PROXY STATEMENT

GENERAL

Introduction

The board of directors of AmeriServ Financial, Inc. is soliciting proxies for use at our annual meeting of shareholders to be held on April 23, 2019, at 1:30 p.m., Eastern Time, at the Holiday Inn Downtown, Crown Ballroom, 250 Market Street, Johnstown, Pennsylvania 15901. This proxy statement and enclosed proxy card are being mailed to shareholders on or about March 14, 2019. Our annual report for the year ended December 31, 2018, accompanies this proxy statement. The annual report should not be regarded as proxy solicitation material. AmeriServ Financial, Inc. (which is sometimes referred to as “ASRV,” “the company,” “we,” “us” or “our”) is the holding company for AmeriServ Financial Bank doing business as AmeriServ Financial (the “Bank”) and AmeriServ Trust & Financial Services Company (the “Trust Company”).

Solicitation of Proxies

We will bear the cost of soliciting proxies. In addition to the use of the mail, some of our directors and officers may solicit proxies, without additional compensation, in person, by telephone, or by electronic communication. We may make arrangements with banks, brokerage houses and other custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of shares held by them of record, and we may reimburse them for reasonable expenses they incur.

Voting Securities

As of the close of business on the record date, February 15, 2019, there were 17,606,838 shares of common stock, par value \$0.01 per share, outstanding. Holders of record of our common stock as of the close of business on the record date are entitled to notice of and to vote at the annual meeting or any adjournment or postponement thereof. Except with respect to the election of directors, each shareholder is entitled to one vote for each share held. Holders of our common stock are entitled to cumulate their vote in the election of directors.

The three persons receiving the highest number of votes cast at the annual meeting will be elected as Class III directors (Matter No. 1). The affirmative vote of a majority of the votes cast at the annual meeting is required to approve: (i) the ratification of the appointment of S.R. Snodgrass PC as our independent registered public accounting firm for the fiscal year ending December 31, 2019 (Matter No. 2); (ii) the waiver of the director age restriction provision of the bylaws with respect to Craig G. Ford, a nominee for election as a director (Matter No. 3), and (iii) the advisory (non-binding) vote on the compensation of our named executive officers (Matter No. 4). Shareholders may vote their shares concerning an advisory vote on the frequency of future advisory votes on the compensation of our named executive officers (Matter No. 5) by selecting from among four choices (every one, two, or three years, or abstain). An abstention has no effect on the frequency vote. The frequency choice that receives the greatest number of votes will be viewed as the advisory vote on this matter.

If any other matters are properly presented for consideration at the annual meeting, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the persons named in the proxy card will have discretion to vote on those matters according to their best judgment to the same extent as the person signing the proxy would be entitled to vote. As of the date of this proxy statement, we do not anticipate that any other matters will be raised at the annual meeting.

Although the advisory votes on the compensation of our named executive officers and the advisory vote on the frequency of such votes are non-binding, as provided by law, our board of directors will review the results of the votes and take them into account in making a determination concerning executive compensation.

If you participate in our Dividend Reinvestment and Common Stock Purchase Plan, the proxy card included with this proxy statement indicates the number of shares registered in your name and the number of shares, including fractional shares, credited to your account in our Dividend Reinvestment and Common Stock Purchase Plan.

If your shares are held in an account at a bank, brokerage firm, broker-dealer or other similar organization, then you are a beneficial owner of shares held in street name. In that case, you will have received these proxy materials from that organization holding your account and, as a beneficial owner, you have the right to instruct your broker, bank, trustee, or nominee how to vote the shares held in your account. If no voting instructions are given, your broker or nominee has discretionary authority to vote your shares on your behalf on routine matters as determined in accordance with NYSE Rule 452 by The New York Stock Exchange. A “broker non-vote” results on a matter when your broker or nominee returns a proxy but does not vote on a particular proposal because it does not have discretionary authority to vote on that proposal and has not received voting instructions from you. We believe that your broker or nominee may not have discretionary voting power with respect to Matters No. 1, No. 3, No. 4 and No. 5 to be considered at this meeting. You may not vote shares held in street name at the annual meeting unless you obtain a legal proxy from that organization holding your account.

If you appropriately mark, sign and return the enclosed proxy card or voting instruction card, as the case may be, in time to be voted at the annual meeting, or if you vote by telephone or Internet in accordance with the instructions on the proxy card or voting instruction card, as the case may be, the shares represented thereby will be voted in accordance with your instructions. Signed proxies not marked to the contrary will be voted “FOR” the election of the nominees for our board of directors, “FOR” the ratification of the appointment of S.R. Snodgrass PC as our independent registered public accounting firm for the fiscal year ending December 31, 2019, “FOR” the waiver of the director age restriction provision of the bylaws with respect to Mr. Ford, a nominee for election as a director, “FOR” an advisory (non-binding) vote on the compensation of our named executive officers and to recommend a vote every “1 Year” on executive compensation. Proxy holders shall have full discretion and authority to vote for any one or more of such nominees and will vote the shares represented by each proxy so as to maximize the number of nominees elected to our board of directors, except to the extent that a shareholder withholds such authority on such proxy. However, the shares represented by each proxy cannot be voted by the proxy holders for a greater number of nominees than those identified in this proxy statement.

Right of Revocation

You may revoke your proxy and change your vote at any time before the taking of the vote at the annual meeting. Prior to the applicable cutoff time, you may change your vote using the Internet or telephone methods described above, in which case only your latest Internet or telephone proxy submitted prior to the annual meeting will be counted. You may also revoke your proxy and change your vote by signing and returning a new proxy card or voting instruction form dated as of a later date, or by attending the annual meeting and voting in person in accordance with the methods described above. However, your attendance at the annual meeting will not automatically revoke your proxy unless you properly vote at the annual meeting or specifically request that your prior proxy be revoked by delivering a written notice of revocation to our Corporate Secretary at P.O. Box 430, Johnstown, Pennsylvania 15907-0430 prior to the annual meeting.

Quorum

Under our bylaws, the presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast constitutes a quorum for the transaction of business at the annual meeting. Abstentions will not constitute or be counted as “votes” cast for purposes of the annual meeting, but will be counted for purposes of determining the presence of a quorum.

MATTER NO. 1

ELECTION OF ASRV DIRECTORS

General

Under our articles of incorporation, the total number of directors may be determined by either a resolution adopted by a majority vote of the directors then in office or by a resolution adopted by the shareholders at a meeting. The number of directors for 2019 has been set by the board at eight who are not officers of the Corporation or a subsidiary or affiliate of the Corporation plus the President and Chief Executive Officer. Our current directors, Daniel R. DeVos and Bruce E. Duke, III, will retire as members of our board of directors at our annual meeting. In order to comply with applicable laws, Jeffrey A. Stopko will move from being a Class I director to a Class III director effective at our annual meeting and, accordingly, has been nominated for election at our annual meeting. The board has determined that all current members of our board of directors are independent, pursuant to the listing standards of The NASDAQ Global Market (“NASDAQ”), except Mr. Stopko, the current President & Chief Executive Officer of the company who is not independent by reason of his current employment relationship with ASRV. Our board of directors, as provided in our articles of incorporation, is divided into three classes, each being as nearly equal in number as possible. The directors in each class serve a term of three years or until the earlier of their resignation or their respective successors have been elected and qualified. Under our articles of incorporation, a person who is elected to fill a vacancy on the board of directors will serve as a director for the remaining term of office of the class to which he or she was elected.

