PROXY STATEMENT

GENERAL INFORMATION

This proxy statement is furnished to stockholders of A. O. Smith Corporation (Company) in connection with the solicitation by its Board of Directors of proxies for use at the annual meeting of stockholders of the Company to be held on April 5, 2004, at 10:30 A.M., Eastern Time, at the Hotel du Pont, 11th and Market Streets, Wilmington, Delaware.

The record date for stockholders entitled to notice of and to vote at the meeting is the close of business on February 25, 2004 (the Record Date). As of the Record Date, the Company had issued 8,530,383 shares of Class A Common Stock, par value \$5 per share, 8,497,788 shares of which were outstanding and entitled to one vote each for Class A Common Stock directors and other matters. As of the Record Date, the Company had issued 24,018,979 shares of Common Stock, par value \$1 per share, 20,881,100 shares of which were outstanding and entitled to one vote each for Common Stock directors and one-tenth (1/10th) vote each for other matters.

The Notice of 2004 Annual Meeting of Stockholders, this proxy statement, form of proxy card and the Company s 2003 Annual Report are being mailed on or about March 3, 2004, to each stockholder of the Company at the holder s address of record.

Under the Company s Restated Certificate of Incorporation, as long as the number of outstanding shares of Common Stock is at least 10% of the aggregate number of outstanding shares of Class A Common Stock, the holders of the Class A Common Stock and holders of the Common Stock vote as separate classes in the election of directors. The holders of the Common Stock are entitled to elect, as a class, 25% of the entire Board of Directors of the Company, and the holders of Class A Common Stock are entitled to elect the remainder of the Board. Stockholders are entitled to one vote per share in the election of directors for their class of stock.

A majority of the outstanding shares entitled to vote must be represented in person or by proxy at the meeting in order to constitute a quorum for purposes of holding the annual meeting. The voting by stockholders at the meeting is conducted by the inspectors of election. Abstentions and broker nonvotes are counted as present in determining whether the quorum requirement is met.

Edgar Filing: SMITH A O CORP - Form DEF 14A

Directors are elected by a plurality of the votes cast, by proxy or in person, with the holders voting as separate classes. A plurality of votes means that the nominees who receive the greatest number of votes cast are elected as directors. Consequently, any shares that are not voted, whether by abstention, broker nonvotes or otherwise, will have no effect on the election of directors.

For all other matters considered at the meeting, both classes of stock vote together as a single class, with the Class A Common Stock entitled to one vote per share and the Common Stock entitled to one-tenth (1/10th) vote per share. Each such other matter is approved if a majority of the votes present or represented at the meeting are cast in favor of the matter. On such other matters, an abstention will have the same effect as a no vote but, because shares held by brokers will not be considered entitled to vote on matters as to which the brokers withhold authority, a broker nonvote will have no effect on the vote.

Table of Contents

The enclosed proxy is solicited by and on behalf of the Board of Directors of the Company. A proxy may be revoked by the person giving it at any time before the exercise thereof by delivering written notice of revocation or a duly executed proxy bearing a later date to the Secretary of the Company or by attending the meeting and voting in person. All valid proxies not revoked will be voted unless marked to abstain. Where a choice is specified on a proxy, the shares represented by such proxy will be voted in accordance with the specification made. If no instruction is indicated, then the shares will be voted FOR proposals (1) through (3) set forth in the accompanying notice.

The cost of soliciting proxies, including preparing, assembling and mailing the notice of meeting, proxy statement, form of proxy and other soliciting materials, as well as the cost of forwarding such material to the beneficial owners of stock, will be paid by the Company. In addition to solicitation by mail, directors, officers, regular employees of the Company and others may also, but without compensation other than their regular compensation, solicit proxies personally or by telephone or other means of electronic communication. The Company may reimburse brokers and others holding stock in their names or in the names of nominees for their reasonable out-of-pocket expenses in sending proxy material to principals and beneficial owners.

