NOTE 1: DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Business Activity

Creative Management Group, Inc. was formed in Delaware on August 13, 2002 as a limited liability company named Creative Management Group, LLC. On August 7, 2007, this entity converted to a corporation and changed its legal name to Creative Management Group Inc. The Company is a sports, entertainment, marketing and management company providing event management implementation, sponsorships, licensing and broadcast, production and syndication.

On February 20, 2008, Creative Management Group, Inc. formed CMG Acquisitions, Inc., a Delaware company, for the purpose of acquiring companies and expansion strategies. On February 20, 2008, Creative Management Group, Inc. acquired 92.6% of Pebble Beach Enterprises, Inc. (a publicly traded company) and changed the name to CMG Holdings Group, Inc. ("the Company"). The purpose of the acquisition was to effect a reverse merger with Pebble Beach Enterprises, Inc. at a later date. On May 27, 2008, Pebble Beach entered into an Agreement and Plan of Reorganization with its controlling shareholder, Creative Management Group, Inc., a privately held Delaware corporation. Upon closing the eighty shareholders of Creative Management Group delivered all of their equity interests in Creative Management Group to Pebble Beach in exchange for shares of common stock in Pebble Beach owned by Creative Management Group, as a result of which Creative Management Group became a wholly-owned subsidiary of Pebble Beach. The shareholders of Creative Management Group received one share of Pebble Beach's common stock previously owned by Creative Management Group for each issued and outstanding common share owned of Creative Management Group. As a result, the 22,135,148 shares of Pebble Beach that were issued and previously owned by Creative Management Group, are now owned directly by its shareholders. The 22,135,148 shares of Creative Management Group previously owned by its shareholders are now owned by Pebble Beach, thereby making Creative Management Group a wholly-owned subsidiary of Pebble Beach. Pebble Beach did not issue any new shares as part of the Reorganization. The transaction was accounted for as a reverse merger and recapitalization whereby Creative Management Group is the accounting acquirer. Pebble Beach was renamed CMG Holdings Group, Inc.

On April 1, 2009, the Company, through a newly formed wholly owned subsidiary CMGO Capital, Inc., a Nevada corporation, completed the acquisition of XA, The Experiential Agency, Inc. On March 31, 2010, the Company and AudioEye, Inc. (“AudioEye”) completed the final Stock Purchase Agreement under which the Company acquired all of the outstanding capital stock of AudioEye. On June 22, 2011 the Company entered into a Master Agreement subject to shareholder approval as may be required under applicable law and subject to closing conditions with AudioEye Acquisition Corp., a Nevada corporation where the shareholders of AudioEye Acquisition Corp. exchanged 100% of the stock in AudioEye Acquisition Corp for 80% of the capital stock of AudioEye. The Company retained 15% of AudioEye subject to transfer restrictions in accordance with the Master Agreement; on October 2012, the Company distributed to its shareholders, in the form of a dividend, 5% of the capital stock of AudioEye in accordance with provisions of the Master Agreement.

On March 28, 2014, CMG Holdings, Inc. (the “Company” or “CMG”), completed its acquisition of 100% of the shares of Good Gaming, Inc. (“GGI”) by entering into a Share Exchange Agreement (the “SEA”) with BMB Financial, Inc. and Jackie Beckford, the then shareholders of GGI. The sole owner of BMB Financial, Inc. is also the sole owner of Infinite Alpha, Inc. which provides consulting services to CMG. Pursuant to the SEA, the Company received 100% of the shares of GGI in exchange for 5,000,000 shares of the Company’s common stock, \$33,000 in equipment and consultant compensation and a commitment to pay \$200,000 in development costs, of which \$50,000 of the development costs had been advanced by the Company. In addition, pursuant to the SEA, CMG shall adopt an incentive plan for GGI which shall entitle the GGI officers, directors and employees to receive up to 30% of the net profits of GGI and up to 30% of the proceeds, in the event of a sale of GGI or its assets.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2014

(Unaudited)

Principles of Consolidation

The consolidated financial statements include the accounts of CMG Holdings Group, Inc., XA, The Experiential Agency, Inc. ("XA") and GGI after elimination of all significant inter-company accounts and transactions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the period reported. Estimates are used when accounting for allowance for doubtful accounts, depreciation, and contingencies. Actual results could differ from those estimates.

