**Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995**

This Form 10-Q includes forward-looking statements. Forward-looking statements include statements concerning our plans, objectives, goals, strategies, future events, future revenues or performance, projected cost savings, capital expenditures, financing needs, plans or intentions relating to acquisitions, our competitive strengths and weaknesses, our business strategy and the trends we anticipate in the industry and economies in which we operate and other information that is not historical information. When used in this Form 10-Q, the words estimates, expects, anticipates, projects, plans, intends, believes and variations of such words or similar expressions are intended to identify forward-looking statements. All forward-looking statements, including, without limitation, our examination of historical operating trends, are based upon our current expectations and various assumptions. Our expectations, beliefs and projections are expressed in good faith, and we believe there is a reasonable basis for them, but we cannot assure you that our expectations, beliefs and projections will be realized.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in this Form 10-Q. Important factors that could cause our actual results to differ materially from the forward-looking statements we make in this Form 10-Q are set forth in the Form 10-K for the fiscal year ended September 29, 2012, including the factors described in the section entitled Item 1A Risk Factors. If any of these risks or uncertainties materialize, or if any of our underlying assumptions are incorrect, our actual results may differ significantly from the results that we express in or imply by any of our forward-looking statements. We do not undertake any obligation to revise these forward-looking statements to reflect future events or circumstances. Presently known risk factors include, but are not limited to, the following factors:

the success of our transformational change initiatives;

disruptions in our business as we implement our transformational change initiatives and the resulting consequences to our business and results of operations;

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

increased costs and expenses associated with our transformational change initiatives;

seasonality and fluctuations in our operating results and cash flow;

fluctuations in market prices for seeds and grains and other raw materials;

**CENTRAL GARDEN & PET COMPANY**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**Three and Nine Months Ended June 29, 2013**

**(unaudited)**

**1. Basis of Presentation**

The condensed consolidated balance sheets of Central Garden & Pet Company and subsidiaries (the Company or Central ) as of June 29, 2013 and June 23, 2012, the condensed consolidated statements of operations and the condensed consolidated statements of comprehensive income for the three and nine months ended June 29, 2013 and June 23, 2012, and the condensed consolidated statements of cash flows for the nine months ended June 29, 2013 and June 23, 2012 have been prepared by the Company, without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) considered necessary to present fairly the financial position, results of operations and cash flows of the Company for the periods mentioned above, have been made.

For the Company's foreign business in the UK, the local currency is the functional currency. Assets and liabilities are translated using the exchange rate in effect at the balance sheet date. Income and expenses are translated at the average exchange rate for the period. Deferred taxes are not provided on translation gains and losses, because the Company expects earnings of its foreign subsidiary to be permanently reinvested. Transaction gains and losses are included in results of operations. See Note 8, Supplemental Equity Information, for further detail.

Due to the seasonal nature of the Company's garden business, the results of operations for the three and nine month periods ended June 29, 2013 are not indicative of the operating results that may be expected for the entire fiscal year. These interim financial statements should be read in conjunction with the annual audited financial statements, accounting policies and financial notes thereto, included in the Company's 2012 Annual Report on Form 10-K, which has previously been filed with the Securities and Exchange Commission. The September 29, 2012 balance sheet presented herein was derived from the audited statements.

***Acquisition***

In December 2012, the Company acquired the remaining majority interest in FourStar Microbial Products, LLC (Four Star Microbial) for approximately \$4.8 million in cash with possible contingent future performance-based payments. The Company has not yet finalized its allocation of the purchase price to the fair value of the net assets acquired. The operating results of FourStar Microbial had no impact on the consolidated financial statements and the purchase price paid is included in other assets on the condensed consolidated balance sheets. While the acquisition is not expected to have a material impact on the Company's 2013 financial results, it will enhance the Company's capability to service professional providers of mosquito abatement.

***Noncontrolling Interest***

Noncontrolling interest in the Company's condensed consolidated financial statements represents the 20% interest not owned by Central in a consolidated subsidiary. Since the Company controls this subsidiary, its financial statements are fully consolidated with those of the Company, and the noncontrolling owner's 20% share of the subsidiary's net assets and results of operations is deducted and reported as noncontrolling interest on the consolidated balance sheets and as net income (loss) attributable to noncontrolling interest in the consolidated statements of operations. See Note 8, Supplemental Equity Information, for additional information.

***Derivative Instruments***

The Company principally uses a combination of purchase orders and various short and long-term supply arrangements in connection with the purchase of raw materials, including certain commodities. The Company also enters into commodity futures, options and swap contracts to reduce the volatility of price fluctuations of corn, which impacts the cost of raw materials. The Company's primary objective when entering into these derivative contracts is to achieve greater certainty with regard to the future price of commodities purchased for use in its supply chain. These derivative contracts are entered into for periods consistent with the related underlying exposures and do not constitute positions independent of those exposures. The Company does not enter into derivative contracts for speculative purposes and does not use leveraged instruments.

## Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

The Company does not perform the assessments required to achieve hedge accounting for commodity derivative positions. Accordingly, the changes in the values of these derivatives are recorded currently in other income (expense) in its condensed consolidated statements of operations. See Note 3, Derivative Instruments, for additional information.

## **Table of Contents**

For tax purposes, these derivative positions are entered into as a hedge, as defined in Treasury Regulation Section 1.221-2, in the normal course of business to manage risk of price changes of raw material inventory components and are treated as ordinary income property.

### ***Recent Accounting Pronouncements***

#### ***Comprehensive Income***

In June 2011, the FASB issued ASU No. 2011-05, *Comprehensive Income (Topic 220): Presentation of Comprehensive Income*. ASU No. 2011-05 requires that all nonowner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements, eliminating the option to present other comprehensive income in the statement of changes in equity. Under either choice, items that are reclassified from other comprehensive income to net income are required to be presented on the face of the financial statements where the components of net income and the components of other comprehensive income are presented. In December 2011, the FASB issued an update to ASU No. 2011-05, ASU No. 2011-12, which was issued to defer the effective date for amendments to the reclassifications of items out of accumulated other comprehensive income in ASU No. 2011-05. ASU 2011-05 and the amendments in ASU No. 2011-12 are effective for fiscal years and interim periods within those years, beginning after December 15, 2011 and became effective for the Company on September 30, 2012. The Company elected to report other comprehensive income and its components in a separate statement of comprehensive income. While the new guidance changed the presentation of comprehensive income, there were no changes to the components that are recognized in net income or other comprehensive income as determined under previous accounting guidance. The amended guidance did not have a material effect on the Company's condensed consolidated financial statements.

In February 2013, the FASB issued Accounting Standards Update No. 2013-02, *Comprehensive Income (Topic 220) Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income (ASU 2013-02)*. This guidance requires entities to disclose, either in the notes to the consolidated financial statements or parenthetically on the face of the statement that reports comprehensive income (loss), items reclassified out of Accumulated other comprehensive income (loss) and into net earnings in their entirety and the effect of the reclassification on each affected Statement of Operations line item. In addition, for Accumulated other comprehensive income (loss) reclassification items that are not reclassified in their entirety into net earnings, a cross reference to other required accounting standard disclosures is required. This guidance is effective for the Company on September 29, 2013. The Company believes that the adoption of this guidance will not have a material impact on its condensed consolidated financial statements.

