Dear Shareholder:

It is a pleasure to invite you to attend the Annual Meeting of Shareholders of F.N.B. Corporation. The meeting will be held at the Naples Beach Hotel, located at 851 Gulf Shore Boulevard North, Naples, Florida 34102, on Monday, April 28, 2003, at 4:00 p.m.

At the meeting, you will be asked to consider and vote upon the election of directors.

Your vote is important regardless of how many shares of stock you own. If you hold stock in more than one account or name, you will receive a proxy card for each. Please sign and return each card since each represents a separate number of votes. Postage paid envelopes are provided for your convenience.

You are cordially invited to attend the Annual Meeting. Please indicate on the proxy card whether you plan to attend the Annual Meeting.

Regardless of whether you plan to attend, please date and return the enclosed proxy card(s) as soon as possible. This will not prevent you from voting at the meeting, but will assure that your vote is counted if you are unable to attend.

As always, the directors, management and staff thank you for your continued support and interest in F.N.B. Corporation.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

Notice is hereby given that the Annual Meeting of Shareholders of F.N.B. Corporation (the "Corporation") will be held at the Naples Beach Hotel, located at 851 Gulf Shore Boulevard North, Naples, Florida 34102, on Monday, April 28, 2003, at 4:00 p.m. Eastern Daylight Time, for the following purposes:

1. To elect five directors of the Corporation;
2. To elect one additional director, if the Corporation's proposed acquisition of Charter Banking Corp. is consummated prior to the Annual Meeting; and
3. To transact such other business as may properly come before the Annual Meeting and any adjournments thereof.

Only the holders of Common Stock and Series A Preferred Stock of the Corporation of record on the books of the Corporation at the close of business on February 18, 2003, are entitled to notice of and to vote at the Annual Meeting and any adjournments thereof.

Enclosed with this Notice are a Proxy Statement and form of proxy. All shareholders, whether or not they expect to be present at the meeting, are requested to date and sign the proxy and to return it in the enclosed self-addressed envelope. Prompt action with this request will be appreciated. Shareholders who attend the meeting may, if they wish, vote in person even if they have mailed their proxies.

BY ORDER OF THE BOARD OF DIRECTORS

David B. Mogle, Secretary

PROXY STATEMENT

The accompanying proxy is being solicited by F.N.B. Corporation (the "Corporation") in connection with the Annual Meeting of Shareholders to be held on April 28, 2003. This proxy statement and the accompanying form of proxy are first being sent to shareholders of the Corporation on or about March 19, 2003. If the proxy is executed and returned, it may nevertheless be revoked by written notice to the Secretary of the Corporation at any time prior to the Annual Meeting by submitting a later dated proxy or by voting in person at the Annual Meeting. Unless the proxy is revoked or contains other instructions, the shares represented thereby will be voted at the meeting in favor of the election of the director nominees named below.

The Board of Directors has fixed February 18, 2003, as the record date for determination of shareholders entitled to notice of and to vote at the Annual Meeting. As of that date, the Corporation had outstanding 44,164,067 shares of Common Stock, 19,174 shares of Series A Cumulative Convertible Preferred Stock ("Series A Preferred Stock") and 98,251 shares of Series B Cumulative Convertible Preferred Stock ("Series B Preferred Stock"). The holders of shares entitled to cast a majority of all votes entitled to be cast, present in person or represented by proxy, will constitute a quorum for the meeting. Holders of Common Stock are entitled to one vote for each share held and holders of Series A Preferred Stock are entitled to 6.9 votes for each share held. Shares of Series B Preferred Stock do not carry any voting rights.

ELECTION OF DIRECTORS

The Bylaws of the Corporation provide that the Board of Directors shall consist of not fewer than five nor more than 25 persons, the exact number to be determined from time to time by the Board. The Bylaws also provide for classification of the directors with respect to the time for which they shall severally hold office. The Board of Directors is presently divided into three classes with five directors in each class and with the directors of each class serving staggered, three-year terms. At each annual meeting, one class of directors is elected. Each director holds office for the term for which he or she is elected and thereafter until his or her successor is duly elected and qualified or until his or her earlier death, retirement, resignation or removal. Proxies will not be voted for a greater number of persons than the number of nominees set forth below. Directors are elected by a plurality of the votes cast at the meeting. Abstentions and shares held in street name that are not cast at the meeting will not be voted. Neither the holders of Common Stock nor the holders of Series A Preferred Stock have cumulative voting rights in the election of directors.

The following Class II directors, whose terms expire at the Annual Meeting, have been nominated by the Board of

Directors for re-election at the Annual Meeting, to continue to serve as Class II directors until the 2006 Annual Meeting and until their successors are elected and qualified: G. Scott Baton, II, Alan C. Bomstein, William J. Strimbu, Archie O. Wallace and R. Benjamin Wiley.