Concentrations of Risk

The Company maintains its cash balances at two financial institutions where they are insured by the Federal Deposit Insurance Corporation up to \$250,000 each. At June 30, 2014 and December 31, 2013, neither of these accounts was in excess of the limit. The Company also maintains a money market investment account at one securities firm where the account is insured by the Securities Investor Protection Corporation up to \$500,000 for the bankruptcy, etc., of the securities firm. At June 30, 2014 and December 31, 2013, the account had no balance in excess of the limit. For the quarter ended June 30, 2014 and the year ended December 31, 2013, one customer exceeds 10% of the Company's total revenue, representing 88% and 72% of the Company's total revenues, respectively.

Revenue and Cost Recognition

The Company earns revenues by providing event management services under individually negotiated contracts with varying terms, recognizing revenue in accordance with ASC 605, *Revenue Recognition*, only when the price is fixed or determinable, persuasive evidence of an arrangement exists, the services have been provided and collectability is assured. In arrangements where key indicators suggest the Company acts as principal, the Company records the gross amount billed to the client as revenue and the related costs incurred as cost of revenues as the services are provided.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are amounts due from event management services, are unsecured and are carried at their estimated collectible amounts. Credit is generally extended on a short-term basis and do not bear interest, although a finance charge may be applied to amounts outstanding more than thirty days. Accounts receivable are periodically evaluated for collectability based on past credit history with clients. Provisions for losses on accounts receivable are determined on the basis of loss experience, known and inherent risk in the account balance and current economic conditions. There were no allowances for doubtful accounts as of June 30, 2014 or December 31, 2013.

Share-Based Compensation

The Company accounts for share-based compensation to employees in accordance with Accounting Standards Codification subtopic 718-10, *Stock Compensation* (“ASC 718-10”) and share-based compensation to non-employees in accordance with ASC 505-50 *Accounting for Equity Instruments Issued to Non-Employees for Acquiring, or in Conjunction with Selling, Goods or Services*. ASC 718-10 and 505-50 require the measurement and recognition of compensation expense for all share-based payment awards, including stock options based on the estimated fair values.

Derivative Instruments

The Company accounts for derivative instruments in accordance with ASC Topic 815, *Derivatives and Hedging*, and all derivative instruments are reflected as either assets or liabilities at fair value in the balance sheet.

The Company uses estimates of fair value to value its derivative instruments. Fair value is defined as the price to sell an asset or transfer a liability in an orderly transaction between willing and able market participants. In general, the Company's policy in estimating fair values is to first look at observable market prices for identical assets and liabilities in active markets, where available. When these are not available, other inputs are used to model fair value such as prices of similar instruments, yield curves, volatilities, prepayment speeds, default rates and credit spreads (including for the Company's liabilities), relying first on observable data from active markets. Additional adjustments may be made for factors including liquidity, credit, bid/offer spreads, etc., depending on current market conditions. Transaction costs are not included in the determination of fair value. When possible, The Company seeks to validate the model's output to market transactions. Depending on the availability of observable inputs and prices, different valuation models could produce materially different fair value estimates. The values presented may not represent future fair values and may not be realizable. The Company categorizes its fair value estimates in accordance with ASC 820, *Fair Value Measurements* (ASC 820), based on the hierarchical framework associated with the three levels of price transparency utilized in measuring financial instruments.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all short-term debt securities purchased with maturity of three months or less to be cash equivalents.

Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation and amortization. Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the respective assets, which is generally between three and five years. Depreciation expense was \$0 and \$0 for the quarter ended June 30, 2014 and December 31, 2013, respectively.

Intangible Assets

Intangible assets are stated at cost, net of accumulated amortization. Amortization is computed using the straight-line method over the estimated useful life of the respective asset, which is three years. Amortization expense was \$0 and \$0 for the quarter ended June 30, 2014 and the year ended December 31, 2013, respectively.

Income Taxes

The Company accounts for income taxes using the asset and liability approach. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amounts expected to be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Basic and Diluted Net Loss per Share

The Company computes net loss per share in accordance with ASC 260, *Earnings Per Share*, which requires presentation of both basic and diluted earnings per share (EPS) on the face of the income statement. Basic EPS is computed by dividing net loss available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive.

Recently Issued Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

Fair Value Measurements

ASC 820 and ASC 825, *Financial Instruments* (ASC 825), requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. It establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. It prioritizes the inputs into three levels that may be used to measure fair value:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. Level 1 primarily consists of financial instruments such as exchange-traded derivatives, marketable securities and listed equities.

Level 2 – Pricing inputs are other than quoted prices in active markets included in level 1, which are either directly or indirectly observable as of the reported date. Level 2 includes those financial instruments that are valued using models or other valuation methodologies. These models are primarily industry-standard models that consider various assumptions, including quoted forward prices for commodities, time value, volatility factors, and current market and contractual prices for the underlying instruments, as well as other relevant economic measures. Substantially all of these assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data or are supported by observable levels at which transactions are executed in the marketplace. Instruments in this category generally include non-exchange-traded derivatives such as commodity swaps, interest rate swaps, options and collars.

Level 3 – Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management’s best estimate of fair value.

The Company’s financial instruments consist principally of cash, accounts receivable, accounts payable and accrued liabilities. Pursuant to ASC 820 and 825, the fair value of cash is determined based on “Level 1” inputs, which consist of quoted prices in active markets for identical assets. The recorded values of all other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations.

The following table sets forth by level with the fair value hierarchy the Company’s financial assets and liabilities measured at fair value on June 30, 2014 and December 31, 2013:

June 30, 2014	Level 1	Level 2	Level 3	Total

CMG HOLDINGS GROUP, INC.**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****June 30, 2014****(Unaudited)****Investments in Debt and Equity Securities**

The Company applies the provisions of Accounting Standards Codification 320, *Investments – Debt and Equity Securities*, regarding marketable securities. The Company invests in securities that are intended to be bought and held principally for the purpose of selling them in the near term, and as a result, classifies such investments as trading securities. Trading securities are recorded at fair value on the balance sheet with changes in fair value being reflected as unrealized gains or losses in the current period. In addition, the Company classifies the cash flows from purchases, sales, and maturities of trading securities as cash flows from operating activities.

Details of the Company's marketable trading securities as of June 30, 2014 and December 31, 2013 are as follows:

	June 30, 2014	December 31, 2013
Aggregate fair value	\$141,703	\$ 764,088
Gross unrealized holding gains	113,714	622,769

NOTE 2 - EQUITY**Preferred Stock**

Series B Preferred Stock and Inventory Purchase

On March 31, 2011 the Company acquired 20,000 cartoon animated cels (the “Cel Art”) from Continental Investments Group, Inc. (the “Agreement”). The Company issued 50,000 shares of its Series B Convertible Preferred Stock to Continental Investments Group, Inc. as consideration for the Cel Art, such shares of Series B Convertible Preferred Stock having a stated value per share of \$100. The Cel Art consists of collectible, hand-painted cartoon animation cels. The shares of Series B Preferred Stock are convertible into common shares of the Company at the stated value of \$100 per share divided by the volume weighted average trading price for the 30 days prior to conversion. The preferred shares are non-voting and do not receive dividends. The Company determined the fair value of the preferred stock to be \$3,240,502 on the acquisition date based on the number of shares of common stock the preferred shares could be converted into and the market price of the common stock on the agreement date. The cartoon animated cels are valued at the lower of cost or market. As of December 31, 2011, Management wrote down the inventory to zero. The Company also analyzed the embedded conversion option for derivative accounting consideration under ASC 815-15 and determined that the conversion option should be classified as equity. During the year ended December 31, 2011, the Company determined that due to uncertainties related to future sales of the Cel Art, the entire balance should be reserved as of December 31, 2011.

