**PROSPECTUS SUPPLEMENT SUMMARY**

*This summary highlights information contained elsewhere in the prospectus supplement, accompanying prospectus or the documents incorporated by reference therein. This summary does not contain all the information that you should consider before making an investment decision. You should read carefully this entire prospectus supplement and accompanying prospectus, including the information under the heading Risk factors, the financial data and other information incorporated by reference in the accompanying prospectus, and any free writing prospectus we authorize to be delivered to you before making an investment decision.*

**Our Company**

Medical Properties is a self-advised real estate investment trust ( REIT ) focused on investing in and owning net-leased healthcare facilities. We acquire and develop healthcare facilities and lease the facilities to healthcare operating companies under long-term net leases, which require the tenant to bear most of the costs associated with the property. We also make mortgage loans to healthcare operators collateralized by their real estate assets. In addition, we selectively make loans to certain of our operators through our taxable REIT subsidiaries, the proceeds of which are typically used for acquisition and working capital purposes. Finally, from time to time, we acquire a profits or other equity interest in our tenants that gives us a right to share in these tenants' profits and losses.

At March 31, 2014, our portfolio consisted of 117 properties (including the property acquired in the Hospital Acquisition described below):

54 general acute care hospitals;

24 long-term acute care hospitals;

31 inpatient rehabilitation hospitals;

2 medical office buildings; and

6 wellness centers.

At March 31, 2014, we owned 108 facilities, 94 of which were in operation and leased to 25 tenants and 14 of which were under development. Two of the facilities we own were subject to long-term ground leases. The remaining nine assets in our portfolio were in the form of first mortgage loans to four operators and consisted of four general acute care facilities, two long-term acute care hospitals, and three inpatient rehabilitation hospitals. Our investments are located in the United States and Europe. For the year ended December 31, 2013, the Operating Partnership's total revenue was \$242.5 million, its EBITDA was \$203.6 million and its net income was \$97.2 million. See Summary Historical Consolidated Financial Data for a reconciliation of the Operating Partnership's EBITDA to the Operating Partnership's net income.

Medical Properties was incorporated under Maryland law on August 27, 2003, and the Operating Partnership was formed under Delaware law on September 10, 2003. We conduct substantially all of our business through our

## **Recent Developments**

### **Acquisitions of Acute Care Hospitals**

On March 31, 2014, we acquired a general acute care hospital and an adjacent parcel for an aggregate purchase price of \$115 million. The facility was simultaneously leased back to its current operator under a lease with a 15-year initial term with a 3-year extension option, followed by a further 12-year extension option at fair market value. The lease provides for consumer price-indexed annual rent increases, subject to a specified floor and ceiling. The lease includes a customary right of first refusal with respect to a subsequent proposed sale of the facility. In this prospectus supplement, we refer to this acquisition as the [Hospital Acquisition](#). We financed the purchase price for the Hospital Acquisition with borrowings under our revolving credit facility.

In addition, we are currently in advanced discussions with a related seller to purchase an additional acute care hospital for approximately \$180 million, which is expected to be leased back to its current operator under a lease with a 15-year initial term with up to 15 years of extension options and consumer price-indexed annual rent increases, subject to a specified floor and ceiling. This potential hospital acquisition is contingent upon, among other things, the negotiation and execution of definitive agreements and the completion of satisfactory due diligence. If consummated, we expect to fund the purchase price with cash on hand, including any remaining net proceeds from this offering, and, to the extent necessary, additional borrowings under our revolving credit facility. In this prospectus supplement, we refer to this potential hospital acquisition as the [Potential Hospital Acquisition](#). We cannot assure you that the Potential Hospital Acquisition will be consummated on the terms described above or at all.

### **Pending Development Transaction Pipeline**

We have entered into a non-binding letter of intent with one of our current operators/lessees for the development of an additional acute care facility in the United States. The proposed transaction, which is valued at approximately \$55 million, is structured initially as a construction loan from us for the development of the facility, followed by a sale and leaseback to the operator/lessee upon completion under a lease with a 15-year initial term with up to 15 years of extension options and consumer price-indexed annual rent increases, subject to a specified floor and ceiling. While we expect the transaction to close during the first half of 2014, the transaction is contingent upon, among other things, the negotiation and execution of definitive agreements and the completion of satisfactory due diligence, and we cannot assure you that it will be consummated on the terms described above or at all.

In addition, we have entered into a non-binding letter of intent with an affiliate of another of our current operators/lessees for the development of emergency room facilities in the United States, as well as the development and/or acquisition of acute care hospitals in the United States, with an estimated aggregate funding commitment from us and our affiliates of approximately \$150 million. Each of these facilities, when completed, will be leased to the operator/lessee or its affiliates under a master lease and applicable subleases providing for a 15-year initial term with up to 15 years of extension options and consumer price-indexed annual rent increases, subject to a specified floor. While we expect definitive documentation with respect to this transaction will be executed during the first half of 2014, we cannot assure you that definitive documentation will be executed on the terms described above or at all.

## **Table of Contents**

### **Potential Disposition**

As described in our 2013 Annual Report on Form 10-K, which is incorporated by reference into this prospectus supplement, as of December 31, 2013, we had \$21.0 million of rent, interest and other charges owed to us by the operator/lessee of Monroe Hospital in Bloomington, Indiana. In addition, we have advanced \$31.1 million to the operator/lessee pursuant to a working capital loan agreement. Because the operator has not made all payments required by the real estate lease agreement and working capital loan agreement, we consider the loan to be impaired.

During the first quarter of 2014 we commenced and are now in advanced discussions with a third party with respect to a restructuring of our investment in the form of a new joint venture that would acquire the real estate of Monroe Hospital and related assets in exchange for a combination of cash and promissory notes. We will also be entitled to share in the joint venture's profits during the first five years of operations. While we expect the transaction to close during the second half of 2014, the transaction is contingent upon, among other things, the negotiation and execution of definitive agreements and the completion of satisfactory due diligence, and we cannot assure you that it will be consummated on the terms described above or at all.

If consummated, we believe this transaction will result in an impairment of up to \$20 million to be recognized in the first quarter of 2014. If the transaction is not completed as currently expected, further impairment charges could be incurred.

### **Common Stock Offering**

On March 11, 2014, Medical Properties completed an underwritten public offering of 8,300,000 shares of its common stock, consisting of 7,700,000 shares sold by Medical Properties and 600,000 shares sold by a selling stockholder, resulting in net proceeds to Medical Properties of approximately \$100,235,000, after deducting estimated offering expenses, all of which were used to repay borrowings under our revolving credit facility. Medical Properties also granted the underwriters a 30-day option to purchase up to an additional 1,245,000 shares of common stock from Medical Properties. The option, which was exercised in full, closed on April 8, 2014 and resulted in additional net proceeds to Medical Properties of approximately \$16 million.

In this prospectus supplement, we refer to (1) Medical Properties' common stock offering and issuance of 8,945,000 shares and the use of net proceeds to Medical Properties therefrom to repay borrowings under our revolving credit facility, and (2) the consummation of the Hospital Acquisition and the financing thereof with borrowings under our revolving credit facility, collectively, as the Transactions.

Guarantees

The notes will be guaranteed, jointly and severally, on a senior unsecured basis by our parent company and by each of our subsidiaries that guarantees our revolving credit facility. See Description of Notes The Guarantees.

Ranking

The notes will be our and the guarantors' general senior unsecured obligations, will rank equal in right of payment with all of such entities existing and future senior indebtedness, including borrowings under our revolving credit facility and under our term loan, our senior notes due 2020, 2021 and 2022, and with respect to the Operating Partnership and Medical Properties Trust, the senior notes due 2016, and will rank senior in right of payment to all of such entities' existing and future subordinated indebtedness; however, the notes will be effectively subordinated to all of our and the guarantors' secured indebtedness to the extent of the value of the collateral securing such indebtedness. The notes will also be structurally subordinated to the indebtedness and other obligations of our subsidiaries that do not guarantee the notes with respect to the assets of such entities.

As of December 31, 2013 and after giving effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of our borrowings under our revolving credit facility, we and the guarantors (after accounting for intercompany transactions) would have had \$1.6 billion of indebtedness (none of which would have been secured indebtedness), and our subsidiaries that will not guarantee the notes would have had \$13.9 million of indebtedness and \$413.8 million of other liabilities, all of which would have been structurally senior to the notes, and assets of \$625.6 million or 19.5% of the Operating Partnership's consolidated total assets.

For the year ended December 31, 2013, after giving effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of our borrowings under our revolving credit facility, our subsidiaries that will not guarantee the notes would have had net income of \$18.2 million. For the year ended December 31, 2013 after giving effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of our borrowings under our revolving credit facility, our subsidiaries that will not guarantee the notes would have had \$44.5 million of the Operating Partnership's Acquisition Adjusted EBITDA, or 16.5% of the Operating Partnership's Acquisition Adjusted EBITDA. See Summary Historical Consolidated Financial Data for a reconciliation of the Operating Partnership's Acquisition Adjusted EBITDA to the Operating Partnership's net income.

**Table of Contents**

As of December 31, 2013 and after giving effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of our borrowings under our revolving credit facility, we would have had no borrowings under our \$400 million revolving credit facility and \$400 million of availability.

We and our restricted subsidiaries are also required to maintain total unencumbered assets of at least 150% of our collective unsecured debt.

These covenants are subject to important exceptions and qualifications. See Description of Notes Certain Covenants.

No Public Market

The notes will be new securities for which there is currently no established trading market. The underwriters have advised us that they intend to make a market in the notes. The underwriters are not obligated, however, to make a market in the notes, and any such market-making may be discontinued by the underwriters in their discretion at any time without notice. - (1) Reclassification, presentation and certain computational changes have been made for the results of properties sold and reclassified to discontinued operations.
- (2) Cash paid for acquisitions and other related investments totaled \$279.0 million, \$621.5 million, \$654.9 million in 2011, 2012 and 2013, respectively. The results of operations resulting from these investments are reflected in our consolidated financial statements from the dates invested. See Note 3 in Item 8 of the combined Annual Report on Form 10-K of Medical Properties and the Operating Partnership for the year ended December 31, 2013 for further information on acquisitions of real estate, new loans, and other investments. We funded these investments generally from issuing common stock, utilizing additional amounts of our revolving facility, incurring additional debt, or from the sale of facilities. See Notes 4, 9, and 11, in Item 8 of the combined Annual Report on Form 10-K of Medical Properties and the Operating Partnership for the year ended December 31, 2013 for further information regarding our debt, common stock and discontinued operations, respectively.
- (3) Includes \$12.0 million in transfer taxes in 2013 related to our property acquisitions in Germany.

- (4) We believe that earnings before interest expense (including debt refinancing expense), income taxes, depreciation and amortization, or EBITDA, and Adjusted EBITDA, are useful supplemental performance measures because they allow investors to view the Operating Partnership's performance without the impact of non-cash depreciation and amortization or the cost of debt. Adjusted EBITDA is EBITDA adjusted to eliminate the impact of gains and losses on asset sales, write-off of straight line rent, write-off of former tenant receivable, executive severance and acquisition costs. In calculating net debt to Adjusted EBITDA, we have subtracted from net debt all cash on the balance sheet as of each applicable fiscal year end. In addition, we believe EBITDA and Adjusted EBITDA are frequently used by securities analysts, investors

**Table of Contents**

and other interested parties in the evaluation of REITs. Because EBITDA and Adjusted EBITDA are calculated before recurring cash charges including interest expense and income taxes, exclude capitalized costs, such as leasing commissions, and are not adjusted for capital expenditures or other recurring cash requirements of our business, their utility as a measure of the Operating Partnership's performance is limited. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur charges, costs and expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Accordingly, EBITDA and Adjusted EBITDA should be considered only as supplements to net income (computed in accordance with U.S. GAAP) as a measure of the Operating Partnership's financial performance. Other REITs may calculate EBITDA and Adjusted EBITDA differently than the Operating Partnership does; accordingly, the Operating Partnership's EBITDA and Adjusted EBITDA may not be comparable to such other REITs' EBITDA and Adjusted EBITDA. EBITDA and Adjusted EBITDA as described above may not be calculated on the same basis as Consolidated EBITDA is calculated under the indenture governing the notes. For a description of how Consolidated EBITDA is calculated under the indenture governing the notes, see Description of Notes Certain definitions.

- (5) We define net debt as debt less cash and cash equivalents.
- (6) We believe that Acquisition Adjusted EBITDA is a useful supplemental performance measure because it allows investors to view our performance reflective of the Hospital Acquisition and our other acquisitions and divestitures since January 1, 2013. Acquisition Adjusted EBITDA consists of the Operating Partnership's Adjusted EBITDA for the year ended December 31, 2013 plus rent we estimate we would have received from the assets we have acquired since January 1, 2013 had we acquired such assets on January 1, 2013 for the period beginning on January 1, 2013 and ending on the earlier of December 31, 2013 and the date of each such acquisition ( Estimated rent gain from acquired assets ), less rent attributable to the assets we have divested since January 1, 2013 to the extent such rent was included in the Operating Partnership's total net income for the year ended December 31, 2013 ( Estimated rent loss from divested assets ), less additional general and administrative expenses that we estimate we would have incurred with respect to such acquired assets had they been acquired on January 1, 2013 for the year ended December 31, 2013, net of general and administrative expenses that we estimate we would have saved with respect to the divested assets had they been divested on January 1, 2013 for the year ended December 31, 2013 ( Estimated increased G&A expense ). Acquisition Adjusted EBITDA was prepared based upon the purchase method of accounting for the real estate acquired pursuant to the Hospital Acquisition and our other acquisitions since January 1, 2013 and the expected accounting treatment of the related leases as operating leases pursuant to U.S. GAAP. Because Acquisition Adjusted EBITDA is calculated before recurring cash charges including interest expense and income taxes, excludes capitalized costs, such as leasing commissions, and is not adjusted for capital expenditures or other recurring cash requirements of our business, including assets acquired pursuant to the Hospital Acquisition and our other acquisitions since January 1, 2013, its utility as a measure of the Operating Partnership's performance is limited. In evaluating Acquisition Adjusted EBITDA, you should be aware that in the future we may incur charges, costs and expenses that are the same as or similar to some adjustments in this presentation. Our presentation of Acquisition Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Accordingly, Acquisition Adjusted EBITDA should be considered only as a supplement to net income (computed in accordance with U.S. GAAP) as a measure of the Operating Partnership's financial performance. Acquisition Adjusted EBITDA as described above is not calculated on the same basis as Consolidated EBITDA is calculated under the indenture governing the notes. For a description of how Consolidated EBITDA is calculated under the indenture governing the notes, see Description of Notes Certain Definitions.

**RISK FACTORS**

An investment in the notes offered hereby involves various risks, including those set forth below as well as the risk factors included in the combined Annual Report on Form 10-K of Medical Properties and the Operating Partnership for the year ended December 31, 2013, which is incorporated by reference into the accompanying prospectus. You should carefully consider these risk factors, together with the information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment in the notes offered hereby. These risks are not the only ones we face. Additional risks not presently known to us or that we currently deem immaterial may also adversely affect our business operations. These risks could materially adversely affect, among other things, our business, financial condition or results of operations, and could cause the trading price of the notes to decline, resulting in the loss of all or part of your investment.

**Risks Related to the Notes and the Offering**

*Our indebtedness may affect our ability to operate our business, and may have a material adverse effect on our financial condition and results of operations. We and our subsidiaries may incur additional indebtedness, including secured indebtedness.*

As of December 31, 2013 and after giving effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of our borrowings under our revolving credit facility, the Issuers and the guarantors (after accounting for intercompany transactions) would have had \$1.6 billion of indebtedness (none of which would have been secured indebtedness) and our subsidiaries that will not guarantee the notes would have had \$13.9 million of indebtedness and \$413.8 million of other liabilities. In addition, as of December 31, 2013 and after giving effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of our borrowings under our revolving credit facility, we would have had no borrowings under our \$400 million revolving credit facility and \$400 million of availability.

Our indebtedness could have significant adverse consequences to us and the holders of the notes, such as:

requiring us to use a substantial portion of our cash flow from operations to service our indebtedness, which would reduce the available cash flow to fund working capital, capital expenditures, development projects and other general corporate purposes;

limiting our ability to obtain additional financing to fund our working capital needs, acquisitions, capital expenditures or other debt service requirements or for other purposes;

limiting our ability to compete with other companies who are not as highly leveraged, as we may be less capable of responding to adverse economic and industry conditions;

restricting us from making strategic acquisitions, developing properties or exploiting business opportunities;

restricting the way in which we conduct our business because of financial and operating covenants in the agreements governing our existing and future indebtedness, including, in the case of certain indebtedness of subsidiaries, certain covenants that restrict the ability of subsidiaries to pay dividends or make other distributions to us;

exposing us to potential events of default (if not cured or waived) under financial and operating covenants contained in our debt instruments that could have a material adverse effect on our business, financial condition and operating results;

S-12

## Table of Contents

increasing our vulnerability to a downturn in general economic conditions; and

limiting our ability to react to changing market conditions in our industry and in our tenants and borrowers industries.