Under the terms of the Stock Purchase Agreement entered into among the

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

Corporation, Charter Banking Corp. and David A. Straz, Jr. pursuant to which the Corporation will, subject to the satisfaction of certain customary closing conditions, acquire all of the stock of Charter Banking Corp. from Mr. Straz, Jr., the sole shareholder of Charter Banking Corp., the Corporation will be obligated to elect Mr. Straz, Jr. as a director of the Corporation following the closing of the acquisition. As of the date of this proxy statement, the parties expect the closing to occur on March 31, 2003. If the closing occurs prior to the Annual Meeting, the parties anticipate that the size of the Board will be increased by one and Mr. Straz, Jr. will be elected as a Class II Director following the closing, in which event Mr. Straz, Jr. will stand for re-election at the Annual Meeting for a three-year term along with the other Class II directors standing for re-election at the Annual Meeting.

All of the nominees have expressed their willingness to serve if elected. In the event one or more of the director nominees is unable or unwilling to serve as a director for any reason (the Corporation knows of no such reason), the persons named in the enclosed proxy will vote for the other nominees named and such substituted nominees as may be nominated by the Board of Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act requires the Corporation's directors, its executive officers, and persons who own more than ten percent of a registered class of the Corporation's equity securities (currently there are no such ten percent shareholders) to file with the Corporation and the SEC initial reports of ownership and reports of changes in ownership of any equity securities of the Corporation. With respect to 2002, to the best of the Corporation's knowledge, all required reports were filed on a timely basis, except for one time inadvertent delinquent Form 4 filings by Messrs. Bettinger, Campbell, Coghill, Cricks, Gurgovits, Hale, Lindsay, Mace, Rundorff, Tice, Waters and Wiley, concerning reporting in connection with the award of certain "matching" stock under the Corporation's benefit plans which occurred during transition to the new Form 4 filing deadline. Additionally, due to an inadvertent administrative oversight, Mr. Mortensen had one delinquent Form 4 filing in 2002. In making this statement, the Corporation has relied in part on written representations of its directors and certain of its current and former executive officers, and the copies of reports provided to the Corporation.

DIRECTORS' FEES

During 2002, each non-employee director was paid an annual retainer of \$15,000 and \$2,000 for each monthly Board meeting attended. Additionally, the Board Chairman and the Chairman of each of the Board Committees

5

were paid a stipend of \$5,000. Each director was issued stock options during 2002 under the Corporation's 1998 Directors' Stock Option Plan, which were based on the Board fees earned during the year. Individual grants to directors ranged from 1,874 to 2,513 stock options with exercise prices equal to the fair market value of the Corporation's Common Stock on the date of grant. Non-employee directors who serve on committees were compensated for their attendance at various committee meetings of the Corporation and its subsidiaries at rates ranging from \$200 to \$1,000 per meeting attended.

Each director of the Corporation may elect to receive shares of Common Stock in lieu of cash as his or her compensation for attendance at regular and committee meetings of the Board of Directors of the Corporation pursuant to the F.N.B. Corporation Directors' Compensation Plan (the "Plan"). The number of shares of Common Stock to be issued shall equal the number of shares of Common Stock having a market value equal to the amount of cash otherwise payable to such Director for attendance at such meetings. A director may also elect to defer receipt of all of his annual fees payable under the Plan for the period beginning on January 1st of the following year and continuing until the Corporation receives written notice from the director terminating such deferral.

BUSINESS RELATIONSHIPS AND RELATED TRANSACTIONS

Certain directors and executive officers of the Corporation and its subsidiaries and their associates were customers of, and had transactions with one or more of

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

the Corporation's subsidiaries in the ordinary course of business during 2002. Similar transactions may be expected to take place in the future. Loans and commitments included in such transactions were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectability, nor did they present other unfavorable features. In addition, the Corporation's subsidiary, First National Trust Company, acts as fiduciary under various employee benefit plans of and as investment manager to certain customers, whose officers and directors are also directors of the Corporation and of its bank subsidiaries.

In connection with the relocation of William J. Rundorff, the Corporation's Executive Vice President and Chief Legal Officer, from the Corporation's former headquarters in Hermitage, Pennsylvania, to its present headquarters in Naples, Florida, the Corporation purchased Mr. Rundorff's home in Hermitage, Pennsylvania, on September 10, 2002, for a price, as determined by taking the average of two independent appraisals, of \$254,000. The independent appraisal firms are not affiliated with the Corporation and each is a member of the American Institute of Appraisers. In addition, the Corporation reimbursed Mr. Rundorff for customary moving expenses and for rental expenses he incurred for temporary housing in Naples, while he established a permanent residence in Naples in November 2002.

The Corporation reimbursed Mr. Bettinger \$236,000 for the loss he incurred on his Salt Lake City, Utah, residence in connection with his relocation to Naples, Florida. Additionally, the Corporation reimbursed Mr. Bettinger's ordinary and reasonable moving expenses incurred in connection with his relocation to Naples, Florida.

Director Lindsay represented the Corporation and its affiliates in connection with the purchase of two real estate parcels in 2002. Mr. Lindsay shared the brokerage commission with the listing broker of the subject properties. The commission fees paid for the brokerage services were consistent with relevant industry standards and prevailing market commission rates. The amount of the brokerage commission paid to Mr. Lindsay by the seller of the two real estate parcels was \$212,909.