During August 2013, the Company entered into a Termination Agreement and Release (the “Agreement”) with Continental Investments Group (Continental), the holder of a \$85,000 convertible note payable of the Company and the holder of 2,500,000 shares of restricted common stock. The Agreement calls for the termination and cancellation of a Sale and Purchase agreement, whereby the Company agreed to issue 50,000 shares of Series B Convertible Preferred Stock in exchange for 20,000 cartoon animated Cels. The Agreement also calls for the cancellation of the \$85,000 convertible note and related interest and for Continental to return the 2,500,000 shares of restricted common stock.

Common Stock

On January 29, 2014, the Company sold 1,500,000 shares of its common stock for \$0.01 per share and net proceeds of \$15,000.

On March 28, 2014, the Company issued 5,000,000 shares of its common stock pursuant to the acquisition of its subsidiary. The shares were valued at a total of \$87,500 or \$0.0175 per share, the closing price of the company’s common stock on the OTCQB.

On April 7, 2014, the Company issued 522,000 shares of its common stock pursuant to a consulting agreement. The shares were valued at a total of \$8,613 or \$0.0165 per share, the closing price of the company’s common stock on the OTCQB.

NOTE 3 - NOTES PAYABLE

Paul Sherman Agreement

On May 12, 2012, the Company modified its July 24, 2011 agreement with Paul Sherman into a \$9,943 convertible promissory note bearing interest at 2% and due on May 15, 2013. The convertible promissory note is convertible at a price equal to the close price on the day prior to Paul Sherman's request for conversion, but not to go below \$.001. The Company analyzed the conversion option for derivative accounting consideration under ASC 815-15 and determined that the instrument should be classified as a liability. The fair value of the embedded conversion option resulted in a discount of \$8,875 on the date of the note. The discount is being amortized over the term of the note to interest expense. The discount balance was \$0 and \$0 as of June 30, 2014 and December 31, 2013, respectively. Amortization of \$0 and \$3,376 was recognized as interest expense during the six months ended June 30, 2014 and the year ended December 31, 2013, respectively. The convertible promissory note has an outstanding balance of \$9,943 and \$9,943 as of June 30, 2014 and December 31, 2013, respectively.

NOTE 4 - DERIVATIVE LIABILITIES

The Company has a convertible instrument outstanding more fully described in Note 3. In accordance with ASC 815-15 "Derivatives and Hedging", the convertible share-settleable instruments are classified as liabilities.

Embedded Derivative Liabilities in Convertible Notes

During the years ended December 31, 2013 and 2012, the Company recognized new derivative liabilities of \$98,097 and \$721,590, respectively, as a result of new convertible debt issuances. The fair value of these derivative liabilities exceeded the principal balance of the related notes payable by \$0 and \$0 for the six months ended June 30, 2014 and the year ended December 31, 2013, respectively. As a result of conversion of notes payable described above, the Company reclassified \$0 and \$9,240,920 from equity and \$0 and \$0 of derivative liabilities to equity during the six months ended June 30, 2014 and the year ended December 31, 2013, respectively. The Company recognized a gain of \$11,121 and a gain of \$210,810 on derivatives due to change in fair value of the liability during the six months ended June 30, 2014 and the year ended December 31, 2013, respectively. The fair value of the Company's embedded derivative liabilities was \$0 and \$11,121 at June 30, 2014 and December 31, 2013, respectively.

