Basis of Statement Presentation and Summary of Significant Accounting Policies

The accompanying consolidated financial statements include the accounts of Avatar Holdings Inc. and its subsidiaries and variable interest entities for which Avatar is deemed to be the primary beneficiary (Avatar). All significant intercompany accounts and transactions have been eliminated in consolidation.

The consolidated balance sheets as of June 30, 2005 and December 31, 2004, and the related consolidated statements of income for the six and three months ended June 30, 2005 and 2004 and the consolidated statements of cash flows for the six months ended June 30, 2005 and 2004 have been prepared in accordance with United States generally accepted accounting principles for interim financial information, the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by United States generally accepted accounting principles for complete financial statement presentation. In the opinion of management, all adjustments necessary for a fair presentation of such financial statements have been included. Such adjustments consisted only of normal recurring items. Interim results are not necessarily indicative of results for a full year.

The preparation of the consolidated financial statements in accordance with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates. Due to Avatar s normal operating cycle being in excess of one year, Avatar presents unclassified balance sheets.

The year-end balance sheet was derived from audited financial statements included in Avatar s Forms 10-K and 10-K/A but does not include all disclosures required by United States generally accepted accounting principles. These consolidated financial statements should be read in conjunction with Avatar s December 31, 2004 audited financial statements in Avatar s 2004 Annual Report on Forms 10-K and 10-K/A and the notes to Avatar s consolidated financial statements included therein.

Reclassifications

Certain 2004 financial statement items have been reclassified to conform to the 2005 presentation.

During the six months ended June 30, 2005, Avatar purchased various parcels of land in Florida for an aggregate purchase price of approximately \$24,200 for residential development and entered into a consolidated joint venture that acquired a parcel of property in South Florida for a purchase price of \$8,900 (see Joint Ventures).

During the six months ended June 30, 2005, Avatar realized a pre-tax profit of approximately \$4,000 on the sale of commercial property in Poinciana.

Notes, Mortgage Notes and Other Debt

On March 30, 2004, Avatar issued \$120,000 aggregate principal amount of 4.50% Convertible Senior Notes due 2024 (the 4.50% Notes) in a private, unregistered offering, subsequent to which Avatar filed, for the benefit of the 4.50% Notes holders, a shelf registration statement covering re-sales of the 4.50% Notes and the shares of Avatar's common stock issuable upon the conversion of the 4.50% Notes. Interest is payable semiannually on April 1 and October 1. The 4.50% Notes are senior, unsecured obligations and rank equal in right of payment to all of Avatar's existing and future unsecured and senior indebtedness. However, the 4.50% Notes are effectively subordinated to all of Avatar's existing and future secured debt to the extent of the collateral securing such indebtedness, and to all existing and future liabilities of subsidiaries of Avatar. Each \$1 in principal amount of the 4.50% Notes is convertible, at the option of the holder, at a conversion price of \$52.63, or 19.0006 shares of Avatar's common stock, upon the satisfaction of one of the following conditions: a) during any calendar quarter (but only during such calendar quarter) commencing after June 30, 2004 if the closing sale price of Avatar's common stock for at least 20 trading days in a period of 30 consecutive trading days ending on the last trading day of the preceding calendar quarter is more than 120% of the conversion price per share of common stock on such last day; or b) during the five business day period after any five-consecutive-trading-day period in which the trading price per \$1 principal amount of the 4.50% Notes for each day of that period was less than 98% of the product of the closing sale price for Avatar's common stock for each day of that period and the number of shares of common stock issuable upon conversion of \$1 principal amount of the 4.50% Notes, provided that if on the date of any such conversion that is on or after April 1, 2019, the closing sale price of Avatar's common stock is greater than the conversion price, then holders will receive, in lieu of common stock based on the conversion price, cash or common stock or a combination thereof, at Avatar's option, with a value equal to the principal amount of the 4.50% Notes plus accrued and unpaid interest, as of the conversion date. The satisfaction of these conditions has not been met as of June 30, 2005.

Avatar may, at its option, redeem for cash all or a portion of the 4.50% Notes at any time on or after April 5, 2011. Holders may require Avatar to repurchase the 4.50% Notes for cash on April 1, 2011, April 1, 2014 and April 1, 2019 or in certain circumstances involving a designated event, as defined in the indenture for the 4.50% Notes, holders may require Avatar to purchase all or a portion of their 4.50% Notes. In each case, Avatar will pay a repurchase price equal to 100% of their principal amount, plus accrued and unpaid interest, if any.

