the Securities Exchange Act of 1934.

Yes No

If "Yes" is marked, indicated below the file number assigned to the
registrant in connection with Rule 12g3-2(b):

GOL Rated #1 Airline in 2004

São Paulo, Brazil, June 17, 2005 **GOL Linhas Aéreas Inteligentes S.A.** (NYSE: GOL and Bovespa: GOLL4), Brazil's low-cost, low-fare airline, was named *Aviation Week & Space Technology's* (AWST) number one airline, in the category of the airlines with revenues under one billion dollars. The survey among the world's 60 publicly-traded airlines recognized top-performing companies in the Airlines, Aerospace & Defense industries.

The annual competitiveness study, which appears in the June 6, 2005 issue, measures operating efficiency, cash flow, return on investment and a company's ability to optimize its business strategy in response to changing market conditions. The AWST study uses the CSFB Holt valuation model, which essentially reflects how well a company is managing its sales, operating margins and asset turns.

Companies are also evaluated on three equally-weighted categories, operating performance, strategy/growth, and financial health; performance in each category was rated on a scale of 1-5. GOL scored a 5 in both operating performance and financial health, and a 4.75 in strategy/growth; overall, the airline scored 4.92.

About GOL Linhas Aéreas Inteligentes

GOL Linhas Aéreas Inteligentes, a low-cost, low-fare airline, is one of the most profitable and fastest growing airlines in the industry worldwide. GOL operates a simplified fleet with a single class of service. It also has one of the youngest and most modern fleets in the industry that results in low maintenance, fuel and training costs, and therefore high aircraft utilization and efficiency ratios. In addition, safe and reliable services, which stimulate GOL's brand recognition and customer satisfaction, allow GOL to have the best cost-benefit service in the market. GOL currently offers over 350 daily flights to 42 major business and travel destinations in Brazil and Argentina, with substantial expansion opportunities. In 2005, GOL plans to grow by increasing frequencies in existing markets and adding service to additional markets in both Brazil and other high-traffic South American travel destinations. GOL listed its shares on the NYSE and the Bovespa in June 2004.