#### ***Goodwill***

In September 2011, the FASB issued ASU No. 2011-08, *Intangibles - Goodwill and Other (Topic 350): Testing Goodwill for Impairment*, which amended the guidance on the annual testing of goodwill for impairment. The amended guidance will allow companies to assess qualitative factors to determine if it is more-likely-than-not that goodwill might be impaired and whether it is necessary to perform the two-step goodwill impairment test required under current accounting standards. The guidance is effective for fiscal years beginning after December 15, 2011, and became effective for the Company on September 30, 2012. This new guidance did not have a material impact on the Company's condensed consolidated financial statements.

#### ***Intangible Assets***

In July 2012, the FASB issued an ASU No. 2012-02, *Intangibles - Goodwill and Other (Topic 350): Testing Indefinite-Lived Intangible Assets for Impairment*, which simplifies the manner in which companies test indefinite-lived intangible assets for impairment. The ASU permits companies to first assess qualitative factors to determine whether events and circumstances indicate that it is more likely than not that the indefinite-lived intangible asset is impaired as a basis for determining whether it is necessary to perform a quantitative impairment test. The ASU is effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012, with early adoption permitted. The guidance became effective for the Company on September 30, 2012. This new guidance did not have a material impact on the Company's condensed consolidated financial statements.

**Table of Contents****2. Fair Value Measurements**

ASC 820 establishes a single authoritative definition of fair value, a framework for measuring fair value and expands disclosure of fair value measurements. ASC 820 requires financial assets and liabilities to be categorized based on the inputs used to calculate their fair values as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs for the asset or liability, which reflect the Company's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The Company's financial instruments include cash and equivalents, short term investments consisting of bank certificates of deposit, accounts receivable and payable, derivative instruments, short-term borrowings, and accrued liabilities. The carrying amount of these instruments approximates fair value because of their short-term nature.

***Assets and Liabilities Measured at Fair Value on a Recurring Basis***

The following table presents the Company's financial assets and liabilities measured at fair value on a recurring basis based upon the level within the fair value hierarchy in which the fair value measurements fall, as of June 29, 2013 (in thousands):

**Table of Contents****Assets and Liabilities Measured at Fair Value on a Non-Recurring Basis**

The Company measures certain non-financial assets and liabilities, including long-lived assets, goodwill and intangible assets, at fair value on a non-recurring basis. Fair value measurements of non-financial assets and non-financial liabilities are used primarily in the impairment analyses of long-lived assets, goodwill and other intangible assets. During the period ended June 29, 2013, the Company was not required to measure any significant non-financial assets and liabilities at fair value.

**Fair Value of Other Financial Instruments**

The estimated fair value of the Company's \$450.0 million 8.25% senior subordinated notes due 2018 as of June 29, 2013 was \$457.3 million, compared to a carrying value of \$449.4 million. The estimated fair value is based on quoted market prices for these notes.

**3. Derivative Instruments**

Our operations are exposed to market risks from adverse changes in commodity prices affecting the cost of raw materials. In the normal course of business, these risks are managed through a variety of strategies, including the use of derivatives. The utilization of these financial transactions is governed by policies covering acceptable counterparty exposure, instrument types and other practices. The Company does not enter into derivative contracts for speculative purposes. The Company performs assessments of its counterparty credit risk regularly, including a review of credit ratings and potential nonperformance of the counterparty, and minimizes counterparty concentrations.

Commodity and commodity index futures, swaps and option contracts are used to economically hedge commodity input prices on grains and proteins. These derivative contracts are entered into for periods consistent with the related underlying exposures and do not constitute positions independent of those exposures. Generally, the Company economically hedges a portion of its anticipated consumption of commodity inputs for periods of up to 12 months. As of June 29, 2013, the Company had economically hedged certain portions of its anticipated consumption of commodity inputs using derivative instruments with expiration dates through July 2013.

The Company recognizes all derivative instruments as either assets or liabilities at fair value in the condensed consolidated balance sheets, with the exception of normal purchases and normal sales expected to result in physical delivery. The Company's derivative financial instruments have not been designated as hedging instruments for accounting purposes. The Company recognizes realized and unrealized gains and losses from derivatives used to economically hedge anticipated commodity consumption in other income (expense) on the condensed consolidated statement of operations.

The following table presents the fair value of all derivative instruments outstanding in the condensed consolidated balance sheets (in thousands):

Derivatives Not Designated as Hedging Instruments	June 29, 2013		June 23, 2012		September 29, 2012

<b>Total inventories, net</b>	<b>\$ 413,070</b>	<b>\$ 334,796</b>	<b>\$ 330,032</b>

**5. Goodwill**

The Company accounts for goodwill in accordance with ASC 350, Intangibles—Goodwill and Other, and tests goodwill for impairment annually, or whenever events occur or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. This assessment involves the use of significant accounting judgments and estimates as to future operating results and discount rates. Changes in estimates or use of different assumptions could produce significantly different results. An impairment loss is generally recognized when the carrying amount of the reporting unit's net assets exceeds the estimated fair value of the reporting unit. The Company uses discounted cash flow analysis to estimate the fair value of our reporting units. The Company's goodwill impairment analysis also includes a comparison of the aggregate estimated fair value of all four reporting units to the Company's total market capitalization. Based on the Company's annual analysis of goodwill performed during the fourth quarter of fiscal 2012, it concluded there was no impairment of goodwill during fiscal 2012.

Other intangible assets acquired include contract-based and technology-based intangible assets.

The Company evaluates long-lived assets, including amortizable and indefinite-lived intangible assets, for impairment whenever events or changes in circumstances indicate the carrying value may not be recoverable. The Company evaluates indefinite-lived intangible assets on an annual basis. In fiscal 2012, the Company tested its indefinite-lived intangible assets and no impairment was indicated. Other factors indicating the carrying value of the Company's amortizable intangible assets may not be recoverable were not present in fiscal 2012 or during the nine months ended June 29, 2013, and accordingly, no impairment testing was performed on these assets.

The Company is currently amortizing its acquired intangible assets with definite lives over periods ranging from 1 to 25 years; over weighted average remaining lives of seven years for marketing-related intangibles, 17 years for customer-related intangibles and five years for other acquired intangibles. Amortization expense for intangibles subject to amortization was approximately \$1.1 million and \$1.6 million for the three months ended June 29, 2013 and June 23, 2012, respectively, and \$3.1 million and \$4.0 million for the nine months ended June 29, 2013 and June 23, 2012, respectively, and is classified within operating expenses in the condensed consolidated statements of operations. Estimated annual amortization expense related to acquired intangible assets in each of the succeeding five years is estimated to be approximately \$5 million per year from fiscal 2013 through fiscal 2017.

