NATIONAL TECHTEAM, INC. AND SUBSIDIARIES
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

The accompanying unaudited consolidated financial statements have been prepared by National TechTeam, Inc. ("TechTeam" or "Company") in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the six-month period ended June 30, 2001 are not necessarily indicative of the results that may be expected for the year ending December 31, 2001. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company and Subsidiaries' annual report on Form 10-K for the year ended December 31, 2000.

Certain reclassifications have been made to the 2000 financial statements in order to conform to the 2001 financial statement presentation.

NOTE A -- EARNINGS PER SHARE

Earnings per share are computed using the weighted average number of common shares and common share equivalents outstanding. Common share equivalents consist of stock options and are calculated using the treasury stock method.

NOTE C -- LEGAL PROCEEDINGS

Refer to Part II, Item 1 for a description of legal proceedings.

NOTE D -- STOCK REPURCHASES

In May 2000, the Company announced a stock repurchase program to repurchase up to 2,000,000 shares of common stock. In October 2000, the Company extended this program to repurchase an additional 2,000,000 shares. During 2000 the Company repurchased 2,790,450 shares for \$9,069,000 under this program. For the six month period ended June 30, 2001, the Company repurchased 229,000 shares for \$609,000 under this program.

Edgar Filing: NATIONAL TECHTEAM INC /DE/ - Form 10-Q

Report on Form 10-K for the fiscal year ended December 31, 2000.

OVERVIEW

NATIONAL TECHTEAM, INC. ("TechTeam" or "Company") is a provider of technology and knowledge management support solutions and services to Fortune 1000, multinational companies and governments worldwide. The core services provided by TechTeam are its integrated help desk support services. TechTeam also provides technical staffing, systems integration, and training services. TechTeam provides these support services in Europe through its subsidiaries, TechTeam Europe, NV/Sa; TechTeam Europe, Ltd.; and TechTeam Europe, GmbH.

CORPORATE SERVICES

TechTeam's Corporate Services primarily consist of corporate help desk services, technical staffing, systems integration, and training programs.

HELP DESK SERVICES

TechTeam provides customized help desk solutions, which provide corporate end users with around-the-clock technical support provided either from the client's facilities or from TechTeam's help desk sites. TechTeam supports the full range of a client's IT infrastructure, from network environments to computing systems, and shrink-wrap to advanced proprietary and acquired application systems. TechTeam follows a "single point of contact" (SPOC) model to enable corporations to consolidate their incident resolution support functions into one centralized help desk. TechTeam's technicians are specially trained in the customer's products and applications to diagnose problems and answer technical questions. The Company's technicians answer questions and diagnose technical problems ranging from simple error messages to wide area network failures. If the technician is not able to resolve the problem with the end user over the phone, the call is escalated to the appropriate resource to solve the problem.

In line with its focus on help desk solutions, the Company has developed an integrated, Internet-based, help desk technology tool, called TechTeam's Support Portal. From the Support Portal web site, an individual seeking support may access a knowledgebase to obtain a solution to their problem, use self-healing software to solve the problem, submit a problem for resolution to a support technician, or check the status of their help desk incident. TechTeam's proprietary call tracking tool, the Global Call Center, has been integrated with robust knowledge management and solution products licensed from Broadbase Software, Inc. and Motive Communications, Inc. TechTeam's customer management is able to access detailed performance reports and other management tools. The Company believes that the Support Portal's knowledge management, data analytics, computer diagnostics and tracking technology will help to increase the Company's efficiency in providing support, improve the end user's experience with the help desk, and enable TechTeam's customers to benefit from lower cost and improved efficiency of their users.

The Company has deployed the technology internally, and is currently in the process of deploying the Support Portal to certain of its existing customers. The Support Portal is an important part of its help desk solutions provided to new customers, and in its sales efforts.

The Company operates major help desks in the United States from its Southfield, Michigan and Davenport, Iowa locations. From its facility in Brussels, Belgium, TechTeam provides multi-lingual help desk support for its customers in as many as 12 languages. TechTeam also provides these services from its customers' sites.

TECHNICAL STAFFING

The Company maintains a staff of trained technical personnel to provide computer and technical support to its clients at the clients' facilities. The Company recruits a technically proficient employee base. TechTeam enhances its employees' proficiency by providing access to extensive technical training programs. Training in new Internet technology, in advanced operating systems like Windows NT and Unix, and sophisticated applications such as SAP and PeopleSoft, allows TechTeam to provide its clients with highly skilled professionals, trained and certified in the latest technology.