As discussed under "Election of Directors," if the Corporation completes the pending acquisition of Charter Banking Corp., the Corporation will elect David A. Straz, Jr., the sole shareholder of Charter Banking Corp., to the Corporation's Board of Directors. Under the terms of the Stock Purchase Agreement entered into among the Corporation, Charter Banking Corp., and Mr. Straz, the Corporation will pay Mr. Straz \$150,250,000 for all of the outstanding stock of Charter Banking Corp., and continue to provide Mr. Straz with certain benefits he is presently receiving from Charter Banking Corp., such as health insurance, payment of country club dues, and use of office space and secretarial support.

The Corporation and Peter Mortensen, the present Chairman of the Board and former Chief Executive Officer of the Corporation, agreed, effective January 24, 2002, to the buy-out and cancellation of an agreement pursuant to which Mr. Mortensen had agreed to serve as an advisor to the Corporation during a period beginning on January 1, 2001, and ending not later than December 31, 2007. The terms of the buy-out and cancellation agreement are described on Page 17 under the caption "Termination of Employment Continuation Agreement with Mr. Mortensen".

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

During 2002, the Board of Directors of the Corporation held nine meetings. All directors attended at least 75% of the aggregate number of meetings of the Board of Directors and the respective committees on which they serve.

The Board of Directors has appointed an Audit Committee ("Committee") consisting of Messrs. Mace, Bomstein, Ekker and Radcliffe. Committee members satisfy applicable SEC and Nasdaq independence requirements and related standards concerning financial literacy and expertise. The Corporation's Audit Committee Charter, which is attached to this proxy statement as Exhibit A, has been approved by the Board of Directors. Additional information regarding the functions performed by the Committee, its membership, and the number of meetings held during the fiscal year is set forth in the "Report of Audit Committee," included in this proxy statement.

The Compensation Committee of the Board of Directors consists of Messrs. Baton, Cricks, and Lindsay. During 2002, Mr. Mortensen, as Chairman, and Mr. Tice as Chief Executive Officer of the Corporation, attended meetings of the Corporation's Compensation Committee, but did not vote on any matters and did not participate in any deliberations regarding their own compensation. During 2002, the Compensation Committee met five times. Duties of the Compensation Committee include reviewing the performance of the officers of F.N.B. Corporation and affiliate chief executive officers and recommending to the Corporation's Board the compensation to be paid to these individuals; reviewing and approving the compensation of affiliate senior officers as proposed by affiliate boards of directors; and reviewing compensation and benefit matters that have corporate-wide significance. The Compensation Committee also administers the various Stock Option Plans, the Restricted Stock and Incentive Bonus Plan and the Directors' Compensation Plan and awards made under these Plans. This Committee also recommends for approval to the Corporation's Board the fees for the Corporation's Board and Board Committees.

The Nominating Committee of the Board of Directors consists of Messrs. Campbell, Strimbu, Wahl and Wallace. During 2002, the Nominating Committee met one time. The Nominating Committee is responsible for selecting and recommending nominees for election as director to the Board of Directors. The Nominating Committee will consider nominees recommended by shareholders of the Corporation. Such recommendations must be made in writing, include a statement of the nominee's qualifications, and be addressed to the Nominating Committee at the address of the Corporation. Shareholders may also nominate persons for election as directors in accordance with the procedures set forth in the Corporation's Bylaws.

The Community Development Committee is responsible for reviewing and guiding the efforts of the Corporation's bank subsidiaries to serve the needs of their local communities by offering deposit and lending products designed for moderate and low income households. Additionally, this Committee reviews and approves special equity investments designed to benefit local communities, businesses and neighborhoods. The Community Development Committee is comprised of Messrs. Wiley, Baton and Bomstein and met two times in 2002.

The Executive Committee consists of Messrs. Tice, Campbell, Cricks, Lindsay and Mortensen. This Committee met five times in 2002. This Committee's responsibilities include review and approval of the Corporation's governance policies, procedures and processes and implementation of applicable SEC and Nasdaq standards and reporting requirements. This Committee possesses all powers and authority of the Board except as limited by applicable law or the Board of Directors.

REPORT OF AUDIT COMMITTEE

To Our Shareholders:

The Audit Committee ("Committee") oversees the Corporation's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with Ernst & Young LLP, its independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Corporation's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards.

The Committee has discussed with Ernst & Young LLP their independence from management and the Corporation, including the matters in the required written disclosures. The Committee has considered whether the provision of non-audit services by Ernst & Young LLP is compatible with maintaining their independence.

The Committee discussed with the Corporation's internal auditors and Ernst & Young LLP the overall scope and plans for their respective audits. The Committee meets with the internal auditors and Ernst & Young LLP, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee met five times during fiscal year 2002. In addition, the Committee met telephonically to review SEC filings. The Chairman of the Committee met quarterly with management and internal and external auditors to review press releases and held additional meetings with management to review significant acquisition and conversion activity and audit administration matters.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the Securities and Exchange Commission.

Respectfully submitted,

Edward J. Mace, Chairman
Alan C. Bomstein
Henry M. Ekker

EXECUTIVE COMPENSATION, BENEFITS AND RELATED MATTERS REPORT OF COMPENSATION COMMITTEE

To Our Shareholders:

The following is the Report of the Compensation Committee to Shareholders on the Corporation's executive compensation policies with respect to compensation reported for fiscal year 2002. In accordance with the rules of the SEC, this report shall not be incorporated by reference into any of the Corporation's future filings made under the Securities Exchange Act of 1934 or under the Securities Act of 1933, and shall not be deemed to be soliciting material or to be filed with the SEC under the Securities Exchange Act of 1934 or the Securities Act of 1933.