**Senior Credit Facility**

On June 8, 2011, the Company amended its \$275 million, five-year senior secured revolving credit facility (the Credit Facility) included in its Amended and Restated Credit Agreement (the Credit Agreement). Under the modified terms, the Credit Facility has a borrowing capacity of \$375 million, an increase of \$100 million, and an extension of maturity date by approximately one year, to June 2016. The Credit Facility bears lower interest rates and commitment fees and requires less interest coverage. The Company continues to have the option to increase the size of the Credit Facility by an additional \$200 million of incremental term loans and/or revolving loans should it exercise its option and one or more lenders are willing to make such increased amounts available to it. There was \$60 million outstanding as of June 29, 2013 under the Credit Facility. There were no letters of credit outstanding under the Credit Facility as of June 29, 2013. There were other letters of credit of \$17.5 million outstanding as of June 29, 2013. As of June 29, 2013, there were \$315 million of unused commitments under the Credit Facility or, after giving effect to the financial covenants in the Credit Agreement, \$147.8 million of available unused commitments.

Interest on the amended Credit Facility is based, at the Company's option, on a rate equal to the Alternate Base Rate (ABR), which is the greatest of the prime rate, the Federal Funds rate plus  $\frac{1}{2}$  of 1% or one month LIBOR plus 1%, plus a margin, which fluctuates from 0.75% to 1.75%, or LIBOR plus a margin, which fluctuates from 1.75% to 2.75% and commitment fees that range from 0.30% to 0.50%, determined quarterly based on consolidated total debt to consolidated EBITDA for the most recent trailing 12-month period. As of June 29, 2013, the applicable interest rate on the Credit Facility related to alternate base rate borrowings was 5.0%, and the applicable interest rate related to LIBOR rate borrowings was 3.0%.

The Credit Facility is guaranteed by the Company's material subsidiaries and is secured by the Company's assets, excluding real property but including substantially all of the capital stock of the Company's subsidiaries. The Credit Agreement contains certain financial and other covenants which require the Company to maintain minimum levels of interest coverage and maximum levels of senior debt to EBITDA and that restrict the Company's ability to repurchase its stock, make investments in or acquisitions of other businesses and pay dividends above certain levels over the life of the Credit Facility. Under the terms of the Company's Credit Facility, it may make restricted payments, including cash dividends and stock repurchases, in an aggregate amount initially not to exceed \$200 million over the life of the Credit Facility, subject to qualifications and baskets as defined in the Credit Agreement. As of June 29, 2013, the Company's Total Leverage Ratio, as defined in the Credit Agreement, was 4.9 to 1.0, and the Company's Senior Secured Leverage Ratio, as defined in the Credit Agreement with a maximum of 2.0 to 1.0, was 0.6 to 1.0. The Company's minimum Interest Coverage Ratio was reduced to 2.50 times, from 2.75 times as part of the modification of the Credit Facility. As of June 29, 2013, the Company's Interest Coverage ratio was 2.6 times. Apart from the covenants limiting restricted payments and capital expenditures, the Credit Facility does not restrict the use of retained earnings or net income. The Company was in compliance with all financial covenants as of June 29, 2013.

The Company amended its Credit Facility effective August 1, 2013. Under the terms of this amendment, the Company's Minimum Interest Coverage Ratio was reduced to 2.25 times, from 2.5 times and a Minimum Asset Coverage Ratio was added at 1.1 times. The covenant

modifications are effective through the fiscal quarter ending March 29, 2014.

***Senior Subordinated Notes***

On March 8, 2010, the Company issued \$400 million aggregate principal amount of 8.25% senior subordinated notes due March 1, 2018 (the 2018 Notes ).

On February 8, 2012, the Company issued an additional \$50 million aggregate principal amount of its 2018 Notes at a price of 98.501%, plus accrued interest from September 1, 2011, in a private placement. The Company used the net proceeds from the offering to pay a portion of the outstanding balance under its Credit Facility.

The estimated fair value of our \$450 million of 2018 Notes as of June 29, 2013 was approximately \$457.3 million. The estimated fair value is based on quoted market prices for these notes.

The 2018 Notes require semiannual interest payments, which commenced on September 1, 2010. The 2018 Notes are unsecured senior subordinated obligations and are subordinated to all of our existing and future senior debt, including our Credit Facility. The obligations under the 2018 Notes are fully and unconditionally guaranteed on a senior subordinated basis by each of our existing and future domestic restricted subsidiaries with certain exceptions. The guarantees are general unsecured senior subordinated obligations of the guarantors and are subordinated to all existing and future senior debt of the guarantors.

The Company may redeem some or all of the 2018 Notes at any time prior to March 1, 2014 at the principal amount plus a make whole premium. The Company may redeem some or all of the 2018 Notes at any time on or after March 1, 2014 for 104.125%, after March 1, 2015 for 102.063% and after March 1, 2016 for 100%, plus accrued and unpaid interest. The holders of the 2018 Notes have the right to require the Company to repurchase all or a portion of the 2018 Notes at a purchase price equal to 101% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2018 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. The Company was in compliance with all financial covenants as of June 29, 2013.

**Table of Contents****12. Consolidating Condensed Financial Information of Guarantor Subsidiaries**

Certain 100% wholly-owned subsidiaries of the Company (as listed below, collectively the Guarantor Subsidiaries) have guaranteed fully and unconditionally, on a joint and several basis, the obligation to pay principal and interest on the Company's \$450 million 8.25% Senior Subordinated Notes (the Notes) due March 1, 2018. Certain subsidiaries and operating divisions are not guarantors of the Notes and have been included in the financial results of the Parent in the information below. These Non-Guarantor entities are not material to the Parent. Those subsidiaries that are guarantors and co-obligors of the Notes are as follows:

Farnam Companies, Inc.

Four Paws Products Ltd.

Gulfstream Home & Garden, Inc.

Kaytee Products, Inc.

Matson, LLC

New England Pottery, LLC

Pennington Seed, Inc. (including Gro Tec, Inc. and All-Glass Aquarium Co., Inc.)

Pets International, Ltd.

T.F.H. Publications, Inc.

Wellmark International (including B2E Corporation and B2E Biotech LLC)

During the fourth quarter of fiscal 2012, the Company merged certain subsidiaries into the Parent. In the first three quarters of fiscal 2012, the following were included as Guarantor Subsidiaries because they were separate legal entities at that time:

Grant Laboratories, Inc.

Interpet USA, LLC

Matthews Redwood & Nursery Supply, Inc.

Fiscal 2013 financial results reflect these entities as part of the Parent. Fiscal 2012 financial results presented herein have been restated to reflect the current Guarantor Subsidiaries.

In lieu of providing separate financial statements for the Guarantor Subsidiaries, the Company has included the accompanying consolidating condensed financial statements based on the Company's understanding of the Securities and Exchange Commission's interpretation and application of Rule 3-10 of the Securities and Exchange Commission's Regulation S-X.