Nominees and Continuing Directors

The board of directors has fixed the number of directors in Class III at three and has nominated Craig G. Ford, Kim W. Kunkle and Jeffrey A. Stopko for election as Class III directors, each of whom will serve a three-year term that will expire at the 2022 annual meeting of shareholders, or until the earlier of their resignation or their respective successors have been duly elected and qualified. Directors Ford and Kunkle were previously elected by the shareholders at the 2016 annual meeting, and Director Stopko was previously elected by the shareholders at the 2017 annual meeting. The remaining directors will continue to serve in accordance with their previous election, with the terms of the Class I and Class II directors expiring in 2020 and 2021, respectively.

Our bylaws permit nominations for election to the board of directors to be made by the board of directors or by any shareholder entitled to vote for the election of directors. All nominations for directors to be made at the annual meeting by shareholders entitled to vote for the election of directors must be preceded by notice in writing, delivered or mailed by first class United States mail, postage prepaid, to our Non-Executive Chairman not less than 90 days nor more than 120 days prior to the first anniversary of the date of the previous year’s annual meeting and in compliance with the procedures and with the information required by our bylaws. Such notice must contain, to the extent known, the following information:

- the name and address of the shareholder who intends to make such nomination (the “Nominating Shareholder”);
- the name and address of the beneficial owner, if different than the Nominating Shareholder, of any of the shares owned of record by the Nominating Shareholder (the “Beneficial Holder”);
- the number of shares of each class and series of shares of the company which are owned of record and beneficially by the Nominating Shareholder and the number which are owned beneficially by any Beneficial Holder;
- a representation that there are (and will be) no undisclosed arrangements and understandings between the Nominating Shareholder and any Beneficial Holder and any other person or persons pursuant to which the nomination is being made;
- the name and address of the person or persons to be nominated;

- a representation that the Nominating Shareholder is at the time of giving of the notice, was or will be on the record date for the meeting, and will be on the meeting date a holder of record of shares of the company entitled to vote at such meeting, and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;
- such other information regarding each nominee proposed by the Nominating Shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had the nominee been nominated, or intended to be nominated, by our board of directors;
- a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, hedging transactions, and borrowed or loaned shares) that has been entered into as of the date of the Nominating Shareholder's notice by, or on behalf of, the Nominating Shareholder or any of its affiliates or associates, the effect or intent of which is to mitigate loss to, manage risk or benefit of share price exchanges for, or increase or decrease the voting power of the Nominating Shareholder or any of its affiliates or associates with respect to shares of our stock; and
- the written consent of each nominee to serve as our director if so elected.

The presiding officer of any such shareholder meeting may, in such officer's sole discretion, refuse to acknowledge the nomination of any person which the presiding officer determines is not made in compliance with the foregoing procedure.

We have not received any properly made notice of nomination for directors from any shareholder in connection with this year's annual meeting. Any nomination that does not comply with the procedures required by the bylaws, and any vote cast at the annual meeting for any candidate not duly nominated, will be disregarded.

With respect to the election of directors, each shareholder has the right to vote, for each share of our common stock held by the shareholder, such number of votes as shall be equal to the number of directors to be elected, and the shareholder may cast the whole number of votes for one nominee or distribute them among two or more nominees. Each of the nominees listed is a current member of our board of directors and has expressed his or her willingness to serve. If any of the nominees become unable to accept nomination or election, the persons named in the proxy may vote for a substitute nominee selected by our board of directors. Our management, however, has no present reason to believe that any Class III nominee will be unable to serve as a director, if elected.

The following tables set forth as to each of the nominees for election as a Class III director and as to each of the continuing Class I and Class II directors, his or her age, principal occupation and business experience, the period during which he or she has served as a member of our board of directors, or an affiliate or predecessor, and their current and recent directorships in other public companies. In addition, we briefly describe the particular experience, qualifications, attributes or skills that led our board to conclude that the person should serve as a member of our board of directors. There are no family relationships between any of the listed persons.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU CAST YOUR VOTES FOR THE ELECTION OF THE BELOW-NAMED NOMINEES TO SERVE AS CLASS III DIRECTORS.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon our review of the Forms 3 and Forms 4 filed by the beneficial owners of our common stock, we believe all reports required by Section 16(a) of the Exchange Act were filed on time.

Hedging and Pledging Prohibition

We generally do not permit our directors, officers and employees to hedge their economic exposures to our common stock that they own by engaging in transactions involving puts, calls, or other derivative securities, zero-cost collars, forward sales contracts, or buying on margin or pledging shares as collateral for a loan, except such limitation shall not apply to our securities pledged by directors and officers as collateral for a loan prior to September 1, 2015. After September 1, 2015, our board of directors may, in its discretion, approve in advance a pledge of our securities by directors and officers as collateral for a loan in a particular case and as permitted by bank regulations after taking into consideration the magnitude of the number and market value of shares proposed to be pledged in relation to the number of outstanding shares and the market value and trading volume of outstanding shares (generally, the aggregate shares pledged should not exceed 5% of shares outstanding on the date of the pledge), the percentage of shares proposed to be pledged to the total shares owned by the pledger, the amount of shares proposed to be pledged in relation to the total shares then pledged by other directors and officers, and all other factors deemed relevant by our board of directors. We believe that permitting limited pledging of our securities to serve as collateral for a bona fide loan in appropriate circumstances will encourage our directors and officers to purchase and retain shares.

Board and Committees

The board of directors has various standing committees, including an audit committee, a compensation/human resources committee, an executive committee, an investment/ALCO committee, a nominating/corporate governance committee, and a technology committee, and each committee operates under a written charter. For information regarding availability of certain of these charters, see information under the heading “Corporate Governance Documents” below. Directors are expected to attend meetings of the board, meetings of the committees on which they serve and the ASRV annual meeting of shareholders. During 2018, the board of directors held 12 meetings, the audit committee held 9 meetings, the executive committee held 0 meetings, the investment/ALCO committee held 4 meetings, the technology committee held 4 meetings, the compensation/human resources committee held 3 meetings, and the nominating/ corporate governance committee held 4 meetings. There were 2 executive sessions of the board of directors excluding management. Each director attended at least 75% of the combined total of meetings of the board of directors and of each committee of which he or she was a member. Each director attended ASRV’s 2018 annual meeting of shareholders.

The executive committee serves as a resource for management to seek guidance on issues between regularly scheduled meetings or with respect to matters that generally do not warrant calling a special board meeting. In addition, from time to time, the executive committee is asked to study strategic issues in greater depth than may be practical for the board as a whole. The executive committee is comprised of Directors Pasquerilla (Chair), O’Malley (Vice Chair), Adams, Dennison, Ford, Kunkle and Sargent.

The technology committee is comprised of Directors DeVos (Chair), Sargent (Vice Chair), O’Malley, Pasquerilla, Stopko and Wise. The technology committee facilitates communication and cooperation between the Directors and Management regarding important issues related to technology.

The focus areas of the technology committee include: (1) the deployment and usage of Information Technology throughout the company using reports and presentations from management; (2) cyber security preparedness through information security reports, discussion of internal events and discussion of Cyber Security topics pertinent to the company and the industry; (3) disaster recovery/business continuity (DR/BC) oversight to ensure optimal corporate resiliency in the unlikely event of a disaster; and (4) ensuring the high quality of our customer-facing technology solutions, including business and treasury internet banking services, as well as consumer internet banking. The committee also provides broad guidance on the technology direction of the company by providing input into the Strategic Technology Plan, attendance at special education sessions, and discussion during the meetings.