In conjunction with the offering, Avatar used approximately \$42,905 of the net proceeds from the offering to purchase 1,141,400 shares of its common stock in privately negotiated transactions at a price of \$37.59 per share. Avatar used the balance of the net proceeds from the offering for general corporate purposes including acquisitions of land in Florida.

continued**Notes, Mortgage Notes and Other Debt continued**

As of June 30, 2005, Avatar's borrowings totaled \$30,000 under the \$100,000 Secured Revolving Line of Credit Facility (the Credit Facility) and approximately \$67,285 was available for borrowings under the Credit Facility, net of approximately \$2,715 outstanding letters of credit.

Estimated Development Liability

The estimated development liability for infrastructure construction materials and services in Poinciana and Rio Rico increased \$1,660 and \$1,060 due to rising costs for such items as concrete, steel and labor during the six and three months ended June 30, 2005, respectively.

Warranty Costs

Warranty reserves for houses are established to cover potential costs for materials and labor with regard to warranty-type claims to be incurred subsequent to the closing of a house. Reserves are determined based on historical data and current factors. Avatar may have recourse against the subcontractors for claims relating to workmanship and materials. Warranty reserves are included in Accrued and Other Liabilities in the consolidated balance sheets.

During the six and three months ended June 30, 2005 and 2004 changes in the warranty accrual consisted of the following (unaudited):

	Six Months		Three Months	
	2005	2004	2005	2004

Earnings Per Share

Avatar presents earnings per share in accordance with SFAS No. 128, *Earnings Per Share*. Basic earnings per share is computed by dividing earnings available to common shareholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of Avatar.

The weighted average number of shares outstanding in calculating basic earnings per share includes the issuance of 24,014 shares and 21,000 shares of Avatar common stock for the six and three months ended June 30, 2004, respectively, due to the exercise of stock options. Avatar did not issue any shares of common stock during the six months ended June 30, 2005.

The following table represents a reconciliation of the income from continuing operations, net income and weighted average shares outstanding for the calculation of basic and diluted earnings per share for the six and three months ended June 30, 2005 and 2004 (unaudited):

Under SFAS No. 128, issuers of contingently convertible debt instruments (such as the 4.50% Notes), which generally become convertible into common stock only if one or more specified events occur, such as the underlying common stock achieving a specified price target, exclude the potential common shares from the calculation of diluted earnings per share until the market price or other contingency is met. However, the Emerging Issues Task Force (EITF) reached a final consensus for accounting for contingently convertible debt instruments as it relates to earnings per share in Issue 04-8 *The Effect of Contingently Convertible Debt on Earnings Per Share* (Issue 04-8). The EITF affirmed its final consensus that contingently convertible debt instruments should be included in diluted earnings per share computations (if dilutive) regardless of whether the market price trigger has been met. Avatar implemented Issue 04-8 during the fourth quarter of 2004 by including the dilutive effect of the 4.50% Notes. Avatar restated diluted earnings per share for the six and three months ended June 30, 2004.

Repurchase and Exchange of Common Stock

In conjunction with the offering of \$120,000 of the 4.50% Notes, on March 22, 2004, Avatar's Board of Directors authorized Avatar to use up to approximately \$43,000 of the gross proceeds to purchase shares of its common stock in privately negotiated transactions. On March 30, 2004, Avatar used approximately \$42,906 to purchase 1,141,400

shares of its common stock at a price of \$37.59 per share.

On June 29, 2005, Avatar's Board of Directors amended the March 20, 2003 authorization which allows Avatar to purchase, from time to time, shares of its common stock in the open market, through privately negotiated transactions or otherwise, depending on market and business conditions and other factors, to also include repurchases of the 4.50% Notes. For the six months ended June 30, 2005, Avatar did not repurchase any shares of its common stock or 4.50% Notes. As of June 30, 2005, Avatar is authorized to repurchase \$16,257 of its common stock and/or 4.50% Notes.

Table of Contents**Notes to Consolidated Financial Statements (dollars in thousands except share and per share data) (Unaudited)**
continued**Stock-Based Compensation**

In accordance with SFAS No. 123, *Accounting for Stock-Based Compensation* and SFAS No. 148, *Accounting for Stock-Based Compensation Transition and Disclosure*, Avatar accounts for stock-based compensation based on intrinsic value in accordance with APB No. 25, *Accounting for Stock Issued to Employees* and related interpretations and provides the disclosure-only provisions of SFAS No. 123 and SFAS No. 148. For restricted stock units granted, the value is based on the market price of Avatar's common stock on the date the specified hurdle price is achieved, provided such provisions are applicable, or the date of grant. Compensation expense from restricted stock units is recognized using the straight-line method over the vesting period. Compensation expense of \$1,465 and \$740 has been recognized for the six and three months ended June 30, 2005, respectively, and compensation expense of \$1,342 and \$933 for the six and three months ended June 30, 2004, respectively. Unearned compensation for restricted stock units is shown as a reduction of stockholders' equity in the consolidated balance sheets. For stock options granted, no compensation expense has been recognized because all stock options granted have exercise prices greater than the market value of Avatar's stock on the grant date.