### **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations Our Company**

Central Garden & Pet Company ( Central ) is a leading innovator, marketer and producer of quality branded products. We are one of the largest suppliers in the pet and lawn and garden supplies industries in the United States. The total pet food and supplies industry is estimated to be approximately \$30 billion in annual retail sales. We estimate the annual retail sales of the pet supplies and super premium pet food markets in the categories in which we participate to be approximately \$15 billion. The total lawn and garden industry in the United States, which includes equipment, supplies and services, is estimated to be approximately \$21 billion in annual retail sales. We estimate the annual retail sales of the lawn and garden supplies markets in the categories in which we participate to be approximately \$6 billion. In addition, we participate in the pottery and seasonal décor markets.

Our pet supplies products include products for dogs and cats, including edible bones, premium healthy edible and non-edible chews, super premium dog and cat food and treats, toys, pet carriers, grooming supplies and other accessories; products for birds, small animals and specialty pets, including food, cages and habitats, toys, chews and related accessories; animal and household health and insect control products; products for fish, reptiles and other aquarium-based pets, including aquariums, furniture and lighting fixtures, pumps, filters, water conditioners, food and supplements, and information and knowledge resources; and products for horses and livestock. These products are sold under a number of brand names including Adams™, Altosid, Aqueon®, Avoderm®, BioSpot®, Coralife®, Farnam®, Four Paws®, Interpet, Kaytee®, Kent Marine®, Nylabone®, Oceanic Systems®, Pet Select®, Pre-Strike®, Pinnacle®, Super Pet®, TFH™, Zilla® and Zodiac®.

Our lawn and garden supplies products include proprietary and non-proprietary grass seed; wild bird feed, bird feeders, bird houses and other birding accessories; weed, grass, ant and other herbicide, insecticide and pesticide products; and decorative outdoor lifestyle and lighting products including pottery, trellises and other wood products and holiday lighting. These products are sold under a number of brand names including AMDRO®, GKI/Bethlehem Lighting®, Grant®, Ironite®, Lilly Miller®, Matthews Four Seasons™, New England Pottery®, Norcal Pottery®, Pennington®, Over-N-Out®, Sevin®, Smart Seed® and The Rebels®.

In fiscal 2012, our consolidated net sales were \$1.7 billion, of which our Pet segment, or Pet, accounted for approximately \$931 million and our lawn and Garden segment, or Garden, accounted for approximately \$769 million. In fiscal 2012, our income from operations was \$74 million, of which the Pet segment accounted for \$88 million and the Garden segment accounted for \$40 million, before corporate expenses and eliminations of \$54 million. Fiscal 2013 will include one less week as compared to fiscal 2012. See Note 11 to our consolidated financial statements for financial information about our two operating segments.

We were incorporated in Delaware in June 1992 as the successor to a California corporation that was formed in 1955. Our executive offices are located at 1340 Treat Boulevard, Suite 600, Walnut Creek, California 94597, and our telephone number is (925) 948-4000. Our website is [www.central.com](http://www.central.com). The information on our website is not incorporated by reference in this annual report.

### **Recent Developments**

#### *Fiscal 2013 Third Quarter Financial Performance:*

Our net sales declined \$39.7 million, or 7.4%, to \$494.1 million with the decrease primarily in our pet segment.

Gross margin declined 290 basis points to 30.9%; both operating segments contributed to the decline.

Selling, general & administrative expenses decreased as a percentage of net sales to 24.2% from 24.7% in the prior year quarter.

Operating income declined \$16.1 million to \$32.9 million due to a decrease in operating income in both the garden and pet segments.

Our effective income tax rate was 34.3% in the third quarter of fiscal 2013, compared to 37.9% in the third quarter of fiscal 2012.

Our net income in the third quarter of fiscal 2013 was \$13.7 million, or \$0.28 per share, compared to \$22.7 million, or \$0.47 per share, in the third quarter of fiscal 2012.

*Credit Facility Amendment:* We amended our Credit Facility effective August 1, 2013. Under the terms of this amendment, our Minimum Interest Coverage Ratio was reduced to 2.25 times, from 2.5 times and a Minimum Asset Coverage Ratio was added at 1.1 times. This amendment will be effective through the fiscal quarter ending March 29, 2014.

**Results of Operations**

**Three Months Ended June 29, 2013**

**Compared with Three Months Ended June 23, 2012**

***Net Sales***

Net sales for the three months ended June 29, 2013 decreased \$39.7 million, or 7.4%, to \$494.1 million from \$533.8 million for the three months ended June 23, 2012. Our branded product sales decreased \$40.2 million and sales of other manufacturers' products increased \$0.5 million. The decline in net sales was due primarily to two factors which benefitted the third quarter of fiscal 2012 but did not recur in the current quarter: the initial sell-in of pet products to a new channel and the shipment of orders which had been delayed from the second quarter of fiscal 2012.

Pet segment net sales decreased \$33.5 million, or 12.3%, to \$237.8 million for the three months ended June 29, 2013 from \$271.3 million for the three months ended June 23, 2012. Pet branded product sales decreased \$34.4 million, due primarily to a \$23.2 million decrease in our animal health category which was heavily impacted by decreased sales volume of our flea and tick products. Flea and tick product sales in the prior year included the initial sell-in to a new channel.

Garden segment net sales decreased \$6.2 million, or 2.4%, to \$256.3 million for the three months ended June 29, 2013 from \$262.5 million for the three months ended June 23, 2012. Garden branded product sales decreased \$5.8 million and sales of other manufacturers' products decreased \$0.4 million. The sales decrease in our garden branded products was due primarily to a \$13.0 million decrease in controls and fertilizers, partially offset by a \$6.6 million increase in grass seed. In the prior year quarter, controls and fertilizers benefited from the shipment of delayed orders in the second quarter of fiscal 2012. Additionally, the increase in controls and fertilizer sales we reported in the second quarter of fiscal 2013, reflecting the launch of new products, did not carry through to this quarter as consumer sell-through of these products was lower than expected.

***Gross Profit***

Gross profit for the three months ended June 29, 2013 decreased \$28.2 million, or 15.6%, to \$152.5 million from \$180.7 million for the three months ended June 23, 2012. Gross margin declined from 33.8% for the three months ended June 23, 2012 to 30.9% for the three months ended June 29, 2013. Gross profit decreased in both segments primarily as a result of the decreased sales.

The gross profit and gross margin decline in the pet segment was primarily impacted by decreased sales volume of our flea and tick products which generally have higher margins. Flea and tick product sales in the prior year included the initial sell-in to a new channel. Higher ingredient costs in our flea and tick products also impacted gross margin during the period. The gross profit decline in the garden segment was primarily due to the sales decrease in controls and fertilizers, which was also impacted by new product support expenses, and a gross margin decline in décor products, resulting from lower sales volumes and returns. Additionally, the garden segment gross margin was impacted by lower margins in our fertilizer business.

