CINTAS CORPORATION
 NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
 (Unaudited)

1. Basis of Presentation

The consolidated condensed financial statements of Cintas Corporation (Cintas, the Company, we, us or our) included herein have been prepared by Cintas, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) have been condensed or omitted pursuant to such rules and regulations. While we believe that the disclosures are adequately presented, we suggest that these consolidated condensed financial statements be read in conjunction with the consolidated financial statements and notes included in our Annual Report on Form 10-K for the fiscal year ended May 31, 2018. A summary of our significant accounting policies is presented beginning on page 39 of that report. There have been no material changes in the accounting policies followed by Cintas during the current fiscal year other than the adoption of new accounting pronouncements discussed below.

Interim results are subject to variations and are not necessarily indicative of the results of operations for a full fiscal year. In the opinion of management, adjustments (which include only normal recurring adjustments) necessary for a fair statement of the consolidated results of the interim periods shown have been made.

On March 21, 2017, Cintas completed the acquisition of G&K Services, Inc. (G&K) for consideration of approximately \$2.1 billion. G&K is now a wholly-owned subsidiary of Cintas that operates within the Uniform Rental and Facility Services operating segment. To finance the G&K acquisition, Cintas used a combination of new senior notes, a term loan, other borrowings under its existing credit facility (see Note 7 entitled Debt, Derivatives and Hedging Activities for additional discussion related to debt obligations) and cash on hand. G&K's results of operations are included in Cintas' consolidated financial statements as of and from the date of acquisition.

During the three months ended August 31, 2017, Cintas sold a significant business, referred to as "Discontinued Services," and as a result, its operations are classified as discontinued operations for all periods presented. See Note 12 entitled Discontinued Operations for more information.

Inventories, net are measured at the lower of cost (first-in, first-out) or net realizable value. Inventory is comprised of the following amounts at:

(In thousands)	August 31, 2018	May 31, 2018
Raw materials	\$ 17,220	\$ 17,042
Work in process	31,840	27,350
Finished goods	254,710	235,955
	\$ 303,770	\$ 280,347

Inventories are recorded net of reserves for obsolete inventory of \$31.2 million and \$37.0 million at August 31, 2018 and May 31, 2018, respectively.

New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2014-09, "Revenue from Contracts with Customers (Topic 606)," to clarify revenue recognition principles. This guidance is intended to improve disclosure requirements and enhance the comparability of revenue recognition practices.

Improved disclosures under the amended guidance relate to the nature, amount, timing and uncertainty of revenue that is recognized from contracts with customers. We adopted ASU 2014-09, and all the related amendments, effective June 1, 2018 using the modified retrospective method. ASU 2014-09 requires a company to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Upon adoption of ASU 2014-09, we recorded an adjustment to the opening balance of retained earnings as of June 1, 2018. The adjustment to retained earnings primarily relates to the capitalization of certain direct and incremental contract costs required by the new guidance. Capitalized costs are amortized ratably over the anticipated period of benefit. We applied ASU 2014-09 only to contracts that were not completed prior to fiscal 2019. Results for reporting periods beginning after May 31, 2018 are presented under ASU 2014-09, while comparative prior period amounts have not been restated and continue to be presented under accounting standards in effect in those periods.

There were two implementation adjustments upon adoption of ASU 2014-09: (1) capitalization of certain direct and incremental contract costs and (2) the timing of revenue recognition for certain contracts with customers that create an asset with no alternative use to the Company and an enforceable right of payment from the customer upon termination. Adoption of ASU 2014-09 impacted the Company's previously reported results as of May 31, 2018 as follows:

Capitalization of Contract Costs. The Company has elected to apply the guidance, as a practical expedient, to a portfolio of contracts (or performance obligations) with similar characteristics because the Company reasonably expects that the effects on the consolidated condensed financial statements of applying this guidance to the portfolio would not differ materially from applying this guidance to the individual contracts within the portfolio. The Company also continues to expense certain costs to obtain a contract if those costs do not meet the criteria of the new standard or the amortization period of the asset would have been one year or less.

Assets With No Alternative Use. For our Uniform Direct Sale business, our revenue, prior to the adoption of ASU 2014-09, was primarily generated from the sale of finished products to customers as products are shipped and title passes to the customers. For certain contracts with customers, the Company creates an asset with no alternative use to the Company, and the Company has an enforceable right to payment for performance completed to date. For these contracts, we have moved from a point-in-time model to an over-time model in which our measure of progress is finished goods with no alternative use in accordance with the provisions of ASU 2014-09. We expect ASU 2014-09 will have no cash impact and will not affect the economics of our underlying customer contracts.

--	-------------	-------------	-----------

The adoption of ASU 2014-09 had no impact to the Company's fiscal 2019 operating cash flow, and the only impact of the adoption on our fiscal 2019 consolidated condensed statement of comprehensive income was the impact to net income as presented in the table above.

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)," which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e., lessees and lessors). The new standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease, respectively. A lessee is also required to record a right-of-use asset and a lease liability for all leases with

a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. Topic 842 supersedes the previous leases standard, Accounting Standards Codification (ASC) 840, "Leases." This guidance is effective for reporting periods beginning after December 15, 2018, however, early adoption is permitted. Entities are required to use a modified retrospective approach for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements. Cintas will adopt this ASU on June 1, 2019 and is implementing new lease systems in connection with the adoption. The Company is also evaluating the impact that ASU 2016-02 will have on its consolidated condensed financial statements. We currently expect the adoption of this standard to result in a material increase to the assets and liabilities on the consolidated balance sheets, but we do not expect a material impact on the consolidated statements of income or consolidated statements of cash flows.

In August 2016, the FASB issued ASU 2016-15, "Classification of Certain Cash Receipts and Cash Payments." ASU 2016-15 makes eight targeted changes to how certain cash receipts and cash payments are presented and classified in the statement of cash flows. ASU 2016-15 is effective for interim and annual reporting periods beginning after December 15, 2017, with early adoption permitted. The Company's adoption of this standard on January 1, 2018 did not have a material impact on its consolidated condensed statements of cash flows.

In January 2017, the FASB issued ASU 2017-04, "Simplifying the Test for Goodwill Impairment." ASU 2017-04 eliminates the two-step process that required identification of potential impairment and a separate measure of the actual impairment. Goodwill impairment charges, if any, would be determined by the difference between a reporting unit's carrying value and its fair value (impairment loss is limited to the carrying value). This standard is effective for annual or any interim goodwill impairment tests beginning after December 15, 2019. The adoption of this standard is not expected to have an impact on the consolidated condensed financial statements.

