NOTICE OF 2016 SPECIAL SHAREHOLDERS' MEETING

TO BE HELD ON [_____] , 2016

To the Shareholders of Quadrant 4 System Corporation:

NOTICE IS HEREBY GIVEN that a Special Shareholders' Meeting (the "Special Meeting") of Quadrant 4 System Corporation, an Illinois corporation (the "Company", "we", "us" or "our"), will be held at the Company's headquarters at 1501 E. Woodfield Road, Suite 205 S, Schaumburg, IL 60173 on [_____] , 2016 at [3:00 p.m. CST], or as soon thereafter as a quorum shall be present, for the following purposes:

1. To consider and vote upon a proposal to amend the Company's Articles of Incorporation (the "Articles of Incorporation") to change the number of issued and outstanding shares of common stock, par value \$0.001 per share, of the Company (the "Common Stock") by effecting a 10-for-1 reverse stock split (the "Reverse Stock Split"), as further described in the accompanying proxy statement ("Proxy Statement"), as a result of which shareholders of record of the Company who hold fewer than 10 pre-Reverse Stock Split shares of Common Stock will receive a cash payment of \$0.50 per pre-Reverse Stock Split share (the "Cash Payment") in lieu of receiving a fractional post-Reverse Stock Split share. Shareholders owning at least 10 pre-Reverse Stock Split shares, who after the Reverse Stock Split will continue as shareholders, but own a fractional share as the result of the Reverse Stock Split, will receive a cash payment of \$0.50 based on the pre-Reverse Stock Split share equivalent of their fractional share. All such fractional shares acquired by the Company in the Reverse Stock Split will be cancelled and returned to the status of authorized but unissued shares.

2. To consider and vote upon a proposal to reincorporate the Company from the State of Illinois to the State of Delaware by merging the Company with and into its newly-formed wholly-owned subsidiary, Quadrant 4 System Corporation, a Delaware corporation ("Q4 Delaware"), with Q4 Delaware as the surviving corporation (the "Reincorporation").

3. To consider and act upon such other business as may properly come before the meeting or any adjournments or postponements thereof.

The Board has fixed the close of business on [RECORD DATE], as the record date for the determination of shareholders entitled to receive notice of and to vote at the Special Meeting and at any adjournments or postponements thereof. A list of such shareholders will be available for inspection at the principal office of the Company at least 10 days before the date of the Special Meeting.

The accompanying Proxy Statement contains details on the Reverse Stock Split and the Reincorporation described in this letter, including important information concerning the Reverse Stock Split, the Cash Payment, terminating the registration of our Common Stock and the suspension of our duty to file periodic reports and other information with the SEC, as well as the Reincorporation. We strongly urge you to read the accompanying Proxy Statement, along with its Exhibits, carefully and in their entirety.

The Board has reviewed, analyzed and evaluated the fairness of the Reverse Stock Split and the Cash Payment. Although the Board of Directors has approved the Reverse Stock Split, the Cash Payment, the subsequent deregistration of our Common Stock and suspension of our duty to file periodic reports and other information with the SEC and the Reincorporation, the Board of Directors reserves the right to abandon, postpone or modify the foregoing at any time before they are consummated for any reason.

Your vote is very important. The Reverse Stock Split cannot be consummated and the Cash Payment cannot be made unless the Company obtains the affirmative vote of holders of at least two-thirds of the voting power of our Common Stock "FOR" the Reverse Stock Split. The Reincorporation cannot be consummated unless the Company obtains the affirmative vote of holders of at least two-thirds of the voting power of our Common Stock "FOR" the Reincorporation. Failing to vote with respect to a proposal has the same effect as a vote "AGAINST" that proposal.

Whether or not you plan to attend the Special Meeting, please complete, date, sign, and return, as promptly as possible, the enclosed proxy card in the accompanying prepaid reply envelope, or submit your proxy by telephone or the Internet. All shareholders are cordially invited to attend the Special Meeting. If you attend the Special Meeting and vote in person, your vote by ballot will revoke any proxy previously submitted. In order to be counted at the Special Meeting, your proxy card, telephone or electronic vote must be received by 11:59 p.m. (U.S. Central Time) on [DATE OF DAY PRIOR TO SPECIAL MEETING]. Your proxy is revocable in accordance with the procedures set forth in the Proxy Statement. Each shareholder is entitled to one vote for each share of Common Stock held as of the close of business on the Record Date.

If your shares of Common Stock are held in “street name” by your bank, broker, or other nominee, your bank, broker, or other nominee will be unable to vote your shares of Common Stock without instructions from you. You should instruct your bank, broker, or other nominee to vote your shares of Common Stock in accordance with the procedures provided by your bank, broker, or other nominee. The failure to instruct your bank, broker, or other nominee to vote your shares of Common Stock “FOR” the proposal to approve either the Reverse Stock Split or the Reincorporation will have the same effect as a vote “AGAINST” that proposal.

This Proxy Statement provides a detailed description of the Reverse Stock Split and the Reincorporation. In addition, it contains important information regarding the Special Meeting. We urge you to read carefully this entire Proxy Statement, its exhibits, and all of the documents incorporated into this Proxy Statement by reference. You may also obtain additional information about the Company from documents we have filed with the United States Securities and Exchange Commission, which we refer to as the SEC, which are available for free without charge at the SEC’s website at www.sec.gov.

PROXY STATEMENT

FOR

SPECIAL MEETING OF SHAREHOLDERS

TO BE HELD ON [_____] , 2016

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the "Board") of Quadrant 4 System Corporation, an Illinois corporation (the "Company", "we", "us" or "our"), of proxies, in the accompanying form, to be used at a Special Shareholders' Meeting to be held [_____] , 2016, at 3:00 p.m. CST] at the Company's headquarters, 1501 E. Woodfield Road, Suite 205 S, Schaumburg, IL 60173, and any adjournments thereof (the "Special Meeting").

Proposals

Shareholders of the Company are being asked to consider and vote upon the following proposals at the Special Meeting:

To consider and vote upon a proposal to amend the Company's Articles of Incorporation (the "Articles of Incorporation") to change the number of issued and outstanding shares of common stock, par value \$0.001 per share, of the Company (the "Common Stock") by effecting a 10-for-1 reverse stock split (the "Reverse Stock Split"), as further described in the accompanying proxy statement ("Proxy Statement"), as a result of which shareholders of record of the Company who hold fewer than 10 pre-Reverse Stock Split shares of Common Stock will receive a cash payment of 1. \$0.50 per pre-Reverse Stock Split share (the "Cash Payment" and collectively with the Reverse Stock Split, the "Transaction") in lieu of receiving a fractional post-Reverse Stock Split share. Shareholders owning at least 10 pre-Reverse Stock Split shares, who after the Reverse Stock Split will continue as shareholders, but own a fractional share as the result of the Reverse Stock Split, will receive a cash payment of \$0.50 based on the pre-Reverse Stock Split share equivalent of their fractional share. All such fractional shares acquired by the Company in the Reverse Stock Split will be cancelled and returned to the status of authorized but unissued shares.

To consider and vote upon a proposal to reincorporate the Company from the State of Illinois to the State of Delaware by merging the Company with and into its newly-formed wholly-owned subsidiary, Quadrant 4 System Corporation, a Delaware corporation ("Q4 Delaware"), with Q4 Delaware as the surviving corporation (the "Reincorporation").

To consider and act upon such other business as may properly come before the meeting or any adjournments or postponements thereof.

The proposed amendment to the Articles of Incorporation (the "Amendment") to accomplish the Reverse Stock Split is attached to this Proxy Statement as Exhibit A and the proposed form of Agreement and Plan of Merger, Articles of Merger and Certificate of Merger to accomplish the Reincorporation are attached to this Proxy Statement as Exhibits E, F and G, respectively.

Reverse Stock Split

The Board has determined that, for the Company, the costs of being a Securities and Exchange Commission ("SEC") reporting company outweigh the benefits and, thus, it is no longer in the best interests of the Company and its shareholders for us to remain an SEC reporting company. The Reverse Stock Split will enable us to terminate the registration of our Common Stock under the Securities Exchange Act of 1934 (the "Exchange Act"), if, after the Reverse Stock Split, there are fewer than 300 record holders of our Common Stock and we make the necessary filings with the SEC. The Board does not believe that there are feasible alternatives to the Reverse Stock Split.

The Board fully reviewed and considered the terms, purpose, alternatives and effects of the Reverse Stock Split and has determined that the Reverse Stock Split is in the best interests of the Company and is substantively and procedurally fair to the shareholders (including the unaffiliated shareholders) of the Company, including: (i) our shareholders who will be cashed-out as a result of the Reverse Stock Split and (ii) our shareholders who will continue to hold our Common Stock after the Reverse Stock Split. After studying the Reverse Stock Split and its anticipated effects on our shareholder (including unaffiliated shareholders), the Board has unanimously approved the Reverse Stock Split and deemed it procedurally and substantively fair to all of the Company's shareholders (including the unaffiliated shareholders) and to the Company.

Reincorporation

The Board has further determined that it is advisable and in the best interests of the Company to change its state of incorporation from Illinois to Delaware via the Reincorporation, regardless of whether the Reverse Stock Split is approved and consummated, and regardless of whether the Company terminates the registration of its Common Stock under the Exchange Act, as is presently contemplated.

Voting

The Board has fixed [RECORD DATE] as the record date for the Special Meeting (the "Record Date"). Shareholders of record as of the Record Date are entitled to vote at the Special Meeting and any postponements or adjournments thereof. We cannot complete the Reverse Stock Split unless the holders of at least two-thirds of our issued and outstanding Common Stock on the Record Date approve the Amendment to effect the Reverse Stock Split at the Special Meeting. We cannot complete the Reincorporation unless the holders of at least two-thirds of our issued and outstanding Common Stock on the Record Date approve the Reincorporation at the Special Meeting. On the Record Date, there were 108,861,774 shares of Common Stock outstanding.

Our executive officers and directors, who together hold or share the power to vote approximately 17.4% of the shares outstanding on the Record Date, have indicated they will vote in favor of both the Reverse Stock Split and the Reincorporation with respect to all shares for which they hold or share voting power.

Whether or not you plan to attend the Special Meeting, please complete, date, sign, and return, as promptly as possible, the enclosed proxy card in the accompanying prepaid reply envelope, or submit your proxy by telephone or the Internet. All shareholders are cordially invited to attend the Special Meeting. If you attend the Special Meeting and vote in person, your vote by ballot will revoke any proxy previously submitted. In order to be counted at the Special Meeting, your proxy card, telephone or electronic vote must be received by 11:59 p.m. (U.S. Central Time) on [DATE OF DAY PRIOR TO SPECIAL MEETING DATE]. Your proxy is revocable in accordance with the procedures set forth in the Proxy Statement. Each shareholder is entitled to one vote for each share of Common Stock held as of the close of business on the Record Date.

If your shares of Common Stock are held in "street name" by your bank, broker, or other nominee, your bank, broker, or other nominee will be unable to vote your shares of Common Stock without instructions from you. You should instruct your bank, broker, or other nominee to vote your shares of Common Stock in accordance with the procedures provided by your bank, broker, or other nominee.

This Proxy Statement provides a detailed description of the Reverse Stock Split and the Reincorporation. In addition, it contains important information regarding the Special Meeting. We strongly urge you to read carefully this entire Proxy Statement, its exhibits, and all of the documents incorporated into this Proxy Statement by reference. You may also obtain additional information about the Company from documents we have filed with the United States Securities and Exchange Commission, which we refer to as the SEC, which are available for free without charge at the SEC's website at www.sec.gov.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THE REVERSE STOCK SPLIT OR THE REINCORPORATION DESCRIBED HEREIN, PASSED UPON THE MERITS OR FAIRNESS OF SUCH TRANSACTIONS OR PASSED UPON THE ADEQUACY OR ACCURACY OF THE DISCLOSURE IN THIS PROXY STATEMENT. ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL AND A CRIMINAL OFFENSE. NO PERSON IS AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATION NOT CONTAINED IN THIS PROXY STATEMENT OR THE RELATED SCHEDULE 13E-3 TRANSACTION STATEMENT FILED WITH THE SECURITIES AND EXCHANGE COMMISSION, AND IF

GIVEN OR MADE, YOU SHOULD NOT RELY ON ANY SUCH INFORMATION OR REPRESENTATION AS HAVING BEEN AUTHORIZED BY THE COMPANY. ALL SHAREHOLDERS SHOULD CAREFULLY READ THIS PROXY STATEMENT AND ITS EXHIBITS IN THEIR ENTIRETY BEFORE MAKING ANY DECISION IN RESPECT OF OUR COMMON STOCK.

SUMMARY TERM SHEET

This Summary Term Sheet, together with the sections that follows, highlights selected information from this Proxy Statement about the proposed Reverse Stock Split. This Summary Term Sheet may not contain all of the information that is important to you. For a more complete description of the Reverse Stock Split, you should carefully read this Proxy Statement and all of its Exhibits in their entirety. For your convenience, we have directed your attention to the location in this Proxy Statement where you can find a more complete discussion of each item listed below.

As used in this Proxy Statement, “the Company,” “we,” “our” and “us” refers to Quadrant 4 System Corporation. The Reverse Stock Split is considered a “going private” transaction as defined in Rule 13e-3 promulgated under the Exchange Act, because it is intended to, and, if completed, will enable us to, terminate the registration of (or deregister) our Common Stock under Section 12(g) of the Exchange Act and suspend our duty to file periodic reports and other information with the SEC under Section 13(a) thereunder. In connection with the Reverse Stock Split, we have filed with the SEC a Rule 13e-3 Transaction Statement on Schedule 13E-3.

We will effect the Reverse Stock Split of our Common Stock, whereby every 10 shares of our Common Stock issued and outstanding as of the effective date of the Reverse Stock Split will be converted into one whole share of our Common Stock. In lieu of issuing any fractional shares to shareholders who will only hold fractional shares as a result of the Reverse Stock Split, we will make a Cash Payment equal to \$0.50 per pre-Reverse Stock Split share to such shareholders. Accordingly, such shareholders owning fewer than 10 pre-Reverse Stock Split shares (the “Discontinued Shareholders”) will have no further interest in the Company, will no longer be shareholders of the Company and will be entitled to receive only the Cash Payment of \$0.50 multiplied by the number of pre-Reverse Stock Split shares owned by them. However, shareholders owning at least 10 pre-Reverse Stock Split shares, who after the Reverse Stock Split will continue as shareholders, but own a fractional share as a result of the Reverse Stock Split will also receive a Cash Payment based on their Reverse pre-Reverse Stock Split share equivalent of their fractional share. The fractional shares purchased by the Stock Company will be cancelled and returned to the status of authorized but unissued shares. Shareholders owning Split 10 or more pre-Reverse Stock Split shares will continue to be shareholders of the Company after the Reverse Stock Split. We anticipate that the Reverse Stock Split will occur as soon as possible after the date of the Special Meeting, subject to shareholder approval and subsequent final action by our Board of Directors. The Reverse Stock Split will become effective on the date the Company files the Amendment with the Secretary of State of the State of Illinois, or on any later date that the Company may specify in the Amendment. We intend to effect the Reverse Stock Split as soon as possible after the Reverse Stock Split is approved by our shareholders, subject to final authorization by our Board. Pursuant to Illinois law, the Reverse Stock Split requires the approval of holders of two-thirds of the voting power of the Company’s Common Stock. See “Special Factors - Material Terms” beginning on page 17, “Special Factors - Purpose of the Reverse Stock Split” beginning on page 17 and “Special Factors - Structure of the Reverse Stock Split” beginning on page 31, respectively.

Purpose of the Reverse Stock Split The primary purpose of the Reverse Stock Split is to reduce the number of record holders of our Common Stock to fewer than 300, thereby allowing us to terminate the registration of (or deregister) our Common Stock under Section 12(g) of the Exchange Act and suspend our duty to file periodic reports and other information with the SEC under Section 13(a) commonly referred to as “going dark.” We intend to file a Form 15 (Certificate of Termination of Registration) with the SEC under the Exchange Act as soon as possible after consummation of the Reverse Stock Split so that we would no longer be required to file annual, quarterly or current reports (Forms 10-K, 10-Q and 8-K), and we would not be required to comply with the SEC’s proxy rules. The Reverse Stock Split is an isolated transaction and is not pursuant to a plan to periodically increase a shareholder’s proportionate interest in our assets or earnings and profits. After the Reverse Stock Split, but prior to the Reincorporation, if approved by the shareholders at the Special Meeting, the Company will continue to be subject to and will comply with the requirements of Illinois law, including requirements with respect to shareholder meetings and information dissemination. If the Reincorporation is approved and consummated, the Company will become subject to and will comply with the requirements of Delaware law, including requirements with respect to shareholder meetings and information dissemination. See “Special Factors - Purpose of the Reverse Stock Split” and “Special Factors -

Effects of the Reverse Stock Split” beginning on pages 17 and 20, respectively.

On September 27, 2016, The Benchmark Company, LLC, which we refer to as Benchmark, verbally rendered its opinion to our board of directors (which was subsequently confirmed in writing by delivery of Benchmark’s written opinion addressed to our board of directors dated September 27, 2016), as to whether the Cash Payment of \$0.50 per tenth of a share to be received by the holders of the fractional shares of common stock of the Company resulting from the Reverse Stock Split was fair to such holders from a financial point of view. Benchmark’s opinion was directed to our Board of Directors (in its capacity as such) and addressed only whether the Cash Payment to be received by the holders of the fractional shares of common stock of the Company as a result of the Reverse Stock Split was fair to such holders from a financial point of view and did not address any other aspect or implication of the Reverse Stock Split or any other agreement, arrangement or understanding. The summary of Benchmark’s opinion in this Proxy Statement is qualified in its entirety by reference to the full text of its written opinion, which is attached as Exhibit B to this Proxy Statement and describes the procedures followed, assumptions made, qualifications and limitations on the review undertaken and other matters considered by Benchmark in connection with the preparation of its opinion. However, neither Benchmark’s opinion nor the summary of its opinion and the related analyses set forth in this Proxy Statement are intended to be, and do not constitute, advice or a recommendation to our board of directors, any security holder of our Company or any other person as to how to act or vote with respect to any matter relating to the Transaction. See “Special Factors - Fairness of Reverse Stock Split” beginning on page 22.

Following the completion of the Reverse Stock Split, certain shareholders who will continue as shareholders of the Company, including directors, executive officers and shareholders who may be deemed affiliates (based on beneficial ownership of 10% or more of our Common Stock), will own a slightly increased percentage of our outstanding Common Stock than such shareholder held prior to the Reverse Stock Split, as a result of the cash-out of holders of fractional share interests described above. We currently have no intention to change our business operations as a result of the Reverse Stock Split, or to engage in any extraordinary transactions, such as a merger or sale of assets as a result of the Reverse Stock Split. See “Special Factors - Background of the Reverse Stock Split”, beginning of page 17 and “Special Factors - Effects of the Reverse Stock Split” beginning on page 22.

We intend to effect the Reverse Stock Split as soon as possible after the Reverse Stock Split is approved by our shareholders, subject to final authorization by our Board. The effective date of the Reverse Stock Split will be determined by the Board. The record date of the Reverse Stock Split will be the same date as its effective date. See “Special Factors - Effects of the Reverse Stock Split” beginning on page 20.

The total amount of funds necessary to make Cash Payments to shareholders in connection with the Reverse Stock Split and for related expenses is estimated to be approximately \$30,000. See the information under the caption “Source and Amounts of Funds” beginning on page 57.

The affirmative vote of two-thirds of our Common Stock outstanding and entitled to vote is required to approve the Amendment to the Articles of Incorporation and thereby to effect the Reverse Stock Split. Our directors and executive officers have indicated that they intend to vote the shares of our Common Stock for which they hold or share voting power (18,895,203 shares of Common Stock, or approximately 17.4% of our issued and outstanding shares eligible to vote at the Special Meeting) “FOR” the Reverse Stock Split. See “Special Factors -- Shareholder Approval” beginning on page 32 and “Solicitation and Voting Procedures” beginning on page 58.

A shareholder who receives no Cash Payment as a result of the Reverse Stock Split (whether in complete redemption of the Common Stock or as a payment in lieu of a fractional share) generally will not recognize any gain or loss for U.S. federal income tax purposes. A shareholder who receives a Cash Payment in complete redemption of the Common Stock or in lieu of a fractional share of our Common Stock as a result of the Reverse Stock Split generally will recognize gain or loss for U.S. federal income tax purposes (and, in certain limited circumstances, be treated as having received a dividend distribution). The specific U.S. federal income tax consequences to a shareholder will depend on the particular circumstances of such shareholder. See “Other Matters Related to the Reverse Stock Split - Certain Material U.S. Federal Income Tax Consequences”, beginning on page 35. You are urged

to consult with your own tax advisor regarding the tax consequences of the Reverse Stock Split to you in light of your own particular circumstances.

7

Payment
and
Exchange of
Shares

As soon as practicable after the Reverse Stock Split, Security Transfer Corp. (the “Exchange Agent”) will send each shareholder an instruction letter describing the procedure for surrendering stock certificates in exchange for the Cash Payment. Upon receipt of properly completed documentation and stock certificates, each shareholder will be entitled to receive the Cash Payment for its fractional shares of Common Stock, without interest, from the Exchange Agent. We anticipate that our Exchange Agent will mail instruction letters to shareholders within five to ten (5 - 10) business days after the effective date of the Reverse Stock Split. Shareholders should allow approximately five (5) business days after mailing their properly completed documentation and stock certificates for such materials to be received by our Exchange Agent and should anticipate receiving their cash payment, without interest, after at least 10 business days after the receipt of such materials by our Exchange Agent. See “Special Factors – Effects of the Reverse Stock Split” beginning on page 20.

Shareholders
with Shares
Held in Street
Name

If your shares are held in a stock brokerage account or by a bank, broker, or other nominee, you are considered the beneficial owner of shares held in “street name” with respect to those shares, and this Proxy Statement is being forwarded to you by your bank, broker, or other nominee. Your bank, broker, or other nominee is considered, with respect to those shares, the shareholder of record. Although the Reverse Stock Split is designed to reduce the number of shareholders of record, we intend to treat shareholders holding our Common Stock in street name in substantially the same manner as shareholders whose shares are registered in their names for purposes of the Reverse Stock Split. However, banks, brokers or other nominees may have different procedures, and shareholders holding our Common Stock in street name should contact their bank, broker or nominee regarding the treatment of their shares. See the information under the caption “Special Factors – Effects of the Reverse Stock Split” beginning on page 20.

Reservation

The Board retains the right to abandon, postpone or modify the Reverse Stock Split, the subsequent intended deregistration of our Common Stock under the Exchange Act and the resulting suspension of our duty to file periodic reports and other information with the SEC thereunder and/or the Reincorporation if it determines that it is not in the best interest of the Company and its shareholders. A number of factors or circumstances could cause the Board to abandon, postpone or modify the transactions and such deregistration and suspension, including, without limitation, the following:

If, immediately prior to the Reverse Stock Split, the Board does not believe that the Reverse Stock Split will sufficiently reduce the number of record holders of our Common Stock to a level that reasonably assures us that the Company would not be required under the Exchange Act to revert to a public reporting company in the foreseeable future after the Reverse Stock Split is completed, then the Board may elect to abandon, postpone or modify the Reverse Stock Split.

Even if the aggregate cash payments to shareholders necessary to complete the Reverse Stock Split is within any budgetary guideline set by the Board, the Board may elect to abandon, postpone or modify the Reverse Stock Split if the then economic conditions or the financial condition of the Company, or their outlooks, be such that, in the judgment of the Board, it is no longer advisable to effect the Reverse Stock Split.

If the Board determines that it is in the best interests of the Company and its shareholders for the Company to enter into any other strategic transaction that may arise in the future, such as an asset or stock sale or a business combination transaction, then the Board may elect to abandon, postpone or modify the Reverse Stock Split and/or the Reincorporation.

If for any other reason the Board determines that the Reverse Stock Split or the Reincorporation is no longer in the best interest of the Company and its shareholders, then it may elect to abandon, postpone or modify the Reverse Stock Split or the Reincorporation.

If the Board determines to abandon, postpone or modify the Reverse Stock Split or the Reincorporation, then the Company will notify the shareholders of such determination in accordance with applicable rules and regulations. See “Special Factors - Reservation” beginning on page 34.

CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

This Proxy Statement contains certain statements that are “forward-looking statements.” Those statements may include statements regarding the intent, belief or current expectations of the Company or its officers with respect to: (i) the Company’s strategic plans and ability to complete and benefit from the Reverse Stock Split or the Reincorporation; (ii) the expenses associated with the Reverse Stock Split and the planned subsequent deregistration of our Common Stock under the Exchange Act and the resulting anticipated suspension of our duty to file periodic reports and other information with the SEC thereunder; (iii) the number of shareholders following the Reverse Stock Split; (iv) any projections or estimations of future savings of the Company as a result of the Reverse Stock Split; (v) the Company’s financial condition, results of operations, capital resources and business prospects following the Reverse Stock Split and the Reincorporation; and (vi) projections about the Company’s future financial performance. These forward-looking statements are based on a number of assumptions and currently available information, and are subject to a variety of risks and uncertainties. Although the Company believes that the assumptions on which the forward-looking statements contained herein are based are reasonable, any of those assumptions could prove to be inaccurate given the inherent uncertainties as to the occurrence or nonoccurrence of future events. There is no assurance that the forward-looking statements contained in this Proxy Statement will prove to be accurate. The inclusion of a forward-looking statement herein should not be regarded as a representation by the Company that its objectives will be achieved. The “safe-harbor” provisions of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Exchange Act do not apply to going-private transactions.

QUESTIONS AND ANSWERS REGARDING

Q: What is a "quorum" for purposes of the Special Meeting?

A: The presence, in person or by proxy, of the holders of record of a majority of the shares of the Company's Common Stock entitled to be cast at the Special Meeting, is necessary to constitute a quorum.

Q: Who are the Filing Persons?

