A Letter to Our Shareholders from Our Chairperson of the Board and Chief Executive Officer

Dear Fellow Shareholder,

Ben Johnson has served as Chairperson since 2014 and as a non-executive director of our company since 2009.

First and foremost, we would like to express our sincere appreciation for your continued support as an Invesco shareholder. Our Board of Directors, our senior leadership and our employees worldwide are committed to further strengthening our global firm and providing a high level of value to you, our shareholders, over the long term.

A look back at 2018

Martin Flanagan has been a director and President and Chief Executive Officer of our company since 2005.

2018 was a challenging year for the asset management industry. We saw volatile markets throughout 2018 and particularly during the fourth quarter. In fact, when you look across eight broad indices representing major equity, fixed income and commodity markets, 2018 was the worst year in several decades for broad asset returns.¹ The volatility in the markets impacted financial performance across the industry, particularly for global investment managers like Invesco. Shareholder returns for traditional asset managers as a group were down 26%,² while Invesco was down 54% for the year.³

The Board of Directors and the executive management team believe the underperformance of Invesco's stock price relative to our peer group reflects the following factors:

Key investment capabilities that had helped produce nine consecutive years of positive net flows for the firm through 2017 underperformed materially in 2018, contributing to significant negative net flows in 2018. Net flows, positive or negative, are a key driver of short-term shareholder returns for traditional asset managers.

As described in more detail below, for much of 2018, we opted to use our cash and credit resources to fund long-term investments to strengthen our business instead of conducting stock buybacks that may have provided greater near-term support for the firm's stock price.

Invesco has a larger global presence in key markets than most of our peers. As one of the leading investment managers in the UK and Europe, we were more impacted by continuing uncertainties surrounding Brexit. Additionally, our strong position in Asia Pacific meant that Invesco was more affected than others by market uncertainties over the trade issues between China and the US. We believe these factors led to additional negative sentiment on Invesco among investors in our shares.

Where we believe clients and the market are headed

It is important to remember that global assets under management (AUM) currently exceed \$88 trillion,⁴ and total assets will continue to grow over the long term. More and more, clients are seeking to work with a smaller number of asset managers who can meet a comprehensive set of needs. They want money managers who can provide a robust set of capabilities and create investment solutions that deliver key outcomes aligned to their investment objectives. They also want greater value for their money, which, first and foremost, means competitively priced products, as well as investor education, thought leadership, digital platforms and other value adds that create an enhanced client experience. These dynamics are driving fundamental changes within our industry that are real, impactful and enduring, and that will create winners and losers at an accelerated rate. We believe the steps we've taken over the past decade and throughout 2018 strengthened our ability to meet client needs and will help ensure Invesco is among the winners within our industry over the long term.

Table of Contents

Although the markets are expected to remain volatile in 2019, Invesco continues to focus on developing an elite set of capabilities aligned to clients' evolving needs. Our comprehensive range of investment capabilities has been built over many years to help clients weather various market cycles, and we believe the firm is better positioned than ever to provide the expert advice and key outcomes that will help clients navigate the challenging markets ahead.

Investing in the future of our business

In late 2017 and throughout 2018, we made several long-term investments that are intended to help us to better meet client needs, further strengthen our global business and increase shareholder value over the long term.

The most significant of these commitments is our planned acquisition of MassMutual's asset management affiliate, OppenheimerFunds. The combination with OppenheimerFunds will accelerate Invesco's growth initiatives, increase our scale and client relevance, and expand our comprehensive suite of differentiated investment capabilities. We will also be better positioned to deliver strong outcomes for clients, since overall performance rankings for US mutual funds are consistently stronger for the combined firm than for either firm independently.⁵ Substantial synergies make the transaction materially accretive to earnings and will help us improve shareholder returns in both the short and long term.

Additionally, in 2018 we:

Completed the acquisitions of Guggenheim Investments' ETF business in the US and Source in Europe, further expanding our comprehensive suite of ETFs. Invesco is now the #2 provider of smart beta AUM globally and has 60 ETFs with greater than \$500 million in assets (as of December 31, 2018);⁶

Continued to make good progress in China. Sourced gross flows amounted to US\$13.9 billion for the year, and total AUM sourced from China reached US\$37 billion (as at December 31, 2018). Our China joint venture, Invesco Great Wall, also successfully onboarded a fund onto Ant Financials' Yu'e Bao Money Market Fund platform. The fund reached over US\$11 billion by the end of 2018 and continues to grow;⁷

Launched some of the industry's first self-indexed, factor-based fixed income ETFs, building on more than 35 years of factor-based investment experience;

Edgar Filing: Invesco Ltd. - Form DEF 14A

Continued to enhance our culture and provide development opportunities for our talented professionals across the globe;

Further strengthened our market-leading solutions capability, leveraging one of the industry's strongest, most experienced solutions teams to deliver customized outcomes for clients; and

Expanded our digital wealth platform with the addition of Intelliflo, the No. 1 technology platform for financial advisors in the UK.

Taken together, this work further expanded the broad range of capabilities Invesco uses to create solutions that deliver the outcomes clients are seeking, all wrapped in a robust, value-added client experience. These initiatives also further strengthen the firm's effectiveness and efficiency, providing greater economies of scale that will enable us to provide a higher level of value to clients and further improve our competitive position over the long term.

As noted above, we believe it is important to understand that, for much of 2018, we elected to use our cash and credit resources to fund these initiatives instead of conducting stock buybacks that may have provided greater near-term support for the firm's stock price. However, we're confident that the investments we made in 2018 will drive greater shareholder value over the long term, given the macro trends in our operating environment and the importance of positioning the firm ahead of where clients, the industry and the markets are headed. In conjunction with the OppenheimerFunds acquisition, we announced a two-year, \$1.2 billion stock buyback program, and completed the first \$300 million stock repurchase in the fourth quarter of 2018.

Table of Contents

The Board of Directors has been an active and engaged supporter of each of these initiatives and is highly supportive of the executive management team. We're confident that the investments made over the past year will materially improve Invesco's competitive position and help ensure the firm's long-term growth and success. Furthermore, the Board believes that these moves will drive improvements in long-term share value. We think that the market has not yet absorbed the long-term advantages that we believe will be achieved by these moves.

At the same time, the Board recognizes that shareholders have been affected by the combination of external forces and the short-term impact of several long-term investments that were made in 2018. Consistent with our practices and in view of the short-term impact to shareholders, we've aligned compensation among our executive team with the performance of the firm, the details of which can be viewed in the Compensation Discussion & Analysis section of this document.

Notwithstanding the results of an exceptionally volatile and challenging period in the markets, the Board remains highly confident in the leadership, strategy and direction of the firm. The investments we made in 2018 and will continue to make in 2019 are entirely focused on placing Invesco in the best position to meet client needs, compete in a dynamic operating environment and provide compelling returns for shareholders. We look forward to continuing to help our clients achieve their investment objectives regardless of where the markets take us, which will help us deliver a high level of value to our shareholders over the long term.

Proxy Statement Summary

Our 2018 highlights

Throughout 2018 we made solid progress in several areas of our multi-year strategic objectives that will help us better meet client needs, further strengthen our global business and increase shareholder value over the long term. The most significant achievement during the year was our announced acquisition of MassMutual's asset management affiliate, OppenheimerFunds, which is anticipated to close in the second quarter of 2019. The combination with OppenheimerFunds will help accelerate Invesco's growth initiatives, increase our scale and client relevance, and expand our comprehensive suite of differentiated investment capabilities.

At the same time, 2018 was a challenging year for the asset management industry and for Invesco. We saw volatile markets throughout the year and particularly during the fourth quarter. The volatility in the markets impacted financial performance across the industry, particularly for global investment managers like Invesco. Shareholder returns for traditional asset managers as a group were down 26%,¹ while Invesco was down 54% for the year.² We believe the underperformance of Invesco's stock price relative to our peer group reflects the following factors:

Key investment capabilities that had helped produce nine consecutive years of positive net flows for the firm through 2017 underperformed materially in 2018, contributing to significant negative net flows in 2018. Net flows, positive or negative, are a key driver of short-term shareholder returns for traditional asset managers.

For much of 2018, we opted to use our cash and credit resources to fund long-term investments to strengthen our business instead of conducting stock buybacks that may have provided greater near-term support for the firm's stock price.

Invesco has a larger global presence in key markets than most of our peers. As one of the leading investment managers in the UK and Europe, we were more impacted by continuing uncertainties surrounding Brexit. Additionally, our strong position in Asia Pacific meant that Invesco was more affected than others by market uncertainties over the trade issues between China and the US. We believe these factors led to additional negative sentiment on Invesco among investors in our shares.

After reviewing the substantial progress of the firm in respect of our multi-year strategic objectives as discussed below and having considered the company's challenging 2018 financial performance (including the underperformance of

Invesco's stock relative to our peers), the compensation committee decided, and Mr. Flanagan agreed, that his total incentive compensation should be lowered to \$10.2 million, which is 78.5% of his 2018 incentive target of \$13 million. Mr. Flanagan's total 2018 compensation was down 20.1% from 2017.

2018 Financial performance (year-over-year change)

Annual adjusted operating income ^a	Annual adjusted operating margin ^a	Annual adjusted diluted EPS ^a	Long-Term Organic Growth Rate ^b
\$1.4 billion (-6%)	36.5% (-3 percentage points)	\$2.43 (-10%)	-5% (-6.7 percentage points)

a The adjusted financial measures are all non-GAAP financial measures. See the information in Appendix B of this Proxy Statement regarding Non-GAAP financial measures.

b Annualized long-term organic growth rate is calculated using long-term net flows divided by opening long-term AUM for the period. Long-term AUM excludes institutional money market and non-management fee earning AUM.

2018 Meaningful enhancements to our executive compensation program

In response to our 2018 say-on-pay vote, we expanded our shareholder outreach to include our top 30 shareholders representing approximately 55% of our outstanding shares¹ to engage with us regarding, among other topics, our executive compensation program. In the fall and winter of 2018, we held telephonic meetings with all shareholders who accepted our invitation – 11 of our shareholders representing approximately 19% of our outstanding shares.¹ Based upon these productive discussions:

These shareholders affirmed their support for our compensation philosophy, programs and pay outcomes. They validated the disciplined approach of our compensation programs that utilize multiple performance measures,

While none of these shareholders advocated that we make significant changes to our executive compensation program, they identified opportunities to meaningfully enhance the effectiveness of the pay-for-performance component of our executive compensation program by providing greater rigor with respect to our performance-based awards and adding a second performance measure,

We provided for greater alignment of executive compensation with relative shareholder returns, and

We provided more transparency regarding our compensation program and pay outcomes.

Set forth below are the enhancements to our executive compensation program.

1	<p>Incentive targets for CEO and senior managing directors</p> <p>Established incentive targets for our CEO and senior managing directors, which include our NEOs</p> <p>Incentive compensation payouts (cash bonus + stock deferral + long-term equity) to range from 0% to 130% of target</p>
2	<p>Incentive awards scorecard of quantitative measures for company performance</p>

Established a framework that combines a scorecard of quantitative measures for assessing company performance and a qualitative assessment for determining incentive awards for our CEO and each of our senior managing directors

Scorecard of quantitative company performance is **based on 3 objective categories**: financial performance 50%; delivering to clients 30%; and organizational strength 20%

3 Greater rigor for performance-based awards

Adopted two measures for performance-based awards - **adjusted operating margin** (current) and **relative total shareholder return** based on the three-year average TSR of the company and the constituents in the S&P 500 asset management sub-index (new)

A performance vesting matrix that demonstrates rigorous vesting hurdles. As an example, applying the 2018 performance results on a three-year average basis would result in a vesting percentage of 33% **a meaningful impact on the compensation outcomes for our NEOs.**

4 Improved transparency regarding our robust compensation timeline

Enhanced disclosure regarding our **4-step timeline** of the committee's year-long compensation responsibilities and decisions that demonstrates the compensation committee's disciplined approach to aligning pay with performance

Election of Directors

You are being asked to cast votes for eight directors: Sarah E. Beshar, Joseph R. Canion, Martin L. Flanagan, C. Robert Henrikson, Denis Kessler, Sir Nigel Sheinwald, G. Richard Wagoner, Jr. and Phoebe A. Wood. Mr. Johnson has not been nominated for re-election to the Board because he has reached the mandatory retirement age.

A director holds office until such director's successor has been duly elected and qualified or until such director's death, resignation or removal from office under our Bye-Laws. Each director is elected for a one-year term ending at the 2020 Annual General Meeting.

All nominees are current directors of the company. Further information regarding the nominees is shown on the following pages. Each nominee has indicated to the company that he or she would serve if elected. We do not anticipate that any director nominee will be unable to stand for election, but if that were to happen, the Board may reduce the size of the Board, designate a substitute or leave a vacancy unfilled. If a substitute is designated, proxies voting on the original director nominee will be cast for the substituted candidate.

Under our Bye-Laws, at any general meeting held for the purpose of electing directors at which a quorum is present, each director nominee receiving a majority of the votes cast at the meeting will be elected as a director. If a nominee for director who is an incumbent director is not elected and no successor has been elected at the meeting, the director is required under our Bye-Laws to submit his or her resignation as a director. Our nomination and corporate governance committee would then make a recommendation to the full Board on whether to accept or reject the resignation. If the resignation is not accepted by the Board, the director will continue to serve until the next annual general meeting and until his or her successor is duly elected, or his or her earlier resignation or removal. If the director's resignation is accepted by the Board, then the Board may fill the vacancy. However, if the number of nominees exceeds the number of positions available for the election of directors, the directors so elected shall be those nominees who have

received the greatest number of affirmative votes cast in person or by proxy.

Recommendation of the board

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION TO THE BOARD OF EACH OF THE DIRECTOR NOMINEES.

This proposal requires the affirmative vote of a majority of votes cast at the Annual General Meeting.

Table of Contents**Director independence**

For a director to be considered independent, the Board must affirmatively determine that the director does not have any material relationship with the company either directly or as a partner, shareholder or officer of an organization that has a relationship with the company. Such determinations are made and disclosed according to applicable rules established by the New York Stock Exchange (NYSE) or other applicable rules. As part of its independence determinations, the Board considers any direct or indirect relationship between a director (or an immediate family member of such director) and the company or any third party involved with the company. As part of its independence determinations with respect to director Sarah E. Beshar, the Board considered (i) a real estate lease by the company of certain office space located in New York, New York from Marsh & McLennan (MMC) which employs Ms. Beshar s spouse as an executive officer (Executive Vice President and General Counsel); and (ii) various human resources-related transactional and administration services (e.g., third-party benefits administration and benchmarking market data) which are non-professional and nonadvisory in nature provided by subsidiaries of MMC. The total amount paid to MMC in 2018 for all such items was less than one percent (1%) of MMC s 2018 publicly reported revenue. In accordance with the rules of the NYSE, the Board has affirmatively determined that it is currently composed of a majority of independent directors, and that the following current directors are independent and do not have a material relationship with the company: Sarah E. Beshar, Joseph R. Canion, C. Robert Henrikson, Ben F. Johnson III, Denis Kessler, Sir Nigel Sheinwald, G. Richard Wagoner, Jr. and Phoebe A. Wood.

Board evaluation process

The Board engages an independent external advisor specializing in corporate governance to coordinate the Board s self assessment by its members. The advisor has each director review a questionnaire and then performs one-on-one confidential interviews with directors. In addition to the questionnaires and interviews of each director, interviews are also conducted with those members of executive management who attend Board meetings on a regular basis.

The advisor prepares and presents in person a report to the Board, which discusses the findings of the advisor based upon its reviews. The report also discusses governance trends which the Board may want to take into consideration.

The Board then discusses the evaluation to determine what action, if any, could further enhance the operations of the Board and its committees.

Director recruitment

The nomination and corporate governance committee identifies and adds new directors using the following process:

The nomination and corporate governance committee reviews and updates its criteria for prospective directors based on succession planning for directors, to fill gaps in skill sets among current directors and to address new or evolving needs of the company. The company utilizes each of the following recommendations to aid in this process:

- Directors
- Independent search firms

While the Board has no formal policy regarding diversity, it is anticipated that as the Board reviews its needs for additional directors, the Board will consider women and diverse candidates.

Due diligence is conducted, including soliciting feedback on potential candidates from persons outside the Company. Qualified candidates are presented to the Board of Directors.

Shareholder Engagement

Why we engage

One of our key priorities is ensuring robust outreach and engagement with our shareholders in order to:

Provide transparency into our business, governance practices and compensation programs	Determine which issues are important to our shareholders and share our views on those issues	Identify emerging trends or issues that may impact our business and influence our practices
--	--	---

How we engage

We provide institutional investors with many opportunities to provide feedback to senior management by participating in conferences, one-on-one and group meetings throughout the year.

Consistently for many years, we have engaged with representatives of our major shareholders through conference calls that occur outside of proxy season. These exchanges cover our executive compensation program, risk management, ESG, strategic planning processes and current and emerging governance practices generally and specifically with respect to Invesco.

In the fall of 2018, we invited our top 30 shareholders representing approximately 55% of our outstanding shares¹ to engage with us as part of our annual shareholder outreach program. In the fall and winter of 2018, we held telephonic meetings with all shareholders who accepted our invitation - 11 of our shareholders representing approximately 19% of our outstanding shares.¹ During the meetings, these shareholders provided feedback on our executive compensation programs, governance topics in general and specific to the company and thoughts on ESG

topics.

Our management team provides candid and fulsome feedback to our full Board of these meetings.

Our Chairperson of the Board and the Chairperson of our compensation committee have participated in certain shareholder and proxy advisor meetings to provide board perspective and gain insights. Both the participating directors and management provide feedback to our full Board based on such meetings.

Based upon our outreach to shareholders consistently each year for many years, we have instituted numerous changes, including:

- Adopted proxy access
- Declassified our Board
- Established incentive targets for our CEO and each of our senior managing directors
- Established quantitative measures for company performance
- Added relative total shareholder return as a second measure for performance-based awards
- Added a robust compensation timeline that highlights our compensation committee's responsibilities and the alignment between pay and performance to enhance transparency
- Enhanced our proxy disclosures regarding risk management, ESG and strategic planning
- Highlighted our Corporate Social Responsibility Report, which is posted on our website

Corporate Governance

Corporate governance guidelines

The Board has adopted Corporate Governance Guidelines (Guidelines) and Terms of Reference for our Chairperson and for our Chief Executive Officer, each of which is available in the corporate governance section of the company s website. The Guidelines set forth the practices the Board follows with respect to, among other matters, the composition of the Board, director responsibilities, Board committees, director access to officers, employees and independent advisors, director compensation and performance evaluation of the Board.

Board leadership structure

As described in the Guidelines, the company s business is conducted day-to-day by its officers, managers and employees, under the direction of the Chief Executive Officer and the oversight of the Board, to serve the interest of our clients and enhance the long-term value of the company for its shareholders. The Board is elected by the shareholders to oversee our management team and to seek to assure that the long-term interests of the shareholders are being served. In light of these differences in the fundamental roles of the Board and management, the company has chosen to separate the Chief Executive Officer and Board Chairperson positions. The Board believes separation of these roles: (i) allows the Board to more effectively monitor and evaluate objectively the performance of the Chief Executive Officer, such that the Chief Executive Officer is more likely to be held accountable for his performance; (ii) allows the non-executive Chairperson to control the Board s agenda and information flow; and (iii) creates an atmosphere in which other directors are more likely to challenge the Chief Executive Officer and other members of our senior management team. For these reasons, the company believes that this board leadership structure is currently the most appropriate structure for the company. Nevertheless, the Board may reassess the appropriateness of the existing structure at any time, including following changes in board composition, in management or in the character of the company s business and operations.