In February 2018, the FASB issued ASU 2018-02, "Income Statement - Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income." ASU 2018-02 allows entities to elect to reclassify the income tax effects resulting from the Tax Cuts and Jobs Act (the Tax Act) on items within accumulated other comprehensive income to retained earnings and requires additional related disclosures. This standard is effective for fiscal years beginning after December 15, 2018 and interim periods within those fiscal years, however, early adoption is permitted. Cintas is currently evaluating the impact that ASU 2018-02 will have on its consolidated condensed financial statements.

In August 2017, the FASB issued ASU 2017-12, "Targeted Improvements to Accounting for Hedging Activities." ASU 2017-12 better aligns an entity's risk management activities and financial reporting for hedging relationships through changes to both the designation and measurement guidance for qualifying hedging relationships and the presentation of hedge results. Among other amendments, the update allows entities to designate the variability in cash flows attributable to changes in a contractually specified component stated in the contract as the hedged risk in a cash flow hedge of a forecasted purchase or sale of a nonfinancial asset. This standard is effective for annual periods beginning after December 15, 2018. We adopted the standard effective as of June 1, 2018, and the effect of adoption of this standard did not have a material impact to our consolidated condensed financial statements.

No other new accounting pronouncement recently issued or newly effective had or is expected to have a material impact on Cintas' consolidated condensed financial statements.

2. Revenue Recognition

The following table presents Cintas' total revenue disaggregated by service type:

	Three Months Ended			
	August 31, 2018		August 31, 2017	
(In thousands)	Revenue	%	Revenue	%
Uniform Rental and Facility Services	\$1,374,938	81.0 %	\$1,311,784	81.4 %
First Aid and Safety Services	153,417	9.0 %	140,582	8.7 %

Edgar Filing: CINTAS CORP - Form 10-Q

Fire Protection Services	98,109	5.8	%	86,547	5.4	%
Uniform Direct Sales	71,511	4.2	%	72,590	4.5	%
Total Revenue	\$1,697,975	100.0	%	\$1,611,503	100.0	%

10

For the three months ended August 31, 2018, the percentage of revenue recognized over time as the services are performed was 95.9% of Uniform Rental and Facility Services revenue, 90.8% of First Aid and Safety Services revenue and 100% of Fire Protection Services revenue. During that same period, the Uniform Direct Sales business unit recognized 94.7% of revenue at a point in time, which generally occurs when the goods are transferred to the customer. Fire Protection Services and Uniform Direct Sales are recorded within the All Other reportable segment disclosed in Note 11 entitled Segment Information.

Revenue Recognition Policy

More than 95% of the Company's revenues are derived from fees for route servicing of Uniform Rental and Facility Services, First Aid and Safety Services and Fire Protection Services, performed by a Cintas employee-partner, at the customer's location of business. Revenues from our route servicing customer contracts represent a single-performance obligation. The Company recognizes these revenues over time as services are performed based on the nature of services provided and contractual rates (input method). The Company's remaining revenues, primarily within the Uniform Direct Sales operating segment, and representing less than 5% of the Company's total revenues, are recognized when the obligations under the terms of a contract with a customer are satisfied. This generally occurs when the goods are transferred to the customer.

Certain of our customer contracts, primarily within our Uniform Direct Sales business, include pricing terms and conditions that include components of variable consideration. The variable consideration is typically in the form of consideration paid to a customer based on performance metrics specified within the contract. Specifically, some contracts contain discounts or rebates that the customer can earn through the achievement of specified volume levels. Each component of variable consideration is earned based on the Company's actual performance during the measurement period specified within the contract. To determine the transaction price, the Company estimates the variable consideration using the most likely amount method, based on the specific contract provisions and known performance results during the relevant measurement period. When determining if variable consideration should be constrained, the Company considers whether factors outside its control could result in a significant reversal of revenue. In making these assessments, the Company considers the likelihood and magnitude of a potential reversal. The Company's performance period generally corresponds with the monthly invoice period. No constraints on our revenue recognition were applied during the three months ended August 31, 2018. The Company reassesses these estimates during each reporting period. Cintas maintains a liability for these discounts and rebates within accrued liabilities on the consolidated condensed balance sheets. Variable consideration also includes consideration paid to a customer at the beginning of a contract. Cintas capitalizes this consideration and amortizes it over the life of the contract as a reduction to revenue in accordance with ASC 606. These assets are included in Other Assets, net on the balance sheet.

Additionally, in accordance with ASC 606, certain Uniform Direct Sales customer contracts contain a provision with an enforceable right of payment and the underlying product has no alternative use to Cintas. Consequently, when both aforementioned provisions are prevalent in a customer contract, the revenue is recorded for finished goods that the customer is obligated to purchase under the termination terms of the contract.

Costs to Obtain a Contract

The Company capitalizes commission expenses paid to our employee-partners when the commissions are deemed to be incremental for obtaining the route servicing customer contract. The deferred commissions are amortized on a straight-line basis over the expected period of benefit. We review the deferred commission balances for impairment on an ongoing basis. Deferred commissions are classified as current or noncurrent based on the timing of when we expect to recognize the expense. The current portion is included in prepaid expenses and other current assets and the noncurrent portion is included in other assets, net on the Company's consolidated condensed balance sheets. As of August 31, 2018, the current and noncurrent assets related to deferred commissions totaled \$65.3 million and \$194.4 million, respectively. During the three months ended August 31, 2018, we recorded \$17.1 million of amortization expense related to deferred commissions. This expense is classified in selling and administrative expense on the consolidated condensed statements of income.