A: For the purposes of this Proxy Statement, the "Filing Persons" are those individuals and entities required under the rules of the SEC to provide certain disclosures to our shareholders in order for us to effect the Reverse Stock Split and the Reincorporation. See the information under the caption "Company Information – Certain Information Concerning the Company, the Company's Directors and Executive Officers and the Filing Persons" in this Proxy Statement.

Q: How do I vote?

A: Sign and date each proxy card you receive and return it in the enclosed envelope prior to the Special Meeting or attend the Special Meeting and vote in person. You may also vote on the Internet or by telephone by following the instructions on the proxy card.

1 You may attend the Special Meeting and vote in person. Simply attending the Special Meeting will not, by itself, revoke your proxy.

Q: Who can help answer my questions?

A: If you have additional questions about the Reverse Stock Split, the Reincorporation or any of the other disclosures in this Proxy Statement, you should contact us at (855) 995-7367.

Questions on Proposal No. 1 (Reverse Stock Split)

Q: How does the Board recommend that I vote on Proposal No. 1?

A: The Board unanimously recommends that you vote "FOR" the Reverse Stock Split and thereby the amendment to effect the Reverse Stock Split and making the attendant Cash Payment.

Q: How are broker non-votes counted for Proposal No. 1?

A: Broker non-votes generally occur when shares held by a broker, bank or other nominee for a beneficial owner are not voted with respect to a proposal because the broker, bank or other nominee has not received voting instructions from the beneficial owner and lacks discretionary authority to vote the shares. Banks, brokers and nominees normally have discretion to vote on "routine matters," such as the ratification of independent registered public accounting firms, but not on non-routine matters, such as amendments to charter documents and the election of directors. Proposal No. 1 is a "non-routine matter." Accordingly, broker non-votes will be counted for the purpose of determining the presence or absence of a quorum with respect to Proposal No. 1, but will not be counted for the purpose of determining the number of shares required to approve Proposal No. 1. Accordingly, a broker non-vote will have the effect of a vote against the proposal.

Q: How are abstentions counted for Proposal No. 1?

A: A properly executed proxy marked "ABSTAIN" with respect to any such matter will be counted for purposes of determining whether there is a quorum with respect to Proposal No. 1. However, under Illinois law, a proxy marked "ABSTAIN" is not considered a vote cast. Accordingly, an abstention will have the effect of a vote against the Reverse Stock Split proposal.

Q: What vote is required to approve Proposal No. 1?

A: Section 10.20(c) of the Illinois Business Corporation Act of 1983 (the "IBCA") provides that the affirmative vote of the holders of at least two-thirds of our issued and outstanding Common Stock is required to amend the Articles of Incorporation and thereby to effect the Reverse Stock Split.

Q: What is the Reverse Stock Split?

The Reverse Stock Split is a reduction of the number of our authorized, issued and outstanding Common Stock in a ratio of 10 shares prior to the Reverse Stock Split to one share following the Reverse Stock Split. Shareholders that own less than 10 shares prior to the Reverse Stock Split will cease to own any shares of our Common Stock and instead will receive cash for their shares.

Q: What is the purpose of the Reverse Stock Split?

A: The Board has decided that, for the Company, the costs of being an SEC reporting company outweigh the benefits and, thus, it is no longer in our best interests or the best interests of our shareholders for us to remain an SEC reporting company. The Reverse Stock Split will enable us to terminate the registration of our Common Stock under the Exchange Act if, after the Reverse Stock Split, there are fewer than 300 record holders of our Common Stock and we make the necessary filings with the SEC.

Q: How will the Reverse Stock Split affect the day-to-day operations of the Company?

A: Though the Reverse Stock Split will have very little effect on the Company's business and operations, it will reduce management time spent on compliance and disclosure matters attributable to our Exchange Act filings, and may therefore enable management to increase its focus on managing our business and growing shareholder value.

Q: What are some of the advantages of the Reverse Stock Split?

A: The Board believes that the Reverse Stock Split may have the following advantages, among others:

- through the Reverse Stock Split we will be able to provide complete liquidity for certain of our shareholders at a price determined by the Board to be fair and in the best interests of the shareholders, where there has historically been somewhat limited liquidity available through the public trading markets;
- shareholders will have some ability to either buy or sell shares in order to determine whether to remain as shareholders or to be cashed out;
- we will eliminate the significant costs and time commitments of our directors and executives related to complying with our obligations as a public company to the benefit of those shareholders remaining after the Reverse Stock Split. Since we will no longer have to comply with the public reporting and other requirements of the Exchange Act and the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), we will no longer need to incur certain expenses relating to printing and mailing shareholder documents, our investor relations function, SEC filing fees and personnel time required to comply with our obligations under certain U.S. federal securities laws. We estimate that following the Reverse Stock Split, we will save approximately \$700,000 in cash before taxes on an annual basis;
- shareholders will not be obligated to pay any commissions in connection with the Cash Payment resulting from the Reverse Stock Split, however, if a shareholder holds shares through a nominee the nominee may charge a fee;
- in light of the limited liquidity of our Common Stock, we will lose only limited liquidity as a benefit of being registered with the SEC;
- the Reverse Stock Split will affect our affiliated and un-affiliated shareholders equally; and
- the Reverse Stock Split will have minimal effect on the voting power of the Company's shareholders as the changes in ownership percentage will be slight.

See the information under the captions "Special Factors—Purpose of the Reverse Stock Split" and "Special Factors—Reasons for the Reverse Stock Split" in this Proxy Statement.

Q: What are some of the disadvantages of the Reverse Stock Split?

A: The Board believes that the Reverse Stock Split may have the following disadvantages, among others:

- after the Reverse Stock Split, we intend to deregister our Common Stock under the Exchange Act and to thereby suspend our duty to file periodic reports and other information with the SEC thereunder and, therefore, we will no longer be subject to the reporting requirements under the Exchange Act, such as periodic filings of financial statements and proxy or proxy statement disclosures in connection with shareholder meetings;

we will no longer report our quarterly or annual results of operations or activities in reports filed with the SEC under the Exchange Act;

because the reporting requirements of the Exchange Act will no longer apply, less information about us will be required to be furnished to those shareholders who continue to hold our Common Stock after the deregistration; shareholders holding our Common Stock following the Reverse Stock Split may face a lack of a liquid market for their Common Stock;

the reporting and short-swing profit recapture provisions of Section 16 of the Exchange Act will no longer apply to our executive officers, directors and 10% shareholders;

we may experience a post-transaction decline in the price of our Common Stock due to illiquidity;

we will have no ability to access the public capital markets and to use public securities in attracting and retaining executives and other employees and a decreased ability to use stock to acquire other companies; although we plan, at this time, to continue to engage independent accountants to audit the annual financial statements of the Company, and are presently required to do so pursuant to the terms of our senior secured credit facility, these financial statements may be less comprehensive than the financial statements that we are required to maintain and report as a public reporting company;

shareholders owning fewer than 10 pre-Reverse Stock Split shares will, after giving effect to the Reverse Stock Split, no longer have any equity interest in the Company and, therefore, will not participate in our future earnings or growth, if any;

the Reverse Stock Split will require shareholders owning fewer than 10 pre-Reverse Stock Split shares to involuntarily surrender their shares in exchange for cash, rather than choosing their own time and price for disposing of their shares of our Common Stock;

Cash Proceeds received in the Reverse Stock Split may be taxable income or gain (depending, among other things, on the shareholder's tax basis for the Common Stock surrendered in the Reverse Stock Split);

we will incur costs associated with the Reverse Stock Split and the Reincorporation;

there is the potential for renewed applicability of public reporting requirements if shareholders who continue to hold our Common Stock after the Reverse Stock Split transfer stock in a manner that results in more than 500 record holders; and

certain rights and protections that the U.S. federal securities laws give to shareholders of public companies will cease and the termination of our Exchange Act registration will make many of the provisions of the Exchange Act that are intended to protect investors, such as the short-swing profit provisions of Section 16, the proxy solicitation rules under Section 14 and the stock ownership reporting rules under Section 13, no longer applicable, and the Sarbanes-Oxley Act, which imposed many additional rules and regulations on public companies that were designed to protect investors, will no longer apply to us.

See the information under the caption "Special Factors—Effects of the Reverse Stock Split" in this Proxy Statement.

Q: What are some of the factors that the Board considered in approving the Reverse Stock Split?

A: In addition to the advantages and disadvantages described above, the Board considered numerous factors in recommending approval of the Reverse Stock Split, including:

internal discussions and conclusions about the fairness to our shareholders of the price of \$0.50 per pre-Reverse Stock Split share to be paid following the Reverse Stock Split to our shareholders holding fractional share interests as a result of the Reverse Stock Split;

the oral opinion of Benchmark to our board of directors (in its capacity as such) on September 27, 2016, based upon and subject to the procedures followed, assumptions made, qualifications and limitations on the review undertaken and other matters considered by Benchmark as set forth in its written opinion, as to whether, as of such date, the cash payment of \$0.50 per tenth of a share to be received by the holders of the fractional shares of common stock of the Company resulting from the Reverse Stock Split was fair to such holders from a financial point of view;
the fact that the \$0.50 per share price represented a premium of approximately \$0.25 or 100% to the 30-day volume weighted average price of \$0.25 as of September 27, 2016 (the date of the opinion) of the Common Stock;
the fact that there has been only a limited and inconsistent public trading market for our Common Stock;

the various costs and benefits of remaining an SEC-registered company;
the fact that a substantial number of our shareholders will have an opportunity to liquidate their holdings at a price of \$0.50 per share pursuant to the Reverse Stock Split without any brokerage costs;
the lack of attractive strategic alternatives;
the significant capital required to improve our business and the available alternatives to finance these capital expenditures; and
the structure of the transaction allows shareholders to vote for or against proceeding with the Reverse Stock Split, thus allowing all interested shareholders to express their view and have an effect on the outcome.

For a more comprehensive review of the factors considered by the Board, see the information under the caption “Special Factors” in this Proxy Statement.

Q: What will the effect of the Reverse Stock Split be?

A: The effect of the Reverse Stock Split will be as follows:

when the Reverse Stock Split becomes effective, if you are a holder of at least one share of Common Stock you will not need to take any immediate action, including exchanging or returning any existing stock certificates. After the consummation of the transaction, pursuant to the IBCA and the Bylaws of the Company (the “Bylaws”), the Company, through the Exchange Agent, will issue uncertified shares for those shareholders eligible to receive at least one share of post-Reverse Stock Split Common Stock in exchange for their pre-Reverse Stock Split shares of Common Stock. Shares will be issued in book entry format eligible for DTC’s Direct Registration System. As a result, no physical stock certificate will be issued to shareholders continuing after the consummation of the Reverse Stock Split. If you hold a fractional share as a result of the Reverse Stock Split you will be entitled to receive a Cash Payment based on your pre-Reverse Stock Split share equivalent of your fractional share. If you hold fewer than 10 pre-Reverse Stock Split shares you will have no further interest in the Company after you receive your Cash Payment. However, shareholders owning at least 10 pre-Reverse Stock Split shares, who after the Reverse Stock Split will continue as shareholders, but own a fractional share as a result of the Reverse Stock Split will also receive a Cash Payment based on their pre-Reverse Stock Split share equivalent of their fractional share. The fractional shares purchased by the Company will be cancelled and returned to the status of authorized but unissued shares;

when the Reverse Stock Split is effective, if you are a holder of less than one share of Common Stock, you will receive a cash payment of \$0.50 per pre-Reverse Stock Split share. Within five to ten business days after the Reverse Stock Split, you will be notified and asked to surrender any physical stock certificates that you may hold to the Exchange Agent. You should allow for approximately five business days after mailing for the Exchange Agent to receive your stock certificates surrendered. Upon receipt of a properly completed letter of transmittal and your stock certificates by the Exchange Agent, you will receive your Cash Payment after at least ten business days; and

the Reverse Stock Split will not affect holders of our outstanding options and warrants to purchase shares of our Common Stock, whether exercisable or unexercisable. Holders of outstanding options will, following the Reverse Stock Split, continue to hold these options and the exercise period or vesting schedule of these stock options will not be affected; however, the exercise price and number of shares underlying such stock options shall be adjusted. Shareholders holding our Common Stock in “street name” (that is, in a brokerage account) may be subject to special requirements. Please carefully review the information under the caption “Special Factors—Effects of the Reverse Stock Split” in this Proxy Statement.

Q: How will payment for shares be effected?

A: Within five to ten business days after the effective date of the Reverse Stock Split, the Exchange Agent will send all shareholders with physical stock certificates representing the right to receive Cash Payments a letter of transmittal with instructions to be used to transmit stock certificates to the Company. Upon proper completion and execution of the letter of transmittal, and the return of the letter of transmittal and accompanying stock certificate(s) to the Exchange Agent, each shareholder entitled to receive payment will receive a check for such shareholder’s shares of Common Stock. Shareholders should allow for approximately five business days after mailing for the Exchange Agent to receive the letter of transmittal and accompanying stock certificate. The Exchange Agent will send a check for such shareholder’s stock after at least ten business days after receiving such properly completed letter of transmittal and accompanying stock certificate. In the event we are unable to locate a shareholder, or if a shareholder fails properly to complete, execute and return the letter of transmittal and accompanying stock certificate to the Exchange Agent, any funds payable to such holder pursuant to the Reverse Stock Split will be held in escrow until a proper claim is made, subject to applicable abandoned property laws. Please do not send your stock certificates to us or the Exchange Agent until you have received the letter of transmittal and instructions. See the information under the caption “Special Factors — Structure of the Reverse Stock Split – Exchange of Certificates for Cash Payment” in this Proxy Statement.

Q: What are the interests of our directors and executive officers in the Reverse Stock Split?

A: As a result of the Reverse Stock Split, we estimate that certain of our directors and executive officers will increase their collective percentage beneficial ownership of our Common Stock (inclusive of options and warrants exercisable within 60 days] from approximately 21.0% to 21.1%. See the information under the caption “Other Matters Related to the Reverse Stock Split – Potential Conflicts of Interest” starting on page 35.

Q: What if I hold Common Stock in “street name”?

A: If you hold Common Stock in “street name,” then your broker, bank or other nominee is considered the shareholder of record with respect to those shares and not you. We intend to treat shareholders holding our Common Stock in street name through a nominee (such as a broker, bank or other nominee) in the same manner as shareholders whose shares are registered in their own name. Accordingly, if you hold 10 or more shares of Common Stock in street name you will remain a shareholder after consummation of the Reverse Stock Split, but will receive a cash payment for any fractional shares. On the other hand, if you hold fewer than 10 shares of Common Stock in street name it is intended that you receive cash for your shares. However, it is also possible that the bank, broker or other nominee also holds shares for other beneficial owners of our Common Stock and that it may hold 10 or more shares in the aggregate. Therefore, depending upon your nominee’s procedures, your nominee may not be obligated to treat the Reverse Stock Split as affecting its beneficial holders’ shares and you may not receive cash for your fractional interests. If you hold fewer than 10 shares of Common Stock in street name, we encourage you to contact your bank, broker or other nominee directly as soon as possible so that arrangements can be made, if necessary, to register your holdings to ensure that you receive the Cash Payment. See the information under the caption “Special Factors—Effects of the Reverse Stock Split” in this Proxy Statement.

Q: What if I hold 10 or more Common Stock in the aggregate through multiple brokerage or record accounts or a combination of brokerage and record accounts, each with fewer than 10 shares?

A: If you hold a total of 10 or more shares of Common Stock divided up among multiple brokerage and/or record accounts, each with fewer than 10 shares, we urge you to contact your bank, broker or other nominee immediately to make arrangements to register and/or consolidate your holdings or take such other steps as may be necessary in order to avoid processing delays after consummation of the Reverse Stock Split. See the information under the caption “Special Factors—Effects of the Reverse Stock Split” in this Proxy Statement.

Q: If I own fewer than 10 shares of Common Stock, is there any way I can continue to be a shareholder of the Company after the Reverse Stock Split?

A: If you own fewer than 10 shares of our Common Stock before the Reverse Stock Split, the only way you can continue to be a shareholder of the Company after the Reverse Stock Split is to acquire, prior to the effective date of the Reverse Stock Split, sufficient additional shares to cause you to own a minimum of 10 shares on the effective date. However, given the historically limited liquidity of our Common Stock, we cannot assure you that any shares will be available for purchase and thus there can be no assurance that you will be able to acquire sufficient shares to meet or exceed the required 10 shares. In such an instance, you would no longer remain a shareholder of the Company after the effective date for the Reverse Stock Split.

Q: Is there anything I can do if I own more than 10 shares of Common Stock, but would like to take advantage of the opportunity to receive cash for my shares as a result of the Reverse Stock Split?

A: If you own more than 10 shares of our Common Stock before the Reverse Stock Split, you will only receive a Cash Payment for your fractional shares. If, prior to the effective date of the Reverse Stock Split, you reduce your stock ownership to fewer than 10 shares by selling or otherwise transferring shares, then you will receive a Cash Payment for your fractional shares. However, there can be no assurance that any purchaser for your shares will be available.

Q: How did the Board determine the Reverse Stock Split ratio of 10-for-1? Could the Board determine that a different ratio should be used for the Reverse Stock Split?

A: On August 24, 2016, the Board initially approved a ratio for the Reverse Stock Split of 10-for-1. The Board may at any time prior to the effectiveness of the Reverse Stock Split determine to use a different ratio if the Board determines that it is in the best interests of our shareholders to do so. If the Board subsequently alters the ratio, we will provide you with notice through an amendment to this Proxy Statement.

Q: What will happen if the Reverse Stock Split is approved by our shareholders?

A: Assuming that we have fewer than 300 record holders of our Common Stock after the Reverse Stock Split, we intend to file with the SEC to deregister our shares of Common Stock under the Exchange Act. Effective upon filing, obligation to file reports with SEC will be suspended, and 90 days thereafter the deregistration of our Common Stock will become effective and we will no longer be subject to the requirements of the Exchange Act. We will also no longer be subject to the provisions of the Sarbanes-Oxley Act.

Q: What will happen if the Reverse Stock Split is not approved?

A: If the Reverse Stock Split is not approved by our shareholders, we will continue to operate our business, and we will continue to incur the costs involved with being a public company. We also may decide to evaluate and explore available alternatives, if the Board of Directors considers them feasible and advisable. In addition, we will proceed with the Reincorporation if our shareholders approve Proposal No. 2.

Q: Can the Board determine not to proceed with the Reverse Stock Split as currently contemplated?

A: The Board may determine not to proceed with the Reverse Stock Split as currently contemplated, or to change certain of the terms of the Reverse Stock Split, if it believes that abandoning or changing the terms of the Reverse Stock Split is in the best interests of our shareholders. If the Board determines not to proceed with the Reverse Stock Split, we will continue to operate our business as presently conducted. See the information under the caption "Special Factors—Reservation" in this Proxy Statement.

Q: What are the U.S. federal income tax consequences of the Reverse Stock Split to me?

A: A shareholder who receives no Cash Payment as a result of the Reverse Stock Split (whether in complete redemption of the Common Stock or as a payment in lieu of a fractional share) generally will not recognize any gain or loss for U.S. federal income tax purposes. A shareholder who receives a Cash Payment in complete redemption of the Common Stock or in lieu of a fractional share of our Common Stock as a result of the Reverse Stock Split generally will recognize gain or loss for U.S. federal income tax purposes (and, in certain limited circumstances, be treated as having received a dividend distribution). The specific U.S. federal income tax consequences to a shareholder will depend on the particular circumstances of such shareholder. See "Other Matters Related to the Reverse Stock Split - Certain Material U.S. Federal Income Tax Consequences" in this Proxy Statement. You are urged to consult with your own tax advisor regarding the tax consequences of the Reverse Stock Split to you in light of your

own particular circumstances.

Q: What information will I be able to get about the Company if I continue to hold shares after the Reverse Stock Split?

A: After the Reverse Stock Split, we do not intend to make available to our shareholders any financial or other information about us that is not required by law. We do not intend, but may in our discretion elect, to distribute press releases for material and other events. We will continue to hold shareholder meetings as required under Illinois law (or Delaware law, if Proposal No. 2 is approved and we complete the Reincorporation), including annual meetings, or to take actions by written consent of our shareholders in lieu of meetings.

Q: What is the total cost of the Reverse Stock Split to the Company?

A: Upon consummation of the Reverse Stock Split, a maximum of approximately \$30,000 will be required to cash-out fractional shares as part of the transaction. However, the amount actually paid in connection with the Reverse Stock Split could be less or more depending on how many shares we are actually required to cash-out upon consummation of the Reverse Stock Split, which will depend in part on whether shareholders who presently own less than 10 shares buy additional shares in order to remain shareholders following the Reverse Stock Split and whether shareholders who presently own 10 or more shares sell shares in order to participate in the cash-out with respect to all of such shareholders shares. We anticipate incurring approximately \$203,000 in advisory, legal, financial, accounting, printing and other fees and costs in connection with the transaction. See the information under the caption "Other Matters Related to the Reverse Stock Split—Source and Amounts of Funds".

Q: What does the deregistration of our Common Stock mean?

A: Following the Reverse Stock Split, we expect to have fewer than 300 shareholders of record. This will make us eligible to terminate the registration of our Common Stock under the Exchange Act. Following the termination of the registration of our Common Stock under the Exchange Act, we will no longer be required to file annual, quarterly and other reports with the SEC, and beginning 90 days after such deregistration, our executive officers, directors and 10% shareholders will no longer be required to file reports with the SEC relating to their transactions in our Common Stock. Our Common Stock will not be registered on any stock exchange and we expect that any trading in our Common Stock would continue only in privately negotiated sales in the over-the-counter (OTC) market. See the information under the captions "Special Factors—Effects of the Reverse Stock Split" in this Proxy Statement.

Q: Am I entitled to appraisal or dissenters' rights in connection with the Reverse Stock Split?

A: Under Illinois law, our Articles of Incorporation and our Bylaws, no appraisal or dissenters' rights are available to our shareholders who dissent from the Reverse Stock Split.

Q: At what prices has our stock traded recently?

A: There is currently no established public trading market for our Common Stock. Our Common Stock is currently quoted on the OTC Markets, formerly known as the "Pink Sheets", under the symbol "QFOR". The OTC Markets is a centralized quotation service that collects and publishes market maker quotes for over-the-counter securities in real time. Over-the-counter market quotations, like those on the OTC Markets, reflect inter-dealer prices, without retail mark-up, mark-down, or commission and may not necessarily represent actual transactions. On September 23, 2016, the closing price of our Common Stock was \$0.32. See the information under the caption "Company Information—Company Securities" in this Proxy Statement.

Q: Am I permitted to trade my stock prior to the Reverse Stock Split?

A: Shareholders are not prohibited from or restricted in trading their shares prior to the Reverse Stock Split. However, the price of our Common Stock is volatile, in part because of the low volume of trading. This volatility may increase due to the announcement of the Reverse Stock Split and Reincorporation, especially if shareholders begin purchasing in high volumes to cover short positions. See the information under the caption "Special Factors—Effects of the Reverse Stock Split" in this Proxy Statement.

Q: Should I send in my stock certificates now?

A: No. If the Reverse Stock Split is completed, we subsequently will send instructions on how to receive any cash payments to which you may be entitled.

Questions on Proposal No. 2 (Reincorporation)

Q: How does the Board recommend that I vote on Proposal No. 2?

A: The Board unanimously recommends that you vote “FOR” the Reincorporation.

Q: How are broker non-votes counted for Proposal No. 2?

A: Broker non-votes generally occur when shares held by a broker, bank or other nominee for a beneficial owner are not voted with respect to a proposal because the broker, bank or other nominee has not received voting instructions from the beneficial owner and lacks discretionary authority to vote the shares. Banks, brokers and nominees normally have discretion to vote on “routine matters,” such as the ratification of independent registered public accounting firms, but not on non-routine matters, such as amendments to charter documents and the election of directors. Proposal No. 2 is a “non-routine matter.” Accordingly, broker non-votes will be counted for the purpose of determining the presence or absence of a quorum with respect to Proposal No. 2, but will not be counted for the purpose of determining the number of shares required to approve Proposal No. 2. Accordingly, a broker non-vote will have the effect of a vote against the proposal.

Q: How are abstentions counted for Proposal No. 2?

A: A properly executed proxy marked “ABSTAIN” with respect to any such matter will be counted for purposes of determining whether there is a quorum with respect to Proposal No. 2. However, under Illinois law, a proxy marked “ABSTAIN” is not considered a vote cast. Accordingly, an abstention will have the effect of a vote against the Reverse Stock Split proposal.

Q: What vote is required to approve Proposal No. 2?

A: Section 10.20(c) of the Illinois Business Corporation Act of 1983 (the “IBCA”) provides that the affirmative vote of the holders of at least two-thirds of our issued and outstanding Common Stock is required to amend the Articles of Incorporation and thereby to effect the Reincorporation.

Q: What is the Reincorporation?

The Reincorporation is a transaction that would result in the Company, which is an Illinois corporation, merging with and into its newly-form wholly owned subsidiary, also called “Quadrant 4 System Corporation,” which is a Delaware corporation (“Q4 Delaware”). As a result of the merger, all assets and liabilities of the Company would become assets and liabilities of Q4 Delaware, and all shareholders of the Company would become stockholders of Q4 Delaware, by operation of law. There would be no effect on the day-to-day operations of the Company or the interests of the shareholders in the Company. Please refer to “Details of Proposal No. 2 (Reincorporation) below for additional information on the Reincorporation.

Q: What is the purpose of the Reincorporation?

A: The Board has decided that, whether or not the Reverse Stock Split is approved, it is in the best interests of the Company to change its state of incorporation from Illinois to Delaware, for several reasons including Delaware’s well-established corporate law, corporate governance principles, and experience handling complex corporate issues in an efficient, cost-effective and timely manner. Please refer to “Details of Proposal No. 2 (Reincorporation)” below for additional information on the Reincorporation.

Q: How will the Reincorporation affect the day-to-day operations of the Company?

A: The Reincorporation will have no material effect on the day-to-day operations of the Company. Please refer to “Details of Proposal No. 2 (Reincorporation)” below for additional information on the Reincorporation.