Warrants

During 2011, 774,000 A Warrants and 774,000 B warrants were issued to individuals. The Company determined that the instruments embedded in the warrants should be classified as liabilities. During March 31, 2010, 250,000 shares of warrants issued to AudioEye at an exercise price of \$0.07 per share and a term of 5 years.

Under ASC 815-15, the liabilities were subsequently measured at fair value at the end of each reporting period with the change in fair value recorded to earnings. The fair value of all outstanding warrants as of June 30, 2014 and December 31, 2013 was \$3,195 and \$11,121, respectively. The Company recognized an expense of \$381 and a gain \$10,196 related to the warrants for the three months ended June 30, 2014 and the year ended December 31, 2013, respectively.

The following table summarizes the derivative liabilities included in the consolidated balance sheet:

Derivative Liabilities	
Balance at December 31, 2011	\$444,150
ASC 815-15 additions	721,590
Change in fair value	192,025
ASC 815-15 deletions	(1,211,795)
Balance at December 31, 2012	145,970
ASC 815-15 additions	98,097
Change in fair value	(210,180)

Assumption used include (1) 0.06% to 0.13% risk-free interest rate, (2) life is the remaining contractual life of the instrument (3) expected volatility 55% to 239%, (4) zero expected dividends, (5) exercise price as set forth in the agreements, (6) common stock price of the underlying share on the valuation date, and (7) number of shares to be issued if the instrument is converted.

NOTE 5 - LEGAL PROCEEDINGS

We are subject to certain claims and litigation in the ordinary course of business. It is the opinion of management that the outcome of such matters will not have a material adverse effect on our consolidated financial position, results of operations or cash flows.

On April 21, 2011, the Company was served with a lawsuit that was filed in Clark County, Nevada against the Company by A to Z Holdings, LLC and seven other individuals or entities. The complaint alleges, among other things, that the Company's Board of Directors did not have the power to designate series A and B preferred stock without amending the articles of incorporation. The complaint also alleges any such amendment would require shareholder approval and filing of a proxy statement. On April 20, 2012, the Company settled with A to Z Holdings, LLC and seven other individuals or entities for \$10,000.

On July 6, 2011, the Company was served with a lawsuit filed in the Circuit Court for the County of Multnomah, Oregon. The complaint alleges breach of contract and entitlement to consulting fees from the Company. The Company disagrees with the allegations contained in the Complaint and intends to vigorously defend the matter and otherwise enforce its rights with respect to the matter. The Company has retained counsel and is prepared to defend this lawsuit. The Company believes that the claims are frivolous pursuant to the terms of the contract. The case was settled on September 28, 2012 for \$30,000. The Company has accrued for this liability as of March 31, 2014 and December 31, 2013.

On March 28, 2014 we received a letter from a former Chief Executive Officer of our subsidiary, XA, claiming unpaid severance and paid- time-off. Total of the contingent claim amounted to \$250,661. We are currently in the process to settle the claim.

NOTE 6 - ACQUISITION OF GOOD GAMING, INC.

On March 28, 2014, CMG Holdings, Inc. (the “Company” or “CMG”), completed its acquisition of 100% of the shares of Good Gaming, Inc. (“GGI”) by entering into a Share Exchange Agreement (the “SEA”) with BMB Financial, Inc. and Jackie Beckford, the then shareholders of GGI. The sole owner of BMB Financial, Inc. is also the sole owner of Infinite Alpha, Inc. which provides consulting services to CMG. The transaction was completed under the purchase method of accounting. Pursuant to the SEA, the Company received 100% of the shares of GGI in exchange for 5,000,000 shares of the Company’s common stock, \$33,000 in equipment and consultant compensation and a commitment to pay \$200,000 in development costs, of which \$50,000 of the development costs had been advanced by the Company. In addition, pursuant to the SEA, CMG shall adopt an incentive plan for GGI which shall entitle the GGI officers, directors and employees to receive up to 30% of the net profits of GGI and up to 30% of the proceeds, in the event of a sale of GGI or its assets. In accordance with the purchase method of accounting, the Company recorded a charge of \$87,500.

