PROXY STATEMENT

FOR THE 2012 ANNUAL MEETING OF STOCKHOLDERS

June 13, 2012

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We have sent you this proxy statement and the enclosed proxy card because the Board of Directors of EdgeWave, Inc. (sometimes referred to as the Company or EdgeWave) is soliciting your proxy to vote at the 2012 Annual Meeting of Stockholders. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

The Company intends to mail this proxy statement and accompanying proxy card on or about April 30, 2012 to all stockholders of record entitled to vote at the 2012 Annual Meeting.

Important notice regarding the availability of Proxy materials for the Stockholder Meeting to be held on June 13, 2012. The proxy statement and annual report to security holders are available at the following website:

<http://www.amstock.com/ProxyServices/ViewMaterial.asp?CoNumber=13605>.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 20, 2012 will be entitled to vote at the annual meeting. On this record date, there were 17,023,933 shares of the Company's common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on April 20, 2012 your shares were registered directly in your name with EdgeWave's transfer agent, American Stock Transfer & Trust Company, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 20, 2012 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the 2012 Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the 2012 Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are three matters scheduled for a vote:

Edgar Filing: EdgeWave, Inc. - Form DEF 14A

Election of four directors to hold office until the 2013 Annual Meeting of Stockholders;

Amendment to the Company's 2010 Employee, Director and Consultant Equity Incentive Plan to authorize (i) the name change of the plan from the St. Bernard Software, Inc., 2010 Employee, Director and Consultant Equity Incentive Plan to the Edgewave, Inc., 2010 Employee, Director and Consultant Equity Incentive Plan and (ii) the issuance of an additional 1,000,000 shares of common stock under such plan so as to allow for the issuance of up to 2,350,000 shares of common stock, including increasing the maximum aggregate number of ISOs, Non-Qualified Options and Stock-Based Awards which may be issued from 350,000 shares to 1,350,000 shares; and

Ratification of Squar, Milner, Peterson, Miranda & Williamson, LLP as independent auditors of the Company for its fiscal year ending 2012.

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may Withhold your vote for any nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the 2012 Annual Meeting, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free 1-800-PROXIES (1-800-776-9437) using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 PM Eastern Time on June 12, 2012 to be counted.

To vote on the Internet, go to <http://www.voteproxy.com> to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 PM Eastern Time on June 12, 2012 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from EdgeWave. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 20, 2012.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted **For** the election of all four nominees for director, **For** approval of an amendment to the Company's 2010 Employee, Director and Consultant Equity Incentive Plan to authorize (i) the name change of the plan from the St. Bernard Software, Inc., 2010 Employee, Director and Consultant Equity Incentive Plan to the Edgewave, Inc., 2010 Employee, Director and Consultant Equity Incentive Plan and (ii) the issuance of an additional 1,000,000 shares of common stock under such plan so as to allow for the issuance of up to 2,350,000 shares of common stock, including increasing the maximum aggregate number of ISOs, Non-Qualified Options and Stock-Based Awards which may be issued from 350,000 shares to 1,350,000 shares, and **For** ratification of Squar, Milner, Peterson, Miranda & Williamson, LLP as independent auditors of the Company for its fiscal year ending 2012. If any other matter is properly presented at the meeting, your proxy holder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The board of directors recommends that you vote as follows:

FOR the election of the nominees for director;

FOR approval of an amendment to the Company's 2010 Employee, Director and Consultant Equity Incentive Plan to authorize (i) the name change of the plan from the St. Bernard Software, Inc., 2010 Employee, Director and Consultant Equity Incentive Plan to the Edgewave, Inc., 2010 Employee, Director and Consultant Equity Incentive Plan and (ii) the issuance of an additional 1,000,000 shares of common stock under such plan so as to allow for the issuance of up to 2,350,000 shares of common stock, including increasing the maximum aggregate number of ISOs, Non-Qualified Options and Stock-Based Awards which may be issued from 350,000 shares to 1,350,000 shares; and

FOR ratification of the selection of independent auditors for our fiscal year ending December 31, 2012.

If any other matter is presented, the proxy card provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the annual meeting, other than those discussed in this proxy statement.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees and Alliance Advisors may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We do not currently intend to use Alliance Advisors for proxy solicitation this year, but if we do, then Alliance Advisors will be paid its customary fee plus out-of-pocket expenses. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a timely written notice that you are revoking your proxy to Secretary at 15333 Avenue of Science, Suite 100, San Diego, CA 92128.

You may attend the 2012 Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy. If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 31, 2012, which is 120 calendar days prior to the anniversary date of the mailing of this Proxy Statement, to EdgeWave, Inc., 15333 Avenue of Science, Suite 100, San Diego, CA 92128. In addition, under our Amended and Restated Bylaws, if you wish to submit a proposal that is to be considered at our 2013 Annual Meeting of Stockholders or nominate a director at such Annual Meeting, you must do so no later than the close of business on the ninetieth (90th) day or earlier than the close of business on the one hundred twentieth (120th) day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced more than thirty (30) days prior to or delayed by more than thirty (30) days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the tenth (10th) day following the day on which public announcement of the date of such meeting is first made. You are also advised to review the Company's Amended and Restated Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

In addition, the proxy solicited by the Board of Directors for the 2013 Annual Meeting will confer discretionary authority to vote on any stockholder proposal presented at that meeting, unless we receive notice of such proposal not later than March 15, 2013, which is 45 calendar days prior to the anniversary date of the mailing of this Proxy Statement. It is recommended that stockholders submitting proposals direct them to our Corporate Secretary and utilize certified mail, return receipt requested in order to provide proof of timely receipt. The Chairman of the Annual Meeting reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements, including conditions set forth in our Amended and Restated Bylaws and conditions established by the Securities and Exchange Commission.

How are votes counted?

Votes will be counted by the Inspector of Election appointed for the meeting, who will separately count For and Withhold and, with respect to proposals other than the election of directors, Against votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total.