Q: What will happen if the Reincorporation is approved by our shareholders?

A: If the Reincorporation is approved by our shareholders, we intend to execute an Agreement and Plan of Merger with Q4 Delaware providing for the merger of the Company with and into Q4 Delaware, to file Articles of Merger with the Secretary of State of the State of Illinois, to file a Certificate of Merger with the Secretary of State of the State of Delaware, and otherwise to complete the merger of the Company with and into Q4 Delaware.

Q: What will happen if the Reincorporation is not approved?

A: If the Reincorporation is not approved by our shareholders, the Company will continue to operate its business as an Illinois corporation. In addition, we will proceed with the Reverse Stock Split if our shareholders approve Proposal No. 1.

Q: Can the Board determine not to proceed with the Reincorporation as currently contemplated?

A: The Board may determine not to proceed with the Reincorporation as currently contemplated, or to change certain of the terms of the Reincorporation, if it believes that abandoning or changing the terms of the Reincorporation is in the best interests of our shareholders. If the Board determines not to proceed with the Reincorporation, we will continue to operate our business as presently conducted.

Q: What are the U.S. federal income tax consequences of the Reincorporation to me?

A: The Company believes that the Reincorporation will constitute a tax-free reorganization within the meaning of Section 368(a)(1)(F) of the Internal Revenue Code (the "Code"). Assuming that the Reincorporation will be treated for U.S. federal income tax purposes as a reorganization within the meaning of Section 368(a)(1)(F) of the Code, and subject to the qualifications and assumptions described in this Proxy Statement: (i) holders of Common Stock will not recognize any gain or loss as a result of the consummation of the Reincorporation; (ii) the aggregate tax basis of shares of Q4 (Delaware)'s Common Stock received in the Reincorporation will be equal to the aggregate tax basis of the shares of Common Stock of the Company converted therefor; and (iii) the holding period of the shares of Q4 (Delaware)'s Common Stock received in the Reincorporation will include the holding period of the shares of Q4 (Illinois) Common Stock converted therefor. See "Details Regarding Proposal No. 2 - Reincorporation - Certain Federal Income Tax Consequences". You are urged to consult with your own tax advisor regarding the tax consequences of the Reincorporation to you in light of your own particular circumstances.

Q: What is the total cost of the Reincorporation to the Company?

A: We anticipate incurring approximately \$10,000 in advisory, legal, financial, accounting, printing and other fees and costs in connection with the Reincorporation. See the information under the caption "Details Regarding Proposal No. 2 - Reincorporation—Source and Amounts of Funds".

Q: Am I entitled to appraisal or dissenters' rights in connection with the Reincorporation?

A: Under Illinois law, Company shareholders who do not vote in favor of the Reincorporation and who follow certain other procedures summarized below will have the right to dissent from the merger of Q4 Illinois into Q4 Delaware which effectuates the Reincorporation and to obtain payment for their shares in the form of cash in the event of the completion of the Reincorporation. See the information under the caption "Details Regarding Proposal No. 2 - Reincorporation—Dissenters' or Appraisal Rights".

Q: Am I permitted to trade my stock prior to the Reincorporation?

A: Shareholders are not prohibited from or restricted in trading their shares prior to the Reincorporation. However, the price of our Common Stock is volatile, in part because of the low volume of trading. This volatility may increase due to the announcement of the Reverse Stock Split and Reincorporation, especially if shareholders begin purchasing in high volumes to cover short positions. See the information under the caption "Special Factors—Effects of the Reverse Stock Split" in this Proxy Statement.

SPECIAL FACTORS

Material Terms

The Board has authorized the Reverse Stock Split in order to reduce the number of record holders of our Common Stock to fewer than 300. As a result of the Reverse Stock Split, shareholders holding fewer than 10 Pre-Reverse Stock Split shares as of the effective date of the Reverse Stock Split will have no further interest in the Company and will no longer be shareholders of the Company. Shareholders holding 10 or more pre-Reverse Stock Split shares as of the effective date of the Reverse Stock Split will continue to be shareholders of the Company after the Reverse Stock Split.

In lieu of issuing any fractional shares otherwise issuable to shareholders who hold fewer than 10 pre-Reverse Stock Split shares, we will make the cash payment of \$0.50 per pre-Reverse Stock Split share to such shareholders. Shareholders owning at least 10 pre-Reverse Stock Split shares, who after the Reverse Stock Split will continue as shareholders, but own a fractional share as the result of the Reverse Stock Split, will receive a Cash Payment based on the pre-Reverse Stock Split share equivalent of their fractional share. All such fractional shares acquired by the Company in the Reverse Stock Split will be cancelled and returned to the status of authorized but unissued shares.

Purpose of the Reverse Stock Split

The purpose of the Reverse Stock Split is to reduce the number of record holders of our Common Stock to fewer than 300, thereby enabling us to deregister our Common Stock under the Exchange Act and suspend our duty to file periodic reports and other information with the SEC thereunder. This will enable us to terminate the Company's status as a public reporting company with the SEC and reduce the financial and administrative costs incurred with respect to such status. The Reverse Stock Split is an isolated transaction and is not pursuant to a plan to periodically increase a shareholder's proportionate interest in our assets or earnings and profits.

In determining whether the number of our shareholders of record falls below 300 as a result of the Reverse Stock Split, we must count shareholders of record in accordance with Rule 12g5-1 under the Exchange Act. Rule 12g5-1 provides, with certain exceptions, that in determining whether issuers, including the Company, are subject to the registration provisions of the Exchange Act, securities are considered to be "held of record" by each person who is identified as the owner of such securities on the respective records of security holders maintained by or on behalf of the issuers.

As a result of the Reverse Stock Split, we anticipate that the number of shares of our Common Stock issued and outstanding will be reduced from 108,861,774 (the number expected to be outstanding as of the Record Date) to approximately 108,801,774. After completion of the proposed acquisition of fractional shares, we anticipate that the total number of record holders of our Common Stock will be reduced from approximately 487 to 187, because we have approximately 300 shareholders of record who hold nine or fewer shares of our Common Stock, approximately 280 of whom hold only one share.

The cash-out of fractional shareholder interests represents the anticipated cancellation of 60,000 pre-Reverse Stock Split shares, or approximately 0.1% of our outstanding pre-Reverse Stock Split shares.

We estimate that the total cash to be paid to shareholders will be approximately \$30,000. In addition, the other expenses incurred to effect the Reverse Stock Split and the Reincorporation are estimated to be approximately \$193,000 and \$10,000, respectively. The cash to be paid to shareholders and for expenses are expected to be paid out of our currently available cash, which may include drawdowns under our existing Loan Agreement. The fractional shares acquired by the Company in the transaction will be cancelled and returned to the status of authorized but unissued shares of our Common Stock.

Upon the filing of the Form 15 with the SEC, our obligation to file periodic reports under the Exchange Act will be immediately suspended. Deregistration of our Common Stock will be effective 90 days after filing of the Form 15. Upon deregistration of our Common Stock, our obligation to comply with the requirements of the proxy rules and to file proxy statements under Section 14 of the Exchange Act will also be terminated. We will not be required to file periodic reports with the SEC in the future unless we subsequently file another registration statement under the Securities Act of 1933, as amended, or have record holders of our Common Stock in excess of 500 on the first day of a subsequent fiscal year.

Background of the Reverse Stock Split

We, together with our predecessors in interest, have been a publicly reporting company since 1992. As a public reporting company, we expected to be able to leverage our public company equity to raise capital and pursue acquisitions to help grow our business and expand our operations; however, in recent years, we have found it difficult to raise significant capital and at this point have no present plans or proposals to do so, although we routinely have discussions with potential sources of capital, and expect to continue to have such discussions following the Reverse Stock Split. Furthermore we have experienced limited trading volume, volatile trading prices and low trading prices for our Common Stock, and have derived only minimal benefits from being a public reporting company. In addition, there is currently no established public trading market for our Common Stock. Our Common Stock is currently quoted on the OTC Markets, formerly known as the “Pink Sheets”, under the symbol “QFOR”. The OTC Markets is a centralized quotation service that collects and publishes market maker quotes for over-the-counter securities in real time. Over-the-counter market quotations, like those on the OTC Markets, reflect inter-dealer prices, without retail mark-up, mark-down, or commission and may not necessarily represent actual transactions. Our Common Stock has failed to attract significant interest from institutional investors or market analysts, which could have created a more active and liquid market for our Common Stock. Our Board of Directors does not presently intend to raise capital through sales of our securities in a public offering. As a result of the foregoing, we are not likely to make use of the advantages for raising capital, effecting acquisitions or other purposes that our status as a public reporting company may offer.

Chronology of Deliberations

Starting in January 2015, we began evaluating: (i) the advantages and disadvantages of being a public reporting company, including the costs with respect to filing reports and other information with the SEC, complying with certain of the rules and regulations under the Sarbanes-Oxley Act of 2002, and complying with applicable corporate governance requirements, and (ii) the low trading price for our Common Stock in view of the belief that it did not reflect the real value of the Company. These discussions took place during monthly Board meetings and conference calls.

On May 24, 2016, the Board reviewed at a high level the potential benefits of ceasing to be a public reporting company including, without limitation, authorizing management to discuss the matter with counsel and financial advisors.

During June and early July 2016, management consulted with counsel and financial advisors regarding these matters. On July 12, 2016, the Board met with counsel and Benchmark to discuss in more detail the process of ceasing to be a public reporting company via a reverse stock split, the likely factors in support of and against deregistering the Common Stock, the ratio for the Reverse Stock Split and related items.

At a July 13, 2016 Board meeting, the Board authorized management to proceed with further exploration of the Reverse Stock Split for this purpose.

Between July 14, 2016 and August 24, 2016, management was in frequent contact with members of the Board, Benchmark and counsel regarding the mechanics and timeline of the Reverse Stock Split, with a view to the procedural and substantive fairness of the proposed transaction to the Company’s shareholders.

The Board invited Benchmark to join a discussion regarding its fairness analysis process to the Board, and at a Board meeting held on August 24, 2016, Benchmark did so. The members of the Board asked a number of questions of Benchmark regarding its analysis process. The Board then further discussed the process and mechanics of the Reverse Stock Split.

On September 27, 2016, Benchmark delivered final presentation materials to the Board as summarized under “Summary of the Opinion of Benchmark” below. The Board held another meeting that afternoon to discuss the Transaction and to vote on whether or not to recommend approval of the Transaction to the shareholders. At this meeting, Benchmark delivered its oral opinion to the Board as to the fairness, from a financial point of view, to the holders of fractional shares of the Company’s common stock of the consideration to be received by such holders in the Transaction, as of September 27, 2016, which it subsequently confirmed by delivery of its written opinion, dated September 27, 2016. The oral and written opinion stated that, as of that date, and based upon and subject to the various assumptions made, procedures followed, matters considered and qualifications and limitations on the scope of review undertaken by Benchmark, as set forth in its written opinion, the Cash Payment to be received by the holders of fractional shares in the transaction was fair, from a financial point of view, to such holders. The Board unanimously

approved the Reverse Stock Split at this time, and approved a recommendation of the Reverse Stock Split to the shareholders. The opinion of Benchmark is attached to this Proxy Statement as Exhibit B, and the presentation materials provided by Benchmark in relation to providing its opinion are attached to this Proxy Statement as Exhibit D.

21

Reasons for the Reverse Stock Split

Although we have been a public reporting company since 1992, we believe that now we can derive only minimal benefits from being a public reporting company. Benefits of being a public reporting company (“Public Company Benefits”) typically include:

- access to the public markets for liquidity purposes for our shareholders;
- the use of public securities in attracting and retaining executives and other employees;
- access to the public markets for purposes of raising capital through the sale of securities; and
- the ability to make acquisitions using SEC-registered securities as consideration.

There is currently no established public trading market for our Common Stock and our Common Stock has failed to attract significant interest from institutional investors or market analysts. This has resulted in a relatively low trading volume and market capitalization, which has limited the liquidity benefit to our shareholders. In addition, the legal requirements of public reporting companies create large administrative and financial costs for us. As a small company with limited managerial resources, we believe that these financial resources and this time could more effectively be devoted to other purposes. See “Special Factors - Background of the Reverse Stock Split” above for more information. Our Board of Directors believes that consummating a “going private” transaction is a necessary step to reduce corporate overhead costs by eliminating the costs associated with being a public reporting company, including with respect to filing reports with the SEC, complying with certain of the rules and regulations under the Sarbanes-Oxley Act, and complying with applicable corporate governance requirements. Furthermore, our Board of Directors has determined that the costs of being a public reporting company currently outweigh the Public Company Benefits and, thus, that it is no longer in the best interests of the Company or its shareholders, creditors, or other stakeholders, for the Company to remain a public reporting company, for the reasons described below. The primary purpose of the Reverse Stock Split is to reduce the number of record holders of our Common Stock to fewer than 300 to enable us to elect to deregister our Common Stock under the Exchange Act and suspend our duty to file periodic reports and other information with the SEC thereunder. The Board believes that the Reverse Stock Split provides the most certainty for the Company to achieve this purpose.

Exchange Act Reporting Costs.

The Company incurs significant direct and indirect costs in complying with its periodic reporting and other obligations under the Exchange Act (collectively, the “Public Company Costs”), including: the legal, accounting, printing, mailing, public relations, compliance and administrative costs of preparing, reviewing, filing, printing and distributing the reports and other filings required under the Exchange Act; the broker and Exchange Agent charges for forwarding materials to beneficial holders of our Common Stock; management’s time and attention expended in preparing and reviewing such reports and other filings; and the substantially higher premiums for directors’ and officers’ insurance policies payable by public reporting companies. The Company’s direct, out-of-pocket costs comprising the Public Company Costs were approximately \$700,000 during 2015.

While we presently have no specific plans to do so, we may periodically send shareholders financial and/or other information. We anticipate that our consolidated financial statements will be subject to audit only to the extent required by applicable law and covenants in any credit or financing agreement which we may enter (such as our senior secured credit facility). We expect that, in connection with any pending litigation, contractual, regulatory and general business issues, we will, from time to time, engage and confer with outside counsel, as needed.

In addition, the Board of Directors believes that the Reverse Stock Split and the subsequent deregistration of our Common Stock and the suspension of our duty to file periodic reports and other information with the SEC will allow our management and employees to devote more time and effort to improving our operations.

Liquidity for Small Shareholders.

Our Board of Directors believes that our shareholders may be deterred from selling their shares because of the lack of an active trading market and because of disproportionately high brokerage costs. The trading volume in our Common Stock has been, and continues to be, limited. Our Common Stock does not trade every day. The average daily trading volume of our Common Stock over the twelve-month, six-month and three-month periods ended June 30, 2016 was approximately 59,159; 50,660 and 49,209 shares, respectively. Our Board of Directors believes that the Reverse Stock Split would give shareholders who are cashed out an opportunity to receive a fair price in cash for their shares without having to pay disproportionately high brokerage commissions. The cash payment of \$0.50 per share of our Common Stock held prior to the Reverse Stock Split represents a premium of approximately 100% over the volume-weighted average closing price of our Common Stock during the 30-trading day period ended September 26, 2016.

Lack of Capital from Public Markets.

In addition to the Public Company Costs, the Company is not able to, and does not presently intend to exploit, many of the Public Company Benefits. The price of our Common Stock has been volatile but overall low over the past two years. The current trading price of our Common Stock would make using it as a vehicle to raise capital or to provide acquisition consideration extremely dilutive to our shareholders. As a result, the Company is not receiving any of the traditional Public Company Benefits, yet, the Public Company Costs continue to increase, substantially depleting the limited resources of the Company. The increase in costs arises, among other things, because of an increase in securities regulation. Our Board of Directors believes that the Public Company Costs, if continued, would be detrimental to the financial condition of the Company.

Other Public Company Benefits which exist for the benefit of public shareholders include: (i) the rights and protections afforded shareholders by the federal securities laws; (ii) the substantive requirements of the federal securities laws, including the Sarbanes-Oxley Act, which are imposed on public companies; and (iii) limitations and reporting requirements imposed on officers and directors of public companies, including restrictions on short-swing trading and the reporting obligations of officers and directors. Our Board of Directors does not believe that these benefits outweigh the Public Company Costs due to the small size of the Company, its limited staffing and the lack of a liquid trading market for our Common Stock. Accordingly, our Board of Directors has determined that the Public Company Costs, currently and in the foreseeable future, will continue to outweigh the Public Company Benefits and, thus, it is no longer in the best interests of the Company or its shareholders, creditors, or other stakeholders, for the Company to remain a public reporting company.

Effects of the Reverse Stock Split

Effects Generally.

The Board of Directors is soliciting shareholder approval for the Reverse Stock Split including, without limitation, the Amendment. If approved by the shareholders and implemented by the Board of Directors, we anticipate that the Reverse Stock Split will occur as soon as possible after the date of the Special Meeting. The Reverse Stock Split will become effective on the date the Company files the Amendment with the Secretary of State of the State of Illinois, or on any later date that the Company may specify in the Amendment. We intend to effect the Reverse Stock Split as soon as possible after the Reverse Stock Split is approved by our shareholders, subject to final authorization by our Board of Directors.

Effects of the Reverse Stock Split on our Shareholders (including un-affiliated holders).

Based on information available to us, we estimate that the Reverse Stock Split will reduce the total number of record holders of our Common Stock from approximately 487 to approximately 187 holders including five holders who are directors, executive officers, or other shareholders who may be deemed affiliates (based on their beneficial ownership of 10% or more of our Common Stock) and 182 nonaffiliate holders. The reduction in the number of our record shareholders below 300 will enable us to deregister our Common Stock under the Exchange Act and suspend our duty to file periodic reports and other information with the SEC thereunder, which will substantially reduce the information required to be furnished by us to the public, including our shareholders.

We intend to apply for deregistration of our Common Stock and suspension of our duty to file periodic reports and other information as soon as practicable following completion of the Reverse Stock Split. See “Special Factors – Purpose of the Reverse Stock Split.” However, the Board reserves the right, in its discretion, to abandon, postpone or

modify the proposed transaction prior to the effective date of the Reverse Stock Split if it determines that doing so is in our best interests and the best interests of our shareholders. See “Special Factors – Reservation”.

23

When the Reverse Stock Split is consummated, shareholders owning fewer than 10 pre-Reverse Stock Split shares (including unaffiliated shareholders owning fewer than 10 pre-Reverse Stock Split shares), will no longer have any equity interest and will not participate in our future earnings or any increases in the value of our assets or operations. Such shareholders, owning fewer than 10 pre-Reverse Stock Split shares will, following the Reverse Stock Split, have their pre-Reverse Stock Split shares cancelled and converted into the right to receive the Cash Payment. Within five to ten business days after the effective date of the Reverse Stock Split, the Exchange Agent will send these shareholders a letter of transmittal with instructions as to how such shareholders will be paid the Cash Payment. The letter of transmittal will include instructions on how to surrender stock certificates to our Exchange Agent. Shareholders should allow approximately five business days after mailing their properly completed documentation and stock certificates for such materials to be received by our Exchange Agent and should anticipate receiving their cash payment, without interest, after at least ten business days after the receipt of such materials by our Exchange Agent. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name” with respect to those shares. Your broker or other nominee is considered, with respect to those shares, the shareholder of record. Although the Reverse Stock Split is designed to reduce the number of shareholders of record, we intend to treat shareholders holding Common Stock in street name held through a broker or other nominee in the same manner as shareholders whose shares are registered in their names for purposes of the transaction. Nominees will be instructed to effect the Reverse Stock Split for their beneficial owners. However, nominees may have different administrative procedures with respect to how they communicate with beneficial owners, and shareholders owning shares in street name should contact their nominee(s).

Shareholders owning at least 10 pre-Reverse Stock Split shares (including unaffiliated shareholders owning at least 10 pre-Reverse Stock Split shares), who after the Reverse Stock Split will continue as shareholders and will benefit from any future increase in our earnings. Such shareholders will continue to have an equity interest in the Company after the Reverse Stock Split and will own a security whose liquidity may be severely restricted. Such shareholders will also be entitled to a Cash Payment, only if they hold a fractional share as the result of the Reverse Stock Split. They will receive a Cash Payment based on the pre-Reverse Stock Split share equivalent of their fractional share.

After the consummation of the Reverse Stock Split, pursuant to the IBCA and the Bylaws, the Company, through the Exchange Agent, will issue uncertified shares for those shareholders eligible to receive at least one share of post-Reverse Stock Split Common Stock in exchange for their pre-Reverse Stock Split shares of Common Stock. Shares will be issued in book entry format eligible for DTC’s Direct Registration System. As a result, no physical stock certificate will be issued to shareholders continuing after the consummation of the Reverse Stock Split.

Additional Effects of the Reverse Stock Split on our Affiliates.

As of September 27, 2016, our officers and directors hold an aggregate of 18,895,203 shares of our Common Stock and warrants (options) for 5,007,692 shares of our Common Stock. There are no other shareholders who may be deemed affiliates (based on their beneficial ownership of 10% or more of our Common Stock). They will receive Cash Payment for any fractional shares they hold, but any officer, director or other affiliate owning more than 10 pre-Reverse Stock Split shares will continue as a shareholder after the Reverse Stock Split. Based on current ownership we believe none of our directors, officers or shareholder affiliates will cease to be shareholders as a result of the Reverse Stock Split. Additionally, none of our officers and directors will continue to be subject to the reporting requirements of Section 16 of the Exchange Act or be subject to the short-swing profit recapture provisions thereunder. Shareholders acquiring more than 5% of our Common Stock will no longer be required to report their beneficial ownership under the Exchange Act. As a result of the Reverse Stock Split, we estimate that our directors, executive officers and shareholders who could be deemed affiliates based on their beneficial ownership, will increase their collective percentage beneficial ownership of our Common Stock (inclusive of options and warrants exercisable within 60 days) from approximately 21.0% to 21.1% and unaffiliated shareholders will decrease their collective percentage ownership of our Common Stock from approximately 89.0% to 88.9%. The beneficial ownership percentage of shares of our Common Stock held by our officers and directors and shareholders who will continue to hold our Common Stock after the Reverse Stock Split, may increase or decrease as a result of such purchases, sales and other transfer of shares of our Common Stock by our shareholders prior to the effective time of the Reverse Stock Split, and depending on the number of shares that are actually cashed-out in the transaction.

The Reverse Stock Split will result in a slight increase in the interest of our directors, executive officers and shareholder affiliates in net book value and net earnings (losses) as shown in the following table (as of the quarter ended June 30, 2016):

Beneficial Owner	Current Holding	Post Reverse split	Interest in Net Book Value and Net Earnings (Losses) Pre-Reverse Stock Split		Interest in Net Book Value and Net Earnings (Losses) Post-Reverse Stock Split	Dollar Amount Increase in Ownership of Company	Corresponding Increase in Net Earnings (Losses) (approximate)

Potential Disadvantages of the Reverse Stock Split to Shareholders.

While we believe that the Reverse Stock Split will result in the benefits described above, several disadvantages should also be noted:

after the Reverse Stock Split, we intend to deregister our Common Stock under the Exchange Act and suspend our duty to file periodic reports and other information with the SEC thereunder and, therefore, we will no longer be subject to the reporting requirements under the Exchange Act, such as periodic filings of financial statements and proxy or proxy statement disclosures in connection with shareholder meetings;

we will no longer report our quarterly or annual results of operations or activities in reports filed with the SEC under the Exchange Act;

because the reporting requirements of the Exchange Act will no longer apply, less information about us will be required to be furnished to those shareholders who will continue to hold our Common Stock after the Reverse Stock Split;

shareholders holding our Common Stock following the Reverse Stock Split may face a lack of a liquid market for their Common Stock;

we may experience a post-transaction decline in the price of our Common Stock due to illiquidity;

we will have no ability to access the public capital markets and to use public securities in attracting and retaining executives and other employees and a decreased ability to use stock to acquire other companies;

the reporting and short-swing profit recapture provisions of Section 16 of the Exchange Act will no longer apply to our executive officers, directors and 10% shareholders;

although we plan, at this time, to continue to engage independent accountants to audit the annual financial statements of the Company, these financial statements may be less comprehensive than the financial statements we are required to maintain and report as a public reporting company;

shareholders owning less than 10 pre-Reverse Stock Split shares will, after giving effect to the Reverse Stock Split, no longer have any equity interest in the Company and, therefore, will not participate in our future earnings or growth, if any;

the Reverse Stock Split will require shareholders owning less than 10 pre-Reverse Stock Split shares to involuntarily surrender their shares in exchange for cash, rather than choosing their own time and price for disposing of their shares of our Common Stock;

Any Cash Proceeds received by a shareholder as a result of the Reverse Stock Split may represent income for the shareholders;

we will incur costs associated with the Reverse Stock Split;

there is the potential for renewed applicability of public reporting requirements if shareholders who continue to hold our Common Stock after the Reverse Stock Split transfer stock in a manner that results in more than 500 record holders; and

certain rights and protections that the U.S. federal securities laws give to shareholders of public companies will cease and the termination of our Exchange Act registration will make many of the provisions of the Exchange Act that are intended to protect investors, such as the short-swing profit provisions of Section 16, the proxy solicitation rules under Section 14 and the stock ownership reporting rules under Section 13, no longer applicable, and the Sarbanes-Oxley Act, which imposed many additional rules and regulations on public companies that were designed to protect investors, will no longer apply to us.

Financial Effects of the Reverse Stock Split.

Completion of the Reverse Stock Split will require us to spend approximately \$203,000, which includes legal, financial and other fees and costs related to the Reverse Stock Split and the Reincorporation. This estimate does not include the cost of the aggregate cash payment to Discontinued Shareholders, which we estimate will be approximately \$30,000. These costs will be offset by the costs we would otherwise incur as a public reporting company to comply with SEC reporting requirements, which we estimate to be approximately \$700,000 per year. Trading Market for Our Common Stock.