In addition, borrowings under our revolving credit facility will and our other future borrowings may bear interest at variable rates. If interest rates increase significantly, our ability to borrow additional funds may be reduced and the risk related to our indebtedness would intensify.

In addition to our debt service obligations, our operations may require substantial investments on a continuing basis. Our ability to make scheduled debt payments, to refinance our obligations with respect to our indebtedness and to fund capital and non-capital expenditures necessary to maintain the condition of our operating assets and properties, as well as to provide capacity for the growth of our business, depends on our financial and operating performance, which, in turn, is subject to prevailing economic conditions and financial, business, competitive, legal and other factors.

Subject to the restrictions that are contained in our revolving and term loan facilities and the indentures governing the Operating Partnership's senior notes due 2016 (the 2016 Notes), the indenture governing the Issuers' 5.750% senior notes due 2020 (the 2020 Notes), the indenture governing the Issuers' 6.875% senior notes due 2021 (the 2021 Notes) and the indenture governing the Issuers' 6.375% senior notes due 2022 (the 2022 Notes) and, such indentures collectively, the Existing Indentures) and restrictions that will be contained in the indenture governing the notes offered hereby, we may also incur significant additional indebtedness, including additional secured indebtedness. Although the terms of these agreements contain restrictions on the incurrence of additional indebtedness, these restrictions are subject to a number of qualifications and exceptions, and additional indebtedness incurred in compliance with these restrictions could be significant. If we incur additional debt in the future, the risks described above could increase.

***We may not be able to generate sufficient cash to service all of our indebtedness, including the notes, and may be forced to take other actions to satisfy our obligations under our indebtedness that may not be successful.***

Our ability to satisfy our debt obligations will depend upon, among other things:

our future financial and operating performance, which will be affected by prevailing economic conditions and financial, business, regulatory and other factors, many of which are beyond our control; and

our future ability to borrow under our revolving credit facility, the availability of which depends on, among other things, our complying with the covenants in the indenture that will govern the notes.

We cannot assure you that our business will generate sufficient cash flow from operations, or that we will be able to draw under our revolving credit facility or otherwise, in an amount sufficient to fund our liquidity needs.

If our cash flows and capital resources are insufficient to service our indebtedness, we may be forced to reduce or delay capital expenditures, sell assets, seek additional capital or restructure or refinance our indebtedness, including the notes. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to

comply with more onerous covenants, which could further restrict our business operations. In addition, the terms of existing or future debt agreements may restrict us from adopting some of these alternatives. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations, sell equity, and/or negotiate

S-13

**Table of Contents**

with our lenders to restructure the applicable debt, in order to meet our debt service and other obligations. We may not be able to consummate those dispositions for fair market value or at all. Our term loan facility, revolving credit facility, the Existing Indentures and the indenture governing the notes offered hereby may restrict, or market or business conditions may limit, our ability to avail ourselves to some or all of these options. Furthermore, any proceeds that we could realize from any such dispositions may not be adequate to meet our debt service obligations then due.

***Our debt agreements contain restrictions that limit our flexibility in operating our business.***

Our revolving credit and term loan facilities and the Existing Indentures contain, the indenture governing the notes offered hereby will contain and any instruments governing future indebtedness of ours may contain, a number of covenants that impose significant operating and financial restrictions on us, including restrictions on our ability to, among other things:

incur additional debt or issue certain preferred shares;

pay dividends on or make distributions in respect of Medical Properties capital stock or make other restricted payments;

make certain payments on debt that is subordinated to the notes;

make certain investments;

sell or transfer assets;

create liens on certain assets;

consolidate, merge, sell or otherwise dispose of all or substantially all of our assets;

enter into certain transactions with our affiliates; and

designate our subsidiaries as unrestricted subsidiaries.

Any of these restrictions could limit our ability to plan for or react to market conditions and could otherwise restrict corporate activities. Any failure to comply with these covenants could result in a default under our term loan facility, revolving credit facility, the indenture governing the notes offered hereby and the Existing Indentures. Upon a default, unless waived, the lenders under our term loan facility and revolving credit facility could elect to terminate their commitments, cease making further loans and force us into bankruptcy or liquidation. Holders of the notes offered hereby, our 2016 Notes, 2020 Notes, 2021 Notes and our 2022 Notes would also have the ability ultimately to force us into bankruptcy or liquidation, subject to the indenture governing the notes offered hereby and the Existing

Indentures. In addition, a default (or an event of default) under our term loan facility, our revolving credit facility, the indenture governing the notes offered hereby and the Existing Indentures may trigger a cross default under our other agreements and could trigger a cross-default or cross-acceleration under the agreements governing our future indebtedness. Our operating results may not be sufficient to service our indebtedness or to fund our other expenditures and we may not be able to obtain financing to meet these requirements. See Description of Notes.

We will depend on dividends and distributions from our direct and indirect subsidiaries to fulfill our obligations under the notes. The creditors of these subsidiaries are entitled to amounts payable to them by the subsidiaries before the subsidiaries may pay any dividends or distributions to us.

Substantially all of our assets are held through our subsidiaries. We depend on these subsidiaries for substantially all of our cash flow. The creditors of each of our direct and indirect subsidiaries are entitled to payment of that subsidiary's obligations to them, when due and payable, before distributions may be made by

## **Table of Contents**

that subsidiary to us. Thus, our ability to service our debt obligations, including our ability to pay the interest on and principal of the notes when due, depends on our subsidiaries' ability first to satisfy their obligations to their creditors and then to make distributions to us. Our subsidiaries are separate and distinct legal entities and have no obligations, other than under the guarantee of the notes for the majority of our subsidiaries, to make any funds available to us.

If we default on our obligations to pay our other indebtedness, we may not be able to make payments on the notes.

Any default under the agreements governing our indebtedness, including a default under our term loan facility, our revolving credit facility, the indentures governing the notes offered hereby and the Existing Indentures, that is not waived by the required holders of such indebtedness, could leave us unable to pay principal, premium, if any, or interest on the notes and could substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, or interest on such indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness, including our term loan facility, our revolving credit facility, the indenture governing the notes offered hereby and the Existing Indentures, we could be in default under the terms of the agreements governing such indebtedness. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with any accrued and unpaid interest, the lenders under our term loan facility and revolving credit facility could elect to terminate their commitments, cease making further loans and we could be forced into bankruptcy or liquidation, as applicable. If our operating performance declines, we may in the future need to seek waivers from the required lenders under our term loan facility and revolving credit facility to avoid being in default. If we breach our covenants under our term loan facility and revolving credit facility and seek waivers, we may not be able to obtain waivers from the required lenders thereunder.

***Your right to receive payments on the notes is effectively subordinated to the right of lenders who have a security interest in our assets to the extent of the value of those assets.***

Our obligations under our term loan facility and revolving credit facility, the indenture governing the notes offered hereby and the Existing Indentures, the guarantors' obligations under their guarantees of borrowings under our term loan facility, revolving credit facility, the notes offered hereby, the 2020 Notes, the 2021 Notes and the 2022 Notes and Medical Properties' obligations under the 2016 Notes are unsecured, but certain of our future debt obligations may be secured. If we are declared bankrupt or insolvent, or if we default under any of our future secured financing arrangements, the funds borrowed thereunder, together with accrued interest, could become immediately due and payable. If we were unable to repay such indebtedness, the lenders could foreclose on the pledged assets to the exclusion of holders of the notes, even if an event of default exists under the indenture governing the notes at such time. In any such event, because the notes are not secured by any of such assets, it is possible that there would not be sufficient assets from which your claims could be satisfied.

***Claims of noteholders will be structurally subordinated to claims of creditors of any of our subsidiaries that do not guarantee the notes.***

We conduct all of our operations through our subsidiaries. Subject to certain limitations, the indenture governing the notes will permit us to form or acquire subsidiaries that are not guarantors of the notes and permit such non-guarantor subsidiaries to acquire assets and incur indebtedness, and, as a result, noteholders would not have any claim as a creditor against any such subsidiaries. The claims of the creditors of those subsidiaries, including their trade creditors, banks and other lenders, would have priority over any of our claims or those of our other subsidiaries as equity holders of the non-guarantor subsidiaries. Consequently, in any insolvency, liquidation, reorganization, dissolution or other winding-up of any of the non-guarantor subsidiaries, creditors of those subsidiaries would be paid before any amounts

would be distributed to us or to any of our other subsidiaries

as equity holders, and thus be available to satisfy our and the guarantors' obligations under the notes and guarantees of the notes.

As of December 31, 2013 and on an as adjusted basis to give effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of our borrowings under our revolving credit facility, our subsidiaries that will not guarantee the notes would have had \$13.9 million of indebtedness and \$413.8 million of other liabilities, all of which would have been structurally senior to the notes, and would have had assets of \$625.6 million, or 19.5% of the Operating Partnership's consolidated total assets. For the year ended December 31, 2013 after giving effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of our borrowings under our revolving credit facility, our subsidiaries that will not guarantee the notes would have had \$18.2 million of net income and \$44.5 million of Acquisition Adjusted EBITDA, or 16.5% of the Operating Partnership's Acquisition Adjusted EBITDA. See Summary Historical Consolidated Financial Data for a reconciliation of the Operating Partnership's Acquisition Adjusted EBITDA to the Operating Partnership's net income.

***We may not be able to satisfy our obligations to holders of the notes upon a change of control.***

Upon the occurrence of a change of control, as defined in the indenture, with certain exceptions, each holder of the notes will have the right to require us to purchase the notes at a price equal to 101% of the principal amount thereof. Our failure to purchase, or to give notice of purchase of, the notes would be a default under the indenture and any such default could result in a default under certain of our other indebtedness, including our term loan facility, our revolving credit facility and the Existing Indentures. In addition, a change of control may constitute an event of default under our term loan facility and revolving credit facility.

***There is no established trading market for the notes. If an actual trading market does not develop for the notes, you may not be able to resell them quickly, for the price that you paid or at all.***

The notes are new securities for which there is currently no existing market and the notes will not be listed for trading on any exchange. We cannot assure you as to the liquidity of any market that may develop for the notes, the ability of holders of the notes to sell them or the price at which the holders of the notes may be able to sell them. The liquidity of any market for the notes will depend on the number of holders, prevailing interest rates, the market for similar securities and other factors, including general economic conditions and our own financial condition, performance and prospects, as well as recommendations by securities analysts. Historically, the market for non-investment-grade debt, such as the notes, has been subject to disruptions that have caused substantial price volatility. We cannot assure you that if a market for the notes were to develop, such a market would not be subject to similar disruptions.

The underwriters have advised us that they intend to make a market in the notes, but they are not obligated to do so. Each underwriter may discontinue any market making in the notes at any time, in its sole discretion, without notice. As a result, we cannot assure you as to the liquidity of any trading market for the notes.

We also cannot assure you that you will be able to sell your notes at a particular time or at all, or that the prices that you receive when you sell them will be favorable. If no active trading market develops, you may not be able to resell your notes at their fair market value, or at all.

***U.S. federal and state statutes allow courts, under specific circumstances, to avoid the guarantees, subordinate claims in respect of the guarantees and require note holders to return payments received from the guarantors.***

Medical Properties and certain of the Operating Partnership's subsidiaries will guarantee the obligations under the notes. The issuance of the guarantees by the guarantors may be subject to review under federal and

S-16

**Table of Contents**

state laws if a bankruptcy, liquidation or reorganization case or a lawsuit, including in circumstances in which bankruptcy is not involved, were commenced at some future date by, or on behalf of, the unpaid creditors of a guarantor. Under the federal bankruptcy laws and comparable provisions of state fraudulent transfer, insolvency, fictitious indebtedness and similar laws, a court may avoid or otherwise decline to enforce a guarantor's guarantee or may subordinate the notes or such guarantee to the applicable guarantor's existing and future indebtedness. While the relevant laws may vary from state to state, a court might do so if it found that when the applicable guarantor entered into its guarantee, or, in some states, when payments became due under such guarantee, the applicable guarantor received less than reasonably equivalent value or fair consideration in exchange for its issuance of the guarantee and:

was insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction, or was about to engage in a business or transaction, for which its remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they matured.

Under the fictitious indebtedness laws of some states, the presence of the above-listed factors is not required for a guarantee to be invalidated. A court would likely find that a guarantor did not receive reasonably equivalent value or fair consideration in exchange for such guarantee if such guarantor did not substantially benefit directly or indirectly from the issuance of such guarantee. The measures of insolvency for purposes of these fraudulent transfer, insolvency and similar laws vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor, as applicable, would be considered insolvent if:

the sum of its debts, including contingent and unliquidated liabilities, was greater than the fair saleable value of its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent and unliquidated liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

A court might also avoid a guarantee, without regard to the above factors, if the court found that the applicable guarantor entered into its guarantee with the actual intent to hinder, delay or defraud its creditors. In addition, any payment by a guarantor pursuant to its guarantee could be avoided and required to be returned to such guarantor or to a fund for the benefit of such guarantor's overall creditor body, and accordingly the court might direct you to repay any amounts that you had already received from such guarantor.

To the extent a court avoids any of the guarantees as fraudulent transfers or holds any of the guarantees unenforceable or avoidable for any other reason, holders of notes would cease to have any direct claim against the applicable guarantor. If a court were to take this action, the applicable guarantor's assets would be applied first to satisfy the

applicable guarantor's direct liabilities, if any, and might not be applied to the payment of the guarantee. Sufficient funds to repay the notes may not be available from other sources, including the remaining guarantors, if any.

Each guarantee will contain a provision intended to limit the guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer. This provision may not be effective to protect the guarantees from being avoided under applicable fraudulent transfer laws or may reduce the guarantor's obligation to an amount that effectively makes the guarantee worthless. Although overturned on other grounds, in a recent Florida bankruptcy case, such a provision was found to be ineffective to protect the guarantee.

***MPT Finance Corporation has no material assets or operations and provides no credit support for the notes.***

MPT Finance Corporation is a wholly owned subsidiary of the Operating Partnership and was formed for the sole purpose of being a co-issuer of some of the Operating Partnership's indebtedness. It has no assets or operations. You should not rely upon MPT Finance Corporation to make payments on the notes.

***The guarantees of the notes provided by our subsidiaries that are organized under the laws of Luxembourg are subject to additional risks.***

The notes will be guaranteed, jointly and severally, on a senior unsecured basis by Medical Properties and our subsidiaries that guarantee our revolving credit facility. Certain of these guarantors, MPT RHM Holdco S.à r.l., MPT RHM Sonnenwende S.à r.l., MPT RHM Klaus S.à r.l., MPT RHM Vesalius S.à r.l., MPT RHM Park S.à r.l., MPT RHM Fontana S.à r.l., MPT RHM Christiaan S.à r.l. and MPT RHM Hillersbach S.à r.l., are organized under laws of Luxembourg (collectively, the Luxembourg Guarantors). As of December 31, 2013, the Luxembourg Guarantors had \$272.8 million of assets, or 9.4% of the Operating Partnership's consolidated total assets. **USE OF PROCEEDS**

We estimate that the net proceeds from this offering will be approximately \$294.5 million, after deducting underwriting discounts and commissions and our estimated offering expenses. We intend to use the net proceeds from this offering to repay all of our borrowings under our revolving credit facility, approximately \$115 million of which were used to finance the Hospital Acquisition, and for general corporate purposes, which may include investing in additional healthcare properties, including to finance the purchase price of the Potential Hospital Acquisition. As of April 4, 2014, we had \$155 million of borrowings outstanding under our revolving credit facility. Our revolving credit facility matures in October 2015 and bears interest at a variable rate, at our option, equal to either (1) the higher of the prime rate or federal funds rate plus 0.5%, plus a spread initially set at 1.60% (adjustable from 1.60% to 2.40% based on current total leverage), or (2) LIBOR plus a spread over LIBOR initially set at 2.60%, (adjustable from 2.60% to 3.40% based on current total leverage). The applicable interest rate spread over LIBOR was 2.85% at December 31, 2013. As of December 31, 2013 and after giving effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of our borrowings under our revolving credit facility, we would have had no borrowings under our \$400 million revolving credit facility and \$400 million of availability.

Pending the application of any portion of the net proceeds in the manner described in this prospectus supplement, we may invest it in interest-bearing accounts and short-term, interest-bearing securities as is consistent with our intention to maintain our qualification for taxation as a REIT, including, for example, government and governmental agency securities, certificates of deposit and interest-bearing bank deposits.

Affiliates of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Deutsche Bank Securities Inc., RBC Capital Markets, LLC, SunTrust Robinson Humphrey, Inc., BBVA Securities Inc., Raymond James & Associates, Inc. and Regions Securities LLC are lenders, an affiliate of J.P. Morgan Securities LLC is the administrative agent and KeyBank National Association, an affiliate of KeyBanc Capital Markets Inc., is the syndication agent under our revolving credit facility. As described above, we will use a portion of the net proceeds of this offering to repay borrowings outstanding under our revolving credit facility, and such affiliates of the underwriters therefore will receive proceeds from this offering through the repayment of those borrowings.