***Selling, General and Administrative Expenses***

Selling, general and administrative expenses decreased \$12.1 million, or 9.2%, to \$119.6 million for the three months ended June 29, 2013 from \$131.7 million for the three months ended June 23, 2012. As a percentage of net sales, selling, general and administrative expenses decreased to 24.2% for the three months ended June 29, 2013, compared to 24.7% in the comparable prior year quarter. Selling and delivery expense decreased \$9.1 million, or 10.7%, to \$75.6 million for the three months ended June 29, 2013 from \$84.7 million for the three months ended June 23, 2012. The decrease was due primarily to decreased advertising and marketing expense in our pet segment, headcount reductions and lower delivery expenses resulting from our lower sales volume. These were partially offset by an increase in marketing expenditures in the garden segment associated with our new product introductions. Warehouse and administrative expense decreased \$3.0 million, or 6.4%, to \$44.0 million for the quarter ended June 29, 2013 from \$47.0 million in the quarter ended June 23, 2012 due primarily to reduced payroll and third party provider expenses. Corporate expenses are included within administrative expense and relate to the costs of unallocated executive, administrative, finance, legal, human resource, and informational technology functions.

### ***Operating Income***

Operating income decreased \$16.1 million, or 32.8%, to \$32.9 million for the three months ended June 29, 2013 from \$49.0 million for the three months ended June 23, 2012. Operating income decreased due to decreased sales and gross profit, which was partially offset by decreased selling, general and administrative costs. Operating income as a percentage of net sales declined due to the decrease in gross margin, which was partially offset by an improvement in selling, general and administrative expenses as a percentage of sales. Operating income decreased in both our pet and garden segments.

Pet operating income decreased \$7.3 million, or 18.1% to \$33.1 million for the three months ended June 29, 2013 from \$40.4 million for the three months ended June 23, 2012. The decrease was due primarily to lower sales of animal health products which was partially offset by decreased selling, general and administrative costs, primarily decreased selling and delivery costs. Garden operating income declined \$8.9 million, or 39.5%, to \$13.7 million from \$22.6 million in fiscal 2012 due primarily to decreased sales and gross profit from our controls and fertilizer products and decreased margins in our décor business, both impacted by product introduction and support costs. In comparison, in the prior year third quarter the controls and fertilizers category benefited from the shipment of delayed orders. Also, additional advertising costs were incurred for new controls and fertilizer products. Corporate operating expense decreased \$0.2 million, or 1.0%.

### ***Net Interest Expense***

Net interest expense for the three months ended June 29, 2013 increased \$0.6 million, or 5.8%, to \$11.3 million from \$10.7 million for the three months ended June 23, 2012. Interest expense increased due to our higher average debt outstanding in the quarter ended June 29, 2013. Debt outstanding on June 29, 2013 was \$509.6 million compared to \$449.9 million as of June 23, 2012. Our average borrowing rate for the current quarter decreased to 7.5% compared to 8.4% for the prior year quarter due to a larger amount of debt on our revolver which had lower rates than our fixed debt.

### ***Other Income***

Other income increased \$0.3 million for the three months ended June 29, 2013 to \$0.4 million for the three months ended June 29, 2013 from \$0.1 million for the three months ended June 23, 2012 due primarily to increased earnings from an investment accounted for under the equity method of accounting. Other income is comprised of income from investments accounted for under the equity method of accounting, foreign currency exchange gains and losses, and realized and unrealized gains and losses from derivative contracts used to economically hedge anticipated commodity purchases for use in our products.

### ***Income Taxes***

Our effective income tax rate was 34.3% for the quarter ended June 29, 2013 and 37.9% for the quarter ended June 23, 2012. The income tax rate decrease was due primarily to additional tax credits available in the quarter ended June 29, 2013, that had a larger impact due to lower earnings in the quarter.

## **Nine Months Ended June 29, 2013**

## **Compared with Nine Months Ended June 23, 2012**

### ***Net Sales***

Net sales for the nine months ended June 29, 2013 decreased \$18.0 million, or 1.4%, to \$1,284.8 million from \$1,302.8 million for the nine months ended June 23, 2012. Our branded product sales decreased \$16.4 million and sales of other manufacturers' products declined \$1.6 million.

Pet Products' net sales decreased \$25.3 million, or 3.7%, to \$667.8 million for the nine months ended June 29, 2013 from \$693.1 million in the comparable fiscal 2012 period. Pet branded product sales decreased \$23.5 million from the prior year period, due primarily to a \$14.7 million decrease in our animal health category which was primarily volume driven. The animal health product sales in the prior year included the initial sell-in of flea and tick products to a new channel. Sales of other manufacturers' products decreased approximately \$1.8 million compared to the prior year nine month period.

## Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

Garden Products net sales increased \$7.3 million, or 1.2%, to \$617.0 million for the nine months ended June 29, 2013 from \$609.7 million in the comparable fiscal 2012 period. Garden branded product sales increased \$7.1 million due primarily to a \$11.0 million increase in wild bird feed, partially offset by decreased sales in our other garden supplies category. The wild bird feed sales increase was due to both price and volume increases. Sales of other manufacturers products increased approximately \$0.2 million compared to the comparable prior year period.

**Table of Contents*****Gross Profit***

Gross profit for the nine months ended June 29, 2013 decreased \$26.5 million, or 6.5%, to \$382.6 million from \$409.1 million for the nine months ended June 23, 2012. Gross margin declined from 31.4% for the nine months ended June 23, 2012 to 29.8% for the nine months ended June 29, 2013.

Gross profit decreased in the pet segment for the nine months ended June 29, 2013 due to decreased sales and a lower gross margin than the prior year period. The largest contributor to the lower gross profit and gross margin were our animal health products, which were impacted by decreased sales volume of our flea and tick products. Flea and tick product sales in the prior year included the initial sell-in to a new channel. Gross profit and gross margin declined in the garden segment for the nine months ended June 29, 2013. The decline in the garden segment was due primarily to sales returns and additional product introduction expenses in décor products and product introduction expense and margin decline in our controls and fertilizer business.

***Selling, General and Administrative Expenses***

Selling, general and administrative expenses decreased \$10.1 million, or 3.1%, to \$316.1 million for the nine months ended June 29, 2013 from \$326.2 million for the nine months ended June 23, 2012. As a percentage of net sales, selling, general and administrative expenses decreased to 24.6% for the nine months ended June 29, 2013, compared to 25.0% in the comparable prior year nine month period.

Selling and delivery expense decreased \$8.0 million, or 4.2%, from \$190.5 million for the nine months ended June 23, 2012 to \$182.5 million for the nine months ended June 29, 2013. The decrease was due to decreased advertising and marketing expense in our pet segment, headcount reductions and lower delivery expenses resulting from our lower sales volume.

Warehouse and administrative expense decreased \$2.1 million to \$133.6 million for the nine months ended June 29, 2013 from \$135.7 million in the nine months ended June 23, 2012. Warehouse and administrative expenses decreased in both the pet and garden segments, due primarily to decreased payroll related and third party provider costs, partially offset by increased corporate expenses, due primarily to increased insurance program costs and information technology costs.

