Annual Meeting of Shareholders

May 2, 2006

PROXY STATEMENT

GENERAL INFORMATION

Proxy Solicitation

This proxy statement is furnished in connection with the solicitation of proxies by the board of directors of Shenandoah Telecommunications Company for use at Shenandoah Telecommunications Company's 2006 annual meeting of shareholders to be held in the auditorium of the Company's offices at 500 Shentel Way, Edinburg, Virginia, on Tuesday, May 2, 2006, at 11:00 a.m., local time. The purpose of the annual meeting and the matters to be acted upon are set forth in the accompanying notice of annual meeting.

The Company will pay the cost of this proxy solicitation. In addition to the solicitation of proxies by use of the mails, officers and other employees of the Company may solicit proxies by personal interview, telephone, e-mail and telegram. None of these individuals will receive compensation for such services, which will be performed in addition to their regular duties. The Company also has made arrangements with brokerage firms, banks, nominees and other fiduciaries to forward proxy solicitation material for shares held of record by them to the beneficial owners of such shares. The Company will reimburse such persons for their reasonable out-of-pocket expenses in forwarding such material.

A list of shareholders entitled to vote at the annual meeting will be open to the examination of any shareholder, for any purpose germane to the meeting, during ordinary business hours for a period of ten days before the meeting at the Company's offices at 500 Shentel Way, Edinburg, Virginia 22824, and at the time and place of the meeting during the whole time of the meeting.

This proxy statement and the enclosed proxy card are first being mailed to the Company's shareholders on or about March 31, 2006.

Voting and Revocability of Proxies

A proxy for use at the annual meeting and a return postage-paid envelope are enclosed.

Shares of the Company's common stock represented by a properly executed proxy, if such proxy is received in time and not revoked, will be voted at the annual meeting in accordance with the instructions indicated in such proxy. If no

Edgar Filing: SHENANDOAH TELECOMMUNICATIONS CO/VA/ - Form DEF 14A

instructions are indicated, such shares will be voted **FOR** the election of the three director nominees to the Company's board of directors. Discretionary authority is provided in the proxy as to any matters not specifically referred to in the proxy. Management is not aware of any other matters that are likely to be brought before the annual meeting. If any other matter is properly presented at the annual meeting for action, including a proposal to adjourn or postpone the annual meeting to permit the Company to solicit additional proxies in favor of any proposal, the persons named in the accompanying proxy will vote on such matter in their own discretion.

A shareholder executing a proxy card may revoke the proxy at any time before it is exercised by giving written notice revoking the proxy to the Company's Secretary, by subsequently filing another proxy bearing a later date or by attending the annual meeting and voting in person. Attending the annual meeting will not automatically revoke the shareholder's proxy. All written notices of revocation or other communications with respect to revocation of proxies should be addressed to Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary.

Voting Procedure

All holders of record of the common stock at the close of business on March 21, 2006 will be eligible to vote at the annual meeting. Each holder of common stock is entitled to one vote at the annual meeting for each share held by such shareholder. As of March 21, 2006, there were 7,701,552 shares of common stock outstanding.

A majority of the shares of common stock issued and outstanding and entitled to vote at the annual meeting, present in person or represented by proxy, will constitute a quorum at the annual meeting. Votes cast in person or by proxy at the annual meeting will be tabulated by the inspectors of election appointed for the annual meeting, who will determine whether or not a quorum is present. Abstentions and any broker non-votes, which are described below, will be counted for purposes of determining the presence of a quorum at the annual meeting.

The election of directors requires a plurality of the votes cast for the election of directors. Accordingly, the directorships to be filled at the annual meeting will be filled by the nominees receiving the highest number of votes. In the election of directors, votes may be cast in favor of or withheld with respect to any or all nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

Broker-dealers who hold their customers' shares in street name may, under the applicable rules of the exchanges and other self-regulatory organizations of which the broker-dealers are members, vote the shares of their customers on routine proposals, which under such rules typically include the election of directors, when they have not received instructions from the customer. Under these rules, brokers may not vote shares of their customers on non-routine matters without instructions from their customers. A broker non-vote occurs with respect to any proposal when a broker holds shares of a customer in its name and is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no

instruction is given. A broker non-vote will not affect whether any proposal to be acted upon at the annual meeting is approved.