**DESCRIPTION OF NOTES**

We will issue the notes offered hereby (the *Notes*) under a base indenture, dated as of October 10, 2013, as amended and supplemented through the Issue Date, including pursuant to the Fourth Supplemental Indenture, to be dated as of the Issue Date, by and among MPT Operating Partnership, L.P. ( *Opco* ), MPT Finance Corporation ( *Finco* ), Medical Properties Trust, Inc., the Parent guarantor, the subsidiary guarantors and Wilmington Trust, National Association, as trustee (as amended and supplemented, the *indenture*). The following is a summary of the material provisions of the indenture. It does not restate that agreement, and we urge you to read the indenture in its entirety, which is available upon request to Opco at the address indicated under *Where You Can Find More Information* in the accompanying prospectus, because it, and not this description, defines your rights as a noteholder.

You can find the definitions of certain capitalized terms used in this description under the subheading *Certain Definitions*. The term *Issuers* as used in this section refers only to Opco and Finco and not to any of their subsidiaries and the term *Parent* as used in this section refers only to Medical Properties Trust, Inc. and not to any of its subsidiaries.

**General**

The initial Notes will be issued in an aggregate principal amount of \$300.0 million. The Notes will be unsecured senior obligations of the Issuers and will mature on May 1, 2024. The Notes will initially bear interest at a rate of 5.50% per annum, payable semiannually to holders of record at the close of business on the April 15 or the October 15 immediately preceding the interest payment date on May 1 and November 1 of each year, commencing November 1, 2014.

Principal of, premium, if any, and interest on the Notes will be payable, and the Notes may be exchanged or transferred, in accordance with the terms of the indenture.

Interest on the Notes will accrue from the date of original issuance. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

The Notes will be issued only in fully registered form, without coupons, in denominations of \$2,000 of principal amount and any integral multiple of \$1,000 in excess thereof. No service charge will be made for any registration of transfer or exchange of Notes, but the Issuers are entitled to require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection with a registration of transfer.

Subject to the covenants described below under *Covenants* and applicable law, the Issuers are entitled to issue additional notes under the indenture. The Notes and any additional notes of the same series as the Notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including waivers, amendments, redemptions and offers to purchase. Additional notes will not necessarily be fungible with the Notes for U.S. federal income tax purposes.

The indenture will be qualified under the Trust Indenture Act of 1939. The terms of the Notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939.

**Optional Redemption**

Prior to May 1, 2019, the Issuers will be entitled at their option to redeem all or any portion of the Notes at a redemption price equal to 100% of the principal amount of such Notes plus the Applicable Premium as of, and any

accrued and unpaid interest to, but not including, the redemption date (subject to the right of each holder on the relevant record date to receive interest due on the relevant interest payment date).

S-22

**Table of Contents**

On or after May 1, 2019, the Issuers may redeem the Notes, in whole or from time to time in part, at the redemption prices (expressed as percentages of the principal amount thereof) set forth below, plus accrued and unpaid interest thereon to, but not including, the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period beginning on May 1 of each of the years indicated below:

<b>Year</b>	<b>Percentage</b>
2019	102.750%
2020	101.833%
2021	100.917%
2022 and thereafter	100.000%

In addition, at any time prior to May 1, 2017, the Issuers may redeem, on any one or more occasions, with all or a portion of the net cash proceeds of one or more Equity Offerings (within 60 days of the consummation of any such Equity Offering), up to 35% of the aggregate principal amount of the Notes (including any additional Notes) at a redemption price (expressed as a percentage of the aggregate principal amount of the Notes so redeemed) equal to 105.50%, plus accrued and unpaid interest to but not including, the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided, however*, that at least 65% of the original aggregate principal amount of the Notes must remain outstanding immediately after each such redemption.

After notice of optional redemption has been given as provided in the indenture, if funds for the redemption of any Notes called for redemption have been made available on the redemption date, such Notes called for redemption will cease to bear interest on the date fixed for the redemption specified in the redemption notice and the only right of the holders of such Notes will be to receive payment of the redemption price.

Notice of any optional redemption of any Notes will be given to holders (with a copy to the trustee) at their addresses, as shown in the Notes register, not more than 60 nor less than 30 days prior to the date fixed for redemption. The notice of redemption will specify, among other items, the redemption price and the principal amount of the Notes held by the holder to be redeemed.

The Issuers will notify the trustee at least 45 days prior to the redemption date (or such shorter period as is satisfactory to the trustee) of the aggregate principal amount of the Notes to be redeemed and the redemption date. If less than all the Notes are to be redeemed, the trustee shall select, *pro rata* or by lot or by any such similar method in accordance with the procedures of DTC, the Notes to be redeemed. Notes may be redeemed in part in the minimum authorized denomination for the Notes or in any integral multiple thereof.

The Issuers or their Affiliates are entitled to acquire Notes by means other than a redemption from time to time, including through open market purchases, privately negotiated transactions, tender offers, exchange offers or otherwise, so long as such acquisition does not otherwise violate the terms of the indenture, upon such terms and at such prices as the Issuers or their Affiliates may determine, which may be more or less than the consideration for which the Notes offered hereby are being sold and may be less than any redemption price then in effect and could be for cash or other consideration.

**Sinking Fund**

There will be no sinking fund payments for the Notes.

S-23

## **Table of Contents**

### **Ranking the Notes**

The Notes will be:

general unsecured obligations of the Issuers;

equal in right of payment with all other existing and future senior Indebtedness of the Issuers, including Indebtedness under the Credit Agreement, our term loan, the indenture governing the 2016 Notes, the 2020 Notes, the indenture governing the 2021 Notes and the indenture governing the 2022 Notes;

senior in right of payment to any existing and future Subordinated Indebtedness of the Issuers;

effectively subordinated to any existing and future Secured Indebtedness of the Issuers to the extent of the value of the collateral securing such Indebtedness;

structurally subordinated to the liabilities and preferred stock of our non-Guarantor subsidiaries; and

guaranteed by the Guarantors.

As of December 31, 2013 and after giving effect to the consummation of the Transactions (as defined above under Prospectus Supplement Summary Recent Developments ), this offering and the use of a portion of the net proceeds from this offering to repay all of Opco's borrowings under its revolving credit facility, the Issuers and the Guarantors (after accounting for intercompany transactions) would have had \$1.6 billion of indebtedness (none of which would have been secured indebtedness) and Opco would have had no borrowings under its \$400 million revolving credit facility and \$400 million of availability.

### **The Guarantees**

The Notes will be guaranteed by Parent and each of the Issuers' current and future Restricted Subsidiaries that guarantee the Credit Agreement until certain conditions are met.

Each Guarantee of the Notes will be:

a general unsecured obligation of the Guarantor;

equal in right of payment with all other existing and future senior Indebtedness of that Guarantor, including its Guarantee of the Credit Agreement, the borrowings under our term loan, the 2020 Notes, the 2021 Notes and the 2022 Notes and with respect to Parent, the 2016 Notes;

senior in right of payment to any existing and future Subordinated Indebtedness of the Guarantor;

effectively subordinated to any existing and future Secured Indebtedness of the Guarantor to the extent of the value of the collateral securing such Indebtedness; and

structurally subordinated to the liabilities and preferred stock of our non-Guarantor subsidiaries.

See Risk Factors Risks Relating to the Notes U.S. federal and state statutes allow courts, under specific circumstances, to avoid the guarantees, subordinate claims in respect of the guarantees and require note holders to return payments received from the guarantors.

As of December 31, 2013 and after giving effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of Opco's borrowings under its revolving credit facility, Opco's subsidiaries that will not guarantee the notes would have had \$13.9 million of indebtedness and \$413.8 million of other liabilities, all of which would have been structurally senior to the notes, and assets of \$625.6 million or 19.5% of Opco's consolidated total assets.

**Table of Contents**

For the year ended December 31, 2013, after giving effect to the consummation of the Transactions, this offering and the use of a portion of the net proceeds from this offering to repay all of Opco's borrowings under its revolving credit facility, Opco's subsidiaries that will not guarantee the notes would have had net income of \$18.2 million and \$44.5 million of Opco's Acquisition Adjusted EBITDA, or 16.5% of Opco's Acquisition Adjusted EBITDA. See Summary Historical Consolidated Financial Data for a reconciliation of the Operating Partnership's Acquisition Adjusted EBITDA to the Operating Partnership's net income. See Risk Factors Risks Relating to the Notes Claims of noteholders will be structurally subordinated to claims of creditors of any of our subsidiaries that do not guarantee the notes and Risk Factors Risks Relating to the Notes Your right to receive payments on the notes is effectively subordinated to the right of lenders who have a security interest in our assets to the extent of the value of those assets.

**Certain Covenants**

**Suspension of Covenants**

During a Suspension Period, the Parent, Issuers and the Restricted Subsidiaries will not be subject to the following corresponding provisions of the indenture (each a Suspended Covenant):

Covenants Limitation on Restricted Payments;

Covenants Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries;

Covenants Future Guarantees by Restricted Subsidiaries;

Covenants Limitation on Transactions with Affiliates;

Covenants Limitation on Asset Sales; and

Clause (3) of Covenants Consolidation, Merger and Sale of Assets.

All other provisions of the indenture will apply at all times during any Suspension Period so long as any Notes remain outstanding thereunder; provided that the Interest Coverage Ratio that will be applicable under clause (3) of

Covenants Limitation on Indebtedness will be 1.5 to 1.0 during any Suspension Period.

*Suspension Period* means any period:

(1) beginning on the date that:

(A) the Notes have Investment Grade Status;

(B) no Default or Event of Default has occurred and is continuing; and

(C) the Issuers have delivered an officer's certificate to the trustee certifying that the conditions set forth in clauses (A) and (B) above are satisfied; and

(2) ending on the date (the *Reversion Date*) that the Notes cease to have Investment Grade Status. On each Reversion Date, all Indebtedness, liens thereon and dividend blockages incurred during the Suspension Period prior to such Reversion Date will be deemed to have been outstanding on the Issue Date.

For purposes of calculating the amount available to be made as Restricted Payments under clause (C) of the first paragraph of the Limitation on Restricted Payments covenant, calculations under that clause will be

**Table of Contents**

made with reference to the Transaction Date, as set forth in that clause. Accordingly, (x) Restricted Payments made during the Suspension Period not otherwise permitted pursuant to any of clauses (1) through (11) under the second paragraph under the Limitation on Restricted Payments covenant will reduce the amount available to be made as Restricted Payments under clause (C) of the first paragraph of such covenant; *provided, however*, that the amount available to be made as a Restricted Payment on the Transaction Date shall not be reduced to below zero solely as a result of such Restricted Payments, but may be reduced to below zero as a result of negative cumulative Funds From Operations during the Suspension Period for the purpose of clause (C)(i) of the first paragraph of such covenant, and (y) the items specified in clauses (C)(i)-(vi) of the first paragraph of such covenant that occur during the Suspension Period will increase the amount available to be made as Restricted Payment under clause (C) of the first paragraph of such covenant. Any Restricted Payment made during the Suspension Period that are of the type described in the second paragraph of the Limitation on Restricted Payments covenant (other than the Restricted Payment referred to in clauses (1) or (2) of such second paragraph or any exchange of Capital Stock for Capital Stock or Indebtedness referred to in clause (4) or (5) of such second paragraph), and the Net Cash Proceeds from any issuance of Capital Stock referred to in clauses (4) and (5) of the second paragraph of the Limitation on Restricted Payments covenant (adjusted to avoid double counting) shall not be included in calculating the amounts permitted to be incurred under such clause (C) on each Reversion Date. For purposes of the Limitation on Asset Sales covenant, on each Reversion Date, the unutilized Excess Proceeds will be reset to zero. No Default or Event of Default will be deemed to have occurred on the Reversion Date (or thereafter) under any Suspended Covenant solely as a result of any actions taken by the Parent or any Restricted Subsidiaries thereof, or events occurring, during the Suspension Period. For purposes of the Maintenance of Total Unencumbered Assets covenant, if the Parent and its Restricted Subsidiaries are not in compliance with such covenant as of a Reversion Date, no Default or Event of Default will be deemed to have occurred for up to 120 days following the Reversion Date; *provided* that neither the Parent nor any of its Restricted Subsidiaries shall incur any Secured Indebtedness until such time that the requirements of such covenant have been met.

**Limitation on Indebtedness**

(1) The Issuers will not and will not permit any of the Restricted Subsidiaries to Incur any Indebtedness (including Acquired Indebtedness) if, immediately after giving effect to the Incurrence of such additional Indebtedness and the receipt and application of the proceeds therefrom, the aggregate principal amount of all outstanding Indebtedness of the Issuers and the Restricted Subsidiaries on a consolidated basis would be greater than 60% of consolidated Adjusted Total Assets of the Issuers and the Restricted Subsidiaries.

(2) The Issuers will not, and will not permit any of the Restricted Subsidiaries to, Incur any Secured Indebtedness (including Acquired Indebtedness that is Secured Indebtedness) if, immediately after giving effect to the Incurrence of such additional Secured Indebtedness and the receipt and application of the proceeds therefrom, the aggregate principal amount of all outstanding Secured Indebtedness of the Issuers and the Restricted Subsidiaries on a consolidated basis would be greater than 40% of consolidated Adjusted Total Assets of the Issuers and the Restricted Subsidiaries.

(3) The Issuers will not, and will not permit any of the Restricted Subsidiaries to Incur any Indebtedness (including Acquired Indebtedness); *provided, however*, that the Issuers or any of the Restricted Subsidiaries may Incur Indebtedness (including Acquired Indebtedness) if, after giving effect to the Incurrence of such Indebtedness and the receipt and application of the proceeds therefrom, the Interest Coverage Ratio of the Issuers and the Restricted Subsidiaries on a consolidated basis would be at least 2.0 to 1.0; provided that the amount of Indebtedness (including Acquired Indebtedness) that may be Incurred by Restricted Subsidiaries that are not Guarantors shall not exceed in the aggregate 5% of consolidated Adjusted Total Assets of the Issuers and the Restricted Subsidiaries.

**Table of Contents**

(4) Notwithstanding paragraph (1), (2) or (3) above, the Issuers or any of the Restricted Subsidiaries (except as specified below) may Incur each and all of the following:

(B) Indebtedness of the Issuers or any of the Restricted Subsidiaries owed to:

- (i) the Issuers evidenced by an unsubordinated promissory note, or

*provided, however,* that any event that results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary of the Issuers or any subsequent transfer of such Indebtedness (other than to the Issuers or any other Restricted Subsidiary of the Issuers) shall be deemed, in each case, to constitute an Incurrence of such Indebtedness not permitted by this clause (B);

(C) Indebtedness of the Issuers or any of their Restricted Subsidiaries under Currency Agreements and Interest Rate Agreements; *provided* that such agreements (i) are designed solely to protect the Issuers or any of their Restricted Subsidiaries against fluctuations in foreign currency exchange rates or interest rates (whether fluctuations of fixed to floating rate interest or floating to fixed rate interest) and (ii) do not increase the Indebtedness of the obligor outstanding at any time other than as a result of fluctuations in foreign currency exchange rates or interest rates or by reason of fees, indemnities and compensation payable thereunder;

(D) Indebtedness of the Issuers or any of the Subsidiary Guarantors, to the extent the net proceeds thereof are promptly:

- (i) used to purchase Notes tendered in a Change of Control Offer made as a result of a Change in Control, or
- (ii) used to redeem all the Notes as described above under Optional Redemption,
- (iii) deposited to defease the Notes as described below under Defeasance, or
- (iv) deposited to discharge the obligations under the Notes and indenture as described below under Satisfaction and Discharge;

(E) (i) Guarantees of Indebtedness of the Issuers by any of the Subsidiary Guarantors; *provided* the guarantee of such Indebtedness is permitted by and made in accordance with the Future Guarantees by Restricted Subsidiaries covenant described below, and (ii) Guarantees by a Subsidiary Guarantor of any Indebtedness of any other Subsidiary Guarantor;

(F) Indebtedness outstanding on the Issue Date (other than pursuant to clause (A) or (G));

**Table of Contents**

(K) Indebtedness represented by cash management obligations and other obligations in respect of netting services, automatic clearinghouse arrangements, overdraft protections and similar arrangements in each case in connection with deposit accounts;

(L) Indebtedness supported by a letter of credit procured by the Issuers or their Restricted Subsidiaries in a principal amount not in excess of the stated amount of such letter of credit and where the underlying Indebtedness would otherwise be permitted;

(M) Permitted Refinancing Indebtedness incurred in exchange for, or the net proceeds of which are used to refund, refinance or replace, Indebtedness (other than intercompany Indebtedness) that was permitted by the indenture to be incurred under the provisions of paragraph (1), (2) or (3) of this covenant or clause (F), (G), (M) or (O) of this paragraph (4);

(N) Indebtedness (including Capitalized Lease Obligations) Incurred by the Issuers or any Restricted Subsidiary within 270 days of the related purchase, lease or improvement, to finance the purchase, lease or improvement of property (real or personal) or equipment used in the business of the Issuers or any Restricted Subsidiary, whether through the direct purchase of assets or the Capital Stock of any Person owning such assets in an aggregate principal amount not to exceed at any one time outstanding the greater of (x) \$66 million and (y) 2% of consolidated Adjusted Total Assets of the Issuers and the Restricted Subsidiaries at any time outstanding.