***Operating Income***

Operating income decreased \$16.4 million, or 19.7%, to \$66.5 million for the nine months ended June 29, 2013 from \$82.9 million for the nine months ended June 23, 2012. Operating income decreased due to a decrease in gross profit, as the impact of the decrease in sales was increased by a decline in gross margin, which was only partially offset by a decrease in selling, general and administrative expenses.

Pet operating income decreased \$0.5 million to \$70.8 million, or 0.5%, as decreased net sales and a decline in the gross margin were, for the most part, offset by a decrease in selling, general and administrative costs, primarily decreased selling and delivery costs. Garden operating income decreased \$9.0 million to \$39.1 million due primarily to the decline in gross margin. Corporate operating expense increased \$6.9 million, or 19.2%, due primarily to an increase in insurance program costs and increased information technology expenses.

***Net Interest Expense***

Net interest expense for the nine months ended June 29, 2013 increased \$1.8 million or 6.0%, to \$32.5 million from \$30.7 million for the nine months ended June 23, 2012. The increase in interest expense resulted from a higher amount of debt outstanding during the current fiscal period. Debt outstanding on June 29, 2013 was \$509.6 million compared to \$449.9 million as of June 23, 2012. Our average borrowing rate for the nine months ended June 29, 2013 was 7.9% compared to 8.1% for the prior year nine month period.

***Other Expense***

Other expense increased \$0.6 million from \$0.1 million for the nine months ended June 23, 2012, to \$0.7 million for the nine months ended June 29, 2013. The increase was due primarily to realized and unrealized gains and losses from derivative contracts used to economically hedge anticipated commodity purchases for use in our products, partially offset by increased earnings from an investment accounted for under the equity method of accounting. Other expense is comprised of income from investments accounted for under the equity method of accounting, foreign currency exchange gains and losses, and realized and unrealized gains and losses from derivative contracts used to economically hedge anticipated commodity purchases for use in our products.

## **Table of Contents**

### ***Income Taxes***

Our effective income tax rate was 34.1% for the nine months ended June 29, 2013 and 37.7% for the nine months ended June 23, 2012. Our 2013 tax rate benefited primarily from additional tax credits available in the current year applied to the lower fiscal 2013 earnings.

### **Inflation**

Our revenues and margins are dependent on various economic factors, including rates of inflation, energy costs, consumer attitudes toward discretionary spending, currency fluctuations, and other macro-economic factors which may impact levels of consumer spending. Historically, in certain fiscal periods, we have been adversely impacted by rising input costs related to domestic inflation, particularly relating to grain and seed prices, fuel prices and the ingredients used in our garden controls and fertilizers. Rising costs have made it difficult for us to increase prices to our retail customers at a pace sufficient to enable us to maintain margins.

In recent years, our business was negatively impacted by low consumer confidence, as well as other macro-economic factors. In fiscal 2012 commodity costs continued to increase and 2013-to-date they remain at elevated levels. We continue to monitor commodity prices in order to take action to mitigate the impact of increasing raw material costs.

### **Weather and Seasonality**

Our sales of lawn and garden products are influenced by weather and climate conditions in the different markets we serve. Additionally, our garden segment's business is highly seasonal. In fiscal 2012, approximately 66% of our garden segment's net sales and 59% of our total net sales occurred during our second and third fiscal quarters. Substantially all of our garden segment's operating income is typically generated in this period, which has historically offset the operating loss incurred during the first fiscal quarter of the year.

### **Liquidity and Capital Resources**

We have financed our growth through a combination of internally generated funds, bank borrowings, supplier credit and sales of equity and debt securities to the public.

Our business is seasonal and our working capital requirements and capital resources have tracked closely to this seasonal pattern. Generally, during the first fiscal quarter, accounts receivable reach their lowest level while inventory, accounts payable and short-term borrowings begin to increase. During the second fiscal quarter, receivables, accounts payable and short-term borrowings increase, reflecting the build-up of inventory and related payables in anticipation of the peak lawn and garden selling season. During the third fiscal quarter, inventory levels remain relatively constant while accounts receivable peak and short-term borrowings start to decline as cash collections are received during the peak selling season. During the fourth fiscal quarter, inventory levels are at their lowest, and accounts receivable and payables are substantially reduced through conversion of receivables to cash.

We service two broad markets: pet supplies and lawn and garden supplies. Our pet supplies businesses involve products that have a year round selling cycle with a slight degree of seasonality. As a result, it is not necessary to maintain large quantities of inventory to meet peak demands. On the other hand, our lawn and garden businesses are highly seasonal with approximately 66% of our garden segment's net sales occurring during the second and third fiscal quarters. This seasonality requires them to ship large quantities of their product well ahead of the peak consumer buying periods. To encourage retailers and distributors to stock large quantities of inventory, industry practice has been for manufacturers to give extended credit terms and/or promotional discounts.

Net cash used in operating activities increased \$129.6 million, from \$64.2 million of cash provided by operating activities for the nine months ended June 23, 2012, to \$65.4 million of cash used in operating activities for the nine months ended June 29, 2013. The increase in cash used in operating activities was due primarily to increases in our working capital accounts, specifically inventory. Inventory balances increased over the prior year as we built safety stock to ensure we could meet the anticipated needs of our customers for the launch of new products in our garden business. Additionally, strategic purchases and cost inflation impacted our inventory levels.

Net cash used in investing activities decreased \$7.4 million, from \$26.9 million for the nine months ended June 23, 2012 to \$19.5 million during the nine months ended June 29, 2013. The decrease in cash used in investing activities was due primarily to a decrease in capital expenditures in the current year. The amount invested in facility consolidation and our ERP implementation in the prior year did not recur at the same levels in the current year. During the nine months ended June 29, 2013, we received proceeds from the sale of short term investments, which were offset by payments made related to the acquisition of FourStar Microbial Products, LLC (Four Star

Microbial). In December 2012, the Company acquired the remaining majority interest in FourStar Microbial for approximately \$4.8 million in cash with possible contingent future performance-based payments. The Company has not yet finalized its allocation of the purchase price to the fair value of the net assets acquired. The operating results of FourStar Microbial had no impact on the consolidated financial statements and the purchase price paid is included in other assets on the condensed consolidated balance sheets. While the acquisition is not expected to have a material impact on the Company's 2013 financial results, it will enhance the Company's capability to service professional providers of mosquito abatement.

Net cash provided by financing activities increased \$66.0 million, from \$8.6 million of cash used by financing activities for the nine months ended June 23, 2012, to \$57.4 million of cash provided by financing activities for the nine months ended June 29, 2013. The increase in cash provided was due to increased net borrowings under our revolving credit facility during the nine months ended June 29, 2013, as compared to the nine months ended June 23, 2012. The higher net borrowings during the nine months ended June 29, 2013 were partially offset by lower share repurchases in the current year period. The aggregate cost of our share repurchases during the nine months ended June 29, 2013 was \$1.5 million, compared to \$20.9 million for the nine months ended June 23, 2012.