Pursuant to the rules of the Securities and Exchange Commission, services that deliver the Company's communications to stockholders that hold their stock through a bank, broker or other holder of record may deliver to multiple stockholders sharing the same address a single copy of the Company's 2003 Annual Report and this proxy statement. Upon written or oral request, the Company will promptly deliver a separate copy of the Company's 2003 Annual Report and/or this proxy statement to any stockholder at a shared address to which a single copy of each document was delivered. Stockholders may notify the Company of their requests by calling or writing Craig Watson, Director of Investor Relations, A. O. Smith Corporation, P.O. Box 245008, Milwaukee, Wisconsin 53224-9508; (414) 359-4009.

GOVERNANCE OF THE COMPANY

The Board of Directors

The business of the Company is managed under the direction of the Board of Directors, who are elected by the stockholders. Directors meet their responsibilities by participating in meetings of the Board of Directors and Board committees on which they sit, through communication with our Chairman and Chief Executive Officer and other officers and employees, by consulting with independent auditors and other third parties, by reviewing materials provided to them, and by visiting our offices and plants. During 2003, the Board held five regular meetings and two special meetings. The Committees of the Board of Directors held a total of 24 meetings. All directors attended at least 75% of the scheduled Board and Committee meetings.

The Company is committed to a Board in which a majority of its members consist of independent directors, as defined under the New York Stock Exchange (NYSE) Rules. The Board has reviewed the independence of its members, applying the NYSE Rules and considering any other commercial, legal, accounting and familial relationships between the directors and the Company. The Board has determined that Ms. Hempel and

Table of Contents

Messrs. Brown, Buehler, Martin, Wulf and Mark D. Smith meet the NYSE independence requirements. Mr. O Toole is considered a management director by virtue of his position as an executive officer of the Company. With respect to Mr. Bruce M. Smith, the Board determined that he is a non-management director but not independent due to his executive officer position with SICO, the Company's largest stockholder with a controlling interest in the Company. The Board has elected to exercise the Controlled Company exemption under the NYSE Rules with respect to Mr. Bruce Smith's participation on the Personnel and Compensation Committee. In this regard, the Board determined that Mr. Bruce Smith uniquely represents the best interests of stockholders by virtue of his position with SICO and should continue to serve on this Committee. The Board has not elected to exercise this exemption in any other respect.

The Board recognizes that the NYSE Rules require financial literacy of Audit Committee members only. Notwithstanding, as a best practice, the Board has reviewed the qualifications and experience of its members and determined that each director is financially literate within the meaning of the NYSE Rules.

The non-management directors of the Board are scheduled to meet in executive session without management present at least twice per year, with the objective of holding such sessions in conjunction with each regular meeting of the Board. They may also meet at such other times as the members shall deem appropriate. The presiding director at these meetings rotates among the Chairpersons of the following committees in this order: Nominating and Governance Committee, Personnel and Compensation Committee and Audit Committee.

Stockholders wishing to communicate with the presiding director may send correspondence to the Presiding Director, c/o W. David Romoser, Corporate Secretary, A. O. Smith Corporation, 11270 West Park Place, P.O. Box 245009, Milwaukee, Wisconsin 53224-9509. Further, stockholders wishing to communicate with individual directors may follow the same procedure. All correspondence should be in a sealed envelope marked Confidential and will be forwarded unopened to the presiding director or other director, as appropriate.

Board Committees

The Board of Directors has delegated some of its authority to committees of the Board. There are four standing committees: the Audit Committee, the Personnel and Compensation Committee, the Investment Policy Committee, and the Nominating and Governance Committee.