(O) additional Indebtedness of the Issuers and their Restricted Subsidiaries in aggregate principal amount at any time outstanding not to exceed the greater of (x) \$ 132 million and (y) 4.0% of consolidated Adjusted Total Assets of the Issuers and the Restricted Subsidiaries; *provided, however*, that any Permitted Refinancing Indebtedness incurred under clause (M) above in respect of such Indebtedness shall be deemed to have been incurred under this clause (O) for purposes of determining the amount of Indebtedness that may at any time be incurred under this clause (O).

(5) Notwithstanding any other provision of this Limitation on Indebtedness covenant, the maximum amount of Indebtedness that the Parent, the Issuers or any of the Restricted Subsidiaries may incur pursuant to this Limitation on Indebtedness covenant shall not be deemed to be exceeded, with respect to any outstanding Indebtedness, due solely to the result of fluctuations in the exchange rates of currencies.

(6) For purposes of determining any particular amount of Indebtedness under this Limitation on Indebtedness covenant, (i) Indebtedness Incurred and outstanding under the Credit Agreement on or prior to the Issue Date shall be treated as Incurred pursuant to clause (A) of paragraph (4) of this Limitation on Indebtedness covenant, and (ii) Guarantees, Liens or obligations with respect to letters of credit supporting Indebtedness otherwise included in the determination of such particular amount shall not be included.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of permitted Indebtedness described in clauses (A) through (O) of paragraph (4) above or is entitled to be incurred pursuant to paragraphs (1), (2) and (3) above, the Issuers shall, in their sole discretion, be entitled to classify all or a portion of such item of Indebtedness on the date of its incurrence or issuance and determine the order of such incurrence or issuance (and may later reclassify such item of Indebtedness) and may divide and classify such Indebtedness in more than one of the types of Indebtedness described. At any time that the Issuers or the Restricted Subsidiaries would be entitled to have incurred any then outstanding Indebtedness under clause (1), (2) and (3) of this covenant, such Indebtedness shall be automatically reclassified into Indebtedness incurred pursuant to those paragraphs. Notwithstanding the foregoing, any Indebtedness Incurred and outstanding under the Credit Agreement on or prior to the Issue Date shall be deemed to have been incurred under clause (A) of paragraph (4) above and may not be reclassified. Indebtedness permitted by this covenant need not be permitted solely

by reference to one provision permitting such Indebtedness, but may be permitted in part by one such provision and in part by one or more other provisions of this covenant permitting such Indebtedness. For the avoidance of doubt, the outstanding principal amount of any

particular Indebtedness shall be counted only once and any obligations arising under any guarantee, Lien, letter of credit or similar instrument supporting such Indebtedness shall not be double counted.

For purposes of determining compliance with any Dollar-denominated restriction on the incurrence of Indebtedness, the Dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided, however*, that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable Dollar denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such Dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced, plus the amount of any reasonable premium (including reasonable tender premiums), defeasance costs and any reasonable fees and expenses incurred in connection with the issuance of such new Indebtedness. The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

### **Maintenance of Total Unencumbered Assets**

The Issuers and their Restricted Subsidiaries will maintain Total Unencumbered Assets of not less than 150% of the aggregate outstanding principal amount of the Unsecured Indebtedness of the Issuers and their Restricted Subsidiaries on a consolidated basis in accordance with GAAP.

### **Limitation on Restricted Payments**

Opco will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

As of December 31, 2013 and after giving effect to the public offering of MPT's common stock (including shares sold pursuant to the full exercise in full of the equity underwriters' over-allotment option) as described in Prospectus Supplement Summary Recent Developments Common Stock Offering, there was approximately \$698 million available for Restricted Payments pursuant to the foregoing clause (C).

Notwithstanding the foregoing, the limitations on Restricted Payments described above shall not apply to the following:

(1) any distribution or other action which is necessary to maintain the Parent's status as a REIT under the Code, if the aggregate principal amount of outstanding Indebtedness of the Issuers and the Restricted Subsidiaries on a consolidated basis determined in accordance with GAAP is less than 60% of Adjusted Total Assets as of the end of the fiscal quarter covered in the Parent's annual or quarterly report most recently furnished to holders of the Notes or filed with the SEC, as the case may be;

(2) the payment of any dividend or distribution or the consummation of any irrevocable redemption within 60 days after the date of declaration thereof or the giving of a redemption notice related thereto, as the case may be, if, at said date of declaration or notice, such payment would comply with the foregoing paragraph;

(4) (a) the making of any Restricted Payment in exchange for, or out of the proceeds of the substantially concurrent sale of, Capital Stock of Opco or the Parent (other than any Disqualified Stock or any Capital Stock sold to an Issuer or a Restricted Subsidiary or to an employee stock ownership plan or any trust established by the Parent or any of its Subsidiaries) or from substantially concurrent contributions to the equity capital of Opco (collectively, including any such contributions, *Refunding Capital Stock*) (with any offering within 90 days deemed as substantially concurrent); and (b) the declaration and payment of accrued dividends on any Capital Stock redeemed, repurchased, retired, defeased or acquired out of the proceeds of the sale of Refunding Capital Stock within 90 days of such sale; *provided*, that the amount of any such proceeds or contributions that are utilized for any Restricted Payment pursuant to this clause (4) shall be excluded from the amount described in clause (4)(C)(ii) of this covenant;

(5) the payment, redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness, including premium, if any, and accrued and unpaid interest with the proceeds of, or in exchange for, an issuance of, shares of Capital Stock of the Parent or Opco (or options, warrants or other rights to acquire such Capital Stock) that occurs within 90 days of such payment, redemption, repurchase, defeasance or other acquisition or retirement for value; *provided*, that the amount of any such proceeds or contributions that are utilized for any Restricted Payments pursuant to this clause (5) shall be excluded from the amount described in clause (4)(C)(ii) of this covenant;

(6) shall not exceed \$15 million in any calendar year (excluding for purposes of calculating such amount the amount paid for Capital Stock repurchased, redeemed, acquired or retired with the cash proceeds from the repayment of outstanding loans previously made by the Parent, an Issuer or a Restricted Subsidiary thereof for the purpose of financing the acquisition of such Capital Stock), with unused amounts in any calendar year being carried over to the next two succeeding calendar years; provided further, that such amount in any calendar year may be increased by an amount not to exceed (A) the Net Cash Proceeds from the sale of Capital Stock (other than Disqualified Stock) of Opco or Parent to the extent contributed to Opco or any of its Restricted Subsidiaries by members of management, directors or consultants of the Parent, Opco or any of the Restricted Subsidiaries that occurs after April 26, 2011, to the extent such proceeds (i) have not otherwise been and are not thereafter applied to the payment of any other Restricted Payment or (ii) are not attributable to loans made by the Parent, an Issuer or a Restricted Subsidiary thereof for the purpose of financing the acquisition of such Capital Stock, plus (B) the cash proceeds of key man life insurance policies received by the Issuers and their Restricted Subsidiaries after April 26, 2011, less (C) the amount of any Restricted Payments previously made pursuant to clauses (A) and (B) of this clause (6); provided further, however, that cancellation of Indebtedness owing to an Issuer or any of its Restricted Subsidiaries from current or former officers, directors, consultants or employees (or any permitted transferees, assigns, estates or heirs of any of the foregoing) of the Parent, an Issuer or any Restricted Subsidiary thereof in connection with a repurchase of Capital Stock of the Parent, the Issuers or any Restricted Subsidiary shall not be deemed to constitute a Restricted Payment for purposes of the indenture;

(7) (x) distributions or dividends to Parent, the proceeds of which are used and (y) payments made or expected to be made by the Issuers or any Restricted Subsidiary, in each case, in respect of withholding or similar taxes payable upon exercise of Capital Stock by any future, present or former employee, director, officer, manager or consultant (or any permitted transferees, assigns, estates or heirs of any of the foregoing) and any repurchases of Capital Stock deemed to occur upon exercise of stock options or warrants if such Capital Stock represents a portion of the exercise price of such options or warrants or required withholding or similar taxes and cashless repurchases of Capital Stock deemed to occur upon exercise of stock options or warrants if such Capital Stock represent a portion of the exercise price of such options or warrants;

(8) the repurchase, redemption or other acquisition or retirement for value of any Subordinated Indebtedness pursuant to the provisions similar to those described under Repurchase of Notes Upon a Change of Control and Limitation on Asset Sales; *provided* that all Notes validly tendered by holders of Notes in connection with a Change of Control Offer or Asset Sale Offer, as applicable, have been repurchased, redeemed, acquired or retired for value;

(9) Permitted Payments to Parent;

(10) any distribution or dividend to Parent, the proceeds of which are used for the payment of cash in lieu of the issuance of fractional shares of Capital Stock upon exercise or conversion of securities exercisable or convertible into Capital Stock of the Parent and the payment of cash in lieu of the issuance of fractional shares of Capital Stock upon exercise or conversion of securities exercisable or convertible into Capital Stock of Opco; or

(11) additional Restricted Payments in an aggregate amount not to exceed \$225 million;

*provided, however,* that, except in the case of clauses (2) and (3), no Default or Event of Default shall have occurred and be continuing or occur as a direct consequence of the actions or payments set forth therein.

The net amount of any Restricted Payment permitted pursuant to clauses (1) and (2) of the immediately preceding paragraph (adjusted to avoid double counting) shall be included in calculating whether the conditions of clause (C) of the first paragraph of this Limitation on Restricted Payments covenant have been met with respect to any subsequent

Restricted Payments. The net amount of any Restricted Payment permitted pursuant to clauses (3) through (11) of the immediately preceding paragraph shall be excluded in calculating whether the conditions of clause (C) of the first paragraph of this Limitation on Restricted Payments covenant have been met with respect to any subsequent Restricted Payments. The amount of all Restricted Payments (other than

cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued to or by the Issuers or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment.

### **Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries**

The Issuers will not, and will not permit any Restricted Subsidiaries to, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or restriction of any kind on the ability of any such Restricted Subsidiary to:

- (A) pay dividends or make any other distributions permitted by applicable law on any Capital Stock of such Restricted Subsidiary owned by an Issuer or any of its Restricted Subsidiaries,
- (B) pay any Indebtedness owed to an Issuer or any other Restricted Subsidiary,
- (C) make loans or advances to an Issuer or any other Restricted Subsidiary, or
- (D) transfer its property or assets to an Issuer or any other Restricted Subsidiary.

The foregoing provisions shall not restrict any encumbrances or restrictions:

- (1) existing under, by reason of or with respect to, the indenture, the Credit Agreement and any other agreement in effect on the Issue Date as in effect on the Issue Date, and any amendments, modifications, restatements, extensions, increases, supplements, refundings, refinancing, renewals or replacements of such agreements; *provided, however,* that the encumbrances and restrictions in any such amendments, modifications, restatements, extensions, increases, supplements, refundings, refinancing, renewals or replacements are not materially more restrictive, taken as a whole, than those in effect on the Issue Date;
- (2) existing under, by reason of or with respect to any other Indebtedness of the Issuers or their Restricted Subsidiaries permitted under the indenture; *provided, however,* that the Issuers have determined in good faith that the encumbrances and restrictions contained in the agreement or agreements governing the other Indebtedness are not materially more restrictive, taken as a whole, than those contained in customary comparable financings and will not impair in any material respect the Issuers and the Guarantors ability to make payments on the Notes and Guarantees thereof when due;
- (3) existing with respect to any Person or the property or assets of such Person acquired by an Issuer or any Restricted Subsidiary, existing at the time of such acquisition and not incurred in contemplation thereof, which encumbrances or restrictions are not applicable to any Person or the property or assets of any Person other than such Person or the property or assets of such Person so acquired and any amendments, modifications, restatements, extensions, increases, supplements, refundings, refinancing, renewals or replacements thereof; *provided, however,* that the encumbrances and restrictions in any such amendments, modifications, restatements, extensions, increases, supplements, refundings, refinancing, renewals or replacements are entered into in the ordinary course of business or not materially more restrictive, taken as a whole, than those contained in the instruments or agreements with respect to such Person or its property or assets as in effect on the date of such acquisition;
- (4) existing under, by reason of or with respect to provisions in joint venture, operating or similar agreements;

(5) in the case of clause (D) in the first paragraph of this Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries covenant:

(a) that restrict in a customary manner the subletting, assignment or transfer of any property or asset that is a lease, license, conveyance or contract or similar property or asset,

(b) existing by virtue of any transfer of, agreement to transfer, option or right with respect to, or Lien on, any property or assets of an Issuer or any Restricted Subsidiary not otherwise prohibited by the indenture,

(c) existing under, by reason of or with respect to (i) purchase money obligations for property acquired in the ordinary course of business or (ii) capital leases or operating leases that impose encumbrances or restrictions on the property so acquired or covered thereby, or

(d) arising or agreed to in the ordinary course of business, not relating to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of property or assets of an Issuer or any Restricted Subsidiary in any manner material to an Issuer and its Restricted Subsidiaries taken as a whole;

(6) any encumbrance or restriction with respect to a Restricted Subsidiary that is a Guarantor which was previously an Unrestricted Subsidiary pursuant to or by reason of an agreement that such Subsidiary is a party to or entered into before the date on which such Subsidiary became a Restricted Subsidiary; *provided* that such agreement was not entered into in anticipation of an Unrestricted Subsidiary becoming a Restricted Subsidiary and any such encumbrance or restriction does not extend to any assets or property of the Issuers or any other Restricted Subsidiary other than the assets and property of such Subsidiary; and

(7) with respect to a Restricted Subsidiary and imposed pursuant to an agreement that has been entered into for the sale or disposition of the Capital Stock of, or property and assets of, such Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending the closing of such sale or other disposition.

Nothing contained in this Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries covenant shall prevent an Issuer or any Restricted Subsidiary from restricting the sale or other disposition of property or assets of an Issuer or any of its Restricted Subsidiaries that secure Indebtedness of the Issuers or any of their Restricted Subsidiaries. For purposes of determining compliance with this covenant, (1) the priority of any Preferred Stock in receiving dividends or liquidating distributions prior to distributions being paid on common stock shall not be deemed a restriction on the ability to make distributions on Capital Stock, and (2) the subordination of loans or advances made to a Restricted Subsidiary to other Indebtedness incurred by such Restricted Subsidiary shall not be deemed a restriction on the ability to make loans or advances.

**Future Guarantees by Restricted Subsidiaries**

The Issuers will cause each Restricted Subsidiary that is not a Guarantor that borrows under or Guarantees the Credit Agreement on the Issue Date, and any U.S. domestic Restricted Subsidiary that is not a Guarantor that borrows under or Guarantees the Credit Agreement, to, within 30 days thereof, execute and deliver to the trustee a supplemental indenture pursuant to which such Restricted Subsidiary will unconditionally Guarantee, on a joint and several basis, the full and prompt payment of the principal of, premium, if any, and interest in respect of the Notes on a senior basis and all other obligations under the indenture.

Any Subsidiary Guarantee by a Restricted Subsidiary shall provide by its terms that it shall be automatically and unconditionally released and discharged upon:

(1) any sale, exchange or transfer, to any Person that is not a Subsidiary of an Issuer of Capital Stock held by an Issuer and its Restricted Subsidiaries in, or all or substantially all the assets of, such Restricted Subsidiary (which sale, exchange or transfer is not prohibited by the indenture) such that, immediately after giving effect to such transaction, such Restricted Subsidiary would no longer constitute a Subsidiary of an Issuer,

(2) in connection with the merger or consolidation of a Subsidiary Guarantor with (a) an Issuer or (b) any other Subsidiary Guarantor (*provided* that the surviving entity remains a Subsidiary Guarantor),

(3) if the Issuers properly designate any Restricted Subsidiary that is a Subsidiary Guarantor as an Unrestricted Subsidiary under the indenture,

S-34

### **Table of Contents**

(4) upon the Legal Defeasance (as defined below) or Covenant Defeasance (as defined below) or satisfaction and discharge of the indenture,

(5) upon a liquidation or dissolution of a Subsidiary Guarantor permitted under the indenture, or

(6) the release or discharge of the Guarantee that resulted in the creation of such Subsidiary Guarantee, except a discharge or release by or as a result of payment under such Guarantee.

In addition, any Subsidiary Guarantee shall be automatically and unconditionally released and discharged if such Subsidiary ceases to Guarantee obligations under the Credit Agreement or ceases to constitute a co-borrower with respect to the Credit Agreement.

### **Limitation on Transactions with Affiliates**

The Issuers will not, and will not permit any of the Restricted Subsidiaries to, directly or indirectly, enter into, renew or extend any transaction (including the purchase, sale, lease or exchange of property or assets, or the rendering of any service) with any holder (or any Affiliate of such holder) of 10% or more of any class of Capital Stock of the Parent or with any Affiliate of the Parent, an Issuer or any Restricted Subsidiary, in each case involving consideration in excess of \$10 million, except upon terms that are not materially less favorable to the Issuers or such Restricted Subsidiary than could be obtained, at the time of such transaction or, if such transaction is pursuant to a written agreement, at the time of the execution of the agreement providing therefor, in a comparable arm's length transaction with a Person that is not such a holder or an Affiliate.