Code of conduct and directors code of conduct

As part of our ethics and compliance program, our Board has approved a code of ethics (the Code of Conduct) that applies to our principal executive officer, principal financial officer, principal accounting officer and persons performing similar functions, as well as to our other officers and employees. The Code of Conduct is posted on the company s website. In addition, we have adopted a separate Directors Code of Conduct that applies to all members of the Board. We intend to satisfy the disclosure requirement regarding any amendment to, or a waiver of, a provision of the Code of Conduct for our directors and executive officers by posting such information on the company s website. The company maintains a compliance

reporting line, where employees and individuals outside the company can anonymously submit a complaint or concern regarding compliance with applicable laws, rules or regulations, the Code of Conduct, as well as accounting, auditing, ethical or other concerns.

Board's role in risk oversight

The Board has principal responsibility for oversight of the company's risk management processes and for understanding the overall risk profile of the company. Though Board committees routinely address specific risks and risk processes within their purview, the Board has not delegated primary risk oversight responsibility to a committee.

We are committed to continually strengthening and refining our risk management approach and process. We believe a key factor in our ability to manage through all market cycles is our integrated approach to risk management. Risk management is embedded in our daily operating activities, our day-to-day decision making as well as our strategic planning and decision making process. Our risk management framework provides the basis for consistent and meaningful risk dialogue up,

Table of Contents

down and across the company. Broadly, our approach includes two governance structures: (i) our Global Performance and Risk Committee assesses core investment risks; and (ii) our Corporate Risk Management Committee assesses strategic, operational and all other business risks. A network of business unit, geographic and specific risk management committees, under the auspices of the Corporate Risk Management Committee, maintains an ongoing risk assessment, management and monitoring process that provides a bottom-up perspective on the specific risks existing in various domains of our business.

At each Board meeting, the Board reviews and discusses with senior management information pertaining to risk provided by the Global Performance and Risk Committee and the Corporate Risk Management Committee. In these sessions senior management reviews and discusses with the Board the most significant risks facing the company. The Board also reviews and approves the company's risk appetite statement and crisis management framework. By receiving these regular reports, the Board maintains a practical understanding of the risk philosophy, culture and risk appetite of the company. In addition, Board and committee agenda items on various topics regarding our business include discussion on risks inherent in our business as well as those introduced by new business developments. Through this regular and consistent risk communication, the Board has reasonable assurance that all material risks of the company are being addressed and that the company is propagating a risk-aware culture in which effective risk management is built into the fabric of the business.

In addition, the compensation committee annually assesses the risks of our compensation policies and practices for all employees. The compensation committee has concluded our policies and practices do not create risks that are reasonably likely to have a material adverse effect on the company. In reaching this conclusion, the compensation committee considered the input of a working group comprised of representatives from our human resources and finance departments that reviewed each of Invesco's compensation plans.

Invesco's compensation programs are designed to reward success over the long-term, promote a longer term view of risk and return in decision making and protect against incentives for inappropriate risk taking. Examples of risk mitigation in our compensation program design include:

The compensation committee considers multiple performance metrics in establishing the company-wide annual incentive pool each year, so no one metric creates an undue reward that might encourage excessive risk taking. The Committee does not attempt to rank or assign relative weight to any factor, but instead applies its judgment in considering them in their entirety;

The vast majority of investment professional bonus plans have multi-year measurement periods, caps on earnings and discretionary components;

Sales and commission plans generally contain multiple performance measures and

discretionary elements; and

Executives receive a substantial portion of compensation in the form of long-term equity that vests over multi-year periods. Time-based equity awards vest ratably over a four-year period. Performance-based equity awards are subject to

Table of Contents

a three-year performance period and three-year cliff vesting. As in the past, the achievement of financial performance for the performance-based equity awards must be certified by the compensation committee and the awards are subject to a clawback. Executives are also subject to our stock ownership policy.

The audit committee routinely receives reports from the control functions of finance, legal, compliance and internal audit. The Global Head of Internal Audit reports to the Chairperson of the audit committee. The audit committee oversees the internal audit function's planning and resource allocation in a manner designed to ensure testing of controls and other internal audit activities are appropriately prioritized in a risk-based manner. The audit committee also seeks to assure that appropriate risk-based inputs from management and internal audit are communicated to the company's independent public auditors.

We believe in the power of diversity

Fundamentally, we believe that in order to best help our clients and employees get more out of life, our workforce should reflect the diversity of people and perspectives of today's evolving society.

Our business success relies on engaging a highly diverse team of people across the globe who are client-focused, innovative and draw on a range of backgrounds and experiences to contribute their unique perspective. Ensuring a broad range of different experiences and backgrounds helps us create the diversity of thought needed to deliver a compelling investment experience for clients and ensure an engaging work environment for our people. This approach is a core attribute of our firm's culture, which actively encourages our people to collaborate to find the best ideas and solutions for clients, leveraging the tremendous diversity of thought that exists across our global organization.

At Invesco, we're committed to improving diversity at all levels and in all functions across our global business. Although diversity is very country and culturally specific, the need for greater gender diversity is a constant across the globe, which is why we are focusing on gender at the enterprise level. Today we have a diverse, talented pool of women across our global firm, but we aspire to have more women at senior levels and across all functions within our firm.

The CEO and senior managing directors of Invesco - the most senior leaders for key parts of our business - have adopted several principles for achieving our gender diversity targets. To demonstrate our commitment to senior-level accountability globally, the firm has adopted a four-point pledge (modelled on the UK Women in Finance charter). Specifically, the CEO and senior managing directors have pledged that:

We are supportive of this initiative and will apply the initiative to Invesco globally with the CEO and each senior managing director responsible and accountable for gender diversity and inclusion;

Globally, we have set a target for female representation of senior managers to be between 30% - 40% by 2020 (27% as of December 31, 2018);

We will share high-level diversity and inclusion activities that will aid our achievement of the target and support having greater diversity across the globe; and

Goals on gender diversity will be included for our CEO and the senior managing directors, as part of their overall performance goals, and to be in support of gender diversity and inclusion activities.

In support of our wider diversity and inclusion aspirations beyond gender, we have a variety of activities focused on engaging and developing the many talented people who work for Invesco, while also ensuring that we attract new talent from a broad range of backgrounds. These initiatives include programs focused on developing the next generation of leaders, training efforts intended to strengthen our inclusive culture and more robust recruitment practices to attract diverse talent into the firm.

All of these efforts are sponsored by the senior managing directors, supported by our senior leaders across the business, cascaded to our employees and captured in the firm's business plans and leadership objectives.

Across the globe, we continue to build our partnerships and networks to optimize our diversity and inclusion activity. We are leveraging the efforts and success of our Invesco Women's Network, which provides development and mentorship opportunities, creates networking events for women and men and partners with the business on its broader diversity and inclusion efforts.

Additionally, we work with a variety of external partners with the goal of improving diversity and inclusion within Invesco and across our industry, for example, we are active members in a number of local or regional public or industry initiatives such as the UK and North America Asset Management Diversity Project.

Invesco named one of the best places to work in asset management in 2018 by *Pensions and Investments*

Invesco values our employees and their diverse perspectives. Our company provides equal opportunities in its employment and promotion practices, and encourages employees to play an active role in the growth and development of the communities in which they live and work.

To measure our progress in a number of areas and provide input that helps us further strengthen our culture, Invesco conducts regular internal surveys to measure and monitor employee engagement. The most recent results in 2017 showed continued high levels of employee engagement exceeding the global high performing organizations norm, a relevant benchmark provided by our employee survey provider, Willis Towers Watson. In 2017, the drivers of engagement included employees perspectives regarding ethics and values at the company, the company s strategy and direction, and the degree to which employees feel empowered and involved in decisions.

Cyber Security

At a time when cyber threats are considered one of the most significant risks facing financial institutions, we continue to invest in our security capabilities to keep clients, employees, and critical assets safe, while enabling a secure and resilient business. We have designated a Chief Global Security Officer and have a global security program that combines information (including cyber) security, physical security, privacy, business security and recovery, and strategy and reporting under a single umbrella supported by an intelligence function that provides timely threat information.

Our information security program, led by our Chief Information Security Officer, is designed to oversee and maintain all aspects of information security risk to seek to ensure the confidentiality, integrity and availability of information assets. This includes the implementation of controls aligned with industry guidelines and applicable statutes and regulations to identify threats, detect attacks and protect these information assets. We have an incident response program that includes periodic testing and is designed to restore business operations as quickly and as orderly as possible in the event of a breach.

Our Board is responsible for overseeing the global security and information security programs and holding senior management accountable for its actions. This includes understanding our business needs and associated risks, providing management direction, reviewing periodic reports on program effectiveness and discussing management s strategy and recommendations for managing risk.

Table of Contents**Director compensation**

Directors who are Invesco employees do not receive compensation for their services as directors. The compensation committee annually reviews and determines the compensation paid to non-executive directors. The committee considers, among other things, the following policies and principles:

that compensation should fairly pay the non-executive directors for the work, time commitment and efforts required by directors of an organization of the company's size and scope of business activities, including service on Board committees;

that a component of the compensation should be designed to align the non-executive directors' interests with the long-term interests of the company's shareholders; and

that non-executive directors' independence may be compromised or impaired if director compensation exceeds customary levels.

As a part of its annual review, the committee engaged Johnson Associates, Inc. (Johnson Associates) as a third-party consultant to report on comparable non-executive director compensation practices and levels. This report includes a review of director compensation at the same peer companies the committee considers for executive compensation practices. See page 47 for a list of our peers. Following the review of current market practices for directors of peer public companies, the compensation committee determined in December 2017 that the compensation for non-executives directors would remain the same for 2018. The compensation for non-executive directors for 2018 was as follows, with each fee component paid in quarterly installments in arrears:

Basic cash fee	Non-executive directors (other than the Chairperson of the Board) received an annual basic fee paid in cash in the amount of \$120,000.
Chairperson fee	In lieu of the above basic cash fee, the Chairperson of the Board received an annual cash fee of \$400,000.
Basic shares fee	Non-executive directors also received an annual award of shares in the aggregate amount of \$145,000.
Audit Committee Chairperson fee	The Chairperson of the audit committee received an additional annual cash fee of \$50,000.
Compensation and Nomination and Corporate	The Chairperson of the compensation committee and the Chairperson of the nomination and corporate governance committee each received an additional

Governance Committee	annual cash fee of \$15,000.
Chairperson's fee	

We also reimburse each of our non-executive directors for their travel expenses incurred in connection with attendance at Board of Directors and committee meetings. Directors do not receive any meeting or attendance fees.

Following its annual review of current market practices for directors of peer public companies in December 2018, the compensation committee determined that the compensation for non-executive directors will remain the same for 2019.

Stock ownership policy for non-executive directors All shares granted to our non-executive directors are subject to the Non-Executive Director Stock Ownership Policy. The policy generally requires each non-executive director to achieve and thereafter maintain an ownership level of at least 18,000 shares within seven years of such director's first appointment as a non-executive director. Until such ownership level is achieved, each non-executive director is generally required to continue to retain at least 50% of all shares received as compensation from the company.

The following table shows the status of our non-executive directors meeting the requirements of the policy as of December 31, 2018.

Table of Contents**1** Introduction**Invesco shareholder value framework**

Invesco is committed to creating long-term shareholder value. While our financial results are affected by global capital market conditions that are beyond our control, our executives are able to directly influence key drivers that create long-term shareholder value.

Invesco's framework for long-term shareholder value creation is based on:

Invesco's commitment to delivering shareholder value is aligned with the Purpose-driven way we manage our business. To meet the needs of our clients, we focus on delivering strong, long-term investment performance, providing a comprehensive range of investment capabilities, seeking to ensure deep and stable investment teams, and running a disciplined global business. Our focus on delivering the outcomes our clients seek enables us to grow our business by attracting new assets under management (AUM) and retain the AUM of our existing clients, resulting in positive **organic revenue growth** over the longer term.

Investing for the long-term is an important element of our strategy. Our diversified investment capabilities in terms of investment objectives, styles, client types, and geographies enable us to meet client needs through differing market cycles across the globe. We also strive to give clients greater value for their money, which, first and foremost, means competitively priced products, as well as investor education, thought leadership, digital platforms and other value adds that create an enhanced client experience.

Our strong global operating platform allows us to operate effectively and efficiently and is an important driver of **our operating leverage** that benefits clients and shareholders. We take advantage of our operating leverage in numerous areas of our business and most notably in our client, operational and technology focused support areas. By doing so we are able to meet current client demands, invest for future growth and consistently create value for our shareholders over the long-term.

Invesco strives to maintain our financial strength through disciplined **capital management** and return capital to shareholders on a consistent and predictable basis.

All of this and the combined efforts of our highly collaborative teams across Invesco put us in a strong competitive position to help us continue to deliver value to our clients and our shareholders.

Shareholder engagement on executive compensation

The Annual General Meeting of Shareholders provides our shareholders with the opportunity to:

- evaluate our executive compensation philosophy, policies and practices;
- assess the alignment of executive compensation with Invesco's results; and
- cast an advisory vote to approve the company's executive compensation.

At the 2018 Annual General Meeting of Shareholders, the say-on-pay advisory vote received shareholder support with 62% of the votes cast in favor of our executives compensation.

Table of Contents

Invesco's Board recognizes the importance of executive compensation decisions to our shareholders and encourages open and constructive dialogue. Each year, Invesco engages with key shareholders to solicit insights on executive compensation.

In response to our 2018 say-on-pay vote, we expanded our shareholder outreach to include our top 30 shareholders representing approximately 55% of our outstanding shares¹ to engage with us regarding, among other topics, our executive compensation program. In the fall and winter of 2018, we held telephonic meetings with all shareholders who accepted our invitation – 11 of our shareholders representing approximately 19% of our outstanding shares.¹ Based upon these discussions

These shareholders affirmed their support for our compensation philosophy, programs and pay outcomes. They validated the disciplined approach of our compensation programs that utilize performance measures.

While none of these shareholders advocated that we make significant changes to our executive compensation program, they identified opportunities to meaningfully enhance the effectiveness of the pay-for-performance component of our executive compensation program by providing greater rigor with respect to our performance-based awards and adding a second performance measure.

We have provided for greater alignment of executive compensation with relative shareholder returns.

We have provided more transparency regarding our compensation programs and pay outcomes.

2018 Executive compensation program enhancements

In response to the most recent shareholder outreach described above, the committee, in conjunction with its independent consultant and senior management, engaged in an extensive dialogue about the effectiveness of our executive compensation program. The committee affirmed our compensation philosophy and made the following meaningful program enhancements:

1

Incentive targets for CEO and senior managing directors

- Established in the fall of 2018 **incentive targets** for 2018 pay decisions for our CEO and senior managing directors, which include our NEOs. (For subsequent years, incentive targets are

established in February of each year.)

- Incentive compensation payouts (cash bonus + stock deferral + long-term equity) to range from **0% to 130%** of target

Incentive awards scorecard of quantitative measures for company performance

- Established a framework that combines a scorecard of quantitative measures for assessing company performance and a qualitative assessment for determining incentive awards for our CEO and each of our senior managing directors
- Scorecard of quantitative company performance is **based on 3 objective categories**: financial performance 50%; delivering to clients 30%; and organizational strength 20%

Our scorecard shown below provides further detail on each category.

Greater rigor for performance-based awards

- Adopted two measures for performance-based awards - **adjusted operating margin** (current) and **relative total shareholder return** based on the three-year average TSR of the company and the constituents in the S&P 500 asset management sub-index (new)
- A performance vesting matrix that demonstrates rigorous vesting hurdles. For example, applying the 2018 performance results on a three-year average basis would result in a vesting percentage of 33% with respect to the performance based awards granted in respect to 2018 **a meaningful impact on our NEOs compensation outcomes.**

Improved transparency regarding our robust compensation timeline

- Enhanced disclosure regarding our **4-step timeline** of the committee's year-long compensation responsibilities and decisions that demonstrates the compensation committee's disciplined approach to aligning pay with performance

1 The adjusted financial measures are all non-GAAP financial measures. See the information in Appendix B of this Proxy Statement regarding Non-GAAP financial measures.

These enhancements to our executive compensation program further align executive compensation outcomes with our shareholder interests. We continue to support our purpose-driven commitment to deliver an investment experience that helps people get more out of life and our multi-year strategic objectives to drive meaningful growth.

The committee applies its **qualitative assessment** in setting final compensation in order to ensure that outcomes are sound and align with shareholder interests.

We do not rely heavily on measures of return on equity (ROE) or return on assets (ROA), which are not as relevant in the success of a pure asset manager like Invesco. Our business relies on client assets under management (or AUM), which are held in custody by third parties and are not owned by the company, to generate revenue. We believe that AUM along with adjusted operating income, adjusted operating margin, adjusted diluted earnings-per-share and long-term organic growth are more reflective of our performance. Furthermore, US GAAP rules on consolidation requires us to consolidate certain investment product assets and liabilities which significantly distort our balance sheet and the associated financial metrics of ROE and ROA. As a result, several of the key indicators of our performance are non-GAAP measures. See Appendix B for additional information regarding Non-GAAP financial measures.

Table of Contents**Aligning compensation with shareholder value**

Our compensation program for NEOs continues to include base salary, annual incentive awards (cash bonus and deferred stock) and long-term equity awards. Our focus on total compensation supports how we manage the business and aligns our employees with the overall outcomes of the firm (for definitions of each pay element and their purpose see pages 42-43).

Incentive targets for CEO and senior managing directors

New for 2018, we have established incentive targets for our CEO and senior managing directors which apply to cash bonus + annual deferral + long-term equity. Actual incentive awards range from 0% up to a maximum of 130% of the target amount based on company and individual performance. See the table below for the 2018 incentive target for each NEO.

		2018
Name	Current title	Incentive target
Martin L. Flanagan	President and CEO	\$13,000,000
Loren M. Starr	Senior Managing Director and Chief Financial Officer	\$3,100,000
Andrew T. S. Lo	Senior Managing Director and Head of Invesco Asia Pacific	\$4,000,000
Gregory G. McGreevey	Senior Managing Director, Investments	\$4,600,000
Philip A. Taylor	Vice Chair	\$6,700,000

Table of Contents**Invesco 2018 performance**

Throughout 2018, we made solid progress in several areas of our multi-year strategic objectives that will help us better meet client needs, further strengthen our global business and increase shareholder value over the long term. The most significant achievement during the year was our announced acquisition of MassMutual's asset management affiliate, OppenheimerFunds, which is anticipated to close in the second quarter of 2019. The combination with OppenheimerFunds will help accelerate Invesco's growth initiatives, increase our scale and client relevance, and expand our comprehensive suite of differentiated investment capabilities.

At the same time, 2018 was a challenging year for the asset management industry and for Invesco. We saw volatile markets throughout the year and particularly during the fourth quarter. The volatility in the markets impacted financial performance across the industry, particularly for global investment managers like Invesco. Shareholder returns for traditional asset managers as a group were down 26%,¹ while Invesco was down 54% for the year.² We believe the underperformance of Invesco's stock price relative to our peer group reflects the following factors:

Key investment capabilities that had helped produce nine consecutive years of positive net flows for the firm through 2017 underperformed materially in 2018, contributing to significant negative net flows in 2018. Net flows, positive or negative, are a key driver of short-term shareholder returns for traditional asset managers.

