September 21, 2018

Dear Colleagues,

Blue Hills Bank and Rockland Trust both have rich cultural legacies of building long term relationships with our customers and our communities. Together, we will be able to create a bank neither one of us would be able to create on our own. Together, we will deepen the relationships we each have through expanded products, services, and technology capabilities, and the combination of our two organizations will create the area's most compelling community bank.

We deeply value the unique qualities that make Blue Hills Bank and Rockland Trust such special places to work. We both believe our colleagues are critical to our success, and we are delighted that Blue Hills customers will continue to be served by the same friendly faces they have come to know so well. Rockland Trust has been fortunate to be recognized by The Boston Globe as one of the Best Places to Work for nine years in a row and last year ranked the Bank as the #1 financial services company in their category.

We anticipate the merger to be completed in the first half of 2019 following receipt of the normal corporate and regulatory approvals and expect it to be business as usual until then for each of our banks. Upon completion of the merger, we will have the power of our combined legacies: we will be small enough to create special relationships, while big enough to provide the products, services, and technology our customers have come to expect.

The information we are including in this packet will help answer initial questions you may have about the merger. It contains information on Rockland Trust, including their products and services, as well as short bios for the executive leadership team, benefits and human resources contacts, the press release from Rockland Trust regarding the merger, and answers to questions customers may have as you interact with them.

We are both committed to having a steady and informative flow of info between teams as we finalize details and look forward to a successful transition for our customers and employees. Thank you in advance for your continued commitment to our customers and the success of this combination.

Best regards,

Rockland Trust is a strong, secure, and well-capitalized bank and a safe place for deposits. All deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. This coverage can be increased for larger deposits through titling of accounts. We also participate in the Certificate of Deposit Account Registry Service (CDARS).

These certificates of deposit (CDs) enable customers to insure their deposits up to \$50 million. All funds in a noninterest-bearing transaction account are insured in full by the Federal Deposit Insurance Corporation.

Deposits at Blue Hills Bank are also insured by the FDIC up to at least \$250,000. As a result, the merger will not affect deposit insurance coverage for many customers. If you have accounts at both Rockland Trust and Blue Hills Bank, under federal law you will continue to receive the same FDIC coverage as if your accounts were still at separate banks for six months after the merger. Certificates of Deposit will continue to receive separate FDIC insurance coverage until the first maturity date after the six-month period. After six months have passed, if your total account balances exceed \$250,000, any excess may not be covered by FDIC insurance. Blue Hills Bank also has additional deposit insurance coverage for amounts in excess of the amounts covered by FDIC insurance through the Depositors Insurance Fund (DIF) for Massachusetts savings banks. Blue Hills Bank's excess deposit insurance available for Massachusetts savings banks will no longer be available after the merger. Therefore, there may be changes to your deposit insurance coverage at the time of the merger if you have over \$250,000 in your aggregate deposit accounts at Blue Hills Bank.

Blue Hills Bank Employee Q & A

Introduction:

Independent Bank Corp., the parent company of Rockland Trust Company, has entered into an agreement to acquire Blue Hills Bancorp, the parent company of Blue Hills Bank. This agreement is subject to approval by our regulators and both BHBK and Rockland's shareholders. We expect that the acquisition and system conversions will be completed in the first half of 2019.

Below are answers to some of the questions you may have in light of this announcement.

A little about Rockland Trust:

Q. Who is Rockland Trust?

Rockland Trust Company is a full-service commercial bank headquartered in Massachusetts with \$8.4 billion in assets. Rockland Trust is owned by Independent Bank Corp. (NASDAQ Global Select Market: INDB). Named in 2017 to The Boston Globe's "Top Places to Work" list for the ninth consecutive year, Rockland Trust offers a wide range of banking, investment, and insurance services. With more than 85 branches serving eastern Massachusetts, Rockland Trust offers locations in Greater Boston communities, as well as Bristol County, the South Shore, Cape Cod, and Martha's Vineyard.

