ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON OCTOBER 17, 2003

PROXY STATEMENT

SUMMARY

We sent you this proxy statement because our Board of Directors is soliciting your proxy to vote your shares of ebix common stock at our upcoming Annual Meeting of Stockholders. The meeting is to be held at our offices located at 1900 E. Golf Road, Suite 1050, Schaumburg, Illinois on Friday, October 17, 2003, at 10:00 a.m., local time. If your proxy is properly submitted by an executed proxy card returned in a timely manner, it will be voted at the meeting according to the directions you provide. If you do not provide any direction, your proxy will be voted "FOR" all the nominees for election as directors. Your proxy also will be voted on any other matters presented for a vote in accordance with the judgment of the persons acting under the proxies. You may revoke your proxy at any time before it is voted at the annual meeting by:

attending the meeting, giving written notice of revocation to the secretary of the meeting prior to the voting of your proxy and voting your shares in person, although your attendance at the meeting will not by itself revoke your proxy;

sending a written notice to our Secretary indicating that you want to revoke your proxy; or

delivering to our Secretary a duly executed proxy bearing a later date, which revokes all previous proxies.

Our principal executive office is located at 1900 E. Golf Road, Suite 1050, Schaumburg, Illinois 60173 (telephone 847.789.3047). This proxy statement is dated September 26, 2003, and we expect to mail proxy materials to stockholders beginning on or about that date. In this proxy statement, the words "ebix," "Company," "we," "our," "ours," and "us" refer to ebix.com, Inc. and its subsidiaries.

SHARES OUTSTANDING AND VOTING RIGHTS

Only stockholders of record at the close of business on September 8, 2003 are entitled to vote at the Annual Meeting of Stockholders. The only voting stock of ebix outstanding is our common stock, of which 2,291,143 shares were outstanding at the close of business on September 8, 2003. Each share of our common stock is entitled to one vote. A quorum of stockholders is necessary to take action at the Annual Meeting. For purposes of each of the actions proposed to be taken at the Annual Meeting, the presence in person or by proxy of a majority of the outstanding shares of our common stock will constitute a quorum of stockholders.

Directors are elected by a plurality of the shares of common stock that are present in person or represented by proxy and entitled to vote at the Annual Meeting. This means that the five nominees receiving the highest number of "FOR" votes will be elected. Abstentions and broker non-votes (which

1

occur when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner) will be counted as shares present in the determination of whether the shares of common stock represented at the meeting constitute a quorum. Neither abstentions nor broker non-votes will have any effect in determining the outcome of the election of directors.

INFORMATION CONCERNING THE BOARD OF DIRECTORS AND COMMITTEES

The Board of Directors has a standing Audit Committee that consists exclusively of non-employee directors, each of whom meets the independence requirements of the Nasdaq Stock Market. The Audit Committee exercises oversight responsibility regarding the quality and integrity of our auditing and financial reporting practices. In discharging this responsibility, the Audit Committee, among other things selects the independent auditors, pre-approves the audit and any non-audit services to be provided by the auditors and reviews the results and scope of the annual audit performed by the auditors. The Audit Committee currently consists of Messrs. Baumel, Chisholm and Rich. Following the Annual Meeting, the Audit Committee is expected to consist of Messrs. Baumel, Chisholm and Drislane. The Audit Committee met five times during the fiscal year ended December 31, 2002.

The Board of Directors has a standing Compensation Committee that consists exclusively of non-employee directors. The Compensation Committee is responsible for approving compensation of officers and directors and administration of the Company's various employee benefit plans. The Compensation Committee currently consists of Messrs. Baumel and Rich. The Compensation Committee met in conjunction with four of the Board meetings during 2002.

The Board of Directors does not have a standing nominating committee or a committee performing similar functions.

4

Edgar Filing: EBIX COM INC - Form DEF 14A

The Board of Directors held 11 meetings during 2002. Each of the directors, other than Mr. Rich, attended at least 75 percent of the meetings of the Board of Directors and its committees on which he served during 2002.

Director Compensation

During 2002, non-employee directors did not receive an annual retainer or any other fees for their service as directors. Under the Non-Employee Directors Stock Option Plan (the "1998 Director Option Plan"), each non-employee director, upon initial election or appointment to serve on the Board of Directors, received a grant of an option to purchase 1,500 shares of common stock at an exercise price per share of 100% of the fair market value of a share on the date of the grant. Of the 1,500 shares of common stock subject to each such option, the option becomes exercisable with respect to: (1) 500 shares on the day prior to the first anniversary of the date of the grant and (2) 125 shares on the last day of each of the eight calendar quarters commencing on the last day of the calendar quarter ending on or after the first anniversary of the date of the grant. Each option has a term of ten years beginning on the date of the grant.