There is currently no established public trading market for our Common Stock. Our Common Stock is currently quoted on the OTC Markets, formerly known as the "Pink Sheets", under the symbol "QFOR". The OTC Markets is a centralized quotation service that collects and publishes market maker quotes for over-the-counter securities in real time. Over-the-counter market quotations, like those on the OTC Markets, reflect inter-dealer prices, without retail mark-up, mark-down, or commission and may not necessarily represent actual transactions. Subsequent to the Reverse Stock Split, our Common Stock may no longer be traded on the OTC Markets.

Fairness of Reverse Stock Split

The Board fully reviewed and considered the terms, purposes, alternatives and effects of the Reverse Stock Split and has determined that the Reverse Stock Split is in the best interests of the Company and our shareholders (including unaffiliated shareholders) and is substantively and procedurally fair to the shareholders (including unaffiliated shareholders) of the Company, including: (i) our shareholders (including unaffiliated shareholders) who will be cashed-out as a result of the Reverse Stock Split and (ii) our shareholders (including unaffiliated shareholders) who will continue to hold our Common Stock after the Reverse Stock Split. After studying the Reverse Stock Split and its anticipated effects on our shareholders (including unaffiliated shareholders), the Board unanimously approved the Reverse Stock Split and deemed it procedurally and substantively fair to all of the Company's shareholders (including unaffiliated shareholders) and to the Company.

The Reverse Stock Split is not structured in a way such that approval of at least a majority (or other minimum percentage) of unaffiliated shareholders is required. The Board evaluated the fairness of the transaction to the shareholders of the Company, including the unaffiliated shareholders of the Company. The Board did not retain an unaffiliated representative to act solely on behalf of unaffiliated shareholders for purposes of determining the terms of the Reverse Stock Split, but did retain Benchmark to render an opinion regarding the fairness, from a financial point of view, of the Reverse Stock Split. The Reverse Stock Split was approved unanimously by the Board, and the Board believes the Reverse Stock Split is procedurally and substantively fair to the unaffiliated shareholders of the Company.

The Board of Directors has fully reviewed and considered the terms, purpose, alternatives and effects of the Reverse Stock Split and has unanimously determined that a price of \$0.50 per pre-Reverse Split share of Common Stock was fair to the Company's shareholders.

Substantive Fairness of the Reverse Stock Split.

In determining the fairness of the Reverse Stock Split, the Board considered numerous factors including, but not limited to those discussed below. In light of these factors, the Board believes that the Reverse Stock Split is substantively fair to the Company's shareholders, including our shareholders who will be cashed-out as a result of the Reverse Stock Split and our shareholders who will continue to hold our Common Stock after the Reverse Stock Split. The Board did not assign specific weight to the factors set forth below in a formulaic fashion. Moreover, in their considerations, individual directors may have given differing weights to different factors. However, the Board did place special emphasis on the significant cost and time savings we expect the Company to realize from deregistration of our Common Stock under the Exchange Act and the suspension of our duty to file periodic reports and other information with the SEC thereunder.

Significant Cost and Time Savings.

By deregistering our Common Stock and suspending our duty to file periodic reports with the SEC, we expect to realize recurring annual cost savings of approximately \$700,000, which represents our Public Company Costs and includes savings from personnel expense relating to the time spent by our management to prepare and review our reports required to be filed with the SEC under the Exchange Act. In addition, the Board has determined that the Public Company Costs, currently and in the foreseeable future, will continue to outweigh the Public Company Benefits and, thus, it is no longer in the best interests of the Company or its shareholders, creditors, or other stakeholders, for the Company to remain a public reporting company. See the "Special Factors – Purpose of the Reverse Stock Split" and "Special Factors – Reasons for the Reverse Stock Split" beginning on pages 17 and 18, respectively.

Opportunity to Remain a Holder of, or to Liquidate, Common Stock.

Another factor considered by the Board in determining the fairness of the Reverse Stock Split to holders of our Common Stock is the opportunity the Company's shareholders have to remain shareholders or to liquidate their Company holdings. Current holders of fewer than 10 shares of our Common Stock can either remain Company shareholders by acquiring additional shares so that they own at least 10 shares of our Common Stock immediately before the effective date of the Reverse Stock Split or be cashed out in the Reverse Stock Split. If a shareholder purchases additional shares of our Common Stock, then the shareholder may incur brokerage fees or commissions. Holders of fewer than 10 shares of our Common Stock at the effective time of the Reverse Stock Split will have their fractional post-Reverse Stock Split shares purchased by the Company at a premium price without paying any brokerage fees or commissions. The Board did not quantify the consideration of brokerage fees and commissions paid for having such fractional shares cashed out in the Reverse Stock Split since such fees, if any, vary significantly depending upon the method used to acquire or dispose of shares. Conversely, shareholders who own 10 shares or more and who desire to liquidate their shares in connection with the Reverse Stock Split at the premium price offered can reduce their holdings to less than 10 shares by selling or gifting shares prior to the effective date of the Reverse Stock Split. The Board did not place undue emphasis on this factor due to the limited trading market for our Common Stock. See "Special Factors – Reasons for the Reverse Stock Split" and "Special Factors – Structure of the Reverse Stock Split" beginning on pages 18 and 31, respectively.

Recent and Historical Trading Prices.

The Board considered recent and historical trades of our Common Stock. There is currently no established public trading market for our Common Stock. Our Common Stock is currently quoted on the OTC Markets, formerly known as the "Pink Sheets", under the symbol "QFOR". The OTC Markets is a centralized quotation service that collects and publishes market maker quotes for over-the-counter securities in real time. Over-the-counter market quotations, like those on the OTC Markets, reflect inter-dealer prices, without retail mark-up, mark-down, or commission and may not necessarily represent actual transactions.

The recent and historical trading of our Common Stock relates to the fairness of the Reverse Stock Split to shareholders because it provides some insight into how the market has historically valued our Common Stock. Since Discontinued Shareholders will no longer be able to directly participate in the financial success of the Company, the Cash Payment paid to these shareholders as a result of the Reverse Stock Split represents the final opportunity to

obtain value for their investment.

27

Although not a perfect measure, the trends over time in the market price of our Common Stock reflect market perceptions about the Company's intrinsic value.

Based on the foregoing, the Board determined that a Cash Payment based on the historical trading prices of our Common Stock would be an appropriate method of determining the fair value of shares of our Common Stock being cashed out in the Reverse Stock Split. In its deliberations concerning the fairness of the Reverse Stock Split, the Board considered:

1 the historical trading prices for our Common Stock over the past two (2) years (ranging from a low of \$0.185 to a high of \$0.655);

1 the historical trading prices for our Common Stock during the 30-trading day period ended September 23, 2016 (a low of \$0.20 and a high of \$0.32); and

1 a recent closing price of our Common Stock (\$0.30 as of September 23, 2016).

The cash payment to shareholders of \$0.50 per share represents a 100% premium to the volume weighted average closing price of our Common Stock during the 30-trading day period ended September 26, 2016, which was \$0.25.

The cash payment to our shareholders of \$0.50 per share represents a premium of approximately 66.66% over the \$0.30 closing price of our Common Stock on September 23, 2016. The Board determined that, as a result these premiums, the Cash Payment was a fair price for the shares our Common Stock being cashed out in the Reverse Stock Split.

Net Book Value of Our Common Stock, Excluding Minority Interest and Intangible Assets.

Net book value is based upon the historical cost of the Company's assets and ignores the value of the company as a going concern. Our net book value of our Common Stock as of: (i) December 31, 2013 and December 31, 2014 was \$(5,354,591) and \$2,333,545, respectively, and (ii) December 31, 2015 was \$2,694,523.

Liquidity of Our Common Stock.

The Board discussed the lack of an active trading market for our Common Stock, the lack of any market analyst coverage of the Company and our inability to access the public capital markets as some of the indications that our shareholders are not receiving the typical Public Company Benefits. Specifically, the Board considered that our Common Stock had an average daily trading volume over the six-month period ended September 23, 2016 of approximately 45,038 shares. The Board determined that the limited liquidity of our Common Stock was an additional indication of fairness to the Discontinued Shareholders. See "Special Factors - Reasons for Transaction".

Equal Treatment of Affiliated and Unaffiliated Holders of Our Common Stock.

The Reverse Stock Split will not affect holders of our Common Stock differently on the basis of affiliate status. The sole determining factor in whether a shareholder will no longer hold our Common Stock after the Reverse Stock Split or will continue as a holder of our Common Stock as a result of the Reverse Stock Split is the number of shares of our Common Stock held by the shareholder as of the effective date of the Reverse Stock Split.

Minimum Effect on Voting Power.

The Reverse Stock Split will have a minimal effect on the voting power of the Company's shareholders. The voting and other rights of our Common Stock will not be affected by the Reverse Stock Split. The only effect of the Reverse Stock Split on the Company's voting power will be a slight change in the overall ownership percentage of the shareholders who continue to hold our Common Stock following the Reverse Stock Split.

Liquidation Value.

The Board viewed the liquidation value of the Company to be an inappropriate measure for the purpose of evaluating the fairness of the Cash Payment. There is no present intention of liquidating the Company. Further, the transaction will only result in the termination of an equity interest by the shareholders reduced to fractional shares as a result of the Reverse Stock Split. The total of all such shares represents approximately 0.1% of our outstanding pre-Reverse Stock Split shares. A liquidation process would also involve additional legal fees, costs of sale and other expenses that would reduce any amounts that shareholders might receive upon a liquidation. Given the other factors considered by the Board as described in this Proxy Statement, the Board did not pursue a liquidation value approach.

No Firm Offers.

We have not received during the last two years any firm, unconditional offers for a merger or consolidation with or into another company, or vice versa, or the sale or transfer of all or substantially all of our assets to another company, or a purchase of our securities by another person that would involve a change in our control on terms satisfactory to the Company.

Stock Repurchases.

The Board did not consider stock repurchases as a material factor in evaluating the fairness of the Cash Payment to the Company's shareholders (including unaffiliated shareholders) because the Company has not repurchased any shares in the past two fiscal years or during its current fiscal year.

Potential Disadvantages of the Reverse Stock Split

The Board also considered possible disadvantages effecting the Reverse Stock Split including, but not limited to the following:

Termination of Publicly Available Information About the Company.

After deregistration of our Common Stock and suspension of our duty to file periodic reports and other information with the SEC, information regarding our operations and financial results that is currently available to the general public and our shareholders will no longer be readily available, and shareholders seeking information about us will have to contact us directly to receive such information. We may or may not provide shareholders with information, upon request or otherwise, that we are not required by law to provide. The Board believes that the overall benefits to the Company of no longer being a public reporting company substantially outweigh the disadvantages associated with a lack of publicly available information about the Company. See "Special Factors – Effects of the Reverse Stock Split" beginning on page 20.

Reduction of Market for Our Common Stock.

After the completion of the Reverse Stock Split and the deregistration of our Common Stock and suspension of our duty to file periodic reports and other information with the SEC, our shareholders may experience reduced liquidity for their shares of our Common Stock, even if our Common Stock continues to be quoted in the OTC Markets. See "Special Factors – Effects of the Reverse Stock Split".

Possible Post-Split Decline in Price of Our Common Stock due to illiquidity.

After the completion of the Reverse Stock Split, our shareholders may experience reduced liquidity for their shares of our Common Stock. This reduced liquidity may adversely affect the market price of our Common Stock. See "Special Factors - Effects of the Reverse Stock Split" beginning on page 20 and "Termination of Publicly Available Information about the Company" above.

The Company Will No Longer Have the Potential Benefits Normally Associated with Public Reporting Company Status.

Another potential disadvantage of the Reverse Stock Split is that we will no longer have the Public Company Benefits, such as better access to the capital markets for issuances of securities. We would still have access to capital markets, but if we were to conduct a public offering of our securities, we would have to again become a reporting company, and the expenses that we are seeking to eliminate would then be reinstated. Furthermore we would no longer have the benefit of being able to use public securities in attracting and retaining executives and other employees. We believe that the cost savings from ceasing to be a public reporting company outweigh the drawbacks of losing more ready access to the capital markets.

Sarbanes-Oxley Act and Other Reporting and Disclosure Provisions Will No Longer Apply to the Company.

After the completion of the Reverse Stock Split and the deregistration of our Common Stock and suspension of our duty to file periodic reporting and other information with the SEC, we will no longer be subject to the provisions of the Sarbanes-Oxley Act or the liability provisions of the Exchange Act that apply to public companies, including the requirement that the chief executive officer and the chief financial officer certify the accuracy of the financial statements contained in our Exchange Act filings. In addition, our officers, directors and 10% or greater shareholders will no longer be subject to the short-swing profit recapture provisions and reporting requirements of Section 16 of the Exchange Act. See "Special Factors - Effects of the Reverse Stock Split" beginning on page 20.

Certain Shareholders Will Not Participate in Future Increases in Our Value.

Following the Reverse Stock Split, shareholders who own fewer than 10 pre-Reverse Stock Split shares will no longer have an equity interest in the Company and will not participate in our future earnings or any increases in the value of our assets or operations. See “Special Factors - Effects of the Reverse Stock Split” beginning on page 20.

The Board believes that all of the factors mentioned above, both favorable and unfavorable, when viewed together support a conclusion that the Reverse Stock Split is substantively fair to all the Company shareholders, including those shareholders who will be cashed out as a result of the Reverse Stock Split and those who will continue to be shareholders of the Company after the Reverse Stock Split. The Board set the cash payment price at \$0.50 based on the factors described above, and in particular, the premium that the Cash Payment represents over the historic trading prices and net book value of our Common Stock as discussed above.

Opinion of Benchmark.

On September 27, 2016, Benchmark verbally rendered its opinion to our board of directors (which was subsequently confirmed in writing by delivery of Benchmark’s written opinion addressed to our board of directors dated September 27, 2016), as to whether, as of such date, the Cash Payment to be received by the holders of fractional shares of common stock of the Company in the Transaction was fair to such holders from a financial point of view.

Benchmark’s opinion was directed to our board of directors (in its capacity as such) and only addressed whether the Cash Payment of to be received by the holders of the fractional shares of common stock of the Company in the Transaction was fair to such holders from a financial point of view and did not address any other aspect or implication of the Transaction or any other agreement, arrangement or understanding. The summary of Benchmark’s opinion in this Proxy Statement is qualified in its entirety by reference to the full text of its written opinion, which is attached as Exhibit B to this Proxy Statement and describes the procedures followed, assumptions made, qualifications and limitations on the review undertaken and other matters considered by Benchmark in connection with the preparation of its opinion. However, neither Benchmark’s opinion nor the summary of its opinion and the related analyses set forth in this Proxy Statement are intended to be, and do not constitute, advice or a recommendation to our board of directors, any security holder of our Company or any other person as to how to act or vote with respect to any matter relating to the Transaction.

Benchmark’s opinion was addressed to, and was intended for the use, information and benefit of, our board of directors (solely in its capacity as such) and may not be used for any other purpose without Benchmark’s prior written consent, provided, however, that the Company may include a copy of the Opinion in the Transaction Statement on Schedule 13E-3 and the Proxy Statement on Schedule 14A that the Company may be required to file with the Securities and Exchange Commission in connection with the consummation of the Transaction. Benchmark’s opinion was not intended to be, and did not constitute, a recommendation to our board of directors, any security holder or any other party as to how to act or vote with respect to any matter relating to the Transaction or otherwise. Benchmark had not been requested to opine as to, and Benchmark’s opinion did not express an opinion as to or otherwise address, among other things: (i) the underlying business decision of our board of directors, our Company, our security holders or any other party to proceed with or effect the Transaction, (ii) the terms of any arrangements, understandings, agreements or documents related to, or the form, structure or any other portion or aspect of, the Transaction or otherwise (other than the Cash Payment to the extent expressly specified therein), (iii) the fairness of any portion or aspect of the Transaction to the holders of any class of securities, creditors or other constituencies of our Company, or to any other party, except if and only to the extent expressly set forth in the last sentence of Benchmark’s opinion, (iv) the relative merits of the Transaction as compared to any alternative business strategies or transactions that might be available for our Company or any other party, (v) the fairness of any portion or aspect of the Transaction to any one class or group of our Company’s or any other party’s security holders or other constituents vis-à-vis any other class or group of our Company’s or such other party’s security holders or other constituents (including, without limitation, the allocation of any consideration amongst or within such classes or groups of security holders or other constituents), (vi) the solvency, creditworthiness or fair value of our Company or any other participant in the Transaction, or any of their respective assets, under any applicable laws relating to bankruptcy, insolvency, fraudulent conveyance or similar matters, or (vii) the fairness, financial or otherwise, of the amount, nature or any other aspect of any compensation to or consideration payable to or received by any officers, directors or employees of any party to the Transaction, any class of such persons or any other party, relative to the Cash Payment or otherwise. Furthermore, no opinion, counsel

or interpretation was intended in matters that require legal, regulatory, accounting, insurance, tax or other similar professional advice. It was assumed that such opinions, counsel or interpretations had been or would be obtained from the appropriate professional sources. Furthermore, Benchmark relied, with the consent of our board of directors, on the assessments by our board of directors, our Company and our advisors, as to all legal, regulatory, accounting, insurance and tax matters with respect to our Company and the Transaction or otherwise.

30

In arriving at its opinion, Benchmark reviewed and considered such financial and other matters as it deemed relevant, including, among other things:

§ draft dated August 25, 2016 of the resolutions authorized by the Company approving the Transaction (the “Resolutions”);

§ certain publicly available business and financial information relating to the Company that Benchmark deemed to be relevant;

§ certain information relating to the historical, current and future operations, financial condition and prospects of the Company made available to Benchmark by the Company, including financial projections prepared by the management of the Company;

§ discussions with certain members of the management of the Company regarding the business, operations, financial condition and prospects of the Company, the Transaction and related matters;

§ the current and historical market prices for certain of the Company’s publicly traded securities, and the current and historical market prices of the publicly traded securities of certain other companies that Benchmark deemed to be relevant;

§ a certificate addressed to Benchmark from senior management of the Company which contains, among other things, representations regarding the accuracy of the information, data and other materials (financial or otherwise) provided to, or discussed with, Benchmark by or on behalf of the Company;

§ the trading and financial performance data of certain companies that Benchmark deemed relevant;

§ recent merger and acquisition transactions of companies that Benchmark deemed to be relevant; and

§ such other information, economic and market criteria and data, financial studies, analyses and investigations and such other factors as Benchmark deemed relevant.

Benchmark relied upon and assumed, without independent verification, the accuracy and completeness of all data, material and other information furnished, or otherwise made available, to it, discussed with or reviewed by it, or publicly available, and did not assume any responsibility with respect to such data, material and other information. In addition, management of our Company advised Benchmark, and Benchmark assumed, that the financial projections reviewed by Benchmark had been reasonably prepared in good faith on bases reflecting the best currently available estimates and judgments of our management as to the future financial results and condition of our Company, and Benchmark expressed no opinion with respect to those projections or the assumptions on which they were based. Benchmark relied upon and assumed, without independent verification, that there had been no change in the business, assets, liabilities, financial condition, results of operations, cash flows or prospects of our Company since the respective dates of the most recent financial statements and other information, financial or otherwise, provided to Benchmark that would be material to Benchmark’s analyses or Benchmark’s opinion, and that there was no information or any facts that would make any of the information reviewed by Benchmark incomplete or misleading. Benchmark further relied upon the assurance of the management of our Company that they were unaware of any facts that would make the information provided to Benchmark incomplete or misleading in any material respect. In connection with its review and arriving at Benchmark’s opinion, Benchmark did not assume any responsibility for the independent verification of any of the foregoing information and relied on the completeness and accuracy as represented by our Company. In addition, Benchmark relied upon and assumed, without independent verification, that the Transaction would be consummated in accordance with the Resolutions and that the Resolutions would not materially differ from the draft of the Resolutions reviewed by Benchmark. In addition, Benchmark did not make any independent evaluation or appraisal of the assets or liabilities of our Company, nor was Benchmark furnished with any such independent evaluations or appraisals. Benchmark’s opinion was necessarily based upon financial, economic, market and other conditions as they existed on, and should be evaluated as of, the date of Benchmark’s opinion. Although subsequent developments might affect Benchmark’s opinion, Benchmark does not have any obligation to update, revise or reaffirm its opinion or otherwise comment on or consider events occurring or coming to its attention after the date of its opinion. Benchmark did not express any opinion as to what the value of the common stock of the Company actually would be when the Transaction is consummated or the price or range of prices at which the common stock of the Company may be purchased or sold, or otherwise be transferable, at any time.

In preparing its opinion to our board of directors, Benchmark performed a variety of analyses, including those described below. The summary of Benchmark's analyses is not a complete description of the analyses underlying Benchmark's opinion. The preparation of such an opinion is a complex process involving various quantitative and qualitative judgments and determinations with respect to the financial, comparative and other analytical methods employed and the adaptation and application of these methods to the unique facts and circumstances presented. As a consequence, neither Benchmark's opinion nor its underlying analyses is readily susceptible to summary description. Benchmark arrived at its opinion based on the results of all analyses undertaken by it and assessed as a whole and did not draw, in isolation, conclusions from or with regard to any individual analysis, methodology or factor. While the results of each analysis were taken into account in reaching Benchmark's overall conclusion with respect to fairness, Benchmark did not make separate or quantifiable judgments regarding individual analyses. Accordingly, Benchmark believes that its analyses and the following summary must be considered as a whole and that selecting portions of its analyses, methodologies and factors, without considering all analyses, methodologies and factors, could create a misleading or incomplete view of the processes underlying Benchmark's analyses and opinion.

In performing its analyses, Benchmark considered general business, economic, industry and market conditions, financial and otherwise, and other matters as they existed on, and could be evaluated as of, the date of its opinion. No company, transaction or business used in Benchmark's analyses for comparative purposes is identical to our Company or the proposed Transaction and an evaluation of the results of those analyses is not entirely mathematical. As a consequence, mathematical derivations (such as the high, low, mean and median) of financial data are not by themselves meaningful and in selecting the ranges of multiples to be applied were considered in conjunction with experience and the exercise of judgment. The estimates contained in the financial forecasts prepared by the management of our Company and the implied reference range values indicated by Benchmark's analyses are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by the analyses. In addition, any analyses relating to the value of assets, businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold, which may depend on a variety of factors, many of which are beyond the control of our Company. Much of the information used in, and accordingly the results of, Benchmark's analyses are inherently subject to substantial uncertainty.

Benchmark's opinion was only one of many factors considered by our board of directors in evaluating the proposed Transaction. Neither Benchmark's opinion nor its analyses were determinative of the Cash Payment or of the views of our board of directors or management with respect to the Transaction or the Cash Payment. Under the terms of its engagement by our Company, neither Benchmark's opinion nor any other advice or services rendered by it in connection with the proposed Transaction or otherwise, should be construed as creating, and Benchmark should not be deemed to have, any fiduciary duty to our board of directors, our Company, any security holder or creditor of our Company or any other person, regardless of any prior or ongoing advice or relationships. The type and amount of consideration payable in the Transaction were determined by, and the decision to enter into the Transaction was solely that of, our board of directors.

The following is a summary of the material financial analyses performed by Benchmark in connection with the preparation of its opinion and reviewed with our board of directors on August 24, 2016 and again on September 27, 2016. The order of the analyses does not represent relative importance or weight given to those analyses by Benchmark. The analyses summarized below include information presented in tabular format. The tables alone do not constitute a complete description of the analyses. Considering the data in the tables below without considering the full narrative description of the analyses, as well as the methodologies underlying, and the assumptions, qualifications and limitations affecting, each analysis, could create a misleading or incomplete view of Benchmark's analyses.

For purposes of its analyses, Benchmark reviewed a number of financial and operating metrics, including:

- Enterprise Value – generally, the value as of a specified date of the relevant company's outstanding equity securities (taking into account outstanding options and other securities convertible, exercisable or exchangeable into or for equity securities of the company) plus the amount of its net debt (the amount of its outstanding indebtedness, non-convertible preferred stock, capital lease obligations and non-controlling interests less the amount of cash and

cash equivalents on its balance sheet).

Revenue – generally, the gross income received by a company from its normal business activities before any expenses have been deducted.

32

Unless the context indicates otherwise, enterprise values and equity values used in the selected companies analysis described below were calculated using the closing price of our Common Stock and the common stock of the selected companies listed below as of August 18, 2016, and transaction values for the selected transactions analysis described below were calculated on an enterprise value basis based on the value of the proposed consideration in the selected transactions. The estimates of the future financial and operating performance of our Company relied upon for the financial analyses described below were based on the financial projections attached hereto as Exhibit C (the “Company Projections”). The estimates of the future financial and operating performance of the selected companies listed below were based on certain publicly available research analyst estimates for those companies.

Discounted Cash Flow Analysis. Benchmark performed a discounted cash flow analysis of the Company by calculating the estimated net present value of the projected unlevered, pre-tax free cash flows of our Company based on the Company Projections. Benchmark calculated terminal values for our Company by applying a terminal value Revenue multiple of 1.1x to the Company’s fiscal year 2018 estimated Revenue). The net present values of the Company’s projected future cash flows and terminal values were then calculated using discount rates ranging from 14.1% to 16.1%. The discounted cash flow analysis indicated an implied per share value reference range of \$0.74 to \$0.78 per fractional Share, as compared to the Cash Payment of \$0.50 per fractional Share.

Selected Companies Analysis. Benchmark reviewed certain data for selected companies in the United States, with publicly traded equity securities, that Benchmark deemed relevant in the Information Technology Services industry. The financial data reviewed included enterprise value as a multiple of estimated latest 12 months, or LTM, Revenue.

Other Matters

Benchmark was engaged by our Company as the financial advisor to the Company in connection with the Transaction and to provide an opinion to our board of directors as to whether the Cash Payment to be received by the holders of the fractional shares of common stock of the Company in the Transaction was fair to such holders from a financial point of view. Benchmark was also engaged as exclusive financial advisor and placement agent for the Company with respect to any offers or placements of debt or equity securities that may occur in the future. We engaged Benchmark based on Benchmark's experience and reputation. Benchmark is regularly engaged to render financial opinions in connection with mergers, acquisitions, divestitures, leveraged buyouts, and for other purposes. Pursuant to its engagement by our Company, Benchmark is entitled to an aggregate fee of \$50,000 for its services, a portion of which became payable upon the execution of Benchmark's engagement letter and the balance of which became payable upon the delivery of Benchmark's opinion. No portion of Benchmark's fee is contingent upon the successful completion of the Transaction. Our company has also agreed to reimburse Benchmark for certain expenses and to indemnify Benchmark, its affiliates and certain related parties against certain liabilities and expenses, including certain liabilities under the federal securities laws, arising out of or related to Benchmark's engagement.