3. Fair Value Measurements

All financial instruments that are measured at fair value on a recurring basis have been classified within the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the consolidated condensed balance sheet date. These financial instruments measured at fair value on a recurring basis are summarized below:

(In thousands)	As of August 31, 2018			
	Level 1	Level 2	Level 3	Fair Value
Cash and cash equivalents	\$ 118,356	\$—	\$	—\$118,356
Total assets at fair value	\$ 118,356	\$—	\$	—\$118,356

Accrued liabilities:

Interest rate lock agreements	\$—	\$ 4,169	\$	—\$4,169
Total liabilities at fair value	\$—	\$ 4,169	\$	—\$4,169

(In thousands)	As of May 31, 2018			
	Level 1	Level 2	Level 3	Fair Value
Cash and cash equivalents	\$ 138,724	\$	—\$	—\$138,724
Total assets at fair value	\$ 138,724	\$	—\$	—\$138,724

Cintas' cash and cash equivalents and marketable securities are generally classified within Level 1 or Level 2 of the fair value hierarchy. Financial instruments classified as Level 1 are based on quoted market prices in active markets, and financial instruments classified as Level 2 are based on quoted market prices, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency. The types of financial instruments Cintas classifies within Level 1 include most bank deposits and money market securities. Cintas does not adjust the quoted market price for such financial instruments.

As of August 31, 2018, current accrued liabilities included interest rate lock agreements. The fair values of Cintas' interest rate lock agreements are based on similar exchange traded derivatives (market approach) and are, therefore, included within Level 2 of the fair value hierarchy. The fair value was determined by comparing the locked rates against the benchmarked treasury rate.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Cintas believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the consolidated condensed balance sheet dates.

In addition to assets and liabilities that are recorded at fair value on a recurring basis, the Company records assets and liabilities at fair value on a nonrecurring basis as required under GAAP.

4. Investments

Investments at August 31, 2018 of \$180.3 million include the cash surrender value of insurance policies of \$160.2 million, equity method investments of \$14.9 million and cost method investments of \$5.2 million. Investments at May 31, 2018 of \$175.6 million include the cash surrender value of insurance policies of \$154.0 million, equity method investments of \$16.4 million and cost method investments of \$5.2 million. Investments are generally evaluated for impairment on an annual basis or when indicators of impairment exist. For the three months ended August 31, 2018 and 2017, no impairment losses were recorded. Subsequent to August 31, 2018, Cintas reached an

agreement to sell a cost method investment to a third party. The anticipated gain on the sale will be recorded upon consummation of the sale.

5. Earnings Per Share

The following table sets forth the computation of basic and diluted earnings per share from continuing operations using the two-class method for amounts attributable to Cintas' common shares:

	Three Months Ended	
	August 31, 2018	August 31, 2017
Basic Earnings per Share from Continuing Operations (in thousands except per share data)		
Income from continuing operations	\$212,547	\$161,108
Less: income from continuing operations allocated to participating securities	2,945	3,187
Income from continuing operations available to common shareholders	\$209,602	\$157,921
Basic weighted average common shares outstanding	106,835	105,740
Basic earnings per share from continuing operations	\$1.96	\$1.50
Diluted Earnings per Share from Continuing Operations (in thousands except per share data)		
Income from continuing operations	\$212,547	\$161,108
Less: income from continuing operations allocated to participating securities	2,945	3,187
Income from continuing operations available to common shareholders	\$209,602	\$157,921
Basic weighted average common shares outstanding	106,835	105,740
Effect of dilutive securities – employee stock options	3,813	2,797
Diluted weighted average common shares outstanding	110,648	108,537
Diluted earnings per share from continuing operations	\$1.89	\$1.45

For the three months ended August 31, 2018, both basic and diluted earnings per share from discontinued operations were \$0.00. Basic and diluted earnings per share from discontinued operations were \$0.52 and \$0.51, respectively, for the three months ended August 31, 2017.

For the three months ended August 31, 2018 and 2017, options granted to purchase 0.3 million and 0.6 million shares of Cintas common stock, respectively, were excluded from the computation of diluted earnings per share. The exercise prices of these options were greater than the average market price of the common stock (anti-dilutive).

On August 2, 2016, Cintas announced that the Board of Directors authorized a \$500.0 million share buyback program, which does not have an expiration date. For the three months ended August 31, 2018, we purchased 0.4 million shares of Cintas common stock at an average price of \$200.97 per share for a total purchase price of \$78.5 million. In the period subsequent to August 31, 2018 through October 5, 2018, we purchased 0.8 million shares of Cintas common stock at an average price of \$198.35 for a total purchase price of \$156.3 million. From the inception of the August 2, 2016 share buyback program through October 5, 2018, Cintas has purchased a total of 1.7 million shares of Cintas common stock at an average price of \$191.36 for a total purchase price of \$324.7 million.

For the three months ended August 31, 2018, Cintas acquired 0.3 million shares of Cintas common stock for employee payroll taxes due on restricted stock awards that vested during the three months ended August 31, 2018. These shares were acquired at an average price of \$204.39 per share for a total purchase price of \$61.0 million.

6. Goodwill, Service Contracts and Other Assets

Changes in the carrying amount of goodwill and service contracts for the three months ended August 31, 2018, by reportable operating segment and All Other, are as follows:

Goodwill (in thousands)	Uniform	First Aid	All	Total
	Rental and Facility Services	and Safety Services	Other	
Balance as of June 1, 2018	\$2,505,476	\$244,279	\$97,133	\$2,846,888

Other	38,525	12,969	25,556
Total other assets	\$357,460	\$ 70,143	\$287,317

⁽¹⁾ The current portion of capitalized contract costs, included in prepaid expenses and other current assets on the consolidated condensed balance sheet as of August 31, 2018, is \$65.3 million.

(In thousands)	As of May 31, 2018		
	Carrying Amount	Accumulated Amortization	Net
Service contracts	\$924,978	\$ 379,210	\$ 545,768
Noncompete and consulting agreements	\$41,710	\$ 39,877	\$1,833
Other	38,787	11,305	27,482
Total other assets	\$80,497	\$ 51,182	\$29,315

Amortization expense for service contracts and other assets for continuing operations was \$33.0 million and \$14.1 million for the three months ended August 31, 2018 and 2017, respectively. Estimated amortization expense for service contracts and other assets, excluding any future acquisitions and commissions to be earned, for each of the next five full fiscal years and thereafter is \$131.6 million, \$121.1 million, \$106.1 million, \$94.3 million, \$76.3 million and \$313.7 million, respectively.

7. Debt, Derivatives and Hedging Activities

Cintas' outstanding debt is summarized as follows:

(In thousands)	Interest Rate	Fiscal Year Issued	Fiscal Year Maturity	August 31, 2018	May 31, 2018
Debt due after one year					
Senior notes	4.30 %	2012	2022	\$ 250,000	\$ 250,000

⁽¹⁾ Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.73%.

⁽²⁾ Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.88%.

