**SUPPLEMENT NO. 2, DATED OCTOBER 22, 2003  
TO THE PROSPECTUS DATED SEPTEMBER 8, 2003  
OF DIVIDEND CAPITAL TRUST INC.**

We are providing this Supplement No. 2 to you in order to supplement our prospectus. We previously supplemented our prospectus with Supplement No. 1 dated October 7, 2003. This supplement incorporates the information provided in Supplement No. 1 and therefore should replace it in its entirety.

The following discussion provides a summary of proposed changes to our articles of incorporation approved by our Board of Directors (the "Board") and to be voted upon by our shareholders at a special meeting scheduled for November 21, 2003. In addition to information regarding the special meeting, this supplement provides information that is an addition to the section entitled "Real Estate Investments-Properties." This prospectus also provides information which replaces the sections entitled "Management-The Advisor" and "Financial Statements-Dividend Capital Trust Inc. and Subsidiary Pro Forma Financial Information (Unaudited)," of the prospectus.

**Recent Developments Special Meeting of Shareholders**

On October 16, 2003, the Board of Directors (the "Board") held a special meeting to vote on certain proposed amendments to the Company's articles of incorporation. The Board approved the amendments to our articles of incorporation and recommended that our shareholders approve such amendments. A special meeting of shareholders of the Company will be held at our corporate offices at 518 17<sup>th</sup> Street, Suite 1700 Denver, Colorado on November 21, 2003 at 10:00 a.m. local time, for the following purposes:

- (1) To approve an amendment to our articles of incorporation to:
  - (a) reduce the maximum acquisition fee that may be paid to our external advisor from 3% to 1% and to add a maximum asset management fee of 0.75% per annum of the undepreciated cost of our properties;
  - (b) reduce the amount that we may reimburse the advisor for organizational and offering expenses from 3% to 2% of the gross proceeds of our public offering;
  - (c) reduce the amount that we may pay the dealer manager from 2.5% to 2% of the gross proceeds of our public offering, limit the amount of this fee that may be re-allowed by the dealer manager to 1.0% and reduce the maximum amount of up-front selling commissions that we may pay the dealer manager from 7% to 6% of the gross proceeds of our public offering (except that the selling commission may remain at up to 7% where the purchaser elects to pay a deferred commission); and
  - (d) reduce the maximum property management fee paid to an affiliate of the external advisor from the lesser of 4.5% of our gross revenues or 0.6% of the net asset value of our properties to the lesser of 3% of our gross revenues or 0.6% of the net asset value of our properties.
- (2) To approve an amendment to our articles of incorporation that would calculate our 50% leverage restriction based on our gross assets instead of based on the value of our properties, and to eliminate the 75% leverage restriction on any individual property. "Gross Assets" shall mean the total assets of the Company, at cost, before deducting depreciation or other non-cash reserves, calculated in accordance with Generally Accepted Accounting Principles ("GAAP"); less those assets required to be included in the total assets of the Company which the Company does not legally own.

## Edgar Filing: DIVIDEND CAPITAL TRUST INC - Form 424B3

- (3) To approve an amendment to our articles of incorporation that would permit the investment committee of our Board, consisting of a majority of independent directors, to approve any single property acquisition transaction of up to \$25 million in total purchase price.
- (4) To transact such other business as may properly come before the meeting, or any adjournment thereof.

The Board has fixed October 16, 2003 as the record date for the determination of shareholders entitled to receive notice of and to vote at the special meeting or any postponement or adjournment of the meeting.

### Properties

The following table provides information regarding the property we have acquired since the prospectus dated September 8, 2003. We purchased this property from an unaffiliated third party. This property will be subject to competition from similar properties within its market area and its economic performance could be affected by changes in local economic conditions. In evaluating this property for acquisition, we considered a variety of factors including location, demographics, price per square foot, credit of the tenants and the overall rental rate compared to market rates.

