Item 8.01. Other Events.

On June 24, 2011, Lincoln National Corporation (the Company) completed the issuance and sale of \$300,000,000 aggregate principal amount of its 4.85% Senior Notes due 2021 (the Notes) at a price to the public of 99.867% (the Notes Offering). The Notes Offering was completed pursuant to the Prospectus, filed as a part of the Company's Registration Statement on Form S-3 with the SEC, dated March 10, 2009 (the Form S-3), as supplemented by a prospectus supplement in preliminary form dated June 21, 2011, and in final form dated June 22, 2011, and a free writing prospectus dated June 21, 2011. In connection with the Notes Offering, the Company entered into an Underwriting Agreement, dated June 21, 2011, with Goldman Sachs & Co. and UBS Securities LLC, as representatives for the several underwriters named therein (the Underwriting Agreement). The Notes were sold to the underwriters at a price of 99.217%. The Notes were issued under the Senior Indenture, dated as of March 10, 2009, between the Company and The Bank of New York Mellon, as trustee (the Senior Indenture).

The Notes are the Company's senior unsecured debt obligations and rank equally with all of the Company's other present and future unsecured unsubordinated obligations. The Notes bear interest at a per-annum rate of 4.85%. The Company will make interest payments on the Notes semi-annually in arrears on June 24 and December 24 of each year, beginning on December 24, 2011. Interest on the Notes will be computed on the basis of a 360-day year comprised of twelve 30-day months.

The Notes will mature on June 24, 2021. However, the Notes are redeemable, in whole or in part, at the Company's option, at any time or from time to time, by paying the greater of (i) 100% of the principal amount of the Notes to be redeemed and (ii) the make-whole amount, plus, in each case, accrued and unpaid interest to the date of redemption. Make-whole amount means the sum of the present values of the remaining scheduled payments on the Notes to be redeemed, discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months), at a rate equal to the sum of the applicable treasury rate plus 30 basis points. Remaining scheduled payments means the remaining scheduled payments of principal and interest on the Notes that would be due after the related redemption date but for that redemption. If that redemption date is not an interest payment date with respect to the Notes called for redemption, the amount of the next succeeding scheduled interest payment on such Notes will be reduced by the amount of interest accrued to such redemption date.

The Senior Indenture contains customary events of default. If an event of default under the Senior Indenture exists, the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding Notes may declare the principal amount of all of the Notes, together with accrued interest, if any, to be immediately due and payable.

From time to time, certain of the underwriters named in the Underwriting Agreement and their affiliates have provided, and may in the future provide, various financial advisory, investment banking, commercial banking or investment management services to the Company or its affiliates, for which they have received and may continue to receive customary fees and commissions, including, but not limited to, their services in connection with the Notes

Offering. The underwriters may, from time to time, engage in transactions with or perform services for the Company in the ordinary course of business, including acting as distributors of various life, annuity, defined contribution and investment products of the Company's subsidiaries. From time to time, certain of the underwriters and their affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in the Company's debt or equity securities or loans, and may do so in the future.

The foregoing summary of the terms of the Underwriting Agreement and the Notes does not purport to be complete and is subject to, and qualified in its entirety by, the full text of (i) the Underwriting Agreement, attached hereto as Exhibit 1.1; (ii) the Senior Indenture, attached as Exhibit 4.1 to the Form S-3; and (iii) the form of the Notes, attached hereto as Exhibit 4.1, which are incorporated herein by reference.