Cintas' senior notes, excluding the G&K senior notes assumed with the acquisition of G&K in fiscal 2017, are recorded at cost, net of debt issuance costs. The fair value of the long-term debt is estimated using Level 2 inputs based on general market prices. The carrying value and fair value of Cintas' debt as of August 31, 2018 were \$2,550.0 million and \$2,585.0 million, respectively, and as of May 31, 2018 were \$2,550.0 million and \$2,582.0 million, respectively.

The credit agreement that supports our commercial paper program was amended on September 16, 2016. The amendment increased the capacity of the revolving credit facility from \$450.0 million to \$600.0 million and added a \$250.0 million term loan facility. The credit agreement has an accordion feature that provides Cintas the ability to request increases to the borrowing commitments under either the revolving credit facility or a new term loan of up to \$250.0 million in the aggregate, subject to customary conditions. The maturity date of the credit agreement is September 15, 2021. As of August 31, 2018 and May 31, 2018, there was no commercial paper outstanding and no borrowings on our revolving credit facility.

Cintas uses interest rate locks to manage our overall interest expense as interest rate locks effectively change the interest rate of specific debt issuances. The interest rate locks are entered into to protect against unfavorable movements in the benchmark treasury rate related to forecasted debt issuances. Cintas used interest rate lock agreements to hedge against movements in the treasury rates at the time Cintas issued its senior notes in fiscal 2007, fiscal 2012, fiscal 2013 and fiscal 2017. The amortization of the cash flow hedges resulted in a decrease to other comprehensive income of \$0.3 million and \$0.2 million for the three months ended August 31, 2018 and 2017, respectively. During the quarter ended August 31, 2018, Cintas entered into interest rate lock agreements with a notional value of \$500.0 million for a forecasted debt issuance. As of August 31, 2018, the fair value of these interest rate locks was a liability of \$4.2 million recorded in current liabilities and in other comprehensive income, net of tax. The interest rate locks had no impact on net income or cash flows from continuing operations for the three months ended August 31, 2018.

Cintas has certain covenants related to debt agreements. These covenants limit Cintas' ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These

covenants also require Cintas to maintain certain debt to consolidated earnings before interest, taxes, depreciation and amortization (EBITDA) and interest coverage ratios. Cross-default provisions exist between certain debt instruments. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital. Cintas was in compliance with all debt covenants for all periods presented.

8. Income Taxes

In the normal course of business, Cintas provides for uncertain tax positions and the related interest and adjusts its unrecognized tax benefits and accrued interest accordingly. As of August 31, 2018 and May 31, 2018, recorded unrecognized tax benefits were \$28.0 million and \$26.9 million, respectively, and are included in long-term accrued liabilities on the consolidated condensed balance sheet.

The majority of Cintas' operations are in North America. Cintas is required to file federal income tax returns, as well as state income tax returns in a majority of the domestic states and also in certain Canadian provinces. At times, Cintas is subject to audits in these jurisdictions. The audits, by nature, are sometimes complex and can require several years to resolve. The final resolution of any such tax audit could result in either a reduction in Cintas' accruals or an increase in its income tax provision, either of which could have an impact on the consolidated condensed results of operations in any given period.

All U.S. federal income tax returns are closed to audit through fiscal 2014. Cintas is currently in various audits in certain foreign jurisdictions and certain domestic states. The years under foreign and domestic state audits cover fiscal years back to 2013. Based on the resolution of the various audits and other potential regulatory developments, it is reasonably possible that the balance of unrecognized tax benefits would not change for the fiscal year ending May 31, 2019.

On December 22, 2017, the President signed into legislation the Tax Cuts and Jobs Act (the Tax Act). Among other changes, the Tax Act reduces the U.S. corporate tax rate from 35% to 21% and requires companies to pay a one-time transition tax on earnings of foreign subsidiaries. The Tax Act also includes provisions that are expected to offset some of the benefit of the U.S. corporate tax rate reduction, including the repeal of the deduction for domestic production activities and the expansion of the limitation on the deduction of certain executive compensation. In addition, the Tax Act alters the landscape of taxation of non-U.S. operations and provides immediate deductions for certain new investments, among other provisions.

In acknowledgment of the substantial changes incorporated in the Tax Act, and with the timing of the enactment being just weeks before the majority of the provisions became effective, the SEC staff issued Staff Accounting Bulletin (SAB) 118 to provide certain guidance in determining the accounting for income tax effects of the legislation in the accounting period of enactment as well as provide a measurement period within which to finalize and reflect such final effects associated with the Tax Act. During the three months ended August 31, 2018, Cintas recorded an adjustment to the provisional transition tax, net of foreign tax credits, of \$3.3 million. Cintas is still revising the transition tax calculation, and this amount is subject to change based on computation of the final fiscal 2018 earnings and profit and the amounts held in cash and cash equivalents at the end of fiscal 2018. Cintas also analyzed the impact of the new provisions under the Tax Act surrounding executive compensation, the foreign derived intangible income deduction and global intangible low-taxed income and determined that the impact was immaterial for the quarter ended August 31, 2018.

Cintas' effective tax rate for continuing operations was 12.0% and 26.5% for the three months ended August 31, 2018 and 2017, respectively. The effective tax rate for both periods was largely impacted by certain discrete items (primarily the tax accounting for stock-based compensation). The three month period ended August 31, 2018 was also impacted by the reduced U.S. corporate tax rate as a result of the enactment of the Tax Act.

9. Pension Plans

In conjunction with the acquisition of G&K in fiscal 2017, Cintas assumed G&K's noncontributory frozen defined benefit pension plan (the Pension Plan) that covers substantially all G&K employees who were employed as of July 1, 2005, except certain employees who were covered by union-administered plans. Benefits are based on the number of years of service and each employee's compensation near retirement. We will make annual contributions to the Pension Plan consistent with federal funding requirements. The Pension Plan was frozen by G&K effective December 31, 2006. Future growth in benefits will not occur beyond this date. Applicable accounting standards require that the consolidated condensed balance sheet reflect the funded status of the Pension Plan. The funded status of the Pension Plan is measured as the difference between the plan assets at fair value and the projected benefit obligation. The net pension liability is included in long-term accrued liabilities on the consolidated condensed balance sheets.