The Audit Committee consists of three members who meet the independence and financial literacy requirements of the NYSE and the Securities and Exchange Commission (SEC). The Audit Committee's duties include appointing the firm that will act as independent auditors for the Company, subject to ratification by the Board and its stockholders. In addition, the Audit Committee is responsible for reviewing the audit procedures and internal controls of the Company. The Audit Committee's duties and responsibilities are set forth in its Charter, which has been approved by the Board of Directors. It is attached to this proxy as Exhibit A and is available on the Company's website. The Board of Directors has determined that both Ms. Hempel and Mr. Wulf qualify as audit committee financial experts as defined by the SEC. The Audit Committee met four times during 2003 and additionally held eight telephonic meetings. The Report of the Audit Committee is included as part of this proxy.

The Personnel and Compensation Committee is responsible for establishing and administering the Company's compensation and benefit plans for officers, executives and management employees, including the determination of eligibility for participation in such plans. It determines the compensation to be paid to officers and certain other selected executives, and evaluates the performance of the chairman and chief executive officer in light of established goals and objectives. The Personnel and Compensation Committee's duties and responsibilities are set forth in its Charter, which has been approved by the Board and is available on the Company's website. The Committee consists of three non-employee outside directors. The Committee held three regular meetings and three special meetings during 2003. The Personnel and Compensation Committee Report is included as part of this proxy.

The Investment Policy Committee is responsible for investment policy and certain other matters for all Company retirement funds and other employee benefit funds. The Committee consists of two members. The Investment Policy Committee held four meetings during 2003.

Table of Contents

The Nominating and Governance Committee assists the Board in identifying qualified candidates for election as Board members, and establishes and periodically reviews criteria for selection of directors. Further, the Committee provides direction to the Board as to the independence, financial literacy and financial expertise of directors, and the composition of the Board and its committees. As part of its responsibilities, the Committee also oversees the process to assess Board and committee effectiveness, implements corporate governance guidelines and advises the Board on corporate governance matters. The responsibilities and duties of the Nominating and Governance Committee are set forth in its Charter, which has been approved by the Board and is available on the Company's website. The Committee consists of two members, both of whom are independent under the NYSE rules. The Nominating and Governance Committee was formed in April, 2003 and, since its formation, met twice in 2003. The Report of the Nominating and Governance Committee is included as part of this proxy.

The Nominating and Governance Committee will consider candidates recommended by stockholders, directors, officers, third-party search firms and other sources for nomination as a director. The Committee considers the needs of the Board and evaluates each director candidate in light of, among other things, the candidate's qualifications. All candidates' qualifications are identified in the Corporate Governance Guidelines and the Criteria for Selecting Board of Director Candidates, both of which can be found on the Company's website by clicking on Corporate Governance and then on the specific document. To summarize, all stockholder recommended candidates should be independent and possess substantial and significant experience which would be of value to the Company in the performance of the duties of a director. Recommended candidates must be of the highest character and integrity, free of any conflicts of interest, have an inquiring mind and vision, and possess the ability to work collaboratively with others. Each candidate must have the time available to devote to Board activities and be of an age that, if elected, the candidate could serve on the Board for at least five years before reaching the mandatory retirement age. Finally, the Company believes it appropriate for certain key members of the Company's management to participate as members of the Board, while recognizing that a majority of independent directors must be maintained at all times. All candidates will be reviewed in the same manner, regardless of the source of the recommendation.

A stockholder recommendation of a director candidate must be received no later than the date for submission of stockholder proposals. Please see the section of this proxy entitled Date for Stockholder Proposals. The recommendation letter should be sent by mail to the Chairperson, Nominating and Governance Committee, c/o W. David Romoser, Corporate Secretary, A. O. Smith Corporation, 11270 West Park Place, P.O. Box 245009, Milwaukee, Wisconsin 53224-9509.