The foregoing limitation does not limit, and shall not apply to:

(1) transactions (A) approved by a majority of the disinterested directors of the Board of Directors of the Parent, or where no such disinterested directors exist, by unanimous approval of the directors of the Board of Directors of the Parent or (B) for which the Parent or any Restricted Subsidiary delivers to the trustee a written opinion of a nationally recognized investment banking, appraisal or accounting firm stating that the transaction is fair to the Parent or such Restricted Subsidiary from a financial point of view;

(2) any transaction solely between an Issuer and any of its Restricted Subsidiaries or solely between Restricted Subsidiaries;

(3) the payment of reasonable fees and compensation (including through the issuance of Capital Stock) to, and indemnification and similar arrangements on behalf of, current, former or future directors, officers, employees or consultants of Parent or any Restricted Subsidiary of Parent;

(4) the issuance or sale of Capital Stock (other than Disqualified Stock) of an Issuer;

(5) any Restricted Payments not prohibited by the Limitation on Restricted Payments covenant and Investments constituting Permitted Investments;

(6) any contracts, instruments or other agreements or arrangements in each case as in effect on the date of the indenture, and any transactions pursuant thereto or contemplated thereby, or any amendment, modification or supplement thereto or any replacement thereof entered into from time to time, as long as such agreement or arrangements as so amended, modified, supplemented or replaced, taken as a whole, is not materially more disadvantageous to the Issuers and the Restricted Subsidiaries at the time executed than the original agreement or

arrangements as in effect on the date of the indenture;

(7) any employment, consulting, service or termination agreement, or customary indemnification arrangements, entered into by an Issuer or any Restricted Subsidiary with current, former or future officers and employees of the Parent or an Issuer or such Restricted Subsidiary and the payment of compensation to officers

and employees of the Parent, an Issuer or any Restricted Subsidiary (including amounts paid pursuant to employee benefit plans, employee stock option or similar plans), in each case in the ordinary course of business;

(8) loans and advances to officers and employees of the Parent, an Issuer or any Restricted Subsidiary or guarantees in respect thereof (or cancellation of such loans, advances or guarantees), for bona fide business purposes, including for reasonable moving and relocation, entertainment and travel expenses and similar expenses, made in the ordinary course of business;

(9) transactions with a Person that is an Affiliate of the Parent or an Issuer solely because the Parent or an Issuer, directly or indirectly, owns Capital Stock of, or controls such Person;

(10) any transaction with a Person who is not an Affiliate immediately before the consummation of such transaction that becomes an Affiliate as a result of such transaction; or

(11) the entering into or amending of any tax sharing, allocation or similar agreement and any payments thereunder.

Notwithstanding the foregoing, any transaction or series of related transactions covered by the first paragraph of this Limitation on Transactions with Affiliates covenant and not covered by (2) through (11) of the immediately foregoing paragraph:

(1) the aggregate amount of which exceeds \$20 million in value must be approved or determined to be fair in the manner provided for in clause (1)(A) or (B) above; and

(2) the aggregate amount of which exceeds \$40 million in value, must be determined to be fair in the manner provided for in clause (1)(B) above.

## **SEC Reports and Reports to Holders**

Whether or not Opco is then required to file reports with the SEC, Opco shall file with the SEC all such reports and other information as it would be required to file with the SEC by Sections 13(a) or 15(d) under the Exchange Act if it was subject thereto; *provided, however*, that, if filing such documents by Opco with the SEC is not permitted under the Exchange Act, Opco shall, within 15 days after the time Opco would be required to file such information with the SEC if it were subject to Section 13 or 15(d) under the Exchange Act, provide such documents and reports to the trustee and upon written request supply copies of such documents and reports to any holder and shall post such documents and reports on Opco's public website. Opco shall supply the trustee and each holder or shall supply to the trustee for forwarding to each such holder, without cost to such holder, copies of such reports and other information. Delivery of such information, documents and reports to the trustee is for informational purposes only and the trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Issuers compliance with any of its covenants hereunder (as to which the trustee is entitled to rely exclusively on officer's certificates).

So long as permitted by the SEC, at any time that either (x) one or more Subsidiaries of Opco is an Unrestricted Subsidiary or (y) Opco holds directly any material assets (including Capital Stock) other than the Capital Stock of the Issuers, then the quarterly and annual financial information required by this covenant will include a reasonably detailed presentation, either in Management's Discussion and Analysis of Financial Condition and Results of Operations or any other comparable section, of the financial condition and results of operations of the Issuers and their Restricted Subsidiaries separate from the financial condition and results of operations of such Unrestricted Subsidiaries and other material assets of the Issuers.

Opco shall also, within a reasonably prompt period of time following the disclosure of the annual and quarterly information required above, conduct a conference call with respect to such information and results of operations for the relevant reporting period.

S-36

## **Table of Contents**

No fewer than three Business Days prior to the date of the conference call required to be held in accordance with the preceding sentence, Opco shall issue a press release to the appropriate internationally recognized wire services announcing the date that such information will be available and the time and date of such conference call.

So long as the Parent is a Guarantor of the Notes, the indenture will permit Opco to satisfy its obligations in this covenant with respect to filing, furnishing, providing and posting documents, reports and other information relating to Opco by the Parent's filing, furnishing, providing and posting, as the case may be, of such documents, reports and other information relating to the Parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail and in the same manner described in this prospectus the differences between the information relating to the Parent and its consolidated Subsidiaries on the one hand, and the information relating to the Parent, the Issuers and the Subsidiary Guarantors on a standalone basis, on the other hand, as of the ending date of the period covered by such report.

## **Limitation on Asset Sales**

The Issuers will not, and will not permit any of their Restricted Subsidiaries to, consummate any Asset Sale, unless:

- (1) the consideration received by the Issuers or such Restricted Subsidiary is at least equal to the fair market value of the assets sold or disposed of; and
- (2) at least 75% of the consideration received consists of cash, Temporary Cash Investments or Replacement Assets, or a combination of cash, Temporary Cash Investments or Replacement Assets; *provided, however*, with respect to the sale of one or more properties that up to 75% of the consideration may consist of indebtedness of the purchaser of such properties so long as such Indebtedness is secured by a first priority Lien on the property or properties sold.

For purposes of this provision, each of the following shall be deemed to be cash:

- (a) any liabilities of the Issuers or any Restricted Subsidiary (as shown on the most recent consolidated balance sheet of the Issuers and their Restricted Subsidiaries other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or any Guarantee) that are assumed by the transferee of any such assets pursuant to an agreement that releases the Issuers or any such Restricted Subsidiary from further liability with respect to such liabilities or that are assumed by contract or operation of law;
- (b) any securities, notes or other obligations received by an Issuer or any such Restricted Subsidiary from such transferee that are converted by the Parent or such Restricted Subsidiary into cash or Temporary Cash Investments within 180 days (to the extent of the cash or Temporary Cash Investments received in that conversion); and
- (c) any Designated Non-Cash Consideration received by the Issuers or any such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-Cash Consideration received pursuant to this clause (c) that is at the time outstanding, not to exceed the greater of (x) \$66 million and (y) 2.0% of consolidated Adjusted Total Assets of the Issuers and the Restricted Subsidiaries at the time of the receipt of such Designated Non-Cash Consideration, with the fair market value of each item of Designated Non-Cash Consideration being measured at the time received and without giving effect to subsequent changes in value.

Within 365 days after the receipt of any Net Cash Proceeds from an Asset Sale, the Issuers or any such Restricted Subsidiary may apply such Net Cash Proceeds:

(1) to prepay, repay, redeem or purchase Pari Passu Indebtedness of the Issuers or a Subsidiary Guarantor that is Secured Indebtedness (in each case other than Indebtedness owed to the Issuers or an Affiliate of the Issuers);

(2) to make an Investment in (*provided* such Investment is in the form of Capital Stock), or to acquire all or substantially all of the assets of, a Person engaged in a Permitted Business if such Person is, or will become as a result thereof, a Restricted Subsidiary;

(3) to prepay, repay, redeem or purchase (x) Pari Passu Indebtedness of an Issuer or of any Subsidiary Guarantor or any Indebtedness of a Restricted Subsidiary that is not a Subsidiary Guarantor; *provided, however*, that if the Issuers or a Guarantor shall so prepay, repay, redeem or purchase any such Pari Passu Indebtedness, the Issuers will equally and ratably reduce obligations under the Notes if the Notes are then prepayable or, if the Notes may not then be prepaid, the Issuers shall make an offer (in accordance with the procedures set forth below) with the ratable proceeds to all holders to purchase their Notes at 100% of the principal amount thereof, plus accrued but unpaid interest, if any, thereon, up to the principal amount of Notes that would otherwise be prepaid, or (y) any Indebtedness of a Restricted Subsidiary that is not a Subsidiary Guarantor;

(4) to fund all or a portion of an optional redemption of the Notes as described under **Optional Redemption**;

(5) to make a capital expenditure;

(6) to acquire Replacement Assets to be used or that are useful in a Permitted Business; or

(7) any combination of the foregoing;

*provided*, that the Issuers will be deemed to have complied with the provisions described in clauses (2), (5) and (6) of this paragraph if and to the extent that, within 365 days after the Asset Sale that generated the Net Cash Proceeds, the Issuers or any of the Restricted Subsidiaries has entered into and not abandoned or rejected a binding agreement to acquire the assets or Capital Stock of a Permitted Business, acquire Replacement Assets or make a capital expenditure in compliance with the provisions described in clauses (2), (5) and (6) of this paragraph (each an *Acceptable Commitments* ), and that Acceptable Commitment (or a replacement commitment should the Acceptable Commitment be subsequently cancelled or terminated for any reason) is thereafter completed within 180 days after the end of such 365-day period. Pending the final application of any such Net Cash Proceeds, the Issuers may temporarily reduce the revolving Indebtedness under any Credit Facility or otherwise invest such Net Cash Proceeds in any manner that is not prohibited by the indenture. The amount of such excess Net Cash Proceeds required to be applied (or to be committed to be applied) during such 365 day period as set forth in the third paragraph above and not so applied by the end of such period shall constitute *Excess Proceeds*.

When the aggregate amount of Excess Proceeds exceeds \$20.0 million, the Issuers shall make an offer to all holders of the Notes and, if required by the terms of any Indebtedness that is Pari Passu Indebtedness, to the holders of such Pari Passu Indebtedness on a *pro rata* basis (an *Asset Sale Offer* ), to purchase the maximum aggregate principal amount of the Notes and such Pari Passu Indebtedness that is in an amount equal to at least \$2,000, that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100.0% of the principal amount thereof (or accreted value thereof, if less), plus accrued and unpaid interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the indenture. The Issuers will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$20.0 million by delivering the notice required pursuant to the terms of the indenture, with a copy to the trustee. The Issuers may satisfy the foregoing obligations with respect to any Excess Proceeds from an Asset Sale by making an Asset Sale Offer with respect to such Excess Proceeds prior to the expiration of the relevant 365 days or with respect to Excess Proceeds of \$20.0 million or less.

To the extent that the aggregate amount of Notes and such Pari Passu Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuers and the Restricted Subsidiaries may use any remaining Excess Proceeds for any purpose not prohibited by the indenture. If the aggregate principal amount of

S-38

## **Table of Contents**

Notes or the Pari Passu Indebtedness surrendered by such holders thereof exceeds the amount of Excess Proceeds, the trustee shall select the Notes and the Issuers shall select such Pari Passu Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such Pari Passu Indebtedness tendered. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds that resulted in the Asset Sale Offer shall be reset to zero.

Pending the final application of any Net Cash Proceeds pursuant to this covenant, the holder of such Net Cash Proceeds may apply such Net Cash Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Cash Proceeds in any manner not prohibited by the indenture.

The Issuers will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the indenture, the Issuers will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the indenture by virtue thereof.

The Credit Agreement and our term loan facility limit, and future credit agreements or other agreements relating to Indebtedness to which the Issuers become a party may prohibit or limit, the Issuers from purchasing any Notes pursuant to this Asset Sale covenant. In the event the Issuers are prohibited from purchasing the Notes, the Issuers could seek the consent of their lenders to the purchase of the Notes or could attempt to refinance the indebtedness that contains such prohibition. If the Issuers do not obtain such consent or repay such indebtedness, they will remain prohibited from purchasing the Notes. In such case, the Issuers' failure to purchase tendered Notes would constitute an Event of Default under the indenture.

The provisions under the indenture relative to the Issuers' obligation to make an offer to repurchase the Notes as a result of an Asset Sale may be waived or modified with the written consent of the holders of a majority in principal amount of the Notes then outstanding.

## **Consolidation, Merger and Sale of Assets**

No Issuer will consolidate with or merge with or into, or sell, convey, transfer or otherwise dispose of all or substantially of it and its Restricted Subsidiaries (taken as a whole) property and assets (as an entirety or substantially an entirety in one transaction or a series of related transactions) to, any Person or permit any Person (other than a Restricted Subsidiary) to merge with or into it unless:

(1) such Issuer shall be the continuing Person, or the Person (if other than such Issuer) formed by such consolidation or into which such Issuer is merged or that acquired such property and assets of such Issuer shall be a corporation, limited liability company, partnership (including a limited partnership) or trust organized and validly existing under the laws of the United States of America or any state or jurisdiction thereof and shall expressly assume, by a supplemental indenture, executed and delivered to the trustee, all of the obligations of such Issuer with respect to the Notes and under the indenture (*provided* that in the case of a limited liability company, partnership (including a limited partnership) or trust, there shall also be a corporation organized and validly existing under the laws of the United States of America or any state or jurisdiction thereof which shall expressly jointly with such limited liability company, partnership (including a limited partnership) or trust, assume, by a supplemental indenture, executed and delivered to the trustee, all of the obligations of such Issuer with respect to the Notes and under the indenture);

(2) immediately after giving effect to such transaction, no Default or Event of Default shall have occurred and be continuing;

S-39

---

**Table of Contents**

(3) immediately after giving effect to such transaction and any related financing transactions as if the same had occurred at the beginning of the applicable Four-Quarter Period, on a *pro forma* basis the Issuers, or any Person becoming the successor obligor of the Notes, as the case may be, (a) could Incur at least \$1.00 of Indebtedness under paragraphs (1) and (3) of the Limitation on Indebtedness covenant or (b) could incur at least \$1.00 of Indebtedness under paragraph (1) of the Limitation of Indebtedness covenant and the Interest Coverage Ratio would improve; *provided, however*, that this clause (3) shall not apply to a consolidation or merger with or into a Wholly Owned Restricted Subsidiary; and

(4) the Issuers deliver to the trustee an officer's certificate (attaching the arithmetic computations to demonstrate compliance with clause (3) above) and an opinion of counsel, in each case stating that such consolidation, merger or transfer and such supplemental indenture complies with this covenant and that all conditions precedent provided for herein relating to such transaction have been complied with and, with respect to the opinion of counsel, that the supplemental indenture constitutes a valid and binding obligation enforceable against the Issuers, or the Person (if other than an Issuer) formed by such consolidation or into which such Issuer is merged or that acquired all or substantially all of such Issuer's and its Restricted Subsidiaries' property and assets;

*provided, however*, that clause (3) above does not apply if, in the good faith determination of the Board of Directors of the Parent, whose determination shall be evidenced by a Board Resolution, the principal purpose of such transaction is to change the state of domicile of an Issuer; *provided, further, however*, that any such transaction shall not have as one of its purposes the evasion of the foregoing limitations.

The Issuers will not permit any Subsidiary Guarantor to consolidate with or merge with or into, or convey or transfer, in one transaction or a series of transactions, all or substantially all of its property and assets to any Person unless:

(1) the resulting, surviving or transferee Person (if not such Subsidiary) shall be a Person organized and existing under the laws of the jurisdiction under which such Subsidiary was organized or under the laws of the United States of America, or any State thereof or the District of Columbia, and such Person shall expressly assume, by a supplemental indenture, all the obligations of such Subsidiary Guarantor, if any, under the Notes or its Subsidiary Guarantee, as applicable; *provided, however*, that the foregoing requirement will not apply in the case of a Subsidiary Guarantor or all or substantially all of its property and assets (x) that has been disposed of in its entirety to another Person (other than to an Issuer or an Affiliate of an Issuer), whether through a merger, consolidation or sale of Capital Stock or assets or (y) that, as a result of the disposition of all or a portion of its Capital Stock, ceases to be a Subsidiary, so long as, in both cases, in connection therewith the Issuers provide an Officer's Certificate to the trustee to the effect that the Issuers will comply with their obligations under the covenant described under Limitation on Asset Sales;

(2) immediately after giving effect to such transaction or transactions on a *pro forma* basis (and treating any Indebtedness which becomes an obligation of the resulting, surviving or transferee Person as a result of such transaction as having been issued by such Person at the time of such transaction), no Default shall have occurred and be continuing; and

(3) the Issuers deliver to the trustee an officer's certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indenture, if any, complies with the indenture and, with respect to the opinion of counsel, that the supplemental indenture constitutes a valid and binding obligation enforceable against the Issuers, the Subsidiary Guarantors, the Parent and the surviving Persons.