RESPONSIBILITIES AND COMPOSITION OF THE COMPENSATION COMMITTEE

The Compensation Committee ("Committee") meets periodically during the course of the year and establishes compensation programs for executive officers and senior managers of the Corporation and its affiliates that are designed to attract, retain, motivate and appropriately reward individuals who are responsible for the Corporation's short- and long-term growth and profitability. The Committee conducts regular comprehensive reviews of the Corporation's executive compensation program and establishes the annual compensation of the Corporation's executive officers. The Committee also takes action, or recommends that the Board take action, regarding the adoption, amendment or administration of executive compensation, incentive and benefit plans. The Committee is comprised entirely of directors who are not officers of the Corporation or its affiliates.

COMPENSATION PHILOSOPHY AND OBJECTIVES

The central objective of the compensation philosophy of the Corporation is to provide fair and reasonable compensation to all employees, including executive officers and senior managers, which compensation is determined by a performance-based framework that enhances shareholder value through the integration of the overall financial condition and results of the operation of Corporation with individual contribution and business unit performance. Within this philosophy, the Committee's specific objectives are to: (i) provide annual compensation that takes into account the Corporation's performance relative to its financial goals and objectives, the performance of functions and business units under the executive's management and performance against assigned individual goals; (ii) align the financial interests of the executive officers with those of shareholders by providing significant equity-based long-term incentives; and (iii) offer a total compensation program for each executive officer based on the level of responsibility of the executive's position and necessary skills and experience relative to other senior management positions and comparative compensation of similarly positioned executives and senior managers of peer group financial institutions.

A critical aspect of the Committee's compensation philosophy is that some portion of the executive officer's and senior manager's total compensation be "at risk." The "at risk" portion is a function of the executive officer's and senior manager's performance against Corporation, business unit and individual goals and objectives.

The following two components of executive officer and senior manager compensation are "at risk": (i) an annual cash bonus based on short-term performance; and (ii) stock options as an award for long-term performance. The total cash compensation opportunities for executive officers and senior managers are targeted at the median of industry practices among the Corporation's peer

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

group. In addition, the Corporation's incentive cash and bonus award program is specifically designed to offer an opportunity for larger rewards when the Corporation's performance exceeds its financial goals and objectives.

COMPENSATION COMPONENTS AND PROCESS

The major components of the Corporation's executive officer and senior manager compensation are: (i) base salary, (ii) annual incentive awards and (iii) long-term incentive awards (typically in the form of stock options or restricted stock).

9

The process utilized by the Committee in determining executive officer and senior manager compensation levels for all of these components ties a significant portion of executive compensation to the success of the executive officer and senior manager and the Corporation in meeting predetermined financial and other performance goals. In addition to these qualitative and quantitative factors, the Committee also exercises its subjective judgment in making compensation determinations.

In making compensation decisions, the Committee relies upon the work performed by its independent compensation consultant and the Corporation's internal support staff. The independent compensation consultant reviewed market data to determine relevant compensation practices of the Corporation's peer group. The Corporation's peer group developed by the independent compensation consultant consisted of national and regional financial institutions and bank holding companies that are determined to be indicative of the Corporation's financial service competitors in terms of size and mix of business. The Committee determined that the Corporation's peer group identified by the independent consultant is reasonable to measure the Corporation's compensation practices given the Corporation's continued and expected growth. The peer information provides guidance to the Committee, but the Committee does not target total compensation to any particular point within the range of the peer group results.

In general, the Committee continues to adjust the mix of base salary, annual incentive awards and long-term incentives. In making such determinations, the Committee considers various factors and criteria including: (i) relevant industry compensation practices; (ii) the complexity and level of responsibility attendant to the executive position and job function; (iii) the importance of the executive's position to the Corporation compared to other executive positions; (iv) the competitiveness of the executive's total compensation; (v) financial performance of the Corporation; (vi) accomplishment of Corporation's and business unit's strategic goals. Specifically, the Committee's focus is to emphasize the amount of executive compensation that is at risk.

LONG-TERM INCENTIVE AWARDS

The stock-based awards (stock option awards and restricted stock grants) are generally granted to executive officers and senior managers on an annual basis. It has been the practice of the Committee to grant stock options and restricted stock to executive officers and senior management. The stock option awards cannot be issued with an exercise price below the market price of the Corporation's Common Stock at the time of the award and the exercise price cannot be changed after the award is issued, except to accommodate any dividends, stock splits or conversions which would affect all shareholders.

The Committee has historically granted stock options as a means of providing long-term incentives to employees. All stock options granted by the Corporation under its 2001 Incentive Plan vest incrementally over a five-year period based

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

on the optionee's continued employment by the Corporation or one of its principal subsidiaries. The Committee based its 2002 option award decisions with regard to the stock options granted to its executive officers primarily upon the total number of options available for grant, the officer's position and a multiple of the officer's base salary.