SYSTEMS INTEGRATION

TechTeam provides systems integration and implementation services from project planning and management, to full-scale network server and workstation installations. TechTeam performs a wide range of maintenance services to the client ranging from desk-side support to network monitoring.

TRAINING

The Company provides custom training and documentation solutions that include a wide spectrum of options including computer based training, distance learning, course catalogs, instructional design consultants, customized course materials, certified trainers, evaluation options, desk-side tutorials, and custom reports.

OEM SERVICES AND EQUIPMENT LEASING

In August 2000, TechTeam sold its interest in GE TechTeam LP to GE Warranty Management, Inc. As a result of this sale, TechTeam provided personnel to the new ownership through December 31, 2000, when TechTeam's employees providing OEM support through GE TechTeam LP were transitioned to the new owner. TechTeam continues to look in the OEM industry for business opportunities.

TechTeam Capital Group, L.L.C. (Capital Group) previously wrote leases for computer, telecommunications, and other types of capital equipment, with initial lease terms ranging from 2 to 5 years. Effective March 31, 2000, TechTeam restructured Capital Group. At that time, the majority of the Capital Group staff was terminated, and Capital Group ceased looking for new leasing opportunities. Capital Group is currently running out its lease portfolio. With the exception of renewals, the portfolio will run off in approximately three years.

RESULTS OF OPERATIONS

THREE MONTHS ENDED JUNE 30, 2001 COMPARED TO JUNE 30, 2000

Revenues decreased 29% to \$23.5 million from \$33.0 million. The decrease resulted from revenue decreases in OEM Call Center Services of \$3.6 million, system integration revenues of \$1.2 million, and leasing operations revenue of \$3.3 million. OEM Call Center revenues were down due to the Company selling its interest in the GE Joint Venture as previously announced and ceasing to provide personnel services to the new owner of the Joint Venture as of year ended 2000. Systems integration revenues decreased due to a reduction in computer upgrades and installation work at a major automotive client as well as the completion of systems work at two smaller customers in 2000. Leasing revenues decreased due to the Company's decision to cease looking for new leasing opportunities as well as

Edgar Filing: NATIONAL TECHTEAM INC /DE/ - Form 10-Q

gains from lease residual interest of \$1.3 million in the second quarter of 2000, which did not take place in 2001. Technical staffing revenues also decreased by \$1.0 million due to the Company's two major automotive customers making cuts in subcontracted staffing to reduce their cost structure. Corporate help desk services remained consistent at \$12.4 million in revenues.

Gross profit as a percentage of sales decreased to 23.4% from 24.6%. The decrease was primarily due to the gains or (losses) from lease residuals (\$0.3) million in 2001 compared to a gain of \$1.3 million in 2000. This decrease was offset by the nonrecurrence of low margin OEM Call Center Services provided to the GE Joint Venture and overall improvement in the margins on Corporate Services revenues.

Selling, General and Administrative expenses were \$5.8 million compared to \$5.6 million in 2000. The \$5.8 million in 2001 includes a net settlement of \$370,000 related to earnout and release agreements with former officers of TechTeam Capital Group and severance payments of \$120,000 that were paid to administrative employees

11

12

terminated during the second quarter. In addition, a \$165,000 write down was taken due to the Company's decision to cease making payments on insurance contracts for a former officer of the Company. Without these costs, selling, general and administrative costs would have decreased by approximately \$400,000 for the quarter.

Interest expense decreased due to less debt related to leasing operations. Interest income increased due to an improved cash position, which resulted from the Company's decision to no longer underwrite new lease business.

Loss on disposal of assets includes \$167,000 related to the write off of an equity interest in a Company acquired in 1999 and \$87,000 due to the closing of a call center office in Michigan.

The Company's effective tax rate differs from the statutory tax rate due to nondeductible goodwill amortization.

RESULTS OF OPERATIONS

SIX MONTHS ENDED JUNE 30, 2001 COMPARED TO JUNE 30, 2000

Revenues decreased 24.5% to \$49.0 million from \$64.9 million. The decrease resulted from revenue decreases in OEM Call Center Services of \$8.4 million, system integration revenues of \$3.0 million, leasing operations revenue of \$3.8 million, and technical staffing revenues of \$1.0 million. OEM Call Center revenues were down due to the Company selling its interest in the GE Joint Venture and ceasing to provide personnel services to the new owner of the Joint Venture in 2000. Systems integration revenues decreased due to a reduction in computer upgrade and installation work at a major automotive client as well as the completion of systems work at two smaller customers in 2000. Leasing revenues decreased due to the Company's decision to cease looking for new leasing opportunities. Technical staffing revenues decreased due to the Company's two major automotive customers making cuts in subcontracted staffing to reduce their cost structure.