NOTE 7 - RELATED PARTY TRANSACTIONS

The Company had outstanding accounts payable to a former officer and director who was a related party at December 31, 2012 of \$19,625. The payables represent legal and administrative fees paid on behalf of the Company. These payables were settled during the year ended December 31, 2013.

XA has made business reimbursements to a consulting firm which is controlled by its former CEO. The accounts payable in the amount of \$47,912 and \$47,912 is included in account payable as of June 30, 2014 and December 31, 2013, respectively. Total amount submitted to the Company for reimbursement from the consulting firm is \$0 and \$142,060 for the three months ended June 30, 2014 and the year ended 2013, respectively.

NOTE 8 - SEGMENTS

The Company splits its business activities during the six months ended June 30, 2014 into three reportable segments. Each segment represents an entity of which are included in the consolidation. The table below represents the operations results for each segment or entity, for the six months ended June 30, 2014.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD LOOKING STATEMENTS

The following discussion of our financial condition and results of operations should be read in conjunction with our unaudited condensed consolidated financial statements and the notes to those financial statements appearing elsewhere in this Report.

Certain statements in this Report constitute forward-looking statements. These forward-looking statements include statements, which involve risks and uncertainties, regarding, among other things, (a) our projected sales, profitability, and cash flows, (b) our growth strategy, (c) anticipated trends in our industry, (d) our future financing plans, and (e) our anticipated needs for, and use of, working capital. They are generally identifiable by use of the words “may,” “will,” “should,” “anticipate,” “estimate,” “plan,” “potential,” “project,” “continuing,” “ongoing,” “expects,” “management believes,” “we believe,” “we intend,” or the negative of these words or other variations on these words or comparable terminology. In light of these risks and uncertainties, there can be no assurance that the forward-looking statements contained in this filing will in fact occur. You should not place undue reliance on these forward-looking statements.

The forward-looking statements speak only as of the date on which they are made, and, except to the extent required by federal securities laws, we undertake no obligation to update any forward-looking statements to reflect events or circumstances after the date on which the statements are made or to reflect the occurrence of unanticipated events.

Unless the context indicates otherwise, the terms “Company”, “Corporate”, “CMGO”, “our”, and “we” refer to CMG Holdings Group, Inc. and its subsidiaries, including XA, The Experiential Agency, Inc. (“XA”) and Good Gaming, Inc. (“Good Gaming”).

RECENT DEVELOPMENTS

Since the departure of Ron Burkhardt, XA continues to grow, hiring several new staff members to further meet the varied needs of our growing clientele. Instead of relying on only a few large scale projects each year, XA’s new generation of event planners are seeking to broaden the client base. Current projects include international charity

galas and initiatives, large-scale multi city brand awareness tours; professional sports based technologically innovative installations and re-branding and programming for luxury hospitality groups.

Good Gaming has engaged Caxy Interactive as its web developer as of April, 2014. Good Gaming is currently in Iteration 4 of the design process for its web platform and updated media/splash page. The overall user interface look and feel has been locked in for PC and Mobile web browsing.

Good Gaming is on track for a limited Open Beta for the beginning of September, with most features of its web platform being functional or fully completed. Based on feedback Good Gaming garners during Open Beta, it anticipates going live with the web platform in the beginning of September.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED JUNE 30, 2014

Gross revenues increased from \$4,369,640 for the three months ended June 30, 2013 to \$5,971,726 for the three months ended June 30, 2014. The increase in revenues was mainly due to the delivery of the NBC marketing event by our subsidiary XA, The Experiential Agency, Inc. (XA) during the three months ended June 30, 2014.