Notwithstanding the foregoing, any Subsidiary Guarantor may (i) merge with an Affiliate of an Issuer or an Affiliate or a Restricted Subsidiary or another Subsidiary Guarantor solely for the purpose of changing the state of domicile of the Subsidiary Guarantor, (ii) merge with or into or transfer all or part of its properties and assets to another

Subsidiary Guarantor or the Issuers, or (iii) convert into a corporation, partnership, limited partnership, limited liability company or trust organized under the laws of the jurisdiction of organization of such

Subsidiary Guarantor, provided that such surviving Person (if not a Subsidiary Guarantor) shall expressly assume, by a supplemental indenture, all the obligations of such Subsidiary Guarantor, if any, under the Notes its Subsidiary Guarantee.

### **Repurchase of Notes Upon a Change of Control**

If a Change of Control occurs, each holder of Notes will have the right to require the Issuers to purchase some or all (in principal amounts of \$2,000 or an integral multiple of \$1,000) of such holder's Notes pursuant to the offer described below (the *Change of Control Offer*).

Any Change of Control Offer will include a cash offer price of 101% of the principal amount of any Notes purchased plus accrued and unpaid interest to the date of purchase (the *Change of Control Payment*). If a Change of Control Offer is required, within ten Business Days following a Change of Control, the Issuers will mail a notice to each holder (with a copy to the trustee) describing the Change of Control and offering to repurchase Notes on a specified date (the *Change of Control Payment Date*). The Change of Control Payment Date will be no earlier than 30 days and no later than 60 days from the date the notice is mailed.

On the Change of Control Payment Date, the Issuers will, to the extent lawful:

- (1) accept for payment all Notes properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (2) deposit the Change of Control Payment with the paying agent in respect of all Notes so accepted; and
- (3) deliver to the trustee the Notes accepted and an officer's certificate stating the aggregate principal amount of all Notes purchased by the Issuers.

The paying agent will promptly mail to each holder of Notes properly tendered the Change of Control Payment for such Notes, and the trustee will promptly authenticate and mail, or cause to be transferred by book entry, to each holder a new Note in principal amount equal to any unpurchased portion of the Notes surrendered.

The Issuers will comply with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations to the extent those laws and regulations are applicable to any Change of Control Offer. If the provisions of any of the applicable securities laws or securities regulations conflict with the provisions of the covenant described above, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the covenant described above by virtue of that compliance.

A third party, instead of the Issuers, may make the Change of Control Offer in compliance with the requirements set forth in the indenture and purchase all Notes properly tendered and not withdrawn. In addition, the Issuers will not be obligated to make or consummate a Change of Control Offer with respect to the Notes, if they have irrevocably elected to redeem all of the Notes under provisions described under *Optional Redemption* and have not defaulted in its redemption obligations. The provisions under the indenture relating to the Issuers' obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the holders of a majority in principal amount of the Notes then outstanding.

Some change of control events may constitute a default under the Credit Agreement and our term loan facility. Future indebtedness of the Issuers or Guarantors may contain prohibitions on the events that constitute a Change of Control. The Credit Agreement and our term loan facility require, and future indebtedness may require, the indebtedness to be purchased or repaid if a Change of Control occurs. Moreover, the exercise by the holders of their right to require the

Issuers to repurchase the Notes could cause a default under such indebtedness, even if the Change of Control itself does not. Finally, the Issuers ability to pay cash to the holders of Notes, if required to do

so, may be limited by its then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. See Risk Factors Risks Relating to the Notes We may not be able to satisfy our obligations to holders of the notes upon a Change of Control.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of the Issuers and their Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Furthermore, this term has not been interpreted under New York law (which is the governing law of the indenture) to represent a specific quantitative test. Accordingly, the ability of a holder of Notes to require the Issuers to repurchase its Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Issuers and their Subsidiaries taken as a whole to another Person or group may be uncertain. In addition, the Chancery Court of Delaware, in a recent decision, raised the possibility that a Change of Control as a result of a failure to have continuing directors comprising a majority of a Board of Directors may be unenforceable on public policy grounds.

### **Limitation on Activities of Finco**

Finco may not hold any material assets, become liable for any material obligations, engage in any trade or business, or conduct any business activity, other than (1) the issuance of its Capital Stock to Opco or any wholly owned Restricted Subsidiary of Opco, (2) the incurrence of Indebtedness as a co-obligor or guarantor, as the case may be, of the Notes, the Credit Agreement and any other Indebtedness that is permitted to be incurred under the covenant described under the heading Limitation on Incurrence of Indebtedness; *provided* that the net proceeds of such Indebtedness are not retained by Finco, and (3) activities incidental thereto. Neither the Parent nor any Restricted Subsidiary shall engage in any transaction with Finco in violation of the immediately preceding sentence.

### **Events of Default**

Events of Default under the indenture include the following:

- (1) default in the payment of principal of, or premium, if any, on any Note when they are due and payable at maturity, upon acceleration, redemption or otherwise;
- (2) default in the payment of interest on any Note when they are due and payable, and such default continues for a period of 30 days;
- (3) the Issuers or Restricted Subsidiaries do not comply with their obligations under Merger, Consolidation or Sale;
- (4) the Issuers fail to make or consummate a Change of Control Offer following a Change of Control when required as described under Repurchase of Notes Upon a Change of Control;
- (5) the Issuers or Restricted Subsidiaries default in the performance of or breach any other covenant or agreement of the Issuers or the Restricted Subsidiaries in the indenture or under the Notes (other than a default specified in clause (1), (2), (3) or (4) above) and such default or breach continues for 60 consecutive days after written notice by the trustee or the holders of 25% or more in aggregate principal amount of the Notes;
- (6) there occurs with respect to any issue or issues of Indebtedness of an Issuer or any Significant Subsidiary having an outstanding principal amount of \$65 million or more in the aggregate for all such issues of all such Persons, whether such Indebtedness now exists or shall hereafter be created,

S-42

**Table of Contents**

(a) an event of default that has caused the holder thereof to declare such Indebtedness to be due and payable prior to its Stated Maturity and such Indebtedness has not been discharged in full or such acceleration has not been rescinded or annulled within 30 days of such acceleration and/or

(b) the failure to make a principal payment at the final (but not any interim) fixed maturity and such defaulted payment shall not have been made, waived or extended within 30 days of such payment default;

(7) any final and non-appealable judgment or order for the payment of money in excess of \$65 million in the aggregate for all such final judgments or orders against all such Persons:

(a) shall be rendered against an Issuer or any Significant Subsidiary and shall not be paid or discharged, and

(b) there shall be any period of 60 consecutive days following entry of the final judgment or order that causes the aggregate amount for all such final judgments or orders outstanding and not paid or discharged against all such Persons to exceed \$65 million during which a stay of enforcement of such final judgment or order, by reason of a pending appeal or otherwise, shall not be in effect;

(8) a court of competent jurisdiction enters a decree or order for:

(a) relief in respect of an Issuer or any Significant Subsidiary in an involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, (b) appointment of a receiver, liquidator, assignee custodian, trustee, sequestrator or similar official of an Issuer or any Significant Subsidiary or for all or substantially all of the property and assets of an Issuer or any Significant Subsidiary, or

(b) the winding up or liquidation of the affairs of an Issuer or any Significant Subsidiary and, in each case, such decree or order shall remain unstayed and in effect for a period of 60 consecutive days; or

(9) an Issuer or any Significant Subsidiary:

(a) commences a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consents to the entry of an order for relief in an involuntary case under such law,

(b) consents to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of an Issuer or such Significant Subsidiary or for all or substantially all of the property and assets of an Issuer or such Significant Subsidiary, or

(c) effects any general assignment for the benefit of its creditors.

If an Event of Default (other than an Event of Default specified in clause (8) or (9) above that occurs with respect to an Issuer) occurs and is continuing under the indenture, the trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding, by written notice to the Issuers and paying agent (and to the trustee and paying agent if such notice is given by the holders), may, and the trustee at the request of the holders of at least 25% in aggregate principal amount of the Notes then outstanding shall, declare the principal of, premium, if any, and accrued interest on the Notes to be immediately due and payable. Upon a declaration of acceleration, such principal of, premium, if any, and accrued interest shall be immediately due and payable. In the event of a declaration of acceleration because an Event of Default set forth in clause (6) above has occurred and is continuing, such declaration of acceleration shall be automatically rescinded and annulled if the event of default triggering such Event of Default pursuant to clause (6) shall be remedied or cured by the relevant Issuer or Significant Subsidiary or waived by the

holders of the relevant Indebtedness within 60 days after the declaration of acceleration with respect thereto.

If an Event of Default specified in clause (8) or (9) above occurs with respect to an Issuer, the principal of, premium, if any, and accrued interest on the Notes then outstanding shall automatically become and be

S-43

## **Table of Contents**

immediately due and payable without any declaration or other act on the part of the trustee or any holder. The holders of at least a majority in principal amount of the outstanding Notes by written notice to the Issuers and to the trustee, may waive all past defaults and rescind and annul a declaration of acceleration and its consequences if:

- (1) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived, and
- (2) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction. As to the waiver of defaults, see [Modification and Waiver](#).

The holders of at least a majority in aggregate principal amount of the outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee. However, the trustee may refuse to follow any direction that conflicts with law or the indenture, that may involve the trustee in personal liability, or that the trustee determines in good faith may be unduly prejudicial to the rights of holders of Notes not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from holders of Notes. A holder may not pursue any remedy with respect to the indenture or the Notes unless:

- (1) the holder gives the trustee written notice of a continuing Event of Default;
- (2) the holders of at least 25% in aggregate principal amount of outstanding Notes make a written request to the trustee to pursue the remedy;
- (3) such holder or holders offer the trustee indemnity satisfactory to the trustee against any costs, liability or expense;
- (4) the trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and
- (5) during such 60-day period, the holders of a majority in aggregate principal amount of the outstanding Notes do not give the trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any holder of a Note to receive payment of the principal of, premium, if any, or interest on, such Note or to bring suit for the enforcement of any such payment on or after the due date expressed in the Notes, which right shall not be impaired or affected without the consent of the holder.

The indenture requires certain officers of the Issuers to deliver an officer's certificate to the trustee, on or before a date not more than 120 days after the end of each fiscal year, stating that a review has been conducted of the activities of the Issuers and their Restricted Subsidiaries and of its performance under the indenture and that the Issuers and their Restricted Subsidiaries have fulfilled all obligations thereunder, or, if there has been a default in fulfillment of any such obligation, specifying each such default and the nature and status thereof. The Issuers will also be obligated to notify the trustee of any default or defaults in the performance of any covenants or agreements under the indenture within 30 days of becoming aware of any such default unless such default has been cured before the end of the 30 day period.

## **Defeasance**

The Issuers may, at their option and at any time, elect to have their obligations and the obligations of the Guarantors discharged with respect to the outstanding Notes ( *Legal Defeasance* ) and cure all then existing Events of Default.

Legal Defeasance means that the Issuers and the Guarantors shall be deemed to have paid and

S-44

---

**Table of Contents**

discharged the entire indebtedness represented by the Notes and the Guarantees, and the indenture shall cease to be of further effect as to all outstanding Notes and Guarantees , except as to

- (1) rights of holders to receive payments in respect of the principal of and interest on the Notes when such payments are due from the trust funds referred to below,
- (2) the Issuers' obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes, and the maintenance of an office or agency for payment and money for security payments held in trust,
- (3) the rights, powers, trust, duties, and immunities of the trustee, and the Issuers' obligations in connection therewith, and
- (4) the Legal Defeasance provisions of the indenture.

In addition, the Issuers may, at their option and at any time, elect to have their obligations and the obligations of the Guarantors released with respect to most of the covenants under the indenture, except as described otherwise in the indenture ( *Covenant Defeasance* ), and thereafter any omission to comply with such obligations shall not constitute a Default .. In the event Covenant Defeasance occurs, certain Events of Default (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) will no longer apply. The Issuers may exercise their Legal Defeasance option regardless of whether they previously exercised Covenant Defeasance.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) the Issuers must irrevocably deposit with the paying agent, in trust, for the benefit of the holders of the Notes subject to Legal Defeasance or Covenant Defeasance, U.S. legal tender, U.S. Government Obligations or a combination thereof, in such amounts as will be sufficient (without reinvestment) in the opinion of a nationally recognized firm of independent public accountants selected by the Issuers, to pay the principal of and interest on the Notes on the stated date for payment or on the redemption date of the Notes,
- (2) in the case of Legal Defeasance, the Issuers shall have delivered to the trustee an opinion of counsel in the United States confirming that:
  - (a) the Issuers have received from, or there has been published by the Internal Revenue Service, a ruling, or
  - (b) since the date of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon this opinion of counsel shall confirm that, the holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred,
- (3) in the case of Covenant Defeasance, the Issuers shall have delivered to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee confirming that the holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the Covenant Defeasance had not occurred,

(4) no Default shall have occurred and be continuing on the date of such deposit (other than a Default resulting from the borrowing of funds to be applied to such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens on the deposited funds in connection therewith),

S-45

## **Table of Contents**

(5) the Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under any other material agreement or instrument (other than the indenture) to which the Parent or any of its Subsidiaries is a party or by which the Parent or any of its Subsidiaries is bound (other than any such Default or default relating to any Indebtedness being defeased from any borrowing of funds to be applied to such deposit and any similar and simultaneous deposit relating to such Indebtedness, and the granting of Liens on the deposited funds in connection therewith),

(6) the Issuers shall have delivered to the trustee an officer's certificate stating that the deposit was not made by them with the intent of preferring the holders over any other of their creditors or with the intent of defeating, hindering, delaying or defrauding any other of their creditors or others, and

(7) the Issuers shall have delivered to the trustee an officer's certificate and an opinion of counsel, each stating that the conditions provided for in, in the case of the officer's certificate, clauses (1) through (6) and, in the case of the opinion of counsel, clauses (2) and/or (3) and (5) of this paragraph have been complied with.

## **Satisfaction and Discharge**

The indenture will be discharged and will cease to be of further effect (except as to surviving rights or registration of transfer or exchange of the Notes, as expressly provided for in the indenture) as to all outstanding Notes when

(1) either:

(a) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuers and thereafter repaid to the Issuers or discharged from such trust) have been delivered to the trustee for cancellation; or

(b) all Notes not theretofore delivered to the trustee for cancellation (1) have become due and payable or (2) will become due and payable within one year, or are to be called for redemption within one year, under arrangements reasonably satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the expense, of the Issuers, and the Issuers have irrevocably deposited or caused to be deposited with the paying agent funds in an amount sufficient to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of maturity or redemption, as the case may be, together with irrevocable instructions from the Issuers directing the trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(2) the Issuers have paid all other sums payable under the indenture by the Parent or the Issuers; and

(3) the Issuers have delivered to the trustee an officer's certificate and an opinion of counsel stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture have been complied with.

## **Modification and Waiver**

Subject to certain limited exceptions, modifications and amendments of the indenture may be made by the Issuers and the trustee with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding Notes; *provided, however*, that no such modification or amendment may, without the consent of each holder affected thereby:

(1) change the Stated Maturity of the principal of, or any installment of interest on, any Note,

S-46

**Table of Contents**

- (2) reduce the principal amount of, or premium, if any, or interest on, any Note or make the Notes payable in money other than that stated in the Note,
- (3) change the place of payment of principal of, or premium, if any, or interest on, any Note,
- (4) impair the right to institute suit for the enforcement of any payment on or after the Stated Maturity (or, in the case of a redemption, on or after the Redemption Date) of any Note,
- (5) reduce the above-stated percentages of outstanding Notes the consent of whose holders is necessary to modify or amend the indenture,
- (6) waive a default in the payment of principal of, premium, if any, or interest on the Notes (except a rescission of the declaration of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the Notes then outstanding and a waiver of the payment default that resulted from such acceleration, so long as all other existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived),
- (7) voluntarily release a Guarantor of the Notes, except as permitted by the indenture,
- (8) reduce the percentage or aggregate principal amount of outstanding Notes the consent of whose holders is necessary for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults, or
- (9) modify or change any provisions of the indenture affecting the ranking of the Notes as to right of payment or the Guarantees thereof in any manner adverse to the holders of the Notes.

Notwithstanding the preceding, without the consent of any holder, the Parent, the Issuers, the Subsidiary Guarantors and trustee may amend the indenture:

- (1) to cure any ambiguity, omission, defect or inconsistency;
- (2) to provide for the assumption by a successor corporation of the obligations of the Parent, the Issuers or any Subsidiary Guarantor under the indenture;

- (4) to add Guarantees with respect to the Notes or to secure the Notes;

- (6) to make any change that does not adversely affect the rights of any holder, as evidenced by an officer's certificate delivered to the trustee (upon which it may fully rely);
- (7) to comply with any requirement of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

(9) to conform the text of the indenture or the Guarantees or the Notes to any provision of this Description of Notes to the extent that such provision in this Description of Notes was intended to be a substantially verbatim recitation of a provision of the indenture or the Guarantees or the Notes, as evidenced by an officer's certificate delivered to the trustee (upon which it may fully rely);

(10) evidence and provide for the acceptance of appointment by a successor trustee, *provided* that the successor trustee is otherwise qualified and eligible to act as such under the terms of the indenture;

(11) provide for a reduction in the minimum denominations of the Notes;

(12) comply with the rules of any applicable securities depository; or

(13) to provide for the issuance of additional notes and related guarantees in accordance with the limitations set forth in the indenture.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the indenture becomes effective, the Issuers are required to mail to holders a notice briefly describing such amendment. However, the failure to give such notice to all holders, or any defect therein, will not impair or affect the validity of the amendment.