For much of 2018, we opted to use our cash and credit resources to fund long-term investments to strengthen our business instead of conducting stock buybacks that may have provided greater near-term support for the firm's stock price.

Invesco has a larger global presence in key markets than most of our peers. As one of the leading investment managers in the UK and Europe, we were more impacted by continuing uncertainties surrounding Brexit. Additionally, our strong position in Asia Pacific meant that Invesco was more affected than others by market uncertainties over the trade issues between China and the US. We believe these factors led to additional negative sentiment on Invesco among investors in our shares.

Table of Contents**NEO total annual compensation summary**

The committee conducted its **quantitative assessment** of company performance using the scorecard on page 36. The committee discussed the substantial progress of the firm in respect of our multi-year strategic objectives as discussed on page 2 under the heading **2018 achievements** and considered the company's challenging 2018 financial performance (as well as short-term financial impacts to shareholders as evidenced by the underperformance of Invesco's stock relative to our peers).

Based on 2018 performance in each of the three quantitative categories, the committee measured company performance as effective.

Category	Weighting (%)	Outcome
Financial performance	50	Effective
Delivering to clients	30	Effective
Organizational strength	20	Effective
Overall Score	100	Effective

In determining Mr. Flanagan's compensation, the committee took into consideration

the positive achievements with respect to the company's multi-year strategic objectives as discussed on page 2 (including the CEO's leadership of the successful integration of Guggenheim and Intelliflo and the announced Oppenheimer transaction) and the effective rating of the company's **quantitative measures** as discussed on page 36 and immediately above,

the company's disappointing 2018 financial performance and short-term financial impact to shareholders (including the underperformance of Invesco's stock relative to our peers) as discussed in the letter from the Chairperson and CEO and further on page 1, and

overall market dynamics.

The committee decided, and Mr. Flanagan agreed, that his total incentive compensation should be lowered to \$10.2 million, which is 78.5% of his 2018 incentive target of \$13 million. Mr. Flanagan's total 2018

compensation was down 20.1% from 2017.

The committee applied the same disciplined approach in determining the compensation for the other NEOs and considered individual achievements and new responsibilities. (For more information regarding the compensation outcomes for our CEO and other NEOs, please refer to pages 48 through 53.)

Caps

For the CEO, the annual cash bonus is capped at \$10.0M and annual total compensation is capped at \$25.0M.

Performance-based incentives

Fifty percent of the combined value of the annual stock deferral and long-term incentive awards is performance-based. New for performance-based equity awards granted in February 2019, vesting is tied to adjusted operating margin over a three-year period and three-year average of TSR of the company and the constituents of the S&P 500 asset management sub-index (Relative TSR). See page 47 for a current listing of Relative TSR peers.

Pay for performance compensation structure for NEOs

Our annual compensation structure reflects our commitment to pay for performance. As noted below, 87% - 93% of our NEO compensation is variable. Compensation mix percentages shown below are based on compensation decisions by the committee with respect to 2018.

Cash bonus, stock deferral and long-term equity awards were earned in 2018 and paid/granted in 2019. In accordance with SEC requirements, the **Summary Compensation Table** on page 58 reports equity in the year granted, but cash in the year earned. The Summary Compensation Table reports All Other Compensation, which is not part of the committee's compensation determinations.

Table of Contents**2** Our Compensation Program**Compensation philosophy**

Invesco's compensation program is designed to support our multi-year strategic objectives and desire to reward the behaviors and discipline that generate strong, investment performance for our clients and shareholders over the long-term by:

- aligning the interests of our senior-level employees and NEOs with those of clients and shareholders through long-term awards and accumulation of meaningful share ownership positions;

- balancing pay-for-performance with economic outcomes such that compensation is affordable to Invesco and its shareholders while fair to employees;

- reinforcing our commercial viability by closely linking rewards to Invesco, business unit and individual results and performance;

- attracting, recognizing and retaining the best talent in the industry by ensuring a meaningful mix of cash and deferred compensation; and

- discouraging excessive risk-taking that would have a material adverse impact on our clients, shareholders or company.

Compensation components

We utilize the following compensation components in our executive compensation program to achieve our objectives:

Component	Purpose	Description
Base salary Cash	Provides fixed pay for the performance of day-to-day job duties	Based on knowledge, skills, experience and scope of responsibility Relatively small portion of total annual compensation Evaluated on an annual basis; generally, remains static unless there is a promotion or adjustment needed due to economic trends in the industry

Table of Contents

Component	Purpose	Description
Performance shares	Aligns executive with client and shareholder interests	Fifty percent of the combined value of the annual stock deferral and long-term incentive awards is performance-based. For 2018 awards granted in February 2019, vesting is tied to adjusted operating margin and Relative TSR
Equity	Encourages retention by vesting based on time and performance measures	Our performance-based equity awards have a three-year performance period and three-year cliff vesting

Emphasis on deferrals

The committee has designed our executive compensation program so a significant portion of an executive's compensation is in the form of deferred incentives. The committee believes this appropriately aligns our executive's interests with our shareholders as it focuses on long-term shareholder value creation.

Approximately, 60% - 69% of incentive compensation of our CEO and each of our senior managing directors is deferred. The committee has no pre-established policy or target on the compensation mix between pay elements.

Performance-based equity awards

Fifty percent of the combined value of the annual deferral award and the long-term equity award is performance-based. New for 2018 awards to be granted in February 2019, the committee approved the following two performance measures **adjusted operating margin** (current) and **Relative TSR** (new) over a three-year period.

The committee believes tying vesting to adjusted operating margin and relative TSR over a multi-year period aligns with shareholder interests and the following goals with respect to performance-based awards:

Relative TSR

tracks value created for shareholders as a quantitative measure

aligns with shareholder interests

Adjusted operating margin (AOM)

focuses discipline in corporate investments, initiatives and capital allocation

is consistent with the way the business is managed

is an important measure of overall strength of an asset manager

aligns with Invesco's shareholder value framework

is a primary measure of focus of industry analysts

is improved through effective management over the long term

more effectively avoids conflicts of interest with clients

Table of Contents**Performance award vesting matrix**

In response to shareholder feedback, the committee added a second performance measure for performance-based equity awards. The number of shares that vest will equal the target amount multiplied by the vesting percentage associated with the Average AOM and Relative TSR ranking on the chart below. Vesting to range from 0% to 150%. We believe that the linked vesting performance thresholds adds to the significant rigor of our incentive program as payouts are not a range of outcomes but represent specific performance levels.

The company's adjusted operating margin for 2018 was 36.5% and its Relative TSR was in the bottom quartile. Applying the 2018 performance results on a three-year average basis would result in a vesting percentage of 33% in respect to the 2018 performance-based awards – a meaningful impact on the compensation outcomes for our NEOs.

Average AOM (%)	Relative TSR					
	> 25th%ile and £ 25th%ile		> 55th%ile and < 55th%ile			> 55th%ile and < 75th%ile
	£ 25th%ile	< 55th%ile	55th%ile	< 75th%ile	³ 75th%ile	
≤ 44.5	100	113	125	138	150	
42.5	83	101	117	129	142	
40.5	67	88	108	121	133	
38.5	50	75	100	113	125	
36.5	33	58	83	101	117	
34.5	17	42	68	88	108	
£ 28.0	0	25	50	75	100	

As noted above, if Invesco's Relative TSR is equal to or below the 25th percentile and average adjusted operating margin is 28.0% or less, then our CEO and each of our senior managing directors will not be entitled to a distribution of any shares or accrued dividends.

The rigor of the thresholds, as well as the partial vesting of awards for failure to meet the target range and an upside opportunity for performance beyond the target range, align with the committee's belief that the company's performance-based awards demonstrate our pay-for-performance philosophy.

Below is a summary of the features of our performance awards:

Performance-based award features	
Performance period	Three years
Performance metrics	Adjusted operating margin and Relative TSR
Performance vesting range	0% - 150%; straight line interpolation used for actual result
Vesting	3-year cliff
Dividends	Deferred and paid only to the extent an award vests

Settlement	Shares
Clawback	Subject to clawback policy in the event of fraudulent or willful misconduct

Table of Contents**3 Compensation Determination Process****Determining NEO compensation**

Below is our 4-step timeline that describes the committee's year-long compensation responsibilities and process for determining executive compensation, including individual NEO compensation. In making compensation decisions, the committee makes a quantitative assessment of company performance (as described on pages 35-36) and a qualitative assessment of individual performance. As noted, the committee reviews firm and peer financial data as well as progress against our annual operating plan. The committee's philosophy demonstrates alignment with our executive compensation outcomes and our annual financial performance and multi-year strategic objectives. See **NEO Compensation and Performance Summaries** starting on page 48 for a description of NEO achievements in the context of quantitative company performance.

1 Step one | January - February

Confirm strategic objectives and establish operating plan

Review annual plan and set CEO goals and objectives

The Board reviews and affirms the firm's multi-year strategic objectives. The Board establishes an annual operating plan, including financial planning and operational performance based upon the multi-year-strategic objectives. The committee approves the CEO's performance goals, which are the firm's annual operating plan. The Board and the committee are regularly updated on progress against our strategic objectives and operating plan which provides the context for performance evaluations at year-end.

2 Step two | March - January of the following year

Review financials and other firm data

Review company performance (financial performance, delivery to clients and organizational strength) and other firm data

The committee and executives review the firm's performance against the annual operating plan within the context of the multi-year strategic objectives and projected financial information. Throughout the year, the Board reviews strategic plans, financial and business results, talent development and succession planning, as well as other areas relevant to the firm's performance.

3 Step three | October - January of the following year

Assess preliminary performance

Review firm and peer market data

Management reports to the Board and the committee on absolute and relative performance metrics compared to its peers, including financial performance, delivering to clients and organizational strength.

Review consultant s reports on compensation

During an executive session, the committee s independent consultant reports on publicly disclosed financial and compensation information for the firm s peers and provides general market trends and recommendations regarding the firm s approach to compensation.

Discuss preliminary NEO performance and pay

During an executive session, the CEO and Head of Human Resources meet with the committee to discuss a preliminary assessment of the performance of each NEO (other than the CEO) against company performance. During a later part of this executive session that excludes the CEO, the committee and Head of Human Resources engage in a preliminary assessment of the performance of the CEO against the firm s annual operating plan. Company performance is assessed on a scorecard of three quantitative measures (financial performance, delivery to clients and organizational strength).

Table of Contents

4 Step four I December February of the following year

Establish annual incentive pool; assess final performance; and determine compensation

Establish annual incentive pool

The committee establishes a company-wide annual incentive pool using a range of 34-48% of pre-tax bonus operating income (PCBOI). The committee may go outside the range in circumstances it deems exceptional. Linking the aggregate incentive compensation pool to a defined range of PCBOI ensures incentive compensation is paid only when the company is generating operating income. The final pool is based on a review of full year financial information as well as peer compensation data and input from the committee s independent consultant.

Determine executive compensation

During an executive session attended by the committee s independent consultant, the committee reviews each NEO s performance against individual goals and company performance and determines compensation based upon each NEO s compensation target. Company performance is assessed based on a scorecard of three quantitative measures (financial performance, delivery to clients and organizational strength).

The committee reviews and confirms compensation targets for each NEO for the upcoming year as well as setting the terms of the time-based and performance-based equity awards. See pages 42-43 for information about each of Invesco s elements of pay and their purpose.

Role of the compensation committee

The committee s responsibilities include:

- reviewing and making recommendations to the Board about the company s overall compensation philosophy;
- approving the aggregate compensation pool;
- evaluating the performance of, and setting the compensation for, the CEO; and
- overseeing management s annual process for evaluating the performance of, and approving the compensation for, all other executive officers.

Role of the independent compensation consultant

The committee has engaged Johnson Associates, an independent consulting firm, to advise it on director and executive compensation matters. Johnson Associates assists the committee throughout the year by:

- providing analysis and evaluation of our overall executive compensation program, including compensation paid to our directors and NEOs;
- attending certain meetings of the committee and periodically meeting with the committee without members of management present;
- providing the committee with market data and analysis that compares executive compensation paid by the company with that paid by other firms in the financial services industry, which we consider generally comparable to us; and
- providing commentary regarding market conditions, market impressions and compensation trends.

Under the terms of its engagement with the committee, Johnson Associates does not provide any other services to the company unless the committee has approved such services. No such other services were provided in 2018. The committee has considered various factors as required by NYSE rules as to whether the work of Johnson Associates with respect to director and executive compensation-related matters raised any conflict of interest. The committee has determined no conflict of interest was raised by the engagement of Johnson Associates.

Role of the executive officers

Our chief executive officer meets with the non-executive directors throughout the year to discuss executive performance and compensation matters, including proposals on compensation for individual executive officers (other than himself). Our chief executive officer and head of human resources work with the committee to implement our compensation philosophy. They also provide to the committee information regarding financial and investment performance of the company as well as our progress toward our long-term strategic objectives. Our chief financial officer assists as needed in explaining specific aspects of the company's financial performance.

Table of Contents

Market data

The market data provided by the committee’s independent consultant includes performance and pay practices of firms in the financial services industry, which we consider generally comparable to us. This group, as described below, includes a mix of publicly traded US and global asset management firms and banks.

The reference material provided by the committee’s independent consultant assists the committee in gaining an awareness of industry compensation standards, practices and trends and informs the committee’s compensation determinations for our executive officers, including our NEOs.

The committee does not target a percentile of market or the peer group with respect to total pay packages or any individual components. Individual NEO compensation decisions are primarily based on the committee’s assessment of company and individual performance.

Peer group composition – compensation

In determining executive compensation, the committee reviews the executive compensation practices and levels of our industry peer companies, which consists of:

US focused (7 peers)		
- Affiliated Managers Group	- Eaton Vance	- TD Ameritrade
- Ameriprise Financial	- Federated Investors	- T. Rowe Price
- Charles Schwab		
Global (6 peers)		
- AB	- Franklin Resources	- Lazard
- BlackRock	- Legg Mason	- Principal Financial Group
Custody and trust banks (3 peers)		
- Bank of New York Mellon	- Northern Trust	- State Street

Peer group composition – performance-based awards

In determining vesting for 2018 performance-based awards granted in February 2019, Relative TSR will be calculated based on the TSR of the company and the constituents of the S&P 500 asset management sub-index for the performance measurement period. The committee believes that the S&P 500 asset management sub-index, although small, reflects the company’s core business activities. The committee will evaluate, from time to time, the appropriateness of this peer group. The current firms (other than Invesco) that comprise the S&P 500 asset management sub-index are:

US focused (3 firms)		
- Affiliated Managers Group	- Ameriprise Financial	- T. Rowe Price
Global (2 firms)		

- BlackRock	- Franklin Resources
Custody and trust banks (1 firm)	
- Bank of New York Mellon

	Annual incentive award - Stock deferral		\$1,350
	Long-term equity award		\$5,560
	Total annual compensation		\$11,000

In determining Mr. Flanagan's compensation, the committee took into consideration (i) the positive achievements with respect to the company's multi-year strategic objectives as discussed on page 2 and the effective rating of the company's quantitative measures as discussed on pages 36 and 40, (ii) the company's disappointing 2018 financial performance and short-term financial impact to shareholders (including the underperformance of Invesco's stock relative to our peers) as discussed in the letter from the Chairperson and CEO and further on page 1, and (iii) overall market dynamics.

The committee decided, and Mr. Flanagan agreed, that his total incentive compensation should be lowered to \$10.2 million, which is 78.5% of his 2018 incentive target of \$13 million. Mr. Flanagan's total 2018 compensation was down 20.1% from 2017.

Limit perquisites

Monitor risk by regularly reviewing incentive compensation program and practices

Stock ownership policy

Our Executive Officer Stock Ownership Policy requires the CEO to hold at least 250,000 shares of Invesco common stock. All other NEOs must hold at least 100,000 shares of Invesco common stock.

All of our NEOs have exceeded the stock ownership requirements.

Clawback policy

All performance-based equity awards of our executives are subject to forfeiture or clawback provisions, which provide that any vested or unvested shares, any dividends and the proceeds from any sale of such shares, are subject to recovery by the company in the event that:

the company issues a restatement of financial results to correct a material error;

the committee determines that fraud or willful misconduct on the part of the employee was a significant contributing factor; and

some or all of the shares granted or received prior to such restatement would not have been granted or received based upon the restated financial results.

Table of Contents

Benefits

All NEOs are entitled to receive medical, life and disability insurance coverage and other corporate benefits available to most of the company's employees working in the same country. NEOs are also eligible to participate in the Employee Stock Purchase Plan on the same terms as the company's other employees. In addition, the NEOs may participate in the 401(k) plan or similar plans in the NEO's home country.

Perquisites

The company provides limited perquisites to its NEOs to aid the executives in their execution of company business. The committee believes the value of perquisites are reasonable in amount and consistent with its overall compensation plan.

Mr. Flanagan has personal use of company-provided aircraft. The company leases an airplane for which it pays direct operating expenses, monthly lease payments and management fees.

The compensation attributed to our NEOs for 2018 perquisites is included in the **All Other Compensation** Table for 2018 on page 59.

Tax reimbursements

Invesco did not provide tax reimbursements for any perquisites or other compensation paid to our NEOs.

Tax deductibility of compensation

With respect to tax years prior to 2018, Section 162(m) of the Internal Revenue Code generally limited the deductibility of annual compensation paid in any tax year to covered employees of publicly held corporations to \$1 million per executive, unless such compensation qualified as performance-based. Covered employees include the chief executive officer and chief financial officer and the next three highest paid executive officers.

The Tax Cuts and Jobs Act, which was signed into law on December 22, 2017, substantially modified Section 162(m) and eliminated the performance-based exception to the \$1 million deduction limit effective January 1, 2018. As a result, equity awards granted, or other compensation provided under arrangements entered into or materially modified after November 2, 2017 generally will not be deductible to the extent they result in compensation to certain executives that exceeds \$1 million in any one year for such executive, whether or not it is performance-based. In addition, covered employees will include any individual who served as chief executive officer or chief financial officer at any time during the tax

year and the three other most highly compensated officers (other than the chief executive officer and chief financial officer) for the tax year. Once an individual becomes a covered employee during any tax year beginning after December 31, 2016, that individual will remain a covered employee for all future tax years, including following any termination of employment.

The Tax Cuts and Jobs Act includes a transition relief rule under which the changes to Section 162(m) described above will not apply to compensation payable pursuant to a written binding contract that was in effect on November 2, 2017 and is not materially modified after that date. However, because of uncertainties as to the application and interpretation of the transition relief rule, no assurances can be given at this time that our existing contracts and awards, even if in place on November 2, 2017, will meet the requirements of the transition relief rule.

The compensation committee granted equity awards to each of the named executive officers during 2018. Equity awards are subject to transfer restrictions and are generally subject to forfeiture prior to vesting upon a recipient's termination of employment. All equity awards immediately become vested upon the recipient's termination of employment during the 24-month period following a change in control (i) by the company other than for cause or unsatisfactory performance, or (ii) by the recipient for good reason.

The following table presents information concerning plan-based awards granted to each of the named executive officers during 2018.