What are broker non-votes ?

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can

still vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. Under the new rules of the New York Stock Exchange, election of directors is no longer considered a routine matter, and as a result broker non-votes are not counted as shares present and entitled to be voted with respect to the matters on which the broker has not expressly voted. Thus, broker non-votes will not affect the outcome of the voting on Proposal 1 (election of nominees for director). The proposal to ratify the appointment of Squar, Milner as our independent registered public accounting firm is the only matter in this proxy statement considered to be a routine matter for which brokers will be permitted to vote on behalf of their clients if no voting instructions are furnished. **Therefore, it is important that you provide voting instructions to your broker.**

How many votes are needed to approve each proposal?

For Proposal No. 1, the election of directors, the four nominees receiving the most For votes (from the holders of shares present in person or represented by proxy and entitled to vote on the election of directors) will be elected. Only votes For the nominees will affect the outcome.

To be approved, Proposal No. 2, the approval for the amendment to the Company's 2010 Employee, Director and Consultant Equity Incentive Plan to authorize (i) the name change of the plan from the St. Bernard Software, Inc., 2010 Employee, Director and Consultant Equity Incentive Plan to the Edgewave, Inc., 2010 Employee, Director and Consultant Equity Incentive Plan and (ii) the issuance of an additional 1,000,000 shares of common stock under such plan so as to allow for the issuance of up to 2,350,000 shares of common stock, including increasing the maximum aggregate number of ISOs, Non-Qualified Options and Stock-Based Awards which may be issued from 350,000 shares to 1,350,000 shares, must receive For votes from the majority of shares present and entitled to vote either in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

To be approved, Proposal No. 3, the ratification of the selection by the Audit Committee of the Board of Directors of Squar, Milner, Peterson, Miranda & Williamson, LLP as the Company's independent auditors for its fiscal year ending December 31, 2012, must receive For votes from the holders of a majority of shares present and entitled to vote either in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares are present at the meeting in person or represented by proxy. On the record date, there were 17,023,933 shares outstanding and entitled to vote. Thus, the holders of 8,511,967 shares must be present in person or represented by proxy at the meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. We are required to file the voting results in a Current Report on Form 8-K which you can find within four business days of the Meeting on the SEC website at www.sec.gov.

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspector of Elections and American Stock Transfer & Trust Company, examine these documents. Management will not know how you voted on a specific proposal unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

PROPOSAL 1

ELECTION OF DIRECTORS

Each director of EdgeWave's Board of Directors is elected for a one year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term and until the director's successor is elected and qualified.

The Board of Directors presently has four members. All the directors' terms of office expire in 2012. Each of the nominees listed below is currently a director of the Company and has been previously elected by the stockholders of the Company. The Board of Directors has recommended each of the nominees listed below for election to the Board at the annual meeting. If elected at the annual meeting, each of these nominees would serve until the 2013 Annual Meeting of Stockholders and until his successor is elected and has qualified, or, if sooner, until the director's death, resignation, or removal. It is the Company's policy to invite directors and nominees for director to attend the Company's annual meetings.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. The four nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the four nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by the Board. Each person nominated for election has agreed to serve if elected. EdgeWave's management has no reason to believe that any nominee will be unable to serve.

PROPOSAL 2

APPROVAL OF THE AMENDMENT TO THE COMPANY'S 2010 EMPLOYEE, DIRECTOR, AND

CONSULTANT EQUITY INCENTIVE PLAN

As of March 31, 2012, under the 2010 Employee, Director, and Consultant Incentive Plan, the Company had 1,210,250 awards granted as Stock Grants and 139,750 option shares available for grant (plus any shares that might in the future be returned to the 2010 Employee, Director, and Consultant Incentive Plan (the Plan)), as a result of cancellations or expiration of options or the forfeiture rights).

Stockholders are requested in this Proposal 2 to approve the amendment to the Company's 2010 Employee, Director and Consultant Equity Incentive Plan to authorize (i) the name change of the plan from the St. Bernard Software, Inc., 2010 Employee, Director and Consultant Equity Incentive Plan to the Edgewave, Inc., 2010 Employee, Director and Consultant Equity Incentive Plan and (ii) the issuance of an additional 1,000,000 shares of common stock under such plan so as to allow for the issuance of up to 2,350,000 shares of common stock, including increasing the maximum aggregate number of ISOs, Non-Qualified Options and Stock-Based Awards which may be issued from 350,000 shares to 1,350,000 shares. If the amendment is approved, Section 3(a) of the 2010 Employee, Director and Consultant Equity Incentive Plan will be amended and restated to read as follows:

The number of Shares which may be issued from time to time pursuant to this Plan shall be 2,350,000 Shares, or the equivalent of such number of Shares after the Administrator, in its sole discretion, has interpreted the effect of any stock split, stock dividend, combination, recapitalization or similar transaction in accordance with Paragraph 24 of the Plan. Notwithstanding the foregoing, the maximum aggregate number of ISOs, Non-Qualified Options and Stock-Based Awards which may be issued is 1,350,000 Shares. Stock Grants may be issued up to the maximum amount set forth in the first sentence of this paragraph.

Stockholders are requested in this Proposal 2 to approve the amendment to the Plan. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the amendment to the Plan. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF PROPOSAL 2.

The essential features of the Incentive Plan are outlined below:

GENERAL

The Plan provides for the granting of Incentive Stock Options (ISOs), Non-Qualified Options, Stock Grants and Stock-Based Awards. Incentive stock options granted under the Plan are intended to qualify as incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code). Nonstatutory stock options granted under the Plan are not intended to qualify as incentive stock options under the Code. See Federal Income Tax Information for a discussion of the tax treatment of options.