The recommendation letter must, at a minimum, provide the stockholder's name; address; the number and class of shares owned; the candidate's biographical information, including name, residential and business address, telephone number, age, education, accomplishments, employment history (including positions held and current position), and current and former directorships; and the stockholder's opinion as to whether the stockholder recommended candidate meets the definitions of independent and financially literate under the NYSE rules. In addition, the recommendation letter must provide the information that would be required to be disclosed in the solicitation of proxies for election of directors under federal securities laws. The stockholder must include the candidate's statement that he/she meets these requirements and those identified on the Company's website; is willing to promptly complete the Questionnaire required of all officers, directors and candidates for nomination to the Board; will provide such other information as the Committee may reasonably request; and consents to serve on the Board if elected.

Director Compensation

With respect to fiscal 2003, directors received an annual retainer, paid quarterly, in the amount of \$30,000 and the award of shares of Common Stock with a market value of \$15,000 on the date of its award. Directors also received \$1,200 for attendance at each Board meeting, plus expenses and received \$500 for each telephonic Board and Committee meeting. Each Audit, Personnel and Compensation, and Nominating and Governance Committee member received \$3,000, and the chairperson of each received \$4,000 annually; Committee members also received \$1,000 per meeting, plus expenses. Each Investment Policy Committee member received \$3,000, and the

Table of Contents

chairperson received \$4,000 annually; Committee members also received \$2,000 per meeting, plus expenses. Directors who are employees of the Company are not compensated for service as directors or Committee members or for attendance at Board or Committee meetings.

In 2003, the Board implemented a requirement that every new director participate in a detailed orientation at the Company's World Headquarters. This encompasses a review of business and financial operations, meetings with business executives and others, and an overview of the Company's commitment to corporate governance generally and specific policies and procedures. New directors are paid \$1,000 to compensate them for their time devoted to orientation matters.

Certain directors have elected to defer payment of their fees and receipt of Common Stock shares under the Corporate Directors' Deferred Compensation Plan (the Directors' Plan). The Directors' Plan allows directors to defer all or a portion (not less than 50%) of their fees until a later date, but not later than the year in which age 71 is attained. Payments can be made in a lump sum or in not more than ten annual installments.

- (1) The Pension Plan Table shows estimated aggregate annual benefits payable to an executive officer upon retirement under the A. O. Smith Retirement Plan and the A. O. Smith Corporation Executive Supplemental Pension Plan. The A. O. Smith Corporation Executive Supplemental Pension Plan is a nonqualified excess benefit and supplemental retirement plan intended to provide benefits that participants would receive under the A. O. Smith Retirement Plan if the A. O. Smith Retirement Plan were not subject to certain limitations that the Internal Revenue Code imposes on benefits payable under it and if the A. O. Smith Retirement Plan took into account 100%, rather than 50%, of bonus compensation. The calculations assume retirement at December 31, 2004, at age 65 and the final compensation and years of service set forth in the Table. Benefit amounts were computed on a straight-life annuity basis. Amounts payable to a participant as set forth in the Table are subject to offset in an amount that is based on the value of certain life insurance arrangements in effect for the participant and are not subject to any other offsets.
- (2) The compensation covered by the A. O. Smith Retirement Plan and the A. O. Smith Corporation Executive Supplemental Pension Plan is based on the average of the highest five years of annual compensation out of the last ten years prior to retirement. The amount included in the calculation of compensation, as reflected in the Summary Compensation Table, is Salary and Bonus; but it does not include Other Annual Compensation, Long-Term Compensation or All Other Compensation amounts.
- (3) Messrs. O Toole, Krueger, Romoser, Massa and Heinrich had 40, 3, 11, 26 and 11 years of service, respectively, at year-end.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The directors who served as members of the Personnel and Compensation Committee during fiscal year 2003 were Ronald D. Brown, William F. Buehler and Bruce M. Smith.

During 2003, the Company provided SICO consulting services; office space; directors', officers' and group insurance coverage and other miscellaneous services. The Company was reimbursed by SICO in the amount of \$82,330 for the Company's costs relating to such services.

