ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

The information contained in this current report on Form 8-K is furnished pursuant to Item 2.02 of Form 8-K Results of Operations and Financial Condition . This information and the exhibits hereto are being furnished and shall not be deemed to be filed for the purposes of Section 18 of, or otherwise regarded as filed under, the Securities Exchange Act of 1934, as amended. On February 10, 2011, Forrester Research, Inc. issued a press release announcing its financial results for the quarter and year ended December 31, 2010.

Forrester believes that pro forma financial results provide investors with consistent and comparable information to aid in the understanding of Forrester's ongoing business. Forrester uses pro forma financial information to manage its business, including use of pro forma financial results as the basis for setting targets for various compensation programs. Our pro forma presentation excludes the following, as well as their related tax effects:

Amortization of intangibles we exclude the effect of the amortization of intangibles from our pro forma results in order to more consistently present our ongoing results of operations.

Gains and losses from investments we have consistently excluded both gains and losses related to our investments in non-marketable securities and sales of marketable securities from our pro forma results in order to keep quarter-over-quarter and year-over-year comparisons consistent.

Stock-based compensation expense we exclude stock-based compensation from our pro forma results in order to keep quarter-over-quarter and year-over-year comparisons consistent.

Reorganization costs associated with the Company's reduction in force announced in February 2009 and additional lease-related costs incurred in the fourth quarter of 2009 are not included in our pro forma results in order to keep quarter-over-quarter and year-over-year comparisons consistent.

Acquisition related costs and credits are not included in our pro forma results in order to more consistently present our ongoing results of operations.

Duplicate lease costs represent costs for replacement facilities for the period of time prior to the Company utilizing the new facility for operations. Duplicate lease costs are excluded from our pro forma results in order to keep quarter-over-quarter and year-over-year comparisons consistent.

However, these measures should be considered in addition to, not as a substitute for, or superior to, operating income or other measures of financial performance prepared in accordance with generally accepted accounting principles as more fully discussed in our financial statements and filings with the Securities and Exchange Commission.