Q. How will Blue Hills Bank/Nantucket Bank customers benefit from the acquisition?

Rockland Trust brings a broad set of consumer and business capabilities that will help us serve customers' needs. For example, Rockland Trust has:

- More banking locations with 85 branches stretching from the north and western suburbs of Boston, through the South Shore and South Coast regions, onto Cape Cod and Martha's Vineyard;

- Convenient banking with access to over 125 ATMs, 22 branches with Sunday hours, a Call Center that's open seven days a week, telephone banking, and online live chat;

- "Smart" ATMs that allow for bulk deposits with check images printed on receipts;

- State-of-the-art mobile banking services for consumers and businesses with fingerprint and face ID login;

- Mobile wallet access with Apple Pay, Google Pay, and Samsung Pay;

- A wide range of investment management and trust services and products through Rockland Trust Investment

- Management Group, including investment management, retirement planning, financial planning, trust and estate planning, tax planning, and insurance strategies and solutions;

- A robust suite of Treasury Management products and services for businesses;

- A business credit card that provides rewards, multiple layers of security, and other built-in benefits;

- Larger commercial lending capacity, up to \$75 million per qualified business client;

- A wide range of affordable housing capabilities and expertise;

- Merchant services that allows business customers to accept credit and debit cards in their stores and even on their web sites;

- Foreign exchange services and 1031 exchanges, and

- A customer centric experience due to Rockland's size and scale, which allows them to compete with national and super regional banks.

Q. Will any branches or offices be closed?

Rockland Trust will be evaluating the combined branch network in the coming months to determine which, if any, branches or offices will be closed. Some branch closings are expected as we have communities with branches in close proximity to each other.

How this will impact you:

Q. What does this sale mean for my employment?

Your job will remain, without change, through the anticipated closing date of the merger. In the period between now and closing, you will be informed as soon as possible of any changes expected to your role following the closing of the merger.

Q. When will I know if I have a job with Rockland Trust Company?

Some people or departments may find out sooner than others; definitive timing is based on specific roles. Please don't read too much into it if you don't hear something right away or other colleagues hear before you - Rockland needs time to evaluate the needs of the combined organization, the talents and experience of each employee and to incorporate that into department-based personnel plans.

Q. If my position is eliminated, will there be a severance package?

Yes, there will be a severance package. Employees will receive severance pay in accordance with Blue Hills Bank's current severance policy, which specifies the number of weeks of severance employees receive based on their salary grade and years of service. Please see the policy, HR or your manager for details.

Q. How does the sale impact the Employee Stock Ownership Plan (or ESOP)?

When Blue Hills Bancorp went public, we established an Employee Stock Ownership Plan, a tax-qualified plan that obtained a loan to purchase approximately 8% of the stock of the Company. The shares were expected to be allocated to eligible employees' ESOP accounts over a period of 30 years; to date, we've made four allocations and will make a fifth allocation once 2018 is completed. When the acquisition is closed, the ESOP will be terminated, the balance of the ESOP loan will be repaid from unallocated shares in the ESOP and the remaining assets of the Plan will be allocated and distributed to participants. A favorable determination letter will be requested from the IRS in connection with the termination of the ESOP and distributions will likely be withheld until receipt of the determination letter. We expect the distributions to eligible participants to be of meaningful value but the actual amount of each individual's distribution will not be determined until after receipt of the favorable determination letter in 2019. Because the ESOP is a qualified plan for tax purposes, the proceeds can generally be rolled into a similar tax qualified plan or an IRA. If you decide not to roll the proceeds you receive over to a qualified tax plan or IRA, you could incur a 10% penalty if you are under age 59-1/2. You will also be subject to ordinary income tax on all or a portion of the distribution that you do not roll over, subject to special tax rules for distributions to employees who have separated from employment who may not be taxed at ordinary income tax rates on the appreciation in value of the stock distributed. These rules will be discussed further in a special tax notice you will receive at the time of your distribution.

Q. What are the incentive/bonus plans at Rockland Trust? Will I be kept whole?

Rockland Trust has a competitive compensation program. As offers of employment are made, you will be able to evaluate your total compensation relative to what you earned previously at Blue Hills Bank.

Q. Will Rockland Trust honor my service for benefits and 401(k), PTO and any other benefits that are tenure related?

Yes, Rockland Trust will honor your service date for tenure-related benefits.