Annual Report to Shareholders

A copy of the Company's annual report to shareholders for the year ended December 31, 2005 accompanies this proxy statement. The Company is required to file an annual report on Form 10-K for the year ended December 31, 2005 with the SEC. Shareholders may obtain, free of charge, a copy of the 2005 Form 10-K, without exhibits, by writing to Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary. The annual report on Form 10-K is also available through the Company's website at www.shentel.com. The annual report to shareholders and the Form 10-K are not proxy soliciting materials.

Important Notice Regarding Delivery of Shareholder Documents

If you and other residents at your mailing address own common stock in street name, your broker or bank may have sent you a notice that your household will receive only one annual report to shareholders and proxy statement for each company in which you hold shares through that broker or bank. This practice of sending only one copy of an annual report to shareholders and proxy statement is known as householding. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If the foregoing procedures apply to you, your broker has sent one copy of our annual report to shareholders and proxy statement to your address. If you did not receive an individual copy of our annual report to shareholders or this proxy statement, and wish to do so, the Company will send a copy to you if you address your written request to Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary, or call us at 540-984-5200. If you are receiving multiple copies of our annual report to shareholders and proxy statement, you can request householding by contacting our corporate secretary in the same manner.

The following table presents, as of March 21, 2006, information based upon the Company's records and filings with the SEC regarding beneficial ownership of the common stock by the following persons:

ELECTION OF DIRECTORS

Nominees for Election as Directors

The Company's certificate of incorporation provides that the board of directors is to be divided into three classes of directors, with the classes to be as nearly equal in number as possible. The terms of office of the three current classes of directors expire at this annual meeting, at the annual meeting of shareholders in 2007 and at the annual meeting of shareholders in 2008, respectively. Upon the expiration of the term of office of each class, the nominees for such class will be elected for a term of three years to succeed the directors whose terms of office expire.

Noel M. Borden, Ken L. Burch and Richard L. Koontz, Jr. have been nominated for election to the class with a three-year term that will expire at the annual meeting of shareholders in 2009. Mr. Borden and Mr. Burch are incumbent directors who have served on the board of directors since 1972 and 1995, respectively.

Mr. Koontz has been nominated to fill the vacancy created by the retirement of Grover M. Holler Jr. as a director. Mr. Holler, whose term of office will expire at the 2005 annual meeting, is not eligible to stand for re-election as a director under the board's mandatory retirement policy. All three nominees were nominated for election by the board of directors and recommended for nomination by the nominating committee, which consists of Mr. Arthur, Mr. Holler, and Mr. Zerkel. Mr. Koontz was

recommended to the nominating committee as a director candidate by a non-management director committee.

Approval of Nominees

Approval of the nominees requires the affirmative vote of a plurality of the votes cast at the annual meeting. Unless authority to do so is withheld, it is the intention of the persons named in the proxy to vote such proxy **FOR** the election of each of the nominees. In the event that any nominee should become unable or unwilling to serve as a director, the persons named in the proxy intend to vote for the election of such substitute nominee for director as the board of directors may recommend. It is not anticipated that any nominee will be unable or unwilling to serve as a director.

The board of directors unanimously recommends that the shareholders of the Company vote FOR the election of the nominees to serve as directors.

Board of Directors and Committees of the Board of Directors

The board of directors has determined that with the exception of Christopher E. French, each of the incumbent directors and the director nominee is or (in the case of such nominee) will be an independent director, as that term is defined in Nasdaq Marketplace Rule 4200(a)(15).

The board of directors welcomes communications from its shareholders, and has adopted a procedure for receiving and addressing those communications. Shareholders may send written communications to either the full board of directors or the non-management directors as a group by writing to the board of directors or the non-management directors at the following address: Board of Directors/

Non-Management Directors, Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary. Communications by e-mail should be addressed to corpsec@shentel.net and marked Attention: Corporate Secretary in the Subject field. The Secretary will review and forward all shareholder communications to the intended recipient, except for those shareholder communications that are outside the scope of board matters or duplicative of other communications by the applicable shareholder previously forwarded to the intended recipient.