- 1 Time-based equity awards and performance-based awards were granted under the 2016 Global Equity Incentive Plan.
- 2 **Time-based equity awards.** For each of the named executive officers other than Mr. Taylor, time-based equity awards are four-year awards that vest 25% each year on the anniversary of the date of grant. With respect to Mr. Taylor, time-based equity awards are comprised of (i) a 3-year award that vests ratably on the first and second anniversary of the grant date and on December 15 of the second calendar year after the grant date and (ii) a 4-year award that vests 100% on the fourth anniversary of the date of grant.

Performance-based equity awards. For each of the named executive officers other than Mr. Taylor, performance-based equity awards are subject to a three-year performance period (2018-2020) and vest on February 28, 2021. With respect to Mr. Taylor, the performance-based equity award is subject to a 33-month performance period (January 1, 2018 - September 30, 2020) and vests on December 15, 2020.

- 3 Performance-based equity awards are tied to the achievement of specified levels of adjusted operating margin. Vesting ranges from 0 to 150%; straight line interpolation to be used for actual results. Dividend equivalents are deferred for such performance-based equity awards and will be paid at the same rate as on our shares if and to the extent an award vests. The threshold, target and maximum financial measures for the performance-based equity awards granted in 2018 are illustrated below.

Adjusted operating margin	Vesting Name	Vesting %
Equal to or less than 28%	Threshold	0%
Between 36-44%	Target	100%
Equal to or greater than 54%	Maximum	150%

It should be noted that beginning in 2019, performance-based awards will have the following two performance measures: adjusted operating margin and relative TSR. See **Performance-based equity awards** above.

- 4 Dividends and dividend equivalents on unvested time-based equity awards are paid at the same time and rate as on our shares.
- 5 The grant date fair value is the total amount that the company will recognize as expense under applicable accounting requirements if the share awards fully vest. This amount is included in our Summary Compensation Table each year. Grant date fair values were calculated in accordance with ASC 718. The grant date fair value is calculated by multiplying the number of shares granted by the closing price of our common shares on the day the award was granted. With respect to the performance-based equity awards, the grant date fair value also represents the probable outcome of such performance conditions and represents the target (100%) level of achievement.

The following tables summarize the estimated payments to be made under each agreement, plan or arrangement in effect as of December 31, 2018 which provides for payments to a named executive officer at, following or in connection with a termination of employment or a change in control. However, in accordance with SEC regulations, we do not report any amount to be provided to a named executive officer under any arrangement which does not discriminate in scope, terms or operation in favor of our named executive officers and which is available generally to all salaried employees. In accordance with SEC regulations, this analysis assumes that the named executive officer's date of termination is December 31, 2018, and the price per share of our common shares on the date of termination is the closing price of our common shares on the NYSE on that date, which was \$16.74.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K of the Exchange Act, we are providing the following information about the relationship of the annual total compensation of Mr. Martin L. Flanagan, our Chief Executive Officer (our CEO), and our employees (other than our CEO):

For 2018, our last completed fiscal year:

the annual total compensation of our median employee (other than our CEO), was \$119,367; and

the annual total compensation of our CEO was \$12,921,609.

For 2018, the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee (other than our CEO) was 108 to 1.

Our CEO to median employee pay ratio is calculated in accordance with the SEC requirements. As of October 1, 2018, we identified a new median employee since the median employee identified in 2017 based on 2016 total compensation is no longer with the company. The 2016 compensation for this employee was substantially similar in value to the median employee identified in 2017. We examined 2016 total compensation for all individuals, excluding our CEO. We included all employees who were employed by us during all of 2016 (our base fiscal year) and included base salary, cash bonus, commissions, overtime, performance fees and deferred incentive compensation. We did not make any assumptions, adjustments or estimates with respect to compensation, and we did not annualize the compensation for any employees.

After identifying the median employee, we calculated 2018 annual total compensation for such employee and the CEO using the same methodology we use for our named executive officers as set forth in the 2018 Summary Compensation table in this proxy statement.

Table of Contents**Compensation Committee Interlocks and Insider Participation**

Certain Relationships and Related Transactions**Share repurchases**

In order to pay withholding or other similar taxes due in connection with the vesting of equity awards granted under our incentive plans, employee participants, including our executive officers, may elect the net shares method whereby the company purchases from the participant shares equal in value to an approximation of the tax withholding liability in connection with vesting equity awards. Under the net shares method, the price per share paid by the company for repurchases is the closing price of the company's common shares on the NYSE on the vesting date. During 2018, the company repurchased common shares from the executive officers for the aggregate consideration shown in the following table.

Advisory Vote to Approve the Company's Executive Compensation

General

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd Frank Act) enables our shareholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules. This proposal, commonly known as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on our named executive officer compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

We are asking our shareholders to vote **FOR** the following resolution at the Annual General Meeting:

RESOLVED, that the Company's shareholders approve, on an advisory (non-binding) basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2019 Annual General Meeting of Shareholders pursuant to the Securities and Exchange Commission's compensation disclosure rules, including the Compensation Discussion and Analysis, the compensation tables and related narrative discussion.

Invesco's compensation programs, particularly our annual incentive pools, are tied to the achievement of our multi-year strategic objectives and financial results and our success in serving our clients' and shareholders' interests, as further described in **Executive Compensation** above. In considering their vote, we urge shareholders to review the information included in this proxy statement in **Executive Compensation**. The extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our shareholders' concerns, and the compensation committee will evaluate whether any actions are necessary to address those concerns. Under the Board's current policy, shareholders are given an opportunity to cast an advisory vote on this topic annually.

Amendment of Company's Third Amended and Restated Bye-Laws to Eliminate Certain Super Majority Voting Standards

General

Our Board of Directors is committed to good corporate governance and has carefully considered the advantages and disadvantages of the various voting standards contained in our Bye-Laws. In general, our Bye-Laws require matters submitted for a shareholder vote to receive affirmative approval of a majority of the shares voting on the matter. However, certain provisions include a higher voting standard, as follows:

Modification of Rights. Our Bye-Laws currently provide that modifying the rights of a class of shares requires the approval of not less than three-quarters of the issued shares of the applicable class.

Certain Business Combinations. Our Bye-Laws currently provide that certain business combinations with interested shareholders require, among other things, the approval of two-thirds of the outstanding voting shares not beneficially owned by the interested shareholder.

Bye-Law Amendments. Our Bye-Laws currently require the approval of not less than three-quarters of the outstanding voting power to amend certain provisions of the Bye-Laws, including with respect to the size of the board, board tenure, shareholder proposals, proxy access, removal of directors, board vacancies, written resolutions, rights of shares, certain business combinations and Bye-Law amendments.

Actions with Respect to Directors. Our Bye-Laws currently require that a majority of our outstanding voting shares approve the removal of directors for cause and approve the filling of vacancies resulting from such removal.

Supermajority voting requirements are intended to facilitate corporate governance stability by requiring broad shareholder consensus to effect certain changes. However, evolving corporate governance practices have come to view supermajority voting provisions as conflicting with principles of good corporate governance. After careful deliberation, and after discussions held with a number of our largest shareholders in the fall and winter of 2018 representing approximately 19% of our outstanding shares as of October 31, 2018 who are supportive of the following proposed changes, the Board has determined that the elimination of certain of the supermajority voting provisions from our Bylaws is in the best interests of Invesco and its shareholders. The Board has determined that it is in the best interests of Invesco and its shareholders to revise the voting standards under the Bye-Laws to require:

Modification of Rights. The proposed amended Bye-Laws would provide that modification of the rights of (1) common shares requires approval by a majority of the votes cast by the holders of common shares and (2) preference shares requires approval by two-thirds of the outstanding shares of the applicable class of preference shares (or such lower threshold as may be set forth in the instrument

defining the rights of the applicable class of preference shares).

Certain Business Combinations. The proposed amended Bye-Laws would require a majority of the votes cast by holders of shares not beneficially owned by the interested shareholder for approving certain business combinations with interested shareholders.

Bye-Law Amendments and Actions with Respect to Directors. The proposed amended Bye-Laws would require a majority of the votes cast to approve Bye-Law amendments (other than certain amendments relating to the preference share provisions addressed above, which would utilize the same standard applicable to modifying the rights of preference shares), removal of directors for cause and filling vacancies resulting from the removal of such directors.

Table of Contents

Appendix A shows the proposed changes to the relevant Bye-Laws implementing the above revisions to our voting standards and other clean up revisions regarding the list of defined terms, with deletions indicated by strikeouts and additions indicated by underlining. You are urged to read the revised Bye-Laws provisions in their entirety.

The affirmative vote of at least three-fourths of the issued and outstanding shares of stock is required to approve this Proposal. This means that if you abstain from voting on this Proposal, your vote will count against this Proposal. If approved by the requisite shareholder vote, the proposed changes to the Bye-Laws will become effective and will be set forth in amended and restated Bye-Laws. If this Proposal is not approved, the proposed amendments to our Bye-Laws will not be made and the existing provisions will remain in effect.

To amend the Invesco Ltd. 2016 Global Equity Incentive Plan (the 2016 Equity Plan) to increase the number of shares authorized for issuance under the plan

General

We are asking our shareholders to approve an amendment to the 2016 Equity Plan (the 2016 Equity Plan Amendment) to approve an additional 9.7 million shares for issuance under the 2016 Equity Plan. As of March 1, 2019, 5.6 million shares remained available for grant under the 2016 Equity Plan. The 2016 Equity Plan is our primary equity compensation plan for our employees and non-executive directors.

The Board and the compensation committee are mindful of their responsibility to our shareholders to exercise judgment in granting equity-based awards. Upon recommendation of the compensation committee, the Board adopted the 2016 Equity Plan Amendment on February 7, 2019, subject to shareholder approval. The Board recommends that shareholders approve the 2016 Equity Plan Amendment to permit the Company's continued use of equity-based compensation awards. The material terms of the 2016 Equity Plan, as amended, are described below. The complete text of the 2016 Equity Plan Amendment is attached as Annex D to this Proxy Statement.

Why should you vote FOR approval of the 2016 Equity Plan Amendment?

Under NYSE rules, listed companies such as Invesco are generally not permitted to grant shares of common stock as compensation except under a plan that is approved by shareholders. Equity awards are an important part of our pay-for-performance compensation program. The Board recommends a vote FOR the approval of the 2016 Equity Plan Amendment because it will continue to allow Invesco to achieve important business objectives in ways that are consistent with our shareholders interests.

Equity compensation facilitates alignment of employee and shareholder interests. Consistent with industry practice and accepted good governance standards, a significant portion of compensation for our executive officers is delivered in the form of company equity. Further, our compensation philosophy reflects our belief that equity compensation is a critical means of aligning the interests of employees with those of our shareholders. In recent years, all equity awards have been made in the form of restricted stock and restricted stock units that generally vest over a four-year period. We believe that this is the best and simplest way to align the interests of our employees with the interests of our shareholders, giving our employees a significant incentive to appropriately increase shareholder value.

Equity compensation is an important tool to recruit and retain talent. Our competitors in the industry routinely use equity awards to compensate employees, and we believe that employees place a high value on equity compensation. Our

equity compensation awards are an important component of our compensation program and play a significant role in our ability to attract and retain talented employees and senior management. Approximately 28% of our employee population hold equity awards.

Use of full-value awards. Our equity compensation program favors the use of full-value awards (as opposed to appreciation awards, such as stock options or stock appreciation rights). This can mitigate the potential dilutive effect of equity compensation, because the same value can be delivered in the form of a stock award using fewer shares than would be needed if delivered in the form of a stock option. Invesco has not granted employee stock options since 2005 and has never granted stock appreciation rights.

The 2016 Equity Plan has key features that serve shareholder interests. The 2016 Equity Plan includes best practices with respect to governance and administration of equity compensation programs described in more detail below in below Key Features.

Table of Contents

Following our annual grant of equity awards in February 2019, approximately 5.6 million shares were available for grant under the 2016 Equity Plan. If this proposal is not approved, the 2016 Equity Plan will remain in effect although the remaining shares will be insufficient to maintain our current approach to employee compensation. We believe that this change would adversely affect shareholders and shareholder value and negatively impact the alignment between employee and shareholder interests. Without an equity plan under which Invesco can issue additional shares, we would need to reduce significantly, or eliminate entirely, compensation that is paid in a form other than cash. In addition, if our shareholders do not approve the 2016 Equity Plan Amendment, we believe such action will impair our ability to compete for and retain our most talented employees.

Key features of the 2016 Equity Plan, as amended

The 2016 Equity Plan, as amended, includes a number of features that promote best practices and protect shareholders interests, including:

Key data

The compensation committee regularly reviews run rate, overhang and dilution impact associated with our equity compensation plans, including the proposed 2016 Equity Plan Amendment. We believe that our historical share usage and proposed 2016 Equity Plan are prudent and in the best interests of our shareholders.

Table of Contents**Run rate**

Run rate provides a measure of our annual share utilization relative to the number of shares outstanding. As shown in the following table, the company's three-year average run rate was 1.5%.

(share amounts in millions)	2018	2017	2016
Granted during the year ¹	6.1	5.6	6.9
Weighted average shares outstanding (basic)	412.4	409.4	414.7
Run rate	1.5%	1.4%	1.7%

¹ Represents time-based and performance-based awards as reported in Note 12 of our Annual Report on Form 10-K for the year ended December 31, 2018.

Overhang and unvested share awards

Overhang refers to potential shareholder dilution represented by outstanding employee equity awards and shares available for future grant. Overhang is equal to the sum of all outstanding awards plus shares available for grant, divided by common shares outstanding.

(share amounts in millions)	Shares available			
	Outstanding awards ¹	Common shares grant ²	Common shares outstanding	Overhang
As of December 31, 2018	13.5	15.2	412.4	7.0%
As of March 1, 2019	18.4	7.1	412.4	6.2%

¹ The company has no outstanding stock options or stock appreciation rights. Represents time-based and performance-based awards.

² Represents 5.6 million shares available for grant under the 2016 Equity Plan and 1.5 million shares available for grant under the 2010 Global Equity Incentive Plan (ST).

³ Represents basic weighted average shares outstanding.

Information regarding equity compensation plans

The following table sets forth information about common shares that may be issued under our existing equity compensation plans as of December 31, 2018.

Name of plan	Number of securities to be issued upon exercise	Weighted average price of exercise	Number of securities remaining available for future issuance under equity compensation plans (excluding outstanding options)
2016 Global Equity Incentive Plan	ii	N/A	13,732,511
2012 Employee Stock Purchase Plan	ii	N/A	1,924,071
2010 Global Equity Incentive Plan (ST)		N/A	1,474,340
Total		N/A	17,130,922

1 With respect to the 2010 Global Equity Incentive Plan (ST), shares are issued only as employment inducement awards in connection with a strategic transaction and, as a result, do not require shareholder approval under the rules of the New York Stock Exchange or otherwise.

Impact on dilution

The 2016 Equity Plan currently authorizes the issuance of up to 21.7 million shares. As noted above, the 2016 Equity Plan Amendment will approve an additional 9.7 million shares. If the 2016 Equity Plan Amendment is approved by our shareholders, the 2016 Equity Plan will authorize the issuance of 31.4 million shares of which 15.4 million shares will be available for grant. The Board believes that the potential dilution resulting from these additional shares is reasonable and that the issuance of these additional shares will provide an appropriate incentive for employees to increase the value of the company for shareholders. Based on historical grant levels and the company's current stock price, the company anticipates that the shares available for grant under the 2016 Equity Plan after the 2016 Equity Plan Amendment becomes effective will be sufficient to provide projected equity incentives to our employees until our 2020 Annual General Meeting.

The 2016 Equity Plan was originally approved by our shareholders in May 2016. A copy of the 2016 Equity Plan also is included as Appendix A to the Company's Proxy Statement filed with the SEC on March 24, 2016. Please also see Annex D to this proxy statement for a copy of the 2016 Equity Plan Amendment.

General. Under the terms of the 2016 Equity Plan, the compensation committee will have the authority to grant restricted stock, restricted stock units, stock options, stock appreciation rights (SARs) and other stock-based awards. We anticipate that we will continue our current equity compensation practice of granting only restricted stock, restricted stock units and other stock-based awards. We have not granted stock options since 2005 and have never granted SARs.

Shares subject to the 2016 Equity Plan. As noted above, an aggregate of 21.7 million common shares currently is authorized for issuance under the 2016 Equity Plan. As of March 1, 2019, awards representing 18.3 million common shares were outstanding under the 2016 Equity Plan and 5.6 million common shares remained available for grant. We are asking our shareholders to approve an additional 9.7 million shares under the 2016 Equity Plan.

Shares delivered in connection with awards under the 2016 Equity Plan may be shares that are authorized but unissued shares, shares held by the company as treasury shares or, if required by local law, shares delivered from a trust established pursuant to applicable law.

The number of common shares authorized for issuance under the 2016 Equity Plan, as well as the number of shares subject to outstanding awards and the annual limitation on grants to any single individual, are subject to equitable adjustment upon

the occurrence of any stock dividend or other distribution, recapitalization, stock split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase or share exchange or other similar corporate transaction or event.

Share counting. Under the following circumstances, shares that are subject to awards granted under the 2016 Equity Plan shall not be counted for purposes of the limits on the total number of shares that can be issued under the 2016 Equity Plan or the number of shares that can be issued as incentive stock options in the following circumstances:

The award is forfeited, canceled or terminates, expires or lapses without shares having been delivered;

The award is settled in cash; or

The shares are withheld by the company to satisfy all or part of any tax withholding obligation related to an award of restricted stock or restricted stock units.

Shares tendered or withheld by the company in payment of the exercise price of stock options or SARs or to satisfy all or part of any tax withholding obligation related to such stock option or SAR shall be counted as shares that were issued under the 2016 Equity Plan.

Table of Contents

Limits on incentive stock options. The total number of shares that can be issued pursuant to incentive stock options cannot exceed six million under the 2016 Equity Plan.

Eligibility. As of December 31, 2018, (i) approximately 7,400 employees of the company were eligible for awards under the 2016 Equity Plan, of which 2,100 had outstanding awards, and (ii) all of our non-executive directors were eligible for awards under the 2016 Equity Plan, all of whom receive quarterly compensation in the form of equity awards granted under the 2016 Equity Plan.

Types of awards. The 2016 Equity Plan authorizes awards in the form of restricted stock, restricted stock units, stock options, SARs and other stock-based awards.

Restricted Stock and Restricted Stock Units. Awards of restricted stock are actual shares of common stock that are issued to a participant. An award of a restricted stock unit represents the right to receive cash or common stock at a future date. In each case, the award is subject to restrictions on transferability and such other restrictions, if any, as the compensation committee may impose at the date of grant. The restrictions may lapse separately or in combination at such times, under such circumstances, including, without limitation, a specified period of employment or the satisfaction of pre-established performance goals, in such installments, or otherwise, as the compensation committee may determine. Except to the extent provided in the applicable award agreement, a participant granted restricted stock will have all of the rights of a shareholder, including, without limitation, the right to vote and the right to receive dividends. If provided in the applicable award agreement, a holder of restricted stock units will be entitled to dividend equivalents with respect to such restricted stock units.

Upon termination of employment or other service relationship during the applicable restriction period, shares of restricted stock and restricted stock units that are subject to restrictions will be forfeited unless the award agreement provides otherwise.

Other stock-based awards. The 2016 Equity Plan provides for the award of company shares and other awards that are valued by reference to our shares. Other stock-based awards may only be granted in lieu of compensation that would otherwise be payable to the participant. Non-executive director awards are considered a form of other stock-based awards. Each year, the committee establishes the value of such stock-based awards for non-executive directors for the upcoming year. Such awards are subject to the non-executive director stock ownership policy.