The Committee granted restricted stock in 2002 to certain non-executive officers and other employees under the Corporation's 2001 Incentive Plan. There were no restricted stock grants awarded to the Corporation's executive officers during 2002. The restricted stock grants were made to reward individuals who made a particularly important contribution to the Corporation in 2002. These grants are also a key component of the Committee's long-term incentive compensation policy because restricted stock granted under this plan vests incrementally over a five-year period based on the recipient's continued employment by the Corporation or one of its principal subsidiaries.

CHIEF EXECUTIVE OFFICER COMPENSATION

When deciding the compensation to be paid to the Corporation's Chief Executive Officer, the Committee acts privately, without the Chief Executive Officer or other officers present. As appropriate, the Committee will confer with its independent compensation consultant to determine whether the Corporation's executive compensation

10

program is consistent with marketplace and peer practices linking pay to performance. In general, the Committee considers the Corporation's overall financial performance and measures such financial performance as compared to its peer group's financial performance and compensation data when making decisions regarding the Chief Executive Officer's compensation. In evaluating the compensation of Mr. Gary Tice for services rendered in 2002 as Chief Executive Officer of the Corporation, the Committee examined both quantitative and qualitative factors. The Committee also considers the Chief Executive Officer's leadership, decision-making skills, experience, knowledge, communication with the Board and strategic recommendations, as well as the Corporation's positioning for future performance. In considering these factors, the Committee places more relative weight on the Corporation's financial performance.

The Committee's significant decisions regarding the Chief Executive Officer's compensation are reported to, discussed with and ratified by the full Board, excluding directors who are also officers of the Corporation.

In deciding upon Mr. Tice's compensation (including base salary, cash bonus and stock option awards), as set forth in the tables entitled "Summary Compensation" and "Option Grants in Last Fiscal Year" contained on Pages 13 and 14 of this proxy statement, the Committee considered the following significant quantitative accomplishments, in addition to the Corporation's attainment of financial performance goals for 2002:

- Net income for 2002 was \$63.3 million, up 20% from \$53 million for 2001. Net income per diluted share was \$1.41, up 15% from \$1.23 per diluted share in 2001.
- Earnings, excluding merger related and other nonrecurring charges for 2002, were \$94.4 million, or \$2.11 per diluted share compared to \$60.9 million, or \$1.41 per diluted share in 2001.
- The return on average assets and return on average equity, based on earnings, excluding merger-related and other non-recurring charges, for

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

2002 was 1.39% and 16.3%, respectively. Operating revenue increased by 14% in 2002 (compared to 2001) and amounted to \$408 million.

- Net interest income during 2002 on a tax-equivalent basis was \$286.8 million, which represents a 12% increase from 2001. The net interest margin for the year ended December 31, 2002, was 4.70%, up from 4.69% in 2001. Non-interest income increased 21% to \$120.8 million in 2002, compared to 2001. At year end 2002, the Corporation had approximately \$7.1 billion in assets and with the pending Charter Banking Corp. acquisition, the Corporation's asset size will be approximately \$7.8 billion, which will rank the Corporation among the nation's sixty-three largest bank holding companies and as the largest bank holding company headquartered in Florida.
- The Corporation continued to maintain its superior asset quality despite the difficult economic circumstances in 2002, as evidenced by the improvement of the Corporation's non-performing assets as a percentage of total assets as of December 31, 2002, which were a mere 0.45%, compared to 0.48% as of December 31, 2001.

In addition to the above quantitative considerations, the Committee reviewed the following significant accomplishments of the Corporation in 2002 that are qualitative in nature. The Corporation continued pursuit of its charter consolidation strategy in 2002 as part of its ongoing effort to improve long-term shareholder value by promoting operational efficiencies and cost reductions. In 2002, the Corporation's Ohio banking affiliate was merged into its Pennsylvania bank thereby reducing the number of bank charters subject to regulatory supervision to two. The Corporation's charter consolidation initiative resulted in significant cost reductions and enhanced efficiencies by the elimination of certain operational redundancies and duplicative administrative and regulatory obligations.

11

Under Mr. Tice's leadership, the Corporation continued to exploit the substantial revenue opportunities presented by its wealth management, trust, insurance agency and investment businesses, which increasingly make up a substantial portion of the Corporation's overall earnings. In furtherance of this strategy, the Corporation completed its acquisition of the Harry Blackwood Agencies in 2002. Moreover, Mr. Tice's strategic initiatives have positioned the Corporation to take advantage of the significant revenue opportunities presented by the integration of these businesses and the Corporation's core banking business.

After considering all of the above-described quantitative and qualitative factors carefully, the Committee authorized Mr. Tice's total compensation described in the "Summary Compensation" and "Option Grants in Last Fiscal Year" tables contained on Pages 13 and 14 of this proxy statement. The Committee's decisions relating to Mr. Tice's compensation were ratified by the Board. Also, consistent with the principles and procedures outlined in this Report, the Committee approved the compensation of the Corporation's other executive officers for 2002 and those decisions were also ratified by the Board.

TAX POLICY

Section 162(m) of the Internal Revenue Code generally would disallow a federal income tax compensation deduction to the extent that the Corporation paid in a taxable year compensation in excess of \$1 million to the Chief Executive Officer or to any of the other executive officers of the Corporation included in the Summary Compensation Table contained on Page 13 of this proxy statement.