## **No Personal Liability of Incorporators, Stockholders, Officers, Directors, or Employees**

The indenture provides that no recourse for the payment of the principal of, premium, if any, or interest on any of the Notes or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of the Issuers or the Guarantors in the indenture, or in any of the Notes or Guarantees or because of the creation of any Indebtedness represented thereby, shall be had against any incorporator, stockholder, officer, director, employee or controlling person of the Issuers or the Guarantors or of any successor Person thereof. Each holder, by accepting the Notes, waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes.

## **Book-Entry, Delivery and Form**

We have obtained the information in this section concerning The Depository Trust Company ( DTC ), Clearstream Banking, S.A., Luxembourg ( Clearstream, Luxembourg ) and Euroclear Bank S.A.N.V., as operator of the Euroclear System ( Euroclear ) and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of DTC, Clearstream, Luxembourg and Euroclear as they are currently in effect. Those systems could change their rules and procedures at any time.

The notes will initially be represented by one or more fully registered global notes. Each such global note will be deposited with, or on behalf of, DTC or any successor thereto and registered in the name of Cede & Co. (DTC's nominee). You may hold your interests in the global notes in the United States through DTC, or in Europe through Clearstream, Luxembourg or Euroclear, either as a participant in such systems or indirectly through organizations which are participants in such systems. Clearstream, Luxembourg and Euroclear will hold interests in the global notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream, Luxembourg's or Euroclear's names on the books of their respective depositories, which in turn will hold

those positions in customers securities accounts in the depositaries names on the books of DTC. Citibank, N.A. will act as depositary for Clearstream, Luxembourg and JPMorgan Chase Bank, N.A. will act as depositary for Euroclear.

**Table of Contents**

So long as DTC or its nominee is the registered owner of the global securities representing the notes, DTC or such nominee will be considered the sole owner and holder of the notes for all purposes of the notes and the indenture. Except as provided below, owners of beneficial interests in the notes will not be entitled to have the notes registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the notes under the indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a note must rely on the procedures of DTC or its nominee and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of notes.

Unless and until we issue the notes in fully certificated, registered form under the limited circumstances described below under the heading **Certificated Notes** :

you will not be entitled to receive a certificate representing your interest in the notes;

all references in this prospectus to actions by holders will refer to actions taken by DTC upon instructions from its direct participants; and

all references in this prospectus to payments and notices to holders will refer to payments and notices to DTC or Cede & Co., as the registered holder of the notes, for distribution to you in accordance with DTC procedures.

**The Depository Trust Company**

DTC will act as securities depository for the notes. The notes will be issued as fully registered notes registered in the name of Cede & Co. DTC is:

a limited-purpose trust company organized under the New York Banking Law;

a banking organization under the New York Banking Law;

a member of the Federal Reserve System;

a clearing corporation under the New York Uniform Commercial Code; and

a clearing agency registered under the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its direct participants deposit with DTC. DTC facilitates the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in direct participants' accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants of DTC include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its direct participants. Indirect participants of DTC, such as securities brokers and dealers, banks and trust companies, can also access the DTC system if they maintain a custodial relationship with a direct participant.

Purchases of notes under DTC's system must be made by or through direct participants, which will receive a credit for the notes on DTC's records. The ownership interest of each beneficial owner is in turn to be recorded on the records of direct participants and indirect participants. Beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct participants

## **Table of Contents**

or indirect participants through which such beneficial owners entered into the transaction. Transfers of ownership interests in the notes are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in notes, except as provided below in      Certificated notes.

To facilitate subsequent transfers, all notes deposited with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes. DTC's records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

## **Book-Entry Format**

Under the book-entry format, the paying agent will pay interest or principal payments to Cede & Co., as nominee of DTC. DTC will forward the payment to the direct participants, who will then forward the payment to the indirect participants (including Clearstream, Luxembourg or Euroclear) or to you as the beneficial owner. You may experience some delay in receiving your payments under this system. Neither we, the trustee under the indenture nor any paying agent has any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the notes.

DTC is required to make book-entry transfers on behalf of its direct participants and is required to receive and transmit payments of principal, premium, if any, and interest on the notes. Any direct participant or indirect participant with which you have an account is similarly required to make book-entry transfers and to receive and transmit payments with respect to the notes on your behalf. We and the trustee under the indenture have no responsibility for any aspect of the actions of DTC, Clearstream, Luxembourg or Euroclear or any of their direct or indirect participants. In addition, we and the trustee under the indenture have no responsibility or liability for any aspect of the records kept by DTC, Clearstream, Luxembourg, Euroclear or any of their direct or indirect participants relating to or payments made on account of beneficial ownership interests in the notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. We also do not supervise these systems in any way.

The trustee will not recognize you as a holder under the indenture, and you can only exercise the rights of a holder indirectly through DTC and its direct participants. DTC has advised us that it will only take action regarding a note if one or more of the direct participants to whom the note is credited directs DTC to take such action and only in respect of the portion of the aggregate principal amount of the notes as to which that participant or participants has or have given that direction. DTC can only act on behalf of its direct participants. Your ability to pledge notes to non-direct participants, and to take other actions, may be limited because you will not possess a physical certificate that represents your notes.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Clearstream, Luxembourg or Euroclear will credit payments to the cash accounts of Clearstream, Luxembourg customers or Euroclear participants in accordance with the relevant system's rules and procedures, to the extent received by its depository. These payments will be subject to tax reporting in accordance with relevant United States tax laws and regulations. Clearstream, Luxembourg or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the indenture on behalf of a Clearstream, Luxembourg customer or Euroclear participant only in accordance with its relevant rules and procedures and subject to its depository's ability to effect those actions on its behalf through DTC.

DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

## **Transfers within and Among Book-Entry Systems**

Transfers between DTC's direct participants will occur in accordance with DTC rules. Transfers between Clearstream, Luxembourg customers and Euroclear participants will occur in accordance with its applicable rules and operating procedures.

DTC will effect cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg customers or Euroclear participants, on the other hand, in accordance with DTC rules on behalf of the relevant European international clearing system by its depository. However, cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, instruct its depository to effect final settlement on its behalf by delivering or receiving securities in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC.

Clearstream, Luxembourg customers and Euroclear participants may not deliver instructions directly to the depositories.

Because of time-zone differences, credits of securities received in Clearstream, Luxembourg or Euroclear resulting from a transaction with a DTC direct participant will be made during the subsequent securities settlement processing, dated the business day following the DTC settlement date. Those credits or any transactions in those securities settled during that processing will be reported to the relevant Clearstream, Luxembourg customer or Euroclear participant on that business day. Cash received in Clearstream, Luxembourg or Euroclear as a result of sales of securities by or through a Clearstream, Luxembourg customer or a Euroclear participant to a DTC direct participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash amount only as of the business day following settlement in DTC.

Although DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of debt securities among their respective participants, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

## **Certificated Notes**

Unless and until they are exchanged, in whole or in part, for notes in definitive form in accordance with the terms of the notes, the notes may not be transferred except (1) as a whole by DTC to a nominee of DTC or (2) by a nominee of

DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

S-51

## **Table of Contents**

We will issue notes to you or your nominees, in fully certificated registered form, rather than to DTC or its nominees, only if:

we advise the trustee in writing that DTC is no longer willing or able to discharge its responsibilities properly or that DTC is no longer a registered clearing agency under the Securities Exchange Act of 1934, and the trustee or we are unable to locate a qualified successor within 90 days;

an event of default has occurred and is continuing under the indenture and a request for such exchange has been made; or

we, at our option, elect to terminate the book-entry system through DTC.

If any of the three above events occurs, DTC is required to notify all direct participants that notes in fully certificated registered form are available through DTC. DTC will then surrender the global note representing the notes along with instructions for re-registration. The trustee will re-issue the debt securities in fully certificated registered form and will recognize the registered holders of the certificated debt securities as holders under the indenture.

Unless and until we issue the notes in fully certificated, registered form, (1) you will not be entitled to receive a certificate representing your interest in the notes; (2) all references in this prospectus to actions by holders will refer to actions taken by the depositary upon instructions from their direct participants; and (3) all references in this prospectus to payments and notices to holders will refer to payments and notices to the depositary, as the registered holder of the notes, for distribution to you in accordance with its policies and procedures.

## **Concerning the Trustee**

The indenture provides that, except during the continuance of a Default, the trustee will not be liable, except for the performance of such duties as are specifically set forth in the indenture. If an Event of Default has occurred and is continuing, the trustee will use the same degree of care and skill in its exercise of the rights and powers vested in it under the indenture as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indenture and provisions of the Trust Indenture Act of 1939 incorporated by reference into the indenture contain limitations on the rights of the trustee, should it become a creditor of an Issuer, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee is permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest, it must eliminate such conflict or resign.

**CERTAIN MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS**

For a general summary of certain material U.S. federal income tax considerations applicable to us and our election to be taxed as a REIT, see **Certain Material U.S. Federal Income Tax Considerations** in the accompanying prospectus.

**Taxation of Noteholders**

The following is a summary of certain U.S. federal income tax considerations relating to the ownership and disposition of the notes for **U.S. Holders** or **Non-U.S. Holders** (each, as defined below and collectively,  **Holders** ). Except where noted, this summary deals only with notes held as capital assets (within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the **Code** )), by a Holder who purchases the notes for cash at their original **issue price** within the meaning of Section 1273 of the Code (i.e., the first price at which a substantial amount of the notes are sold to the public). This discussion does not address the tax consequences to subsequent purchasers of notes.

This discussion does not describe all of the U.S. federal income tax considerations that may be relevant to a Holder in light of its particular circumstances or to Holders subject to special rules, including, without limitation, Holders subject to the U.S. federal alternative minimum tax, dealers in securities or currencies, financial institutions, insurance companies, regulated investment companies, tax-exempt entities, former citizens or residents of the United States, pass-through entities (e.g., S corporations, partnerships or other entities taxable as partnerships for U.S. federal income tax purposes) or investors who hold the notes through pass-through entities, **controlled foreign corporations**, **passive foreign investment companies**, **U.S. Holders** (as defined below) whose functional currency is not the U.S. dollar and persons that hold the notes in connection with a straddle, hedging, conversion or other risk reduction transaction. Furthermore, this summary does not consider the effect of the U.S. federal estate or gift tax laws.

The U.S. federal income tax considerations set forth below are based upon the Code, Treasury regulations promulgated thereunder, court decisions, and rulings and pronouncements of the Internal Revenue Service (the **IRS** ) all as in effect on the date hereof, and all of which are subject to change, possibly on a retroactive basis, and to differing interpretations, so as to result in U.S. federal income tax considerations different from those summarized below. We have not sought any ruling from the IRS with respect to statements made and conclusions reached in this summary, and there can be no assurance that the IRS will agree with such statements and conclusions.

As used herein, the term **U.S. Holder** means a beneficial owner of a note that is for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if a court within the United States is able to exercise primary jurisdiction over its administration and one or more U.S. persons have the authority to control all of its substantial decisions, or if the trust

has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person. As used herein, the term **Non-U.S. Holder** means a beneficial owner of a note (other than an entity treated as a partnership for U.S. federal income tax purposes) that is not a U.S. Holder.

S-71

## **Table of Contents**

If a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of a note, the tax treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. A partnership considering an investment in the notes and partners in such a partnership are urged to consult their tax advisors about the U.S. federal income tax consequences of the purchase, ownership and disposition of the notes.

Investors considering the purchase of the notes are urged to consult their own tax advisors with respect to the application of the U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the U.S. federal estate or gift tax rules or under the laws of any state, local or foreign taxing jurisdiction or under any applicable tax treaty.

### ***U.S. Holders***

The following discussion is a summary of certain U.S. federal income tax considerations generally applicable to a U.S. Holder.

### ***Effect of Contingent Interest***

We may be required to pay additional interest on a note in certain circumstances described above, e.g., under the headings Description of Notes Optional Redemption and Repurchase of Notes upon a Change of Control. Because we believe the likelihood that we will be obligated to make any such additional payment on the notes is remote, we are taking the position (and this discussion assumes) that the notes will not be treated as contingent payment debt instruments. Our determination that the notes are not contingent payment debt instruments is binding on Holders unless they disclose their contrary positions to the IRS in the manner required by applicable Treasury regulations. However, our determination that the notes are not contingent payment debt instruments is not binding on the IRS. If the IRS were to successfully challenge this position, a U.S. Holder generally would be required to accrue ordinary income on its notes in excess of stated interest, and to treat any income realized on the taxable disposition of a note as ordinary income rather than capital gain. The remainder of this discussion assumes that the new notes are not treated as contingent payment debt instruments.

### ***U.S. Holders***

The following discussion is a summary of certain U.S. federal income tax considerations generally applicable to a U.S. Holder.

### ***Stated Interest***

Except as set forth below, stated interest on a note generally will be taxable to a U.S. Holder as ordinary income from domestic sources at the time such interest is paid or accrued in accordance with the U.S. Holder's method of accounting for tax purposes. We expect, and the remainder of this discussion assumes, that the notes will not be treated as being issued with original issue discount (OID) for U.S. federal income tax purposes.

### ***Amortizable Bond Premium***

A U.S. Holder that purchases a note for an amount in excess of the sum of all amounts payable on the note after the purchase date other than qualified stated interest (generally, stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually over the term of the notes at a single fixed rate) will be considered to have purchased the note at a premium equal to the amount of such excess. A U.S. Holder

generally may elect to amortize the premium over the remaining term of the note on a constant yield method as an offset to interest when includible in income under the U.S. Holder's regular accounting method. Under Treasury regulations, the amount of amortizable bond premium exceeding such interest offset that a U.S. Holder may deduct in any accrual period is limited to the amount by which the U.S. Holder's total interest inclusions on the note in prior accrual periods exceed the total amount treated by the

S-72

## **Table of Contents**

U.S. Holder as a bond premium deduction in prior accrual periods. If any of the excess bond premium is not deductible, that amount is carried forward to the next accrual period. Bond premium on a note held by a U.S. Holder that does not make an election to amortize premium will decrease the gain or increase the loss otherwise recognized on disposition of the note. The election to amortize premium on a constant yield method, once made, applies to all debt obligations held or subsequently acquired by the electing U.S. Holder on or after the first day of the first taxable year to which the election applies and may not be revoked without the consent of the IRS.

### *Sale, Redemption, Exchange or Other Taxable Disposition of Notes*

Upon the sale, exchange, redemption, repurchase, retirement or other disposition of a note, a U.S. Holder generally will recognize capital gain or loss equal to the difference between (i) the amount of cash proceeds and the fair market value of any property received on the disposition (except to the extent such amount is attributable to accrued but unpaid stated interest, which is taxable as ordinary income if not previously included in such Holder's income) and (ii) such U.S. Holder's adjusted tax basis in the note. A U.S. Holder's adjusted tax basis in a note generally will equal the cost of the note to such Holder decreased by any amortized bond premium and the amount of any prior payments other than stated interest payments.

Capital gain or loss recognized upon the disposition of a note will be a long-term capital gain or loss if the note was held for more than one year. The maximum tax rate on long-term capital gains to non-corporate U.S. Holders is generally 20%. The deductibility of capital losses is subject to limitations.

### *Information Reporting and Backup Withholding*

We will report to our U.S. Holders and to the IRS the amount of interest payments, and payments of the proceeds from the sale, exchange, redemption, repurchase, retirement or other disposition of a note made to a U.S. Holder, and the amount we withhold, if any. Under the backup withholding rules, a U.S. Holder may be subject to backup withholding at a current rate of up to 28% with respect to such amounts unless the Holder:

comes within certain exempt categories and, when required, demonstrates that fact, or

provides a taxpayer identification number, certifies as to no loss of exemption from backup withholding, and otherwise complies with the applicable requirements of the backup withholding rules.

A U.S. Holder who does not provide us with its correct taxpayer identification number also may be subject to penalties imposed by the IRS. Any amount paid as backup withholding will be creditable against the U.S. Holder's income tax liability if the information is furnished to the IRS in a timely manner.

### *Medicare tax*

Certain U.S. Holders who are individuals, estates or trusts are required to pay an additional 3.8% tax on, among other things, interest on and capital gains from the sale or other disposition of the notes. U.S. Holders should consult their tax advisors regarding the effect, if any, of this tax on their ownership and disposition of the notes.

### *Non-U.S. Holders*

The rules governing the U.S. federal income taxation of a Non-U.S. Holder are complex and no attempt will be made herein to provide more than a summary of such rules. Non-U.S. Holders should consult their tax advisors to determine the effect of U.S. federal, state, local and foreign tax laws, as well as tax treaties, with regard to an investment in the notes.

S-73

**Table of Contents**

*Interest*

A Non-U.S. Holder holding the notes on its own behalf generally will be exempt from U.S. federal income and withholding taxes on payments of interest on a note that is not effectively connected with the conduct of a trade or business in the United States by the Non-U.S. Holder unless such Non-U.S. Holder is (i) a direct or indirect 10% or greater partner (as defined in section 871(h)(3) of the Code) in the Operating Partnership, (ii) a controlled foreign corporation related to the Operating Partnership, or (iii) a bank extending credit pursuant to a loan agreement entered into in the ordinary course of its trade or business.