The investment/ALCO committee is comprised of Directors Ford (Chair), Dennison, Kunkle (Vice Chair), Duke, Pasquerilla and Stopko and Michael D. Lynch. This committee ensures the safety and soundness of the company and its subsidiaries through proper asset/liability management and is responsible for, among other things: developing and overseeing our asset/liability management process, including developing investment policies and monitoring investment activities; monitoring management's handling of risks to our balance sheet; and monitoring interest rate, liquidity and market risks in accordance with policies approved by the board of directors. The investment/ALCO committee meets regularly to review investment transactions and to discuss other strategic initiatives that relate to balance sheet management and structure as considered necessary.

The audit committee is comprised of Directors O'Malley (Chair), Adams (Vice Chair), DeVos, Duke, Sargent and Wise, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing requirements. Mr. Wise is also designated as the audit committee financial expert, and meets the qualifications to serve as such under the NASDAQ listing standards. This designation does not impose any duties, obligations or liabilities on Mr. Wise that are greater than the duties, obligations or liabilities imposed on the other members of the Audit Committee.

The audit committee is responsible for the appointment, compensation, oversight, and termination of our independent auditors. The audit committee is also responsible for oversight of internal audit and loan review. The committee is required to pre-approve audit and certain non-audit services performed by the independent auditors. The committee also assists the board in providing oversight over the integrity of our financial statements, compliance with applicable legal and regulatory requirements and the performance of our internal audit function. The committee also is responsible for, among other things, reporting to our board on the results of the annual audit and reviewing the financial statements and related financial and non-financial disclosures included in our Annual Report on Form 10-K and Quarterly Reports on Form 10-Q. Importantly, from a corporate governance perspective, the audit committee regularly evaluates the independent auditors' independence from ASRV and its management, including approving consulting and other legally permitted, non-audit services provided by our auditors and the potential impact of the services on the auditors' independence. The committee meets periodically with our independent auditors and our internal auditors outside of the presence of management, and possesses the authority to retain professionals to assist it in meeting its responsibilities without consulting with management. The committee reviews and discusses with management earnings releases, including the use of pro forma information (if applicable). The committee also discusses with management and the independent auditors the effect of accounting initiatives. The committee also is responsible for receiving and evaluating complaints and concerns relating to accounting and auditing matters.

The nominating/corporate governance committee is comprised of Directors Adams (Chair), O'Malley (Vice Chair), DeVos, Duke, Pasquerilla, Sargent and Wise, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing standards. The nominating/corporate governance committee is responsible for nominating individuals to stand for election as directors at the annual meeting of shareholders, assisting the board in the event of any vacancy on the board by identifying individuals qualified to become board members, recommending to the board qualified individuals to fill such vacancy, and recommending to the board, on an annual basis, nominees for each board committee. The committee has the responsibility to develop and recommend criteria for the selection of director nominees to the board, including, but not limited to, diversity, age, skills, experience, and time availability (including consideration of the number of other boards on which the proposed director sits) in the context of the needs of the board and ASRV and such other criteria as the committee determines to be relevant at the time. The committee has the power to apply these criteria in connection with the identification of individuals to be board members, as well as to apply the standards for independence imposed by our listing agreement with NASDAQ and all applicable federal laws in connection with this identification process.

The nominating/corporate governance committee does not maintain a formal diversity policy with respect to the identification or selection of directors for nomination to the board of directors. Diversity is just one of many factors the nominating/corporate governance committee considers in the identification and selection of director nominees. ASRV defines diversity broadly to include differences in race, gender, ethnicity, age, viewpoint, professional experience, educational background, skills and other personal attributes that can foster board heterogeneity in order to encourage and maintain board effectiveness.

The nominating/corporate governance committee considers potential candidates recommended by its members, management and others, including shareholders. In considering candidates recommended by shareholders, the committee will apply the same criteria it applies in connection with candidates recommended by the nominating/corporate governance committee. Shareholders may propose candidates to the nominating/corporate governance committee by delivering a notice to the nominating/corporate governance committee that contains the information required by Section 1.3 of our bylaws. In addition, shareholders may nominate persons directly for election as directors in accordance with the procedures set forth in Section 1.3 of our bylaws. A notice of any such nomination must contain all required information and must be mailed or delivered to our Non-Executive Chairman not less than 90 days or more than 120 days prior to the annual meeting. The nominating/corporate governance committee did not pay any fee to any third party to search for, identify and/or evaluate the 2019 nominees for directors. The nominating/corporate governance committee is also responsible for making recommendations to the board of directors regarding, and monitoring compliance with: corporate governance principles applicable to the company; matters involving the company's articles of incorporation, bylaws, shareholder proposals, committee responsibilities and other corporate governance issues; and the company's policies, including, but not limited to, its Code of Ethics and Legal Code of Conduct, Code of Conduct for Directors, Code of Ethics for the Chief Executive Officer and Senior Financial Officers, and Policy on Personal Securities Transactions. The committee also serves as the initial reviewing forum for allegations of violations of the policies identified in this paragraph, as well as allegations of wrongdoing concerning directors and the chief executive officer.

The compensation/human resources committee is comprised of Directors Sargent (Chair), Pasquerilla (Vice Chair), Adams, DeVos, and O'Malley, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing standards. The purpose of the committee is to ensure the compensation programs, including the incentive plans, do not encourage unnecessary or excessive risk to the value of ASRV; support the long-term mission of ASRV and help ASRV attract and retain high quality management and directors through competitive, flexible compensation arrangements that adequately reward significant achievement in a manner that is economically defensible and consistent with corporate performance; comply with disclosure and other legal, tax and regulatory requirements; and are effectively communicated, as appropriate, to interested parties, including investors, other members of the board of directors, officers, employees and the community. The committee's oversight includes, but are not limited to, an understanding of ASRV's long-term goals; director compensation; CEO base salary compensation, cash-based incentive compensation and stock-based compensation; evaluate and review other executive base compensation, cash-based incentive compensation and stock-based compensation with compensation adjustments for ASRV's other named executive officers in its proxy statement on an individual basis after receiving recommendations from the CEO; executive employment and change in control agreements; and review of management succession plans. The committee's processes and procedures for determining executive compensation are described below under "Compensation Discussion and Analysis." The committee's procedure for determining director compensation is to benchmark director compensation against compensation paid by similar asset size publicly traded peer financial institutions. The committee also encourages stock ownership by directors by directing that the annual retainer be paid in our common stock and by facilitating the use of monthly board fees for the purchase of additional shares of our common stock. The committee also has general oversight of human resources matters at ASRV's subsidiaries. The committee retained Strategic Compensation Planning, Inc., as its independent compensation consultant for 2018.

Board Leadership Structure and Risk Oversight

The board of directors currently separates the role of Non-Executive Chairman of the Board of Directors from the role of President and Chief Executive Officer. We believe that the separation of these roles, while not always necessary, is appropriate in the current economic and regulatory environment in which ASRV operates. We believe that the President and Chief Executive Officer should primarily focus on managing ASRV's operations in a manner that executes its corporate strategy. Conversely, we believe that our Non-Executive Chairman of the Board of Directors should primarily focus on leading the board's

oversight of corporate governance matters, monitoring the progress and effectiveness of the President and Chief Executive Officer and management in implementing the company's corporate strategy, and ensuring that the board is receiving, with sufficient frequency, the information it requires to act effectively, including providing proper risk oversight.