Stock options and SARs. A stock option is an award that gives the participant the right, but not the obligation, to purchase a specified number of company shares at a specified price for a stated period of time. Stock options may be granted in the form of incentive stock options, which are intended to qualify for favorable treatment for the recipient under U.S. federal tax law, or as nonqualified stock options, which do not qualify for this favorable tax treatment. SARs represent the right to receive an amount in cash, shares or both equal to the fair market value of the shares subject to the award on the date of exercise minus the exercise price of the award.

As noted above, the 2016 Equity Plan provides for stock options even though the company has not granted stock options since 2005. The 2016 Equity Plan also provides for SARs, although the company has never granted SARs. If stock options or SARs are granted under the 2016 Equity Plan, they will be subject to the following limitations:

No discounted stock options or SARs All stock options and SARs must have an exercise price that is not less than the fair market value of the underlying shares on the date of grant.

No reloads The grant of a stock option will not be conditioned on the delivery of shares to the company in payment of an exercise price or satisfaction of a withholding or other payment obligation (i.e., a reload option).

No repricing Repricing of stock options or SARs is not permitted without shareholder approval.

Term The term of a stock option or SAR cannot exceed 10 years.

Table of Contents

No liberal share recycling Share recycling for stock options and SARs is prohibited.

Minimum vesting requirements The 2016 Equity Plan provides a minimum vesting period of one year for stock options and SARs.

Minimum vesting requirements

Restricted stock and restricted stock units. Except with respect to the death, disability or involuntary termination (other than for cause or unsatisfactory performance) of a participant or the occurrence of a corporate transaction (including a change of control) or special circumstances determined by the committee, an award of restricted stock or restricted stock units subject solely to continued services shall have a minimum vesting period of not less than two years from the date of grant (permitting pro rata vesting over such time). In recent years, restricted stock awards and restricted stock units generally vest over a four-year period. Our executive officers' performance-based equity awards are subject to 3-year cliff vesting.

Stock options and SARs. Stock options and SARs are subject to a one year minimum vesting period. The company has not granted stock options since 2005 and has never granted SARs.

Performance-based awards. To the extent the compensation committee grants an award under the 2016 Equity Plan with payment or vesting based on the attainment of one or more performance goals, such payment or vesting is permitted if, and only to the extent that, the performance goals established by the compensation committee are met.

The performance goals may relate to the performance of the company or the performance of the company relative to a pre-established group. The performance goals may include a threshold level of performance below which no payment will be made, levels of performance at which specified payments will be made and a maximum level of performance above which no additional payment will be made. The performance measure or measures and the performance goals established by the compensation committee may be different for different fiscal years. With respect to 2018 performance-based awards that were granted in February 2019, the compensation committee designated the following performance goals: adjusted operating margin and relative TSR.

Termination of employment/services. Except as otherwise provided in an award agreement, all unvested awards under the 2016 Equity Plan are forfeited when a participant terminates employment with, or ceases performing services for, the company.

Effect of a change of control. Awards that are not assumed in connection with a change of control will immediately vest at 100 percent. In the event of a change of control, with respect to awards that are assumed by the acquirer, then upon the

participant's termination of employment during the 24 months following a change in control (i) by the company (other than for cause or unsatisfactory performance) or (ii) by the participant for good reason (as defined in the 2016 Equity Plan), awards will vest at 100 percent unless otherwise provided in an award agreement.

Changes in capitalization and other corporate events. In the case of events affecting the capital structure of the company or certain corporate events such as a merger, the committee shall make adjustments and substitutions to shares reserved for issuance, awards limits, the number of shares subject to outstanding awards and the exercise price of outstanding awards under the 2016 Equity Plan as it deems equitable and appropriate. The committee may also adjust performance goals to reflect unusual or non-recurring events and extraordinary items and for other similar reasons, but only to the extent that such adjustments would not cause awards that are intended to be exempt from Section 162(m) of the Code to lose that exemption.

Table of Contents

Non-transferability. Awards under the 2016 Equity Plan cannot be sold, assigned, transferred, pledged or otherwise encumbered, except by will and the laws of descent and distribution.

Tax withholding; no gross ups. The participant is responsible for all taxes legally due from a participant. Except as otherwise provided in an award agreement, withholding obligations under the 2016 Equity Plan may be settled in shares.

Plan amendments and changes. The Board of Directors or the compensation committee may amend, alter or discontinue the 2016 Equity Plan, but no change is permitted without a participant's consent to the extent that it would materially impair the participant's rights under an outstanding award unless the change is made to comply with applicable law or stock exchange rules or to prevent adverse tax consequences to the company or a participant. In addition, no amendment will be made without the approval of the company's shareholders if approval is required by applicable law or the listing standards of an applicable exchange.

Effective date. The 2016 Equity Plan Amendment will be effective on of the date that it is approved by our shareholders, as requested herein, and will terminate on the tenth anniversary of the effective date of the 2016 Equity Plan.

Securities registration. We intend to file with the SEC an amendment to our registration statement of Form S-8 covering the increase in the number of shares of common stock authorized for issuance under the 2016 Equity Plan, as amended.

Certain U.S. federal income tax consequences

The following discussion is intended only as a general summary of the material U.S. federal income tax consequences of awards issued under the 2016 Equity Plan for the purposes of shareholders considering how to vote on this proposal. It is not intended as tax guidance to participants in the 2016 Equity Plan. This summary does not take into account certain circumstances that may change the income tax treatment of awards for individual participants, and it does not describe the state or local income tax consequences of any award or the taxation of awards in jurisdictions outside of the U.S.

Restricted stock awards and restricted stock units. The fair market value of stock granted under a restricted stock award is generally includable by the participant as ordinary income when the award vests. In the case of restricted stock unit awards, any cash and the fair market value of any stock issued as payment under the awards is includable as ordinary income when paid. Any dividends or dividend equivalents paid on unvested restricted stock and restricted stock units are treated as ordinary income when paid.

Stock options and SARs. The grant of a stock option or SAR generally has no tax consequences for a participant or the company. The exercise of an incentive stock option generally does not have tax consequences for a participant or the company, except that it may result in an item of adjustment for alternative minimum tax purposes for the participant. If a participant holds the shares acquired through the exercise of an incentive stock option for the time specified in the Code, any gain or loss arising from a subsequent disposition of the shares will be taxed as long-term capital gain or loss. If the shares are disposed of before the holding period is satisfied, the participant will recognize ordinary income equal to the lesser of (1) the amount realized upon the disposition and (2) the fair market value of such shares on the date of exercise minus the exercise price paid for the shares.

A participant recognizes ordinary income upon the exercise of a nonqualified stock option equal to the fair market value of the shares minus the exercise price for the shares. Upon the exercise of a SAR, the participant recognizes ordinary income equal to the amount paid to the participant, in cash and shares that represents the excess of the fair market value of a SAR over its exercise price. Any subsequent disposition of shares acquired through the exercise of a nonqualified stock option or a SAR will generally result in capital gain or loss, which may be short- or long-term, depending upon the holding period for the shares.

Table of Contents

Deductions by the company. Except as explained below, the company generally is entitled to a deduction equal to the amount included in the ordinary income of participants and does not receive a deduction for amounts that are taxable to participants as capital gain.

Section 409A. The grant of certain types of incentive awards under the 2016 Equity Plan, may be subject to the requirements of Section 409A of the Code. If an award is subject to Section 409A, and if the requirements of Section 409A are not met, a participant may be subject to tax on all or a portion of the award earlier than the times described above, and additional taxes, penalties and interest could apply. Stock options, SARs and restricted stock awards that comply with the terms of the 2016 Equity Plan are intended to be exempt from the requirements of Section 409A. Restricted stock units granted under the 2016 Equity Plan may be subject to the requirements of Section 409A but are intended to comply with those requirements to avoid early taxation, additional taxes, penalties and interest. Notwithstanding the foregoing, the company is not responsible for any taxes, penalties or interest imposed with respect to any awards granted under the 2016 Equity Plan, including taxes, penalties or interest imposed under Section 409A.

New plan benefits. Future grants under the 2016 Equity Plan will be made at the discretion of the compensation committee and, accordingly, are not yet determinable. In addition, benefits under the 2016 Equity Plan will depend on a number of factors, including fair market value of the common shares on future dates. Consequently, it is not possible to determine the benefits that might be received by participants under the 2016 Equity Plan.

For information relating to grants under the 2016 Equity Plan for the last fiscal year to our named executive officers, see **Grants of Plan-based Share Awards for 2018** table on page 60.

The closing price of our shares on the New York Stock Exchange on March 11, 2019 was \$18.97 per share.

The audit committee of the Board has proposed the appointment of PricewaterhouseCoopers LLP (PwC) as the independent registered public accounting firm to audit the company s consolidated financial statements for the fiscal year ending December 31, 2019 and to audit the company s internal control over financial reporting as of December 31, 2019. During and for the fiscal year ended December 31, 2018, PwC audited and rendered opinions on the financial statements of the company and certain of its subsidiaries. PwC also rendered an opinion on the company s internal control over financial reporting as of December 31, 2018. In addition, PwC provides the company with tax consulting and compliance services, accounting and financial reporting advice on transactions and regulatory filings and certain other services not prohibited by applicable auditor independence requirements. See **Fees Paid to Independent Registered Public Accounting Firm** below. Representatives of PwC are expected to be present at the Annual General Meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that they will be available to respond to appropriate questions.

The following table sets forth the approximate aggregate fees billed or expected to be billed to the company by PwC for fiscal year 2018 and 2017, for the audit of the company's annual consolidated financial statements and for other services rendered by PwC in 2018 and 2017.

approval policy.

pre-approval, unless the committee specifically provides otherwise. The policy also prohibits the company from engaging the auditors to provide certain defined non-audit services that are prohibited under SEC rules. Under the policy, the audit committee may delegate pre-approval authority to one or more of its members, but may not delegate such authority to the company's management. Under the policy, our management must inform the audit committee of each service performed by our independent auditor pursuant to the policy. This requirement normally is satisfied by a report issued to the audit committee from the independent auditor. Requests to the audit committee for separate approval must be submitted by both the independent auditor and our chief financial officer and the request must include a joint statement as to whether it is deemed consistent with the SEC's and Public Company Accounting Oversight Board's rules on auditor independence.

Richard Wagoner, Jr. Each of the members of the audit committee is independent as such term is defined under the NYSE listing standards and applicable law. General Information Regarding the Annual General Meeting

Questions and answers about voting your common shares

Q. Why did I receive this Proxy Statement?

You have received these proxy materials because Invesco's Board of Directors is soliciting your proxy to vote your shares at the Annual General Meeting on May 9, 2019. This proxy statement includes information that is designed to assist you in voting your shares and information that we are required to provide to you under SEC rules.

Q. What is a proxy?

A proxy is a written authorization from you to another person that allows such person (the proxy holder) to vote your shares on your behalf. The Board of Directors is asking you to allow any of the following persons to vote your shares at the Annual General Meeting: Ben F. Johnson III, Chairperson of the Board of Directors; Martin L. Flanagan, President and Chief Executive Officer; Loren M. Starr, Senior Managing Director and Chief Financial Officer; Colin D. Meadows, Senior Managing Director and Chief Administrative Officer and Kevin M. Carome, Senior Managing Director and General Counsel.

Q. Why did I not receive my proxy materials in the mail?

As permitted by rules of the SEC, Invesco is making this Proxy Statement and its Annual Report on Form 10-K for the fiscal year ended December 31, 2018 (Annual Report) available to its shareholders electronically via the Internet. The e-proxy process expedites shareholders' receipt of proxy materials and lowers the costs and reduces the environmental impact of our Annual General Meeting.

On March 25, 2019, we mailed to shareholders of record as of the close of business on March 11, 2019 (Record Date) a Notice of Internet Availability of Proxy Materials (Notice) containing instructions on how to access this Proxy Statement, our Annual Report and other soliciting materials via the Internet. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may submit your proxy. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions included in the Notice to request such materials.

Q. Who is entitled to vote?

Each holder of record of Invesco common shares on the Record Date for the Annual General Meeting is entitled to attend and vote at the Annual General Meeting.

Q. What is the difference between holding shares as a shareholder of record and as a beneficial owner ?

Shareholders of record. You are a shareholder of record if at the close of business on the Record Date your shares were registered directly in your name with Computershare, our transfer agent.

Beneficial owner. You are a beneficial owner if at the close of business on the Record Date your shares were held by a brokerage firm or other nominee and not in your name. Being a beneficial owner means that, like most of our shareholders, your shares are held in street name. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares by following the voting instructions your broker or nominee provides. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals, but not all. Please see [What if I return a signed proxy or voting instruction card, but do not specify how my shares are to be voted?](#) below for additional information.

Table of Contents

Invesco has requested banks, brokerage firms and other nominees who hold Invesco common shares on behalf of beneficial owners of the common shares as of the close of business on the Record Date to forward the Notice to those beneficial owners. Invesco has agreed to pay the reasonable expenses of the banks, brokerage firms and other nominees for forwarding these materials.

Q. How many votes do I have?

Every holder of a common share on the Record Date will be entitled to one vote per share for each Director to be elected at the Annual General Meeting and to one vote per share on each other matter presented at the Annual General Meeting. On the Record Date there were 401,786,716 common shares outstanding and entitled to vote at the Annual General Meeting.

Q. What proposals are being presented at the Annual General Meeting?

Invesco intends to present proposals numbered one through five for shareholder consideration and voting at the Annual General Meeting. These proposals are for:

- 1 Election of eight (8) members of the Board of Directors;

- 2 Advisory vote to approve the company's executive compensation;

- 3 Amendment of the company's Third Amended and Restated Bye-Laws to eliminate certain super majority voting standards;

- 4 Amendment of the Invesco Ltd. 2016 Global Equity Incentive Plan to increase the number of shares authorized for issuance under the plan; and

- 5 Appointment of PricewaterhouseCoopers LLP as the company's independent registered public accounting firm.

Other than the matters set forth in this Proxy Statement and matters incident to the conduct of the Annual General Meeting, Invesco does not know of any business or proposals to be considered at the Annual General Meeting. If any other business is proposed and properly presented at the Annual General Meeting, the proxies received from our shareholders give the proxy holders the authority to vote on such matter in their discretion.

Q. How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote:

FOR the election of the eight (8) directors nominated by our Board and named in this proxy statement;

FOR the approval, on an advisory basis, of the compensation of our named executive officers;

FOR the amendment of the company's Third Amended and Restated Bye-Laws to eliminate certain super majority voting standards;

FOR the amendment of the Invesco Ltd. 2016 Global Equity Incentive Plan to increase the number of shares authorized for issuance under the plan; and

FOR appointment of PricewaterhouseCoopers LLP as the company's independent registered public accounting firm.

Q. How do I attend the Annual General Meeting?

All shareholders are invited to attend the Annual General Meeting. An admission ticket (or other proof of share ownership) and some form of government-issued photo identification (such as a valid driver's license or passport) will be required for admission to the Annual General Meeting. Only shareholders who own Invesco common shares as of the close of business on the Record Date and invited guests will be entitled to attend the meeting. An admission ticket will serve as verification of your ownership. Registration will begin at 11:00 a.m. Central European Summer Time and the Annual General Meeting will begin at 12:00 p.m. Central European Summer Time.

If your Invesco shares are registered in your name and you received or accessed your proxy materials electronically via the Internet, click the appropriate box on the electronic proxy card or follow the telephone instructions when prompted and an admission ticket will be held for you at the check-in area at the Annual General Meeting.

Table of Contents

If you received your proxy materials by mail and voted by completing your proxy card and checked the box indicating that you plan to attend the meeting, an admission ticket will be held for you at the check-in area at the Annual General Meeting.

If your Invesco shares are held in a bank or brokerage account, contact your bank or broker to obtain a written legal proxy in order to vote your shares at the meeting. If you do not obtain a legal proxy from your bank or broker, you will not be entitled to vote your shares, but you can still attend the Annual General Meeting if you bring a recent bank or brokerage statement showing that you owned Invesco common shares on March 11, 2019. You should report to the check-in area for admission to the Annual General Meeting.

Q. How do I vote and what are the voting deadlines?

You may vote your shares in person at the Annual General Meeting or by proxy. There are three ways to vote by proxy:

Via the internet: You can submit a proxy via the Internet until 11:59 a.m. eastern time on May 8, 2019, by accessing the web site at <http://www.environreports.com/IVZ> and following the instructions you will find on the web site. Internet proxy submission is available 24 hours a day. You will be given the opportunity to confirm that your instructions have been properly recorded.

By telephone: You can submit a proxy by telephone until 11:59 a.m. eastern time on May 8, 2019, by calling toll-free 1-800-652-VOTE (8683) (from the U.S. and Canada) and following the instructions.

By mail: If you have received your proxy materials by mail, you can vote by marking, dating and signing your proxy card and returning it by mail in the enclosed postage-paid envelope. If you hold your common shares in an account with a bank or broker (i.e., in street name), you can vote by following the instructions on the voting instruction card provided to you by your bank or broker. Proxy cards returned by mail must be received no later than the close of business on May 8, 2019.

Even if you plan to be present at the Annual General Meeting, we encourage you to vote your common shares by proxy using one of the methods described above. Invesco shareholders of record who attend the meeting may vote their common shares in person, even though they have sent in proxies.

Q. What if I hold restricted shares?

For participants in the 2016 Global Equity Incentive Plan and the 2011 Global Equity Incentive Plan who hold restricted share awards through the company's stock plan administrator, your restricted shares will be voted as you instruct the custodian for such shares, Invesco Ltd. (the Custodian). There are three ways to vote: via the Internet, by telephone or by returning your voting instruction card. Please follow the instructions included on your voting instruction card on how to vote using one of the three methods. Your vote will serve as voting instructions to the Custodian for your restricted shares. If you do not provide instructions regarding your restricted shares, the Custodian will not vote them. You cannot vote your restricted shares in person at the meeting. **To allow sufficient time for voting by the Custodian, the Custodian must receive your vote by no later than 11:59 p.m. eastern time on May 3, 2019.**

Q. May I change or revoke my vote?

Yes. You may change your vote in one of several ways at any time before it is cast prior to the applicable deadline for voting:

Grant a subsequent proxy via the Internet or telephone;

Submit another proxy card (or voting instruction card) with a date later than your previously delivered proxy;

Notify our Company Secretary in writing before the Annual General Meeting that you are revoking your proxy or, if you hold your shares in street name, follow the instructions on the voting instruction card; or

If you are a shareholder of record, or a beneficial owner with a proxy from the shareholder of record, vote in person at the Annual General Meeting.

Table of Contents

Q. What will happen if I do not vote my shares?

Shareholders of record. If you are the shareholder of record and you do not vote in person at the Annual General Meeting, or by proxy via the Internet, by telephone, or by mail, your shares will not be voted at the Annual General Meeting.

