepared in accordance with United States generally accepted accounting principles applied on a consistent basis. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods.

We regularly evaluate the accounting policies and estimates that we use to prepare our financial statements. A complete summary of these policies is included in the notes to our financial statements. In general, management's estimates are based on historical experience, information from third party professionals, and various other assumptions that are believed to be reasonable under the facts and circumstances. Actual results could differ from those estimates made by management.

ITEM 3.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

ITEM 4.

CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures are controls and procedures that are designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by our company in the reports that it files or submits under the Exchange Act is accumulated and communicated to our management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Our management carried out an evaluation under the supervision and with the participation of our Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 ("Exchange Act"). Based upon that evaluation, our Principal Executive Officer and Principal Financial Officer have concluded that our disclosure controls and procedures were not effective as of June 30, 2010, due to the material weaknesses resulting from our inability to timely file our Form 10-Q's and 10-K's. Additionally, our controls were not designed and in place to ensure that all disclosures required were originally addressed in our financial statements. Please refer to our Annual Report on Form 10-K as filed with the SEC on June 28, 2011, for a complete discussion relating to the foregoing evaluation of Disclosures and Procedures.

Changes in Internal Control over Financial Reporting

Our management has also evaluated our internal control over financial reporting, and there have been no significant changes in our internal controls or in other factors that could significantly affect those controls subsequent to the date of our last evaluation.

PART II - OTHER INFORMATION

ITEM 1.

LEGAL PROCEEDINGS.

From time to time, we are involved in routine legal matters incidental to our business. In the opinion of management, the ultimate resolution of such matters will not have a material adverse effect on our financial position, results of operations or liquidity.

Consistent with Item 103 of Regulation S-K, we are presently involved in the following material pending legal proceedings not incidental to the business of the Company:

On March 2009, a lawsuit was filed in the United States District Court, District of Utah, Central Division, against Ethos Environmental, Inc. by Republic Bank. The lawsuit alleges that the Company breached the terms of a Lease Agreement involving Mazuma Capital Corp. and Ethos. Republic Bank is seeking monetary damages and return of certain equipment. On February 9, 2011, Summary Judgment was entered in favor of Republic Bank. The Company and Republic Bank finalized the terms of a settlement agreement during the 2nd quarter of 2011. The terms of the settlement are the forfeiture of the security deposit on the lease, the leased property, and payments totaling \$200,000. The Company was indemnified by a group of shareholders against claims originating prior to the Merger, and as of September 1, 2011 such shareholders have paid approximately \$117,000 and are obligated to make monthly payments of \$8.791 per month. If not paid by such shareholders, the Company would still be obligated to pay Republic Bank and then pursue its claim for indemnification against the shareholders.

ITEM 1A.