In addition, the 1998 Director Option Plan provides for each non-employee director, immediately following each annual meeting of stockholders, to be granted an option to purchase 450 shares of common stock at an exercise price per share of 100% of the fair market value of a share of common stock on the date of the grant. Of the 450 shares of common stock subject to such an option, the option becomes exercisable with respect to 113 shares on the last day of each of the four calendar quarters beginning with the first calendar quarter ending on or after the date of the grant. Under this program, each option has a term of ten years beginning on the date of the grant. Pursuant to the 1998 Director Option Plan, each of the non-employee directors, Messrs. Baumel, Chisholm, Drislane, Gerdes (who resigned on September 16, 2002) and Rich, received an option to purchase 450 shares of common stock, at an exercise price of \$4.64 per share, following our Annual Meeting on May 31, 2002. Additionally, on August 23, 2002, Messrs. Chisholm, Drislane, Gerdes and Rich each received an option to purchase 1,250 shares of common stock, at an exercise price of \$5.60 per share, under our 1996 Stock Incentive Plan. These options become exercisable each year, in equal annual installments on the first four anniversaries of the grant date, unless accelerated vesting criteria are met. If we report a pre-tax profit for the year ended December 31, 2003, these options will vest as to 50% of the remaining unvested shares on the date the profit is reported. If we report a net profit of at least \$2,000,000 for the year ended December 31, 2004, these options will vest as to all remaining unvested shares on the date the profit is reported. Each option has a term of ten years beginning on the date of the grant.

In May 2003, our Board of Directors determined that each Board member will receive options to purchase 1,500 shares of common stock each year, including the options automatically awarded under the 1998 Director Option Plan. Each member of the Compensation Committee will receive additional options to purchase 150 shares of common stock per year. Each Audit Committee member will receive additional options to purchase 375 shares of common stock per year. These options will be granted immediately following each annual meeting of stockholders at an exercise price per share of 100% of the fair market value of a share of common stock on the date of grant. These options will become exercisable on the last day of each of the four calendar quarters beginning with the first calendar quarter ending on or after the date of the grant and will have a term of ten years beginning on the date of the grant.

In addition, each member of the Audit Committee, other than its Chairman, will receive cash compensation of \$2,500 per year. The Audit Committee Chairman will receive cash compensation of \$5,000 per year.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Edgar Filing: EBIX COM INC - Form DEF 14A

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors and persons who beneficially own more than ten percent of a registered class of our equity securities to file with the Securities and Exchange Commission reports of securities ownership on Form 3 and changes in such ownership on Forms 4 and 5. Officers, directors and more than ten percent beneficial owners also are required by rules promulgated by the Securities and Exchange Commission to furnish us with copies of all such Section 16(a) reports that they file. Based solely upon a review of the copies of Forms 3, 4, and 5 furnished to us and representations by certain executive officers and directors that no such reports were required for them, we believe that, during 2002, all of our directors, officers and more-than-ten-percent beneficial owners filed all such reports on a timely basis.

Employment and Severance Agreements

Mr. Baum became the Chief Financial Officer of the Company pursuant to an agreement dated July 15, 1999 among the Company, Mr. Baum, and Tatum CFO Partners, LLP ("Tatum"). Tatum, of

which Mr. Baum was a partner until March 16, 2002, furnishes chief financial officers to businesses. The agreement, which by its terms was terminable by any of the parties on 30 days notice, provided that the Company paid Mr. Baum, as an officer and employee of the Company, a monthly salary of \$15,833.33, and paid Tatum monthly fees of \$3,166.67, for making certain of its resources available to Mr. Baum in his performance of his services to the Company. Under the agreement, the Company also granted options to purchase 12,500 shares of common stock to Mr. Baum and options to purchase 4,167 shares of common stock to Tatum, each with an exercise price of \$6.66 per share and vesting as the stock price rises. The vesting is 25% at \$72 per share, 25% at \$96 per share and 50% at \$120 per share. The agreement provided for

Edgar Filing: EBIX COM INC - Form DEF 14A

semi-annual bonuses to Mr. Baum (who would receive 75% of any such bonus) and Tatum (which would receive 25% of any such bonus) based on Mr. Baum's performance, and also provided for certain Company indemnification of Tatum. This agreement was terminated on April 15, 2002, after notice of the termination was given on March 16, 2002.