PURPOSE

The Board adopted the Plan to encourage ownership of shares by employees, directors of the Company and certain consultants to the Company and its affiliates in order to attract and retain such people, to induce them to work for the benefit of the Company or of an affiliate and to provide additional incentive for them to promote the success of the Company or of an affiliate. All of the approximately one hundred nine (109) employees, directors and consultants of the Company and its parents or subsidiaries are eligible to participate in the Plan.

ELIGIBILITY FOR PARTICIPATION

Each participant must be an employee, director or consultant of the Company or of an affiliate at the time of the grant. However, the Administrator of the Plan (the Board or a Committee of the Board) may authorize the grant of a Stock Right to a person not then an employee, director or consultant of the Company or of an affiliate; provided, however, that the actual grant of such Stock Right is conditioned upon such person becoming eligible to become an employee, director or consultant at or prior to the time of the execution of the agreement evidencing such Stock Right. ISOs may be granted only to employees who are deemed to be residents of the United States for tax purposes.

LIMITATION ON GRANTS

The Plan currently allows for the issuance of up to 1,350,000 shares of Common Stock. The maximum aggregate number of ISOs, Non-Qualified Options and Stock-Based Awards which may be issued is 350,000 Shares. Stock Grants may be issued up to the maximum amount of 1,350,000. In addition, generally shares of Common Stock reserved for awards under the Plan that lapse or are canceled will be added back to the share reserve available for future awards at the same rate as they were deducted from the authorized shares. The Plan provides that no participant may receive awards for more than 750,000 shares of Common Stock in any fiscal year. If the amendment to the Plan is approved, then the Plan will allow for the issuance of up to 2,350,000 shares of Common Stock. The maximum aggregate number of ISOs, Non-Qualified Options and Stock-Based Awards which may be issued will be 1,350,000 Shares. Stock Grants may be issued up to the maximum amount of 2,350,000.

ADMINISTRATION

The Plan is administered by the Board or a Board committee (the Administrator). Subject to the provisions of the Plan, the Board or a Board committee determines, among other things, the persons to whom from time to time awards may be granted, the specific type of awards to be granted, the number of shares subject to each award, share prices, any restrictions or limitations on the award, and any vesting, exchange, deferral, surrender, cancellation, acceleration, termination, exercise or forfeiture provisions related to the awards.

The Board has the power to delegate administration of the Incentive Plan to a committee composed of one or more members of the Board. In 2006, the Compensation Committee formed a Non-Officer Stock Option Subcommittee, or Subcommittee, currently composed of Mr. Ryan, to which it delegated authority to grant, without any further action required by the Compensation Committee, Non-Qualified stock options to non-management employees. The purpose of this delegation of authority is to enhance the flexibility of option administration within the Company and to facilitate the timely grant of Non-Qualified options to non-management employees, particularly new employees, within specified limits approved by the Compensation Committee. In particular, the Subcommittee may not grant options to grant more than an aggregate of 10,000 shares per employee in any calendar year and all grants must be under standard terms and conditions.

TERMS AND CONDITIONS

Stock Options. The following is a description of the permissible terms of options under the Plan. Individual option grants may be more restrictive as to any or all of the permissible terms described below.

The Plan provides both for incentive stock options as defined in Section 422 of the Code and for options not qualifying as incentive options. Only employees of the Company may receive incentive stock options. The Board determines the exercise price per share of Common Stock purchasable under an incentive or non-qualified stock option.

The exercise price of stock options may not be less than 100% of the fair market value on the day of the grant or, if greater, the par value of a share of Common Stock. However, the exercise price of an incentive stock

option granted to a person possessing more than 10% of the total combined voting power of all classes of the Company stock may not be less than 110% of the fair market value on the date of grant. The number of shares covered by incentive stock options which may be exercised by any participant during any calendar year cannot have an aggregate fair market value in excess of \$100,000, measured at the date of grant.

Subject to any limitations or conditions the Board may impose, stock options may be exercised, in whole or in part, at any time during the term of the stock option by giving written notice of exercise to the Company specifying the number of shares of Common Stock to be purchased. The notice must be accompanied by payment in full of the purchase price.

Generally, stock options granted under the Plan may not be transferred other than by will or by the laws of descent and distribution and all stock options are exercisable during the holder's lifetime, or in the event of legal incapacity or incompetency, by the holder's guardian or legal representative.

Generally, if the holder is an employee, stock options granted under the Plan may be exercised by the holder while he or she is employed by the Company or a Company subsidiary at the time of the exercise, and for a period of three months, or such other greater period as the Board may determine, after the holder ceases to be an employee for reasons other than death or disability as "disabled" is defined in Section 22(e)(3) of the Code. In the event the holder's employment is terminated due to disability, the holder may still exercise his or her vested stock options for a period of 12 months or such other greater period as the Board may determine, from the date of termination or until the expiration of the stated term of the stock option, whichever period is shorter. Similarly, should a holder die while employed by the Company or a Company subsidiary, his or her legal representative or legatee under his or her will may exercise the decedent holder's vested stock options for a period of 12 months from the date of his or her death, or such other greater period as the Board may determine or until the expiration of the stated term of the stock option, whichever period is shorter.

Restricted Stock. Restricted stock is Common Stock that is subject to restrictions, including a prohibition against transfer and a substantial risk of forfeiture, until the end of a "restricted period" during which the grantee must satisfy certain vesting conditions. If the grantee does not satisfy the vesting conditions by the end of the restricted period, the restricted stock is forfeited.

During the restricted period, the holder of restricted stock has the rights and privileges of a regular stockholder, except that the restrictions set forth in the applicable award agreement apply. For example, the holder of restricted stock may vote and receive dividends on the restricted shares; but he or she may not sell the shares until the restrictions are lifted.