In the ordinary course of its business, Benchmark may have actively traded the equity or debt securities of our Company and may have continued to actively trade such equity or debt securities. In addition, certain individuals who

are employees of, or are affiliated with, Benchmark may have in the past and may have then currently been stockholders of our Company.

34

Procedural Fairness of the Reverse Stock Split.

In addition to the fairness of the substance of the Reverse Stock Split, the Board believes that the process by which decisions were made regarding the transaction is procedurally fair to the Company's shareholders, including those shareholders who will be cashed out as a result of the Reverse Stock Split and to those shareholders who will continue to be shareholders of the Company after the Reverse Stock Split.

We did not retain an unaffiliated representative to act solely on behalf of our unaffiliated shareholders for the purpose of negotiating the terms of the Reverse Stock Split. We did however retain Benchmark to render an opinion regarding the fairness, from a financial point of view, of the Reverse Stock Split. The Board evaluated the fairness of the transaction to the shareholders of the Company, including the unaffiliated shareholders of the Company. We also did not grant unaffiliated shareholders access to our corporate files. The Board is comprised of five directors, three of whom are non-employees and qualify as "independent". The Company has elected to comply with the rules of the NASDAQ together with the specific independence requirements below. The Board has reviewed the relationships between the Company and each of its directors and has determined that all of the directors were "independent" during the fiscal year ended December 31, 2015, other than Dr. Thondavadi and Mr. Desai. The Board has affirmatively determined that no director, other than Dr. Thondavadi and Mr. Desai had or has a material relationship with the Company during the current fiscal year. In making this determination, the Board has broadly considered all relevant facts and circumstances. In addition, the Board has adopted as specific independence requirements (a) the independence requirements of applicable law, (b) the requirements of an "outside director" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended, and (c) the requirements of a "non-employee director" for purposes of Section 16 of the Securities Exchange Act of 1934, as amended, which are available on the Company's website at www.qfor.com under the "Investors – Governance" link. The Reverse Stock Split was approved unanimously by the Board.

The Board of Directors also noted that this proxy statement, along with our other filings with the SEC, provide a significant amount of information for unaffiliated shareholders to make an informed decision as to the Reverse Stock Split. The Board of Directors therefore made no special provision for the review of our files by our unaffiliated shareholders, although subject to certain conditions, Illinois law provides shareholders with the right to review our books and records.

The Board of Directors determined not to condition the approval of the Reverse Stock Split on approval by a majority (or any other percentage) of unaffiliated shareholders. The Board of Directors noted that affiliated and unaffiliated shareholders will be treated equally in the transaction. The interests of unaffiliated shareholders in the context of the Reverse Stock Split depend on whether they hold 10 shares or more or fewer than 10 shares, although the Board appreciated that as a practical matter the Company's affiliates would not be cashed out as a result of the Reverse Stock Split because they each hold in excess of 10 shares. If separate approval of unaffiliated shareholders were required, our affiliated shareholders would receive lesser voting rights than unaffiliated shareholders solely on the basis of their affiliate status even though they will receive no additional benefits or different treatment in the Reverse Stock Split, and any such requirement would prevent a majority of the outstanding shares of our Common Stock from participating in the consideration of the proposed Reverse Stock Split. While none of the Company's affiliates will be cashed out as a result of the Reverse Stock Split, because each holds more than 10 shares, there are numerous non-affiliates who similarly own in excess of 10 shares and will not be cashed out. Furthermore, a vote of the majority (or any other percentage) of unaffiliated shareholders is not required under Illinois law. Finally, shareholders can increase, divide, or otherwise adjust their existing holdings at any time prior to the effective date of the Reverse Stock Split, so as to retain some or all of their shares of Common Stock, or to receive cash for some or all of their shares, as they see fit.

Structure of the Reverse Stock Split

The Reverse Stock Split will become effective on the date the Company files the Amendment with the Secretary of State of the State of Illinois. On the effective date of the Reverse Stock Split each shareholder of record will receive one share of Common Stock for every 10 pre-Reverse Stock Split shares held in his or her account as of such date. Any shareholder of record who holds fewer than 10 pre-Reverse Stock Split shares in his or her account at the time of the Reverse Stock Split will receive a cash payment of \$0.50 per pre-Reverse Stock Split share and will no longer be a shareholder of the Company after the Reverse Stock Split. Any shareholder who after the Reverse Stock Split will continue as a shareholder, but owns a fractional share, will receive the Cash Payment on the pre-Reverse Stock Split equivalent to their fractional share. We intend for the Reverse Stock Split to treat shareholders holding Common Stock in street name through a nominee (such as a bank or broker) in the same manner as shareholders whose shares are held of record in their own names, and nominees will be instructed to effect the transaction for their beneficial holders. However, nominees may have different procedures and shareholders holding shares in street name should contact their nominees.

In general, the Reverse Stock Split can be illustrated by the following examples:

Example 1. – Record Holder of Fewer Than 10 Shares

A shareholder holds nine (9) shares of our Common Stock in his account before the effective date of the Reverse Stock Split. Instead of receiving a fractional share of our Common Stock immediately after the Reverse Stock Split, the shareholder's shares will be converted into the right to receive cash. The shareholder would receive \$4.50 ($\0.50 per share x 9 shares). Note: If the shareholder wants to continue his investment in the Company, before the effective date of the Reverse Stock Split, he may buy at least one more share of Common Stock, thereby increasing his share ownership to 10 shares of Common Stock pre-Reverse Stock Split, resulting in his owning one share of Common Stock post-Reverse Stock Split. The shareholder would have to act far enough in advance of the Reverse Stock Split so that the purchase is completed and the additional share or shares are credited in his account by the effective date.

Example 2. – Record Holder of 10 Shares in One Account

A shareholder holds 10 shares of our Common Stock in a single account as of the effective date of the Reverse Stock Split. After the Reverse Stock Split, the shareholder will hold one share of Common Stock.

Example 3. – Record Holder of 5 Shares in One Account and 5 Shares in a Second Account

A shareholder has two separate accounts. As of the effective date of the Reverse Stock Split, the shareholder holds five (5) shares of our Common Stock in one account and five (5) shares of Common Stock in the other. If we can determine that the two separate accounts belong to the same person (based upon the name of the account, Social Security Number or address associated with the account), then we will treat the two accounts as a single account.

Accordingly, the shareholder will be treated as having 10 pre-Reverse Stock Split shares. In the Reverse Stock Split, the shareholder's stock will be converted into one share of our Common Stock as in Example 2 above.

If, however, we are unable to determine that the two separate accounts belong to the same person, then the shareholder will receive cash payments equal to the Cash Payment for the shares of Common Stock in each account instead of receiving fractional shares. In this case, the shareholder would receive two checks, one of which will be for \$2.50 ($\0.50 x 5 shares) and the second of which will be for \$2.50 ($\0.50 x 5 shares). Note: If the shareholder wants to be certain to continue as a shareholder in the Company, the shareholder can consolidate or transfer two accounts before the effective date of the Reverse Stock Split into an account with at least 10 pre-Reverse Stock Split shares.

Alternatively, the shareholder can buy at least five (5) more shares for the first account and five (5) more shares for the second account, and hold them in such shareholder's respective accounts. The shareholder would have to act far enough in advance of the Reverse Stock Split so that the consolidation or the purchase is completed by the effective date.

Example 4. – Beneficial Owner of Nine (9) Shares in a Brokerage Account

A shareholder holds nine (9) shares of our Common Stock in street name in a brokerage account as of the effective date of the Reverse Stock Split. We intend for the Reverse Stock Split to treat shareholders holding shares of our Common Stock in street name through a nominee (such as a bank or broker) in the same manner as shareholders whose shares are registered in their names. Nominees will be instructed to effect the Reverse Stock Split for their beneficial holders. If this occurs, the shareholder will receive, through the shareholder's broker, a check for \$4.50

(\$0.50 x 9 shares). However, nominees may have a different procedure and shareholders holding shares of our Common Stock in street name should contact their nominees.

36

Shareholder Approval

Two-thirds of the outstanding shares of our Common Stock will constitute a quorum for the purpose of approving the Amendment to the Articles of Incorporation to effect the Reverse Stock Split. Assuming the presence of a quorum, the affirmative vote of the holders of two-thirds of outstanding shares of our Common Stock entitled to vote at the Special Meeting is required to approve the Reverse Stock Split. Our current directors and executive officers have indicated that they intend to vote the shares of our Common Stock for which they hold or share voting power (18,895,203 shares of our Common Stock, or 17.4% of our issued and outstanding shares of Common Stock eligible to vote at the Special Meeting) "FOR" the Reverse Stock Split.

Effective Date

The Reverse Stock Split will become effective on the date the Company files the Amendment with the Secretary of State of the State of Illinois, or on any later date that the Company may specify in the Amendment. We intend to effect the Reverse Stock Split as soon as possible after the Reverse Stock Split is approved by our shareholders, subject to final authorization by our Board of Directors.

Exchange of Certificates for Cash Payment

We will affect the Reverse Stock Split as soon as practicable after receiving shareholder approval. Security Transfer Corp. has been appointed as the Exchange Agent to carry out the exchange of certificates for the cash payment of \$0.50 per pre-Reverse Stock Split share.

Within five to ten business days after the effective date of the Reverse Stock Split, the Exchange Agent will send these shareholders a letter of transmittal with instructions as to how such shareholders will be paid the Cash Payment. The letter of transmittal will include instructions on how to surrender stock certificates to our Exchange Agent. Upon proper completion and execution of the letter of transmittal, and the return of the letter of transmittal and accompanying share certificate(s) to the Exchange Agent, and such other documentation as the Company or the Exchange Agent may reasonably require, each shareholder entitled to receive payment will receive payment from the Exchange Agent as outlined in the letter of transmittal. Shareholders should allow for approximately five business days after mailing for the Exchange Agent to receive the letter of transmittal and accompanying stock certificate and after at least ten business days following receipt of properly completed materials by the Exchange Agent for payment to be made. In the event we are unable to locate a shareholder, or if a shareholder fails to properly complete, execute and return the letter of transmittal and accompanying stock certificate to the Exchange Agent, any funds payable to such shareholder pursuant to the Reverse Stock Split will be held in escrow until a proper claim is made, subject to applicable abandoned property laws. In lieu of issuing any fractional shares otherwise issuable to shareholders who hold fewer than 10 pre-Reverse Stock Split shares, we will make the cash payment of \$0.50 per pre-Reverse Stock Split share to such shareholders, without interest. Shareholders owning at least 10 pre-Reverse Stock Split shares, who after the Reverse Stock Split will continue as shareholders, but own a fractional share as the result of the Reverse Stock Split, will receive a Cash Payment based on the pre-Reverse Stock Split share equivalent of their fractional share. All such fractional shares acquired by the Company in the Reverse Stock Split will be cancelled and returned to the status of authorized but unissued shares. No service charges will be payable by shareholders in connection with the exchange of certificates for cash. All such expenses will be borne by us except for expenses, if any, imposed by your nominee. Additional instructions with respect to lost or destroyed certificates will be included with the letter of transmittal that we will send to shareholders after the effective date of the Reverse Stock Split. In the event that the Company is unable to locate certain shareholders or if a shareholder fails to properly complete, execute, and return the letter of transmittal and accompanying stock certificate(s) to the Exchange Agent, any funds payable to such holders pursuant to the reverse stock split will be held in escrow until a proper claim is made, subject to applicable unclaimed property and escheat laws. Until the cash payments have been delivered to the appropriate public official pursuant to the abandoned property laws, such payments will be paid to the holder of the eligible certificate or his, her or its designee, without interest, at such time as the Common Stock have been properly presented for exchange.

For purposes of determining ownership of shares of our Common Stock on the effective date of the Reverse Stock Split, such shares will be considered held by the person in whose name such shares are registered on our Exchange Agent's records. We intend that shareholders holding shares of our Common Stock in street name will be treated in the same manner as registered shareholders whose shares are registered in their names. Prior to the effective date of the Reverse Stock Split, we will conduct an inquiry of all brokers, banks and other nominees that hold shares of our

Common Stock in street name. We will ask them to effect the Reverse Stock Split for their beneficial holders holding shares of our Common Stock in street name. We will rely on these brokers, banks and other nominees to provide us with information on how many fractional shares will be cashed out. However, these brokers, banks and other nominees may have different procedures than the Company's procedures for registered shareholders for processing the Reverse Stock Split. If you hold your shares in street name with a bank, broker or other nominee, and if you have any questions in this regard, we encourage you to contact your bank, broker or nominee.

37

Post Reverse Stock Split Book Entry Shares

After the consummation of the Reverse Stock Split, pursuant to the IBCA and the Bylaws, the Company, through the Exchange Agent, will issue uncertified shares for those shareholders eligible to receive at least one share of post-Reverse Stock Split Common Stock in exchange for their pre-Reverse Stock Split shares of Common Stock. Shares will be issued in book entry format eligible for DTC's Direct Registration System. As a result, no physical stock certificate will be issued to shareholders continuing after the consummation of the Reverse Stock Split.

Escheat Laws

The unclaimed property and escheat laws of each state provide that under circumstances defined in that state's statutes, holders of unclaimed or abandoned property must surrender that property to the state. Persons whose shares of Common Stock are cashed out and whose addresses are unknown to us, or who do not return their stock certificates and request payment for their cashed out shares of Common Stock, generally will have a certain period of time from the effective date of the Reverse Stock Split in which to claim the cash payment payable to them. For example, with respect to shareholders whose last known addresses are in New York, as shown by our records, the period is three years. Following the expiration of that three-year period, the Unified Disposition of Unclaimed Property Act of New York would likely cause the cash payments to escheat to the State of New York. For shareholders who reside in other states or whose last known addresses, as shown by our records, are in states other than New York, such states may have abandoned property laws which call for such state to obtain either (i) custodial possession of property that has been unclaimed until the owner reclaims it or (ii) escheat of such property to the state. Under the laws of such other jurisdictions, the "holding period" or the time period which must elapse before the property is deemed to be abandoned may be shorter or longer than three years. In the event that the Company is unable to locate certain shareholders or if a shareholder fails to properly complete, execute, and return the letter of transmittal and accompanying stock certificate(s) to the Exchange Agent, any funds payable to such holders pursuant to the Reverse Stock Split will be held in escrow until a proper claim is made, subject to applicable unclaimed property and escheat laws.

Regulatory Approvals

The Company is not aware of any material governmental or regulatory approval required for completion of the reverse stock split, other than compliance with the relevant federal and state securities laws and the IBCA.

Litigation

As of the date of this Proxy Statement, there is no ongoing litigation related to the Reverse Stock Split.

Reservation

Although the Board has approved the Reverse Stock Split and subsequent termination of registration of our Common Stock under the Exchange Act and suspension of our duty to file periodic reports and other information with the SEC thereunder, the Board reserves the right to abandon, postpone or modify the Reverse Stock Split and such termination and suspension at any time before they are consummated for any reason. A number of factors or circumstances could cause our Board of Directors to abandon, postpone or modify the Reverse Stock Split and such deregistration and suspension, including, without limitation, the following:

If, immediately prior to the Reverse Stock Split, the Board does not believe that the Reverse Stock Split will sufficiently reduce the number of record holders of our Common Stock to a level that reasonably assures us that the Company would not be required under the Exchange Act to revert to a public reporting company in the foreseeable future after the Reverse Stock Split is completed, then the Board may elect to abandon, postpone or modify the Reverse Stock Split.

The Board may elect to abandon, postpone or modify the Reverse Stock Split if the aggregate cash payments to shareholders necessary to complete the Reverse Stock Split exceeds any budgetary guidelines set by the Board or would exceed any limits set forth under the Company's Loan Agreement

If any waivers or consents under either the Company's Loan Agreement have not been successfully obtained.

Even if the aggregate cash payments to Discontinued Shareholders necessary to complete the Reverse Stock Split is within the budgetary guideline set by the Board, the Board may elect to abandon, postpone or modify the Reverse Stock Split if the then economic conditions or the financial condition of the Company, or their outlook, be such that, in the judgment of the Board, it is no longer advisable to use the Company's cash resources to effect the Reverse Stock Split.

If the Board determines that it is in the best interest of the Company and its shareholders for the Company to enter into any other strategic transaction that may arise in the future, such as an asset or stock sale or a business combination transaction, then the Board may elect to abandon, postpone or modify the Reverse Stock Split.

If for any other reason, the Board determines that the Reverse Stock Split is no longer in the best interest of the Company and its shareholders, then the Board may elect to abandon, postpone or modify the transaction.

If the Board decides to abandon, postpone or modify the Reverse Stock Split, then the Company will notify the shareholders of such decision in accordance with applicable rules and regulations.

OTHER MATTERS RELATED TO THE REVERSE STOCK SPLIT

Potential Conflicts of Interest

Our current directors, executive officers and 10% shareholders may have interests in the reverse stock split that are different from your interests as a shareholder, and have relationships that may present conflicts of interest. While our Board of Directors recommends a vote “FOR” the Reverse Stock Split, to the Company’s knowledge, none of the Company’s affiliates has made a recommendation, in their individual capacities, either in support of or opposed to the reverse stock split. Our current directors and executive officers have indicated that they intend to vote the shares of our Common Stock for which they hold or share voting power (18,895,203 shares, or approximately 17.4% of our issued and outstanding shares eligible to vote at the Special Meeting) “FOR” the reverse stock split.

Upon the effectiveness of the Reverse Stock Split, the aggregate number of shares of our Common Stock owned by our current directors, executive officers and 10% shareholders will be reduced proportionately by the reverse stock split ratio of 10-for-1 and the ownership percentage of the shares of our Common Stock held by our current directors, executive officers and 10% shareholders (inclusive of shares held and options and warrants exercisable within 60 days) will increase from 21.0% to 21.1% as a result of the reduction of the number of shares of our Common Stock outstanding. The increase in the ownership percentage of our shares of Common Stock held by our current directors, executive officers and 10% shareholders and the reduction in the number of shares outstanding following the completion of the reverse stock split is based on record holder information that we received as of September 26, 2016 from the Exchange Agent, as to our record holders, and information we have received regarding the holdings of beneficial owners of our Common Stock held in street name. The number of shares to be cashed out in the reverse stock split may vary from the estimate above, and the ownership percentage of our shares of Common Stock held by our directors, executive officers and 10% shareholders and the ownership percentage of the continuing shareholders after the reverse stock split will proportionally increase or decrease as a result of purchases, sales and other transfers of our shares of Common Stock by our shareholders prior to the effective date of the reverse stock split, and depending on the number of street name shares that are actually cashed out in the reverse stock split. See “Special Factors – Effects of the Reverse Stock Split – Effects on our Affiliates.”

Directors, executive officers and any shareholders who own more than 10% of our outstanding Common Stock will experience certain advantages after the reverse stock split in that they will be relieved of certain SEC reporting requirements and “short-swing profit” trading provisions under Section 16 of the Exchange Act and information regarding their compensation and stock ownership will no longer be publicly available. In addition, by deregistering the Common Stock under the Exchange Act subsequent to the consummation of the reverse stock split, we will no longer be prohibited, pursuant to Section 402 of the Sarbanes-Oxley Act, from making personal loans to our directors or executive officers. However, we do not have a present intention of making personal loans to our directors or executive officers, and the ability to make such loans was not a reason considered by the Board of Directors in evaluating the benefits of the reverse stock split.

Certain Material U.S. Federal Income Tax Consequences

Summarized below are certain material U.S. federal income tax consequences to our shareholders resulting from the Reverse Stock Split. This summary is based upon U.S. federal income tax law, as currently in effect, which is subject to differing interpretations or change, possibly on a retroactive basis. The summary below of the U.S. federal income tax consequences to a shareholder generally will apply to an individual who is a United States person as defined in the Internal Revenue Code of 1986, as amended (the “Code”). This summary does not discuss all aspects of U.S. federal income taxation that may be important to shareholders in light of their individual circumstances or consequences that may apply to special classes of taxpayers, such as non-resident aliens, foreign entities, broker-dealers or insurance companies. In addition, this summary does not discuss any state, local, foreign, or other tax considerations, nor does it address the tax treatment of partnerships or other pass through entities for U.S. federal income tax purposes or persons who hold our shares through such entities, persons who received their shares as compensation or persons who are otherwise subject to special rules under the Code. The Company will not apply for any ruling from the Internal Revenue Service (“IRS”), nor will it receive an opinion of counsel, with respect to any of the tax consequences of the Reverse Stock Split. Each shareholder should consult his, her or its tax advisor as to the particular federal, state, local, foreign, and other tax consequences of the Reverse Stock Split to such shareholder, in light of his, her or its specific circumstances.

It is expected that the Reverse Stock Split will be treated for U.S. federal income tax purposes as a tax-free recapitalization pursuant to Code Section 368(a)(1)(E). Accordingly, a shareholder who receives only newly issued shares and no Cash Proceeds in connection with the Reverse Stock Split should not recognize any gain or loss for federal income tax purposes. Instead, in such circumstances, the aggregate tax basis in the Common Stock received pursuant to the Reverse Stock Split should equal the aggregate tax basis in the Common Stock surrendered, and the holding period for the Common Stock received should include the holding period for the Common Stock surrendered.

40

A shareholder of the Company that holds Common Stock prior to the Reverse Stock Split and who ceases to hold, directly or indirectly, any such shares after the Reverse Stock Split will recognize gain or loss for federal income tax purposes measured by the difference between the Cash Proceeds received by the shareholder in the Reverse Stock Split and the shareholder's tax basis for the shares cancelled in the Reverse Stock Split. Such gain will be long term or short term depending upon whether the shares that were cancelled were held for more than one year.

Cash received in lieu of a fractional share by a person who owns Common Stock before and after the Reverse Stock Split will be taxable. In most cases, this is treated as if the shareholder received the fractional shares in the Reverse Stock Split and then sold the fractional share in exchange for the Cash Proceeds received from the Company. In most cases, the shareholder would recognize capital gain or loss on the deemed redemption equal to the difference between the amount of the cash received in lieu of fractional shares and the portion of the beneficial owner's aggregate tax basis allocable to the fractional shares. Such gain or loss generally will be long-term capital gain or loss if the Shareholder's holding period is more than one year.

Shareholder Approval under Illinois Law

Pursuant to Section 10.20 of the IBCA the Company's Board of Directors approved the Amendment and thereby approved the Reverse Stock Split. Section 10.20 of the IBCA also requires that the holders of at least two-thirds of the outstanding stock entitled to vote must vote in favor of the Amendment.

No vote, approval or consent of the Company's shareholders is required in connection with the termination of the registration of the Company's Common Shares under Section 12(g) of the Exchange Act and the subsequent suspension of the Company's reporting obligation under Section 13(a) of the Exchange Act. The Board of Directors of the Company knows of no other matters other than that described in this Proxy Statement which have been recently approved or considered by the holders of the Company's Common Shares.

Dissenters' Rights

Under Illinois law, our Articles of Incorporation and our Bylaws, no appraisal or dissenters' rights are available to our shareholders who dissent from the Reverse Stock Split.

Information Reporting and Backup Withholding

A shareholder (other than an exempt recipient) who receives a Cash Payment generally will be subject to information reporting with respect to the Cash Payment. Furthermore, backup withholding may apply to such amount unless the shareholder provides a valid taxpayer identification number and complies with certain certification procedures (generally, by providing a properly completed and executed IRS Form W-9). Any amounts withheld under the backup withholding rules generally will be allowed as a credit against the shareholder's U.S. federal income tax liability. Foreign shareholders are subject to special withholding rules. In lieu of a Form W-9, foreign shareholders are required to provide a properly completed Form W-8BEN which will permit the Company to determine whether withholding is required and, if so, at what rate based on facts specific to such foreign shareholder.

The foregoing discussion summarizing certain U.S. federal income tax consequences does not refer to the particular facts and circumstances of any specific shareholder and does not discuss all aspects of U.S. federal income taxation that may be relevant to a particular shareholder. We recommend that shareholders consult their own tax advisors for more specific and definitive advice as to the U.S. federal income and other tax consequences to them of the Reverse Stock Split, as well as advice as to the application and effect of state, local and foreign income and other tax laws.

DETAILS OF PROPOSAL NO. 2 (REINCORPORATION)

In this section of the Proxy Statement, we sometimes refer to the Company as an Illinois corporation before reincorporation via the Reincorporation as “Q4 (Illinois)” and the Company as a Delaware corporation after the Reincorporation as “Q4 (Delaware).”

The Board has unanimously approved and recommends to our shareholders this proposal to change the Company’s state of incorporation from Illinois to Delaware (the “Reincorporation”). If our shareholders approve this proposal, we will accomplish the Reincorporation by merging the Company, which is currently an Illinois corporation into Quadrant 4 System Corporation, a Delaware corporation and wholly-owned subsidiary of the Company, which would be the survivor of the merger (the “Reincorporation”).