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

However, performance-based compensation paid pursuant to shareholder-approved plans and meeting certain other procedural requirements is not subject to the deduction limitation imposed by Section 162(m). Awards made under the 2001 Incentive Plan can be made eligible for that performance-based exception. As a result, Section 162(m) would not limit any compensation deduction otherwise available to the Corporation with respect to awards under the 2001 Incentive Plan that meet those procedural requirements.

Although the Committee keeps in mind the desirability of controlling the Corporation's non-deductible compensation expense, the Committee also believes that it is equally important to maintain the flexibility and competitive effectiveness of the Corporation's executive compensation program. Therefore, the Committee may from time to time, decide to make grants and awards which may not be deductible for federal income tax purposes due to the provisions of Section 162(m).

CONCLUSION

Based upon its review of the Corporation's executive compensation program, the Committee believes that the program's basic structure is appropriate, competitive and effectively serves the purposes for which it was established.

Respectfully submitted,

Charles T. Cricks, Chairman
G. Scott Baton, II
James S. Lindsay

RETIREMENT BENEFITS

The following table illustrates the maximum annual benefits payable in 2003 upon normal retirement age of 62 under the life annuity option of the Corporation's Basic Retirement Plan, ERISA Excess Profit Sharing and Lost Match Plan (excluding matching contributions), ERISA Excess Pension Plan and any applicable qualified retirement plan in which Messrs. Tice, Gurgovits, Hale, Bettinger and Richter participate. Messrs. Richter, Hale and Tice participate in the F.N.B. Corporation Salary Savings Plan, which is different from the retirement plan (F.N.B. Corporation Retirement Income Plan) in which Mr. Gurgovits participates. Mr. Bettinger does not participate in the Basic Retirement Plan but is provided nonqualified retirement benefits under his employment agreement, providing a comparable level of benefits to the Basic Retirement Plan. The estimated annual pension payments shown in the chart below are reasonable representations of the total benefits under the Basic Retirement Plan, ERISA Excess Profit Sharing and Lost Match Plan (excluding matching contributions), ERISA Excess Retirement Plan, F.N.B. Corporation Salary Savings Plan, F.N.B. Corporation Retirement Income Plan and Mr. Bettinger's employment agreement. Messrs. Tice, Gurgovits, Hale and Richter are respectively credited with the following years of services for annual pension payments described in the chart on the next page: 19, 42, 3 and 14.

The retirement benefit for each employee covered by the Corporation's Retirement Income Plan is a monthly benefit in the form of a Five Year Certain and Life annuity, equal to 1.2% of Final Average Earnings plus .5% of Final Average Earnings in excess of the employee's Covered Compensation (as defined by Section 401(l)(5)(E) of the Internal Revenue Code) times Years of Service, not to exceed 25 years. The Final Average Earnings figure is calculated using the highest 60 consecutive months of earnings of the last 120 months of service as an employee. The benefits listed above are not subject to deduction for Social Security.

The retirement benefit for each employee covered by the F.N.B. Corporation Salary Savings Plan is based on a discretionary contribution credited to the employee's account, which accumulates investment income. The discretionary contribution for the past few years has been 6% of pay.

Compensation included in the computation of benefits is base salary and bonus as indicated in the Summary Compensation Table on Page 13 of this proxy statement.

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

NONQUALIFIED PLANS

The Corporation maintains three supplemental nonqualified retirement plans. The ERISA Excess Profit Sharing and Lost Match Plan provides retirement benefits equal to the difference, if any, between the maximum benefit allowable under the Internal Revenue Code and the amount that would be provided under the F.N.B. Corporation Salary Savings Plan or the F.N.B. Corporation Progress Savings Plan, if no limits were applied. The ERISA Excess Retirement Plan provides retirement benefits equal to the difference, if any, between the maximum benefit allowable under the Internal Revenue Code and the amount that would be provided under the F.N.B. Corporation Retirement Income Plan, if no limits were applied.

The Corporation maintains a separate supplemental retirement benefit plan, the Basic Retirement Plan (BRP), applicable to certain officers of the Corporation and its subsidiaries who are designated by the Board of Directors of the Corporation (the "Board"). Officers participating in this plan receive a benefit based on a target benefit percentage based on years of service at retirement and designated tier as determined by the Board. When a

16

participant retires, the basic benefit under the BRP is a monthly benefit equal to the target benefit percentage times the participant's highest average monthly cash compensation during five consecutive calendar years within the last ten calendar years of employment. This monthly benefit is reduced by the monthly benefit the participant receives from Social Security, their qualified plan benefit (to the extent the benefit relates to employer contributions other than matching contributions) and ERISA Excess benefits (to the extent the benefit relates to employer contributions other than matching contributions).

The BRP contains provisions for reducing the basic benefit if the participant retires prior to normal retirement (age 62) but on or after early retirement date (age 55 with 5 years of service). The participant's rights to benefits under the BRP vest at 100% upon the attainment of age 55 and 5 years of service or upon normal retirement, "change in control" (as defined in the BRP), death or disability. Benefits are forfeited in the event a participant's employment is terminated for cause or a participant terminates employment prior to early retirement.