Mr. Baum has entered into an Executive Severance Agreement with the Company, dated October 4, 2000, which provides for a severance payment if a change of control of the Company occurs and, within 12 months thereafter, either Mr. Baum's employment is terminated without cause or he resigns due to a demotion or other new and onerous requirements being placed on him. Under the Agreement, the severance payment is equal to one year's salary (based on the highest monthly salary earned by Mr. Baum during the 12 months preceding his termination), plus a bonus equal to the fraction of the calendar year worked up to the termination multiplied by the bonus paid to him in the prior calendar year. Under certain circumstances, the Agreement also provides medical insurance subsidies for a period of 12 months and indemnification. Under the Agreement, Mr. Baum agrees to hold the Company's proprietary information confidential and, for a period of 12 months following his termination, cooperate with the Company with respect to corporate administrative affairs arising during his employment. If his termination results in payment of the Agreement's severance benefits, he will be subject to a non-competition agreement for a period of one year following his termination. When used in the foregoing summary the terms "cause," "change of control" and "demotion" have the meanings given to them in the Agreement.

The following is a summary description of our only non-stockholder-approved plan.

2001 Stock Incentive Plan

During 2001, our Board of Directors adopted the 2001 Stock Incentive Plan (the "2001 Plan"), which provides for the granting of stock options and other incentive awards to employees and consultants. The total number of shares reserved for issuance under the 2001 Plan is 62,500. The

purpose of the 2001 Plan is to attract and retain employees and consultants and to provide these persons with incentives and rewards for superior performance. Any of our employees or consultants, except our directors and officers and persons who have agreed to serve as one of its directors or officers, may receive awards issued under the 2001 Plan. Under the 2001 Plan, we may grant (1) option rights at option prices less than, equal to, or greater than, the market value of the underlying shares on the date of grant and (2) restricted shares and deferred shares, in each case without additional consideration from the participant or for consideration in an amount less than, equal to, or greater than, the market value of the shares on the date of grant. We may also grant replacement option rights (i.e., option rights awarded in exchange for the surrender and cancellation of an option to purchase shares of another corporation that has been acquired by us) subject to the same terms, conditions and discretion as option rights under the 2001 Plan. No options or other incentive awards have been granted under the 2001 Plan, and we have no current intention of making any awards under the 2001 Plan.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Edgar Filing: EBIX COM INC - Form DEF 14A

The Compensation Committee of the Board of Directors reviews and makes recommendations to the Board of Directors regarding salaries, compensation and benefits of officers and other key employees and grants options to purchase common stock.

During 2002 the members of the Compensation Committee were Messrs. Baumel and Rich.

COMPENSATION PHILOSOPHY. The Company's goals are to reward executives consistent with the Company's performance and to encourage the executives to increase stockholder value. To achieve these goals, the Compensation Committee has adopted the following objectives as guidelines:

Display a willingness to pay executives compensation necessary to attract and retain highly qualified executives.

Be willing to compensate executives for superior performance or for assuming new responsibilities or new positions within the Company.

Take into account historical levels of executive compensation and compensation structures competitive with other companies of a similar size.

Implement a balance between short and long-term compensation to complement the Company's annual and long-term business objectives and strategies.

Provide compensation opportunities based on the performance of the Company, encourage stock ownership by executives and align executive compensation with the interests of stockholders.

COMPENSATION PROGRAM COMPONENTS. The Compensation Committee reviews the Company's compensation program to ensure that pay levels and incentive opportunities are competitive with the market and reflect the performance of the Company. The particular elements of the compensation program for executive officers are further explained below.

BASE SALARY. The Company's base pay levels are largely determined by evaluating the responsibilities of the position held and the experience of the individual and by comparing the salary scale with companies of similar size and complexity with which the members of the Committee are familiar. Actual base salaries are kept within a competitive salary range for each position that is established through job evaluation and market comparisons and approved by the Committee as reasonable and necessary.

ANNUAL INCENTIVES. The Company has historically awarded cash bonuses to certain salaried employees (including the Named Officers) of the Company. Bonuses are based on various factors,

9

including profitability, revenue growth, management development and other specific performance criteria.

STOCK OPTION PROGRAM. The Compensation Committee strongly believes that by providing those persons who have substantial responsibility for the management and growth of the Company with an opportunity to increase their ownership of the Company's stock, the interests of stockholders and executives will be closely aligned. Therefore, the Company's officers (including the Named Executive Officers) and other key employees are eligible to receive either incentive stock options or nonqualified stock options as the Compensation Committee may determine from time to time, giving them the right to purchase shares of common stock at an exercise price equal to 100 percent of the fair market value of the common stock at the date of grant. The number of stock options granted to executive officers is based on several factors including options held as a percentage of total outstanding shares, exercise price of existing options, retention considerations and competitive practices.