The board of directors held 15 meetings during 2005. During 2005, each director attended at least 75% of the aggregate of the total number of meetings of the board of directors and of each committee of the board of directors on which such director served.

All of the Company's directors serving on the board of directors at that time attended the Company's annual meeting of shareholders in 2005. The board of directors has adopted a policy that all directors should attend the annual meeting of shareholders.

The board of directors currently has a standing audit committee, a standing personnel committee, and a standing nominating committee.

The audit committee, which held 12 meetings during 2005, consists of Mr. Holler, who is the Chairman, Mr. Arthur, Mr. Lam, Mr. Truban, and Mr. Zerkel. The board of directors has determined that each current audit committee member meets the independence requirements applicable to audit committee members under the Nasdaq Marketplace Rules and rules of the SEC. The board of directors has determined that Mr. Lam is an audit committee financial expert, as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC, and is independent of management. The audit committee is responsible, among its other duties, for engaging, overseeing, evaluating and replacing the Company's independent auditors, pre-approving all audit and non-audit services by the independent auditors,

reviewing the scope of the audit plan and the results of each audit with management and the independent auditors, reviewing the adequacy of the Company's system of internal accounting controls and disclosure controls and procedures, reviewing the financial statements and other financial information included in the Company's annual and quarterly reports filed with the SEC, and exercising oversight with respect to the Company's code of conduct and other policies and procedures regarding adherence with legal requirements. The audit committee's duties are set forth in the committee's charter, which was last amended on February 9, 2004. A copy of the charter is available on the Company's website at www.shentel.com.

The personnel committee, which held three meetings during 2005, consists of Mr. Borden, who is the Chairman, Dr. Fitzsimmons and Mr. Zerkel. Prior to January 1, 2006, because of his prior service as an officer of the Company, Mr. Borden was not an independent director, as that term is defined in Nasdaq Marketplace Rule 4200(a)(15). The personnel committee is responsible, among its other duties, for considering and making recommendations to the board of directors with respect to programs for human resource development and management organization and succession, for considering and making recommendations to the board of directors with respect to compensation matters and policies and the Company's employee benefit and incentive plans, including the Company's stock incentive plans, and for administering such plans. In accordance with the Nasdaq Marketplace Rules, the compensation of the chief executive officer and the Company's other executive officers is determined by the board of directors upon the recommendation of a majority of the directors who meet the independence requirements prescribed by the Nasdaq Marketplace Rules.

The nominating committee, which held two meetings during 2005, consists of Douglas C. Arthur, who is the Chairman, Grover M. Holler, Jr. and James E. Zerkel II, all of whom meet the independence requirements prescribed by the Nasdaq Marketplace Rules. The committee is responsible for recommending candidates for election to the board of directors for approval and nomination by the board of directors. The committee is also responsible for making recommendations to the board of directors or otherwise acting with respect to corporate governance matters, including board size and membership qualifications, new director orientation, committee structure and membership, non-employee director compensation, communications with shareholders, and board and committee self-evaluations. The charter of the nominating committee is available on the Company's website at www.shentel.com.

Director Nomination Process

The board of directors has, by resolution, adopted a director nominations policy. The purpose of the nominations policy is to describe the process by which candidates for possible inclusion in the Company's recommended slate of director nominees are selected. The nominations policy is administered by the nominating committee of the board of directors.

The board of directors does not currently prescribe any minimum qualifications for director candidates. Consistent with the criteria for the selection of directors approved by the board of directors, the nominating committee will take into

account the Company's current needs and the qualities needed for board service, including experience and achievement in business, finance, technology or other areas relevant to the Company's activities; reputation, ethical character and maturity of judgment; diversity of viewpoints, backgrounds and experiences; absence of conflicts of interest that might impede the proper performance of the responsibilities of a director; independence under SEC and Nasdaq Marketplace Rules; service on other boards of directors; sufficient time to devote to board matters; and ability to work effectively and collegially with other board members. In the case of incumbent directors whose terms of office are set to expire, the nominating committee will review such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any transactions of such directors with the Company during their term. For those potential new director candidates who appear upon first consideration to meet the board's selection criteria, the nominating committee will conduct appropriate inquiries into their background and qualifications and, depending on the result of such inquiries, arrange for in-person meetings with the potential candidates.