We expect that our principal sources of funds will be cash generated from our operations and, if necessary, borrowings under our \$375 million revolving credit facility. Based on our anticipated cash needs, availability under our revolving credit facility and the scheduled maturity of our debt, we believe that our sources of liquidity should be adequate to meet our working capital, capital spending and other cash needs for at least the next 12 months. However, we cannot assure you that these sources will continue to provide us with sufficient liquidity and, should we require it, that we will be able to obtain financing on terms satisfactory to us, or at all.

We believe that cash flows from operating activities, funds available under our revolving credit facility, and arrangements with suppliers will be adequate to fund our presently anticipated working capital requirements for the foreseeable future. We anticipate that our capital expenditures will not exceed \$30 million during fiscal 2013, which are related primarily to replacements and upgrades to plant and equipment and investment in our implementation of a scalable enterprise-wide information technology platform. We are investing in this information technology platform to improve existing operations, support future growth and enable us to take advantage of new applications and technologies. We have invested approximately \$78.5 million from fiscal 2005 through fiscal 2012 in this initiative and plan to invest up to an additional \$11.0 million in fiscal 2013 for planned implementations. Capital expenditures for 2013 and beyond will depend upon the pace of conversion of those remaining legacy systems. This initiative, when complete, will combine our numerous information systems into one enterprise system and create a common business model and common data, which should create greater efficiency and effectiveness.

As part of our growth strategy, we have acquired a number of companies in the past, and we anticipate that we will continue to evaluate potential acquisition candidates in the future. If one or more potential acquisition opportunities, including those that would be material, become available in the near future, we may require additional external capital. In addition, such acquisitions would subject us to the general risks associated with acquiring companies, particularly if the acquisitions are relatively large.

### ***Stock Repurchases***

During the three months ended June 29, 2013, we did not repurchase our common stock. During the nine months ended June 29, 2013, we repurchased approximately 0.2 million shares of our Class A common stock for an aggregate cost of \$1.5 million. During the third quarter of fiscal 2011, our Board of Directors authorized a \$100 million share repurchase program, under which approximately \$50 million is available for repurchases in fiscal 2013 and thereafter.

### ***Senior Credit Facility***

On June 8, 2011, we amended our \$275 million, five-year senior secured revolving credit facility (the *Credit Facility*) included in our Amended and Restated Credit Agreement (the *Credit Agreement*). Under the modified terms, the *Credit Facility* has a borrowing capacity of \$375 million, an increase of \$100 million, and a maturity date of June 2016. The *Credit Facility* bears lower interest rates and commitment fees and requires less interest coverage. We continue to have the option to increase the size of the *Credit Facility* by an additional \$200 million of incremental term loans and/or revolving loans should we exercise our option and one or more lenders are willing to make such increased amounts available to us. There was \$60 million outstanding as of June 29, 2013 under the *Credit Facility*. There were no letters of credit outstanding under the *Credit Facility* as of June 29, 2013. There were other letters of credit of \$17.5 million outstanding as of June 29, 2013. As of June 29, 2013, there were \$315 million of unused commitments under the *Credit Facility* or, after giving effect to the financial covenants in the *Credit Agreement*, \$147.8 million of available unused commitments.

Interest on the amended *Credit Facility* is based, at our option, on a rate equal to the Alternate Base Rate (ABR), which is the greatest of the prime rate, the Federal Funds rate plus 1/2 of 1% or one month LIBOR plus 1%, plus a margin, which fluctuates from 0.75% to 1.75%, or

## Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

LIBOR plus a margin, which fluctuates from 1.75% to 2.75% and commitment fees that range from 0.30% to 0.50%, determined quarterly based on consolidated total debt to consolidated EBITDA for the most recent trailing 12-month period. As of June 29, 2013, the applicable interest rate on the Credit Facility related to alternate base rate borrowings was 5.0%, and the applicable interest rate related to LIBOR rate borrowings was 3.0%.

---

## **Table of Contents**

The Credit Facility is guaranteed by our material subsidiaries and is secured by our assets, excluding real property but including substantially all of the capital stock of our subsidiaries. The Credit Agreement contains certain financial and other covenants which require us to maintain minimum levels of interest coverage and maximum levels of senior debt to EBITDA and that restrict our ability to repurchase our stock, make investments in or acquisitions of other businesses and pay dividends above certain levels over the life of the Credit Facility. Under the terms of our Credit Facility, we may make restricted payments, including cash dividends and stock repurchases, in an aggregate amount initially not to exceed \$200 million over the life of the Credit Facility, subject to qualifications and baskets as defined in the Credit Agreement. As of June 29, 2013, our Total Leverage Ratio, as defined in the Credit Agreement, was 4.9 to 1.0, and our Senior Secured Leverage Ratio, as defined in the Credit Agreement with a maximum of 2.0 to 1.0, was 0.6 to 1.0. Our minimum Interest Coverage Ratio was reduced to 2.5 times, from 2.75 times as part of the modification of the Credit Facility. As of June 29, 2013, our Interest Coverage ratio was 2.6 times. Apart from the covenants limiting restricted payments and capital expenditures, the Credit Facility does not restrict the use of retained earnings or net income. We were in compliance with all financial covenants as of June 29, 2013.

We amended our Credit Facility effective August 1, 2013. Under the terms of this amendment, our Minimum Interest Coverage Ratio was reduced to 2.25 times, from 2.5 times and a Minimum Asset Coverage Ratio was added at 1.1 times. The covenant modifications are effective through the fiscal quarter ending March 29, 2014.

### ***Senior Subordinated Notes***

On March 8, 2010, we issued \$400 million aggregate principal amount of 8.25% senior subordinated notes due March 1, 2018 (the 2018 Notes ).

On February 13, 2012, we issued an additional \$50 million aggregate principal amount of our 2018 Notes at a price of 98.501%, plus accrued interest from September 1, 2011, in a private placement. We used the net proceeds from the offering to pay a portion of the outstanding balance under our Credit Facility.

The estimated fair value of our \$450 million of 2018 Notes as of June 29, 2013 was approximately \$457.3 million. The estimated fair value is based on quoted market prices for these notes.

The 2018 Notes require semiannual interest payments, which commenced on September 1, 2010. The 2018 Notes are unsecured senior subordinated obligations and are subordinated to all of our existing and future senior debt, including our Credit Facility. The obligations under the 2018 Notes are fully and unconditionally guaranteed on a senior subordinated basis by each of our existing and future domestic restricted subsidiaries with certain exceptions. The guarantees are general unsecured senior subordinated obligations of the guarantors and are subordinated to all existing and future senior debt of the guarantors.

We may redeem some or all of the 2018 Notes at any time prior to March 1, 2014 at the principal amount plus a make whole premium. We may redeem some or all of the 2018 Notes at any time on or after March 1, 2014 for 104.125%, after March 1, 2015 for 102.063% and after March 1, 2016 for 100%, plus accrued and unpaid interest. The holders of the 2018 Notes have the right to require us to repurchase all or a portion of the 2018 Notes at a purchase price equal to 101% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2018 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. We were in compliance with all financial covenants as of June 29, 2013.