CHIEF EXECUTIVE OFFICER COMPENSATION. Mr. Raina's compensation as Chief Executive Officer during 2002 was based on his previous compensation level in 2001 and the Compensation Committee's assessment of the value to the Company of continuity and stability in the Company's management. The Compensation Committee also compared Mr. Raina's compensation to compensation levels in the marketplace for chief executive officers of companies of comparable size with which members are familiar.

Edgar Filing: EBIX COM INC - Form DEF 14A

In 2002, Mr. Raina received options to purchase 125,000 shares of the Company's common stock. In addition, and continuing a bonus structure that was established when Mr. Raina was the Executive Vice President and Chief Operating Officer, a potentially substantial part of his compensation (up to 75%) of base salary was contemplated to consist of a bonus, based on success in meeting goals relating to the Company's financial performance, continuity of management and hiring of certain officers. Considering such factors, a bonus was paid to Mr. Raina for 2002 of \$150,000.

SUMMARY. After its review of all existing programs, the Compensation Committee continues to believe that the total compensation program for executives of the Company is appropriately focused on enhancing corporate performance and increasing value for stockholders. The Compensation Committee believes that the compensation of executive officers is properly tied to stock appreciation through awards granted under the 1996 Stock Incentive Plan and that executive compensation levels at the Company are competitive with the compensation programs provided by other corporations of a similar size known to the Committee.

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(m). The Compensation Committee has considered the impact of Section 162(m) of the Internal Revenue Code, which generally disallows a tax deduction to publicly held corporations for compensation over \$1 million paid to the corporation's Chief Executive Officer and four other most highly compensated executive officers, unless such compensation qualifies as "performance-based" compensation. While the Compensation Committee does not believe that Section 162(m) will be applicable to the Company in the foreseeable future, it is the Compensation Committee's general policy to qualify, to the extent reasonable, compensation for deductibility under applicable tax laws.

Respectfully submitted,
Members of the Compensation Committee
William R. Baumel

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On April 27, 2001, we consummated the first closing contemplated by an agreement with BRiT Insurance Holdings PLC ("BRiT"). Pursuant to the agreement, we issued 280,000 shares of our common stock to BRiT for \$2,800,000. As a result of the first closing, BRiT acquired approximately a 16.4 percent equity ownership interest in us. On June 29, 2001, we consummated a second and final closing with BRiT. Pursuant to this closing, we issued 588,000 shares of our common stock to BRiT in return for cash consideration of \$4,200,000 and BRiT's transfer to us of approximately half of its common stock investment in Insurance Broadcast Systems Inc. ("IBS"), representing a 28 percent equity ownership interest in IBS. This final closing brought BRiT's total cash investment in us to \$7,000,000 and increased its equity ownership to approximately 38 percent thereby becoming our largest stockholder. The total number of shares held by BRiT at September 10, 2003 was 930,163, representing an equity ownership of 40.6 percent.

During 2001, 2002 and 2003, we entered into various software and service agreements with BRiT. Approximately \$2,100,000 was recognized as revenue during 2002 from BRiT and its affiliates. Total accounts receivable from BRiT and its affiliates at December 31, 2002 were \$869,000.

During 2003, we received approximately \$984,000 pursuant to software and service agreements with BRiT and its affiliates. We continue to provide services to BRiT and its affiliates pursuant to these agreements and expect to receive payments for such services.

During 2003, we hired Rahul Raina as the Director of Business Process Outsourcing for our Delphi Consulting Division. He is paid an annual salary of \$90,000 and was granted options to purchase 25,000 shares of our common stock at an exercise price of \$2.85 per share. Rahul

Audit Committee Report

The Audit Committee's responsibilities and powers are set forth in its charter, which was filed as an exhibit to our proxy statement for our 2002 annual meeting of stockholders.

12

In discharging its oversight responsibility, the Audit Committee reviewed and discussed the audited financial statements for the year ended December 31, 2002 with management and the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America, including a discussion on the quality and appropriateness of the accounting principles, the reasonableness of significant judgments, and the adequacy of internal controls. The Committee discussed with the independent auditors the results of the 2002 audit and all other matters required to be discussed by Statement on Auditing Standards (SAS) No. 61, Communication with Audit Committees, as amended by SAS No. 90, Audit Committee Communications. In addition, the Committee received, reviewed and discussed the written disclosures from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Committee determined that the provision by the independent auditors of the non-audit services referred to in the table above is compatible with maintaining their independence.

Based on the review and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission.