Beneficial owners. If you are the beneficial owner of your shares, your broker or nominee may vote your shares only on those proposals on which it has discretion to vote. Under NYSE rules, your broker or nominee has discretion to vote your shares on routine matters, such as Proposal No. 5, but does not have discretion to vote your shares on non-routine matters, such as Proposals No. 1, 2, 3 or 4. Therefore, if you do not instruct your broker as to how to vote your shares on Proposals No. 1, 2, 3 or 4, this would be a broker non-vote, and your shares would not be counted as having been voted on the applicable proposal. **We therefore strongly encourage you to instruct your broker or nominee on how you wish to vote your shares.**

Q. What is the effect of a broker non-vote or abstention?

Under NYSE rules, brokers or other nominees who hold shares for a beneficial owner have the discretion to vote on a limited number of routine proposals when they have not received voting instructions from the beneficial owner at least ten days prior to the Annual General Meeting. A broker non-vote occurs when a broker or other nominee does not receive such voting instructions and does not have the discretion to vote the shares. Pursuant to Bermuda law, broker non-votes and abstentions are not included in the determination of the common shares voting on such matter, but are counted for quorum purposes.

Q. What if I return a signed proxy or voting instruction card, but do not specify how my shares are to be voted?

Shareholders of record. If you are a shareholder of record and you submit a proxy, but you do not provide voting instructions, all of your shares will be voted FOR Proposals No. 1, 2, 3, 4 and 5.

Beneficial owners. If you are a beneficial owner and you do not provide the broker or other nominee that holds your shares with voting instructions, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Under NYSE rules, brokers and other nominees have the discretion to vote on routine matters, such as Proposal No. 5, but do not have discretion to vote on non-routine matters, such as Proposals No. 1, 2, 3 and 4. Therefore, if you do not provide voting instructions to your broker or other nominee, your broker or other nominee may only vote your shares on Proposal No. 5 and any other routine matters properly presented for a vote at the Annual General Meeting.

Q. What does it mean if I receive more than one Notice of Internet Availability of Proxy Materials?

It means you own Invesco common shares in more than one account, such as individually and jointly with your spouse. **Please vote all of your common shares.** Please see [Householding of Proxy Materials](#) below for information on how you may elect to receive only one Notice.

Q. What is a quorum?

A quorum is necessary to hold a valid meeting. The presence, in person, of two or more persons representing, in person or by proxy, more than 50% of the issued and outstanding common shares entitled to vote at the meeting as of the Record Date constitutes a quorum for the conduct of business.

Q. What vote is required in order to approve each proposal?

For Proposals 1, 2, 4 and 5, the affirmative vote of a majority of the votes cast on such proposal at the Annual General Meeting is required. Under our Bye-Laws, a majority of the votes cast means the number of shares voted for a proposal must exceed 50% of the votes cast with respect to such proposal. Votes cast include only votes cast with respect to shares present in person or represented by proxy and excludes abstentions. For Proposal 3, the affirmative vote for at least 75% of the issued and outstanding shares of the company is required.

Q. How will voting on any other business be conducted?

Other than the matters set forth in this Proxy Statement and matters incident to the conduct of the Annual General Meeting, we do not know of any business or proposals to be considered at the Annual General Meeting. If any other business is proposed and properly presented at the Annual General Meeting, the persons named as proxies will vote on the matter in their discretion.

Q. What happens if the Annual General Meeting is adjourned or postponed?

Your proxy will still be effective and will be voted at the rescheduled Annual General Meeting. You will still be able to change or revoke your proxy until it is voted.

Q. Who will count the votes?

A representative of Computershare, our transfer agent, will act as the inspector of election and will tabulate the votes.

Q. How can I find the results of the Annual General Meeting?

Preliminary results will be announced at the Annual General Meeting. Final results will be published in a Current Report on Form 8-K that we will file with the SEC within four business days after the Annual General Meeting.

Important additional information

Costs of solicitation

The cost of solicitation of proxies will be paid by Invesco. We have retained Alliance Advisors LLC to solicit proxies for a fee of approximately \$18,000 plus a reasonable amount to cover expenses. Proxies may also be solicited in person, by telephone or electronically by Invesco personnel who will not receive additional compensation for such solicitation. Copies of proxy materials and our Annual Report will be supplied to brokers and other nominees for the purpose of soliciting proxies from beneficial owners, and we will reimburse such brokers or other nominees for their reasonable expenses.

Presentation of financial statements

In accordance with Section 84 of the Companies Act 1981 of Bermuda, Invesco's audited consolidated financial statements for the fiscal year ended December 31, 2018 will be presented at the Annual General Meeting. These statements have been approved by the Board. There is no requirement under Bermuda law that these statements be approved by shareholders, and no such approval will be sought at the Annual General Meeting.

Registered and principal executive offices

The registered office of Invesco is located at Canon's Court, 22 Victoria Street, Hamilton HM12, Bermuda. The principal executive office of Invesco is located at 1555 Peachtree Street N.E., Atlanta, Georgia 30309, and the telephone number there

is 1-404-892-0896.

Shareholder proposals for the 2020 annual general meeting

In accordance with the rules established by the SEC, any shareholder proposal submitted pursuant to Rule 14a-8 under the Exchange Act intended for inclusion in the proxy statement for next year's annual general meeting of shareholders must be received by Invesco no later than 120 days before the anniversary of the date of this proxy statement (e.g., not later than November 26, 2019). Such proposals should be sent to our Company Secretary in writing to Invesco Ltd., Attn: Office of the Company Secretary, 1555 Peachtree Street N.E., Atlanta, Georgia 30309, or by email to company.secretary@invesco.com. To be included in the Proxy Statement, the proposal must comply with the requirements as to form and substance established by the SEC and our Bye-Laws, and must be a proper subject for shareholder action under Bermuda law.

The company implemented proxy access in 2017. Proxy access allows eligible shareholders to include their director nominees in the company's proxy materials for an annual general meeting of shareholders, along with the candidates

nominated by the Board as long as certain criteria are met and such request to include a shareholder-nominated candidate is received not less than 90 nor more than 120 days prior to the first anniversary of the preceding year's annual general meeting (e.g. from January 10, 2020 to February 9, 2020). Subject to the terms and conditions set forth in our Bye-Laws, generally, eligible shareholders who have continuously maintained qualifying ownership of at least 3% of the company's outstanding shares for at least the previous three years are generally permitted to use the company's proxy statement to nominate, at the company's annual general meeting of shareholders, a number of eligible director candidates equal to the greater of two and the largest whole number that does not exceed 20% of the number of directors in office as of the last day on which a proxy access notice may be delivered.

A shareholder may otherwise propose business for consideration or nominate persons for election to the Board in compliance with SEC proxy rules, Bermuda law, our Bye-Laws and other legal requirements, without seeking to have the proposal included in Invesco's proxy statement pursuant to Rule 14a-8 under the Exchange Act. Under our Bye-Laws, notice of such a proposal must generally be provided to our Company Secretary not less than 90 nor more than 120 days prior to the first anniversary of the preceding year's annual general meeting. The period under our Bye-Laws for receipt of such proposals for next year's meeting is thus from January 10, 2020 to February 9, 2020. (However, if the date of the annual general meeting is more than 30 days before or more than 60 days after such anniversary date, any notice by a shareholder of business or the nomination of directors for election or reelection to be brought before the annual general meeting to be timely must be delivered (i) not earlier than the close of business on the 120th day prior to such annual general meeting; and (ii) not later than the close of business on the later of (A) the 90th day prior to such annual general meeting and (B) the 10th day following the day on which public announcement of the date of such meeting is first made.) SEC rules permit proxy holders to vote proxies in their discretion in certain cases if the shareholder does not comply with these deadlines, and in certain other cases notwithstanding compliance with these deadlines.

In addition, Sections 79-80 of the Bermuda Companies Act allows shareholders holding at least 5% of the total voting rights or totaling 100 record holders (provided that they advance to the company all expenses involved and comply with certain deadlines) to require Invesco (i) to give notice of any resolution that such shareholders can properly propose at the next annual general meeting; and/or (ii) to circulate a statement regarding any proposed resolution or business to be conducted at a general meeting.

United States Securities and Exchange Commission reports

A copy of the company's Annual Report on Form 10-K (Annual Report), including financial statements, for the fiscal year ended December 31, 2018, is being furnished concurrently herewith to all shareholders holding shares as of the Record Date. Please read it carefully.

Shareholders may obtain a copy of the Annual Report, without charge, by visiting the company's web site at www.invesco.com or by submitting a request to our

Company Secretary at: company.secretary@invesco.com or by writing Invesco Ltd., Attn: Office of the Company Secretary, 1555 Peachtree Street N.E., Atlanta, Georgia 30309. Upon request to our Company Secretary, the exhibits set forth on the exhibit index of the Annual Report may be made available at a reasonable charge (which will be limited to our reasonable expenses in furnishing such exhibits).

Householding of proxy materials

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for Proxy Statements and Annual Reports with respect to two or more shareholders sharing the same address by delivering a single Proxy Statement and Annual Report to those shareholders. This process, which is commonly referred to as householding, potentially means extra convenience for shareholders and cost savings for companies.

Table of Contents

A number of banks and brokers with account holders who are beneficial holders of the company's common shares will be householding the company's proxy materials or the Notice. Accordingly, a single copy of the proxy materials or Notice will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your bank or broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive separate proxy materials or copies of the Notice, please notify your bank or broker, or contact our Company Secretary at: company.secretary@invesco.com, or by mail to Invesco Ltd., Attn: Office of the Company Secretary, 1555 Peachtree Street N.E., Atlanta, Georgia 30309, or by telephone to 404-892-0896. The company undertakes, upon oral or written request to the address or telephone number above, to deliver promptly a separate copy of the company's proxy materials or the Notice to a shareholder at a shared address to which a single copy of the applicable document was delivered. Shareholders who currently receive multiple copies of the proxy materials or the Notice at their address and would like to request householding of their communications should contact their bank or broker or the Company Secretary at the contact address and telephone number provided above.

AUM ranking disclosure

Our AUM ranking data excludes passive products, closed-end funds, private equity limited partnerships, non-discretionary funds, unit investment trusts, fund of funds with component funds managed by Invesco, stable value building block funds and consolidated debt obligations. Certain funds and products were excluded from the analysis because of limited benchmark or peer group data. Had these been available, results may have been different. These results are preliminary and subject to revision.

Data is as of December 31, 2018. AUM measured in the one-, three- and five-year peer group rankings represents 52%, 52% and 51% of total Invesco AUM, respectively.

Peer group rankings are sourced from a widely-used third party ranking agency in each fund's market (Lipper, Morningstar, IA, Russell, Mercer, eVestment Alliance, SITCA, Value Research) and asset-weighted in U.S. dollars. Rankings are as of prior quarter-end for most institutional products and prior month-end for Australian retail funds due to their late release by third parties. Rankings are calculated against all funds in each peer group. Rankings for the primary share class of the most representative fund in each composite are applied to all products within each composite. Performance assumes the reinvestment of dividends. Past performance is not indicative of future results and may not reflect an investor's experience.

U.S. GAAP rules on consolidation require the company to consolidate certain investment product assets and liabilities which significantly distort our balance sheet and associated financial metrics.

Schedule of Non-GAAP information

We utilize the following non-GAAP performance measures: net revenue (and by calculation, net revenue yield on AUM), adjusted operating income, adjusted operating margin, adjusted net income attributable to Invesco Ltd. and adjusted diluted earnings per share (EPS). The company believes the adjusted measures provide valuable insight into the company's ongoing operational performance and assist in comparisons to its competitors. These measures also assist the company's management with the establishment of operational budgets and forecasts and assist the Board of Directors and management of the company in determining incentive compensation decisions. The most directly comparable U.S. GAAP measures are operating revenues (and by calculation, gross revenue yield on AUM), operating income, operating margin, net income attributable to Invesco Ltd. and diluted EPS. Each of these measures is discussed more fully below.

The following are reconciliations of operating revenues, operating income (and by calculation, operating margin), and net income attributable to Invesco Ltd. (and by calculation, diluted EPS) on a U.S. GAAP basis to a non-GAAP basis of net revenues, adjusted operating income (and by calculation, adjusted operating margin), and adjusted net income attributable to Invesco Ltd. (and by calculation, adjusted diluted EPS). These non-GAAP measures should not be considered as substitutes for any U.S. GAAP measures and may not be comparable to other similarly titled measures of other companies. Additional reconciling items may be added in the future to these non-GAAP measures if deemed appropriate. The tax effects related to the reconciling items have been calculated based on the tax rate attributable to the jurisdiction to which the transaction relates. Notes to the reconciliations follow the tables. Further details regarding reconciliations are available in the company's Annual Report on Form 10-K.

1 **Invesco Great Wall:** Prior to the third quarter 2018, management reflected its interests in Great Wall Fund Management Company (Invesco Great Wall) on a proportional consolidation basis, which was consistent with the presentation of our share of the AUM from these investments. Given the company's influence on Invesco Great Wall, a change in regulation allowing increased foreign ownership, and reaching agreement in principle in the third quarter of 2018 to obtain a majority stake of the joint venture, the company began reporting 100% of the flows and AUM for Invesco Great Wall. Also beginning in the third quarter of 2018, the company's non-GAAP operating results reflect the economics of these holdings on a basis consistent with the underlying AUM and flows. Adjusted net income is reduced by the amount of earnings attributable to non-controlling interests.

2 **Third-party distribution, service and advisory expenses:** Third-party distribution, service and advisory expenses include renewal commissions and distribution costs (12b-1 and marketing support) paid to brokers and independent financial advisors, and other service and administrative fees paid to third parties. While the terms used for these types of expenses vary by geography, they are all expense items that are closely linked to the value of AUM and the revenue earned by Invesco from AUM. Since the company has been deemed to be the principal in the third-party arrangements, the company must reflect these expenses gross of operating revenues under U.S. GAAP.

Management believes that the deduction of third-party distribution, service and advisory expenses from operating revenues appropriately reflects the nature of these expenses as being passed through to external parties who perform functions on behalf of, and distribute, the company's managed funds. Further, these expenses vary extensively by geography due to the differences in distribution channels. The net presentation assists in identifying the revenue contribution generated by the business, removing distortions caused by the differing distribution channel fees and allowing for a fair comparison with U.S. peer investment managers and within Invesco's own investment units. Additionally, management evaluates net revenue yield on AUM, which is equal to net revenues divided by average AUM during the reporting period. This financial measure is an indicator of the basis point net revenues we receive for each dollar of AUM we manage and is useful when evaluating the company's performance relative to industry competitors and within the company for capital allocation purposes.

3 **CIP:** See Item 8, Financial Statements and Supplementary Data, Note 20 - Consolidated Investment Products in the Company's Annual Report on Form 10-K for the period ending December 31, 2018 filed with the SEC on February 22, 2019 for a detailed analysis of the impact to the Company's Consolidated Financial Statements from the consolidation of CIP. The reconciling items add back the management and performance fees earned by Invesco from the consolidated products and remove the revenues and expenses recorded by the consolidated products that have been included in the U.S. GAAP Consolidated Statements of Income.

Management believes that the consolidation of investment products may impact a reader's analysis of our underlying results of operations and could result in investor confusion or the production of information about the company by analysts or external credit rating agencies that is not reflective of the underlying results of operations and financial condition of the company. Accordingly, management believes that it is appropriate to adjust operating revenues, operating income and net income for the impact of CIP in calculating the respective net revenues, adjusted operating income and adjusted net income.

CIP revenues:	Year ended December 31,				
\$ in millions, except per share data	2018	2017	2016	2015	2014
Management fees earned from CIP, eliminated upon consolidation	28.6	25.5	20.8	30.7	26.7

Other revenues recorded by CIP					(0.6)
CIP related adjustments in arriving at net revenues	28.6	32.4	22.3	39.2	35.2

4 **Transaction, integration and restructuring related adjustments:** Management believes it is useful to investors and other users of our Consolidated Financial Statements to adjust for the transaction, integration and restructuring charges in arriving at adjusted operating income, adjusted operating margin and adjusted diluted EPS, as this will aid comparability of our results period to period, and aid comparability with peer companies that may not have similar acquisition and disposition related income or charges. See Results of Operations for the Years Ended December 31, 2018 compared to December 31, 2017 compared to December 31, 2016 Transaction, Integration and Restructuring in the company's Annual Report on Form 10-K for the period ending December 31, 2018 filed with the SEC on February 22, 2019 for additional details.

5 **Market movement on deferred compensation plan liabilities:** Certain deferred compensation plan awards are linked to the appreciation (depreciation) of specified investments, typically managed by the company. Invesco hedges economically the exposure to market movements by holding these investments on its balance sheet and through a total return swap financial instrument. U.S. GAAP requires the appreciation (depreciation) in the compensation liability to be expensed over the award vesting period in proportion to the vested amount of the award as part of compensation expense. The full value of the investment and financial instrument appreciation (depreciation) are immediately recorded below operating income in other gains and losses. This creates a timing difference between the recognition of the compensation expense and the investment gain or loss impacting net income attributable to Invesco Ltd. and diluted EPS which will reverse over the life of the award and net to zero at the end of the multi-year vesting period. During periods of high market volatility these timing differences impact compensation expense, operating income and operating margin in a manner which, over the life of the award, will ultimately be offset by gains and losses recorded below operating income on the Consolidated Statements of Income. The non-GAAP measures exclude the mismatch created by differing U.S. GAAP treatments of the market movement on the liability and the investments.

Since these plans are hedged economically, management believes it is useful to reflect the offset ultimately achieved from hedging the investment market exposure in the calculation of adjusted operating income (and by calculation, adjusted operating margin) and adjusted net income (and by calculation, adjusted diluted EPS) to produce results that will be more comparable period to period. The related fund shares will have been purchased on or around the date of grant, eliminating any ultimate cash impact from market movements that occur over the vesting period.

Additionally, dividend income from investments held to hedge economically deferred compensation plans is recorded as dividend income and as compensation expense on the company's Consolidated Statements of Income on the record dates. This dividend income is passed through to the employee participants in the plan and is not retained by the company. The non-GAAP measures exclude this dividend income and related compensation expense.

a. General and administrative expenses for 2015 include a provision of \$12.6 million pertaining to regulatory actions and related legal fees of \$0.5 million (2018: none; 2017: none; 2016: \$1.0 million). This includes \$7.6 million associated with our private equity business.

Operating expenses for 2014 include a charge of \$31.1 million (in respect of the penalty under a settlement of an enforcement proceeding reached with the U.K. Financial Conduct Authority (FCA) pertaining to the company's compliance with certain FCA rules and regulations for the period from May 2008 to November 2012).

b. As a result of an increase in our recoverable VAT from applying additional regulatory guidance, a credit was recorded in the third quarter of 2018. The portion of the cumulative adjustment representing 2014 through 2017 has been removed for non-GAAP purposes.

c. Operating expenses for 2017 reflect the cost of multiple senior executive retirements, including, among others, the former Senior Managing Director of EMEA and the Chairman of our Private Equity business, which resulted in expenses of \$19.7 million related to accelerated vesting of deferred compensation and other separation costs. The number of senior executive retirements and magnitude of their retirement costs incurred in one quarter was unprecedented for Invesco. The company deemed it appropriate to adjust these costs from U.S. GAAP total compensation expenses in an effort to isolate and evaluate our level of ongoing compensation expenses and to allow for more appropriate comparisons to internal metrics and with the level of compensation expenses incurred by industry peers.

d. General and administrative expenses for 2014 and 2015 include charges of \$31.1 million and \$4.7 million, respectively, in respect of a multi-year fund reimbursement expense associated with historical private equity management fees. The charge resulted primarily from using a more appropriate methodology regarding the calculation of offsets to management fees.

e. Included within general and administrative expenses for 2014 is a credit of \$4.7 million related to the partial refund of a \$15.3 million levy in 2010 from the U.K. Financial Services Compensation Scheme.