Summary

Assuming that shareholder approval of this proposal is obtained and the Reincorporation becomes effective: the affairs of the Company will cease to be governed by Illinois corporation laws, the affairs of the Company will become subject to Delaware corporation laws, and the Company’s existing Articles of Incorporation, as amended to date (the “Illinois Articles of Incorporation”) and the Company’s existing Bylaws (the “Illinois Bylaws”) will be replaced by a new certificate of incorporation and new bylaws, as more fully described below;

the separate corporate existence of Q4 (Illinois) will cease and (i) Q4 (Delaware) will continue in existence as the surviving corporation and will succeed to and possess all rights, privileges, powers and franchises of Q4 (Illinois), (ii) all of the assets and property of whatever kind and character of Q4 (Illinois) will vest in Q4 Delaware, and (iii) Q4 (Delaware) will be liable for all of the liabilities and obligations of Q4 (Illinois), and any claim or judgment against Q4 (Illinois) may be enforced against Q4 (Delaware), as the surviving corporation;

each outstanding share of Q4 (Illinois) common stock, \$0.001 par value per share, will be converted into one outstanding share of Q4 (Delaware) common stock, par value \$0.00001 per share and each outstanding option, warrant or other right to acquire shares of Q4 (Illinois) common stock will continue as an outstanding option, warrant or other right to acquire shares of Q4 (Delaware) common stock;

each director or officer of Q4 (Illinois) will continue to hold his respective office with Q4 (Delaware); and

those shareholders who do not vote in favor of the Reincorporation may dissent and obtain payment for the “estimated fair value” of their shares under Illinois law, subject to compliance with the procedures explained under “Dissenters’ and Appraisal Rights Relating to the Reincorporation” below.

General Information

***The Board has approved an agreement and plan of merger substantially in the form attached as Exhibit E to this Proxy Statement (the “Reincorporation Agreement”) to accomplish the Reincorporation. This proposal will require the approval of the affirmative vote of holders of two-thirds of the outstanding shares of the Company’s Common Stock. Those shares present in person or represented by proxy, representing Common Stock outstanding at the close of business on the Record Date, will be entitled to vote on the proposal. Assuming that shareholder approval of this proposal is obtained, the Company intends to file with the Illinois Secretary of State articles of merger (the “Illinois Articles of Merger”) and intends to file with the Delaware Secretary of State (i) a certificate of merger (the “Delaware Certificate of Merger”) and (ii) amended and restated certificate of incorporation, which will govern the Company as a Delaware corporation, substantially in the form attached as Annex A to the Reincorporation Agreement (the “Delaware Certificate of Incorporation”). In addition, assuming that shareholder approval of this proposal is obtained and the Illinois Articles of Merger, Delaware Certificate of Merger and Delaware Certificate of Incorporation are filed, the bylaws substantially in the form of Appendix B to the Reincorporation Agreement will be the bylaws for Q4 (Delaware) (the “Delaware Bylaws”). Upon approval of the Reincorporation and the filing and effectiveness of the

appropriate documents with the State of Illinois and the State of Delaware, the Company will be a Delaware corporation governed by Delaware law, the Delaware Certificate of Incorporation and the Delaware Bylaws.

There will be no interruption in the trading of the shares of the Company's Common Stock as a result of the Reincorporation. Q4 (Delaware)'s Common Stock will continue to trade in the OTC market under the same symbol, "QFOR." Q4 (Delaware) will continue to file periodic reports and other documents as and to the extent required by the rules and regulations of the SEC, except as contemplated by this Proxy Statement with respect to the Company's intention to cease SEC reporting following the Reverse Stock Split, if approved by the shareholders of the Company. Shareholders who own shares of Q4 (Illinois) Common Stock that are freely tradable prior to the Reincorporation will continue to have freely tradable shares in Q4 (Delaware) after the Reincorporation, and shareholders holding restricted shares of Q4 (Illinois) Common Stock prior to the Reincorporation will continue to hold shares in Q4 (Delaware) after the Reincorporation subject to the same restrictions on transfer. In summary, the Reincorporation will not change the respective positions of the Company or its shareholders under federal securities laws, exchange or self-regulatory organization rules.

Reasons for the Reincorporation

For many years, Delaware has followed a policy of encouraging incorporation in that state and, in furtherance of that policy, has been a leader in adopting, construing, and implementing comprehensive, flexible corporate laws responsive to the legal and business needs of corporations organized under its laws. Many corporations have initially chosen Delaware, or chosen to reincorporate in Delaware, in a manner similar to that being proposed by the Company. We believe the principal reasons for considering the Reincorporation are:

- the development in Delaware over the last century of a well-established body of case law construing the Delaware General Corporation Law (as amended, "DGCL"), which provides businesses with a greater measure of predictability than exists in any other jurisdiction;
- the certainty afforded by the well-established principles of corporate governance under Delaware law are of benefit to Q4 (Illinois) and its shareholders and should assist Q4 (Illinois) in its ability to continue to attract and retain outstanding directors and officers;
- the DGCL itself, which is updated annually to reflect business needs and developments, is generally acknowledged to be the most advanced and flexible corporate statute in the country;
- the Delaware Court of Chancery, which brings to its handling of complex corporate issues a level of experience, a speed of decision and a degree of sophistication and understanding unmatched by any other court in the country, and the Delaware Supreme Court, the only appeals court, which is highly regarded and has demonstrated its willingness to schedule and rule on business matters on an expedited schedule where prompt resolution is important to the business needs of the parties involved;
- the Delaware General Assembly, to meet changing business needs, considers and adopts annually statutory amendments to the DGCL that have been proposed by the Corporation Law Section of the Delaware bar; and
- the Delaware Division of Corporations, which is open from 8 a.m. to 12 p.m. Monday-Friday to accept corporate filings, has a procedure for "preclearance" of corporate filings and offers same day, 2 hour, 1 hour and half hour processing of corporate filings, thus allowing prompt and efficient evidence of filings and certifications to be obtained to facilitate business and transactional needs, and also has a procedure to accommodate closings occurring in international time zones outside of normal business hours or on weekends or holidays.

Changes as a Result of Reincorporation

If this proposal is approved, the Reincorporation will effect a change in the legal domicile of the Company and other changes of a legal nature, the most significant of which are described below in the section entitled "Rights of our Shareholders Prior to and After the Reincorporation from Illinois to Delaware." The Reincorporation is not expected to affect any of the Company's material contracts with any third parties, and the Company's rights and obligations under

such material contracts will continue as rights and obligations of Q4 (Delaware). The Reincorporation itself will not result in any change in the Company's business, jobs, management, number of employees, assets, liabilities or net worth (other than transaction costs incident to the Reincorporation). Further, the directors and officers of Q4 (Illinois) immediately prior to the Reincorporation will continue as the directors and officers of Q4 (Delaware) immediately after the Reincorporation, and the subsidiaries of Q4 (Illinois) immediately prior to the Reincorporation will continue as the subsidiaries of Q4 (Delaware) immediately after the Reincorporation.

43

The Reincorporation Agreement

The Reincorporation will be effected pursuant to the Reincorporation Agreement to be adopted by Q4 (Illinois) and Q4 (Delaware). The Reincorporation Agreement provides that Q4 (Illinois) will merge with and into its recently-formed subsidiary, Q4 (Delaware), and will be subject to all of the provisions of the DGCL. By virtue of the Reincorporation, Q4 (Delaware) will continue in existence as the surviving corporation and, without further transfer, succeed to and possess all rights, privileges, powers and franchises of Q4 (Illinois), and all of the assets and property of whatever kind and character of Q4 (Illinois) shall vest in Q4 (Delaware), as the surviving corporation; Q4 (Delaware), as the surviving corporation, will be liable for all of the liabilities and obligations of Q4 (Illinois); and any claim or judgment against Q4 (Illinois) may be enforced against Q4 (Delaware), as the surviving corporation. Each director and officer of Q4 (Illinois) will continue to hold his respective office with Q4 (Delaware).

If this proposal is approved by our shareholders, the Reincorporation would become effective upon the filing (and acceptance thereof by the Illinois Secretary of State and the Delaware Secretary of State, as applicable) and effectiveness of the Illinois Articles of Merger and the Delaware Certificate of Merger. If this proposal is approved by shareholders, it is anticipated that the Board will cause the Reincorporation to be effected as soon as practicable thereafter. However, the Reincorporation Agreement may be terminated and the merger abandoned by the action of the Board of either Q4 (Delaware) or Q4 (Illinois) at any time prior to the effective time of the Reincorporation, whether before or after approval by the Company's shareholders, for any reason whatsoever.

If this proposal is approved, shareholders will not be required to exchange their Q4 (Illinois) stock certificates for new Q4 (Delaware) stock certificates. Rather, following the effective time of the Reincorporation, Q4 (Illinois) stock certificates will represent the same number of shares of Q4 (Delaware) stock until submitted to the Company for transfer, whether pursuant to a sale or otherwise, and thereupon will be exchanged for Q4 (Delaware) stock certificates. Shareholders of the Company should not destroy any stock certificate(s) and should not submit any certificate(s) to the Company unless and until requested to do so.

Effect of Vote for the Reincorporation

A vote in favor of the Reincorporation is a vote in favor of the Reincorporation Agreement, the Illinois Articles of Merger, the Delaware Certificate of Merger, the Delaware Certificate of Incorporation, and the Delaware Bylaws.

Effect of Not Obtaining the Required Vote for Approval

If we fail to obtain the requisite vote of shareholders for approval of this proposal, the Reincorporation will not be consummated and the Company will continue to be incorporated in Illinois and governed by the IBCA, the Illinois Articles of Incorporation and the Illinois Bylaws. In addition, we will proceed with the Reverse Stock Split if our shareholders approve Proposal No. 1.

Description of the Company's Capital Stock upon the Effectiveness of the Reincorporation

Assuming that this proposal is approved by our shareholders and the Reincorporation becomes effective, the Company will merge into Q4 (Delaware), which is a newly-formed wholly-owned subsidiary of the Company incorporated in the State of Delaware formed solely for purposes of effecting the Reincorporation, and which will be the surviving corporation. The rights of the stockholders of Q4 (Delaware) will generally be governed by Delaware law, the Delaware Certificate of Incorporation and the Delaware Bylaws. The following is a description of the capital stock of Q4 (Delaware) upon the effectiveness of the Reincorporation. This description is not intended to be complete and is qualified in its entirety by reference to Delaware law, including the DGCL, and the full texts of the proposed Amended and Restated Delaware Certificate of Incorporation, a copy of which is attached as Exhibit H to this Proxy Statement, and the Delaware Bylaws, a copy of which is attached as Exhibit I to this Proxy Statement.

The authorized capital stock of Q4 (Illinois) consists of 200,000,000 shares of common stock, \$0.001 par value per share. Upon the effectiveness of the Reincorporation, the number of shares of authorized capital stock of Q4 (Delaware) will be 20,000,000 shares of common stock (if the Reverse Stock Split is first approved), or 200,000,000 shares of common stock (if the Reverse Stock Split is not approved). However, Q4 (Delaware)'s common stock will

have a par value of \$0.00001 per share, rather than \$0.001 par value per share as is the case with respect to Q4 (Illinois). The potential change in the number of shares of authorized capital stock and the change in the par value is intended to reduce Delaware franchise taxes and filing fees.

Dividends; Liquidation. Holders of Common Stock of Q4 (Delaware) will have equal ratable rights to dividends (payable in cash, stock or otherwise) out of funds legally available for that purpose, when and if dividends are declared by the Board of Q4 (Delaware). Holders of Common Stock are entitled to share ratably, as a single class, in all of Q4 (Delaware)'s assets available for distribution to holders of shares of common stock upon Q4 (Delaware)'s liquidation or dissolution or the winding up of Q4 (Delaware)'s affairs, after payment of Q4 (Delaware)'s liabilities and any amounts to holders of outstanding shares of preferred stock.

Voting Rights. Generally, holders of Q4 (Delaware)'s Common Stock will vote together as a single class on every matter acted upon by the stockholders. Holders of Q4 (Delaware) Common Stock will be entitled to one vote per share on all matters submitted to a vote of stockholders. Stockholders will not be entitled to cumulate votes in voting for directors. A majority of the outstanding shares entitled to vote on a matter, represented in person or by proxy, will constitute a quorum at any meeting of stockholders. If a quorum is present, the affirmative vote of the majority of shares represented at the meeting and entitled to vote on a matter will be the act of the stockholders, unless the vote of a minimum or other number or amount is provided for such matter by the DGCL, the Delaware Certificate of Incorporation or the Delaware Bylaws or the rules and regulations of any stock exchange or other regulatory body, in which case such minimum or other vote will be the required vote of stockholders on such matter. Except as otherwise provided by law, or by the resolution or resolutions adopted by the Board designating the rights, powers and preferences of any series and/or class of preferred stock, the holders of Q4 (Delaware) Common Stock have the exclusive right to vote for the election of directors and for all other purposes, and holders of preferred stock are not entitled to receive notice of any meeting of stockholders at which they are not entitled to vote.

Other. The holders of Q4 (Delaware) Common Stock have no preferences or rights of conversion, exchange, pre-emption or other subscription rights. There are no redemption or sinking fund provisions applicable to the common stock. The rights and preferences of holders of common stock are subject to the rights of any series of preferred stock that Q4 (Delaware) may issue.

The Charters and Bylaws and of Q4 (Delaware) and Q4 (Illinois)

The provisions of the Delaware Certificate of Incorporation and the Delaware Bylaws are substantially similar in substance to those of the Illinois Articles of Incorporation and Illinois Bylaws. The differences in Delaware as compared to Illinois include, but are not limited to, the following: (i) the elimination of the presumption of assent to any action the Board takes, by directors who are present at a meeting unless the director's dissent is entered in the minutes of the meeting or the director files a written dissent to such action; and (ii) the expansion of the powers which the Board may in its discretion grant to each Board committee.

In addition, the proposed Reincorporation includes the implementation of certain other provisions in the Delaware Certificate of Incorporation and the Delaware Bylaws that are different from the Illinois Articles of Incorporation and Illinois Bylaws. For a discussion of such changes, see "Rights of our Shareholders Prior to and After the Reincorporation from Illinois to Delaware." The discussion of the Delaware Certificate of Incorporation and the Delaware Bylaws is qualified by reference to the provisions of the DGCL, and the Delaware Certificate of Incorporation a copy of which are attached as Annex A to the Reincorporation Agreement, and the Delaware Bylaws, a copy of which is attached as Appendix B to the Reincorporation Agreement. In addition, Q4 (Delaware) could implement certain other changes in the future by amending the Delaware Certificate of Incorporation or the Delaware Bylaws.

Limitation of Director Liability and Indemnification

Illinois and Delaware have similar laws relating to indemnification by a corporation of its officers, directors, employees and other agents. The laws of both states permit corporations to adopt a provision in their charters eliminating the liability of a director to the corporation or its stockholders for monetary damages for breach of the director's fiduciary duty except where such liability is based on:

- any breach of the director's duty of loyalty to the corporation or its shareholders;
- acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions; or
- any transaction from which the director derived an improper personal benefit.

The Illinois Bylaws indemnify directors and officers, where the person seeking indemnification acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the conduct was unlawful, to the extent permitted by the IBCA. The Illinois Bylaws also provide that the Company shall provide broad indemnification generally extending to any person who was or is a director or officer of the Company, and may indemnify any person who is or was an employee or agent of the corporation, or is or was an employee of the corporation serving at the request of the corporation as a director, officer, or employee of another corporation, partnership, joint venture, trust, or other enterprise, to the extent and under the circumstances provided above with respect to a person who is or was a director or officer of the corporation. The right of indemnification includes the right, if the Board so approves, to be paid by the Company for expenses incurred in defending proceedings. The indemnification provisions of the Delaware Bylaws are substantially identical to those contained in the Illinois Bylaws.

Employee Benefit Plans

All of Q4 (Illinois)'s employee benefit plans (including stock option and other equity-based plans) would be continued by Q4 (Delaware), and each stock option and other equity-based award issued and outstanding pursuant to such plans would automatically be converted into a stock option or other equity-based award with respect to the same number of shares of Q4 (Delaware), upon the same terms and subject to the same conditions as set forth in the applicable plan under which the award was granted and in the agreement reflecting the award. Approval of the Reincorporation would constitute approval of the assumption of these plans by Q4 (Delaware). Assuming the Reincorporation is approved, Q4 (Delaware) would continue Q4 (Illinois)'s other employee benefit arrangements upon the terms and subject to the conditions currently in effect.

Dissenters' or Appraisal Rights Relating to the Reincorporation

Under Illinois law, Company shareholders who do not vote in favor of the Reincorporation and who follow certain other procedures summarized below will have the right to dissent from the Reincorporation which effectuates the Reincorporation and obtain payment for their shares in the form of cash in the event of the completion of the Reincorporation. The following is a summary of the provisions of the IBCA, which specify the procedures which must be followed by any shareholder, and is qualified by reference to the provisions of Section 11.70 of the IBCA, which is attached as Exhibit J to this Proxy Statement. If you are considering exercising your dissenters' rights, you should carefully review the following discussion and Exhibit J. Because of the complexity of the procedure established for exercising dissenters' rights, the Company encourages you to consult an attorney before electing or attempting to exercise these rights. In the following discussion, "Company" means Q4 (Illinois) prior to the effectiveness of the Reincorporation, and thereafter means Q4 (Delaware).

Under the IBCA, all shareholders entitled to dissenters' rights must be notified of that fact and the procedure to dissent in the meeting notice relating to the transaction with respect to which they are entitled to assert dissenters' rights. This Proxy Statement constitutes that notice. Because the Company has furnished to shareholders in this Proxy Statement material information with respect to the Reincorporation, including the merger of Q4 (Illinois) into Q4 (Delaware), that will objectively enable a shareholder to evaluate the Reincorporation, to vote on the proposal and to determine whether or not to exercise dissenters' rights, a shareholder may assert these rights only if (i) prior to the vote on the Reincorporation, including the Reincorporation, at the Annual Meeting, the shareholder delivers to the Company a written demand for payment for his or her shares in the event the Reincorporation is completed, and (ii) the shareholder does not vote in favor of the Reincorporation, including the Reincorporation Agreement.

If a shareholder votes in favor of the Reincorporation, the shareholder will not be entitled to dissent and obtain payment for his or her shares, and a vote against the Reincorporation will not satisfy the above requirement that a written demand for payment be delivered to the Company before the vote on Reincorporation. Failure to vote against the approval of the Reincorporation will not waive a shareholder's dissenters' rights, provided that the shareholder has not voted in favor of the Reincorporation and provided, further, that the shareholder has complied in all other respects with the IBCA in preserving the shareholder's dissenters' rights.

Within the later of (i) 10 days after the Reincorporation is completed or (ii) 30 days after the shareholder delivers to the Company his or her written demand for payment, the Company will send to each shareholder delivering such a written demand (a “dissenting shareholder”) a statement setting forth the Company’s opinion as to the estimated fair value of such shareholder’s shares (a “statement of value”), the Company’s balance sheet as of the end of its fiscal year ended December 31, 2015, its income statement for its fiscal year ended December 31, 2015, and its latest interim financial statements, together with either a commitment to pay for the shares of the dissenting shareholder at the estimated fair value thereof upon transmittal to the Company of the certificate or certificates or other evidence of ownership with respect to such shares, or instructions to the dissenting shareholder to sell his or her shares within 10 days after delivery of the Company’s statement to the shareholder. The Company may instruct the shareholder to sell only if there is a public market for the shares at which the shares may be readily sold.

If the dissenting shareholder does not sell his or her shares within such 10 day period after being so instructed by the Company, he or she shall be deemed to have sold these shares at the average closing price of such shares during such 10 day period.

A shareholder who makes such written demand for payment retains all other rights of a shareholder until those rights are cancelled or modified by the completion of the Reincorporation. Upon completion of the Reincorporation, the Company will pay each dissenting shareholder who transmits to it the certificate or other evidence of ownership of the shares the amount the Company estimates to be the fair value of such shares, plus accrued interest, accompanied by a written explanation of how such interest was calculated.

If the dissenting shareholder does not agree with the Company’s opinion as to the estimated fair value of the shares or the amount of interest due and wishes to preserve dissenters’ rights, the dissenting shareholder shall, within 30 days from the Company’s delivery to the dissenting shareholder of the statement of value, notify the Company of the dissenting shareholder’s estimate of fair value and amount of interest due and demand payment for the difference between the dissenting shareholder’s estimate of fair value and interest due and the amount of the payment by the Company or the proceeds of sale by the dissenting shareholder, whichever amount is applicable.

If the Company and the dissenting shareholder are unable to agree on the fair value and interest due with respect to the shares within 60 days of delivery to the Company of the shareholder’s notice of estimated fair value and interest due, the Company shall either pay the difference in value demanded by the dissenting shareholder, with interest, or file a petition in the Circuit Court of Cook County, Illinois. The Company shall make all dissenters, whether or not residents of Illinois, whose demands remain unsettled, parties to the proceeding as an action against their shares, and shall serve all parties with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as required by law. If the Company does not commence such an action, dissenting shareholders can commence an action as otherwise permitted by law.

The jurisdiction of the court in which the proceeding is commenced under the foregoing paragraph by a corporation is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. “Fair value” means the proportionate interest of the shareholder in the Company, without discount for minority status or, absent extraordinary circumstance, lack of marketability, immediately before the Reincorporation, excluding any appreciation or depreciation in anticipation of the corporate action, unless exclusion would be inequitable.

Each dissenting shareholder made a party to the proceeding is entitled to judgment for the amount, if any, by which the court determines that the fair value of his or her shares, plus interest, exceeds the amount paid by the Company or the proceeds of sale by the shareholder, whichever amount is applicable.

The court, in such a proceeding, shall determine all costs of the proceeding, including the reasonable compensation and expenses of the appraisers, if any, appointed by the court, but shall exclude the fees and expenses of counsel and experts for the respective parties. If the fair value of the shares as determined by the court materially exceeds the amount which the Company estimated to be the fair value of the shares, or if no estimate was made, then all or any part of such expenses may be assessed against the Company. If the amount which any dissenting shareholder estimated to be the fair value of the shares materially exceeds the fair value of the shares as determined by the court, then all or any part of the costs may be assessed against that dissenting shareholder. The court may also assess the fees and expenses of counsel and experts for the respective parties in amounts the court finds equitable. Specifically, the

court may assess fees and expenses of counsel and experts against the Company and in favor of any or all dissenters, if the court finds that the Company did not substantially comply with the requirements of the statute. Additionally, the court may assess fees and expenses of counsel and experts against either the Company or a dissenter and in favor of any other party if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by the statute. If the court finds that the services of counsel for any dissenting shareholder were of substantial benefit to other dissenting shareholders similarly situated and that the fees for those services should not be assessed against the Company, the court may award reasonable fees to that counsel to be paid out of the amounts awarded to the benefited dissenting shareholders.

Delaware Business Combination Statute

Like Illinois, Delaware has a “business combination” statute that is applicable to publicly traded corporations incorporated in that State that do not opt out of its provisions. The Delaware business combination statute is similar to the Illinois business combination statute currently applicable to the Company. Delaware’s business combination statute provides that an “interested stockholder,” defined as a person who owns 15% or more of the outstanding voting stock of a corporation or a person who is an associate or affiliate of the corporation and, within the preceding three-year period, owned 15% or more of the outstanding voting stock, may not engage in specified business combinations with the corporation for a period of three years after the date on which the person became an interested stockholder without obtaining the approval of the holders of 66 2/3% of the voting stock not held by the interested stockholder. The law defines the term “business combination” to encompass a wide variety of transactions with or caused by an interested stockholder, including mergers, asset sales and transactions in which the interested stockholder receives or could receive a benefit on other than a pro rata basis with other shareholders. Q4 (Delaware) may amend its certificate of incorporation in the future to no longer be governed by the business combination statute. Because Q4 (Delaware) has not elected to opt-out of this provision, the provision might discourage takeover attempts that might result in a premium over the market price for shares of Q4 (Delaware)’s common stock.

Transfer Agent

Security Transfer Corp., the transfer agent for Q4 (Illinois)’s Common Stock, will serve as the transfer agent for Q4 (Delaware)’s Common Stock.

Certain Federal Income Tax Consequence

THE FOLLOWING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE REINCORPORATION AND DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL OF THE REINCORPORATION’S POTENTIAL TAX EFFECTS. HOLDERS OF OUR COMMON STOCK ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE REINCORPORATION AND THE APPLICABILITY AND EFFECT OF FEDERAL, STATE, LOCAL AND OTHER APPLICABLE TAX LAWS.

The Company believes that the Reincorporation will constitute a tax-free reorganization within the meaning of Section 368(a)(1)(F) of the Code. Assuming that the Reincorporation will be treated for U.S. federal income tax purposes as a reorganization within the meaning of Section 368(a)(1)(F) of the Code, and subject to the qualifications and assumptions described in this Proxy Statement:

- (i) holders of Q4 (Illinois) Common Stock will not recognize any gain or loss as a result of the consummation of the Reincorporation;
- (ii) the aggregate tax basis of shares of Q4 (Delaware)’s Common Stock received in the Reincorporation will be equal to the aggregate tax basis of the shares of Q4 (Illinois) Common Stock converted therefor; and
- (iii) the holding period of the shares of Q4 (Delaware)’s Common Stock received in the Reincorporation will include the holding period of the shares of Q4 (Illinois) Common Stock converted therefor.

The Company does not intend to request a ruling from the Internal Revenue Service regarding the federal income tax consequences of the Reincorporation. Nor will any legal opinion be requested. Each shareholder should consult his, her or its tax advisor as to the particular federal, state, local, foreign, and other tax consequences of the Reverse Stock Split to such shareholder, in light of his, her or its specific circumstances.

If the Reincorporation fails to qualify as a tax-free reorganization within the meaning of Section 368(a)(1)(F) of the Code or otherwise as a tax-free reorganization, stockholders of Q4 (Delaware) would recognize gain or loss with respect to each share of Q4 (Illinois) Common Stock deemed to have been exchanged pursuant to the Reincorporation

equal to the difference between the stockholder's basis in such Q4 (Illinois) shares and the fair market value of the Q4 (Delaware) capital stock received in exchange therefor. In a taxable transaction, a stockholder's aggregate basis in the Q4 (Delaware) capital stock so received would equal the stock's fair market value, and the stockholder's holding period for such stock would begin the day of the Reincorporation.

Accounting Treatment

We expect that the Reincorporation will have no material effect from an accounting perspective because there is no change in the entity as a result of the Reincorporation. As such, the financial statements of Q4 (Illinois) previously filed with the SEC will remain the financial statements of Q4 (Delaware) following the Reincorporation.