Other Stock-Based Awards. The Plan authorizes the grant of other Stock-Based Awards. Other Stock-Based Awards shall cover such number of shares of Common Stock and have such terms and conditions as the Administrator shall determine, including the grant of Common Stock based upon certain conditions, the grant of securities convertible into Common Stock and the grant of stock appreciation rights, phantom stock awards or stock units. The principal terms of each Stock-Based Award has to be set forth in an agreement executed by the Company and, to the extent required by law or requested by the Company, by the director, employee or consultant. The agreement has to be in a form approved by the Administrator and must contain terms and conditions which the Administrator determines to be appropriate and in the best interest of the Company.

Assignability and Transferability. Stock Rights granted cannot be transferable by the director, employee or consultant other than (i) by will or by the laws of descent and distribution, or (ii) as approved by the Administrator in its discretion and set forth in the applicable agreement and no Stock Right may be transferred for value. If an ISO is transferred except in compliance with clause (i) above, then it shall no longer qualify as an ISO.

Capital Adjustments. In the event of a stock dividend or stock split, the number of shares of Common Stock deliverable upon the exercise of an Option or acceptance of a Stock Grant will be appropriately increased

or decreased proportionately. In the event of a Corporate Transaction, as defined in the Plan (which includes a merger with or acquisition of the Company), the Administrator or the Board of Directors of any entity assuming the obligations of the Company under the Plan (the Successor Board), shall, as to outstanding Options, either (i) make appropriate provision for the continuation of such Options by substituting on an equitable basis for the Shares then subject to such Options either the consideration payable with respect to the outstanding shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity; or (ii) upon written notice to the Participants, provide that such Options must be exercised (either (A) to the extent then exercisable or, (B) at the discretion of the Administrator, any such Options being made partially or fully exercisable for purposes of this Subparagraph), within a specified number of days of the date of such notice, at the end of which period such Options which have not been exercised shall terminate; or (iii) terminate such Options in exchange for payment of an amount equal to the consideration payable upon consummation of such Corporate Transaction to a holder of the number of shares of Common Stock into which such Option would have been exercisable (either (A) to the extent then exercisable or, (B) at the discretion of the Administrator, any such Options being made partially or fully exercisable for purposes of this Subparagraph) less the aggregate exercise price thereof. For purposes of determining the payments to be made pursuant to Subclause (iii) above, in the case of a Corporate Transaction the consideration for which, in whole or in part, is other than cash, the consideration other than cash shall be valued at the fair value thereof as determined in good faith by the Board of Directors.

With respect to outstanding Stock Grants, the Administrator or the Successor Board, shall make appropriate provision for the continuation of such Stock Grants on the same terms and conditions by substituting on an equitable basis for the Shares then subject to such Stock Grants either the consideration payable with respect to the outstanding Shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity. In lieu of the foregoing, in connection with any Corporate Transaction, the Administrator may provide that, upon consummation of the Corporate Transaction, each outstanding Stock Grant shall be terminated in exchange for payment of an amount equal to the consideration payable upon consummation of such Corporate Transaction to a holder of the number of shares of Common Stock comprising such Stock Grant (to the extent such Stock Grant is no longer subject to any forfeiture or repurchase rights then in effect or, at the discretion of the Administrator, all forfeiture and repurchase rights being waived upon such Corporate Transaction). The Administrator is not obligated by the Plan to treat all Stock Rights, all Stock Rights held by a Participant, or all Stock Rights of the same type, identically.

Term and Amendments. Unless terminated by the Board or the Stockholders, the Plan will continue to remain effective until no further awards may be granted (November 11, 2020) and all awards granted under the Option Plan are no longer outstanding. The Administrator may at any time, and from time to time, amend the Option Plan, provided that no amendment will be made that would impair the rights of a holder under any agreement entered into pursuant to the Option Plan without the holder's consent.

FEDERAL INCOME TAX CONSIDERATIONS.

The material federal income tax consequences of the issuance and exercise of stock options and other awards under the Plan, based on the current provisions of the Code and regulations, are as follows. Changes to these laws could alter the tax consequences described below. This summary assumes that all awards granted under the 2010 Plan are exempt from or comply with, the rules under Section 409A of the Code related to nonqualified deferred compensation.

Incentive Stock Options. Incentive stock options are intended to qualify for treatment under Section 422 of the Code. An incentive stock option does not result in taxable income to the optionee or deduction to us at the time it is granted or exercised, provided that no disposition is made by the optionee of the shares acquired pursuant to the option within two years after the date of grant of the option nor within one year after the date of issuance of shares to the optionee (referred to as the ISO holding period). However, the difference between the fair market value of the shares on the date of exercise and the option exercise price will be an item of tax preference includible in alternative minimum taxable income of the optionee. Upon disposition of the shares

after the expiration of the ISO holding period, the optionee will generally recognize long term capital gain or loss based on the difference between the disposition proceeds and the price paid for the shares. If the shares are disposed of prior to the expiration of the ISO holding period, the optionee generally will recognize taxable compensation, and we will have a corresponding deduction, in the year of the disposition, equal to the excess of the fair market value of the shares on the date of exercise of the option over the option exercise price. Any additional gain realized on the disposition will normally constitute capital gain. If the amount realized upon such a disqualifying disposition is less than the fair market value of the shares on the date of exercise, the amount of compensation income will be limited to the excess of the amount realized over the optionee's adjusted basis in the shares.

Non-Qualified Options. Options otherwise qualifying as incentive stock options, to the extent the aggregate fair market value of shares with respect to which such options are first exercisable by an individual in any calendar year exceeds \$100,000, and options designated as non-qualified options will be treated as options that are not incentive stock options. A non-qualified option ordinarily will not result in income to the optionee or deduction to us at the time of grant. The optionee will recognize compensation income at the time of exercise of such non-qualified option in an amount equal to the excess of the then value of the shares over the option exercise price. Such compensation income of optionees may be subject to withholding taxes, and a deduction may then be allowable to us in an amount equal to the optionee's compensation income. An optionee's initial basis in shares so acquired will be the amount paid on exercise of the non-qualified option plus the amount of any corresponding compensation income. Any gain or loss as a result of a subsequent disposition of the shares so acquired will be capital gain or loss.