Q. What are the medical and dental benefits of Rockland Trust?

Rockland Trust offers a competitive benefits package, including medical, dental, and vision coverage for you, your spouse, domestic partners and eligible dependent children. Rockland Trust also offers tuition and childcare reimbursement programs, dependent childcare and medical flexible spending accounts, health reimbursement arrangement (HRA), life and AD&D insurance, short- and long-term disability coverage, a retirement plan, and a 401(k) plan.

Furthermore, Rockland Trust offers a comprehensive Wellness Benefit for you and your loved ones. It's called RockFIT and it is a large part of the company culture. RockFIT is the award-winning program that provides great resources and incentives focused on emotional, financial and physical fitness needs. This site is currently used to promote all of the upcoming RockFIT events, plus highlight and recap the events that have taken place. RockFIT also contains a social media platform to communicate with colleagues.

A benefits overview/summary will be provided and distributed to you through our intranet site.

Q. Will we have blackout periods for PTO and will my level of PTO be changed?

As we move through 2018 and 2019, there may be blackout periods for PTO based on important dates. You will receive more information about this once the integration process begins and dates are set. As part of the benefit comparison, implications to PTO will be identified and communicated.

Q. Will I have to learn a new system?

Rockland Trust operates on the FIS system as their core system and many other systems across the retail and commercial platforms so there will be an opportunity to learn new operating systems.

Q. Will my hours or work site change?

Nothing will change until the purchase is completed in the first half of 2019. If there are changes, they will be communicated to you in advance and as part of your offer.

Q. When are performance reviews and bonuses given?

Performance reviews for 2018 will be completed under the BHBK timeline and process. Incentive compensation for 2018 will also remain under the BHBK approach, consistent with prior years. In addition, the short period from the beginning of 2019 through the closing date will also remain under the BHBK approach and be paid immediately prior to the merger closing.

Q. Will Nantucket Bank continue to operate under a separate brand?

Yes, it will continue to operate as a separate brand.

Customer Q & A:

Q. Publicity from the merger announcement will generate customer questions...how should we respond?

It is understandable that customers will have questions regarding the impact of the merger on their relationship. It is critical that all employees convey that nothing will happen prior to the merger closing date in 2019. Prior to any changes, all customers will receive information regarding how the merger will impact their relationship, including when they will receive a new debit card, any changes to online banking or any other aspects. For commercial customers, specific implications from cash management and other transactional relationships will be well documented and communicated to customers far in advance of any changes, with relationship managers being key partners in communicating the changes. All of us should look to convey confidence in all the positive benefits of the combination to our customers and help offset any apprehension from the change.

Q. How should I respond to customers inquiring if I will lose my job?

Some customers may express interest in how the merger impacts you as their key point of interaction with them. It is critical that each customer facing employee expresses a positive approach to the merger. It is expected that absent the limited branch overlap, customer facing employees will retain their jobs with final confirmation to be completed before the merger closes. It is understandable that uncertainty is difficult but the expectation is that almost all customer facing employees will have ongoing employment.

Rockland Trust will make every effort to place qualified individuals in open positions and will give preference to Blue Hills Bank employees for all openings. Information about openings at Rockland Trust is available at www.rocklandtrust.com and listings of internal postings will be provided to Blue Hills Bank's Human Resources Team.

As we move through the regulatory review process and toward the closing date, Rockland will be evaluating the needs of the combined organization. We anticipate that Rockland will be reaching out to non-customer facing personnel to learn more about their skills and interests to determine whether there is opportunity for ongoing employment.

Q. Why did Blue Hills Bank decide to sell to Rockland Trust?

It is understandable that some customers could be concerned with the Bank's decision to sell and may even think the sale implies the Bank is in trouble. It is critically important that each of us understands that the Bank remains in excellent financial condition with capital levels far in excess of industry and local competitor averages. The decision to sell reflects the Bank's belief that being part of a larger bank with an outstanding reputation and the products and services capabilities that Rockland Trust has is in the best interest of our customers. We believe being part of Rockland Trust, which has consistently received outstanding marks from JD Power, will be a positive outcome for our customers.