### ***Total Debt***

At June 29, 2013, our total debt outstanding was \$509.6 million, as compared with \$449.9 million at June 23, 2012.

### ***Off-Balance Sheet Arrangements***

There have been no material changes to the information provided in our Annual Report on Form 10-K for the fiscal year ended September 29, 2012 regarding off-balance sheet arrangements.

## **Table of Contents**

### **Contractual Obligations**

There have been no material changes outside the ordinary course of business in our contractual obligations set forth in the Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resources in our Annual Report on Form 10-K for the fiscal year ended September 29, 2012.

### **New Accounting Pronouncements**

Refer to Footnote 1 in the notes to the condensed consolidated financial statements for new accounting pronouncements.

### **Critical Accounting Policies, Estimates and Judgments**

There have been no material changes to our critical accounting policies, estimates and assumptions or the judgments affecting the application of those accounting policies since our Annual Report on Form 10-K for the fiscal year ended September 29, 2012, with the exception of the following related to our goodwill.

We account for goodwill in accordance with ASC 350, Intangibles—Goodwill and Other, and test goodwill for impairment annually, or whenever events occur or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. This assessment involves the use of significant accounting judgments and estimates as to future operating results and discount rates. Changes in estimates or use of different assumptions could produce significantly different results. An impairment loss is generally recognized when the carrying amount of the reporting unit's net assets exceeds the estimated fair value of the reporting unit. We use discounted cash flow analysis to estimate the fair value of our reporting units. Our goodwill impairment analysis also includes a comparison of the aggregate estimated fair value of our reporting units to our total market capitalization. Based on our annual analysis of goodwill performed during the fourth quarter of fiscal 2012, we concluded there was no impairment of goodwill during fiscal 2012.

The Garden segment operating income has declined during the first nine months of fiscal 2013. Garden operating income has decreased \$9.0 million, or 18.8% from the comparable fiscal 2012 period. Due to recent trends impacting our Garden segment, we qualitatively assessed the valuation of our Garden segment reporting units, which have goodwill of \$7.7 million. This qualitative assessment resulted in a determination that it was more likely than not that the fair value of the reporting unit exceeded the carrying amount of the Garden Segment reporting units at June 29, 2013. If these trends continue through the remainder of the garden season, and our forecast of future operating performance further declines, there is the potential for goodwill impairment related to our Garden segment's reporting units.

The Pet segment operating income for the first nine months of fiscal 2013 has been relatively consistent with the comparable fiscal 2012 period. The Pet segment reporting units have \$202.5 million of goodwill. Our last annual impairment test in the fourth quarter of 2012 resulted in these units' valuation exceeding carrying value by more than 20%.

When estimating the fair value of a reporting unit, we may need to adjust discount rates and/or other assumptions when comparing the sum of the fair values of our reporting units to our market capitalization. The comparison of the fair values of our reporting units to our market capitalization can be influenced by the movement of our stock price during our fiscal fourth quarter. Significant adverse changes to our business environment, future cash flows or stock price could cause us to record impairment charges in future periods, which could be material. Our annual goodwill impairment test will be performed in our fourth fiscal quarter, the results of which will be reported in our 10K for the fiscal year ending September 28, 2013.

### **Item 3. Quantitative and Qualitative Disclosures About Market Risk**

There has been no material change in our exposure to market risk from that discussed in our Annual Report on Form 10-K for the fiscal year ended September 29, 2012.

### **Item 4. Controls and Procedures**

(a) *Evaluation of Disclosure Controls and Procedures.* Our Chief Executive Officer and Chief Financial Officer have reviewed, as of the end of the period covered by this report, the disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) that ensure that information relating to the Company required to be disclosed by us in the reports

that we file or submit under the Exchange Act is recorded, processed, summarized and reported in a timely and proper manner and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. Based upon this review, such officers concluded that our disclosure controls and procedures were effective as of June 29, 2013.

(b) *Changes in Internal Control Over Financial Reporting.* Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated whether any change in our internal control over financial reporting occurred during the third quarter of fiscal 2013. Based on that evaluation, management concluded that there has been no change in our internal control over financial reporting during the third quarter of fiscal 2013 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

**PART II. OTHER INFORMATION****Item 1. Legal Proceedings**

From time to time, we are involved in certain legal proceedings in the ordinary course of business. Currently, we are not a party to any legal proceedings that management believes would have a material effect on our financial position or results of operations.

**Item 1A. Risk Factors**

There have been no material changes from the risk factors previously disclosed in Item 1A to Part I of our Form 10-K for the fiscal year ended September 29, 2012 except for the following.

*If our goodwill, indefinite-lived intangible assets or other long-term assets become impaired, we will be required to record impairment charges, which may be significant.*

A significant portion of our long-term assets consist of goodwill and other intangible assets recorded as a result of past acquisitions. We do not amortize goodwill and indefinite-lived intangible assets, but rather review them for impairment on a periodic basis or whenever events or changes in circumstances indicate that their carrying value may not be recoverable. We consider whether circumstances or conditions exist which suggest that the carrying value of our goodwill and other long-lived intangible assets might be impaired. If such circumstances or conditions exist, further steps are required to determine whether the carrying value of each of the individual assets exceeds its fair value. If analysis indicates that an individual asset's carrying value does exceed its fair value, we would record a loss equal to the excess of the individual asset's carrying value over its fair value.

The steps required by GAAP entail significant amounts of judgment and subjectivity. Events and changes in circumstances that may indicate that there may be an impairment and which may indicate that interim impairment testing is necessary include, but are not limited to: competitive conditions; the impact of the economic environment on our customer base and on broad market conditions that drive valuation considerations by market participants; our internal expectations with regard to future revenue growth and the assumptions we make when performing impairment reviews; a significant decrease in the market price of our assets; a significant adverse change in the extent or manner in which our assets are used; a significant adverse change in the business climate that could affect our assets; and significant changes in the cash flows associated with an asset. As a result of such circumstances, we may be required to record a significant charge to earnings in our financial statements during the period in which any impairment of our goodwill, indefinite-lived intangible assets or other long-term assets is determined. Any such impairment charges could have a material adverse effect on our business, financial condition.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

The following table sets forth the repurchases of any equity securities during the fiscal quarter ended June 29, 2013 and the dollar amount of authorized share repurchases remaining under our stock repurchase program.

- (1) During the third quarter of fiscal 2011, our Board of Directors authorized a new \$100 million share repurchase program. The program has no expiration date and expires when the amount authorized has been used or the Board withdraws its authorization. The repurchase of shares may be limited by certain financial covenants in our credit facility and indenture that restrict our ability to repurchase our stock.
- (2) Shares purchased during the period indicated represent withholding of a portion of shares to cover taxes in connection with the vesting of restricted stock and the exercise of stock options.