Rights of our Shareholders Prior to and After the Reincorporation from Illinois to Delaware

The rights of Q4 (Illinois) shareholders are currently governed by the IBCA and common law, the Illinois Articles of Incorporation, and the Illinois Bylaws. The rights of Q4 (Delaware)'s stockholders after the completion of the Reincorporation will be governed by Delaware law, principally the DGCL, the Delaware Certificate of Incorporation and the Delaware Bylaws. As a result of the differences between the IBCA and the DGCL and between Q4 (Illinois)' and Q4 (Delaware)'s governing documents, certain of your rights as a Q4 (Delaware) stockholder will vary in some respects from your current rights as a Q4 (Illinois) shareholder.

It is not practical to summarize in this Proxy Statement all of the differences between the DGCL and the IBCA or between the Delaware Certificate of Incorporation and the Delaware Bylaws, on the one hand, and the Illinois Articles of Incorporation and Illinois Bylaws, on the other. Instead, this section summarizes some of the material differences and describes how those differences may affect the rights and interests of shareholders of Q4 (Illinois).

For a description of the capital stock of Q4 (Delaware) see "Description of the Company's Capital Stock upon the Effectiveness of the Reincorporation." You should also refer to the IBCA and the DGCL, as well as the Illinois Articles of Incorporation and Illinois Bylaws and the Delaware Certificate of Incorporation and the Delaware Bylaws to be in effect immediately upon the effectiveness of the Reincorporation. The Delaware Certificate of Incorporation is attached as Annex A to the Reincorporation Agreement attached as Appendix A to this Proxy Statement, and the Delaware Bylaws are attached as Appendix B to this Proxy Statement. The Illinois Articles of Incorporation and the Illinois Bylaws have been filed as an exhibit to Q4 (Illinois)' Amendment No 1. to Annual Report on Form 10-K/A for the year ended December 31, 2015, filed with the SEC on September 22, 2016, and are incorporated herein by reference. See "Where You Can Find More Information."

<u>Amount and Classification of Share Capital</u>	The authorized common stock of Q4 (Illinois) consists of 200,000,000 shares of common stock, \$0.01 par value per share. As of September 26, 2016, Q4 (Illinois) had outstanding 108,861,774 shares of common stock.	Upon the effectiveness of the Reincorporation, the authorized capital stock of Q4 (Delaware) will consist of 20,000,000 shares of common stock (200,000,000 shares of common stock if the Reverse Stock Split is not approved), par value \$0.00001 per share. Upon the effectiveness of the Reincorporation, the total number of outstanding shares of Q4 (Delaware) common stock is estimated to be approximately 108,861,774 (based on the number of shares of Q4 (Illinois) common stock outstanding as of September 26, 2016, before giving effect to the Reverse Stock Split. If the Reverse Stock Split is approved by the Stockholders, the Company intends to complete the Reverse Stock Split first, in which case the total number of outstanding shares of Q4 (Delaware) common stock is estimated to be approximately 10,886,177 (based on the number of shares of Q4 (Illinois) common stock outstanding as of September 26, 2016, after giving effect to the Reverse Stock Split.

IBCA PROVISIONS

DGCL PROVISIONS

Number of Directors;
Term of Office

Under the IBCA, the number of directors is fixed by the Bylaws, or absent such provision, by the articles of incorporation or by resolution of the incorporator in the organizational minutes, and may provide for a range by prescribing a minimum and maximum (which may not exceed the minimum by more than five). The IBCA provides, if a corporation has six (6) or more directors, that the articles of incorporation or Bylaws may provide that such directors can be divided into either two or three classes, each class to be as nearly equal in number as is possible.

The DGCL provides that a corporation's board of directors must consist of one or more members, with the number fixed by, or in the manner provided in, the Bylaws, unless the certificate of incorporation fixes the number, in which case a change in the number of directors shall be made only by amendment of the certificate.

The Illinois Bylaws provide that the number of directors shall be determined from time to time by the Board. The term of office of each director is one year.

The Delaware Bylaws similar to the Illinois Bylaws provide that the number of directors shall be determined from time to time by the Board.

Dividends/Distributions

Under Illinois law, a corporation may not make any distribution to shareholders if, after giving effect to the distribution:

- the corporation would be insolvent; or
- the net assets of the corporation would be less than zero or less than the maximum amount payable at the time of distribution to shareholders having preferential rights in liquidation if the corporation were then to be liquidated.

Delaware law permits a corporation to declare and pay dividends out of surplus or, if there is no surplus, out of net profits for the fiscal year in which the dividend is declared and/or for the preceding fiscal year as long as the amount of capital of the corporation following the declaration and payment of the dividend is not less than the aggregate amount of the capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of assets.

Action by Written
Consent of Shareholders

The IBCA allows shareholders to take action by unanimous written consent of all shareholders entitled to vote with respect to the subject matter or by signed written consent of the holders of shares having not less than the minimum number of votes necessary to take action at a meeting in which all shares entitled to vote on the matter were present and voting, unless such right is denied by the articles of incorporation. The Illinois Articles of Incorporation do not deny such right. The IBCA provides for at least 5 days' advance notice of the action contemplated (unless it will be unanimous) and prompt notice afterwards to non-consenting shareholders of the action taken without a meeting.

The DGCL also provides that stockholders may take action by unanimous written consent or by consent of the holders of shares having not less than the minimum number of votes necessary to take action at a meeting in which all shares entitled to vote on the matter were present and voting, unless such right is denied by the certificate of incorporation. The Delaware Certificate of Incorporation does not deny such right. If action is taken by less than unanimous written consent, the DGCL requires prompt notice afterwards to non-consenting holders of the action taken.

Revocability of Proxies

Under the IBCA, a duly executed proxy is revocable unless it conspicuously states that it is irrevocable and the appointment is coupled with an interest.

Under the DGCL, a duly executed proxy is irrevocable if it states that it is irrevocable and if, and only as long as, it is coupled with an interest sufficient in law to support an irrevocable power.

DGCL PROVISIONS

Director Duties

The fiduciary duties of directors under Delaware law are generally similar to the duties prescribed under Illinois law.

Unlike the IBCA, however, the DGCL does not include a provision specifically permitting directors, in discharging their duties, to consider the effects of any action (including, without limitation, actions that may involve or relate to a change or potential change in control of the corporation) upon employees, suppliers and customers of the corporation or its subsidiaries, and upon communities in which offices or other establishments of the corporation or its subsidiaries are located. To the contrary, Delaware case law permits directors to consider the interests of constituencies other than stockholders only where the interests of those constituencies are coextensive with the interests of stockholders.

Indemnification and Limitation of Monetary Liability For Breach of Fiduciary Duty

Illinois and Delaware have similar laws relating to indemnification by a corporation of its officers, directors, employees and other agents. In addition, the laws of both states permit corporations to include a provision in their charters eliminating the liability of a director to the corporation or its shareholders for monetary damages for breach of the director's fiduciary except where such liability is based on:

The Delaware Certificate of Incorporation contains indemnification provisions that are substantially similar to those contained in the Illinois Bylaws.

- any breach of the director's duty of loyalty to the corporation or its shareholders;
- acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions; or
- any transaction from which the director derived an improper personal benefit.

The Illinois Bylaws provide indemnification for directors, officers, employees and agents of the Company to the fullest extent permitted by law. In addition, the Company may indemnify any person who is or was an employee or agent of the corporation, or is or was an employee of the corporation serving at the request of the corporation as a director, officer, or employee of another corporation, partnership, joint venture, trust, or other enterprise, to the same extent and under similar circumstances provided above with respect to a person who is or was a director or

officer of the corporation. The right of indemnification includes the right to be paid by the Company the expenses incurred in defending proceedings.

IBCA PROVISIONS

DGCL PROVISIONS

Inspection of Corporate Records

The IBCA provides that any shareholder, in person or by agent, has the right, upon written demand, to examine the corporation's books and records of account, minutes, voting trust agreement filed with the corporation and record of shareholders for a proper purpose, and to make extracts therefrom, but only for a proper purpose. A complete list of the shareholders entitled to vote at a shareholder meeting must be available for shareholder inspection by the earlier of 20 days after the record date for the meeting or 10 days before the meeting. Such list must be produced and kept open at the time and place of the meeting and shall be subject to the inspection of any shareholder during the whole time of the meeting.

The DGCL provides that any stockholder, in person or by agent, has the right to inspect the corporation's stock ledger, stockholders' lists and other books and records for a purpose reasonably related to the person's interest as a stockholder. A complete list of the stockholders entitled to vote at a stockholder meeting must be available for stockholder inspection at the corporation's principal place of business at least 10 days before the meeting and must be available for inspection during any meeting of stockholders.

Shareholder Proposals

Shareholders may submit proposals to Q4 (Illinois) to be considered at an annual meeting. Any such proposals must comply in all respects with all applicable rules and regulations of the Securities and Exchange Commission relating to shareholder proposals. The IBCA has no provisions that deal with or address shareholder proposals nor do the Illinois Bylaws address this issue.

Shareholders may submit proposals to Q4 (Delaware) to be considered at an annual meeting, subject to the same requirements which are applicable to Q4 (Illinois).

Charter Amendments

Under the IBCA, except for enumerated matters which can be amended by majority director vote alone (removing the names and addresses of initial directors and the registered agent, altering par value, splitting shares, minor corporate name changes, reducing authorized shares and restating articles as amended), amendments to the articles of incorporation require a resolution of the Board submitting the amendment to a vote of shareholders and the approval of shareholders holding two-thirds of the voting power of the corporation, except in cases specified in the IBCA where class voting is required, in which case, approval of two-thirds of the voting power of each such class is required. The articles of incorporation may provide for a lower vote (but not less than a majority of the outstanding shares entitled to vote on the matter) or a higher vote. The Illinois Articles of Incorporation lower the voting requirement such that the affirmative vote of the holders of a majority of the outstanding shares entitled to vote on such matter shall be required for the shareholders of Q4 (Illinois)

To amend the certificate of incorporation, the DGCL generally requires the Board declare an amendment advisable and recommend the amendment to stockholders, and that the amendment thereafter be approved by the affirmative vote of the holders of a majority of the outstanding stock entitled to vote and, if the charter amendment would increase the number of authorized shares of a

<p><u>Amendments to Bylaws</u></p>	<p>The IBCA provides that, unless the power to amend or alter the Bylaws is reserved to the shareholders by the articles of incorporation, the Bylaws of a corporation may be altered or amended by shareholders or the board of directors, except that no Bylaw adopted by the shareholders may be altered or amended by the board of directors if the Bylaws so provide. The Illinois Bylaws provide that they may be altered, amended, or repealed by either shareholders or the Board.</p>	<p>Under Delaware law, Bylaws may be adopted, amended or repealed by the stockholders. A corporation may, in its certificate of incorporation, confer upon the directors the power to amend, alter or repeal the Bylaws, but it may not eliminate the power of the stockholders to amend the Bylaws. As provided in the Delaware Certificate of Incorporation and Delaware Bylaws, the Delaware Bylaws may be amended, altered or repealed by either stockholders or the Board.</p>
<p><u>Merger, Consolidations, Share Exchanges and Sales of All or Substantially All Assets</u></p>	<p>The IBCA generally requires two-thirds of the outstanding voting shares (and, in some cases, two-thirds of the outstanding voting shares of each class) to approve most mergers, consolidations and share exchanges or sales of all or substantially all assets, unless the approval is reduced to as low as a simple majority or increased as provided in the articles of incorporation. The Illinois Articles of Incorporation do not modify the two-thirds voting standard set forth in the IBCA with respect to approval of mergers, consolidations and share exchanges.</p> <p>Under both the IBCA and the DGCL, a shareholder vote of a corporation is not required in a merger (unless the corporation's charter provides otherwise) if:</p> <ul style="list-style-type: none"> · the merger does not cause the charter of such corporation to be amended in any respect; · each share of stock of such corporation outstanding before the merger remains outstanding after the merger and has the identical 	<p>By contrast, the DGCL generally requires the holders of a majority of the outstanding voting shares of the acquiring and target corporations to approve statutory mergers, consolidations and sales of all or substantially all assets.</p> <p>Under the DGCL, no vote of the stockholders of a target corporation is required in order to effect a merger if the merger agreement provides that: (i) the purchasing corporation commences a tender or exchange offer for all outstanding shares that would otherwise be entitled to vote on the adoption of the merger agreement, (ii) following consummation of the tender or exchange offer, the stock irrevocably accepted for purchase or exchange by the purchasing corporation, combined with the stock otherwise owned by the purchasing corporation, equals at least the percentage of stock of the target corporation that would be required to adopt the merger agreement at a stockholders' meeting, and (iii) the purchasing corporation as promptly as practicable effects a merger with the target corporation in which the shares that were subject to the tender or exchange offer and not accepted for purchase in the tender or exchange offer are converted into the same consideration as was paid for shares in the tender or exchange offer.</p> <p>In addition, under the DGCL no vote of stockholders of a corporation is required in connection with a holding company reorganization merger in which: (i) the corporation merges into a direct or indirect wholly owned subsidiary of the corporation (the "holding company"), (ii) in the merger the stockholders of the corporation receive an identical number and kind of shares of stock in the holding company as they had in the corporation, (iii) the holding company (a) is a Delaware corporation, (b) has charter and bylaw provisions</p>

Under both the IBCA and the DGCL, the vote of the stockholders of a corporation (the “subsidiary”) is not required where 90% of the voting stock of the subsidiary is owned by another corporation (the “parent”) in a merger where the parent merges the subsidiary into itself. In the case of the parent merging itself into the subsidiary, no stockholder vote is required under the DGCL, but a shareholder vote of the parent’s shareholders is required under the IBCA.

To exercise dissenters' rights, among other procedural requirements, a shareholder must submit a written demand to the corporation prior to the taking of the vote on the matter giving rise to dissenters' rights and must not vote in favor of the action from which the shareholder dissents. TOPIC IBCA PROVISIONS

DGCL
PROVISIONS

The three-year prohibition imposed on business combinations by Section 11.75 of the IBCA and Section 203 of the DGCL does not apply if:

- before the date on which such shareholder becomes an interested shareholder, the board of directors approves either the business combination or the transaction that resulted in the person becoming an interested shareholder;
- the interested shareholder owns 85% of the corporation's voting stock (excluding certain shares) upon completion of the transaction that made him an interested shareholder;
- or
- on or after the date such person becomes an interested shareholder, the board approves the business combination and it is also approved at a shareholder meeting by 66-2/3% of the voting stock not owned by the interested shareholder.

Section 7.85 of the IBCA provides extra protection to corporations subject to the reporting requirements of the Securities Exchange Act of 1934 (including Q4 (Illinois)), for "business combinations" with an "interested shareholder" (defined similarly to the definition in Section 11.75) transactions. Section 7.85 of the IBCA requires the approval of holders of at least 80% of the combined voting power of the then outstanding shares of all classes of the corporation's capital stock entitled to vote in the election of directors and the approval of a majority of the voting shares held by disinterested shareholders. The higher voting requirements are not required if certain procedural and price requirements are met or if the business combination is approved by at least two-thirds of the "disinterested directors." Disinterested directors are directors who are not associated with the interested shareholder, were members of the Board prior to the time the interested shareholder became an interested shareholder or were recommended by a majority of the disinterested directors to succeed a disinterested director, and were not nominated by an interested shareholder or its affiliates.

An Illinois corporation may elect not to be governed by Sections 7.85 and 11.75 of the IBCA in its articles of incorporation or Bylaws. Q4 (Illinois) has not elected to supersede or replace the vote required by those sections.

<u>Dissolution</u>	<p>Under the IBCA, upon adoption of a Board resolution submitting a dissolution proposal to shareholders, or in the event that the Board fails to submit a dissolution proposal to shareholders for more than one year after being requested to do so by the holders of more than one-fifth of the shares entitled to vote on dissolution, shareholders holding at least two-thirds of the total voting power (or such lesser percentage not less than a simple majority or such greater number as may be provided in the articles of incorporation) may authorize a corporation's dissolution. The IBCA also authorizes the dissolution of a corporation by unanimous written consent of all outstanding shares entitled to vote on dissolution, without the vote or action of the directors of a corporation. The Illinois Articles of Incorporation do not modify these statutory provisions.</p>	<p>Under the DGCL, a corporation may be dissolved upon the adoption of a resolution to dissolve by the board of directors and the approval of such resolution by the holders of a majority of the then outstanding shares of stock entitled to vote on such matter. Like the IBCA, the DGCL also permits a dissolution to be authorized by unanimous consent of all outstanding shares entitled to vote on dissolution without the directors adopting a resolution to dissolve.</p>
<u>Shareholder Derivative Suits</u>	<p>Illinois law provides that a shareholder bringing a derivative action on behalf of a corporation must have been a shareholder at the time of the transaction in question, provided that a shareholder not meeting that requirement may be permitted in the discretion of the court to bring the action if such shareholder can prove that he acquired the shares prior to disclosure of the wrongdoing complained of by the shareholder.</p>	<p>Under Delaware law, a stockholder may only bring a derivative action on behalf of the corporation if the stockholder was a stockholder of the corporation at the time of the transaction in question or he was granted such stock thereafter by operation of law.</p>
<u>Waiver of Corporate Opportunity Doctrine</u>	<p>The IBCA does not expressly prohibit a corporation from renouncing in its articles of incorporation any interest, expectancy or opportunity to participate in specified business opportunities that are presented to the corporation or its officers, directors or shareholders, although the IBCA does prohibit provisions eliminating or limiting a director's liability for breach of his duty of loyalty to the corporation and its shareholders. The Illinois Articles of Incorporation do not waive such corporate opportunities.</p>	<p>The DGCL expressly permits a corporation to renounce, in its certificate of incorporation or by action of its Board, any interest, expectancy or opportunity to participate in specified business opportunities that are presented to the corporation or its officers, directors or stockholders. Significant Provisions to be Carried Over Authorized Shares

As previously noted, upon the effectiveness of the Reincorporation, and assuming that the Reverse Stock Split has been approved, Q4 (Delaware) will be authorized to issue 20,000,000 shares of Common Stock (or 200,000,000 shares of Common Stock if the Reverse Stock Split is not approved and completed), and all of the issued and outstanding shares of Common Stock at that time will remain issued and outstanding. The only change is that the authorized common and preferred stock of Q4 (Illinois) has \$0.001 par value per share, whereas the authorized common and preferred stock of Q4 (Delaware) will have a par value of \$0.00001 per share. For more information, see the section above entitled "Description of the Company's Capital Stock upon the Effectiveness of the Reincorporation."

Size of Board

The existing Illinois Bylaws and the Delaware Bylaws authorize the directors to fix or change the number of directors, provided, that the Board must consist of no less than five (5), and no more than nine (9), directors.

Term and Election of Directors

Both the existing Illinois Bylaws and the Delaware Bylaws provide that the term of office of each director shall be one year.

The existing Illinois Bylaws as well as the Delaware Bylaws provide for majority voting in elections of directors.

Filling of Vacancies on the Board

Both the existing Illinois Bylaws and the Delaware Bylaws provide that any vacancy occurring in the Board of Directors, including a vacancy occurring as a result of the removal of a director, and any directorship to be filled by reason of an increase in the number of directors, may be filled by election by the shareholders at an annual meeting or at a special meeting called for that purpose; provided, however, that vacancies occurring between meetings of shareholders by reason of an increase in the number of directors or otherwise, may be filled by the Board.

Special Meeting of Shareholders

The existing Illinois Bylaws provide that special meetings of the shareholders may be called by the chair, the president, the Board, or the holders of not less than one-fifth of all the outstanding shares of the corporation entitled to vote for the purpose or purposes of the meeting. The provision of the Delaware Bylaws regarding special meetings of shareholders is identical, except that with respect to a special meeting called by the Board, a majority of the Board must act.

No Cumulative Voting

The shareholders of Q4 (Illinois) do not, and the shareholders of Q4 (Delaware) will not, have the right of cumulative voting in the election of directors.

No Preemptive Rights

The shareholders of Q4 (Illinois) do not, and the stockholders of Q4 (Delaware) will not, have preemptive rights to acquire newly issued capital stock.

Indemnification

The indemnification provisions of the Delaware Bylaws are substantially identical to those contained in the Illinois Bylaws. However, the Delaware Bylaws contain an additional provision which permits a committee of the Board to make a determination that the standard for indemnification has been met, and eliminates the requirement in the Illinois Bylaws that the corporation shall report any indemnification or advance to the stockholders, in writing, with or before the notice of the next stockholders' meeting. The Delaware Bylaws also require the advancement by the Company of expenses incurred in defending proceedings, subject to a written undertaking on the part of the indemnitee to repay such advances if he or she is ultimately determined not to be entitled to same.

Vote on Mergers, Consolidations and Sales of All or Substantially All Assets

The Delaware Certificate of Incorporation will defer to the default rule of the DGCL on stockholder voting, which requires a majority stockholder vote with respect to voting on mergers, consolidations and sales of all or substantially all of the assets of the Company. By contrast, under the IBCA, holders of two-thirds of the outstanding voting shares entitled to vote are required to approve mergers, consolidations and sales of all or substantially all assets for which approval of the shareholders is required.

Possible Anti-Takeover Effect of Provisions

Both the existing Illinois Articles of Incorporation and Illinois Bylaws, as well as Illinois law, and the Delaware Certificate of Incorporation and Delaware Bylaws, as well as Delaware law, contain some provisions that may be viewed as having a possible anti-takeover effect.

Special Meetings of Shareholders

Limits on the rights of shareholders to call special meetings of shareholders could have an anti-takeover effect as a potential acquirer may wish to call a special meeting of shareholders for the purpose of considering the removal of directors or an acquisition offer. The Illinois Bylaws and the Delaware Bylaws each provide that shareholders/stockholders of Q4 (Illinois) or Q4 (Delaware), respectively, holding at least one-fifth of the outstanding shares entitled to vote thereat may call special meetings of shareholders/stockholder, as the case may be.

Reservation

Although the Board has approved the Reincorporation, the Board reserves the right to abandon, postpone or modify the Reincorporation at any time before they it is consummated for any reason. A number of factors or circumstances could cause our Board of Directors to abandon, postpone or modify the Reincorporation, including, without limitation, the following:

If any waivers or consents under either the Company's Loan Agreement have not been successfully obtained.

If the then economic conditions or the financial condition of the Company, or their outlook, be such that, in the judgment of the Board, it is no longer advisable to use the Company's cash resources to effect the Reincorporation.

If the Board determines that it is in the best interest of the Company and its shareholders for the Company to enter into any other strategic transaction that may arise in the future, such as an asset or stock sale or a business combination transaction, then the Board may elect to abandon, postpone or modify the Reincorporation.

If for any other reason, the Board determines that the Reincorporation is no longer in the best interest of the Company and its shareholders, then the Board may elect to abandon, postpone or modify the transaction.

If the Board decides to abandon, postpone or modify the Reincorporation, then the Company will notify the shareholders of such decision in accordance with applicable rules and regulations.

SOURCE AND AMOUNTS OF FUNDS

Based on estimates of the record ownership of our Common Stock, the expected number of shares of our Common Stock outstanding and other information as of September 26, 2016, and assuming that approximately 60,000 pre-Reverse Stock Split shares of our Common Stock are cancelled in the Reverse Stock Split, the Company estimates that the total funds required to consummate the Reverse Stock Split will be approximately \$223,000 and the Reincorporation will be approximately \$10,000. Approximately \$30,000 of this amount will be used to pay the consideration to shareholders entitled to receive cash for their fractional shares in the Reverse Stock Split and approximately \$203,000 will be used to pay the costs of the Reverse Stock Split and Reincorporation, estimated as follows:

SEC Filing Fees	\$3
Legal Fees	\$150,000
Investment Banking Fees	\$50,000
Exchange Agent Fees	\$20,000
Solicitation Expenses	\$0
Printing Costs	\$3,000
State filing fees and miscellaneous	\$10,000

Final costs of the Reverse Stock Split and Reincorporation may be more or less than the estimates shown above. The Company expects to pay the costs of the transactions, including the amounts to be paid to shareholders for their fractional shares, out of cash on hand, without the need for financing.

SOLICITATION AND VOTING PROCEDURES

Outstanding Voting Securities and Voting Rights

The subject class of securities to which this Proxy Statement relates is our Common Stock, \$0.001 par value per share. Each share of Common Stock entitles the holder thereof to one vote.

Quorum and Certain Voting Matters

Shares represented by valid proxies, received in time for use at the Special Meeting and not revoked at or before the Special Meeting, will be voted at the Special Meeting, as discussed below. The presence, in person or by proxy, of the holders of record of shares of the Common Stock entitled to cast a majority of all the votes entitled to be cast at the Special Meeting, is necessary to constitute a quorum at the Special Meeting.

Amendment of the Articles of Incorporation and the Reverse Stock Split (Proposal No. 1)

Section 10.20 of the IBCA provides that the affirmative vote of holders of at least two-thirds of the holders of our Common Stock outstanding and entitled to vote is required to amend the Articles of Incorporation and thereby to effect the Reverse Stock Split.

Reincorporation (Proposal No.2)

Section 11.20 of the IBCA provides that the affirmative vote of holders of at least two-thirds of our Common Stock outstanding and entitled to vote is required to approve the merger of the Company with and into Q4 Delaware and thereby to effect the Reincorporation.

Other Business, Adjournment or Postponement (Proposal No. 3)

The Special Meeting may be adjourned or postponed. Any adjournment may be made without notice, other than by an announcement made at the Special Meeting. The favorable vote of a majority of shares of our Common Stock present in person or represented by proxy and entitled to vote on the adjournment proposal, may adjourn the Special Meeting. Any adjournment or postponement of the Special Meeting will allow our shareholders who have already sent in their proxies to revoke them at any time prior to their use at the Special Meeting as adjourned or postponed. Shareholders are not being asked to provide discretionary authority to postpone or adjourn the Special Meeting in order for additional proxies to be solicited.

Voting of Proxies

Shares represented by properly executed proxies will be voted at the Special Meeting in accordance with the instructions specified thereon. If no such instructions are specified, the shares represented by any properly executed proxy will be voted "FOR" Proposal No. 1 and "FOR" Proposal No. 2.