Stock Grants. With respect to stock grants under the Plan that result in the issuance of shares that are either not restricted as to transferability or not subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of shares received. Thus, deferral of the time of issuance will generally result in the deferral of the time the grantee will be liable for income taxes with respect to such issuance. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee. With respect to stock grants involving the issuance of shares that are restricted as to transferability and subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of the shares received at the first time the shares become transferable or are not subject to a substantial risk of forfeiture, whichever occurs earlier. A grantee may elect to be taxed at the time of receipt of shares rather than upon lapse of restrictions on transferability or substantial risk of forfeiture, but if the grantee subsequently forfeits such shares, the grantee would not be entitled to any tax deduction, including any capital loss, for the value of the shares on which he previously paid tax. The grantee must file such election with the Internal Revenue Service within 30 days of the receipt of the shares. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table provides certain information with respect to all of the Company's equity compensation plans in effect as of December 31, 2011.

Equity Compensation Plan Information

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (1) (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	3,616,233	\$ 0.27	393,419
Equity compensation plans not approved by security holders			209
Total	3,616,233	\$ 0.27	393,628

(1) These amounts include 1,350,000 shares of Common Stock reserved for issuance pursuant to the Plan previously approved by the Company's stockholders. The Company has proposed to increase the number of shares available under its 2010 Employee, Director, and Consultant Incentive Plan as more fully described in this proxy statement in the section entitled "Proposal 2 Approval of the Amendment to the Company's 2010 Employee, Director, and Consultant Incentive Plan."

The following equity compensation plans of the Company that were in effect as of December 31, 2011 were adopted without the approval of the Company's security holders: 2006 Recruitment Equity Incentive Plan.

On December 18, 2006, the Board approved the Company's 2006 Recruitment Equity Incentive Plan (the "2006 Recruitment Plan"). An aggregate of five hundred thousand (500,000) shares of the Company's common stock is eligible to be issued under the 2006 Recruitment Plan. The Board approved the 2006 Recruitment Plan to provide a means by which the Company will be able to retain the services of persons not previously employed by EdgeWave, as an inducement to individuals to become employed by EdgeWave and to provide incentives for such persons to exert maximum efforts for the success of EdgeWave and its subsidiaries. The 2006 Recruitment Plan provides for the grant of stock options, restricted stock awards, stock appreciation rights, phantom stock awards and other stock awards (collectively, the "Stock Awards"). Generally, new employees of EdgeWave who are hired as regular employees and perform regular employment services for EdgeWave or its subsidiaries will be eligible for Stock Awards. The 2006 Recruitment Plan is administered by the Board or an authorized Committee of the Board. Subject to the terms of the 2006 Recruitment Plan, the Board determines recipients, dates of grant, the numbers and types of Stock Awards to be granted, and the terms and conditions of the Stock Awards, including the period of their exercisability and vesting.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee designated Squar, Milner, Peterson, Miranda & Williamson, LLP, or Squar, as the Company's Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2012 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the 2012 Annual Meeting. Squar has been the Company's Independent Registered Public Accounting Firm since December 4, 2007. Squar has advised the Company that, in accordance with professional standards, they will not perform any non-audit service that would impair their independence for purposes of expressing an opinion on the Company's financial statements. Representatives of Squar are expected to be present at the 2012 Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Amended and Restated Bylaws nor other governing documents or law require stockholder ratification of the selection of Squar as the Company's Independent Registered Public Accounting Firm. However, the Audit Committee of the Board is submitting the selection of Squar to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of Squar. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum but are not counted for any purpose in determining whether this matter has been approved.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

In connection with the audit of the 2011 financial statements, the Company entered into an engagement agreement with Squar which sets forth the terms by which Squar will perform audit services for the Company. That agreement is subject to alternative dispute resolution procedures.

The 2011 and 2010 fees listed in the table below under Audit Fees represent fees billed by Squar for services provided to the Company in connection with the audits of our financial statements for the fiscal years ended December 31, 2011 and 2010, reviews of the financial statements included in each of our quarterly reports on Form 10Q, and services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements during those years. Audit-Related Fees listed in the table below for 2011 and 2010 represent fees billed by Squar for services provided to the Company in connection with audits of the Company's 401(k) Plan for the year ended December 31, 2010 and 2009.

	Fiscal Year Ended (in thousands)	
	2011	2010
Audit Fees	\$ 117	\$ 131
Audit-related Fees	8	8
Tax Fees		
All Other Fees		
Total Fees	\$ 125	\$ 139

All fees described above related to engagement of the Company's Independent Registered Public Accounting Firm were approved by the Audit Committee or the Board of Directors.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has adopted policies and procedures for the pre-approval of audit and non-audit services rendered by our independent auditor, Squar. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services, and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual explicit case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

Squar's report on the financial statements for the fiscal year ended December 31, 2011 and 2010 contained no adverse opinion or disclaimer of opinion and was not qualified as to audit scope or accounting principles. There were no disagreements between the Company and Squar on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, that would have caused Squar to report the disagreement if it had not been resolved to the satisfaction of Squar.

During the Company's two most recent fiscal years, neither the Company nor anyone on its behalf consulted Squar regarding (i) either the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's financial statements, and no written report or oral advice was provided to the Company that Squar concluded was an important factor considered by the Company in reaching a decision as to an accounting, auditing or financial reporting issue; or (ii) any matter that was the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304) or a reportable event (as defined in Item 304(a)(1)(v) of Regulation S-K).