Property	Year Built	Date Acquired	Approximate Acquisition Costs, Including Expenses	Gross Leasable Area	Occupancy	Tenants
Rancho Technology Park	2002	10/17/03	\$ 10,350,000	201,493	100%	CHEP USA, GP Ozburn-Hessey Logistics, LLC

Rancho Technology Park

The Rancho Technology Park facility (the "Rancho Facility") is a one-story, newly constructed distribution facility with 201,493 square feet of leasable space. This building is located in the westernmost segment of the Inland Empire, an industrial sub-market of Los Angeles.

The cost of the Rancho Facility (including an acquisition fee of \$297,795 payable to our advisor, Dividend Capital Advisors, LLC) was approximately \$10,350,000. These costs include certain escrow amounts related to the newly negotiated lease with Ozburn-Hessey Logistics, LLC (OHL) totaling approximately \$430,000, which mostly represent amounts to be paid for tenant finish and leasing commissions. The total acquisition cost may increase by additional costs which have not yet been finally determined. We do not expect any additional costs to be material. Furthermore, we have obtained what we believe is adequate insurance on the property.

CHEP USA, GP entered into a net lease for approximately 50% of the facility's gross leasable square feet. CHEP USA, GP, a wholly-owned subsidiary of Brambles Group, operates globally and distributes, collects, reworks and reissues more than 200 million pallets and containers annually. The tenant pays a pro rata portion of the maintenance, insurance, taxes and all other expenses associated with the operation and maintenance of the facility. The landlord is generally responsible for all capital repairs including the roof, truck court and slab. The initial term of the lease is five years and may be extended at the option of the tenant for up to two additional five year terms. The initial aggregate annual rent under the current lease is \$387,364 payable monthly in equal installments of \$32,280.

The remaining space is currently leased to OHL. As a full service logistics company, OHL provides distribution services, transportation management and equipment sourcing to large national and regional companies. Per the lease agreement, rent will commence either; 1) November 15, 2003, if the temporary occupancy permit has been obtained, or 2) the later of January 15, 2004 or upon obtaining the occupancy permit. Per the master lease agreement with the seller, the seller is obligated to pay rent on this space at the same \$32,197 monthly rate that OHL will assume until the space is occupied and rent has commenced.

certain debt covenant purposes.

*Pro Forma Consolidated Statements of Operations for the Six Months Ended June 30, 2003 and for the Twelve Months Ended December 31, 2002:*

(1) This amount of rental revenue reflects the monthly straight-line rental rate of the in-place leases as of June 30, 2003 pro-rated for Pro Forma periods presented.

(2) Depreciation and amortization expense for the Pro Forma periods presented is based on the allocation of the purchase price between tangible and intangible assets. The Company depreciates

these assets on a straight-line basis over the estimated useful life of the assets. The following table represents the allocation of the total cost of the two properties presented:

	Amortization Period	Nashville	Chickasaw
Land	N/A	\$ 2,545,000	\$ 1,140,561
Buildings	40 Years	17,583,951	10,309,011

\$ 11,350,000	Annual interest rate equal to adjusted LIBOR plus 2.25% or (at the election of Dividend Capital) 1.0% over the Prime rate. As of June 30, 2003, the interest rate was 3.513%.	\$ 173,073	\$ 398,702

(4) In accordance with SFAS No. 141, these amounts represent the amortization amounts of the above and below market values of the in-place leases. The intangible lease assets and liabilities are amortized over the life of the lease to rental income.

(5) A certain amount of capital was raised through the Company's public offering after December 31, 2002 which was used to fund the acquisitions on July 22, 2003. As such, management reflected a certain number of shares that were sold subsequent to June 30, 2003 in order to facilitate the funding of the Chickasaw acquisition as well as maintain an adequate cash balance for certain debt covenant purposes. For purposes of calculating the pro forma weighted average number of common shares outstanding, this number in addition to the number of shares outstanding as of June 30, 2003 were considered to be outstanding as of January 1, 2002.