To vote, shareholders may submit proxy voting instructions electronically by using the Internet and following the instructions provided on the Notice. In addition, a shareholder may vote by submitting a properly completed and signed proxy card by mail, or by attending the Special Meeting and voting in person.

With respect to the tabulation of proxies for purposes of constituting a quorum, abstentions and broker non-votes are treated as present. Abstentions will have the same effect as negative votes on Proposals Nos. 1 and 2 because they represent votes that are present, but not cast. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner (i.e., in "street name") does not have discretionary voting power with respect to a proposal and has not received instructions from the beneficial owner. Under applicable rules, nominee brokers will not have discretionary authority to vote or cast a proxy with respect to Proposal Nos. 1 or 2 at the Special Meeting. Although broker non-votes are considered present for quorum purposes, they are not considered entitled to vote for purposes of Proposal Nos. 1 or 2, and so have no effect on the outcome of Proposal Nos. 1 or 2, respectively.

Record Date

The close of business on [RECORD DATE] has been fixed as the record date for determining the shareholders entitled to receive notice of and to vote at the Special Meeting. As of [RECORD DATE], the Company had shares of Common Stock outstanding and entitled to vote at the Special Meeting. Holders of Common Stock outstanding as of the close of business on the record date will be entitled to one vote for each share of Common Stock held.

Solicitation of Proxies

The cost of soliciting proxies, including expenses in connection with preparing and mailing the Notice and this Proxy Statement, will be borne by the Company. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of Common Stock for their expenses related to providing notice of the Special Meeting, in forwarding proxy material to such beneficial owners and providing vote tabulation services. Solicitation of proxies by mail may be supplemented by telephone, telegram and other electronic means, and personal solicitation by the directors, officers or employees of the Company and by paid proxy solicitation services. No additional compensation will be paid to directors, officers or employees for such solicitation.

Revocation of Proxies

You can revoke your proxy at any time before the voting at the Special Meeting by sending a properly signed written notice of your revocation to the Secretary of the Company, by submitting another proxy that is properly signed and bears a later date or by attending the Special Meeting and voting in person. Attendance at the Special Meeting will not itself revoke an earlier submitted proxy. You should direct any written notices of revocation, requests for additional copies of the Annual Report and Proxy Statement and related correspondence to: Quadrant 4 System Corporation, 1501 E. Woodfield Road, Suite 205 S, Schaumburg, IL 60173, Attention: Corporate Secretary. Requests for additional copies of the Annual Report for the year ended December 31, 2015 may also be made by calling the Company at (855) 995-7367.

MATTERS SUBMITTED FOR SHAREHOLDER VOTE

Proposal No. 1 – Reverse Stock Split

Proposal No. 1 is an amendment to our Articles of Incorporation (the “Amendment”) by which we will effect a 10-for-1 reverse stock split (the “Reverse Stock Split”) to change the number of issued and outstanding shares of Common Stock, par value \$0.001 per share, of the Company (the “Common Stock”), whereby every 10 shares of our Common Stock issued and outstanding as of the effective date of the Reverse Stock Split will be converted into one whole share of our Common Stock. In lieu of issuing any fractional shares to shareholders who will only hold fractional shares as a result of the Reverse Stock Split, we will make a cash payment equal to \$0.50 per pre-Reverse Stock Split share to such shareholders (the “Cash Payment”). Accordingly, such shareholders owning fewer than 10 pre-Reverse Stock Split shares will have no further interest in the Company, will no longer be shareholders of the Company and will be entitled to receive only the cash payment of \$0.50 multiplied by the number of pre-Reverse Stock Split shares owned by them. However, shareholders owning at least 10 pre-Reverse Stock Split shares, who after the Reverse Stock Split will continue as shareholders, but own a fractional share as a result of the Reverse Stock Split will also receive a Cash Payment based on their pre-Reverse Stock Split share equivalent of their fractional share. The fractional shares purchased by the Company will be cancelled and returned to the status of authorized but unissued shares.

Shareholders owning 10 or more pre-Reverse Stock Split shares will continue to be shareholders of the Company after the Reverse Stock Split. We anticipate that the Reverse Stock Split will occur as soon as possible after the date of the Special Meeting of the shareholders of the Company, subject to shareholder approval and subsequent final action by the board of directors of the Company (the “Board”). The Reverse Stock Split will become effective on that the date the Company files the Amendment with the Secretary of State of the State of Illinois, or on any later date that the Company may specify in the Amendment. Pursuant to Illinois law, the Reverse Stock Split requires the approval of holders of two-thirds of the voting power of the Company’s Common Stock.

The Board of Directors recommends a vote FOR the Reverse Stock Split.

Proposal No. 2 – Reincorporation

Proposal No. 2 is a reincorporation the Company from the State of Illinois to the State of Delaware by merging the Company with and into its newly-formed wholly-owned subsidiary, Quadrant 4 System Corporation, a Delaware corporation (“Q4 Delaware”), with Q4 Delaware as the surviving corporation (the “Reincorporation”).

The Board of Directors recommends a vote FOR the Reincorporation.

FINANCIAL INFORMATION

The following summary consolidated financial information was derived from, and should be read in conjunction with, the Company's audited consolidated financial statements and notes thereto included in Part IV, Item 15 of the Company's Annual Report on Form 10-K for the year ended December 31, 2015 (as amended), and from the Company's unaudited consolidated financial statements and notes thereto included in Part I, Item 1 of the Company's Quarterly Report on Form 10-Q for the three-month period ended March 31, 2016, and Item 1 of the Company's Quarterly Report on Form 10-Q for the three-month period ended June 30, 2016, all of which are incorporated herein by reference.

The Company's net book value as of the quarter ended June 30, 2016, the most recent balance sheet date for which the Company's auditors reviewed the Company's financial statements, was \$38,882,865, or \$0.36 per share. Net book value is defined as total assets less liabilities, intangible assets and minority interest.

PRO FORMA FINANCIAL INFORMATION

The unaudited pro forma consolidated balance sheet for the fiscal year ended December 31, 2015, for the quarter ended March 31, 2016, and for the quarter ended June 30, 2016 and the unaudited pro forma consolidated income statement for the fiscal year ended December 31, 2015, for the quarter ended March 31, 2016, and for the quarter ended June 30, 2016, each part of Exhibit C to this Proxy Statement, show the pro forma effect of the Reverse Stock Split, assuming that the Company deregisters its Common Stock following the completion of the Reverse Stock Split. The pro forma consolidated financial statements were derived from our historical consolidated financial statements. The pro forma information attached to Exhibit C to this Proxy Statement gives effect to the Reverse Stock Split based on shares of Common Stock anticipated to be repurchased. The Reverse Stock Split assumes that 60,000 shares are purchased at a price of \$0.50 per share (subject to any applicable U.S. federal, state and local withholding tax) for an aggregate payment by the Company or approximately \$30,000. Anticipated cost savings resulting from the Reverse Stock Split are not reflected in the pro forma financial information.

The pro forma information is not otherwise necessarily indicative of what the Company's financial position or results of operations actually would have been if the reverse stock split had occurred as of the dates presented, or of the Company's financial position or results of operations in the future. The preparation of the pro forma consolidated financial statements was based on assumptions considered appropriate by the Company's management.

The unaudited pro forma financial statements should be read in conjunction with the historical financial statements and accompanying footnotes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015, and in our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2016 and June 30, 2016, which are incorporated by reference in this proxy statement. Board of Directors
Quadrant 4 System Corporation 1501 East Woodfield Road

Schaumburg, IL 60173

Dear Board of Directors:

We understand that Quadrant 4 System Corporation (the "Company") is considering entering into a 10-to-1 reverse stock split of its common stock (the "Reverse Stock Split"), resulting in (i) certain shareholders of record of the Company who hold fractional shares of its common stock following the Reverse Stock Split receiving a cash payment of \$0.50 per tenth of a share (the "Cash Payment") in lieu of receiving a fractional post-Reverse Stock Split share and (ii) a reduction in the number of shareholders of record (together, the "Transaction"). The Board of Directors of the Company (the "Board") has requested that The Benchmark Company, LLC ("Benchmark") provide a written opinion (the "Opinion") to the Board as to whether the Cash Payment to be received by the holders of the fractional shares of common stock of the Company in the Transaction is fair to such holders from a financial point of view.

We are also acting as exclusive financial advisor and placement agent for the Company in connection with the Transaction and with respect to any related offers or placements. In addition, for our services in rendering this Opinion, the Company has agreed to pay a fee to Benchmark, which is not contingent upon either the conclusion expressed herein or the consummation of the Transaction. The Company has also agreed to indemnify us against certain potential liabilities in connection with our services in rendering this Opinion and to reimburse us for certain of our expenses incurred in connection with our engagement with the Company. We may seek to provide other financial advisory or investment banking services to the Company and/or its affiliates and other participants in the Transaction in the future for which we may receive compensation.

This Opinion is addressed to, and is intended for the use, information and benefit of, the Board (in its capacity as such) and may not be used for any other purpose without our prior written consent. This Opinion is not intended to be, and does not constitute, a recommendation to the Board, any security holder or any other party as to how to act with respect to any matter relating to the Transaction or otherwise. We have not been requested to opine as to, and this Opinion does not express an opinion as to or otherwise address, among other things: (i) the underlying business decision of the Board, the Company, its security holders or any other party to proceed with or effect the Transaction, (ii) the terms of any arrangements, understandings, agreements or documents related to, or the form, structure or any other portion or aspect of, the Transaction or otherwise (other than the Cash Payment to the extent expressly specified herein), (iii) the fairness of any portion or aspect of the Transaction to the holders of any class of securities, creditors or other constituencies of the Company, or to any other party, except if and only to the extent expressly set forth in the last sentence of this Opinion, (iv) the relative merits of the Transaction as compared to any alternative business

strategies or transactions that might be available for the Company or any other party, (v) the fairness of any portion or aspect of the Transaction to any one class or group of the Company's or any other party 's security holder or other constituents vis-a-vis any

In addition, certain individuals who are employees of, or are affiliated with, Benchmark may have in the past and may currently be stockholders of the Company.

COMPANY FINANCIAL PROJECTIONS

Quadrant 4 System Corporation (the “Company”) management does not as a matter of course make public its internal financial projections as to future performance or earnings, and is especially wary of making financial projections for extended periods due to the unpredictability of the underlying assumptions and estimates. However, financial projections prepared by management of the Company and as provided to The Benchmark Company, LLC (“Benchmark”) are being filed herewith. The inclusion of this information should not be regarded as an indication that the Company's management or Benchmark considered, or now considers, it to be a reliable prediction of future results. The financial projections reflect numerous estimates and assumptions with respect to industry performance, general business, economic, regulatory, market and financial conditions, as well as matters specific to the Company's business, all of which are difficult to predict and many of which are beyond the Company's control. The Company's financial projections assume that business and economic conditions will generally remain stable. As a result, there can be no assurance that the projected results will be realized or that actual results will not differ materially from these financial projections. The financial projections cover multiple years and such information by its nature becomes less reliable with each successive year. The financial projections, and the underlying estimates and assumptions, are prepared based on the best information available to management at the time they are prepared, and subsequent financial projections reflect updated and/or different estimates and assumptions. As a result, estimates and projections prepared at different points in time may not provide a reliable reference for comparison over time.

The financial projections were prepared for internal use and for the use of Benchmark in preparing its opinion and not with a view toward public disclosure or toward complying with Generally Accepted Accounting Principles (GAAP), the published guidelines of the SEC regarding projections or the guidelines established by the American Institute of Certified Public Accountants (AICPA) for preparation and presentation of prospective financial information. The financial projections included below were prepared by, and are the responsibility of, the Company's management. Neither the Company's independent registered public accounting firm, nor Benchmark, have compiled, examined or performed any procedures with respect to the prospective financial information contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability, and assume no responsibility for, and disclaim any association with, the prospective financial information.

Readers are cautioned not to place undue reliance on the financial projections set forth below. The inclusion of financial projections in this Disclosure Statement should not be regarded as an indication that such projections will be an accurate prediction of future events, and they should not be relied on as such.

PROPOSED AGREEMENT AND PLAN OF MERGER

This AGREEMENT AND PLAN OF MERGER (this “Agreement”) is made and entered into as of _____, 2016, between Quadrant 4 System Corporation, an Illinois corporation (“Q4 Illinois”), and Quadrant 4 System Corporation, a Delaware corporation (“Q4 Delaware”).

WHEREAS, Q4 Illinois is a corporation duly organized and existing under the laws of the State of Illinois;

WHEREAS, Q4 Delaware is a corporation duly organized and existing under the laws of the State of Delaware;

WHEREAS, the Board of Directors of Q4 Illinois and the Board of Directors of Q4 Delaware deem it advisable to merge Q4 Illinois with and into Q4 Delaware so that Q4 Delaware is the surviving corporation on the terms provided herein (the “Merger”).

NOW, THEREFORE, in consideration of the mutual agreements contained herein and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

ARTICLE 1

MERGER

1.1 The Merger. After satisfaction or, to the extent permitted hereunder, waiver of all conditions to the Merger, and subject to the applicable provisions of the General Corporation Law of the State of Delaware (the “DGCL”) and the Illinois Business Corporation Act of 1983 (the “IBCA”), Q4 Illinois will merge with and into Q4 Delaware and Q4 Delaware shall file a Certificate of Merger with the Secretary of State of the State of Delaware in accordance with the provisions of the DGCL and Articles of Merger with the Secretary of State of the State of Illinois in accordance with the provisions of the IBCA and shall make all other filings or recordings required by the Delaware or Illinois law in connection with the Merger. The Merger shall become effective upon the later filing of such Certificate of Merger with the Secretary of State of the State of Delaware or of such Articles of Merger with the Secretary of State of the State of Illinois or at such later time as may be provided for in such Certificate of Merger and Articles of Merger (the “Effective Time”). Upon the Effective Time, the separate corporate existence of the Q4 Illinois shall cease and Q4 Delaware shall be the surviving corporation (the “Surviving Corporation”).

1.2 Conditions to the Merger. The respective obligation of each party to effect the Merger is subject to the satisfaction or waiver (except as provided in this Agreement) of the following conditions:

- (a) This Agreement shall have been adopted by holders of at least two-thirds of the outstanding voting power of Q4 Illinois in accordance with the requirements of the IBCA and the Articles of Incorporation and Bylaws of Q4 Illinois;
- (b) This Agreement shall have been adopted by the sole stockholder of Q4 Delaware, in accordance with the requirements of the DGCL and the Certificate of Incorporation and Bylaws of Q4 Delaware; and
- (c) The Certificate of Incorporation of Q4 Delaware shall have been amended and restated prior to the Effective Time in the form set forth on Annex A.

1.3 Transfer, Conveyance and Assumption. At the Effective Time, Q4 Delaware shall continue in existence as the Surviving Corporation and, without further transfer, succeed to and possess all rights, privileges, powers and franchises of Q4 Delaware, and all of the assets and property of whatever kind and character of Q4 Illinois shall vest in Q4 Delaware, as the Surviving Corporation, without further deed; thereafter, Q4 Delaware, as the Surviving Corporation, shall be liable for all of the liabilities and obligations of Q4 Illinois, and any claim or judgment against Q4 Illinois may be enforced against Q4 Delaware, as the Surviving Corporation, in accordance with Section 259 of the DGCL and the IBCA.

1.4 Certificate of Incorporation; Bylaws.

- (a) From and after the Effective Time, the Certificate of Incorporation, as amended and/or restated, of Q4 Delaware immediately prior to the effective time (which shall be in the form attached as Annex A) shall be the certificate of incorporation of the Surviving Corporation.

E-1

(b) From and after the Effective Time, the By-laws of Q4 Delaware in effect immediately prior to the Effective Time shall be the by-laws of the Surviving Corporation.

1.5 Directors of the Surviving Corporation. From and after the Effective Time, the directors of Q4 Illinois serving as directors of Q4 Illinois immediately prior to the Effective Time shall be the directors of the Surviving Corporation.

1.6 Officers of the Surviving Corporation. From and after the Effective Time, the officers of Q4 Delaware serving as officers of Q4 Delaware immediately prior to the Effective Time shall be the officers of the Surviving Corporation.

ARTICLE II

CONVERSION OF SHARES

2.1 Conversion of Stock.

(a) Upon the Effective Time, by virtue of the Merger and without any action on the part of the holder of any outstanding share of common stock, par value \$0.00001 per share, of Q4 Delaware (the “Delaware Common Stock”), each share of Delaware Common Stock issued and outstanding immediately prior to the Effective Time shall be cancelled for no consideration.

(b) Upon the Effective Time, by virtue of the Merger and without any action on the part of the holder of any outstanding share of common stock, without par value, of the Q4 Illinois (the “Illinois Common Stock”), each share of Illinois Common Stock issued and outstanding immediately prior to the Effective Time shall be converted into one share of common stock, par value \$0.00001 per share, of the Surviving Corporation (“Surviving Common Stock”).

2.2 Options and Warrants.

(a) Each then-outstanding option to purchase shares of Illinois Common Stock (each, an “Option”) shall be converted into one option to purchase, on the same terms and conditions as were applicable under such Option at the Effective Time, such number of shares of Surviving Common Stock as is equal to the number of shares of Illinois Common Stock that were subject thereto. All terms and conditions of each Option shall otherwise remain unchanged.

(b) Each then-outstanding warrant to purchase shares of Illinois Common Stock (each, a “Warrant”) outstanding immediately prior to the Effective Time shall be converted into one warrant to purchase, on the same terms and conditions as were applicable under such Warrant at the Effective Time, such number of shares of Surviving Common Stock as is equal to the number of shares of Illinois Common Stock that were subject thereto. All terms and conditions of each Warrant shall otherwise remain unchanged.

2.3 Stock Certificates. From and after the Effective Time, all of the outstanding certificates which prior to that time represented shares of Illinois Common Stock shall be deemed for all purposes to evidence ownership of and to represent the shares of Surviving Common Stock in which the shares of Illinois Common Stock represented by such certificates have been converted as herein provided and shall be so registered on the books and records of the Surviving Corporation or its transfer agents. The registered owner of any such outstanding stock certificate shall, until such certificate shall have been surrendered for transfer or conversion or otherwise accounted for the Surviving Corporation or its transfer agent, have and be entitled to exercise any voting and other rights with respect to and to receive any dividend and any other distributions upon the shares of Surviving Common Stock represented by such outstanding certificate as provided above.

2.4 Shares of Illinois Dissenting Stockholders. Notwithstanding anything to the contrary contained herein, holders of Illinois Common Stock who have complied with requirements for perfecting dissenters’ rights under Section 11.70 of the IBCA will not receive the consideration provided for in Section 2.1(b) and instead shall be entitled to exercise such rights with respect to the shares as to which such rights have been perfected (“Illinois Dissenting Shares”), to the extent available under Section 11.70 of the IBCA. Upon consummation of the Merger, the Illinois Dissenting Shares shall cease to be issued and outstanding and the holders thereof only shall be entitled to receive such consideration as will be determined under Section 11.70 of the IBCA. If a holder of Illinois Dissenting Shares shall fail to perfect or shall otherwise waive, withdraw or lose its dissenters’ rights under the IBCA, such that dissenters’ rights can no longer be legally perfected or exercised under the IBCA with respect to such Illinois Common Stock, then the right of such holder to receive such consideration for Illinois Dissenting Shares as determined under Section 11.70 of the IBCA shall cease and such Illinois Dissenting Shares shall be converted and exchanged into shares of Delaware Common Stock as provided in Section 2.1 of this Agreement.

No contract or transaction between the Corporation and one or more of its directors or officers, or between the Corporation and any other corporation, partnership, association, or other organization in which one or more of its directors or officers are directors or officers, or have a financial interest, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board or committee thereof which authorizes the contract or transaction, or solely because his or their votes are counted for such purpose, if:

- (1) The material facts as to his relationship or interest and as to the contract or transaction are disclosed or are known to the board of directors or the committee, and the Board or committee in good faith authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors, even though the disinterested directors be less than a quorum; or

EXHIBIT J

IBCA SECTION 11.70 NOTICE

SECTION 11.70 OF THE ILLINOIS BUSINESS CORPORATION ACT (805 ILCS 5/11.70)

PROCEDURE TO DISSENT

(a) If the corporate action giving rise to the right to dissent is to be approved at a meeting of shareholders, the notice of meeting shall inform the shareholders of their right to dissent and the procedure to dissent. If, prior to the meeting, the corporation furnishes to the shareholders material information with respect to the transaction that will objectively enable a shareholder to vote on the transaction and to determine whether or not to exercise dissenters' rights, a shareholder may assert dissenters' rights only if the shareholder delivers to the corporation before the vote is taken a written demand for payment for his or her shares if the proposed action is consummated, and the shareholder does not vote in favor of the proposed action.

(b) If the corporate action giving rise to the right to dissent is not to be approved at a meeting of shareholders, the notice to shareholders describing the action taken under Section 11.30 or Section 7.10 shall inform the shareholders of their right to dissent and the procedure to dissent. If, prior to or concurrently with the notice, the corporation furnishes to the shareholders material information with respect to the transaction that will objectively enable a shareholder to determine whether or not to exercise dissenters' rights, a shareholder may assert dissenter's rights only if he or she delivers to the corporation within 30 days from the date of mailing the notice a written demand for payment for his or her shares.

(c) Within 10 days after the date on which the corporate action giving rise to the right to dissent is effective or 30 days after the shareholder delivers to the corporation the written demand for payment, whichever is later, the corporation shall send each shareholder who has delivered a written demand for payment a statement setting forth the opinion of the corporation as to the estimated fair value of the shares, the corporation's latest balance sheet as of the end of a fiscal year ending not earlier than 16 months before the delivery of the statement, together with the statement of income for that year and the latest available interim financial statements, and either a commitment to pay for the shares of the dissenting shareholder at the estimated fair value thereof upon transmittal to the corporation of the certificate or certificates, or other evidence of ownership, with respect to the shares, or instructions to the dissenting shareholder to sell his or her shares within 10 days after delivery of the corporation's statement to the shareholder. The corporation may instruct the shareholder to sell only if there is a public market for the shares at which the shares may be readily sold. If the shareholder does not sell within that 10 day period after being so instructed by the corporation, for purposes of this Section the shareholder shall be deemed to have sold his or her shares at the average closing price of the shares, if listed on a national exchange, or the average of the bid and asked price with respect to the shares quoted by a principal market maker, if not listed on a national exchange, during that 10 day period.

(d) A shareholder who makes written demand for payment under this Section retains all other rights of a shareholder until those rights are cancelled or modified by the consummation of the proposed corporate action. Upon consummation of that action, the corporation shall pay to each dissenter who transmits to the corporation the certificate or other evidence of ownership of the shares the amount the corporation estimates to be the fair value of the shares, plus accrued interest, accompanied by a written explanation of how the interest was calculated.

(e) If the shareholder does not agree with the opinion of the corporation as to the estimated fair value of the shares or the amount of interest due, the shareholder, within 30 days from the delivery of the corporation's statement of value, shall notify the corporation in writing of the shareholder's estimated fair value and amount of interest due and demand payment for the difference between the shareholder's estimate of fair value and interest due and the amount of the payment by the corporation or the proceeds of sale by the shareholder, whichever is applicable because of the procedure for which the corporation opted pursuant to subsection (c).

(f) If, within 60 days from delivery to the corporation of the shareholder notification of estimate of fair value of the shares and interest due, the corporation and the dissenting shareholder have not agreed in writing upon the fair value of the shares and interest due, the corporation shall either pay the difference in value demanded by the shareholder, with interest, or file a petition in the circuit court of the county in which either the registered office or the principal office of the corporation is located, requesting the court to determine the fair value of the shares and interest due. The corporation shall make all dissenters, whether or not residents of this State, whose demands remain unsettled parties to

the proceeding as an action against their shares and all parties shall be served with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as provided by law. Failure of the corporation to commence an action pursuant to this Section shall not limit or affect the right of the dissenting shareholders to otherwise commence an action as permitted by law.

J-1

(g) The jurisdiction of the court in which the proceeding is commenced under subsection (f) by a corporation is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend decision on the question of fair value. The appraisers have the power described in the order appointing them, or in any amendment to it.

(h) Each dissenter made a party to the proceeding is entitled to judgment for the amount, if any, by which the court finds that the fair value of his or her shares, plus interest, exceeds the amount paid by the corporation or the proceeds of sale by the shareholder, whichever amount is applicable.

(i) The court, in a proceeding commenced under subsection (f), shall determine all costs of the proceeding, including the reasonable compensation and expenses of the appraisers, if any, appointed by the court under subsection (g), but shall exclude the fees and expenses of counsel and experts for the respective parties. If the fair value of the shares as determined by the court materially exceeds the amount which the corporation estimated to be the fair value of the shares or if no estimate was made in accordance with subsection (c), then all or any part of the costs may be assessed against the corporation. If the amount which any dissenter estimated to be the fair value of the shares materially exceeds the fair value of the shares as determined by the court, then all or any part of the costs may be assessed against that dissenter. The court may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable, as follows:

(1) Against the corporation and in favor of any or all dissenters if the court finds that the corporation did not substantially comply with the requirements of subsections (a), (b), (c), (d), or (f).

(2) Against either the corporation or a dissenter and in favor of any other party if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this Section.

If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated and that the fees for those services should not be assessed against the corporation, the court may award to that counsel reasonable fees to be paid out of the amounts awarded to the dissenters who are benefited. Except as otherwise provided in this Section, the practice, procedure, judgment and costs shall be governed by the Code of Civil Procedure.

(j) As used in this Section:

(1) "Fair value", with respect to a dissenter's shares, means the proportionate interest of the shareholder in the corporation, without discount for minority status or, absent extraordinary circumstance, lack of marketability, immediately before the consummation of the corporate action to which the dissenter objects excluding any appreciation or depreciation in anticipation of the corporate action, unless exclusion would be inequitable.

(2) "Interest" means interest from the effective date of the corporate action until the date of payment, at the average rate currently paid by the corporation on its principal bank loans or, if none, at a rate that is fair and equitable under all the circumstances.