We believe that each member of our board of directors in his or her fiduciary capacity has a responsibility to monitor and manage risks faced by ASRV. The board has the Chief Risk Officer, representing management, make two detailed presentations to the entire board each year. These presentations speak of each known risk in the company, its severity, and the actions of management to eliminate it or at the very least to mitigate it. At a minimum this requires the members of our board of directors to be actively engaged in board discussions, review materials provided to them, and know when it is appropriate to request further information from management and/or engage the assistance of outside advisors. Furthermore, because the banking industry is highly regulated, certain risks to ASRV are monitored by the board of directors through its review of ASRV's compliance with regulations set forth by its regulatory authorities, including the Pennsylvania Department of Banking and Securities, the Board of Governors of the Federal Reserve System, and the Federal Deposit Insurance Corporation, and recommendations contained in regulatory examinations. We believe risk oversight is a responsibility for each member of the board of directors. Each of our committees concentrates on specific risks for which they have an expertise, and each committee is required to regularly report to the board of directors on its findings. For example, the investment/ALCO committee regularly monitors ASRV's exposure to certain investment risks, such as the effect of interest rate or liquidity changes, while our audit committee monitors ASRV's exposure to certain reputational risks by establishing and evaluating the effectiveness of the company programs to report and monitor fraud and by monitoring ASRV's internal controls over financial reporting. Our compensation/human resources committee's role in monitoring the risks related to our compensation structure is discussed in further detail in the section titled "Our Compensation Policies and Risk" below.

Compensation/Human Resources Committee Interlocks and Insider Participation

Directors Sargent (Chair), Pasquerilla (Vice Chair), Adams, DeVos, and O'Malley are excluded from participation in any plan administered by the compensation/human resources committee while serving as a member of such committee, except for participation in the Independent Directors' Annual Retainer Plan (the committee's administration of which is limited to coordinating the payment of a predetermined retainer), a non-employee director deferred compensation plan, and the ASRV 2011 Stock Incentive Plan, which was previously approved by shareholders on April 26, 2011.

None of our executive officers serves as a member of the board of directors, or on the compensation committee, of any entity that has one or more executive officers serving on our board of directors or compensation/human resources committee.

Executive Compensation

Introduction

The compensation/human resources committee administers our executive compensation program. The committee, which is composed entirely of independent directors, operates under a written charter and is responsible for determining the compensation of the President and Chief Executive Officer (the “CEO”) and, with the recommendations of the CEO, evaluating and reviewing the compensation of the other executive officers identified in the Summary Compensation Table that appears following this “Executive Compensation” (we refer to the CEO and the other executive officers identified in that table collectively as the “Named Executive Officers”), for administering our incentive compensation programs (including our stock incentive plan), for approving and overseeing the administration of our employee benefits programs, for providing insight and guidance to management with respect to employee compensation generally, and for reviewing and making recommendations to the board with respect to director compensation. The committee retained Strategic Compensation Planning, Inc. as its independent compensation consultant for 2018.

The compensation/human resources committee annually reviews the adequacy of its charter and recommends changes to the board for approval. The compensation/human resources committee meets at scheduled times during the year and also acts upon occasion by written consent. The chair of the committee reports on committee activities and makes committee recommendations at meetings of the board of directors.

Compensation Philosophy.

Our executive compensation programs seek to achieve and maintain equity with respect to balancing the interests of shareholders and executive officers, while supporting our need to attract and retain competent executive management. Toward this end, the compensation/human resources committee has developed an executive compensation policy, along with supporting executive compensation plans and programs, which are intended to attain the following objectives:

- emphasize the enhancement of shareholder value;
- support the acquisition and retention of competent executives;
- deliver the total executive compensation package in a cost-effective manner;
- reinforce key business objectives;
- provide competitive compensation opportunities for competitive results;
- encourage management ownership of our common stock; and
- comply with applicable regulations.

The committee collects and analyzes findings regarding competitive positioning of compensation in light of ongoing performance results. These findings generally assess: ASRV's financial and securities market performance; executive compensation competitiveness by position (survey-based and peer-based); and aggregate organization-wide compensation competitiveness and total personnel costs. In light of this information, the committee recommends executive salary adjustments, recommends executive discretionary incentive/bonus plans, and administers our 2011 Stock Incentive Plan. Additionally, from time to time, the committee reviews other human resource issues, including qualified and non-qualified benefits, management performance appraisals, and succession planning.

14

In order to make the foregoing assessments, the committee uses comparisons of competitive executive pay practices taken from banking industry compensation surveys and, from time-to-time, consultation with independent executive compensation advisors. Peer groups and competitive compensation practices are determined using executive compensation packages at bank holding companies and subsidiaries of comparable size to us and our subsidiaries. However, the committee does not maintain a specific target percentile with respect to this peer group in determining executive compensation levels. A selection of national information is used for comparative compensation survey data, including data from a peer group of small-cap bank holding companies in our geographic area. The peer group is periodically revised, and, for 2018 compensation decisions, the group consisted of the following companies: ACNB Corporation, Franklin Financial Services Corporation, Peoples Financial Services Corp., Chemung Financial Corporation, Codorus Valley Corporation, First United Corporation, Farmers National Banc Corp., Citizens & Northern Corporation, Penns Woods Bancorp, Inc., Orrstown Financial Services, Inc., ESSA Bancorp, CNB Financial Corp., BCB Bancorp and Civista Bancshares.

Our executive compensation policy is designed to encourage decisions and actions that have a positive impact on overall corporate performance. For that reason, participation is focused on executive officers who have the greatest opportunity to influence the achievement of strategic corporate objectives.

We use two components of the executive compensation program to establish and maintain the desired relationship between executive pay and performance.

The first component, the formal performance appraisal system, relates to annual salary adjustments. We establish quantitative and qualitative performance factors for each executive position, and annually evaluate the performance of the executive against these standards. We then integrate this appraisal with market-based adjustments to salary ranges to determine if a base salary increase is merited.

The second component of ensuring the desired relationship between executive pay and performance relates to the committee's role in administering the 2011 Stock Incentive Plan and recommending executive discretionary cash incentive/bonus awards. The committee recommends to the board of directors cash and equity at-risk compensation awards when, in the judgment of committee members, such awards are justified by the performance of executive officers in relation to our performance with due regard for the level of risk assumed by the company.

The accounting and tax treatment of particular forms of compensation do not materially affect the committee's compensation decisions. However, the committee evaluates the effect of such accounting and tax treatment on an ongoing basis and will make appropriate modifications to its compensation policies where appropriate.

Components of Compensation.

The elements of compensation for the Named Executive Officers are generally comprised of the following:

- base salary;
- incentive opportunities under our cash- and stock-based incentive compensation program;
- equity awards under our 2011 Stock Incentive Plan;
- benefits under our pension plan;
- benefits under our health and welfare benefits plans; and
- certain limited perquisites.