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF PROPOSAL 3.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

INDEPENDENCE OF THE BOARD OF DIRECTORS

The Board consults with the Company's counsel to ensure that the Board's determinations are consistent with relevant securities and other laws and regulations regarding the definition of independent director including those set forth in pertinent listing standards of The Nasdaq Stock Market, LLC, or Nasdaq, as in effect from time to time. Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his family members, and the Company, its senior management and its independent auditors, the Board has affirmatively determined Messrs. Polanen, van Hedel and Baumel to be independent directors within the meaning of the applicable Nasdaq listing standards. In making this determination, the Board found that neither Messrs. Polanen, Baumel nor van Hedel had a material or other disqualifying relationship with the Company. Mr. Ryan, the Company's Chief Executive Officer and Chairman of the Board of Directors, is not an independent director by virtue of his employment with the Company.

Board's Leadership Structure

The Board's current leadership structure is characterized by a combined Chairman of the Board and CEO. The Board believes that its current leadership structure provides sufficient independent board leadership and engagement while deriving the benefit of having our CEO also serve as Chairman of the Board. As the individual with primary responsibility for managing the Company's day-to-day operations and with in-depth knowledge and understanding of the Company, our CEO is best positioned to chair regular Board meetings as we discuss key business and strategic issues. The Board believes that this combined structure along with our two independent directors provides a sufficient level of independent oversight.

Risk Oversight

Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of our strategic and organizational objectives, to improve long-term organizational performance and enhance shareholder value. A fundamental part of risk oversight is to understand the risks our Company faces, the steps management is taking to manage those risks and to assess management's appetite for risk. It is management's responsibility to manage risk and bring to the Board's attention material risks facing our Company. Our Board receives regular reports from management on matters relating to strategic and operational initiatives, financial performance and legal developments which are each integrated with enterprise-risk exposures. Our Board also approves our CEO's performance goals for each year. In doing so, the Board has an opportunity to ensure that the CEO's goals include responsibility for broad risk management. The involvement of the full Board in setting our strategic plan is a key part of its assessment of the risks inherent in our corporate strategy.

While the Board has the ultimate responsibility for overall risk oversight, each committee of the Board also has responsibility for particular areas of risk oversight. For example, the Audit Committee focuses on financial risk and internal controls. In addition, the Board of Directors, acting in lieu of the Compensation Committee in 2011, evaluates, reviews and sets compensation/benefit programs that encourage decision making predicated upon a level of risk consistent with our business strategy affecting employees as well as those applicable to executive officers. Finally, the Board of Directors acting in lieu of the Governance and Nominating Committee oversees governance and succession risk, including Board and CEO succession and evaluates director skills and qualifications to appoint particular directors to our standing committees based upon the needs of that committee.

MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors met eight (8) times during 2011. All directors attended at least 75% of the aggregate meetings of the Board, and of the committees on which they served, held during the period for which they were directors or committee members, respectively. We encourage our Board members to attend our annual stockholder meetings (in person or electronically). In 2011, all members of our Board of Directors attended our annual meeting held on June 15, 2011.

The Nominating and Governance Committee of the Board was dissolved effective June 24, 2009. The Board of Directors assumed the responsibility for identifying individuals qualified to become members of the Board and recommending to the Board individuals to be considered as nominees for election as directors at the annual meeting of stockholders of the Company. The Board of Directors has also assumed the responsibility of reviewing and evaluating incumbent directors, overseeing all aspects of the Company's corporate governance functions, developing and adopting corporate governance principles applicable to the Company (which are designed to help the Board satisfy its obligations to the stockholders of the Company) and is responsible for other affairs relating to directors of the Company, including director compensation.

The Board of Directors considers director candidates recommended by stockholders. The Board does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Board to become nominees for election to the Board may do so by delivering a written recommendation to the Board of Directors at the following address: 15333 Avenue of Science, Suite 100, San Diego, CA 92128 at least 120 days prior to the anniversary date of the mailing of the Company's proxy statement for the last Annual Meeting of Stockholders. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record holder of the Company's stock and has been a holder for at least one year. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director, if elected.

INFORMATION REGARDING COMMITTEES OF THE BOARD OF DIRECTORS

The Board has two committees: an Audit Committee and a Compensation Committee. The Nominating and Corporate Governance Committee was dissolved on June 24, 2009. The following table provides membership and meeting information for fiscal 2011 for each of the Board committees:

Name	Audit	Compensation

Humphrey Polanen (3)	X	X
William Baumel	X	X
Total meetings in fiscal 2011	5	1

- (1) Chairman of the Board of Directors.
- (2) Chairman of the Compensation Committee.
- (3) Chairman of the Audit Committee.

Below is a description of each committee of the Board of Directors. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities.

Audit Committee

The Audit Committee of the Board of Directors was established by the Board in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, to oversee the Company's corporate accounting and financial reporting processes and audits of its financial statements. For this purpose, the Audit Committee performs several functions including:

the selection and appointment, retention, compensation, termination and oversight of the work of the Company's independent auditor;

review with management and the independent auditor of any material conflicts or disagreements regarding financial reporting or accounting practices and policies of the Company;

approval of all audit and non-audit services to be performed by the independent auditor, as well as the scope of the services to be provided and the compensation to be paid for such services;

review and discussion with management of all the disclosures required to be included in periodic reports filed by the Company;

review of all relationships between the independent auditor and the Company and evaluation of the independent auditor's independence;

review of reports from the independent auditor describing the independent auditor's internal quality control procedures;

review of reports required to be submitted to the Company by the independent auditor concerning the independent auditor's internal quality control procedures and reviews;

evaluation of the independent auditor's qualifications and performance;

confirmation that the lead audit partner for the Company's independent auditor has not performed audit services for the Company for each of the five previous years;

review of the Company's financial statements for each interim period and any changes in accounting policies that have occurred during the interim periods;

discussion of guidelines and policies governing the procedures for risk assessment and risk management for the Company including discussion of the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures;

review with counsel and the independent auditor and management of any significant regulatory or other legal or accounting initiatives or matters that could have a material impact on the Company's financial statements;

discussion regarding the responsibilities, budget and staffing of the Company's internal audit function and reviews of the scope, quality and adequacy of the Company's internal controls over financial reporting and disclosure; and

establishment of procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, audit matters and establish procedures for the confidential submission by employees of concerns regarding questionable accounting or auditing matters.