PERSONNEL AND COMPENSATION COMMITTEE REPORT

The Personnel and Compensation Committee (the Committee) of the Board of Directors is responsible for discharging the Board's responsibilities relating to compensation of the Company's executives, establishing an executive compensation program, and administering the executive compensation policies and plans of the Company. The Committee also determines the amount of compensation that the Company's chief executive officer and other executive officers receive annually. It reviews the chief executive officer performance, oversees management succession planning, and reviews and makes recommendations to the Board of Directors with respect to the compensation of all directors. The Committee has a written Charter which details its purpose and responsibilities. This Charter can be accessed at the Company's website, www.aosmith.com.

The Committee consists of three members, each of whom is an outside non-management director of the Company. This report was prepared by the Committee to provide the Company's stockholders with a summary of its executive compensation policies and practices.

The Committee has two primary objectives relating to the Company's executive compensation program. The first is to recruit and retain high quality executive leadership which is committed to achieving the current and long-term successful and profitable operations of the Company's businesses. The other is to maintain an incentive compensation program which links executive pay to the stockholders' return on their investment in the Company.

In order to achieve these objectives, the Committee provides an executive compensation program competitive with other comparably sized manufacturing companies. The Committee believes that return on investment currently provides the best measure of performance because it closely correlates the benefits to the stockholders with the financial incentives for the executives. The Committee has established ranges for financial incentives based upon return on investment, with smaller incentive payments for a modest return on investment and larger incentive payments for greater returns.

The Company's executive compensation program consists of three components: base salary, short-term incentive (bonus) compensation and long-term incentive (stock options and restricted stock) compensation. In determining the executive compensation practices, the Committee compares the Company's executive compensation program with other companies' compensation programs for executives with similar management responsibilities. The companies surveyed include comparable manufacturing businesses. The Committee annually reviews executive compensation databases and biannually utilizes an independent compensation consultant for purposes of evaluating and reviewing the Company's executive compensation program.

Edgar Filing: SMITH A O CORP - Form DEF 14A

The Committee has designated certain executives, including the chief executive officer (CEO), for compensation under the executive compensation program in accordance with the performance criteria and standards described below.

Table of Contents

BASE SALARY

The Committee establishes competitive salary ranges for the executive officers, generally at the median level of the salary ranges in the survey referred to above. In addition, the Committee reviews each executive's performance and accomplishments during the prior year as well as experience and service with the Company in determining the annual base salary level for the executive within the applicable salary range. In 2003, this methodology was followed in establishing base salaries for the executive officers.

SHORT-TERM INCENTIVE COMPENSATION

Short-term incentive compensation is provided under the shareholder-approved A. O. Smith Combined Executive Incentive Compensation Plan (Plan). The Plan, consistent with the Company's philosophy of linking compensation to the Company's return on investment, provides an opportunity for executives to earn a cash bonus, the amount of which is based upon the Company's and/or the operating unit's return on investment. Each year the Committee sets minimum and maximum financial objectives for each of the business units and the corporation. Achievement of these financial objectives by the business or corporate units determines the amount of the Incentive Compensation Fund available for the award of individual executive bonuses.

Incentive compensation, while predicated on the executive's unit meeting its financial objective, is also based upon achievement of strategic objectives established each year for the executive. In determining the amount of the incentive compensation award to be paid to an individual executive, the Committee considers the executive's scope of responsibility, contributions to profit improvement and attainment of the individual's strategic objectives. Approximately half of the incentive compensation award distributed to the individual executive is based on the return on investment of the executive's business unit and is formula-based between maximum and minimum target achievement. The other half of the award is based upon accomplishment of the executive's strategic objectives, such as development of personnel, planning, maintenance of product leadership, continuous improvement programs and product and process research and development. In 2003, the Committee made incentive compensation awards to the participating executives based on these factors.

The maximum amount of incentive compensation payable to an executive during any year is 200% of base salary. In order to be eligible for incentive compensation, executives are required to enter into annual contracts (standard Plan contracts required for all Plan participants) which obligate them to remain in the employment of the Company for the year.