Cost of revenue increased from \$3,261,774 for the three months ended June 30, 2013 to \$5,367,651 for the three months ended June 30, 2014. The increase in cost of goods sold was due to the increase in revenues of XA, The Experiential Agency, Inc. (XA).

Operating expenses increased from \$3,978,609 for the three months ended June 30, 2013 to \$6,752,626 for the three months ended June 30, 2014. The increase in operating expenses is due to the increase in revenues of our subsidiary XA and research and development expenses of Good Gaming. In addition, the Company incurred non-cash charges of \$619,627, \$120,813 and \$87,500 in connection with the issuance of warrants issued to our Chief Executive Officer, shares of common stock issued to former directors and a consultant and costs affiliated with the acquisition of Good Gaming, Inc., respectively.

Net income decreased from \$2,475,029 for the three months ended June 30, 2013 to a net loss of \$1,146,834 for the three months ended June 30, 2014. The decrease in earnings is due to the differences of realized and unrealized gains of marketable securities incurred during the three months ended June 30, 2014 and June 30, 2013 and the non-cash charges incurred in our operating expenses. In addition, during the three months ended June 30, 2013, the Company realized a gain of \$610,400 in connection with the settlement of debt as compared to \$0 during the three months ended June 30, 2014.

RESULTS OF OPERATIONS FOR THE SIX MONTHS ENDED JUNE 30, 2014

Gross revenues increased from \$5,392,809 for the six months ended June 30, 2013 to \$7,526,474 for the six months ended June 30, 2014. The increase in revenues was mainly due to market and economic conditions in our event marketing, event management and public relations and consulting business of XA, The Experiential Agency, Inc. (XA).

Cost of revenue increased from \$3,803,808 for the six months ended June 30, 2013 to \$6,248,643 for the six months ended June 30, 2014. The increase in cost of goods sold was due to the increase in revenues of XA, The Experiential Agency, Inc. (XA).

Operating expenses increased from \$5,150,981 for the six months ended June 30, 2013 to \$8,527,906 for the six months ended June 30, 2014. The increase in operating expenses is due to the increase in revenues of our subsidiary XA and research and development expenses of Good Gaming. In addition, the Company incurred non-cash charges of \$619,627, \$120,813 and \$87,500 in connection with the issuance of warrants issued to our Chief Executive Officer, shares of common stock issued to former directors and a consultant and costs affiliated with the acquisition of Good Gaming, Inc., respectively.

Net income decreased from \$2,186,283 for the six months ended June 30, 2013 to a net loss of \$1,167,807 for the six months ended June 30, 2014. The decrease in earnings is due to the differences of realized and unrealized gains of marketable securities incurred during the six months ended June 30, 2014 and June 30, 2013 and the non-cash charges incurred in our operating expenses. In addition, during the six months ended June 30, 2013, the Company realized a gain of \$610,400 in connection with the settlement of debt as compared to \$0 during the six months ended June 30, 2014.

The table below reflects the Company's results of operations by entity for the six months ended June 30, 2014

LIQUIDITY AND CAPITAL RESOURCES

As of June 30, 2014, the Company's cash on hand was \$1,017,098. Cash provided by operating activities for the six months ended June 30, 2014 was \$3,578, as compared to cash provided by operating activities of \$246,208 for the six months ended June 30, 2013. This change is due to the net of the realized and unrealized losses on marketable securities of \$82,053 for the six months ended June 30, 2014 as compared to a gain of \$1,525,699 for the six months ended June 30, 2013, a gain on settlement of debt in the amount of \$0 during the six months ended June 30, 2014 as compared to \$610,400 during the six months ended June 30, 2013, an increase of accounts payable and accrued expenses in the aggregate of \$576,713 for the six months ended June 30, 2014 as compared to a decrease of \$57,805 for the six months ended June 30, 2013, and the decrease of deferred compensation of \$421,875 for the six months ended June 30, 2014 as compared to \$0 for the six months ended June 30, 2013.