EMPLOYMENT AGREEMENTS

The Corporation has entered into an employment agreement with each of the Named Executive Officers. Under these agreements, each executive receives an annual base salary that is subject to periodic increases at the discretion of the Corporation's Board of Directors. At December 31, 2002, these annual base salaries were \$600,000 for Mr. Tice; \$375,000 for Mr. Gurgovits; \$375,000 for Mr. Hale; \$325,000 for Mr. Bettinger; and \$280,008 for Mr. Richter.

Each of the executives is entitled to receive all other benefits approved by the Board of Directors and made available to senior executive officers of the Corporation. In addition, the Corporation has agreed to pay the premiums on split-dollar life insurance policies of \$213,000 for Mr. Tice and \$15,749 for Mr. Gurgovits.

The employment agreement of each of Messrs. Tice and Gurgovits has a term of five years, while the employment agreement of each of Messrs. Hale, Bettinger and Richter has a term of three years. Each of the agreements renews automatically each year for one additional year; provided, however, that the term of agreements for Messrs. Tice, Gurgovits, Richter, Hale and Bettinger will

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

not extend beyond the year in which the executive reaches the age of 65.

In the event the employment of any of the executives is terminated without cause, the executive is entitled to receive his base salary then in effect through the end of the term of the Agreement. Upon a change in control of the Corporation, Messrs. Tice, Gurgovits, Bettinger and Hale would each be entitled to receive an amount equal to approximately three times his base salary then in effect, and Mr. Richter would be entitled to receive an amount equal to twice his base salary then in effect. In addition, Mr. Tice would also be entitled to receive an amount equal to three times the highest bonus paid to him in the three-year period prior to the change of control, and the Corporation would be required to pay the premiums on his split-dollar life insurance policy and maintain his benefits coverage for up to 36 months from the date of the change of control.

Each of the employment agreements contains a confidentiality provision, a covenant not to compete for a term of up to three years following the date of termination, and a covenant not to solicit any of the Corporation's executives or employees for a period of up to two years following the date of termination.

TERMINATION OF EMPLOYMENT CONTINUATION AGREEMENT WITH PETER MORTENSEN

The Corporation and Peter Mortensen, the present Chairman of the Board and former Chief Executive Officer of the Corporation, agreed to the buy-out and cancellation of an agreement pursuant to which Mr. Mortensen had agreed to serve as an internal advisor to the Corporation during a period beginning on January 1, 2001 and ending not later than December 31, 2007. Under that agreement, Mr. Mortensen was entitled to receive annual compensation in an amount equal to one-half of the amount of his salary during 2000, the last year during which he served as the Corporation's Chief Executive Officer, and certain other benefits. Mr. Mortensen received \$280,000 in salary during 2001 pursuant to this agreement. In consideration of the termination of the agreement,

17

and in lieu of the payment of any bonus to Mr. Mortensen for 2001, the Corporation paid \$3,166,982 on January 24, 2002, to a trust of which Mr. Mortensen is the beneficiary and awarded 164,640 stock options to Mr. Mortensen at an exercise price of \$25.62. The Corporation will also provide certain benefits to Mr. Mortensen until his 72nd birthday, including medical and dental benefits, use of corporate office space and corporate transportation and reimbursement of customary business expenses. The buy-out agreement was approved by the Corporation's Compensation Committee and ratified by the Corporation's Board. Mr. Mortensen continues to serve as the Chairman of the Corporation and is entitled to receive all usual and customary fees for his service as a director of the Corporation.

ADDITIONAL INFORMATION

The Corporation knows of no other matters which will be presented to shareholders for action at the Annual Meeting. However, if other matters are presented which are proper subjects for action by shareholders, it is the intention of those named in the accompanying proxy to vote such proxy in accordance with their judgment upon such matters.

Solicitation of proxies will be made by employees of the Corporation, and the cost will be borne by the Corporation. Proxies will be solicited by mail and may also be solicited by telephone, telegraph and personal interview. The Corporation will also request brokerage houses and other custodians, nominees and fiduciaries to forward soliciting material to the beneficial owners of the stock held of record by such persons and will reimburse such persons for their costs incurred in forwarding such materials.

SHAREHOLDER PROPOSALS

The Corporation's Bylaws provide that no proposals submitted by a shareholder of the Corporation for consideration at the Annual Meeting will be considered unless the Secretary of the Corporation has received written notice of the matter proposed to be presented from the shareholder on or prior to the date which is 120 days prior to the date on which the Corporation first mailed its proxy materials for the prior year's annual meeting of the shareholders. Accordingly, any shareholder proposal must be submitted to the Corporation by

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

November 19, 2003, to be considered for the 2004 Annual Meeting of Shareholders. In accordance with SEC Rule 14a-4(c) under the Securities Exchange Act of 1934, proxy holders will have discretionary authority to vote in accordance with their judgment upon any proposal which is not timely received by the Corporation or which does not otherwise comply with applicable SEC rules.

