Directors are elected for an annual term and generally hold office until the next Directors have been duly elected and qualified. Directors may receive compensation for their services as determined by the Board of Directors. A vacancy on the Board may be filled by the remaining Directors even though less than a quorum remains. A Director appointed to fill a vacancy remains a Director until his successor is elected by the Stockholders at the next annual meeting of Shareholder or until a special meeting is called to elect Directors.

Board, Audit Committee and Remuneration Committee Meetings

Our Board of Directors consists of four members, of whom two have been, and continue to be, independent under applicable regulations. During fiscal 2011, our Board of Directors met once. The Board of Directors also use resolutions in writing to deal with certain matters, and during fiscal 2011, two resolutions in writing were signed by all Directors.

We do not have a nominating committee. Historically our entire Board has selected nominees for election as directors. The Board believes this process has worked well thus far particularly since it has been the Board's practice to require unanimity of Board members with respect to the selection of director nominees. In determining whether to elect a director or to nominate any person for election by our stockholders, the Board assesses the appropriate size of the Board of Directors, consistent with our bylaws, and whether any vacancies on the Board are expected due to retirement or otherwise. If vacancies are anticipated, or otherwise arise, the Board will consider various potential candidates to fill each vacancy. Candidates may come to the attention of the Board through a variety of sources, including from current members of the Board, stockholders, or other persons. The Board of Directors has not yet had the occasion to, but will, consider properly submitted proposed nominations by stockholders who are not directors, officers, or employees of Golden River Resources on the same basis as candidates proposed by any other person. The Board of Directors does not have a policy with respect to the use of diversity as a criteria for Board membership and does not consider diversity in the selection of our Directors.

Board Leadership Structure and Risk Oversight

The office of the Chairman of the Board and Chief Executive Officer currently are held by the same individual. The Company believes that the combined role is more efficient for a smaller company. Also, the Company's Board of Directors sets the Company's strategy and goals so the Chairman of the Board must be an integral part of that process, and he can provide strategic guidance to the Board by virtue of his role as Chief Executive Officer.

The Company's Board is responsible for monitoring and assessing the Company's risks, which include risks associated with operations, financing and capital investments.

Audit Committee

Dr David Tyrwhitt and Mr Mordechai Gutnick constitute our Audit Committee. It is the opinion of the Board of Directors that each of them is an independent director as defined in Rule 10A-3 of the Securities Exchange Act of 1934. In addition, the Board believes that Mr Tyrwhitt would meet the director independence requirements of the Nasdaq Stock Market if we were listed on such Market, but that Mr Mordechai Gutnick would not meet such Nasdaq independence requirements in light of his family relationship with Mr Joseph Gutnick who is our Chief Executive Officer. Our Audit Committee does not include a "financial expert" as defined in Item 401 (e) of Regulation S-K. The Company only has two independent Directors and neither of these independent Directors has a finance background. The Chair of the Audit Committee met with the external auditors on four occasions during fiscal 2011 in respect to annual and quarterly reports prior to the reports being filed.

The Board has adopted a written charter for the Audit Committee. The charter may be viewed on the Company's website at www.goldenriverresources.com.

Remuneration Committee

The Board has a Remuneration Committee comprised of two independent directors. During fiscal 2011, the Remuneration Committee did not meet.

Code of Ethics

We have adopted a Code of Conduct and Ethics and it applies to all Directors, Officers and employees. A copy of the Code of Conduct and Ethics is posted on our website at www.goldenriverresources.com and we will provide a copy to any person without charge. If you require a copy, you can download it from our website or alternatively, contact us by facsimile or email and we will send you a copy.

Report of the Audit Committee

Management is responsible for the Company's financial reporting process, including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements.

In performing our oversight duties we rely on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States. We also rely on the representations of the independent auditors included in their report on The Company's financial statements.

Our oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures. Furthermore, our contacts with management and the independent auditors do not assure that:

the Company's financial statements are presented in accordance with generally accepted accounting principles,

the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or

the Company's independent accountants are in fact "independent."

In connection with the inclusion of the audited financial statements in the Company's fiscal 2011 annual report on Form 10-K, the Board of Directors:

reviewed and discussed the audited financial statements with management,

discussed with our independent auditors the materials required to be discussed by SAS 61,

reviewed the written disclosures and the letter from our independent auditors required by Independent Standards Board Standard No. 1 and discussed with our independent auditors their independence, and

based on the foregoing review and discussion, recommended to the Board of Directors that the audited financial statements be included in the Company's fiscal 2011 annual report on Form 10-K.

The Company owns 9.09% of the outstanding shares of AXIS and accounts for this interest at its cost price of \$1. A number of arrangements and transactions have been entered into from time to time between such companies. It has been the intention of the affiliated companies and respective Boards of Directors that each of such arrangements or transactions should accommodate the respective interest of the relevant affiliated companies in a manner which is fair to all parties and equitable to the shareholders of each. Currently, there are no material arrangements or planned transactions between the Company and any of the other affiliated companies other than AXIS, except that, one of these companies, Northern Capital Resources Corp. is the principal stockholder of the Company.

AXIS is paid by each company for the costs incurred by it in carrying out the administration function for each such company. Pursuant to the Service Agreement, AXIS performs such functions as payroll, maintaining employee records required by law and by usual accounting procedures, providing insurance, legal, human resources, company secretarial, land management, certain exploration and mining support, financial, accounting advice and services.