1. **Base Salary.** The compensation/human resources committee reviews the base salaries of the Named Executive Officers on an annual basis as well as in the event of any promotion or significant change in job responsibilities. The committee reviews peer group data to establish a market-competitive executive base salary program, combined with a formal performance appraisal system that focuses on awards that are integrated with strategic corporate objectives. Salary income for each Named Executive Officer is reported in the Summary Compensation Table, which appears following this Compensation Discussion and Analysis.

2. **Incentive Cash and Stock Compensation.** We have an established, written executive incentive compensation plan, our Executive At-Risk Incentive Compensation Plan, which generally provides for payment of 75% in cash and 25% in stock for the achievement of corporate performance goals, weighted 75%, and individual performance goals, weighted 25%. In order to receive a payment under the plan, a participant has to be employed on the date of payout. With respect to the corporate performance goals for 2018, we based incentive award opportunities on both an annual company-wide budgeted return on assets (“ROA”) target of 0.62% and 60% of the average ROA for the previously named peer group, after excluding the highest and lowest performer. The maximum bonus targets for 2018 were 33%, 25%, and 28% of base salary for Messrs. Stopko, Lynch and Huerth, respectively. The compensation/human resources committee believes it set the performance measures for 2018 such that the performance goals were appropriate. Based upon publicly reported results for the year ended December 31, 2018 (or nine months ended September 30, 2018 if information was not yet available), we achieved an ROA of 0.67% with the peer group target being 0.60%, achieving a payout of 40.3% of the maximum bonus target for each named executive officer employed on the date of such payout. All awards are subject to recovery by us in the event the payment was based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria. See the Summary Compensation Table for information about the amounts that we paid to the named executive officers for 2018 under the Executive At-Risk Incentive Compensation Plan.

3. **Equity Awards.** We use the grant of stock options under our 2011 Stock Incentive Plan as the primary vehicle for providing long-term incentive compensation opportunities to our senior officers, including the Named Executive Officers. The 2011 Stock Incentive Plan provides for the grant of restricted stock awards and qualified and non-qualified stock options. We grant all stock options with a per share exercise price that is not less than 100% of the fair market value of such shares on the date that the option is granted. Accordingly, grantees will not obtain any value from the option grant under the 2011 Stock Incentive Plan unless the market price of our common stock increases after the date of grant. The 2011 Stock Incentive Plan is designed to provide at-risk (incentive) compensation that aligns management’s financial interests with those of our shareholders, encourages management ownership of our common stock, supports the achievement of corporate short and long-term financial objectives, and provides competitive equity reward opportunities. We have not adopted any specific policy regarding the amount or timing of any stock-based compensation under the 2011 Stock Incentive Plan. We did not grant any stock option or restricted stock awards to any of the named executive officers in fiscal year 2018. Information concerning the number of options held by each Named Executive Officer as of December 31, 2018, is set forth in the Outstanding Equity Awards at Fiscal Year-End Table, which appears below.

4. **Pension Plan and Deferred Compensation Plan.** We maintain a defined benefit pension plan for the benefit of our employees, including the Named Executive Officers. Benefits under the plan are based upon an employee’s years of service and highest average compensation for a five-year period. The 2018 increase in the actuarial present values of each Named Executive Officer’s accumulated benefit under the plan is set forth in the Summary Compensation Table, which appears below, and the actuarial present value of each Named Executive Officer’s accumulated benefit under the plan and the aggregate number of years of service credited to each Named Executive Officer is set forth in the Pension Benefits Table, which also appears below. Effective January 1, 2013, we amended the defined benefit pension plan to provide that non-union employees hired on or after that date are not eligible to participate. Effective January 1, 2014, we amended the defined benefit pension plan to provide that union employees hired on or after that date are not eligible to participate. Instead, such employees are eligible to participate in a qualified 401(k) retirement plan. All of the Named Executive Officers continue to participate in the defined benefit pension plan under the old plan provisions.

We also maintain the AmeriServ Financial Executive Deferred Compensation Plan (the “Deferred Compensation Plan”), under which participants who are among a select group of management or highly compensated employees (including

our Named Executive Officers) may elect to defer receipt of all or a
16

portion of any annual incentive bonus and/or salary payable to such participants with respect to a fiscal year. Under the Deferred Compensation Plan, which was effective January 1, 2015, each participant may make an irrevocable deferral election before the beginning of the fiscal year to which such compensation relates. Participants can elect to receive distributions of their accounts in the Deferred Compensation Plan, either in a lump sum or in installments, commencing within thirty days following either (i) their separation of service or disability, or (ii) a specified date. Participants may elect to allocate the deferred amounts into an investment account and select among various investment options upon which the rate of return of the deferred amounts will be based. Participants' investment accounts are adjusted periodically to reflect the deemed gains and losses attributable to the deferred amounts. Each participant is always 100% vested in their investment accounts. The Deferred Compensation Plan is a non-qualified deferred compensation plan. As such, the rights of all participants to any deferred amounts represent our unsecured promise to pay and the deferred amounts remain subject to the claims of the company's creditors. Information about our Named Executive Officers participation in the Deferred Compensation Plan for 2018 can be found below under the caption "Nonqualified Deferred Compensation Plan."

5. Health and Welfare Benefits. We provide health, life, and disability insurance, and other employee benefits programs to our employees, including the Named Executive Officers. The compensation/human resources committee is responsible for overseeing the administration of these programs and believes that our employee benefits programs should be comparable to those maintained by other members of our peer group so as to assure that we are able to maintain a competitive position in terms of attracting and retaining officers and other employees. We provide these employee benefits plans on a non-discriminatory basis to all full-time employees.

6. Perquisites. We provide our Named Executive Officers with additional benefits not generally available to our other employees. For example, as set forth in the footnotes to our Summary Compensation Table, which appears below, certain of our Named Executive Officers receive reimbursements for the purchase or lease of, and the operation expenses for, a motor vehicle and for country club membership fees and dues. The compensation/human resources committee believes that these perquisites are offered by its competitors for talented executive officers and allow us to remain competitive in attracting and retaining talented executive officers.

2018 Executive Officer Compensation.

For 2018, we increased the Named Executive Officers' base salaries in order to, among other things, maintain their compensation at a competitive level. The committee's independent compensation consultant provided an updated study to the committee which included the compensation levels of each of the Named Executive Officers and those from the previously identified peer group. The independent compensation consultant also examined with the committee the pay practices from other Pennsylvania, New York, New Jersey, and Ohio based financial institutions with assets generally between \$1 billion and \$2 billion, with data from the Economic Research Institute used to normalize the information for Johnstown, Pennsylvania. The compensation/human resources committee also considered a number of factors in setting these new levels, including an annual review of peer compensation and the overall performance of the company.

As part of our compensation program, we entered into agreements with Messrs. Stopko, Lynch, and Huerth pursuant to which they will be entitled to receive severance benefits upon the occurrence of certain enumerated events following a change in control. The events that trigger payment are generally those related to termination of employment without cause or detrimental changes in the executive's terms and conditions of employment. See "Employment Contracts and Payments Upon Termination or Change in Control" below for a more detailed description of these events. We believe that this structure will help: (i) assure the executives' full attention and dedication to the company, free from distractions caused by personal uncertainties and risks related to a pending or threatened change in control; (ii) assure the executives' objectivity for shareholders' interests; (iii) assure the executives of fair treatment in case of involuntary termination following a change in control; and (iv) attract and retain key talent during uncertain times.