- f. Included within other gains and losses, net is the mark-to-market of foreign exchange put option contracts intended to provide protection against the impact of a significant decline in the Pound Sterling/U.S. Dollar and the Euro/U.S. Dollar foreign exchange rates. The Pound Sterling contracts provide coverage through June 29, 2019 and the Euro contracts provided coverage through December 27, 2017. The adjustment from U.S. GAAP to non-GAAP earnings removes the impact of market volatility; therefore, the company's non-GAAP results include only the amortization of the cost of the contracts during the contract period.
- g. Employee benefit plan termination: Operating expenses for 2016 include an incremental credit of \$8.6 million related to an employee benefit plan termination.
- h. During 2015, the company acquired investment management contracts from Deutsche Bank and the purchase price was solely comprised of contingent consideration payable in future periods. Adjustment represents the change in the fair value of contingent consideration liability.

Table of Contents

- i. Other gains and losses for 2017 includes a realized gain of \$12.1 million related to revaluation of Euros held in the U.K. in anticipation of payment for the European ETF business acquisition.
- j. Other-than-temporary impairment includes an impairment charge of \$17.8 million in 2016 that is related to the acquisition of Invesco Asset Management (India) Private Limited.
- k. The income tax provision for 2017 includes a retroactive state tax expense of \$12.2 million related to 2016 and prior open tax years caused by changes in state tax regulations. 2017 also included a \$130.7 million tax benefit as a result of the revaluation of deferred tax assets and liabilities following the 2017 Tax Act enacted in the United States.

7 Operating margin is equal to operating income divided by operating revenues.

8 Adjusted operating margin is equal to adjusted operating income divided by net revenues.

9 The effective tax rate on adjusted net income attributable to Invesco Ltd. is 27.0% (2016: 26.8%; 2015: 27.1%; 2014: 26.6%; 2013: 26.3%).

10 Adjusted diluted EPS is equal to adjusted net income attributable to Invesco Ltd. divided by the weighted average number of common and restricted shares outstanding. There is no difference between the calculated earnings per share amounts presented above and the calculated earnings per share amounts under the two class method.

(4) The Board may from time to time and at any time by power of attorney appoint any company, firm, person or body of persons, whether nominated directly or indirectly by the Board, to be an attorney of the Company for such purposes and with such powers, authorities and discretions (not exceeding those vested in or exercisable by the Board) and for such period and subject to such conditions as it may think fit and any such power of attorney may contain such provisions for the protection and convenience of Persons dealing with any such attorney as the Board may think fit and may also authorize any such attorney to sub-delegate all or any of the powers, authorities and discretions so vested in the attorney. 8. Board size; term of directors

- (1) Subject to the rights of the holders of any class or series of preference shares, the Board shall consist of such number of Directors (not less than 3) as the Board may determine from time to time by resolution adopted by the affirmative vote of at least a majority of the Board then in office. Table of Contents

(3) Directors shall be elected annually for a one-year term expiring at the next annual general meeting of Shareholders. A Director shall hold office until such Director's successor shall have been duly elected and qualified or until such Director is removed from office pursuant to Bye-Law 11 or such Director's office is otherwise earlier vacated.

(4) No person may be appointed, nominated or elected a Director unless such person, at the time such person is nominated and appointed or elected, would then be able to serve as a Director without conflicting in any material respect with any law or regulation applicable to the Company, as determined in good faith by the Board of Directors. In addition, to be eligible to be a nominee for election or reelection as a Director pursuant to any provision of these Bye-Laws, a person must deliver (in accordance with the time periods prescribed for delivery of notice under Bye-Law 10) to the Secretary at the principal executive offices of the Company a written questionnaire with respect to the background and qualification of such person and the background of any other person or entity on whose behalf the nomination is being made (which questionnaire shall be provided by the Secretary upon written request) and a written representation and agreement (in the form provided by the Secretary upon written request) that such person (i) will abide by the requirements of these Bye-Laws, (ii) is not and will not become a party to (a) any agreement, arrangement or understanding with, and has not given any commitment or assurance to, any person or entity as to how such person, if elected as a Director, will act or vote on any issue or question (a Voting Commitment) that has not been disclosed to the Company or (b) any Voting Commitment that could limit or interfere with such person's ability to comply, if elected as a Director, with such person's fiduciary duties under applicable law, (iii) is not and will not become a party to any agreement, arrangement or understanding with any person or entity other than the Company with respect to any direct or indirect compensation, reimbursement or indemnification in connection with service or action as a Director that has not been disclosed therein, and (iv) in such person's individual capacity and on behalf of any person or entity on whose behalf the nomination is being made, would be in compliance, if elected as a Director, and will comply with all applicable publicly disclosed corporate governance, conflict of interest, confidentiality and stock ownership and trading policies and guidelines of the Company.

(5) Subject to the rights of the holders of any class or series of preference shares, at any meeting for the election of Directors at which a quorum is present, each nominee shall be elected by the vote of the majority of the votes cast with respect to the Director, provided that if the number of nominees exceeds the number of positions available for the election of Directors, the Directors shall be elected by a plurality of the votes cast in person or by proxy at any such meeting. For purposes of this Bye-Law 8(5), a majority of the votes cast means that the number of shares voted for a Director must exceed 50% of the votes cast with respect to that Director. Votes cast with respect to the election of a Director shall include only votes cast with respect to stock present in person or represented by proxy at the meeting and entitled to vote and shall exclude abstentions.

(6) If a nominee for Director who is an incumbent Director is not elected and no successor has been elected at such meeting, the Director will promptly tender his or her resignation to the Board. The nomination and corporate governance committee shall make a recommendation to the Board as to whether to accept or reject the

tendered resignation, or whether other actions should be taken. The Board shall act on the tendered resignation, taking into account the nomination and corporate governance committee's recommendation, and publicly disclose (by a press release, a filing with the U.S. Securities and Exchange Commission or other broadly disseminated means of communication) its decision regarding the tendered resignation and the rationale behind the decision within 90 days from the date of the certification of the election results. The nomination and corporate governance committee in making its recommendation, and the Board in making its decision, may each consider any factors or other information that it considers appropriate and relevant. The Director who tenders his or her resignation shall not participate in the recommendation of the nomination and corporate governance committee or the decision of the Board with respect to his or her resignation. If such incumbent Director's resignation is not accepted by the Board, such Director shall continue to serve until the next annual meeting and until his or her successor is duly elected, or his or her earlier resignation or removal. If a Director's resignation is accepted by the Board pursuant to these Bye-Laws, or if a nominee for Director is not elected and the nominee is not an incumbent Director, then the Board, in its sole discretion, may fill any resulting vacancy pursuant to Bye-Law 12 or may decrease the size of the Board pursuant to this Bye-Law 8.

9. Defects in appointment of directors

All acts done by any meeting of the Board or by a committee of the Board shall, notwithstanding that it be afterwards discovered that there was some defect in the appointment of any person as a Director, or that they or any of them were disqualified, be as valid as if every such person had been duly appointed and was qualified to be a Director.

Table of Contents**10. Shareholder proposals and nominations; proxy access****(1) Annual general meeting**

At any annual general meeting of Shareholders, proposals of any other business to be considered by the Shareholders may be made only (i) pursuant to the Company's notice of meeting, (ii) by or at the direction of a majority of the Board or (iii) by any Shareholder who (A) is a Shareholder of record at the time of giving of notice provided for in these Bye-Laws, (B) is entitled to vote at the meeting and (C) complies with the procedures set forth in these Bye-Laws; the preceding clause (iii) shall be the exclusive means for a Shareholder to submit other business (other than matters properly brought under Rule 14a-8 under the Exchange Act and included in the Corporation's notice of meeting) before an annual general meeting of Shareholders. To be properly brought before a meeting of Shareholders, business must be of a proper subject for action by Shareholders under applicable law and must not, if implemented, cause the Company to violate any applicable law or regulation, each as determined in good faith by the Board.

(b) For nominations or other business to be properly brought before an annual general meeting by a Shareholder pursuant to these Bye-Laws, the Shareholder must have given timely notice thereof in writing to the Secretary and such other business must otherwise be a proper matter for Shareholder action. Notice shall be considered timely only if given to the Secretary of the Company not less than 90 nor more than 120 days prior to the first anniversary of the date of the preceding year's annual general meeting of Shareholders; provided, however, that if the date of the annual general meeting is more than 30 days before or more than 60 days after such anniversary date, any notice by the Shareholder of business or the nomination of Directors for election or reelection to be brought before the annual general meeting to be timely must be so delivered not earlier than the close of business on the 120th day prior to such annual general meeting and not later than the close of business on the later of the 90th day prior to such annual general meeting and the 10th day following the day on which public announcement of the date of such meeting is first made. The number of shares calculated in accordance with the foregoing clauses (a) and (b) shall be deemed not to include (and, to the extent any of the following arrangements have been entered into by affiliates of the Shareholder (or of any Constituent Holder), shall be reduced by) any shares (x) sold by such Shareholder or Constituent Holder (or any of either's affiliates) in any transaction that has not been settled or closed, including any short sale, (y) borrowed by such Shareholder or Constituent Holder (or any of either's affiliates) for any purposes or purchased by such Shareholder or Constituent Holder (or any of either's affiliates) pursuant to an agreement to resell, or (z) subject to any option, warrant, forward contract, swap, contract of sale, other derivative or similar agreement entered into by or effecting such Shareholder or Constituent Holder (or any of either's affiliates), whether any such instrument or agreement is to be settled with shares, cash or other consideration, in any such case which instrument or agreement has, or is intended to have, or if exercised by either party thereto would have, the purpose or effect of (i) reducing in any manner, presently or in the future, the full voting and investment rights pertaining to such shares, and/or (ii) hedging, offsetting or altering to any degree the full economic interest in (including the opportunity for profit and risk of loss on) such shares. A Shareholder's (including any Constituent Holder's) ownership of shares shall be deemed to continue during any period in which such person has (i) loaned such shares, provided that such Shareholder has the power to recall such loaned shares on not more than five (5) business days' notice and includes in its Proxy Access Notice an agreement that it (A) will promptly recall such loaned shares upon being notified that any of its Shareholder Nominees will be included in the Company's proxy materials and (B) will continue to hold such recalled shares through the date of the annual meeting or (ii) delegated any voting power over such shares by means of a proxy, power of attorney or other instrument or arrangement which in all such cases is revocable at any time by the Shareholder. The terms owned, owning and other variations of the word own shall have correlative meanings.

(A) For purposes of this Bye-Law 10(3), the Required Information that the Company will include in its proxy statement is (1) the information concerning the Shareholder Nominee and the Eligible Shareholder that the Company determines is required to be

disclosed in the Company's proxy statement by the regulations promulgated under the Exchange Act; and (2) if the Eligible Shareholder so elects, a Statement (as defined in paragraph (F) below). The Company shall also include the name of the Shareholder Nominee in its proxy card. For the avoidance of doubt, and any other provision of these Bye-Laws notwithstanding, the Company may in its sole discretion solicit against, and include in the proxy statement its own statements or other information relating to, any Eligible Shareholder and/or Shareholder Nominee.

(B) To be timely, a Shareholder's Proxy Access Notice, together with all related materials provided for herein, must be delivered to the principal executive offices of the Company within the time periods applicable to Shareholder notices of nominations pursuant to paragraph (1)(b) of Bye-Law 10. may be delivered in accordance with the procedures set forth in this Bye-Law 10(3) (such greater number, the Permitted Number); provided, however, that the Permitted Number shall be reduced by:

- (1) the number of directors in office that will be included in the Company's proxy materials with respect to such annual general meeting for whom access to the Company's proxy materials was previously provided pursuant to this Bye-Law 10(3), other than any such director who at the time of such annual general meeting will have served as a director continuously, as a nominee of the Board of Directors, for at least two (2) successive annual terms; and
- (2) the number of directors in office or director candidates that in either case will be included in the Company's proxy materials with respect to such annual general meeting as an unopposed (by the Company) nominee pursuant to an agreement, arrangement or other understanding with a Shareholder or group of Shareholders (other than any such agreement, arrangement or understanding entered into in connection with an acquisition of Voting Stock, by such Shareholder or group of Shareholders, directly from the Company), other than any such director referred to in this clause (2) who at the time of such annual general meeting will have served as a director continuously, as a nominee of the Board of Directors, for at least two (2) successive annual terms;

provided, further, that in the event the Board of Directors resolves to reduce the size of the Board of Directors effective on or prior to the date of the annual general meeting, the Permitted Number shall be calculated based on the number of directors in office as so reduced. An Eligible Shareholder submitting more than one Shareholder Nominee for inclusion in the Company's proxy statement pursuant to this paragraph (C) of this Bye-Law 10(3) shall rank such Shareholder Nominees based on the order that the Eligible Shareholder desires such Shareholder Nominees to be selected for inclusion in the Company's proxy statement and include such specified rank in its Proxy Access Notice. If the number of Shareholder Nominees pursuant to this paragraph (C) of this Bye-Law 10(3) for an annual general meeting of Shareholders exceeds the Permitted Number, then the highest ranking qualifying Shareholder Nominee from each Eligible Shareholder will be selected by the Company for inclusion in the proxy statement until the Permitted Number is reached, going in order of the amount (largest to smallest) of the ownership position as disclosed in each Eligible Shareholder's Proxy Access Notice. If the Permitted Number is not reached after the highest ranking Shareholder Nominee from each Eligible Shareholder has been selected, this selection process will continue as many times as necessary, following the same order each time, until the Permitted Number is reached.

Notwithstanding anything to the contrary contained in this Bye-Law 10(3), the Company shall not be required to include any Shareholder Nominees in its proxy materials pursuant to this Bye-Law 10(3) for any meeting of Shareholders for which the Secretary of the Company receives notice (whether or not subsequently withdrawn) that a Shareholder intends to nominate one or more persons for election to the Board of Directors pursuant to the advance notice requirements for Shareholder nominees set forth in Bye-Law 10(1).

(D) An Eligible Shareholder is one or more Shareholders of record who own and have owned, or are acting on behalf of one or more beneficial owners who own and have owned, in each case continuously for at least three (3) years as of both the date that the Proxy Access Notice is received by the Company pursuant to this Bye-Law 10(3), and as of the record date for determining Shareholders eligible to vote at the annual general meeting, at least three percent (3%) of the aggregate voting power of the Voting Stock (the Proxy Access Request Required Shares), and who continue to own the Proxy Access Request Required Shares at all times between the date such Proxy Access Notice is received by the Company and the date of the applicable annual general meeting, provided that the aggregate number of Shareholders (and, if and to the extent that a Shareholder is acting on behalf of one or more beneficial owners, of such beneficial owners) whose stock ownership is counted for the purpose of satisfying the foregoing ownership requirement shall not exceed twenty (20).

Two or more collective investment funds that are (I) part of the same family of funds or sponsored by the same adviser or (II) a group of investment companies as such term is defined in Section 12(d)(1)(G)(ii) of the Investment Company Act of 1940 (a Qualifying Fund) shall be treated as one Shareholder for the purpose of determining the aggregate number of Shareholders in this paragraph (D). For the avoidance of doubt, each fund included within a Qualifying Fund must meet the requirements set forth in this Bye-Law 10(3), including by providing the required information and materials.

No share may be attributed to more than one group constituting an Eligible Shareholder under this Bye-Law 10(3). For the avoidance of doubt, no Shareholder may be a member of more than one group constituting an Eligible Shareholder.

A record holder acting on behalf of one or more beneficial owners will not be counted separately as a Shareholder with respect to the shares owned by such beneficial owner(s). Each such beneficial owner will be counted separately as a Shareholder with respect to the shares owned by such beneficial owner, subject to the other provisions of this paragraph (D).

For the avoidance of doubt, Proxy Access Request Required Shares will qualify as such only if the beneficial owner of such shares as of the date of the Proxy Access Notice has individually beneficially owned such shares continuously for the three-year (3 year) period ending on that date and through the other applicable dates referred to above (in addition to the other applicable requirements being met).

(E) On the date on which an Eligible Shareholder delivers a nomination pursuant to this Bye-Law 10(3), such Eligible Shareholder (including each Constituent Holder) must provide the following information in writing to the Secretary of the Company with respect to such Eligible Shareholder (and each Constituent Holder):

- (1) the name and address of, and number of shares of Voting Stock owned by, such person;
- (2) one or more written statements from the record holder of the shares (and from each intermediary through which the shares are or have been held during the requisite three-year (3 year) holding period) verifying that, as of a date within seven (7) calendar days prior to the date the Proxy Access Notice is delivered to the Company, such person owns, and has owned continuously for the preceding three (3) years, the Proxy Access Request Required Shares, and such person's agreement to provide:
 - (a) within ten (10) days after the record date for the annual general meeting, written statements from the record holder and intermediaries verifying such person's continuous ownership of the Proxy Access Request Required Shares through the record date, together with any additional information reasonably requested by the Company to verify such person's ownership of the Proxy Access Request Required Shares; and
 - (b) immediate notice to the Company if the Eligible Shareholder ceases to own any of the Proxy Access Request Required Shares prior to the date of the applicable annual general meeting of Shareholders;
- (3) the information that would be required to be submitted pursuant to paragraph (1)(d) of Bye-Law 10 for Director nominations;

if the Eligible Shareholder (including any Constituent Holder), or any affiliate or associate thereof or person acting in concert therewith, were the registrant for purposes of such rule and the Shareholder Nominee or any affiliate or associate thereof or person acting in concert therewith were a director or executive officer of such registrant;

(5) a representation that the Eligible Shareholder (and each Constituent Holder):

(a) acquired the Proxy Access Request Required Shares in the ordinary course of business and not with the intent to change or influence control of the Company, and does not presently have any such intent;

(b) has not nominated and will not nominate for election to the Board of Directors at the annual general meeting any person other than the Shareholder Nominees being nominated pursuant to this Bye-Law 10(3);

(c) has not engaged and will not engage in, and has not and will not be a participant in another person's solicitation within the meaning of Rule 14a-1(l) under the Exchange Act in support of the election of any individual as a director at the annual general meeting other than its Shareholder Nominees or a nominee of the Board of Directors;

- (e) will provide facts, statements and other information in all communications with the Company and its Shareholders that are and will be true and correct in all material respects and do not and will not omit to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading, and will otherwise comply with all applicable laws, rules and regulations in connection with any actions taken pursuant to this Bye-Law 10(3) (and the other provisions of this Bye-Law 10 to the extent related to this Bye-Law 10(3));
- (6) in the case of a nomination by a group of Shareholders that together is such an Eligible Shareholder, the designation by all group members of one group member that is authorized to act on behalf of all members of the nominating Shareholder group with respect to the nomination and matters related thereto, including withdrawal of the nomination; and
- (7) an undertaking that the Eligible Shareholder (and each Constituent Holder) agrees to:
 - (a) assume all liability stemming from, and indemnify and hold harmless the Company and each of its directors, officers, and employees individually against any liability, loss or damages in connection with any threatened or pending action, suit or proceeding, whether legal, administrative or investigative, against the Company or any of its directors, officers or employees arising out of any legal or regulatory violation arising out of the communications of the Eligible Shareholder (and any Constituent Holder) with the Shareholders of the Company or out of the information that the Eligible Shareholder (and any Constituent Holder) provided to the Company in connection with the nomination of the Shareholder Nominee(s) or efforts to elect the Shareholder Nominee(s); and
 - (b) file with the Securities and Exchange Commission any solicitation by the Eligible Shareholder of Shareholders of the Company relating to the annual general meeting at which the Shareholder Nominee will be nominated.