Unrecognized differences between actual amounts and estimates based on actuarial assumptions are included in accumulated other comprehensive income in our consolidated condensed balance sheets. The difference between actual amounts and estimates based on actuarial assumptions are recognized in other comprehensive income in the period in which they occur. The Pension Plan assumptions are evaluated annually and are updated as deemed necessary.

The components of net periodic pension cost recognized in other comprehensive income for the Pension Plan are as follows:

(In thousands)	Three Months Ended	
	August 31, 2018	August 31, 2017
Interest cost	\$ 781	\$ 711

11. Segment Information

Cintas classifies its business into two reportable operating segments and places the remainder of its operating segments in an All Other category. Cintas' two reportable operating segments are Uniform Rental and Facility Services and First Aid and Safety Services. The Uniform Rental and Facility Services reportable operating segment, consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies, carpet and tile cleaning services and the sale of items from our catalogs to our customers on route are included within this reportable operating segment. The First Aid and Safety Services reportable operating segment consists of first aid and safety products and services. The remainder of Cintas' business, which consists of Fire Protection Services and its Uniform Direct Sale business, is included in All Other.

Cintas evaluates the performance of each operating segment based on several factors of which the primary financial measures are operating segment revenue and income before income taxes. The accounting policies of the operating segments are the same as those described in Note 1 entitled Basis of Presentation. Information related to the operations of Cintas' operating segments is set forth below:

(In thousands)	Uniform Rental and Facility Services	First Aid and Safety Services	All Other	Corporate ⁽¹⁾	Total

12. Discontinued Operations

During the three months ended August 31, 2017, Cintas sold a significant business referred to as Discontinued Services and received proceeds from the sale of \$128.5 million. The results of Discontinued Services are included in discontinued operations for all periods presented. In accordance with the applicable accounting guidance for the disposal of long-lived assets and discontinued operations, the results of Discontinued Services have been excluded from both continuing operations and operating segment results for all periods presented.

Following is selected financial information included in net (loss) income from discontinued operations for Discontinued Services:

13. G&K Services, Inc. Integration Expenses

As a result of the acquisition of G&K in fiscal 2017, the Company incurred \$4.9 million and \$4.0 million in expenses during the three months ended August 31, 2018 and 2017, respectively. The \$4.9 million of costs incurred in the three months ended August 31, 2018 related to integration expenses directly related to the acquisition, primarily comprised of facility closure expenses. During the three months ended August 31, 2017, the costs incurred related to \$3.0 million of integration expenses directly related to the acquisition and \$1.0 million of employee termination expenses recognized under ASC Topic 712, "Compensation - Nonretirement Postemployment Benefits."

As of August 31, 2018 and May 31, 2018, employee termination benefits included in accrued compensation and related liabilities on the consolidated condensed balance sheet was \$6.7 million and \$9.1 million, respectively. The amount of employee termination benefits paid during the three months ended August 31, 2018 was \$2.4 million. We anticipate the remaining accrued employee termination benefits will be paid over the remainder of fiscal 2019.

14. Supplemental Guarantor Information

Cintas Corporation No. 2 (Corp. 2) is the indirectly, wholly-owned principal operating subsidiary of Cintas. Corp. 2 is the issuer of the \$2,550.0 million aggregate principal amount of senior notes outstanding as of August 31, 2018, which are unconditionally guaranteed, jointly and severally, by Cintas Corporation and certain wholly-owned, direct and indirect domestic subsidiaries.

As allowed by SEC rules, the following consolidating condensed financial statements are provided as an alternative to filing separate financial statements of the guarantors. Each of the subsidiaries presented in the following consolidating condensed financial statements has been fully consolidated in Cintas' consolidated condensed financial statements. The following consolidating condensed financial statements should be read in conjunction with the consolidated condensed financial statements of Cintas and notes thereto of which this note is an integral part. During fiscal 2018,

CINTAS CORPORATION

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

BUSINESS STRATEGY

Cintas helps more than one million businesses of all types and sizes, primarily in North America, as well as Latin America, Europe and Asia, get Ready™ to open their doors with confidence every day by providing a wide range of products and services that enhance our customers' image and help keep their facilities and employees clean, safe and looking their best. With products and services including uniforms, floor care, restroom supplies, first aid and safety products, fire extinguishers and testing, and safety and compliance training, Cintas helps customers get Ready for the Workday™.

We are North America's leading provider of corporate identity uniforms through rental and sales programs, as well as a significant provider of related business services, including entrance mats, restroom cleaning services and supplies, carpet and tile cleaning services, first aid and safety services and fire protection products and services.

Cintas' principal objective is "to exceed customers' expectations in order to maximize the long-term value of Cintas for shareholders and working partners," and it provides the framework and focus for Cintas' business strategy. This strategy is to achieve revenue growth for all of our products and services by increasing our penetration at existing customers and by broadening our customer base to include business segments to which we have not historically served. We will also continue to identify additional product and service opportunities for our current and future customers.

To pursue the strategy of increasing penetration, we have a highly talented and diverse team of service professionals visiting our customers on a regular basis. This frequent contact with our customers enables us to develop close personal relationships. The combination of our distribution system and these strong customer relationships provides a platform from which we launch additional products and services.

We pursue the strategy of broadening our customer base in several ways. Cintas has a national sales organization introducing all of its products and services to prospects in all business segments. Our broad range of products and services allows our sales organization to consider any type of business a prospect. We also broaden our customer base through geographic expansion, especially in our first aid and safety service reportable operating segment and fire protection businesses. Finally, we evaluate strategic acquisitions as opportunities arise.

RESULTS OF OPERATIONS

Cintas classifies its business into two reportable operating segments and places the remainder of its operating segments in an All Other category. Cintas' two reportable operating segments are Uniform Rental and Facility Services and First Aid and Safety Services. The Uniform Rental and Facility Services operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops, and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services are also provided within this operating segment. The First Aid and Safety Services operating segment consists of first aid and safety services. The remainder of Cintas' business, which consists of Fire Protection Services and its Uniform Direct Sale business, is included in All Other. These operating segments consist of fire protection products and services and the direct sale of uniforms and related items. Revenue and income before income taxes for the three months ended August 31, 2018 and 2017 for the two reportable operating segments and All Other is presented in Note 11 entitled Segment Information of "Notes to Consolidated Condensed Financial Statements."