The Audit Committee is composed of three directors: Messrs. Polanen, Baumel, and van Hedel. The Audit Committee met five times during 2011. The Audit Committee has adopted a written charter that is available to stockholders on the Company's website at http://www.edgewave.com/investor/corp_governance.asp.

The Board of Directors reviews the SEC listing standards definition of independence for Audit Committee members on an annual basis and has determined that Mr. Polanen and Mr. Baumel of the Company's Audit Committee are independent (as independence is currently defined in the applicable Nasdaq listing standards). The Board of Directors has determined that Mr. Polanen and Mr. Baumel qualify as Audit Committee financial experts, as defined in applicable SEC rules. The Board made a qualitative assessment of Mr. Polanen's and Mr. Baumel's level of knowledge and experience based on a number of factors, including their formal education, their ability to read and understand fundamental financial statements and understanding of Generally Accepted Accounting Practices (GAAP), Mr. Baumel's licensure as a CPA (non-practicing) and prior work experience as an auditor with Deloitte & Touche, their experience as chief executive officers, Mr. Polanen's experience as a chief

financial officer, and their venture capitalist backgrounds.

Report of the Audit Committee of the Board of Directors*

The Audit Committee of the Board of Directors has furnished the following report:

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2011 with management of the Company. The Audit Committee has discussed with Squar, Milner, Peterson, Miranda and Williamson, LLP, our independent registered public accounting firm, the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Interim Auditing Standards AU Section 380, *Communication with Audit Committees*, which includes, among other items, matters related to the conduct of the audit of our financial statements. The Compensation Committee of the Board of Directors is composed of three directors: Messrs. Polanen, Baumel and van Hedel. Mr. Polanen and Mr. Baumel meet the standards of independence within the meaning of the applicable Nasdaq listing standards. The Compensation Committee has adopted a written charter that is available to stockholders on the Company's website at http://www.edgewave.com/investor/corp_governance.asp. During 2011, the Company has maintained compliance with the provision in the Compensation Committee charter requiring that the Compensation Committee consist of at least two directors and that each of the directors satisfy the independence requirements set forth in the charter.

The Compensation Committee of the Board of Directors acts on behalf of the Board to review, adopt or recommend for adoption and oversee the Company's compensation strategy, policies, plans and programs, including:

Edgar Filing: EdgeWave, Inc. - Form DEF 14A

In 2011, the Compensation Committee met once. However, and with the exception of that one meeting, the responsibility of the Compensation Committee was performed by the full Board in 2011.

Compensation Committee Processes and Procedures

Typically, the Compensation Committee meets annually and with greater frequency, if necessary. The agenda for each meeting is usually developed by the Chair of the Compensation Committee, in consultation with the CEO and legal counsel. From time to time, various members of management, as well as outside advisors or consultants, may be invited by the Compensation Committee to make presentations, provide financial or other background information or advice or otherwise participate in Compensation Committee meetings. The Chief Executive Officer may not participate in or be present during any deliberations or determinations of the Compensation Committee regarding his compensation. The charter of the Compensation Committee grants the Compensation Committee the authority to obtain, at the expense of the Company, advice and assistance from internal and external legal, accounting or other advisors and consultants and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. In particular, the Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms.

Under its charter, the Compensation Committee may form, and delegate authority to, subcommittees, as appropriate. In 2006, the Compensation Committee formed a Non-Officer Stock Option Subcommittee, or Subcommittee, currently composed of Mr. Ryan, to which it delegated authority to grant, without any further action required by the Compensation Committee, stock options to employees who are not officers or management of the Company. The purpose of this delegation of authority is to enhance the flexibility of option administration within the Company and to facilitate the timely grant of options to non-management employees, particularly new employees, within specified limits approved by the Compensation Committee. In particular, the Subcommittee may not grant options to acquire more than an aggregate of 10,000 shares per employee in any calendar year and all grants must be under standard terms and conditions. Typically, as part of its oversight function, the Compensation Committee will review on a quarterly basis the list of grants made by the Subcommittee. The Subcommittee granted 298,187 options to purchase shares to non-officer employees in 2011.

The Compensation Committee establishes and makes, directly and sometimes by recommendations made to the Board of Directors, most significant adjustments to annual compensation, variable (bonus) compensation and equity awards of or to the executive officers of the Company and other direct reports to the Chief Executive Officer. The Compensation Committee also considers compensation for new executive hires. Generally, the Compensation Committee's process comprises of two related elements: the determination of compensation levels and the establishment of performance objectives. For executives other than the Chief Executive Officer, the Compensation Committee solicits and considers evaluations and recommendations submitted to the Compensation Committee by the Chief Executive Officer. In the case of the Chief Executive Officer, the evaluation of his performance is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as awards to be granted. For all executives, as part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth the total compensation that may become payable to executives in various hypothetical scenarios, executive stock ownership information, analyses of historical executive compensation levels and executive compensation paid at similar companies, including industry, location and size, identified by EdgeWave's management.

Nominating and Corporate Governance Committee

The Board of Directors does not currently have a Nominating and Corporate Governance Committee, which was dissolved in June 2009 due to a lack of a sufficient number of independent directors. The entire Board of Directors currently performs the functions of a nominating committee. The Board considers diversity in identifying candidates by generally seeking to achieve a diversity of occupational and personal backgrounds on the Board. However the Board has no formal policy regarding diversity.

Compensation Committee Interlocks and Insider Participation

None of the Company's executive officers currently serve, or has served during the last completed fiscal year, on the compensation committee or board of directors of any other entity that has one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Company's Board has adopted a formal process by which stockholders may communicate with the Board or any of its directors. This information is included in the Company's Corporate Governance Guidelines available on the Company's website at http://www.edgewave.com/investor/corp_governance.asp.