Gross profit increased as a percentage of sales to 23.3% from 22.2%. The increase was due to the non-recurrence of low margin OEM call center services provided to the GE Joint Venture offset by the impact of the change in net gains or (losses) from lease residuals of \$1.3 million in 2000 and (\$0.3) million in

2001.

Selling, General and Administrative expenses were comparable for the six month period at \$11.1 million in 2001 and \$10.8 million in 2000.

Interest expense decreased due to less debt related to leasing operations. Interest income increased due to an improved cash position, which resulted from the Company's decision to no longer underwrite new lease business.

The Company's effective tax rate differs from the statutory tax rate due to nondeductible goodwill amortization.

LIQUIDITY AND CAPITAL RESOURCES

Cash Flow Provided from Operations

Cash flow provided from operating activities was \$10.1 million for the six months ended June 30, 2001. Cash flow provided was primarily due to \$11.9 million of non-cash depreciation and amortization expense mainly related to the leasing operations, offset by a net cash decrease of \$1.5 million due to changes in operating assets and liabilities and a net operating loss of \$0.7 million.

Cash Flow Used by Investing Activities

Cash flow used by investing activities was \$0.5 million. The Company used \$4.4 million to purchase investments and \$1.3 million to purchase assets to be used on help desk service projects which was offset by \$4.3 million received from the sale of assets used in leasing operations.

Cash Flow Used in Financing Activities

Cash flow used in financing activities was \$6.0 million. The Company used \$5.2 million to pay down debt related to leasing operations and \$0.6 million to repurchase Company stock in accordance with the stock repurchase program (see notes to the financial statements for more discussion on the stock repurchase program).

The Company's working capital position at June 30, 2001 was \$35.2 million compared to \$23.1 million at December 31, 2000. The Company believes that cash flows from operations will continue to be sufficient to meet its ongoing working capital needs.

PART II -- OTHER INFORMATION

ITEM 1 - LEGAL PROCEEDINGS

The Company is a party to legal proceedings, which are routine and incidental to its business. Although the consequences of these proceedings are not presently determinable, in the opinion of management, they will not have a material adverse affect on the Company's liquidity, financial position or results of operations.

ITEM 4 - SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

Edgar Filing: NATIONAL TECHTEAM INC /DE/ - Form 10-Q

The Company held its Annual Meeting of Shareholders on May 9, 2001. The holders of 9,832,181 shares were present in person or by proxy, representing attendance by at least 85% of the outstanding shares. The following is a summary of the matters voted on at that meeting.

- (a) The following persons were elected to the Company's Board of Directors. The number of shares cast in favor and withheld were as follows:

9,777,569	54,612

ITEM 5. OTHER INFORMATION

On August 9, 2001, the Board of Directors of the Company removed M. Anthony Tam as the Company's President and Chief Executive Officer and replaced him with William F. Coyro, Jr. Dr. Coyro will report directly to the Company's Chairman of the Board, Wallace D. Riley. Mr. Tam remains as a director of the Company.

Dr. Coyro, age 58, founded the Company in 1987. For the past eighteen months, Dr. Coyro has been an employee of the Company performing special projects for the Board of Directors. Prior to such time, he served as Chairman of the Board and President and Chief Executive Officer of the Company from its inception through February 2000 and December 1998, respectively. The Company and Dr. Coyro are currently negotiating the terms of an appropriate employment agreement.

Effective June 24, 2001, the Board of Directors appointed Jean F. Delpy, C.F.A. as the Company's Chief Financial Officer to replace Mr. Tam, whose term expired at such time. Mr. Delpy, age 42, joined the Company in May 2000 as Director of Finance and Planning, and he has also served as the Company's Treasurer since June 2000. Prior to joining the Company, Mr. Delpy was C.F.O. at Libralter Engineered Plastics Systems, an OEM supplier of engineered plastic components to the automotive industry, from January 1998 through April 2000. He also served as a financial consultant at Watson Wyatt from January 1997 through 1998. Prior to that time, he held various positions, including director of Corporate Finance at ARINC, Inc. Corp. from April 1989 through December 1997.

A copy of the Company's press release, dated August 13, 2001, announcing the