SFAS No. 123, as amended by SFAS No. 148, requires disclosure of pro forma net income and pro forma earnings per share as if the fair value based method had been applied in measuring compensation expense. The following table summarizes pro forma net income and earnings per share in accordance with SFAS No. 123, for the six and three months ended June 30, 2005 and 2004 had compensation expense for stock-based compensation awarded under Avatar's stock-based incentive compensation plan been based on fair value at the grant date (unaudited):

Avatar has recorded a valuation allowance of \$14,000 with respect to deferred income tax assets as of June 30, 2005. Included in the valuation allowance for deferred income tax assets is approximately \$1,000 which if utilized, will be credited to additional paid-in capital. This valuation allowance was generated in years prior to reorganization on October 1, 1980. For the six and three months ended June 30, 2005, Avatar decreased the valuation allowance by \$3,000 and \$1,000, respectively, which is primarily attributable to the tax over book basis of land inventory in Poinciana and to the tax over book basis of depreciable assets which are expected to be demolished in late-2005.

A reconciliation of income tax expense from continuing operations to the expected income tax expense at the federal statutory rate of 35% for the six and three months ended June 30, 2005 and 2004 is as follows (unaudited):

Joint Ventures

On January 28, 2005, a subsidiary, Avatar Properties at Doral, Inc., entered into a joint venture for the acquisition and development of Blueview Golf Villas (the Blueview Joint Venture) on a 16-acre parcel of property in South Florida. Avatar has a 50% equity interest in this joint venture and is the managing member of the project. Avatar contributed \$9,344 to the Blueview Joint Venture during the six months ended June 30, 2005 towards acquisition of the property and reimbursement of certain third party costs. Avatar is obligated to provide additional contributions to fund operations if any such contributions are required. In addition, in connection with any loans obtained by the Blueview Joint Venture for the development and construction of the project, Avatar may be required to guarantee any such third-party loans. Avatar consolidated the Blueview Joint Venture and eliminated all significant intercompany accounts and transactions. As of June 30, 2005, the Blueview Joint Venture had total assets of \$9,914.

On March 17, 2004, a subsidiary, Avatar Regalia, Inc., entered into a joint venture for possible investment in and/or development of Regalia (the Regalia Joint Venture), a luxury residential high-rise condominium on an approximately 1.18-acre oceanfront site in Sunny Isles Beach, Florida (the Property), approximately three miles south of Hollywood, Florida whereby Avatar had a 50% equity interest in the Regalia Joint Venture. On June, 30, 2005, Avatar assigned its 50% equity interest in the Regalia Joint Venture to Avatar's 50% equity partner for which Avatar received a promissory note in the amount of approximately \$11,500 secured by a mortgage on the Property. Under the terms of the promissory note, Avatar may advance up to an additional \$750. The interest rate on this promissory note is 8% per annum. Unpaid principal and interest under this promissory note is due and payable on June 30, 2006. Although legal transfer of ownership occurred in this transaction, for accounting purposes the risks of ownership have not been transferred to allow Avatar to recognize this transaction as a sale. The consolidated assets and liabilities of the Regalia Joint Venture are reflected on the accompanying consolidated balance sheet as Assets of business transferred under

contractual arrangements and Liabilities of business transferred under contractual arrangements, respectively, as of June 30, 2005 and December 31, 2004.

In December 2002, a subsidiary, Avatar Ocean Palms, Inc., entered into a joint venture in which it committed to fund up to \$25,000 for the development of Ocean Palms (the Ocean Palms Joint Venture), a 38-story, 240-unit high-rise condominium on a 3.5-acre oceanfront site in Hollywood, Florida. In December 2003, the Ocean Palms Joint Venture closed on a \$115,000 construction financing package and commenced development and construction. This financing is not guaranteed by Avatar. During the first quarter of 2004, construction of the condominium building surpassed the preliminary stage of construction whereby recognition of profits under the percentage of completion method commenced. Avatar has a 50% equity interest in the Ocean Palms Joint Venture and is accounting for its investment under the equity method whereby Avatar recognizes its share of profits and losses. As of June 30, 2005, Avatar has funded \$20,000 to the Ocean Palms Joint Venture.