The nominating committee may use multiple sources for identifying director candidates, including its own contacts and referrals from other directors, members of management, the Company's advisors, and executive search firms. The nominating committee will consider director candidates recommended by shareholders and will evaluate such director candidates in the same manner in which it evaluates candidates recommended by other sources. In making recommendations for director nominees for the annual meeting of shareholders, the nominating committee will consider any written recommendations of director candidates by shareholders received by the Secretary of the Company not later than 120 days before the anniversary of the previous year's annual meeting of shareholders. Recommendations must include the candidate's name and contact information and a statement of the candidate's background and qualifications, and must be mailed to Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary.

The nominations policy is intended to provide a flexible set of guidelines for the effective functioning of the Company's director nominations process. The nominating committee intends to review the nominations policy at least annually and anticipates that modifications may be necessary from time to time as the Company's needs and circumstances evolve, and as applicable legal or listing standards change. The nominating committee may amend the nominations policy at any time, in which case the most current version will be available on the Company's website at www.shentel.com.

Director Compensation

Directors who are not employees of the Company receive a cash fee of \$1,000 per month and a cash fee of \$900 for each board of directors meeting attended. Committee members are paid cash fees of \$200 for each committee meeting attended in person or \$100 for each committee meeting in which they participate by conference call when such meetings are not held in conjunction with a board of directors meeting. The Company pays its non-employee directors these fees in arrears on a monthly

basis. All directors are reimbursed for the out-of-pocket expenses they incur in attending director education programs.

EXECUTIVE COMPENSATION

The following table shows information about the compensation paid to the Company's Chief Executive Officer, who is the President, and to each of the Company's four other most highly compensated executive officers for fiscal 2005. - (1) All options granted to the named executive officers were granted under the 1996 Stock Incentive Plan and are exercisable for shares of common stock. These options include an equal number of tandem stock appreciation rights (SARs) allowing the holder, upon exercise of the related option, to receive a payment in shares based on the excess of the fair market value of a share on the date of settlement over the exercise price of the option. The 1996 Stock Incentive Plan expired in February 2006. At the 2005 annual meeting of shareholders, the Company's shareholders approved the adoption of the Shenandoah Telecommunications Company 2005 Stock Incentive Plan.
- (2) These options will vest with respect to one-half of the shares subject to the option on each of the first and second anniversaries of the date of grant.
- (3) The term of each option may not exceed five years for all named executive officers.
- (4) The potential realizable value is calculated based on the fair market value on the date of grant, which is equal to the exercise price of the option, assuming that the shares appreciate in value from the option grant date compounded annually until the end of the option term at the rate specified, 5% or 10%, and that the option is exercised and sold on the last day of the option term for the appreciated share price. Potential realizable value is net of the option exercise price. The assumed rates of appreciation are specified in the rules and regulations of the SEC and do not represent the Company's estimate or projection of future prices of the shares. There is no assurance provided to any named executive officer or any other holder of common stock that the actual stock price appreciation over the term of the applicable options will be at the assumed 5% and 10% levels or at any other defined level.

Cash Incentive Plan

The Company pays annual cash bonuses to the executive officers under a cash incentive plan. Under the cash incentive plan, each participant is assigned a target bonus expressed as a percentage of the participant's regular salary. For 2005, the target bonus for the chief executive officer of the Company was 30% of salary paid, the target bonus for the executive vice president of the Company was 25% of salary paid, and the target bonus for other executive officers was 20% of salary paid. The maximum cash bonus payable to any executive officer in any fiscal year could be up to 200% of the target bonus. Of the bonus amount payable to executive officers, 60% is based on the achievement of company-wide performance goals relating to net income and service measures (which included customer turnover or churn, bad debt expense and service complaints) and 40% upon individual objectives established by management and, in the case of the chief executive officer and chief financial officer, the independent directors. Individual objectives for other executive officers included goals relating to sales, revenue and customer growth; and deployment of new technologies and services.

