NOTICE TO STOCKHOLDERS OF ACTION APPROVED BY CONSENTING STOCKHOLDERS

The following action was taken based upon the unanimous recommendation of Industries International's Board of Directors (the "Board") and the written consent of the consenting stockholders:

ACTION 1 AMENDMENT TO THE ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED PREFERRED STOCK

The Board and the consenting stockholders unanimously adopted and approved an amendment to Industries International's Articles of Incorporation to increase the number of shares of authorized preferred stock from 2,500,000 to 15,000,000. The par value of each such preferred stock shall be \$0.01 per share. Such amendment is referred to as the "Authorized Shares Amendment." The text of the Authorized Shares Amendment is attached hereto as Exhibit A.

Currently, Industries International has 2,500,000 shares of preferred stock authorized, of which 0 shares are issued and outstanding as of the record date.

The Authorized Shares Amendment will be implemented by filing the Certificate of Amendment of Articles of Incorporation with the Secretary of State of Nevada, a form of which is attached hereto as Exhibit B (the "Certificate of Amendment"). Under federal securities laws, Industries International cannot file the Certificate of Amendment until at least 20 days after the mailing of this Information Statement. Once Industries International files the Certificate of Amendment, Industries International will have 15,000,000 shares of authorized but unissued preferred stock available for issuance.

The Board believes that it is advisable and in the best interests of Industries International to have available additional authorized but unissued shares of preferred stock in an amount adequate to provide for Industries International's future needs. The unissued shares of preferred stock will be available for issuance from time to time as may be deemed advisable or required for various purposes, including the issuance of shares in connection with financing or acquisition transactions. The Board would be able to authorize the issuance of shares for these transactions without the necessity, and related costs and delays, of either calling a special stockholders' meeting or of

Edgar Filing: INDUSTRIES INTERNATIONAL INC - Form DEF 14C

waiting for the regularly scheduled annual meeting of stockholders in order to increase the authorized capital. If, in a particular transaction, stockholder approval were required by law or any stock exchanges or markets or were otherwise deemed advisable by the Board, then the matter would be referred to the stockholders for their approval notwithstanding that Industries International may have the requisite number of voting shares to consummate the transaction. Industries International has no present commitments for the issuance or use of the proposed additional shares of preferred stock. However, the Board believes that if an increase in the authorized number of shares of preferred stock were to be postponed until a specific need arose, the delay and expense incident to obtaining the approval of Industries International's stockholders at that time could significantly impair its ability to meet financing requirements or other objectives.

The Authorized Shares Amendment is not intended to have any anti-takeover effect and is not part of any series of anti-takeover measures contained in any debt instruments or the Articles of Incorporation or the Bylaws of Industries International in effect on the date of this Information Statement. However, Industries International stockholders should note that the availability of additional authorized and unissued shares of preferred stock could make any

attempt to gain control of Industries International or the Board more difficult or time consuming and that the availability of additional authorized and unissued shares might make it more difficult to remove management. Industries International is not aware of any proposed attempt to take over Industries International or of any attempt to acquire a large block of Industries International's stock. Industries International has no present intention to use the increased authorized preferred stock for anti-takeover purposes.