Our Compensation Policies and Risk.

The compensation/human resources committee discussed, evaluated, and reviewed with our chief risk officer all of the company's employee compensation programs in light of the risks posed to us by such programs. The compensation/human resources committee also discussed, evaluated, and reviewed with the

our chief risk officer all of the compensation programs in which the Named Executive Officers participate to assess whether any aspect of these programs create risks that are reasonably likely to have a material adverse effect on us. The compensation/human resources committee met with our chief risk officer in February 2018 and November 2018 with respect to the foregoing.

At the conclusion of this review, the compensation/human resources committee determined that our compensation programs for our Named Executive Officers do not create risks that are reasonably likely to have a material adverse effect on us.

Restatement of Financial Statements.

The compensation/human resources committee is of the view that, to the extent permitted by law, it has authority to retroactively adjust any cash or equity-based incentive award paid to any senior officer (including any Named Executive Officer) where the award was based upon our achievement of specified financial goals and it is subsequently determined following a restatement of our financial statements that the specified goals were not in fact achieved. There has been no restatement of our financial statements, and, therefore, there have been no retroactive adjustments of any cash or equity-based incentive award on such a basis.

Pension Benefits

The following table sets forth information concerning plans that provide for payments or other benefits at, following, or in connection with, retirement for each Named Executive Officer.

PENSION BENEFITS FOR
THE YEAR ENDED DECEMBER 31, 2018

Name	Plan Name	Number of years of Credited Service (#)	Present Value of Accumulated Benefit (\$)(1)	Payments During Last Fiscal Year (\$)
Jeffrey A. Stopko	Defined Benefit Plan	32	732,460	0
James T. Huerth	Defined Benefit Plan	9	494,789	0
Michael D. Lynch	Defined Benefit Plan	36	530,054	0

(1)

The present value of accumulated benefits was calculated with the following assumptions. Retirement occurs at age 65. At that time, the participants take a lump sum based on the accrued benefit as of December 31, 2018. The lump sum is calculated using an interest rate of 4.28% and the IRS 2018 applicable mortality table for IRC Section 417(e). The lump sum is discounted to December 31, 2018, at a rate of 4.28% per year.

Benefits described in the foregoing table relate to the qualified defined benefit retirement plan. Remuneration for pension benefit purposes is total cash remuneration paid to an employee for a calendar year, including base salary, wages, commissions, overtime, bonuses and any other form of extra cash compensation and any pre-tax contributions under a qualified retirement or cafeteria plan. Effective January 1, 2015, excluded items include amounts contributed by the Employer under the plan, non-taxable fringe benefits, country club dues, company-paid automobiles, cafeteria plan refund reimbursements and employee automobile allowances. Effective January 1, 2016, excluded items shall also include our contributions to a health savings account. An employee's benefit is determined on the basis of the employee's final average compensation, which means the average annual compensation received by the employee in the five consecutive years out of ten years before the employee's termination of employment for which the average annual compensation is highest.

As of December 31, 2018, Messrs. Stopko and Lynch are eligible for an early retirement benefit under the pension plan because they are at least 55 years old and have at least 10 years of credited service. The early retirement benefit is equal to the accrued normal retirement benefit reduced 5/9% per month for each of the first five years and 5/18% per month for each of the next five years by which the commencement date of the pension precedes the normal retirement date.

Retirement benefits under the pension plan are paid for the life of the employee with a right of survivorship with respect to ten years of post-retirement benefits. Other optional forms of benefits are available in actuarially equivalent amounts.

Employment Contracts and Payments Upon Termination or Change in Control

We enter into employment contracts and change in control agreements with certain of our employees, including the Named Executive Officers, when we determine that an employment or change in control agreement is warranted in order to ensure the executive's continued employment in light of prevailing market competition for the particular position held by the executive officer, or where it is determined it is necessary in light of the prior experience of the executive or our practices with respect to other similarly situated employees.

Mr. Stopko's Employment Agreement

In connection with Mr. Stopko's appointment as our President and Chief Executive Officer, on April 27, 2015, we entered into an employment agreement with Mr. Stopko, which was for a period of two years from the effective date and shall automatically renew for one year thereafter unless one party provides the other party a written non-renewal notice at least ninety days in advance of the end of such period. The employment agreement provides that Mr. Stopko must maintain a primary residence during his employment term in our primary market area and generally provides that Mr. Stopko may not compete with our business for at least two years following termination of his employment or solicit any of its employees, consultants, customers, clients, or vendors for at least one year following termination of his employment. Under his employment agreement, Mr. Stopko is entitled to, among other things: (i) an annual base salary of \$285,000 (\$327,500 as of December 31, 2018); (ii) participate in our health insurance and life insurance benefit plans, defined benefit program, 401(k) plan and long-term disability benefit plan; (iii) be eligible to receive annual bonuses, in such amounts and at such times, if any, as may be approved by our Board of Directors in accordance with the Executive At-Risk Compensation Plan as a level one participant, with such annual payment not to exceed thirty-three percent of Mr. Stopko's base salary; and (iv) certain other perquisites related to personal time, use of a vehicle owned or leased by us, and country club membership expenses.

The employment agreement and Mr. Stopko's employment may be terminated for cause (as defined in the employment agreement) by written notice from us. If the employment agreement is terminated for cause, Mr. Stopko's rights under the employment agreement terminate as of the effective date of termination. The employment agreement also terminates without further payments to Mr. Stopko as of the termination date, in the event of his voluntary termination of employment (other than as specified following a change in control as defined in the employment agreement), retirement at his election, death or disability (as defined in the employment agreement). Mr. Stopko agrees that, in the event his employment under the employment agreement is terminated for any reason, he shall concurrently resign as our director and a director of any of our respective affiliates if he is then serving as a director of any such entities.

In the event that Mr. Stopko's employment is either involuntarily terminated other than for cause or disability in the absence of a change in control (as defined in the employment agreement), he will continue to receive his monthly base salary in effect on the date of termination for a period of twenty-four months and health insurance benefits substantially similar to those which Mr. Stopko was receiving immediately prior to the date of termination for the two year period immediately following the date of termination; provided that Mr. Stopko shall be responsible for the payment of premiums for such benefits in the same amount as our active employees.

In the event that, following a change in control, either Mr. Stopko's employment is terminated involuntarily other than for cause or disability or Mr. Stopko resigns after the occurrence of certain specified occurrences described below, Mr. Stopko will generally receive a cash lump-sum payment within thirty days following his termination in an amount equal to 2.99 times his annual base salary then in effect. In addition, for a period of three years following termination, we will arrange to provide Mr. Stopko with health insurance benefits substantially similar to those which Mr. Stopko was receiving immediately prior to the date of termination effect; provided that Mr. Stopko shall be responsible for the payment of premiums for such benefits in the same amount as our active employees.