LONG-TERM INCENTIVE COMPENSATION

The Committee utilizes the shareholder-approved A. O. Smith Combined Executive Incentive Compensation Plan (Plan) in annually making grants of stock options and restricted stock which are awarded to the executives at the market price of the stock on the dates of the respective grants. The size of the grants to the executive are established at a level commensurate with the median level of grants for the executive's position as reported in the aforementioned survey data and a study by an independent compensation consultant. Pursuant to the Plan, executives enter into standard Plan contracts each year which reflect the specific terms of the stock option and the restricted stock grants and terms of forfeiture should the executive leave the employment of the Company.

CEO COMPENSATION

The Committee, in establishing the 2003 compensation program for the Chief Executive Officer, Robert J. O Toole, employed the methodology and surveys previously described in this report. In setting Mr. O Toole's base salary for 2003, the Committee reviewed his accomplishments during the prior year, experience, and service with the Company and determined to position it at the median level of salaries of chief executive officers of comparable manufacturing companies. Mr. O Toole's bonus compensation for 2003 was directly related to the return on investment earned by the Company and reflected Committee-set minimum and maximum objectives. The maximum amount of bonus compensation payable to Mr. O Toole is 200% of base salary. The Committee made stock option and restricted stock grants to Mr. O Toole under the Plan consistent with the methodology utilized in making grants to the other participating executives.

CONCLUDING REMARKS

The Committee reviewed executive compensation during 2003 and concluded that the stockholders' interests were well served by the executive compensation program. The Committee will continue to monitor and evaluate its executive compensation program and make any adjustments determined to be appropriate. The Committee has and intends to preserve the deductibility of executive compensation paid by the Company in accordance with the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended.

The Committee, in collaboration with the Chairman and Chief Executive Officer, was actively involved in the search for and recruitment of a President and Chief Operating Officer. As a result of its activity, the Board of Directors in December, 2003, on the recommendation of the Committee, elected Mr. Paul W. Jones to that office and he joined the Company on January 1, 2004.

REPORT OF THE AUDIT COMMITTEE

The primary responsibility of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board, to appoint the independent auditors, and to report the results of the Committee's activities to the Board. Management has the primary responsibility for the financial statements and reporting process, including the systems of internal control, and Ernst & Young LLP (the independent auditors) is responsible for auditing those financial statements. We have reviewed and discussed with management and the independent auditors the Company's audited financial statements as of and for the year ended December 31, 2003.

During 2003, the Audit Committee met four times. In addition, the Committee chair and other members of the Committee discussed the interim financial statements contained in SEC Forms 10-Q and in each quarterly earnings announcement with the chief financial officer, controller, and independent auditors prior to filing and public release.

We have discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants. We have met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

We have received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as amended, and have discussed with the auditors their independence. In addition, we have considered the compatibility of nonaudit services with the auditors' independence. Management is required to obtain our approval before engaging the independent auditors for nonaudit services. The Audit Committee has concluded the provision of the nonaudit services is compatible with maintaining the auditors' independence.

In reliance on the reviews and discussions referred to above, we recommended to the Board of Directors that the audited financial statements, referred to above, be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, filed with the Securities and Exchange Commission. The Committee appointed Ernst & Young LLP, as the Company's independent auditors for fiscal 2004 and approved its estimated fees for audit and audit related services.

Table of Contents

All Other Fees: None.

The Audit Committee has considered whether the fees of Ernst & Young LLP for nonaudit services is compatible with maintaining Ernst & Young LLP's independence.

Although not required to be submitted to a vote of the stockholders, the Board of Directors believes it appropriate to obtain stockholder ratification of the Audit Committee's action in appointing Ernst & Young LLP as the Company's independent auditors. The Board of Directors has itself ratified the Audit Committee's action. Should such appointment not be ratified, the Audit Committee of the Board of Directors will reconsider the matter.