On March 21, 2017, Cintas completed the acquisition of G&K Services, Inc. (G&K) for consideration of approximately \$2.1 billion. G&K is now a wholly-owned subsidiary of Cintas that operates within the Uniform Rental and Facility Services operating segment. To finance the G&K acquisition, Cintas used a combination of new senior notes, a term loan, other borrowings under its existing credit facility and cash on hand. G&K's results of operations are included in Cintas' consolidated financial statements as of and from the date of acquisition.

During the first quarter of fiscal 2018, Cintas sold a significant business, referred to as "Discontinued Services," and as a result, its operations are classified as discontinued operations for all periods presented. See Note 12 entitled Discontinued Operations of "Notes to Consolidated Condensed Financial Statements" for more information.

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2014-09, "Revenue from Contracts with Customers (Topic 606)," to clarify revenue recognition principles. This guidance is intended to improve disclosure requirements and enhance the comparability of revenue recognition practices. Cintas adopted this ASU, and all the related amendments, effective June 1, 2018 using the modified retrospective method. See Note 1 entitled Basis of Presentation and Note 2 entitled Revenue Recognition of "Notes to Consolidated Condensed Financial Statements" for more information.

Consolidated Results

Three Months Ended August 31, 2018 Compared to Three Months Ended August 31, 2017

Total revenue increased 5.4% for the three months ended August 31, 2018 over the same period in the prior fiscal year, from \$1,611.5 million to \$1,698.0 million. Revenue increased organically by 5.2% as a result of increased sales volume. Organic growth adjusts for the impact of acquisitions and foreign currency exchange rate fluctuations. Total revenue was positively impacted by 0.3% due to acquisitions and negatively impacted by 0.1% due to foreign currency exchange rate fluctuations.

Uniform Rental and Facility Services reportable operating segment revenue increased 4.8% for the three months ended August 31, 2018 over the same period in the prior fiscal year, from \$1,311.8 million to \$1,374.9 million. Revenue increased organically by 4.9%. Revenue growth was negatively impacted 0.1% by foreign currency exchange rate fluctuations. Growth was driven by many factors including new business sold by sales representatives, penetration of additional products and services into existing customers and strong customer retention.

Other revenue, consisting of revenue from the First Aid and Safety Services reportable operating segment and All Other, increased 7.8% for the three months ended August 31, 2018 compared to the same period in the prior fiscal year, from \$299.7 million to \$323.0 million. Revenue increased organically by 6.4%. Revenue growth was positively impacted by 1.4% due to growth derived through acquisitions in our Fire Protection business, which is included in All Other, and our First Aid and Safety Services reportable operating segment.

Cost of uniform rental and facility services consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, shop towels and other ancillary items. Cost of uniform rental and facility services increased \$39.6 million, or 5.6%, for the three months ended August 31, 2018, compared to the three months ended August 31, 2017. This increase was due to higher Uniform Rental and Facility Services reportable operating segment sales volume as well as increased labor and energy costs.

Cost of other consists primarily of cost of goods sold (predominantly first aid and safety products, uniforms, and fire protection products), delivery expenses and distribution expenses in the First Aid and Safety Services reportable operating segment and All Other. Cost of other increased \$11.5 million, or 7.0%, for the three months ended August 31, 2018, compared to the three months ended August 31, 2017. The increase was primarily due to higher sales volume in the First Aid and Safety Services reportable operating segment and All Other.

Selling and administrative expenses increased \$18.4 million, or 3.8%, for the three months ended August 31, 2018, compared to the same period in the prior fiscal year. The majority of the increase was due to higher Uniform Rental and Facility Services and First Aid and Safety Services reportable operating segment sales volume as well as increased stock compensation expense that was partially offset by lower employee-partner related expenses. Operating income for the three months ended August 31, 2018 was negatively impacted by \$4.9 million of integration expenses incurred in connection with the G&K acquisition. For the three months ended August 31, 2018, the after-tax effect of these integration expenses represents a negative impact of \$0.04 per share on diluted earnings per share.

Net interest expense (interest expense less interest income) was \$23.8 million for the three months ended August 31, 2018, compared to \$30.0 million for the three months ended August 31, 2017. The decrease was primarily due to lower debt outstanding during the current period as a result of the payment of \$300.0 million aggregate principal amount of our 6.13% 10-year senior notes that matured on December 1, 2017 with cash on hand and proceeds from the issuance of commercial paper. Also, during the first quarter of the prior year, Cintas made payments of \$43.0 million, net on commercial paper borrowings and paid off the term loan balance of \$250.0 million with cash on hand.

Cintas' effective tax rate for continuing operations was 12.0% and 26.5% for the three months ended August 31, 2018 and 2017, respectively. The effective tax rate for both periods was largely impacted by certain discrete items (primarily the tax accounting for stock-based compensation). The three month period ended August 31, 2018 was also impacted by the reduced U.S. corporate tax rate as a result of the enactment of the Tax Cuts and Jobs Act (the Tax Act).

Net income from continuing operations for the three months ended August 31, 2018 increased \$51.4 million, or 31.9%, compared to the three months ended August 31, 2017. Diluted earnings per share from continuing operations was \$1.89 for the three months ended August 31, 2018, which was an increase of 30.3% compared to the same period in the prior fiscal year. Diluted earnings per share from continuing operations increased due to the increase in earnings from continuing operations.

Uniform Rental and Facility Services Reportable Operating Segment

Three Months Ended August 31, 2018 Compared to Three Months Ended August 31, 2017

Uniform Rental and Facility Services reportable operating segment revenue increased from \$1,311.8 million to \$1,374.9 million, or 4.8%, for the three months ended August 31, 2018, over the same period in the prior fiscal year, and the cost of uniform rental and facility services increased \$39.6 million, or 5.6%. Revenue increased organically by 4.9%. The reportable operating segment's gross margin was \$628.5 million, or 45.7% of revenue. The gross margin was 40 basis points lower than the prior fiscal year's first quarter gross margin of 46.1%. The decrease was driven by increased production labor and energy expenses.

Selling and administrative expenses increased \$10.1 million, but decreased as a percent of revenue to 28.5%, compared to 29.1% in the first quarter of the prior fiscal year. The decrease in expenses as a percent of revenue was primarily due to lower labor and employee-partner related expenses.

Income before income taxes increased \$12.6 million, or 5.8%, for the Uniform Rental and Facility Services reportable operating segment for the three months ended August 31, 2018 compared to the same period in the prior fiscal year. Income before income taxes was 16.8% of the reportable operating segment's revenue, which was a 10 basis point increase compared to the first quarter of the prior fiscal year of 16.7%. This increase was due to the increase in sales as previously discussed.