The additional specified circumstances include:

- a reduction in his title, responsibilities, including reporting responsibilities, or authority, including such title, responsibilities, or authority as such may have been increased from time to time during the term of the employment agreement, which results in a material negative change to Mr. Stopko in the employment relationship;

- the assignment of Mr. Stopko to duties inconsistent with his office as existed on the day immediately prior to the date of a change in control, which results in a material negative change to Mr. Stopko in the employment relationship;
- a reduction in Mr. Stopko's annual base salary in effect on the day immediately prior to the date of the change in control;
- a termination of Mr. Stopko's participation, on substantially similar terms, in any of our incentive compensation or bonus plans in which Mr. Stopko participated immediately prior to the change in control, or any change or amendment to any of the substantive provisions of any of such plans which would materially decrease the potential benefits to Mr. Stopko under any of such plans;
- a failure by us to provide Mr. Stopko with benefits at least as favorable as those enjoyed by Mr. Stopko under any of our pension, life insurance, medical, health and accident, disability or other employee plans in which Mr. Stopko participated immediately prior to the change in control, or the taking of any action by us that would materially reduce any of such benefits in effect at the time of the change in control, unless such reduction relates to a reduction in benefits applicable to all employees generally; or
- our material breach of the employment agreement.

The employment agreement provides that, in the event that any amounts or benefits payable to Mr. Stopko under the employment agreement as a result of his termination of employment, when added to other amounts or benefits which may become payable to him by us, would be subject to an excise tax, the amounts and benefits payable under the employment agreement shall be reduced to such extent as may be necessary to avoid such imposition.

The employment agreement generally defines the term "change in control" as the occurrence of any of the following during the term of the employment agreement:

- any "person" or "group" which is not an affiliate of AmeriServ (as those terms are defined or used in Section 13(d) of the Exchange Act), as enacted and in force on the date of the employment agreement) is or becomes the "beneficial owner" (as that term is defined in Rule 13d-3 under the Exchange Act, as enacted and in force on the date of the employment agreement) of our securities representing fifty percent (50%) or more of the combined voting power of our securities then outstanding; or
- there occurs a merger, consolidation, share exchange, division or other reorganization involving us and another entity which is not our affiliate in which our shareholders do not continue to hold a majority of the capital stock of the resulting entity, or a sale, exchange, transfer, or other disposition of substantially all of our assets to another entity or other person which is not our affiliate.

The employment agreement generally defines the term "cause" as:

- a material breach of the employment agreement by Mr. Stopko that is not cured by Mr. Stopko within thirty days following the date he received written notice from us of our intent to terminate his employment for cause as a result of such material breach;
-

Mr. Stopko's commission of any act involving dishonesty or fraud or conduct, whether or not said act brings us into public disgrace or disrepute in any respect, including but not limited to acts of dishonesty or fraud, commission of a felony or a crime of moral turpitude;

- gross negligence or willful misconduct by Mr. Stopko with respect to us or Mr. Stopko's continuing and unreasonable refusal to substantially perform his duties with us as specifically directed by the Board; or

- Mr. Stopko's abuse of drugs, alcohol, or other controlled substances if Mr. Stopko has refused treatment for such substance abuse or has failed to successfully complete treatment for such substance abuse within the past 12 months.

In connection with the employment agreement, a termination for “good reason” will be considered to have occurred if such termination occurs absent a change in control and is on account of a reduction in the Executive’s annual base salary except for: (i) across-the-board salary reductions similarly affecting all our salaried employees; or (ii) across-the-board salary reductions similarly affecting all our senior executive officers. Mr. Stopko’s right to terminate employment for good reason is subject to the following conditions: (a) any amounts payable upon a good reason termination shall be paid only if Mr. Stopko actually terminates employment within two years following the initial existence of the good reason event; and (b) Mr. Stopko must provide written notice to us of the good reason event within ninety days of the initial existence of the event and we must be given at least thirty days to remedy such situation.

Mr. Huerth’s Employment Agreement

Effective May 17, 2010, the Bank entered into an employment agreement with Mr. Huerth. The employment agreement was for a period of one year from the effective date and shall automatically renew for one year thereafter unless one party provides the other party a written non-renewal notice at least ninety days in advance of the end of such period. The employment agreement provides that Mr. Huerth may not compete with our business or solicit any of its employees, consultants, customers, clients, or vendors for at least two years following termination of his employment. Under his employment agreement, Mr. Huerth is entitled to, among other things: (i) an annual base salary of \$175,000 (\$275,250 as of December 31, 2018); (ii) participate in our health insurance and life insurance benefit plans, defined benefit program, 401(k) plan and long-term disability benefit plan; (iii) be eligible to receive annual bonuses, in such amounts and at such times, if any, as may be approved by our Board of Directors in accordance with the Executive At-Risk Compensation Plan; and (iv) certain other perquisites related to personal time, use of a vehicle owned or leased by us, and country club membership expenses.

The employment agreement and Mr. Huerth’s employment may be terminated for cause (as defined in the employment agreement) by written notice from us. If the employment agreement is terminated for cause, Mr. Huerth’s rights under the employment agreement terminate as of the effective date of termination. The employment agreement also terminates without further payments to Mr. Huerth as of the termination date, in the event of his voluntary termination of employment (other than as specified following a change in control as defined in the employment agreement), retirement at his election, death or disability (as defined in the employment agreement). Mr. Huerth agrees that, in the event his employment under the employment agreement is terminated for any reason, he shall concurrently resign as our director and a director of any of our respective affiliates if he is then serving as a director of any such entities. In the event that Mr. Huerth’s employment is either involuntarily terminated other than for cause or disability in the absence of a change in control (as defined in the employment agreement), he will continue to receive a severance payment equal to 0.75 times his annual base salary then in effect and continuation of health insurance benefits substantially similar to those which Mr. Huerth was receiving immediately prior to the date of termination for the nine month period immediately following the date of termination; provided that Mr. Huerth shall be responsible for the payment of premiums for such benefits in the same amount as our active employees.

In the event that, following a change in control, either Mr. Huerth’s employment is terminated involuntarily other than for cause or disability or Mr. Huerth resigns after the occurrence of certain specified “good reason” occurrences described below, Mr. Huerth will generally receive a cash lump-sum payment within thirty days following his termination in an amount equal to two times his annual base salary then in effect plus an additional payment equal to the additional retirement benefits he would have earned had he continued in employment for an additional three years. In addition, for a period of three years following termination, we will arrange to provide Mr. Huerth with health insurance benefits substantially similar to those which Mr. Huerth was receiving immediately prior to the date of termination effect; provided that Mr. Huerth shall be responsible for the payment of premiums for such benefits in the same amount as our active employees.

The additional specified “good reason” circumstances include:

- a reduction in his title, responsibilities, including reporting responsibilities, or authority, including such title, responsibilities, or authority as such may have been increased from time to time during the term of the employment agreement, which results in a material negative change to Mr. Huerth in the employment relationship;

- the assignment of Mr. Huerth to duties inconsistent with his office as existed on the day immediately prior to the date of a change in control, which results in a material negative change to Mr. Huerth in the employment relationship;
- a reduction in Mr. Huerth's annual base salary in effect on the day immediately prior to the date of the change in control;
- a termination of Mr. Huerth's participation, on substantially similar terms, in any of our incentive compensation or bonus plans in which Mr. Huerth participated immediately prior to the change in control, or any change or amendment to any of the substantive provisions of any of such plans which would materially decrease the potential benefits to Mr. Huerth under any of such plans;
- a failure by us to provide Mr. Huerth with benefits at least as favorable as those enjoyed by Mr. Huerth under any of our pension, life insurance, medical, health and accident, disability or other employee plans in which Mr. Huerth participated immediately prior to the change in control, or the taking of any action by us that would materially reduce any of such benefits in effect at the time of the change in control, unless such reduction relates to a reduction in benefits applicable to all employees generally; or
- our material breach of the employment agreement.