EXHIBIT A

F.N.B. CORPORATION AUDIT COMMITTEE CHARTER

I. ORGANIZATION

This charter governs the operations of the F.N.B. Corporation Audit Committee ("Committee"). The Committee shall review and reassess this charter at least annually and obtain the approval of the F.N.B. Corporation board of directors. The Committee shall disclose the charter in the proxy statement at least once every three years, and shall disclose in the proxy statement annually the fact that the charter has been adopted. The Committee shall be members of, and appointed by, the board of directors and shall comprise at least three directors, each of whom are independent of management and the Corporation. Members of the Committee shall be considered independent as long as they meet the current independence requirements of the stock exchange listing standards and have no relationship that may interfere with the exercise of their independence from management and the Corporation. All Committee members shall be financially literate, and at least one member shall be an "audit committee financial expert," as defined by SEC regulations. Committee members shall not serve on more than two other public company audit committees.

II. PURPOSE

The Committee shall provide assistance to the board of directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to the integrity of the Corporation's financial statements; the financial reporting process; the systems of internal accounting and financial controls; the performance of the Corporation's internal audit function and independent auditors; the independent auditor's qualifications and independence; and the Corporation's compliance with ethics policies and legal and regulatory requirements. In so doing, it is the responsibility of the Committee to maintain free and open communication between the Committee, independent auditors, the internal auditors, and management of the Corporation.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Corporation and the authority to engage independent counsel and other advisers as it determines necessary to carry out

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

its duties. The Corporation shall provide appropriate funding, as determined by the Committee, for compensation to the independent auditor and to any advisers that the Committee chooses to engage.

III. DUTIES AND RESPONSIBILITIES

The primary responsibility of the Committee is to oversee the Corporation's financial reporting process on behalf of the board and report the results of their activities to the board. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation, and integrity of the Corporation's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Corporation. The independent auditors are responsible for auditing the Corporation's financial statements and for reviewing the Corporation's unaudited interim financial statements.

The Committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior. The following shall be the principal duties and responsibilities of the Committee. These are set forth as a guide with the understanding that the Committee may supplement them as appropriate.

The Committee shall be directly responsible for the appointment, retention, and termination of the independent auditors (subject, if applicable, to shareholder ratification), and the independent auditors must report directly to the Committee. The Committee also shall be directly responsible for the oversight of the work of the independent auditors, including resolution of disagreements between management and the auditor regarding financial reporting. The Committee shall pre-approve all audit and non-audit services provided by the independent auditors and shall not engage the independent auditors to perform the specific non-audit services proscribed by law or regulation. The Committee may delegate pre-approval authority to a member of the Committee. The decisions of any Committee member to whom pre-approval authority is delegated must be presented to the full Committee at its next scheduled meeting.

At least annually, the Committee shall obtain and review with the independent auditors their report describing:

- The firm's internal quality control procedures.
- Any material issues raised by the most recent internal quality control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.
- All relationships between the independent auditor and the Corporation (to assess the auditor's independence).

The Committee shall set clear hiring policies for employees or former employees of the independent auditors that meet the SEC regulations and stock exchange

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

listing standards.

The Committee shall discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits, including the adequacy of staffing and compensation. Also, the Committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Corporation's policies and procedures to assess, monitor, and manage business risk, and legal and ethical compliance programs (e.g., Corporation's Code of Conduct).

The Committee shall meet separately periodically with management, the internal auditors, and the independent auditors to discuss issues and concerns warranting Committee attention. The Committee shall provide sufficient opportunity for the internal auditors and the independent auditors to meet privately with the members of the Committee. The Committee shall review with the independent auditor any audit problems or difficulties and management's response.

The Committee shall receive a report from the independent auditor, prior to the filing of its audit report with the SEC, on all critical accounting policies and practices of the Corporation, all material alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, including the ramifications of the use of such alternative treatments and disclosures and the treatment preferred by the independent auditor, and other material written communications between the independent auditor and management.

The Committee shall review management's assertion on its assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the independent auditors' report on management's assertion.

The Committee shall review and discuss earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies. The chair of the Committee may represent the entire Committee for purposes of this review.

A-2

The Committee shall review the interim financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations with management and the independent auditors prior to the filing of the Corporation's Quarterly Report on Form 10-Q. Also, the Committee shall discuss the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.

The Committee shall review with management and the independent auditors the financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be included in the Corporation's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Based on these reviews, the Committee shall recommend to the board of directors whether the audited financial statements should be included in the Annual Report on Form 10-K. Also, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

The Committee shall review disclosures made to the Committee by the Corporation's CEO and CFO during their certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in the Corporation's internal controls.

The Committee shall establish procedures for the receipt, retention, and treatment of complaints received by the issuer regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by employees of the issuer of concerns regarding questionable accounting or auditing matters.

The Committee shall receive corporate attorneys' reports of evidence of a material violation of securities laws or breaches of fiduciary duty.

The Committee shall investigate any reported known or suspected violations of the Code of Conduct for Senior Executives and Financial Managers or the company-wide Code of Ethics where required, and shall oversee an appropriate response, corrective action and preventive measures for both. The Committee shall review any proposed amendments or waivers to the codes and shall make a recommendation to the full Board of Directors for appropriate action, which will be subject to public disclosure as required by SEC regulation and stock exchange listing standards.

The Committee shall prepare its report to be included in the Corporation's annual proxy statement, as required by SEC regulations.

The Committee shall perform an evaluation of its performance at least annually to determine whether it is functioning effectively.