Cash from investing activities for the six months ended June 30, 2014 was \$521,932 as compared to cash from or used in investing activities of \$0 for the six months ended June 30, 2013. The increase in cash from investing activities is due to the sales of shares of common stock of Audio Eye by the company during the six months ended June 30, 2014. During the six months ended June 30, 2014, the Company purchased computer equipment in the amount of \$18,400 for its subsidiary, Good Gaming, Inc..

Cash provided by financing activities for the six months ended June 30, 2014 was \$15,000, as compared to \$52,000 provided for the six months ended June 30, 2013. The decrease of \$37,000 was due to the issuance of debt by the Company during the six months ended June 30, 2013.

ITEM 3 - QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK FACTORS

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

ITEM 4 - CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

The Company's Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of June 30, 2014. Based upon such evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that, as of June 30, 2014, the Company's disclosure controls and procedures were not effective due to the identification of a material weakness in our internal control over financial reporting which is identified below, which we view as an integral part of our disclosure controls and procedures. This conclusion by the Company's Chief Executive Officer and Chief Financial Officer does not relate to reporting periods after December 31, 2013.

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of our internal control over financial reporting as of June 30, 2014 based on the framework stated by the Committee of Sponsoring Organizations of the Treadway Commission (COSO 1992). Furthermore, due to our financial situation, the Company will be implementing further internal controls as the Company becomes operative so as to fully comply with the standards set by the Committee of Sponsoring Organizations of the Treadway Commission.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act. Our internal control system was designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes, in accordance with generally accepted accounting principles. Because of inherent limitations, a system of internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate due to change in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Based on its evaluation as of December 31, 2013, our management concluded that our internal controls over financial reporting were not effective as of December 31, 2013 due to the identification of a material weakness. A material weakness is a deficiency, or a combination of control deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. At any time, if it appears that any control can be implemented to continue to mitigate such weaknesses, it is immediately implemented. As soon as our finances allow, we will hire sufficient accounting staff and implement appropriate procedures for monitoring and review of work performed by our Chief Financial Officer.

In performing this assessment, management has identified the following material weaknesses as of December 31, 2013:

There is a lack of segregation of duties necessary for a good system of internal control due to insufficient accounting staff due to the size of the Company

Lack of a formal review process that includes multiple levels of reviews

Employees and management lack the qualifications and training to fulfill their assigned accounting and reporting functions

Inadequate design of controls over significant accounts and processes

Inadequate documentation of the components of internal control in general

Failure in the operating effectiveness over controls related to valuing and recording equity based payments to employees and non-employees

Failure in the operating effectiveness over controls related to valuing and recording debt instruments including those with conversion options and the related embedded derivative liabilities

Failure in the operating effectiveness over controls related to recording revenue and expense transactions in the proper period

Failure in the operating effectiveness over controls related to evaluating and recording related party transactions

The Company is not required by current SEC rules to include, and does not include, an auditor's attestation report. The Company's registered public accounting firm has not attested to Management's reports on the Company's internal control over financial reporting. As of June 30, 2014 no changes have occurred.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

On April 7, 2014, the Board of Directors of the Company appointed Mr. Glenn Laken as the Company's Chief Executive Officer. Mr. Jeffrey Devlin remained as the Company's acting Chief Financial Officer.

Except for the above, no change in the Company's internal control over financial reporting occurred during the period ended June 30, 2014, that materially affected, or is reasonably likely to materially affect, the Company's internal

control over financial reporting.

PART II OTHER INFORMATION

ITEM 1 – LEGAL PROCEEDINGS

We are subject to certain claims and litigation in the ordinary course of business. It is the opinion of management that the outcome of such matters will not have a material adverse effect on our consolidated financial position, results of operations or cash flows.

On July 6, 2011, the Company was served with a lawsuit filed in the Circuit Court for the County of Multnomah, Oregon.
