**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On January 22, 2019, Actuant Corporation (the “Company”) determined to focus solely on its Industrial Tools & Services segment and to pursue the divestiture of the businesses comprising its Engineered Components & Systems segment that had not already been announced as being held for sale (“EC&S”). In connection with such action, the Company has determined that it could likely incur material charges reflecting a write down of the EC&S net assets to their net realizable value. Such charges are expected to be non-cash and are expected to be incurred in the quarter ending February 28, 2019 and may be incurred in future periods.

The Company is not yet able to estimate the total amount or range of amounts of the charges expected to be incurred in connection with this action, as well as an estimate of amounts or range of amounts for each major category of costs. The Company undertakes to amend this Form 8-K to include this information within four business days after it makes a determination of these estimates or range of estimates.

On January 24, 2019, the Company issued a press release announcing the contemplated divestiture of EC&S and the related impairment charges, which press release is filed as Exhibit 99.1 to this Form 8-K and is incorporated herein by reference.

**Item 2.06 Material Impairments.**

The information disclosed above under Item 2.05 is incorporated herein by reference.

**Item 9.01 Financial Statements and Exhibits.**