Mr. Huerth's right to terminate employment for good reason is subject to the following conditions: (a) any amounts payable upon a good reason termination shall be paid only if Mr. Huerth actually terminates employment within one year following the initial existence of the good reason event; and (b) Mr. Huerth must provide written notice to us of the good reason event within ninety days of the initial existence of the event and we must be given at least thirty days to remedy such situation.

The employment agreement provides that, in the event that any amounts or benefits payable to Mr. Huerth under the employment agreement as a result of his termination of employment, when added to other amounts or benefits which may become payable to him by us, would be subject to an excise tax, the amounts and benefits payable under the employment agreement shall be reduced to such extent as may be necessary to avoid such imposition.

The employment agreement generally defines the term "change in control" as the occurrence of any of the following during the term of the employment agreement:

- any "person" or "group" which is not an affiliate of AmeriServ (as those terms are defined or used in Section 13(d) of the Exchange Act), as enacted and in force on the date of the employment agreement) is or becomes the "beneficial owner" (as that term is defined in Rule 13d-3 under the Exchange Act, as enacted and in force on the date of the employment agreement) of our securities representing fifty percent (50%) or more of the combined voting power of our securities then outstanding; or
- there occurs a merger, consolidation, share exchange, division or other reorganization involving us and another entity which is not our affiliate in which our shareholders do not continue to hold a majority of the capital stock of the resulting entity, or a sale, exchange, transfer, or other disposition of substantially all of our assets to another entity or other person which is not our affiliate.

The employment agreement generally defines the term "cause" as:

-

a material breach of the employment agreement by Mr. Huerth that is not cured by Mr. Huerth within thirty days following the date he received written notice from us of our intent to terminate his employment for cause as a result of such material breach;

•

Mr. Huerth's commission of any act involving dishonesty or fraud or conduct, whether or not said act brings us into public disgrace or disrepute in any respect, including but not limited to acts of dishonesty or fraud, commission of a felony or a crime of moral turpitude;

- gross negligence or willful misconduct by Mr. Huerth with respect to us or Mr. Huerth's continuing and unreasonable refusal to substantially perform his duties with us as specifically directed by the Board; or

- Mr. Huerth's abuse of drugs, alcohol, or other controlled substances if Mr. Huerth has refused treatment for such substance abuse or has failed to successfully complete treatment for such substance abuse within the past 12 months.

Mr. Lynch's Change in Control Agreement

On February 19, 2016, we entered into a change in control agreement with Mr. Lynch. The initial term of the agreement is for three years and the agreement annually renews for a term ending three years from each annual anniversary date, unless a party has given the other party written notice at least 60 days prior to such anniversary date that such party does not agree to renew the employment agreement. Under the agreement, if we or a successor terminate Mr. Lynch's employment, without cause, or if Mr. Lynch terminates employment upon the occurrence of certain events (following his written notice to us within 90 days of the occurrence of any event of good reason and our failure to cure the same within 30 days of receipt of such notice) following a change in control, he will be entitled to certain severance benefits; provided that he executes a release agreement. The severance benefits under the agreement consist of the following:

- a lump-sum payment, within 30 days following termination, equal to one times his base salary then in effect, or immediately prior to any reduction which would entitle to Mr. Lynch to terminate his employment under certain circumstances under the agreement;

- a lump-sum payment, within 30 days following termination, equal to the present value (determined based upon 120% of the then prevailing monthly short-term applicable federal rate) of the excess of (i) the aggregate retirement benefits Mr. Lynch would have received under the terms of each and every retirement plan (as defined in the agreement) had he (A) continued to be employed for one more year, and (B) received (on a pro rata basis, as appropriate) the greater of (1) the highest compensation taken into account under each such retirement plan with respect to one of the two years immediately preceding the year in which the date of termination occurs, or (2) his annualized base compensation in effect prior to the date of termination (or prior to any reduction which would entitle to Mr. Lynch to terminate his employment under certain circumstances under the agreement), over (ii) the retirement benefits he actually receives under the retirement plans;

- for a period of one year from the date of termination of employment, life, disability, and medical insurance benefits will be provided at levels equivalent to the highest levels in effect for Mr. Lynch during any one of the three calendar years preceding the year in which notice of termination is delivered, or, to the extent such benefits cannot be provided under a plan because Mr. Lynch is no longer an employee, a lump sum cash payment equal to the after tax cost (estimated in good faith by us) of obtaining such benefits, or substantially similar benefits, within 30 days following termination; and

- all unvested stock options will become immediately vested, and such options will be exercisable at any time prior to the earlier of the expiration date of such options or the date which is 90 days after termination of employment.

If Mr. Lynch becomes entitled to receive the severance benefits under the agreement, he will be subject to a covenant not to compete and an agreement not to solicit our customers or employees for 12 months following termination of employment.

The agreement generally defines the term “change in control” as the occurrence of any of the following during the term of the agreement:

-

any “person” or “group” (as those terms are defined or used in Section 13(d) of the Exchange Act), as enacted and in force on the date of the agreement) is or becomes the “beneficial owner” (as that term is defined in Rule 13d-3 under the Exchange Act, as enacted and in force on the date of the agreement) of our securities representing 24.99% or more of the combined voting power of our securities then outstanding; or

- there occurs a merger, consolidation, share exchange, division or other reorganization involving us and another entity which is not our affiliate in which our shareholders do not continue to hold a majority of the capital stock of the resulting entity, or a sale, exchange, transfer, or other disposition of substantially all of our assets to another entity or other person; or

- there occurs a contested proxy solicitation or solicitations of our shareholders which results in the contesting party or parties obtaining the ability to elect a majority of the members of our board of directors standing for election at one or more meetings of our shareholders.

The agreement generally defines the term “cause” as:

- a material breach of any provision of the agreement, which breach Mr. Lynch shall have failed to cure within thirty days following his receipt of written notice from us specifying the nature of his breach; or

- willful misconduct of Mr. Lynch that is materially adverse to the best interests, monetary or otherwise, of AmeriServ; or

- conviction, or the entering of a plea of guilty or nolo contendere, of a felony or of any crime involving moral turpitude, fraud or deceit.

The additional specified triggering circumstances following a change in control include:

- any material reduction in his title, responsibilities, including reporting responsibilities, or authority, including such title, responsibilities, or authority as such may have been increased from time to time during the term of the agreement;

- the assignment of Mr. Lynch to duties inconsistent with his office as existed on the day immediately prior to the date of a change in control, which has a material negative impact to Mr. Lynch on the employment relationship;

- any material reduction in Mr. Lynch’s annual base salary in effect on the day immediately prior to the date of the change in control;

- any failure to continue Mr. Lynch’s participation, on substantially similar terms, in any of our incentive compensation or bonus plans in which Mr. Lynch participated immediately prior to the change in control, or any change or amendment to any of the substantive provisions of any of such plans which would materially decrease the potential benefits to Mr. Lynch under any of such plans;

- any failure by us to provide Mr. Lynch with benefits at least as favorable as those enjoyed by Mr. Lynch under any of our pension, life insurance, medical, health and accident, disability or other employee plans in which Mr. Lynch participated immediately prior to the change in control, or the taking of any action by us that would materially reduce any of such benefits in effect at the time of the change in control, unless such reduction relates to a reduction in benefits applicable to all employees generally; or

- our breach of any provision of the agreement.