REPORT OF THE NOMINATING AND GOVERNANCE COMMITTEE

The Nominating and Governance Committee met two times during the year. The Committee approved its charter, in which the Committee is responsible for the nomination of directors and the Company's corporate governance practices. The Committee considered candidates for new director positions. It also took a leadership role in shaping the corporate governance of the Company. It recommended to the Board of Directors corporate governance guidelines, a code of business conduct and financial code of ethics, minimum qualifications for directors, the process and procedure for shareholder recommendation of director candidates and shareholder communications with the Board, which the Board adopted. The Committee arranged for the dissemination and disclosure of these and other corporate governance documents, including its charter, to employees and dissemination to shareholders via the Company's website. The address of the website is www.aosmith.com. These documents are also available upon request from the corporate secretary. No waivers were sought or granted from the Company's code of conduct. The Committee is not aware of any situation or circumstance that would require a waiver.

The Committee reviewed the Board's committee structure and operations and reported to the Board regarding them. The Committee also conducted an evaluation of its performance and oversaw the evaluation process to ensure that each of the other committees performed its own self-evaluation and reported on it to the Board of Directors.

Audit Committee Charter

The Audit Committee will assist the Board of Directors in fulfilling the Board's oversight responsibilities relating to (i) the integrity of the Company's financial statements and the financial reporting process, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independent auditor's qualifications and independence and (iv) the performance of the Company's internal audit function and independent auditors. The Committee will ensure that there is free and open communication among the Committee, internal and independent auditors and management of the Company. The Committee will prepare the Report of the Audit Committee to be filed in the Company's annual proxy statement. The Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain outside counsel or other experts for this purpose. In carrying out its responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the work of the Company's independent auditors.

The Committee will be annually appointed by the Board of Directors and will consist of at least three independent Directors. Members of the Committee will be considered independent if they have no relationship that may interfere with the exercise of their independence from management and the Company. All Committee members will be financially literate, and at least one member will be a financial expert.

The Audit Committee will:

1. Review and assess the adequacy of this Charter annually and recommend any proposed changes to the Board.
2. Appoint the Company's independent auditors, which may be subject to shareholders' approval. The Committee will approve audit fees and provide oversight of the independent auditors. The Committee, together with the Board, shall have the ultimate authority and responsibility to evaluate and, where appropriate, replace the independent auditors. The independent auditors are accountable to the Board and the Audit Committee, as representatives of the Company's shareholders.
3. Pre-approve all auditing services (including statutory audits and comfort letters in connection with securities offerings) as well as non-audit services (including tax services) to be provided by the independent auditor.
4. Obtain and review an annual report by the independent auditor describing: the firm's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or peer review, of the firm or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, and any steps taken to deal with any such issues; and all relationships between the independent auditor and the Company.
5. Discuss the annual audited financial statements and quarterly financial statements with management and the independent auditor, including the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations, and make a recommendation to the Board of Directors as to the inclusion of the annual audited financial statements in

the Annual Report on Form 10-K.

7. Meet periodically with management to review the Company's major business and financial risk exposures and steps management has taken to monitor and control such exposures.

9. Review with the independent auditor (i) any difficulties the auditor encounters in the course of their audit work, including any restrictions on the scope of the independent auditor's procedures or on access to requested information, and (ii) any significant disagreements with management.
10. Discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits including the adequacy of staffing. Discuss results of audits and review significant reports that are issued.
11. Discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls. The Committee will review the independent auditors' management letter and recommendations and management's response. The Committee will set clear hiring policies for employees or former employees of the independent auditors. The Committee will also review annually Company processes and reports related to conflicts of interest, illegal acts, codes of conduct or ethics, complaints and related items.
12. Perform an annual self-assessment of the Committee's effectiveness.

While the Committee has the responsibilities and powers set forth above, it is not the duty of the Committee to plan or conduct audits, and the Committee is not responsible for the preparation, content, integrity or objectivity of the Company's financial statements.