First Aid and Safety Services Reportable Operating Segment

Three Months Ended August 31, 2018 Compared to Three Months Ended August 31, 2017

First Aid and Safety Services reportable operating segment revenue increased from \$140.6 million to \$153.4 million, or 9.1%, for the three months ended August 31, 2018 over the same period in the prior fiscal year. Revenue increased organically by 9.0% as a result of increased sales volume and was positively impacted by 0.1% due to acquisitions. Growth was driven by many factors including new business sold by sales representatives, penetration of additional products and services into existing customers and strong customer retention.

Cost of first aid and safety services increased \$6.1 million, or 8.3%, for the three months ended August 31, 2018, over the three months ended August 31, 2017, due to higher sales volume. The gross margin as a percent of revenue was 47.9% for the quarter ended August 31, 2018, which is an increase of 40 basis points compared to the gross margin as a percent of revenue of 47.5% in the same period of the prior fiscal year. The increase was driven primarily by improved sourcing, leveraging of existing warehouses and optimization of delivery routes.

Selling and administrative expenses increased \$4.1 million compared to the same quarter in the prior fiscal year. The increase was due primarily to increased labor. Selling and administrative expenses as a percent of revenue decreased to 33.6% compared to 33.7% in the first quarter of the prior fiscal year. The decrease in selling and administrative expenses as a percent to revenue was due to lower employee-partner related expenses.

Income before income taxes for the First Aid and Safety Services reportable operating segment increased \$2.6 million to \$22.0 million for the three months ended August 31, 2018, compared to the same period in the prior fiscal year, due to the previously discussed growth in revenue and improvement in the gross margin percentage. Income before income taxes, at 14.3% of the reportable operating segment's revenue, was a 50 basis point increase compared to the same quarter of the prior fiscal year due to the reasons previously mentioned.

LIQUIDITY AND CAPITAL RESOURCES

The following is a summary of our cash flows and cash, cash equivalents and marketable securities as of and for the three months ended August 31, 2018 and 2017:

(In thousands)	2018	2017
Net cash provided by operating activities	\$162,985	\$254,366
Net cash (used in) provided by investing activities	\$(70,785)	\$72,622
Net cash used in financing activities	\$(112,508)	\$(311,433)
Cash and cash equivalents at the end of the period	\$118,356	\$191,414
Marketable securities at the end of the period	\$—	\$21,626

Cash, cash equivalents and marketable securities as of August 31, 2018 and 2017 include \$23.2 million and \$125.7 million, respectively, that is located outside of the United States.

Cash flows provided by operating activities have historically supplied us with a significant source of liquidity. We generally use these cash flows to fund most, if not all, of our operations and expansion activities and dividends on our common stock. We may also use cash flows provided by operating activities, as well as proceeds from long-term debt and short-term borrowings, to fund growth and expansion opportunities, as well as other cash requirements such as the repurchase of our common stock and payment of long-term debt.

Net cash provided by operating activities was \$163.0 million for the three months ended August 31, 2018, a decrease of \$91.4 million compared to the three months ended August 31, 2017. The decrease was primarily the result of changes in working capital.

Net cash used in investing activities includes capital expenditures, proceeds from the sale of businesses and cash paid for acquisitions of businesses. Capital expenditures were \$64.5 million and \$62.5 million for the three months ended August 31, 2018 and 2017, respectively. Capital expenditures in fiscal 2019 primarily relate to expansion efforts in the Uniform Rental and Facility Services reportable operating segment, representing \$51.7 million of the current fiscal year amount. Cash paid for acquisitions of businesses was \$7.6 million and \$0.3 million for the three months ended August 31, 2018 and 2017, respectively. The acquisitions during the three months ended August 31, 2018 occurred in our First Aid and Safety Services reportable operating segment and our Fire Protection business, which is included in All Other. For the three months ended August 31, 2017, investing activities included proceeds of \$128.5 million related to the sale of Discontinued Services. Net cash used in investing activities also includes net proceeds from purchases and redemptions of marketable securities and investments of \$1.6 million for the three months ended August 31, 2018. For the three months ended August 31, 2017, net cash provided by investing activities includes net proceeds from purchases and redemptions of marketable securities and investments of \$7.2 million.

Net cash used in financing activities was \$112.5 million and \$311.4 million for the three months ended August 31, 2018 and 2017, respectively. On August 2, 2016, we announced that the Board of Directors authorized a \$500.0 million share buyback program, which does not have an expiration date. During the three months ended August 31, 2018, under the August 2, 2016 plan, we purchased a total of 0.4 million shares of Cintas common stock at an average price of \$200.97 for a total purchase price of \$78.5 million. During the three months ended August 31, 2017, no share buybacks occurred under the August 2, 2016 program. Subsequent to August 31, 2018 through October 5, 2018, Cintas purchased 0.8 million shares at an average price of \$198.35 per share for a total purchase price of \$156.3 million. From the inception of the August 2, 2016 share buyback plan through October 5, 2018, Cintas has purchased a total of 1.7 million shares of Cintas common stock at an average price of \$191.36 for a total purchase price of \$324.7 million. In addition, for the three months ended August 31, 2018, Cintas acquired 0.3 million shares of Cintas

common stock for employee payroll taxes due on restricted stock awards that vested during the three months ended August 31, 2018. These shares were acquired at an average price of \$204.39 per share for a total purchase price of \$61.0 million.

During the three months ended August 31, 2017, Cintas made payments of \$43.0 million, net on commercial paper borrowings and paid off the term loan balance of \$250.0 million with cash on hand.

The following table summarizes Cintas' outstanding debt:

(In thousands)	Interest Rate	Fiscal Year Issued	Fiscal Year Maturity	August 31, 2018	May 31, 2018

⁽¹⁾ Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.73%.

⁽²⁾ Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.88%.

The credit agreement that supports our commercial paper program was amended on September 16, 2016. The amendment increased the capacity of the revolving credit facility from \$450.0 million to \$600.0 million and added a \$250.0 million term loan facility. The credit agreement has an accordion feature that provides Cintas the ability to request increases to the borrowing commitments under either the revolving credit facility or a new term loan of up to \$250.0 million in the aggregate, subject to customary conditions. The maturity date of the credit agreement is September 15, 2021. As of August 31, 2018 and May 31, 2018, there was no commercial paper outstanding and no borrowings on our revolving credit facility.