In addition, on the date on which an Eligible Shareholder delivers a nomination pursuant to this Bye-Law 10(3), any Qualifying Fund whose stock ownership is counted for purposes of qualifying as an Eligible Shareholder must provide to the Secretary of the Company documentation reasonably satisfactory to the Board of Directors that demonstrates that the funds included within the Qualifying Fund satisfy the definition thereof.

In order to be considered timely, all information required by this paragraph (E) to be provided to the Company must be supplemented, by delivery to the Secretary of the Company, to disclose such information (1) as of the record date for the applicable annual general meeting and (2) as of the date that is no earlier than ten (10) days prior to such annual general meeting. Any supplemental information delivered pursuant to clause (1) of the preceding sentence must be delivered to the Secretary of the Company no later than ten (10) days following the record date for the applicable annual general meeting, and any supplemental information delivered pursuant to clause (2) of the preceding sentence must be delivered to the Secretary of the Company no later than the fifth day before the applicable annual general meeting. For the avoidance of doubt, the requirement to update and supplement such

information shall not permit any Eligible Shareholder (or any Constituent Holder) or other person to change or add any proposed Shareholder Nominee or be deemed to cure any defects or limit the remedies (including without limitation under these Bye-Laws) available to the Company relating to any defect.

(F) The Eligible Shareholder may provide to the Secretary of the Company, at the time the information required by this Bye-Law 10(3) is originally provided, a written statement for inclusion in the Company's proxy statement for the annual general meeting, not to exceed five hundred (500) words, in support of the candidacy of each such Eligible Shareholder's Shareholder Nominee (the Statement). Notwithstanding anything to the contrary contained in this Bye-Law 10(3), the Company may omit from its proxy materials any information or Statement that it, in good faith, believes is materially false or misleading, omits to state any material fact, or would violate any applicable law or regulation.

(G) On the date on which an Eligible Shareholder delivers a nomination pursuant to this Bye-Law 10(3), each Shareholder Nominee must:

(2) The demand for a poll may, before the poll is taken, be withdrawn but only with the consent of the chairman and a demand so withdrawn shall not be taken to have invalidated the result of a show of hands or count of votes received as electronic records declared before the demand was made. If the demand for a poll is withdrawn, the chairman or any other Shareholder entitled may demand a poll.

(3) Unless a poll is so demanded and the demand is not withdrawn, a declaration by the chairman that a resolution has, on a show of hands or count of votes received as electronic records, been carried or carried unanimously or by a particular majority or not carried by a particular majority or lost shall be final and conclusive, and an entry to that effect in the minute book of the Company shall be conclusive evidence of the fact without proof of the number or proportion of votes recorded for or against such resolution.

(5) A poll demanded on a question of adjournment shall be taken forthwith. A poll demanded on any other question shall be taken in such manner consistent with the Act as the chairman shall direct.

(6) The demand for a poll shall not prevent the continuance of a meeting for the transaction of any business other than the question on which the poll has been demanded and it may be withdrawn at any time before the close of the meeting or the taking of the poll, whichever is the earlier.

Each inspector, before entering upon the discharge of his or her duties, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of his or her ability. In connection with the applicable poll, the inspectors shall ascertain the number of shares outstanding and the voting power of each, determine the shares represented at the meeting and the validity of proxies and ballots, count all votes and ballots, determine and retain for a reasonable period a record of the disposition of any challenges made to any determination by the inspectors and certify their determination of the number of shares represented at the meeting and their count of all votes and ballots. The inspectors may appoint or retain other persons to assist them in the performance of their duties. The date and time of the opening and closing of the polls during the meeting for each matter upon which the Shareholders will vote by poll at a meeting shall be announced at the meeting. No ballot, proxy or vote, nor any revocation thereof or change thereto, shall be accepted by the inspectors after the closing of the polls. In determining the validity and counting of proxies and ballots, the inspectors shall be limited to an examination of (i) the proxies, any envelopes submitted therewith, any information provided by a Shareholder who submits a proxy by telegram, cablegram or other electronic transmission from which it can be determined that the proxy was authorized by the Shareholder and (ii) the ballots and (iii) the regular books and records of the Company

In addition, the inspectors may also consider other reliable information for the limited purpose of reconciling proxies and ballots submitted by or on behalf of banks, brokers, their nominees or similar Persons which represent more votes than the holder of a proxy is authorized by the record owner to cast or more votes than the Shareholder holds of record. If the inspectors consider such other reliable information for such purpose, they shall, at the time they make their certification, specify the precise information considered by them, including the Person or Persons from whom they obtained the information, when the information was obtained, the means by which the information was obtained and the basis for the inspectors' belief that such information is accurate and reliable.

The instrument of proxy shall be deemed to confer authority to vote on any amendment of a resolution put to the meeting for which it is given as the proxy thinks fit. The instrument of proxy shall, unless the contrary is stated therein, be valid as well for any adjournment of the meeting as for the meeting to which it relates.

(6) A vote given in accordance with the terms of an instrument of proxy shall be valid notwithstanding the death or unsoundness of mind of the principal subsequent to giving the proxy but before the vote or revocation of the instrument of proxy or of the authority under which it was executed.

(b) as regards capital: on a return of assets on liquidation, reduction of capital or otherwise, the holders of the Common Shares shall be entitled to be paid the surplus assets of the Company remaining after payment of its liabilities (subject to the rights of holders of any ~~preferred~~**preference** shares in the Company then in issue having preferred rights on the return of capital) in respect of their holdings of Common Shares *pari passu* and *pro rata* to the number of Common Shares held by each of them;

- (a) each Undesignated Share shall have attached to it such preferred, qualified or other special rights, privileges and conditions and be subject to such restrictions, whether in regard to dividend, return of capital, redemption, conversion into Common Shares or voting or otherwise, as the Board may determine on or before its allotment;
- (b) the Board may allot the Undesignated Shares in more than one series and, if it does so, may name and designate each series in such manner as it deems appropriate to reflect the particular rights and restrictions attached to that series, which may differ in all or any respects from any other series of Undesignated Shares;
- (c) the particular rights and restrictions attached to any Undesignated Shares shall be recorded in a resolution of the Board. The Board may at any time before the allotment of any Undesignated Share by further resolution in any way amend such rights and restrictions or vary or revoke its designation. A copy of any such resolution or amending resolution for the time being in force shall be annexed as an appendix to (but shall not form part of) these Bye-Laws; and
- (d) the Board shall not attach to any Undesignated Share any rights or restrictions which would alter or abrogate any of the special rights attached to any other class of series of shares for the time being in issue without such sanction as is required for any alteration or abrogation of such rights, unless expressly authorised to do so by the rights attaching to or by the terms of issue of such other class or series.

(3) **Preference shares.** Without limiting the foregoing and subject to the Act, the Company may issue preference shares (Preference Shares) without any prior Shareholder approval which:

- (a) are liable to be redeemed on the happening of a specified event or events or on a given date or dates and/or;
- (b) are liable to be redeemed at the option of the Company and/or, if authorised by the Memorandum of Association of the Company, at the option of the holder.

The terms and manner of the redemption of any redeemable shares created pursuant to this Bye-Law 44(3) shall be as the Board may by resolution determine. The terms of any redeemable preference shares may provide for the whole or any part of the amount due on redemption to be paid or satisfied otherwise than in cash, to the extent permitted by the Act.

In addition, subject to any special rights conferred on the holders of any share or class of shares, any Preference Shares may be issued with or have attached thereto such preferred, deferred, qualified or other special rights or such restrictions, whether in regard to dividend, voting, return of capital or otherwise, as the Board may determine pursuant to Bye-Law 44(2).

(4) The Board may, at its discretion and without the sanction of a resolution of the Shareholders, authorise the purchase or acquisition by the Company of its own shares, of any class, at any price (whether at par or above or below par), and any shares to be so purchased or acquired may be selected in any manner whatsoever, upon such terms as the Board may in its discretion determine, provided always that such purchase or acquisition is effected in accordance with the provisions of the Act. The whole or any part of the amount payable on any such purchase may be paid or

satisfied otherwise than in cash, to the extent permitted by the Act. Any shares acquired may be held as treasury shares in accordance with and subject to the Act.

45. Modification of rights

(1) Subject to the Act, all or any of the special rights attached to any class of **(i) common** shares issued may from time to time (whether or not the Company is being wound up) be altered or abrogated with the consent in writing of the holders of not less than ~~three-quarters~~ **a majority** of the issued shares of that class or with the sanction of a resolution passed **with the approval of a majority of the votes cast by the holders of not less than three-quarters** of the issued shares of that class at a separate general meeting of the holders of such shares voting in person or by proxy **and (ii) preference shares issued may from time to time (whether or not the Company is being wound up) be altered or abrogated with the consent in writing of the holders of not less than two-thirds of the issued shares of that class or with the sanction of a resolution passed with the approval of two-thirds of the issued shares of that class outstanding at a separate general meeting of the holders of such shares voting in person or by proxy (or, in either case, such lower threshold as may be set forth in the instrument defining the rights of the applicable class of preference shares).** To any such separate general meeting, all the provisions of these Bye-Laws as to general meetings of the Company shall *mutatis mutandis* apply, but so that the necessary quorum shall be two (2) or more persons holding or representing by proxy at least ~~three-quarters~~ **a majority** of the **issued** shares of the relevant class, that every holder of shares of the relevant class shall be entitled on a poll to one vote for every such share held by him and that any holder of

shares of the relevant class present in person or by proxy may demand a poll; provided, however, that if the Company or a class of Shareholders shall have only one Shareholder, such one Shareholder present in person or by proxy shall constitute the necessary quorum.

(2) For the purposes of this Bye-Law, unless otherwise expressly provided by the rights attached to any shares or class of shares, those rights attaching to any class of shares for the time being shall not be deemed to be altered by:

(1) Subject to the provisions of these Bye-Laws, the unissued shares of the Company (whether forming part of the original capital or any increased capital) shall be at the disposal of the Board, which may offer, allot, grant options over or otherwise dispose of them to such Persons, at such times and for such consideration and upon such terms and conditions as the Board may determine.

(2) Subject to the provisions of these Bye-Laws, any shares of the Company held by the Company as treasury shares shall be at the disposal of the Board, which may hold all or any of the shares, dispose of or transfer all or any of the shares for cash or other consideration, or cancel all or any of the shares.

(3) The Board may in connection with the issue of any shares exercise all powers of paying commission and brokerage conferred or permitted by law. Subject to the provisions of the Act, any such commission or brokerage may be satisfied by the payment of cash or by the allotment of fully or partly paid shares or partly in one way and partly in the other.

(4) Shares may be issued in fractional denominations and in such event the Company shall deal with such fractions to the same extent as its whole shares, so that a share in a fractional denomination shall have, in proportion to the fraction of a whole share that it represents, all the rights of a whole share, including (but without limiting the generality of the foregoing) the right to vote, to receive dividends and distributions and to participate in a winding-up.

47. Registered holder of shares

(1) The Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and, accordingly, shall not be bound to recognize any equitable or other claim to, or interest in, such share on the part of any other Person.

(2) Any dividend, interest or other moneys payable in cash in respect of shares may be paid by check or draft sent through the post directed to the Shareholder at such Shareholder's address as recorded in the Register of Shareholders or, in the case of joint holders, to such address of the holder first named in the Register of Shareholders, or (subject to applicable law) to such Person and to such address as such holder or joint holders may in writing direct. If two or more Persons are registered as joint holders of any shares, anyone can give an effectual receipt for any dividend paid in respect of such shares.

48. Death of a joint holder

Where two or more Persons are registered as joint holders of a share or shares then, in the event of the death of any joint holder or holders, the remaining joint holder or holders shall be absolutely entitled to such share or shares and the Company shall recognize no claim in respect of the estate of any joint holder except in the case of the last survivor of such joint holders.

49. Share certificates

(1) Every Shareholder shall be entitled to a certificate under the seal of the Company (or a facsimile thereof) specifying the number and, where appropriate, the class or series of shares held by such Shareholder and whether the same are fully paid up and, if not, how much has been paid thereon. The Company may determine, either generally or in a particular case, that any or all signatures on certificates may be printed thereon or affixed by mechanical means. Notwithstanding Bye-Law 76, the Company may determine that a share certificate need not be signed on behalf of the Company or that the seal of the Company need not be attested.

(2) The Company shall be under no obligation to complete and deliver a share certificate unless specifically called upon to do so by the Person to whom such shares have been allotted.

(3) If any such certificate shall be proved to the satisfaction of the Company to have been worn out, lost, mislaid or destroyed, the Company may cause a new certificate to be issued and request an indemnity for the lost certificate if it sees fit.

50. Calls on shares

- (1) The Board may from time to time make such calls as it thinks fit upon the Shareholders in respect of any monies unpaid on the shares allotted to or held by such Shareholders and, if a call is not paid on or before the day appointed for payment thereof, the Shareholder may, at the discretion of the Board, be liable to pay the Company interest on the amount of such call at such rate as the Board may determine, from the date when such call was payable up to the actual date of payment. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
- (2) The Board may, on the issue of shares, differentiate between the holders as to the amount of calls to be paid and the times of payment of such calls.
- (3) Any sum that, by the terms of allotment of a share, becomes payable upon issue or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall for all of the purposes of these Bye-Laws be deemed to be a call duly made and payable, on the date on which, by the terms of issue, the same becomes payable and, in case of non-payment, all of the relevant provisions of these Bye-Laws as to payment of interest, costs, charges and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
- (4) The Company may accept from any Shareholder the whole or a part of the amount remaining unpaid on any shares held by him, although no part of that amount has been called up.

51. Forfeiture of shares

- (1) If any Shareholder fails to pay, on the day appointed for payment thereof, any call in respect of any share allotted to or held by such Shareholder, the Board may, at any time thereafter during such time as the call remains unpaid, direct the Secretary to forward to such Shareholder a notice in the form (or as near thereto as circumstances admit) set forth in Schedule A hereto.
- (2) If the requirements of such notice are not complied with, any such share may at any time thereafter before the payment of such call and the interest due in respect thereof be forfeited by a resolution of the Board to that effect, and such share shall thereupon become the property of the Company and may be disposed of as the Board shall determine.
- (3) A Shareholder whose share or shares have been forfeited as aforesaid shall, notwithstanding such forfeiture, be liable to pay to the Company all calls owing on such share or shares at the time of the forfeiture and all interest due thereon.
- (4) The Board may accept the surrender of any shares that it is in a position to forfeit on such terms and conditions as may be agreed. Subject to those terms and conditions, a surrendered share shall be treated as if it has been forfeited.

55. Inspection of Register of Shareholders

The Register of Shareholders shall be open to inspection at the registered office of the Company on every Business Day, subject to such reasonable restrictions as the Company may impose, so that not less than two hours in each Business Day be allowed for inspection. The Register of Shareholders may, after notice has been given by advertisement in an appointed newspaper to that effect, be closed for any time or times not exceeding in the whole thirty days in each year.

56. Determination of record dates

Such instrument of transfer shall be signed by or on behalf of the transferor and transferee, provided that, in the case of a fully paid share, the Company may accept the instrument signed by or on behalf of the transferor alone. The transferor shall be deemed to remain the holder of such share until the same has been transferred to the transferee in the Register of Shareholders.

(2) The Company may refuse to recognize any instrument of transfer unless it is accompanied by the certificate in respect of the shares to which it relates and by such other evidence as the Company may reasonably require to show the right of the transferor to make the transfer.

Table of Contents

58. Restrictions on transfer

- (1) Unless otherwise required by any applicable requirements of the New York Stock Exchange (or any other applicable stock exchange), the Company (i) may decline to approve or to register any transfer of any share if a written opinion from counsel acceptable to the Company shall not have been obtained to the effect that registration of such shares under the U.S. Securities Act of 1933, as amended, is not required and (ii) shall decline to approve or to register any transfer of any share if the transferee shall not have been approved by applicable governmental authorities if such approval is required or if not in compliance with applicable consent, authorization or permission of any governmental body or agency in Bermuda.
- (2) If the Company refuses to register a transfer of any share, the Secretary shall send, or procure that there shall be sent, within one month after the date on which the transfer was lodged with the Company, to the transferor and transferee notice of the refusal.
- (3) The registration of transfers may be suspended at such times and for such periods as the Company may from time to time determine, provided always that such registration shall not be suspended for more than 45 days in any year.

In the case of the death of a Shareholder, the survivor or survivors where the deceased Shareholder was a joint holder, and the legal personal representatives of the deceased Shareholder where the deceased Shareholder was a sole holder, shall be the only persons recognized by the Company as having any title to the deceased Shareholder's interest in the shares. Nothing herein contained shall release the estate of a deceased joint holder from any liability in respect of any share that had been jointly held by such deceased Shareholder with other persons. Subject to the provisions of the Act, for the purpose of this Bye-Law 59, legal personal representative means the executor or administrator of a deceased Shareholder or such other Person as the Company may decide as being properly authorized to deal with the shares of a deceased Shareholder.

60. Registration on death or bankruptcy

On the presentation thereof to the Company, accompanied by such evidence as the Company may require to prove the title of the transferor, the transferee shall be registered as a Shareholder, provided that the Company shall, in either case, have the same right to decline or suspend registration as it would have had in the case of a transfer of the

share by such Shareholder before such Shareholder's death or bankruptcy, as the case may be.

(1) The Board may, subject to these Bye-Laws and in accordance with the Act, declare a dividend to be paid to the Shareholders in proportion to the number of shares held by them, and such dividend may be paid in cash or wholly or partly in specie in which case the Board may fix the value for distribution in specie of any assets. (2) The Board may from time to time resolve to capitalise all or any part of any amount for the time being standing to the credit of any reserve or fund which is available for distribution or to the credit of any share premium account and accordingly that such amount be set free for distribution amongst the Shareholders or any class of Shareholders who would be entitled thereto if distributed by way of dividend and in the same proportions, on the footing that the same be not paid in cash but be applied either in or towards paying up amounts for the time being unpaid on any shares in the Company held by such Shareholders respectively or in payment up in full of unissued shares, debentures or other obligations of the Company, to be allotted and distributed credited as fully paid amongst such Shareholders, or partly in one way and partly in the other, provided that for the purpose of this Bye-Law 65, a share premium account may be applied only in paying up of unissued shares to be issued to such Shareholders credited as fully paid. Where any difficulty arises in regard to any distribution under this Bye-Law 65, the Board may settle the same as it thinks expedient and, in particular, may authorise any Person to sell and transfer any fractions or may resolve that the distribution should be as nearly as may be practicable in the correct proportion but not exactly so or may ignore fractions altogether, and may determine that cash payments should be made to any Shareholders in order to adjust the rights of all parties, as may seem expedient to the Board. The Board may appoint any person to sign on behalf of the Persons entitled to participate in the distribution any contract necessary or desirable for giving effect thereto and such appointment shall be effective and binding upon the Shareholders.

74. Service and delivery of notice

Any notice shall be deemed to have been served at the time when the same would be delivered in the ordinary course of transmission (which shall be deemed to be two calendar days from deposit in the case of mail) and, in proving such service, it shall be sufficient to prove that the notice was properly addressed and prepaid, if mailed, and the time when it was mailed, delivered to the courier or transmitted by facsimile, email, or such other method, as the case may be.