Pension Plans

The Company's executive officers participate in the Company's Retirement Plan, which is a noncontributory defined benefit pension plan qualified under Section 401 of the Internal Revenue Code, and the Supplemental Executive Retirement Plan, or SERP, which is an unfunded, nonqualified plan. The annual pension benefit under the plans, taken together, is largely determined by the years of service multiplied by a percentage of the participant's final earnings.

The following table shows the estimated annual benefits payable to a participant attaining age 65 in 2006 under the pension plan and the SERP for specified years of service at age 65. The benefits shown in the table are formula benefits, which include and reflect a reduction for Social Security benefits. Each of the benefits shown is payable as a straight-life annuity. Benefits are reduced if a survivor's benefit is elected. On retirement at ages earlier than 65, benefits may be reduced depending upon age and years of credited service at retirement.

Compensation for purposes of the Retirement Plan includes salary and other compensation paid by the Company and reportable on Form W-2, and certain pre-tax elective contributions, but excludes fringe benefits (cash and non-cash), including compensation related to stock incentive plans that is reported in the Summary Compensation Table in this proxy statement and certain other benefits and payments. The Internal Revenue Code limits the amounts of compensation that may be considered and the annual benefits which may be payable from the Retirement Plan. Retirement benefits in excess of these limitations and certain other supplemental retirement benefits are provided under the supplemental executive retirement plan.

The credited years of service as of January 1, 2006 for each named executive officer were as follows: Christopher French-24 years; Earle MacKenzie-3 years; Jonathan Spencer-1 year; David Ferguson-38 years; and William Pirtle-13 years.

Supplemental Executive Retirement Plan

Effective on May 12, 2003, the board of directors adopted a nonqualified SERP, for selected key employees who are participants in the Retirement Plan. The purpose of the SERP is to provide retirement benefits in addition to those provided under the Retirement Plan. The SERP is intended to be a plan that is unfunded and maintained primarily for the purpose of providing additional retirement benefits for a select group of management or highly compensated employees, as such phrase is used in the Employee Retirement Income Security Act of 1974. The SERP must be administered and construed in a manner that is consistent with that intent. Accordingly, the Company makes no contribution to the SERP, but records an expense for an associated net periodic pension cost that includes service, interest, prior service amortization and gain/loss amortization components. All named executive officers have been selected by the board of directors to participate in the SERP.

Under the terms of the SERP, the normal form of benefits for executives completing at least ten years of service is a monthly benefit for the life of the executive determined as follows: 50% for executives with 20 years or less of credited service, which is increased by 1% for each additional year of credited service up to a maximum of 70% with 40 years, times the executive's final annual earnings, less the accrued monthly benefit payable at age 65 to the executive under the Retirement Plan on that date, less the executive's estimated monthly Primary Social Security Benefit payable at age 65.

Report of Independent Directors on Executive Compensation

In accordance with the Nasdaq Marketplace Rules, all components of compensation for the Company's chief executive officer and other executive officers are determined by the board of directors upon the recommendation of a majority of the Company's directors who meet the independence requirements prescribed by those rules. The Company's independent directors offer this report regarding the executive compensation policy and compensation program in effect for 2005 for the Company's chief executive officer, who is the president, and the Company's other executive officers. This report, as well as the performance graph in this proxy statement, are not soliciting materials, are not deemed filed with the SEC and are not incorporated by reference in any filing of the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date of this proxy statement and irrespective of any general incorporation language in any such filing.

Compensation Policy. The overall goal of the independent directors is to develop compensation policies and practices that support the attainment of the Company's strategic business objectives. The independent directors review industry compensation surveys and compensation data from public filings by other publicly held companies in the Company's industry and market region, and in past years have used the services of independent executive compensation consultants in developing and evaluating compensation plans to achieve these objectives.