In order for a Non-U.S. Holder to qualify for this exemption from taxation on interest, the withholding agent (generally, the last U.S. payor or a non-U.S. payor who is a qualified intermediary or withholding foreign partnership) must have received a statement (generally made on IRS Form W-8BEN) from the Non-U.S. Holder that: (i) is signed under penalties of perjury by the beneficial owner of the note, (ii) certifies that such owner is a Non-U.S. Holder and (iii) provides the beneficial owner's name and address. A Non-U.S. Holder that is not an individual or corporation (or an entity treated as a corporation for U.S. federal income tax purposes) holding the debt securities on its own behalf may have substantially increased reporting requirements and should consult its tax advisor.

To the extent that interest income with respect to a note is not exempt from U.S. federal withholding tax as described above, a Non-U.S. Holder will be subject to U.S. federal income tax at a 30% rate unless (1) such tax is eliminated or reduced under an applicable income tax treaty or (2) such interest income is effectively connected with the Non-U.S. Holder's conduct of a trade or business in the United States.

*Sale, redemption, exchange or other taxable disposition of notes*

Any gain realized on the sale, redemption, exchange, retirement, repurchase or other taxable disposition of a note by a Non-U.S. Holder (except to the extent such amount is attributable to accrued interest, which would be taxable as described above) will be exempt from U.S. federal income and withholding taxes so long as: (i) the gain is not effectively connected with the conduct of a trade or business in the United States by the Non-U.S. Holder (and, if an applicable income tax treaty so provides, is not attributable to a U.S. permanent establishment) and (ii) in the case of a foreign individual, the Non-U.S. Holder is not present in the United States for 183 days or more in the taxable year.

*Effectively connected income*

A Non-U.S. Holder whose gain or interest income with respect to a note is effectively connected with the conduct of a trade or business in the United States by such Non-U.S. Holder (and, if an applicable income tax treaty so provides, is attributable to a U.S. permanent establishment) will generally be subject to U.S. federal income tax on the gain or interest income at regular U.S. federal income tax rates, as if the Holder were a U.S. person. In addition, if the Non-U.S. Holder is a foreign corporation, it may be subject to a branch profits tax equal to 30 percent of its dividend equivalent amount within the meaning of the Code for the taxable year, subject to adjustment, unless it qualifies for a lower rate or an exemption under an applicable tax treaty. The withholding tax discussed above will not apply to effectively connected income, provided the Holder furnishes an IRS form W-8ECI or IRS Form W-8BEN, as applicable.

*Information reporting and backup withholding*

Information reporting requirements and backup withholding generally will not apply to interest payments on a note to a Non-U.S. Holder if the statement described in Non-U.S. Holders is duly provided by such Holder, provided that the withholding agent does not have actual knowledge that the Holder is a United States person. Information reporting

requirements and backup withholding will not apply to any payment of the proceeds of the sale or other disposition (including a redemption) of a note effected outside the United States by a foreign office of a broker (as defined in applicable Treasury regulations), unless such broker

S-74

---

**Table of Contents**

(i) is a United States person, (ii) derives 50% or more of its gross income for certain periods from the conduct of a trade or business in the United States, (iii) is a controlled foreign corporation within the meaning of the Code, (iv) is a U.S. branch of a foreign bank or a foreign insurance company, or (v) is a partnership with a U.S. trade or business or a specified percentage of U.S. partners. Payment of the proceeds of any such disposition effected outside the United States by a foreign office of any broker that is described in (ii) through (v) of the preceding sentence will not be subject to backup withholding, but will be subject to the information reporting requirements unless such broker has documentary evidence in its records that the beneficial owner is a Non-U.S. Holder and certain other conditions are met, or the beneficial owner otherwise establishes an exemption. Payment of the proceeds of any such disposition or through the United States office of a broker is subject to information reporting and backup withholding requirements, unless the beneficial owner of the debt security provides the statement described in Non-U.S. Holders Interest or otherwise establishes an exemption. Any amount withheld from a payment to a Holder of a note under the backup withholding rules is allowable as a credit against such Holder's U.S. federal income tax liability (which might entitle such Holder to a refund), provided that such Holder timely furnishes the required information to the IRS.

*Foreign account tax compliance act*

Sections 1471 through 1474 of the Code (which are commonly referred to as FATCA) generally impose withholding taxes on certain types of payments made to foreign financial institutions and certain other non-U.S. entities unless additional certification, information reporting and other specified requirements are satisfied. Failure to comply with the FATCA reporting requirements could result in withholding tax being imposed on payments of interest and sales proceeds to foreign intermediaries and certain Non-U.S. Holders. Pursuant to recently issued final Treasury regulations and administrative guidance, this withholding tax will generally not be imposed on payments pursuant to obligations that are outstanding on July 1, 2014. However, if the debt securities were modified in certain ways after June 30, 2014, they could become subject to these rules. Prospective investors should consult their own tax advisors regarding FATCA.

Merrill Lynch, Pierce, Fenner & Smith Incorporated is acting as the representative of each of the underwriters named below. Subject to the terms and conditions set forth in a firm commitment underwriting agreement among us and the underwriters, we have agreed to sell to the underwriters, and each of the underwriters has agreed, severally and not jointly, to purchase from us, the principal amount of notes set forth opposite its name below.

<b>Underwriter</b>	<b>Principal Amount of Notes</b>
Merrill Lynch, Pierce, Fenner & Smith Incorporated	\$ 67,500,000
J.P. Morgan Securities LLC	49,500,000
Barclays Capital Inc.	36,000,000
KeyBanc Capital Markets Inc.	36,000,000
Deutsche Bank Securities Inc.	22,500,000
RBC Capital Markets, LLC	22,500,000
SunTrust Robinson Humphrey, Inc.	22,500,000
BBVA Securities Inc.	15,000,000
Credit Agricole Securities (USA) Inc.	15,000,000
Raymond James & Associates, Inc.	6,750,000
Regions Securities LLC	6,750,000
 Total	 \$ 300,000,000

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the notes sold under the underwriting agreement if any of these notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters and their controlling persons against certain liabilities in connection with this offering, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

We expect that delivery of the notes will be made against payment thereof on April 17, 2014, which will be the fifth business day following the pricing of the notes (such settlement cycle being herein referred to as "T + 5"). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the notes initially

will settle T + 5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes on the date of pricing of the notes or the next business day should consult their own advisor.

S-76

## **Table of Contents**

### **Commissions and Discounts**

The representative has advised us that the underwriters propose initially to offer the notes to the public at the public offering price set forth on the cover page of this prospectus supplement. After the initial offering, the public offering price or any other term of the offering may be changed.

The expenses of the offering payable by us, not including the underwriting discount, are estimated at \$0.3 million.

### **New Issue of Notes**

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange or for inclusion of the notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected. If the notes are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

### **No Sales of Similar Securities**

We have agreed that we will not, for a period beginning on the date of the underwriting agreement and ending on the date that this offering closes, without the prior consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated, directly or indirectly, issue, sell, offer to contract or grant any option to sell, pledge, transfer or otherwise dispose of, any debt securities or securities exchangeable for or convertible into debt securities, except for the notes sold to the underwriters pursuant to the underwriting agreement.

### **Short Positions**

In connection with the offering, the underwriters may purchase and sell the notes in the open market. These transactions may include short sales and purchases on the open market to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater principal amount of notes than they are required to purchase in the offering. The underwriters must close out any short position by purchasing notes in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the notes in the open market after pricing that could adversely affect investors who purchase in the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the notes or preventing or retarding a decline in the market price of the notes. As a result, the price of the notes may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that the representative will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

### **Other Relationships**

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge, and certain other of the underwriters or their affiliates that have a lending relationship with us may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. ### **Notice to Prospective Investors in the European Economic Area**

In relation to each Member State of the European Economic Area (each, a Relevant Member State ), no offer of notes may be made to the public in that Relevant Member State other than:

- A. to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- B. to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representative; or
- C. in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of notes shall require us or the representative to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person in a Relevant Member State who initially acquires any notes or to whom any offer is made will be deemed to have represented, acknowledged and agreed that it is a qualified investor within the meaning of the law in that Relevant Member State implementing Article 2(1)(e) of the Prospectus Directive. In the case of any notes being offered to a financial intermediary as that term is used in Article 3(2) of the Prospectus Directive, each such financial intermediary will be deemed to have represented, acknowledged and agreed that the notes acquired by it in the offer have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer of any notes to the public other than their offer or resale in a Relevant Member State to qualified investors as so defined or in circumstances in which the prior consent of the representative has been obtained to each such proposed offer or resale.

The representative and its affiliates will rely upon the truth and accuracy of the foregoing representations, acknowledgements and agreements.

This prospectus supplement has been prepared on the basis that any offer of notes in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of notes. Accordingly any person making or intending to make an offer in that Relevant Member State of notes which are the subject of the offering contemplated in this prospectus supplement may only do so in circumstances in which no obligation arises for us or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither we nor the underwriters have authorized, nor do they authorize, the making of any offer of notes in circumstances in which an obligation arises for us or the underwriters to publish a prospectus for such offer.

For the purpose of the above provisions, the expression "an offer to the public" in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression "Prospectus Directive" means Directive 2003/71/EC

**ABOUT MEDICAL PROPERTIES AND MPT OPERATING PARTNERSHIP**

Medical Properties is a self-advised real estate investment trust, or a REIT, focused on investing in and owning net-leased healthcare facilities. Medical Properties has operated as a REIT since April 6, 2004. Medical Properties was incorporated under Maryland law on August 27, 2003, and MPT Operating Partnership was formed under Delaware law on September 10, 2003. We conduct substantially all of our business through MPT Operating Partnership. We acquire and develop healthcare facilities and lease the facilities to healthcare operating companies under long-term net leases, which require the tenant to bear most of the costs associated with the property. We also make mortgage loans to healthcare operators collateralized by their real estate assets. In addition, we selectively make loans to certain of our operators through our taxable REIT subsidiaries, the proceeds of which are typically used for acquisition and working capital purposes. Finally, from time to time, we acquire a profits or other equity interest in our tenants that gives us a right to share in such tenant's profits and losses.

Our principal executive offices are located at 1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242. Our telephone number is (205) 969-3755. Our Internet address is [www.medicalpropertystrust.com](http://www.medicalpropertystrust.com). The information found on, or otherwise accessible through, our website is not incorporated into, and does not form a part of, this prospectus or any other report or document we file with or furnish to the SEC.

Additional information about MPT Operating Partnership, including its summary historical consolidated financial data as of March 31, 2013 and for the three months ended March 31, 2013 and 2012, and related Management's Discussion and Analysis of Financial Condition and Results of Operations, is included as an exhibit to the registration statement of which this prospectus forms a part and is herein incorporated by reference.

**ABOUT MPT FINANCE CORP.**

MPT Finance Corp. is a wholly-owned subsidiary of MPT Operating Partnership. MPT Finance Corp. has no assets and does not and will not conduct any operations or have any employees. It was formed for the sole purpose of acting as an issuer or co-issuer of debt securities that MPT Operating Partnership may issue from time to time solely to allow certain institutional investors that might otherwise not be able to invest in our securities, either because MPT Operating Partnership is a limited partnership, or by reason of the legal investment laws of their states of organization or their charters, to invest in our debt securities.

**DESCRIPTION OF DEBT SECURITIES**

This prospectus contains a summary of the securities that we may sell pursuant to this prospectus. These summaries are not meant to be a complete description of each security. However, this prospectus and the accompanying prospectus supplement contain the material terms of the securities being offered.

*Description of certain debt securities and guarantees*

**General**

MPT Operating Partnership, L.P. ( **Opco** ) may issue senior debt securities in one or more series, and MPT Finance Corporation ( **Finco** ) may be a co-issuer of one or more series of debt securities. Finco is a wholly-owned subsidiary of OpCo. Finco has no assets and does not and will not conduct any operations or have any employees. It was formed for the sole purpose of acting as an issuer or co-obligor of debt securities that OpCo may issue from time to time. When used in this section Description of certain debt securities and guarantees, the terms we, us, our, Issu and issuers refer jointly to OpCo and Finco. The term **Parent** as used in this section refers only to Medical Properties Trust, Inc. and not to any of its subsidiaries.

If we offer debt securities, we will issue them under a base indenture, by and among the Issuers, the guarantors party thereto and Wilmington Trust, National Association, as trustee, which will be amended and supplemented by a supplemental indenture to create the form and terms of each series of debt securities that may be issued, offered and sold hereunder. The form of base indenture is filed as an exhibit to the registration statement of which this prospectus is a part, and any supplemental indenture will be filed as an exhibit to a Current Report on Form 8-K, which will be incorporated by reference herein, in connection with the issuance of any new series of debt securities offered and sold hereunder. We refer to the base indenture, as amended and supplemented by each supplemental indenture applicable to a series of debt securities issued thereunder and offered hereby, as an indenture. We urge you to read the base and relevant supplemental indenture because these documents, and not the summary below, will define your rights as a holder of debt securities. Capitalized terms used in the summary have the meanings specified in the indenture.

**Specific terms of each series of debt securities in the prospectus supplement**

A prospectus supplement and a supplemental indenture relating to any series of debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

whether Finco will be a co-issuer;

the guarantors of the debt securities, if any;

the title of the debt securities;

the total principal amount of the debt securities;

the assets, if any, that are pledged as security for the payment of the debt securities;

whether we will issue the debt securities in individual certificates to each holder in registered form, or in the form of temporary or permanent global securities held by a depository on behalf of holders;

Edgar Filing: MPT RHM Klaus S.a.r.l. - Form 424B2

the prices at which we will issue the debt securities;

the portion of the principal amount that will be payable if the maturity of the debt securities is accelerated;

the currency or currency unit in which the debt securities will be payable, if not U.S. dollars;

the dates on which the principal of the debt securities will be payable;

the interest rate that the debt securities will bear and the interest payment dates for the debt securities;

any optional redemption provisions;

any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;

## **Table of Contents**

any changes to or additional events of default or covenants; and

any other terms of the debt securities.

We may offer and sell debt securities, including original issue discount debt securities, at a substantial discount below their principal amount. The prospectus supplement will describe special U.S. federal income tax and any other considerations applicable to those securities. In addition, the prospectus supplement may describe certain special U.S. federal income tax or other considerations applicable to any debt securities that are denominated in a currency other than U.S. dollars.

### **Guarantees**

To the extent specified in the prospectus supplement respecting a series of debt securities, Parent and/or certain subsidiaries thereof specified in the prospectus supplement will guarantee to each holder and the Trustee, on a joint and several basis, the full and prompt payment of principal of, premium, if any, and interest on the debt securities of that series when and as the same become due and payable, whether at stated maturity, upon redemption or repurchase, by declaration of acceleration or otherwise. If a series of debt securities is guaranteed, such series may be guaranteed by Parent and by some or all of Parent's subsidiaries. The prospectus supplement will identify the guarantors and describe any limitation on the maximum amount of any particular guarantee and the conditions under which guarantees may be released. The guarantees will be general obligations of the guarantors.

### **Consolidation, merger or asset sale**

Unless otherwise specified in the prospectus supplement respecting a series of debt securities, each indenture will, in general, allow us to consolidate or merge with or into another entity. It will also allow each issuer to sell, lease, transfer or otherwise dispose of all or substantially all of its assets to another entity. If this happens, the remaining or acquiring entity must assume all of the issuer's responsibilities and liabilities under the indenture including the payment of all amounts due on the debt securities and performance of the issuer's covenants in the indenture.

### **No protection in the event of a change of control**

Unless otherwise set forth in the prospectus supplement, the debt securities will not contain any provisions that protect the holders of the debt securities in the event of a change of control of us or in the event of a highly leveraged transaction, whether or not such transaction results in a change of control of us.

### **Modification of Indentures**

Unless otherwise specified in the prospectus supplement respecting a series of debt securities, the following description will apply to modifications of indentures.

We may supplement or amend an indenture if the holders of a majority in aggregate principal amount of the outstanding debt securities of all series issued under the indenture affected by the supplement or amendment consent to it. Further, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may waive past defaults under the indenture and compliance by us with our covenants with respect to the debt securities of that series only. Those holders may not, however, waive any default in any payment on any debt security of that series or compliance with a provision that cannot be supplemented or amended without the consent of each holder affected. Without the consent of each outstanding debt security affected, no modification of the indenture or waiver may:

reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver;

reduce the principal of or change the fixed maturity of any debt security;

**Table of Contents**

reduce or waive the premium payable upon redemption or alter or waive the provisions with respect to the redemption of the debt securities (except as may be permitted in the case of a particular series of debt securities);

reduce the rate of or change the time for payment of interest on any debt security;

waive a Default or an Event of Default in the payment of principal of or premium, if any, or interest on the debt securities (except a rescission of acceleration of the debt securities by the holders of at least a majority in aggregate principal amount of the debt securities and a waiver of the payment default that resulted from such acceleration);

except as otherwise permitted under the indenture, release any security that may have been granted with respect to the debt sec