Cintas has certain covenants related to debt agreements. These covenants limit our ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These covenants also require Cintas to maintain certain debt to earnings before interest, taxes, depreciation and amortization (EBITDA) and interest coverage ratios. Cross-default provisions exist between certain debt instruments. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital. As of August 31, 2018, Cintas was in compliance with all debt covenants.

Our access to the commercial paper and long-term debt markets has historically provided us with sources of liquidity. We do not anticipate having difficulty in obtaining financing from those markets in the future in view of our favorable experiences in the debt markets in the recent past. Our ability to continue to access the commercial paper and long-term debt markets on favorable interest rate and other terms will depend, to a significant degree, on the ratings assigned by the credit rating agencies to our indebtedness. As of August 31, 2018, our ratings were as follows:

Rating Agency	Outlook	Commercial Paper	Long-term Debt
Standard & Poor's	Positive	A-2	BBB+
Moody's Investors Service	Stable	P-2	A3

In the event that the ratings of our commercial paper or our outstanding long-term debt issues were substantially lowered or withdrawn for any reason, or if the ratings assigned to any new issue of long-term debt securities were

significantly lower than those noted above, particularly if we no longer had investment grade ratings, our ability to access the debt markets may be adversely affected. In addition, in such a case, our cost of funds for new issues of commercial paper and long-term debt would be higher than our cost of funds would have been had the ratings of those new issues been at or above the level of the ratings noted above. The rating agency ratings are not recommendations to buy, sell or hold our commercial paper or debt securities. Each rating may be subject to revision or withdrawal at any time by the assigning rating organization and should be evaluated independently of any other rating. Moreover, each credit rating is specific to the security to which it applies.

To monitor our credit rating and our capacity for long-term financing, we consider various qualitative and quantitative factors. One such factor is the ratio of our total debt to EBITDA. For the purpose of this calculation, debt is defined as the sum of short-term borrowings, long-term debt due within one year, obligations under capital leases due in one year, long-term debt and long-term obligations under capital leases.

LITIGATION AND OTHER CONTINGENCIES

Cintas is subject to legal proceedings, insurance receipts, legal settlements and claims arising from the ordinary course of its business, including personal injury, customer contract, environmental and employment claims. In the opinion of management, the aggregate liability, if any, with respect to such ordinary course of business actions will not have a material adverse effect on the consolidated financial position or results of operation of Cintas.

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides a safe harbor from civil litigation for forward-looking statements. Forward-looking statements may be identified by words such as “estimates,” “anticipates,” “predicts,” “projects,” “plans,” “expects,” “intends,” “target,” “believes,” “seeks,” “could,” “should,” “may” and “will” or the negative versions thereof and similar words, terms and expressions and by the context in which they are used. Such statements are based upon current expectations of Cintas and speak only as of the date made. You should not place undue reliance on any forward-looking statement. We cannot guarantee that any forward-looking statement will be realized. These statements are subject to various risks, uncertainties, potentially inaccurate assumptions and other factors that could cause actual results to differ from those set forth in or implied by this Quarterly Report. Factors that might cause such a difference include, but are not limited to, risks inherent with the G&K transaction in the achievement of cost synergies and the timing thereof, including whether the transaction will be accretive and within the expected timeframe and the actual amounts of future integration expenses; the possibility of greater than anticipated operating costs including energy and fuel costs; lower sales volumes; loss of customers due to outsourcing trends; the performance and costs of integration of acquisitions, including G&K; fluctuations in costs of materials and labor including increased medical costs; costs and possible effects of union organizing activities; failure to comply with government regulations concerning employment discrimination, employee pay and benefits and employee health and safety; the effect on operations of exchange rate fluctuations, tariffs and other political, economic and regulatory risks; uncertainties regarding any existing or newly-discovered expenses and liabilities related to environmental compliance and remediation; the cost, results and ongoing assessment of internal controls for financial reporting required by the Sarbanes-Oxley Act of 2002; the effect of new accounting pronouncements; costs of our SAP system implementation; disruptions caused by the inaccessibility of computer systems data, including cybersecurity risks; the initiation or outcome of litigation, investigations or other proceedings; higher assumed sourcing or distribution costs of products; the disruption of operations from catastrophic or extraordinary events; the amount and timing of repurchases of our common stock, if any; changes in federal and state tax and labor laws; and the reactions of competitors in terms of price and service. Cintas undertakes no obligation to publicly release any revisions to any forward-looking statements or to otherwise update any forward-looking statements whether as a result of new information or to reflect events, circumstances or any other unanticipated developments arising after the date on which such statements are made. A further list and description of risks, uncertainties and other matters can be found in our Annual Report on Form 10-K for the year ended May 31, 2018 and in our reports on Forms 10-Q and 8-K. The risks and uncertainties described herein are not the only ones we may face. Additional risks and uncertainties presently not known to us or that we currently believe to be immaterial may also harm our business.

ITEM 3.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

In our normal operations, Cintas has market risk exposure to interest rates. There has been no material change to this market risk exposure to interest rates from that which was previously disclosed on page 30 of our Annual Report on Form 10-K for the year ended May 31, 2018.

Through its foreign operations, Cintas is exposed to foreign currency risk. Foreign currency exposures arise from transactions denominated in a currency other than the functional currency and from foreign currency denominated revenue and profit translated into U.S. dollars. The primary foreign currency to which Cintas is exposed is the Canadian dollar.

ITEM 4.

CONTROLS AND PROCEDURES.

Disclosure Controls and Procedures

With the participation of Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, Cintas has evaluated the effectiveness of the disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (Exchange Act)) as of August 31, 2018. Based on such evaluation, Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, has concluded that Cintas' disclosure controls and procedures were effective as of August 31, 2018, in ensuring (i) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and (ii) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is accumulated and communicated to Cintas' management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Internal Control over Financial Reporting

Beginning June 1, 2018, we adopted ASU 2014-09 and implemented certain changes to our related revenue recognition control activities, including the development of new policies and periodic reviews of revenue transactions based on the five-step model provided in the new revenue standard, enhanced contract review requirements and other ongoing monitoring activities. There were no other changes in Cintas' internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter ended August 31, 2018, that have materially affected, or are reasonably likely to materially affect, Cintas' internal control over financial reporting.
