**Item 1.01 Entry into a Material Definitive Agreement**

On December 27, 2018, we entered into an Additional Issuance Agreement with the purchasers identified therein (“Purchasers”) pursuant to which we issued two Term Promissory Notes (“Notes”) and Series H Common Stock Purchase Warrants (“Warrants”) to two current investors in exchange for gross proceeds to the Company of \$250,000.

The Notes, which are non-interest-bearing, are due on January 22, 2019. The Notes may be prepaid without penalty and may be accelerated in the event of default. The Notes also provide that if the Company consummates any private or public offering of securities or other financing or capital-raising transaction then the proceeds shall be applied to amounts due under the Notes.

The Warrants are for the purchase of up to 10,000,000 shares of our Common Stock in the aggregate (5,000,000 for each Purchaser). The Warrants have an exercise price of \$0.025 per share. The Warrants are exercisable once they have been outstanding for six months and have a term equal to three years from the date of issuance. The Warrants contain anti-dilution and price adjustment provisions, which may, under certain circumstances reduce the exercise price to match if we take specified actions which involve share prices for our common stock or common stock equivalents at a price lower than the exercise price of the Warrants, or if the Company effects certain changes to its outstanding capital stock.

The foregoing description of the Additional Issuance Agreement, the Notes, and the Warrants does not purport to be complete and is qualified in its entirety by reference to the full text of each document. Copies of the forms of these documents are attached as exhibits to this Form 8-K and are incorporated herein by reference.