CODE OF ETHICS

The Company has adopted the EdgeWave Code of Ethics and Business Conduct that applies to all officers, directors and employees. The Code of Ethics and Business Conduct is available on our website at http://www.edgewave.com/investor/corp_governance.asp. If the Company makes any substantive amendments to the Code of Ethics and Business Conduct or grants any waiver from a provision of the Code of Ethics and Business Conduct to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver on its website.

CORPORATE GOVERNANCE GUIDELINES

In September 2006, the Board of Directors documented the governance practices followed by the Company by adopting Corporate Governance Guidelines to assure that the Board will have the necessary authority and practices in place to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management. The guidelines are also intended to align the interests of directors and management with those of the Company's stockholders. The Corporate Governance Guidelines set forth the practices the Board intends to follow with respect to board composition and selection, board meetings and involvement of senior management, Chief Executive Officer performance evaluation and succession planning, and board committees and compensation. The Corporate Governance Guidelines were adopted by the Board to, among other things, reflect changes to the Securities and Exchange Commission rules adopted to implement provisions of the Sarbanes-Oxley Act of 2002. The Corporate Governance Guidelines, as well as the charters for each committee of the Board, may be viewed at http://www.edgwave.com/investor/corp_governance.asp.

TRANSACTIONS WITH RELATED PERSONS

RELATED -PERSON TRANSACTIONS POLICY AND PROCEDURES

In November 2006, the Company adopted a written Related-Person Transactions Policy that sets forth the Company's policies and procedures regarding the identification, review, consideration and approval or ratification of related-persons transactions. For purposes of the Company's policy only, a related-person transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company and any related person are participants. Transactions involving compensation for services provided to the Company as an employee, director, consultant or similar capacity by a related person are not covered by this policy. A related person is any executive officer, director, or more than 5% stockholder of the Company, including any of their immediate family members, and any entity owned or controlled by such persons.

Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to the Audit Committee (or, where Audit Committee approval would be inappropriate, to another independent body of the Board) for consideration and approval or ratification. The presentation must include a description of, among other things, the material facts, the interests, direct and indirect, of the related persons, the benefits to the Company of the transaction and whether any alternative transactions were available. To identify related-person transactions in advance, the Company relies on information supplied by its executive officers and directors. In considering related-person transactions, the Audit Committee takes into account the relevant available facts and circumstances including, but not limited to (a) the risks, costs and benefits to the Company, (b) the impact on a director's independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated, (c) the terms of the transaction, (d) the availability of other sources for comparable services or products and (e) the terms available to or from, as the case may be, unrelated third parties or to or from employees generally. In the event a director has an interest in the proposed transaction, the director must recuse himself from the deliberations and approval. The policy requires that, in determining whether to approve, ratify or reject a related-person transaction, the Audit Committee look at, in light of known circumstances, whether the transaction is in, or is not inconsistent with, the best interests of the Company and its stockholders, as the Audit Committee determines in the good faith exercise of its discretion.

CERTAIN RELATED-PERSON TRANSACTIONS

On December 5, 2011, the Company entered into the 2011 Purchase Agreement pursuant to which the Company issued convertible notes payable in the amount of \$4.5 million (2011 Convertible Notes) to ATA Affiliates Fund II, L.P., ATA Investment Fund II, L.P., ATA Ventures II, L.P., and RWI Ventures II, L.P. (collectively, the Investors). Approximately \$3.0 million of the total gross proceeds from the 2011 Convertible Notes was used to retire previous convertible notes with the Investors. The 2011 Convertible Notes bear interest at the rate of 7.00% per annum with accrued interest and principal due and payable on the maturity date of December 4, 2015. The Investors may convert the 2011 Convertible Notes in whole or in part at any time prior to the maturity date into shares of Common Stock of the Company at a conversion price of \$0.70. Following the occurrence of any period of 60 consecutive trading days where the average closing price of the Common Stock of the Company is equal to or greater than \$1.00 per share, the entire unpaid principal amount of the 2011 Convertible Notes together with any unpaid interest shall be converted into Common Stock of the Company at the conversion price of \$0.70.

The obligations represented by the 2011 Convertible Notes are secured by a security interest in the assets of the Company, subordinated to the Silicon Valley Bank and Partners for Growth III, L.P. loan agreements. Upon the occurrence of any event of default, the Investors of the 2011 Convertible Notes may elect to call the principal amount, plus all accrued but unpaid interest on the 2011 Convertible Notes then outstanding, immediately due and payable.

The terms of the 2011 Convertible Notes also provided that in the event that prior to December 5, 2012, the Company issued a new Note (or Notes) for an aggregate consideration in excess of \$25,000 with a conversion price less than the current conversion price of the 2011 Convertible Notes, then going forward the conversion price of the portion of the 2011 Convertible Notes that had not previously been converted into equity securities would automatically be reduced to the new Note conversion rate. On March 29, 2012, the terms of the 2011 Convertible Notes were amended, effective as of the original issuance date of the 2011 Convertible Notes, to eliminate the above referenced conversion price adjustment provision and to include a provision that restricts that Company from issuing a new convertible note or series of new convertible notes with a conversion rate less than the then current conversion rate of the 2011 Convertible Notes prior to December 5, 2012.

As of March 31, 2012 the balance on the Notes totaled \$4.6 million, which includes approximately \$102,000 of accrued interest.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are EdgeWave, Inc. stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker. Direct your written request to EdgeWave, Inc., Chief Executive Officer, 15333 Avenue of Science, Suite 100, San Diego, CA 92128 or contact Louis E. Ryan at 858-676-2277. Stockholders who currently receive multiple copies of the proxy statement at their addresses and would like to request householding of their communications should contact their brokers.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