On March 9, 2004, Avatar agreed to lend up to \$5,000 to the sole stockholder of the Ocean Palms Joint Venture member, to be represented by a two-year interest-bearing promissory note. Advances under the promissory note are subject to certain requirements and conditions related to sales at Ocean Palms, which conditions and requirements were satisfied during July 2004. As of June 30, 2005 and December 31, 2004, \$3,510 and \$3,000, respectively, was outstanding under the promissory note which is included in Receivables, net in the accompanying consolidated balance sheets. Unless otherwise paid, advances and interest thereon are payable from all cash distributions payable to the Ocean Palms Joint Venture member.

The following is the Ocean Palms Joint Venture's condensed balance sheets as of June 30, 2005 and December 31, 2004:

Consolidation of Variable Interest Entities

In December 2003, the FASB issued Interpretation No. 46(R) (FIN 46(R)), (which further clarified and amended FIN 46, *Consolidation of Variable Interest Entities*) which requires the consolidation of entities in which an enterprise absorbs a majority of the entity's expected losses, receives a majority of the entity's expected residual returns, or both, as a result of ownership, contractual or other financial interests in the entity. Prior to the issuance of FIN 46(R), entities were generally consolidated by an enterprise when it had a controlling financial interest through ownership of a majority voting interest in the entity.

Avatar evaluated the impact of FIN 46(R) as it relates to its equity interest in the Blueview Joint Venture, and determined the Blueview Joint Venture is a variable interest entity and Avatar is the primary beneficiary, since it is the entity that will absorb a majority of the losses and/or receive a majority of the expected residual returns (profits). Thus, Avatar, under the provisions of FIN 46(R), commenced consolidating the Blueview Joint Venture into its financial statements during the first quarter of 2005.

In December 2004, the FASB issued SFAS No. 123(R), *Share-Based Payment* which replaces SFAS No. 123 and supersedes APB No. 25. SFAS No. 123(R) requires the measurement of all share-based payments to employees, including grants of employee stock options, using a fair-value based method and the recording of such expense over the related vesting period. SFAS No. 123(R) also requires the recognition of compensation expense for the fair value of any unvested stock option awards outstanding at the date of adoption. The proforma disclosure previously permitted under SFAS No. 123 and SFAS No. 148 is no longer an alternative under SFAS 123(R). On April 14, 2005, the Securities and Exchange Commission (SEC) announced that it would provide for phased-in implementation process for SFAS No. 123(R). The SEC will require that registrants that are not small business issuers adopt SFAS No. 123(R) no later than the first fiscal year beginning after June 15, 2005, or January 1, 2006 for Avatar. Avatar does not expect the adoption of SFAS No. 123(R) to have a material impact on its financial position or results of operations.

Contingencies

Avatar is involved in various pending litigation matters primarily arising in the normal course of its business. Although the outcome of these matters cannot be determined, management believes that the resolution thereof will not have a material effect on Avatar's business or financial statements.

Discontinued Operations

During the second quarter of 2005, Avatar entered into a non-binding letter of intent for the sale of the stock of Rio Rico Utilities, Inc., its water and wastewater utilities operations in Rio Rico, Arizona; however, there is no assurance that the transaction will be consummated. In accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, a disposal group classified as held for sale shall be measured at the lower of its carrying amount or fair value less costs to sell. Therefore, Avatar recorded an estimated loss on the disposal of Rio Rico Utilities of \$1,683 for the six and three months ended June 30, 2005. SFAS 144 also requires Avatar to classify Rio Rico Utilities as held for sale. The assets and liabilities of Rio Rico Utilities operations have been segregated in the accompanying consolidated balance sheets as of June 30, 2005 and December 31, 2004 and the operating results for the six and three months ended June 30, 2005 and 2004 have been segregated from continuing operations and reported as discontinued operations in the accompanying consolidated statements of income. Revenues from Rio Rico Utilities for the six and three months ended June 30, 2005 were \$1,400 and \$754, respectively, and revenues for the six and three months ended June 30, 2004 were \$1,242 and \$528, respectively.

During February 2004, Avatar closed on the sale of the Harbor Islands marina located in Hollywood, Florida for a sales price of approximately \$6,711. The pre-tax gain of approximately \$2,784 on this sale and the operating results for the six and three months ended June 30, 2004 have been reported as discontinued operations. On June 1, 2004, Avatar closed on the sale of substantially all of the assets of its cable operations located in Poinciana for a sales price of approximately \$6,175. The pre-tax gain of approximately \$3,775 on this sale and the operating results for the six and three months ended June 30, 2004 have been reported as discontinued operations.

In the preparation of its financial statements, Avatar applies United States generally accepted accounting principles. The application of generally accepted accounting principles may require management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying results. The following discussion of Avatar's financial condition and results of operations should be read in conjunction with the unaudited consolidated financial statements and notes thereto included elsewhere in this Form 10-Q and the audited consolidated financial statements and accompanying notes included in our Annual Report on Forms 10-K and 10-K/A for the year ended December 31, 2004.