The independent directors compare executive compensation levels for the chief executive officer and the Company's other executive officers to the compensation of executives employed by companies considered to be in the Company's peer group. These peer group companies are smaller than many of the companies included in the indices used for the shareholder return performance graph, which include some much larger publicly traded companies. In reviewing the chief executive officer's compensation, the independent directors consider, in addition to the factors described below, the chief executive officer's individual contribution to the Company's performance and his efforts to manage the Company's long-term growth. The independent directors also compare the Company's short-term and long-term results to the performance of comparable companies.

The Company's executive compensation program includes a base salary, annual cash bonuses and long-term incentive compensation in the form of stock option awards. Overall, these programs are intended to link executive compensation to the Company's performance. The independent directors believe that a portion of

cash compensation should be tied to performance-based objectives. To encourage equity ownership by the Company's executives and to link executive compensation with increases in shareholder value, the compensation policy provides that a portion of total executive compensation will be in the form of periodic stock option awards.

Base Salary. Base salaries of the Company's executive officers are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the executive, and the competitive marketplace for executive talent, including a comparison to base salaries for comparable positions at public companies considered to be in the Company's peer group. Base salaries for executive officers are reviewed annually by the independent directors based upon, among other factors, individual performance and responsibilities.

Annual Cash Bonuses. The Company pays annual cash bonuses to the executive officers under a cash incentive plan. Under the cash incentive plan, each participant is assigned a target bonus expressed as a percentage of the participant's regular salary. For 2005, the target bonus for the chief executive officer of the Company was 30% of salary paid, the target bonus for the executive vice president of the Company was 25% of salary paid, and the target bonus for other executive officers was 20% of salary paid. The maximum cash bonus payable to any executive officer in any fiscal year could be up to 200% of the target bonus. Of the bonus amount payable to executive officers, 60% is based on the achievement of company-wide performance goals relating to net income and service measures (which included customer turnover or churn, bad debt expense and service complaints) and 40% upon individual objectives established by management and, in the case of the chief executive officer and chief financial officer, the independent directors. Individual objectives for other executive officers included goals relating to Sarbanes-Oxley compliance; sales, revenue and customer growth; and deployment of new technologies and services.

Based upon the achievement of the company-wide performance goals for 2005 and evaluation by the independent directors, the independent directors recommended for approval annual bonuses for the chief executive officer and the chief financial officer of 109% and 105% of their respective target bonuses. Annual cash bonuses for 2005 for the other executive officers ranged from 72% to 143% of their target bonuses.

Long-Term Incentive Compensation. Stock option awards under the 1996 Stock Incentive Plan are based on a formula that takes into account each executive's annual cash compensation. Based on this formula, the independent directors in 2005 recommended for approval the grant of stock options under the 1996 Stock Incentive Plan for 2,040 shares of common stock to the chief executive officer and for a total of 6,698 shares of common stock to the executive officers in the aggregate, including the chief executive officer. The foregoing grants were based on an assessment by the independent directors of both the contributions of the executive officers in 2005 and prior years and their anticipated role in increasing shareholder value. The independent directors also recommended for approval a special grant of stock options for 10,000 shares to one executive officer as part of his compensation package awarded upon commencement of his employment with the Company. All stock options granted to executive officers in 2005 were qualified stock options with an exercise price that was equal to the fair market value of the Company's common stock

on the date of grant. The options increase in value only to the extent of appreciation in the common stock, thereby providing a clear link to enhancement of shareholder value. To emphasize the long-term incentive provided by these stock options, the formula-based options are not fully exercisable until two years after the grant date and remain exercisable until the fifth anniversary of the grant date, and the special grant is not fully exercisable until six years after the grant date and remains exercisable until the seventh anniversary of the grant date.

Potential Effect of Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code of 1986 generally sets a limit of \$1 million on the amount of compensation paid to executive employees (other than enumerated categories of compensation, including performance-based compensation) that may be deducted by a publicly traded company. The compensation levels of the Company's executive employees have been below the \$1 million limit. If executive employee compensation were to approach the limit, the policy of the independent directors would be to seek to qualify executive compensation for deductibility to the extent that such a policy is consistent with the Company's overall objectives and executive compensation policy. The independent directors believe that no compensation for 2005 is at risk of not being fully deductible.