The number of contracts signed as well as closings for the three months ended June 30, 2005 were adversely affected as the result of several factors. Near-record rainfall in Central Florida during June 2005 delayed land development activities and delayed the start of construction of new homes under contract because of saturated land conditions. In addition, we established sales policies intended to reduce the current backlog; and we instituted programs to discourage the purchase of homes in our active adult community by speculators.

Results for Avatar's active adult community, Solivita, included in the foregoing tables for the six and three months ended June 30, 2005 are: 504 and 177 contracts were signed (net of cancellations), with an aggregate sales volume of \$137,760 and \$55,699, respectively; 318 and 174 homes closed, generating revenues from Solivita homebuilding operations of \$64,304 and \$36,841, respectively. Results for Solivita included in the foregoing tables for the six and three months ended June 30, 2004 are: 435 and 243 contracts were signed (net of cancellations), with an aggregate sales volume of \$89,492 and \$49,846, respectively; 227 and 121 homes closed, generating revenues from Solivita homebuilding operations of \$47,212 and \$25,181, respectively. Backlog at June 30, 2005 and 2004 totaled 908 units at \$225,141 and 653 units at \$130,914, respectively.

Results for Harbor Islands for the six and three months ended June 30, 2005 are: 13 and 7 homes closed, generating revenues of \$22,691 and \$11,812, respectively. Results for Harbor Islands for the six and three months ended June 30, 2004 are: 16 and 7 homes closed, generating revenues of \$21,905 and \$10,091, respectively. As of June 30, 2005, one house remains for sale and one contract was signed during the six and three months ended June 30, 2005. For the six and three months ended June 30, 2004, 14 and 3 contracts were signed (net of cancellations), respectively, with an aggregate sales volume of \$24,665 and \$6,923, respectively. Backlog at June 30, 2005 and 2004 totaled 2 units at \$6,260 and 26 units at \$44,399, respectively. It is anticipated that closings of all units at Harbor Islands will be completed during 2005.

Net income for the six and three months ended June 30, 2005 and 2004 was \$23,559 or \$2.39 per diluted share (\$2.92 per basic share) and \$9,389 or \$0.96 per diluted share (\$1.17 per basic share), respectively, compared to net income of \$18,155 or \$1.87 per diluted share (\$2.06 per basic share) and \$9,771 or \$0.99 per diluted share (\$1.18 per basic share). The increase in net income for the six month period was primarily due to increases in primary residential operations, active adult operating results and commercial and industrial land sales, as well as increases in earnings recognized from the Ocean Palms Joint Venture. The increase for the six month period was partially mitigated by increases in general and administrative expenses and other real estate expenses as well as the gain from the sale of discontinued operations for the six months ended June 30, 2004. Also partially mitigating the increase in net income for the six months ended June 30, 2005 was an estimated loss on disposal relating to Rio Rico Utilities of \$1,683. The decrease in net income for the three month period was primarily due to the gain from the sale of discontinued operations for the three months ended June 30, 2004 as well as the estimated loss on disposal relating to Rio Rico Utilities of \$1,683 for the three months ended June 30, 2005. The decrease in net income for the three month period was partially mitigated by increases in primary residential operations, active adult operating results and commercial and industrial land sales, as well as increases in earnings recognized from unconsolidated joint venture.

Revenues from primary residential operations increased \$10,502 or 9.7% and \$7,632 or 13.4% for the six and three months ended June 30, 2005, respectively, compared to the same periods in 2004. Expenses from primary residential operations increased \$5,690 or 6.4% and \$4,973 or 10.7% for the six and three months ended June 30, 2005, respectively, compared to the same periods in 2004. The increases in revenues is attributable to increases in the average price per unit closed, partially mitigated by a lower number of closings compared to the six and three months ended June 30, 2004 due to construction delays at our Poinciana and Bellalago developments as a result of the impact of three hurricanes during the third quarter of 2004. The increase in expenses in primary residential operations is attributable to the associated costs related to price increases for materials and services.

Revenues from active adult operations increased \$17,897 or 36.0% and \$12,097 or 45.9% for the six and three months ended June 30, 2005, respectively, compared to the same periods in 2004. Expenses from active adult operations increased \$15,341 or 33.2% and \$9,783 or 39.5% for the six and three months ended June 30, 2005, respectively, compared to the same periods in 2004. The increases in revenues are primarily due to increases in the number of units closed and increases in activity at the amenity operations at Solivita. The increase in expenses in active adult operations is primarily attributable to costs associated with the higher volume of closings and price increases for materials and services.

Revenues from commercial and industrial and other land sales increased \$6,464 or 416.2% and \$1,038 or 88.0% for the six and three months ended June 30, 2005, respectively, compared to the same periods in 2004. Expenses from commercial and industrial and other land sales increased \$663 or 149.0% and \$424 or 146.7% for the six and three months ended June 30, 2005, respectively, compared to the same periods in 2004. During the six months ended June 30, 2005, Avatar realized a pre-tax profit of approximately \$4,000 on the sale of commercial property in Poinciana. The amount and types of commercial and industrial and other land sold vary from year to year depending upon demand, ensuing negotiations and the timing of the closings of these sales.

Revenues from other operations decreased \$1,146 or 25.5% and \$1,130 or 37.7% for the six and three months ended June 30, 2005, respectively, compared to the same periods in 2004. Expenses from other operations increased \$515 or 28.5% and \$215 or 20.8% for the six and three months ended June 30, 2005, respectively, compared to the same periods in 2004. The decreases in revenues from other operations is primarily attributable to approximately \$1,300 recognized and earned during the six and three months ended June 30, 2004 from escrowed funds associated with the sale of substantially all of the assets from the utilities operation in Florida during 1999. The increase in expenses is primarily attributable to increased operating expenses associated with our title insurance agency and rental operations.

Equity earnings from unconsolidated joint ventures represents Avatar's proportionate share of profits and losses from its investments in unconsolidated joint ventures whereby Avatar is accounting for its investment under the equity method. For the six and three months ended June 30, 2005, Avatar recognized \$12,357 and \$4,788, respectively, of earnings compared to \$5,984 and \$2,943 of earnings for the six and three months ended June 30, 2004, respectively, from its investment in the Ocean Palms Joint Venture. Earnings from the Ocean Palms Joint Venture are recognized on the percentage of completion method of accounting. Construction of the highrise condominium building in Hollywood, Florida could be completed in late-fourth-quarter 2005. Therefore, we are unlikely to realize significant equity earnings from unconsolidated joint ventures during 2006.

General and administrative expenses increased \$2,527 or 26.0% and \$956 or 18.1% for the six and three months ended June 30, 2005, respectively, compared to the same periods in 2004. The increase was primarily due to increases in professional fees, incentive compensation and compensation expense.

Other real estate expense, which represents real estate taxes and property maintenance not allocable to specific operations, increased by \$2,530 or 108.9% and \$2,012 or 174.7% for the six and three months ended June 30, 2005, respectively, compared to the same periods in 2004. The increases are primarily attributable to increased estimated development liability for infrastructure construction materials and services in Poinciana and Rio Rico due to rising costs during the six and three months ended June 30, 2005 for such items as concrete, steel and labor.

During the second quarter of 2005, Avatar entered into a non-binding letter of intent for the sale of the stock of Rio Rico Utilities, Inc., its water and wastewater utilities operations in Rio Rico, Arizona; however, there is no assurance that the transaction will be consummated. In accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, a disposal group classified as held for sale shall be measured at the lower of its carrying amount or fair value less costs to sell. Therefore, Avatar recorded an estimated loss on the disposal of Rio Rico Utilities of \$1,683 for the six and three months ended June 30, 2005. SFAS 144 also requires Avatar to classify Rio Rico Utilities as held for sale. The assets and liabilities of Rio Rico Utilities operations have been segregated in the accompanying consolidated balance sheets as of June 30, 2005 and December 31, 2004 and the operating results for the six and three months ended June 30, 2005 and 2004 have been segregated from continuing operations and reported as discontinued operations in the accompanying consolidated statements of income. Revenues from Rio Rico Utilities for the six and three months ended June 30, 2005 were \$1,400 and \$754, respectively, and revenues for the six and three months ended June 30, 2004 were \$1,242 and \$528, respectively.

On June 1, 2004, Avatar closed on the sale of substantially all of the assets of its cable operations located in Poinciana for a sales price of approximately \$6,175. The pre-tax gain of approximately \$3,775 on this sale and the operating results for the six and three months ended June 30, 2004 have been reported as discontinued operations in the accompanying consolidated statements of income. During February 2004, Avatar closed on the sale of the Harbor Islands marina located in Hollywood, Florida for a sales price of approximately \$6,711. The pre-tax gain of approximately \$2,784 on this sale and the operating results for the six months ended June 30, 2004 have been reported as discontinued operations in the accompanying consolidated statements of income.

Income tax expense was provided for at an effective tax rate of 29.4% and 31.1% for the six and three months ended June 30, 2005, respectively, compared to 35.6% and 35.0% for the six and three months ended June 30, 2004, respectively. The decrease in the effective tax rate for the six months ended June 30, 2005 compared to the same period in 2004 is due primarily to a \$2,000 reduction to the valuation allowance for deferred tax assets primarily attributable to the tax over book basis of depreciable assets which are expected to be demolished in late-2005.

LIQUIDITY AND CAPITAL RESOURCES

Our real estate business strategy is designed to capitalize on Avatar's competitive advantages and emphasize higher profit margin businesses by concentrating on the development and management of active adult communities, production and semi-custom homes and communities, and utilizing commercial and industrial development to maximize the value of our residential community developments. We also seek to identify additional sites that are suitable for development consistent with our business strategy and anticipate that we will acquire or develop them directly or through joint venture, partnership or management arrangements. Our primary business activities are capital intensive in nature. Significant capital resources are required to finance planned primary residential and active adult communities, homebuilding construction in process, community infrastructure, selling expenses, new projects and working capital needs, including funding of debt service requirements and the carrying cost of land.

Avatar's operating cash flows fluctuate relative to the status of development within existing communities, expenditures for new developments or other real estate activities and sales of various homebuilding product lines within those communities and other developments. From time to time we have generated, and may continue to generate, additional cash flow through sales of non-core assets.

As of June 30, 2005, Avatar's borrowings totaled \$30,000 under the \$100,000 Secured Revolving Line of Credit Facility (the Credit Facility) and approximately \$67,285 was available for borrowings under the Credit Facility, net of approximately \$2,715 outstanding letters of credit.

During the six months ended June 30, 2005, Avatar purchased various parcels of land in Florida for an aggregate purchase price of approximately \$24,200 for residential development and entered into a joint venture for the acquisition and development of an additional parcel of property in South Florida for a purchase price of \$8,900.

On January 28, 2005, a subsidiary, Avatar Properties at Doral, Inc., entered into a joint venture for the acquisition and development of Blueview Golf Villas (the Blueview Joint Venture) on a 16-acre parcel of property in South Florida. Avatar has a 50% equity interest in this joint venture and is the managing member of the project. Avatar contributed \$9,344 to the Blueview Joint Venture during the six months ended June 30, 2005 towards acquisition of the property and reimbursement of certain third party costs. Avatar is obligated to provide additional contributions to fund operations if any such contributions are required. In addition, in connection with any loans obtained by the Blueview Joint Venture for the development and construction of the project, Avatar may be required to guarantee any such third-party loan.

On March 17, 2004, a subsidiary, Avatar Regalia, Inc., entered into a joint venture for possible investment in and/or development of Regalia (the Regalia Joint Venture), a luxury residential high-rise condominium on an approximately 1.18-acre oceanfront site in Sunny Isles Beach, Florida (the Property), approximately three miles south of Hollywood, Florida whereby Avatar had a 50% equity interest in the Regalia Joint Venture. On June 30, 2005, Avatar assigned its 50% equity interest in the Regalia Joint Venture to Avatar's 50% equity partner for which Avatar received a promissory note in the amount of approximately \$11,500 secured by a mortgage on the Property. Under the terms of the promissory note, Avatar may advance up to an additional \$750. The interest rate on this promissory note is 8% per annum. Unpaid principal and interest under this promissory note is due and payable on June 30, 2006. Although legal transfer of ownership occurred in this transaction, for accounting purposes the risks of ownership have not been transferred to allow Avatar to recognize this transaction as a sale.

On March 9, 2004, Avatar agreed to lend up to \$5,000 to the sole stockholder of the Ocean Palms Joint Venture member, to be represented by a two-year interest-bearing promissory note. Advances under the promissory note are subject to certain requirements and conditions related to sales at Ocean Palms, which conditions and requirements were satisfied during July 2004. As of June 30, 2005 and December 31, 2004, \$3,510 and \$3,000, respectively, was outstanding under the promissory note which is included in Receivables, net in the accompanying consolidated balance sheets. Unless otherwise paid, advances and interest thereon are payable from all cash distributions payable to the Ocean Palms Joint Venture member.

On March 30, 2004, Avatar issued \$120,000 aggregate principal amount of 4.50% Convertible Senior Notes due 2024 (the 4.50% Notes) in a private, unregistered offering, subsequent to which we filed, for the benefit of the 4.50% Notes holders, a shelf registration statement covering resales of the 4.50% Notes and the shares of Avatar's common stock issuable upon the conversion of the 4.50% Notes. Interest is payable semiannually on April 1 and October 1. The 4.50% Notes are senior, unsecured obligations and rank equal in right of payment to all of Avatar's existing and future unsecured and senior indebtedness. However, the 4.50% Notes are effectively subordinated to all of Avatar's existing and future secured debt to the extent of the collateral securing such indebtedness, and to all existing and future liabilities of subsidiaries of Avatar. Each \$1 in principal amount of the 4.50% Notes is convertible, at the option of the holder, at a conversion price of \$52.63, or 19.0006 shares of our common stock, upon the satisfaction of one of the following conditions: a) during any calendar quarter (but only during such calendar quarter) commencing after June 30, 2004 if the closing sale price of our common stock for at least 20 trading days in a period of 30 consecutive trading days ending on the last trading day of the preceding calendar quarter is more than 120% of the conversion price per share of common stock on such last day; or b) during the five business day period after any five-consecutive-trading-day period in which the trading price per \$1 principal amount of the 4.50% Notes for each day of that period was less than 98% of the product of the closing sale price for our common stock for each day of that period and the number of shares of common stock issuable upon conversion of \$1 principal amount of the 4.50% Notes, provided that if on the date of any such conversion that is on or after April 1, 2019, the closing sale price of our common stock is greater than the conversion price, then holders will receive, in lieu of common stock based on the conversion price, cash or common stock or a combination thereof, at our option, with a value equal to the principal amount of the 4.50% Notes plus accrued and unpaid interest, as of the conversion date. The satisfaction of these conditions has not been met as of June 30, 2005.

We may, at our option, redeem for cash all or a portion of the 4.50% Notes at any time on or after April 5, 2011. Holders may require us to repurchase the 4.50% Notes for cash on April 1, 2011, April 1, 2014 and April 1, 2019; or in certain circumstances involving a designated event, as defined in the indenture for the 4.50% Notes, holders may require us to purchase all or a portion of their 4.50% Notes. In each case, we will pay a repurchase price equal to 100% of their principal amount, plus accrued and unpaid interest, if any.

In conjunction with the offering, we used approximately \$42,905 of the net proceeds from the offering to purchase 1,141,400 shares of our common stock in privately negotiated transactions at a price of \$37.59 per share. We used the balance of the net proceeds from the offering for general corporate purposes including acquisitions of land in Florida.

On June 29, 2005, Avatar's Board of Directors amended the March 20, 2003 authorization which allows Avatar to purchase, from time to time, shares of its common stock in the open market, through privately negotiated transactions or otherwise, depending on market and business conditions and other factors, to also include repurchases of the 4.50% Notes. For the six months ended June 30, 2005, Avatar did not repurchase any shares of its common stock or 4.50% Notes. As of June 30, 2005, Avatar is authorized to repurchase \$16,257 of its common stock and/or 4.50% Notes.

For the six months ended June 30, 2005, net cash used in operating activities amounted to \$48,452, primarily as a result of increases in land and other inventories of \$67,301 partially offset by an increase in customer deposits of \$15,868. Contributing to the increase in inventories for the six months ended June 30, 2005 were land acquisitions of \$33,100 and expenditures on construction and land development of approximately \$34,201. Net cash used in investing activities amounted to \$18, as a result of expenditures for investments in property, plant and equipment and unconsolidated joint ventures of \$825 and \$888, respectively, partially offset by distributions from unconsolidated joint ventures of \$1,695. Net cash provided by financing activities of \$29,340 resulted from borrowings of \$30,000 from the Credit Facility, partially offset by repayment of real estate debt of \$660.

For the six months ended June 30, 2004, net cash used in operating activities amounted to \$9,356, primarily as a result of increases in land and other inventories of \$13,088 and prepaid expenses of \$6,498, partially offset by an increase in customer deposits of \$11,129. Net cash provided by investing activities amounted to \$11,642, primarily as a result of net proceeds of \$12,839 from the sales of the Harbor Islands marina and cable operations in Poinciana, offset by \$1,197 resulting from investments in property, plant and equipment. Net cash provided by financing activities of \$57,297 resulted from the proceeds of \$120,000 from the issuance of the 4.50% Notes, partially offset by purchase of \$42,906 of treasury stock in connection with the issuance of the 4.50% Notes and repayment of real estate debt of \$16,429.

Construction by the Ocean Palms Joint Venture of its highrise condominium in Hollywood, Florida, could be completed in late-fourth-quarter 2005. Closings on units are expected to commence during the fourth quarter of 2005. As of commencement of closings on units, the Ocean Palms Joint Venture will realize cash proceeds and will repay construction financing, following which it will begin distribution of cash proceeds to equity members. Such distributions are expected to commence during the first quarter of 2006.

We anticipate that cash flow generated through the combination of profitable operations, sales of commercial and industrial land, sales of non-core assets and/or external borrowings positions us to be able to continue to acquire new development opportunities and expand operations at our existing communities, as well as to commence development of new projects on properties currently owned and/or to be acquired.
